SOCIETY

MRS. J. G. MERRITT, Editor
Phone 144
would appreciate report of all social and club meetings. Reports must be phoned in not later than Wednesday afternoon each week. PHONE 144

Browning. Mrs. Dawson read a good paper upon the romance of the Brownings. Mrs. Mahon read "My Last Duchess." Mrs. Gary read Mrs. Willbanks' paper on "Browning's Life."

At the social hour a salad with sandwiches, wafers and coffee was served. The meeting this week is with Mrs. Dawson.

Baptist Circles
The Baptist Circles met in groups Monday afternoon.

Circle One met with Mrs. Lee Jones, with five members present. The chairman, Mrs. McFadden, was absent, and Mrs. W. D. Green presided. Mrs. O. Lambeth led the devotional. Prayer by Mrs. Lasky. The usual business and reports of committees were given and a play, "District School," to be given in the near future as means of raising funds for their church pledge, was discussed. The next circle meeting will be with Mrs. Lasky at 3 p. m. Nov. 11.

Circle Two met in T. E. L. class room with eight members present. Mrs. Johnson led the devotional. A prayer by Mrs. Smoot. Reports of officers and committees given and business conducted. It was voted to order another shipment of Italian Balm, and hold rummage sale next Saturday, and to pay \$50 into the church treasury. Mrs. Smoot led a most interesting lesson in Royal Service. One new member accepted. Circles Two and Four will be hostesses and conduct the next Missionary program, Nov. 18.

Circle Three met with Mrs. G. W. Smith, and Mrs. T. J. Radtiff led the devotionals by reading the third Psalm followed by prayer by Mrs. W. M. Green. The regular business was conducted and committee reports were given. More than \$70 reported in treasury on building fund, and 12 boxes of Christmas cards sold. It was voted that each member pay 10 cents per month as a dental expense. Mrs. G. W. Smith led a most interesting lesson in Second Samuel. The next meeting will be with Mrs. T. B. Russell.

Circle Four met with the chairman, Mrs. O. B. Price, with nine members present. The devotional was led by Mrs. Hugh O'Neil. Good reports were given by the committees and at the business session a report of all Christmas cards sold was given. A rummage sale was planned for next Saturday, this fund to go to the church pledge. The first lesson in Genesis proved most interesting and was led by Mrs. Ashford.

The Excel Circle met with Mrs. A. L. Whipple with 15 members present. The devotional services were given from the alphabet letter V. A committee gave splendid report and business transacted. Helmar's Magazine plan was adopted as a means of raising funds for a church school. Books were presented to the new babies of Mrs. Brown and Mrs. Wilson. A lesson in W. M. F. Manual was conducted by Mrs. Whipple.

The W. M. F. will conduct their monthly business meeting at the church next Monday, Nov. 4, at three o'clock.

Self Culture Club
The Self Culture club met Thursday with Mrs. Clarence Cook. Mrs. McCloud was a visitor. Plans were made to go to Big Spring on Friday, also for a member to go to the State meeting in Mineral Wells.

Mrs. Peiffer led the lesson, which was upon Browning. Roll call was answered with a quotation from

Shakespeare plaque. Mr. Mills won high score for gentlemen, and this was also a picture of Shakespeare. Mrs. Milburn Doss was consoled with a guest towel and Mr. Teas with an animal match holder.

A very delicious salad plate, with hot tea, was served.

Junior Missionary District Meeting
The Juniors of Sweetwater district are invited to meet in Colorado Nov. 9 for an all-day meeting. The following program has been arranged by Mrs. Garrett, superintendent of the district:

10 a. m.—Call to orders; song 80. Prayer; devotional by the Roscoe Juniors.

Welcome address by Maxine Dorn. Response by Big Spring Juniors. Piano and violin number, by Misses Pauline and Francis Jones. Reports from Junior Auxiliaries. What Juniors Can Do, by Hazel Reynolds.

Garnet solo—Bruce McCloud. Address—Mrs. Robt. Withers of Sweetwater.

Lunch served by Mrs. J. M. Doss and committee.

1:30 p. m., Song 209. Devotional for each day of week, by Juniors.

Prayer. Vesper solo by John Saunders Gordon. The Benefits of a Junior Church—Mrs. J. G. Merritt. The World Children for Jesus, by Mrs. J. G. Merritt. Address, "Organization," by Mrs. Smoot. Piano solo, Elizabeth Pidgeon. Prayers, by Adult visitors. Devotional song—The McCrosses.

1921 Club
The 1921 Club met Thursday with Mrs. T. J. Radtiff, with a most interesting session. Edward Kipling's "The Wanderer." The club has taken a very active part in the year's work, and has been successful in many ways. Mrs. J. G. Merritt had a splendid paper, "Has Kipling Given us an Art?" Mrs. Carter had an excellent paper, "Kipling and the World War." Mrs. J. G. Merritt discussed the structure of the "Wanderer." Mrs. Pritchard, president of the Chorus of the 1921 Club, gave a most interesting paper, "The Problem of the Wanderer." The meeting closed on Friday, with Mrs. J. G. Merritt presiding.

Methodist Missionary Meeting
The Methodist Missionary Society met Monday with Mrs. D. N. Arnett. Special prayers were offered for law enforcement and for a people brave enough to do their duty. Mrs. Maddin conducted the devotional, the theme being "Tribute from Thieves," Matt 27:44. Mrs. Van King read a letter from Mrs. Withers concerning the Junior's District meeting to be held in Colorado on Saturday, November 9.

Mrs. Garrett reported on Spiritual Cultivation. Mrs. Maddin reported on the Junior department; the president on Mission Study and social service. It was voted to send a box of towels to Rebecca Sparks Cooperative Home in Waco.

A letter from the C. C. Young Memorial home of Dallas was read and referred to the Home department. Mrs. Merrill reported the Zone meeting.

The Week of Prayer program was arranged. Mrs. Garrett's family will have Monday, Mrs. Buchanan's family Tuesday, and Mrs. Boyd Dozier's family will have Wednesday. The last program will be given either on Wednesday evening or Sunday afternoon.

The offering this year goes for the retirement and relief of Missionaries and Deaconesses.

A discussion on Korean homes and a prayer for all homes by Mrs. Merrill, closed the meeting. Mrs. Sam Smith, Mrs. Brown and Mrs. Winslett were appreciated guests.

To Attend Annual Meeting
Mrs. J. G. Merritt goes to Dallas Thursday night to attend the annual meeting of the State Inter-ecclial committee which meets Friday in the First Methodist church for a two-day session.

Bridgettes
The Bridgettes met Thursday with Mrs. D. M. Merritt who had four tables of players. The tables, score pads, luncheon cloths, and refreshments carried out the black and yellow Halloween motif. High score prize, a pretty deck of cards, went to Mrs. D. H. Snyder, Jr.

A beautiful and delicious plate, composed of moulded orange-colored salad with witch's face, chicken sandwich, olives, black and yellow cake and coffee was served. Candy in black and yellow baskets was on the table during the games.

Hesperian Club
The Hesperian Club met Saturday with Mrs. Sam Wulfjen, at the home of Mrs. J. L. Pidgeon. The treasurer reported State and County Federation dues paid and a credential card received for the delegate to State meeting.

Mrs. Lee read a letter concerning a sixth district song which the delegate was expected to learn, and he at Mineral Wells ready to sing.

The question of when is a member late, was discussed and each hostess was asked to set her clock on the day of the meeting by Western Union time. Mrs. Peck and Mrs. J. T. Johnson were given full credit for work, they being called to another meeting on account of changing the day.

A leave of absence was granted Mrs. Martin on account of the illness of her husband, and the members voted to express their sympathy in a note.

Mrs. E. H. Winn gave a good report of the delightful tea held in Big Spring last Friday, at which a number of Colorado women were entertained.

The women were reminded to vote for a mayor Tuesday.

Mrs. Ed Majors led the lesson for Mrs. Johnson. Mrs. Millwee gave Mrs. Peck's very interesting and instructive paper on the Kinship of the

Play. Mrs. D. M. Merritt gave the life of Richard Plantagenet and his part in the play. Mrs. Majors' paper was Emphasis Talbot and Son. After the questions, Miss Olga Burish was introduced and she made a splendid talk on public health. She told of the number of tubercular victims she was finding in the country and of having organized a Health Club at Buford. When she had finished her talk, it was voted to ask Mrs. Peck to have her examine the children in the Colorado schools.

Mrs. Wulfjen served the club at the Keybrook, where a delicious chicken salad plate was followed by pumpkin pie, topped with whipped cream and coffee. The plate favors were witch's brooms.

The meeting this week is with Mrs. Teas.

Presbyterian Auxiliary
The Presbyterian ladies met Monday in the church for their monthly Bible study. The lesson, which was the 19th chapter of Luke, was conducted by Mrs. Wolf. A good attendance and a good meeting was reported.

Junior Christian Endeavor Party
Tuesday evening the members of the Junior Christian Endeavor enjoyed a lovely Halloween party in the basement of the church.

The youngsters themselves had decorated for the occasion in a most artistic way. They had also provided the stunts for the occasion, having been divided into committees for this and as each group attempted to outdo the other, the stunts were many and varied. Everybody had a good time and at the conclusion of the games the mothers served refreshments, which were not the least enjoyable part of the party.

Quilting Picnic
The T. E. L. class of the Baptist Sunday school had a "quilting picnic" at the home of Mrs. A. B. Terrell last Wednesday afternoon.

Each member brought something to eat. Fourteen members of the class attended, and before the afternoon was over two quilts had been finished.

W. L. Doss, Sr., Honored on Birthday
Wednesday was the birthday of W. L. Doss, Sr., and at noon he was honored by Mr. and Mrs. J. M. Doss with a dinner. In the evening, his wife had several old friends at their home for a few games of forty-two.

Death Claims
J. E. Murphy
Sunday Night

J. E. Murphy, 47, died at his home in East Colorado Sunday night at 11:45 o'clock, and was buried in the local cemetery Monday, funeral services being conducted at the grave by Rev. A. D. Leach, assisted by Minister J. D. Harvey.

Mr. Murphy had been ill for several months. He died of cancer of the stomach. He is survived by his wife and five children, all of Colorado.

Mr. Murphy has lived in this country for a number of years. He farmed in the Buford community several years ago, later moved to the Loomis community and about four years ago moved to Colorado, where he worked at the carpenter trade and built a home just east of the high school. He sold his home and moved to East Colorado after he became ill last year.

He was a good citizen and neighbor, and friends and acquaintances join in expressing sympathy for the bereaved family.

NEGRO GIVEN TWO YEARS IN DISTRICT COURT FOR FORGERY
M. L. Lacy, negro, was given two years in the penitentiary in district court Monday, after pleading guilty to a charge of forgery. The negro, who recently came here from Louisiana and picked cotton for J. E. Hale, forged three checks on his employer. He admitted the crime and asked for mercy of the jury.

Judge Smith filed application for suspended sentence for the negro but the jury refused to suspend the sentence, but District Attorney Mahon dismissed two other cases of forgery against the negro.

The jury in this case was composed of C. H. Manley, B. A. Wynn, J. H. McMeekin, F. P. Brame, E. N. Burk, E. D. Roach, R. D. Lefevre, O. Bolin, L. H. Murphy, J. M. Byrd, W. W. Baker and E. R. Venus.

GALEY TO FILL TRENCH SILO THURSDAY-FRIDAY
The trench silo built last week by I. K. Galey will be filled Thursday and Friday if weather permits and anyone interested in this type of silo is invited to come out on either of these days and inspect the silo.

Typewriter and Carbon paper at the Record office.

HUSBAND OF WOMAN WHO OWNS MITCHELL COUNTY LAND DIES
Frank Moody Mills Succumbs In S. Dakota: Nationally Known In Business

Coloradans who knew Mrs. Frank Moody Mills of Sioux Falls, South Dakota, owner of extensive farm properties around Colorado, learned last week of the death on Monday, October 21, of her husband, who was over 58 years of age and one of the leading citizens in South Dakota.

The Daily Argus-Leader, Sioux Falls newspaper, for October 21, carried a front page picture of Mr. Mills and devoted two entire columns to news of his death and the story of his life.

Mrs. Mills has visited in Colorado several times, and is related to Mrs. George Crawford of Kansas City, also well known in Colorado. J. A. Buchanan sees to the management of her properties in this county, and during the summer made a trip to the state.

Mr. Mills was a man of many accomplishments. He possessed his street railway franchise, was an adjunct to trolley cars, and operated bus routes. He was a member of the state bar, and for many years was president of the publishing house of the Daily Argus-Leader. He was also a member of the board of directors of the Des Moines, Iowa, publisher of the Lincoln Daily News of Lincoln, Ia.

Misses Calma Lupton and Edna Smith spent the week-end home from Simmons University.

PRESIDENT ENROLLS IN RED CROSS

President Hoover, who is also president of the American Red Cross enrolls in the annual Roll Call of the society, which occurs from Armistice Day to Thanksgiving Day, November 11 to 28.

HEALTH PRESERVATION IS AIM OF RED CROSS

Society Employs Rural Public Health Nurses—Teaches First Aid and Life Saving.

A comprehensive, nationwide program to prevent illness, and to save lives through proper nursing care and advanced methods of life saving and first aid is fostered by the American Red Cross.

The organization is the largest employer of rural public health nurses in the United States, through its Chapters. The policy of the Red Cross is to encourage its Chapters to extend the public health nursing service, where leadership in this field is not taken by some other agency in the community.

The Red Cross health and life saving campaign embraces the following: preservation of health through skilled nursing care; prevention of loss of life in accidents; prevention of illness through cleanliness in the home and knowledge of methods of home care of the sick and raising the standard of health and physical efficiency through proper nutrition.

During the year just closed, more than 42,000 certificates have been issued in the Red Cross course in Home Hygiene and Care of the Sick, and since the course was inaugurated more than 500,000 persons have been taught; 149,000 children were instructed in proper eating through the Nutrition course; 46,898 individuals passed the severe Red Cross tests in Life Saving and 52,596 persons passed the rigid examinations in the First Aid Course.

This work is supported from funds obtained in the annual Roll Call, Armistice Day to Thanksgiving Day, November 11 to 28.

NINE WOMEN SEEK TO PRACTICE LAW

AUSTIN, Texas, Oct. 28.—Nine women were among the 105 candidates for licenses to practice law, who appeared before the State board of legal examiners here today.

POSTED

POSTED—All lands owned and controlled by Landers Bros. are posted according to law and no hunting wood hauling or other trespassing allowed. Please stay out and save yourself serious trouble. LANDERS BROS.

RED CROSS EXPENDS EIGHT MILLIONS FOR RELIEF IN DISASTER

Year Just Closed Put Heavy Task on Society—120 Calls for Help Were Met.

An unusually large number of disasters in the United States and its insular possessions have required assistance from the American Red Cross during the year just closed. The organization sent emergency relief workers to the scenes of 120 tornado deserts, floods, fires and other types of catastrophes and expended \$8,029,000 in relief and rehabilitation of the victims.

Calls for aid came from eleven other nations in which earthquakes, floods and other problems caused distress to large populations, and the Red Cross sent \$76,300 to help in relieving the suffering.

The catastrophe causing the greatest loss of life and most widespread devastation was the West Indies hurricane of September, 1928, in which more than 2,000 lives were lost in Florida, Porto Rico and the Virgin Islands. A relief fund of \$3,838,725.82 was contributed by the public, following a proclamation by the President of the United States, to which the Red Cross added \$50,000 from its own treasury, and the society was enabled to give relief to more than 700,000 persons.

In the early Spring, river floods in the southeastern states cost a heavy loss to many persons, 76,900 inhabitants being affected in four states. The Red Cross assisted 4,383 families, approximately 28,000 persons, with food, clothing, temporary housing, feed for stock and seed for replanting.

In all, thirty-eight states were visited by calamities during the year, affecting 364 counties. Twenty-eight counties were devastated twice by storms, fires and floods. Red Cross expended \$434,000 from its treasury in giving relief in these disasters, and at one time had as many as 120 disaster relief workers, nurses and other representatives in the field.

Funds for this relief work are obtained in the annual roll call for members, which occurs from Armistice Day to Thanksgiving Day, November 11 to 28. Only once a year—during this period of Roll Call—does the Red Cross ask public support to carry on its many activities.

To leave your overcoat in the vestibule of a church is a sure test of Christian faith.

HOME DEMONSTRATION CLUB WOMEN HAD BUSY RALLY DAY WEDNESDAY

Children's Health Conference Opened Program; Visits Made In Afternoon

A varied program filled the day for over twenty home demonstration club women of Mitchell county who held their annual all-day rally in Colorado Wednesday.

The program opened at the court house Wednesday morning with a health conference for children of pre-school age. The conference was held and examinations of children made by Miss Olga Barnes, State health nurse, who is working in the county, and Dr. P. C. Coleman, county and city health officer. Fourteen children were examined.

Following the health conference, Judge C. C. Thompson talked to the women, explaining the duties of congressional officers. During the month of October the women have been studying this congressional district, and this talk came as a climax to their study.

After noon they were given a talk and demonstration on laundry culture and care of the skin by Miss Emily, beauty specialist who is in the city this week. The remainder of the day was spent in visiting various places of interest over Colorado. The Colorado team Laundry was the first place visited, and when they left this place, Ralph Lee, manager, presented each woman with a nice hand towel. The next visit was to the high school, where they were entertained by the Choral Club, directed by Miss Ruth Lightower, and visited the various departments of the school.

The last visit was to the Colorado Record office, where the first section of The Record was being run off the press.

Among those who visited the Record office were: Mrs. J. D. Allen, Hyman; Mrs. H. T. Cole, Valley View; Mrs. Enoch Collins, Valley View; Mrs. Frank Andrews, Hyman; Mrs. H. H. VanZandt, Hyman; Mrs. Earl Beights, Hyman; Mrs. Chester Hart, Valley View; Mrs. W. B. Yeager, Buford; Mrs. E. J. Blackford, Buford; Mrs. T. P. Smallwood, Hyman; Mrs. J. T. Dawson, Hyman; Mrs. Edgar Andrews, Hyman; Mrs. J. Davis Cole, Hyman; Mrs. J. M. Ford, Conway; Mrs. W. Timney, of Westbrook; Mrs. John Deaton, Little Sulphur; Mrs. J. Leg Jones, Colorado; Miss Abbie M. Sevier, county home demonstration agent.

Miss Irma Lee, sister of J. Ralph Lee, returned to her home in Childress Sunday, after spending the week with Mr. and Mrs. Lee.

Rev. Cobb, vocational director of Colorado Baptist church, will fill the pulpit at the Baptist church here on Sunday morning and evening. This minister comes highly recommended and the pulpit committee urges each member of the church to be present and hear him. Everyone is invited.

Misses Bessie Hendrick, Bessie Nell Johnson, Edna Pearl Nelson, Owen Nelson, Reuben Taylor and Harold Bennett attended an Epworth League social in the basement of the First Methodist church at Roscoe Saturday night, and were also present at an all-day meeting of the Epworth District conference held there Sunday.

Buy a Farm-All Tractor. Use it to the limit. The saving on your feed bill will meet the deferred payment. PRICE BROS.

Mr. and Mrs. H. K. Sadler, Mr. and Mrs. Duke, and Miss May Smith were among the Sweetwater shoppers last Saturday.

Otha Curtis of Rising Star came in Saturday and will make his home with his cousin, H. P. Hall and family.

T. A. McGee was a business visitor in Ralls Wednesday.

With the Farm-All Tractor and its equipment you can cultivate in a farm-like manner 225 acres of crop. PRICE BROS.

Clyde Roberts and wife, formerly of Andrews, left Tuesday for Artesia, New Mexico, where they moved

to make their future home. Scott Blair and wife of Seagraves visited O. P. Blair and family last week. The two Blairs are brothers and this was the first time they had met in 19 years. Mrs. J. R. Cobb, a cousin who resides here, had not seen him in nearly 33 years.

Rayner Bell of Roswell, N. M., who has been a guest in the S. W. Givens home, left Tuesday night for Dallas.

We will sell you a FARM-ALL Tractor with small cash payment, the balance payable out of your next two crops. PRICE BROS.

Mrs. Hall of Cisco is the guest of her daughter, Mrs. Jim Marshall and family this week.

Berkley Derryberry of Longworth was the guest of his brother, Homer Derryberry, Tuesday night.

H. J. Longley, wife and little sons, Jack and Jerry, J. S. Longley of Lubbock, and Mrs. M. V. Robertson of Fort Worth, were guests of Mr. and Mrs. J. C. Hooker this week.

Mr. and Mrs. O. S. Maggart were business visitors in Stanton Monday. E. P. Kuch and wife were Abilene visitors Wednesday.

Mrs. R. E. Bennett and Mrs. R. H. Bennett were in Sweetwater Friday, having dental work done.

Luther Hall and family of Ralls, spent the week-end here visiting Mr. Hall's sister, Mrs. Jim Marshall.

H. H. Hilley and wife of Abilene visited Loraine relatives and friends

Sunday and were driving a new Ford. J. C. Hooker and wife visited the H. R. Sandefers at Roscoe Sunday.

J. L. Draper and wife of Matador spent Sunday in the home of his parents. Mr. and Mrs. J. T. Draper, where a sumptuous birthday dinner honoring her and his twin sister, Mrs. C. R. Clenny of Loraine, was served. Those present were T. E. Willis and family, C. S. McClenny, Mr. and Mrs. Claude Willis of Baumann, J. L. Draper and wife, and C. R. McClenny, wife and baby.

The Childs' Welfare club met in regular session with Mrs. Homer Derryberry Friday afternoon. A very interesting lesson was discussed. The next meeting will be with Mrs. Murry Edwards, Friday afternoon.

Mr. and Mrs. Tom Scown and Mr. and Mrs. W. E. Dickenson attended the I. O. O. F. and Rebekah lodge at Sweetwater Tuesday evening. J. L. Wright and William Martin were also among those who attended.

Mr. and Mrs. Paul Terrell of Sweetwater and Mr. and Mrs. Luther Martin of Colorado were Loraine visitors Sunday.

Mrs. T. R. Bennett and Mrs. Lillie Bennett were Abilene visitors last Wednesday.

H. F. Hall received a message from Lubbock Saturday stating the death of his cousin, Dr. Rowland Hall of that city, who with a party of friends on a hunting expedition died at a ranch home 30 miles from Lubbock.

Methodist Church Notes
We are glad to report our church work moving well. Much interest is still being manifested in the Sunday school, and preaching services are well attended.

Next Sunday evening we have the installation of the Sunday school officers and teachers for 4th year.

We have recently organized a Hi League, which will encourage the young people.

Our ladies' organizations are raising funds for a new church, and all organizations are working smoothly and harmoniously.

We give you a glad welcome to our services. J. M. COCHRAN, Pastor.

Mrs. H. Smith Entertains
Mrs. H. Smith entertained on Monday evening, October 28, with four tables of forty-two, honoring her son Carlos, it being his 23rd birthday.

The house was attractively decorated in the Halloween colors. The guests were met at the door by the hostess, and Mrs. Templeton presided over the punch bowl. The Halloween scheme was also carried out in the table decorations, the individual candy bowls, with a witch sitting on top of each.

The high score for women in the bridge games was won by Miss Irene Brown, a pastor of perfume. The consolation was won by Melvin Cahoon, a miniature "cup." The high score for men in bridge was won by Arton West, a pair of silk hose. In 42 the high score for women was won by Mrs. Ernest Jones, a beautiful novelty vase of waxed flowers; Benton Templeton and Plez Beatty tied for high men's score and a beautiful linen handkerchief was awarded each. Low score for women went to Miss Modine Marshall, a novelty compact; low score for men went to Arton West.

Then the birthday gifts were presented by Mrs. B. Templeton. After many comments, the honoree lit the candles on his cake, and the time-honored custom of blowing them out was performed. The cake cutting then furnished a thrill, as Miss Ollie Manly cut the thimble, Jack Coffee the button, and Little Miss Billie True Templeton the dime.

The hostess, assisted by Medames Hutchings, Templeton and Jones, served a plate lunch with coffee.

Valley View Visits

By J. C. ANGEL
The Literary Society of the Valley View school rendered a very entertaining program Friday, October 25. After the program, games were played. Following the games, refreshments were served to the students and visitors. The visitors to the entertainment were Mrs. Earl Brown, Mrs. S. H. Hart, Mrs. Ewell Coles, Mrs. Jeffie Robertson, Mrs. Bill Rone, Mrs. Frank Beight, and Mrs. Joe Dunlap. The school is now planning to have a box supper Friday, November 22. Watch this column next week for further details.

Dee Leflure is driving a new Whippet Six.

Grandmother Leflure, who has been indisposed for the past few weeks, is reported to be improving.

Mrs. Muris Cathart missed school Tuesday on account of illness.

Mr. and Mrs. P. C. Witt made a business trip to Roscoe Monday.

Rev. Joe Lockhart of Abilene, who is pastor of the Valley View Baptist church, filled his regular appointment here Saturday and Sunday.

Dee Leflure received news of the death of his uncle, Roland Hall, Saturday night.

Mr. and Mrs. Art Davis and son visited the home of F. W. Beights last Sunday. They were of Loraine.

Mrs. T. J. Dossey left on Monday night for Richland, where she will visit her mother, Mrs. S. Lansford.

Mr. and Mrs. Lee Hogue of the Valley View community are building a new home in Colorado, where they will reside.

Jim Scott of Inadale visited in the N. Z. Caswell home Sunday.

Clyde Smith visited in the home of S. H. Hart Sunday.

Hollis Dossey visited in the home of his brother, M. T. Dossey, Saturday night.

Lowell Burleson is on the sick list this week.

Miss Edna Hoover and brother, Merel and Herman, and their aunt, Miss Martha Ringener, were among the visitors at the China Grove singing Monday.

Voyd Beights was badly burned on Thursday afternoon at his home, while trying to start a fire with a can of gasoline which he thought to be kerosene. He was severely burned about the upper portions of his body, but managed to extinguish the flames and save his life by jumping into a concrete tank near the house. He is expected to be able to return to school Thursday morning.

REPRESENTATIVES OF FIVE TOWNS HERE AT ANNUAL PRESBYTERIAL MEET

(Continued From Page One)
and courage they could be accomplished.

Mrs. Florrie Richardson, an old-fashioned lady in an old-fashioned costume, very effectively represented the church papers. She urged its use, and clearly proved that an informed woman is an interested woman.

Mrs. C. P. Rogers of Big Spring told where next year's birthday offering goes. This is to be used for old ministers' relief and should be the largest ever made.

The statistical report given by Mrs. Haynie showed that the district had done a good year's work, yet that much remains to be done.

The various committees reported the courtesy committee being most gracious in their words of thanks for the hospitality of the hostess church.

Big Spring's invitation to meet next year with them in their new church—now in course of erection—was accepted.

"God Be With You" was sung, and the meeting adjourned.

REPORT OF EL PASO CONVENTION GIVEN CLUB

(Continued From Page One)
con Club were: E. C. Everetts, and Edwin Chase, of the Mills Chevrolet Co.; E. Barber, farmer of Spade; Rev. Eugene Naugle, pastor Methodist church, Westbrook; Cole Schaffer, Vincent; Ward Jenkins, Cuthbert.

Next meeting, November 5th, will be an interesting meeting, at which time Messrs. James and Vernon Logan, together with Miss Beatrice Logan, will furnish the entertainment. The business meeting of the executive board will follow immediately after the luncheon.

Senator Pink Parrish stated while at the El Paso convention that the greatest business ever performed for any organization is around the table. Are you interested in the development of Colorado? If so, demonstrate. Buy a membership in the Luncheon Club. See the secretary at chamber of commerce office.

Southland Life policy holders who avail themselves of the Company's inventory and advisory service this month will help themselves to keep abreast of changing conditions affecting their insurance. This is another valuable feature of Southland Service.

District Agent
Colorado, Texas

TED SHAW WANTED TO BE A METHODIST PREACHER

When Ted Shawn was a small boy and the usual question was asked, "What are you going to be when you grow up?" he invariably answered: "A preacher." This ambition was fostered until the time when, a student in theology at the University of Denver in preparation for the Methodist ministry, his studies were interrupted by a severe illness which kept him in bed for many weeks.

"During this enforced quiet," he explains in one of the early chapters of his book, "The American Ballet," "I had time to think deeply, and I thought myself out of the ministry and free from all previous moorings. And when I finally crystallized within my consciousness, and came out with a form, it was the form of the dance as religious expression. Of course, all my friends thought that I was headed straight for the south gate of Hell. It was not really a change of base at all, it was only a change of form; and when I met Miss St. Denis, we found that our fundamental concept of the dance was the same. She, pursuing the dance upstream to its source, found the dance was the first and finest of religious expression, and so we have been wedded artistically and humanly ever since."

This deeply religious feeling then prompted Mr. Shawn some years ago to arrange a church service in forms of the dance, giving it first in the interdenominational Church in Berkeley, California; and later in the historic St. Mark's-in-the-Bowery, in New York. On occasion he has also occupied another New York pulpit, that of Broadway Temple, on the invitation of the pastor, Dr. Reiser.

On the program to be given by Mr. Shawn and Miss St. Denis at Sweetwater on Saturday, Nov. 9th, an outstanding feature will be a ritualistic number, "Ramadan Dance," to the music of Anis Fuleihan. In it Mr. Shawn portrays an Algerian youth in the month of Ramadan, ecstatically celebrating the mystic nuptials of the Earth and Moon.

WINS SCHOLARSHIP

Miss Freda Merle Reid, who entered the "My Home Town" contest at the El Paso convention of West Texas Chamber of Commerce, was awarded third prize, which is a scholarship in either Texas Tech, Simmons University, College of Industrial Arts, and various other schools. Choice of these scholarships will go to J. Starnes of San Angelo, winner of second prize.

Miss Elizabeth Jobe of Sweetwater won first prize, which includes \$100 in cash and possession of the Ethridge loving cup. There were 12 entries, but only four survived the preliminaries.

Mr. and Mrs. Marvin Churchill of Sterling spent the week-end with Mr. and Mrs. T. R. Hopsley.

The Story of Goodyear CAUSE RESULT

It has been a fixed Goodyear principle never to serve the moment at the expense of the hour.

Thus, in the manufacture of products intended for the public, Goodyear has been animated by a clear sense of its RESPONSIBILITY to that public.

Goodyear has built its products to serve best, rather than to sell cheapest; to be sound and durable, rather than showy; to return the user the largest possible usefulness for his investment.

Goodyear has grown to be the greatest name in rubber, not by any adroit move or brilliant maneuver, but by expressing everyday RECOGNITION of its responsibility in products of a quality to protect that good name.

Each year in increasing measure, the public has been responsive to Goodyear responsibility.

A recent impartial survey, conducted nationwide, reveals a public preference for Goodyear Tires now MORE THAN TWICE AS GREAT as for any other tire.

This preference is confirmed in Goodyear sales the last year, the volume and value of which outstripped any year in Goodyear history. It is confirmed again in the percentage of increase in Goodyear sales—this percentage the last year being nearly THREE TIMES the percentage of increase enjoyed by the rubber industry as a whole.

Goodyear Quality, Goodyear Value, Goodyear Service—this trinity the American motorists has made his own.

That is why it is more than ever true, this year as for fourteen years past, that "More people ride on Goodyear Tires than any other kind."

STAR IN PROLOGUE FILM

Artist Has An "The Big Talkie Bound"

Probably the youngest leading stage stars, led by Pathe to star in "Paris Bound," a Broadway stage success in which Madge Kennedy played the leading part. This all-dialogue picture will be seen and heard at the Palace Theatre on Sunday, Monday, and Tuesday, November 3, 4, and 5.

Despite her youthfulness Miss Harding has established an enviable record of accomplishment on the New York stage. She created the title role of "The Trial of Mary Dugan," one of the biggest hits of the decade and was starred in such other stage triumphs as "Tarnish," "The Woman Disputed," and also "Stolen Fruit."

Dr. Bridgford Applicant Lions Club Membership

Dr. R. D. Bridgford, who recently took over the office and practice of Dr. S. W. Browning, filed application for membership in the Colorado Lions club last Friday at the luncheon of the club. Final election to membership will be voted upon by the members next Friday.

Lion Skaggs was a visitor. The program Friday consisted of several jokes by Col. C. M. Adams on the other members of the party who went to Sweetwater for the charter night banquet of the club there.

NEGRO SENTENCED

Clarence Lovin, negro, given two years last week by a jury in district court, was sentenced by Judge Smith Thursday morning. He was convicted of forging a check for \$46.00 on J. G. Grissom. The jury trying this case was composed of R. B. Long, Orion Linam, C. C. Bell, M. E. McGuire, W. D. McAdams, S. W. Scott, O. H. Thompson, Ivan Barber, H. M. Smith, S. E. Meadows, O. P. Blair.

COLORADO, TEXAS 261 NORTH WALNUT STREET At Eddins Rooming House

SPEAKS AT SNYDER SUNDAY, NOV. 3

COL. Wm. E. EASTERWOOD, JR.

Ex-service men and others are invited to hear Col. Easterwood speak at Snyder next Sunday, Nov. 3, at the district court room. He has just returned from a trip to Europe and will give some of his experiences, including the interview with Mussolini of Italy. Special invitation is extended Legion post members of Colorado, Westbrook, Loraine, Roscoe, and Sweetwater.

HIGH SCHOOL BAND PLAYS FOR SCHOOL CARNIVAL AT IATAN

Junior Musicians Assist Rural School In Program Wednesday Evening

With plenty of music by the Colorado high school band, and side shows of every kind, the Iatan school put on a carnival Wednesday night that was a knock-out.

The attendance was good and the admission charge of a "nickel" per head, and the interest in the many shows resulted in the garnering in of considerable "chicken feed," which is to be used to benefit the school.

Such shows as the "Leg Show," where a piano stool inverted greeted the customer, and the "Reason Why Pa Leaves Home" caused sidesplitting laughter.

The Colorado high school band is under direction of Roy Hester, and it certainly won the hearts of the Iatan citizens and applause of all for its numbers. Besides the band members, those attending from Colorado were: Mr. and Mrs. J. Lee Jones, Mrs. O. Lambeth, Mrs. J. L. Hart, Mrs. C. L. Root, Mrs. Roy Hester, Roy Duxler and J. H. Greene.

Mr. and Mrs. Mack Fisher, Miss Velma Cherry and Miss Myrtle Gregson are teachers at the Iatan school and they deserve credit for success of the affair.

Mr. and Mrs. A. L. Whipkey returned Sunday from a ten days' visit in Dallas, where they stayed with their son, Stansil, and visited the Dallas Fair.

COLORADOANS ATTEND I. O. O. F. MEETING

Several Odd Fellows and Rebekahs of the Colorado Chapter went to Sweetwater Tuesday night to the regular monthly meeting of the Mitchell-Nolan I. O. O. F. association.

Those attending the meeting from Colorado were Mr. and Mrs. W. L. Doss, Sr., Mr. and Mrs. John R. Baze, and Mrs. Ludie Wilson.

The next meeting is to be in Dora, Nolan county, on the third Monday in November.

OBITUARY

Mrs. J. L. McGettis was born July 23, 1881, near Starkesville, Mississippi, coming to Texas with her parents at the age of seven. She departed from this life October 23, 1929, at the age of 48 years. She was converted and united with the Methodist church at the age of 13. She was a true Christian. She worked for the upbuilding of her Master's cause, never willing to give up to her troubles of which she has had many. She would say "God knows best. His will be done."

Mrs. McGettis was the youngest daughter of Mr. and Mrs. F. M. Franklin and was married to J. M. McGettis at the age of 17. To this union was born nine children. She was a devoted wife and mother, ever working and trying to do for them that which she thought was best. She would say, "I have so much in Heaven, three brothers, a father and five children, I will go take my vacation in Heaven with them."

She leaves a husband, four children and an aged mother, five brothers, two sisters and a host of relatives and friends to mourn her death. Oh, how we will miss her kind words and loving smiles. She was always kind to everyone. To know her was to love her.

The evening before she passed on, she sang "Love Lifted Me," then she called her family to come have prayer, and asked her brother-in-law to read the 14th chapter of St. John, as it was a favorite scripture of hers.

The funeral service was conducted by Bro. Bailey, pastor of the Methodist church of Big Spring, at Salem church.

Mrs. McGettis tried to be a mother to everyone. She will not only be missed by her relatives and loved ones, but by every one who knew her. But we who are left behind must not look upon her going as a loss, but rather as a gain to her. She was sick so long and suffered so much, and now we know she is at rest, and will be waiting to welcome us when the summons comes for us.

A SISTER.

MUSICAL COMEDY AT PALACE IS TALKING-SINGING PICTURE

Catchy musical numbers, a rapid-fire musical comedy that keeps the audience in constant laughter, a new dance in popularity, and a stellar cast are some of the features of "Why Leave Home?" the all-talking, dancing Fox Movietone musical comedy version of the noted stage success, "Cradle Snatchers," will be at the Palace Theatre Wednesday and Thursday, November 6-7.

The cast is headed by Walter Catlett, Sue Carol, and Nick Stuart, and among the supporting players are David Rollins, Richard Keene, Dixie Lee, Jean Bary, Jed Prouty, Ilka Chase, Laura Hamilton, Gordon DeMain and Dot Farley.

Three college youths "date up" as many chorus girls for the evening, but are compelled to call the party off for lack of funds. To get money they agree to instruct three married women in the latest "technique" of dancing and kindred entertainment. The husbands of the women are supposed to be off on a hunting trip, but in reality are "stepping out" with the three chorus girls.

The boys and the women also decide to go to the same roadhouse for the evening, and as it is a costume and masquerade affair, the various participants fail to recognize one another. But later, a small riot ensues and comic situations come thick and fast up to the whirlwind finish.

CORRECTION

It has been rumored over the city that Dr. O. E. Wolfe, of State Live-stock Sanitary Commission, had condemned numerous cows at the Murphy Dairy as having tuberculosis.

This statement is a malicious slander and a misstatement of the facts. Dr. Wolfe has passed all cows as being free from any disease and makes the statement that B. C. Murphy, proprietor of Murphy's Dairy, has an exceptionally clean herd of dairy cattle and that a great deal of money has been expended in making the premises and equipment the best in this section for the production of clean, wholesome milk.

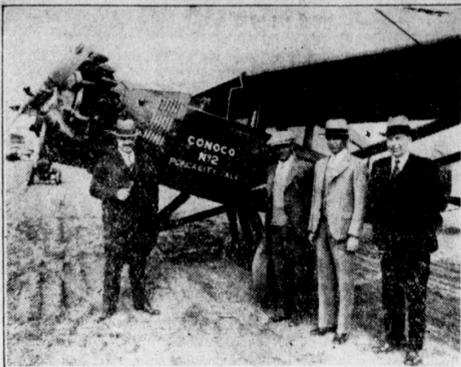

MURPHY'S DAIRY.

I endorse the above statement as being true.

DR. O. E. WOLFE.

CONAWAY P. T. A. TO SELL PIES, CHICKENS, SATURDAY

The Conaway P. T. A. will hold a pie and dressed chicken sale in Westbrook Saturday. If you need something in this line for Sunday dinner, visit the sale.

The "Conoco No. 2" and its crew on the nation-wide educational tour, standing in front of the ship, from left to right, are: J. E. Moorhead, Ray C. Shrader, B. K. Ludwig and Frank Moore.

Another evidence of the value of aviation to big business is found in the trans-continental tour of the Continental Oil Company's six-place Travelair cabin monoplane, "Conoco No. 2," leaving Denver on October 25 on a trip that carries it through the Rocky Mountain States, across the middle-west, to the Atlantic seaboard and back to Denver—a total of over 8,000 miles.

The tour is planned for the purpose of acquainting the Continental Company's sales forces with the details of a new oil, prior to public announcement of the product, which will be known as "Conoco Germ-Processed Motor Oil."

Technologists of the Continental Company authorize the statement that the new Conoco "Germ-Processed" Motor Oil will be a revolutionizing factor in automotive and general mechanical lubrication. They state that it is a highly selected crude by an exclusive patented process. Details of the claims for the new oil are to be explained to sales groups at the various points of call of the "Conoco No. 2." A stop of approximately one day is being made at each city.

The ship is being piloted by Ray C. Shrader, chief of the company's aviation sales division. Passengers are J. E. Moorhead, sales promotion manager; Frank Moore, special representative, and G. K. Ludwig, marketing engineer.

Stops for the plane are scheduled at Salt Lake City, Butte, Great Falls, Chicago, New York, Richmond, Kansas City, Lincoln, Ponca City, Wichita Falls, Albuquerque, and then back to Denver.

Mr. Moorhead, in charge of the tour, and his associates, will utilize charts, printed matter, maps and demonstration apparatus in their appearances before the various local groups, explaining in detail the refining method used in producing the new "Germ-Processed" oil, and outlining its superior qualities.

C. C. Warner, advertising manager of the Continental Oil Company, announces that a nation-wide newspaper, poster and farm paper advertising campaign to acquaint the public with the new oil, will follow the air tour.

PROGRAM SUNDAY FOR DEDICATION CONAWAY RURAL SCHOOL BLDG.

Community Gathering Featured By Noon Lunch And All Day Session

An all-day program for dedication of the new brick school building at Conaway, six miles southwest of Westbrook, will be held Sunday, according to Miss Ruby McGill, county superintendent.

Mrs. Witt Hines, daughter of the late C. P. Conaway, for whom the school is named, will preside at the morning program which is to start at 10:30 Sunday morning. This part of the program will be for benefit of ex-students and ex-teachers of the school.

At noon luncheon will be served by women of the community. Those attending are invited to bring basket lunch which will be spread community fashion and everybody invited to partake.

Dedication services will be held in the afternoon, beginning at 2 o'clock. Following a song, J. D. Harvey, minister of the Church of Christ of Colorado, will give the invocation. Special music will precede the main dedicatory address by Rev. W. C. Ashford, pastor of the First Baptist church of Colorado.

Rev. J. E. McDermott, Baptist pastor of Westbrook, will give the dedicatory prayer.

People of the Conaway community, one of the most progressive and prosperous in Mitchell county, are making elaborate plans for this service.

The new school building, the second large brick rural school building to be erected in the county, to be completed this week, contains four large class rooms, superintendent's office, cloak rooms, etc., and a large auditorium equipped with stage. It replaces a frame building destroyed by fire last spring, and was completed at a cost of about \$9,000.00. M. M. Smith of Abilene was contractor on the structure. A representative of the State Department of Education at Austin assisted in designing the building, while Miss Ruby McGill, county superintendent, assisted the trustees in plans for equipping the building and supervising construction.

The Conaway common school district has a tax of \$1.00 on the hundred dollar valuation. The district was able to build this new building with only a \$5,000 bond issue which was voted almost unanimously last spring.

Prof. H. P. Powers is superintendent of this school and Mrs. H. P. Power, Miss Reba Franklin and Miss Mattie Franklin are other teachers. Trustees of the school are W. E. Smith, D. T. Armstrong, and Horace McDonald.

Mrs. Ida Eudy of Big Spring, former resident of Colorado, is visiting her daughter, Mrs. Lovick Darn.

CHURCHES

FIRST BAPTIST CHURCH

Sunday school 9:45 a. m., George B. Slaton, superintendent. The attendance was good last Sunday in spite of the rainy morning. It is indeed encouraging as our Sunday school constituency is faithful in their attendance in inclement weather. Morning hour of worship, 10:50. Subject of morning discourse, "True Riches." Evening service 7:15. Theme of message, "The Vision Incomparable." B. Y. P. U.'s meet at 6:15. Visitors are always cordially invited to worship with us.

WILLIAM C. ASHFORD, Pastor.

METHODIST CHURCH

All regular services for Sunday: Sunday school at 9:45 a. m. Morning worship, 11 o'clock. Epworth League, 6:15 p. m. Evening worship, 7:15 o'clock. You have an invitation to worship with us.

W. C. HINDS, Pastor.

PRESBYTERIAN CHURCH

We are very grateful to Bro. A. E. Ewell for preaching for our people last Sunday during the absence of the pastor.

Worship and sermon by the pastor next Sunday at 11 a. m., and 7:30 p. m.

Bible school at 9:45 a. m., J. M. Thomas, superintendent. Don't let the weather keep you from the Lord's house, but come and bring someone with you. Prayer service on Wednesday evening at 7:30. You must not fail to be there. "Everybody at work and always at work," should be the motto for every Christian. Everyone departs feeling good who come to our church. If you have not been there, come and see for yourself.

W. M. ELLIOTT, Pastor.

CHURCH OF CHRIST

The series of special sermons on the Bible as the Book is attracting quite an interest. The third of the series will be given Sunday evening, namely, "The Mysteries of the Bible." Last Lord's Day was a fine day even if the weather condition was somewhat unfavorable.

At 10 a. m., a Bible class for all. Preaching and Communion 11:12 a. m. Sermon subject, "The Way." Meetings for the week: Ladies' Bible class Monday, at 3 p. m. Development meeting Wednesday at 7:30 p. m.

We welcome your presence. Phone 280-W. "At your service all the time."

J. D. HARVEY, Minister.

ALL SAINTS EPISCOPAL CHURCH

Sunday services at All Saints' Episcopal church will be: Evening prayer and sermon at 7:30 p. m., and Sunday school at 9:50 a. m.

You are invited.

ALEX B. HANSON, Minister in Charge.

PREPARATIONS MADE TO OBSERVE NATIONAL EDUCATION WEEK HERE

Programs to be Given at High School And In Various Clubs

Preparations are being made in schools and organizations of the town to observe American Education Week, November 11 to November 17, inclusive. The purpose of this week is to acquaint organizations, citizens, and the schools themselves with the ideals, working plan, and needs of the schools.

Each day of the week provides a

vital theme, and on each morning during the week fitting programs will be given at the high school auditorium with the students in special assembly. Programs appropriate to the week are also being planned by other organizations of the town, such as the Luncheon Club and the Lions Club. Some of the women's clubs will also have programs on education during the week.

Twelve members of the public speaking department in the high school are preparing speeches to be given on the programs during the week. The Girls' Choral club, Boys' Glee club, School orchestra, and the Junior band will also have prominent parts on the programs. The Dramatic club is working on a short play to be given during the week.

Churches of the town will cooperate in the observance of this week. Pastors will preach from their pulpits on Sunday morning, November 17, with some phase of education incorporated in the theme of their sermon.

Each day of the week will have a special theme, as follows:

Monday, Nov. 11, Armistice Day: Education of a faithful citizenship. American Education Week for 1929 begins with a celebration of Armistice Day. On that day magnify the faithful citizenship. Everyone should observe this holiday.

Tuesday, November 12—Home and School Day. Education for Worthy Home Membership. Show what schools do improve homes and what

homes do improve schools. **Wednesday, Nov. 13—Know Your School Day:** Education for Mastery of the Tools, Technical, and Spirit of Learning. Announce that special programs and exhibits will be open so that all who wish may spend an hour or two at the school.

Thursday, November 14—School Opportunity Day: Education for Vocational and Economic Effectiveness. Show what the schools do to help young people discover and train their talents.

Friday, November 15—Health Day. Education for Health and Safety. Show what the school does to promote physical vitality, good health, and habits of safety.

Saturday, Nov. 16—Community Day: Education for the Wise Use of Leisure. Show how the school contributes to the improvement of the community.

Sunday, Nov. 17—For God and Country Day: Education for Ethical Character. Ministers are glad to emphasize the higher values of education and of living.

CARD OF THANKS

We wish to thank the good ladies of Westbrook for their loving kindness and help in the sickness and death of our loved one, Mrs. McGettis. May God's richest blessings be theirs through life, and when trouble comes in their lives may they have loving friends to help them bear their sad trials.

J. M. McGettis and Family.
Mrs. F. M. Franklin and Family.

WHY EGGS ARE GOOD TO EAT

Richness in Food Value Makes Eggs a Relatively Inexpensive Part of The Meal Even at Higher Prices.

(Editor's Note—This is another of a series of 52 stories by Dr. L. D. LeGear, veterinary surgeon of St. Louis, Mo., and The Record is anxious to know how hits readers like these articles. Drop us a card, stating whether or not you wish this paper to continue publishing them.)

Whenever I have occasion to discuss the food value of eggs, I am reminded of a story told me some years ago by a New York social service worker. A group of children from the congested Bowery district were making their first visit to the country. One typical little gamine was asked how he liked the nice fresh country eggs. "Aw, dey ain't no good," was the reply.

"Why, what's wrong with them?" he was asked.

"Well," explained the youngster, "dey ain't got no smell and dey ain't got no taste."

He had evidently been used to eggs not so fresh.

However desirable those two elements may be in most foods, most of us will be perfectly willing to dispense with them in eggs. There are, however, numerous other qualities of such value that we cannot afford to be without them. Practically all the elements which contribute to the building up of and maintaining a healthy condition of the human body are present in eggs. Statistics show that the American people consume but little over one-half an egg each per day per capita for all users. This is not nearly enough. We should eat and use more eggs.

Compare them with beefsteak, for instance. At 40c a dozen, twelve eggs give you more food value, penny for penny, than a pound of steak at 45c, and don't forget there are no bones in the eggs. On a weight basis, eggs complete successfully with meat in almost every report. They have at least as great protein content and are more valuable sources of iron than any meat except perhaps liver.

As for those much discussed but little understood food elements, the vitamins, eggs compare most favorably with other foods. Nobody knows what vitamins are, but what they can do is fairly well understood. Weight for weight, eggs contain ten times as much vitamin A as milk. While it is true we use much more milk at a time than we do eggs, their great vitamin C content makes them a valuable addition to milk. As vitamin A is credited by competent investigators with helping to prevent diseases of the lungs, the importance of eggs in the diet is readily appreciated. Eggs and milk have long played an important part in the diet of tubercular patients.

Eggs are quite as rich as milk in vitamin B. This member of that mysterious family is the one which aids bodily growth and gives protection against neuritic disorders. Getting on down the vitamin alphabet we find eggs comparatively rich in vitamin D, the one which prevents rickets. Generally speaking, they have less value in this particular than cod liver oil. They contain quite enough of this element, however, to make them valuable substitutes for the oil for people whose stomachs refuse to retain it. A daily ration of egg yolks will prevent rickets, and, in many cases, heal rickets that have already started.

Having justified our title in one sense by showing the value of eggs as food, it would not be amiss to show that eggs are good to eat in still another sense. While few of us would care for the racy tang demanded by the youngster quoted at the beginning, it cannot be denied that eggs are ever popular because they have a most agreeable flavor all their own. Served in the simplest manner, they are always acceptable. As a garnish for various

vegetables, salads and other dishes they are both attractive and palatable. But what would we do for cakes, pies and pastries of all kinds and other dishes were it not for eggs?

Thus in hundreds of ways the egg insinuates its health giving and body building values into our daily menu. Unlike other foods that are good for us, the egg is something that can appear in some form or other at every meal without making us tire of it. This is good, for the egg is one of the most valuable of all the many things used for human food. We can hardly eat too many eggs. Let us, therefore, endeavor to make every week an "eat more eggs week," by finding more attractive ways and a greater variety of ways to serve these valuable and ever tasty food products.

NURSE VISITS RURAL SCHOOLS AND WORKS ON HEALTH PROBLEMS

Junior Health Clubs Are Organized in Iatan and Buford

Organizing a Junior Health club at Buford, and examining children in rural schools over the county, Miss Olga Buresh, State health nurse who is in the county now, continues to have full work days.

Lorraine, Buford, Longfellow, Landers, and Looney were visited by Miss Buresh last week. Saturday afternoon she was a guest of the Hesperian club, and made a talk to the members on the different phases of public health work.

Cuthbert, Fairview, and Rogers were visited Monday, and Iatan and Dorn on Tuesday. Mrs. J. Lee Jones assisted in the inspections at the latter two places. The Junior Health club organized at Iatan and Buford were for girls over 12 years of age. These girls will be taught the fundamental principles of health, including simple care of babies and first aid. A certificate from the State department of health will be issued to those completing the course.

Valley View was visited Wednesday, and there County Judge C. C. Thompson assisted in weighing and measuring the children. North Champion and Lone Star are being visited Thursday, and Hyman and Spade on Friday.

SCHOOL CARNIVAL AT ROGERS THURSDAY NIGHT

A school carnival is being given at the Rogers school tonight (Thursday). Proceeds of the carnival will go to buy equipment for the school.

NEW CROPS IN FLOODED STATES BRING PROSPERITY

The introduction of new habits of planting, following the Mississippi Valley flood of 1927, has wrought added prosperity to farmers in many of the Mississippi Delta counties, according to Red Cross officials.

Almost every cabin has a fine vegetable garden, whereas cotton formerly grew right to the doorstep, the Red Cross states. The home demonstration and agricultural agents have followed up the project inaugurated by the Red Cross, immediately after the flood of 1927, with very gratifying success. There is a large acreage in corn, whereas formerly cotton was the one crop. Alfalfa has gained a firm foothold, and the growing of this crop is bringing good financial returns from the three or four cuttings each year. Live stock also is showing improvement due to these new crops.

Everything considered, the Delta sections which escaped a backwater problem in the Spring of 1929 are in a prosperous condition, as a result of the follow-up and rehabilitation by the American Red Cross.

AID FOR VETERANS IS RED CROSS PLEDGE

Service and Ex-Service Men Are Helped in All Problems.

Service to World War veterans in hospital, for able-bodied veterans, and for dependent families of both called for expenditures of \$738,000 by the American Red Cross during the year just ended. In addition, Red Cross Chapters spent \$1,963,000 in veteran relief, and also for men still in service.

Although eleven years have passed since the Armistice, there remain 25,500 disabled and sick veterans of the World War in hospitals, and the peak of the number who will require hospitalization is not expected by Veterans Bureau authorities to be reached until 1947. For these men, the Red Cross must continue its service of providing recreation and comforts, according to James L. Fleser, vice chairman of the Red Cross.

"Under its Charter from Congress, the Red Cross is required to maintain service for veterans of wars and for the men still in the service," Mr. Fleser said. "The funds for this work come from the annual roll call membership fees. In addition to the sum spent in maintaining contact with the veterans, the Red Cross expended \$308,000 in its service to the men still in the regular Army, Navy and Marine Corps. The society and a majority of its 3,500 chapters handle claims for these men for insurance, compensation and other benefits they are entitled to under the law, and also where necessary arrange to provide for dependents of the men."

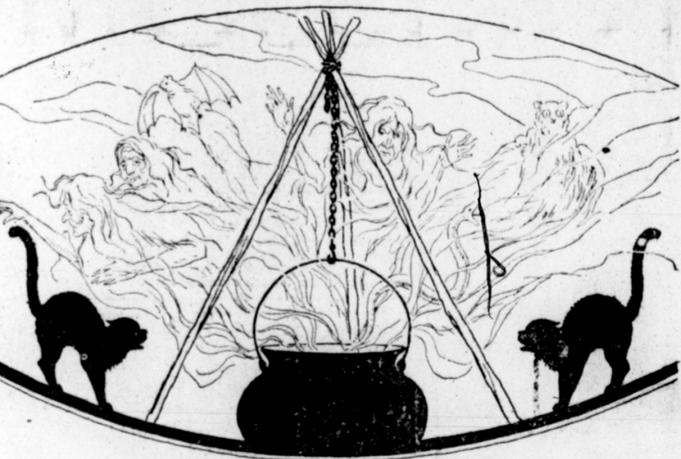

"Red Cross workers are maintained in forty-eight Veterans Bureau Hospitals, as well as in all regular Army and Navy hospitals, whose duty it is to supervise recreational facilities for the patients, and to provide small comforts. In the Army and Navy Hospitals, the workers also do social service for the patients. These tasks also are performed at all Army Posts and Navy Ports by Red Cross workers, and in addition Red Cross representatives to handle claims are established at the majority of Veterans Bureau regional offices."

Mr. Fleser urged that all citizens enroll in the Roll Call, from Armistice Day to Thanksgiving Day, November 11 to 28, in order to aid in supporting this work.

RED CROSS HONOR FLAG GOES TO NEW HAMPSHIRE

The honor flag, given annually to the State which enrolls the greatest percentage of its population as member of the American Red Cross, went this year to New Hampshire. The decision was so close between New Hampshire and Vermont that it hung in the balance for a time. California ranked third in the honor list and Connecticut fourth.

A final tabulation of figures of the 1928 Roll Call showed a nationwide membership of 4,127,946. The banner rests with New Hampshire, where it is hung in the State House, until the 1929 Roll Call—held between Armistice Day and Thanksgiving Day—is completed and new figures available for the 1929 winner.

AN EERIE HALLOWE'EN

HALLOWEEN is the time of witches, and the best witches we know of are the three old crones who mutter the marvelous incantation in Shakespeare's "Macbeth." The incantation has to be abridged and edited a bit, but it is a most appropriate thing for the hostess at a Halloween party to chant at the head of the table with her guests joining in the refrain:

"Round about the cauldron go;
In the poison'd entrails throw—
Toad, that under colden stone
Days and nights hath thirty-one
Swelter'd venom sleeping got,
Boil thou first i' the charmed pot."

Double, double, toil and trouble;
Fire, burn, and cauldron, bubble.
Fillet of a Fenny snake,
In the cauldron boil and bake;
Eye of newt, and toe of frog,
Wool of bat, and tongue of dog,
Adder's fork, and blind-worm's sting,
Lizard's leg, and owl's wing.

Double, double, toil and trouble;
Fire, burn, and cauldron, bubble.
Scale of dragon, tooth of wolf,
Witches' mummy; maw and gulf
Of the rovin'd salt-sea shark;
Root of hemlock, digg'd i' the dark;
Liver of blaspheming shrew,
Gall of goat, and slips of yew
Silver'd in the moon's eclipse,
Nose of Turk, and Tartar's lips.

Double, double, toil and trouble;
Fire, burn, and cauldron, bubble.
Cool it with a baboon's blood,
Then the charm is firm and good."

That will certainly provide the proper atmosphere for Halloween.

and now for the setting. Instead of the conventional pumpkin head Jack o' Lantern, have as a centerpiece a big cauldron, or cooking kettle. It would add an eerie touch if some salt and alcohol were burned in it to make blue flames. There should, of course, be a profusion of witches astride of broomsticks and of black cats. These can be cut from decorated crepe paper and made to stand up by means of wires.

For the food at such an entertainment you must have dishes suitable to the occasion, decked out with fittingly gruesome names. A suggested menu, calculated for eight people, consists of:

Devil's Stew
Celery Fringes and Ripe Olives
Baked Ham Halloween
Baked Sweet Potatoes
Sautéed Parsnips **Toasted Rolls**
All-Saints' Salad
Witches' Spiced Shortcake
Orange and Black Mints
Coffee **Cider**

The Recipes
Devil's Stew: Scald three cups of milk. Smooth two tablespoons of flour with one-half cup of water, add to the milk, and cook until slightly thickened. Add the contents of an 11-ounce can of peas which have been simmered three minutes in their own liquor. Bring the contents of a 5-ounce can of oysters to scalding in their liquor, and add. Season with two tablespoons of butter, salt and pepper, and serve.

Baked Ham Halloween: Chop one cup of celery, one cup of carrots, one-third cup of green pepper and two tablespoons of onion very fine, and sprinkle over a two-pound slice of ham in a baking dish. Pour over this four cups of strained tomato juice, and bake in a moderate oven (325°) for from an hour and a half to two hours, or until the ham is tender.

Salad and Dessert
All-Saints' Salad: Remove the pits from about two dozen canned breakfast prunes and stuff the cavities with well seasoned cream cheese (or cottage cheese). Chill in ice box for several hours. Have a jar of stuffed oranges in syrup also well chilled. (You can get these at any large grocery store.) When ready to serve, cut oranges in very thin slices, and arrange three slices overlapping in a bed of lettuce. Arrange two or three stuffed prunes on top, and garnish with a little cream mayonnaise.

Witches' Spiced Shortcake: Mix and sift two cups flour, four teaspoons baking powder, one teaspoon salt and two tablespoons sugar. Cut in six tablespoons shortening. Add three-fourths cup milk, roll or pat out fairly thin, and cut with a biscuit cutter into rounds. Put two rounds together with a little melted butter. Bake in a hot oven, 450°, for about ten minutes. Remove from oven, split open, and spread the following sauce between and on top:

Mix together the contents of two 11-ounce cans of apple sauce, four tablespoons sugar, one and one-half teaspoons allspice, two tablespoons butter and four tablespoons water, and heat to boiling. Cool slightly, and spread between and on top of the above shortcakes, and serve them hot.

ORCHESTRA IS 25TH YEARLY ESTABLISHED ORGAN OF SCHOOL LIFE HERE

Attention Looks Back On Seven or Eight Years Of Hard Work

After some seven or eight years of existence, the Colorado high school orchestra is now firmly established as a vital part of the high school.

very popular with the better class orchestras. Mr. Hewett enlarged the previous program of the orchestra and engineered many concerts.

ways be remembered by those going, which included Mr. Hewett, Anna and Eitena Hewett, Frank Pidgeon, D. W. Morgan, Marion Watson, Woodrow Watson, Donald Taylor, Herman Lockhart, Charles Hewett, Ora Fae Hefley, Louis Levinson, Charles Levinson, Frances Jones and Sefton Pickens.

Rotan Makes First Touchdown On Cantrill Field

By LOUIS LEVINSON

Rotan played a good game here Thursday, October 24, but they, like others, met a superior team.

Colorado did not start off very well for they fumbled on their first two plays, and the second was covered by Rotan.

In the first quarter, Captain Smith of Colorado passed to Tate, who ran 20 yards for a touchdown.

In the second and third quarters Ogiens went through center for a touchdown.

Colorado is coming fine, but there is no chance now of winning the district championship since Roscoe defeated Snyder 12 to 6.

Colorado ended the Rotan game victorious by a score of 16 to 7. Colorado made 18 first downs, while Rotan made only 3.

GROW MORE BARLEY AND RYE IN THE SOUTHWEST

By T. C. RICHARDSON Field Editor of Farm and Ranch

Until recent years barley was seldom found on Southwestern farms though it has a place and value all its own.

Barley, like wheat, has many varieties, coming from four or five original species, but in the Southwest, up to the present, only one type has received general recognition.

In the Southwest, barley is always sown in the fall, as it requires a cool climate for its best development.

Many Texas farmers have found that on the blacklands and the heavy red clays of the Texas Piedmont, the barley will almost always outyield corn in the amount of feed products.

One thing which is especially important is that with the growth of the

probably less so than our red rust-proof oats. This danger can be considerably mitigated in all the small grains by the use of cut-packer, or a plain roller on the fields.

Barley will outyield wheat under the same conditions, and in actual pounds of feed grain will usually run a close race with oats.

In far South Texas where small grains are grown for winter pasture alone, and are plowed under after grazing as long as possible, barley is superior to oats, wheat, or rye.

A word about rye. It is not a commercial crop in the Southwest, but is used considerably as winter pasture, then to be turned under as a soil-improving crop.

It has a distinct place in blow sand soils as a winter cover and pasture crop. One West Texas farmer beds his land in the fall, drills a row of rye in each furrow, then rebeds on

CHAPTER OF NATIONAL READING CLUB IS BEING ORGANIZED IN COLORADO

Representatives of Epsilon Sigma Alpha Sorority Working Here

Women and girls of Colorado, especially business and professional girls, are being given an opportunity this week to join a movement which has enlisted the support of 40,000 girls and women over the United States in the past 18 months.

Representatives of Epsilon Sigma Alpha sorority, national reading club, are working in Colorado this week. These representatives are Miss Ruth Martin of Dallas and Miss Ruth Jim Vinson, also of Dallas.

The chapter here is being sponsored by Miss Hazel Costin. The purpose of the organization is to give an opportunity to business and professional girls and housewives to obtain the cultural background that the study course offered by the sorority gives.

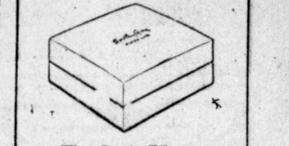

The prescribed course of study is designed to acquaint women with the works of the world's best authors. It is so worked out that it will require only a few minutes of time each day. The volume of textbooks for the course is furnished by the National organization. The course is one recommended by the greatest educators of the nation.

It was introduced by the United States Department of Agriculture from Italy about 25 years ago. The Northern varieties, such as Rosen and Wisconsin, may have a place in the high plains and mountains of New Mexico, Northwest Texas and the Oklahoma Panhandle.

If any reader has had experience with other sorts of rye in those sections, we shall be glad to hear from him.

pose of the sorority is to give an opportunity to business and professional girls and housewives to obtain the cultural background that the study course offered by the sorority gives.

Dorothy Gray

To Suit Your Face and Fancy

Do you want a powder of a thistle-down delicacy or a creamy, more clinging type? Is a light shade the most becoming, do you prefer a subtly rosy tint, or an audacious gypsy tan?

Whatever your idea of a perfect face powder may be, you will find it among the exquisite cosmetics offered by Dorothy Gray.

It was introduced by the United States Department of Agriculture from Italy about 25 years ago. The Northern varieties, such as Rosen and Wisconsin, may have a place in the high plains and mountains of New Mexico, Northwest Texas and the Oklahoma Panhandle.

If any reader has had experience with other sorts of rye in those sections, we shall be glad to hear from him.

LOCAL NOTES

Miss Ada Burke of Belton was the guest last week of her sister, Mrs. W. L. Joyce. She left Monday for her home.

Mrs. C. C. Wilson of Abilene, who was the guest last week of her cousin, Mrs. Bill Broadbent, left Friday for her home. She was accompanied by her little daughter, June.

Call Bedford's Grocery for groceries and quick service. Phone 129.

Mr. and Mrs. W. C. Davis spent the week-end in Sweetwater.

Mrs. Frances Kimmel and Mrs. Bessie Munn spent the week-end in Sweetwater.

Buy early for Christmas. See our line of Underwear and Hosiery for Gifts. **THE ELAINE SHOPPE.**

Mrs. Elmer Trout of San Pedro, California, formerly Miss Virginia Knowles, has been visiting her mother, Mrs. A. Ralston.

Mrs. C. P. Gary visited Mrs. Hal Bennett in Loraine Saturday.

PALACE

Fri.-Sat., Nov. 1-2

"THE FLYING FOOL"

A big all-talking special with William Boyd and star cast. This is really a special attraction, not just an ordinary program picture. Do not miss it. Also an all-talking comedy, "Turkey For Two."

Sun.-Mon.-Tues., Nov. 3, 4, 5

"PARIS BOUND"

All talking with all stage stars, including Ann Harding. It's a real picture of real life. You will like it. Also an all-talking comedy, "His Big Minit."

WHY LEAVE HOME?

All-talking comedy-drama, taken from the stage play, "The Cradle Snatchers," both stage and screen stars, with Sue Carrol, Dixie Lee, Nick Stuart, Walter Collett, and many others. We have seen this picture and guarantee it to be one of the best talking comedy-dramas we have had. You can't afford to miss it. Also FOX MOVIE-TONE NEWS AND Sound Novelty.

RITZ

NOTICE!

THE RITZ IS GLAD TO ANNOUNCE

it is being remodeled. Painting is being done both inside and out, all new draperies inside, four new gas stoves going in, and new decorations of all kinds. Special feature pictures will be shown every Monday and Tuesday, and we want everyone to visit the Ritz on one of these two days. No raise in admission. The formal opening of the New Ritz will be announced in next week's paper.

Friday-Saturday, Nov. 1-2

"MEN IN THE RAW"

-and-

"A DARING DUDE"

Also Comedy and Serial

Mon.-Tues., Nov. 4-5

"TWO WEEKS OFF"

Starring Dorothy McCall and Jack Mulhall. A good First National picture. Also the PARAMOUNT NEWS REEL and COMEDY.

cases actually saved by income from dairy products, cattle, chickens and hogs. The bright spots on the map this month are the irrigated sections of the valley an dthe two or three extreme northwest counties.

Spade Spuddings

Jack Frost visited us last week. He came early this year, and it begins to look as if this year's harvest will soon be over.

We had another good rain last Sunday morning.

Rev. Garner preached at the Methodist church last Saturday night. The morning services were rained out Sunday. There was no Sunday school either.

Rev. S. S. Holiday, father of Mrs. S. U. Salley, and a minister of the Methodist church, is visiting here from Alabama. He brought us a good gospel sermon at the Methodist church last Sunday afternoon.

The school pupils and teachers are busily working away this week, preparing for the Halloween Carnival on Thursday evening at 8 o'clock. We have worked out quite an interesting affair. There will be all kinds of "good cats" at the different booths. A real fortune teller will be here. Come and have your future told.

A few of the school patrons (men) went to work on the school grounds Tuesday morning. However, they found the "waterworks" out of commission. So most of the time was spent in working on water mains.

The school and community are diligently working away on a play to be presented in the near future. The title of the play is, "The Girl Who Forgot."

Rev. A. D. Leach will preach here next Saturday night and Sunday.

Let's make next Sunday a busy day in the right way. Attend your Sunday school, and go to church and the B. Y. P. U.

Rev. A. D. Leach is teaching a course in Sunday school work each first and third Sunday afternoons at 3 o'clock. You are invited.

Snow, Sleet Reported In Plains Area

RAINS FALL OVER WIDE SECTION; COLDER WEATHER IS PREDICTED

A variety of weather, including snow, sleet and rain, accompanied by a drop in temperature in western and northern portions, was handed out to Texans Wednesday and Thursday.

Amarillo and the Panhandle Wednesday had its first snow of the season, when nearly an inch fell, following a rain of more than 12 hours. The snow was heavier in New Mexico, according to reports from Amarillo, where minimum temperature was 32.

Plainville had a light snow, its first to fall in October since 1918. Two inches of rain at Canyon was followed by a sharp drop in temperature, with traces of snow.

Rain and sleet on the wings of a norther covered roofs at Borger, with minimum temperature of 42. Spur had intermittent showers with the mercury at 38 degrees.

Following prediction of colder weather for Colorado and West Texas last night, the forecast for today is partly cloudy. Freezing weather is slated for the northern portion of West Texas tonight.

Colorado last night had a drizzle of rain, registering .02 of an inch, with 7 o'clock temperature of 50, as compared to 70 degrees at the same hour Tuesday.

Mrs. J. D. Givens of Loraine is a new subscriber to the Record this week.

Henry Pond had his tonsils removed this week.

Carey Prude got his arm knocked out of place Friday night.

E. S. Cosper underwent an operation at the C. L. Root hospital this week.

Born to Mr. and Mrs. A. B. Burrier of Shepherd, Thursday, a girl.

Southland Life Monthly Crop Report September-October 1929

EXCELLENT
ABOVE NORMAL
NORMAL OR UNREPORTED
BELOW NORMAL

DIVERSIFICATION

DALLAS, Texas.—Unquestionable advance in Texas of the idea of crop diversification is more than ever noticeable in the crop reports gathered by the Department of Public Relations of the Southland Life Insurance Company up to October 15th. In this, the concluding crop report of the year, the situation largely summarizes itself as follows:

In spite of disappointing cotton crop, the situation has been more than offset by a profitable grain crop and extremely rapid development of dairy products.

A very large number of crop reports gathered from every section of the State contain statements similar to the following:

"Business conditions are holding up surprisingly well in view of disappointing cotton crops. Very few report poor business conditions and many normal or better."

Analyzing the situation as to sections: In the Northwest, the cotton is reported still maturing in northern counties. Grain crops not yet harvested but reported in excellent condition.

North and Northeast Texas report cotton generally below normal with other crops normal or better.

East and Central Texas report cotton below normal with grain crops about normal.

South Texas, with a cotton crop decidedly under normal reports optimistically because of other crops and diversification.

In almost every section of the State counties report the crop situation decidedly helped and in some

Mrs. Ruth Ratliff left Monday morning for San Antonio, where she will remain sometime.

WANTED—The Record office wants some good, clean, cotton rags.

A NEW OFFER

Roy L. Farmer, local agent for the Star-Telegram, also takes subscriptions to any popular magazine or periodical. He is able, under a new arrangement, to give you these in single subscriptions or in any combination you desire. See him at the Candy Kitchen. 10-25p

LORAINE LUNCHEON CLUB BE GUESTS OF COLORADO CLUB TUESDAY, NOV. 12

Program on Education Be Heard By Joint Meeting of Two Civic Clubs

The Loraine Luncheon club will come to Colorado Tuesday noon, November 12, to hold a joint meeting with the Colorado Chamber of Commerce Luncheon club, the visitors being guests of the Colorado club for that day.

The program will be on "Education," and Coloradans are urged to make reservations for themselves and family for the meeting.

J. H. Greene, secretary of the chamber of commerce, is working to get out a big attendance for the meeting. He said: "This promises to be a wonderful meeting and the program will be instructive. Let's show our cooperative spirit by attending this luncheon and show our visitors we appreciate their presence. Those wanting extra plates should make reservations at the office. Of course regular members are not required to make reservations for themselves."

The Colorado club members were guests of the Loraine club several weeks ago and the meeting was heralded as one of the best ever attended. The Colorado club is returning the courtesy and plans to have a big meeting for next Tuesday week, when the visitors from the progressive little city of the east side of the county come here.

Born to Mr. and Mrs. H. R. Hardin on Tuesday, a girl.

MARTIN CRITICALLY ILL IN HOSPITAL

S. A. Martin, assistant cashier of the City National Bank, is in a critical condition at the C. L. Root Hospital today as the paper goes to press. Mr. Martin underwent a serious operation last Saturday. His condition has been very grave for the past three days.

BIRTHDAY PARTY

Little Miss Maurine Morris, whose birthday was Wednesday, was honored on Tuesday night by her mother, Mrs. Ford Morris, with a party.

Some thirty of her young friends were guests at the party, at which games were played until refreshment time, when brick ice cream and cake were served.

A boy was born to Mr. and Mrs. Houston on Friday.

Born to Mr. and Mrs. Charley Simpson on Sunday, a girl.

Judge J. N. Viles has been ill for the last few days.

Born to Mr. and Mrs. Ben A. Barton on Tuesday, a girl.

DR. COLEMAN MADE HONORARY VICE PRES. WEST TEXAS C. OF C.

Judge C. H. Earnest Member Board of Directors For Next Year

Dr. P. C. Coleman, one of the organizers of the West Texas Chamber of Commerce eleven years ago and a vice president of the organization, was made honorary vice president for life at the annual convention in El Paso Saturday.

Dr. Coleman was so honored because of his long service with the organization and because of his desire to retire from active duty. He is the first man to be so honored by the organization. His name was kept on the list of board of directors, however.

Dr. Coleman has led many fights for West Texas. He was the originator of the idea of a West Texas A. & M. College which resulted in the establishment of Texas Technological College. He was chairman of the Water Rights committee which won the great water power fight last year for West Texas. Many other things were done by Dr. Coleman for the West Texas Chamber of Commerce. He has given much time and done much work for the organization and its membership.

Judge C. H. Earnest of Colorado was named as a member of the board of directors also. Judge Earnest is one of the outstanding pioneers of West Texas and an active member of the West Texas organization.

MISS BROWN SLIGHTLY INJURED IN ACCIDENT

Miss Viola Brown of Loraine was slightly injured Sunday morning when the car in which she and her sister, Miss Irene, and Jimmie Logan of Colorado were riding, was hit by another car just west of Sweetwater.

They were enroute to Coleman to bring Mrs. S. E. Brown, mother of the girls, home. A man in a Ford roadster driving west suddenly turned across the highway to take a side road and crashed into the Brown car, which was damaged considerably. Miss Viola Brown was thrown over against the front of the car, cutting a gash in her chin. Aside from being shaken up occupants of the car were not otherwise injured. The man in the Ford was not injured.

COLORADOANS HELP SNYDER SERVICE MEN FORM ORGANIZATION

American Legion Post Is Formed Sunday at Snyder With Thirty Members

Members of Oran C. Hooker post, American Legion of Colorado, assisted ex-service men of Scurry county in perfecting organization of Will Lane Post No. 181, American Legion, at Snyder Sunday afternoon.

The new Snyder post started off with 30 charter members and named Harry Winston post commander; Lee T. Stinson, vice commander; A. C. Pruitt, adjutant, and John Sentell, finance officer.

The Colorado Legion post initiated the move to get the Snyder post organized. Those who went to Snyder Sunday afternoon to attend the organization meeting were: Roy Warren, post commander; J. Y. Fraser, adjutant; R. H. Ratliff, Tom Burrows, Howard Rogers, C. C. Thompson, John Williams, finance officer, Chas. Farris and Roy Dozier.

BAPTIST WOMEN TO PRESENT PLAY AT SCHOOL AUDITORIUM

"Districk Skule" To Be Title Of Comedy Given Some Time Soon

Those who regarded themselves with hearty laughter at the presentation of the Zander-Gump wedding at the high school auditorium last spring will look forward to the forthcoming "production" of the same organization that staged the above-mentioned comedy of comic-strip life.

The Baptist women of Circle One plan to stage a comedy entitled the "Districk Skule," at the auditorium on some evening between now and November 15. It is an old-fashioned play, full of comedy, as the name will indicate.

Definite date for presentation of the play will be announced soon. The proceeds will go into the church building fund.

SINGING TO DRAW CROWD AT BUFORD

A large crowd is expected to be in attendance at a singing at Buford next Sunday afternoon at 2:30.

All adjoining communities have been invited to attend.

ABILENE WINS NEXT MEETING WEST TEXAS CHAMBER OF COMMERCE

W. B. Hamilton, Wichita Falls Oil Man, Named President For Ensuing Year

EL PASO, Texas, Oct. 28.—With a comparatively new code and a brand-new plan of organization the West Texas Chamber of Commerce cleared the boards here late Saturday and embarked on a new year.

W. B. Hamilton, oil man, who has been a leader in the oil activities of the chamber, is the new president of the West Texas organization. He defeated C. E. Coombes of Stamford by a vote of 19 to 15 in a meeting of the new directorate Saturday afternoon and the election was made unanimous. Pat Williams, Mineral Wells, banker who had been a potential candidate and was a leader in the demand for a complete overhauling of the plan of organization, nominated Mr. Hamilton for the presidency. Mr. Coombes and Houston Harte, San Angelo newspaper publisher, were elected vice presidents.

The new board of directors elected after noon in a long session, requested President Hamilton to call a meeting of the directors between now and Nov. 16, and at that time the organization will be completed. Until then the present staff of secretaries will remain at work under direction of President Hamilton.

There was no contest over the 1930 convention city and it was given to Abilene with general acclaim when Mayor Thomas E. Hayden, Jr., extended an invitation and a welcome on behalf of his city.

Sweetwater Girl Wins

Miss Elizabeth Jobe, Sweetwater High school girl, came off triumphant in the "My Home Town" speaking contest Saturday afternoon in competition with two other girls and a boy in the finals. Cline Starnes of San Angelo was the only boy surviving as a competitor. Louise Briggs of Del Rio and Freida Merle Reid of Colorado City were the other contestants.

Miss Jibe's victorious discourse was a toast to her home town, Sweetwater, a community whose citizenship is 90 per cent native born. A. P. Duggan of Littlefield, former president of the West Texas Chamber of Commerce, presented Miss Jobe with the loving cup that went with victory.

There was no debate over the resolutions that had been prepared in long committee sessions, but there was intense interest in the reading of them by Mr. Coombes and they were adopted with lusty assent.

Commend Tax Probe

One of the resolutions is a vigorous declaration that the West Texas Chamber of Commerce stands solidly in support of all of Texas, but that it is willing to fight for whatever interests that are its own and do not concern other parts of the State. The work of the recent tax investigation conducted by a committee headed by Senator Pink L. Parrish of Lubbock was commended and the Legislature was importuned to make such "vicious practices as farming out tax collections" impossible.

Priority rights on waters of Texas streams for land owners without special permit was demanded. Another resolution pledged the organization to give even more attention to problems of developing traffic and transportation resources in West Texas, but to take no part in contests between individual communities.

The small river bed validation bill was endorsed along with another declaring in favor of legislation to protect the integrity of land titles from "unjust repudiation by the State," and to protect the land owners from "vacancy hunters."

MISS DAVIES ATTENDS MEETING IN ODESSA

Miss Mary Davies, head of the vocational home economics department in Colorado High school, attended a meeting held in Odessa Friday and Saturday by Miss Lillian Peek, State supervisor of vocational home economics work.

Vocational home economics teachers from all over this section were in attendance at the meeting.

TEACHERS RETURN FROM AUSTIN TRIP

Miss Octavine Cooper, head of the vocational commercial department in Colorado High school, and Miss Mable Smith, dean of girls and teacher of Spanish in the school, returned Sunday night from a trip to Austin. Miss Cooper spoke before a gathering of vocational commercial teachers from all over Texas while in Austin.

START SELECTING EXHIBITS FOR FARM SHOWS IN COUNTY

Loraine Exhibit on November 8-9, and Colorado Exhibit On November 15-16

The County and Home demonstration agents will be at the directors room of the First State Bank of Loraine on Saturday afternoon, Nov. 2, for the purpose of assisting farmers and farm women in planning their exhibits or the Loraine Diversified Farming exhibit on Nov. 8 and 9, and for the Colorado Fall Exhibit on November 15 and 16.

Exhibitors may also make reservations for space for their exhibits at this time.

Attention is called to the fact that the score card is the same for both exhibits, giving exhibitors the two chances to win on the same exhibit.

VALUE OF TERRACING SHOWN THIS YEAR BY FARMERS OF COUNTY

Yield Increased By Holding Moisture; Crop Rotation Also Helps Yield

The value of terraces for holding moisture on the land, thereby increasing the yield, is clearly shown in a number of places in the county this year.

J. L. Montes says he doubled his yield by having most of his land terraced and he says he intends to complete the job this winter.

The crop of T. L. McKenney's farm, five miles west of Colorado, is far better than crops of unterraced land nearby.

Terraces increased the yield of cotton on I. K. Galey's farm, according to Doyle Williams who took his class to inspect the field. Mr. Galey will terrace his other place this winter.

Tom Jackson and G. W. Sweatt, both of Carr community, state that having their land terraced and their rows on a level increased the yield this year. Mr. Sweatt will terrace some more land this year.

Frank Andrews of Hyman says he can see that he lost money by not having his rows on a level this year, as where the rows are run straight even on comparatively level land, a good part of the water gets away. He expects to put his rows on a level this winter.

O. W. Bahmann of Loraine put his rows on a level last winter and says it increased the yield, but that he expects to build terraces this year.

Records kept by D. P. Smith of Longfellow show that terracing and rotating crops doubled the yield of cotton as compared to the 15 years before the field was terraced.

J. W. Page, A. R. Northcutt, J. D. Fuller, Dr. Dulaney, Frank Riggs, C. M. Adams, C. W. Burford, Carl Lowery, Jeff Ison, Joe Johnson, W. E. Smith, J. S. Barnes, Wiley Walker, W. A. Hallman, G. W. Webb, J. J. VanZandt and others are going to terrace their farms this year to conserve moisture and save the soil.

PLAY TO BE GIVEN BY WESTBROOK HIGH

"Nora, Wake Up," a three-act comedy-drama, will be presented by the pupils of Westbrook High school Friday night, beginning at 8 o'clock. Among those playing character parts in the comedy will be Gussie Bledsoe, Opal McDermott, J. C. Costin, Leonard Morris, Warren Costin, Mary Edna Gressett, W. A. Turner, and Mabel McKinney.

One of the features of the evening will be music by a negro quartette.

EDWIN KIRBY, PASTOR AT PETERSBURG, HERE

Edwin Kirby, former Colorado boy, who has served as pastor of the Methodist church at Petersburg for several months, is here this week for a visit with relatives. Young Kirby graduated from the Colorado High school four years ago and attended McMurry College at Abilene. He is awaiting action of the North Texas Methodist conference to determine what he will do next year. He wants to re-enter school but the conference may assign him regular pastorate work.

FORMER COLORADOAN IS MARRIED IN CALIFORNIA

J. H. Parker has received announcement of the marriage on October 19 of his nephew, Floyd M. Parker, and Miss Consuelo Kennish at San Pedro, California. Mr. Parker formerly lived at Westbrook and is known by many residents of this county. He entered the world war from this county and served with credit. Following the close of the war he traveled a great deal, but finally settled at San Pedro.

REV. W. C. ASHFORD DECLINES CALL TO SAN ANGELO BAPTIST CHURCH

Pastor Will Remain With Colorado Church, He Tells Officials

Rev. W. C. Ashford, pastor of the First Baptist church of Colorado for almost two years, has refused a call to the pastorate of Emanuel Baptist church of San Angelo, and will remain here as pastor of the local church, he told officials of the church Wednesday night.

He had already advised the San Angelo congregation of his intention to remain in Colorado.

Rev. Ashford has been pastor of the church here since January 1, 1928. He came here from Abilene, where he had made his headquarters while engaged in evangelistic work, having been actively engaged in the evangelistic field for some time.

His definite decision to remain in Colorado is indeed pleasing to the Baptist congregation as well as others. Rev. Ashford is said to be the most able pastor the Baptist congregation has had in years and they could ill afford to lose him at this time.

The new \$60,000 Baptist church has been completed during his pastorate here.

The San Angelo church was unanimous in the call extended to Rev. Ashford, but he declined because he felt his work here is only starting, church officials here say.

Laundryowners Meet At Mineral Wells Nov. 8-9

The fall meeting of the West Texas Laundryowners Club to be held in Mineral Wells November 8 and 9, promises to be one of the most widely attended in the history of the club, according to J. Ralph Lee of Colorado, who has just completed program for the meeting.

Lee announces the session will open at the Crazy Hotel at 2 p. m., Friday, Nov. 8. Following welcome address by Mayor Charlton Brown and the response by C. R. Simmons of Sweetwater, the president's report, secretary's report, appointment of committees and the announcement of entertainment, an address will be given by W. A. Johnson, Galveston. Johnson is director of the National Laundryowners association.

Miss Laura Murry, director of the Teacher Training Bureau, University of Texas, will speak on "Training Course for Route Men."

A banquet at the Crazy Hotel will be given at 7:30 the first day. It will be followed by a dance honoring the visitors.

Addresses by N. W. Humbaugh of Dallas and Arch Long of Kansas City will be heard on Saturday, last day of the meeting, followed by election of officers for the ensuing year and final report of committees.

J. Ralph Lee has been president of the West Texas Laundryowners' club for two years and the club, which was organized only about three years ago, has made rapid strides under his leadership. Its territory embraces all the State west of Fort Worth and its membership is large.

Eastern Star To Postpone Initiation

Because of the inability of two of the candidates for initiation to be present, the called meeting of the Eastern Star local chapter, for the purpose of initiation will not be held tonight (Thursday), according to Mrs. Lewis Fitzgerald, worthy matron.

W. W. Porter, one of the candidates, will be out of town, and Mrs. Carrie Turner, another candidate, is too ill to attend. The meeting will be held at some future date.

Second School Apportionment Payment Made

Communications has been received by Miss Ruby McGill, county superintendent, from the State Department of Education, announcing the fact that warrants for the second payment on the per capita apportionment for the school year of 1929-30 have been mailed out.

These warrants are for \$1.50 per pupil, and this payment makes a total of \$4 per pupil paid up to date.

Lee Jones, Jr., is back in Midland after a visit to his brother, Raymond, in Des Moines. He also attended the Tulsa Oil Exposition.

Misses Jewell McDonald, Lillian Pond, Mildred Martin, and Mrs. R. B. McDonald spent the week-end in San Angelo.

WESTBROOK, TEXAS

Ferman Caudle of Mt. Vernon visited Mr. and Mrs. E. V. Bell Tuesday.
J. M. Hahn of Pennsylvania is visiting his son, J. M. Hahn, Jr.
The Farmall Tractor with a 10-Disc Plow and a good man will flat-break 18 acres of ground, five inches deep, in one day. Price Bros.
I. D. Lauderdale and Bud Hall spent the week-end in Lubbock.
D. C. Willman of Weatherford visited in the J. E. Skelton home on Thursday.
Mrs. Chas. Haller of Colorado spent the week-end with Mrs. Henry Armstrong.
The Methodist Missionary society will give a pie social at the Baptist tabernacle next Saturday evening.

November 2. There will be a short program of music and a good talk by an out-of-town speaker, after which a social hour will be enjoyed. Pie will be sold at 10 cents a slice. Coffee and cocoa will be served at five cents a cup. The proceeds are to be applied to the church budget. Everybody is invited and urged to come, for all your friends will be there.

We will sell you a FARM-ALL Tractor with small cash payment, the balance payable out of your next two crops. PRICE BROS.

Westbrook has a new citizen whose name is James David Davis, son of Mr. and Mrs. Floyd Davis. He is being entertained at the home of his grandparents, Dr. and Mrs. J. P. Johnson.

Mrs. G. C. Williams, Mrs. J. J. Moore and Mrs. W. E. Donelson went to Abilene Wednesday to visit Miss Mabelle Donelson, who is attending Simmons University.

The Parent-Teachers' Association will present "Fun On the Podunk Limited" Thursday evening, Nov. 7. The characters are well selected and the rehearsals give promise of a side-splitting time for all that attend. The tickets will be 20 and 35 cents. The proceeds are to be used for books and other things needed by the school. Come out and see how the teachers and patrons act when they go away from home on the train.

Buy a Farm-All Tractor. Use it to the limit. The saving on your feed bill will meet the deferred payment. PRICE BROS.

Mr. and Mrs. M. L. Ekos have returned from a vacation spent in Pennsylvania.

Miss Winnie Fae Gressett has gone to Fairview in Howard county, where she is teaching school.

Mrs. H. B. McDonald and two sons are visiting her mother in Grapevine.

Mrs. Johnnie Simpkins and children have gone to Denison to make their home.

With the Farmall Tractor and its equipment you can cultivate in a farm-like manner 225 acres of crop. PRICE BROS.

The fourth quarterly conference of the Westbrook-Cuthbert charge of Methodist church, will be held at Cuthbert next Saturday and Sunday, Nov. 2-3. Rev. A. N. Lipscomb, presiding elder, will preach at 11 o'clock Saturday. Dinner will be served and the business session held immediately afterward. Bro. Lipscomb will also preach at the 11 o'clock hour Sunday. J. D. McCullough will preach at the Westbrook Methodist church Sunday morning at 11.

School Notes
Don't forget to come out and see "Nora, Wake Up" Friday night, November 1, at high school auditorium.

The basketball girls played Coahoma girls Friday. It was the first game of the season for both girls' teams. The score was 6-3 in favor of Coahoma.

The agent for the Intercollegiate Company of Kansas City was here on Wednesday afternoon. The Seniors selected the caps and gowns for their graduation exercises this year from this agent.

The high school organized a pep squad this week. The leaders are Marguerite Armstrong and Mary Edna Gressett.

The Westbrook High school boys' team met the basketball team of Coahoma here Friday, Oct. 25, and defeated the visitors 18-12. A more sportsmanship like game was never played, although it was like taking the cage off a bunch of tigers.

An enjoyable chapel exercise was rendered Monday by Miss Hard's

room—the first grade. The program consisted of a number of readings and a play, "The Three Bears." Miss McNiece's room will have charge of the exercises next Monday.

The characters in the play, "Nora, Wake Up," to be given Friday night, at 8 o'clock, are:

Bridget Honora Calahan—Gussie Blesso.
Mrs. Peggy Calahan—Opal McDermott.

Carlyle Coleridge—J. C. Costin.
Johnny Calahan—Leonard Morris.
Danny Williams—Warren Cosin.
Mrs. Edmonson—Mary Edna Gressett.

Edmond Edmonson—W. A. Turner.

Katie Schartz—Mabel McKinney.

Baptist Church Notes

The Baptist meeting came to a close Sunday by being rained out at each the afternoon and evening services. The visible results were one conversion and a number of reclamations. Crowds were small the entire ten days and nights, but Bro. Asford had the liberty and power in the pulpits that he usually has, even in great revivals, and brought some of the best messages and taught the Scriptures in a wonderful way. Those in attendance were greatly enlightened in the Gospel as well as led to deeper consecration and higher aspirations.

Mrs. A. G. Anderson entertained with a Halloween party for the Junior boys and girls. After a very pleasant time was had playing games the hostess served ginger cakes and buttermilk.

Bro. J. E. McDermott made a business trip to Odessa Monday.

Circle Three met with Mrs. Hayes Wednesday to quilt. Mrs. Charlie Moore led the devotional. The next meeting will be with Mrs. A. G. Anderson.

The Blanche Rose Walker Circle met with Mrs. W. H. Brunson, with eight present, in a business session.

HALLOWEEN NIGHT
By TRAVIS DONALD

On Halloween night,
When things get quiet,
Black cats fly down from the sky,
Black cats appear,
Shriek shrieks we hear,
The old witch comes riding by.

The owls scream out,
Werewolves hop about,
The ghosts walk noiselessly around,
The goblins come in,
Ugly imps begin,
'Tis dreadful to hear such a sound.

The moon grows dim,
The stars go in,
Dark clouds come into the sky,
Jack-o'-lanterns are lit,
In windows they sit,
To scare the boogers on by.

Out creeps a brawny rat,
And mice after that,
And over my bed they begin to crawl,
The old witch on the broom
Rides into my room,
And I almost begin to bawl.

Now a squeak at my head,
And a roar by my bed,
All the world has it in for me,
A rap at the door,
A bang under the floor—
Ah, what is there left to be.

"THE FLYING FOOL"
AT PALACE, FRI.-SAT.

Rising to a tremendous climax that will make most fans gasp, "The Flying Fool," Pathe's all-talking air drama starring William Boyd, is said to be one of the most thrilling and entertaining pictures produced this season. Although the story has an aviation background and though it reaches a great dramatic crescendo with a scene in the air it is not entirely an air story. It is a human drama, which combines pathos and comedy, played by a cast of capable actors and moulded into fine entertainment.

In his role of the Flying Fool, Mr. Boyd is seen as a devil-may-care stunt flyer whose weakness is women. They have been his chief diversion since the days in France when he was an American ace, but he has never fallen in love. His motto is "find 'em, fool 'em, and forget 'em!"

This picture will be shown at the Palace Theatre on Friday and Saturday of this week.

We carry a complete line of office supplies.

Tahoka Ginners Indicted Under Anti-Trust Law

Four ginners of Tahoka, Lynn county, have been arrested and are on bond on indictments charging violation of the State anti-trust law. It was learned from a Lubbock dispatch Saturday.

The indictments followed an investigation made at Tahoka into allegations that ginners combined to control prices paid for cotton. Assistant Attorney General Calloway Calhoun and Judge Lawrence of Austin have been in charge of the investigation.

Local activities of investigators, it was learned, are part of a State combination of ginners. Lynn county farmers were said to be receiving from two hundred to three hundred fifty points under New York market quotations, with a loss of from five to fifteen dollars per bale.

LORRAINE FARMING EXHIBIT TO TEST GUESSING ABILITY

One of the features of the Loraine Diversified Farming Exhibit will be a hog-guessing contest in which visitors will have an opportunity to show their ability to guess the weight of two hogs fed out by J. T. Draper of Lone Star. The hogs will be six months and two days old on the first day of the exhibit. They were fed a balanced ration of ground threshed maie and a protein supplement in a self-feeder.

The first person to guess the correct weight will be awarded a suitable prize. The hogs will be weighed the second afternoon of the exhibit.

TRINITY UNIVERSITY HALL BURNS WITH LOSS OF MORE THAN \$40,000

WAXAHACHIE, Oct. 28.—Cause-

ing a loss upward of \$40,000, fire believed to have originated in the trash chute early Monday morning destroyed the three-story Beeson Hall, men's dormitory at Trinity University. In less than an hour the historic structure was burned to the ground.

Interrupting several score young men at breakfast, the flames sent them scurrying to safety. One youth, Henry Moore of Hubbard, freshman ministerial student, jumped from the third floor and was badly shaken up. He was given treatment at a local hospital but is believed not to have suffered internal injuries. Two other youths jumped into blankets held by classmates. Only a small quantity of clothing was saved, so rapidly did the flames spread, menacing a half dozen frame structures nearby. Practically every student lost most of his clothing.

Trinity University was moved to Waxahachie from Tehuacana in 1902 and in 1903 Beeson Hall was erected, named for Dr. W. E. Beeson, first president. While the loss looks small, it must be remembered that with present costs, a quarter century after erection, it would necessitate the expenditure of at least two and a half times that much to replace.

A meeting of prominent Presbyterians and townspeople was to be held Monday, to make plans for a \$200,000 modern fireproof men's dormitory to take Beeson Hall's place.

YOUNGER FOOTBALL TEAMS PLAY GAMES

The Cubs, Junior High school football players, met defeat at the hands of their older opponents when they met the Jackrabbits on Cantrill field Friday afternoon. The score was 20 to 0.

Roosee's second team and the Jackrabbits played a scoreless game Monday afternoon here. Jim Rice, high school student who, because of his age, is ineligible to play with the Wolves, is coaching the Jackrabbits and is doing a good job.

ADVANCE OF COTTON 'UP TO FARMER' IS STATEMENT OF COOP

Manager Farm Bureau Says Loans Depend Upon Amount Handled

The chief question before the eyes of Texas cotton producers since the announcement by the Federal Farm Board that it was prepared to loan up to \$100,000,000 on cotton, "How much of the money will come to Texas?" was answered Monday by Harry Williams, general manager of the Texas Farm Bureau Cotton association on his return from Washington Monday.

"The amount of money to be loaned to Texas cotton farmers depends strictly upon the number of bales handled through the existing cooperative association, the Texas Farm Bureau Cotton Association," Mr. Williams said. "Members of the association are advanced 12c per pound on their unclassified cotton, immediately it is consigned to the association. When their cotton has been graded and graded, they are given the additional advance allowed by the Federal Farm Board, dependent upon the grade and staple of their cotton."

Mr. Williams has been in Washington the last ten days in conference with the farm board, working with them in developing details of requirements, plans and policies with regard to making the \$100,000,000 appropriation immediately available.

Advance Sale Graduated

The Federal Farm Board's announcement with regard to its application of the agricultural marketing act as passed by the last session of Congress was that it would advance 16.25c per pound on a seven-eighths inch middling basis. Cotton producer who obtain advances through the cooperative association will receive that amount per pound, or more or less, depending upon the grade of cotton delivered to the association.

"For instance, if the cotton consigned to us, and on which we advance 12c per pound, grades better than seven-eighths middling, the producer of that cotton will receive an additional advance of more than 4 cents difference due him on his unclassified cotton," Mr. Williams said. "On the other hand, if the cotton consigned to the cooperative grades lower than seven-eighths middling he will receive less than the additional four cents difference over the 12 cents already advanced upon consignment."

"The purpose of the Federal Farm Board in making available its large loan was in line with the principle of the agricultural marketing act. The board believed the point had been reached where the cotton was being sold below the cost of production. In placing the minimum value on cotton, the tendency is to stabilize the price.

South Texas Consigns Much

"The board is willing to lend to farmers, through the cooperatives, up to the limit of its funds and it agrees not to call on the cooperatives for margins. This will tend to eliminate hedging and pressure upon the market.

"That Texas farmers are quick to avail themselves of the facilities provided by the Federal Farm Board and recognize the need for the intermediate agency is shown by the fact that since the announcement at Washington that funds would be available for the cotton cooperatives, we have had an appreciable increase in deliveries of cotton to us and have had many inquiries from non-members desiring to become associated with the cooperative. The Texas Farm Bureau Association already has 60 per cent more deliveries than it had at this time last year, with one million bales less of cotton to draw from than it had a year ago.

"A lot of cotton is moving to the association now from South Texas, where the ginning is over, which shows that farmers there were holding their cotton in anticipation of a better price and see the benefit of pooling their cotton to avail themselves of the facilities offered by the Federal Farm Board.

"The facilities of the Texas Farm Bureau Cotton association are such that they can be expanded to handle any amount of cotton, and with the willingness of the Federal Farm Board to advance funds for any amount of cotton, and in the face of the size crop this year, it is established that the 1929 crop which has not been marketed yet can be handled so as to benefit from the action of the board."

RETURN FROM MEET OF EASTERN STAR

W. S. Stoneham and daughter, Mrs. Lewis Fitzgerald, returned Friday night from San Antonio, where they attended the State meeting of Eastern Star chapters last week.

Mr. Stoneham is a past worthy patron of the local chapter, and Mrs. Fitzgerald is present worthy matron. They report a very interesting meeting.

Dunn Owls Defeat Iatan

Going to Iatan for their second basketball game of the season, the Dunn Owls looped their way to a 24-4 victory over the Mitchell county boys Friday night. Outclassed from start to finish, the Iatan boys nevertheless took their defeat in a spirit of sportsmanship. The lighter Dunn quintet handed Iatan its first defeat in two years, and the Iatan team of last year was said to have

been one of the strongest in Texas for a school its size.

Hermleigh Pioneer Passes

One of Hermleigh's pioneers, Miss Rowena Adams, passed away at her home Tuesday, following a protracted illness. She was 83 years of age. Funeral services were held at the family residence in Hermleigh Wednesday afternoon.

Lines have been run and excavations have started for the new-Burton-Lingo company lumber yard, which is to be erected just east of the R. S. & P. depot. Announcement that an up-to-date yard would be built was made several weeks ago by C. W. Harless, manager of the concern.

107 Pounds Pulled By Girl Aged 4

Four miles southeast of Snyder lives a 4-year-old girl who gives Scurry county cotton pickers a new mark at which to shoot. Little Miss Juanita Patrick, daughter of J. E. Patrick, perhaps is not the champion boll puller in this section, but she at least has set a record of which any girl her

age might be proud.

Doek Kelley tells that the young lady pulled 54 pounds in a half day and 107 pounds in a full day.

Two Scurry county rural schools will open their doors Monday morning, according to County Superintendent A. A. Bullock. These are Plainview, three-teacher school, and Canyon, four-teacher school.

The remaining rural schools of the county, with one or two exceptions, will open Monday, November 4.

HE WHO LAUGHS LAST

"He who laughs last," you know the rest. Wonder if Pat Neff is now snickering over the way he trimmed Earle Mayfield for the place Clarence Gilmore occupied so ably? Or did Earle want it?

Perhaps not, but he will want it, now that Pat's got it. A strange struggle between this pair, a notable feud in Texas politics. And the end is not yet in sight.

Some credited both with a desire to succeed Dan Moody. More probably, they will fight it out in 1930

for Pat's present job. "Lay on, MacDuff."

The Texas kittens of the Tammany tiger-cat are beginning to mew and spit and feebly snarl their venomous animosity for those self-respecting Democrats who refused to support Al Smith last year. They will not get very far if that large group of drys which stayed reluctantly within the party lines forcibly re-resents the domination of Steve Pinkney and Dave Wilcox and John Boyle and others of their ilk.—Southern Advance.

Tate-Lax

Eliminate improperly and you will have rheumatism. TATE-LAX restores elimination through its action on the liver and bowels, thereby removing the internal poisons which cause many diseases. Sold by your druggist. If not, write the Dr. N. F. Tate Medicine Co., Waco, Texas.

GREATEST THING IN LIFE
 What is it? To stick around? To be useful? To do one's duty? Yes, first and foremost to those who are dependent on you—your immediate family. It is not their fault that you are related to them. Your duty to yourself as an individual, your personality, your individuality are next in importance.

Is it not in a national sense highly important that we formulate a national philosophy founded on the efficient individual and service for the masses?

The concept of Americans by the Europeans, that we are a nation of men and women who are mere dollar-chasers, is a mistaken one. We have amassed the most dollars because we have made wealth a by-product of principle, not putting dollar-worship first.

The principle of service, better service, more service, has become the greatest thing in life with American industrial leaders.

Men who have made millions are generally plain and common as old shoes.

ENCOURAGING HOME INDUSTRY
 When a manufacturer makes a good product the world will beat a path to his door, it is said. That has proven true in Colorado with regards to bakery products. While Colorado grocers and food houses are due much credit for their patriotic spirit in using home-made bread to the exclusion of shipped-in products, the Colorado bakers manufacture a product that will compete with any made in the State. No better product could be secured, and the people have learned this fact, and are demanding and using bread baked in Colorado.

Trading at home means success.

GOOD TIRES ON USED CARS

Why do we replace poor tires on the cars we take in? Because you would only have to buy new tires right away and we want the first cost, the cost of your car, to be the only cost.

WE HAVE A FEW OF THE BEST BARGAINS IN USED CARS THAT WE EVER HAD—COME IN AND SEE THEM. WE CAN FIT YOU UP IN MOST ANY CAR AT A BARGAIN.

COLORADO MOTOR CO.

 COLORADO, TEXAS

GLEANINGS FROM EXCHANGES

While Senator Sheppard's bill to make liquor purchases equally as liable as the bootlegger is being hailed as the solution to the problem of prohibition enforcement, we have a sneaking idea that the ballyhoo is for the purpose of making somebody's election sure.

As we understand court procedure there must be some witnesses to a liquor transaction to secure a conviction. While the bootlegger may do plenty of verbal advertising we have heard that he is quite secretive in consummating the sale. If both buyer and seller are amenable, neither's testimony could convict without corroboration and neither could be forced to testify against himself—so where would the prosecution be?

However, if the proposed measure be aimed at drunken drivers and others who endanger human life while under the influence of liquor, it would serve its purpose nobly—provided the law was not full of loopholes so crooked lawyers could free their drunken clients. —Southland Sun.

BETTER DAYS AHEAD
 The perversion of Texas weather was never better illustrated than at El Paso this week. When the West Texas Chamber of Commerce delegates assembled in the city which widely heralds its slogan, "Where Sunshine Spends the Winter," the weather man got nasty and sent a driving snowstorm, accompanied by other manifestations of natural capriciousness.

The sunshine will return to El Paso in a day or two, just as prosperity and confidence will return to the sorely beset West Texas Chamber of Commerce.

That organization had a deficit estimated at from \$18,000 to \$25,000 to overcome, but there were enough wealthy and influential men on hand to make sure that the deficit will be made up. In spite of discords and talk of dissolution, the WTCC is still a going concern. It has established a record of achievement that cannot soon be forgotten, and West Texas has no notion of forgetting it.

A promise of better days was given in the very smallness of the crowd at El Paso. The annual conventions had become a five-ring circus, with more ballyhoo and noise than actual business. The work carried on by a handful of directors and committee heads, leaving the run-of-mine delegates nothing to do but make whoopee. That system is changing and hereafter the annual conventions will be less of a show and more of a business assembly.

Most of the opposition to the West Texas C. of C., strange to say, has centered in the towns that have entertained it.—Big Spring Herald.

THE TOWN WHICH GOES AHEAD
 Some towns, because of a large territory from which to draw, because of exceptional resources nearby or as the result of unusual circumstances, forge ahead of others not so fortunate.

Progress, however, can not be attributed altogether to circumstances. The town whose citizens put their backs to the wheel of advancement will be a better town and its future more secure regardless of whether it has been favored or unnoticed by the god of chance. A town can be no better than the citizens who form it, regardless of outside influences.

What then, makes a good citizen? A good citizen is one who is willing to give a reasonable amount of his time in a public-spirited way, in advancing the good cause of his community. He is one who is willing to cooperate with others and who can see the viewpoint of his neighbor as well as his own. He is one who does not knock, even if his own opinions are overruled.

A good citizen, if he is able, should be willing to back new enterprises that make for the progress of his community; and, if he is not in position to help financially, he can speak a good word.

If the citizens as a whole show such a spirit of cooperation, leadership will come as a matter of course. But the support of the masses is essential. It takes the united efforts of many to build well—but remember, any fool alone can tear down.

ROADS AND POLITICS
 More and hotter politics is desired by a group of county judges and commissioners, meeting at Lubbock Wednesday to organize a regional association.

They adopted a resolution favoring an elective State highway commission of five members, as opposed to the present system of three appointive commissioners.

The subject has been brought up occasionally for years, but the movement has gained very little headway. There is no demand for it among the taxpayers and citizens generally. It is popular only among the politicians.

Putting our highway program squarely into politics by making the commissioners the creatures of political machinations would be one way of undoing much valuable work that the commission has done in the last few years.

There is only one way to build the most miles of good roads at the least possible expenditure. That is to leave the commission free of politics. An elective commission would instantly become the hottest hotbed of politics this State has ever seen. —Abilene News.

THE NOLAN COUNTY NEWS
 Work on the new concrete yard, which will cost approximately \$3,500 that is being laid about the T. & P. station, is well under way.

Replacement of 95-pound rails with the 110-pound rails on the T. & P. is working nicely. The work is almost completed into Roscoe at the present. The company has on this job about 450 men. Work will be completed into Big Spring by the first of the year, and will be continued indefinitely down the line. In

dition, the rails are being rebalanced as the work is carried on.

Ushered in by a light rainfall and hail over a portion of South Nolan county Saturday, the first icy breath of winter swooped down upon the section Tuesday.

Considerable hail damage was reported from several south and southwest sections of the county.

Heavy hail fell Saturday around the Divide and in the Maryneal section, with crop and stock damage reported.

Sweetwater Board of City Development is cooperating with Coke county leaders in campaigning for the success of a \$265,000 road bond election Nov. 2, for the eastern half of Coke county, to pave Highway No. 20 across that county.

MR. SHEPPARD'S DILEMMA
 Some unkind commentators have charged that Senator Sheppard, finding himself in bad odor with Texas prohibitionists because he mounted the Al Smith band wagon and clanged a bass drum in behalf of Tammany Hall, as it were, introduced his proposal to amend the Volstead act in order to pacify the peeved pros.

If so, the senator must have had a bitter awakening.

He proposed to amend the act so as to make the chver equally guilty with the seller of booze. That, it is asserted by some prominent drays, would "break the back of prohibition," because it would make enforcement impossible by destroying the only safe means of conviction.

The father of the 18th amendment is apparently in for some uncomfortable moments. He is up for re-election next year, with some tall explaining to do to pacify the anti-Smiths; and his initial effort to get back in their good graces seems to have flattered completely. —Abilene News.

LOW LABOR TURNOVER CAUSE ASCRIBED FOR OAKLAND EFFICIENCY
 The ancient adage that "a workman is no better than his tools" works both ways. The tools are no better than the workman upon whose skill their effectiveness depends.

The model plant of the Oakland Motor Car Company has both. Its tools, equipment and machinery stand unsurpassed throughout the entire industry for accuracy and precision. And its factory personnel is composed of veterans—"steady men"—experts by virtue of special training and long experience.

Gordon Lefebvre, vice president in charge of operations, attributes the high efficiency of the Oakland-Pontiac factory in great part to the fact that most of its workers are thrifty "home bodies."

"Stability and permanence of the personnel are vitally important factors in the quality of the work turned out by any factory," said Mr. Lefebvre. "Our plant is staffed mostly by men who have been with us for years and who expert to remain with us for many more years to come. Our labor turnover is exceptionally low."

"More than 90 per cent of our workers are members of the General Motors Savings Fund. And right now 652 of them are using the Sav-

ings Fund as a means of financing the purchase of homes.

"We believe it is just as important for our men to own homes as it is for them to have bank accounts. We encourage them to have both. Under the plan of the General Motors Savings Fund, each dollar deposited by the workman up to a certain amount gives him an additional credit of at least 50 cents. At the end of five years he receives the entire sum, together with accrued interest."

ROSCOE HAS TWO OF TALLEST TACKLES
 ROSCOE, Oct. 28.—The Roscoe Playboys, who last Friday defeated Snyder 12 to 6, to take a commanding lead in the western half of District 9, boast the two tallest tackles in West Texas.

Herman Parks, who plays one of the positions, stands 6 feet 4 inches from sea level, and Frank Duncan, his mate, towers a full inch above him.

The two boys are chums and are seen together at all hours.

have you driven a Chevrolet Six?

Have you felt the thrill of its six-cylinder performance—so smooth, quiet and vibrationless that you almost forget there's a motor?

Have you known the satisfaction of its six-cylinder reserve power—ready to shoot you ahead at the traffic light, to carry you over the steepest hills, or to speed you along the highway?

And do you know that anyone who can afford any car can own a Chevrolet Six?

If you have never driven a six-cylinder car, it is impossible for you to form any idea of Chevrolet performance from your imagination alone.

Smoothness! No rumble in the body—no tremble in the steering wheel—no vibration to loosen windows and doors!

Flexibility! Power that flows in a silken stream—and never a trace of "lugging"!

Quiet! Hardly a whisper from the motor. You can drive it for hours without the slightest noise fatigue! But why try to tell you the story when only a ride can give you the facts? Come in. There's a car waiting for you. Now!

Wonders of Seven Wells Given Write-Up in Abilene Newspaper

Seven Wells, a natural wonder spot that has become so familiar to Colorado and Mitchell county that it is not often thought of as a wonder these days, was given the following interesting write-up in the Abilene Reporter-News for Sunday:

One of the wonders of Texas, probably one of the greatest reminders of the frontier times, lies almost at the front door of Colorado. When the Llano Estacado was devoid of watering holes for miles and both Indians and buffalo scavenged for the precious liquid afforded by the spring and water hole on Champion Creek, seven miles southeast of Colorado, the Red Man and the bison were leaving their marks so deeply imbedded in the countryside that generation after generation can see the evidence of the camp of the Indians and the track of the buffalo to the water hole.

Famous Seven Wells
The famous Seven Wells, where the Indians dug deep wells in the sand rocks over which flood waters ran, and where there are three trails followed by buffalo in such great numbers that deep holes in the rock the exact shape of their hoofs, are still plainly visible, is a spot where the visitor can spend days.

This spot known throughout the country as Seven Wells, lies on Champion Creek in the Wolfpen pasture. Visitors are welcome and there are many who come for miles and miles to see this wonder.

Chief Lone Wolf, for whom a

NOTICE OF SHERIFF'S SALE OF REAL ESTATE

STATE OF TEXAS
COUNTY OF MITCHELL
Notice is hereby given that by virtue of a certain Execution issued out of the Honorable District Court of Tarrant County, on the 20th day of September, 1929, by the Clerk of said Court for the sum of Three Thousand Five Hundred Eighty-Five and 56-100 Dollars and costs of suit, under a judgment in favor of W. M. Harris in a certain cause in said Court, No. 82551 and styled W. M. Harris vs. A. W. Terpening, Paul Elder, F. M. Liston (Ferman M. Liston), placed in my hands for service, I, R. E. Gregory as Sheriff of Mitchell County, Texas, did, on the 21st day of September, 1929, levy on certain Real Estate, situated in Mitchell County, Texas, described as follows, to-wit: All of the South one half (S 1/2) of Section No. Fifteen (15), Tsp 1 North of the Texas and Pacific Railway Company surveys of land in Mitchell County, Texas; and levied upon as the property of Paul Elder and that on the first Tuesday in November, 1929, the same being the 5th day of said month, at the Court House door of Mitchell County, in the City of Colorado, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Paul Elder.

And in compliance with law, I give this notice for publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Colorado Record, a newspaper published in Mitchell County.

Witness my hand, this 24 day of September, 1929.
R. E. GREGORY,
Sheriff, Mitchell County, Texas.
Allen D. Kuykendall, Deputy.
Nov. 1.

nearly mountain and a creek at Colorado are named, the leader of a famous tribe of Indians in West Texas, made his headquarters at Seven Wells for several years. His entire tribe of Indians would camp there because of the water, which at that time was the only supply in this section.

The creek runs through a 25-foot rock canyon, but on top the sand rock, which covers the area, is almost level. Along the creek seven deep wells about four feet across and from ten to twenty feet deep are dug in the sand rock.

Converging at the water are three trails over the sand rocks which bear the imprint of buffalo hoofs in many instances worn down a foot into the rock. These show the folk in the hoof, the back spurs, and all and it is very easy to visualize the long string of buffalo which trailed one after the other to this water hole.

Large White Buffalo
History has it that a large white cow, the only white buffalo ever seen in Texas, led this herd of thousands and thousands of buffalo. This herd ranged as far as three days' journey away, but at least once a week they showed up at the Seven Wells water hole.

The white cow was killed by J. Wright Moore, former Colorado frontiersman, now living on his ranch near Snyder, and he has the hide now. It is the first known white buffalo hide.

A second was killed in Kansas in 1859, the year after Mr. Moore killed the white one here. Mr. Moore says when he shot the white cow three buffalo bulls charged him. He was on foot three miles from many refuge, so had to shoot it out with the mad bulls. When the last one dropped Mr. Moore was almost underneath him.

Those who have heard lots about the frontier days find a place at Seven Wells that gives evidence of these days, and thousands of visitors go to this famous spot each year to see the mark of evidence by the Indians and the buffalo, both almost extinct now.

GINNINGS PRIOR TO OCTOBER 18 EXCEED LAST YEAR'S TOTAL

Government Report Shows Total Of 9,099,082 Bales Ginned; Texas 2,818,556 Bales

WASHINGTON.—Cotton of the 1929 crop ginned prior to October 18 was announced Friday by the Census Bureau as 9,099,082 running bales, including 291,205 round bales counted as half bales, compared with 8,151,271 running bales, including 304,743 round bales, to that date last year.

Ginnings by States were:

Alabama	954,810
Arizona	42,336
Arkansas	887,519
California	57,616
Florida	27,785
Georgia	843,224
Louisiana	685,687
Mississippi	1,352,641
Missouri	71,279
New Mexico	25,680
North Carolina	227,471
Oklahoma	511,873
South Carolina	371,420
Tennessee	212,317
Texas	2,818,556
Virginia	6,767
All Other States	2,197

Merkel Receipts
Cotton receipts at Merkel to Thursday were 4,440 bales, the Merkel Mail reports. On the same date last year the figures were 2,665

sequence of taking another bit of land to grow grains for his pet calf. "One of the surest recipes for making a good farmer out of raw but worthy country material is to encourage interest in baby beef club." Texas Opportunities is published by the Texas Power and Light Company in the interest of the State's commercial, industrial and agricultural development.

The club article contains a great deal of human interest. It cites numerous examples of individual accomplishments.

In 1928, it recalls, 200 baby beefs were exhibited by club members at the Fort Worth Fat Stock Show.

"The baby beef leads many a youngster along the logical route to profitable diversification," says the writer. "He finds that a good animal is worthy of good feed, and that it will not make the best showing in the ring or on the ledger book unless it gets the right roughage and concentrates. Experience teaches this youngster that feeds come high unless they are produced on the home place. So he uses persuasive measures and induces his dad to let him have a bit of pasture land. He joins a corn club next year, a natural con-

GOOD WILL USED CARS

day and scored the school. There were a number of things that we lacked that we hope to get, such as window curtains, walks, soap and towel, a wash pan, rope for flagpole and a current newspaper and a Farm Weekly. By the hearty cooperation of parents, teachers and pupils, these things can easily be had in our school.
The following are new pupils in our school this week: Vernon Feaster, Mardell Feaster, Kermit Hoover, Dorothy Fay Feaster, Opal Smith, Lena Killian, Joe Leonard Killian, Lodena Feaster, Juanita Killian, and Forest and Alvin Smith.
The State health nurse, Miss Burish and Miss Ruby McGill launched a health crusade in our school Thursday. Each pupil was examined, but only three had no defects. Miss Burish then organized a Health Club, the membership of which is to be composed of high school and intermediate girls. The purpose of the club is to encourage cleanliness and the observance of health rules.

The following article was written by a seventh grade pupil last week:
Why We Need a P. T. A. At Our School
We need a Parent-Teachers Association at our school because it shows the teachers that the parents are interested in their children getting an education.

It will show respect for the school and keep the teachers from having to raise money. It can eliminate so many box suppers and pie suppers for each patron can donate money to ward the upkeep of the school. A P. T. A. would keep the teachers from working so hard and would build up Buford school. A P. T. A. will add 25 points to the score of the

BLEEDING GUMS HEALED
The sight of sore gums is sickening. Reliable dentists often report the successful use of Leto's Pyorrhea Remedy on their very worst cases. If you will get a bottle and use it as directed druggists will return money if it fails. Sold by Colorado Drug Co.—Adv.

school. The pupils and teachers are anxious that a P. T. A. be organized.

Primary News
A number of school children have been absent this week on account of cotton picking. It is hoped that they won't be absent very long. We had a clean-up last Friday and our room was decorated for Halloween. This week the second grade has made one health poster and has started six others. We are trying to learn to observe health rules—such as brush the teeth daily, clean the fingernails daily, take a bath twice a week, eat fruit every day, eat some vegetables besides potatoes every day, drink four glasses of milk a day, also four glasses of water a day, and keep windows or a door open at night. We have earned three nice manners this week. They are: Wait until everyone has helped the plates before starting to eat; never fill four mouth too full, and never eat with your knife, and seldom with a spoon.

The first grade has learned seven sounds. They are learning also to write the sounds, their names, and the numbers.

Joyce Campbell started to school this week. She is about to catch up with those who went last week.

The second graders have all improved in their reading, writing, numbers and spelling, but they can still do better.

Miss Burnire Ramsey was very ill Sunday, but is able to be at school Monday.

Miss Johnnie Chesney spent the week-end with her mother, Mrs. Jake Chesney of Colorado.

Mr. and Mrs. E. T. Powers of Rogers visited in Buford community Friday night.

J. V. Glover, Mrs. Glover and Miss Burnire Ramsey were in Westbrook Friday night.

The visiting committee of the B. Y. P. U. composed of Mr. J. W. Padgett and Mr. Sam Houston, called at the teachersage Sunday night.

Miss Pauline Harris of Roscoe visited Buford school Monday.

Mr. and Mrs. W. G. Vanstory and Mrs. J. B. Prentice visited in Lamesa Sunday and Monday.

Mr. and Mrs. J. V. Stewart were the guests of Mrs. J. B. Prentice last Sunday.

Mrs. Fortenberry and daughter, Hazel, were shopping in Colorado Friday.

The baby of Mr. and Mrs. Glen Harris was reported very ill last week but is better at this writing.

Mr. Jim Fielder, Clyde Reeder and Mrs. Ruth Hallan from Georgetown who have been visitors here, returned to their home Monday.

Mr. and Mrs. Royal Bedford were the guests of Mrs. Bedford's parents,

Mr. and Mrs. Fortenberry, Saturday night and Sunday.

Odell Collins was the guest of Mr. R. Lee Hoover Sunday.

Mr. and Mrs. J. R. Fortenberry and little son of Bonham, Texas, are visitors of Mr. Fortenberry's parents, Mr. and Mrs. J. E. Fortenberry, this week.

Miss Raye Collins was the guest of Miss Ruby Pearl Curry Sunday.

Miss Kathleen Harris was the guest of Miss Lovie Jones Sunday.

The Methodist church held a conference at the home of Mr. and Mrs. M. C. Holt Friday evening.

There will be singing at Buford church Sunday afternoon at 3 o'clock and everybody is invited.

Miss Lucile Woodard spent Saturday night with Miss Lottie Lou Prentice.

Boyd Padgett, Lottie Padgett and Lloyd Fortenberry were in Snyder Monday.

Miss Thelma Dockery spent Sunday with Miss Fay Bedford.

J. P. Smith visited Buford school Monday.

Mr. and Mrs. H. P. Powers from Conway visited in Buford teachersage this week-end.

Longfellow Locals

Longfellow community received a light frost last week, but no serious damage was reported to crops. The people of this community have been very busy picking cotton.

Mr. and Mrs. H. L. Baker visited in the home of Mrs. Boyd Morris Sunday.

Mr. and Mrs. Wood Walding spent Sunday afternoon with Mr. and Mrs. O. D. Britton.

Mrs. L. L. Bedford left the latter part of last week for Arizona on an extended visit in the home of her brother.

Mr. and Mrs. Truman Cathcart of Westbrook were visitors in the home of Mr. and Mrs. C. H. Cathcart on Sunday afternoon.

Mada Lee and Maxine Braswell spent Sunday afternoon with Miss Margaret Leland at Shepherd.

Mr. and Mrs. G. I. Braswell were visitors in the home of Mr. and Mrs. Geb Bruce of Loraine Sunday afternoon.

Mr. and Mrs. A. K. McCauley and family and Mr. and Mrs. C. L. Hudson visited W. S. Walker and family Sunday afternoon.

Miss Vera Cathcart spent the week end with Mr. and Mrs. Truman Cathcart at Westbrook.

Mr. and Mrs. Rolloff and son, Henry of Dawson, Texas, visited W. S. Walker and family last week.

Mr. and Mrs. A. K. McCauley spent Sunday evening with Mr. and Mrs. C. L. Hudson.

Mr. and Mrs. H. L. Baker and son, Harvey, went to Abilene Saturday on a business trip.

Quite a few people of this community were at the singing held at China Grove Sunday afternoon. They report a nice time. Miss Geraldine McCauley, Miss Dalton Hudson, Miss Ible Hudson and Miss Lora Rogers were among those attending.

Longfellow school is progressing nicely. Two new pupils, Mauvil and Lorene Payne, entered this week.

Miss Ruby McGill, county superintendent, accompanied Miss Olga Buresh, State health nurse, out to Longfellow school home last Thursday afternoon at 2:30 o'clock. All school children, as well as children of pre-school age, were weighed and measured, and had their eyes, noses, throats and bodies examined. Some of the children showed slight defects in various ways. Quite a few had throat troubles. Only a few students were found to be more than 10 per cent underweight. Miss Buresh very interestingly discussed various measures of health with the parents and teachers. A great deal of interest was manifested by the parents. Those present were Mr. and Mrs. H. L. Baker, Mr. and Mrs. J. T. Rogers, Mrs. Wood Walding, Mrs. Jack Walding, Mrs. A. K. McCauley, Mrs. C. B. Ezzell, and Mrs. J. M. Hamrick.

In keeping with this health movement, the children of the primary grades, under the direction of their teacher, Miss Gladys Womack, are planning to build a "Health House." Much enthusiasm is being shown over this project.

PUBLIC HEALTH NOTES

To the "teen age" girl the fad for a boyish figure is fraught with very real danger, according to Lewis E. Bracy, executive secretary of the Texas Public Health Association. "Perhaps mothers and aunts on the uncertain side of forty need to count calories and carefully eschew large quantities of pastry and potatoes," said Mr. Bracy, "although even for them the advice of a physician should be sought before 'reducing' is undertaken.

"The ages between 20-24 show the highest tuberculosis death rate of all ages. Physicians are unanimous in blaming lack of rest, scanty clothing and dieting fads for this condition. They say the young girl is not likely to break down from tuberculosis in her twenties if in her 'teens' she gets enough sleep—is not overworked under unhealthy conditions, and has a diet of good plain wholesome food, including a warm nourishing breakfast. She need not fear that any loss of beauty will result from a few pounds added, for her clear skin, shining eyes, glossy hair and abun-

dant 'pep' will make her popular and successful."

The Texas Public Health Association is engaged in a year 'round campaign for the promotion of better health among Texas children. On the staff of the association are a public health nurse and a child health education director whose services are available to schools and communities upon request. Also on the staff are a Mexican and a negro health worker, especially trained for health work among their races. All of the work done by the Texas Public Health association, which includes not only child health and racial health work, but also general health education toward the prevention and cure of tuberculosis, is financed through the sale of Tuberculosis Christmas seals. These seals will be sold in every county in Texas from Thanksgiving Day until Christmas.

FARMERS OFFERED \$100 IN PRIZES FOR FEEDING CALVES IN LOCAL TEST

C. of C. Gives Four Prizes For Best Gain In Baby Beef Contest

Farmers of Mitchell county will win \$100 cash, divided into four prizes, for feeding out baby beef animals this winter in a contest originated by the county agent and sponsored by the Colorado Chamber of Commerce.

In order to induce farmers and others to feed for market two or more calves this winter, the Colorado Chamber of Commerce is giving \$40 for first prize, \$30 for second, \$20 for third and \$10 for fourth prize for the best gain of individual calves during the feeding period which starts November 20.

Contestants must feed two or more calves but the prizes will be awarded on single calves. A person feeding four calves would have four chances to win a prize.

Farmers and ranchmen desiring to enter this contest should register with the secretary of the Chamber of Commerce or with the county agent. Rules of the contest are as follows: The Colorado Chamber of Commerce offers \$100 in prizes to winners of an adult's baby beef feeding contest, prizes of which are as follows:

1. This contest is open to any person in Mitchell county, over 18 years of age.
2. Contest starts on November 20 and calves must be weighed on this date.
3. Calves must be weighed by a committee composed of the county agent, vocational agricultural instructor and a representative of the Chamber of Commerce.
4. Calves must have been born after January 1, 1929, and must weigh between 400 and 450 pounds.
5. Calves must be fed 120 to 150 days in the direction of the contest committee.
6. This committee will be composed of Ford Morris, Doyle Williams and the county agent.
7. Contestants must feed two or more calves.
8. Prizes will be awarded to the man's calf or calves that make the largest net gain.
9. Calves must be weighed in and weighed out on the same scales.
10. Calves must be weighed out before 10 a. m. the day the contest closes.
11. A record of all feed must be kept and a copy furnished the contest committee the day the contest closes. (In the case of bundle feed, contestants may count bundles and take the average weight of bundles.)
12. Contestant to win prize must complete the demonstration and exhibit all calves at a show to be held at the close of the contest, details of the show to be handled by contest committee.

13. Each man may dispose of his calves as he sees fit.

14. The county agent will give assistance to anyone who desires his services in connection with these feeding demonstrations.

15. Any question not covered by these rules will be decided by the contest committee.

MUCH NEW EQUIPMENT BOUGHT BY RAILROADS

A railroad train 5,740 miles long could be made of the equipment retired from service by the Class I railroads of the United States in the last seven years, while the new locomotives, freight cars and passenger train cars installed in service by these roads in the same period would make a train 7,342 miles in length. These calculations are made from figures of equipment retirements and installations appearing in "Railroad Facts, No. 7," the final 1929 edition of the annual railway year book issued by the Western Railway committee on public relations, which has been received by Clint Thompson, local agent for the Texas & Pacific Railway.

Included in this 7,342-mile train of new equipment would be 237 miles of locomotives, 6,857 miles of freight cars, and 254 miles of passenger-train cars. This entire train would reach, in straight lines, from New York to Jacksonville, Fla., then to Los Angeles, to Seattle, to New Orleans, and back to Boston. When the first engine reached Boston, after covering the above route, the last car would be just leaving New York and, at an average speed of 30 miles an hour, it would take 10 days for this entire train to pass a given point.

That this new equipment installed is much larger and more powerful than the old and obsolete equipment retired is shown by the fact that from 1921 to 1928 the power of the average locomotive in service was increased almost 20 per cent, while the carrying capacity of the average freight car was raised almost 8 per cent.

In addition to the foregoing material, the yearbook contains sections on the railway plant, service, rates, earnings, employees, and on the increase in efficiency and economy of railway operation that have been made in recent years.

BEAUTY SPECIALIST VISITED LOCAL STORE

A personal representative of Elizabeth Arden, for whom the popular line of toiletries at Crosthwaite Drug is named, was at the store last week in the person of Miss Leda M. Frye. A large number of Colorado ladies took advantage of the opportunity for a half hour's private consultation with her on the care of the skin.

ROSCOE LEADING FOR FOOTBALL TITLE IN WEST HALF DISTRICT

Only Defeat By Rotan and Defeat of Snyder By Wolves Will Stop Plowboys

The Roscoe Plowboys are leading in the race for football championship in the western section of District 9, Class B, and it looks like they almost have the title cinched.

Only an upset of the dope in the game with Rotan next Friday can beat the Plowboys out of the title and the right to meet the Haskell Indians, conceded champions of the eastern half of the district.

Of course, "if Rotan should defeat Roscoe next Friday and Colorado should beat Snyder on November 11, the Colorado Wolves and Roscoe would each have one defeat to their credit and would have to play off the tie for the championship of the western section. The dope has it that Roscoe will win easily over Rotan, because Rotan was defeated by Colorado last Friday, and the Roscoe Plowboys had already taken the Wolves to a "cleaning" with a score of 15 to 0. If the dope is correct and Roscoe wins over Rotan Friday, the title in the Western half will be cinched by the Plowboys.

Eastern Section

The Haskell Indians turned in an 18-6 victory over the Anson Tigers last Friday. Haskell's supremacy in the eastern half is almost assured, despite the fact they played a man ineligible in the tie game with Roby, and the Indians were credited with a loss. Roby, however, was found ineligible in the same game, and also got a black mark. Haskell, with two wins and the one loss, is tied with Merkel, who was defeated by Colorado, for first place in the eastern section and the Indians have downed Merkel 6 to 0. Stamford remained in the running by trouncing Hamlin 28 to 0 Friday, giving the Bulldogs one win and one loss.

Haskell meets Hamlin this week, and looks to have a set-up. If Anson is able to eke out a win over Merkel at Anson Friday, Haskell's first place is assured. Otherwise Merkel and Haskell will still be fighting for the right to meet Roscoe.

ARSON CHARGE MADE AGAINST ROSCOE WOMAN

Mrs. Roy Matthews and Lloyd Guest of Roscoe have been released under bond on charges of arson following a fire at the Matthews home in Roscoe Friday.

It is claimed a pile of kindling and a fruit jar full of kerosene was found in the ceiling of the house, close to a hole burned in the ceiling by the fire. Guest was a roomer at the Matthews home. They claim they were in Abilene when the fire was discovered.

ROSCOE NEWS

B. F. Younger Is Dead
 B. F. Younger, age 58 years and 10 months, died at his home north of Roscoe about 4 o'clock last Thursday afternoon. Funeral services were held for him at the Methodist church Friday afternoon at 3 o'clock, with Rev. G. W. Parks and Rev. G. W. Butler in charge of the service.

Mr. Younger had been a resident of this community for 19 years. He was a good man and a true Christian. His friends are numbered by his acquaintances. He is survived by his wife and four children, five brothers and two sisters. The children are: Bruce Younger, Annie Younger, Mrs. W. E. Plunkett, and Mrs. Chas. Boyd. The brothers and sisters are: G. W. Younger, Roscoe; John R. Younger, Memphis, Tennessee; Jim Younger, Denver, Colorado; Les Younger, Adamsville, Illinois; and Sena Newell, Adamsville, Tennessee, and Mrs. Lucy Gibbs, Sweetwater.

J. S. Cates Is Dead

J. S. Cates, age 76 years, 6 months and 5 days, died at his home in Roscoe last Thursday night about two o'clock, after an illness of several days. Mr. Cates had been in failing health for some time and had become very feeble. He had been a resident of the Roscoe community for 10 or 12 years and during that time has made a host of friends.

Funeral services were held at the cemetery at 4:30 Friday afternoon, with Elder Horace Teddlie of Sweetwater in charge.

Mr. Cates is survived by two children, his wife having preceded him in death several years. The children are: John Cates, Roscoe, and Mrs. Sallie White, Buffalo, Texas.

Early Freeze

The earliest freeze in several years came Thursday morning of this week, October 24. The freeze will do lots of damage to late feed and will destroy any chance of a late crop of cotton.

Inch Rain Saturday

About noon last Saturday Roscoe and territory received another rain and hail amounting to one inch in town. The hail did no damage except to knock out some open cotton.

The Junior class of the Roscoe High school is soon to present the play, "When a Fellow Needs a Friend." This is a three-act comedy-drama.

CHEVROLET CLAIMS EASY STARTING IS FEATURE OF CARS

DETROIT.—To many automobile owners "cold weather driving" and "hard starting" are synonymous.

It is true that an engine does not start as easily in winter as in summer, but a little care on part of the owner will go a long way toward minimizing the difficulty, Chevrolet Motor Company engineers point out.

Since the inception of the Chevrolet car more than 18 years ago, company engineers have been applying themselves to the problem of easier starting.

Making use of the "cold room" facilities of the General Motors Research Laboratories and working for hundreds of days in zero weather, at the General Motors Proving ground, Chevrolet technical men have been attacking the "cold motor" problem for many years.

In considering the case of the car that is difficult to start in cold weather, Chevrolet engineers call attention first to the rather obvious fact that an engine in good condition will perform all its functions, including starting, more satisfactorily than one that is out of adjustment.

The principal parts which have a direct bearing on the starting of an engine are: Battery, starting motor, carburetor, spark plugs, ignition system and valves.

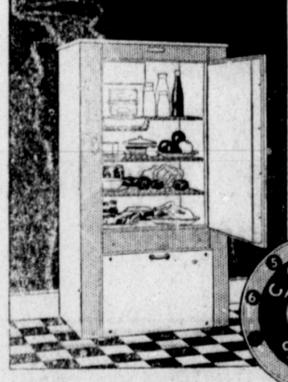

As the efficiency of the battery is materially reduced in cold weather, it should be given great consideration. If the electrical system is weak, complete combustion cannot be obtained, therefore, before the start of winter, it is good preventative insurance to have some reputable electrical service station check over the battery, spark plugs and entire ignition system.

With household sales this year exceeding any similar previous period by over 100,000 units, and with more Frigidaires in use than all other electric refrigerators combined

Frigidaire Corporation
 announces a

Special small cash payment

puts any Frigidaire in your home . . . balance to suit your convenience

The Frigidaire "Cold Control" Do not confuse the "Cold Control" with Frigidaire's automatic temperature regulator. The temperature regulator maintains an ideal temperature in the food compartment—without attention. The "Cold Control" speeds the freezing of ice cubes and desserts.

Choose your Frigidaire now—any household model from the smallest to the largest—and it will be delivered to your home immediately for a small cash payment. You can arrange the balance to suit your convenience.

MATCHLESS UNDER ALL DRIVING CONDITIONS

There is no matching the supremacy of these new Multi-Range Chryslers under any and all driving conditions. They have turned performance standards topsy-turvy. They introduce not only the most revolutionary developments in Chrysler engineering, but the greatest advances the industry has ever known.

What these new Multi-Range Chryslers achieve in power! in acceleration, in smoothness and riding ease, is actually beyond the power of words to describe. You must drive one—you must FEEL this performance to realize how completely Chrysler has trans-

formed the standards of motoring. Come have that drive.

Chrysler Imperial, "77", "70", and "66" offered in all popular body styles—Prices range from \$985 to \$3475 f. o. b. factory (Special equipment extra.)

PROSPECTS OF AN OIL MILL AND PROPOSED RAILWAY OCCUPIED MIND OF COLORADO PUBLIC BACK IN 1902

Prospects of an oil mill for Colorado and a proposed railway figured prominently in the news found in the issue of the Colorado Weekly Clipper for Saturday, March 29, 1902.

"There has been more or less talk of an oil mill to be built in Colorado for the past two years," states The Clipper. "But not until recently did the proposition assume a tangible shape and seem to indicate the fruition of its promoters' fondest hopes. Col. S. T. Shropshire has been the Colorado oil mill enthusiast, and should this great enterprise now be secured to the town it will be due almost exclusively to his untiring energy and enterprise. Col. Shropshire has dreamed oil mill, talked oil mill, and written oil mill until he has about succeeded in convincing local capitalists that an oil mill is just about one of the best things going, and a number of them have expressed their willingness to take stock in the enterprise.

"Col. Shropshire says he has succeeded in raising about \$23,000 for the mill, and is now having the subscriptions put down in black and white. Two locations are being considered for the mill. One is West Colorado and the other out at the stock pens."

This issue of The Clipper carried on its front page a notice of the death of Mrs. C. R. Breedlove, mother of Mrs. Judge W. R. Smith of Colorado, and wife of Col. Chas. R. Breedlove.

A great part of the front page was taken up with a story on Judge W. R. Smith's candidacy for congress. County democratic conventions all over this section had instructed their delegations to vote for him.

Under the heading, "A Swell

Event," the following account of a social given by Mrs. J. L. Doss, who was the first wife of John L. Doss and who died in Fort Worth a little more than a week after her social was given. An account of the social reads:

"One of the swellest events of the season was an 'at home' given by Mrs. J. L. Doss Friday evening, from 4 till 7 o'clock, in honor of her nieces, Misses Barnes of Washington, Mo., and Mason of Spokane, Washington. The house party consisted of Mrs. Will Doss, Mrs. Logan, Mrs. Coleman, Mrs. Shepherd, Mrs. Hensley, Mrs. George Gray, and Mrs. Warren. The guests were received at the door by Master Milburn Doss. Miss Etta Doss presided over the punch bowl. Misses Eleanor Van Tuyl (the present Mrs. Thos. Dawes) and Katy Warren, an dBirdie Blandford served refreshments."

Word of Dick Ware, who was the brother of Mrs. M. Carter and Mitchell county's first sheriff, was given in the following article appearing on the front page of The Clipper:

"Charles L. Ware, Texas manager for the Evans-Snyder-Buel Commission Company, spent Wednesday in the city looking after some business matters and shaking hands with his host of Colorado friends. Speaking of his brother, R. C. Ware, Charley said Dick was now in Fort Worth under medical treatment for a heart trouble, and seemed to be improving slowly. His physician has advised him that in his present condition it would be imprudent for him to make his residence in as high an altitude as that of the Colorado country."

An advertisement appearing on the front page of The Clipper was that of C. A. Goodwin & Co., suc-

cessor to Shripshire & Harness in the coal and wood and implement business. Other advertisements in this issue of The Clipper were: C. H. Lasky, corner Oak and Second streets, groceries, hardware, implements, and a "little of everything except dry goods."

J. W. Sheppard & Co., fruit, vegetables, and groceries; Colorado Market, Gilbert & Watson, proprietors; The Arc Light Saloon, C. J. Lamb, proprietor; Fine saddles, Samuel Gustine; Adams, Hill & Warren, groceries; A. J. Payne, dry goods; Registered short horns for sale by F. E. McKenzie; Herefords for sale, Ben Van Tuyl; Burns & Bell, dry goods, groceries and hardware; C. A. Arbuthnot & Co., druggists; M. C. Raliff, groceries; insurance and real estate, Gus Bertner; Colorado National Bank, A. B. Robertson, president, F. M. Burns vice president, H. B. Smoot cashier; Homan & Homan, attorneys at law; Theo. C. Merrill, physician; P. C. Coleman, physician; W. C. Neal, dentist; B. F. Dulancy, dentist; Homan & Smith, physicians.

McClure, Basden & Co., furniture; Y. D. McMurry, implements; Koss Bros., druggists; City National Bank with J. D. Wulfsen as president; F. E. McKenzie as vice president, and J. E. Hooper as cashier; Fields Bros., furniture dealers and undertakers; A. J. Roe, lumber and wire; Frank Smith, chocolates, tobaccos, and delcians; Medicated Sale and Manufacturing Co.; James L. Shepherd and W. B. Crockett, lawyers; Alamo Hotel, Geo. W. Givens, proprietor; W. H. Moeser & Co., tinners and sheet iron workers.

The Clipper also carried a plea for an electric railway between Snyder and Colorado, for, in The Clipper's own words, that "progressive little town of Snyder desires better connection with Colorado and should certainly have it." Another article told about plans of the Texas & Pacific Telephone Co. to put a telephone line from the town of Light to Snyder, provided the people along the proposed route raised as much as \$160 as an inducement.

Mrs. G. P. Putnam, wife of a former school superintendent of Colorado, had died in El Paso.

Gardner Harness had returned from Sweetwater, where he had resigned the principalship of the public school.

Mr. and Mrs. W. R. Warren had spent several days in Snyder the past week.

A. B. Robertson was president of the Stockman Publishing Company, which published The Clipper at that time. Hec A. McEachin was vice president and editor; and Chas. M. Adams was business manager.

The following notes appeared in the Local and Personal column:

"J. D. Soper was here Sunday from Abilene.

"Thos. E. Van Tuyl spent Wednesday in Abilene.

"E. W. Clark came in Saturday from the O. S. ranch.

"Capt. R. A. Jeffress attended court in Gail this week.

"C. A. Goodwin is building an addition to his residence.

"Bob Brennand says that new boy is the very image of his pa.

"Capt. J. L. Shepherd departed for Gail Sunday to attend district court.

"Edgar W. Bounds departed for Snyder Monday morning.

"Herbert Hazzard was reported quite sick Sunday night, but is now much better.

"Judge George W. Smith was able to get down to his office Monday, and is recovering from his recent attack of illness.

"John Lovelady reports the arrival of a new son Wednesday morning.

He says the youngster weighed eight pounds without a fill.

"There will be Easter services at the Christian church Sunday night, at which the Blandford orchestra will render sacred selections.

"Edgar W. Bounds of this city is seriously considering the idea of becoming a candidate either for the State Senate or lower house of the State Legislature.

"Mrs. J. L. Doss was carried to Fort Worth Wednesday night for special medical attention. She is in a very critical condition. Mr. Doss and Dr. N. J. Phenix accompanied her.

"Sam F. Singleton was hurt one day last week while passing under a telephone pole on which the wires were being strung.

"A few early spring fights opened up Saturday, but no one was seriously hurt.

"M. K. Jackson has been on the sick list for several days.

"Andrew Cooksey has been appointed constable of Precinct No. 1.

"The Nolen House is receiving some improvements that add much to its appearance and comfort.

"Work is in progress on the new fire hall."

The Blandford orchestra had given a concert at the opera house on Monday night and had the following appearing on its program: Mrs. R. R. Lively, Miss Annie Smith, W. G. Waltermire, Misses Blandford and Henry, A. J. Payne, Vic Payne, Carrye McBurnett, Miss Drye.

Mr. and Mrs. John Doss had entertained on Saturday evening for their nieces again, and the write-up of the affair appeared on the back page of The Clipper. Those attending the party were Misses Carrie Mann, Susie Beal, Bessie Reese, Bernie Terrell, Georgia Mullen, Etta Doss, Mr. and Mrs. Hensley, Messrs. Dr. Holman, Claude Gill, Richard Pearson, Henry Doss, D. L. Harrell, Mr. Ingram, and Mr. Johnson.

To climax all the news in The Clipper, the "old town cow" had eaten the plans and specifications for the new fire-hall.

HAD TO LIVE ON STRICT DIET 2 YEARS, SHE SAYS

"I suffered so with stomach trouble that for two years I had to live almost entirely on a diet of butter-milk. I lost weight and was terribly rundown. Then I started Sargon,

MRS. LIZZIE LIST gained 9 pounds, and now I feel fine all the time.

"My liver seemed all out of order and I was badly constipated. My tongue was nearly always coated and the taste in my mouth was awful. I was so nervous that many a night I didn't sleep a wink. No medicines helped me for any length of time and I finally decided to try Sargon. I have finished my sixth bottle, eat anything I want, my indigestion is gone and I am strong and energetic. My nerves don't bother me now, I sleep fine and my friends all tell me how well I look. I was visiting my mother in Uvalde, Texas, and told her what Sargon had done for me. She said many people there were praising it, too! Sargon Pills ended my constipation and biliousness.

will always praise this wonderful treatment."—Mrs. Lizzie List, 1300 Caldwell St., San Antonio, Colorado Drug Co., Agents, Adv.

FRIDAY TO BE DAD'S DAY AT SIMMONS U.

ABILENE, Oct. 29.—The first annual Dad's Day to be held at Simmons University will be celebrated here Friday, November 1. Fathers of students of the University will be guests of the Athletic Association on that date and will be given tickets to the Simmons-Southwestern football game on Parramore field. A Dad's Club will also be organized.

EASY! QUICK! GLYCERIN MIX FOR CONSTIPATION

Simple glycerin, buckthorn bark, saline, etc., as mixed in Adlerika, relieves constipation in TWO hours! Most medicines act on only lower bowel, but Adlerika acts on BOTH upper and lower bowel, removing poisons you never thought were in your system. Just ONE spoonful relieves GAS, sour stomach and sick headache. Let Adlerika give stomach and bowels a REAL cleaning and see how good you feel! W. L. Doss, Druggist, Adv.

SPELLS OF BACKACHE

"I HAVE used Cardui at intervals for sixteen years, when I suffered from weakness, and it always helped me," says Mrs. J. W. Jinnright, R. F. D. 2, Troy, Ala.

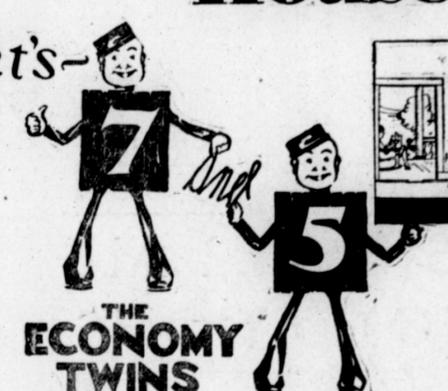

"Mostly I was afflicted with bad spells of backache. At times I felt as if my back would break. I would drag one foot after the other, in a helpless sort of way, and once I got down in bed. My husband urged me to take Cardui, and I soon found what a fine medicine it really was.

"When my second child was little, I was in very bad health. I did not pick up as I should have. I was weak and sickly. I do not believe that I would have come through, but for Cardui."

CARDUI
 HELPS WOMEN TO HEALTH
 Take Theodor's BLACKDRAUGHT for Constipation, Indigestion and Biliousness.

The Modern Housewife

lets—

THE ECONOMY TWINS

do her work for her

THE modern woman knows it
 is better and cheaper to let 7 and 5 do her work for her. It saves time, money and strength. It gets better results in cleaning, washing, ironing, refrigeration, cooking, sewing, and many other household tasks.

7 and 5 are the two steps in the new electric energy rate for domestic electric service of the Texas Electric Service Company. This is the rate which is now in effect and which brings you the advantage of using larger amounts of electric service at only a small additional cost.

7 and 5 make electricity so cheap that you do an injustice to yourself, to your family, to your health and to your future when you fail to make full use of it. Electricity is now cheaper than it has ever been in this community.

Let 7 and 5 work for you while you enjoy living. They will create new hours for you and give you the strength and health to live them fully. 7 and 5, The Economy Twins, are always ready to work for you—just press the button and there they are, cheap and reliable—at your instant service.
