'IT GOT 'EM,' WILLIAMS SAYS OF BLIZZARD TOLL ON ORCHARD AND GARDEN

Most Severe Cold of Winter Holds Section In Its Grasp Tuesday

"It got 'em." That was the unreserved reply given by Doyle Williams, director of vocational department, high school, when asked Tuesday morning by 'The Record' for statement as to just how extensive orchards, gardens and small grain had been damaged by the blizzard.

"This is the coldest spell we have experienced during the winter," remarked John L. Doss Tuesday morning as he made his way into a barber shop to join group hovering about a briskly burning gas heater. "The thermometer at my drug store went down to 14 this morning. That is what I term getting cold."

The Monday night blizzard was the third of a series of bitter wintery blasts to be felt here during the past few days. Friday the mercury dropped to below freezing point and thus brought to an abrupt end the pleasant weather that had prevailed several days. Sunday was warm again, but during the night another blizzard arrived and at seven o'clock Monday morning temperatures were several degrees below freezing.

During Monday afternoon, however, warmer temperatures were experienced. But soon after midnight there was a decided change and before morning Colorado was shivering in the most severe cold snap recorded this winter.

The severe cold continued through the week with an even lower registration of temperature Wednesday morning, when the coldest weather of the winter season was noted. Wednesday afternoon the mercury slowly climbed to slightly above the freezing reading, only to last a few hours. With nightfall came another return to colder temperatures.

Thursday morning was still cold and clouds hovered in the sky. Weather forecasts Thursday morning predicted continuation of the blizzard another twenty-four hours.

Fruit trees throughout the county were in full bloom when the blizzard came to write that again there is to be no fruit crop in this immediate section. Garden vegetables, rose cuttings and other plants were killed outright by the biting cold. Small grain that had grown into the "shank" stage was, of course, damaged.

Cattlemen are coming out of the storm with minor losses to livestock. Range herds were in excellent condition when the blizzard arrived. Sheep men in this section, especially south of Colorado, were not so fortunate. Young lambs received the brunt of suffering from the cold.

Automobile Stolen Thursday Night Is Stripped By Thugs

A Ford automobile belonging to C. O. Hudson, employee at the Col-Tex refinery, which was stolen Thursday night from in front of the Claude Renfro home, was found stripped Friday morning on an abandoned country lane three miles west from Colorado. The thieves stole the tires and practically every other accessory that could be removed from the car.

Hudson had driven to the home of Mr. Renfro, his brother-in-law, for a brief visit, leaving his car parked in the street. Returning about fifteen minutes later he found the machine missing.

Three Trustees To Be Chosen In Dist. Election On April 2

Voters of the Colorado independent school district are to be called upon to name three members to the school board in election scheduled for Saturday, April 2. Order calling for the election was issued Tuesday night during regular session of the school board.

Members of the board whose terms in office are to expire are W. R. Morgan, Frank H. Kelley and A. C. Conneli. Morgan is secretary of the board, an office he has held for several years. Conneli is representative of the negro school on the board. Neither of the three men have authorized announcement as to whether or not they would consent to become candidate to succeed themselves in office.

Trustees who are to continue in office include J. W. Watson, president, Joe B. Mills and J. F. Morris. There has been a vacancy on the school board some six months, due to removal of A. J. Herrington to South Texas. The place held by Mr. Herrington does not expire until 1934. This is to be filled by appointment.

Two of the board members to be elected next month will serve two years and the other three years, President Watson explained Monday.

'TRADE AT HOME' APPEAL AUGMENTED BY SCHOOLS CHURCH AND CIVIC CLUBS

Chamber of Commerce Leads In Campaign To Boost Local Business

Following up its recently announced campaign to popularize sentiment more solidly in support of the appeal that Coloradans trade at home, the Chamber of Commerce, through head of its industrial department, announced Monday that churches, schools, civic clubs and other organizations were swinging into active support of the drive.

During this week a number of club meetings have given part of their regular program over to speakers who addressed the membership on importance of purchasing at home as a means of building for an earlier and more complete return of normal business conditions in this community.

School children, too, have been told of the merits of such an appeal. The home town merchant, interested in the schools through his moral support and tax monies paid into the school fund annually were reviewed.

The Chamber of Commerce secretary stated Monday that the appeal would be sounded from every pulpit in Colorado Sunday morning. "Every local pastor has agreed to give five minutes to discussion of the merits of this campaign," the statement said.

The Chamber of Commerce contends that nothings is to be gained by making purchases outside of Colorado, but, to the contrary, the community will always lose. Merchandise may be obtained here as cheaply as is offered in any retail market, it is claimed, and none can question quality of the stocks on display in local stores and shops.

MAN, WOMAN, BABY GO ON THEIR WAY SUNDAY AFTER BEING STOPPED

Sunday, a twelve year old carrier of a New Jersey license plate and with a man, woman and baby boy as passengers, pulled into the curb at Colorado. Sensing that he might be suspected as the Lindbergh baby kidnapper, he let his identity be known to the few who happened to be on the street. He was L. H. Larsen of West Orange, New Jersey, who with his wife and small son, was making a motor car trip to the West coast.

"The law took us in tow at Texarkana yesterday," he explained. "Our car and the baby checked descriptions of the Lindbergh baby abductor so completely that we were stopped and questioned," he said.

The interview at Texarkana was not the only one that this New Jersey man had in store for him on his tour through Texas. After leaving Colorado he was taken into custody at Big Spring by Sheriff Jess Slaughter of Howard county and escorted to the court house for questioning. Larsen was able to establish his identity through papers carried on his person. Another thing in his favor was found in the fact his boy had brown eyes. The Lindbergh boy is described as a blue-eyed youngster.

City Council Is To Meet Monday Night In Regular Session

Regular March session of the City council is to be convened Monday night of next week at the municipal building by Mayor Hutchinson. Due to strict program of economy in maintaining all departments of the city's administrative affairs, but little, if any, "new business," is expected to receive serious consideration at hands of the commission.

The city is not authorizing any new improvement, nor extensive maintenance projects just now, aside from those accepted as necessary, the mayor has stated, and such means that the passing on current items of expense and consideration of reports from municipal heads will constitute much of the business to be passed.

As the means of conserving the public expense budget, the council a few months ago voted to hold only one meeting a month. Prior to that time regular sessions were in order twice each month.

PLANS UNDER WHICH U. S. CROP LOANS BE MADE TO BORROWERS OUTLINED

Administrator Confers With West Texas Group At Abilene Tuesday

Detailed procedure that must be followed by the applicant for government crop loans, along with conditions the government will expect him to meet, were outlined in an address delivered at Abilene Tuesday morning by Owen W. Sherrill, Georgetown banker, who recently was appointed administrator in charge of these loans for the States of Texas, New Mexico and Arizona.

Colorado was represented at the conference by G. B. Slaton, Mr. Greene, W. S. Foster, J. J. Billingsley and J. M. New, who attended as official representatives of the local county loan board, the Texas Co-operative Cotton association and the Chamber of Commerce. Two hundred delegates, representing scores of counties in the area, were registered.

The Abilene conference was the first of three such meetings held in West Texas this week. Sherrill was in a similar meeting at Lubbock Wednesday and Thursday held conference with North Plains citizens at Amarillo. The meetings were arranged by D. A. Bandoen, manager of the West Texas Chamber of Commerce.

Application forms have been received in Colorado at the Chamber of Commerce, from which office farmers may obtain information and assistance in filing for loans. The First State Bank at Loraine will represent Eastern Mitchell county in handling the loans.

CRIMINAL CASES PENDING ON SPECIAL 32ND DOCKET TO BE HEARD NEXT WEEK

Jury Summoned For Third Week of Court Expected Monday Morning

Swinging into the third week of Special 32nd district court next Monday morning, Judge Jim Brooks, presiding, will turn his attention from consideration of civil causes to take up the criminal docket. But few cases are pending on this docket, due to fact the special court had not been functioning long, but among the number are at least two out of which considerable local interest is expected to be drawn.

The H. Rotner case is scheduled to be called for trial when court is opened Monday morning, George H. Mahon, district attorney, stated Tuesday. He is under indictment charging highway robbery and assault with intent to murder. Barber, who has been held in the Sweetwater jail since his arrest at Abilene a few days after the episode here, may or may not be brought into court Monday morning, Mahon stated. It is planned, however, to try these cases sometime next week.

There are other causes pending on this docket in which criminal offenses of lesser import are specified. Court attaches hope to clear these cases from the docket before the end of the week.

Jury panel summoned for service during the third week of district court are expected to report Monday morning.

During this week the court has heard civil matters. Several of the cases disposed of were non-jury trials, a procedure facilitating progress of the court and at the same time effecting a saving to the State through reducing expenses to a minimum.

The district attorney has been busy in regular 32nd district court at Snyder this week. Court was convened there Monday of last week by Judge A. S. Mauzey, the same time Judge Ebrooks convened his Mitchell county district court, and the dual obligation has kept Mr. Mahon "on the run."

Several of these borrowers report some confusion as to condition of the account with the government and it is the purpose of the agent to aid them in getting matters in shape. Mr. Betterson will be in the office of the County Farm agent at the court house during the day and any interested farmer is asked to confer with him there.

Betterson is not coming to Colorado on business having to do with additional loans, expected to be advanced by the government. His mission is purely to adjust contracts made during 1931.

Colorado Unit With Twenty Five Members, Prides In Record Made

The Colorado Business and Professional Women's Club, with a membership of twenty-five and directed under the leadership of Mrs. Leslie Crowder as president, is carrying out the general program of National Business Women's week. The local club is almost three years old.

A membership of 60,000, affiliated with 1,325 clubs and having forty-seven State federations, is the record made by the National federation of Business and Professional Women in the thirteen years of its life. The organization is non-partisan, non-sectarian, self-governing and self-supporting.

March 7th to 12th, inclusive, has been designated as National Business Women's week and has been so proclaimed by Governor Sterling of Texas. The National week, when first designated in 1924, was for the purpose of turning the spotlight of publicity upon the achievement of business and professional women. While this idea has not entirely changed, emphasis is now being placed upon the contribution of these women as citizens of their respective communities, States and the Nation as a whole.

The Business and Professional Women's club is not a social club, but is a service organization cherishing the idea of promoting educational standards in business and making "better business women for a better business world."

Political Posters Not Permitted On Highways Of State

Gib Gilchrist, State highway engineer, requests that The Record call attention to law restricting political advertising on any State highway in Texas. This law was rigidly enforced last year and the department expects to continue that policy. Gilchrist states in a recent communication from Austin.

Candidates seeking political preferment may save themselves both time and expense by steering clear of the tempting utility or fence post along the highway when looking for a desirable place from which to hang his picture or other political printed matter. Employees of the department have been given instructions to remove all such posters.

The Chamber of Commerce, too, is to furnish one person to assist in this work here, making two employees at the Colorado office.

Farmers planning to apply for government loans are requested to acquaint themselves with such information data as is required. It is especially important that information as to survey, block number and section number of the land owned or occupied, together with correct acreage in cultivation, be given.

The county crop loan committee is composed of C. C. Thompson, J. B. Slaton and U. D. Wulffson of Colorado and J. C. Hall of Loraine. T. W. Stonerack, Jr., vice president of the City National Bank, is key-banker in the set up.

JUDGE MAUZEY CANDIDATE FOR ELECTIVE TERM 32ND JUDICIAL DISTRICT BENCH

Sweetwater Jurist Recently Appointed To Succeed Fritz R. Smith

Judge A. S. Mauzey of Sweetwater, judge of the 32nd district court, authorized The Record Thursday morning to announce his candidacy for democratic nomination to that office in the July primary election. Judge Mauzey was recently appointed to the bench by Governor Sterling to succeed Judge Fritz R. Smith, deceased.

Judge Mauzey has been a resident citizen of Nolan county thirty-two years and a member of the Sweetwater bar since 1914. For 10 years he was county judge of Nolan county, retiring voluntarily to enter the private practice of law.

He has made a special study of judicial laws and court procedure over a period of years to equip himself for the office he now holds. "I am confident that my record of ten years as judge of Nolan county will substantiate the claim that it has ever been my program to demand that economy be incorporated into the administration of our judiciary," Judge Mauzey said. "I do not favor slackening due attention to the administration of law, but I do know that during such times such as we have now every public servant should be slow to spend the taxpayers' money."

Judge Mauzey is holding court in Snyder this week and stated that he would have two more weeks there. It is his plan to carry his campaign to voters of the district before the primary election.

The 32nd district is composed of Mitchell, Howard, Scurry, Nolan and Borden counties.

There is a unique cemetery located in grounds at the residence of Dr. and Mrs. C. L. Root, 144 East Eighth street. It is the burial ground for deceased cats, dogs and other pets that during the past few years have found refuge at the home.

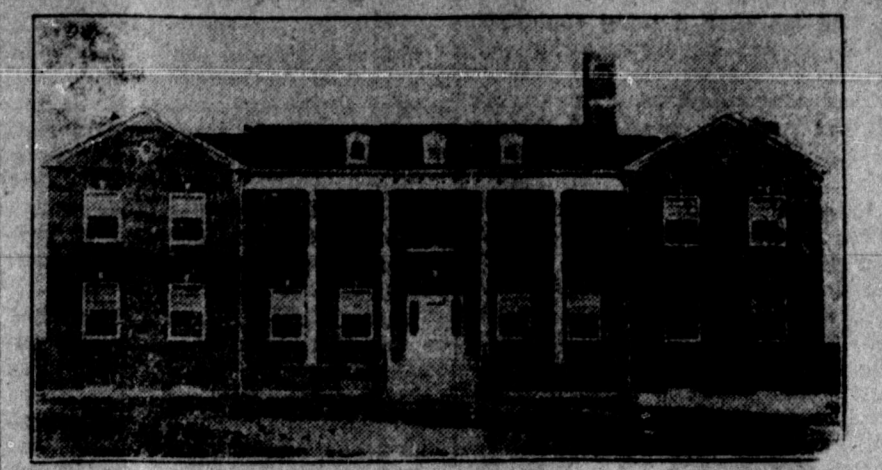

Dr. Root, in an address delivered Tuesday night before the Broadway Club, told of this cemetery, as he stressed the importance of courtesy, even to dogs and cats.

"My children have learned the lesson of kindness and every time a stray cat or dog comes our way, he is taken in and given a home. Occasionally one of them dies or is killed underneath the wheels of a moving motor car and then a funeral is in order," he said.

"There are seven dogs and I do not know how many cats buried in that pet cemetery in our back yard. Courtesy and kindness is appreciated by all life. Men appreciate you for that consideration and so does the outcast cur dog."

Mrs. G. W. Dunn Succumbs at Home Here From Shock; Her Baby Lives

Mrs. G. W. Dunn, 24, died at the family residence in Colorado Wednesday afternoon from shock within a short time after having given birth to a baby girl. The infant is being cared for at the C. L. Root hospital.

The body was forwarded Thursday afternoon by Kiker & Son, funeral directors, to Sherman, where it was to be held Friday evening, with burial there. The Rev. H. F. Weldon, pastor of the Lamar street Baptist church, Sweetwater, former pastor of Mr. and Mrs. Dunn, accompanied the body to Sherman.

Mr. Dunn left Colorado Thursday morning for Sherman by motor car. Mr. and Mrs. Dunn moved to Colorado six weeks ago from Sweetwater, where they had lived for about four years. Dunn came to Colorado to assume management of the wholesale candy and confection business recently purchased by him from Ray Wemack.

Mrs. Dunn, nee Miss Billie Miller, was born and reared in Grayson county, Texas. At the time of her marriage to Mr. Dunn she was nursing in a Sherman hospital.

Surviving are her husband, G. W. Dunn, and two daughters, DeLoris, aged 30 months, and the infant born Wednesday afternoon. Other survivors are her parents, Mr. and Mrs. J. F. Two Men, Neighbors Win Cars Awarded In Cigar Contest

BIG SPRING, MAR. 9.—Manufacturers of Cremo cigars perhaps are wondering what manner of men reside in the eastern edge of Howard county, Texas.

Seldom if at all in the past few months when Cremo has been giving away automobiles to those who compose the best reasons why men should smoke Cremos have two of these automobiles been awarded to men residing so near each other as G. H. Prewitt and H. P. Logan.

Mr. Prewitt, residing a mile and a half south of Vincent just a few miles up the road from Coahoma was notified Sunday night that he had been announced as the week's lucky man.

Only a few weeks ago B. F. Logan, lumber yard manager and mayor of Coahoma, received a Cremo automobile.

Mr. Prewitt was notified of his good fortune by an automobile salesman, who reached the Prewitt place 30 minutes after the announcement had been made over the radio. He sought to convince Mr. Prewitt that his make of car should be selected—those winning these prize cars have their choice of several lines.

Mr. Prewitt was reported Tuesday morning to have chosen a 1932 Chevrolet coach.

THAT 'BELIEVE IT OR NOT' PARAGRAPHER IS INVITED TO WEST TEX.

Ripley, the "Believe it or Not" paragrapher, might find some interesting facts out here in West Texas. At any rate it is certain that material for some of his interesting conclusions is to be found in two communities not far removed from Colorado.

Aims of the Texas Electric Service Company in Sweetwater are embodied in the name of one of its employees. He is W. E. Light. If the organization of which Lon Geer is the head does not "we light," just what does it do?

Then, at Merkel, is another. Ed Burns is the fire marshal in the Taylor county town.

Come back to Sweetwater and will find another subject for the "Believe it or Not" column of Ripley. Nolan county has an Outlaw for County Attorney. In fact, such a person has held that office for several years and is up for re-election. His name is George Outlaw.

Joe Sheppard recently sold a 3 months old steer that weighed a most 1300 pounds when he arrived in Fort Worth. An unusual thing about feeding of this steer is after he was placed in the feed lot he was fed only maize heads and cotton seed (no roughage).

Boy Scouts In Regular Meeting

Group 24 met Thursday night on account of the play at the school house on Friday night. A very interesting program of presenting the tenderfoot badge to E. Don Mahon, Ray Preston and Malcolm Mayes was witnessed by all scouts present. This ceremony was given by our scoutmaster and is very impressive as it brings out thoroughly the significance of the badge which represents the scout oath, duty to God and country, to others and self.

The second class badge was presented to Junior Harris with renewed vows of living the scout oath and laws. As the city council has leased the city park to the Boy Scouts we hope to begin work as soon as possible laying out the park and planting trees, shrubs and flowers.

We appreciate and thank the city council of Lorain for their interest shown in the Boy Scout organization a big "How" for them.

We will meet Friday night, every scout present or you will miss something. "Don't forget your daily good turn."

Devotional was led by our teacher, Mrs. Hester, after which the hostess took charge. A contest of guessing the "Hobbies" of each member followed.

The one who proved she knew her friends habits best was Mrs. Harold Martin, our beloved and invaluable member whom we are losing from our class with the utmost regret. A small token of our love was presented in the form of a handkerchief shower. We hope that she and her family will soon find their position in church and community to fill as ably and completely as they have done here in the past.

Bruce Bible Class

We had a very good attendance at Sunday School Sunday morning. There were 27 members present. We should have more out for these services. You are missing a good lesson each Sunday by not being present. The weather is getting warm so lets all try to be present each Sunday.

The lesson for Sunday was The Spirit of Christianity, which was well explained by Rev. Harrell who consented to teach the class for Mr. Bruce. We enjoyed his message and invite him back again.

The barbecue question was settled this morning. We get the first Tuesday in April which is the 5th day of April for the date. Everyone remember the date and lets make this a grand affair. For we can all get a great spiritual blessing by coming together and discussing the benefit of Sunday School.

MITCHELL COUNTY FARM NOTES

Is the raven more harmful than he is helpful?

There seems to be a difference of opinion even from those who suffer from feed damage each fall. Mr. Alden, who is making a study of the raven for the Federal government, was in Mitchell county Friday looking for raven roosts and he reported that examination of stomachs of scores of raven recently shows that 50 per cent of the food of the raven is cutworms.

Dan Beeman and family canned two beeyes last week.

H. A. Beighs ran terrace lines on another 100 acres Friday. He says that where he built terraces two years ago the ditches are already filled up. Lee May and Ed Stahl contoured some rows last Friday.

Cutworms are reported damaging young onions and other garden plants. They can be controlled by poisoning with poison bran mash, made of 25 pounds of bran, 1 pound white arsenic, (mix these together) juice and ground rinds of six demons, 2 quarts or sorghum molasses, (mix liquids together) and then add bran and arsenic and sufficient water to make a crumbly mash.

J. E. Keathley has installed a lath-tile sub-irrigation system in his garden.

Preparation Being Made For Highway Association Meet

Active preparation for the annual Broadway of America Association convention is now under way, according to information from association headquarters in El Paso. This year's meeting will be held in San Diego, western terminus of this famous transcontinental route. Officials said today that information received from San Diego indicates that the coast city is preparing an unusually varied and interesting program of entertainment for the visitors and delegates to the convention.

Among the many projects to come before this meeting, is one looking toward an extended campaign of national advertising of this all-year ocean to ocean highway. No transcontinental highway has as many inducements to offer the cross country motorists as the Broadway of America.

Already, officials say, this highway is becoming the most popular coast to coast route in America as a result of its highly improved condition, the comfortably low altitudes of the sections which it traverses and the multitude of scenic wonders to which it gives access.

Because of the importance of the 1932 convention, large delegations are expected from all Broadway cities, and officials of the organization are urging that everyone who can begin making plans to motor over the Broadway of America to San Diego.

By continued publishing of the ad-

vantages of the Broadway in the North and East, thousands of tourists will be attracted to this splendid route. Many motor clubs in those sections are now advising their members to use the Broadway. With the Olympic games in Los Angeles this summer, an increase in traffic over the Broadway is expected.

BAYLOR COLLEGE RECEIVES \$100,000.00 ENDOWMENT GIFT

BELTON, TEX., March 10—With the announcement of a gift of \$100,000 from Mr. and Mrs. John G. Harlin, of Burkburnett, Baylor College officially started last week the realization program of their big endowment and debt-paying campaign.

The gift is to be applied directly to the further endowment of the college, and in no way affects the goal set for this year's share of the debt-paying campaign for \$150,000.

March is the realization month for this goal of \$150,000 and March 20-27 has been set for the every church canvass. This campaign was launched at the General Baptist Convention in Texas which met in Waco in November. It is to be followed by a campaign for the remainder of the \$750,000 to be raised next year, \$500,000 of which is to go for debt-paying for the institution and \$250,000 to further endowment.

Already organizations of seventeen districts including all Texas have been perfected, and a complete plan of information and education has been carried out. The last month is known as the realization period.

Taylor College has recently added to its loan fund for worthy girls of moderate means who could not otherwise be educated a gift of \$10,000 from the J. J. Roberts estate who leaves this fund in memory

EDITORIAL

Courtesy—
 One of the most outstanding impressions one can make upon the character of the human race is courtesy, or politeness. Webster gives refinement as a synonym for courtesy. I give common sense.

Emily Post, one of the world's greatest authorities on etiquette, says that good manners have as their foundation common sense, or, in other words, manners are not a

confabulated mess of rules and dog-trines, but simply an ordinary, refined manner of living.

All girls' greatest desire is that "the girls' civility are not over." Any person admires politeness—not the "showy" kind, but the real, genuine feeling that comes from within. One of the best foundations for good breeding is in the home, around father, mother, sister, and brother. One should not be bashful or ashamed to tell his mother that he is sorry, or to tell his friend he is correct in his opinion, and to acknowledge his mistake.

One can win the world by courtesy, or unselfishness, for one who is selfish, is uncharitably impolite and rude.

Along with courtesy goes happiness, good-will, and friendship, and

as we all have been taught, happiness is a perfume that when one casts it upon others, he cannot help but get a few drops himself.

Practice Typing Contest—

Saturday, March 5, a group of typing students from the Colorado high school Commercial departments entered a practice typing contest at Big Spring. Colorado's first team won over Big Spring's first team by 14 points. The team was composed of Pauline Jones, Mildred Whitaker and Elizabeth Hutchinson. The Colorado second team, Charles Edwin Root, Mary Frances Majors and Harold Watson only lacked one point of beating also.

The District Typing Contest will be held in the Colorado high school after the first of April. Four high schools that did not enter last year have already sent in their entries for this year. Our 14th Typewriting District is growing and Colorado is right proud of it.

This week Helen Hester received her Gold Expert Typing pin. Miss Cooper states that Helen is the first student to ever earn this distinction through any of her experience in teaching commercial work. Helen typed for fifteen minutes, made only two errors and averaged 62 words a minute. Several have received their gold-plated pins, but Helen is the first to get this gold award. There are several others working hard for this pin.

Cooper wrote: "All Quiet on the Western Front."

"That's a skyscraper," announced the guide.
 Old Lady—"Oh, my. I'd love to see it work."

A little girl having her first view of a mother cat carrying her kittens across the yard by the neck, stood it as long as she could and then rushed out, snipped the poor cat and cried indignantly, "Shame on you! You're not fit to be a mother. You're hardly fit to be a father."

Mr. Cantrill—"Did you hear it thunder last night?"
 Mrs. C—"No, did it really thunder?"

Mr. C—"Did it? As if the heavens would crack open."
 Mrs. C—"Then why didn't you wake me up? You know I can't sleep when it thunders."

Like a Winner—
 Keep your head cool, your feet warm, your mind busy. Don't worry over trifles. Plan your work ahead, then stick to it, rain or shine. Don't waste sympathy on yourself. If you are a gem, someone will find you. Don't whine. Tell other people you are a failure, and they will believe you. Talk and act like a winner, and in time you will become one.

The man who has done his level best, and who is conscious that he has done his best, is a success, even though the world may write him down a failure.

Notes From the English Dept.—

Shakespeare went from his little town to New York.

Macbeth was throne from the thrown.

"La Tertulia" Club—
 On Friday night, March 4, "La Tertulia," the Spanish club, had its annual banquet. It was served by the second year Home Economic class at 6:00 o'clock.

The tables, arranged in the form of a "T," were artistically decorated with cacti, while place cards were very appropriate—Spanish sonnetes for the girls and Toreadoras for the boys. The program was as follows:
 Welcoming address, Pres. Hilma Joyce; Spanish songs, Senoritas Cook Hester, and Spalding; Impromptu Spanish speeches, Arvel Colson and Don Taylor; principal speech of evening, T. J. Goss.

The contests were of a Spanish nature. The last of the evening consisted of naming in Spanish all articles placed on the table during the entire evening. Arvel Colson and Juanita Cook tied for the prize a musical instrument.

V. H. E. Club Recital—
 John A. Lomax will deliver the lecture-recital at 8:00 p. m., Saturday April 2, in the high school auditorium. The romance of the ballad will be woven about cowboy songs and negro spirituals. Songs from the cattle country in the Panhandle, from the plains of Montana and Arizona, will be read and sung by the collector.

The V. H. E. Club is sponsoring a sale of Magazines—The Country Gentleman, Ladies Home Journal, and The Saturday Evening Post. One half the money from the sale of these magazines goes to the Club, and if each girl in the club makes one sale the Club gets a ten cent bonus on all sales. Draperies for the department will be bought with the proceeds.

Max Berman sponsored a style show Friday evening at 8:00 in the high school auditorium. Through the courtesy of Mr. Berman, the following Home and Class projects were modeled by the Home Economics girls. A child's dress, made by Maxine Dorn, was modeled by Billie Jean Dorn; Velma Rogers modeled a school dress she made for a Home project; Laverta Shurtliff and Zelma Brindle modeled afternoon dresses which were class projects. Mary Louise Melton, Elizabeth Crantland, Wanna Wade and Margaret Jenkins modeled evening dresses they made in class.

"Tony, The Convict," will be given in the high school auditorium March 18, at 8:00 p. m. The cast has been chosen from members of the faculty of high school, Junior high, Hutchinson and Primary buildings, assisted by several townspeople.

Track Begins—
 The Colorado Wolves have started their practice for track for the 1932 season, with prospects for a great team. Colorado expects to win county by a large majority and send many of their men to Abilene to the District meet. C. L. Joyce of Colorado, the big boy who throws the weights, is expected to show his stuff in both county and district meets this year. There are many other track men left over from last year's track team who are expected to put forth their efforts for Colorado high school. And there are also many new ones out for the team. Colorado lost the meet to Lorraine last year by a margin of only a few points. But she expects to win it back this year.

Tennis—
 The boys and girls started tennis for the county meet, the girls have good prospects with the loss of only one of their last year's doubles team, but this vacancy can be filled with some other girl, and they are expected to take both singles and doubles this year.

The boys, being handicapped by the loss of both singles and doubles players from last year, have come back strong in hope of taking the meet. There are thirteen or fourteen boys out for tennis, so every one will have to fight if he hopes to win any place on the tennis team.

DUNN DOINGS

By WILSON ROSS
 David Coffman of Abilene, visited in Dunn last week.

Rev. J. P. Magee, pastor of the local Methodist church, was carried to Sweetwater for treatment last Sunday afternoon. He was accompanied by Messrs J. C. Beakley, B. S. Johnson, L. A. Scott, and L. E. Russell.

Rev. O. P. Clark, the presiding elder of this district, preached here at 11 o'clock Sunday morning at the Methodist church.

Mr. and Mrs. James Welch attended the Fat Stock Show in Fort Worth a few days last week.

Messrs I. N. Johnson and N. W. West were in Lubbock last week. Mr. and Mrs. Walter Wood of Abilene are visiting in the J. P. Bolden home this week.

J. Arthur Edwards of Hart spent last week-end with his family here. Two mules, belonging to W. E. Junter, died last week, when their owner accidentally poisoned them.

Miss Pauline Taylor entertained a number of the high school pupils last Friday night in the basement of the Methodist church. Despite the disagreeable weather a good time was reported by all.

Rogers Ramblings

The attendance at school has been poor this week, due to an extended late visit of "Old Man Winter."

All students are preparing for another set of examinations, that will be given the latter part of this week.

Mary Green was operated on for appendicitis at the C. L. Root hospital last Friday and we are glad to report that he is doing nicely and soon will be able to return home. Jack Carpenter, who underwent a similar operation the week before, has returned home and soon will be able to resume his school work.

This community was saddened by the report of death of the infant son of Mr. and Mrs. Pat Adams early Monday morning. The griefed parents, in this hour of bereavement, must realize that "God's will be done, and not ours."

Mr. Burford was ill Monday, but is much improved at this time. We hope that he will soon be completely recovered.

The P. T. A. social, which was given at the school house last Friday night, was enjoyed by all present. Many games were played and delicious refreshments were served. A "West Texas rain" kept many people at home, who had planned to attend the party.

The teachers and P. T. A. of the Rogers community have offered five dollars to each pupil of the school who wins a first place medal at the County Meet in the Literary events. This offer has caused many new entries in the events, and we hope that Rogers will be well represented in the first place column.

The Rogers teachers have planned to have a one-act play tournament in the near future.

Louis Landau, Colorado merchant, is doing well, reports from him in El Paso indicate. Mr. Landau recently went to El Paso to recuperate from a recent illness.

SIMMONS U. GLEE CLUB IN PROGRAM APRIL 20 IN HIGH AUDITORIUM

The Simmons University Glee Club, recognized as among the largest musical organizations of its kind in West Texas, will be presented at the Colorado public on the evening of April 20 at the high school auditorium. Plans for bringing the musicians to Colorado were completed at a conference between John E. Watson, superintendent of schools, and Dr. William J. Work, head of Simmons voice department last Friday.

The schools are to sponsor this entertainment feature, according to Watson, believing program to be given by this club will afford the local public opportunity to hear one of the most popular feature organizations in the West.

IT IS BETTER THAN THE DREAM

An excerpt from a book printed in 1869, and entitled "The American Woman's Home" shows that real home economy was receiving deep thought even at that early day by "lucky women." The co-authresses of this relatively antique volume were Catherine E. Beecher and Harriet Beecher Stowe of "Uncle Tom's Cabin" fame. These very charming ladies were sisters whom the publisher J. B. Ford, describes as being "acknowledged all over the land as authorities on the science of domestic economy." Their sentiment follows:

How it would simplify the burdens of the American housekeeper to have washing and ironing day exchanged from her calendar! How much more neatly and compactly could the whole domestic system be arranged! If all the money that each separate family spends on the outfit and accommodations for washing and ironing, on fuel, soap, starch, and other requirements, were united in a fund to create a laundry for even a dozen families, one or two good women could do, in first rate style what now is done very differently by the disturbance and disarrangement of all other domestic processes in these families. Whoever sets neighborhood-laundries on foot will do much to solve the American housekeeper's hardest problem.

It is too bad indeed that these two estimable ladies cannot return today to see how worthy their written plea has been carried out. "One or two good women," unaided, could not manipulate the complex organization of a modern laundry and modern economy demands a volume of considerably more than 12 family bundles but those Beecher sisters had the right idea. More power to 'em and to all who have learned that power laundry service is the surest way to prevent the "disturbance and disarrangement of all other domestic processes."—LAUNDRY AGE.

Methodist Church News—
Next Sunday will be our regular preaching day. Let's be sure and give the pastor a large crowd to preach to. We had very good attendance in Sunday school last Sunday, but should have twice as many next Sunday. Be sure to be there and invite some one to go with you. As we had no 11 o'clock service quite a number of people went over to the Baptist church to hear Bro. Allen preach.

Mrs. Gressett meets each Wednesday afternoon at 3:30, with the children. She is doing a wonderful work with them.

The ladies of the Missionary Society met at the parsonage Monday afternoon. Mrs. Lee read the scripture lesson from 5th chapter of Matthew. Only a few were present, but we were spiritually blessed. Assignments were made for the last chapter of our Mission study book, which will be given next Monday afternoon, beginning at 3 o'clock. About 15 minutes will be spent in a prayer service before our lesson will be given. Please be on time.

An Epworth League Institute was held at the church four evenings last week. A large number were in attendance from the towns in this district. Refreshments of sandwiches, waters and cocoa were served on Friday evening.

The Epworth Leaguers enjoyed a social at the home of Rev. and Mrs. Ray Lee Monday night of this week. At the conclusion of the games, refreshments of hot cocoa and cake was served.

Rev. and Mrs. Lee and Mrs. Bill

Hague attended the zone meeting of the Woman's Missionary Society, which was held in Colorado last week.

Baptist Church Notes—
Services were wonderfully blessed Sunday with good interest and attendance. Much interest is being manifested in Sunday school, and the report was better than usual. The B. Y. P. U.'s are also making progress. The Seniors, accompanied by their leader, Mrs. W. E. Donelson and a number of others, rendered a program at Spade church Sunday afternoon that was appreciated by those who attended and beneficial to all who took part. The Spade union had previously rendered a program here.

The bake sale, sponsored by the W. M. S. last Saturday brought \$9.75 to the treasury. The Society is observing the week of prayer services.

Prayer meeting will be led next Wednesday night by Wilburn Oliver and the teachers and officers meeting will be at the usual time at the church.

Personal Items—
Mr. and Mrs. Burr Brown were shopping in Sweetwater last Monday.

Mrs. Lee Brown and children spent several days last week with her sister, Mrs. Bob Odum in Chalk.

Misses Claudia and Veta Bell, who are attending school in Abilene, visited home folks over the week-end.

Mrs. F. H. Patterson spent the week-end in Snyder, visiting relatives.

Mr. and Mrs. Van Boston visited in Roscoe Sunday.

"TONIGHT WE LOVE, TOMORROW WE DIE"

A reckless date with a reckless blonde, then a rendezvous with death. It was all in the game and they took it grinning... the three reckless gobs who did the wierdest job the navy ever tried. Their orders were simple, "Go get yourselves torpedoped. Let 'em sink you. Then we'll sink 'em."

They said, "Aye, Aye, sir." and then...

"TOMORROW AND TOMORROW"

"Tomorrow and Tomorrow," Philip Barry's play of a courageous, unconventional wife to whom marriage is not sufficiently soul-satisfying, is the latest starring film vehicle for Ruth Chatterton, recently completed at Paramount's west coast studios. This philosophical, yet clearly understandable emotional drama is the Palace Theatre's feature for Sunday and Monday, March 13 and 14. Paul Lukas supports Miss Chatterton in the featured male lead.

The play, the latest by the author of more than ten recent Broadway successes, enjoyed a long run in New York and is now playing in numerous large cities throughout the nation.

It is hailed by critics as one of the best works of Barry, author of "Paris Bound" and "You and I." See it Sunday and Monday at the Palace.

"CHARLIE CHAN'S CHANCE"

The fans who enjoy a good murder mystery with plenty of breath-taking situations should enjoy Charlie Chan's newest adventures in "Charlie Chan's Chance" to be at the Palace Tuesday and Wednesday, March 15 and 16.

Warner Oland appears as the shrewd Chinese detective, who is called upon by the New York police to solve what seems to be a perfect crime. After some thrilling experiences he cunningly solves the mysterious murder that has baffled the best detectives of New York and London. A lot of complications are involved and a number of people suspected which makes it pretty hard at times to figure out the murderer. Alexander Kirkland and Mariam Nixon furnish the love interest.

LIFE OF A REPORT CARD

First, I was a sort of a piece of pasteboard that was in a small room in the printer's office. The pasteboard had not been out of its place for a year. I thought it would never come my time, but finally the printer sent his son, Elmer, to get me. They put me in a press and in a few seconds out I came. On my back was Walnut Springs and some other writing.

The teacher picked me to be the best and put a boy's name on me. I heard her say, "John Smith, Grade Seventh."

For the first six weeks I was out of use, but they got me out and put some figures on me. John was glad

SEVEN WELLS SCHOOL NEWS

By H. W. VENUS

The fury of the north wind against this tin roof sounds like a Japanese bombardment, but we have most of the holes chinked with rags to keep the cold away, and we are all reasonably comfortable. There is no slacking on our work because of crowded quarters. We just have to be more quiet than we want to be.

Little Joy Rector, Mrs. J. V. Rob-

inson's niece of Los Angeles, Col-

is a pupil in the third grade at Seven Wells, while visiting her Texas relatives. She says it is just like the nicest thing in the world to go to school in the country, especially in a cozy little school house like this. She says she cannot understand why we want a bigger house.

Mr. Wulfen visited our school Monday and talked to us his own studying hard. He thinks we are mighty nice children. We were glad to see him. Mr. Venus and Mr. Wallace, our other trustees, will visit us this week. This must be a red letter week for us. We could scarcely have gotten by without their help from time to time. Mr. Wallace says we may have Thursday for a holiday because it is his birthday, but we will just wait and have a weiner roast when the weather man gets in a good humor.

Mr. and Mrs. S. E. Venus entertained their friends, Mr. and Mrs. Rankin, whom they had not seen in 25 years Thursday.

Cecil and Fannie Browne, Buddie, Ma Mae and Huston Liner, Homer and Irene Tiller, Pearl Venus, Charlie Roach, Fred Smith, Gladys Robinson, Mason Mitchell and Juanita Smith, were the guests of Miss Lorine Grissom Sunday.

Miss Vest and Mrs. Hogben visited Mrs. L. L. Basham Sunday afternoon.

Eula and Ethel Wallace, Lula May Basham and Lucille Bell visited Opal Lindley Sunday.

"DR. JEKYLL AND MR. HYDE" AT THE PALACE THURSDAY

Directly before your unbelieving eyes, see a man turn monster. A handsome lover, a respected citizen, a celebrated surgeon—in the draining of a secret potion, before your eyes, becomes a merciless monster, a fiend, a thing indescribable, in Dr. Jekyll and Mr. Hyde, to be shown at the Palace Thursday, March 9th, for the last time. The cast includes Frederic March, Miriam Hopkins and Rose Hobart.

Dr. Jekyll and Mr. Hyde—What a title for the lights! The greatest of all dramatic mystery-thrillers. Here is drama that has stood the test of forty years; thrilled millions who saw and marveled; enlisted the prize talent of a century in its portrayal; and which will still be a living drama a thousand years hence. It is a great moral story and will never die. And, through it runs the golden thread of romance, fatefully tarnished by an illicit love.

Frederic March, in the title role, gives a great dynamic punch to his Jekyll-Hyde characterizations. His stage successes are well known and his excellent work on the screen in "Royal Family of Broadway," "Ladies Love Brutes," "Paramount on Parade," "Manslaughter," "Laughter," and "My Sin" have won for him thousands of admirers.

Last showing of this wonderful picture at the Palace Theatre Thursday—don't miss it.

COURTESY DESCRIBED AS FUNDAMENTAL AGENCY IN BUILDING THE COMMUNITY

Interest Grows In 'Broadway Club' As Third Meeting Held Tuesday

"When you speak of courtesy you are driving at the fundamental feature that will carry with force to the people you would reach in advertising Colorado as an attractive place in which to do business and to live," Will H. Scott, Sweetwater, representative in the Texas legislature from this district, told members of the Broadway Club Tuesday evening at the club's third meeting at Hotel Colorado.

Scott spoke of the impressions that had come to him time and again as some hotel boy, coffee shop girl or filling station employee impressed that his presence was appreciated and that they were glad to have him spend his dollar with them. "When I return that way, I usually stop at those places, the same as most any of you fellows do," he said.

Dr. C. L. Root was another speaker to address the club. "There is something in every drug store, shoe store and every other store that will either impel you to return or drive you away," the local doctor declared. "And that something is courtesy."

Buck Johnson, Sweetwater vice station operator, was another speaker to outline the good results of always being courteous to tourists and other visitors. "Ever receive them with a smile, invite them to spend the night in your town and feel perfectly at home anywhere in the city," he said.

Miss Mary Wade, daughter of Mr. and Mrs. M. S. Wade, gave a selection of piano solos.

Jim Greene, Roy Hester and Bill Cooper were among other speakers introduced for addresses, after which the meeting developed into a round table discussion on the subject of courtesy. With one or two exceptions every one of the thirty men present spoke to the subject and pledged to do his part in stamping good impression of every visitor with whom he came in contact.

The next meeting is to be held Tuesday night, March 22, with John Brown, wholesale agent for the Texas Company, in charge.

Loan Plans

(Continued From Page One)

of Sweetwater has been named district supervisor in charge of loans and loan checks are to be delivered by him personally to the borrower. Other counties in the district are Nolan, Scurry, Fisher and Coke.

Outlining high points in the government machinery for operation of the huge federal loan undertaking, Sherrill said:

"The loan limit to the individual is \$400, and the limit to all tenants of any one landlord is \$1,000. Loans will not be made to applicants planting cotton in excess of 65 per cent. of their total cotton acreage in 1931. This will not apply to those planting ten acres or less.

"The security must be an absolute lien on the entire 1932 crop of applicant. The interest rate is 5 1/2 percent per annum. Applications for loans must be made by April 30, and the maturity date of all loans is November 30, 1932. No loans will be made to minors, nor to persons who did not farm in 1931, nor to persons having a means of livelihood other than farming. Loans will only

be made to farmers "who are unable to obtain loans for crop production in 1932" from other sources.

"Proceeds of loans may be used for purposes specified, and not for purchase of machinery or livestock, or the payment of taxes or debts.

"Maximum loan for field crops in counties in which fertilizer is not essential is \$3 per acre. Of the \$3, \$1 may be allocated to the purchase of seed; \$1 to the purchase of feed for work stock and (or) fuel and oil for tractor; and \$1 to repairs and miscellaneous expense incident to crop production. For truck crops, including potatoes and sweet potatoes, this allowance is \$12 per acre.

"A special provision makes an allowance of \$2 extra per acre for spraying or dusting crops, but only in counties where such practice has been customary.

"Applicant must agree to plant a garden sufficient for home use, and must agree to plant sufficient acreage to feed to take care of his livestock.

"Advance may be made in installments, and these installments, after the first advance, may be discontinued if it is shown that the provisions of the act are not being carried out by the borrower.

"Maturity date is Nov. 30, 1932, but proceeds from sale of mortgaged crops must be applied to the indebtedness when crops are harvested and sold. Interest is deducted from the last installment, and when loan is paid before maturity, unearned interest is returned to the borrower."
