COMMENCEMENT MARKED PASSING OF ANOTHER SENIOR CLASS

Forty-One Graduates Receive Diplomas; Geo. Mahon Gave Address

Another Senior class of Colorado High School, the Class of '29, passed into history when the commencement program of the school was given on Tuesday evening in the auditorium before a large crowd.

The class, in gray caps and gowns, were seated upon the stage, together with the gentlemen who had parts in the program, as the curtain went up, and made a very attractive picture.

The invocation was very earnestly spoken by Rev. A. E. Ewell, pastor of the First Christian church. A very beautiful chorus, “Neapolitan Nights,” was given by Misses Bohannon, Bynum, Chesney, Cooper, Dorn, Gage, Reese, Sailors, Smith, Webb, Rose, Hutchinson and Lupton.

John Shurtleff, honor-pupil, gave in a splendid way, “Colorado, Yesterday and Today.” In a few minutes he vividly sketched the founding, growth and development of his home city, told of its resources and what his citizenship meant.

Miss Beola Kirby talked on “A Man With a Purpose.” She briefly outlined the history of several great men, showing that having a purpose and refusing to be turned from it made them what they were.

Lawrence Snively gave a beautiful cornet solo, “Gloriana,” with Miss Hightower at the piano.

Lenora Cook's address was, “What Makes People Great.” She outlined five basic elements necessary to greatness—loyalty to a task; vision of the task and its importance; faith in one's fellowman; physical and mental alertness and generosity of spirit.

Supt. Ben S. Peek introduced the speaker of the hour, Hon. Geo. H. Mahon, as a product of Mitchell county's schools, one who had wonderfully represented his county in Senates and later in State University, and had been honored and given a position of trust by his fellow citizens.

Mr. Mahon was at his very best and made a most inspiring address in an original and forceful way on “Education.” He told the class frankly that not all would succeed, but no one could keep them from success if they desired it above everything else and sacrificed to obtain it.

He said, “If you want to go to college, go; if you don't want to go, don't go; but where there is a will there is always a way. Friends will arise and ways open in the most unexpected ways.”

PROPHECY AND WILL HEARD BY SENIORS AT CLASS DAY PROGRAM

Half Serious And Half Humorous Papers Read

Blasting Begins On Scout Dam At Seven Wells Sits

Blasting was begun Tuesday for the dam which is to be thrown across Champion Creek at Seven Wells by Colorado Boy Scouts on the plot of land donated to their use for five years by U. D. Wulfjen.

The Scouts are to maintain a swimming pool at this place, and it is estimated that this will be ready in two weeks. Already over \$300 worth of season tickets for families of Colorado and Mitchell county have been purchased. The tickets are \$5 each for the season, and are on sale at all drug stores.

Funds raised from the swimming pool will be used by the Scouts to meet their club house.

ELLIOTT TO PREACH SPECIAL SERMON FOR ODDFELLOWS SUNDAY

SPECIAL MUSIC BY PROFESSOR THOMAS DAWES; PUBLIC IS INVITED

Rev. W. M. Elliott, pastor of First Presbyterian church, will deliver a special sermon on the subject of “Oddfellowship” at the church Sunday evening at 8 o'clock.

The pastor, who is a leading member of the Odd Fellow lodge, will give some very interesting facts relative to this splendid order and that of the Rebekahs, companion order of the Odd Fellows.

Prominent Odd Fellows from the local lodge and neighboring lodges will attend and every member of the Odd Fellows and the Rebekahs is urged to hear this sermon by a learned divine who is fortified with first-hand information on his subject.

The general public is also invited to attend and it is expected the church will be filled to capacity.

Prof. Thomas Dawes, director of the Choral Club, and leading musician of this section, will furnish special music for the occasion. This feature of the Sunday evening service will be a read drawing card.

Father of Bert Frazier Died At Rule Saturday

Tom Frazier, father of Bert Frazier of Colorado, died suddenly at his home at Rule, Haskell county, last Saturday morning and was buried at the Pinkerton cemetery near Rule, Monday morning.

Deceased was 78 years of age and was a pioneer of West Texas, coming to this State from Missouri about 50 years ago and settling in Comanche county. About 16 years ago he moved to Rule and had made his home there since that date. He was considered one of Haskell county's most prominent citizens. He had been in failing health for two years, but was active and able to get about until the time of his death.

He was a good man, a life-long member of the Church of Christ and a citizen whom all of his neighbors loved and respected. He is survived by his wife and six sons, Willie and Henry Frazier of Comanche; Quillie Frazier of Oklahoma; Bert Frazier of Colorado; Mart of Fort Worth, and Ben Frazier of Rule.

Other friends of Bert Frazier here join the Record in extending sympathy. Mr. Frazier is connected with the Boyd Dozier barber shop and has made many friends since he came here more than a year ago.

C. H. S. Seeking More Units Of Affiliation

Three units, which, if secured, will raise Colorado High School's total number of affiliated units to 27 1/2, are being sought this year.

200 MEN AT WORK ON ERECTION OF MAMMOTH ADDITION TO REFINERY

New Power Plant, Cracking Plant And Other Improvements

With 200 men employed for the past two months and work progressing rapidly, the mammoth addition to the Col-Tex Refinery plant in West Colorado will be completed within sixty days, according to Geo. H. Burruss, superintendent.

A new cracking plant of the very latest type of construction and built from the finest materials obtainable, is being installed on the south side of the Texas & Pacific railway between the refinery and the Colorado river.

The addition when completed, will be one of the finest plants of the kind in Texas. It will handle residue from the refining plant, taking the crude through a process of cracking that will result in additional production of a fine grade of gasoline.

A new power plant, consisting of new boilers with 750 horsepower is being erected on the north side of the railroad tracks, adjoining the refinery plant.

In addition to these plants, improvements of various kinds are being made about the plant. A new water cooling tower 200 feet long with a large concrete surface fresh water tank is being erected on the hill south of the refinery. In addition to this about six acres of land is being made into waste water storage tanks on the hill. Waste water from the refinery that could not be turned into the river on account of sulphur and oil content, will be stored in these reservoirs and evaporated.

Several new gasoline storage tanks have been built on land between the river and the refinery plant, and four steel storage tanks are to be erected on the hill and six on the south side of the rail tracks. These will have a capacity of from 5,000 to 55,000 barrels of oil. The company already has a large number of the 55s on the hill south of the refinery.

A new continuous gas treating plant is being installed also. This plant is the most modern known to the industry. The gas treating plant in use now is a batch treating plant, but the new plant will handle a continuous flow of gasoline and will be able to handle any amount of gasoline produced by the plant.

At present the capacity of the (Continued on page 3)

HONOR STUDENTS OF SENIOR CLASS LEADERS IN SCHOOL ACTIVITIES

John Shurtleff, Beola Kirby, And Lenora Cook Among Leaders In Debate

That studies and school activities can be mixed with success is proven, according to members of Colorado High School faculty, in the case of several of the honor students in the Senior class this year.

John Shurtleff, son of Mr. and Mrs. O. O. Shurtleff, who won highest honors in the class, was one of the outstanding debaters in the high school during the past year, being a charter member of the National Forensic League chapter here. He has a great number of points to his credit in this national organization. Besides his debating, Shurtleff has worked on the senior staff for The Howl, and done other work outside his studies.

Beola Kirby, who won second honors among the girls in the class, has also been outstanding in debate and other school activities, including girls' athletics, being a member of the basketball team. She ranks high in the National Forensic League.

Lenora Cook, who was hindered from the honor roll on the score of her typewriting only, having excellent grades in all other subjects, ranks second or third in the entire nation in number of points for victorious debates in the National Forensic League.

Watson Named President Of School Board

J. W. Watson was named president of the board of trustees of the Colorado Independent School District at a recent meeting. He succeeds E. H. Winn, who asked to be relieved as head of the board. W. R. Morgan was re-elected secretary of the board.

Mr. Watson has been a member of the school board for a number of years and has taken active interest in the schools. His past work in behalf of the schools, assures success for them during his administration as head of the board.

COL-TEX REFINERY RAISES MITCHELL CO. CRUDE TO 90 CENTS

Flat Rate Regardless Of Gravity Brings Price To Winkler Level

Price of Mitchell county crude oil was equalized with that of Winkler and Pecos counties and raised to a flat rate of 90c per barrel in a posting announced last Friday by the Col-Tex Refinery of Colorado, and made public by George Burruss, manager.

The Col-Tex posting carries a flat price of 90c per barrel for Mitchell county crude regardless of gravity. The company has been paying an average of about 80c per barrel. Under the gravity schedule of the major purchasers the average crude in the county takes a price of about 75c per barrel, while the average of the Winkler and Pecos crude commands about 90c under gravity schedule.

While Mitchell county production is chiefly owned by the California Company and the Magnolia Petroleum Co., both partially owned by the Standard, which also controls the Col-Tex Refinery through subsidiaries, the price raise is expected to stimulate interest in local oil development and will benefit land owners through royalty payments.

The Colorado refinery also posted a price for Howard-Glasscock crude that conforms to the major crude oil purchasers of those areas. All the changes were made retroactive to the time of the initial posting of the new West Texas Permian Basin prices by Humble several days ago.

The Col-Tex refinery owns pipelines to the Westbrook, Iatan, Chait, and Glasscock county fields and is taking oil from all these points at present, we are told.

This refinery, which is owned jointly by Anderson-Pritchard Corporation of Tulsa and the California Company, a subsidiary of the Standard of California, now has a big expansion program on which will call for the expenditure of more than \$2,000,000 and the doubling of the capacity of the plant, according to information secured by the Record.

About 200 men have been at work on the extension to the plant being erected south of the T. & P. tracks between the present plant and the Colorado river. Much work is going on there and it is said that the equipment being installed is the latest thing in new refinery equipment and when completed the plant will be able to handle about 20,000 barrels of crude per day. The enormous foundations being laid for the large stills and other machinery indicate that the plant will be a monster one when completed.

Bro. J. D. Harvey To Begin Revival At Odessa On Sunday

Bro. J. D. Harvey, pastor of the Church of Christ, leaves Sunday to begin a revival at Odessa. The revival will extend over two weeks.

During Pastor Harvey's absence, Don Morris, head of the public speaking department at A. C. C., will fill Bro. Harvey's pulpit.

ERECTION OF BAND SHELL SUBJECT OF LUNCHEON MEETING

Organization Endorses Plan To Erect Stand For Concerts

COUNCIL WILL ASSIST Suitable Site Being Sought By Band Commission And Others

Erection of a band shell for free open-air concerts by the Colorado Municipal band was the theme for discussion at the meeting of the Chamber of Commerce Luncheon club Tuesday noon, and the organization went on record as approving the plan to build a band shell somewhere in the city if a suitable site could be secured, and memorialized the city council to assist in the erection of the same. The motion was made by Col. C. M. Adams, seconded by Milburn Doss, and adopted without a dissenting vote.

The luncheon was presided over by Boyd Dozier, drummer for the band, who called upon members of the Band Commission for reports on the band and the activities of the body. J. Lee Jones, chairman of the commission, reported the activities to date and highly praised LeRoy Hester, the new band director. J. Ralph Lee and Ford Morris, other members of the commission also spoke, each of whom praised the band director, but gave the credit for having secured him to Lee Jones, who has done most of the work of the commission to date, according to Lee.

Every individual present seemed to realize the importance of maintaining a good band and the necessity of arranging a proper place for open-air concerts. Director Hester spoke briefly and explained that the band was anxious to give the people their money's worth in band music and would be very glad to give concerts if a proper place could be provided.

G. B. Slaton, member of the city council and mayor pro tem, spoke unofficially, but stated he thought the city council would do everything possible to help in erection of a band shell. The club was quick to adopt a resolution accepting this proffered aid, although it was unofficial.

The meeting of the Luncheon club was held in the basement of the First Baptist church, and Mrs. Clyde Hines' class served the wonderful luncheon. Boyd Dozier voiced the sentiment of the individual members when he complimented the class members for the very fine luncheon and thanked them for having served the club luncheon. The menu consisted of fruit cocktail en grapefruit cases, combination salad, chicken and dressing, jelly, fresh green English peas and potatoes, cream gravy, tea, coffee, apple pie a la mode.

Edwin Chase, Mr. and Mrs. C. A. Wilkins, Miss Beulah Melton, Rev. Alex Hanson, G. B. Slaton, and Harry Harry were guests.

Next meeting of the club will be held at the usual place, at Colorado Hotel, and at the usual hour, Tuesday noon. J. H. Greene announced that the next meeting would be a “Mystery Meeting.” Subject for discussion will not be known until the club assembles next Tuesday, it was said. Greene indicated that several subjects might be discussed.

Eighteen High School Students On Honor Roll

Eighteen students in Colorado High School were on the honor roll for the past year, according to yearling averages worked out last week. These were:

Senior—Louise Gunn, Beola Kirby, Barton Church, J. C. Robinson, and John Shurtleff.

Junior—Warren Costin, Iris Tunnell, Mabel Whitaker.

Sophomore—Mary Cook, T. J. Goas, Geneva Melton, Elmer Norris.

2 More Employed For Colorado High School's Faculty

Doyle Williams, of Grandbury, Texas, has been employed by the Colorado School board to teach vocational agriculture in the school next year, and Miss Velma Barrett of Houston, formerly a teacher in the Roscoe public schools, has been secured to teach English in Miss Irene Henderson's place next year, according to Supt. Ben S. Peek.

The employment of these two practically completes the faculty of Colorado schools for next year. Miss Janice Wilkes did not accept her reelection here because of a position offered her in Midland schools.

Special Feature Attraction To Be At Palace June 3

The Paramount part talking picture, “The Shop Worn Angel,” special feature attraction, will be at the Palace Theatre for three days, beginning June 3, according to the management.

This big production features Nancy Carral and Gary Cooper and other star players. Mrs. Ross Dixon says the play is one of the best and that the picture is one of the really big pictures on the circuit today. It will be worth the time and money to see, and those who expect to see it should remember the date. It will be at the Palace Theatre next Monday, Tuesday and Wednesday.

Advanced Pupils Of Mrs. Guitart In Recital Tuesday

Advanced pupils of Mrs. J. H. Guitart were presented last Tuesday evening at the high school auditorium in a recital. Violin, piano, and clarinet numbers were given, with costume numbers interspersed.

One of the most attractive of the last named numbers was a costumed song of Japanese music, augmented by L. J. Burdine's cymbal and drum. Another pretty number was the Lily Maids of Astolat, taken from Tennyson, and pantomimed by five girls.

An appreciative audience composed of music lovers, parents and friends of the pupils presented in the recital was present for the program.

Ensemble Recital Friday Afternoon By Guitar Pupils

As the climax of the year's work, an ensemble recital was given by Mrs. J. H. Guitart's pupils in violin, piano, and clarinet at her studio last Friday afternoon. Mothers and interested friends were guests.

Mrs. Guitart has had a successful year's work, and feels very much encouraged over its results, the pupils having all made marked progress.

MR. AND MRS. SAM SMITH RETURN FROM SAN FRANCISCO VISIT

Mr. and Mrs. Sam Smith returned Monday from a month's visit with their daughter and son-in-law, Dr. and Mrs. Blakemore, of San Francisco, California.

They visited every point of interest in California and had a very wonderful trip, Mr. Smith reports. Mr. Smith said he had a wonderful time shooting golf on the wonderful Harding golf course at San Francisco, and even though he is counted an expert here, he improved his game while on that fine California course. He and George Mahon are contesting honors at the Colorado course, and Mr. Smith returns home with a challenge to Mahon to beat a 36 on the local course.

Mr. Smith reports roads in Texas west of here good, but says the roads in New Mexico and Arizona are rough.

DIPLOMAS AWARDED 44 GRAMMAR SCHOOL PUPILS LAST MONDAY

J. D. Harvey Delivers Main Address; Prizes Given By Clubs

Forty-four pupils graduating from the grammar school this year received diplomas at the Grammar School graduation exercises held at the high school auditorium Monday evening at 8 o'clock.

The class, one of the largest graduating from the grammar school here, made an imposing procession as the boys marched down one aisle, led by Supt. Ben S. Peek, while the girls marched down the other aisle, led by Mrs. C. R. Earnest. They were even more attractive when on the stage.

The boys wore gladia buttons, and the girls wore gay-colored frocks with corsages of the same flower.

After a song, the welcome address was given by Charles Levinson, who had made the second highest grade in the class.

Gladys Louise Jones played a beautiful piano solo.

Lillian Bean presented a check for a mimeograph to a representative of next year's seventh grade.

The girls of the class sang “Springtime.”

J. D. Harvey, minister of Church of Christ, the speaker of the evening, was introduced by Supt. Peek. He talked on “Education,” using as his text, “Be not conformed to this world, but be ye transformed by the renewing of your mind.” He gave several definitions of education, closing with this, “Education is Life.” He showed how Lincoln's life was transformed by study, effort, and thought, and urged that education be for the mind, the body, and the spirit, growing from achievement into final perfection in the world to come.

Princess Martin gave in a very splendid way her original essay on the “Life of Robert E. Lee,” and was presented by Mrs. Robert Terrell with the U. D. C. medal for this. Mrs. Terrell also presented the beautiful D. A. R. medal which Princess Martin also won for making the best grade in U. S. history.

Mrs. Thomas R. Smith presented a five dollar gold piece to Mabel Majors for the best grade in Texas history. This was given by the Shakespear club. As Mrs. Smith briefly outlined the glorious deeds of Texas' heroes it seemed that every pupil should be inspired to its study.

The five dollar gold piece given each year by the 1921 Club to the pupil in the fifth grade writing the best paper on an assigned subject, went this year to the daughter of the first president, Mabel Earnest Cooper, and was presented by Mrs. Sam Majors.

A second and third prize for these essays had been offered by Miss Crosthwaite and went to Maxine Dorn and George Kiker.

Miss Crosthwaite also gave a prize for the highest averages in art. These went to Armenta Foster and Tom Cecil.

DIST. COURT RETURNS FOUR VERDICTS ON MONDAY AND TUESDAY

Four verdicts were rendered and four divorce suits granted in the May term of District Court, which began Monday, May 27. The criminal docket was postponed until the October term of district court.

J. W. Whitten was given a five-year suspended sentence on a charge of forgery, to which he plead guilty. Ernest Williams, negro, was given two years imprisonment on a similar charge, to which he also plead guilty. Lonnie Johnson, negro, drew a five-year suspended sentence on a charge of automobile theft, and Vernon Poe was given two years imprisonment on a charge of burglary. Both plead guilty.

Society and Clubs

MRS. J. G. MERRITT, EDITOR PHONE 144

Presbyterian Bible Study

The Presbyterian women met Monday in their Bible study at the church. Mrs. Elliott conducted the lesson, using the fifteenth chapter of Luke. There were eight present. The meeting Monday is the inspirational one and each member is expected.

Harmony Club

The Harmony Club met Tuesday with Mrs. C. E. Way. She had four tables of players, her guests being Mrs. Smoot, Mrs. Elliott, Mrs. Hughes, Mrs. Henry Doss, and Mrs. Sandusky. At the refreshment hour she served sweet breads and mushrooms in patty cases, with finger sandwiches, dumbbells, potato chips and ice tea, followed by an ice course. The next meeting is with Mrs. W. L. Doss.

Reception for Mrs. Adair

Wednesday afternoon from 3 until 6 Mrs. C. P. Gary very delightfully entertained in honor of Mr. Gary's daughter, Mrs. Lewis Adair of Dallas, who is visiting the Gary family. The door was opened by Mrs. Raymond Gary, and the guests presented to the hostess, Mrs. Adair, Mrs. Thompson, and Mrs. R. N. Gary. The house was prettily decorated with cape jessamine and bowls of roses. During the afternoon Mrs. O. B. Price, Mary Frances Dupree and the daughter of the house, Lois Eloise Burdine favored with delightful musical numbers. Much enjoyed readings were given by Miss Lola Hurl Johnson and Miss Mary Broadbent. Misses Gertrude Sailors and Katherine Gage invited the guests into the dining room, where from a lace-covered table Misses Mary Frances Majors, Winnie Powell, Mary Frances Dupree and Lois Eloise Burdine served punch and cookies. On each plate was a rose and fern favor. About one hundred guests called

during the evening to renew friendships of other days with Mrs. Adair, who will spend several weeks here.

Primary Department Meeting

The Methodist primary department of the Missionary Society met Friday with Mrs. Garrett, with Mrs. Connell as leader. After a circle of prayer by all the children, and the leaders' scrap books were made for the children of the Fort Worth Wesley House, jello ice cream and cake were served.

Bridgettes

The Bridgettes met Thursday with Mrs. John Prude, whose home was prettily decorated with baskets of roses. She had six tables of players, the only out-of-town guest being Mrs. Love of Sterling City.

When the usual number of bridge games had been played and enjoyed, a refreshment course of home made chocolate ice cream, black and white cake was served.

The meeting this week's with Mrs. R. H. Looney, who is entertaining complimentary at 1:30 p. m. today.

Baptist Circles

Circle One had a splendid meeting. The Bible study and Missionary lesson were both very interesting. Plans for "Uncle Ben's Wedding" were further perfected, and by the next meeting they will be ready for the play.

Circle Two had ten members and one visitor present. Their lesson was from the Bible. This was the time for celebrating birthdays, and Mesdames DeLaney, Johnson and Moore were the ladies who had passed another happy milestone.

It was reported that the food sale Saturday brought \$8.25. At the close of the business session, the hostesses served ice cream and cake. The next meeting will be in the T. E. L. room, and Royal Service will be studied. Circle Three had a very interest-

ing meeting. Plans for making money to go into the building fund occupied most of their time, and the discussion will doubtless result in funds later. Their next meeting will be with Mrs. T. J. Ratliff.

Circle Four had a good meeting, one new member being added. The lesson on "Christ of the Indian Road" was much enjoyed. They paid their part on the Senior breakfast, and are to meet next time for some special work.

Circle Five had eleven members and one visitor present. They discussed further their proposed plan for making money. Each one drew a new "Forget-me-not" and paid their part of the Senior breakfast. Enjoyed their lesson in "Wandering Jew in Brazil." During the social hour a shower of love gifts were presented Mrs. McHaney, who is leaving. The next meeting is with Mrs. Whipkey.

Christian Aid

The Christian Aid met in the parlors of the church Monday, with Vice President Mrs. Le. presiding. She conducted the devotional. The treasurer reported \$50 ready for the June payment on the seats. Plans were made for the summer's work.

This was time for the election of officers, and the old ones were all re-elected. They are: President, Mrs. C. L. Root; vice president, Mrs. Ralph Lee; secretary, Mrs. E. Jones; treasurer, Mrs. U. G. Hardison. The next meeting will be the Missionary program and will be with Mrs. Broadbent.

Methodist Missionary Society

The Methodist Missionary Society met Monday at the home of Mrs. D. N. Arnett. Mrs. Boyd Dozier conducted the devotional from Luke 2:40-52, the topic being "A Boy's Will." The comments brought out very beautifully the incident in the temple when Jesus was 12 years old.

Mrs. Maddin had the Missionary Story of Broken Homes, these she read then asked questions and discussed local broken homes.

Mrs. Garrett explained the new plan of spiritual cultivation and will work it out for the women of the church.

Mrs. Kiker gave a splendid talk on Stewardship, telling the story of John Egans' life in Birmingham.

The Junior superintendent reported that intensive study would be carried on in June and July, using this year's edition of Better Americans as a text book.

The Primaries had met Friday. The Social Service committee had done much work in visiting, providing food, clothes, medical attention, flowers, and the women helping at three funerals. The list of places needing supplies was read and it was decided for the Adults to send a box to the Lyra Wesley House at Strawn. This is to contain books for boys and girls, and used clothes. The Juniors are to send one to the Spofford Receiving home for children, containing thread, buttons, tape, darning cotton, etc. It was voted to have an

"Enlistment" in June, inviting every woman in the church to a reception and inviting them to become members. This was set for Friday, June 7th, and committees appointed to arrange for it.

Mrs. W. A. Bandy was elected Mission Study superintendent and will teach "What Next in Home Missions, beginning in September.

Mrs. Maddin gave a good report of the District meeting in Big Spring, bringing out the years plans and the work to be done by each auxiliary.

The Social Service committee will meet Monday with Mrs. Merritt for study.

Mrs. Coleman Honors Guest

Honoring her old-time friend, Mrs. J. L. Mooty of Tyler, Mrs. P. C. Coleman entertained with a tea on Thursday afternoon for Mrs. Mooty, who with her husband, was the house guests of Dr. and Mrs. Coleman last week.

The Coleman home was lavishly decorated in wild flowers for the occasion, each tea table being centered with a silver bowl of wild flowers. Miss Mable Smith and Mrs. Otis Jarman poured tea. About thirty-five ladies called to meet Mrs. Mooty during the tea hour.

Mrs. Mooty was dressed in flowered chiffon, while the young ladies of the house party wore evening dress. Mrs. H. B. Smoot also named Mrs. Mooty honoree at an informal tea which she gave on Wednesday afternoon.

Teachers Claimed by Summer Activities For Three Months

Vacations, summer school, and "just loafing" are some of the things which claimed members of the faculty of Colorado public schools with the close of school. Here are some notes on how the various teachers will spend their summer:

High School

Supt. Ben S. Peek, with his wife and two children, left Tuesday for a tour of Central Texas, planning to be in Colorado by June 10 for the opening of summer school.

C. A. Wilkins will continue his studies at N. T. S. T. C., Denton. R. H. Cantrill will remain in Colorado, helping J. M. Doss with the agency for Copeland refrigerators in the capacity of salesman. Mrs. Cantrill will teach in summer school.

G. D. Foster will attend the teachers' normal at Canyon. John W. Cobb will teach in summer school.

Clyde Bennett will visit in Greenville before beginning his duties as teacher in summer school.

Miss Octavine Cooper will teach in summer school after a visit in Cement, Okla., with her sister. Miss Mary Davies will summer in Fort Worth, her home.

Miss Arra Cummings will attend S. M. U. at Dallas. Miss Mabel Smith will be in Colorado.

Miss Ruth Hightower will spend the summer at her home in Breckenridge.

Grammar School

Following is a list of Hutchinson school teachers, and where they will spend the summer:

A. R. McHaney—In school at Sam Houston Normal, Huntsville.

Mrs. E. R. Earnest—Don't know.

Mrs. David Wright—Teach summer school in Colorado, and probably visit parents in Leonard, Texas, the latter part of summer.

Miss Lea Swope—At home, Killen, Texas.

Miss Eunice Locker—Mercury, Texas. May go to Boulder, Colo.

K. L. Carter—At Waco.

Miss Alwilda Crosthwaite—Weatherford, Texas; probably in C. I. A. part of the time.

Mrs. C. A. Wilkins—With mother, Mrs. J. W. Gray, Stephenville, Texas.

Mrs. Doss—Colorado, Texas.

Miss Eula Stimpson—In Southern Methodist University, Dallas.

Primary School

Mrs. David Russell—Colorado.

Miss Beatrice English, at home in Crosbyton.

Mrs. J. F. Quinney, at home in Colorado.

Mrs. Dan Murrel, at home in Colorado.

Miss Catherine Orr, at her home in Hillsboro.

Miss Inez Butler, in her home in Abilene.

Miss Ethel Allen, in school at N. T. S. T. C., Denton.

Miss Margaret King, at S. M. U. at Dallas.

DEPUTY KUYKENDALL GETS REWARD FOR WORK OF CAPTURING CONVICT

Deputy Sheriff Allen Kuykendall this week received a check for \$25 reward offered by the State of Texas for capture of Meteo Ramos, a Mexican, who escaped from the penitentiary about two years ago, and whom Kuykendall captured at Sweetwater about two months ago. Ramos was sent to the pen from Pecos for robbery and given 12 years. He had been in the vicinity of Colorado and Sweetwater for some time and Kuykendall picked up a tip that he was

BAPTIST WOMEN GIVE BREAKFAST HONORING HI SCHOOL SENIORS

Faculty And School Board Members Also Guests Breakfast

Members of the graduating class of the Colorado High School were honored last Friday morning with a breakfast given in their honor by the women of the Woman's Missionary Society of the First Baptist church. Faculty members and members of the school board were also guests.

This was a beautiful and enjoyable affair. It was held on the first floor of the church at 7 a. m. The guests were met by a receiving line in which stood Mrs. Jack Smith, president of the Missionary society; Rev. and Mrs. W. C. Ashford; Mrs. W. A. Rose, and Mrs. Bennett. After greetings, the company passed into the dining room which had been beautifully decorated in the class colors—rose and gray. Baskets of pink roses ornamented with bows of gray tulle were placed about the room. Each table was centered with a big bowl of pink roses and bud vases containing pink rosebuds were placed at intervals. The place cards were school boys and girls in caps and gowns.

Grace was said by Bro. Ashford, and Mrs. Smith welcomed the guests. The first course of orange fruit cup was served. While this was being removed Mrs. C. A. Wilkins, with Miss Hightower, sang two delightful numbers.

Mrs. Smith introduced the new president of the school board, Mr. J. W. Watson; the new secretary, Mr. Rub Morgan, and Mr. Watson gave a word of greeting. Miss Henderson, sponsor of the class, was introduced and she paid a lovely tribute to the members for their love, loyalty and devotion, both to her and to the school.

The main course of fried chicken, sliced tomatoes, rice, jelly, cream gravy, hot biscuit and coffee was served and very much enjoyed. At the conclusion of this delicious meal, Bro. Ashford addressed the class in a most inspiring, loving and helpful way. He spoke words that if heeded will mean much in the lives of the boys and girls of Colorado High who are this year seniors.

As a closing, all stood and sang together with Mrs. Wilkins leading, "Auld Lang Syne."

This was the very nicest and most enjoyable affair the Seniors attended during their busy closing week. Sixty-one were present as guests for this delightful occasion.

WORKERS' CONFERENCE TO BE HELD TUESDAY AT PLEASANT VALLEY

Program for the monthly meeting of the Workers' Conference of the Mitchell-Scurry Baptist Association, which is to be held at Pleasant Valley next Tuesday, June 4, has been announced as follows:

10 a. m.—Devotional by Bro. R. L. Bankhead.

10:15—Report on Southern Baptist Convention by J. E. McDermott.

10:30—What Does God Expect of Me as a Christian? by Bro. T. L. Nipp, of Dunn.

10:55—What Does God Expect of the Local Church? by Bro. G. W. Parks of Roscoe.

11:15—Sermon by Bro. W. F. Ferguson of Snyder.

1:30 p. m.—Board meeting and ladies' meeting.

2:30—Report from Associational Missionary.

2:45—Reports from churches.

3:30—Who Shall Have Part in Our Soul Winning Campaign and Why? by Bro. Wells of Lamesa.

ENTRIES IN YARD CONTEST MAY BE MADE

The yard contest sponsored by the Chamber of Commerce is yet open for entries, according to J. H. Greene, secretary, who is urging those who are interested in beautification of their lawns to register with the Chamber of Commerce office. The inspection that was scheduled for last week has been postponed until the first part of June, Greene says, and actual scoring of lawns will be held up on account of the recent rains and inability of the citizens to get lawns in shape for that reason.

Lawns not registered will be considered, but those who do not give their names might possibly be overlooked by the judges, Greene says, and therefore he asks all who are interested in this contest to phone in their names and the location of their property.

at Sweetwater and went down there and captured the convict and turned him over to the State.

Marriage Which Took Place April 27 Is Announced

The marriage of their daughter, Marcetis, in Sterling City on April 27, to Hal Yoder of Snyder, is announced this week by Mr. and Mrs. S. T. Dozier of Colorado.

The event comes as something of a surprise to friends of the bride and her parents in Colorado. Mr. and Mrs. Dozier recently moved to Colorado from Snyder, where they had resided for several years, having moved there from Colorado. It was during their residence in Snyder that the romance which culminated in the marriage on April 27 began.

The groom, Hal Yoder, is the son of Mr. and Mrs. D. P. Yoder of Snyder, leading citizen of that place, and for whom the Snyder airport is named. He finishes his sophomore year in Texas Tech this year.

The young couple will be at home temporarily in Lubbock after June 10th.

Mrs. P. C. Coleman left Monday morning for a visit with her son, Dr. Reeves Coleman, in New Orleans.

COMMENCEMENT MARKED PASSING OF ANOTHER CLASS

(Continued from Page 1) ways. Follow the gleam. You are the architect of your own fate, and none can keep you from reaching the heights if you do not turn aside." J. W. Watson, president of the school board, awarded diplomas to the following:

Ruby Lee Bohannon, Dezzie Cadador, Ina Mae Gary, Josephine Chesney, Barton Church, Lenorah Cook, Alice Cooper, Travis Daugherty, Martin Dobbs, Robert Dolman, Irene Dorn, Mary Katherine Gage, Floy Anna Galey, Martha Jewell Geiger, R. Wesley Giddens, Edward I. Grizzell, Louise Gunn, Thelma Harrison, Mary Henderson, Fred Hutchinson, Hettie Adele Hutchinson, Marie Johnson, Baz Jones, Murry Jordan, Doyle Kiker, Corine Lupton, Beola Kirby, Margaret Mann, Hoyt May, Scott McKenney, Katherine Price, Lois Marie Reese, J. C. Robison, Lucile Rose, Gertrude Sailors, Curtis Shurtleff, John Shurtleff, Edna Smith, Nellie Smith, Laurence Snively, Scott Spalding, Virginia Webb, C. A. Wilkins, principal of the high school, thanked the patrons for their cooperation, and then introduced Mrs. V. V. Shropshire, who presented the \$5 gold piece given by the Hesperian club to the pupil making the highest general average. This went to John Shurtleff, whose grade was 95.76. Mr. Wilkins also presented John Shurtleff the scholarships as awarded by various colleges to boys. Miss Louise Gunn, with an average of 93.18 received the scholarships for girls.

Certificates in the National Forensic League were presented to Frank Bodzin, Louis Levinson, Juliette Phillips, Hoyt May, John Shurtleff and Lenorah Cook. Miss Cook, who carried the debating team through to fame this year, has about 300 honor points to her credit and ranks third in the United States in the National Forensic League. Mr. Wilkins then presented attendance certificates to a number of high school pupils. The benediction was said by Rev. W. C. Ashford, and another school year passed into history.

DIPLOMAS AWARDED 44 GRAMMAR SCHOOL PUPILS

(Continued from Page One) ship certificates were given out by Mrs. Earnest and the promotion certificates by Supt. Peck. The following were members of the seventh grade graduating class and received diplomas: August Armstrong, Lillian Bean, Walter Campbell, Thelma Chivers, Hunt Guitler, Dora Frances Harvey, Emma Joe Hart, Pearl Harper, Elizabeth Hutchinson, Marvin Jackson, Gladys Louise Jones, Charles Levinson, Edith Lockhart, James Lupton, Princess Martin, Mary Louise Melton, Laura McKenney, Virginia Norris, Reila Payne, Mattie Beth Payne, Treeman Shurtleff, J. B. Sorrells, Harold Watson, George Otis Whitton, Mildred Whitaker, John Wood, Beulah Dell Stovall, Darrell Bandy, Donald Bandy, Walter Doss, Everett Tiner, Bill Hicks, Carl Shelton, Geo. Shelton, Max Martin, Ruby Mae Allison, Juanita Raifanider, Margaret Jenkins, Lela Gross, Elizabeth Grantland, Juanita Barton, Sadie Simpson, Sybil Mints, Doran Rhea.

200 MEN AT WORK ON ERECTION OF REFINERY

(Continued from Page One) plant is 10,000 barrels of crude per day. Mr. Burruss says with the present force of about 200 men and no unseen delay, the new additions will be completed and ready for operation in about 60 days. He expects to have the new equipment running by August 1st. An increase of from 60 to 7 1/2 per cent in the payroll of the company will result from the increase in the plant. He has installed about a thousand yards of concrete. As to the cost of the new addition, The Record can only hazard a guess, but we are informed that it will be in excess of two million dollars. There is one high-pressure still that is said to have cost more than \$100,000. It is said that fifty car loads of fire brick are going into the new cracking plant. The concrete work for foundations is the heaviest ever built here, Pond says. Thousands of pounds of steel reinforcing are going into each form. Between two stills being erected, a fire wall of concrete and steel is being erected 30 feet high. While the terms used in description of this work is all Dutch to the writer, a visit to the scene was sufficient to impress the Record reporter with the enormous piece of work going on. It is the most mammoth project ever started here.

LET US BRAY!

The Alpine Avalanche says that: "John Prude of Ft. Davis recently got on order for one burro—yep, a donkey, a Texas mockingbird—from a Mrs. Rotch in Middleboro, near Boston, Mass. Johnny packed up the burro and shipped it by express, as per instructions. The price got for the burro was \$3. The express charges were \$70.00."

FAMILIAR NAMES APPEAR IN BRITTLE AND YELLOW COPIES OF OLD COUNTY NEWSPAPER

Names and places, many of which are still either realities or vivid memories, fill the brittle, yellow pages of the old copies of "The Saline Call," Mitchell county newspaper of the early nineties, on file in The Record office.

The August 17 edition of The Call in 1892 carried the following notes: "P. C. Coleman, M. Carter, W. L. Smith, Hee McEachin, W. S. Smallwood and W. J. Miller were in attendance at the Congressional Convention at Decatur last week.

"Page Windham has been appointed deputy sheriff by Sheriff Dick Ware.

"Mrs. M. T. Hall returned Wednesday evening from a two-months' visit to Galveston.

"Jim Rogers is now clerking for Burns & Bell.

"Judge R. H. Looney and H. B. Smoot returned Sunday night from the Knight Templars convale at Denver.

"John Persons returned Wednesday from a short visit to Amarillo and other places.

"Dick Robertson has just taken contracts to deliver 850 yearlings at Colorado, and started yesterday for Coleman and other points to purchase them.

"The 'steam carousel,' which has been one of the principal attractions of the town for the past two or three weeks, left last Monday, and some of our people were more than glad to see it leave, especially the merchants, for it took all of the small change out of town.

"Mrs. John Rix is visiting her parents in Amarillo.

"Mrs. G. H. Colvin and son are on a visit to Robert Lee.

"J. L. Rix came in from the ranch on Lacy creek Saturday.

"H. H. Beyer and Charles Adams are off on a trip to Coke county."

In the August 14 edition of 1892 are found these locals:

"Miss Florence Morris returned to Colorado last Saturday.

"Turk Bell of Scurry county is in the city this week.

"Branch Isbell, candidate for county judge of Scurry county, was in town yesterday.

"W. T. Petty of the ranch was in the first of the week.

"Will Brennan has leased the house recently built by G. Y. Wilson near the city hall.

"Fred Miltner has re-purchased his old confectionery stand.

"P. H. Brown was quite seriously injured last Wednesday, being kicked by a horse when returning from a hunting expedition in Scurry county.

"Miss Jessie Smith has returned to Colorado.

"John Glover has purchased the old Schroeder meat market of Fayest Robinson.

"Born to Mr. and Mrs. J. A. Robertson last Wednesday, a fine girl.

"Work was commenced last week on the foundation of Judge Looney's new home.

"E. H. Cook is off on a trip to Galveston.

"C. F. Dickson has resigned the position of jailer, and Page Windham is holding that office. Mr. Dickson will devote his time to electioneering.

"Charles E. Pratt of the Texas Salt Co. was in town last week.

"Major W. V. Johnson, J. S. Coe, D. C. Flowers, R. C. Ware, Joe Bell and J. W. Holmes are the delegates for the senatorial convention which meets in Baird tomorrow.

"W. W. Smith has gone to Greenville, Texas.

"J. L. Shepherd, N. Lapouki, Judge C. H. Earnest, and the other delegates to the Houston Convention returned Friday evening.

"Fred Dearborn and wife and E. T. Collin are off for a few days hunting and fishing."

Mrs. Higginbotham of Fort Worth is visiting her sister, Mrs. Jess Gage, who is sick.

Mr. and Mrs. R. N. Gary and Mrs. Thompson returned Monday from Fort Worth, where they attended the Texas Woman's College homecoming.

Mrs. C. R. Farris, Mrs. J. G. Merritt and Mrs. Gilbert Quinney went to Brownwood Saturday, returning Sunday. They attended the Legion convention.

NELSON VAUGHN WRITES HOME ABOUT HIS WORK WITH RESEARCH GROUP

Hauling Water 40 Miles One of Desert Life's 'Advantages'

Hauling water forty miles and other advantages of life on the desert are told about in the following letter from Nelson Vaughn, one-time Coloradan, who is now working with the Denver Museum Research group near Farmington, New Mexico:

"We are working out in the desert about 100 miles from Farmington; have an Indian guide to show us around; haul water 40 miles—sure is some country. I found some old pottery this week and have worked all day trying to put it together.

"We came down by way of Las Vegas, Santa Fe to Albuquerque and Gallup, because of snow in the mountains. Took a drink of water from the oldest well in the U. S., between Pecos and Santa Fe. This is the case Coronado, the Spaniard, visited 250 years ago. Also saw the oldest church and residence in the United States at Santa Fe. Am going to visit the Aztec ruins Sunday. They are only 16 miles from here. Out west from here is the only place in the United States where four State corners meet. I stood on the spot last week, and by taking a step one way, I could be in Arizona, Utah, Colorado, or New Mexico—a great experience.

"I may be transferred to Amarillo before long, but that is the life of a museum man—on the go all the time.—Nelson."

DR. COLEMAN ATTENDS STATE MEDICAL MEET

Dr. P. C. Coleman returned Saturday from the convention of the State Medical Association in Brownsville last Tuesday, Wednesday and Thursday.

Mineral Wells was chosen by the delegates at the convention as the meeting place for next year.

Miss Ruth Hinds left Tuesday for Montezuma, N. M.

**PRACTICALLY UNKNOWN
TEXANS BREAK WORLD'S
RECORD IN LONG FLIGHT**

**Ship "Fort Worth" Stays In
Air 172 Hours; Thousands
Cheer Airmen**

FT. WORTH.—Their names written down in the pages of aviation history, Reg. Robbins, 25-year-old "self-made" flyer, and Jim Kelly, 23, former cowpuncher, received the plaudits of the world Monday for accomplishing the greatest aerial endurance excursion in history.

The two men were forced to end their refueling endurance flight when the propeller of their rebuilt cabin monoplane Ft. Worth split and threatened disaster.

When they brought their plane to rest, they had been in the air 172 hours and 31 minutes, nearly 22 hours greater than the former world's record set by the army plane Question Mark.

They were engulfed by a cheering mob of 50,000 persons who gathered at the field and threatened to crush them with their enthusiastic acclaim.

The two young men had dropped word earlier in the day that they were expecting to land at 4 p. m. and the news flashed through Fort Worth.

Early in the afternoon a crowd started gathering on Meacham Field churned to mud by the rain which had a great deal to do with the ending of the flight. When the flyers set plane down at 4:07 p. m., the mob surged forward, breaking thru police lines to reach the flyers. The men had been up seven nights and parts of eight days. They went aloft at 11:33 a. m. Sunday, May 19.

A cracked propeller, which was the immediate cause of the cessation of the record-breaking flight Sunday, loosened cowling on both sides of the fuselage and rips in the aluminum streamlining on struts supporting the wings are the only marks of damage the "Fort Worth" shows. The lines covering on the oil, rain and mud-stained ship is in good condition and the ship's Wright Whirlwind motor came down in excellent condition.

The condition of ship and motor would have permitted the flight to continue many hours longer had it not been for the severe vibrations the unbalanced propeller was causing.

A remarkable fact of the flight is the manner in which the propeller

stood up to the severe strain imposed on it. The dent in it, which finally

**KELLEY ESCAPES DEATH
IN INCIDENT THAT
SPLIT PLANE'S "PROP"**

FORT WORTH, May 27.—The incident which resulted in the monoplane Fort Worth descending after 172 hours in the air missed by a scant fraction of an inch of sending Jim Kelly to his death. Kelly was out under the motor, greasing the rocker arms, when he leaned too far forward and the whirling propeller clicked against his belt buckle. That caused a tiny nick which gradually spread as rain soaked in.

Had the cowboy mechanic but leaned an infinitesimal part of an inch farther forward, the propeller would have caught his clothing and hurled him to death to the ground.

caused cracks to appear, was made on Monday, the second day of the flight. The buckle on Jim Kelly's safety belt flew back and gave the "prop" a deep dent.

When Robbins and Kelly landed the "Fort Worth" they were following the only prudent course. Engines have been known to jump out of ships because of propeller trouble. Rainstorms also are severe tests on propellers as they often whittle them down to about half their normal size.

**EWELL PREACHES
COMMENCEMENT SERMON
FOR DUNN GRADUATES**

Rev. A. E. Ewell preached the commencement sermon for the high school at Dunn on last Sunday morning. The service was held at the Methodist church and there were more in attendance than could get in to that commodious auditorium.

There were only five graduates this year, but the class was larger than last year, and will be much more so next year.

Mr. Ewell spoke to the Record reporter very highly of the school and neighborhood at Dunn. He further reports that Mr. Hooks, the present superintendent, has been employed again for next year.

**J. F. CLAYTON IS ADJUDGED
INSANE BY JURY WEDNESDAY**

J. F. Clayton, pioneer settler of this section, was adjudged insane by a jury in county court Wednesday, and H. E. Grantland was appointed guardian of his estate until such time as he is declared rational. He will be sent to Abilene to the State hospital, it was said. Mr. Clayton has resided in this county for about 40 years. He has been in ill health for some time.

**AMARILLO MERCHANTS
OPEN BIG SALE WITH
BARRIER BROS. STOCK**

**Levine Bros. Purchase Three
Of Bankrupt Stores For
35c On Dollar**

As a result of the purchase of three of the dry goods stores of the bankrupt Barrier Bros. firm by Levine Brothers of Amarillo, the Colorado store in the old C. M. Adams location, will be thrown open Friday morning for the most enormous bankrupt sale ever open in Colorado, according to M. Levine, who is here supervising the closing out of this \$35,000 stock of new merchandise. The stocks were sold by the U. S. Bankrupt court to satisfy creditors of the Barrier firm.

M. Levine said Monday that his firm, composed of himself and his brother, W. Levine, had purchased the Lubbock, Levelland and Colorado stores of the Barrier Bros. firm at 35c on the dollar and would close out these stocks passing this very low price on to the public.

The Colorado store which was purchased by Barrier Bros. about a year ago had been re-stocked with new merchandise, according to Mr. Levine.

This merchandise consists of Stetson hats, Packard shoes, Hole-proof hosiery, Marshall Field piece goods, Buster Brown high grade shoes for children, and other standard merchandise, all of which will go in the bankrupt sale to open Friday at almost unheard of prices, he says.

Doors of the store will open at 9 a. m. Friday and scores of salespeople will be prepared to care for the enormous rush of customers that is sure to be seeking these bargains.

According to statement of Mr. Levine, this will be the greatest bargain feast ever offered people of Central West Texas, and he expects people to be here from many adjoining counties to secure some of this high grade stock of merchandise. He said Tuesday that about \$5,000 worth of ladies' new dresses and millinery would be shipped in for sale at the lowest prices ever offered here. This will be done because the Barrier firm did not handle these items here and the store wants to be able to outfit the whole family with every need from this sale.

Bill Martin of Loraine, son of Dr. T. A. Martin, is reported to be very seriously ill.

**OAKLAND AND PONTIAC
INCREASE IN SALES**

Nationwide substantiation of the optimistic forecasts for a record in 1929 automobile sales is clearly borne out in a statement just released by W. R. Tracy, vice president in charge of sales for the Oakland Motor Car Company.

Shipments of Oakland and Pontiac Sixes during the first four months of 1929 totaled 118,222, making a new high record for this manufacturer.

Mr. Tracy said: "April shipments alone totaled 36,384 cars, which is just 76 cars short of the 36,460 shipped in March—the high month in the company's records. But for the fact that there was one less working day than in March, April would have been the greatest month in our history."

"Our record shipment of 118,222 cars during the first four months of 1929," said Monroe Herrington, sales manager of the A. J. Herrington Oakland and Pontiac agency in Colorado, "more than doubled the total of 53,877 cars sold in the same period of 1927 and bettered the 1928 period by 15,591 cars."

Mr. Herrington pointed to the March and April, 1929, sales as an indication of the general market trend, stating that the total for these two months shows a gain close to 30 per cent over March and April of last year.

"The industry is a whole is showing a decided increase in sales during the Spring months of 1929. One of the greatest factors in this increase is the replacement market. During 1925 and 1926 a total of 8,736,135 cars and trucks were sold in the United States and Canada. These three and four year cars are now being replaced with new cars, and account in a large measure for the general sales increases throughout the country."

"Our local sales show a healthy increase, which gives evidence to the fact that business is exceptionally good for this time of year, and that the Oakland and Pontiac cars are gaining in popularity," concluded Mr. Herrington.

**LINDBERGH AND BRIDE
NOT YET FOUND**

NEW YORK, N. Y., May 30.—Col. Charles Lindbergh and his bride are still among the "missing" insofar as newspaper reporters are concerned. Every large newspaper in New York has detailed reporters and photographers to locate the Colonel and his bride (Miss Annie Morrow), who were quietly married in the Merrow home and then quietly walked out and entered a car as if going for a drive, past a regular army of newspaper reporters who did not suspect the wedding had taken place.

FATHER OF MRS BARTON DIES

Mrs. Trixie Barton returned Monday night from Gilmer, Texas, where she had been at the bedside of her father, who died Saturday morning.

Rev. and Mrs. W. C. Hinds left Thursday morning for Georgetown to bring Miss Mary Elma Hinds home from Southwestern University. Mrs. J. W. Sheppard accompanied them, and will visit her son, Q. D., in Austin.

**GRAND JURY RETURNS
FOUR INDICTMENTS**

The grand jury for the May term of Mitchell county District court returned four indictments last week and adjourned until June 10 because no further business was pending. These cases were tried this week by the court.

The following composed the grand jury: H. B. Cook, W. A. Hallman, A. F. King, Jas. T. Johnson, R. A. Hood, Fred Brown, A. P. Oglesby, N. T. Womack, Walter O. Jackson, C. S. Thomas, C. E. Way, and Boyd Dozier.

**OIL BUREAU MEETS
AT BIG SPRING TODAY**

A meeting of the oil and gas bureau of the West Texas Chamber of Commerce is being held in Big Spring today. A review of the work of the bureau, consideration of additional steps to be taken in validation of West Texas land titles and further steps in the conservation of oil are the subjects discussed.

**SEVERAL CIVIL CASES
IN DISTRICT COURT**

Several civil cases were disposed of in District court Thursday morning. Some of these were settled by agreement.

One additional divorce case, that of Mrs. Lula Taylor vs. Charles Taylor, was settled Thursday morning. Mrs. Taylor was granted her plea for divorce.

**SPECIAL COMMISSION
CONSIDERING CLAMS**

A special commission, composed of H. L. Hutchinson, Sam Bedford and Tom Goss, appointed by Judge Thompson to consider claims of H. F. and Grady Newman for damages in the taking of land for right-of-way at the west of the Colorado river bridge on the highway, was in session Thursday morning and assessed the damages to be allowed petitioners.

Van King, the expert woodworker and carpenter, has got to have a good paper to read while he is attempting to make a living welding the hammer and saw, and he rushed in Thursday morning and plunked down the money to pay up and about a year ahead. He was too contrary to brag on this paper much, but we know he likes it or he wouldn't buy it. We need the money and he needs the paper, so we are both happy.

Mrs. Newt Evans of Loraine is recovering from an operation which she underwent at the C. L. Root hospital this week.

Taking Due Precaution

Little Albert, son of a minister, was intensely afraid of thunder. One afternoon in July he was caught in what promised to be a severe electrical storm. His father saw him dash for home, and noticed that his lips were moving as he ran. As he got safely into the house his father soothed his fears and then asked:

"What were you saying, Albert?" Albert shuddered, "Oh," he replied, "I was just reminding God I am a minister's son."

**Billingsley And
Porter Dissolve
Their Partnership**

The firm of Porter & Billingsley, dealers in real estate, life insurance, and loans, has been dissolved, according to W. W. Porter and Dick Billingsley, members of the firm.

Mr. Porter will continue business in the firm's old line, with Mrs. W. H. Turner and Miss Marie East as office help. Mr. Billingsley is now district field man for the Fidelity Union Life Insurance Co., having Colorado as his headquarters at present.

CHOCK BEER SEIZED
Sheriff Gregory Thursday morning captured a keg of chock beer and arrested Mary Marshall and her son, Ed Marshall, negroes, at a shack south of the Texas & Pacific passenger station. The negroes were fined and released.

INSPECT SNYDER AIRPORT
Judge C. H. Earnest, Louis Collier and J. H. Greene went to Snyder Thursday morning to inspect the new Snyder airport.

F. B. Whipkey left Monday morning for Georgetown, Taylor, and other points in Central Texas, where he will visit for several days. He may be joined by relatives there who will accompany him on a trip through the Northwest, including Yellowstone Park, and possibly California, he said before leaving here, in which case he will be absent from Colorado several weeks.

Born to W. D. Hays and wife of Cuthbert, last Saturday, a boy.

INVITATION

IN BACCALAUREATE SERMON ASHFORD SAYS YOUTH GREATEST ASSET

Local Pastor Praises Young People And Urges Them To Greater Efforts

Delivering one of the most pleasing and appropriate sermons ever heard at the closing of schools in Colorado, Rev. W. C. Ashford, pastor of the First Baptist church, gave the baccalaureate sermon for the graduating class of the Colorado high school at the school auditorium Sunday evening at 8:15 o'clock.

The large auditorium was filled to capacity as the program opened with the procession by the high school orchestra. When the fine group of graduates marched down the aisles followed by the members of the faculty of the high school, those present rejoiced, and later when the pastor declared that the youth of the land was the greatest asset of the State and nation proof of this fact was indeed manifest by a glance at this class of young men and women.

Ministers of the city occupied the platform while Supt. Ben S. Peck, announced the numbers of the program.

Rev. W. C. Hink, Methodist pastor, gave the invocation.

The hymn, "Holy, Holy, Holy," was then sung, led by Miss Hightower, followed by a number by the orchestra. J. D. Harvey, minister of the Church of Christ, led prayer, and Rev. Ashford gave a scripture reading, First Psalm, from memory.

Speaking from a text taken from Philippians 3:14, Rev. Ashford's subject was "Press On." The Apostle Paul was introduced as an example for the graduates who are destined to start on their individual career. Opening his discussion with a statement that the young people of the land are the State and Nation's greatest asset, the pastor voiced the sentiment of the people of Colorado

when he said that it is not the material wealth, bank stocks, property, money nor chattels that make a community or a nation, but the young men and young women who use their knowledge and intelligence in the right direction. "Our future depends upon the youth of the land. It is through the young people such as these wonderful students before us here, that our nation will continue to prosper and increase in usefulness and service in world affairs," the pastor said.

In bringing forth his challenge to the young people to press on, the speaker, in his scholarly and pleasing manner, discussed three elements of personal power.

Knowledge was the first of these divisions. "Knowledge is a storing of facts and training of the mind to function well," the speaker said.

Intelligence, the second element, was shown to be more important than the first. "Knowledge without intelligence is a dangerous thing," Rev. Ashford said. "A man may have plenty of knowledge but if he has not the intelligence to properly use that knowledge, he is worse than ignorant." This element is the ability to rightly and effectively use knowledge.

The third element is Conviction, according to the pastor. This element is the ability to be possessed of a truth to an extent as will enable the person to concentrate all of their powers and talents upon one thing. The speaker advised the young people that these three elements must be mastered if they are to press on to the top.

The speaker used five thoughts in leading up to the climax of the admonition to press on. These were: 1st. Sincerity. "By sincerity I mean just being yourselves; just letting your natural abilities and talents express themselves in your work," the pastor said. "In this connection, any individual who starts on his individual career with a natural and effective way their talents to perform.

2nd. Thankfulness. The pastor did not stress this thought further

than to say that it was a very necessary element and one that most young people adopted.

3rd. Punctuality.
4th. Work.
5th. Christ Emblazoned in the Life. This latter thought was stressed by the pastor. "In old age a life well lived is to be looked back upon with joy and increasing satisfaction," he concluded.

The address of Rev. Ashford was undoubtedly one of the most interesting ever heard here.

Following the sermon, the hymn, "Onward Christian Soldiers," was sung and Rev. Alex Hanson, minister for the Episcopal church, gave the benediction.

REV. W. M. ELLIOTT SPEAKER AT LORAIN LUNCHEON CLUB MEET

FATHER AND SON DAY IS OBSERVED; OTHER LOCAL MEN ATTEND

Rev. W. M. Elliott, president of the Buffalo Trails Council, Boy Scouts, was the principal speaker at the Father and Son day program of the Loraine Luncheon club Wednesday at noon.

He spoke on "The Value of the Boy and the Duty of a Father Toward His Son." The address was appropriate and well received. He told of the millions the State and Nation are spending on livestock, and of the small amount being spent to help the boys of the country.

Others attending from Colorado were J. H. Smoot, J. H. Greene and son, William Greene, Smoot and the elder Greene spoke briefly.

Rev. Peltus, industrial worker for the Presbyterian church in Africa, who is here visiting Rev. Elliott, was a guest of the club, accompanying the Coloradoans to Loraine.

Judge J. C. Hall, president of the club, presided. The Loraine club is doing some real work for this prosperous and growing little city and is attended by practically all of the Loraine business men.

AUSTIN COURT RULES LAND VALIDATION ACT IS CONSTITUTIONAL

AUSTIN, May 27.—The second round was won by 604 defendants in the Bradford land title suit Monday when District Judge George Calhoun sustained the constitutionality of the Small river bed bill, passed over Governor Moody's veto at the regular session of the Legislature. The first round went in favor of the West Texans when the same court a week ago threw out the cross action of M. H. Reed and W. T. Caswell, Austin citizens, who had filed on the property for mineral rights. The latter had claimed vested interests.

The Small act validates titles of the 604 owners of land crossed by dry creeks, alleged by the Attorney General's department to be navigable under the law and therefore the property of the State.

CALIFORNIA COMPANY MOVING ITS OPERATING OFFICES TO MIDLAND

The California Company by June 15 will transfer its operating division, in charge of William Simpson, from Colorado to Midland.

The office has been at Colorado about six years, the California Company being one of the first majors to have production in the West Texas Permian basin, in Mitchell county.

JOE EARNEST COMPLETES WORK FOR MASTER'S IN COLUMBIA WITH HONORS

JOE W. EARNEST

Another Achievement Added To Brilliant Career Of "Native Son"

News that Joe Earnest, son of Judge and Mrs. C. H. Earnest, is receiving his master's degree from Columbia University, New York, with honors this June, reached Colorado the latter part of last week.

This achievement is the crowning one so far of a brilliant career which began when Joe Earnest, a "native son" of Colorado, was a primary student in the public schools of Colorado. During his years in the Colorado schools he never once failed to make the honor roll, and finished Colorado High School as the president of the senior class and high honor student in 1918.

In 1923 he finished State University at Austin, majoring in the study of law. While in that institution he was on the staff of "The Texas Ranger," famous university magazine.

For a few months he practiced law with his father here in Colorado, but soon returned to his studies, and in 1928 finished at Sewanee (Tennessee) University with honors. In that school he was editor of "The Mountain Goat," student paper, and in that school also he was initiated into Phi Kappa, and was signally honored with the gift of a key in the fraternity.

Earnest is majoring in languages, mainly Greek and Spanish. He is noted for his sense of humor, and has contributed jokes to Judge, Life, and College Humor, and puzzles in St. Nicholas Magazine, New York. During the past year he was offered a position on the first-named magazine, but did not take it because of his desire to complete his studies.

In between times in his education, Earnest has traveled extensively, visiting all parts of the United States and making a tour of Europe, of which he wrote interesting articles which appeared in the Record something over a year ago.

After commencement at Columbia on June 4, Earnest will attend commencement at Sewanee University.

Grammar School Pupils Apply Their Geography

Students in Grammar school geography during the past year have been making practical application of their subject through letters exchanged with other pupils in distant schools. Here is one letter about Texas which was written to a student in a Florence, South Dakota, school by Pauline Stewart, a student in the sixth grade of the Hutchinson school:

There are four school buildings in Colorado, Texas, the town in which I live. There are two primary buildings, one old high school building, which has four rooms in use as class rooms, the others being used for different things, one grammar school building, and a three-story high school building. There are about one thousand children in attendance and thirty-four teachers employed.

The public schools of Texas are the most richly endowed of any State in the Union. The educational system consists of the public free schools, high schools, normal schools, college of industrial arts, agricultural and mechanical college, the University of Texas, and the Texas Tech.

The surface of Texas, except the mountainous regions in the west, is a vast plain sloping from the west and northwest borders southeast toward the Gulf of Mexico. The State is

MITCHELL FARMERS DISTRIBUTE QUANTITY OF PURE LINE SEED

More than 5,000 pounds of the pure line experiment station maize seed have been sold this year by A. K. McCarty and E. B. Hale from their seed plots which were grown from the pure line seed they secured last year. Most of this seed was sold locally, but a number of orders were shipped outside the county.

This seed is field selected, hand-threshed, and is kept pure by bagging the heads to prevent crossing.

Next year pure line hepari grown by J. T. Draper and J. F. Bodine will be available, as will pure line black-hull kafir which is being grown by Emmett Blasingame. C. H. Thomas is growing pure line feterita and W. J. Manly is specializing in pure Red Top cane seed.

Mr. and Mrs. Harvey Phillips and children of Dallas arrived here Saturday for a visit with his mother, Mrs. D. L. Phillips and family. He returned to Dallas Monday, but Mrs. Phillips and the children remained for a few days.

Call Bedford's Grocery for groceries and quick service. Phone 129.

The marriage of Uncle Bin and the widow Zander will take place at the high school auditorium on June 11, just four days before the new marriage license law goes into effect. Three words, for no man can ever fall in life who strives to do his best.

Mrs. Earl Wall and children, who have been guests of Mrs. Ledger Smith, left Sunday for Dallas.

AIRPORT CLEARED AND WILL BE LEVELED SOON

J. H. Greene reports that the crew of Mexicans engaged to grub and clear the airport land have finished and that all trash has been cleared and the holes filled, and that the ground is now in fair shape. He also states that as soon as a grader can be secured, the ground will be leveled off and put in good shape for plane landing.

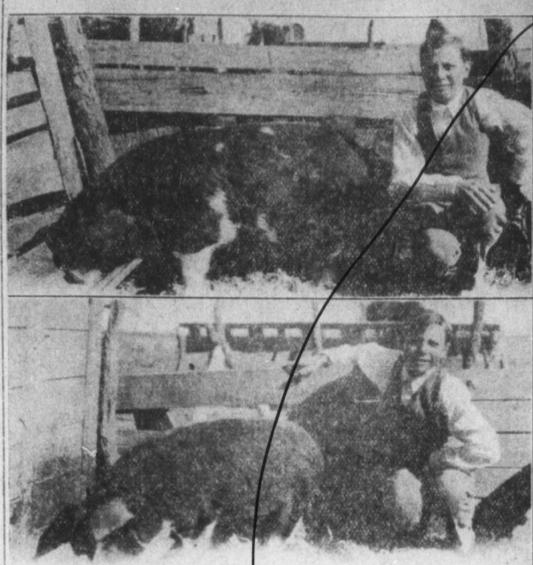

WHAT WILL THEY THINK UP NEXT?

Saw a piece in a woman's magazine the other day about how to make nice looking electric lights out of old fashioned coal-oil lamps. Now that there are over 365,000 Delco-Light Plants in use, we expect there must be a lot of orphan oil lamps around. We're glad somebody has found a use for 'em. They certainly aren't of any use by themselves when you have Delco-Light. Speaking of Delco-Light, have you seen the new combination plant? It's the biggest time-saving piece of machinery we've ever seen. And its bright electric light does more than anything we know of to make the farm more pleasant and enjoyable. Do you know of anything better?

W.B. Schley

PHONE No. 2

HYMAN BOY PROVES BALANCED RATION IS CHEAPER FOR PIGS

The above pictures demonstrate the wisdom of feeding a balanced ration to hogs. During the time that Hoyt Andrews, son of Mr. and Mrs. F. L. Andrews of Hyman, Texas, was making his 4-H club pig gain 201 pounds, a litter mate fed slop and all the maize he could eat, gained only 80 pounds. In other words, the club pig gained a pound a day more than the other pig during the 120-day feeding period.

At the final weighing Hoyt's pig weighed 247 pounds, while the other weighed only 120 pounds. To make this gain the club pig was fed 844 pounds of head maize, 193 gallons of milk, 104 gallons of slop, 66 pounds of pig feed, and 180 pounds of ground maize. The cost of a pound of gain was 7.3 cents, which is higher than the average for club pigs, due to the fact that the pig was fed on a dirt floor and a large portion of the head maize was trampled into the ground. At the rate the other pig is gaining it will require another 120 to 150 days for it to reach the weight of the club pig.—W. S. Foster.

BETWEEN YOU AND ME

By J. M. BALLANTYNE

Some people are so niggardly that they cannot hand you a bouquet without first sprinkling it with pepper. If they compliment you for doing anything excellently, they must remind you in the same breath of the times your efforts were rank failures.

Optimism is just as cheap as pessimism and infinitely more agreeable. It does its possessor and exerciser much good and chases gloom from many a saddened heart in its vicinity. True optimism originates in the mind, and is generated by friction of the faculties against interesting objects of thought derived from observation, reading and meditation.

Peace is possible only among men of good will. When these understand each other the millennium is at hand. The wall that keeps them apart is stupidity.

The man who boasts that he has no debts has a mind that is dull and blind. He owes a debt to the past for his present liberties and comforts, and a debt to nature for light, water, air, health and millions of other things so vast no machine could tabulate them. In payment for all this, deep debt, all that he is asked is that he be decent and be a friend to all mankind.

"Do your best," thundered Thomas Carlyle, the Scottish sage, to a young man who asked him for his advice on how to make his life a success. This was a fine commencement address in three words, for no man can ever fall in life who strives to do his best.

Lloyd George says eloquence consists in knowledge of a subject and earnestness in explaining it. Henry Ward Beecher said that he had obtained his inspiration from his subject and not from his audience. Daniel Webster defined eloquence as consisting in the subject, the occasion and the speaker. These three definitions indicate that hard work is the secret of true eloquence.

There is only one sort of silence that is golden, and it is garnished with jeweled moments. It is the silence lovers enjoy amid "the deep, dear twilight's purple calm." All other silences drop down the scale of values until they reach what might be called a "wooded silence," which occurs between two Dumb Dears after they have exhausted their over-worked stock of modern bywords. This silence is usually punctuated by the chug, chug of wax on bridge-work.

"A man's love is a thing apart," but a woman's nerves are her alibi for most of her inconsistencies.

The fellow who boasts and practices an ulterior and artificial program of life, either in school or in business, which he calls "getting by," is practicing slow psychological suicide. He debases his own soul into a counterfeit coin that neither rings true nor has any currency in the realm of proper feeling, thinking or living.

If town builders listened to the pessimists there would never be any

progress, for pessimists are the jelly fish of the human family. They have no bones—no wishbones, nor funnybones, nor backbones, and they lie in the lower levels, never seeing anything but a bleak mist in the future.

For the first time in her long life of 70 years, an old Scotch woman climbed the hills back of her village and exclaimed as she viewed the landscape: "Weel, I never kenned the world was so large before!"

"I cannot keep birds from flying overhead, but I am able to prevent them from building nests in my hair," said Martin Luther once while speaking of people's ability to refrain from cherishing evil thoughts and harboring hateful passions in their hearts.

Unless a man's intelligence is proportioned to his material possessions, he falls short of enjoying them. When he mainly enjoys their possession and increase and disregards the opportunities they should bring him for self culture he is only the day and night watchman of his wealth—surely a poor sort of job.

When Abraham Lincoln was practicing law his "perverse honesty" was both a nuisance and a source of amusement to his lawyer acquaintances. The very memory of the little legal birds is lost in oblivion, while the great eagle of common everyday integrity, Lincoln, sits permanent on the throne of the world's affectionate memory as a priceless proof that honesty is the essence and the jewel of true greatness.

Diogenes failed to find an honest man, but I once found a contented man in Rogers county, Oklahoma. One Sunday morning in a rural community church I asked the congregation if there was a contented man present, and for him to stand up. After a pause a feeble old man arose. He was poorly clad and appeared of all me to have least to be thankful for; but he averred in a cracked old voice that he was "perfectly happy and satisfied," and resumed his seat. I doubted his assertion until he explained that he was "abiding under the shadow of the Almighty."

If you stay in a rut long enough it will become your grave. Try something new every day and every day will bring you a new sensation. The world's progress is benazed by men and women who refuse to stay in ruts. There is no rust so corroding and damaging as mental rust. The mind is unlike a mental machine—all that it needs is plenty of varied exercise to develop its strength and productivity.

SINGING WELL HAS GEORGIA MYSTIFIED

ATLANTA, Ga.—The world's only singing well is attracting hordes of visitors to Mrs. Cora Lunsford's farm in Webster county, Georgia, where daily concerts are given by this musical hole in the ground.

The well is not limited in its repertoire. It renders vocal, instrumental and orchestral pieces, and at times offers distinct tunes, but for the most part it plays music that seems to be of its own composition.

The well is nothing much to look at. It is probably 65 feet deep, has a conventional wooden shelter, a moss-covered bucket, and clear, cool water. But not a negro farm hand in the community will drink a drop from it. They say the place is haunted and stick by this belief as the only reasonable explanation for the uncanny sounds that issue from the hole dug down into the Georgia clay.

Others of a more scientific turn of mind suggest that veins of metal at the bottom or along the sides enable the well in some mysterious way to capture radio waves and broadcast them. But this explanation is open to various objections. For one thing the nearest radio set to the well is at the little town of Parrott, Georgia, six miles distant. But granting radio is at the bottom of the mystery, how is it that the well is able to reproduce radio waves? What serves as a transmitter? What is the well's loud speaker?

It was January 15 that the well turned to music and since that day its mood has been lyrical. At first it appeared to be interested only in voice culture and hummed indefinite tunes to itself, strange airs that seemed to be born of the earth. In fact, it appeared to some as tho' the earth itself were humming little songs of its own making. But that poetic aspect of the affair did not appeal to farm hands of the vicinity. It is clear in their minds that the

well is haunted and that the spirits of dead men are dancing in circles at the bottom of the deep hole and chanting the music to which their feet move upon the surface of the water.

As though to refute such gloomy views, the well began to sing recognizable airs, chiefly old ballads and love songs. Then as spring began to warm the earth the well seemed to find vocal expression insufficient for its mood and turned to instrumental pieces, rendered by what appeared at times to be a complete orchestra. Most of this music evidently is classical in character, but it eludes the most determined critic bent on giving it a name.

With matters having reached this stage, the well suddenly showed a change of heart by turning to "Il Trovatore" and rendering the most familiar airs from the well known opera as though to prove that it could be popular when it so desired.

The well is more musical at night than in the morning, but it is never silent. At times the violins, cornets, harps and piano can be heard distinctly, as though an underground conservatory were going full blast. Then again they merge into the effect of a well directed orchestra.

This well is situated in a corn field near the Richland-Dawson road and not many miles from the towns of Parrott and Weston. Mrs. Cora Lunsford, owner of the farm, has refused to commercialize the well and insists that the concerts be free. An offer of \$1,000 for the musical hole in the ground has been refused.

Getting the Breaks

From the bedroom of twin boys came the mingled sounds of loud weeping and hearty laughter, so father went up to investigate.

"What's the matter up here?" he inquired.

The joyous twin indicated his weeping brother.

"Nothing," he chuckled, "only nurse has given Alexander two baths and hasn't given me any."

Home Folks Log

Vol. 2 Friday, May 30, 1929 No. 5

HOME FOLKS LOG

Published in the interest of the people of Colorado and vicinity by The GRAY LUMBER CO. Dick Gray—Mgr. Webster Skinner—Ed.

The erection of a new home for Rev. W. M. Elliott will begin in the near future. The new home will be built on the corner of Vine and 7th st.

Lost—A green gold Elgin watch between Hickory and Walnut on 2nd st. Initials on back: W. A. S. If found please return to Gray Lumber Co. and receive reward

Our stock of \$2.00 paint is getting low however we can get plenty more. Why not come down and try a gallon or so on that paint job you have to do.

We join in with many others in welcoming Levine Bros who are taking over the dry goods in the old Adams store.

Mr. C. H. Lasky stated the other day that several years ago we had weather conditions very much like we are having now and that that year there was a very large production of cotton.

Modern men avoid domestic arguments by going to the club even when settled domestic arguments by bringing the club home.

"Oh, oh! those pants fit beautiful, ain't it?" "Yes, but a tittle tight under the arms, don't you think?"

Don't forget to go to church Sunday.

NEW COFFEE URN IS GIFT TO CAFETERIA FROM LIONS CLUB

Fixture Presented When Club Met At School House Last Friday

The Colorado High School cafeteria now has a large and beautiful coffee urn, a gift from the Colorado Lions club. The urn was presented to the cafeteria last Friday noon when the club met at the cafeteria upon invitation of Miss Davies, economics director, and G. D. Foster, manager.

Lion Tom Smith gave a short presentation address and Miss Davies responded with expression of appreciation on behalf of the school and the cafeteria management.

The fixture is one of the latest design, of sufficient capacity to care for the needs of the cafeteria. It is of nickel finish, and is a beautiful piece. It was given by the Lions club as a token of appreciation of the service rendered by the establishment of the cafeteria.

This was the second meeting of the Lions club held at the cafeteria. Several weeks ago they were invited to meet there. Each time the members complimented Miss Davies and Mr. Foster and the boys and girls handling the cafeteria for the fine food and the service given.

The committee which attended the San Angelo State meeting of Lions clubs was asked to report. Bill Randle, chairman, requested postponement because the program of the San Angelo meeting was not available. Other members of the group who attended the meeting said Randle was hanging around the San Angelo Piggly Wiggly store and was not at the meeting of the Lions club, therefore could not report without a printed program.

POOR LAYERS SHOULD BE CULLED FROM FLOCK COUNTY AGENT ADVISES

Poultry flocks should be culled during the next few weeks to remove all hens that are beginning to loaf, County Agent W. S. Foster says. Poor layers usually start moulting sometime in June and loaf through all the summer. Trap nest records show that this kind of hen will not be profitable and should be removed from the flock as soon as they start moulting.

M. E. Carter In Charge of Model Shop Tailoring

M. E. Carter, formerly part owner of the Huron Dorn Tailoring company, is now in charge of the tailoring department of the Model Shop, according to announcement of John Summers, owner of the Model Shop. Carter knows the tailoring business, and while connected with the Dorn Tailoring company, he was instrumental in securing many customers for that shop. Doubtless his connection with the Model Tailoring department will result in an increase in the business of that concern and entire satisfaction to the customers having work done there.

Carter asks his friends to call on him at the Model Shop.

Samuel Womack Receives A. B. Degree at Tech

Samuel Womack, son of Mr. and Mrs. H. D. Womack of Colorado, received his A. B. degree from Texas Technological College at Lubbock last Monday.

Mr. and Mrs. Womack and daughter, Miss Irma, and son, Oren, attended the graduation exercises at Tech Sunday and Monday. They report Samuel recovering rapidly from his recent illness. He suffered a nervous breakdown several weeks ago and had been in a hospital for some time. His many friends here will be very glad to hear that he is recovering rapidly and that he has received his degree from Tech College. He has attended that school four years, having graduated from the Colorado High School in 1925. He made a splendid record in Tech College, having been on the honor roll every semester. He majored in electrical engineering.

WILKINS TO ATTEND NORTH TEXAS COLLEGE

C. A. Wilkins, principal of the Colorado High School, will leave Saturday with Mrs. Wilkins for Stephenville, for a short visit before going to Denton to enter summer session of the North Texas State Teachers' College. Mrs. Wilkins will remain at Stephenville, where she will spend the summer with her mother, Mrs. J. W. Gray.

LANDAU TO SPEND SEVERAL WEEKS ON TOUR OF EUROPE

Manager Of Local Dry Goods Concern To Visit Home After 30 Years

Louis Landau, general manager of the West Texas Dry Goods Company, left Sunday morning enroute to New York, where he will sail June 5th for an extended visit to European countries.

He will stop at St. Louis, Chicago, and New York to purchase new stocks for the company's stores at Sweetwater, Colorado, and Midland, before sailing from New York.

Landau expects to land at his old home in Czechoslovakia on June 24, just 30 years to a day from the time he left there for the United States. His father, Isador Landau, still lives at the old home. L. Landau has not seen his father in many years, and is looking forward to the time with great rejoicing.

Before leaving Colorado, Mr. Landau ordered the Record sent to him at the following addresses: L. Landau, care Isador Landau, Meszarawo, Ulice Cs 56, Kassicce, Czechoslovakia, Kasicko, Zsupo, Europe.

L. Landau has been in the dry goods business in Colorado for many years. He is part owner and general manager of the West Texas Dry Goods Company, formerly the Colorado Bargain House. This company owns stores at Midland, Colorado and Sweetwater. He has built up a wonderful business in West Texas. He has been industrious, thrifty and a good citizen, and has been very successful in his business venture in the United States.

His son, Charlie Landau, last year visited Europe for his first time. He spent several months in the old country and visited the Holy Land and practically every country in Europe.

SCURRY COUNTY TEST TO SEEK WESTBROOK AND CHALK PAY SAND

V. E. Cottingham and Glenn O. Briscoe, San Angelo consulting geologists, have blocked approximately 7,000 acres in Scurry county on which they will start a test for oil within 60 days, in the center of the southeast quarter of section 427, blk 97, Houston & Texas Central Ry. survey. The well will be No. 1 Russ and will be carried 3,500 feet unless production is obtained shallower.

The location is about 2 1/4 miles south of Fluvanna, which is the northern terminus of the Roscoe, Snyder & Pacific railroad, is only 1 1/2 miles east of the Scurry-Borden county line and 8 miles south of the Garza-Scurry county line. The nearest test that has been drilled was Silvers & Streeters No. 1 Snodgrass in Borden county about 9 miles west and 3 miles north. It recently was completed dry at 3,500 feet.

Cottingham & Briscoe No. 1 Russ will be 14 miles south and slightly west of Emerald Oil Company's production on the Borden land near Justiceburg in Garza county. It is suggested that a similar trend of producing areas may extend southward from the Borden field, west of and somewhat on an echelon to the Ira field in Scurry county, the Westbrook pool in Mitchell county, and Chalk field in Howard and Glasscock counties. In drilling 3,500 feet, Cottingham & Briscoe's No. 1 Russ will test the three lime horizons in the Chalk field and the two lime pay horizons in the Westbrook field. The Chalk field produces from 200 feet in the lime, 370 feet in the lime and 800 feet in the lime, while the Westbrook field produces from 900 to 1,400 feet in the lime.

PECAN AND FRUIT TREES BEAR EARLY AT MCGUIRE FARM

Pecan trees budded two years ago on the M. E. McGuire farm north of Buford have set nuts this spring. Nursery trees five years old are also setting nuts.

Mr. McGuire has a three-year-old Texas apple tree that is bearing apples this year.

CALIFORNIA COMPANY TO DRILL NEW FOSTER WELL

The California Company has made location for their Foster No. 7 lease, No. 1, in the Iatan field. The well is 733 feet from the south line and 1,580 feet from the west line of section 6, block 29, T1s, T. & P. Mitchell county. This company's Foster No. 6 recently came in for production of better than 100 barrels per day, which was the best well in the Iatan field.

LEFT SUNDAY FOR EUROPEAN VISIT

LOUIS LANDAU General Manager of the West Texas Dry Goods Co.

Colorado Young Woman Graduates At Canyon School

CANYON, May 24.—Colorado is represented in the graduating class of the West Texas State Teachers' College by Mrs. Edna Smith Welsh, daughter of Mr. and Mrs. N. T. Smith of Colorado, who will receive her Bachelor of Arts degree May 29.

Mrs. Welsh has been prominent in college activities during her stay here. Due to her high scholastic standing she was elected to membership in the Lloyd Green Allen Scholarship Society. She has also identified herself with the Elphesian Literary Society, Phi Alpha Tau, which is the college sociological society, and the Young Women's Christian Association.

The class with which Mrs. Welsh finishes is the largest in the history of the institution. There are 110 graduates, coming from 46 Texas communities and from Kansas, Oklahoma and New Mexico. The Baccalaureate sermon will be delivered by Bishop Irving Johnson of Denver. Dr. J. D. Sandefer, president of Simmons University, will make the commencement address, and degrees will be conferred by President P. A. Hill.

CRAIGHEAD BOY GETS SILVER CUP FOR BEST PIG IN CLUB CONTEST

AWARD MADE BY PURINA MILLS OF FORT WORTH; ALSO GETS DALLAS TRIP

A silver loving cup will be awarded Garvie Craghead by the Purina Mills for having broken the State record for the heaviest 6-months-old pig entered in the pig feeding contest of the 4-H Clubs this year. The cup is now being engraved and will be presented at the 4-H Club Rally Day, which will be held some time in June. In addition to the cup, Garvie will receive a trip to the Boys' 4-H Club encampment at the Dallas Fair, which is given to winning club boys by the State Fair Association.

DR. ROOT TO SPEAK NEXT SUNDAY AT BAPTIST CHURCH IN WESTBROOK

Dr. C. L. Root of Colorado will speak at the Baptist Tabernacle in Westbrook on "God Revealed in the Study of Anatomy and Physiology," next Sunday afternoon at 3 o'clock.

Dr. Root delivered this talk in Colorado, and Westbrook citizens who heard it invited the physician to come to their town and deliver the same address. This invitation was accepted by Dr. Root, and next Sunday afternoon at 3 o'clock was the hour set for the talk.

After the address there will be the regular Sunday afternoon singing meeting.

McHANEY GOES TO KATY

Mr. and Mrs. A. R. McHaney left Tuesday for their home at Katy, Texas, where Mrs. McHaney will spend the summer, while Mr. McHaney will attend summer school at Sam Houston State Teachers' College at Huntsville. Mr. McHaney has been principal of the Hutchinson school for the past three years. He has been offered a place in the San Marcos schools and also a place as principal of the grammar schools at McLean, Texas, for next year, but he is undecided as to next year's work. Mr. and Mrs. McHaney have many friends here who regret that they will not return to Colorado next year.

LEE REPORTS GOOD MEETING OF WEST TEXAS LAUNDRYMEN

Sweetwater Convention Had Fine Program; Fall Meet In Mineral Wells

The Spring meeting of the West Texas Laundryowners' Club, held in Sweetwater last Saturday, was an interesting and instructive convention, according to J. Ralph Lee of Colorado, president of the club. The attendance was cut some on account of heavy rains and bad roads, but the program was interesting and brought much valuable information to the members.

The convention was called to order by Mr. Lee, who presided throughout the session. Mayor C. W. Bryant and Monte E. Owen welcomed the laundrymen and a response was made on behalf of the laundrymen by Frank King of Big Spring.

Mr. Lee thanked the members for their loyalty to the organization, and their efforts to make the club a success. Secretary C. Ben Simmons of this city made an interesting report. A general discussion followed on "Wash Room Problems."

The principal was made by Miss Laura Murray of the Bureau of Vocational Training of the University of Texas, on "What the Public Expects of the Route Man." Her address was based on the word "Service," which she declared exemplifies sense, efficiency, reliability, vitality, initiative, courtesy, and enthusiasm.

Miss Octavia Cooper, vocational training director of Colorado, addressed the assembly, after which Mineral Wells was selected as the place of the fall meeting of the club. Luncheon was served to the laundrymen at the Wright Hotel, during which the Sweetwater Gypsy Girls gave a program.

During the afternoon, the laundrymen were guests of the Sweetwater Gun Club and the Sweetwater Country Club, where some very creditable scores were turned in by the visitors. Will Simmons of Coleman was high gun among the laundrymen with 95 out of 100.

TAIL TWISTER OF LIONS CLUB MAKES 'EM ALL PAY OFF

At the Colorado Lions Club, where Roy Farmer presides as Tailtwister, they all look alike to this important official of the club. Tail-twisting has evolved itself into an art untroubled by the official standing of the culprit, when the matter of a breach of rules is detected by Lion Farmer.

Last Friday the smallest but most efficient Tail Twister popped a fine on President Ralph Lee for addressing Tom Smith as "Thomas R. Smith," and warned the chief executive of the club that he would continue the process until the gavel wielder got to where he could call the members by their right names. Lee paid off after Farmer had threatened to "go to the ground" with him if he did not.

Roy Farmer has been Tail Twister for the Lions Club for two years. He certainly steps on the gas when a Lion member gets out of order, and he makes the King of Beasts get high wind when an infraction of the rules is apparent. He holds his job because he makes 'em all pay off alike. The president looks just like a common jungle beast when the Tail Twister gets after him. And boy, it tickles the members, and how!

RECORD PRINTER HOME FROM BEAUMONT VISIT

Bill Turner, printer in the Record office, is back on the job after having spent two weeks in Southeast Texas visiting relatives and watching the bathing beauties on the coast.

He and Mrs. Turner and her mother, Mrs. W. H. Howell of Lorraine, spent vacation in Port Arthur and Beaumont, after having visited San Antonio and Houston enroute. At Beaumont they visited Mr. Turner's parents, Mr. and Mrs. H. H. Turner, and a brother of Bill's.

They, of course, went fishing and boating in the coast waters, and Bill played around in the brine every chance he got. They report an excellent trip and a very enjoyable visit.

BAPTIST MEN'S BIBLE CLASS

The Men's Bible class of the First Baptist church served at the regular luncheon Wednesday night at the church. Their wives played a conspicuous part, as usual. Eight members of the class were present and got much pleasure out of serving. Fifty-five plates were sold. We solicit men who are not in any Sunday school to join our class. We need you. ERNEST KEATHLEY, Sec'y.

Mr. and Mrs. J. W. Randle, owners of the Piggly Wiggly store, left Sunday for Childress to visit relatives. They will return to Colorado Thursday afternoon.

Mr. and Mrs. J. L. Mooty of Tyler, who were the guests of Dr. and Mrs. P. C. Coleman last week, returned to their home the latter part of the week.

HIGH SCHOOL NEWS

TAKEN FROM "THE HOWL"

FRIDAY MORNING BREAKFAST WAS AN ENJOYABLE AFFAIR

The Senior Class and the members of the high school faculty were honored with a breakfast on Friday morning by the Baptist women. The guests were received by Mrs. Jack Smith, Mrs. Clyde Bennett, Mrs. W. C. Ashford, Mrs. Rose, and Rev. W.

C. Ashford. Tables were laid in the dining room in the basement of the church. Very lovely decorations of roses in graceful baskets and as centerpieces featured the chosen rose color of the class. A delicious two-course menu of oranges, fried chicken, rice, gravy, sliced tomatoes, hot biscuits, and coffee was served.

THE FULL-SIZE TWO-DOOR SEDAN, \$675

PLYMOUTH

Looks Quality - Acts Quality
-- Is Quality

THERE are people to whom Plymouth's big attraction is its Chrysler-designed smartness.

Some people buy the full-size Plymouth largely because it is the largest and roomiest car to be had at anywhere near its price.

To other people, the main reason for buying Plymouth is its impressive

power—its amazing pick-up, its unflagging stamina, its delightful smoothness and flexibility at all speeds.

Still other people choose Plymouth primarily because it is so safe to drive, with its perfect balance and stability, and the easy, positive control of its Chrysler weatherproof internal-expanding 4-wheel hydraulic brakes.

\$655 and upwards
Factory

Six body styles, priced from \$655 to \$695. All prices f. o. b. factory. Plymouth dealers extend the convenience of time payments.

PLYMOUTH

AMERICA'S LOWEST-PRICED FULL-SIZE CAR

HENDRIX-WOLDERT CO.

COLORADO, TEXAS

HURRY WITH THE SERVICE CAR

THE OIL BROKE DOWN
DON'T LET THIS HAPPEN TO YOU

STRANDED five miles from nowhere because the oil wouldn't do its job! Has that happened to you? If it has, the chances are that you were not particular the last time you had the crankcase drained—or perhaps you ran too long without changing the oil. This will be a slack summer for service cars if motorists will remember two things: first, to change oil regularly, and secondly, to use only a brand of oil which they know from their own experience or the experience of others will stand up under the most trying conditions of motor operation.

Conoco Motor Oil insures protection. It seals compression—saves gasoline—fights friction. Stands up under most intense cylinder heat. In short, does a complete lubricating job in all kinds of weather. Ask for the grade made especially for your car.

EXTRA LIFE for your car

Conoco Amalite is 100% Pennsylvania Oil—refined from premium crudes by a special process. Universally recommended by automotive engineers and lubrication experts. Through a selective laboratory and road tests it has demonstrated its ability to lubricate properly under the most trying conditions of motor operation.

CONTINENTAL OIL COMPANY

Producers, Refiners and Marketers of high-grade petroleum products in Arizona, Arkansas, Colorado, Idaho, Kansas, Missouri, Montana, Nebraska, New Mexico, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wyoming

welcomed the guests in her own gracious manner, and introduced the speakers. Mr. Watson spoke in behalf of the school board, and Miss Henderson gave a tribute to the Senior Class which she has sponsored this year. Rev. Ashford spoke briefly but impressively to the class. Mrs. Wilkins sang "The World is Waiting for the Sunrise," and led the entire assembly in singing "Auld Lang Syne" as the conclusion of a very happy occasion.

The Senior Class and the Faculty appreciated deeply this courtesy by the Baptist women.

WHAT SENIORS ARE GOING TO DO DURING NEXT YEAR

Of the forty-seven Seniors who are expecting to graduate, several are undecided about what they are going to do next year. We are hoping that each will choose the thing which he will be the most able at doing and which he will enjoy doing. Seniors, let nothing keep you from college; remember—"I am going to school until I get through."

Following is a list of the Seniors who are going away to school, with the name of the school:

John Shurtleff—Either Rice or State University.

Beola Kirby—S. M. U. or McMurry.

Lenorah Cook—T. C. U. or A.C.C.

Doyle Kiker—McMurry.

Corine Lupton—C. I. A. or McMurry.

Irene Dorn—McMurry.

Lois Reese—A. C. C.

Edna Smith—T. C. U.

Wesley Giddens—El Paso School of Mines.

Gertrude Sailors—T. C. U.

Mary Belle Bremard—Sul Ross.

Eugene Soper, Mike Porter, and Edward Grizzell will probably attend Texas Tech at Lubbock.

Alice Cooper, Lucile Rose, Lucile Ashford, Margaret Mann, Ruby Lee Bohannon, Kathryn Gage, and Thelma Harrison will probably attend Simmons.

Josephine Chesney, Katharine Price, and Robert Dolman will attend college, but they are undecided as to where they are going.

Barton Church, Mary Lee Weaver, Lola Murl Johnson, and J. C. Robinson have not yet decided whether or not they will go away to school.

Ploy Galey will attend Colorado High School again for a commercial course.

Virginia Webb, Scott McKenney, Marie Johnson, Hoyt May, Ina May Cary, Louise Gann, Dezie Gaden, Jewell Geisen, Hattie Adelle Hutchison, Fred Hutchinson, Scottie Spalding, Martin Dobbie, Irma Mae Jarman, Lillian Bynum, and Travis Daugherty will probably not attend school.

Several of these boys and girls have had commercial work and are now ready to work in town.

Best of luck to all, whatever they do.

FORENSIC SOCIETY MEMBERS GET EMBLEMS

The members of the National Forensic Society will receive emblems for work done in public speaking. These emblems may be secured in the form of a pin or a watch chain. They are being bought for six or seven of the high school students and are paid for by the school. Those receiving these emblems are the four debaters, the declaimers who have done sufficient work in high school public speaking, and the extemporaneous speaker.

HIGH SCHOOL STUDENTS PLAN FALL COURSES

Mr. Wilkins has handed each student a list of the subjects which will be offered them next term. From these they are to choose the subjects which they will take. Most of the students know now the subjects they will take next fall and the authorities will know how to plan the schedule.

Colorado High School will offer a new subject to the boys next year—Vocational Agriculture. This will be on a parallel with Home Economics and will be a double-period class.

THE LONE WOLF IS ATTRACTIVE YEAR BOOK

The students of Colorado High School, the faculty, and the citizens of Colorado are very proud of the seventh volume of "The Lone Wolf," which has just been distributed. It is dedicated to our beloved friend and superintendent, Ben S. Peck. We are very proud of the editor, Lenorah Cook; the business manager, Hoyt May; the staff, the Senior class, and the entire school for being able to publish such an excellent year book. We wish to thank each and every person for their hearty cooperation in publishing this volume of "The Lone Wolf."

The binding of the book is attractive. It is of blue with a gold medallion showing an arrow head and Indian head, and the name of the book. The four figures on the corners of the cover are typical of the pioneer days of West Texas. We are very proud of the Art Staff for their work. Each section of the book is illustrated by an Indian design.

There are a number of new features in this volume. The pictures of the superintendent and the principal at their desks are fine. The pictures of the school building are especially attractive. The group pictures and the individual class pictures are uniformly good.

There are fifty-five senior pictures in the annual; fifty-one juniors; forty-seven sophomores; and fifty-seven freshmen. The "Favorites" pictures are fine, and the families and snapshots were clever. The pictures of the different clubs and organizations are very attractive.

Athletic—these, which we like! The football pictures are fine, and we certainly like the way they are arranged. Coach Campbell's picture shows a pleasant smile. Coach Bennett forgot to smile, but his picture and the pictures of his basketball girls are good.

The entire book is excellent, and we challenge any of the succeeding senior classes to publish a year book of which the student body is more fond than they are of this, the 1929 volume of "The Lone Wolf."

MARTHA REBA HUBBARD TO BE EDITOR OF LONE WOLF ANNUAL NEXT YEAR

Martha Reba Hubbard has been chosen editor of the high school year book, "The Lone Wolf" for next year. This is a well-deserved honor for Martha Reba has just completed a successful year as editor of "The Howl." Her experience and training, together with her enthusiasm and leadership, assure a successful "Lone Wolf" for 1929-30.

CLUBS DEMONSTRATE PURE SEED

By W. S. POSTER, County Agent, Mitchell County, Tex. Mitchell County 4-B Club members will carry on pure seed demonstrations in their work with maize and cotton this year. Half of each boy's crop will be planted with pure seed and half with the seed ordinarily used on the farm, and next fall the cotton and maize from each lot will be weighed in order to determine the value of the pure seed.

The pure maize seed are being furnished by the Colorado, Texas, chamber of commerce, and are from pure line Experiment Station seed, grown

ALAMO HOTEL RATES

Ernest Kenworthy, Owner and Mgr. Second Floor Rooms:

2 to a bed \$1.25, or \$5 a week.
Third Floor Hall:
1 to a bed 50c, or \$2 a week.
2 to a bed 35c, or \$3.50 a week.
Gas heaters in rooms.
Hot water in each hall.
Frigidaires in the lobby.
Light Housekeeping Rooms and "Bachelor Dens" to Rent.
Your Patronage Appreciated.

and kept pure by local farmers who are specializing in producing good seed. Cottonseed will be sold to the club members by local dealers at cost, and half of this amount will be refunded if the club member furnishes the dealer with a copy of his record.

Heretofore, prizes in club work have been offered for total yields, and since moisture is a limiting factor in this section, the increased yield of club acres was often due to the fact that the boys selected low land that received more than its share of moisture.

With the change in the rules of the contest, each club member will be a pure seed demonstrator, and the boys' records should give a good idea of what can be expected of pure seed in this section.—Farm and Ranch of Dallas.

LOCAL INSURANCE MEN SEEK AID IN READING ADDRESS OF CUSTOMER

George B. Root and Jack Reynolds, district agents of the Southland Life Insurance Company, have received a letter from the home office advising them of the foreign address of Louis Landau of Colorado, who left Sunday for a tour of Europe. Landau stopped in Dallas and gave the company his European address, and the company forwarded the same to the local agents. They say the thing is a cross-word puzzle to them, but that Landau knows where he is going and their policies will cover his life there just as effectively as if he were at home in Colorado.

But that is not the point on which this story is based. Mr. Root appealed to the editor of the Record for help in reading the address, and we admit that we can't do the task. We are passing the same on to the readers of this paper. If they know where this place is, we would like to have them tell us. Anyway, it reads like this:

Mr. Louis Landau, Cape Isador Landau, Meszarwo Ulico Cs 56, Kasicko, Zsupo, Kassice, Czechoslovakia, Sbrdul! ??? ! Sbrdul, Cmrfwpeain, Europe.

If that address don't get him, he's probably left there.

GAS PUBLICATION IS OUT

The first edition of a monthly publication called "The Blue Blaze," issued by the Lone Star Gas Company and its affiliated companies, has just appeared. The magazine is published for employees of the Community Natural Gas company, the Municipal Gas company, the Dallas Gas company, the Fort Worth Gas company, the Meridian Gas company, County Gas company, and the Lone Star Gas company.

The publication contains considerable news of employee activities and also interesting articles on constructive work being undertaken by the various companies. The front cover of the first issue is an artist's illustration of the discovery of fire, with the title, "The Birth of Fire." This is the first of a series of cover illustrations for the magazine which will trace the evolution of fire from prehistoric times down to the present day of natural gas. The first issue has 86 pages, including the covers.

How to Raise Poultry

By Dr. L. D. LeGear, V.S., St. Louis, Mo.

MAKING TURKEYS PAY

Comparative Scarcity at Times of These Fowls When Most Wanted Insures Profitable Market; Problem of Raising Birds Not as Difficult as Ordinarily Supposed.

"Can't these provide naught but this eternal turkey for our board, Goodman?" quoth some Prudence Pennyfeather in a hot of a pet. "Me thinks this gloomy forest is full bright enough to have in it all birds and beasts created since the Deluge!"

Goodman Pennyfeather snatched up his blunderbus and returned a bit acidly. "Beasts and birds there are plenty in your forest and hostile Indians, too—while turkeys in plenty are at our very door. Nae-the-less, I shall try again to appease thy impatience."

That might have happened in Pilgrim days. Even right after the Civil War wild turkeys were so numerous in some parts of the country as to constitute an actual pest. They raided grain fields with such devastating effect that it was a problem to cope with them. Now quite the reverse is true.

Of course, no one is surprised to learn that the wild turkey is practically extinct. One would think, however, that the periodical demand created by our great national feast days would cause poultry raisers everywhere to devote a considerable part of their time to turkey raising.

PREACHES GOOD SARGON DID, TO ALL HER FRIENDS

"Since taking Sargon I have felt in better health than in the last five years. My stomach was in such an upset condition that most everything I ate soured instead of digesting properly. I would have such bloating pains after each meal that I hated to eat. About twelve years ago I had a fall, injuring my hip and knee, and I have been troubled with rheumatism in my joints ever since."

MRS. LULA E. PETERSON

"An inactive liver caused me to be constipated and I was continually taking laxatives. I had many a restless night from all this suffering and would be as tired in the mornings as though I had never gone to bed. Nothing I took helped me. Sargon made me feel like a different woman. My appetite has come back and I enjoy my meals. My stomach is soothed and my digestion improved so I don't suffer bad effects after eating. The rheumatism disappeared and I rest much better at night. I get up in the morning feeling refreshed and full of life and energy."

"Sargon Soft Mass Pills toned up my liver and rid me of constipation in a natural manner. My whole system is reconditioned and filled with new health."

"Sargon has helped me so remarkably that I am preaching to all my friends about its benefits and will continue to praise this wonderful medicine every chance I get."

The above statement was made recently by Mrs. Lula E. Peterson, a highly respected resident of 7814 Sherman St., Houston. Mrs. Peterson is a member of the Royal Neighbors Society, and also belongs to the Baptist church.

Sargon may be obtained in Colorado from the Colorado Drug Co., 18 West Brook from Margaret Lasseter, and in Loraine from Hutchinson & Hall. Adv. 11

MOODY SAYS AUDITOR'S BILL WORTH PRICE OF SPECIAL CASE SESSION

AUSTIN, May 27.—Gov. Moody has signed the bill creating the office of State auditor and providing for examination of the departments for efficiency of employees and clerical forces.

"This is one of the best laws ever placed on the statute books," Governor Moody said. "If it had done nothing more, this session of the legislature could have justified its existence in this accomplishment alone."

Moody estimates the bill will result in a saving of from \$100,000 to \$200,000 per year, and in special instances it might result in saving the State several million dollars.

The Road To Good Health

Is around the counters of the City Meat Market. As you look around you will see a tempting display of meats awaiting your careful selection . . . and, best of all, the prices will be gratifyingly reasonable.

FRIGIDAIRE

THE QUALITY OF AN ICE REFRIGERATOR

B. A. ALLEN
CORPORATION
CORPUS CHRISTI, TEXAS

PRICES AS LOW AS... COMPLETELY INSTALLED

What could be simpler?

GENERAL ELECTRIC Refrigerator

When the General Electric engineers worked over this refrigerator for fifteen years, they surely knew what they were about. They wanted something simple but efficient—and they got it. This refrigerator hasn't a pipe or a fan or a belt. It hasn't a bit of machinery hiding under it—or nestling in the basement. It never needs a drop of oil. All its mechanism is sealed away from the pitfalls of this world in a casing of steel, air-tight.

else will have to. For it's all assembled in the factory, where it is tested any number of times. Then it's hermetically sealed. When we deliver it to you, we don't have to solder a single joint, or connect a single pipe or twist a single screw. We just lower it into the top of the cabinet—built to receive it. All you have to do is to plug it into any convenience outlet.

Can't get at the machinery, nor can't either—and no one

Why not drop in and see the many models? And, by the way, you can buy on time, if you prefer.

LORAINE NEWS

Local and Personal News About Loraine and Vicinity
MRS. ZORA DEAN

Mrs. Dean is also authorized to receive and receipt for subscriptions for The Colorado Record and to transact other business for Whipkey Printing Company in Loraine. See her and take your County paper.

Sunday afternoon, May 26, Miss Margaret Malissa Porter, daughter of Mr. and Mrs. J. W. Porter of Roscoe, and Mr. Clifford Howard Keys, son of Mr. and Mrs. J. M. Keys, also of Roscoe, motored to the home of Rev. G. W. Butler of Roscoe, where they were united in marriage. Miss Elizabeth Porter, sister of the bride, and Mr. Jesse Lee Geron, of Goodo, accompanied them. When they returned home a large crowd of friends and relatives were waiting to welcome them. Sandwiches, punch and cake were served to Mr. and Mrs. Howard Keys, Mr. and Mrs. J. W. Porter and children, Mr. and Mrs. J. M. Keys and daughter, Mr. and Mrs. J. D. Porter of Merkel, Mr. and Mrs. L. M. Wright and children, Mr. and Mrs. J. L. Draper, Mrs. B. F. Goodnight, Mr. and Mrs. B. F. Alexander, Misses Edyth, Ruby and Fay Wright, Messrs. Joe Snyder, Finis Fox, Edgar and Oscar Hallmark, Albert Driggs, and Jesse Lee Geron, all of Roscoe, and Mr. and Mrs. J. Omer Saunders, Mr. and Mrs. W. A. Jackson and family, Mr. and Mrs. Morgan Charles and Tennie May Charles, all of Loraine. Mr. and Mrs. Keys will make their home south of Roscoe.

Another Wedding
Miss Bernice Newton and Mr. Harold Hallmark were quietly married at the Baptist parsonage by Rev. N. E. McGuire, Saturday night at 8:30. The bride was a member of the 1929 Loraine High School graduating class and is the daughter of Mr. and Mrs. T. J. Newton who reside here. The groom is the son of A. S. Hallmark of Roscoe. The many friends of the newlyweds extend congratulations.

B. L. Templeton, wife and daughter left Saturday to make a short visit with relatives at Ranger and Dublin before Mr. and Mrs. Templeton will enter school at John Tarleton College.

M. S. VanGundy left Sunday for Austin, to enter the State University. Misses Inez Mayes and Ethry Dean visited college friends at A. C. C. last Friday.

Bill Hilley and Mr. and Mrs. H. H. Hilley of Abilene visited here Sunday.

Mrs. C. P. Snow and Mrs. C. E. Tucker are visiting in Eastland.

The summer session of the Loraine High School opened Monday, May 27, with a large enrollment. The six-weeks' term is being taught by Mr. H. E. Blythe.

Heavy rains fell here Friday night and Saturday afternoon, followed by a shower of hail. Farmers in most instances are busy replanting all or a part of their crops this week.

Misses Lola and Mildred Coffee

were home from A. C. C. visiting on Monday.

The erection of two filling stations and an office building are under construction in the down-town section this week.

Mr. and Mrs. Fred Ison were entertained with a wedding shower at the home of Mr. and Mrs. G. W. Hendrick on Friday evening from 7 until 9. The happy newlyweds were recipients of many beautiful gifts.

(Note: The following news items were received too late for publication in last week's issue of The Record.)

One of the prettiest home weddings of the season was solemnized at the home of G. W. Hendrick when Fred B. Ison and Miss Henri Gay Jones were united in the holy bonds of matrimony at 2 o'clock, Sunday, May 19, where Miss Jones has made her home for the past two years. Artistic arrangements of the decorations were beautiful. Miss Frances Bennett played the wedding march. The ceremony was witnessed by a few intimate friends and was performed by Rev. N. E. McGuire. After the ceremony the guests were served with refreshments, which consisted of iced food cake and ice cream. The bride is a teacher in the Loraine High School, where she has made a wonderful success for the past three years as instructor of foreign languages. The groom has been employed for the past several years with the Loraine Mercantile Co., where he is a popular favorite of the dry goods trade far and near. This popular young couple left immediately after the ceremony for San Angelo, and will be at home to their many friends in Loraine following their return from their honeymoon trip.

Another Wedding
Miss Willie Rieburg and Mr. H. E. Barrier, former Loraine teacher and principal of the Lone Star school were married Tuesday, May 14, at Handley, Texas. The bride is the beautiful daughter of Mrs. Joe Rieburg. She is a general favorite among her many friends and quite popular with the younger set. Mr. and Mrs. Barrier will make their home at Mt. Pleasant, returning here at beginning of the next school term at Lone Star, where Mr. Barrier has been re-elected as principal.

The Loraine High School program closed Monday evening, May 20, at the high school auditorium, where a graduating class of 28 members received their diplomas. Judge G. H. Mahon gave the commencement address, and it was a beautiful one. Misses Ruth Coon and Selma Harris tied for high honors, for valedictory, each making an average of 96.50. Scholarships were delivered from various colleges by Rev. N. E. McGuire. Delivery of the diplomas was made by Thos. J. Hiden, president of the board of trustees.

H. E. Blythe, superintendent of Loraine schools, has been called to his home at Athens on account of illness of his little daughter with scarletina.

The Valley View school closed on Saturday, May 18, with a program which was witnessed by a large and attentive audience. The school had a very successful term, and prospects are bright for a continued success next school year. The principal, B. L. Templeton, and assistants, Miss Mary Belle Adams of Mineral Wells, and Miss Grace Hardin of Loraine, were re-elected for another year. Mr. Templeton, however, is the only one who has accepted the position. The young ladies are to fill positions in other schools in neighboring counties. Miss Adams is to teach at Brownlee in Nolan county, and Miss Hardin at China Grove, in Scurry county.

ABILENE MAN NOW PRAISES ORGATONE

Mr. Jake Zablouil Feels That He Has Taken a New Lease On Life—Suffered Six Months

Mr. Jake Zablouil, a prominent capitalist, oil man and banker who resides at 802 Orange St., Abilene, Texas, comes forward with his unqualified endorsement of Orgatone. "Not in years," said Mr. Zablouil, while in Harvey Hays' drug store at Abilene, recently, "have I enjoyed such good health or felt so well generally as I do since taking Orgatone. One bottle of this medicine has done me more good than all the other treatment and medicines I have taken in the last six months' combined."

At the time I began taking Orgatone my stomach had been in bad shape and I would suffer from a dull ache or a burning sensation in my stomach. Occasionally gas would bother me after eating and I would have cramping pains. I was also in a run-down condition and know that I wasn't up to par.

"Well, I tried a good many things but nothing helped me until I got Orgatone and now I am just like a new man. Before I took Orgatone myself, I did not believe half they were saying about it, but I had not been taking it but a few days until I was convinced of its value. I do not have that soreness any more and I can eat just anything I want without the slightest trouble from it. In fact, I just feel like I have been given a new lease on life and I feel that I owe it to the public to tell my experience with this meritorious remedy."

Genuine Orgatone may be obtained in Colorado at the Colorado and City Drug Stores. Adv-11

AUTOMOBILE PARKING IS VITAL TO COMMUNITY INTERESTS SAYS EXPERT

The parking situation is a serious problem to every city, town and village in the country, according to the Town Doctor, in a copyrighted article by A. D. Stone.

It is not always the fault of the present generation that many communities have horse and buggy thoroughfares, and seldom can an increase of parking space in the business section be created fast enough to keep up with the ever-increasing number of automobiles. At the same time, the amount of retail business done in a community and amount of business to be derived from motor traffic depends to no little degree upon the amount of available curb parking space.

A given block can accommodate only so many automobiles—an adjacent lot has a given capacity and no more. Therefore, it is a problem of two things—turning of space or getting more cars in and out of one space in a given length of time, and eliminating the deadhead or non-business productive cars that occupy the available space.

The first is a matter of a parking time limit, requiring a city ordinance taking into consideration that the

specified time limit is equitable; such an ordinance is only as good as enforced. The second is a matter of common, everyday business judgment and foresight and cooperative fairness by and among the business people and citizens in general, and in this way the parking space of most communities can be, figuratively speaking, increased all the way from ten to twenty per cent.

In a recent survey of parking conditions in a midwestern city, it was learned that of the parked cars in the downtown area (the check being made in the morning, at noon and in the late afternoon), 23 per cent of the available parking space was occupied continuously from morning to night by the same cars, 81 per cent of which cars owned by local business and professional people—two merchants having two cars each for the full day; also that the average parking time per car was two and one-half hours; therefore, each car parked continuously deprived three and one-fifth customers of a space to park.

You cannot expect business from your trade zone, from other towns or from motor traffic if you do not provide a place for potential customers to park the cars they use as a means to get to your city.

And remember, if your community, your town, doesn't do it, some other town will and the town that does it will get the business.

CAMEL CIGARETTES

WHY CAMELS ARE THE BETTER CIGARETTE

Camels contain such tobaccos and such blending as have never been offered in any other cigarette.

They are made of the choicest Turkish and American tobaccos grown.

Camels are always smooth and mild.

Camel quality is jealously maintained . . . by the world's largest organization of expert tobacco men . . . it never varies.

Smoke Camels as liberally as you choose . . . they will never tire your taste.

Nor do they ever leave an unpleasant after-taste.

Got Up in The Morning Feeling DIZZY

"I BEGAN to suffer with headache and biliousness," says Mr. John C. Malone, of Buena Vista, Ohio. "I had a hurting through the middle part of my body which seemed to come from indigestion. I would get constipated, and then feel all out of sorts. I would get up in the morning feeling dizzy, and everything I ate would disagree with me. "Someone asked me why I did not try Black-Draught. I found it to be just the medicine I needed. When I feel a spell coming on, I begin by taking a dose of Black-Draught, dry, at night. I continue to take it for several days, and in a short while I am feeling fine. It is all the medicine I need." Costs only 1 cent a dose.

Black-Draught
For CONSTIPATION, INDIGESTION, BILIOUSNESS

WOMEN who need a tonic should take Cardul. In use over 50 years.

ZANDER-GUMP WEDDING JUNE 11 CULMINATION OF WONDERFUL ROMANCE

Uncle Bim and Widow Zander Be United In Holy Bonds Of Wedlock Here

LOCAL GUMPS ASSIST

Andy And Min Cease To Object Since Fortune Of Uncle Has Been Spent

At last Uncle Bim Gump and the Widow Zander may realize their dream of happiness without the interference and objections of Andy and Min. The famous Australian mine owner and the more or less famous Gold Digger from Kalama-zoo are to be married at the high school auditorium Tuesday, June 11.

Mrs. Henrietta Zander will take the name and the small remaining portion of Uncle Bim's fortune at this public wedding, which all the relatives of the Gump family will attend, and in which Min and Andy will play a leading role. Andy and Min have ceased to object to Uncle Bim taking the Widow Zander for better or worse since his Australian gold has turned to brass. While Uncle Bim was wealthy Andy and Min guarded him jealously, but since his gold mine has begun to produce only flint rock and water, they have consented for him to take the fair and clutching hand of Henrietta.

The wedding is sponsored by the ladies of Circle One of the Missionary society of the First Baptist church. Admission fee of 35c for adults and 20c for children will be charged, which the Gumps are donating to the ladies of this circle to go into the Baptist church building fund. The Baptist ladies really expect Uncle Bim to donate a large part of his second fortune to the church building fund. When he and the widow start life all over in Ataska and strike gold, they promise to send back a carload of the precious metal in part payment for the services rendered by the Colorado Baptist women in helping them to unite their lives in the holy bonds of matrimony.

Mrs. O. Lambeth and Mrs. C. H. Lasky, assisted by Mrs. Julian Hammond in rehearsal, have been leading in the plans for the wedding. Other women of Circle One, and several individuals have helped with the plans and will contribute no small part in the successful completion of the ceremonies.

The wedding will be broadcast by WAFF. The popular announcer who has probably announced more and seen fewer weddings than any other individual, will announce over this high-powered station for the Zander-Gump wedding. With a hook-up of international scope, the largest audience in history is expected to listen in on the wedding. The new five million watt station of WAFF will be used for the first time on this occasion. It is expected that the twenty million candle power radio tube of this station will spread the

OCTOBER 24, 25, AND 26 TO BE W. T. C. C. DATES

VERNON, May 21.—Dates for the eleventh annual West Texas Chamber of Commerce convention were set for October 24, 25, 26, by the advisory board in session here Tuesday. The tentative dates of July 2, 3, 4, suggested by the Seymour district convention last week were abandoned in deference to numerous protests from secretaries who had local celebrations already planned.

A definite statement from George Akerson, secretary to President Hoover, to the effect that the President is going to visit Texas this year was read by D. A. Bandeen of El Paso, and the October dates were selected with the reservation that in case President Hoover wanted an earlier date, such could be arranged. Unusual conditions in El Paso on account of the Mexican revolution forced postponement of the original dates set for May. Mr. Bandeen reported that hotels in El Paso were crowded to capacity by refugees from Mexico, by newspapermen and others in the border city on account of the Mexican trouble and that it would have been impossible to have properly handled the convention in May. However, the conditions there will be normal by fall he believed.

The U. S. army maneuvers scheduled for this month were also postponed on account of the Mexican situation and the same dates in October have been set for military concentration.

LEGION AUXILIARY OFFICIALS ATTEND BROWNWOOD MEET

Joint Meeting Of 5th And 17th Divisions Held There Saturday

Mitchell county was well represented at a meeting of the American Legion Auxiliary of the Fifth division and the Seventeenth district at Brownwood Saturday, by Mrs. C. R. Farris, president of the Oran C. Hooker unit 127 of Colorado; Mrs. J. G. Merritt, vice president of the Fifth division, and Mrs. Gilbert Quinney.

Mrs. Merritt and the other officers present were guests of Mrs. Mollie Armstrong. One of the courtesies was a beautifully appointed dinner at the Southern Hotel at 7:30 Saturday evening. At this time lovely corsages were presented to her and Mrs. Kinvolving, State president; Mrs. Hardy, 17th district chairman; Mrs. Leabetter, child welfare chairman; Mrs. Ben J. Dean, F. I. D. A. C. chairman, and Mrs. Armstrong, past president and mother of the Fifth division. A reception was held at the Carnegie library but heavy rains prevented many from attending. A delightful informal time was spent discussing auxiliary work.

Mrs. Ledbetter told many interesting things about child welfare work at Legion. What the mothers and the nurse have meant to the wives and children of the sick men. She told of a fifteen-months-old baby with tuberculosis, of the need of a fund for milk to be given the undernourished children and to give a "party" each week to these children, at the center, serving ice cream and wafers.

Mrs. Kinvolving told how the poppy program had gone over, 100,000 being made by the men there, which means \$1,000 for them. One man said, "Every ten poppies means a loaf of bread." They are given a penny apiece for making them.

Mrs. Armstrong urged every unit to buy the big Texas flag—only fifteen hundred left. These were bought for the National convention and not sold.

Mrs. Merritt and the others talked on membership. Texas must have more members. The time for the Southern division trophies extended to June 15th. Punch and wafers were served at this party.

Sunday morning Mrs. Armstrong gave a beautiful breakfast to the officers. At 9:00 a. m., a band concert was given in the lobby of the Southern hotel by the Old Gray Mare band. Mrs. Farris and Mrs. Quinney enjoyed this being at the hotel.

At 11 o'clock Union church services were held at the Memorial hall. The Brownwood post chaplain, Rev. J. S. Cook, presided. Every minister in the town had some part and the address of the day was made by Past National Commander Alvin Owsley, who made a great address. Lunch was served in the hall to the visitors, and immediately after this the auxiliary held its meeting with Mrs. Hardy presiding. Because of the rain and bad condition of the roads, very few were present. Colorado was the only unit from the Sixteenth. Mrs. Farris gave a good report of the work done by our unit.

The officers all spoke of the various departments of the work, then the Seventeenth held a meeting. The Colorado group started for home, reaching here at 10:30. It was a nuddy, rainy trip, but the women feel they have received much help and inspiration and have plans for greater work. Raymond Wyatt drove the car, and Mrs. Farris accompanied them to Sweetwater.

LOCAL METHODISTS MAY GO TO MOUNT SEQUOYAH

Some Methodists of Colorado, among them Rev. W. C. Hinds, pastor of the Methodist church, are planning to attend the Western Methodist Assembly on Mount Sequoyah at Fayetteville, Ark., beginning June 27, and lasting until the latter part of August.

The program of the encampment is comprehensive and varied. Features of the entertainment will be music, golf, tennis, quoits, croquet, hiking, touring, fishing, picnicing, and other games and activities. Also schools for young people and Bible classes for teachers will be conducted, and from August 25 to September 1 there will be held the annual camp meeting.

Miss Johnny R. Baze of Snyder is visiting her uncle and aunt, Mr. and Mrs. John R. Baze, this week.

Mr. and Mrs. B. L. Baze of Snyder visited Mr. Baze's brother, John R. Baze and family, Sunday.

GENTLE WISDOM IS ADVISED BY EPISCOPAL RECTOR OF LUBBOCK IN SERMON HERE MONDAY NIGHT

"The spiritual life should be the process of walking and talking with God." With this statement Rev. L. G. H. Williams of Lubbock opened his sermon Monday night of last week at All Saints' Episcopal church here, the sermon being one of a series which he began Sunday morning, May 19, and closed Wednesday evening, May 22. The subject of the sermon was, "Be Wise as Serpents and Harmless as Doves."

"The prayer life of the world," continued Rev. Mr. Williams, "is a foreign language in most cases. Man has three characters—as he thinks he is, as his neighbors see him, and as God knows him. The spiritual life is cooperative and God will always do His part."

"Some men expect to get into heaven on the last freight train or on the strength of the wife's religion," continued Rev. Mr. Williams. "The atheist, infidel and agnostic reject religion but when death approaches all are compelled to bow in the presence of the Supreme Being."

"Men do not go to church for reasons that are simply smoke screens. 1. Too many hypocrites in the churches—there's always room for one more.

2. Object to ritual—it's all right in the lodge.

3. Like to worship in the great outdoors. Roosevelt said "All such are liars."

4. Too much church in childhood—spiritual weaklings.

5. Sick of revivals—don't like the minister, etc.

6. Like to sleep late. Who does not?

"All with one accord make excuse. Men dodge spiritual responsibility—lose power of real life.

"The age demands speed, the entire world hungers for thrills, eager spirits crave adventure. With daring willingness men seek knowledge and try out life's experiences, bitter and sweet, and the Spirit of God animates the passing life of the world.

"The melody of music must be clear and distinct to be recognized. The bugle call to battle must sound full and true. The call to the life of the Spirit must ring in the hearts of men. All red-blooded men and women respond to deeds of power and hero worship enshrines the memory of success in life. As the serpent, we must face the issues of life, but as the dove we must consecrate life to the simplicity of peace.

"The wisdom of man is foolishness with God. Man chases rainbows, but experience and knowledge and wisdom are only gained by real living.

"Andy Gump expresses some sound philosophy when he says, 'I mind my own business.' Give plenty of vacation to my vocal chords, and let my ears work overtime."

"Inventive genius has wiped out many hardships. Miraculous discoveries in the use of electricity, radio, wireless, telephone, airplanes, and gas have revolutionized life and new pleasures and interests fill the minds of men.

"A dramatic character cried, 'The world is mine.' But the thinking man who sees beyond mere temporal

things asks, 'Whither are we drifting?'

"The pessimist sees only the hole in the doughnut. The optimist says it can be done, but doesn't do it. The pessimist says, 'Come on, boys, let's do it.'

"The great partnership in life comes. Experience and wisdom must solve problems as people enter the holy estate of Matrimony. Beauty is only skin deep, and handsome is as handsome does. Before marriage the girl wonders when her prince will come. After marriage, she frequently wonders where he went.

"Dreams, illusions, aspirations and delusions through the melting pot of experience tells us that wisdom is fairer than rubies, instruction is greater than silver and understanding is finer than gold.

"When the world learns to remember its Creator in the time of youth and finds out that it must lay the foundation of future citizenship and build up character for God, then men and women will build their homes and take God with them, and His blessings will rest on lives of happiness learned through experience and wisdom.

"God has put the music of life in the hearts of most of us. We are God's instruments upon which He plays. Stille comes sometimes when we try to tune in with God, but our harp will play God's music only when the Master Musician touches chords of our souls.

"Take inspiration from the wonderful things about you. Let success be the firelight falling on the clear walls of a real home and peace as the close of day.

"Live wisely, dare bravely, trust God. Be wise as serpents and harmless as doves, and you shall find rest for your souls. Experience brings understanding, and understanding brings knowledge and ye are Christ's and Christ is God's."

TEXAS NEW MARRIAGE LAW GOES INTO EFFECT JUNE 15

Texas' new marriage law, which County Clerk J. Lee Jones understands goes into effect on June 15 makes a material change in the procedure of obtaining a marriage license, the law passed reading as follows:

"Article 4605-A.—For the purpose of ascertaining all facts required under the statutes, the county clerk, at the time the license is applied for, shall examine the applicant or applicants for the license under oath as to age, a residence, which shall be reduced to writing by the county clerk, and subscribed to by applicant or applicants. In case either party is absent when application is made an affidavit shall be made by a person other than the contracting party as to age and residence of the absent party. Said affidavit to be filed in the county clerk's office."

"Article 4604-B.—Application for license shall be made at least three days and not more than thirty days before the license shall be issued. Immediately upon receipt of an application for a license the county clerk shall register in a book kept for that purpose and marked 'Notice of Intention to Marry,' and after the expiration of three and not more than 30 days after the signing of the notice of intention to marry the county clerk may issue said license."

"Article 4604-C.—Before the county clerk shall issue a marriage license the man shall produce a certificate from a reputable licensed physician to show that he is free from venereal disease."

The law as passed, carried the 90-day from adjournment clause which would make it become effective June 15, 1929.

Miss Lucile Ashford, who was operated upon Saturday in the District hospital at Abilene, is now doing nicely.

TEXANS LET'S TALK TEXAS

and NOW

CARNATION comes to Texas.

TEXANS have talked Texas again with splendid results. The Carnation Milk Products Company, after a tour of intensive investigation of the possibilities of dairy development in Texas, is now building a \$300,000 milk condensery at Schulenburg.

At the time of making the announcement of the location of the Schulenburg condensery, the Carnation Milk Products Company also announced the purchase of a building site at Sulphur Springs. This action is indicative of the sound faith which this great company has in the possibilities of milk production in Texas.

The coming of Carnation to Texas, right on the heels of the coming of Borden, brings to this state the world's largest buyers of whole milk. These and other milk and milk products plants will pay millions of dollars to Texas farmers each year. There is probably no other type of manufacturing plant which would sustain a payroll of such economic significance.

As Carnation and other great organizations extend their activities in Texas, our Texas farmers will gain a new appreciation of the solid value of the dairy cow as a source of daily income; and business will gain a new respect for the economic importance of manufacturers who use farm products as raw material.

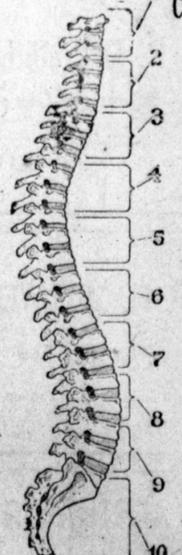

The Texas Electric Service Company takes this occasion to commend the foresight of the Carnation Milk Products Company in coming to Texas. This Company also expresses its commendation of the efforts of those Texans who worked so diligently in helping the Carnation executives in making their decision to come to Texas.

It is this sort of "talking Texas" which means much to the rapid and sound development of Texas. Texans, let's talk Texas!

CHIROPRACTIC AND OSTEOPATH PARALYSIS

May 27, 1929 I was threatened with paralysis for four years. On April 27, 1929 I was entirely paralyzed, unable to walk a step. I called several doctors, also one Chiropractor. I never got any relief. In April 1927 I was told of Dr. Marie P. Lancaster. I began her adjustments of Chiropractic and Osteopathy. After 12 I was walking without any help. I am 77 years of age, and will be glad to recommend Dr. Lancaster to any one for paralysis.

NEW FORD FINANCE COMPANY MAKES IT EASIER TO BUY A FORD

UNIVERSAL CREDIT COMPANY DEVELOPING GREAT NATIONAL ORGANIZATION. HANDLE MODEL A TIME PAYMENTS.

One of the developments of the past year which created national in-

terest in both automotive and financial circles was the organization of Universal Credit Company for the purpose of financing exclusively the time sales of Ford products throughout the country.

Universal Credit Company is a specialized financial institution created to provide uniform and authorized time payment plans at low cost for the purchase of Ford products on

an instalment basis. The Company in the first year of business just closed has made sound and gratifying progress. The reception accorded the authorized Ford Finance plan by the public and Ford dealers in the 21 large cities where branch offices have been established is indeed impressive.

Today U. C. C. has purchased instalment contracts in excess of \$75,000,000, which established a new record in instalment financing for an institution which has only been in operation for one year. It is anticipated that the volume of business handled will exceed \$25,000,000 monthly from now on.

Already there has come a realization that the Universal Credit Company was created primarily for the sound financing of the Ford dealer and the purchaser, and not with the primary object of profit.

The purpose is to reduce the cost of credit, to the individual who buys on time, commensurate with sound business policies. This reduction in the cost of credit is made possible by the many economies that arise from the operation of an authorized plan, on the basis of nation-wide volume, and dealing exclusively with the Ford dealer organization.

This cost of credit is just as vital as the cost of any of the material that goes into the building of the automobile. It is in every sense a commodity which becomes a part of the completed article before it is ultimately sold to the public.

Thus the Universal Credit Company's low finance charges are equivalent to a price reduction on the Model A car and other Ford products.

Then there is that important matter of good will. A buyer delights in dealing with an organization that gives him prompt, courteous service, that deals fairly with him, and maintains scrupulously the standard of its product and that is constantly instilling in that buyer a sense of reliability and confidence and appreciation of the seller and his product.

UCC is serving a still greater purpose in the economic and social phases of our national life. In addition to the advancement of organized industry, UCC is at the same time contributing substantially to the happiness and contentment of society.

The institution of instalment selling has contributed a monumental share in the development of industry. The cost of credit to the consumer is of paramount importance to prosperity and to the individual.

UCC is operating at this time 27 complete offices, located in the following cities: Atlanta, Boston, Buffalo, Charlotte, Chicago, Cincinnati, Cleveland, Dallas, Detroit, Houston, Jacksonville, Kansas City, Memphis, Minneapolis, New York, Norfolk, Philadelphia, Pittsburgh, St. Louis, Washington and Mexico City.

able locations and is thus helping to raise the standard of American living conditions.

Thomas A. Edison, an outstanding genius of our time, has recently said on the subject of instalment selling: "What we call instalment buying is one of the methods by which we are preparing to take immediate advantage of the opportunities for a higher standard of living through machine production.

"People who work for wages seldom come into the possession of considerable funds. Unless they save, they can hardly ever buy an article costing over \$50 or \$100. Their incomes, however, justify the possession of more expensive articles that contribute to their comfort or their enjoyment, such as automobiles, phonographs, radios and books, as well as many household conveniences.

"If the cost of living goes down—and invention and engineering are bound to drive it down—and wages go higher—and they are bound to go higher with more efficient production—then still more attention can be paid to living rather than dying.

"Saving by people of moderate means, in order to provide funds for investment, is not necessary as it used to be. The big companies are able to provide their own investment funds to a considerable degree out of their own earnings.

Sound spending by the recipients of American high wages logically follows. If industry is to continue to create products they must be consumed. To make this consumption possible by the wage earner who helps create the product, the manufacturer presents low cost finance plans and makes available credit where credit is due.

The institution of instalment selling has contributed a monumental share in the development of industry. The cost of credit to the consumer is of paramount importance to prosperity and to the individual.

UCC is operating at this time 27 complete offices, located in the following cities: Atlanta, Boston, Buffalo, Charlotte, Chicago, Cincinnati, Cleveland, Dallas, Detroit, Houston, Jacksonville, Kansas City, Memphis, Minneapolis, New York, Norfolk, Philadelphia, Pittsburgh, St. Louis, Washington and Mexico City.

GIRL DEFENDS WEAKER SEX IN REPLY TO POEM BY PRESTON WYNNE

Girls are not so dumb. They will not stand idly by and listen to poems by "woman-hater" boys without raising their voices, according to a communication received by The Record this week written by "L. G."

The communication follows: I contribute in defense of the girls, a poem in answer to one by Preston Wynne, which appeared in the last issue of the Colorado Record:

"Some boys of whom I knew, Dream of being some girl's beau, But still they sit and make fun From rise to set of the sun.

"The ones who are shyest, Who build their hopes highest, Regardless of looks or of size, Are liable to ep the prize.

"As for brains, Mr. Scorn, Girls' minds may be in a storm, But you'll have to admit They have that precious thing, 'IT.'

"In spite of snorting, giggling, Peinting, twisting, and wiggling, Girls are all right, I say, Any where, any time, any way.

"And as to the source Of this brief discourse, I leave you to guess the rest, Still contending that girls are among the best."

MISS DAFFAN, U. D. C. PRESIDENT, IN RACE FOR GOVERNOR NEXT YEAR

Miss Katie Daffan of Ennis, president of the Texas division of the United Daughters of the Confederacy for the past four years, became a candidate for governor of Texas Saturday.

The resolution commending Miss Daffan was prepared by Mrs. E. W. Bounds of Fort Worth, past president of the organization.

Members of the legislature went to their homes Tuesday night with knowledge that they would be reconvened in a second special session on June 3.

Both houses finally settled their differences in a "give-and-take" agreement. The senate gave in to the house's insistence that the superintendent of instruction be elected by popular vote.

Mr. and Mrs. C. A. Wilkins visited in Lubbock and Sudan from Tuesday until Thursday afternoon.

Years of service in MODEL T FORDS

THE Model T was so strongly and sturdily built that it is still rendering reliable, economical service to motorists in every section of the country.

So that you may have this work done economically and satisfactorily, the Ford Motor Company is still devoting a considerable section of its plants to the manufacture of Model T parts.

HIGH SCHOOL GRADUATES

This week a splendid group of care-free, happy and intelligent young men and young women are being turned loose from the worries of high school—turned adrift to rule their own destinies, and steer their own course through the years of toil, and trouble, success and happiness.

Some of these young people will take higher education, attending colleges, either specializing in some profession or merely adding knowledge and training. Some will become immediately engaged in the task of earning enough for existence and perhaps seek to climb that long hill to better things.

Whatever their decision as to avocation or occupation, we trust that all may realize that opportunities here at home are as great and possibly greater than could be found in many other places or perhaps here than in all other places. We would have them know that the home town will make it easier, this climbing the hill.

In former days the young man or woman thought to win fame and fortune they must go to the big city. Today they are learning that to stay at home and make good, or to return to the home town after a higher education or professional training has been secured is the best thing. It is no source of worry to know that here at home you can have dependable friends and neighbors with whom you can argue, accompany on picnic, and when in dire need accept the aid that is spontaneously proffered.

If you do have a chance to get a college education at a good school, do so. If you can possibly do so, attend some good college, but the main thing we would have you remember is that the home town will offer you better opportunities, and when you are ready to settle down for your life's work, whether it be farming, doctoring the sick, or a lifetime job of dish washing, come back home and do it and you will never regret it.

CONSTRUCTIVE CRITICISM

Constructive criticism is a good thing. Truth may hurt but it is the better policy in the end. Too, when we talk about ourselves we may consistently talk about others. It is easy for people to see the faults of others, especially when thrown in daily contact with them. The writer having been caught in the swirl of the legislative mill at Austin for the past few weeks naturally has seen some of the faults of the body, and is taking this space to tell something of these.

To begin with, the Texas Legislature has become almost as famous as the National Congress as junketers. The tax payers could rightly complain of these junketed trips. The traveling and feeding trips of these junketers are usually paid by the communities visited and are generally contributed by those who want some special legislation and not because they are anxious to see the legislative body or provide a free excursion for its members. We all should know that. This is a cheap and deplorable type of lobbying, and the communities that pay the bills hope to get paid in return.

Either this should be stopped or at least the legislative expense should be stopped for the time the body is away from the capital. But the bills run on just the same and stenographers, clerks, pages and other employees receive their salary whether on or off duty.

Even when not junketing as a body, it has been difficult to keep a quorum present. The roll calls too often show barely a quorum present.

It is to be hoped that the recent ruling of the attorney general that legislators who were not present could not receive their pay will either result in a reduction of the expense of the sessions or better attendance on the part of the members.

The above is truthful and constructive criticism offered by a new hand at the game of lawmaking. In the words of Will Rogers, we will admit that "it don't mean nothin'" but we had to get this much off our chest anyway.

JUST MERELY ONE MAN'S OPINION

The Abilene Reporter editorially says the recent call session of the legislature was a total failure and speaking from the standpoint of productivity in the matter of laws the session was a "wash out."

Editorials are nothing more than the personal opinion of the editor. That probably accounts for the many distorted statements made in the editorial columns of the larger papers. Editors of these newspapers usually draw their conclusions from statements made through the press. Many of these press statements are untrue and colored or distorted to suit the whims or likes and dislikes of the correspondents sending them out. In the case of the recent sessions of the 41st legislature nothing could be more true.

We do not think the editor of the Abilene Reporter would wilfully misrepresent any fact even though he has on many occasions bordered on prejudice for and against certain public officials, but let's see what the facts really are with reference to the work of the called session. The session could only last 30 days. No work was done on Sunday. That left 25 days; of these, 20 days in actual session were put in and during that short period of time 124 bills were actually passed through both houses and went to the governor. This was an average of more than six bills a day, and those bills ranged from one page to 200 pages each. The quantity was ample. The Reporter cannot deny that. The matter of cluttering up the statute books is not the duty of a representative of the people. Only such laws as are absolutely necessary should be passed, and we challenge the Reporter to contradict that statement. With all the prattle that the legislature was doing nothing, the recent session passed many bills. Doubtless some of these were unnecessary and should have been killed. We believe the Reporter will agree, yet that paper ridicules the representatives and says they failed to pass enough laws or failed to work. It is the observation of the writer that the politicians and hangers-on around Austin and those who expect to make political capital or actual capital out of some bill they want passed, always send up a howl and say the legislature does nothing if their pet bills are not passed. Almost invariably these bills are objectionable to the masses of the people and are not for the best interests of the State.

We would agree with the Reporter if it had questioned the quality of the laws passed. That would be equally true of all legislatures in America, but only emergency legislation is supposed to be considered by called sessions of the Texas legislature. That is a constitutional limitation put upon such sessions. In view of this limitation in our constitution, The Record believes that probably not more than 10 per cent of the laws actually passed in the called session should have been passed. Of the 124 bills passed, the penitentiary bill and the State Auditor bill were probably the only emergency matters considered. Other emergency matters, such as appropriations and financing of highways were withheld by the governor in order that matters clearly not emergency would be considered, and as a result a second called session is now necessary. We use this to show that possibly the people of Texas would have been better off and the taxpayers more nearly pleased if the called session had done less than it did. The penitentiary bill, however, is conceded to be a step in the right direction, even by Governor Moody, and others who seek to sell out lock, stock and barrel, and move the system to a new location. Everyone admits it will open the way to greater efficiency and allow the system to be concentrated into a modern system, and in case the present lands can be used to advantage, the prison board may proceed without further delay. The general manager of the prison system says the lands now owned by the State are suitable, and the called session passed a bill authorizing immediate action and appropriated a million dollars to start with. That can be classed as one of the accomplishments of the first called session.

Another accomplishment which Governor Moody says was worth many times the entire cost of the called session was the passage of the State Auditor bill. The governor says this bill will save the State \$100,000 per year and might result in the saving of millions. The Governor also said this bill was even better than his famous Civil Service bill which took up much of the time of the regular session and was re-submitted as an emergency matter for the called session to consume much of the time of the legislators.

In the face of these facts, does the Reporter still contend that the session was a total failure? With 123 other bills passed in the called session and about 400 passed in the regular session, many of which were unnecessary and only for special interests or to please some politician or some group of citizens, the Record contends that as usually is the case with legislatures, too darn many laws were passed. They should have done less in the matter of finally passing laws, and on the other hand should have killed more of the bills than they did kill. The people of Texas do not need more laws. They need better laws, and when the legislature gets to the point that only a few measures will be considered at any one session, the people will get better laws. If passing fewer and better laws is "doing nothing" let us hope that future sessions of the Texas Legislature will continue to do "nothing" even though the politicians and the prejudiced or ill-formed editors get fired and charge the lawmakers with wasting time.

CLEAN UP!

There is no "sure sign" of spring, but spring should be a "sure sign" of the arrival of that time for the community to clean up. There is no superstition or prophesying about this clean-up sign.

When warm weather has come to stay (until cold weather returns in the autumn) every owner of property and tenant should instinctively feel it his duty to remove the evidences of winter's ravages, and to aid and augment nature in her work of re-beautification.

Every Spring Clean-up program should include disposal of winter's accumulation of litter and decayed vegetation, repairing and repainting of buildings, and landscape gardening. Landscape gardening is no longer associated with large estates alone.

Cleanliness about the person or the home costs nothing. A community clean-up need involve no expense, except of a moderate amount of labor on the part of the householders. If there ever were excuses for uncleanness they were removed long ago.

What is the compensation of a community-wide clean-up campaign? It improves the general health of the community by removing deposits that are breeding places of disease germs and disease carrying insects. Clean town is a better place in which to live than one that is unsanitary and unsightly. And the best community advertising is the appearance of being "cleaned-up, painted-up and planted-up."—Honey Grove Signal.

Improved Uniform International Sunday School Lesson

Lesson for June 2

LATER EXPERIENCES OF JEREMIAH

LESSON TEXT—Jeremiah 20:1-6; 27:11-21; 28:1-13. GOLDEN TEXT—Blessed are ye when men shall reproach you, and persecute you, and say all manner of evil against you falsely, for my sake. PRIMARY TOPIC—Being True in a Hard Test. JUNIOR TOPIC—Being True in a Hard Test. INTERMEDIATE AND SENIOR TOPIC—Standing True in Hard Places. YOUNG PEOPLE AND ADULT TOPIC—Forms of Modern Persecution.

I. Jeremiah in Stocks (20:1-6). He had predicted the downfall of Jerusalem because of the disobedience of the people (19:4-14, 15).

Pashur, an officer of the temple, heard him. Pashur gave Jeremiah a cruel beating and placed him in stocks. "Stocks" was an instrument of torture, confining the legs in a cramped position. On being released the next day, Jeremiah predicted the terror which was to be Pashur's portion. His words were literally fulfilled (vv. 4-9).

II. Jeremiah in Prison in Jonathan's House (37:11-21). He was arrested by Iriah as he was about to leave Jerusalem on an errand. He was charged with deserting to the Chaldeans. While here in prison, King Zedekiah secretly consulted with him and ordered lenient treatment.

III. Jeremiah in the Dungeon (38:1-13). 1. He predicts the capture of Jerusalem (vv. 1-3).

(1) To whom (v. 1)? Jeremiah had been taken out of the prison by the king (37:17) and ordered to the court of the prison (37:21). Here the people seem to have had free access to him (37:12). From this place of limited confinement Jeremiah announced to the people their approaching captivity.

2. Counsel given (vv. 2, 3). a. All that remain in the city shall die by the sword, famine and pestilence.

b. He that goeth forth to the Chaldeans shall live. "He shall have his life for a prey," doubtless means that he shall escape with his life, though losing all else.

2. Jeremiah accused by the princes (vv. 4, 5).

(1) He weakened the hands of the men and all the people (v. 4). From a human standpoint what they said was true, but since Jeremiah was the Interpreter of God to the nation, they ought to have heeded his advice to surrender.

(2) This man seeketh not the welfare of this people, but the hurt (v. 4). This charge was utterly false. Jeremiah was the best friend of the people, for he faithfully proclaimed to them God's judgment and advised them how to make the best of their unfortunate situation.

3. The king's cowardly act (v. 5). The very one whom Jeremiah was trying to help, deserted him. The king was afraid of the Chaldeans, the princes, Jeremiah, and God.

4. Jeremiah cast into the dungeon (v. 6). This seems to have been a cistern which had been emptied of its water during the siege, leaving only mire. Into this mire he sank, possibly up to his neck. The purpose was to let Jeremiah die there. In this situation he is a type of Christ (1'sn. 69). No one ever suffered more unjustly, save Jesus Christ.

5. Jeremiah rescued from the dungeon (vv. 7-13).

(1) By Ebed-Melech, an African servant (vv. 7-9). The Jewish prophet, whom his own countrymen tried to destroy, is saved by a Gentile. Though Ebed-Melech had a colored skin, he was the whitest man in Jerusalem. He went to the king and boldly declared that the princes had done evil in imprisoning Jeremiah.

(2) The method (vv. 10-13). The king yielded to his request and furnished a guard to prevent interference with the work of rescue. He let down soft rags and wornout garments by ropes and instructed Jeremiah to put them under his armholes and under the ropes to prevent injury to him as he was being lifted up. He was lifted out of the dungeon and given the freedom of the prison court.

IV. Jeremiah in Egypt (vv. 43:1-7). His closing years were spent in Egypt. He was taken there by Johanan, where he continued his ministry. It seems to have been unpopular there. Tradition has it that he was stoned to death by the Jews in Egypt.

Rewards Awaiting. When we land on the bleak shore of disappointment we shall make the wonderful discovery that the Savior has anticipated our coming and has made ample provision. There will be heavenly cordials, and there will be comforts of grace, and there will be the exhilarating wine of a new hope.—J. H. Jowett.

Nigh at Hand. Know ye that the kingdom of God is nigh at hand.

OAKLAND WINS PRIZE

Three of the thirteen winners in the Fisher contest, and \$25 each went to R. E. Manhood, of Great Falls, Mont., and C. H. Long, of Atlanta, Ga., both of whom received \$50 each from the Fisher corporation.

Mr. Tracy stated that as soon as the Fisher contest got under way some months ago the Oakland Motor Car company informed their retail salesmen that 50 per cent of what-

ever they won would be added to the Oakland company. More than 7,000 sets of answers were received by the Fisher Corporation in the contest, Mr. Tracy stated, each contestant having been required to fill in a questionnaire containing 32 questions pertaining to body construction, and the like.

Hyman Happenings

The school at Hyman closed Friday, the 24th, after a busy and successful year. Interesting programs were rendered Thursday and Friday nights, to large and appreciative audiences.

All of the teachers of the Hyman school have been re-elected for the coming year. Just now they have scattered to various parts of Texas for summer work. Roy Coles, the principal, will attend the Sul Ross Teachers' College at Alpine, as will Miss Virgilia Welch, teacher of the intermediate grades. Miss Fay McDonald, teacher of primary grades, will be at the Teachers' School at Denton.

The rains of the past few weeks have put a splendid season in the ground, and have given rise to hopes for a year of good crops. Tanks and creeks are full, pastures are green, and cotton and feed crops are making good progress. So far this community has not suffered from excessive rain and hails, although for a time Friday it looked like all growing crops would be wiped out. The hail, however, only lasted a few minutes, and little damage was done. Nearly all the farmers have about finished planting, and not a great deal of replanting will be necessary.

Quite a respectable acreage of new land has been put in here this year. Robert Scott, H. L. Lockhart, Mrs. Harry Hyman, J. D. Pilkington, and T. C. Smith are about through clearing new farms on their own lands, while Walter Wilson and Uncle Billy Taylor are clearing farms on lands leased from John Scott and J. A. Sadler.

Mr. and Mrs. Milt Taylor, of the Champion community, are visiting Mr. and Mrs. William Taylor of Hyman.

Mr. and Mrs. Carl Lowry spent Sunday with Mr. and Mrs. J. M. Black.

Herman Salley of Spade spent the day Sunday with the Minor boys of Hyman.

Rev. F. O. Garner of Colorado held regular monthly service at Hyman last Saturday night and Sunday morning and night. The services were well attended. Mr. Garner will attend Preachers' School at Abilene the coming month, but will complete the course there in time for his regular monthly appointments here in June.

Lloyd Sigler of Fort Worth, and Lon Folsom of Anson were visiting in Hyman last Monday. Mr. Sigler is a member of the firm of McGinley-Sigler Company, who are drilling two oil tests in this community, and Mr. Folsom is connected with the firm. They report satisfactory progress being made on the wells. It is understood that Mr. Fikes of Fort Worth, also connected with this firm, will be stationed at Hyman until the wells are completed.

Mrs. A. J. Roach has been sick for the past several days, but is better.

Mrs. Harry Hyman, Mrs. A. J. Roach, Miss Virgilia Welch and Miss Fay McDonald of Hyman, and Mrs. Otis Chalk and Mrs. Thurman Cole of Chalk, have been planning a trip to San Antonio for the past week or more, but each time when it was thought the proper time for the start had been reached, rain has prevented.

Mrs. Harry Hyman and Mrs. Frank Andrews of Hyman were Colorado visitors Monday.

Rayner Hyman and Marion King of San Antonio are expected within the next day or so, on a visit to Mr.

INTERESTING EXPERIMENT WITH STUNTED PIG AND BALANCED RATION MADE BY BURK

Even badly stunted pigs will make satisfactory gains on a balanced ration, according to the results of a demonstration carried on the past winter by Lester C Burk, principal of Payne school, Mitchell county, Texas.

In this test Mr. Burk fed a 45-pound two-months old pig and a 25-pound five-months old pig a ration of skim milk, and ground maize heads and tankage in a self-feeder. After 120 days on this ration, the 45-pound pig weighed 247 pounds, having gained 1.6 pounds per day, while the stunted pig weighed 197 pounds, having gained 1.4 pounds per day.

100 pounds of tankage, cost	\$ 4.75
855 pounds maize heads, cost	8.55
225 pounds threshed maize, cost	4.25
111 gallons skim milk at	2.22
	\$19.77
Cost of good pig	5.00
Cost of stunted pig	3.00
	\$27.77
Total cost	42.02
Value of hogs at 9 1/2 cents	\$14.25
Net profit	\$28.77

Mr. Burk says he made a mistake by not feeding ground threshed maize throughout the feeding period, as the pigs made much better gains on this feed, as the ground head maize, which is being used here to a great extent, is too bulky for hogs.—W. S. Foster, County Agent.

Harry Hyman, Jr., of Hyman, Morris Woods was bitten by a spider last Friday. It was painful, and for a time looked like it might be a serious experience for him. At last reports, however, he was getting along all right.

Ed Crockett of Abilene, who owns a 200-acre farm here, was a Hyman visitor the past week. He was visiting his brother, Clarence Chockett.

The increased oil prices recently announced by the major purchasing agencies, have instilled new hopes for the development of an oil field in this community. The persistency with which the oil companies having leases here meet their rental payments convince us that those whose business it is to know, consider much of this territory as potential oil land. Fifteen of the larger companies now have leases in the Hayrick Pasture, just west of this settlement, and 12 of them have already made their rental payments, due June 1. The leases expire in 1930, and this is the last year when rental payments will prolong them. The old Deeprock well, near the center of this block, convinced everyone who saw it that an oil pool of some kind exists here.

Magnolia Harry Hyman No. 2 has reached a depth of about 900 feet, and is again making fair progress. The fear which for a time existed that this well might be lost is over. The 10-inch casing has been run through the flattened 12 1/2 inch, and will be set to shut off the water above the oil sand which is expected to be reached at about 1300 feet. If the old Deeprock well, only 100 feet away, was properly plugged so as to shut the water off from the oil sand, a producer should result from this test. Most of us here would have been glad to see this test made a little further than 100 feet from the old hole, because of this danger of water encroachment.

McGinley-Sigler's Sarah Minna Hyman No. 1, three miles west of Hyman, has reached a depth of about 900 feet, after about four days drilling. This well, being drilled by a first-class rotary outfit, has made the fastest time of record here. But for the fact that core drilling will be followed after a depth of 1000 feet is reached, we would be afraid that promising oil sands might be passed up in this well.

McGinley-Sigler's Sarah Minna Hyman No. 1-A, a mile west of their No. 1, has spudded and is about 150 feet down. It is being drilled with a Star machine by Scott & Smith, drilling contractors, and it is understood that two thoroughly competent drillers are doing the work.

Republic Production Company's Bob Scott No. 1, four miles east of Hyman, was, at last report, about 250 feet deep, and making good time. None of the Gibson-Johnson tests have as yet started drilling, but it is understood that they will start at an early date. There are to be three of them, and they will be located from two to seven miles east of Hyman.

LITTLEFIELD'S Chamber of Commerce has employed the services of Monte Barron, an experienced band director to direct their Chamber of Commerce band of 45 pieces. Several trips into the trade territory are planned soon, and the band will also go to the WTCC convention at El Paso, October 24, 25 and 26.

GOOD WILL USED CARS

STATE MAGAZINE DOES HONOR TO LOCAL PAPER AND FARMERS OF COUNTY

Extension Service News Gives Full Page To Record Articles

Honor to Mitchell county farmers for doing things well worth writing about, to the Colorado Record for "telling the world" about the worthy work of the farmers, and to W. S. Foster, county farm agent, for giving the Record news of farmers' activities, is given in an article appearing in the May number of Texas Extension Service Farm News, which is issued monthly by the Extension department of A. & M. College.

A full page in the magazine is given over to articles appearing in the Colorado Record during half the month of March. The purpose of the page is to show county agents and county newspapers what news is and how it can best be gathered and handled. Several articles on work done by farmers of this county are re-printed in full on the page.

COMING NEW INDUSTRY IN TEXAS

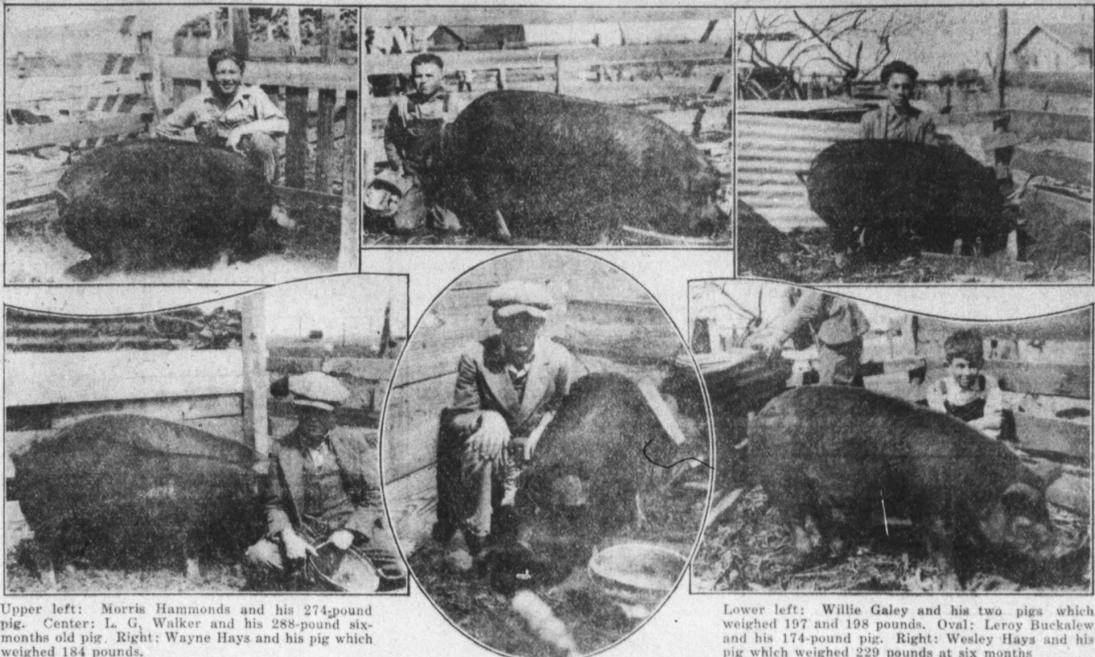

There is a new industry in Texas—Cheese making. It is not a new industry in America, but so far as Texas is concerned it is practically speaking in its infancy. Especially is this true in the western half of the State, including the South Plains and the Panhandle, but this is not going to be the case very long. In this section of the State the dairying industry is coming to the front in rapid strides, and the indications are that the South Plains and West Texas

proper will become the greatest producing section of the country in the matter of dairy products and cheese making. In a recent issue of the Texas Commercial News, Stanley Campbell, a well known writer on the subject says, "a few months ago mountains of gold began to appear on the horizon of Texas—it was a new kind of gold. It was coming from the soil of Texas in the nature of cheese—prosaic cheese. It was gold of toil and hardship, but more precious than the discoveries of '49 because it does not only enrich the pockets of a few but it builds character and develops initiative."

There is an unending relation between agriculture and business, says Mr. Campbell. Prosperity as a result of the development of the Texas cheese industry will come not only to the farmer but to the business man; the banker, the doctor, the merchant, in short, to everyone in the community. Cheese as a factor in community development is demonstrated by Mr. Campbell by citing the little city of Buda, near San Marcos. For years this little center had depended on its cotton for its sustenance. When the crop failed, Buda was a failure. The idea of a cheese plant was carried into execution and today there are 177 stockholders in the local cheese plant, all citizens of Buda with one or two exceptions. The plant has been in operation a little over a year and is running on a paying basis.

More than two years ago Waco began giving serious thought to its potential agricultural possibilities, according to Mr. Campbell. From a survey of the conditions was determined the fact that the thing most definitely needed was a stimulation of dairying. From that time the whole city was in league toward that end. As a result of this work Waco has brought about for herself and for the surrounding country of McLennan county the permanent

MITCHELL COUNTY CLUB BOYS MAKE GOOD WITH PIGS

Upper left: Morris Hammonds and his 274-pound pig. Center: L. G. Walker and his 288-pound six-months old pig. Right: Wayne Hays and his pig which weighed 184 pounds.

Lower left: Willie Galey and his two pigs which weighed 197 and 198 pounds. Oval: Leroy Buckalew and his 174-pound pig. Right: Wesley Hays and his pig which weighed 229 pounds at six months

persons agricultural conditions found at the present time.

Similar plans have worked in various other cities in Texas, the writer points out. Wichita Falls has its Kraft Cheese Co., Temple, Denison, Goldthwaite, Hamilton, and Valley Mills all have their local plants.

Every year more and more Texas cities are realizing the possibilities of the cheese industry. At the rate Texas has progressed during the past year, it is highly probable that within a few years the cheese industry in this State will rival that of the present leader, Wisconsin. — Lubbock Avalanche.

CROSBYTON is experiencing a new residential building boom. On one block recently sold by B. W. Ellison there is to be built six brick veneer homes by its new owner, G. H. Johnson. Johnson has already built four homes in Crosbyton.

PAMPA'S Chamber of Commerce recently conducted a poultry and dairy school at which 50 students from the vocational agricultural class of the high school, and about the same number of farmers from the territory were present.

OLNEY'S proposed street lighting system is about to become a reality. The present plans provide 40 standard lights, and 60 bracket lights to be placed where standards are not appropriate.

PLYMOUTH CREATES PRODUCTION RECORD

Production of 1000 cars a day within ten months from the time its first car was manufactured by the record recently established by the Plymouth Motor Corporation at Detroit. "This is not only a record for the Plymouth," according to A. van Der Zee, general Sales Manager, "but for the entire industry, no other car ever reaching such an enormous production in such a short period of time."

"Although every effort is being made to meet the demand for cars, orders continue to be in excess of production figures," he says. "In the Plymouth plant, which is one of the most modern in the industry, everything is being done in installing the latest automatic machinery and time and labor saving devices to speed up production in order to meet the growing demand for the Plymouth. The speed of the assembled lines has been gradually increased until now a complete car is coming off every 30 seconds."

"The unusual demand for the Plymouth car is proof of the fact that the motor buying public is becoming more and more experienced in the finer points of automobile construction and that it appreciates real quality in a low-priced car."

"While the Plymouth is a low-priced car, quality has not been sacrificed in its manufacture. The low price is due to the economies resulting from vast quantity production and our association with Chrysler Motors with its enormous purchasing power, its facilities for engineering research and its huge manufacturing properties—all of which are conducive to enormous savings in time and money. It is our policy to pass these savings on to the purchaser in the form of more value for the money he spends."

WHAT'S DOING IN WEST TEXAS

O'DONNELL has recently invested approximately \$100,000 in thirty-two new residences. This brings the amount expended on building permits to more than a quarter of a million dollars. The city council street department has recently finished improvement on the roads of McDonnell.

BRADY women are working together to establish a community center which is to be both a social and recreational center, with club rooms, reading rooms and playgrounds. A public library with large grounds surrounding it is their ambition.

MERKEL has started work on the paving of Oak Street which is to be solid concrete 40 feet wide and boulevarded. Nineteen ornamental lights of the same design as now in use in the business district are to be placed in the street intersections and between street intersections.

CHANNING 4-H boys are the recipients of a car lot of pure-bred Jersey calves from North Central Texas. The purchase of the calves was made possible through the cooperation of the First National Bank, was financed any boy who desired to become the owner of one of the calves.

GRAHAM has produced some yearling steers that brought \$90.00 a head, the highest price ever brought in Young county. The animals belonged to W. A. and T. M. Cebett, breeders of high grade cattle for 35 years. There were 750 head in the lot and they brought \$35,000.

SAN ANGELO to Sonora will be the route of a new rail line of the Kansas City, Mexico & Orient. Work will begin soon by permission of the Interstate Commerce Commission.

WESTBROOK NEWS
LOCAL AND PERSONAL NEWS ABOUT WESTBROOK AND VICINITY BY MRS. N. A. TERRELL

Mrs. Terrell is also authorized to receive and receipt for all subscriptions for The Colorado Record and to transact all other business for the Whipkey Printing Company in Westbrook and vicinity. See her and take your County paper.

BURTON-LINGO COMPANY
Lumber and Building Materials
Lowe Bros. Paints and Dupont Duco Lacquer
Westbrook, Texas

The teacher training classes which are being conducted at the Methodist church have an enrollment of about twenty-five. Rev. Lyons and Rev. Nance are teaching the classes, which will continue through Thursday night at which time certificates will be awarded to those completing.

See the model Chicken Houses at BURTON-LINGO CO.' Westbrook. Third quarterly conference will be held with that of the Colorado circuit at Bailey's Chapel on Saturday, June 1. Don't forget the date, and be on hand to do your bit.

Miss Bernice Ramsey visited with friends at Big Spring Sunday. Complete plans and blue prints of Farm Buildings. See them at BURTON-LINGO CO.' Westbrook.

Mr. and Mrs. C. C. Currie and son Herbert visited Mrs. Currie's parents near Denton several days last week. Mr. and Mrs. Currie returned home, but Herbert will continue his visit for several weeks.

Miss Elizabeth Garber of Crosbyton is a guest of Mr. and Mrs. Jack Garber this week.

Complete plans and blue prints of Farm Buildings. See them at BURTON-LINGO CO.' Westbrook.

Mr. and Mrs. Ed Hayslip have as their guest Mr. Hayslip's mother of Dallas, who will likely spend the summer here.

Rev. Naugle, Methodist pastor, attended a laymen's meeting at Big Spring on Tuesday of last week.

Mr. and Mrs. Hubert Powers left last week for a few days' vacation in New Mexico, to visit the Carlsbad Cavern, later leaving for Canyon to attend school during the summer.

See the model Chicken Houses at BURTON-LINGO CO.' Westbrook. Misses Alline and Marie Hayslip are visiting friends and relatives in Coleman this week.

Don't forget to hear the lecture at the Baptist Tabernacle Sunday afternoon by Dr. C. L. Root of Colorado. This is an address that you will enjoy from beginning to end, and the

public is cordially invited to come out and enjoy it.

See the model Chicken Houses at BURTON-LINGO CO.' Westbrook. Miss Bernice Ramsey and brother Ralph, accompanied by Mrs. Nason and daughter, Jimmie B., made a business trip to Abilene Tuesday.

In looking over the Castro County News I find the name of Mrs. W. A. Murphy, formerly of Westbrook, but who now resides at Dimmit. Her friends here will be glad to learn that she and family are well and active in the work of the church and school.

Baptist Church Notes
Sunday school reached 136 in attendance last Sunday.
Bro. McDermott brought a message on obedience.
Circle No. 1 met with Mrs. Donelson.
Circle No. 2 met with Mrs. Lucas.
Dr. Root will speak next Sunday afternoon at 3 o'clock, on "God Revealed in the Study of Anatomy and Physiology," after which the regular singing will follow. Everybody is invited to come out and hear Dr. Root and later take part in the singing.

Several carloads of rails are on their way to San Angelo and engineer and crews are surveying the route for depot sites.

TURKEY sent a representative to Tulsa to get "Bossy," County Agent H. E. Ellis purchased a pure-blood Jersey cow which was given away at the Trades Day observance on May 25. This is the capital prize in a gift distribution.

QUITAQUE has delivered the first order for material from the new sand and gravel pit on the Linguish River in the northeast portion of Floyd County. The shipment was made to the Fulton Lumber Company of Plainview.

CHURCHES

CHURCH OF CHRIST Bible school 10 a. m. Preaching and communion, 11-12 a. m. Young people's class at 7 p. m. Evening gospel service at 8 p. m. Ladies Bible class Monday at 4 p. m. Wednesday topic meeting at 8 p. m. Subject, "Paul's Missionary Activities." I am to be in a meeting at Odessa, beginning Sunday, and Bro. Don Morris, who is now head of public speaking at A. C. C., will preach for us in my place. We welcome your presence. J. D. HARVEY, Minister.

METHODIST CHURCH Sunday school at 9:45 a. m. A. A. Dorn, superintendent. Morning worship at 11. Theme of sermon, "The Wounds of Jesus." Evening worship at 8 o'clock. Subject of sermon, "Gaining Strength." Epworth League at 7 p. m. Be prompt, Leaguers. A welcome extended to strangers and visitors. W. C. HINDS, Minister.

FIRST CHRISTIAN CHURCH Bible school at 9:45 a. m., W. W. Porter, superintendent. The church is delighted at the increased attendance and interest in the Bible school and hope for its continuance and enlargement. Preaching services at 11 a. m., and 8 p. m. Morning subject, "The Intercessory Prayer of Abraham." This is the beginning of a series of sermons on Old Testament prayers. These sermons on prayer will all be at the morning hour. The evening sermon will be on the "Sin Which Is Ur to Death." It will deal with "The Sin Against the Holy Spirit," and "The Unpardonable Sin." There will be special music at both hours. Mrs. Perryhill will sing at the morning hour and Dr. Root at the evening hour. Prayer meeting Wednesday at 8 p. m.

FIRST BAPTIST CHURCH Sunday school at 9:45 a. m., G. B. Slaton, superintendent. There is a place for you in our Sunday school, if you are not now attending that of some other church. We extend to you a cordial invitation. Morning hour of worship 10:50. Subject, "The Prayer Life of Jesus."

This is the beginning of a series of messages on the above subject which gives us a glimpse into the most wonderful lives ever lived on this planet. In the lives of all great men there are basal things which make for success. In the study of the above subject we shall try to find the secret of strength in the wonderful life of Jesus. Try to be present for the first and all subsequent discourses. Evening hour of worship begins at 7:45. It is likely the time will be changed to 8 o'clock after Sunday. Theme for evening, "He Went Away." B. Y. P. U.'s meet at 6:45 p. m. A hearty invitation awaits you at the services of the First Baptist church. WILLIAM C. ASHFORD, Pastor.

PRESBYTERIAN CHURCH Bible School at 9:45 a. m., J. M. Thomas, superintendent. Worship and sermon at 11 a. m. and 8 p. m. The Odd Fellow and Rebekah lodges will attend the evening service in a body. The subject for this service will be "Oddfellowship." The public is invited. Junior Endeavor at 5:30 p. m. W. M. ELLIOTT, Pastor.

WITH OUR SUBSCRIBERS

Mr. and Mrs. M. H. Sanders of near Cuthbert were in town Tuesday and came in and paid up a year for the Record. Mr. Sanders says he is now replanting his cotton for the fourth time. He said the rain and hail last Saturday did heavy damage to crops and lands in that section. He lives on the Will Berry place. He is a good farmer and is keeping on the job. They like the Record and we are proud they are getting it. A. R. McHaney has his paper changed to Katy, Texas, where Mrs. McHaney will spend the summer. G. F. Stapp of Route 2 has his paper changed to Comanche. Mr. and Mrs. C. S. Larkins of Westbrook order the paper sent to them at Finley, Ohio, for the summer. They own a home there and will spend the summer there and visiting out from there. They will visit in Chicago, Cleveland, Detroit, Philadelphia and New York and many other places in the north and east.

S. O. Nation of Colorado is a new subscriber and Mrs. J. P. Kincaid of Colorado is also a new subscriber. We appreciate these new readers of this paper. We are sending the paper for the summer to Miss Ernestine Jones, Miss Ruth Hines, and Mrs. Meskimen who are at Montezuma, N. M., college for the summer. Those paying up on subscriptions this week are: L. E. Jordan, Colorado; W. C. Pidgeon, Indiana; C. A. Wallace, Route A; W. P. Bassham, Route A. We appreciate all these good friends of the Record paying up for the paper.

CARD OF THANKS We wish to take this method of thinking the good people of Colorado for their many kindnesses shown us after the fire destroyed our home on May 14th. Everyone has been so kind and helpful that we cannot adequately express our appreciation. We do assure you that we will always remember you and ask God to abundantly bless you. Mr. and Mrs. Geo. Hunter.
