TRINITY U. BAND TO GIVE CONCERT HERE ON NEXT THURSDAY

College Musicians Coming To Colorado On 30th Annual Tour

The Trinity University Band and Men's Glee club of Waxahachie will give a concert in Colorado at the high school auditorium on Thursday evening, April 25. It has been announced by C. A. Wilkins, principal of the local high school, who made arrangements for the entertainment.

A varied program arranged to appeal to all types of music lovers will be given by the music organizations in their appearance here. They come to Colorado on their thirtieth tour.

Solos will be sung by Edward Clark of Temple and Robert Joiner of Gainesville, while instrumental solos will be played by Stanley Clifton of Waxahachie and Weldon Byers of Teague.

Several concerts already have been given by the Trinity Band and Glee club this season. On the present tour the musicians will sing at Albany, Stamford, and Rotan before coming to Colorado and after singing here will return to Fort Worth, where they will give a concert over WBAP, the Fort Worth Star-Telegram broadcasting station.

Clark Leaming, dean of the Conservatory of Music at Trinity, will be in charge of the musicians on this trip.

The program to be given in Colorado is as follows:

(a) March 1932, by Mader; (b) Overture, Three Guardsmen, Brockton—Band.

Two Indian songs, by Logan, "Pale Moon" and "Fallen Leaf"—Glee Club.

Clarinet solo, selected—Mr. Byars. Vocal solo, "Bedouin Love Song," by Pinsuti—Mr. Clark.

"Sky Pilot," by Laurens, "Roses of Picardy," by Hayden Thomas—Band.

Vocal solo, "The Drum Major," by Newton—Mr. Joiner.

(a) Pals of Durs, by Creaton-Cole; (b) Home Again, by Ambrose—Glee Club.

Blind Man's Movie, by Alford—Mr. Clifton and the Band.

"I Miss Her," and "Quartet Rehearsal," both by O'Hara—Quartet.

"Gypsy" by Gilbert-Malmek, and "Princess of India," by King—Band.

"Soldier's Chorus from Faust," by Gounod, and "Alma Mater," by Graham—Glee Club.

ORGANIZATION OF BUSINESS WOMEN'S CLUB HERE TONIGHT

Banquet At Colorado Hotel Will Bring Together Women of City

Culminating several months of effort and plan-making on the part of some of the business women of Colorado, a Business and Professional Women's Club, to be affiliated with the National Federation of Business and Professional Women's Clubs, will be organized here Thursday evening at a banquet to be held at the Colorado Hotel for women and girls of Colorado eligible for membership in the club.

Several members of the club in San Angelo will be guests at the banquet and will assist in organization of the club here. Addresses will be made by them telling of the purpose and workings of a Business and Professional Women's Club.

It is expected that about thirty Colorado women and girls will form the charter membership of the club. Mrs. J. Lee Jones is to pronounce the invocation Thursday evening, and the program is to be made up largely of songs, readings, and piano solos. Guests and those present at the banquet will be introduced.

When organized the club will be the first and only thing of its kind in Colorado. Plans are for it to meet as a luncheon club.

TO CONDUCT METHODIST REVIVAL

T. EDGAR NEAL
Evangelist

C. G. SPINDLER
Singer

PLANS IN READINESS FOR OPENING OF METHODIST REVIVAL NEXT SUNDAY

All plans are in readiness for the opening of the Methodist revival at the church hour Sunday morning, according to Rev. W. C. Hinds, pastor of the church. Rev. T. Edgar Neal, pastor of the First Church of Temple, is to be evangelist for the revival, and C. G. Spindler of Tulsa, Oklahoma, is to be song leader and head of young people's work.

The first service of the revival will be conducted by Rev. Mr. Hinds, with Dr. Goodpastor in charge of the singing, and will be held in the tabernacle. Rev. W. C. Ashford, pastor of the First Baptist church, will preach at the evening hour. Rev. Mr. Neal and Mr. Spindler will take charge Monday evening.

The revival will combine the efforts of two men who are recognized efficient and earnest workers. Rev. T. Edgar Neal is a graduate of Southwestern University, and is father of a young man for the position with his

holds in his conference. He has made calls to conduct revivals than he can possibly fill, it is said. He and Mr. Spindler have been successfully associated in revivals a number of times.

Testimonials concerning the personality and ability of C. G. Spindler as a singer and leader of young people's work come from all parts of the State and nation. In a letter to Rev. Mr. Hinds he makes known his wish that there shall be a choir of more than 100 people during the revival here, and singers of all denominations are urged to join it.

Mr. Spindler has announced that he will meet the children of Colorado to organize them for the revival at the Methodist church at 4 o'clock Monday afternoon, and that he will meet the young people of the League at the church at 7 o'clock Monday evening. The age that divides these groups will be about 13.

LARGEST GRADUATING CLASS OF C. H. S. HAS SELECTED SPEAKERS

Rev. Ashford to Give Sermon, H. W. Stanley Commencement Address

The largest graduating class in the history of Colorado High School will complete work for diplomas by May 28, the closing date of Colorado schools, according to Supt. Ben S. Peck. The class will number about fifty, greater by at least six than any previous class finishing the high school course here.

Rev. W. C. Ashford, pastor of the First Baptist church, has been selected to deliver the baccalaureate sermon on Sunday evening, May 26, in the high school auditorium. H. W. Stanley of El Paso, president of the Broadway of America Association, will deliver the commencement address on Tuesday evening, May 28.

Class Day program will be observed by the class on Monday morning, May 27, at which time the class prophecy, class oration, class history, and other features will be given.

Four Local Women Meet In Midland

Mrs. Jerold Riordan, Mrs. P. C. Coleman, Mrs. W. M. Elliott and Mrs. R. M. Hall left Tuesday for Midland to attend the annual session of the El Paso Presbytery, which will continue through Thursday.

Mrs. Riordan is secretary of Foreign Missions in the Presbytery, and Mrs. Coleman and Mrs. Elliott are also officers of the body.

JUNIOR BAND IS BEING ORGANIZED BY NEW DIRECTOR

Mr. Hester Requests Parents Wishing Children To Join To See Him

Organization of a Junior Band for Colorado, composed of both boys and girls, as been announced by Roy Hester, new director of the Colorado band. Members are now being enrolled for the band.

Mr. Hester states that he will start the members of the band at the very beginning, teaching them the rudiments of music and the fingering of each instrument. Parents who wish their children to learn music are requested to see Mr. Hester.

Rehearsals of the band are to take place in the high school building. It is Mr. Hester's wish to hold rehearsals all summer so that when the fall term of school starts there will be an organized school band of 35 pieces or more. As soon as any child in the junior band becomes proficient enough he shall be transferred to the Colorado Municipal Band.

Mr. Hester teaches upon all reed and brass instruments, and he also teaches violin. He will have charge of the High School orchestra, beginning in September.

OVER 25 STUDENTS FROM HERE TO GO TO DISTRICT MEETING

Program of League Meet In Abilene Shows Literary Events on Friday

More than 25 students from Colorado High School and other schools of Mitchell county will represent this county in the district Interscholastic League meet to be held Friday and Saturday in Abilene.

In the tennis matches of the meet, which were held in Abilene last Saturday, Colorado's only representative team, boys' doubles, was defeated by a Knox county team. Louis Levinson and Oren Feaster made up the Colorado team.

Besides entrants in literary events, Colorado will be represented at the district meeting by a track team of eight men. The program for the meeting is to be as follows:

FRIDAY
At High School Auditorium
9:30 a. m.—General assembly for opening exercises.
10 to 11—Senior boys' declamation (preliminary).
11 to 12—Junior boys' declamation (preliminary).
1:30 to 3—Senior girls' declamation (preliminary).
3 to 4—Junior girls' declamation (preliminary).
4 to 5—Extemporaneous speaking (preliminary).
7:30 p. m.—Declamation (final).
8:30 p. m.—Extemporaneous speaking (final).

At Study Hall D
10 to 11—Rural Senior boys' declamation (final).
11 to 12—Rural Junior boys' declamation (final).
2 to 3—Rural Senior girls' declamation (final).
3 to 4—Rural Junior girls' declamation (final).

At High School Class Rooms
10 to 12—Preliminary debates (boys and girls).
2 p. m.—Preliminary debates (boys and girls).

At High School Library
10 a. m.—Music memory.
SATURDAY
At Parramore Field
8:30 a. m.—Track and field events.
2 p. m.—Track and field events.
At Marston Gymnasium
8:30 a. m.—Senior girls' volley ball.

At High School Auditorium
8 p. m.—Finals in debate.

Mr. and Mrs. Jack Williams were in Colorado a short time Friday, en route to Santiago, Calif. Mrs. Williams will be remembered as Mrs. Louria Hennessy, who formerly lived here.

PROMINENT FINANCIER GIVEN BANQUET HERE ON WEDNESDAY NIGHT

Over Fifty Guests Gather To Honor Collins, Insurance Company Head

Some fifty people attended a banquet given in the Hotel Colorado on Wednesday evening, honoring Carr P. Collins, one of the leading financiers of the State, president of the Fidelity Union Fire Insurance Co. of Dallas and the bonding and casualty companies of the same name. Guests came from Snyder, Post, Sweetwater, and other West Texas towns. The banquet was arranged by W. W. Porter and Dick Billingsley, who are local agents for the companies organized by Mr. Collins.

Mr. Collins organized the Fidelity Union Life Insurance company less than a year ago, and the firm of Porter and Billingsley became local agents for it, having been agents for some time for Mr. Collins' other companies. It was reported at the banquet that the local firm has done remarkably well during the year, having written in that length of time more than \$350,000 worth of insurance.

Mr. White of Dallas, vice president of the company, acted as toastmaster during the banquet. Mr. Collins explained about his company, and told the story of the rise and success of other insurance companies of the State.

J. Max Thomas of the Colorado National Bank delivered a talk on the value and place of life insurance from the viewpoint of a banker. Rev. A. E. Ewell, pastor of the First Christian church, made a talk about Mr. Collins, whom he has known since the latter was a child. He told of the high character of Mr. Collins and his amazing ability, which has made him a millionaire at the age of 36.

PIG OWNED BY VALLEY VIEW BOY ESTABLISHES STATE WEIGHT RECORD

Six-Months-Old Animal of Garvice Craghead Tips Scales At 360 Pounds

With a six months old pig weighing 360 pounds, Garvice Craghead of the Valley View 4-H Club broke the county record and State record for the heaviest six-months old pig when his record was completed Tuesday.

The State record pig recorded at College Station is one five months old weighing 252 pounds, owned by Albert Neves of Roby.

In order to make this record, a new method of feeding was used and the results speak for the success of this method. Instead of feeding ground head maize as has become the custom the past two years, ground threshed maize was used with skim milk and a commercial pig feed. The pig was fed 541 pounds of maize, which cost \$7.41; 240 gallons of skim milk at \$4.80, and 140 1/2 pounds of pig feed which cost \$5.67. No kitchen slop was used. Total feed cost amounted to \$17.28.

The pig was purchased by J. B. Mills of Mills Chevrolet Company for \$50.00, leaving a profit above feed cost of \$32.72. After being dressed the pig weighed 295 pounds, making a dressing percentage of 81.25 per cent.

An interesting fact about this demonstration is that the pig when started on the test at two months of age weighed only 41 pounds, making the net gain in 120 days amount to 319 pounds, an average daily gain through the feeding period of 2.65 pounds per day. The pig was from Big Type Poland Chinas owned by L. S. Coles of Valley View.

Twenty-seven people, including club boys, farmers and Colorado business men were present at the weighing. Colorado men present were: A. A. Dorn, J. B. Mills, J. H. Greene, Ben S. Peck, John Holt, J. A. Holt, W. S. Foster.

Dr. P. C. Coleman has been ill this week.

PLANS FOR COUNTY SINGING CONVENTION NEARING COMPLETION

Place of Meeting On May 4 And 5 Not Yet Determined

Although the place of meeting is yet only tentatively settled, officials of the Mitchell County Singing Convention are going forward with plans for program and entertainment for the annual meeting of the convention here on Saturday and Sunday, May 4th and 5th.

The convention is to open Saturday afternoon, May 4, at two o'clock, probably in the First Baptist church, according to Chester Thomas, president of the convention. The business session is to be held Saturday night, beginning at 8:30.

Sunday's program will begin at 11 o'clock. This will take place in the tabernacle, provided arrangements can be made not to interfere with the Methodist revival, which will be closing that Sunday. Definite announcement of meeting place and program will be made in the Record next week.

Plans are being made to entertain more than 5,000 people. Superintendent Ben S. Peck is acting chairman of the entertainment committee in this convention. There will be no dinner on the ground Sunday.

BETTER HOMES WEEK OBSERVED HERE THIS WEEK AND NEXT ALSO

Modern Homes of Town Open For Inspection Next Thursday Afternoon

Following a custom of some years standing, Colorado and Mitchell county are observing Better Homes Week, both this week and next. The Better Living Rooms of the county have been judged. Tuesday was Better Homes day at the Luncheon Club.

A number of Colorado's pretty new homes are to be opened for inspection next Thursday from 3 until 6 o'clock. The visiting of the homes that have been built the past years have helped prospective builders in their arrangement of rooms, closets and built-in fixtures. Many have gotten just the idea they needed and always there has come a great feeling of pride in the cozy homes of our own folks.

The homes opened this year, as in other years, are the small moderately priced ones and the larger, more pretentious ones, but all are Better Homes, containing many good features, many conveniences that may be just what you want for your new or remodeled home.

The list includes the homes of Mr. and Mrs. T. R. Holmley, Mr. and Mrs. Boyd Dozier, Mrs. Olive Lipps, Mr. and Mrs. J. A. Pickens, Mr. and Mrs. I. H. Berman, Mr. and Mrs. Kirschbaum, Mr. and Mrs. J. A. Ferguson, and Mr. and Mrs. G. B. Slaton.

Special attention is called to the yards of Mrs. J. T. Pritchett, Mrs. S. H. Millwee who is specializing in wild flowers, and the garden of Lewis Pond. If there are any other homes open for inspection, please phone Mrs. J. G. Merritt or Mrs. Boyd Dozier.

The committee, of which T. W. Stonerod, Jr., is chairman, reported their most favorable find in the First Baptist church building now nearing completion in Eastland. The Sunday school room arrangement in that building especially impressed the visitors.

The following besides Mr. Stonerod composed the committee making the inspection trip: Mrs. R. H. Looney, A. J. Herrington, J. A. Buenanan, U. D. Wulfjen, Mrs. R. J. Wallace, Mrs. A. E. Barcroft, H. L. Hutchinson and Rev. W. C. Hinds, pastor of the church, accompanied the committee.

College Football Game Be Played Here Next Autumn

Negotiations are under way, it is rumored, to secure a Simmons-Sul Ross football match on Cantrill Field next fall.

Nothing definite concerning the match could be learned, but it is said to be almost certain that Colorado will get to witness at least one college match on the home gridiron next fall.

Mrs. W. A. Bandy and little son are spending the week with Mr. Bandy in San Angelo.

CARNIVAL FEATURED IN FAT STOCK SHOW HERE ALL NEXT WEEK

Legion's Spring Carnival To Bring Bill Hames Shows Here

The American Legion's Spring Carnival for next week will bring to Colorado the Bill H. Hames Shows, the show that was featured at the Fat Stock Show this spring.

It takes fifteen 60-foot railroad cars to transport the shows, rides and paraphernalia of this giant organization. Included in the riding devices are a miniature Ferris wheel, giant Ferris wheel, merry-go-round, whip, caterpillar, heyday and a miniature steam train traveling over 500 feet of track. The fun houses are two of the latest—"Fun on the Farm" and "Faw Down Go Boom."

The shows feature a minstrel show of 25 performers, with band and orchestra, and have with them Clifton Phelps, the "Boy Wonder," dancer, king of all colored Charleston and black-bottom dancers.

The Monkey Speedway and Circus are combined, and there the children are entertained and can stay as long as they like. Joe Daniel 2nd, star performer, and a giant Rhesus who has been trained to eat with knife and fork just like a human, are program features here.

Some of the leading attractions with the shows are: Jumbo, largest snake alive, 32 feet long and weighs 284 pounds.

Circus side show with ten lion working acts.

Athletic Show, where they take on all comers at \$1.00 per minute, in wrestling or boxing.

Big Dog, Little Horse—The dog, a St. Bernard, is credited with saving three lives during the last Ohio flood. Here is how the dog and horse compare: Dog weighs 225 pounds, measures 64 inches from the tip of his nose to the tip of his tail. Horse weighs 40 pounds and is 29 inches high.

There are also about 35 novelty booths and concessions. It is by far the largest show of its kind to ever visit Colorado. This show will unload sometime Sunday afternoon or evening and everything will be ready Monday night.

The show grounds will be American Legion grounds, west of the Colorado river. A percentage of the gross receipts are given to the American Legion Hospital fund.

This show recently showed at the T. & P. Reservation, Fort Worth, under the Star-Telegram milk and ice fund, and gave that worthy cause \$519.92, which was acknowledged on the front page of the Star-Telegram of April 4th.

Success Reported By Methodists On Inspection Trip

A successful trip was reported by the committee of the Methodist church which visited church buildings in Abilene and Eastland last Thursday in an effort to determine the type of church to be erected by that denomination here.

The committee, of which T. W. Stonerod, Jr., is chairman, reported their most favorable find in the First Baptist church building now nearing completion in Eastland. The Sunday school room arrangement in that building especially impressed the visitors.

The following besides Mr. Stonerod composed the committee making the inspection trip: Mrs. R. H. Looney, A. J. Herrington, J. A. Buenanan, U. D. Wulfjen, Mrs. R. J. Wallace, Mrs. A. E. Barcroft, H. L. Hutchinson and Rev. W. C. Hinds, pastor of the church, accompanied the committee.

Harold Brennand, an employee of the California Oil company, also a student of S. M. U., spent the week-end with his parents, Mr. and Mrs. Robert Brennand.

Dudley Snyder of S. M. U., spent the week-end with his folks. He was accompanied by Miss Teale D. Richards, also of S. M. U.

Society and Clubs

MRS. J. G. MERRITT, EDITOR PHONE 144

Merry Wives Club
Mrs. Boyd Dozier very delightfully entertained the Merry Wives club together with a number of friends at her home on Chestnut street on Wednesday afternoon. Her guest list included Mesdames Lee Jones, Sr., Lee Jones, Jr., of Midland, C. L. Root, DeGarmo, Bennett, J. E. McCleary, Bob Fee, H. L. Lockhart, R.

Beal, J. G. Merritt, T. W. Stonerod, J. B. Pritchett, Cox of Abilene, Hester, W. M. Gordon, Fred Dozier. The house was gay with spring roses, phlox and wild flowers. The score cards were spring flowers and butterflies. Both bridge and 42 were played, there being eight tables. When the usual eight games were concluded, a lovely salad plate with

iced tea was served. There will be no more meetings until after the revival services are over.

Shakespeare Club
The Shakespeare Club met Friday with Mrs. Robert Brennan and Mrs. D. H. Snyder as leader of the lesson Shakespeare's Comedy of Errors and American Government were studied. At the refreshment hour home-made ice cream, strawberries, cake and salted almonds were served. The meeting this week is with Mrs. J. J. Greene.

Presbyterian Auxiliary Meets
The Presbyterian Auxiliary met in circles.

Circle One met with Mrs. A. E. Maddin.

Circle Two met with Mrs. J. Riocdan.

Circle Three met with Mrs. Billingsley.

All studied the 12th chapter of Matthew, and missionary topics on Mexico. This was the time for annual election of officers. Mrs. Maddin was made chairman of Circle One with Mrs. Coleman secretary and treasurer.

Mrs. T. B. Daugherty was made chairman of Circle Two; Mrs. Charlie Womack secretary, and Mrs. J. G. Potter, treasurer.

In Circle Three, Mrs. Steve Balou was made chairman, Mrs. Reese Jones, secretary, and Mrs. Clarence Gross, treasurer.

Baptist Women's Missionary Society
A very splendid meeting was held Monday at the church, when the Baptist women met for their Missionary program.

The program from Royal Service, which included several numbers by Mrs. Lasky and the Y. W. A. girls were both inspirational and helpful. These special features were particularly enjoyed by those who have helped to train and prepare these young ladies for the places they are now filling, and the larger place they are expecting to fill.

Delicious refreshments were served by the hostesses to a large number at the social hour.

The Circles met Monday at the following homes:

Circle One with Mrs. O. Lambeth. Circle Two in the T. E. L. class room.

Circle Three with Mrs. T. J. Ratliff. Circle Four in Faithful Workers' room.

Circle Five with Mrs. A. L. Whipkey.

Every member is asked to pray for the meeting which begins soon.

To Spend Week in Coleman
Rev. and Mrs. Alex B. Hanson and their mother, Mrs. Frank C. Gordon, who arrived Tuesday night for a spring visit, will spend this week-end in Coleman.

Faithful Workers' Class
The Faithful Workers class of the First Baptist Sunday school, had 11 present, with one visitor, last Sunday. At the officers' and teachers'

meeting Wednesday, there were 11 present and one visitor, and 24 visits were reported. Ladies are invited to come and join this class—they need you.

Honoring Band Master and Mrs. Hester

Monday evening after band practice, the wives of the musicians served sandwiches and tea and enjoyed a social time together, getting acquainted with Mr. and Mrs. Roy Hester.

Tuesday evening a group composed of Mr. and Mrs. Lee Jones, Mr. and Mrs. Pidgeon, Mr. and Mrs. Sam Wulfjen, Mr. and Mrs. Shropshire, Mr. and Mrs. Nat Thomas, and Mr. and Mrs. Hester went out to Seven Wells and had supper. This was a very delightful occasion and will no doubt help to make Mr. and Mrs. Hester feel at home in Colorado.

Episcopal Silver Tea
Mrs. Alex B. Hanson will be hostess to the Episcopal Silver Tea, on Thursday afternoon, April 25, at 4 o'clock, at the Rectory.

Miss LaVada Baze Entertains
Miss LaVada Baze entertained a number of her friends with a Japanese lawn party Saturday night. Japanese lanterns hung in the trees, and two Japanese maidens, Martha Jane Majors and Mable Ratliff Majors, served punch from a moss covered well.

There were four tables of bridge and forty-two, and other and more active games were played when these were finished.

Pastime Bridge

Mrs. W. A. Pelfry, in her own hospitable way entertained the Pastime Bridge club Tuesday afternoon. Her guests were Mesdames Nat Thomas, Berryhill, Tidwell, Arlie Taylor, Ed Jones, Jr., Griffin, H. W. Cox of Abilene, Gillespie of Big Spring, and Mrs. George Hubbard of Mexico.

High score was won by Mrs. Hubbard, who was given a pretty vase filled with roses and ferns. Mrs. Coffee received some pretty salts and peppers.

A delicious plate of perfection salad, bread and butter sandwiches, olives, potato chips, iced tea and angel cake was served. The next meeting is with Mrs. H. L. Lockhart.

London Bridge

Mrs. Chester Jones very delightfully entertained the London Bridge club and a number of guests Tuesday evening. There were six tables, those invited being Mrs. Jay Ingram of Los Angeles, Calif., Miss Hightower, Miss Swope, Miss Orr, Messrs. Grady Newman, Cug Wheeler, Bob Brennan, and Dr. Browning.

The score cards were clever nursery rhyme stories and at each table well known characters of Mother Goose played with each other. On each table were baskets of salted nuts. High score for the ladies was won by Mrs. Cantrill, low by Miss Swope; high for gentlemen by Dr. Browning, low by Paul Teas.

Pink ice cream, angel cake and mints were served at the refreshment hour.

Bridgettes Spring Party

Mrs. D. M. Merritt was hostess to the Bridgettes Thursday in a very delightful spring party. Her guests were Mrs. Guy Watkins of Aberdeen, Miss, Mrs. Donald Sivalls of Cisco, Mrs. Bill Dorn of Big Spring, Mrs. Bob Fee, Mrs. Burnett, Mrs. Ed Majors, and Miss Orr.

There were four tables of players. The score pads were Dutch girls holding flower baskets and in each of these baskets were four flower tallies.

At the conclusion of the game, strawberry ice cream, angel cake and mints in spring colors were served as a refreshment course.

The meeting this week is with Mrs. Mackey.

Christian Aid

The Christian Aid met Monday in the church for a short business session. A tea was arranged for at the home of Mrs. Holmsley on Thursday afternoon from 3 until 6.

Luncheon Club

The Luncheon Club met Thursday, April 4, with Mrs. Burrus. She had as her guests Mrs. Lewis, Mrs. Teas, and Mrs. Campbell.

At lunch the hostess served baked ham, perfection salad, scalloped potatoes, olives, hot biscuit and coffee, followed by sherbet, devil's food and heart-shaped cookies. In the game that followed, high score was won by Mrs. Walter Whipkey.

The meeting this week is with Mrs. Lois Bennett.

King-Powell

Sunday evening at 10 o'clock Mr. Guy King and Miss Juanita Powell were married at the Methodist parsonage. Rev. W. C. Hinds performing the ceremony. Mr. King is the eldest son of Mr. and Mrs. Walter King, a young business man of the city, well and favorably known.

Miss Powell is a charming young woman, the daughter of Mr. and Mrs. Tom Powell. The young couple have the best wishes of a large group of friends for a successful and happy life.

P. T. A.
The Grades P. T. A. will meet on Tuesday, April 23 at the old high school building at 3 o'clock. A report of the recent District P. T. A. held in Sweetwater will be given.

Sunday School Class Enjoys Outing
E. H. Winn's class of young men and women went out to Pecan crossing Saturday evening and spent the night. There were 28, including Baby Winn.

The class held Sunday school Sunday morning and for once stayed for church. Edmund Kirby preached an excellent sermon, giving the group many serious things to think of.

There was a collection at the close, a love offering for the young minister, who is a student in McMurry College.

The group returned home after the midday lunch, having had a very delightful and worthwhile time together.

Young Mothers' Wesley Bible Class
The class met Thursday at the home of Mrs. V. R. Elliott, with she, Mrs. Luther Long and Mrs. R. B. Long as hostesses. Mrs. Boyd Dozier read a Psalm and Mrs. McCleary led the prayer. Excellent reports were given from the committees on visiting new people and securing members. Every woman who should be a member of this class is being given an opportunity to join. \$29.00 was turned in for church building fund. This makes about \$70.00 on hand. Many plans for making money were discussed. It was voted to get subscriptions for the Crowell publications—American, Woman's Home Companion, Colliers and Mentor.

At the conclusion of the business, radio music was enjoyed while delicious home-made cake and cream were served.

American Legion Auxiliary

The American Legion Auxiliary met Saturday with Mrs. Tom Hughes as the president, Mrs. Farris, presiding. The treasurer reported \$10 cent on Child Welfare fund, flowers sent the sick, and flags paid for.

A letter asking that more Texas flags be bought, resulted in twenty of the larger size being ordered. The purses Mrs. Hughes had to sell were shown and it was voted to return them to the maker at Legion, unless sold immediately.

Membership cards were given out and new members discussed. Texas is far below her quota and the Sixteenth district has only half her quota. The members were each asked to get one other. The Americanism chairman has received the beautiful Auxiliary medal which will be given for the best rural school essay on history.

Mrs. J. G. Merritt told of her visit to the tomb of the unknown soldier. It was voted to meet at the Hut during the summer months.

The hostess and her daughters served lovely cake, jello, whipped cream and punch.

Mrs. Sivalls Entertains

Mrs. Donald Sivalls, who has been in Colorado this week with her friend, Mrs. Guy Watkins of Aberdeen, Miss., entertained Wednesday at the home of her mother, Mrs. C. H. Earnest, for Mrs. Watkins.

She had five tables of bridge, and a very delightful afternoon was spent. At the conclusion of the game a salad plate with candy candles as favors, was served.

Mrs. Tidwell won high score and was given some pretty beads. The guest prize was also beads. Low score prize, a deck of cards, went to Mrs. Jones.

Methodist Mission Study

The Methodist Mission Study class met Monday at the home of Mrs. D. N. Arnett, with Mrs. Van King as leader of the study, "The Way of Jesus."

The meeting closed with prayer by Mrs. Arnett. The next lesson will be led by Mrs. Merrill.

Daughters of the King

The Daughters of the King Sunday school class met Thursday in basement of the church, with Mrs. Jeff Dobbs as hostess. Mrs. Stoneham conducted the devotional from "Spiritual Adventuring," the study being on Faith. Several prayers were offered. Notes of thanks were read for flowers sent.

Mrs. W. H. Garrett reported the Mission Sunday school doing good work, with a regular attendance of around thirty. She especially commended the work of Mrs. Bryant, her organist, and Miss Ruth Hinds, one of her teachers. Next Sunday is the first anniversary of the Mission church and it was decided to ask Bro. Hinds to go out and hold a service in the afternoon. About \$10.00 was paid in on this.

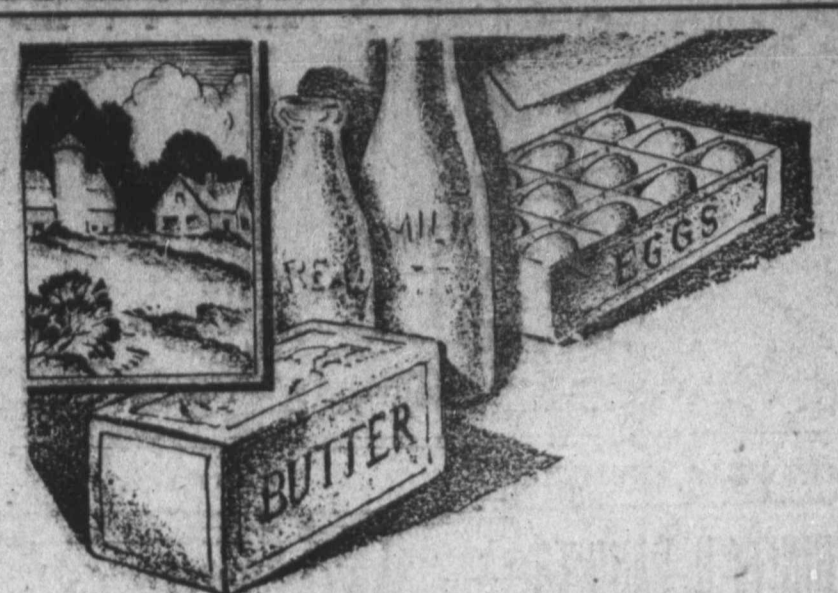

The class discussed their pledge of \$1,000 on the new church and plan to begin adding to their fund as soon as the little Mission is paid out. It was voted to have a food sale at Helpy-Selfy next Saturday. Mrs. Vaughan, Mrs. DuBose, and Mrs. Merrill are the sales committee.

Mrs. Arnett, Mrs. Walter King, and Mrs. Jeff Dobbs were appointed to attend to the prayers each Sunday.

Special prayers for the sick, and also for the meeting were offered. Forty-five visits were reported and help given several needy persons.

U. D. C. Meeting

Mrs. W. S. Stoneham and Mrs. Jeff Dobbs entertained the U. D. C. chap-

The Year 'Round Convenience of Copeland

For Those Who Want the Finest COPELAND

DEPENDABLE ELECTRIC REFRIGERATION

Household and Commercial Systems

Day after day, year after year, Copeland Dependable Electric Refrigeration contributes astoundingly in the convenience and economy of modern housekeeping. Food can be kept from 10 to 15 degrees colder than is possible with the old-fashioned way of cooling food—kept constantly in the scientifically correct temperature from one year's end to another.

There is a Copeland for every home from a cottage to a mansion. Copeland's manufacturing skill and production methods have placed its advantages and benefits within easy reach of the most modern income.

We have a good assortment on display at our store and will be glad to demonstrate its efficiency to you.

SOLD ON EASY PAYMENTS

ALCOVE DRUG CO.

Phone 313 Colorado, Texas

Mrs. Dobbs and Miss Sybil served sandwiches, pickles and tea.

The next meeting will be with Mrs. Hubbard.

Hesperian Club

The Hesperian Club met Friday with Mrs. D. M. Merritt. Mrs. Paul Teas was elected critic. The delegate to Brownwood is to be any member who goes.

Several reports were prepared by the corresponding secretary. Mrs. Wallace was granted a leave of absence.

Mrs. Shropshire led the lesson on American Art for Mrs. Lockhart, who was out of town. Mrs. Merritt also conducted the Better English drill, which was very interesting. Only four of these were had during the year, but the club has so much enjoyed them that they want more next year.

At the social hour the hostess served gold cake, golden orange ice and pecan mints. The meeting this week is with Mrs. Winn.

Bluebonnet Club

Mrs. S. H. Millwee entertained the Bluebonnet Club Tuesday. Her house was a brilliant mass of spring flowers, many of them wild ones growing on her lots. The invited guests were Mesdames J. H. Greene, Pearl, Shannon, T. B. Holmsley, Irvin Terry, Ballew, A. E. Maddin, G. W. Hubbard, Jesse Gage, Roland Burchard, and Otto Jones.

A very delightful afternoon of 42 was concluded with refreshments of ice cream, cake and punch.

1921 Club

Mrs. Milburn Doss was hostess for the 1921 Club Friday.

A report was given of the County Federation meeting which the club had entertained on Tuesday. The district meeting in Brownwood was also discussed. Mrs. Bill Broadus is the delegate. Mrs. Ed Jones will also attend as will Mrs. Ed Jones, Jr., as a guest.

The program on Historic Spots and Buildings of Texas was led by Mrs. Hooks. Roll call was responded to with the name of an historic spot. Mrs. Fred Brown gave a very interesting paper on historic spots, buildings and trees in Texas. Mrs. Hooks led the discussion on the first capitol, the first flag and the names of noted desperadoes.

The meeting this week is on the American Home, and is with Mrs. Ed Jones.

ter Tuesday afternoon at the home of Mrs. Stoneham. After the ritual and Lord's prayer, the usual business was attended to. It was voted to buy two copies of "Women in War Time" and give one to the high school library and the other to the public library.

A letter regarding a scholarship in S. M. U. was discussed and it was planned to make some money for this in a short time. Mrs. Jack Smith told of Mrs. Halton's offer to give the high school through the chapter one of her paintings of a Mission near San Antonio. This offer was accepted with thanks.

Memorial day was discussed. This will be observed May 30 in connection with the Legion and Auxiliary. Mrs. Thompson read some very interesting reasons why we should say War Between the States, instead of Civil War.

Mrs. J. G. Merritt told of seeing beautiful Harper's Ferry, and read an article about the engagements fought there during the war. Mrs. Terrell announced that the Loraine Trio, Mrs. W. R. Martin, Mrs. Will Rowland, and Mrs. Kirk Taylor, would give an entertainment at the high school April 29 at 8 o'clock, for benefit of the primary and beginner's department of the Baptist Sunday school.

The hostess served sandwiches, cake, pickles and tea.

FOUR ADDED TO OIL BUREAU OF W. T. C. C.

WICHITA FALLS, April 13.—Announcement was made Saturday by President A. M. Bourland of the West Texas Chamber of Commerce of the addition of four prominent West Texas oil men to the oil and gas bureau of the organization. The men are Ed A. Landreth of Fort Worth, D. V. Smith of Midland, R. G. Carr of San Angelo, and E. W. Graves of Pecos.

Simultaneous with this announcement, W. B. Hamilton, chairman of the bureau, announced a meeting for next Friday at the Texas Hotel in Fort Worth.

In addition to the new members of the bureau others are E. Thompson, Breckenridge; Leon Shield, Coleman; R. Will O'Brien and J. T. Shead, Jr., Amarillo; Fred G. Yonker, Ranger; W. R. Keeble, Abilene; Herbert O'Bannon, San Angelo; W. M. Masie, Fort Worth; Tom Bryant, Cross Plains; and W. F. Scarborough, Midland.

FOR SALE—310 acre farm, 100 acres in cultivation, good improvements, easy terms, 10 miles southwest of Roscoe. Call E. B. Cope at Fred Brown's Filling station. 1tp

WITH THE JESTER

He—Let's kiss and make up? She—If you'll be careful I won't need to.

Motorist—What is the speed law here, please? Villager—Got none. You fellers can't go through here any too fast for us.

He's Not Properly Polite

The Prodigy's Mother—Of course, I know she makes little mistakes sometimes; but you see she plays entirely by ear. The Prodigy's Uncle—Unfortunately, that's the way I listen.

Full Of

The teacher said to her class: "Words ending in 'ous' mean full of, such as joyous means full of joy, and vigorous means full of vigor. Now give an example of such word." Johnny, who had had pie for dinner, replied "Pious."

Eddie, who had always attended a Baptist Sunday school, was taken on a visit to a Sunday school at a Methodist church.

"Mamma, how is this?" he asked. "I thought you said this was a Methodist Sunday school?" "So it is my dear."

"Well, but mamma, the lesson is all about John the Baptist."

Which She Probably Did

With a charming air of romance and pleasant sentimentality the company were discussing how each married couple among them first met. "And where did you first meet your wife?" the little man in the corner was asked. "I did not meet her," he replied solemnly. "She overtook me."

Should Learn Something Useful

"That was an excellent paper your daughter read on 'The Influence of Science as Applied to Practical Government.'" "Yes, Helen is the pride of her class, and now that she has mastered the influence of science as applied to practical government, I hope she will be willing to find out something concerning the 'Influence of the Vacuum Cleaner as Applied to the Parlor Rug.'"

Not Concerned With Contents

"I am expecting no packages due today," said the book store manager. "This is your number," said the expressman, looking on the box. "Is your name Johnson?" "Yes."

"Then it's for you." "It must be a case of mistaken identity." "I am not concerned with what's in it, but it's yours."

The Last Retort

Two negro expressmen mixed their trucks at the depot. "Hey, dar, culled man," yelled one to the other. "I'll knock yo' out oh house an' home ey you don't back up." "I've got no home," retorted the other offending driver. "Now, what yo' gwine do 'bout it?" "I'll dig yo' one, black boy."

"I've for a five-day week. How 'bout you, Sam?" "Man, I've for a five-day week."

Another negro spoke up and said, "What I craves is a one-hour walking day and take dat hour off for lunch."

Neverwed—Doesn't a daughter in your family add greatly to your expenses?" Longwed—It didn't amount to so much until she went into business in order to become self supporting.

Steve the Barber—Did you hear about the fellow Leisenring in Cincinnati making \$36,000 on a stock of goloshes?"

Dr. Griffiths—Yes, I heard it. But you got it a little wrong. The fellow's name wasn't Leisenring; it was Bassler—and it wasn't Cincinnati; it was Cleveland—and it wasn't goloshes; it was steps—and it wasn't \$36,000 but \$63,000—and he didn't make it; he lost it.

Wife—Do I look all right in my dress, dear? Hubby—Better get in a little further if there's room.

Suitor—Tommy, does a young man call here in the evening to see your sister?

Tommy—Not exactly to see her, because there's no light in the room when he's there.

Her Dad—What are you doing, young man? Jellybean—Holding your daughter so she won't play the piano and wake up the neighbors.

Wife—I wonder whether Jack will love me when I'm old, wondered the wife to her very dearest girl friend. Girl Friend—You'll know pretty soon now, dearie.

Wife—Doctor, is there anything I can do to keep my husband from talking in his sleep? Doctor—I just cured a case like that last week. I induced a wife to give her husband a chance to talk during the day time.

"I don't know what is the matter with that little man over there. He was so attentive a few minutes ago and now he will not look at me." "Perhaps he saw me coming in. He is my husband."

WOMEN OF SAN ANTONIO MAY ELECT NEXT MAYOR

SAN ANTONIO, April 17.—San Antonio may be the first large Texas city to have a woman mayor. Mrs. E. P. Butler has announced as candidate in San Antonio and has opened headquarters. She has her veteran campaign under way.

HERE AND THERE

(Culled from the Daily News) As the echoes of his last words in a law suit plea in Sherman in the district court room died, Joseph Weldon Bailey, former United States Senator of Texas, and one of the last of the old-time spellbinding silver-tongued orators, expired. Bailey was considered one of the greatest constitutional lawyers in America.

FORGETTING OR DISREGARDING THE FAITH HIS MOTHER HAD PUT IN HIM

Working unceasingly until she succeeded in getting his death sentence commuted to life imprisonment for the murder of a Fort Worth theatre treasurer who resisted robbery, Bob Silver escaped from the Wynne prison farm shortly before midnight of Friday night. He was recaptured in Houston Monday night.

Parking Is a Problem

San Antonio is just now in the middle of a fight to regulate downtown parking, as in every other city in the State. The San Antonio authorities have prohibited all downtown parking during the early morning hours. The theory is that this stops the workers from leaving cars parked all day. The objection comes mostly from restaurant men and those who eat downtown. The police will not let them park while they eat their cakes and coffee before going to work. If they have to park outside the downtown zone, they do not patronize the downtown restaurants.

LOWLY ONION RUSHING ITS PERFUME TO ALL PARTS UNITED STATES

LAREDO, Texas, April 17.—The lowly onion which was once so much despised as a breath perfume has now become one of the greatest wealth producers and most popular fruit of Texas.

With over 200 carloads of Bermuda onions shipped from the Laredo district, the heavy shipments of the onions to market began in earnest with the first of this week.

Special trainloads, carrying from 75 to 100 or more cars nightly will be the order of the day now, indicating a rush of onions to market while prices remain good, which is at present the case.

Thousands of Mexican laborers, including men, women and children, are now engaged in the harvesting of the Bermuda onion crop in the Laredo district, and many of these laborers are adepts in the art of both transplanting and harvesting and clipping of the onions.

The onions, after being pulled and clipped are loaded into crates in the fields and then transported by trucks to the nearby warehouses, where sorting and packing is gone through with after which the onions are loaded into vegetable shipping cars. Special train loads of onions, rolling out of Laredo nightly, carry the popular bulbs to markets in all portions of the United States and Canada.

It is planned to curtail the shipment of onions to market immediately following the shipment of one thousand cars from South Texas points, and after that time each grower, through committees appointed for that purpose, will be prorated the number of carloads he can ship daily. This is done to prevent overglutting of the market and demoralization of onion prices.

TOURIST TRAVEL OVER BROADWAY OF AMERICA INCREASED 25 PER CENT

EL PASO, Texas, April 18.—H. W. Stanley, manager of the Broadway of America association, has resigned, according to announcement of H. L. Birney, president of the association and of the El Paso Chamber of Commerce. No successor to Stanley will be appointed, Birney said, but the work will be carried on through the offices of the president and the secretary.

During the last year tourist travel

over the Broadway, due to the great amount of publicity secured in the East, has increased 25 per cent. The road is all improved and 72 per cent paved, with additional paving proposed.

Headquarters of the association will continue to be maintained in the Chamber of Commerce building at El Paso. Plans for working out a co-operative advertising plan for towns along the route are now being made, Birney said. In the future no money will be spent for overhead, but will be used in advertising the route.

Stanley has resigned to go with the East Texas Chamber of Commerce as manager of the Merchants Service Bureau. His resignation becomes effective April 13.

HERE AND THERE

(Culled from the Daily News) As the echoes of his last words in a law suit plea in Sherman in the district court room died, Joseph Weldon Bailey, former United States Senator of Texas, and one of the last of the old-time spellbinding silver-tongued orators, expired. Bailey was considered one of the greatest constitutional lawyers in America.

Forgetting or disregarding the faith his mother had put in him in working unceasingly until she succeeded in getting his death sentence commuted to life imprisonment for the murder of a Fort Worth theatre treasurer who resisted robbery, Bob Silver escaped from the Wynne prison farm shortly before midnight of Friday night. He was recaptured in Houston Monday night.

With a smile on his lips and a red rose in his big black hands, Wade Welborn, negro, calmly walked to the death chamber of the State penitentiary in Huntsville Thursday night and paid the supreme penalty of the slaying of his wife at Mount Pleasant last year. Another condemned man started his portable victrola and filled the silent corridors of the prison with "When the Roll Is Called Up Yonder."

Joyce Almond, 10-year-old San Angelo singer, will be guaranteed the money necessary to provide a musical education by the San Angelo Standard-Times. Her voice was praised by Madame Schumann-Heink.

Three cases of cigarettes were stolen from a Santa Fe box car in Sweetwater Sunday night while the car was on a siding awaiting transfer. It was not learned whether the crooks used a flashlight or the blindfold test in selecting the cigarettes.

If I were to invite a stranger into my home and then ignore him, he would have a right to consider me a barbarian. When the Chamber of Commerce breaks its neck in efforts to invite strangers to visit and buy in its town or city and then looks at them with the glassy stare of dead inebriates, they are worse than barbarians.

Some people assert they get a great kick out of wickedly spending money. So did the prodigal son, but the kicks were all on him for he was soon kicked out of his patrimony, his associates, his health, and his self-respect, and he had to go back home to find life's true wealth where he had left it—right at his father's door step.

Bride-Elect Honored

The following article is taken from the Post City Post Dispatch. Miss Payne will be remembered here as the granddaughter of Mr. and Mrs. D. N. Arnett, with whom she stayed one winter and attended high school. Her many friends here join in wishing her a world of happiness. The article follows:

"Winged Cupid paused in his love flight last Friday evening and fluttered into the home of N. N. Rodgers where with a perfectly appointed color scheme of pink and white, he transformed the entertaining suite into a veritable fairy land of romance and beauty to fifty honor Miss Frances Payne of Beeton, whose approaching marriage to Mr. L. J. Sanders of Lorenzo is to be one of the Pre-Easter happy events.

"Mesdames Rodgers, Della Justice and Miss Kathryn Custis were the charming hostesses to this delightful occasion. After all the guests arrived and registered in the unique bride's book, Mrs. Justice came in with the bride-elect who was dressed in a two-piece sport suit of modernistic design. As she greeted each and everyone in her own sweet way, she appeared indeed a gracious princess for her 'Prince Charming.'

"Miss Custis with her prophetic insight and powers of keen discernment was able to read a glowing account of the pre-nuptial affair as recorded in the Post Dispatch. This brought forth peals of laughter from the 'merry wives of Windsor' as well as the 'maids of Athens' present.

"This was followed by an exciting auction sale involving millions of dollars, which proved a revelation as far as the financial status of Post is concerned. Then the big white altar so carefully guarded by two huge hearts, intertwined and bearing the initials P. and S. yielded up its treasure to the honoree in the guise of not only a gentle shower, but a gracious downpour of adorable gifts. The guests were then ushered into the dining room, where a sumptuous salad course was served, buffet style.

"The Paynes are pioneer citizens of West Texas and lived in Post until a few years ago. Perhaps few families enjoy the wide range of respect and friendship as do they. Miss Frances has always been a favorite in social circles."

If I were to invite a stranger into my home and then ignore him, he would have a right to consider me a barbarian. When the Chamber of Commerce breaks its neck in efforts to invite strangers to visit and buy in its town or city and then looks at them with the glassy stare of dead inebriates, they are worse than barbarians.

Some people assert they get a great kick out of wickedly spending money. So did the prodigal son, but the kicks were all on him for he was soon kicked out of his patrimony, his associates, his health, and his self-respect, and he had to go back home to find life's true wealth where he had left it—right at his father's door step.

barians. They are commercial dumb-bells.

There are lots of mirrors about us that are not made of glass. Books, magazines, pictures, room arrangements, and decorations, and above all, the attitude of acquaintances, friends and relatives, reflects your character in a thousand phases every day. If children and dogs show an affectionate respect for you then you are not a failure as a human being.

When a wife tells her husband that the reason she bought the cheap commodity from a back door peddler was because of the "troubled look in the poor man's eyes" that husband had better than his stars that he has a wife whose cup of kindness is full and brimming over. For the heart of a housewife that feels pity for a weary passing wayfarer is sure to possess a treasure that "is far above rubies" for those she holds in the bright circle of her loving friendship.

Charm is the aurora of virtue as light, heat and color are the evidences of the sun. If mildly will take care of her virtues by keeping them replenished within her by study, meditation and exercise in gracious words and deeds, then her charm will take care of itself.

A brilliant infidel discoursed on lack of evidence for the existence of a God. I showed him a cocoanut—showed his two thin places on its end—and asked him what they were for, and he said: "One is to readily get the milk out, and the other is to let the air in so the milk will come out."

"Who do you suppose fixed all the cocoanuts that way?"

He did not answer, but went away in a brown study.

The surest way of getting anyone's goat is to start kidding that one.

There is a class of people who are soured by suddenly inherited wealth because it throws their mental gears into neutral. Their habits of toil for daily bread begin to grow effete from disuse, stagnating their minds and producing fermentation in their whole psychological makeup.

Some people assert they get a great kick out of wickedly spending money. So did the prodigal son, but the kicks were all on him for he was soon kicked out of his patrimony, his associates, his health, and his self-respect, and he had to go back home to find life's true wealth where he had left it—right at his father's door step.

Colorado Boy One Of Group Finding Buried Village

A Colorado boy, Martin Hines, son of Mrs. Clyde Hines and student in McMurry College, Abilene, was one of the four students of that college who were with the two professors of that college when the group uncovered a buried village perhaps a thousand years old, on the Canadian river above Plomons, Texas, last week.

The village is believed to belong to the pre-Pueblo culture of the Western Indian civilization. Three human skeletons which crumbled into dust upon contact with the air, a large pot which antedates the celebrated white-and-black era of Pueblo culture, and thousands of finely chipped flint artifacts, were found under the debris of ten centuries, so the discoverers believe.

The exploring party, just returned to Abilene, was composed of Dr. W. C. Holden, head of the history department; Professor LeRoy C. Glass, head of the science department, and Cecil Brown, Luke Medley, Martin Hines and Buckner Osborne, students.

Only one of probably 200 habitations were excavated, high on a cliff above the riverbed. Two skeletons believed to be those of a woman and a baby, were found in a cyst in one corner of a large room where they evidently had been given formal burial. Their condition and that of their tomb led the investigators to believe they had been buried a thousand years. The third skeleton was that of a warrior, buried in an outer room of the same habitation, probably of a later generation.

One of the curious and important angles of the discovery was that horizontal masonry was found superimposed on the more ancient slab structure, almost as if the excavators had come upon the death of one culture and the birth of another.

Based on the premises laid down by the celebrated archeologist, Dr. Alfred Vincent Kidder, Dr. Holden said that the Canadian river find ap-

pears to belong to the pre-Pueblo, marking the first known extension of that culture into Texas. It is Dr. Holden's opinion that additional finds in Texas will be made, showing that the pre-Pueblo culture covered a very wide territory—though he admits it is merely speculative at this stage.

THE PHILOSOPHY OF US HUMANS

The banker had been out on a promenade, or to see some friend or perhaps to confer with some fellow whose financial barque was wobbling around the rocks to offer some advice or make arrangements for extending a loan which had already been extended too long. Regardless of where he had been or what his mission was, he came trooping in, his hat drawn tightly down on his head and demanded to know why we were working so late. That's the easiest thing in the world for a newspaper man to explain and he was told "mainly to make a living, primarily to get money to meet the checks that would probably be coming in to his bank during the next day or two."

"Why don't you arrange your hours so it will not be necessary to work so late?" Say, come down in the morning about seven-thirty or eight o'clock, go to dinner at 12:30, take a fifteen-minute nap, come back, work till five and then go out and play a game of golf or tennis." Responding, we told him that that would be fine if there were something like 8 hours more between the two points but since the day eventually was not cut into sections for the makers of newspapers we would be compelled to let him take our nap, play our golf and tennis and most usually eat our lunch. He then went off on a long statistical effusion about how people who play golf accomplish so much more than those who work all the time, and of course, having been told quite plainly that at best, we didn't amount to much in spite of all our effort and labor, we swung up to less than our natural size and listened while he continued to rave about the need of recreation and some leisure time to think in order that one's mind will work at all.

This off his chest he sat back and, thinking it was necessary to answer, suggested that it was all very good but what is a fellow going to do when he can't find a spare moment to do those things in spite of the fact that his mind is a blank, his efforts a failure and his occupation all rotten. Would he extend our note, pay the merchant for our needs and, last, but not least, get a newspaper to our readers when it was due.

"Oh, I'm not looking for a job but if you look like it wouldn't take all of one's time to run a newspaper."

All right, we said, you come down here in the morning and spend the day with us and when we go home tomorrow night at 11 o'clock if you have found the place where a game of golf will work in, we'll meet you on the ground and "shoot a birdie," the first golf ball we ever swatted.

Changing the subject, the banker observed that conditions appear to be pretty good for the coming year, and we answered, "we hope so." He paid no attention but rattled on about money being easier and the discount rates indicate that the nation is on a sound basis, the changing mode of living and operations of the people will ultimately bring us a continuous prosperity. The one-crop idea of our country almost ruined us and we had to have a shock before we could be driven to change it, but we have learned our lesson and there is little danger of getting back to where we were with our haphazard methods of operation. Many old methods have been scrapped, the large credit business has been reduced, the merchant is better off and the buyer through the plan has money with which to pay almost the whole year round."

The banker talked about prosperity and the condition of the money markets until we found ourselves slipping our hand in our pocket to see if there was anything there that felt unnatural, like silver or paper money. It wasn't there, so we looked up a moment to see just what the color of his eyes were and sensing no danger, concluded that he was normal in every way plodded along with the typewriter while he rattled away at his conversation.—Exchange.

peers to belong to the pre-Pueblo, marking the first known extension of that culture into Texas. It is Dr. Holden's opinion that additional finds in Texas will be made, showing that the pre-Pueblo culture covered a very wide territory—though he admits it is merely speculative at this stage.

All right, we said, you come down here in the morning and spend the day with us and when we go home tomorrow night at 11 o'clock if you have found the place where a game of golf will work in, we'll meet you on the ground and "shoot a birdie," the first golf ball we ever swatted.

Changing the subject, the banker observed that conditions appear to be pretty good for the coming year, and we answered, "we hope so." He paid no attention but rattled on about money being easier and the discount rates indicate that the nation is on a sound basis, the changing mode of living and operations of the people will ultimately bring us a continuous prosperity. The one-crop idea of our country almost ruined us and we had to have a shock before we could be driven to change it, but we have learned our lesson and there is little danger of getting back to where we were with our haphazard methods of operation. Many old methods have been scrapped, the large credit business has been reduced, the merchant is better off and the buyer through the plan has money with which to pay almost the whole year round."

The banker talked about prosperity and the condition of the money markets until we found ourselves slipping our hand in our pocket to see if there was anything there that felt unnatural, like silver or paper money. It wasn't there, so we looked up a moment to see just what the color of his eyes were and sensing no danger, concluded that he was normal in every way plodded along with the typewriter while he rattled away at his conversation.—Exchange.

The banker talked about prosperity and the condition of the money markets until we found ourselves slipping our hand in our pocket to see if there was anything there that felt unnatural, like silver or paper money. It wasn't there, so we looked up a moment to see just what the color of his eyes were and sensing no danger, concluded that he was normal in every way plodded along with the typewriter while he rattled away at his conversation.—Exchange.

INSIDE DOPE ON CAMPAIGN FOR BIG STATE BOND ISSUE

(From Texas Tax Journal)

The Constitution can only protect the people when those who take oath to support it, live up to that oath. The \$175,000,000 State-wide bond issue that was finally and effectively defeated in the House, on March 11, 1929, by 97 votes for and 28 against (it takes 100 votes for the House to submit an amendment to the Constitution, and 21 in the Senate) brought out some very crude, and disreputable evidences of coercion, and intimidation that only the shallow and spiteful indulge in.

It was commonly reported in Austin that telephone calls went out to many county judges to request that their representative support the bond issue, or State aid might be withdrawn from the county. Bills were left unsigned on the Governor's desk, and in fact the Gainesville Register of March 9, 1929, carried the following article:

"Proponents of the \$175,000,000 State-wide road bond issue were desperate for votes Friday morning, so Governor Dan Moody got busy on the telephone, and as a result secured at least one more vote in the House for the measure.

"When Mrs. Blanche Mason, secretary of the Chamber of Commerce, answered her telephone this morning a pleasant voice said: 'This is Dan Moody at Austin.'

"Good morning, Governor," Mrs. Mason answered, and then ensued a conversation in which the Governor imparted the information that the bond issue would come up for a vote in the House within 30 minutes and indications were that it lacked six votes of passage. He said that Representative D. J. Enderby of Cooke county had refused to vote on the measure without endorsement of the issue by the local Chamber of Commerce. Whereupon the Governor sought to determine the stand of the Gainesville commerce body.

"Mrs. Mason consulted with Claud Jones, Chamber of Commerce president, in regard to the matter and then notified the Governor that the Chamber of Commerce would back Mr. Enderby in his vote for the bond issue, after which a telegram was dispatched to the Cooke county solon to that effect.

"Governor Moody said that while the bond issue was considerably smaller than originally contemplated, it was hoped to secure sufficient funds from a 4 cent gas tax to build the State highways first planned."

Representative Wed Reid of Colorado, a strong opponent of the bond issue, was called to the governor's office 15 minutes before the vote was taken. He has made no statement as to the conversation with the governor, but it is a known fact that the bond issue was discussed. He refused to vote for the bond plan, however.

Reid was also the recipient of three telephone calls in which political pressure was tried upon him. Threats of opposition on the grounds of his refusal were brought and Reid answered that he would "sacrifice no principal for political favor," and refused to be intimidated. It is known that telephone calls and telegrams were sent to Reid's district by certain highway employees urging proponents of the bond plan to prod

their representative into voting for the monster State-wide plan. The same plan was tried on many of the opponents of the bond issue and many representatives voted for the issue after this pressure had been brought, even though they were personally opposed to the plan.

Moody seems to arrogate to himself that he was elected to serve as Governor and to run the legislature as he has been before the legislature and legislative committees lobbying for and against bills, more than any other Governor Texas ever had. Recently two bond issues were defeated in Cooke county and Mr. Enderby knows the views of the tax payers, Mr. Enderby is one of the strong, capable members of the House, and the record shows how he voted regardless of the statement to the contrary. He is rendering valuable service and is not swayed or driven from the path of duty by such coercive tactics as practiced by the Governor.

THE T. & P. SHOULD GET PERMIT

Editorial from Colorado Record:

There can be no doubt that justice would be done by granting the Texas & Pacific, through its subsidiary, the Texas-New Mexico railway, leave to construct its line into New Mexico over the application of the Santa Fe to extend from Seagraves to Lovington.

In the first place, the Santa Fe has turned down this same proposition on more than one occasion in the past. The people of Eastern New Mexico and Western Gaines county, in years past plead with the Santa Fe to extend this line to Lovington. They begged the Santa Fe to help them get rail transportation. The Santa Fe answered no. The Santa Fe refused to consider any offer to extend. The Santa Fe also refused to extend the Levelland-Bledsoe branch into New Mexico, despite the fact there is a vast territory in that vicinity that needs rail service and would develop if given that service. So long as the Santa Fe knew these people could be forced to drive their cattle and haul their products to a branch line to ship them the road turned a deaf ear on the people of that section, but when the Texas and Pacific began to build the new Texas-New Mexico road towards that rich and prosperous territory the old Santa Fe got busy and came right along after the M. P. system, which owns the Texas & Pacific, as a lion stalking his prey, and pounced in after the very thing they had spurned many times and had ample opportunity to secure.

Yes, everything shows conclusively that the Texas & Pacific should receive the permit to carry their line on to Lovington and thereby serve that

vast oil, cattle and farming territory in Eastern New Mexico that was first opened up by the inroads of the bands of steel from Monahans to the Texas State line, by the Texas & Pacific.

The Santa Fe built their branch line down to Seagraves, a few miles from Seminole, county seat of Gaines county, in order to kill an independent line from Midland—the Midland & Northwestern—and succeeded in doing so. The Atchison, or Santa Fe system, refused to extend on to Seminole and connect with the Midland, or refused to lay a few more rails in order to serve that city after the Midland road had been forced out of business, yet, it is now making a mad rush to beat the Texas & Pacific to Lovington after having repeatedly told those people to go jump into the Pecos river for transportation. If there is any manner of justice and right in the decision of the Interstate Commerce Commission—and we believe there will be—the T. & P. will get the permit.

There is much pressure being concentrated at Lubbock by cities along the Santa Fe, including Amarillo and Lubbock, for the hearing of Examiner Davis there on April 1, and if pressure of this kind means anything the Santa Fe will likely get the permit, but if the facts are put before this honorable gentleman and included in the records, we can see no other result than that the Texas-New Mexico will be running trains to Lovington in a few weeks.

Letters From The People

WHY I SHOULD JOIN CHAMBER OF COMMERCE

To The Record:

I notice that the Colorado Chamber of Commerce gave prizes to the school children for essays on "Why I Should Join the Chamber of Commerce."

I don't know their reasons why they should become members of that body, but would like to state why I believe I should become a member:

First, I am disposed to criticize, both praising and condemning, and do not feel that I have that privilege unless I pay dues and am an active member in the organization I wish to praise or condemn. When I hear a fellow cursing a chamber of commerce or any of its officers, I just naturally come to the conclusion that he does not belong, or if he is a member that he does not attend the

meetings and try to remedy the things he complains of.

Second, I believe that every man should become interested in his home town as much as he would in his own home. Without the town his home would be almost valueless, and the constant work he does in improving that home town is an improvement in value of his home. It is the steady push and pull of home builders that makes a town, and not the big boom that lasts for a day, a week or a year and then are gone, and a good member of a Chamber of Commerce will always work for permanent improvements. He will build his town on a rock, so to speak, as much so as he would his home.

Third, I believe that to make a citizen enthusiastic in church work or any other kind of work, is to put him into harness. Give me any man who seemingly is indifferent about Colorado and its future, let me put him actively to work on some committee in the Chamber of Commerce where he will have to sell Colorado, and I will guarantee that in a short time he will be one of the most enthusiastic boosters for the town you ever saw. You can even start a man

out selling carrots and he will finally come to the conclusion that they are good for humans to eat. If there were some way to get every man, woman and child in Colorado into the Chamber of Commerce and put them to work, in five years time Texas would be the largest town in Texas.

Once get the people believing in their home town and nothing can stop its rapid growth. I do not mean by that that they should be given membership free, but that they be taken in as sustaining members, given a job of selling the town, then stand back and watch 'em work. Preachers long ago learned that this was the way to build a church, that's the reason most of them don't work any harder than they have to.

C. F. RAIFSNIDER.

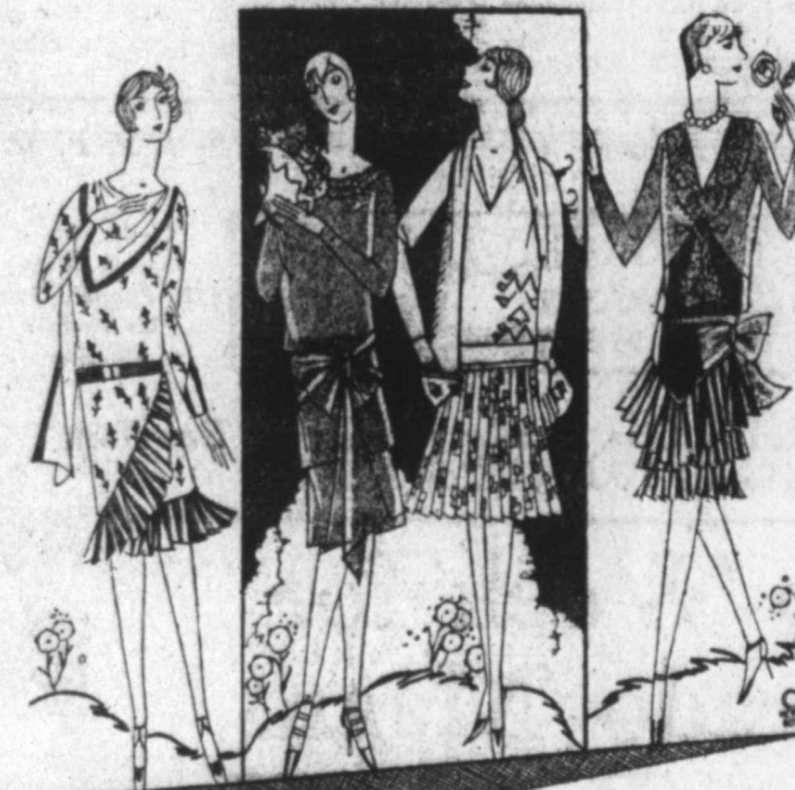

Visitor (in hospital)—Wall, old fellow, you sure have got a pretty nurse. What is her name?

Patient—Everybody around here calls her Miss Appendix.

Visitor—What a funny name.

Patient—Yes. You see the doctors are always taking her out.

Bring Happiness and Comfort to Dependent Texas Families

Value of Life Insurance
By W. A. Fraser

Life insurance has saved many families from going to the poorhouse.

Life insurance has made it possible for children to continue with their education.

Life insurance has eliminated misery; has kept the wolf from the door of widows and orphans; has brought comfort in old age.

It is a dawn of hope that will reveal itself when days of sorrow have come.

W. A. Fraser

MARVELOUS story of the misery that has been eliminated and the happiness and comfort that has been brought to thousands of Texas families whose providers were members of the Woodmen of the World is strongly emphasized by figures compiled by W. A. Fraser, sovereign commander of the Woodmen of the World.

Sovereign Commander Fraser's figures showed that the Woodmen of the World life insurance association has paid \$44,215,539 in death claims to families of this state since the Woodmen of the World started to do business here in 1891.

Just think what these millions of dollars paid in insurance benefits have meant to these families whose providers were snatched away from them and their regular incomes stopped," said Governor Commander Fraser. "One does not have to stretch his imagination to realize what this money has done for the widows and the orphans of the families of this state. If these bread-winners had not been insured, think of the great misery which would have come into the lives of the wives and children through no fault of their own. Just a little thoughtfulness on the part of the fathers and husbands of these families brought untold happiness, gave the children a chance for an education, kept many families out of orphan asylums and poorhouses and in this way saved the taxpayers of the state thousands of dollars. The Woodmen of the World has been glad to pay these claims and

bring this happiness to these many thousands of families of this state.

The marvelous record of the Woodmen of the World can be traced greatly to the loyalty and enthusiastic support given us by the people of this state. We enjoy doing business here and we hope we will always be able to play an important part in bringing happiness and future security to the families of this state who suffer the loss of their breadwinners."

"The maintenance of the Year Memorial hospital at San Antonio, Texas is one of the great services performed by the Woodmen of the World. Patients are cared for free of charge in an institution that contains every possible means of renewing the health of our members. Of the 3,600 patients that have been cared for a majority have been returned to their homes cured and in a position to become useful citizens of the nationwide communities in which they live."

Mr. Fraser announced that the Woodmen of the World is 103% solvent and now has \$89,000,000 in municipal bond holdings in its reserve. A large portion of these bonds have been invested in this state, thus aiding in the building of the state's roads, schools, and various public improvements.

"The Woodmen of the World is now the richest fraternal life insurance association in the world," said Mr. Fraser.

Sound Effects With Dix Drama Here Next Week

Sound effects and music, perfectly synchronized with the action of the picture by Paramount's new processes, enhance the natural beauty and majesty of Richard Dix's latest starring picture, "Redskin." The picture, more than two-thirds filmed in natural color, is a new epic of the West, a companion piece for the famous Richard Dix masterpiece, "The Vanishing American."

No pains were spared to make this picture, which will show at the Palace Theatre for three days, starting next Monday, one of the greatest ever placed on the screen. Newly perfected Technicolor processes, designed to photograph the scenic beauty of the famous historic places of the West just as they appear to the eye, were contracted for and used with remarkable results.

A special theme song, "Redskin," which has already won universal approval from radio and dance orchestra audiences, is introduced in the picture and a splendid chorus of men and women chants the original Indian songs, including well-known wedding chant of the Navajos.

During the ceremonial dances in several sequences of the picture, the beat of the tom-toms and the low singing of the Indian braves and the squaws add to the realism.

Miss Helen Clark, Victor recording artist, sings the theme song during the showing of the film and the Paramount orchestra of 75 pieces carries the musical score throughout. The song was written by J. S. Zamecnik and Harry S. Kerr.

"Redskin" is one of the most complete and beautiful historical moving pictures that has ever been made. The scenes were made in the Indian country in Arizona and New Mexico and hundreds of Indians appear in important roles.

Farmer Falls Dead in Pasture South of Town

Death came suddenly to Kirby Jackson, 52, farmer south of Colorado, late Sunday afternoon when he went with his small son to drive the cows in home. After his father fell, the child went to the road (Robert Lee highway) and stopped Huron Dorn, who was driving by. Mr. Jackson was already dead when Mr. Dorn reached him.

Funeral services, conducted by Rev. A. E. Ewell, pastor of the First Christian church, were held Tuesday afternoon. Interment was in the I. O. O. F. cemetery.

ODD FELLOWS ATTEND BLACKWELL MEETING

The local chapter of Odd Fellows was represented at the monthly meeting of the Mitchell-Nolan Odd Fellows Association in Blackwell Friday night by J. M. Doss, J. G. Grissom, Hulet Williams, Sid Burrows, Mitchell Beauchamp, and John R. Baze.

A good crowd was reported present at the meeting. The next meeting is to be in Colorado on May 16.

HOUSTON SALOONS ARE GETTING TOO NOISY

Officers of Houston, Texas, have ordered other officers to close and padlock seventeen of the Bayou City saloons. This will cut down the thirteenth emporiums in that South Texas metropolis until the booze hounds will have to walk two or three blocks to find a place open where he can get a drink, according to the Lufkin News.

MISSION SERVICES

Mission services were held at the Methodist church in East Colorado Sunday afternoon at three o'clock by Rev. W. C. Hinds, celebrating the church's first birthday.

DR. ROOT TO SPEAK AGAIN TO BUSINESS MEN'S CLASS

Dr. C. L. Root, who gave a very interesting and instructive talk to the Young Business Men's class of the Methodist church last Sunday, on "God Revealed in Study of Anatomy and Physiology," will again address the class at the A. J. Herrington building next Sunday.

Dr. Root did not have time last Sunday to conclude his talk, therefore he was invited to again address the class in order that the members may hear the subject completed.

BETWEEN YOU AND ME

By J. M. BALLANTYNE

The difference between force and love is well illustrated by the difference between the action of a stroke of lightning and the sweet influence of the spring. The former is autocratic and destructive, and the latter is democratic and rejuvenating. An autocrat thinks that he is a leader and he is merely an interruption of good government and real progress.

I know a happy haberdasher whose store is far from modern in fixtures and commodiousness, but who does a gigantic trade. His window displays are in his eyes which smile and flash a real and kindly interest in his customers. His voice has the ring of a dinner bell in it, which is a music that I know draws more people than all other melodies combined.

If it is true "that the nearest way to a man's heart is through his stomach," I believe it is also true that the nearest way to a man's pocketbook is through his heart. Let merchants remember this and act in accordance—let them sell their wares in a satisfying and tactfully genial manner.

Falling is not failure—it is staying in the ditch. "A just man falleth seven times, yet riseth up again." Suppose a football player stayed on his ear every time he got tossed there, then all the regulars and all the subs would be soon used up, or rather down, and the game would end.

EDUCATIONAL PREPARATION A GROWING REQUIREMENT FOR SUCCESS IN MODERN BUSINESS

Death-Knell Sounded for Guesswork and Slipshod Methods by Advancing Technical Proficiency in Finance, Trade and Industry—How Banks Are Developing a Professionally Qualified Generation of Younger Bankers.

By HAROLD STONIER
American Bankers Association

THE great school of Experience is still holding classes in America, but the scientific spirit of the age has so generally invaded the workshops of industry and trade that they have largely become technical research and training laboratories in themselves and are no longer run on the old-fashioned cut-and-try methods of former generations when Experience was considered the only teacher. It would be hard to find a working force in any pre-eminently successful business or industrial organization in the United States today but what the dominating leadership is schooled in the scientific principles of its specific field, whether manufacturing, merchandising or finance. The rapidly advancing standards of business in this country, with their relentless demands for efficiency as the only hope for survival in the competitive struggle for economic existence, has sounded the death-knell for guesswork and slipshod methods.

As a result, educational preparation in the techniques of commerce, industry and finance are virtually essential to outstanding success in these fields, as it is already an absolute prerequisite in the various recognized professions. This is not to depreciate the value of

native ability and experience in business, but education after all is merely a means for helping the individual to apply the best of the accumulated experience of many to his own day's work—a means for helping special native ability to come into its own more rapidly and surely and for enabling all classes of ability to gain the maximum of success to which they are entitled.

These facts are plainly recognized by practical, work-a-day business in every line. Every progressive business organization in America is emphasizing the importance of education as never before. Education has come to be looked upon as the answer to many of the problems within the organization as well as to problems affecting industry as a whole.

Business Organizing Institutes
Institutes for developing specifically qualified workers are being operated or organized in many fields of commercial and industrial activity. These institutes are trying various types of educational work with a distinct trend toward more and more emphasis upon education for the rank and file of business employees of all grades.

We have been having business failures in this country at the rate of about 2,000 a month. This score speaks for itself. It is glaring evidence of incompetence on the part of thousands of business men in handling the problems inherent in their fields of endeavor. The detailed records show that practically 75% of business failure in this country is due to lack of training and competence on the part of those who failed. This is conclusive evidence that no one can afford to undertake executive business responsibilities without adequate education and training. It is for that reason that every enlightened business organization is today insisting as never before that its employees take advantage of some type of technical training.

American banking is fortunate and has just cause for pride in that it has a record of twenty-eight years of definitely organized educational activity among its workers to its credit for developing trained bankers. People in banks in large numbers are taking advantage of the educational opportunity given by the great non-commercial college of the banking business, the American Institute of Banking. They see on every hand evidences of the value of the training it gives. Of the 10,000 graduates of this Institute, 70% now occupy official positions in American banks. The other 30% are still too young to have attained such heights. Here is an example and an encouragement to the people of all lines of business.

The American Institute of Banking has a membership of 64,320. Of these 33,851 are class enrollees, comprising younger bank people, both men and women, who are learning the scientific technique of their chosen business at the same time they are engaged in the practical work of earning their livings at it. The difference between the 33,851 enrolled in classes and the 64,320 total membership comprises older bankers who have taken the Institute courses in the past or are at the present time sponsoring some type of educational work in the organization.

Banking Educates Its People
It has been estimated that there are probably 375,000 bank officers and employees in the United States at the present time. These figures would mean that about one banker in every six is either enrolled in Institute classes in banking or is actively supporting some educational function of the organization. No statement could possibly give more emphasis to the importance placed on education by the banking interests of America than these facts.

This American Institute of Banking

Eighteen Pupils On Honor Roll In Grammar School

Eighteen pupils in the Hutchinson school made grades that gave them a place on the honor roll during the past six-weeks' term. They are:

Seventh Grade
Princess Martin, and Mattie Beth Payne.

Sixth Grade
Armenta Foster 92 7-9
Mabel Majors 92 5-9
Francis Elaine Price 92
Elizabeth Watson 91 4-9
Grace Callan 91
Sidney Thomas 90 1-8
Sam Venable 90 1-9
Marie Girvin 90

Fourth Grade
Elwood Beal 96 5-6
Elizabeth Taylor 96 1-6
Irl Bradford Glass 93 4-6
Dorothy Dean Burnett 92 1-4
James Ramey 90 1-9
Jack DuLong 92 4-6

Fifth Grade
Maxine Dorn 91 1-5
Florence Cecil 91 4-5
Mertice Foster 90 7-8
Louise Levens 90

NOTICE TO DOG OWNERS

A dog killed last week by D. L. Self, who lives a mile east of Spade, was reported to be infected with rabies after an examination of its head at the Pasteur Institute in Austin. The animal had bitten some of Mr. Self's dogs, and these he immediately killed, along with all those he knew to have come directly in contact with the mad dog. He administered serum to his other dogs, and these will have to be kept in close confinement for sixty days.

Of course you appreciate the fact that there is no known remedy that will cure this dread disease when once it is developed in an animal. The best authorities advise a prophylactic dose of serum to be given each dog, and I would advise you to use this, especially those of you who live in the community where this dog was known to be.

P. C. COLEMAN, M. D.,
County Health Officer.

Mrs. Gillespie of Big Spring is visiting her father, J. M. Green.

Frances Ann Beal is reported ill with scarlet fever.

L. B. Walker, a substantial farmer of Loraine, was a business visitor in Colorado Wednesday, and while here called at The Record office to insert a want ad in this great moral and religious weekly. Mr. Walker is an up-to-date, progressive, hard-working farmer and relies on The Record for a weekly digest of home news.

Mr. and Mrs. H. C. Beal of Fort Worth arrived in Colorado Wednesday for a week's visit.

Walter W. Whipkey, who was reported last week as suffering with corpulent pedal extremities, is now partly recovered and is able to be back on the job, while "Uncle Fred" is off angling for fish.

Tom Goss, noted for his optimism at all times, says he has made a careful survey of the county and finds conditions looking very fine. He stated, "The country is safe again."

Colorado Lions Attend District Meet In Midland

Five Colorado Lions attended the group meeting of the Lions clubs of this district at Midland Wednesday. These were J. H. Greene, C. M. Adams, Joe Pond, Urdie Wulfjen, and J. Ralph Lee.

T. N. Carswell of Abilene, assistant district governor of Lions, went to the meeting by plane. He was the originator of the plan to have group meetings of Lions clubs monthly in the district, at which time ideas can be aired and exchanged, and he delivered the main address of the evening.

The Midland Lions had a full day of entertainment for the visitors. The club there is now sponsoring a program which includes the examination of all school children's eyes. Local Midland physicians are making the examinations.

J. Ralph Lee, Joe Pond, and C. M. Adams of Colorado were on the program at the meeting.

Better Homes Subject C. C. Luncheon Club

"Better Homes" was the theme subject at the Chamber of Commerce Luncheon club program Tuesday at noon. Mrs. A. L. Whipkey, chairman of Better Homes Week in this county, presided.

Following the invocation by Rev. W. C. Ashford, pastor of the First Baptist church, Mrs. J. H. Guitar presented a number of her music students in a little program, which included a "rabbit dance," violin solos, and other musical numbers.

Mrs. J. Riordan, first chairman of Better Homes Week in Colorado, eight years ago, was the first speaker, telling about the first Better Homes Week here. Mrs. W. L. Heister, who has charge of Better Homes Week in Loraine, told about observation of clean-up week in that town. Mrs. J. F. Bodine, who was adjudged one of the five Master Farm Home-Makers of the State last year, told of her home-making. L. B. Elliott delivered an interesting and informational talk on the financing of homes.

Miss Abbie M. Sevier, county home demonstration agent, announced that Mrs. J. M. Byrd won the Living Room contest this year.

TELEPHONE CABLE FINISHED FROM HERE TO BIG SPRING

Work of relocating the Southwestern Bell Telephone company's transcontinental line from Colorado to Pecos is nearly complete to Big Spring, working from the east end of the construction project, according to E. Hooks, manager of the Big Spring exchange.

A crew of approximately 25 men is employed in the work. While the company has had the transcontinental line leading from New York to California in operation over the southern route for some time, it has been forced to relocate the route followed to eliminate interference from power lines and railroad signal lines running near the highway and railroad line.

CONAWAY COMMUNITY BIBLE CLASS

The Community Bible class of Conaway continues to grow in attendance. The last meeting there were 30 or 35 people present. To each person present is given a sheet of paper on which is printed a series of lesson plans to aid in the study. Also, there are some thought questions to provoke study. The lesson for next Wednesday night, April 24, will embody the 8th, 9th and 10th chapters of St. Matthew's gospel. A cordial invitation is extended to the people of the community to be present each Wednesday evening at 8:15 p. m. The class is conducted by Ted Norton, county mission worker. He also preaches here each fourth Sunday.

Office Supplies of all kinds at the Record office.

CHURCHES

FIRST CHRISTIAN CHURCH
Bible school 9:45 a. m., W. W. Porter, superintendent.
Preaching services at 11 a. m. Subject of morning sermon, "Come." Dr. Root will sing at the morning hour.
Ladies' Aid Society each Monday at 3:30 p. m.
Prayer meeting each Wednesday at 8 p. m.
A. E. EWELL, Pastor.

FIRST BAPTIST CHURCH

Sunday school 9:45 a. m., G. B. Slaton, superintendent. Messrs. Slaton, Whitaker and Rice are attending the Sunday School convention convening at Sherman this week and we look forward with a great deal of pleasure to their report Sunday morning on the meeting.
Morning hour of worship, 10-50. Subject, "The Vicarious Suffering of Christ." We are hoping to greet our entire church family for the morning hour of worship, as plans will be discussed for our protracted meeting beginning at 7:45.
There will be a baptismal service Sunday afternoon at 3:30 in one of the nearby streams. Place to be announced Sunday morning.
The evening service will be held at the tabernacle in connection with the meeting to begin Sunday under auspices of the Methodist church. Subject for evening hour, "The Three Crosses." It is hoped that all our people will put themselves heartily into the meeting beginning Sunday.
The B. Y. P. U.'s will meet promptly at 6:30 in order that we may meet at the tabernacle for the service beginning at 7:45.
WILLIAM C. ASHFORD, Pastor.

METHODIST CHURCH

Sunday school will be conducted at our accustomed places.
Services at Tabernacle at 11 a. m. Epworth League service at 6:45. The evening service at the Tabernacle at 7:45. Rev. William C. Ashford preaching.
We extend an urgent invitation to all to come and worship with us. We desire so very much to have every since help.
W. C. HINDS, Pastor.

PREACHING AT VINCENT

There will be preaching at Vincent school-house Saturday night at 8:15, Sunday at 11 a. m., and afternoon at 3 o'clock, and night at 8:15. Each one is urged to bring someone with him as he comes to these services.
It is needful that each service be made profitable for everyone.
TED NORTON, Minister.

COUNTY EVANGELIST ANNOUNCES SCHEDULE

The county mission schedule for the Church of Christ, which recently secured a county evangelist in the person of Mr. Ted Norton, graduate of Abilene Christian College, has been worked out and announced as follows:

Week-End Meetings
Landers—First Sunday.
McKenzie—Second Sunday.
Vincent—Third Sunday.
Conaway—Fourth Sunday.
Four services are held at each week-end meeting, Saturday night, Sunday morning, afternoon and evening.

Community Bible Classes
Conaway—Every Wednesday evening.
McKenzie—Every Friday evening.
These classes meet at 8:15 p. m., and the subject for study is "Life of Christ."
TED NORTON, Minister.

BAPTIST TEACHERS' MEETING

The teachers' meeting of the First Baptist church was well attended on Wednesday evening by an enthusiastic group of workers. The evening meal was served to 53 by Mrs. Earnest's class (the Fidelis). Everyone highly praised the excellent repast and were happy in the fellowship of the hour.
The reports showed an attendance of 84, with 230 visits having been made for the week. There had also been 68 phone calls and 24 cards. The T. E. L. class led in the number of visits made while the Faithful Workers and the Fidelis tied in the number

STATE LEADERS SEE REVOLT IF MOODY TRIES TO PUT OVER PET BILLS

AUSTIN, April 15.—Signs of possible revolt in the coming special session of the State Legislature already are apparent. Usually a special session is a smooth running affair. It is largely in the control of the Governor for it can only act on matters he submits. This time the members are threatening to have some say about what is submitted.

A first clash may occur over the order of legislation. Some members claim that appropriations can be made at any session. Governor Moody believes they will have to be submitted in order for the legislature to act upon them.

This would give the Governor quite an advantage. He could first submit other topics in which he is interested and hold back appropriations as a topic until prison relocation, civil service and such matters as suits his fancy had been settled.

But if the legislators are right in their belief, they can go right ahead with appropriations whenever they are called into session. With appropriations out of the way, many of the members will not feel it imperative to remain in Austin. Lack of a quorum may cause another deadlock, then, like that which defeated the proposed State road bond issue at the regular session.

A large bloc of members is determined that they shall have a chance to reduce automobile registration fees. The Governor is expected to submit the topic but if he should not do so, the members can use a little pressure of their own to persuade him. They can easily form a bloc large enough to prevent the passage of any of the Governor's measures. If that is not enough they can go home and leave the special session without a quorum.

Governor Moody's free use of the veto power has not left an extra-friendly feeling between the executive and the legislative branches.

Probably the veto of the Wirtz-Negley bill to discipline "Hoovercrats" has caused more deep feeling than any other measure. Mrs. Laura Burleson Negley, who successfully piloted the bill through the House, is deeply chagrined at the Governor's action. She feels so strongly about it, in fact, that she declines to express her views.

Mrs. Negley is more than a popular representative from the largest city in the State. She is the daughter of former Postmaster General A. S. Burleson, who has considerable influence among the party leaders.

Two of the Governor's vetoes were ones that are felt most keenly by the home folks of Williamson county, where the Governor votes, and if you don't think they are sore, just go down there and ask them. The veto of the Wirtz bill is almost a rebuke to State Chairman Dave Wilcox of Georgetown, who issued a warning to Democrats before the last general election that if they bolted the Smith party they would be barred from the next Democratic primaries.

The other veto affecting Williamson county especially is that if the bill prohibiting the State Highway Commission from routing highways around towns without the consent of the county commissioners. Such a routing around Round Rock in Williamson county was attempted by the Highway Commission and caused a storm of protest. A similar proposal to skip Buda and Kyle in Hays county, on the Austin-San Antonio road, led to mass meeting protests. These instances led to the passage of the bill which the Governor vetoed.

The Governor's reason was that he had been informed the Federal government might withdraw Federal aid if the bill were passed. Just why, some will find it difficult to understand. The Federal aid to roads originated in the desire to build up roads for postal service. Shipping towns is not likely to aid postal delivery, so why the Federal Bureau of Roads should object raises some discussion.

FOR SALE—Call at The Record office and see the very latest thing out in a Portable Typewriter. It's an Underwood, easy writing, compact, strongly built, and guaranteed to do anything the larger machines will do. Call and examine it.

present, each class having 10.

The Faithful Workers will serve next Wednesday evening.

8TH ANNUAL BETTER HOME WEEK -- APRIL 21ST-27TH

PART TWO

Colorado Record

PART TWO

25TH YEAR—NUMBER 30

COLORADO, TEXAS, FRIDAY, APRIL 19, 1929

WHIPKEY PRINTING CO.

C. C. EXECUTIVE BOARD HELD FIRST MORNING MEETING ON TUESDAY

Many Business Matters Were Settled In Unusually Good Session

Instigating a new custom, the executive board of the Chamber of Commerce met Tuesday morning at 7:30 at breakfast for the regular monthly meeting.

The secretary, J. H. Greene, and the president, Dr. P. C. Coleman, were instructed by the board to get as large a delegation as possible to attend the school program at Hyman next Friday night.

The committee in charge of hanging the large electric sign welcoming tourists to Colorado was instructed by the board to hang the sign and collect subscriptions. The sign is to be hung from the Blackard building to the Sam L. Majors building.

A resolution was passed by the board thanking the commissioner's court for its prompt action in causing the making of a road on the west side of town. The roads committee was instructed to keep the roads signed and the traveling public informed as to true conditions.

Judge C. H. Earnest presided over the meeting in the absence of the president, Dr. Coleman, who was ill. Unusual interest was manifested in the meeting and much satisfaction expressed over the progress of the work of the chamber, special mention being made of the procuring of a poultry house to be established here, with a dressing plant and cold storage. Definite announcement of this is to be made later. Satisfaction was also expressed at the meeting over the prices being paid by live produce buyers here.

L. B. Elliott made a good report on the progress of the airport.

TWENTY-FIVE HIGH SCHOOL STUDENTS MAKE HONOR ROLL SENIOR CLASS LEADS SCHOOL WITH 8 MAKING THE REQUIRED GRADES

Twenty-five students in Colorado High School made grades entitling them to a place on the honor roll for the six-week term closed week before last. Eight of this number were seniors, five juniors, five sophomores and seven freshmen.

The names and grades follow:
Seniors
Bohanon, Ruby Lee82.25

BAYLOR U. UNABLE TO IDENTIFY LIZARD

Word has been received from Baylor University, where the small reptile or lizard unearthed several weeks ago in road work east of Colorado was sent for identification, that the animal has not yet been identified by authorities there.

T. L. Grace found the animal and brought it to Colorado, where no one could identify it. The head was small, shaped somewhat like that of a snake, with a mouth that was invisible except when it darted out its forked tongue when annoyed. A spiral shell formed the tail of the green, snakey-looking body, which had four legs. The only hint as to its identity so far has come from Jimmie Beal, student in T. C. U., who termed it a member of the Salamander family, judging only from the description given of it in The Colorado Record.

Workmen on the road east of Colorado unearthed two more of the same type of animal Wednesday, both larger than the first one found, but they were killed by the plows.

PRIMITIVE BAPTIST MEETING

Elder Z. C. Hull of Atlanta, Georgia, will preach at the Primitive Baptist church in East Colorado on Friday, Saturday and Sunday, at 11 a. m. He will preach at Loraine Monday afternoon at 2 o'clock at the Christian church.

The daily average flow of petroleum in Texas, in spite of decreased output, increased more than 20,000 barrels a day in February.

DISTRICT REPORT ON AMERICAN HOME GIVEN BY COLORADO WOMAN

Write-Up Of Work In This Section In State Magazine

A full page is given in the April number of the Texas Federation News, monthly magazine of the Texas Federation of Women's Clubs, to the report of the American Home Department in the Sixth District, of which Mrs. J. Lee Jones of Colorado is chairman. The report was given by request of Mrs. Jones for the special number of the magazine on the American Home Department of the State, of which Mrs. J. L. Young is chairman, and is as follows:

"The myth" is being given to the age-old tale of "relentless conflict" between urban and rural life—that is the Sixth District, who claim that the work being done by organized women in this direction is one of the greatest justifications for the existence of women's clubs, in both town and country.

Many phrases which have become almost meaningless to the greater mass of readers because of frequent repetition have a vital meaning to home demonstration club women and those who have to do with the American Home Department in the Sixth District—"living at home," "creating markets," "higher standards of living." The county home demonstration agents in the Sixth District are familiar to every rural club worker as oracles and helpers instead of mere figureheads.

Sixth District won the loving cup given by Arthur Everts, which is to be awarded annually for the greatest achievement in County Co-operation and Leadership in all its phases. This loving cup was sponsored by Mrs. D. S. Peden, Dallas, State chairman of County Co-operation.

Since the work done in the American Home Department of this district during the past year was such that its report won the distinction of being given on the programs of both the State and National conventions of women's clubs, it will probably not be amiss to look into the report given at the State meeting in Denton last fall by Miss Abbie M. Sevier, county home demonstration agent of Mitchell county and Sixth District chairman of home demonstration.

Home demonstration clubs for women in the district number 52, with a membership of 1186, according to Miss Sevier's report. "While the programs for these are made to fit the needs of the county," the report says, "they usually deal with the practical side of living, with the production of food, its preparation, dairying, home improvement, and beautification, health of family, child welfare, social life of family and community, and civic conditions in county, State and nation."

"The farm woman is no longer dependent as she once was. She is now not only gaining by her contacts with women from other clubs, but is being able to contribute both intellectually and financially to those clubs and county federations with which she is affiliated. In several counties most every rural club is a member of the county federation.

"The leadership is developing among the rural women may be shown by the fact that many of the clubs hold one meeting a month without the help of the agent, who is often too busy to meet with them; but once. It has been said that social life in the country is dead, but reports from clubs show this to be untrue. Several picnics and parties by different clubs have been reported where the members present ran from 50 to 75 in number."

Helpful contact is maintained between the rural women of the district and the women of the cities in various ways besides the visits which the club women pay at intervals to the meetings of the rural clubs, one of these being the meetings of the county federations with certain rural clubs.

The county federation of one of the counties in the district has a retiring president who is a rural club woman and has elected a vice president from each of the rural clubs which belong to it among the officers for next year, thus bringing the rural women to feel that their importance in the scheme of things has been recognized.

The district chairman points with pardonable pride to the achievements of her own Mitchell county, one of the pioneers in creating markets for home products and now the seat of an organization known as the Mitchell County Home Products Association.

REV. ASHFORD CLOSES SWEETWATER REVIVAL

Fifteen professions of faith and several additions to the church through letters and baptism were results of the protracted meeting which Rev. W. C. Ashford, pastor of the First Baptist church of Colorado, completed last Sunday night for the First Baptist church of Sweetwater.

There were two objectives strived for during the meeting—a deepening of the spiritual life of the Christians attending and the winning of the lost to Christ. There were three means resorted to in the promotion of the meeting—prayer, the preaching of the Word of God, and personal witnessing on the part of Christians to Christ's willfulness and power to save.

The violin chorus, consisting of some fifteen instruments, greatly added to the spirit of the services. Rev. Mr. Ashford led the singing and also gave solos.

Messages were brought at chapel time by the pastor to the high school, junior high, and to two of the grade schools during the stay of the visiting preacher.

During the district meeting of the P. T. A. at Sweetwater, Rev. Mr. Ashford was called on to address the delegates at a luncheon by Sweetwater business men, held in the Bluebonnet Hotel, Wednesday noon. He also addressed the meeting at the City Auditorium on Wednesday evening on the subject, "Immortal Clay." Delegates were present from 22 counties with the largest attendance recorded for any meeting of the P. T. A. in district capacity.

School Here To Be Represented At May Fetes

Princesses and escorts have been chosen by Colorado High School to represent this school in May Fetes in Cisco and Snyder, both of these schools being ones which are to send princesses to the court of Colorado's May Queen on May 10.

Miss Katherine Price and Scottie Spalding will represent this school at the fete in Cisco. Misses Margaret Mann and Katherine Gage, Messrs. Maurice Porter and Eugene Soper will represent the school at Snyder's fete.

SACRED HARP SINGING

A Sacred Harp singing has been announced for Sunday afternoon at 2:30 in the Primitive Baptist church in East Colorado. All Sacred Harp singers are invited to attend.

The story of this association, its beginning and growth, is widely known, since it has been told so often. Its central idea of creating a market for surplus home products on a paying scale, with the subsequent coming of relations between town and country and the growth of independence and comfort in the rural home has spread to counties not only in this district, but in other parts of the State as well. The following statements were made in a bulletin about the association sent out by the Extension Department of A. & M. College:

"To succeed with the marketing of home products there must be, first, a home demonstration agent who will train the women in producing standard qualities; second, a local woman who can work with both town and rural women and who has the time, strength, and enthusiasm to devote to the market. Both of these women must know the needs which the home demonstration women can supply. They must know the women individually, their home conditions, their ability and reliability. With these requisites, plus an infinite amount of tact and patience, a market may be built in any community. This may sound hard, and it is. But the enthusiasm of the Mitchell County woman, both producer and consumer, proves that it is well worth while."

The novelty of the home products market in the county has worn off, but the work, instead of falling off, has merely settled down to real business. During 1928, twelve club women of the county sold \$5,598.55 worth of surplus home products, one selling as much as \$935.50 worth and three selling over \$600 worth each.

Two of the five Master farm home makers of Texas for the past year came from the Sixth District in the persons of Mrs. J. F. Bodine of Mitchell county, and Mrs. D. W. Kyzar of Brown county.

The district chairman wishes to remind the clubs in her district of the approaching district meeting in Brownwood in April, and to ask their cooperation in getting reports up and in on time.

LOCAL BETTER HOMES COMMITTEE HEADED BY MRS. A. L. WHIPKEY

Colorado Woman, Appointed In Washington, Urges Observance of Week

Mrs. A. L. Whipkey is heading the local committee for Mitchell county which will have charge of planning and carrying out the program for the observance of Better Homes Week, April 21 to 27. This program is a part of the general plan of education carried on by Better Homes in America, and is one of the projects in which President Hoover is deeply interested. President Hoover has headed the organization from its inception and has always been active in shaping its policies and following its progress. Headquarters are maintained in Washington, D. C., under the direction of Dr. James Ford.

The purpose of a Better Homes campaign is to promote home ownership among families of modest means, and to call their attention to ways in which they can improve their homes and premises at minimum cost. Local committees, made up of representatives of civic and educational groups and individuals, are organized in every community and through their efforts the services of the ablest specialists in the country are mobilized for the benefit of the millions of homemakers who are reached each year by this educational program. These committees are headed by men and women, appointed by the central office at Washington, who are known to have an active interest in the improving of conditions of their communities. More than 5,000 communities took part in the programs conducted last year.

The campaign this year is paying particular attention to the improvement of architectural design for the small home. This is being done in several states through architectural merit awards for houses built within the year. Contests of this type are extending also to gardens and landscaping, and in some instances to entire neighborhoods. Such improvements are making a most important contribution to the development of civic interest and pride and are helping to provide the best type of home environment for all citizens.

Mrs. W. L. Heister has charge of the work in Loraine, and she reports splendid work is being done, such as the beautifying of lawns, planting of shrubs and flowers, and a general clean-up.

Mrs. Witt Hines is chairman at Westbrook and that end of the county, and makes report of the same work going on and essay writing in the schools.

Miss Abbie M. Sevier, co-worker in the Better Living Room contest this year and much interest in improving the homes over the county. The improvement of girls' rooms will follow in a very short time.

Mr. Peck states that May Day fete is well under way by the school children. This is always the closing of Better Homes week.

Let everybody think Better Homes, act Better Homes, and work for Better Homes all next week. Is one week too short a time to have the home uppermost in our minds?

The program for better homes in America is not confined to cities, but is finding its way into the most remote rural districts. This is being done through the organization of county committees. A special Guide book for the use of these chairmen provides material specially suited to the needs of rural communities. In this way rural as well as urban families can have access to high standards in house building, home furnishing and home life, and can be given encouragement and help in the building of sound, attractive homes and the reconditioning and remodeling of old homes.

Two Of County's Rural Schools Close This Week

Two of Mitchell county's rural schools, Buford and Bauman, are closing this week, having completed their seven months' terms. Cuthbert closed on April 5.

One or more of the rural schools of the county will be closing nearly every week from now until June, according to Miss Ruby McGill, county superintendent.

CONCHO DAM TO BE BUILT AT ANGELO

San Angelo Monday became assured of adequate water rights for industrial, domestic and irrigation purposes when the Board of Water Engineers, at Austin, granted a joint permit to the Concho Water Development Company and the West Texas Utilities Company.

With the West Texas Utilities Company given rights so that \$500,000 may be spent immediately in getting the project under way, the Concho Water Development Company is given the privilege of absorbing the utilities company's rights at any time within seven years, paying a reasonable price and agreeing to provide water for domestic and industrial purposes at a fair rate. The utilities company officials say they will be moving earth on the project in 90 days.

Granting of the permit is the final step in working out a solution whereby the city is assured of its water rights, and construction will be started on the first dam of the project by private capital at the same time securing an irrigation permit which gives the right to build the original irrigation project, the Concho Water Development Company being given the right to absorb the project of the

West Texas Utilities Company at

later date.

The project is to be started this week, it is understood, on the ranch owned by the heirs of the late J. Willis Johnson, a short distance up the river from the San Angelo Country club, within only a few minutes drive from the heart of the city.

The lake will be used, to a certain extent, as a pleasure resort, with sites for summer cottages around its shores. Its attraction as a vacation spot, with its fishing possibilities, is expected to draw thousands of tourists to this section each year.—San Angelo Standard.

ALL OVER TEXAS

STAMFORD is to have a new modern 24-room brick veneer hotel in the near future to take the place of the Riggin Hotel, an old landmark on East Reynolds street. The building, according to M. Rogers Williams, Abilene owner of the property, will be leased when completed.

ANSON'S growing interest in aviation has been acted upon by the Lion's Club of that city which appointed a committee from its members to finance the clearing and marking of a field just east of the city limits. The name of the town will be painted in large letters on the top of some building.

TULIA'S two mile caravan of cars filled with representatives to the Panhandle Plains Dairy Show, headed by the Tulia Band returned after the show with a large percent of the ribbons offered. Two championships were won by Tulia dairymen, and the coveted P. C. Bennett trophy was also won.

IOWA PARK is already making plans for her fair next fall. A committee to look after spacious grounds and ample housing quarters has been appointed. Attention will be paid to educational features and exhibits, some of them being by school children.

PECOS, with the completion of a \$40,000.00 tourist camp to be known as Beacon Camp, will have one of the most modern and convenient camps

in the country. It will have 20 suites and 20 rooms, equipped with garages, children's playgrounds, etc. It will be opened by May 1.

FLOYDADA'S first First Monday drew a large crowd, and nearly \$4,000.00 worth of every kind of goods needed on the farm was sold at the auction which featured the afternoon's entertainment. Merchants of the town financed the auction sale and spread advertising of the event over the county.

LEVELLAND'S latest scholastic census showed an increase of 23 percent over last year. This shows that 206 school children between the ages of 7 and 18 years are in the community. An increase in population in proportion would indicate that 12,600 people reside in the county.

EL PASO will be the scene of the eleventh annual convention of the West Texas Chamber of Commerce late in the summer instead of in May, the dates will make it possible for it is hoped that the postponement of President Hoover to attend and to participate.

BALLINGER entertained the Mid-Texas Educational Association recently. Addresses were made by J. D. Motley, secretary of the Chamber of Commerce; A. B. Oliver, principal of the Santa Anna schools; Prof. J. J. Brown of Texas A. & M. College; Dr. F. C. Ayer, University of Texas, and Dr. T. D. Brooks, Baylor University.

OLNEY Enterprise, local weekly newspaper, has changed hands, Geo. T. Spears of Breckenridge becoming owner of the paper, which Ralph Shuffler established 20 years ago and has been managing ever since.

BRECKENRIDGE school children are taking part in the Clean-Up program being observed in the town this week. They spent their time beautifying the school campuses and buildings, along with the rest of the town.

STEPHENVILLE will soon have its new Movie Talking machine installed and Vitaphone pictures will be shown. This necessitated the remodeling of the projection room.

BRADY'S Chamber of Commerce points out that 10 Wolf Clubs have saved the "Heart of Texas" area two million dollars. Clubs in McCulloch, Comanche, Brown, Mason, Kimble, Runnels, Callahan, Coleman, San Saba and Taylor counties have collected 2400 wolves and 1000 wildcats.

GRANDFATHER OF THE PONTIAC SIX FOUND

PITTSBURGH, Pa., April 18.—The story of the unknown relative who suddenly crops up at a family gathering had a counterpart here when a Pontiac car built years ago hobbled into the limelight at the home of W. J. Frazer, whose father had purchased it about 1904.

When A. R. Glancy, president and general manager of the Oakland Motor Company, introduced the present line of Pontiac cars in 1926, they were believed to be the first automobiles so named, until the uncovering of the old-timer here.

A tricky and dilapidated one-seater with a two-cylinder engine, a dashboard, steel rimmed wheels and all

other accoutrements demanded by the gay blades of the early nineties, the car bears a plate distinctly emblazoned with the name PONTIAC and revealing the manufacturer as the Pontiac Motor Vehicle Company.

Subsequent investigation at Pontiac, Mich., home of the Oakland company, discloses that such a firm had been organized to build passenger cars but that it had no connection with the Pontiac Buggy Company which in 1907 evolved into the Oakland Motor Car company.

From official documents and the memories of old residents at Pontiac, it has been learned that the Pontiac Motor Vehicle company had a transitory existence around 1904 or 1905, and then fell by the wayside, like many a similar venture at that early date, leaving Mr. Frazer's car an orphan until it came out of storage to clean name-relationship with present line of Pontiacs.

While the old-timer bears the mysterious label—Model 3, No. 99—it has been prettily definitely established that not more than 50 or 60 cars ever were built by the firm, a volume equalled today in only a few minutes

on the assembly lines that turn out the new Pontiac Big Sixes.

New bridge across Red river connecting Red River county, Texas, and McCurtain county, Oklahoma, will be opened to traffic about May 15.

CITATION ON APPLICATION FOR PROBATE OF WILL

THE STATE OF TEXAS. To the Sheriff or Any Constable of Mitchell County, Greeting: You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Mitchell County, a copy of the following notice: THE STATE OF TEXAS. To all persons interested in the Estate of Frank P. Murphy, deceased, Mary L. Murphy has filed in the County Court of Mitchell County, an application for the Probate of the last Will and Testament of said Frank P. Murphy, deceased, filed with said application and for Lettior's Testamentary thereon, which will be heard at the next term of said Court, commencing on the First Monday in May, A. D. 1929, the same being the 6th day of May A. D. 1929, at the Court House thereof, in Colorado, Texas, at which time all persons interested in said estate may appear and contest said application, should they desire to do so. Herein fail not, but have you before said Court on the said first day of the next term thereof this writ, with your return thereon, showing how you have executed the same. Given under my hand and seal of said Court, at office in Colorado, Texas, this 17th day of April, A. D. 1929. J. LEE JONES, Clerk County Court, Mitchell Co., Texas. I hereby certify that the above and foregoing is a true and correct copy of the original Writ now in my hands. R. E. GREGORY, 3-26c Sheriff, Mitchell Co., Texas.

asserting said claim, the exact nature of which is unknown to petitioner, plaintiff, to plaintiff's damage, in that the assertion of such claim operates as a cloud upon plaintiff's title. Said land and premises are described as follows to-wit: The West forty (40) feet of lot number five (5), in Block number thirty-seven (37) to the City of Colorado, in Mitchell County, Texas, according to plat of said city, a copy of which is of record in the deed records of Mitchell County, Texas, in Vol. "C," Page 250. Plaintiff would show to the Court that it is now in possession of said premises by actual pedal possession thereof, succeeding immediately to such possession on the date of its purchase of such property from its vendor, Fred Brown, on the 12th day of February A. D. 1929, and that its vendor, the said Fred Brown, and his vendor were in actual pedal possession thereof prior thereto for a period of three years. Herein fail not, and have you before said Court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same. Given under my hand and seal of said court, at office in Colorado, Texas, this 13th day of April, A. D. 1929. J. LEE JONES, Clerk, District Court, Mitchell Co., Texas. 5-10c

Baptist Notes
 The concrete work on the Baptist tabernacle floor is almost complete. Each Sunday school class was well represented Sunday, with an attendance of 107. The class rooms are appreciated, since they afford so much comfort to the pupils.
 All the back numbers of literature and Baptist papers are being sent to the foreign fields, so take care of your books and bring in all the Baptist papers you care to have sent.
 The W. M. S. Circles met in the church Monday, with 21 present. Devotional was led by Mrs. McDermott. Plans were discussed by Mrs. Williams. 57 garments were given to charity. Circle No. 1 served refreshments of ice tea and sandwiches.
 Rev. and Mrs. McDermott organized Circle No. 4 at Iatan last Tuesday. See the model Chicken Houses at BURTON-LINGO CO. Westbrook.

Methodist Revival Closes
 The Methodist revival which has been in progress during the past week came to a close Sunday night. Throughout the week we had splendid attendance, the crowds increasing with each service until the house was filled to overflowing. There were several conversions and reclamation during the week, and it would be hard to estimate the real good that was accomplished, as Bro. Hanks poured out his very soul in gospel messages from time to time that lifted us up as we sat together in heavenly places and partook of the crumbs that fell from the Master's table.
 Don't forget the play, "Just Plain Dot," which will be rendered by the Epworth Juniors on Friday night. This is a play that you will enjoy from the first to the last.
 See the model Chicken Houses at BURTON-LINGO CO. Westbrook. Miss Helen Glover of Brownwood is here visiting her sister and brother, Miss Vivian and Mr. Vernon Glover.

WEST TEXAS SANDSTORMS NAUGHT BESIDE TORNADES
 While West Texas towns have their sand storms the winds of spring are playing havoc in other sections of the nation and the world and if reports of the American Nature association are to be accepted as a criterion our wind storms, while uncomfortable, are not nearly so bad as they might be.
 "This is the tornado season, for there are seasons for storms, just as there are for roses and sweet corn. The dust storm that came down out of the Gobi desert 1500 miles away and smothered Shanghai a few days ago is but an example of what wind can do, says the American Nature Association. "Sand storms from the Sahara have traveled far over the Atlantic ocean."
 There are always reports of high winds around springtime. The famous blizzard of 1888 was from March 11 to 14. This swept the northern half of the United States.
 The Samoa hurricane of March 16, 1889, wrecked the American and German warships in the harbor of Apia, with heavy loss of life.
 The St. Louis tornado of May 27, 1896, was the most destructive of the three tornadoes that have occurred in large American cities, the others being the Louisville tornado of 1890 and the Omaha tornado of 1913.

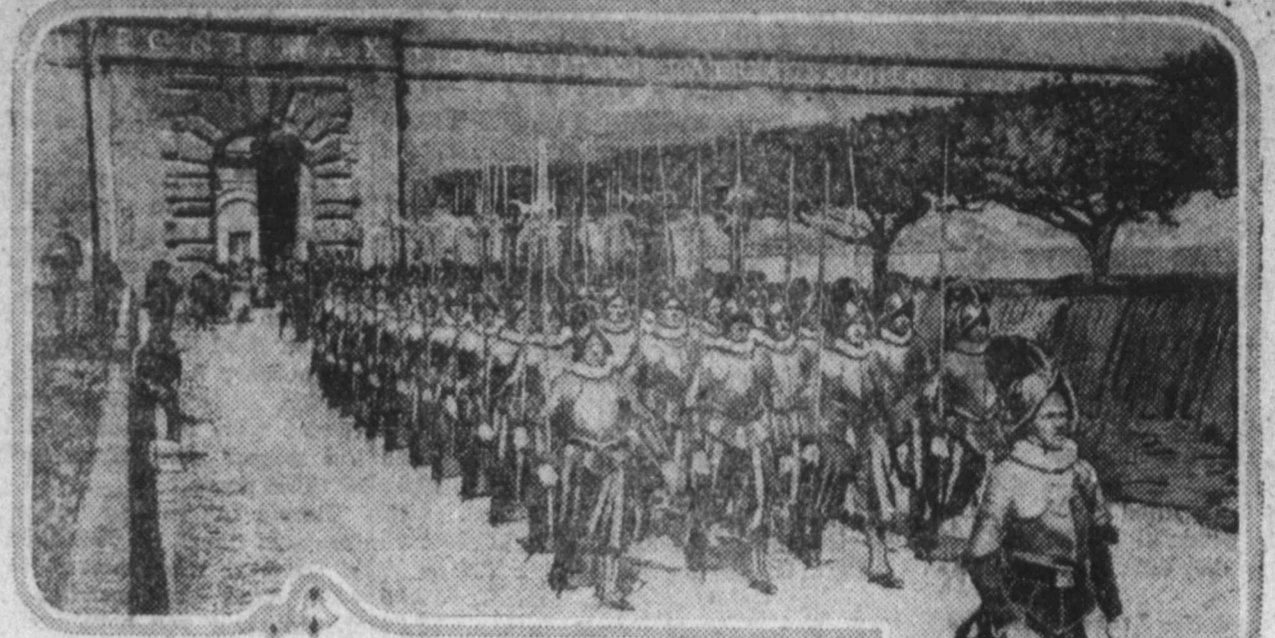

Violent Rotary Wipds
 Records show that devastating storms are in spring and fall. A tornado is a cloud—an upright, revolving, devastating cloud. But it is not a typhoon, a monsoon, or a hurricane. Above all it is not a "cyclone." Typhoons and monsoons are storms covering large areas, hundreds of miles in diameter, and they give rise to straight winds only. The winds of a tornado have a violent rotary motion. The word "cyclone" refers, correctly, to the great storm areas which pass week by week across the United States.
Barometer Is Key
 If the barometer falls a cyclone

is approaching. A tornado may accompany it, provided the cyclone is of tornado character; provided the locality is tornado territory; above all, provided it is tornado season.
 Tornadoes come in season, and that season is limited to March, April and May. April is the month of bumper tornado crops. A later variety flourishes in May, and rarely a few spring up in late August and September. The hot days of summer are not producers of the funnel cloud.
 Statistics show that nearly 80 per cent take form in the first three months of spring.
 Tornadoes seldom occur outside of the United States. The Mississippi valley reserves them mainly for itself. Texas, Oklahoma, Kansas and Missouri run neck and neck for the funnel-cloud honors. Nebraska easily takes second place. Then comes Mississippi, Alabama, Iowa, Illinois, the Dakotas and Minnesota. Outside this region the whirling cloud seldom strikes. It is unknown in California. New England is never visited.
 The Portland storm of November 26 and 27, 1898, is an example of the danger of ignoring storm signals. The steamer Portland, which furnished the object lesson in this case, was one of more than 140 vessels wrecked by the storm on the New England coast.
 In the Backergunge cyclone, October, 1876, more than 100,000 people were drowned by the storm waves over the Ganges delta. In the Tay bridge disaster of December 28, 1879, the bridge over the Firth of Tay, in Scotland, was blown down while a passenger train was passing over it.
 Closely connected with the development of weather forecasting is the "Crimean storm" of November, 1854. This tempest raged over the Black sea and played havoc with the fleets and camps of the allied forces engaged in the Crimean war.
 The French astronomer Le Verrier, director of the Observatory of Paris, collected information concerning the progress of the storm over Europe which convinced him that if telegraphic reports from the western part of its course had been available its disastrous effects might have been averted.
 As a result of this inquiry, he drew up plans for an international telegraphic storm-warning service, which was established by the French government, and the cooperation of other European countries in 1855. Within the next two decades nearly all the civilized countries of the world organized similar services of their own, and the scope of these undertakings was enlarged to include a general system of weather forecasting from charts based on telegraphic reports. — Lubbock Avalanche.

A JOINT RESOLUTION
 Proposed by Senators 5 of Article 4 of the Constitution of the State of Texas fixing the salary of the Governor, providing for its submission to the voters of the State of Texas as required by the Constitution, and making appropriation therefor.
BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
 Section 1. That Section 5 of Article 4 of the Constitution of the State of Texas be so amended as to hereafter read as follows:
 "Section 5. The Governor shall, at stated times, receive as compensation for his services an annual salary of Ten Thousand Dollars and no more, and shall have the use and occupation of the Governor's Mansion, fixtures and furniture; provided that this amendment shall not become effective until the third Tuesday in January, 1929."
 Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on July 18, 1929, at which election all voters favoring said proposed amendment shall write or have printed on their ballot the words: "For the amendment to the Constitution of the State of Texas fixing the salary of the Governor." And those voters opposing said proposed amendment shall write or have printed on their ballots the words: "Against the amendment to the Constitution for amendment thereto."
 Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for amendments thereto.
 Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, be hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated to pay the expense of such publication and election.
 Approved March 19, 1929.
 (A Correct Copy) JANE Y. McCALLUM,
 Secretary of State.

Smart World Sails by the Mediterranean Route for the Italian Riviera and Lido

A colorful sight for the visitor to Rome. Parade of the famous Swiss Guards, the Pope's own body-guard, in the Vatican grounds. Their costumes were designed by Michel Angelo, the sculptor. Curia and helmet are of spotted, shining metal. Trousers and gaiters have tan, yellow and blue stripes.

Famous N.G.I. Liners Make Southern Route To The Continent Popular.
 ITALY has become the new mecca for the pleasure seeker. Naturally, it always has been considered the treasure-house for art in Europe. No one goes there without absorbing the beauty of Rome and Florence. But the Italian Riviera and Venice Lido are now the fashionable meeting places of people well known in the artistic, social and political life on the Continent and America.
 In the lagoons of Venice, the lovely island resort of Lido offers everything in the way of amusement. Tiny, gay bathing cabins and startlingly striped sun umbrellas—along with the beautiful costumes—make an unforgettable melody of color. It is here that the newest fads in bathing costumes are shown. The world watches—and then imitates at other beaches throughout the world.
 The Casino at night, when the moon rides low over the rippling waters, is a veritable fairyland where everyone dances and dances. The lights in the magnificent villas on the hill sparkle like will-o'-the-wisps, while in the daytime there are tennis matches, proudest and water sports.
 With the new, progressive spirit dominating Italy, every facility is offered to the visitor. Nowhere is the traveler welcomed more graciously. This same friendly spirit is manifest on the magnificent liners of the Navigazione Generale Italiana. They are a bit of that artistic and sunny land sailing like a silken thread to bind America to the country that gave it Christopher Columbus.
 More and more, prominent people are taking this route to Italy—the Southern Route along the Mediterranean. It is the ideal approach to Europe—to the beauty of Italy, and on to the nearby French Riviera, Paris, Vienna, London.
 Too, the travel-wise demand the luxury of the "Augustus" and the "Roma." The "Augustus" is propelled by the most powerful motors ever made. And it is decorated like a palace from spacious lounges to colorful cabins. The sports deck is unique. A whole deck given over to a full-sized tennis court, deck games and a gymnasium. A tiny "beach" surrounding the gaily-tiled swimming pool makes it a miniature Lido Venice. Even if one sails away from New York when it is cold and blustery, in a day and a half the southern sun lends its warmth and the swimming pool is one of the most delightful attractions on the liner. For the Southern Route goes down along the Azores—just a mile off the lovely island of San Miguel.
 The "Roma," a sister ship, is the quintessence of art sailing the sea. There are enclosed verandahs, wide decks, exquisitely furnished salons. All who have sailed the glorious Southern Route on either of these Liners speak of the cuisine and service. Naturally, with the popularity of Italy as a social, art and recreational centre, the list of passengers is decidedly interesting.
 Naples, with its slender, shadowy streets and stuccoed houses, waits at the other end. Vesuvius rears its smoke-wreathed head, and below is Pompeii. The famous Amalfi Drive runs like a shining ribbon above the Bay of Naples, a lure for the automobile.
 Then there's Genoa—on the Italian Riviera, with Rapallo and Portofino just beyond. Either of these two ports are perfect places from which to pursue the marvels of Italy. Rome is a mecca for many travelers, where the spirit of Michelangelo still hovers over the Sistine Chapel and the art galleries.

J. A. GERMANY, KNOWN HERE, SENDS PAMPHLET

Julius A. Germany, member of the lawyer firm of Germany & Runge of Dallas and who will be remembered by several of the older residents of Colorado as a resident of Sweetwater and frequent visitor in Colorado some twenty years ago, has sent to Representative W. E. Reid a copy of his pamphlet, "Analysis of the Report of the Highway Commission—Its Relation to a Gasoline Tax and the Effect of the Tax on the People."

With the pamphlet came a letter of explanation from Mr. Germany as follows:

"Many of your constituents are interested in the production of oil, and many others receive royalties, who are affected by a tax on any product of petroleum. The industry has replaced the old St. James with modern hotel accommodations, enabled Doc Dulaney to buy a new Ford, Frank Burns to trim his beard, and Dr. Coleman to buy new hounds. In fact, it has made a city out of an old sand-blown town, brought modern fuel, built new houses, new schools, and made Colorado a pleasant place to live."

COUNCIL APPROVES ACCOUNTS OF CITY

The following accounts for the city during the month of March were approved by the city council in its regular meeting Monday night:

RACE TRACK FOR BUICK AUTOMOBILES

A race track built by nature in the heart of the African jungle will be the scene of the next effort to shatter the world's speed record of 231 miles per hour, recently established by Major H. O. D. Segrave at Daytona Beach, Florida.

With the backing of the South African Government and the Automobile Club of South Africa, Captain Malcolm Campbell, noted British racing driver, is preparing to establish a new record over the sands of an ancient lake bed called Verneuk Pan. The bed of this vanished lake is 20 miles long and ten miles wide. It lies 600 miles north of Capetown, 75 miles from the nearest railroad (Zak River) and 45 miles from the nearest village. Its surface is so hard that the wheels of an automobile leave no mark on its sands.

Driving a 1929 Buick, the motor editor of the Cape Times discovered this wonder of nature last November. With a party of motor enthusiasts he pushed into Bushmanland to verify

reports of the existence of this natural super-highway.

Over mountainous roads, down and across the veldt lands and through the tangle of African brush, the Buick pioneered the trail to Verneuk Pan-trip which has given the world its finest race course.

The party camped at the goal for several days exploring and testing the new-found track. The Buick made its first trip over the ancient lake bed at high speed, traveling for miles at 70 and 75 miles per hour, without fear of interruption.

So even and clean are the sands of Verneuk Pan that the driver covered one stretch at 75 miles per hour with his hands off the steering wheel. Suddenly, however, a series of beautiful islands, with tall waving trees, appeared in the desert sand. Then, as the driver swerved his course, a great body of water lay before them. Unable to stop so suddenly, the car dashed on at top speed but, instead of plunging into the sea, the water seemed to recede. When it became evident that the islands and water kept the same distance away, the party realized that they were fooled by a mirage. The peculiar atmospheric condition existing at Verneuk Pan plays strange pranks with the sight. Small black lumps, actually the size of an egg, when seen from a distance of a mile, appeared to be huge rocks and the thin straggling grass, great forests of bush.

Immediately upon their return to Capetown, enthusiastic cables were sent to Major Segrave and Captain Campbell. Major Segrave was in Florida preparing for his record shattering run. Captain Campbell immediately wired for fuller details and finally determined to try out the newly discovered course.

So, it is quite possible that the next world's speed record may be made over the sands of Verneuk Pan where the initial race took place between a Buick and the mirages.

Spade Spuddings

By GEORGIE THOMPSON
Mr. Phil Board is home after an operation. We are proud to say he is doing nicely.

Mr. and Mrs. E. L. Latham entertained with a party Friday night. Games and music were enjoyed. All reported a fine time.

Miss Geneva and Cecile Browne spent the week-end at Colorado.

Mr. and Mrs. P. E. Clawson of Conway community spent Sunday with Mr. and Mrs. J. L. Thompson.

Rev. Leach preached at his regular appointment Saturday night and Sunday. There was a large attendance.

Miss Velma Barber was the guest of Miss Willie Grace Palmer Sunday.

Misses Lennie and Letha Skaggs were the dinner guests of Misses Evelyn and Addie Lue Hood Sunday.

Mr. and Mrs. Clarence Welch were visitors of Mr. and Mrs. L. H. Welch last Sunday.

Miss Lennie Skaggs was the supper guest of George Thompson Friday evening.

Miss Christine Bolin was the guest of George Thompson Monday night. There was a singing at the Baptist church house Sunday night. There was a large crowd and lots of singing.

Little Mr. Russell Hood spent Monday night with little Messrs. J. K. and Willis Delle Bolin.

The clouds which came near Spade Sunday afternoon blew Mr. Earnest White's barn top off and riddled lots of hay stacks.

Mr. and Mrs. H. A. Pond and family visited relatives of Cuthbert last Sunday.

Robert Bolin spent Sunday with Buford Rich of Westbrook.

The P. T. A. will meet for the last time on Thursday night.

Don't forget to come to Spade's school program April 26th.

BEAUTIFUL WOMEN SIMPLY LOVE IT

MELLO-GLO Face Powder is preferred by beautiful women because it leaves no trace of pastiness, flakiness or irritation. Stays on longer—no shiny noses! Made by a new French process—prevents large pores. Spreads more smoothly—gives a youthful bloom. Very pure. Use MELLO-GLO Face Powder. It's wonderful. For sale by Colorado Drug Co. and City Drug Store. Adv-11

Norway's Seas

Many fathoms under the seas. Nature provides an abundance of sustenance for the codfish that makes its liver-cells prolific in vitamin-bearing oil.

Scott's Emulsion

serves thousands of children and grown people with cod-liver oil in a form easy to take. It is a food- tonic that helps energize and build up the body.

ANOTHER ABILENE HOUSEWIFE TALKS

"I Feel Better Than I Have In Months, Orgatone IS Fine Medicine"

"I was just about down and out from the health standpoint, but since taking Orgatone, I feel better than I have in months," said Mrs. Wm. Hartshorn, of 1235 N. 17th St., Abilene, Texas.

"I've suffered for a long time with stomach and kidney trouble. Almost everything I ate would sour on my stomach, and gas would form and I would bloat up and be very uncomfortable for hours afterwards. I was severely constipated and for the last six months I've had to take a strong laxative every night, and then would have sharp pains and cramping spells, just the same. At times my back and sides would ache something terrible, and I couldn't rest or sleep at nights at all. I was in a very nervous condition. I saw where Orgatone was helping so many people and decided to try it.

I feel like a different person, and now eat just anything I care for and it doesn't hurt me at all. I don't have the gas or bloating spells any more, and best of all, don't suffer from constipation. My headaches are all gone, and I rest and sleep fine every night. I'm not nearly as nervous as I was. I feel better than I have in months, and Orgatone has certainly helped me. I know that it will help anyone who is suffering as I was, and if they will just try a bottle they will be convinced of its worth as I am."

Genuine Orgatone may be obtained in Colorado by the Colorado and the City Drug Stores.

RICHARDSON CHILDREN VISIT SISTER, PARENTS

What amounted almost to a complete family reunion in the T. A. Richardson home, took place the past week-end when the scattered children visited their parents, and also came for a farewell visit with their sister, Mrs. Vance Phenix, before she leaves this week to join her husband in New York.

Mr. and Mrs. J. C. Richardson came from Austin, Mr. and Mrs. Emmett Richardson from Midland, and Ernest Richardson from Big Spring.

Sore Bleeding Gums

Only one bottle Leto's Pyorrhoea Remedy is needed to convince anyone. No matter how bad your case, get a bottle, use as directed, and if you are not satisfied druggists will return your money. Colorado Drug

One Man Can Do Two Men's Work

WITH THE JOHN DEERE ND TWO-ROW CULTIVATOR

With a John Deere Two-Row you will do as much work in a day as two men with two one-row cultivators. You'll cut your cultivating costs to the core.

All the rigs on the John Deere ND Cultivator are raised or lowered by one master lever. You don't have to stop the team at row ends.

By means of the spacing levers you can space the gangs the desired distance from the rows. Tilting lever instantly insures proper set and suction of all shovels—a mighty important advantage when you are cultivating hillsides.

There are other features we want you to see for yourself. Come in any time.

NEW MODEL "A" FORD TOWN CAR
 Of unusual and universal interest in Colorado and this territory is the announcement by T. R. Holmsley, local Ford dealer, that on Thursday, April 25, a Model "A" Ford Town Car will be displayed in the show room on Second street, and will be demonstrated to all interested parties visiting the show rooms that day. Concerning this new car, Mr. Holmsley said:

"This town car, as you know, our highest priced car, and delivers here for approximately \$1500.00. This price, of course, includes the bumpers, which are standard equipment, the sliding glass partition that separates the chauffeur from the passenger compartment, a high grade eight-day clock, smoking and vanity sets, the highest quality broadcloth trimming with colored hardware to match. The front compartment is upholstered in genuine long grain black leather. The body, of course, is custom-built by the Briggs Manufacturing company, who have spared no expense in building into this car all the refinements and qualities embodied in the highest priced bodies. This body is designed after the small chauffeur-driven cars of France, and represents the first high quality body to be mounted on a small chassis in this country."

Mr. Holmsley is enthusiastic over the merits of this wonderful new Ford production, and invites all of the people to stop in and see the Model "A" Town Car on April 25, throughout the day. In the show window on north side of Broadway of America, or East Second street.

W. A. JARRATT DIES
 W. A. Jarratt, 74, died at the sanitarium at Sweetwater Wednesday afternoon about six o'clock, after an illness of several months duration. He had undergone several operations in an attempt to save his life, and had been in the sanitarium for several weeks. Funeral services were conducted at the Methodist church at Roscoe at 3 o'clock Thursday afternoon, Rev. M. B. Norwood conducting the services.—Lorraine Leader.

Sunday School Lesson
 (By REV. P. S. FITZPATRICK, D.D., Dean Moody Bible Institute of Chicago.)
 (© 1928, Western Newspaper Union.)

Lesson for April 21
COMFORT FOR GOD'S PEOPLE
 LESSON TEXT—Isaiah 40:1-11.
 GOLDEN TEXT—As one whom his mother comforteth, so will I comfort you.
 PRIMARY TOPIC—God's Love for Us.
 JUNIOR TOPIC—God's Love for Us.
 INTERMEDIATE AND SENIOR TOPIC—The Secret of True Happiness.
 YOUNG PEOPLE AND ADULT TOPIC—The Source of True Comfort.

1. God's Message of Comfort (vv. 1, 2).
 It was addressed to Isaiah and his successors in office (v. 1).
 He, as God's spokesman, was to make known the very heart of God to the people who were in great need of comfort. They were in a strange land, in captivity because of their sins. In spite of their apostasy from God—the breaking of their covenant with Him—His favor was about to return.

2. The mutual relation of God and His people (v. 1).
 This is expressed in the phrases "my people" and "your God." The believer belongs to God, and God belongs to him. How blessed it is to be thus related to Him. Observe, this was said concerning a people who had sinned and backslidden.

3. Pardon received (v. 2).
 In spite of their gross iniquity, their pardon was declared. The receiving of double at the Lord's hands does not mean that there had been undue infliction of punishment, but that the divine pardon exceeded the guilt. The period of the captivity was at an end. Their blessing was not through their own merit, but was to be realized through the sin offering of Jehovah.

4. The Preparation Required (vv. 3-5).
 In order to secure the salvation which was to be theirs through the vicarious offering of Jehovah, it was necessary that certain preparation should be made. Observe:

1. The voice in the wilderness (v. 3). This voice was that of John the Baptist, and actually was heard at the time of the coming of Jesus Christ (Matt. 3:3-5).
 2. Prepare ye the way of the Lord (v. 3). It was the custom on state occasions for some one to go in advance of the king or ruler and make preparation for his coming. This preparation consisted of the actual depression of hills, the elevation of valleys and the straightening of crooked places, so that the monarch could move forward with ease and facility. In its moral bearing, the meaning is that preparation for the coming of the Lord into the hearts and lives of the people consists of the subjection of pride and selfish ambition, and the straightening of the crooked and perverse things of this life.

3. The glory of the Lord revealed (v. 5).
 When there is proper preparation of heart, the Lord will enter, and His glory will be revealed in the life. It primarily refers to the manifestation of the divine glory in the person of the Messiah.

III. The Frailty of Man in Contrast With God's Word (vv. 6-8).
 "All flesh is grass and all the goodness thereof is as the flower of the field. The grass withereth, the flower fadeth, because the Spirit of the Lord bloweth upon it. Surely the people is grass. The grass withereth, the flower fadeth, but the word of our God shall stand forever." Just as the blast of the hot wind scorches the grass and destroys the crops, so everything loved and prized by the natural man will wither and die under the blast of God's judgment, but His Word shall stand forever. His Word of God abides from age to age with perennial freshness. God's promise of ultimate triumph should steady us because no matter through what stress and strain we may be called to pass, when the Lord comes there will be victory.

IV. The Lord God Coming to Zion (vv. 9-11).
 1. Behold Your God (v. 9).
 When He comes to Zion there will be no need of fear. This blessed truth can be proclaimed aloud to the cities of Judah.
 2. The Lord God will come with a strong hand (v. 10).
 The hope of the world is in the coming of Jesus Christ in power and great glory to establish His blessed rule over the earth. Righteousness and peace can come only with the Messianic rule.
 3. He shall feed His flock like a shepherd (v. 11).
 The Good Shepherd will search out and provide for His own.

Always Content
 We shall be made truly wise if we be made content; content, too, not only with what we understand, but content with what we do not understand—the habit of mind which theologians call, and rightly, faith in God.—Charles Kingsley.

That We May Read Aright
 God sometimes washes the eyes of his children with tears in order that they may read aright His providences and His commandments.—I. L. Cuyler.

RECORD EMPLOYE HAS ESTABLISHED NEW RECORD IF YOU BELIEVE STATEMENT

C. F. Raifsnider, an employe in the mechanical department of The Colorado Record, brings in the first true fish story of the season, and judging from this narrative, member of the finny tribe are either hungry or anxious to get out of the water. Raifsnider and family left Colorado late Saturday afternoon for the Concho river near Sterling City. They arrived there just before the fish had retired for the night, and the prints was enabled to catch a small "mess" of fifteen perch for supper. Finally, after it grew so dark Raifsnider could not see how to get the fish off the hook, he hid the pole and line, cooked and ate the fish and retired for the evening. Early next morning, which was Sunday (this is not so, if his church members and pastor see it), he hunted up his fishing pole and line, and after taking a rabbit off the hook which he had caught during the night, baited the hook and proceeded to "whip" the Concho. Just as fast as he could throw the line under the lily pads, a perch would attach itself to the hook, and Raifsnider finally got in such a rush to get the fish out of the water he quit baiting his hook. However, this made no difference to the fish, as some of them would take "hook, line and sinker" before they hit the water.

Raifsnider was the only one of his family that had any luck, but his heavy catch of fish no doubt saved the life of himself and family, as on their return home Sunday afternoon they ran into the heavy storm that was sweeping across from Big Spring. If the car had not been loaded down with fish, it would have been swept off the road, out through the Spade ranch, and probably finally wound up at or near Austin, which would have been indeed unfortunate just when the legislature is about to meet in called session.

Raifsnider said he would have caught a few big catfish, but that the perch would never let the hook go down deep enough to get the cats. Raifsnider told the story of his fishing trip in this office Monday afternoon, and on Tuesday morning the "big boss" of this establishment took the Record colored porter, filled up his Hudson with gas and oil, piled in a few pans, blankets and other necessities, and left without even taking time to say good-bye. It is believed that "Uncle Fred" has gone out after some of those perch, and if he fails to find the spot where the fish are hungry, Raifsnider had better lay off work for a few weeks.

T. J. RICHARDS NOT FLYING FOR REBELS
 The Record was informed last week that the report given in last week's paper, being copied from the Midland Reporter-Telegram, saying that T. J. Richards had gone to fly for the rebels in Mexico was erroneous.

Such mistakes as this are regretted by The Record, and all due apologies are made to relatives and friends of Mr. Richards, even though the error was one which came through copied material.

CARD OF THANKS

Our sincere gratitude is given to those friends who helped us in the dark hours of the passing of our little daughter and step-daughter, and to the minister and doctor for their kind words and help. We are thankful for the floral offering.
 Mr. and Mrs. E. P. ALLISON and Children. 1tp

Twelve square feet of shelves

GENERAL ELECTRIC Refrigerator

You will notice that the General Electric Refrigerators are unusually roomy. The model illustrated—designed for an average family—has twelve square feet of shelf area. This means that you have a shelf a foot wide and twelve feet long to store your food. In no other refrigerator can you get such great shelf area for the same over-all size.

The General Electric Refrigerator has no belts, fans or drain-pipes. It is unusually quiet. It never needs oiling. And it is made and guaranteed by General Electric.

The mechanical perfection of the design and the extra food storage area make the General Electric a remarkable value. We would like you to come in and study the wide range of models. Time payments can be arranged, if you prefer. Come in today.

Texas Electric Service Co.

PAY BY CHECK
 BECAUSE
A Checking Account is a Real Help in Running Your House

There are many advantages to the housewives of Colorado in a checking account at this strong, helpful bank. Paying monthly bills by check is convenient, saving time and footsteps. A cancelled check is legal receipt of payment. The stubs in a check book offer a simple, effective bookkeeping system. The risk of cash around the house is avoided.

Bank checks are money of business. Modern progressive women use them in their personal and household finances. This bank cordially invites the business of women. Come in and open an account.

City National Bank

25TH YEAR—NUMBER 30

COLORADO, TEXAS, FRIDAY, APRIL 19, 1929

WHIPKEY PRINTING CO.

GRADING OF HIGHWAY ACROSS COUNTY NOW NEARING COMPLETION

Only Few Gaps Left In Road From Westbrook To Nolan Line

The end of the last big preliminary step in making Mitchell county the "home of prosperity" in truth as far as its roads are concerned is expected within something like the next forty working days when the work of grading and making drainage structures along the Bankhead highway between Westbrook and the Nolan county line shall be completed.

At some date a little further distant than that, the first stretch of paved road in the county will be opened to traffic along the nine-mile stretch of the highway west of Westbrook notoriously known as the Iatan Flats. Actual pouring of concrete along this road is beginning this week, having already been delayed because of the difficulty of securing an adequate supply of water in that part of the county.

Grading and drainage structures from Westbrook to one mile east of Morgan creek have been completed, and work has been begun on the Rock creek bridge on the highway a short distance west of Colorado.

To the east of Colorado grading and drainage structures have been finished from the I. O. O. F. cemetery to North Champion creek, a distance of some six miles. Only about one mile between Colorado and Lorraine has not yet been graded, and this down around Champion creek where bridges are being built. Beyond Lorraine grading has been completed for a distance of about one and one-half miles.

The part of the highway east of Colorado between the cemetery and New's Camp Ground has been closed, and traffic is detouring one block south, going by the Primitive Baptist church.

Three Colorado Boys On Honor Roll At Tech

Three Colorado boys made the honor roll for the winter term at Texas Technological College, Lubbock, according to information which has been received here from that school. Clarence Grable, son of Mr. and Mrs. C. L. Grable, is one of these. Grable's average was B plus. Prentiss Viles, a former Colorado boy whose parents' home is now in Lubbock, is the second of the three, and Sam Womack, son of Mr. and Mrs. H. D. Womack of Colorado, is the third. Viles and Womack both had averages of B.

FORMER RESIDENTS OBSERVE ANNIVERSARY

A picture of Mr. and Mrs. B. C. Rix of Lubbock, pioneers of Texas, who recently celebrated their golden wedding anniversary, appeared Sunday in the Fort Worth Star-Telegram, and with the picture was a short sketch of the life of the couple, who are the uncle and aunt of Mrs. C. M. Adams of Colorado and early-day residents of Colorado. Col. and Mrs. Adams attended the anniversary celebration.

Coming to Texas in 1876, Mr. Rix rode the stage from Fort Worth, which was then the terminus of the railroad, to Fort Concho, now San Angelo, and drove with a cattle outfit on a ride to Fort Dodge, Kansas, returning to establish his home in Colorado in 1887. About three years later he moved to Big Spring, where he established the Rix Furniture and Undertaking firm in 1890, which still exists.

Three sons and a daughter were present at the anniversary. Jed A. Rix, Wallace W. Rix, and Miss Ruth Rix, all of Lubbock, and Harvey L. Rix of Big Spring.

HESTAND USING GROUND MAIZE TO FEED HOGS

J. P. Hestand of Buford is now using ground threshed maize for his pure-bred Duroc hogs instead of ground maize heads and says that he likes it much better than the old methods of feeding. He is using a commercial pig feed to balance the maize. Using ground threshed maize eliminates the chaff which sometimes amounts to 27 per cent of the ground maize heads, which makes the ration too bulky for hogs.

Culling, Dipping Improve Flock of Mitchell Farmer

Culling and dipping T. A. Duncan's flock of hens resulted in increased egg production and fewer hens to feed, according to the report he is keeping in cooperation with the county demonstration agent. On April 8th, the flock was culled and seven cull hens were removed and placed in a separate pen. In three days the seven hens laid six eggs. During the six days prior to culling the 58 hens laid 218 eggs, and the six days following the culling 50 hens (one hen died) laid 222 eggs, an increase of four eggs from eight less hens.

Mr. Duncan had already secured a 100 per cent increase in egg production by feeding an egg-laying mash. Now his flock is averaging 70.4 per cent production, which is ten per cent higher than the average production for April, according to figures kept by A. & M. College.

Mr. Duncan's flock has been listed with A. & M. College as a poultry demonstration flock and he is keeping accurate records of all costs on a special poultry record calendar furnished for this purpose.

MITCHELL RURAL SCHOOLS ELECT TRUSTEE BOARDS

AT LEAST ONE MEMBER IN EACH DISTRICT HAD AN EXPIRING TERM

Rural school districts over the county held trustee elections Saturday, April 6. At least one was elected in each district, and in some districts the entire board of three trustees had terms expiring this year. Following is a list of the new trustee boards of the various schools in the county, with those re-elected or newly elected in each group marked accordingly. (In groups where there are as many as four listed, one of the four has signified his intention of resigning, or a tie must be run off.)

Longfellow—W. S. Walker, H. L. Baker, D. M. Finch (new). Lone Star—G. B. Ward, C. W. Groom, Frand Hall (re-elected), O. E. Allbright (new). Iatan—E. B. Gregson (re-elected), S. A. Pence, R. C. Harlow, King (re-elected).

Carr—G. W. Sweatt (re-elected), W. O. Jackson (re-elected), James Fields. Payne—D. D. Hayes, J. R. Henderson, W. M. Copeland (new), Warren Williams (new).

Cuthbert—Leon Fisher, J. C. Womack (re-elected), P. G. Fuller (new).

Rogers—A. F. Callan, O. H. Alexander (new), Clyde Bynum (new). Dorn—B. B. McGuire, L. J. Burrow, O. O. Shurtleff (new).

Spade—R. J. Ratliff, E. Barber, Jim McCullough (new).

Buford—Marvin Campbell, Emmett Blasingame, Curtis E. Rogers (all new).

Seven Wells—E. D. Roach and J. H. Carlock.

Looney—T. F. Whiteside, J. G. Elrod, Blaine Morgan (new).

Fairview—Lee Strain, P. G. Fuller, O. L. Simpson (new), C. C. Berry (new).

Valley View—A. M. Angel, E. R. Brown, Frank Beights (re-elected).

Shepherd—E. H. Taylor, W. H. Nowell, H. L. Bassham (new), H. A. Tidwell (new).

North Champion—J. C. Green, L. Haggerton, Ed Claxton (new).

Lowe—S. P. Carpenter, J. B. Hartsfield (re-elected), James Clepper (re-elected), J. H. Gosper (new).

Horn's Chapel—G. M. Geiger, A. R. Tice (re-elected), Grover Bassinger (re-elected).

Conaway—W. E. Smith, B. F. Palmer (new), Hbrace McDonald (new).

Batman—S. E. Meadows, W. K. Miles (new), C. L. Lee (new).

Landers—J. A. Merket, K. H. Cooper, M. L. Adrian (re-elected).

Silver—T. J. Finley (re-elected), J. W. Preston (re-elected), Will Hudgins (new).

Hyman—F. L. Andrews, Carl Lowrey (new), Lee Woodard (re-elected).

J. J. Robertson of Abilene, Mrs. S. P. Robertson and son, Raymond, of Breckenridge, returned with Ernest Keathley from his trip to Mineral Wells as a delegate to the W. O. W. head camp convention Sunday. They all went on west on business. Mr. Keathley stopped at Pyote and the others went to Kermit. All returned to Colorado Monday.

DEMONSTRATIVE WORK OF YEAR TO STRESS SPACING OF CROPS

FARMERS OVER COUNTY TO SHOW METHODS FOR THE VARIOUS CROPS

Crop spacing demonstrations will be stressed in this year's demonstration work and twelve men in different parts of the county have agreed to carry on demonstrations with skip-row maize and four men will try skipping the third row of cotton. Others will compare the yield of the pure-line grain sorghums with ordinary maize. Check plots will be left in each case and the maize and cotton from the different plots will be weighed.

The men who have agreed to conduct maize spacing demonstrations are: C. L. Grable, Emmett Blasingame, Joe Church, J. H. Greene, J. P. Hestand, Herman Gist, A. J. Hooks, J. F. Bodine, E. B. Hale, H. L. Baker, A. R. Northcutt, and C. W. McAnally.

Emmett Blasingame, W. T. Brooks, A. K. McCarley and H. L. Baker will try two-row skip-one cotton and R. C. Morgan, F. P. Roney, A. J. Hooks and W. S. Walker will have pure maize seed demonstrations.

BUFOAD FARMER AND WIFE GETTING INCOME FROM CHICKENS, COWS

Mr. and Mrs. J. A. Hooks Keep Records To Show Profits

Complete records of expenses and receipts being kept by Mr. and Mrs. A. J. Hooks of Buford show that 150 White Leghorns and two Jersey cows are bringing in from \$59 to \$106 per month, not including from \$15 to \$20 worth of products used at home. Home grown feeds are figured at market prices.

In January dairy products sold amounted to \$26 and eggs \$49.05, with an average price of 40 cents per dozen. In February the cows paid \$22.05; eggs \$48.70 at 30 cents, and cull hens brought in \$36.30. In March the cows paid \$20.50 and the hens \$39.52, with eggs at an average price of 20 cents.

Total expenses for both cows and chickens are as follows: January, \$25.50; February, \$26.21; March, \$25.75. The poultry clock is paying

for their own feed and feed for 400 baby chicks besides.

Mr. Hooks says that their record-keeping dates back to a visit made by the county agent about two years ago. They had tried feeding their flock of several hundred hens a laying mash but had failed to get results. They were then feeding ground maize and a small amount of skim milk, so the county agent suggested that they try the egg-laying mash again and keep cost records to see if it would be profitable. They used a formula recommended by A. & M. College and the results were so satisfactory that they have been using it ever since. Cost records showed that the balanced ration was making them a profit with their hens, so they started keeping records on their cows last year and this year they are keeping complete records of all farm operations.

LANDERS 4-H CLUB OFFICERS CHOSEN

Officers of the Landers 4-H Club have been elected as follows: Vonnie Sally, president; Orlan Sally, vice president; Leroy Adrian, secretary. Other members of the club are: Clifford Woods, Melvin Woods, Gervis Cooper, Paul Smith, Garland Whiteley, Donald Adrian, Leslie Duffer.

METHODISTS HERE AGAIN VICTORIOUS

The lead which has been gained by the Colorado Methodists over the Sweetwater Methodists in the contest being staged between the Sunday schools of the two churches was increased last Sunday when the Colorado Sunday school here won over that of Sweetwater on every point in the contest. The contest is to close May 12.

The choir of the Methodist church here went to Sweetwater Sunday evening and furnished the music for the evening services in the Methodist church there. Rev. O. P. Clark, pastor of the Sweetwater church, promised the Colorado visitors that Sweetwater intends to have 500 in Sunday school next Sunday.

RECORD OFFICE DRESSING UP WITH NEW AWNING

The Record office is dressing itself up in a new awning this week, the old one having been showing threatening signs of collapsing here of late. This improvement will add greatly to the appearance of the front of the Whipkey Printing company, as well as really serving its purpose, sadly neglected by its predecessor in late months, of keeping off the rain and sunshine.

Death Claimed 6-Year-Old Girl On Friday Night

After a serious illness of only 24 hours, Zenoba Crews, six-year-old daughter of Mr. and Mrs. E. P. Ashford of Colorado, died Friday night from what was diagnosed as congestion of the brain following an attack of flu about three weeks before death.

Funeral services were held Friday afternoon at 3 o'clock at the C. Ashford, pastor of the Methodist church, being in charge. The child is survived by her mother, her step-father, two brothers, a half sister, and two brothers.

SOL ROBINSON'S BROTHER DIES

Sol Robinson of Colorado is called to Van Zandt county last week because of the sudden death on Tuesday morning of his brother, M. F. Robinson, who is well known in Colorado.

Mr. Robinson was accompanied on the trip by his son, Sol Jr., and they returned Thursday night.

TEXANS LET'S TALK TEXAS

As Surely

as the DAY follows the NIGHT

West Texans! let's talk about the opportunities of West Texas, agriculturally, industrially and commercially—and as a wonderful place in which to live.

AS SURELY as the day follows the night, West Texas stands upon the threshold of an era of industrial development which will be as thrilling and as picturesque as has been the past history of this remarkable empire.

Sometimes the most worthwhile things are the least obvious. It seems to have been so in the case of West Texas. In the outset it seemed to many people that there was very little to recommend this section as one peculiarly fitted for the building of a great industrial area. Men were attracted to this section of Texas, however, whose vision was far reaching. They foresaw that West Texas was destined to become a great center of industrial activity.

Accordingly they instituted a program of foundational industrial work which required the greatest courage and fortitude to carry

forward. These men pioneered West Texas. Today their efforts are gloriously in evidence. On every hand the force of their determined optimism is felt. National recognition of the correctness of their forecast, made a quarter of a century ago, is daily being given. They have laid the foundation of a mighty empire.

This heritage they are tendering to a new generation, whose capacity for going forward with it is reflected in today's sound developments.

The Texas Electric Service Company has had a part in West Texas development. And this Company feels that it partakes fully of the spirit of West Texas, that it has an understanding of the needs of this territory which enables it to plan its future along the most constructive lines of helpfulness to this great wealth producing area.

Texas Electric Service Co.

The Silent Partner of Progress

PAGE 2 AS SENATORS IN U. S. CONGRESS 1845 TO 1930
By ALVA O. HEARNE

The Record is running each week about 100,000 copies of the United States Congress from Texas. Senators and others interested should follow the series from week to week. If clipped and placed in a scrap book, these articles will furnish valuable references on the political developments of Texas.

The eleventh U. S. Senator from Texas was—

JOHN HENNINGER REAGAN (1887-1891)

John Henninger Reagan was born in Sevier county, Tennessee, on October 8, 1818. His parents were very poor. In his youth his time was divided between assisting his father in a tan-yard and in going to school until he was about 16 years old, when he was given permission to secure his own education. He commenced working on a farm for nine dollars a month. Then, entering an academy, he paid for his schooling by working mornings, evenings and Saturdays. He attended Southern College at Marysville, Tennessee, for something over a year, a few months after leaving college he sold goods in a country store. He was later offered favorable inducements to proceed to Texas and sell goods. The project ended in disappointment, but it landed

Reagan in Texas without friends.

When he reached Nacogdoches war was impending between the Cherokee and other Indian tribes and the people of Texas. He joined the Texas army, intending at the close of the campaign to return to the United States. He was in the battles of the 15th and 16th of July, 1839, and behaved so gallantly that on the morning of the second battle General Albert Sidney Johnston, then secretary of war for Texas, and acting-President Burnett requested his presence at headquarters and tendered him an appointment as junior second-lieutenant in the regular army. He declined, however, and devoted himself to the study of surveying.

He was soon appointed deputy surveyor of public lands and did some work as such in what is now Angelina county. He later did considerable surveying in what is now Nacogdoches, Houston, Anderson, Henderson and Kaufman counties, and during the time participated in several campaigns against hostile Indians, did farm work, made rails and drove oxen.

In the fall of 1844 Reagan became one of the pioneer settlers in the present Kaufman county, having in the meantime been captain of a militia company and served as justice of the peace. He commenced reading law in 1845. In 1847 he was elected to the State Legislature and took an active part in committee work and the proceedings of that body. In 1848 he received a permanent license to practice law. In 1852 he was chosen as judge of the Ninth Judicial District of Texas for six years, but in 1856 he resigned, only to be re-elected for a like term.

In 1857 Judge Reagan was elected to the United States Congress, defeating the Know Nothing or American candidate, the sitting member, by a good majority. He was re-elected in 1859. Before his last election he had taken a firm stand against filibustering and the opening of the African slave trade. Though he was criticised bitterly by politicians and newspapers for his stand on these questions, he took the issue to the people and was re-elected by an overwhelming majority. This brought him into the midst of the fierce controversies of the four years immediately preceding the Civil War of 1861-65.

In 1861 Judge Reagan was chosen a member of what was known as the Secession Convention of Texas and was later elected to the provisional congress of the Confederacy. In March, 1861, he was appointed postmaster-general of the Confederacy by President Davis and served until 1865. In the last months of the Confederacy, President Davis appointed him secretary of the treasury and in interim, at the same time insisting that he continue to perform the duties of postmaster general.

In May, 1865, Reagan was made a prisoner of war along with President Davis and was taken first to Hampton Roads, Virginia, and then to Fort Warren, in Boston Harbor, Mass., where he was held until released by order of President Johnson in October, 1865. While in confinement he wrote to the people of Texas what is known as his "Fort Warren letter." Its object was to advise the

people of Texas that it would be best for them to accept without unreasonable delay the inevitable results of the war so as to avoid military government and the danger of universal negro suffrage.

But upon his return to Texas, Reagan found the people unprepared to accept the principles urged in his letter, and his fidelity to his section was doubted for having written it. Seeing that any effort in that direction was at that time useless, he withdrew to his farm near Palestine, in Anderson county, hired some hands and went to work in the field with them. He later returned to the practice of law and kept up his farming interests and had a lucrative practice until 1874, when he was elected to Congress. He had continued disenfranchised under the reconstruction laws until a short time before his election to Congress. He was elected to the six succeeding Congresses.

In 1887 Judge Reagan was elected to the United States Senate for the term of six years. He was a sincere believer in the views of Thomas Jefferson as to the constitutional powers and rights and duties of the State and Federal governments, respectively. On June 10, 1891, he resigned his seat in the United States Senate to accept the chairmanship of the Railroad Commission of the State, thus relinquishing a position of much greater dignity and emolument for one of less.

Senator Reagan died at Palestine, Texas, on March 6, 1905, and a beautiful statue stands in Reagan Park of that city as a memorial to one of many of that town's distinguished citizens who have passed away.

MONTHLY REPORT OF STATE TREASURER W. GREGORY HATCHER

AUSTIN, Texas, April 18.—The monthly report of State Treasurer W. Gregory Hatcher for the month of March, showing total receipts of \$17,828,444.68; disbursements of \$16,450,972.52; and balance in treasury of \$28,372,570.86. This report gives balances in seven of the more important funds as follows:

General Revenue Fund
Receipts \$7,902,292.68; disbursements \$8,161,610.05; cash balance, \$4,358,454.64, with outstanding warrants estimated at \$1,165,678.40.

Available School Fund
Receipts \$5,036,940.96; disbursements \$4,880,638.63; cash balance \$5,022,168.36; estimated outstanding warrants \$375,177.90.

Permanent School Fund
Receipts \$341,110.31; disbursements \$83,889.62; cash balance \$641,625.67; estimated outstanding warrants, \$182,056.75.

Confederate Pension Fund
Receipts \$805,079.72; disbursements \$566,415.09; cash balance, \$626,467.33; estimated outstanding warrants, \$73,210.83.

State Highway Fund
Receipts \$3,482,950.28; disbursements \$2,364,779.12; cash balance, \$16,468,669.23; estimated outstanding warrants \$467,860.92.

Special Game Fund
Receipts \$14,028.71; disbursements \$28,803.87; cash balance \$440,215.97; estimated outstanding warrants \$16,122.95.

Permanent University Fund
Receipts \$136,006.01; disbursements \$223,679.69; cash balance, \$37,284.08; estimated outstanding warrants \$78.13.

All Other Funds
Receipts \$110,026.01; disbursements \$141,136.44; balance \$783,585.58; outstanding warrants \$160,618.99.

FARM PROSPECTS WEST TEXAS BEST EVER

(From Ft. Worth Star-Telegram)
Farm conditions and prospects in West Texas—the Fort Worth trade territory—were never better.

Reports to the Star-Telegram and Sunday Record from practically every section quote farmers, county farm agents and bankers to the effect that lands are in the best shape in many years for the production of banner crops.

Farm work is further advanced than usual, and subsoil moisture is declared ample in nearly every report. There are small spots where more rain would be welcomed, but most farmers in all this rich area gladly welcomed the sunshine of the past week as promising lands sufficiently dry to finish plowing.

Most of the grain sorghums have been put in the ground. To the south they have come up to good stands and are reported to be growing off nicely. The biggest acreage of feed ever known in Texas is planned this year—necessary because of the large number of milk cows in nearly every county, a number estimated at fully three times the number on farms three years ago.

Small grains—wheat, oats and barley—are occupying about the same acreage as last year and are declared to be in the best condition of growth ever known in this State.

Cotton has been planted in the southern and south central parts of the State and farmers in West Texas are just starting that work with a prospect of a very small increased acreage over last year. More attention has been paid to seed this year with the prospect that grade and staple will be materially improved.

LEGISLATORS TO VISIT LUBBOCK, CANYON AND TEXAS-OKLAHOMA LINE

Members of the legislative committee appointed to visit the Texas Tech at Lubbock, West Texas State Teachers' college at Canyon, and the Texas-Oklahoma boundary, are to meet in Lubbock April 8, according to Wed Reid of Colorado, member of the House appropriations committee.

In addition to checking up on the needs of Tech and the teachers' college, these committees will try to work out some plan of settlement of the Texas-Oklahoma boundary dispute. Recent Federal surveys and judgments place the actual line between the two states over in Oklahoma, giving Texas several thousand acres of land which Oklahoma has heretofore claimed.

The Senate and House committees are as follows:

Finance committee of Senate: Thomas G. Pollard, chairman, Tyler; Pink L. Parrish, vice chairman, Lubbock; W. B. Cousins, Beaumont; Charles S. Gainer, Bryan; Carl C. Hardin, Stephenville; Jno W. Hornsby, Austin; Julian Hyer, Ft. Worth; Eugene Miller, Weatherford; Nat Patton, Crockett; Clint C. Small of Wellington; W. E. Thomason, Nacogdoches; Ed Westbrook, Sherman; A. T. Wirtz, Seguin; Edgar E. Witt, Waco; Joe M. Moore, Greenville.

Appropriations Committee of the House: John F. Wallace, chairman, Teague; Joseph McGill, vice chairman, El Paso; J. L. Thompson, Houston; Ray Holder, Lancaster; Victor B. Gilbert, Cisco; R. M. Hubbard, New Boston; E. T. Murphy, Livingston; W. E. Reid, Colorado; George C. Kemble, Fort Worth; Ernest Cox, of Corsicana; Paul Finn of Sunset; Dewey Young, Wellington; A. H. King, Throckmorton; Polk Hornaday of Harlingen; Harold Kayton, San Antonio.

DRS. COOPER AND MARTIN IN LORRAINE PARTNERSHIP

Dr. T. A. Martin and Dr. J. F. Cooper of Lorraine have formed a partnership and will hereafter practice medicine together with their office at the Martin drug store. Dr. Martin moved to Abilene a few months ago and Dr. Cooper took his place at the Martin drug store, but Dr. Martin has been dissatisfied with his Abilene location and has decided to come back to Lorraine, hence the new partnership.—Lorraine Leader.

NOTICE

To all Parties Concerned: You will take notice, that on and after the first day of May, 1929, all employees of the City of Colorado will be required to secure a requisition from the City Purchasing Agent before making any purchase for the city. This order must be retained by you and attached to the bill rendered the city before the account will be approved and paid.

By order of the City Council of the City of Colorado, Texas.
L. A. COSTIN,
City Secretary.

CHRYSLER MOTORS PRODUCT

Announcing New Features that create even Higher Standards in PLYMOUTH Performance, Comfort & Quality

This is Plymouth's National Display and Demonstration Week

PLYMOUTH now shows the public something new and altogether unconventional in even higher standards of performance, comfort and quality.

The obviously greater quality and value are apparent in every phase of its appearance and behavior—in its greater roominess and comfort—in its greater economy of upkeep—and in its greater stamina and long life.

Equally obvious is the greater safety of Plymouth—made certain by its rugged construction, and its positive full-size Chrysler weatherproof internal-expanding 4-wheel hydraulic brakes.

This is National Display and Demonstration week, to enable the public to examine and drive the improved Plymouth. It will be well worth your time.

PLYMOUTH PRICES—Six body styles ranging from \$655 to \$995. All prices, v. h. factors.

Hyman Happenings

Derrick for the Magnolia well, in the Hayrick Pasture, belonging to Mrs. Harry Hyman, has been completed, and it is understood that drilling will start at a very early date. This location, about three or four miles from the center of the Hyman settlement, is the one on which we build our strongest hopes. It is only 100 feet from the old Deeprock Well, and we all know that would have been a producer if handled differently.

Contracts have been agreed on for the drilling of three new wells on the HS Ranch. One is to be on Beal's creek, near the northeast corner of the ranch, on land belonging to John Scott of Shreveport and Mrs. Annie Rose Scott Heusinger of San Antonio. The second well will be on land belonging to John and Robert Scott, near the Dollar Farm, and the third well will also be on land belonging to John and Robert Scott, near the Hyman store and postoffice. Two

of the wells are to be tests for the gas sand found in the Semms well on the Ellwood Ranch, and the other is for a deeper test. It is understood that the wells are to be drilled by T. Gibson & Johnson, well known and reliable operators.

Messrs. Lannan and Keith, two of the latest additions to the population of Hyman, are starting out at a gait which shows that they are real farmers. These men are from Quitaque, in Briscoe county, one of the best farming sections in West Texas. They have rented about 500 acres of land from Mrs. Harry Hyman, one of them being on the old Stoneham farm, and the other on the Murphy place.

Terracing land and buying milk cows seem to be favorite occupations of Hymanites these days.

Harry Hyman has added a Farmall to his equipment here, and is working about 300 acres of land with it. By running it about 20 hours a day, he is able to plant between 30 and 40 acres of cotton a day.

Mr. and Mrs. Harry Hyman have added about 100 acres of new land

to their farms here this year. The new fields are on the old Gates place, the old Stoneham place, and the S. D. Vowell place. They now have about 3,000 acres in cultivation. T. C. Smith, Mr. Sadler, Mr. Jennings, Mr. Pilkington, and Walter Wilson are also putting in new land, and about 200 acres of new land is being cleared by Mr. Lockhart on his place on Hackberry creek.

The bus carrying the children from the Hyman suburbs to the school now makes about 52 miles a day, transporting about 35 children on its rounds. The size of the Hyman district is such that some of the children live 12 miles from school.

The Hyman school boys journeyed to Westbrook Friday afternoon and played Westbrook High school a baseball game. It was a hard-fought 12-inning contest, finally ending in a tie. Coach Haney, who pitched for Westbrook, held the heavy hitting Hyman lads to only a few scattered hits. Schuyler Vowell, the star Hyman twirler, also held the Westbrook boys to only a few hits. Most of the runs on both sides were scored as a result of loose playing by the fielders. It was a good game.

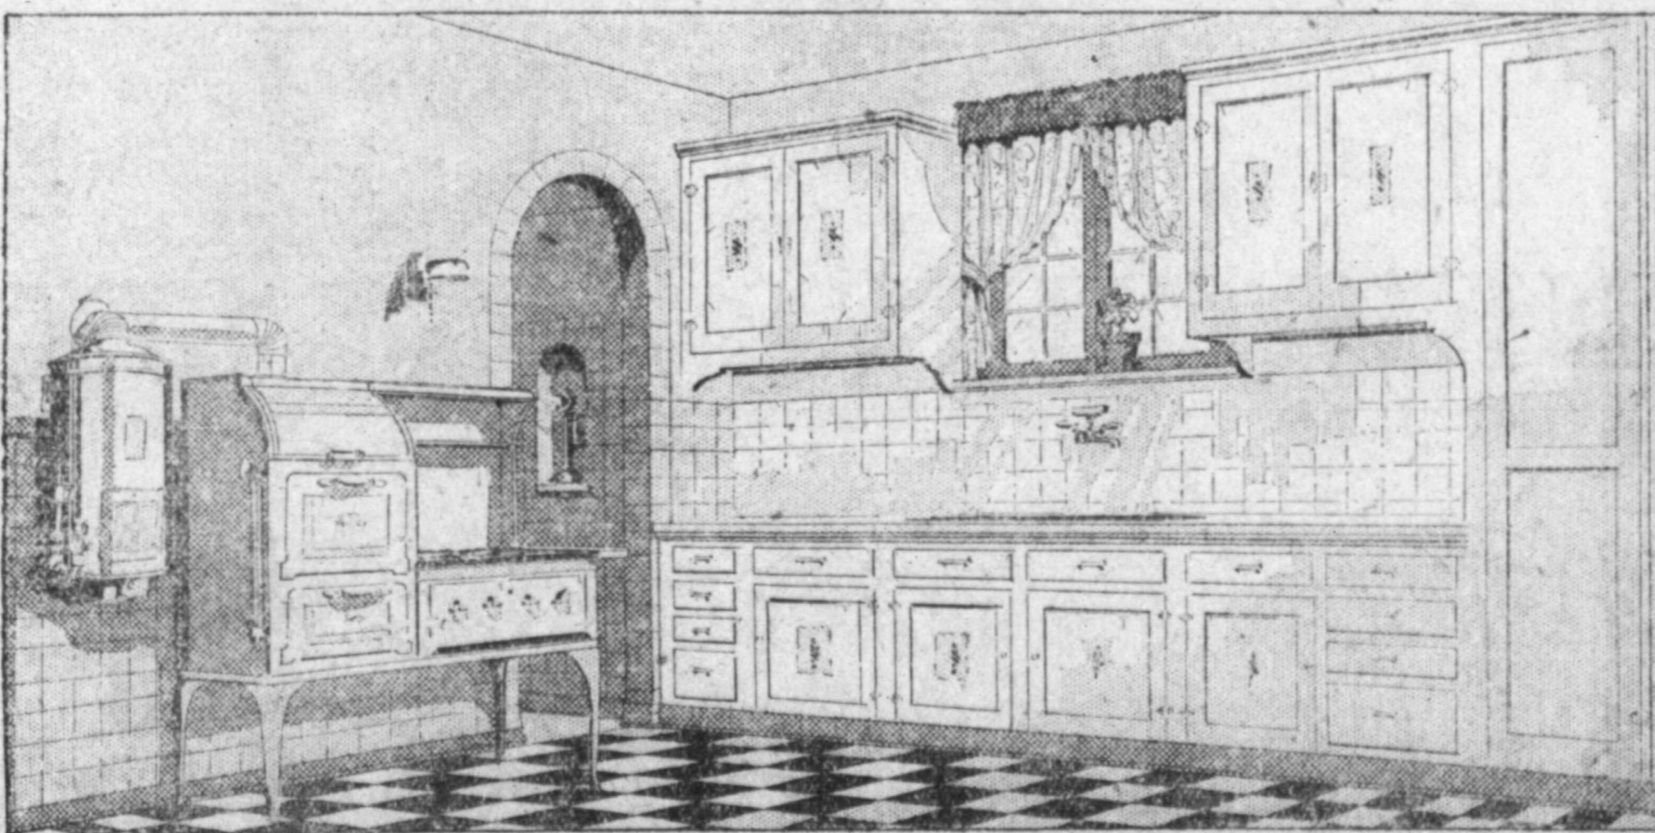

Mr. and Mrs. Marvin Meredith, and Mr. and Mrs. Edgar Andrews made a trip Sunday to Ackerly to visit Mrs. Meredith's sister, returning the same day.

Quite a windstorm visited this community Sunday. It blew off a few roofs, changed the location of the porch of Lee Adkins' house by several hundred yards, and played havoc generally. It tried to blow away the garage at the Hyman place, and but for the fact that the car inside the garage was too heavy to move easily would have done so. Haystacks were all torn to pieces and all had to be repaired. No serious nor lasting damage, however, was done.

Prof. and Mrs. Roy Coles visited Westbrook Sunday. While here they enjoyed listening to an excellent sermon delivered by Rev. H. W. Hanks of Sweetwater, a brother-in-law of Mrs. Coles.

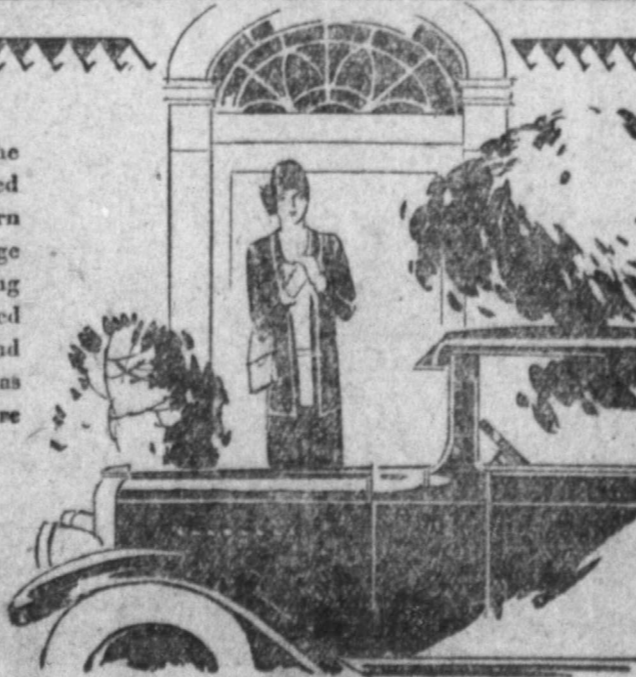

Perhaps the most outstanding affair that has come to the Hyman women, the one thing that has been most eagerly looked for, was the Woman's Club living-room contest, the work of Miss Abbie Sevier, county home demonstration agent. Miss Sevier, with "her big boss," Miss Swift, and the judges of the contest, Mrs. Chas. C. Thompson and Mrs. Bill Broadus of Colorado, reached Hyman Monday afternoon, after having visited Conway, the only other rural community taking part in the contest. There were two from Conway in the contest. The four from Hyman were Mrs. S. D. Allen, Mrs. H. H. VanZandt, Mrs. L. Smallwood, and Mrs. Frank Andrews. We think this contest one of the biggest things the women here have ever had come to them, inasmuch as it has taught them that the most comfortable furnishings can be added to the home, make it inviting and attractive with but small cost. One of the contestants stated that now she had found out how little it cost in money to have a nice living room, she and her family would not be satisfied until they had the entire house fixed up attractively. Miss Sevier, accompanied by Miss Swift and the judges, visited the four contestants and then went to the home of Mrs. Harry Hyman, where many of the representative ladies of the community had gathered. After a pleasant hour spent in conversation, Mrs. Hyman served tea, a two-course luncheon of tea, sandwiches, potato chips, sweet pickles, and mints, followed by ice cream and cake. All Hyman women are interested in this contest, and had this earlier been the judge we would have found it very hard to decide which room to give the prize to. Awarding of the prize is to be decided at a meeting to be held later for that purpose, and it will be some time before it is known who is the winner. The ladies of Hyman feel grateful to Miss Sevier for her untiring efforts to help them, and take this way to let her know their deep appreciation of all she has done for them, hoping she will visit Hyman often.

Kitchen "Styles"
have changed too!

THIS advertisement might easily be "A Story Without Words," as the pictures really tell the story—and what a story! The modern woman simply would not "fit" the old-fashioned kitchen, any more than the old style kitchen with its many IN-conveniences would fit the modern woman! Kitchen styles have indeed changed. And greatest of these changes has been the change to GAS instead of wood and coal—gas for cooking in cool, clean, comfort—gas for heating water automatically for a dozen needs! Other modern utilities and conveniences have helped free the modern woman for an easier, healthier, happier, fuller life—but leave out GAS and woman would still be in the dark ages of kitchen slavery! It is the privilege of Lone Star Gas Company to aid the modern woman by furnishing natural gas—the modern fuel—to more than 200,000 homes in over 200 communities.

SWEETWATER MAN
HURT ON HIGHWAY

O. D. Peden of Sweetwater sustained a fractured right leg and severe gashes on his face and lips about 8 o'clock yesterday evening when his light Ford delivery car crashed into the rear of a westward moving truck loaded with oil field pipe a short distance east of the T. P. underpass on the highway west of Sweetwater.

The reason for the failure of Peden to see the truck ahead of him was not explained. The truck was driven by Pete Wade of Roscoe and was enroute to the Wink oil fields with a load of casing. Wade was not injured and no damage was done to his truck. Peden's delivery car was badly wrecked.

Peden was taken at once to the Sweetwater sanitarium. Both bones

Now is the time
to fix up your
MODEL T FORD

RIGHT now, after winter lay-ups and winter driving the time to go over your Model T and find out just what it needs in the way of replacement parts and adjustments. For a very small cost, you may be able to protect and maintain your investment in the car and get thousands of miles of additional service.

To help you get the fullest use from your car, the Ford Motor Company is still devoting a considerable section of its plants to the manufacture of Model T parts and will continue to do so as long as they are needed by Ford owners.

These parts are quickly available through Ford dealers in every section of the country. Note the low prices in the partial list given below:

Piston and pin	\$1.40
Connecting rod	1.60
Crankshaft	10.00
Cylinder head	6.00
Cylinder	20.00
Time gear	.75
Time gear cover	1.00
Crankcase	12.00
Magneto coil assembly	5.00
Fly wheel	13.00
Transmission gear shaft	1.65
Transmission cover	6.00
Clutch pedal	.65
Steering gear assembly (less wheel and bracket)	2.50
Starter drive	4.25
Generator	12.50
Battery	2.50
Carburetor	3.00
Vaporizer assembly (with fittings)	9.00
Rear axle shaft	1.75
Differential drive gear	3.00
Universal joint assembly	2.50
Drive shaft pinion	1.50
Front axle	9.00
Spindle connecting rod	1.75
Front radius rod	1.00
Rear spring	6.00
Radiator—less shell (1917-23)	13.00
Radiator—less shell (1923-27)	14.00
Hood (1917-1925)	6.50
Hood (1926-27) black	7.00
Gasoline tank	6.00
Front fenders (1917-1925) each	4.00
Front fenders (1926-1927) each	3.00
Rear fenders (1922-1925) each	3.75
Rear fenders (1926-1927) each	4.00
Running board	1.25
Horn (battery type)	1.50
Headlamp assembly (1915-26) pair	5.50
Touring car top (1913-25) complete	27.00
Touring car top (1926-27) complete, includes curtains and curtain rods	35.00

These prices are for parts only, but the charge for labor is equally low. It is billed at a flat rate so you may know in advance what the job will cost.

CHRIST IS THE DOOR—John 10:9, 11, 11—I am the door; by me if any man enter in, he shall be saved, and shall go in and out, and find pleasure.

HE GAINED THE LEGION
It has frequently been stressed that this country did not enter the World War with any expectation of gain, and when hostilities ceased and treaties were being signed, the United States took no new territories, demanded no trade concessions, sought no reparations.

More than ten years after the end of that struggle, however, it might be noted that this country gained one thing—an organization that is of inestimable value. It is the American Legion. And every community where World War Veterans have organized Legion posts has gained thereby.

The service which the Legion has rendered in helping disabled veterans, in securing financial aid for widows and orphans of slain soldiers, in promoting patriotic enterprises, cannot be measured. As a National organization, the Legion has many times over justified its existence, and is continuing to do so.

In community activities Legion posts are no less active, and we are coming to a fuller appreciation of their worth with the passing of time.

The Legion in Texas has striven mightily for community advancement. It did its share, perhaps more than its share, in making several municipal airports possible. It has been responsible, to a greater or lesser degree, for many other forward steps taken.

In speculating on the things that America "got" out of the World War, don't overlook the fact that we at least have the Legion, and that it is an asset not lightly to be passed over.

Congressman Hudspeth of El Paso, in an address to the cowmen, lauded President Coolidge's veto of the McNary-Haugen farm relief bill. Mr. Hudspeth, coming from a ranch district, is safe. Mr. Black of Clarksville some time ago lauded the veto, and the folks retired him from office. It happened that he hailed from a farming district.—Lufkin News.

The cow men are learning that their prosperity to a great extent hinges upon the prosperity of the farmer. They have come to know that if the country as a whole is not prosperous the cattle business will be one of the first to suffer. On the other hand, the farmers are learning that the problems of the cattleman are largely the farmers' problems. The cattle industry and the farming industry walk side by side. What is good for the cattleman is good for the farmer, and in most instances, what is good for the farmer is good for the cattleman. Each of them now agree that proper tariff should be placed on products to insure prosperity of these industries, and there is no occasion for leaders and officials trying to align one against the other.

The editor of the Rotan Advance reports that a citizen of his town has been complaining about a donkey that continually brays in his back yard. Our trouble is that a few people complain about a donkey braying in our front office.—Lynn County News.

We have no reason why a little thing like that should worry the citizens of Rotan or Tahoka. About the first of November last year the bray of a donkey was music to the ears of many Tahokaites and Rotarians. Of course, we admit that in many instances now the Elephant would be more appropriate for a back-yard playmate or for an office ornament, yet, we have not become so foreign to the good old South that we despise the bray of the donkey and we do not care whether the said bray rises forth from the back yard or the front office, it has the same effect in making many others feel that their kind has not yet been destroyed.

Lightning struck a mule and killed him down in Van Zandt county. The lightning was uninjured.—Post (Tex.) Dispatch.

That reminds me of the story of a woman who was stung by a wasp on the back veranda. Also of the Post City man who struck his neighbor near his front entrance. But, Eddie, if the lightning was uninjured in striking one, what would have happened if it had struck a half dozen of the famous army mascots? Tell me that.

Lightning struck a mule and killed him down in Van Zandt county. The lightning was uninjured.—Post (Tex.) Dispatch.

That reminds me of the story of a woman who was stung by a wasp on the back veranda. Also of the Post City man who struck his neighbor near his front entrance. But, Eddie, if the lightning was uninjured in striking one, what would have happened if it had struck a half dozen of the famous army mascots? Tell me that.

WHY'LL SAY, "IT'S ALL A LOT OF BALONEY"

Almost every honest endeavor to induce people to do something for their community is branded by certain types of individuals as hot air, bunk, hokey, and "it's all a lot of baloney." The fellow who starts whispering, "Tie it outside," when thinking residents talk about the value of "boosting" is usually the fellow who goes outside the record regarding the truth when making conversation about himself. Such people are so engrossed in their own littleness that they cannot grasp the bigness of collective thinking.

The greatest service anyone can do for his community is to think about it. Let everyone think a community is good and it will be—not overnight—not in a month—nor perhaps even in a year. But thinking it is good will create and cause ACTION that will gradually and surely make it good. On the other hand, thank your town is no good and it will be just that and nothing different!

Thinking about those things that will improve your community is not a duty—it's business; therefore, it isn't a question of why you should but why shouldn't you be a booster?

A booster is one who supports his town enthusiastically—one who gets behind and pushes vigorously, consistently and persistently. The other fellow gets in front and leans backward, or gets in the road making it tough going for the pushers.

A booster is an optimist and a joy-maker; he is not a cynic nor a crepe-banger.

A booster cheers; he never jeers, sneers, or hisses.

A booster sticks up for his community; he never turns his nose up at it.

A booster gives every fellow a "break"; he never "dishes the dirt."

A booster says, "I'll do it for the good of the community"; not "What do I get out of it?"

A booster admires success; he never infers, "There must be something crooked about it."

A booster says "You bet this is a good town;" he never says, "Oh, yet; it's all right if you like it."

A booster is for anything that is good; a KICKER objects to everything good or bad.

A booster is a positive quantity; a kicker is a negative minus.

A booster pushes and goes ahead; a kicker balks, stands still and never gets anywhere.

A booster, instead of saying, "It's all a lot of baloney," says "There may be something in that," and then thinks about it.

You are the one to decide on which side of the fence you are going to be. Choose the side you think is for your own best interests, and then stand up for what you think.

A NEW TEXAS IN THE MAKING

From the Austin American. There is a new Texas in the making. It is to be a Texas of dairy farms, creameries and condensers of milk products. It is to be a Texas of poultry farms to be followed by the great dividends which fall into the pockets of the people engaged in these wealth-making industries in many of the most flourishing American commonwealths.

Waco won the great Bohlen plant. Now the first Carnation plant goes to Schulenburg, which has been selected as the site of the Carnation Milk Products company of Wisconsin, a \$30,000,000 corporation, as the first of its Texas condensaries, to be built at a cost of \$500,000.

According to the officials of this great Wisconsin corporation the Schulenburg plant will be in operation by July 15. After that date an estimated 150,000 pounds of fresh milk will be handled daily during the first year of operation of the plant, thus affording an outlet of dairy products worth more than a million dollars.

In the Texas of yesterday it was cotton and corn. All this has passed or rather is passing away.

The Texas of today is a Texas of the cow and the sow and the hen and the Texaps of tomorrow will take front rank in the magnitude of the output of the three dividend makers and the wealth that accrues from the success of these industries which have made the farmers of Wisconsin and other Northern States the most prosperous of all the tillers of the soil under American skies.

There is a man in the world who is never turned down; where ever he chances to stray, he gets the glad hand in the populous town, or out where the farmer makes hay; he's greeted with pleasure on deserts of sand, and deep in the aisles of the woods; wherever he goes there's the welcoming hand; he's The Man Who Delivered the Goods.

The failures of life sit around and complain; the gods haven't treated them white; they've lost their umbrellas whenever there's rain and they haven't their lanterns at night, men tired of the failure who fill with their sight the air of their own neighborhood; there's one who's greeted with love-lighted eyes, he's The Man Who Delivered the Goods.

One fellow is lazy and watches the clock, and waits for the whistle to blow; and one has a hammer, with which he will knock; and one tells a story of woe; and one if required to travel a mile will measure the perches; and rods; but one does his stunt with a whistle or smile, he's The Man Who Delivered the Goods.

One man is afraid that he'll labor too hard, the world isn't yearning for such; and one man is always alert, on his guard, lest he put in a minute too much, one has a grouch or a temper that's bad, and one is a creature of mood; so it's hey! for the joyous and rollicking lad, for The Man Who Delivered the Goods.

Here, there, and everywhere Coloradans glimpse this and that about W. S. (Bill) Cooper, who seems peculiarly Colorado's, even if he does sign another town after his name. Today he's at a press meeting, tomorrow at a chamber of commerce gathering somewhere else, and always the goat of somebody's joke—probably because he can take one and look serious about it. And there's no denying that, as Stamford's new chamber of commerce manager, he is putting that town on the map in royal fashion.

Spring is not only in the air, but it seems to permeate the anatomy of most of Colorado's citizens these past few days. A display of fishing tackle in a show window attracts more attention than do the chorus girl pictures on billboards. "Uncle Fred" Whipkey, the big boss of this paper, has already succumbed to the lure of worm and hook and line, leaving for parts unknown, saying he would return with a "mess" of fish.

THE TEXAS WEEKLY INDUSTRIAL REVIEW

Merkel will have four-story hotel erected in near future.

El Paso—\$100,000 plant for the manufacture of neon tube signs will be built here.

Carnation Milk company opening up a plant at Schulenberg for manufacture of milk.

Loekney—Two story hotel erected in this place.

Central Power & Light company will have a modern ice plant operating at Carrizo Springs by June 1.

Yoakum has a new tourist camp.

Plans proposed for establishment of milk pasteurization plant at Quitaque.

El Paso—Stone Motor Company is established in recently completed building.

A JOINT RESOLUTION

proposing an amendment to the Constitution of the State of Texas providing for a Supreme Court of nine members, and for continuous session of that Court.

Section 1. That Sections 2 and 3 of Article 5 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Article 5, Section 2. The Supreme Court shall consist of a Chief Justice and eight Associate Justices, any five of whom shall constitute a quorum, and the concurrence of five shall be necessary to a decision of a case; in other matters, until otherwise provided by Law, the jurisdiction of the Court shall be exercised under such regulations and orders as the Court by a majority vote may prescribe. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be, at the time of his election, a citizen of the United States and of this State and unless he shall have attained the age of thirty years, and shall have been a practicing lawyer or a judge of a court of such lawyer and judge together at least seven years. Said Chief Justice and Associate Justices shall be elected by the qualified voters of the State at a general election, shall hold their offices six years, or until their successors are elected and qualified, and shall receive such compensation as may be provided by law. In case of a vacancy in the office of Chief Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for State officers, and at such general elec-

CHIROPRACTIC

is a modern blessing for nervous sufferers and it rarely fails to give relief after a few adjustments. All nervous disorders are traceable to overpressure upon certain parts of the spinal column, and it is only when these are thrust back into their normal positions that relief is experienced.

election each voter opposing said proposed amendment shall scratch off of the ballot with a pen or pencil the following words printed on said ballot: "For the amendment to the State Constitution providing for a Supreme Court of nine members, and for continuous session of that Court;" and each voter favoring said proposed amendment shall scratch off the ballot in the same manner the following words printed on said ballot: "Amidst the amendment to the State Constitution providing for a Supreme Court of nine members, and for continuous session of that Court." If it appears from the returns of said election that a majority of the votes cast are in

favor of said amendment, the same shall become a part of the State Constitution. Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published and said election held as provided by the Constitution and Laws of this State.

Sec. 4. The sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary is hereby appropriated out of the State Treasury to pay for the expenses of said publication and election. Approved February 19, 1929. (A Correct Copy)

JANE Y. McCALLUM, Secretary of State.

GENERAL MOTORS

SPRING SHOWING

See the NEW CHEVROLET SIX

-a Six in the price range of the four!

You are cordially invited to visit our special display of the new Chevrolet Six—arranged in conjunction with the great nationwide Spring Showing of General Motors cars.

Here, in a price class that has hitherto been occupied exclusively by four-cylinder automobiles, you will see displayed a line of beautiful models that bring you every advantage of six-cylinder performance. Yet, due to its great array of mechanical advancements, the Chevrolet Six delivers better than twenty miles to the gallon of gasoline with extremely low oil consumption.

And this amazing six-cylinder performance is matched in impressiveness by the beautiful new Fisher bodies. Come in any time this week. See for yourself that no other car in the world can give you so much at prices within the reach of all.

All prices, f. o. b. factory, Flint, Michigan. COMPARE the delivered prices with the list prices in considering automobile values. Chevrolet's delivered prices include only reasonable charges for delivery and financing.

You Are Cordially Invited to See Our Special Exhibit of the New Chevrolet Six

PIONEER OF NOLAN COUNTY BAR, DIES

Funeral services for Judge A. B. Yantis, 69, pioneer member of the bar of Nolan county, were held at the First Baptist church at 3 o'clock this afternoon with the Rev. J. T. McKissick, assisted by the Rev. J. R. Henson, officiating. Judge Yantis died early yesterday morning in Wichita Falls.

Judge Yantis had a prominent part in the development of Fisher county and of Sweetwater and Nolan county. He was a native of Kentucky and got his legal education at the University of Missouri.

Judge Yantis came to West Texas and began the practice of law at Roby, Texas, about 1895. Following injuries in a serious railroad accident in 1898 he removed for a time from West Texas and went into partnership with his brother, Judge James E. Yantis of Waco. He returned to West Texas in 1904 and became associated with Judge C. P. Woodruff.

In 1904 Judge Yantis was elected county judge of Nolan county and served out one term. During his long residence in Sweetwater he served at different times as city attorney and mayor of Sweetwater.—Nolan County News.

HER NEURITIS QUICKLY ROUTED BY NEW SARGON

"Sargon is the only medicine that relieved me of neuritis after suffering for six years.

"I would be doing my housework, and all at once pains would start in my left side, and extend up into my shoulders, and many a time I had to go to bed.

"Then, I commenced to suffer with stomach trouble and everything

MRS. GERTRUDE McDONALD

into disagreed with me. I had taken so many medicines without lasting relief, and was so tired, worn and distressed with pain, that I was on the verge of despair. But I will never cease to be thankful for Sargon. If it had done nothing but end my neuritis, that would have been enough, but it helped me in every way, and I am feeling better than in years. I eat and enjoy hearty meals, and nothing disagrees with me. Every ache and pain is gone, my strength and energy have returned, and I feel like a different woman.

"While the Sargon tonic was building back my strength, Sargon Soft Mass Pills cleaned my system of poisons and ended my constipation. I can never say too much in praise of this wonderful new treatment."

The above statement was made recently by Mrs. Gertrude McDonald, highly esteemed resident of 737 Melba Street, Dallas. Sargon may be obtained in Colorado from Colorado Drug Co. in Westbrook from Mrs. Margaret Laster, and in Lorraine from Hutchinson & Hall. Adv.-1

He—Are you fond of moving pictures, Jeanie?
She (hopefully)—Ay, Sandy.
He—Then maybe, lass, ye'll help me get half a dozen down out o' the attic.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Mitchell County—Greeting:

You are hereby commanded, that you summon, by making Publication of this Citation in some newspaper published in the County of Mitchell,

for four consecutive weeks previous to the return day hereof, Vera Williams Wilson, whose residence is unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Mitchell at the Court House thereof, in Colorado, Texas, on the Twentieth Monday after the First Monday in January, A. D., 1929, the same being the 27 day of May, A. D., 1929, then and there to answer a petition filed in said Court, on the 22 day of February, A. D., 1929, in a suit numbered on the Docket of said Court No. 5101, where in A. D. Wilson is plaintiff, and Vera Williams Wilson is defendant.

The nature of the plaintiff's demand being as follows, to-wit: Plaintiff resides in Mitchell county, Texas, and defendant's residence is unknown; that on or about 12 day of May, 1928, the plaintiff was lawfully married to defendant in Mitchell county, Texas; that defendant was then living with one L. K. Hughes; that two days after their said marriage the defendant registered at the hotel with the said Hughes as L. K. Hughes and wife and spent the night with him as such; that defendant did not marry the plaintiff in good faith but as a ruse to get possession of a sum of money in the possession of the plaintiff; plaintiff alleges that defendant's actions and conduct toward him generally are of such a nature as to render their further living together as husband and wife insupportable, the premises considered. Plaintiff prays for citation, for judgment dissolving the bonds of matrimony heretofore existing between the plaintiff and defendant, for costs of suit and for general relief.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Colorado, this 8 day of April, A. D. 1929.

J. LEE JONES, Clerk, District Court, Mitchell Co., Texas. 5-2c

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Mitchell County—Greeting:

You are hereby commanded, that you summon, by making publication of this Citation in some newspaper published in the County of Mitchell, for four consecutive weeks previous to the return day hereof, Milton Sibley, whose residence is unknown, to be and appear before the Honorable District Court, at the next regular term thereof, to be holden in the County of Mitchell, at the Court House thereof, in Colorado, Texas, on the Twentieth Monday after the first Monday in January, A. D., 1929, the same being the 27 day of May, A. D., 1929, then and there to answer a Petition filed in said Court on the 3rd day of November A. D. 1928, in a suit numbered on the Docket of said Court No. 5079, wherein Cora Sibley is plaintiff and Milton Sibley is defendant. The nature of the plaintiff's demand being as follows, to-wit: Plaintiff resides in Mitchell County, Texas, and defendant's residence is unknown; that plaintiff and defendant were lawfully married on or about August 12, 1924, and lived together as husband and wife until on or about February 29, 1925, when by reason of the cruel, harsh and unkind treatment of the defendant toward the plaintiff, she was forced and compelled to abandon him since which time they have not lived together as aforesaid; that defendant abandoned the plaintiff more than three years before the filing of this suit; that said marriage relations still exist; that defendant's actions and conduct toward her generally are of such a nature as to render their further living together as husband and wife insupportable; plaintiff prays for citation for judgment dissolving said marriage relations and for costs of suit and general relief.

Herein fail not, and have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Colorado, this 8 day of April, A. D. 1929.

J. LEE JONES, Clerk, District Court, Mitchell Co., Texas. 5-2c

TOWNS SEEK BROADWAY OF AMERICA DESIGNATION

EL PASO, April 17.—H. L. Birney, president of the Broadway of America Highway association, announced here today that definite steps were being taken by towns along U. S. 8 east of Dallas to Vicksburg, Mississippi, to secure the designation of the Broadway of America, via Vicksburg, Mississippi, and Chattanooga, Tenn.

The cities and chambers of commerce entering this request state that U. S. 80 by way of Vicksburg is but a little longer than the present route which uses U. S. 67 from Dallas to Hot Springs, Arkansas, and U. S. 70 from Hot Springs to Memphis.

Portions of U. S. 70 have been under water for several weeks at a time during the past year which has necessitated the use of U. S. 80 as a detour.

President Birney stated that the requests now on file would be brought before the convention of the Association in Hot Springs, Arkansas, in September, 1929.

CITY OF AMARILLO HAS A GOOD CASH BALANCE

AMARILLO, April 17.—When the new city administration took office here yesterday, April 16, with Col. Ernest Thompson, builder and world war veteran as mayor, it found bank credits for the city amounting to approximately \$676,000, the city manager announced.

The old commission wound up its administration with all the extraordinary expenditures caused by the boom period of 1926-27 refunded and refinanced into bonds, so that the budget of the fiscal year of 1928, ending April 15, 1929, is balanced and shows a cash balance of approximately \$60,000.

New paving, installation of traffic signal systems, park improvements, municipal airport, construction of a \$25,000 addition to the city hall and the erection of the city isolated hospital.

FISHERMEN CATCH FIVE-FOOT RATTLESNAKE

Messrs. Carlos Smith, Jack Coffee, Clarence Walker, Jessie Davis and Everett Jones spent Monday on the Colorado river on a fishing trip.

They reported poor luck fishing, but killed a five-foot rattlesnake while there. The snake was of the diamond back variety and had sixteen rattles. This is one of the largest rattlesnakes that has been killed in this section in some time.

Messrs. Carlos Smith, Jack Coffee, Clarence Walker, Jessie Davis and Everett Jones spent Monday on the Colorado river on a fishing trip.

An Oklahoma Mother Says:

"BLACK-DRAUGHT is a fine medicine to give to children. I use it for mine whenever I need to give them of laxative. They don't mind taking it when I make it into a tea, and it quickly relieves constipation and the bad symptoms which come from it. I can recommend it to other mothers, for I have found it useful in my home.

"When I was a child my mother gave it to me whenever I complained of not feeling well. I have always taken it for upset stomach and constipation. It is about the only medicine I have to take. A few doses of Black-Draught, now and then, keep my system in order. My husband takes it, too. I hardly see how I could keep house without Black-Draught. It has become a standby with us, in keeping the children and ourselves well."—Mrs. Luther Brassfield, Claremore, Okla.

DICK HICKMAN \$100 FOR LOST CAR

The owner of a Buick automobile at Abilene is happy over the recovery of his car, which was stolen one night last week, and Chief of Police Dick Hickman of Colorado is trying to devise ways and means of spending the \$100.00 reward he received for recovering the car.

The driver of this stolen car was not acquainted with the detour going west out of Colorado. He took the south detour, but instead of making a right-hand turn at a filling station a short distance south of town, he continued straight ahead and went down into the Colorado river ford. The car stuck in the soft sand and gravel and it was abandoned. The driver escaped.

FORMER HOUSTON MAYOR ANNOUNCES FOR GOVERNOR

HOUSTON, April 16.—Following the completion of his fourth term as Mayor of Houston, Oscar F. Holcomb today announced his candidacy for the Democratic nomination for Governor of Texas. The announcement came just after Mayor Holcomb had finished administering the oath of office to his successor, Judge Walter Monteith.

He announced he would conduct an intensive campaign, starting at a later date, and lasting until the primaries in July, 1929. His campaign will carry him into every county in the State, he said.

EGGS Your money back if used as directed, fails to free fowls of destructive insects and improve their appetite, health and egg production.

COLORADO DRUG CO.

Payne Notes

Everyone is getting ready for planting, as it is about time to go to work.

Rev. Parks, the Baptist pastor, filled his regular appointment here Saturday night and Sunday. A large crowd attended, but we expect to see a larger crowd next church service, which will be two weeks from last Sunday.

Mr. and Mrs. Lester C. Burk and daughter spent Sunday with Ed Roach and family of Seven Wells community.

Mr. and Mrs. S. O. Wulfjen and son visited in Sweetwater Sunday night.

C. C. Hubbard visited in Lamesa last Thursday.

Nelson Barnhart attended a picnic Friday afternoon given by the Sunday evening class of the Church of Christ. Everyone had a nice time.

Mr. and Mrs. Ernest Sorrells of Colorado visited in the home of W. M. Copeland Sunday.

Douglas Buckalew of Lubbock is visiting home folks here.

Several men of our community were seized with an acute case of "fishing fever" Friday. They came back Saturday with lots of fish.

F. M. Saling and family spent Sunday with Mr. and Mrs. John Tiller and family of Rogers community.

V. H. Cooper is visiting in Windom this week end.

Miss Mildred Cooper spent the week-end with her grandmother, Mrs. A. A. Andrews of Seven Wells community.

E. H. Smith and family spent Saturday in Lorraine.

Mrs. Cambron and Mrs. Warren Williams were delegates to the district convention of Congress of Mothers and P. T. A. which met in Sweetwater April 8-9-10. They enjoyed the convention and the report of our local P. T. A. was read and approved. Mrs. S. O. Wulfjen, Mrs. D. D. Hays, and Mrs. W. P. Bassham were also visitors at the convention.

Mrs. J. R. Henderson entertained the Parent-Teachers' Association with a social Wednesday night, April 10. A large crowd attended. Refreshments were served.

Some of our ladies went shopping in Sweetwater Saturday.

Mrs. M. M. Miles spent the week-end at Abilene visiting friends.

THREE FREAKISH EGGS NOW DISPLAYED AT THE RECORD

Three "freakish" eggs now are exhibited in the window of The Record office. The first of these was brought in just after Easter, and one has been brought in each week since. The last one brought in was from the White Leghorn flock of L. O. Record called this imprint a "rising ridge" last week, but this week it looks point at one end.

Car Certifications

The Literary society had a very pleasant and instructive meeting last Friday night.

Our boys are improving rapidly in baseball, and we are hoping they will win a number of games this season.

Miss Nellie Jackson visited Mrs. R. R. Burrows of Colorado Saturday night and Sunday.

Misses Mary and Mattie Franklin entertained the girls with a slumber party Friday night, which was greatly enjoyed by all present.

Misses Lula and Reba Franklin of Colorado spent the week-end with their sisters, Misses Mary and Mattie Franklin.

Miss Marie Ellette of Colorado spent the week-end with home folks.

T. G. Sweatt of Conway visited W. G. Sweatt Sunday.

Mr. and Mrs. W. G. Sweatt, Mr. and Mrs. J. H. Burrow, who visited in Brownwood last week, returned home Sunday.

F. M. Sweatt and family visited in the J. F. Fields home Saturday night.

The farmers are very busy this week, planting crops. We wish them a very bountiful reaping this fall.

Mr. and Mrs. P. H. Rallsbach visited in the G. W. Sweatt home Sunday.

Mr. and Mrs. Homer Gregory and daughter visited in the Murph Byrd home Sunday.

Mrs. Tom Ellette visited the school last Wednesday evening.

Diamond Wagner, who has been sick for some time, is reported improving rapidly.

W. H. Gregory motored to Big Spring Saturday, on business.

Mrs. Hollie Jackson visited relatives in Colorado Friday.

Miss Erlene Murphy spent Friday night with Miss Roselle May.

Raymond Fields of Crosscut, Texas, visited his brother, J. F. Fields, Sunday.

Miss Maxine Sweatt spent the day Sunday with Miss Ellie Sweatt.

Mrs. F. M. Sweatt received the news Friday of the death of her sister-in-law, Mrs. Steve Boyce, of McLean, Texas.

Mr. and Mrs. Jim Jackson visited in the home of Aubrey Reece.

GAS FORCES WOMAN TO SLEEP IN CHAIR

"Nights I sat up in a chair, I had stomach gas so bad. I took Adlerika and nothing I eat hurts me now. I sleep fine."—Mrs. Glenn Butler.

Even the FIRST spoonful of Adlerika relieves gas on the stomach and removes astonishing amounts of old waste matter from the system. Makes you enjoy your meals and sleep better. No matter what you have tried for your stomach, and bowels, Adlerika will surprise you.

W. L. Doss, Druggist.

WITH OUR SUBSCRIBERS

Mr. and Mrs. R. A. Martin of Lampasas are new subscribers this week. We are glad to send them this paper and hope they will like it and come to Mitchell county.

L. A. Spoons of the Jones, Russell & Co. is a new one. He wants to keep up with the news and gets the right paper to do it. He works for a good company and reads a good paper and therefore ought to be a good citizen. If he ain't, it ain't our fault. Excuse the language, but we means to be regular.

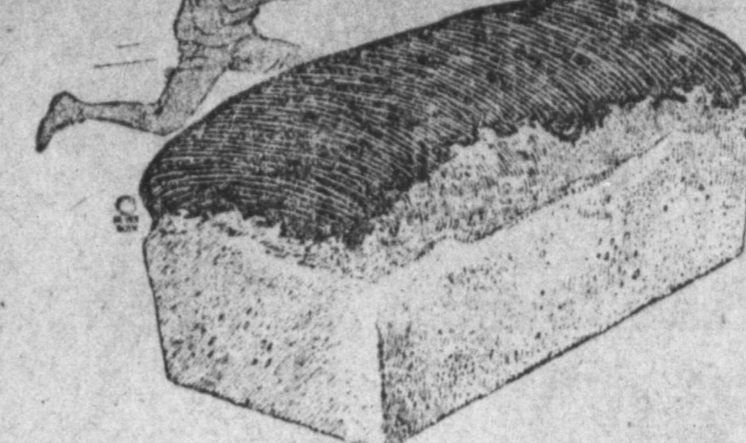

J. D. Wilkes of Route 3 is another good farmer who has got the right idea. He comes in and subscribes for a good paper and we are happy. When we spread the good news we feel better, and when we see such good citizens coming in and paying real money for this paper, we feel grateful.

C. B. Canter of Colorado is another new one. He is a wise man, evidenced by the subscription.

A. L. Webb, the Watkins man, pays up for his paper and makes us happy. A. L. is a good man and sells a good medicine as well as good flavoring extracts. We haven't tried his flavoring in anything but cakes and ice cream, but it is fine for that and we don't hesitate to recommend it. A. L. Webb is a good citizen and a good man and we sure like to have him drop in occasionally.

J. S. Barnes of Westbrook credits up his paper with the payment of the "ent hair" and we get optimistic. With the present crop prospects we feel like shouting and with the coin coming in we almost do shout.

BREAD does it!

A Slice of Good Health

Bread is the best source of strength and energy and Whitaker's Bread is the best bread! What wonderful creamy goodness, covered with a golden brown crust of tempting appearance.

The New Senior Six

Larger, Roomier and Faster With Distinguish Quality, Through and Through

Examine the outward beauty of Dodge Brothers new Senior, or investigate its structural goodness—the conclusion is inevitable—a car of distinguished quality, through and through!

Every part reveals traditional Dodge quality—the foundation of dependability and long life. Every line, sweep and curve reflects the genius of motordom's style creators, guided by Walter P. Chrysler.

The new Senior is larger and more roomy than its splendid predecessor—and Senior performance today is still more impressive.

The new Senior line of eight beautiful body styles presents an unusual opportunity for the exercise of personal tastes. Satin-finish hardware, specially designed for this great Six, is but one important item of the Senior's complete appointments.
