Shower for Mrs. Tom Cawthorn
Wednesday afternoon at the home of Mrs. J. B. Pritchett, the women of the Christian church very beautifully entertained with a shower for Leonie Allmond, who on Easter Sunday became Mrs. Tom Cawthorn. The bride, her mother, Mrs. Lon Allmond, her grandmothers, Mrs. Allmond and Mrs. Franks and Miss Cawthorn formed a receiving line to greet the guests, these then registered in a beautiful bride's book, presented over by Mrs. Scott.

After all had gathered the group enjoyed a contest on scrambled pie. When these had been unscrambled it was announced that Mrs. Cawthorn had won the prize and a clothes basket heaped with gifts was brought in and placed before her by Mrs. Harrison. When she had emptied the basket she began to say "thank you," but was told there was yet another basket to unpack before "thank you's" were said. The gifts were both beautiful and practical and will add much to the new home.

When all had been admired, the dining room doors were opened revealing a beautiful lace covered table, with a rose twined arch supporting a pretty wedding bell under which stood a tiny bride and groom, with a pretty wedding cake in front of them. The newly-made wife was wished bon voyage on the matrimonial sea in a most beautiful way by Mrs. Benton. Mrs. Cawthorn then cut the wedding cake, which contained all the charms that wedding cakes should have. The ring was cut by

FIRST METHODIST CHURCH

It is only two weeks now until date for celebrating the fiftieth anniversary of this church. Colorado Methodists should take pride in the record of this church. For half a century it has stood to wield an influence for righteousness in this community. Give your full cooperation to church leaders to make the anniversary program one of which every member might well be proud.

The goal for Wednesday evening is 100. There is no justifiable reason why that number should not be present.

Sunday school, preaching and the young people's department all meeting at the usual hours.

"SHANGHAI EXPRESS" AT THE PALACE THURSDAY-FRIDAY

Enacted by an excellent cast, mounted and photographed magnificently, directed brilliantly and headed by Marlene Dietrich and Clive Brook, "Shanghai Express" should be a sensation all over the country. The film is not as timely as the title might indicate, dealing not with the present Sino-Japanese situation, but with events during the Civil War in China of some months ago.

It is directed with an almost inspired touch, making every shot one of breath-taking, compelling beauty. By all means, see this wonderful picture this week.

We had a very excellent Sunday school and attendance Sunday at the regular 10 o'clock hour. We hope we will have such a crowd next Sunday. Save money by reading the ads.

SUNDAY AND MONDAY AT THE PALAE THEATRE

"Polly of the Circus" coming to the Palace Sunday and Monday, April 10 and 11 and the cast is headed by Marion Davies who plays the lead in this pictureization of the elderly stage play of the same name, authored by Margaret Mayo and prominent on the boards of Broadway as far back in history as 1907. Clark Gable takes care of the role of the young and handsome minister who sacrifices everything in his career for the love of Polly, the circus trapeze performer. The story of "Polly of the Circus" is too well known to need elaborate publicity, suffice it to say that the story is just as successful in the talkies as it was on the stage, and you will miss a treat if miss it when it comes to the Palace.

Deputy Sheriff Marries—
Deputy Sheriff and night watchman, J. A. Crosby, and Mrs. Pearl Gaitner, manager of the local Standard Telephone office for the past two years, were united in marriage at the Baptist church Thursday night 8 o'clock, with the pastor, Rev. A. C. Hardin, officiating. The ceremony was witnessed by Mrs. L. B. Walker and Mrs. Jack Walker. Mr. and Mrs. Crosby left immediately for a visit in Abilene and Buffalo Gap, returning here Friday night, and will continue to make their home here.

Mr. Crosby has been a resident of Loraine nearly 4 years, while Mrs. Crosby has been a resident of the county since 1906, and both have many friends who wish for them much happiness.

New School Trustees Elected—
Two new trustees for the Loraine Independent district were elected last Saturday, and one of the old members of the board retained. From the representative vote cast Loraine citizens showed their interest in determining the policies of our school system. The two new trustees are R. B. Ferguson and J. W. Preston; Joe J. Bennett was retained. J. M. Bruce is the newly elected county trustee. E. C. Hallmark and T. C. Wilson were retired from the board.

The new board of trustees will be composed of T. J. Riden, C. F. Glass, G. B. Tartt, J. W. Roberts, J. J. Bennett, R. B. Ferguson and J. W. Preston. The official ballot cast was: H. L. Harrell 19; E. C. Hallmark 43; J. W. Preston 50; T. C. Wilson 42; R. B. Ferguson 56; J. J. Bennett 61; J. T. Nelson 37; J. M. Bruce 80; S. H. Hart 32. The Loraine schools, of vital interest to our citizens, is progressing nicely, and the one influence effective in maintaining good schools is to know the policies of those in charge.

Card of Thanks—
We thank you for your kindness and assistance during the short illness and death of our dear father, grandfather and brother. May God bless each one of you.—Mr. and Mrs. H. T. Hall and daughter, Annie Bell, E. A. Hall, Mrs. M. J. Smith.

Editor's Apologies—

The local Circle were entertained with a Silver tea on Thursday afternoon, March 31st at the home of Mrs. W. L. Hester. The guests were met by a little George Washington, who ushered them into the reception room, where cakes and tea was served, then to the living room, where Mesdames Martin, Rowland and Taylor's pupils rendered a lovely program. Out of town guests were Mesdames Barney Haney, Will Howard, John Henson, Ben Hardy Kirkland, Roscoe. Eighty-four registered and \$14.00 was received to be used by the Circle in a much needed way.

Pastime Bridge Club Meeting—
The Pastime Bridge Club meeting was held at the home of Mrs. Howard Spikes Wednesday afternoon, with Miss Ruth Coon as hostess. Delicious refreshments were served to eleven members. Miss Jo Cook was a guest. High score was won by Miss Irene Brown. The next meeting will be with Mrs. H. B. Derryberry.

Methodist Church Notes—
Sunday school and church attendance was good last Sunday. However, the attendance is not what it should be. Let us all do our part—increase the attendance and make Loraine a church going community. Come to church and Sunday school next Sunday. Rev. J. E. Harrell, pastor, will preach next Sunday morning and night. Special music will be arranged for these services. Help make our services count more by your attendance.

Bruce Bible Class—
The Bruce Bible Class met with Bro. Bennett and his class Sunday, 44 were present. The subject of the lesson was "Creation," which was well explained by Mr. Bruce. Part of the class remained for services

and heard a good sermon delivered by Rev. Hardin. Every member of both classes remember that Thursday evening is the time we will have our barbecue and we are expecting you to be present at 6 o'clock. The principal speaker for the evening will be Judge W. P. Leslie. So, don't disappoint us, we are expecting you to be present.

Local Circle—
The local Circle met in the home of Mrs. Clyde Smith, April 4th at 3 o'clock with thirteen members present. The meeting was opened by singing the song "Work For the Night is Coming." Mrs. Roy Edwards read the devotional. Prayer was led by Mrs. J. E. Harrell. The Circle reported 37 visits to the sick, 28 trays and one bouquet. After all business was transacted several games were played after which the Circle was dismissed by saying the Lord's Prayer in concert.

Baptist Church Notes—
There were 177 in Sunday school Sunday morning. The Bible class of the Methodist Sunday school and their teacher, J. M. Bruce, visited Bro. Bennett's class at the Baptist church last Sunday morning. Mr. Bennett's class, including visitors, numbered 44 and Mr. Bruce taught the sacred lesson. These visitors invited Bro. Bennett and his class to attend their barbecue Thursday night at the tabernacle. Rev. Hardin brought us a message at 11 a. m. on "The Power of Salvation." B. Y. P. U. met at their regular hour and another good sermon by the pastor that evening. Mrs. W. J. Coon, Mrs. Jessie Pratt and mother Hallman entertained the Missionary ladies in the home of Mrs. Coon last Monday evening.

The W. M. S. program was unusually good. Their topics were "Heroines of the Cross." It was encouraging to note the number of visitors who were present on this occasion. During the social hour chicken and pinnet sandwiches, angel food cake and iced tea was served to 26 guests. Both Circles of the W. M. S. will meet at the church next Monday afternoon.

STATE EDUCATION COSTS CITED BY AN ABILENIAN
To the Editor:
I wish to commend your editorial in Reporter of 17, entitled "Retrenchment of Education," referring to the conference of members of the state board of education with authorities of the state-supported colleges in Ft. Worth April 21. Taxpayers are becoming awake to the evident waste in higher education. Heretofore it has been their custom to leave it to the leaders, but many at least have decided that as they put up the money, they might as well look into the expenditure. And some of the things are surprising. As the protest did not begin with educational leaders or state college authorities, their wisdom or attitude towards governmental economy may rightfully be questioned. Here are a few things claimed to be discovered: The state in one or two instances giving even high school education in conjunction with the college located in the town; overlapping of one another's work, as all the 15-state supported institutions have departments of education, preparing teachers; giving practically free education to 1,000 non-Texas students, at a cost of about \$500,000 to Texas taxpayers, and spending about \$2,500,000 to train teachers when it is claimed by informed men that we have something like a five-year supply on hand now, 7,500 idle, due to surplusage. It is difficult to see the benefit to any one to train young people for work closed to them, to the idle teachers, to the parents and taxpayers, even to the teachers who now have positions, for they recognize that any commodity or service cheapens in remuneration and lessens in public appreciation with the over-supply. You refer to the work of Christian

colleges, their saving taxpayers. It is safe in saying that they save taxpayers at least \$3,500,000 yearly. And both those colleges and public schools are being crippled by the alarming expenditure of state institutions. One superintendent, and a graduate of a state teacher's college asked why not the denominational colleges be allowed to train ALL the teachers? If one will consult the high school directory of 1930, the last one issued by the state department of education, he will be surprised to note the large percent of high school teachers who received their education in Christian colleges. In Abilene high school, likely it will approach 80 per cent. From an observation of many years, my opinion is that teachers trained in denominational colleges are fully equal to those trained in any state-supported institution. In fact, for high school work, were I a superintendent, I believe I would prefer them. Many superintendents seem to do so, as a class. There is no directory of grades under high school, but it is reasonable to suppose that the percentage would run the same. So the question becomes pertinent, if denominational colleges do as good a job, and don't cost taxpayers anything whatever, why freeze them out with free education? I can't see the justice of it myself.

Baptist Church Notes—

The Sunday school was well attended Sunday and new life was felt throughout the several departments. The superintendent, Mr. S. J. Watson and Mrs. Watson gave an interesting report of the district convention attended by them, which convened at Snyder Tuesday of last week. We are hoping to have more attend Sunday school next Sunday than we have enrolled. Come, join our forces, we'll do our best for you.

The pastor's text was found in Deut. 32-4. His appeal to the Christians was to let God's Holy Spirit stir their hearts to the extent that they would desire to go forward in a greater way. The entire church responded and new vows were made.

The entire church turned out Sunday night to hear Rev. Lee, the Methodist minister. The house was crowded.

Next Sunday will be a treat for you if you enjoy old-time singing. There will be ten of your favorite old-time selections sung. Then at 11 o'clock the pastor's theme will be taken from one of these old-time songs. Come.

The Senior department enjoyed a banquet, sponsored by Mrs. Donnellson and Mrs. Castleman on Friday night of last week. Speakers were Rev. C. A. Allen, Misses Winnie Fay Gressett and Ardath Byrd.

Westbrook Methodist Church— Last Sunday was a great day at our church. We had a large attendance in Sunday school and at the 11 o'clock hour the pastor brought a wonderful message on "God Changing Curses Into Blessings." The Baptist folks came over to worship with us in the evening services. The house was crowded to overflowing.

The revival, which had been in progress since Friday, March 25, came to a close with a fine sermon by the pastor Sunday evening. Those who attended these services were truly blessed.

The ladies of the Missionary society had a good meeting Monday afternoon at the church. Mrs. Lee

led the prayer meeting. The scripture lesson was read from the 14th chapter of St. John. Mrs. Hayslip led the voice program, which was followed by a business meeting. It was decided that we would sell sandwiches, pie, cakes, coffee and iced tea next Saturday in the business part of town. You are invited to eat with us.

Mrs. Ray Lee was elected as delegate to the missionary conference, which will convene at Abilene April 12.

Don't forget to go to prayer meeting Wednesday evening at 8 o'clock. Next Sunday will be our regular preaching day. You are cordially invited. Be on time for Sunday school next Sunday.

"Sunset Trail" is Ken Maynard's picture coming to the Palace for one day only, Saturday, April 9th.

The bank president has an idea that he will make a real killing by a quick turnover with the ranch property.

POVERTY FROM DRINK DISCLAIMED BY ARMY LEADER IN CHICAGO

One outstanding fact in the current depression is that poverty from drink is a negligible factor and that the tremendous army of the unemployed and down-and-outers seeking aid from the Salvation Army is almost entirely drink free. This is the testimony of Col. George H. Davis, in charge of the Salvation Army forces at Chicago, who backs up his opinion by the experience of his organization with more than a million cases of hard luck and poverty in the past few months. Col. Davis' statement was made to the Illinois Conference of Organizations, supporting the 18th amendment and is offered by the Woman's Christian

Temperance Union in opposing the society group now fighting prohibition.

"In our family welfare relief work in these days we seldom find need arising from the results of strong drink on the part of one or other of the parents whereas in the old days it was 90 out of 100 cases. In fact, poverty from drink has almost disappeared."

The Rev. J. H. Galbraith of Summerton, S. C., enclosed check to extend his subscription date for another year. Rev. Galbraith was a citizen of Colorado before moving to the South Carolina city.

TWO KINDS OF WOMEN AT PALACE APRIL 12-13

As good entertainment this talkie has requisites that should appeal to the average movie-goer. Although

the picture should not prove a sensation it rates better than average entertainment owing to the absorbing plot, the fine acting and excellent directing. The story is taken from the play, "This Is New York," by Robert E. Sherwood, playwright and former editor of "Life." Done in ultra-modern tone the story is about a girl (Miriam Hopkins) who comes to New York from the West with her senator father (Irving Pichel). At first he is antagonistic to New York, its residents—and all the vice, he thinks they represent. But when his daughter falls in love with Holmes, a wealthy banker's son and night club playboy, he changes his point of view. The action is built up to a strong climax when Holmes is falsely accused of killing a girl.

See it in the talkies at the Palace April 12 and 13.

DODSON SMITH, YOUTHFUL SON OF LATE JURIST, IS BLOOD POISONING VICTIM

Funeral Rites Thursday At Snyder For Student Who Died In Austin

Funeral rites for Dodson Smith, 18, son of the late Judge Fritz R. and Mrs. Smith of Snyder, were to be held from First Christian church, Snyder Thursday, according to information received by The Record Wednesday afternoon. Burial was to be in the Snyder cemetery beside the grave of the youth's father.

Accompanied by his mother and a brother, Sudie Smith, and Mrs. Ivan Dodson and Orville Dodson, the body arrived in Snyder Wednesday from Austin.

The youth died in Austin Monday night while his mother was speeding by motor car from her home in Snyder to reach his bedside. Mrs. Smith lost in this race with the grim reaper, her son dying within an hour and thirty minutes after she left Snyder.

Information received at Colorado Tuesday morning attributed young Smith's death to blood poisoning, complications having developed following the extraction of a tooth and a recent attack of influenza. Dodson was ill but a short time.

The youth, only 18 years of age, was a member of the Snyder high school class of 1931, graduating with honors. He was in his first year at the State university and had become most popular on the campus there. He had employment in the office of State Treasurer, Charlie Lockhart, a former citizen of Snyder. He had planned to study law and follow the profession of his late father, Judge Fritz R. Smith, who died two months ago.

Survivors include his mother, widow of the late jurist, and three brothers, Fritz A. Smith, Jr. and Sudie Smith of Snyder, and Tracy Smith, city attorney at Big Spring.

Mr. Barber issued the following statement:

"I wish to take this method of announcing my candidacy for the office of county attorney. I was practically reared in this county, having spent only a few years away during the time I was attending school. If elected to this important office, I pledge my most earnest effort to the duties of the office.

"I sincerely solicit the support and influence of each and every voter in the county. In the meantime, I trust to be able to meet you in a personal way during the campaign.

Barber is a son of Oscar Barber who died several years ago at Westbrook. His mother is a daughter of the late C. P. Conaway, pioneer Mitchell county settler.

The candidate returned to Colorado about a year ago from Austin, where he had completed his law course at State University. He practiced law there for a while before forming a partnership with Charles C. Thompson, former judge of Mitchell county.

TEN SCHOOLS ENTER FOR SECOND ANNUAL TOURNAMENT OF TYPISTS AT COLORADO

District 14 Contests Will Be Held Here Saturday Of The Present Week

Second annual typewriting tournament of District 14 is to open at Colorado Saturday morning with students from a number of West Texas schools competing. Wednesday morning a total of ten schools had entered teams and several others were expected to file for competition in the event. Local school authorities directing plans for the tournament stated that twice as many students as registered here last April would be entered for competition.

District 14 was created last year by the State Interscholastic League, after several schools in the area had petitioned that such be done, recommending that Colorado be designated as permanent headquarters. This signal recognition of the Colorado schools came as the result of high standing attained by the commercial department under direction of Miss Octavine Cooper.

Schools entered for the tournament up to Wednesday morning included: Merton, Sonora, Amos, Baird, Big Lake, Big Spring, Eldorado, Coleman, Abilene and Colorado. Abilene, with a total of 168 typing students in the high school, is expected to send a formidable team. The host school, however, won first place in the initial contest last April and will be represented by an even stronger team Saturday.

Only first year students who have not had typing instructions prior to September 1, 1931, are to compete. Each team is to type for 15 minutes. In grading papers, ten words are to be deducted from the total number typed for each error made. Teams making the highest average will be awarded district championship plaques. To obtain this trophy permanently a school will be required to win for first place three years in succession. Colorado high school now has the plaque.

Three students making the highest individual records will be qualified to represent the district in State typing contest to be held later in Austin.

Former Westbrook Pastor Announces Dates For Meeting

Rev. W. M. Whitley, former pastor of the Westbrook Methodist church, stated Wednesday afternoon that he would begin a revival at Union Tabernacle, Colorado, on the evening of Sunday, April 17, to continue 10 days or longer. He has not announced whether services are to be held once or twice daily.

"We extend a most cordial invitation to the public to attend and aid us in this campaign," Rev. Mr. Whitley stated. "I am expecting to receive cooperation of Christian people, not alone in Colorado, but those from Westbrook and other communities as well."

Rev. Mr. Whitley left Westbrook last year to accept pastorate of a church at San Saba. Due to poor health of Mrs. Whitley in that climate he recently came to Colorado to make his home.

CAKES IN THE NEWS: When little Lindy helped himself to a piece of cake on his first birthday his famous parents—thoughts of kidnapping far from their minds—didn't realize how widely the above picture would be used. At right, another cake in the news recently. A Swans Down Sky-scraper Special, 1 1/2 feet high, was baked for the Oklahoma Memorial Association's banquet. Over 125 pounds of cake flour were used.

ONE THOUSAND EXPECTED TO PARTICIPATE IN FIRST METHODIST CHURCH FETE

Fete Commemorating Fiftieth Anniversary To Attract Former Members

Celebration to commemorate fiftieth anniversary of the First Methodist church, April 24, is expected to attract not less than 1,000 Methodists, either now communicants or, who in former years, were identified with membership of the church.

"Centenary Methodist Church, South," was organized on the last Sunday in April, 1882, by a small band of Methodists who had come west to make their home in the phenomenal booming "Colorado City," then the cattle and financial hub of West Texas.

The celebration is to be made an all-day affair, the committee states. Formal opening of the jubilee program will be scheduled for Sunday morning.

"We are desirous of obtaining names and addresses of former members of the church in that invitation, be extended them to attend," statement by the committee Monday morning outlined.

George H. Mahon, superintendent of the Sunday school, announced Sunday morning that every member of the school would be expected to extend full cooperation to the pastor, church officials and the committee in making the anniversary celebration among the great inspiring religious programs planned for West Texas during this year.

Russell & Tennant Loving Test Shows Oil at 4,300 Feet

The Russell & Tennant test in Loving county was standing 3,300 feet in oil Monday with every indication of being developed into a good commercial producer.

The test has been drilled to 4,380 feet to bottom of a 55-foot rich oil bearing stratum. Oil was standing within 1,000 feet of top of the hole Monday. The well is located in Section 66, Block 1, of the W. & N. W. R. R. Co. Survey, Loving county.

"It looks mighty good to us," Russell stated Tuesday afternoon before leaving for Breckenridge to conclude contract for casing. "Oil men who have visited the well believe we have opened up a material extension in that area."

Russell stated that the well would be cased down 4,200 feet. The entire fifty-five feet of pay sand is then to be given a nitro shot.

PIONEER RANCHER AND PEACE OFFICER TAKES LIFE BY SUICIDE ACT

James A. Baggett, well known pioneer rancher and peace officer of West Texas, shot himself to death at his home in Dallas Saturday.

Baggett came to this section of West Texas during the early 80's. He was employed on the Slaughter ranch for a time and later was elected sheriff of Howard county, which office he filled for twenty years. He was appointed a United States Marshall by President Woodrow Wilson.

Ranchmen are needing rain on the range to insure a Spring grass crop, local cattlemen report. Surface stock water in some localities is reported as getting low.

OPTIMISM FOLLOWS AFTER WEST TEXAS CRUDE PRICE HIKE TO GO BY MAJORS

Mitchell County Production Included in Area Where New Prices Made

Mitchell county oil men were dispensing optimism Saturday following announcement by the Magnolia and Texas companies that a hike of from 50 cents to 65 cents for crude oil had been authorized.

Magnolia's West Texas increase applies to Mitchell, Winkler, Howard, Upton, Glasscock and Crane counties, where it is a purchaser. Belief was expressed here that other major companies, who are purchasers in this territory, would follow the raise.

Basing production in the county affected at 174,450 barrels, the increase means an additional worth of \$26,167.50 daily or \$785,025 per month to the industry. The above figures were based on production for the week ending March 26 and which was below normal as reported by the oil and gas division, Texas Railroad Commission.

The price increase marked the first time that West Texas crude prices had taken an upward trend since November 2, of last year, when the market was advanced from a flat 35 cents to 50 cents. At one time this production went down to as low as a dime per barrel. This low ebb was experienced during a few days of July, 1931.

West Texas storage is reported lower than for months. Withdrawals during recent months have been heavy with production going to below normal figures.

PAMPA MAN BOOSTED FOR LIONS GOVERNOR

C. Herbert Walker, president of the Pampa Lions Club, is being boosted for governor of district "T," Lions International of Texas, at an annual convention to be held in Lubbock next week.

Walker is being offered as successor to Sam Braswell, Clarendon publisher, who now holds the office of district governor.

Mr. and Mrs. W. L. Doss, Jr., have returned from San Antonio where she recently underwent surgery. Mrs. Doss is regaining her normal strength in a satisfactory manner.

Mitchell County Cattlemen Attacked Federal Free Hide Bill Passed in 1911

Mitchell county cattlemen were up in arms twenty-one years ago, due to action of national congress in placing hides on the free list and at the same time retaining a duty on leather. The Record for Friday, March 31, 1911, recited that not alone were local ranchers chagrined at the unfavorable legislation but that the Texas Cattle Raisers' Association, in session in San Antonio a few days before had passed resolution strongly attacking attitude of the government toward the cattle industry.

The marketing of hides was considered an important adjunct to the West Texas cattle industry. Importation of Canadian hides, with no duty attached, was accepted as unfair competition to Texas ranchmen. Hope was expressed that relief would soon be realized through appeal of the law.

Several local cattlemen had returned from the State convention in San Antonio. A. B. Robertson, then of Lubbock, but a former Colorado citizen, had been elected a vice-president of the association and Fort Worth was named as convention city for 1912. Ed C. Lassiter of Fairfurlas was named as president.

Joseph Weldon Bailey, Texas junior and then most popular Senator, was expected to make a visit to Colorado during the coming months. He was then busy in Washington but in a telegram to admirers at Fort Worth, had promised to visit that city, Colorado and other points at the earliest possible date.

Colorado had become interested in oil development at that early day. There was no thought of drilling tests in this county then, but local investors were said to be putting their money into projects near Pecos, San Antonio and Longview. "They are even drilling for oil inside the city limits at Longview," The Record stated. It was eleven years before Mitchell county experienced the thrill of witnessing oil flowing from beneath her own soil.

Funeral Rites For Mrs. W. M. Wade Sweetwater Friday

Funeral rites for Mrs. W. M. Wade, 76, were held at the family residence 800 Bowie street, Sweetwater, Friday afternoon at 4 o'clock with the Rev. W. D. Black of Thurber officiating. Mrs. Wade died at 12:30 Friday morning following a brief illness from pneumonia.

Mrs. Wade was the mother of Mrs. W. S. Cooper of Colorado. Mr. Cooper and two children, Louis and Eloise, were called to Sweetwater Thursday and were present when Mrs. Wade died.

Born in Gregg county, Texas, January 17, 1856, Miss Sallie Emma Prothro had spent her entire life in Texas. She was married to W. M. Wade in Gregg county fifty-four years ago. They moved to Young county forty-nine years ago and after several years residence there came further west to Kent county, where Mr. Wade engaged in the stock-farming business. Ten years ago he retired and the family located in Sweetwater.

Survivors are her husband, three sons, Horace Wade, E. H. Wade and John Wade, all of Sweetwater, and two daughters, Miss Jeanette Wade of Sweetwater and Mrs. W. S. Cooper.

THIS NEGRO WILL KEEP HIS MIND ON THE LIMB HE IS SAWING OFF NOW

Gardner Jones, Colorado negro, admits that he has learned it pays to keep your mind—and your eyes, too—on your business, especially when engaged in the hazardous task of pruning tall trees.

Thursday afternoon the negro clambered high among branches of a tree in rear of postoffice. He was detailed to cut away some of the larger limbs and was making good and safe progress with his chainsaw, until a fair maid tripped down the alley, near where he was at work.

Gardner was swinging his saw into a large limb of the tree. At the sight of the fair one, he clambered onto wrong end of the limb and with eyes fixed upon the feminine attraction continued his sawing. Suddenly there was a crash. The negro had saved himself off and came to the end of a fifteen foot drop with a thud.

"Boss, this has been a lesson to me," Gardner exclaimed, as he scrambled from the debris he had made by gathering twigs and larger limbs from the tree during his swift descent to the ground. "Next time I am going to mind my business."

RECORD OF OUTSTANDING MERIT CONTINUES TO BE HELD BY 4-H CLUB GIRL

Hilda Ohlenbusch of Loraine Among Tree Best All State Members

Miss Hilda Ohlenbusch of Loraine, daughter of Mr. and Mrs. H. Ohlenbusch and a member of the Mitchell county 4-H Club girls work, who during the past few years has maintained a most creditable record in club work throughout the State, has again won distinct honors.

Three scholarships given annually by the Texas State Fair association and the Texas Home Demonstration association to outstanding third and fourth year club girls have been awarded to Miss Ohlenbusch, Miss Mary King of El Paso county and Lella O'Neill of Wheeler county. Announcement of the awards was made last week by Miss Mildred Horton, State home demonstration agent. Each of the scholarships is valued at \$200.00.

This Mitchell county farm girl was directed in her program of work as entered in the contest by Miss Abbie Sevier, Mitchell county home demonstration agent. This distinct recognition of her superiority over hundreds of other club members is not the first time Hilda has won commendable credits. Last year she won first place in the West Texas district.

Contestants for the scholarships carried on programs of food conservation and preparation, gardening, poultry, sewing and home improvement. They were required to keep careful records of the costs and values of their products. Miss Ohlenbusch's poultry work netted her a profit of \$221 and her garden fruit and vegetable conservation program brought her \$216. She completed 110 pieces of sewing, including dresses, undergarments and household linens. In addition to helping her family improve other rooms in the house, she improved her own room by refurnishing the woodwork and floor, re-equipping her clothes closet and making a combined desk and bookcase.

Proper Method For Butchering Hog to Be Shown by Agt.

J. W. Sherrill who lives about three miles northwest from Colorado will try the "A. & M." way of killing hogs this week under the direction of the county and home demonstration agents. The hog will be killed Friday afternoon about 1 o'clock and placed in cold storage overnight. The cutting, canning and curing will take place Saturday morning. The cured portions of the animal will be sugar-cured under cold storage.

The hog will be killed without shooting or stunning and the carcass will be sawed down the backbone instead of taking the backbone out whole. With this method superior cuts are secured for curing or canning. The head and feet will be made up into scrapple and the liver will be made into liver paste.

Anyone interested in learning more about this method of handling pork is invited to attend the demonstration.

LUBBOCK LIONS WILL ROYALLY FETE THOSE ATTENDING SESSIONS

Between 300 and 500 "Roaring" Lions are expected to converge at Lubbock for district 2-T of Lions International, embracing a greater portion of West Texas, when the annual convention is held April 11-12. President Charlie Thompson of the Colorado club is among the speakers to be presented on program of the opening day. Thompson stated Monday that he hoped to see several members of his club in attendance at the convention. The host city is concluding elaborate plans for entertaining all delegates.

Big Spring, seeking 1933 convention, has announced that the Lions Club there will be in Lubbock 100 percent. Pampa and Rotan are other clubs that have advanced similar convention promises. Pampa is offering its president for district governor. Rotan is to send its bevy of attractive musical girls, well known to Colorado Lions.

Rev. S. B. Hughes, pastor of the East Fourth Street Baptist church, Big Spring, tendered his resignation Sunday. Rev. Mr. Hughes had been pastor of the church for more than four years.

YES, WHERE ARE WE?

A Taylor county farmer had his application for federal loan sliced almost one-half the other day because he wrote into the application that he intended to plant no cotton in 1932.

Government attaches at the Dallas disbursing office lopped off \$50 from the application asking for \$125 because this particular farmer did show that he planned growing a "money crop."

And that came on the heels of legislation in Texas barring farmers from planting more than a stipulated acreage to cotton. Agents of the government and others looked to us leaders ever cry for diversity of products on the farm.

STAND BY THE WINNERS

Now that the elections are over and electors of the school and municipal divisions of Mitchell county have stated their preference, it is up to every citizen to stand by the winners, whether he was your particular choice or not.

The Record believes that good men and true have been elected. This newspaper is confident that our school and municipal affairs are to continue along the same commendable strides that have in the past marked progress by each.

A GREAT MOTHER GONE

Every true mother is a great mother. But there are certain standards that go to make some greater than others.

A TRIBUTE TO MOTHER AND CHILD

Last week this column had something to say about the influence of the women of ancient Rome and Athens. A lady reader writes in to ask why not pay tribute to the ladies at home and not go to Greece, Rome or Athens.

WE DOFF OUR HATS

We doff our hats to Miss Hilda Ohlenbusch, Loraine 4-H Club girl who, through studious application of talent and the ever abiding determination to win, has again brought distinguished credit to herself and the county in which she lives.

THE DEPRESSION

Speaking of the depression, it is my opinion that in 1933 we'll all say 1932 was quite a prosperous year. I remember, way back yonder shortly before the earth passed through the tail of Halley's comet, there were salesmen who sold numbers of people nose and mouth guards on the theory that they would be protected from inhaling fire, as they glided through that flaming appendage.

IMPOSSIBLE THINGS

History tells us of the many efforts to accomplish the impossible. It tells us of the search for a substance called the philosopher's stone, which would have the magic quality of transmuting other metals into gold.

MORAL

The moral scarcely hard to find Will fit the whole of woman kind, For he they Grecian girl or Goddess, They're feminine beneath the bodice. Since vanity's a major part Of every foolish female heart, All women, be they hard as brass, Are suckers for a looking-glass.

LONE STAR TWINKLINGS

Lone Star took off many honors at the interscholastic league meet Friday and Saturday last week, making a total of 165 points. Lone Star won the loving cup last year and will also keep it this year.

MORAL

While on this subject, we read an ad not long since which read—"Ladies waists, one-third off. Ladies skirts reduced to nothing. Ladies underwear, examine them."

MORAL

Speaking of girl's wearing pajamas—Read Deut. 23:5 "The woman shall not wear that which pertaineth to the man."

MORAL

Each stone on her mountain's side, I love every drop of the water clear, That flows in her rivers wide; I love every tree and blade of grass, Within Columbia's gates; The Queen of Earth, the women of our birth, In these United States.

HIGH SCHOOL TOPICS

Editorial—
Gee, 'but isn't it great, fellow students, just to be another student in ole' C. H. S.? To ascend the stairs, three steps at a time, just as the last bell is ringing? What will be our aspirations upon finishing this memorable school, or will a present aspiration be to finish at least five more years? I thought so! Here comes a Freshman, wanting to know about aspirations. She said she didn't know we had that subject on the list of the high school courses. Well, Slim, get an inspiration for aspirations and the rest will take care of itself. Seriously speaking, however, aspirations can soar within the intelligence of a person as high as the inspiration is contained. A deeper knowledge and thirst for better books, a resolve for better grades and a drive for better friendships are the elements necessary for the foundation of the up-building of aspirations. Set your goal for your aim in life—place them so high that the by-

ways will be so far back that the pitfalls will vanish—then you can succeed. Now is your greatest opportunity for deciding how high you will aspire in life, because with youth, one can turn his back upon the past and take a quick, sure step toward the future of success. Speaking of "aspiring aspirations," I wonder why the editor of this topic likes Irish potatoes? Bronson Alcott, father of the author of "Little Women" refused to eat potatoes because they grow downward, instead of aspiring. I guess one cannot be too careful, though.

MITCHELL COUNTY FARM NOTES

Care of the dairy cow when dry determines, to a large extent, the amount of milk she will give when fresh. Five mature cows that had received just ordinary care when dry produced an average of 5063 pounds of milk and 202 pounds of butter fat in a Miami county, Indiana cow testing association. These same cows were placed in the Purdue experiment station herd and after being given proper care during the dry period produced an average of 3662 pounds of milk and 315 pounds butterfat.

Luke Long, who lives six miles west from Colorado, sugar cured his meat this year and he says there is no comparison with this and other methods of curing pork.

E. B. Hale reports that when he opened his trench silo recently he found the silage in good condition with very little spoilage. He closed it back up and will save it for his dairy cows when the pasture plays out in late July and August.

Dick Gregory says that if every farm in Mitchell county had 12 fat calves to sell each year it would go a long way toward solving the farm problem. He figures that a fat calf should pay the running expenses of the average farm family for one month. This would leave the cotton crop clear.

William and Ernest Griffith, Lorange 4-H Club members are now attending Texas Tech at Lubbock. George Draper, another 4-H Club boy is now in his second year at Texas A. & M. He is paying his way through college by working at the poultry farm.

Bray Cook has received the following report on his Mitchell county grown Sudan grass seed from the testing department of the Texas Department of Agriculture: "Purity (not varietal) 98.26 percent; germination 91 percent; inert matter 1.74 percent."

Cattle are still dying in Mitchell county from blackleg. It costs less than 10 cents per head to protect them.

Watch for the announcement of the display of pork killed, cut up and cured the A. & M. way. The meats cured by the State meat specialist will be on display at a downtown store Saturday, April 16th.

Club Girls In Eight Rural Communities Organize For Plan of Work During 1932

There are eight active 4-H Clubs with a total of 81 girls that are doing

excellent project work in Mitchell county. Miss Abbie Sevier, home demonstration agent, recently stated. These clubs are located at Spade, Conaway, Hyman, McKenzie, Buford, Valley View, Lone Star and Lorraine.

The clubs have a demonstrator in each of the three major projects incorporated into the year's program. These projects are garden, clothing and bedroom improvement. All other girls in the clubs are cooperators and are required to do a certain amount of work under each class.

In outlining this club work, along with duties assigned to the demonstrators and members, Miss Sevier said:

"The Garden Demonstrator of the club has charge of the family garden. She may have the help of the family in all plans of the garden and in the work, but she must keep the records and is to know how it is all done.

"The Cooperators will grow the following in their gardens: 25 tomato plants, 25 feet of any leafy vegetables, and 10 watermelon vines, in the Spring garden and turnips in the Fall garden.

"Every girl is to preserve 25 quarts of fruit and vegetables, consisting of at least three varieties for exhibit. They will make kvats from the turnips grown in the fall garden.

"Each Clothing Demonstrator will keep a record of all clothing bought during the year according to a re-

cord given her by the Home Demonstration Agent. She will make four garments during the year and will improve the storage of her clothing. "Clothing" Cooperators will make three garments each, and will improve clothing storage if possible. "All garments made by the girls are to be exhibited at the Spring Encampment of the girls.

"The Bedroom Demonstrator in each club is improving her entire bedroom, including, where possible, walls, floor, woodwork, curtains, furniture, storage space, arrangement of furniture and so on. This is to be done as economically as possible, and the room when finished will be scored in the county contest with the winner going into the district contest.

"The Cooperators are improving storage, each is to have curtains and a dresser or dressing table in her room.

"Every girl in all the clubs are making quilts and these are to be exhibited in a quilt work show next Fall."

Cisco High School Barred from 1932 Football Contests

AUSTIN—Cisco high school was suspended by the state executive committee from participating in football games sponsored by the Texas interscholastic league next fall.

The action was taken by the state committee on recommendation of the district No. 3 football committee. Cisco was charged by Breckenridge with having used an ineligible player, Fred Hightower, in a game with Breckenridge last year. The game was thrown out by the district committee. Hightower was alleged to have played at Cisco within 30 days of his transfer from Tyler.

"Upon recommendation of the district No. 3 football executive committee and after investigation the state executive committee has suspended Cisco in football for 1932," Roy B. Henderson, athletic director for the league, stated following an extended meeting of the committee.

The suspension will not apply to Cisco's participation in other interscholastic league activities.

BAUMAN NEWS

Bauman Represented at Meet— Bauman school was well represented at Colorado Friday for the first day of the interscholastic league meet.

Our representatives did not win any medals, however, we feel that each contestant that took part in the spelling and public speaking contest was a winner in the fact that he gained in experience and knowledge. We always encourage pupils to enter the literary events of the interscholastic league.

Bauman Girls Win— The Bauman Junior girls defeated the Lorraine Junior girls in playground ball last Thursday afternoon by a score of 6 to 5. The game was close from start to finish. The winning of this game gave the Bauman girls third place in the county.

Sunday School Well Attended— We had 52 in Sunday school. We begin the new quarter with a contest between the men and women. The men led Sunday by 10 points. The men want to come back next Sunday and keep in the lead and the women want to come and bring some one with them and gain back those points lost.

Singing Enjoyed— The singing at Bauman was well attended Sunday afternoon and much enjoyed. We invite everyone to be present at the next regular singing on the first Sunday in May.

Two Chicago Bankers Prominent In Drive Against Depression

Charles G. Dawes (left), Chairman of the New Reconstruction Finance Corporation, and Melvin A. Taylor, Chicago Banker.

CHICAGO and the Middle West have a double interest in the success of the gigantic Reconstruction Finance Corporation which is now being organized in Washington following speedy action by Congress. Charles G. Dawes, whose name is almost synonymous for the business community of Chicago will sit in the driver's seat as the active head of the great \$2,000,000,000 Federal corporation just authorized by Congress. Another Chicago banker, a Democrat who is being repeatedly mentioned as a man of Presidential timber, has the distinction of making a vital contribution to the initial strength and success of the Reconstruction Corporation. That man is Melvin A. Taylor, president of the First National Bank of Chicago, who was the first to visualize and propose that the Reconstruction Corporation render some service to thousands of depositors of small banks which had failed during the past two years. The gist of Mr. Taylor's proposal before a Senate Sub-Committee was that the Reconstruction Finance Corporation be authorized to make loans to closed banks as well as to financial institutions and others needing its aid. Such a step would release substantial amounts of money to depositors whose funds had been "frozen" by the failure of such banks. Mr. Taylor's suggestion made such an impression that it was embodied in the Bill as finally passed by Congress. He, more than any other man, is responsible for the timely assistance that will now be possible for many depositors of small banks throughout the country.
