

BEST CONDITIONS WITHIN 2 YEARS PREDICTED FOR COUNTY NEIGHBORS INVITED ATTEND ANNUAL CELEBRATION

GOOD WILL TRIPPERS ARE DELAYED IN SCHEDULE BY HEAVY RAINS THIS WEEK

**Visits Planned For Tuesday
And Thursday Afternoons
To Be Made Later**

Continued heavy rains over the Colorado area is responsible for at least two interesting conditions as viewed by the Chamber of Commerce. One is explained in fact that the moisture is greatly augmenting strides of Old Man Prosperity in his return to Mitchell county. The other is delay of scheduled booster trips planned during the week to advertise Colorado's "Good Will" celebration August 26. Tuesday afternoon the schedule would have carried Coloradans to Cuthbert, Vincent, Coahoma, Iatan, and Westbrook. Thursday afternoon the trippers had Valley View, Hermleigh, Wastella, Roscoe and Loraine as points where stops were to be made. But rain and muddy roads resulted in both being postponed. Jim Green, Chamber of Commerce secretary, stated Thursday that the scheduled tours for next week would be made and the two trips planned for this week arranged for a later date.

Robert Lee, Sanco, Silver, McKenzie and Lowe are scheduled stops for the Good Will tour to be made Tuesday afternoon of next week. Thursday of next week the trippers are to visit Chalk Field, Hyman, Spade and Conway.

Initial tour of the Good Will visits was made Thursday afternoon of last week, with stops at Dunn, Ira and Snyder. Representative numbers of citizens of those communities met the delegation at all three points and extended a cordial welcome.

Leaving from the Chamber of Commerce at 6 o'clock the first stop was made at Dunn a few minutes later. After a brief concert by the municipal band, an address was delivered by Bill Cooper, telling Dunn citizens of the celebration and extending them an invitation to visit Colorado on that date.

Police Chief Hickman's automobile siren was sounding, giving notice that it was time to be on the road to Ira. The chief has accompanied the Chamber of Commerce delegations on all trips made and drives ahead as the official escort.

Arriving at Ira the boosters were greeted by several score farmers and townspeople. They had congregated about store fronts and in the streets. Director Roy Hester and his musicians were soon making the welkin ring with another concert.

Westbrook Pastor Concludes Revival At Looney Church

Citizens of Looney community, a few miles southwest from Colorado, state that the revival meeting closing this week at the Baptist church there was among the truly successful religious campaigns there. Rev. C. A. Allen, pastor of the Westbrook Baptist church, did the preaching. He was assisted by W. K. Miles as song director and Miss Cassie Ronney, pianist.

The entire community was swept into influences of the revival, report received by The Record Tuesday stated. People from adjoining communities, including Westbrook, attended and took an active part in the services.

There were ten conversions, eight candidates for baptism, five joined the church by letter and thirteen re-claimations. Members of the church are now considering a pastor for half-time.

EVANGELIST LEADER

Rev. G. E. Burton of Petersburg, Fla., who will do the preaching in revival campaign to open at the Westbrook Baptist church Sunday, August 21.

WESTBROOK BAPTISTS TO OPEN REVIVAL CAMPAIGN ON SUNDAY, AUGUST 21ST

**Rev. G. E. Burton of Florida
Will Do the Preaching
For Ten Days**

Revival campaign at the Westbrook Baptist church is to open Sunday, August 21st, with Rev. G. E. Burton, pastor of Pine City Baptist church, Petersburg, Florida, doing the preaching. The services are to continue for ten days or longer. Rev. C. A. Allen, pastor, is anticipating a great spiritual awakening under leadership of Rev. Mr. Burton. The evangelist is a native Texan. He received his education at the Fort Worth Seminary and has held pastorates at Houston, Crowell and other Texas points.

C. S. Lambert is to direct the choir. Mrs. Lee Brown will act as pianist. Musicians of Westbrook and that community are urged to attend and cooperate in the services.

Colorado Reserve Corps Officers To Ft. Sam Houston

Three officers of the reserve corps, U. S. A., received orders last week to report at Fort Sam Houston for two weeks active duty. They left Saturday and were to have reported the following day.

The officers called from Colorado were Major Robert C. Scott, Lieut. John A. Deffebach and Lieut. Richard Pearson. A total of twenty officers, residing in various parts of the State, were ordered to report for duty in citation received here. They are to be released to inactive duty August 20.

Advance In Cotton Market Added Goodly Amount To Probable Income of Farmers

Basing estimate of the cotton crop in Mitchell county this year at 40,000 bales, the advance of \$5 per bale posted Monday following crop report by the government added \$200,000 to the probable income of farmers of this county. Upward trend of prices on livestock and other commodities produced in this territory tacked on an additional potential income.

HOPE THAT HIGHWAY 101 WILL RECEIVE AID FROM FEDERAL PROGRAM GIVEN

**Huge Sum of \$11,000,000 Is
To Be Expended in Texas
During the Year**

Announcement at Fort Worth Monday by C. E. Swain, Federal district highway engineer, that the sum of \$11,000,000 would be expended for highway improvement in Texas during the next twelve months, as this State's share of the government's \$120,000,000 emergency appropriation for good roads, was received with elation among road enthusiasts at Colorado. That Highway No. 101, connecting Colorado and Snyder, may be considered with favor by the State and Federal authorities, is expressed.

Plans for inaugurating the highway building program are to be worked out at conference between members of the State highway commission and Swain at Austin within the next few days. Swain stated that the project would put 25,000 men to work.

Swain stated that it could not be definitely determined just where the money would be expended until after the Austin conference. There are 12,800 miles of Federal aid road in Texas, but what percentage of these will benefit from the one year building program can not be determined before at least another month, the engineer stated. However, the general program will be launched before expiration of that time.

The Chamber of Commerce highway department is centering its activities on project of improving Highway 101 between Colorado and Snyder and obtaining extension of the route south to intersection with Highway No. 9, at either Sterling City or San Angelo.

ALLEN CONNELL TAKES AGENCY FOR SEIBERLING TIRES THIS TERRITORY

Allen Connell, senior member of Connell & Beal until that firm was dissolved a few weeks ago, Monday announced that he had taken agency for this territory of Seiberling tires. Mr. Connell will continue to do business at the same location on East Second street.

"In taking agency contract with the makers of Seiberling Tires, I am confident that I am placing myself in position to give the public the best values I know anything about," Mr. Connell declared.

Announcement by Connell, giving schedule of prices for guaranteed tires is made in advertising columns of The Record today.

BAPTIST PASTOR HOLDS EASTLAND CO. REVIVAL

Rev. Dick O'Brien, pastor First Baptist church, left Sunday afternoon for Pleasant Hill, Eastland county where that night he opened a revival meeting. The services are to continue through this week.

Pleasant Hill is the boyhood home of Rev. O'Brien.

Dunn Would Extend Every Cooperation To Improve Road

Proposal of the Chamber of Commerce highway committee to launch campaign to interest the highway department in merits of request that improvements be made to Highway No. 101, connecting Colorado and Snyder, will be met with liberal response at Dunn, Claude Hooks, citizen of that community, stated while here Saturday.

Mr. Hooks is quoted by the Chamber of Commerce as having advanced the belief Dunn citizens through whose property the route passes would be willing to consider the project is a most liberal sense, donating land for widening the right-of-way, as would be required, in event the State agreed to finance permanent improvement.

COLORADO COTTON ASS'N OFFICES WILL BE OPENED NEXT MONDAY, AUG. 15TH

**Snyder Branch Opening Same
Date To Be Directed
By J. M. New**

Colorado offices of the Texas Co-operative Cotton Association are to be opened next Monday, August 15, for the season, J. M. New, manager, has stated. Mr. New announced that services to be extended cotton growers of this territory would be considerably improved over that of previous years.

New will open the Snyder association office at the same time. Supervision of the Snyder branch will be out of Colorado with New manager of both. He plans placing the Snyder office in charge of a cotton classifier, however, and will not spend much of his time there. Colorado will continue to be his headquarters.

Favorable report of the government on cotton production as given out at Washington Monday morning, suggests that business is going to be brisk at Colorado during this Fall, New stated, "and our organization is going to extend every facility for handling member cotton to the best advantage."

BROTHER COLORADOANS DIES WHILE VISITING IN BROTHER'S HOME

W. N. Shoemaker, 58, died recently while visiting in the home of his brother, J. A. Shoemaker at Ralls, Texas. Mr. Shoemaker was a native of Alabama, but came to Texas several years ago. He lived in Mitchell county six years, moving here from Aspermont.

Surviving are three brothers and three sisters, as follows: L. R. Shoemaker, J. T. Shoemaker and Mrs. W. J. Hastings of Colorado; Mrs. J. T. Nichol of Sweetwater, and J. A. Shoemaker and Mrs. E. G. Coker of Ralls.

LOCAL MUSICIANS ARE WELL RECEIVED FRIDAY IN BILL AT LIONS CLUB

Among the truly interesting musical programs given at the Lions Club was the presentation Friday by four local musicians, Charlie Watson, Ed Jones, Sr., B. L. Pribble and Rev. Dick O'Brien. They were presented by Wash Whitaker, member of the entertainment committee.

Selections included some of the old time breakdowns and other numbers that were in vogue many years ago. Rev. Mr. O'Brien was elected official club pianist after having demonstrated his ability as a musician.

H. C. DOSS, PROMINENT IN CITY'S COMMERCIAL LIFE, FOR MANY YEARS, PASSES

**Death Takes Retired Business
Man Tuesday Morning;
Burial Wednesday**

Funeral rites for Henry C. Doss, 52, for many years prominently identified with the commercial life of Colorado, were held Wednesday afternoon at 4:00 o'clock at First Methodist church with the pastor, Rev. L. A. Webb, officiating. Burial was in the Odd Fellows cemetery with Masonic honors.

Hundreds of life-time friends were in attendance. The floral offering was most beautiful.

Mr. Doss died at the family residence, 430 Elm street, Tuesday morning at 6:30 o'clock. Deceased was invalided twelve years ago from effects of a stroke of paralysis from which he never recovered. Monday evening he was evidently feeling better than for several days. He enjoyed the evening meal with members of his family at 6 o'clock, but within a short time thereafter complained of something being wrong with his head. At midnight he had developed convulsions and sank until the end came.

Born at Tuscaloosa, Alabama, in 1880, deceased came to Colorado when a youth ten years of age and had made his home here continuously since. For many years he was a successful merchant here. Later he entered the cotton business. In later years he had held the political office of county treasurer. He was at one time secretary to the school board and contributed much to advance the district's educational facilities. He was educated in the public schools of Colorado and at A. & M. College.

In addition to his successful ventures as a merchant and cotton broker, Mr. Doss was active in promoting development in the Westbrook oil field. It was while visiting in the newly discovered oil field twelve years ago that he was overcome with the stroke that greatly weakened his body.

Texas & Pacific No. 2 had been drilled in and the hole was to be given a nitro shot. Several hundred citizens from this and adjoining counties were present at the well. Mr. Doss was sitting in an automobile with his friend, the late R. E. Dolman, another cotton broker, when he was stricken. He retired from active business life a short time afterwards.

Surviving are his widow, three sons, Henry, William and Walter; two brothers, W. L. Doss, Sr., and John L. Doss, both pioneer business men of Colorado, and one sister, Mrs. W. Y. MacKenzie, wife of a prominent physician at Weatherford. All were present for the funeral rites.

Active pall bearers were L. W. Sandusky, H. E. Grantland, Jack Smith, J. Lee Jones, R. E. Gregory and T. W. Stonrad, Jr.

Honorary pall bearers were R. P. Price, Ross D. Dixon, H. S. Beal, U. D. Wulfjen, Frank Smith, Jim Hale, Maurice Terrell, Joe H. Smoot, H. L. Hutchinson, W. A. Crowder, Carey Prude, H. C. Mann, W. J. Chesney, Lay Powell, Jas. T. Johnson, J. D. Wulfjen and C. M. Adams.

Van Horn Minister In Car Wreck Near Big Spring Sunday

Rev. Earnest Roper, pastor of the Methodist church at Van Horn, scheduled to deliver sermon at First Methodist church here Sunday evening, was unable to keep the engagement due to a motor wreck on the highway near Big Spring Sunday afternoon.

Rev. Mr. Roper was driving alone when his steering connection became disabled. His machine veered to first one side and then another of the highway and crashed with another car. Both machines were considerably damaged but the occupants escaped with minor injuries.

Rev. F. R. Pickens of Lamesa, a brother-in-law of Rev. Mr. Roper, took his place in the pulpit. Families of the two ministers had been visiting their parents, Mr. and Mrs. J. R. Pickens and other relatives at Colorado.

CHIEF OF RURAL SCHOOLS DIVISION GIVES SCHEDULE FOR DISTRIBUTION OF AID

**Conditions To Be Met By All
Participants In Fund
Are Outlined**

Conditions under which the \$2,500,000, appropriated by the 42nd Legislature to assist financially weakened rural school districts, is to be distributed, are outlined in a communication received this week by Miss Ruby McGill, county superintendent, from Earl Bryant, chief supervisor of rural schools, of the department of education at Austin.

The amount appropriated for 1932-33 is the same as for 1931-32, but the regular apportionment has been reduced to \$16. Hence the demand for rural aid will be greater. Mr. Bryant said that the State board knowing the appropriation was not sufficient to pay as liberally as allowed in the law, voted to distribute aid on the following schedule:

Teachers salaries are to be paid for the term of six months on the basis of salaries actually paid, provided they do not exceed the salary schedule.

For transportation aid, an amount equal to one-half the cost of transportation, not to exceed \$240 per bus, is to be allowed. The amount of aid received by a district for transporting pupils shall not exceed \$1 per month for each pupil transported.

Aid for industrial departments will be given on the basis of \$35 for maintenance of either a department of home economics or farm mechanics and agriculture, for any school that is equipped for teaching either or both of these subjects.

The State board was of the opinion that about 50 per cent of the claims of non-resident high school pupils on the \$400,000 provided for the rural aid fund to pay tuitions, would be paid.

School boards have been advised not to spend money for equipment and furniture to meet State aid requirements, if the district has to create an indebtedness.

OPTIMISM TRAILS IN WAKE OF FEDERAL GOVERNMENT'S REPORT ON COTTON YIELD

**Commodity Soars \$5 Per Bale
Monday; Outlook Now Is
Most Promising**

"The most violet upswing in cotton in more than two years, the swiftest trading in stocks in nearly two years, and the sharpest advance in bonds in two months, marked the big bull push in the Nation's leading financial market Monday," an Associated Press dispatch from New York said in tabulating results of the government's first cotton crop estimate, released at Washington Monday morning.

The Nation's crop estimate, placed at 11,306,000 bales, was considerably below figures that for the past several days had been accepted at Colorado. Local forecasts had placed the total at from 12,000,000 to 13,000,000 bales. Cotton soared upward to attain an increase of \$5 a bale as direct result of the low estimate.

Colorado bankers, business men and those of other classes of industry, along with farmers and cattlemen, joined the general feeling of optimism after the report was received here Monday morning. An estimated yield of 40,000 bales for Mitchell county, coupled with the favorable estimate assures that business conditions are to take on a more stable aspect. Prediction that the staple will sell at from seven to nine cents per pound is being generally accepted here.

The crop estimate places America's total cotton yield at almost six million bales below the crop production of 1931, when a total of 17,096,000 bales were ginned. The Texas crop, estimated at 3,826,000 bales, is below the total ginnings of last year.

The splendid rains that covered this territory during the week did much to add to general feeling of optimism at Colorado. The moisture came in time to save cotton and feed crops that in most localities were beginning to depreciate from effects of the continued hot, dry weather. Late feed, reported last week as being damaged to a consid-

ROY HESTER REQUESTS ASSISTANCE IN PARADE PLANS FOR AUGUST 26

Owners of aged vehicles of whatsoever type who will consent for them to be used in parade here on August 26 in connection with annual Good Will celebration are requested to communicate with Roy Hester at the Colorado Hotel. Mr. Hester stated Monday that he hoped to make this feature among the impressive attractions for the day.

"We propose to portray development of this section during the past fifty years and it is essential that modes of transportation used all down through those years be represented in the parade," he said.

Chuck wagons that as service on the range many years ago, old antedated surries, buggies and other vehicles are wanted.

PLAINVIEW REVIVAL TO CONTINUE THROUGH ALL THIS WEEK, IS REPORT

Rev. W. H. Howell of Roscoe, evangelist holding revival meeting at the Plainview Baptist church, four miles southwest from Colorado, plans continuing the services through this week. Several Coloradans have been attending the services.

Several additions to the church have been reported. Baptismal services were held near the church last Sunday afternoon.

COLORADO WOMEN WILL SPEAK AT RALLY FOR STERLING AT ABILENE

Mrs. H. B. Broadus, Mitchell chairman of the Women's Sterling Club, is to address district Sterling rally at Abilene Friday night.

Every speaker on the program is to be a woman. Mrs. Ross Sterling and Mrs. Cone Johnson are among the prominent women who are to attend and deliver addresses.

CLOSING OUT AT PUBLIC SALE From a Rockford, Alabama paper comes the following notice of sale:

After four years of failure in an attempt to operate a nation's business, we, the undersigned receivers of the G. O. P. will by authority of the American voters, offer for sale in Washington, District of Columbia, on March 4th, 1933, to the highest bidder, for cash in hand, the following worthless equipment, ruined in a great engineering experiment.

One Wild Jack-ass, not broken to work in harness. One large G. O. P. political machine, 1921 model, in bad repair and operated the last four years by remote control.

Several thousand brass and copper stills in good working order, made available through failure of the "noble experiment."

Thirteen thousand stool pigeons, just about feathered out. Thirteen million dinner pails, all empty.

Four million soup-bowls and other bread line equipment. One Federal Farm Board with several broken and warped planks. This was used in 1928 for "farm relief," but it has relieved many of their farms and homes.

Eight thousand closed banks with an abundance of frozen assets. All of these articles are the property of the Republican party and are the direct product of the Smoot-Hawley tariff law.

Lunch will be served on the grounds by members of the Farm Board with members of the Wickersham Commission as honor guests. All articles purchased at the sale will be neatly wrapped in a worthless bond of a foreign government.

All checks presented by purchasers must bear a charge of two cents. Right to reject any and all bids reserved, and bids by cabinet members will not be received.

Please do not forget place and date, as parking space will be a premium. It is suggested that American workmen who desire to attend the sale leave one car in the vicinity.

You need not bring drinks, as "craps concentrate" will be available on the grounds.

SIMON D. CONFESS, Chairman Receivers Board. ROBERT M. LUCKLESS, Secretary to Board.

HICKS COMPANY EXPRESSES THANKS FOR LARGE VOLUME

During the week of our Star Oil demonstration we drained and filled over one thousand cars and trucks.

For this generous acceptance of our oil we tender our grateful thanks and ask those who did not get to make a test of the oil, to ask those using it as to its quality.

It is just like our tires and batteries—the best to be had. We take pleasure in announcing this Star oil and Star batteries can in the future be had at our Colorado store at moderate prices and in any quantity.

In again expressing our thanks, we solicit a trial of this oil from you. Those who are trying it we know will come back.
Respectfully,

PERCENTAGE TOLL TAKEN BY GRIM REAPER DURING MONTH OF JULY IS HIGH

Thirteen Deaths as Compared To Only Eighteen Births Is Record Made

The most serious month of death since the beginning of the year in Mitchell county during the month of July. Compared to an excellent proportion of only 18 births recorded for the month, the grim reaper exacted a toll of thirteen, 52 percent of the total figures registering new arrivals.

Deaths were ten boys and eight girls during the month. W. E. Stinson, vital statistics registrar, reported Wednesday morning. Ten of the citizens to die during the month had attained the age of majority. The oldest citizen to die was J. J. Northrup, former citizen of the Spade community, who succumbed on July 7 at advanced age of 83 years. Louise Alice Brooks, daughter of Mr. and Mrs. W. T. Brooks, who died at birth on July 6th, was the youngest listed.

The July report of Registrar Stinson carries the record of six children born prior to July 1, but who were not registered as the law directs until during the month. In such cases the parents of those children are named.

Births reported are listed as follows:

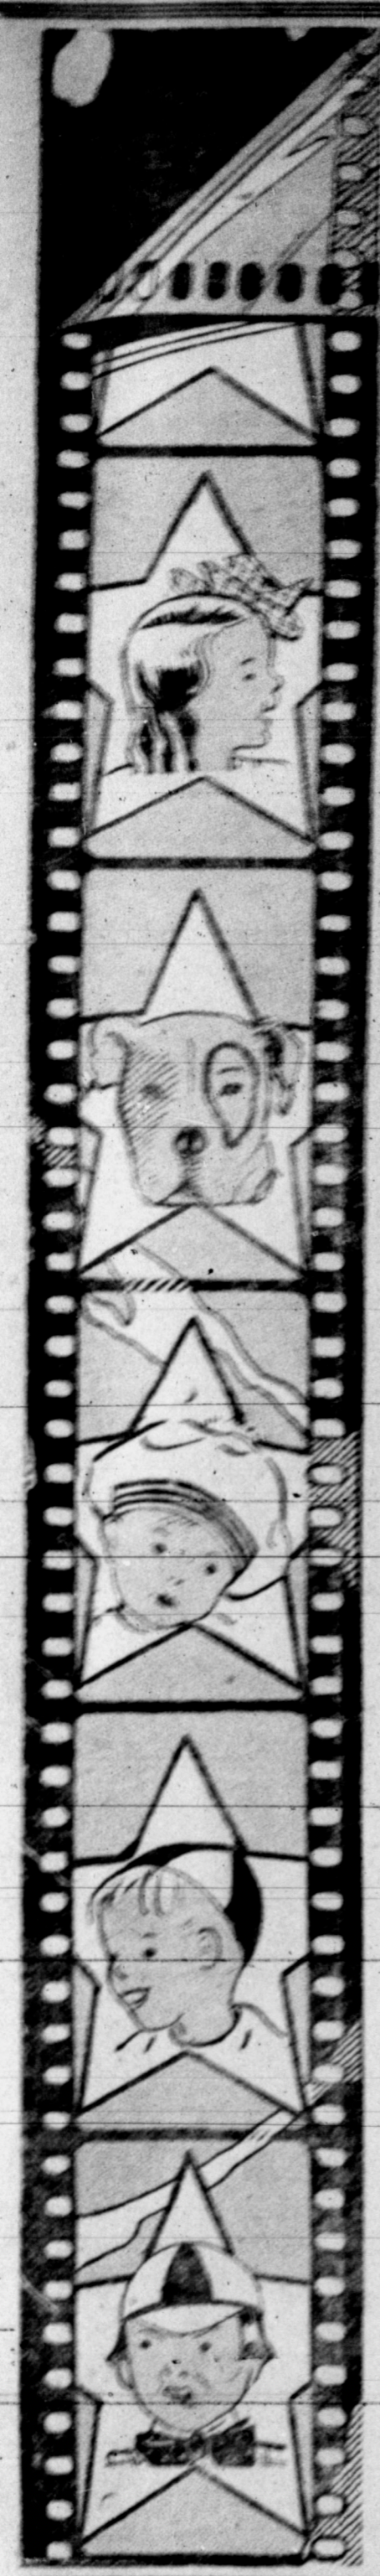

- Boys to Mr. and Mrs. —
- Albion Lewis Young, June 23rd, a daughter.
- W. T. Hamrick, July 6th, a son.
- W. T. Brooks, July 6th, a daughter.
- C. L. Bryant, July 7th, a son.
- James E. Holt, July 7th, a son.
- Wills Henry Carter, July 8th, a daughter.
- J. H. Pascoe, July 9th, a daughter.
- Ted Graham, July 9th, a daughter.
- Allen C. Cannon, July 10th, a son.
- W. Marvin Smith, July 10th, a son.
- D. G. Red, July 12th, a son.
- Raymond H. Sotomayor, July 12th, a son.
- Joan S. Kallif, July 12th, a daughter.
- Ross Grayson, July 13th, a son.
- J. E. Martin, July 14th, a son.
- Harriet J. White, July 14th, a son.

The following deaths are reported for the month:

- Mrs. Lee S. Eady, died July 26th, at the age of 54 years, 11 months and 2 days.
- W. W. Underwood, died July 26th, at the age of 21 years, 3 months and 11 days.
- James Lewis Northrup, died July 26th, at the age of 83 years, 10 months and 2 days.
- F. M. Burns, died July 26th, at the age of 81 years, 11 months and 25 days.
- Emma Marie Brooks, died July 26th, at birth.
- Louise Jenkins, died July 26th, at the age of 42 years, 3 months and 16 days.
- Paula James, died July 26th, at the age of 6 months and 3 days.
- Mrs. Mattie Curry, died July 26th, at the age of 24 years, 8 months and 15 days.
- Mrs. Ella Garner Parker, died July 26th, at about 25 years of age.
- Mrs. Nellie L. Benson, died July 27th, at the age of 55 years, 7 months and 8 days.
- Mrs. Ella Walker, died July 26th, at the age of 22 years, 3 months and 1 day.
- Mrs. Effie J. Kirkpatrick, died July 26th, at the age of 47 years, 12 months and 15 days.
- Earl Griffith, died July 17th, at the age of 29 years, 5 months and 16 days.

Hyman Happenings

By MRS. HYMAN
After a week's absence in Dallas with her family, Mrs. Della Clark Cole and Miss Katherine Chalk, Miss Mary Dalton returned to Hyman to continue her visit with her aunt and uncle, Mr. and Mrs. Hyman.
Mrs. W. A. Housinger and Miss Mary Dalton were visitors in town Saturday. Mr. and Mrs. Roy Cole were also visitors in Colorado Saturday. All returned Saturday.
Mr. and Mrs. I. Smallwood and daughter, Sugar May, went to Culbert Saturday, taking their son, Willie, to his home there. He has been down helping harvest his father's wheat. Sugar May remained to visit with her brother's family.
The Woman's Club met Friday at the home of Mrs. Jim Dawson, and all members were present, except one. Miss Berier attended and discussed taking care of fruits, vegetables, etc., giving the members many recipes, which sounded excellent. She also gave a few high lights on her recent trip to College Station and Abilene, when she was accompanied by Miss Elsie VanZandt and others. Her interesting talk made us all wish we might have been with them. The occasion of Miss Elsie's going, was that the trip was given

HOWSLEY SUPPORTERS TO ELECT EASTLAND MAN TO TEXAS SENATE, IS CLAIM

Wilbourne Collie Only 485 Votes Behind Cunningham In July Election

The majority of democrats who on July 23rd supported candidacy of Andrew M. Howsley for senator from 24th Texas district will be found in the Collie camp when balloting in the second primary election August 27 is in order, Mr. Collie declared here Friday. Collie spent several hours here in interest of his candidacy.

Mr. Collie directed attention to tabulation of complete returns from the district. Out of a total of 35,986 votes polled for the four candidates running for senator, Senator Cunningham of Abilene received 11,740 votes and Wilbourne Collie 11,225 votes. These figures show Cunningham to be leading by only 485. Mr. Howsley polled a total of 9,079 votes.

"Since the July primary election I have visited in practically every part of the district and have been elated to receive the information from my friends that a majority of voters supporting Mr. Howsley are now active in my behalf," he said. "I expect to poll overwhelming majorities in my home county of Eastland and in Stephens, Callahan, and Shackelford counties, that I do not believe my opponent will be able to overcome. The people who have known me during my life time are going to support me at the polls."

In his home county of Eastland Collie led his three opponents by a majority of more than four and one-half to one. He pointed to tabulation of returns from Taylor county, home of Senator Cunningham, showing that his opponent received a majority of less than two to one there.

Cotton Market Opened At \$11.25 21 Years Ago; Premium of \$31.75 Paid

If the farmers of the Colorado territory were assured that the cotton market would open this season as favorably as it did twenty-one years ago, there would be no question as to when the depression would come to an end. First bale to be delivered here in 1911 was bought by O. M. Mitchell at \$11.25 per hundred. Local merchants contributed to a premium totaling \$31.75. The bale was grown by Claud Thompson of the McKenzie community.

Dry weather and continued hot winds were exacting considerable damage from the cotton crop, however, The Record for Friday, August 11, 1911, reported. Judge R. H. Looney, Brooks Bell and Mitchell had made an extensive tour over the county earlier during the week and came back into town to report that the crop was depreciating rapidly. Judge Looney was evidently very much concerned over the outlook. "Cotton has depreciated thirty-three and one-third percent during the past ten days," the newspaper quoted him as having said.

Brooks Bell was even more pessimistic. His statement was that the crop had been damaged fifty percent the past ten days. Mitchell, the more conservative of the group, estimated that the damage would not be over from twenty to twenty-five percent.

Appeal that the city and county unite in project of damming Lone Wolf Creek was made in that issue of The Record. Proposed site of the dam was "where the bridge crosses at Second street." Such an improvement would be the means of

making of Colorado one of the foremost industrial centers in this section of West Texas. It was claimed.

Two Mitchell county citizens were painfully injured by horses that week. Chester Hart of near Lorraine, was rendered unconscious when thrown from a horse he was riding about the farm. Ed Dupree was kicked by a horse while at work at the stock pens at Sterling City. His injuries were not considered serious.

M. S. Lawrence, native of North Carolina, had located at Colorado that week to engage in the practice of his profession as an attorney. The Record detailed how the young lawyer had come into West Texas looking for a location and "of course as soon as he saw Colorado decided to locate here."

Mitchell county was considerably ahead of other counties over much of the State, Joe R. Sheppard was quoted as having stated. He and Mrs. Sheppard returned that week from a visit to Bryan and other Central Texas points. "Crops in Mitchell county are the best we found anywhere," he said.

Automobiles were becoming common and a number of Colorado citizens owned and operated the machines. The Record declared. That week L. W. Sandusky and family, H. C. Doss and family, R. P. Price and family and Judge C. H. Earnest and family had gone to the Concho on a fishing expedition and "every one of them went in cars." At Sterling City, they were joined by Bill Kellis, newspaper man of that town.

Porter Retires As President Of West Texas Association

W. W. Porter of Colorado, president of the West Texas Ginnners association during the past two years, was succeeded by W. J. Ely of Snyder when officials of the association were named during closing hours of annual convention in Abilene last week. S. F. Bond of Cross Plains was elected vice president and Roy Currie of Abilene re-elected secretary.

"Get a profit or get out," was among the suggested slogans brought before the convention. Such a policy was strongly advocated by Orville Adams of Dallas, one of the convention speakers. Adams declared that the ginner will go broke on a rate of less than 30 cents per hundred pounds for seed cotton.

The ginner entered vigorous protest against the present bond and license law governing the ginning industry. Abolishment of fines on light weight bales and enactment of a law giving the ginner a first lien on cotton ginned were advocated.

Among Colorado ginner attendees at the convention were Mr. and Mrs. W. W. Porter, Jas. T. Johnson, Bill Dorn, O. Lambeth, Mr. and Mrs. Raymond Gary, and Jas. Guitart.

BIG SPRING KIWANIANS TO ENTERTAIN EDITORS WITH BARBECUE FEAST

Festivities incident to the annual convention of the West Texas Press association, which will open at Big Spring Friday morning, August 19, are to begin Thursday evening before when the Kiwanis Club there is to play host to visiting newspaper men at a stag party and chicken barbecue at City Park, the Big Spring Daily Herald for Sunday announced.

Making further reference to entertainment program arranged by the host city, the Herald says: The club voted Thursday to hold the regular meeting of August 18 at the park in the evening honoring the visitors. The matter was brought before the club by Wendell Bedichek, a member.

Following the barbecue a dance will be held at the Crawford hotel with one of the best orchestras available in this section of the nation furnishing the music. It will be a regular script dance, not included on the official convention program. The association's annual banquet and dance will be held Friday evening at the Settles hotel. Friday afternoon at 3 o'clock a bridge tea will be given at the Settles honoring visiting women.

bus service with opening of school this Fall. Friday the trustees concluded contract with the May Motor Company for delivery of the machine.

The bus is built by General Motors. It is equipped with a Wayne body and Pontiac motor. It has a capacity of transporting from 45 to 55 school children.

Program For Press Association's Meet Given By Committee

BIG SPRING, Aug. 6—Program for the annual convention of the West Texas Press association to be held here Friday and Saturday August 19-20 has been announced.

Coupling a full quota of entertainment for both the men and women delegates with an unusually strong array of speakers from ranks of the profession itself, the program committee announced that every method possible would be followed to swell attendance to an extent that will not only make the meeting more enjoyable but materially strengthen the organization for the future.

In the annual address of President Charles A. Guy, editor and publisher of the Lubbock Avalanche and Journal is expected to be some important suggestions for consideration by the membership.

Houston Harte, publisher of the San Angelo Standard and Times, will lead the daily newspaper men while Jess Mitchell of Muleshoe will head the weekly contingent in appearances on the program.

Special attention is being paid the question box session & Saturday morning which will be led Vice President Ralph Shuffler of the Odessa News-Times. Individuals are being urged to write to Mr. Shuffler before the convention and submit questions and suggestions for discussion here. D. A. Bandeen, general manager of the West Texas Chamber of Commerce, will address the Friday luncheon session. His remarks will bear upon fundamental necessity of co-ordinated action by the press and the WTCC.

James M. North, editor of the Ft. Worth Star-Telegram, will act as toastmaster at the annual banquet Friday evening. On the program will be Mr. Harte and Dorrance D. Roderick, publisher of El Paso Times whose ability as an after dinner speaker is widely known.

Central theme of the round table conferences will be the actions taken and practices followed by publishers that have enabled them to meet economic difficulties in their communities.

Palace Theatre Has Interesting Program Billed During Week

A new thrill is here! A new Star is here! Ladies! Prepare to sacrifice your hearts! The ladies of New York and London have!

"Reserved for Ladies" with Leslie Howard, George Grossmith, Benita Hume and other famous stars will be at the Palace Thursday and Friday night, August 11 and 12. Howard is making a wonderful record as a movie actor and in this picture, as head waiter at the Grand Palace and as the King's friend in the Swiss mountains, he is at his best. Be sure to see this picture.

For Saturday, August 13—one day only, The Palace is showing Buck Jones and cast in a wonderful western picture, "Deadline." If you like a western don't miss this one. Buck Jones at his best.

The management of the Palace Theatre is happy to announce Sunday matinee and Monday as the dates "Her Majesty, Love," latest First National starring vehicle for Marilyn Miller, the little lady of the twinkling toes, who taught the world to love her through the mediums of "Sally," "Sunny," "Rosalie" and "Peter Pan."

In this picture Miss Miller gives romance the merry run-around! She helps herself to a baron to get a millionaire! Fast? She's a titled widow before she's a blushing bride! She is supported by Ben Lyon and the four kings of comedy, W. C. Fields, Leon Erroll, Ford Sterling and Chester Conklin.

The Palace is announcing Tuesday and Wednesday as bargain nights. Starting August 16 and 17, and continuing until further notice an admission of 5 cents for children and 15 cents for adults will be charged.

Thursday and Friday, August 18 and 19, the Palace has booked a super Fox Special, "The Woman in Room 18," with Elissa Landi and star cast. A woman mad with love! A man mad with jealousy! Murder—the blazing climax! But you'll never guess the amazing solution! And you'll never forget Landi in her most flaming role!

TEXON OILERS MOVE TO ATTACK ABILENE CLUB

ABILENE.—West Texas' most famous semi-pro baseball team will pay its first visit to this part of West Texas this week-end when the Texon Oilers invade Gardner Park at Abilene for a three game series with the Mose Simms team. The Simms nine is also known as the Oilers.

They will play a single game Saturday afternoon at 4 o'clock and a double header Sunday afternoon, starting at 2:30.

Texon, under the management of Snipe Conley, who starred many seasons as a pitcher for Dallas in the Texas League, has won 28 out of 28 starts this year. The roster includes the names of Floy Harris, Goldsboro pitcher, who had two years of successful hurling with Coleman in the West Texas League; and Eddie McMillan, outfielder from Ballinger, who leads the team hitting with a mark of .425.

Corley Rogers, son of Howard Rogers, was given surgery at the Root hospital Wednesday morning.

Mr. and Mrs. Jim Cantrill returned Wednesday from Commerce and other points in East Texas, where they had gone to visit relatives.

Legislature Seeking Nine Amendments To State Constitution In November Election

There are a total of nine proposed constitutional amendments that the legislature is submitting to voters of Texas for consideration in the general election, November 8. They are being printed in this newspaper and The Record suggests that it would be worthwhile for you to cut them out and save them for future reference. The amendments are as follows:

(1) To allow the legislature to release delinquent taxes which have been due for ten years.

(2) To exempt from State taxation \$3,000 of the assessed taxable value of all resident homesteads.

(3) To authorize the legislature to make an appropriation for the proposed Texas Centennial celebration in 1936.

(4) To lessen the vote required to vote bonds for seawalls, breakwaters, and sanitation in counties bordering on the Gulf of Mexico. Now two-thirds of all property owners must vote for such improvements. If the constitution is changed as proposed only two-thirds of

THREE LOCAL CITIZENS RETURN FROM PASTEUR INSTITUTE AT AUSTIN

Dell Barber, county attorney elect, and Leonard Spoons and Lee Carter, of the Jones, Russell Company, returned home Monday afternoon from Austin, where they had been for two weeks taking immunization treatment at Pasteur Institute.

Twenty-one other Mitchell county citizens, including Noel Griffith and family, Lee Moon and family, Mrs. Edna Riggsfield and children, Horace McDonald and family and Mr. and Mrs. Curtis Rich, all of Conaway community, patients at the institute, are to return home the first of next week. All were exposed to rabies infection in contacting Early Griffith, Conaway youth who died recently from the disease.

COMMITTEE TO DIRECT PROGRAMS NAMED BY PREXY OF LIONS CLUB

President Joe Pond of the Lions Club Friday announced that instead of naming new program committees each month, as has been the custom heretofore, he would designate a standing program committee to continue in office during the year.

This committee will be responsible for the naming of program committees for each month and is to receive at regular intervals suggested programs from Lions International direct.

The committee is composed of Jim Greene, Joe Mills and Ralph Lee.

CITY LEAGUE BILLBOARD

As Seen By The Record Sports Editor

The Schedule

Thursday, August 11—Masons vs. Methodists.
 Friday, August 12—Fire Boys vs. Baptists.
 Monday, August 15—Baptists vs. Masons.
 Tuesday, August 16—Fire Boys vs. Methodists.
 Thursday, August 18—Fire Boys vs. Masons.
 Friday, August 19—Methodists vs. Baptists.

Standing of Teams

Team	Won	Lost	Pct.
Masons	7	3	.700
Fire Boys	5	5	.500
Methodists	4	5	.444
Baptists	3	6	.333

From the camp over which Uncle Dick Jones rules, recruited from among members of the Masonic fraternity, this week continues to be unfurled champion pennant as the tenth game in the second half of the city league series has been played. Percentage standing of the Masons, however, tumbled from 750 last week to 700, when standing of the four teams was announced Thursday by John Baze, league secretary.

The Masons lost one game and won another in the two contests participated in by them during the week. Thursday afternoon they

went down in defeat before onslaughts of Kirby Rice's Baptists. The score was 12-6. Monday they barely nosed ahead to take victory over the Fire Boys by a score of 4-3.

Deadlock between the Fire Boys and Methodists for second place, reported last week was broken Friday afternoon when the former won 6-0 over their opponents. It was a better game than the score board would indicate. In fact it was anybody's game through the sixth inning, with neither the Fire department nor Methodists scoring. The Fire Boys effected six runs in the seventh inning.

Scheduled game for Tuesday afternoon between the Methodists and Baptists was called on account of rain. Standing of the four member teams during the second half of the series is today based upon ten games played by the Masons and Fire Boys and nine for the Methodists and Baptists.

NOTICE OF PUBLIC HEARING ON COUNTY BUDGET

Pursuant to Section Number 12, of House Bill No. 768, of the Acts of the 42nd Legislature, the Commissioner's Court of Mitchell County, Texas, hereby gives the following notice:

"A Public Hearing on the proposed Budget for Mitchell County for the year 1933, will be had in the County Courtroom of Mitchell County, Texas, at ten o'clock A. M. on the 16 day of August, A. D. 1932."

A copy of said proposed budget is now on file in the office of the County Clerk, subject to the inspection of Mitchell County Taxpayers.

Black-Draught Clears Up Sluggish Feeling

"I have used Theford's Black-Draught for constipation for a long time," writes Mrs. Frank Chasney, 1103 W. 11th St., Dallas, Tex.

"I got up in the morning feeling dull and sluggish. A dose of Black-Draught taken three times a day will clear the feeling to pass away in two days. I feel like a new person. After twenty years of use I would not exchange Black-Draught for any medicine."

Speaking of Hay Fever, Colorado Has Furnished Its Quota to Nation's Sufferers

The Dallas Morning News has some interesting conclusions to offer as to hay fever, but fails, as every other source of information or hope, to hold out any positive promise of relief. Out of the estimated ten millions of hay fever sufferers in America, Colorado has furnished a strong quota and it is apparent that the number for 1932 was larger than ever before.

Speaking of hay fever in its edition for Monday morning, The News says:

Consult the lexicon and you will find that hay fever is a catarrhal affection of the mucous membranes of the eyes, nose and respiratory tract, sometimes accompanied with fever and asthma, occurring annually, usually in the spring or late summer, and apparently caused by the inhaled pollen of various plants. Consult any one of the estimated 10,000,000 national victims of hay fever and you get a shorter definition practically synonymous with General Sherman's war. It would be inaccurate to state that medical science knows as little about hay fever as about cancer. It is convinced as to the cause and can prove it, because, on insolation from vegeta-

tion, the patient ceases to suffer. It has produced remedies, chiefly a cure. Hence the preparations of the University of Illinois for the second successive year to face the oncoming hay fever season with intensive study to produce an effective cure. Hay fever does not kill, although sometimes the afflicted wish it would. It discommodates no one but the sufferer, except when his disposition goes haywire as a result of sneezing and sniffing. But, comparatively mild as the complaint is, a sure cure that does not involve a change of base would make its discoverer rich beyond the dreams of avarice. So there is business as well as scientific interest in the Illinois experiment.

This year the Illinois scientists will take a group of hay fever patients whose troubles are complicated by no other ills and study them in a germ proof hospital ward. Perhaps the systematic Illinois attack on hay fever will get results. Ten million Americans hope but don't believe it will. Hay fever is another name for confirmed pessimism.

Constitution of the State of Texas shall be amended by adding thereto Section 3a, which shall read as follows:

"Sec. 3a. When an election is held by any county, or any number of counties, or any political sub-division of the State, or any political sub-division of a county, or any defined district now or hereafter to be described and defined within the State and which may or may not include towns, villages or municipal corporations, or any city, town or village, for the purpose of issuing bonds or otherwise lending credit, or expending money or assuming any debt, only qualified electors who own taxable property in the State, county, political sub-division, district, city, town or village where such election is held, and who have duly rendered the same for taxation, shall be qualified to vote and all electors shall vote in the election precinct of their residence."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of the State on the first Tuesday after the first Monday in November, 1932.

Fifth: All soldiers, marines and seamen, employed in the service of the Army or Navy of the United States. Provided that this restriction shall not apply to officers of the National Guard of Texas, the National Guard Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States Army, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Navy, and Marine Corps."

Sec. 2. That Section 33 of Article 16, of the Constitution of the State of Texas, be amended so as to read as follows:

"Section 33. The Accounting Officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person, for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust or profit, under this State or the United States, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard of Texas, the National Guard Reserve, and the Organized Reserves of the United States Army, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Navy, and Marine Corps."

Sec. 3. That Section 40 of Article 16, of the Constitution of the State of Texas be amended so as to read as follows:

"Section 40. No person shall hold or exercise, at the same time, more than one Civil Office of emolument, except that of Justice of Peace, County Commissioner, Notary Public and Postmaster, Officer of the National Guard, the National Guard Reserve, and the Officers Reserve Corps of the United States and enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States Army, Navy and Marine Corps, and retired warrant officers, and retired enlisted men of the United States Army, Navy, and Marine Corps, unless otherwise specially provided herein. Provided, that nothing in this Constitution shall be construed to prohibit an officer or enlisted man of the National Guard, or an officer in the Officers Reserve Corps of the United States, or a retired officer of the United States Army, Navy, and Marine Corps, from holding in conjunction with such office any other office or position of honor, trust or profit, under this State or the United States, or from voting at any Election, General, Special or Primary, in this State when otherwise qualified."

Sec. 4. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at the next General Election to be held throughout the State on the first Tuesday after the first Monday in November, 1932.

I. O. O. F. And Rebekah Association Hold Annual Convention With Slaton Lodge

The I. O. O. F. and Rebekah Association held its thirty-first meeting at Stanton August 3rd and 4th. The president, Mrs. Green DeLaney of Colorado, opened the meeting at 10 A. M., with about 250 people present. The delegates from Colorado were delightfully entertained in the home of Mr. and Mrs. J. A. Wilson. It was a joyous meeting from start to finish, everyone entering in with a true spirit of Odd Fellowship.

The Abilene people came over in a bus, bringing their degree team. The work was beautifully exemplified, using all the characters in a very impressive manner and taking off the banner. The program was well arranged by the Stanton people.

Mrs. Kelley of Stanton gave several readings, which were enjoyed.

10 Reasons Why You NEED an Electric Range

IT'S AUTOMATIC
Time and temperature controls operate your electric range perfectly while you forget your kitchen worries.

FAST
New features provide for unusual speed in cooking that equals any other method you might consider.

COOL
All heat is concentrated at the point of generation and your kitchen is kept as cool as any other room in the house.

SIMPLE
A brief demonstration is all you need to thoroughly acquaint yourself with the simple routine of electric cooking.

EFFICIENT
Electric cookery assures you of maximum results at minimum cost—due to maximum efficiency of operation.

CLEAN
Pots and pans need washing only on the inside—walls and woodwork remain spark and stain dry after day.

MODERN
Modern homes require modern equipment—electric appliances, especially electric ranges, are the last word in modernity.

SAFE
Explosions and open flames are eliminated from the list of dangers in your home with the advent of electric cookery.

DURABLE
With no moving parts and built from exceptionally durable materials, an electric range will last a lifetime.

NOT COSTLY
Economy is the key-note of electric range operation—first cost is low and operating costs exceedingly reasonable.

BRING MOUNTAIN COOLNESS RIGHT TO YOUR HOME

The one big reason for dashing off to the mountains or seashore during the summer is to escape scorching heat and to absorb cooling breezes. But—why leave home? These same breezes can be had night and day, with an electric fan. Have yours sent out today.

H. H. VanZandt says that the "every-row" maize in Hyman community is beginning to fall down, but the "two-row-skip-one" maize is holding its own.

The May report on 35,000 hens in demonstration flocks in Texas shows that worms are stealing on the average 4 1/2 eggs per hen per month.

Wormy flocks show an average income above feed cost of 6.56 cents per hen per month, while flocks without worms show a profit of 9.13 cents per hen per month. In other words worms cut production 25 per cent and profits 28 per cent. On a 200 hen flock this amounts to \$5.15 for the month.

RAILROADS HAVE MADE THE LOWEST RATES SINCE THE WORLD WAR FOR SPECIAL TRIPS TO THE STATE FAIR AT TEXAS, OCTOBER 8 TO 23.

Every railroad in Texas has agreed to these especially low rates and many of the roads are going to have special excursions to the state exposition in October.

MUSICAL CONTESTS WILL INTEREST FAIR VISITORS

Numerous contests are being worked out for soloists in bands which compete in the Statewide Band Contest at the 1932 State Fair of Texas, according to Col. Earl D. Irons, of Arlington, superintendent of the contest.

Scout Activities

On last Thursday afternoon Loraine Troop No. 24, accompanied by Clyde Bennett, Garland Cary and Scoutmaster, R. B. Ferguson, went to Champion Creek where they spent the night.

The boys had two good swims, besides other water events. All the boys could swim, even to the mascot, Jimmie Ferguson, who swam across the creek where the water was four to six feet deep.

With a little more practice, Jack Graham and Junior Harris, it is declared, will be expert swimmers. All who had not passed "Fire Building," "Tracking," "Knife and Hatchet," and "Cooking" second class, passed those tests.

Burtis Hall and Junior Harris, passed "Cooking," first class, which requires cooking of biscuits and "I want to say to the mothers of these boys," said Scoutmaster Ferguson, "you need not cook any more biscuits. I never saw such nice biscuits, to be cooked out in the open and there is not any telling what they could do if they had an oven."

All of Troop 24 are ready for the big Scout swim meet at Midland, August 11th.

"A great time is in store for them, as those who attended last year are aware of, and I want to say to the parents of these boys, continued Mr. Ferguson, "you need not be uneasy about them, as there are five or six life guards, who do not do anything except watch the boys, and we will have a fresh, clean pool of water. The city will furnish the dinner, also a picture show in the afternoon, so do not deprive your boy of this thrill. I want to say to all the boys who are eligible to be a Scout, do not have any idea of what you are missing. Come on in the water is fine."

It is understood the entire Scout Council of 15 counties, with some 350 Scouts, are expected to attend.

The events are swimming, diving and water polo.

The girls arrived at 8 o'clock and all with ravishing appetites, as they enjoyed a wagon ride out.

Gene Roberts and Woodrow Pratt were the young heroes who accompanied the girls.

Upon arrival a heavily laden table was found in the front yard. The menu consisted of potato salad, deviled eggs, tomatoes, weiners, pickles, cookies, cakes and iced tea.

After lunch a business session was held in the living room, which was in charge of the president, Miss Mammie Howell. Following song service and a prayer, minutes were read and various reports were given, which were good, but the motto is "strive to do better each month."

Miss Birdie Lee Robertson was elected secretary and treasurer to succeed Miss Mary Miller, who has returned to her school. Miss Lurline Britton was elected reporter.

More songs were sung before adjournment of the meeting.

Special guests for the evening were, Misses Ethry Dean, Richard Looby, Lola and Mildred Coffee, Mrs. J. J. Pierce, Messrs J. L. Pratt, Woodrow Pratt, Gene Roberts and R. E. Bennett.

SUNDAY SCHOOL LESSON

By Rev. Charles E. Dunn, D.D. Lesson for August 14 The Ten Commandments, II. Exodus 20:12-21

The final six Commandments in the Decalogue are directed toward society, defining man's obligation to his fellows.

The fifth Commandment sounds archaic in a day of severe tension between the older and younger generations. Taking unfair advantage of their freedom, children are sometimes loath to admit that there can be any merit in the ideas of their elders.

How refreshing to turn from sippant irreverence toward one's parents thoughtlessly voiced by representatives of the "younger set," to that heartfelt veneration of Thomas Carlyle, crying out to his dead mother, "Oh, pious mother, kind, good, brave and truthful soul as I have ever found in this world!"

It seems unnecessary to stress the sixth Commandment, "Thou shalt not kill," in Church circles. Yet while Christians very rarely deliberately commit murder, they are a party to those subtle forces that exact a heavy toll in human life.

Last year thirty-four thousand persons were killed in the United States by motor vehicles. Also, think of those fated for a premature death through under-nourishment because of unemployment. Remember, too, the victims of that relic of barbarism, capital punishment. And then call to mind the millions sacrificed on the altar of Mars.

In this age of domestic tension and wrecked homes, due in large measure to unwholesome over-emphasis upon the physical delights of the sex relationship, the protest of the seventh Commandment against adultery is most welcome.

We surely need a new conscience concerning marriage, a fresh emphasis upon the necessity of mutual loyalty and forbearance.

The eighth Commandment, condemning stealing, is a reminder that all things belong to God and are held in trust by His children. For one man to take more than his rightful share of goods is to rob God Who is no respecter of persons.

How much we need the warning of the ninth Commandment! Perjury, slander, back-biting, uncharitable judgment are all too common. It is surprising how prone we are to "run down" other folk.

The final Commandment has the approval of our Lord, who once expressed the warning, "Beware of covetousness," and of St. Paul, who put his finger on the source of our present economic distress when he said, "The love of money is the root of all evil."

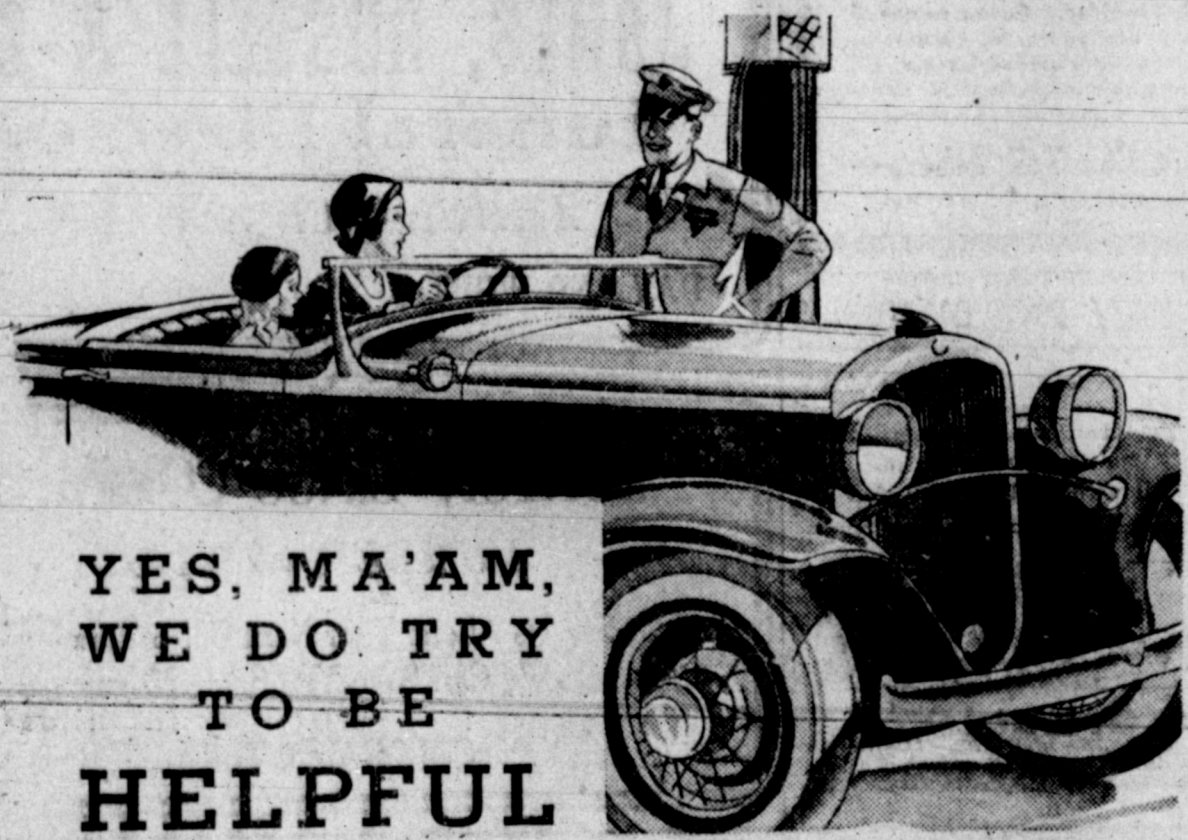

Miss Evelyn Riley of Oklahoma, who has been visiting with the R. J. Wallace family, has returned home.

YES, MA'AM, WE DO TRY TO BE HELPFUL

Women who patronize Conoco Service Stations are delighted with the courtesy and helpfulness of Conoco salesmen. There is nothing forward or obtrusive about their service, but it has the little touches of respect and thoroughness that make it pleasing.

Conoco men always see that your windshield is polished clean, that your tires are checked accurately and that the radiator is filled... without splashing. They are glad to furnish battery, water, if you desire.

Women are especially pleased with the spotless, plainly marked Conoco

rest-rooms which are available for them.

Women who are traveling by car find Conoco service invaluable. At any Conoco station they can learn the condition of near-by roads, receive accurate mileage and route information, obtain dependable road maps and authentic details about local hotels, camps, sports and sources of supplies. The Conoco man will check packages and arrange to handle mail and telegrams.

All of these services are free, of course; not only free, but rendered with a spirit that leaves no doubt that the Conoco man is eager to be helpful.

THE COMMERCIAL USE OF TEXAS HIGHWAYS IS A PRIVILEGE, NOT A RIGHT

● The highways of Texas are the property of its citizens. They constitute a system of nearly 200,000 miles of road of which 20,000 miles are designated as State highways and the remainder are county roads. All types of road are represented in this system, less than 5% have so-called "permanent" surface.

The total cost of these highways is unknown but it amounts to many hundred million dollars. From 1917 to 1930, inclusive, counties and road districts of the State issued \$243,592,834 in bonds for the construction and improvement of roads and bridges. In the two-year period ending August 31, 1930, the State Highway Commission expended \$89,032,825, of which \$22,488,426 was for maintenance of the State highways.

In view of these tremendous costs the preservation of our highways from rapid wear and destruction is a matter of very vital interest to their owners, viz., the public. It is especially important that they be made to outlast the life of the bonds, which run from 20 to 30 years.

The use of the public highways for commercial purposes is not a right but a privilege which may be withheld or granted subject to such restrictions, regulations and charges as the Legislature may see fit to impose. Such regulations are intended to promote safety, preserve the highways and safeguard the interests of the public.

Texas Railroads, which pay the entire cost of construction and maintenance of their own roadbeds and, in addition, make substantial contributions to the cost of Texas highways, are thoroughly regulated with respect to their services, rates, methods and practices. There is no good reason why commercial users of the highways, built and maintained at the expense of the public, should not likewise be regulated to such extent as the public interest requires and pay such charges as will represent proper compensation for the privileges granted them.

● The statutes governing highway transportation as enacted by the Forty-second Legislature represent the wishes of the citizens of this State and express their desire to give equal rights to all and special privileges to none. These statutes should be given a fair trial and their value ascertained. Unless this is done, a chaotic condition in transportation as a whole will surely ensue.

100 BANDS TO PLAY ON STATE FAIR PROGRAMS

Band music will be almost continuous on the grounds during the 46th annual State Fair of Texas. In addition to the 100 bands which will compete for cash prizes of \$400 and \$1,000 there will be at least ten bands employed by the various attractions and the State Fair Association. The bands competing in the Statewide Band Contest will be presented in individual concerts each afternoon and in massed band concerts each evening during the exposition.

PAISANO ENCAMPMENT

Just back from a ten-day camp in the Davis mountains at Paisano Pass, just one mile higher than the sea.

We greatly enjoyed the preaching of Dr. Truett and Bro. Yearley of El Paso. About 2,000 regularly attended the services. They estimated, or reported 18,000 free meals served and quite a few served their own meals in camp.

Paisano Pass, in the beautiful Davis Mountains, is a story within itself. The scenery in these mountains rivals that of the Swiss Alps, and the tales and legends which hang about this Pass are legion.

Centuries ago the Jesuit fathers used this Pass in going to and from their missions in Chihuahua and San Antonio. How many years the Indians used it can only be conjectured. What battles have been fought around its peaks and its canyons, modern civilization will never know. It's history was written in deeds long before the white man trod its heights or slept under the shadows of its trees.

Some years ago a group of West Texas Baptists conceived the idea of establishing at this beautiful Pass, over five thousand feet above the sea, a summer assembly and camp ground.

In September, 1921, at the first annual meeting, title to one thousand acres of land was secured. This was deeded in perpetuity to the trustees of Paisano Baptist Assembly and erected thereon is a commodious auditorium. Quite a number of summer cottages have since been built and each summer for the past seven years a ten days' assembly on the order of a religious training school has been held at Paisano Pass.

Campers come from all over the State. From Arkansas and Louisiana, from the Red River to the Rio Grande and from the Panhandle to the borders of old Mexico.

An abundance of cold, pure mountain-water has been secured and piped over the camp grounds. Ice is not needed. The nights are cool enough for blankets, and many times fire. There are no mosquitoes or red bugs to bother the campers. The campers enjoy not only a cool, comfortable summer out door life, but have the privilege of hearing some of the ablest Christian platform men of the South.

Those who love rugged scenery and wonders of nature, Paisano and the surrounding country is a revelation. Here in these mountains are peaks rising more than 8,000 feet above sea level. Gorges and canyons of unrivaled beauty and ruggedness. Lights and shadows approaching those of the wonder show place of the world.

Within a day's journey one can visit the famous Salt Lakes near

Van Horn, and the famous Carlsbad Caverns just over the Texas line in New Mexico in the Guadalupe mountains, passing old El Capitan, the highest mountain peak in Texas, 9,500 feet. Good highways to all these points from Paisano.

Paisano is part of the Davis mountain range, a portion of which has already been urged by many as a State Park. This range of mountains, with its many peaks, green valleys, deep gorges, mountain streams, great cattle herds and wild game is recognized as the most beautiful natural scenery in the whole South.

Also within less than a day's auto journey one can visit Shafter, where there is located one of the largest producing silver mines in the United States and Presidio, where Orient crosses into Mexico and only a short distance to Fort Davis, picturesque old town.

At Alpine the Sul Ross Normal, a State Teacher's College is located. This College has grown far beyond all expectations. The wonderful atmospheric conditions enables students to attend a school that is ranked with the very best and at the same time build themselves up mentally and physically.

The campers with a flair for exploration and study of geology will find here much to interest and enthrall them. Those who enjoy mountain climbing will find peaks that challenge their best efforts, while all about are the reminders of those days when only Aztec and Pueblo Indians and a few Spanish friars peopled all the vast realm where now runs the railroad trains and automobiles.

A fellow said to me the other day, "Something funny about the Colorado Record. No matter where you find it, you just can't keep from reading it. The Record has quite a number of old subscribers, taking the paper for 25 years, therefore, coming up under the tutelage of the Record. No wonder we are an optimistic for all things civic and industrial—catching the spirit of the Colorado Record. Everything beautiful, the grassy dells, the wild flowers, the babbling brooks, and the cattle on the hills. Yes, in growing up we imbibed the spirit of the Record, we learned to love our town, county and State. Love God and our Nation. Not only do we read the news items and ads in the Record, but read and reread them. No wonder the people advertise in the Record for it always gets results."

A Texas man was in New York the other day, and walked into an insurance broker's office on Wall Street, and there on the desk lay a copy of the Colorado Record, smiling up at him, and he said to the man at the desk, "Why do you read a little old Texas county weekly like this?" The man replied, "Why boy, I've been reading this paper for twenty years, and everyone in this building swipes it, unless I keep it hid. The reason for it, is it's personality appeals to me, and touches the heart of all humanity. It just smiles and keeps on smiling and boosting." A fellow said to us the other day, "Does everyone read the Colorado Record?" Driving along a year or two ago out on the Pacific slope, we stopped at a cold drink stand to quench our thirst, and there sat a fellow in the door reading the Colorado Record. Well, we just thought, is it possible we can't get out of the circulation of the Record? It covers the earth. Yes, in its columns was a picture of the Mitchell county hills and dales, the wild flowers and the white faced cattle. You know, we stopped right there and took time to read some of the ads and store news. Then it's no wonder that everybody reads the Record. No wonder that the bankers and merchants advertise in it—it gets results. Brings the bacon home. As above stated, everybody reads the Record.

BRUCE BARTON

Writes of "THE MASTER EXECUTIVE" Supplying a week-to-week inspiration for the busy-hearted who will find every human trial paralleled in the experiences of "The Man Nobody Knows."

BOYHOOD BACKGROUND

Many leaders in history have had a superiority to personal resentment and small annoyances which is one of the surest signs of greatness; Jesus infinitely surpassed all. He knew that pettiness brings its own punishment. The law of compensation operates inexorably to reward and afflict us by and through ourselves. The man who is mean is mean only to himself.

The village that refused to admit him required no fire; it was already dealt with. No miracles were performed in that village. No sick were healed; no hungry were fed; no poor received the message of encouragement and inspiration—that was the penalty for its boorishness. As for Jesus, he forgot the incident immediately. He had work to do.

Theology has spoiled the thrill of Jesus' life by assuming that he knew everything from the beginning—that his three years of public work were a kind of dress rehearsal, with no real problems or crises. What interest would there be in such a life? What inspiration? You who read these lines have your own creed concerning him; I have mine.

Let us forget all creed for the time being, and take the story of Jesus' life just as the simple narratives give it—a poor boy, growing up in a peasant family, working in a carpenter shop; gradually feeling his powers expanding, beginning to have an influence over his neighbors, recruiting a few followers, suffering disappointments and reverses, finally death.

Yet Jesus built so solidly and well that death was only the beginning of his influence! Stripped of all dogma his was the greatest achievement story of all!

If we are criticized for overemphasizing the human side of Jesus' character we shall have the satisfaction of knowing that our overemphasis tends a little to offset the very great overemphasis which has been exerted on the other side. Books and books and books have been written about him as the Son of God; surely we have a reverent right to remember that his favorite title for himself was the Son of Man.

Nazareth, where he grew up, was a little town. In the fashionable circles of Jerusalem it was quite the thing to make fun of Nazareth—its crudities of custom and speech, its simplicity of manner. "Can any good thing come out of Nazareth?" they asked derisively when the report spread that a new prophet had arisen in that country town. The question was regarded as a complete rebuttal of his pretensions.

The Galileans were quite conscious of the city folk's contempt, but they bore it lightly. Life was a cheerful and easy-going affair with them. The sun shone almost every day; the land was fruitful; to make a living was nothing much to worry about. There was plenty of time to visit. Families went on picnics in Nazareth, as elsewhere in the world; young people walked together in the moonlight and fell in love in the spring. Boys laughed boisterously at their games and got into trouble with their pranks.

And Jesus, the boy who worked in the carpenter shop, was a leader among them.
