Colorado Boy, 15, Brings Down Buck With Only 1 Shot

George Reynolds Brown, 15, son of Mr. and Mrs. John Brown of Colorado, has demonstrated his ability as a marksman and no doubt the lad could give his dad and other older and more experienced hunters a few pointers on how to stalk and kill big game.

Merchants Report Another Good Day Of Trade Saturday

Saturday was another banner day for Colorado merchants and shop keepers, with an endless jam of shoppers thronging practically every place of business in town. Merchants report that due to unusually favorable weather for working in the fields, the crowd in town Saturday afternoon was not as large as estimated for the two Saturdays immediately preceding, but those here were out to purchase supplies of every description.

The City National Bank continues to be about the busiest place in town on Saturday. Farmers come into town with their cotton pickers and from early until late corridors at the bank are literally packed with men and boys, of different skin color who are anxious to get the salary checks cashed and then become lost in the mass of shoppers.

Some shop windows have already begun to suggest that Christmas is just a few days in the future. Local merchants have stocked heavily with holiday merchandise and will be in position to meet any demands from purchasers of gift merchandise.

WOLF SQUAD LOSES GAME SATURDAY TO BOBCATS IN ANNUAL CLASH AT ANGELO

Locals Will Meet Steers This Week In Final Conference Game Of The Season

Colorado dropped another notch in District 3 Class A football Saturday afternoon when the heavier San Angelo Bobcats defeated them 39-7 in annual clash on the Concho City gridiron. The much lighter Cantrillmen were no match for the ponderous Feline aggregation, especially during fourth period when the Cats accounted for four touchdowns and evidently carried the skin over for pay markers at will.

The first half ended with spectators in doubt as to which team might emerge to claim victory. The score was 7-0 in favor of San Angelo. Early in the third San Angelo made another touchdown but failed to place kick for the extra point. Burrows, Colorado's quarter, pushed over for his team's only touchdown a few minutes later.

Colorado gave the Taylormen some keen competition through most of the game. Hall, the pack streak, gained considerable yardage against the Bobcats on cutback plays. Stagner, left end, played a wonderful defensive game, while Wigley, at center, and Church, at tackle, smeared several Bobcat threats.

Delker raised his total score for the season to 88 points by adding three touchdowns and three extra points, while Biffle, Gregg and Reid added one marker each. Delker was the ball carry, 7 star for the Bobcats with Reid and McGlothing close seconds.

Resolved that a fat man is worth more to his community than a skinny one," is the subject to be debated Friday night at Spade school house by Jim Greene and Rev. Dick O'Brien. Rev. Mr. O'Brien will defend the skinny man's cause, largely due to fact he himself is every thing but qualified to be rated as a fat man.

STEPHENVILLE, Texas, November 22.—George Slaton of Colorado was made a corporal in the Cadet Corps of John Tarleton Agricultural College.

The institution of our American Thanksgiving Day dates back almost to the beginnings of the settlement of North America by newcomers from Europe. The first Thanksgiving Day was celebrated by the Pilgrims of Plymouth in 1623. After a day of prayer and fasting the Pilgrims feasted and gave thanks to Almighty God for the bountiful harvest which enabled them to look forward to a winter of ample food.

All of the New England colonies and some of the others continued this custom of an annual day of thanksgiving, and in his first year as the first President of the United States of America George Washington himself made Thanksgiving Day a national feast by proclaiming Thursday, November 26, 1789, as a day for its celebration.

There has never been a year since, in spite of war, internal stress and calamity in which we, the people of the United States of America, have not had genuine occasion to give thanks for blessings received. For in spite of all that has occurred in our history the American spirit has never been daunted and we have grown steadily in spiritual strength.

In this year of 1932 we see many things to be thankful for. We have come through the three most trying years we have experienced in more than half a century. We have come through them safely, with far less suffering, far less permanent injury to our national welfare than have any of the other peoples of the world. On every hand there is evidence so plain that all can see that the worst is past, and that we are coming again into material prosperity with renewed courage and with our national moral still unshaken.

That, it seems to us, is sufficient reason why Thanksgiving Day this year should be more than a mere holiday, why it should be a day upon which every American should actually give thanks to the God he worships for having led us safely through the slough of despond to the verge of the promised land again.

The Christian Aid met Monday with the president Mrs. Broadus. Mrs. Busby, a cousin of Mrs. Sam Majors was the only out of town guest. She conducted the devotional in a very interesting and beautiful manner. The regular business was transacted and a food sale planned for Sat Dec 3. Before adjournment the hostess served home made candies.

Bridgettes

After a delay of many weeks the Bridgettes met Thursday with the president Mrs. R. D. Bridgford, who had four tables. High score was made by one of the guests Mrs. Jimmie Logan who was given a compact.

The hostess served a delectable salad plate with cookies and tea. The meeting next week is with Mrs. Austin Bush.

D. C. Meeting

The Robert E. Lee Chapter U. D. C. met Thursday with Mrs. Robert Terrell at the home of Mrs. Way. The president called the meeting to order and the ritual and Lord's prayer was given. The time was changed back to the third Tuesday in each month, as that is the time fixed in the members minds. Christmas cheer for veterans was discussed and it was planned to have a rummage sale Saturday for this. Every member is urged to send in something for this sale.

The historian Mrs. Terrell conducted the program on "Battle Fields." Mrs. Thompson told of the battle of Spottsylvania Court House. Mrs. Way of Sherman's march to the sea.

Fruit cake and tea was served by the hostess. The next meeting will be with Mrs. Thompson the third Tuesday in Dec.

CHRISTMAS SEALS WILL BE MAILED THURSDAY TO COUNTY CHAIRMAN

A ton of Christmas seals, enclosed in 32,000 envelopes, each of which has 200 of the tiny stickers, were mailed from Austin Thursday morning of this week to the Texas Tuberculosis Association member drive chairman in Mitchell and 172 other Texas counties for sale in annual drive. In other counties the annual Christmas seal sale will be directed by local organizations working in cooperation with the State association.

The 32,000 envelopes, today speeding by third class mail to every part of the Lone Star State, contain emblems with a sales value of \$64,000. Funds received from their sale will be used by the association in fighting the white plague. This year much of the funds will be used to discover and care for children affected with the childhood type of the disease.

Agricultural Exhibit.

The two-day agricultural exhibit held here Friday and Saturday with formal opening 8 p. m. Thursday, attracted increasing crowds at the Brown building on the highway, where all classes of exhibits, of field and garden crops, canned, preserved, dried fruits and vegetables, textile, 4-H and educational exhibits were on display.

The show sponsored by W. S. Foster, county farm agent, and Miss Abbie Sevier, home demonstration agent was free and intended only as a substitute for the annual Lorainne Community fair, postponed here this year to give those who had prepared exhibits for the fair an opportunity of displaying their products.

The cheese making demonstration in which 4 pounds of American cheese was made under supervision of Mrs. W. A. Jackson and Mrs. Clyde Linam of the Lone Star Home Demonstration Club Friday morning was very interesting. Among those present for the demonstration were: Mrs. H. J. Harrell, Clyde Smith, Clyde Hart, S. E. Brown, C. F. Glass, J. E. Harrell, A. Phillips, C. R. McClenny, Tom Seown, H. Ohlbusch, J. W. Roberts, Thomas J. Riden, Misses Irene and Viola Brown.

Lee Rogers of Lone Star furnished a hog for the pork cutting and curing demonstration held by the county farm agent. There were 37 people present at the demonstration.

Educational Exhibits—New type self feeder made from oil barrel. The number of men using self feeders for hogs has grown from two in 1927 to sixty three in 1932.

Another exhibit showed a hundred or more types of hybrid grain sorghums which were representative of the field which was planted with seed that was sold for State Certified kafir. It was just ordinary seed and the field was full of all kinds of grain sorghums. There were also exhibits of smutty cane. Compared with cane grown farm seed treated with a commercial dust. The latter was free from smut.

Still another exhibit showed that knee high sudan tested 17 percent protein and taller sudan only 11 percent protein. An exhibit labeled "Crops Seldom Seen in Mitchell County" contained egg plant, cauliflower, pepper squash, walnuts, pecans, strawberries, persimmons, potato pumpkin, banana squash pumpkins, fardhooks, cherries, Himalaya berries, asparagus and other crops.

J. C. Richburg displayed an unusual crop called cafet, a cross between cane and feterita.

W. J. Bennett showed some fine artichokes. He has been growing them four years.

Strawberry corn was shown by Bruce Newton.

C. W. Palmer had a display of Porto Rico sweet potatoes.

Lella June Harrell exhibited cauliflower grown here.

W. D. McCarley had an exhibit of fine pecans grown on a 6 year old tree.

Methodist Church Notes—

There will be a special Thanksgiving program and service at the Methodist church next Thursday night at seven o'clock. Rev. P. D. O'Brien pastor First Baptist Church, Colorado will deliver the Thanksgiving sermon. A special musical program will be rendered. Let us make this a real service of prayer and thanksgiving. We have a great deal to be thankful for at this time. Let the whole community come together in a special service of prayer and thanks to almighty God for his providence and care over us during the past year. We must not be so ungrateful as to neglect to give thanks to God for the many blessings we have received from His bountiful hand. Everybody is invited to this community Thanksgiving service.

Rev. Harrell will preach next Sunday morning and night. Evening services at 7 o'clock. Be sure to attend Sunday School and preaching services Sunday.

A Primitive Baptist Service—

The Primitive Baptist held a delightful service Sunday at their church in East Colorado.

Following the eleven o'clock service dinner was served on the ground, then the congregation repaired to the beautiful stream of water in Ruddick Park where two heads of families and their companions were buried beneath the liquid waves in baptism.

Eld. R. B. Hester of Snyder, Texas

led the stalwart young parents Mr. and Mrs. Edwin Robertson, followed by that lovable old Couple Mr. and Mrs. Coe, seventy six and seventy four years of age.

It was truly a touching inspiration to see them, the father without natural eyesight, as they marched bravely into the chilly November water to follow their blessed Lord in baptism and rise to walk a renewed life and go on their way rejoicing.

Spanish Club—

On Friday morning the first program of the Spanish Club was presented. Roll call was answered with geographical names of Mexico. Roxie Lee Henley talked on an interesting article, "Just Over the Border." Christine Riden spoke on "Mexico's Little Red Schoolhouse." A discussion by Butsie Hall on "Our Mexicans" preceded the final article by Jim Marshall "Mathematics in Mexico."

The next meeting which is on the Friday before Christmas is to be a social meeting, members decided.

Both in total sale and percentage per pupil the seniors won by a large margin with the sophomores second. The refund of ten cents on each ticket purchased was kept in the treasury of the class.

'Beer Ballyhoo' To Find Opposition In WCTU Organization

Mrs. Claude De Van Watts, President of the Texas chapter of the Woman's Christian Temperance Union, Monday took a broadside at what she termed "the beer ballyhoo." She was speaking for the press at Austin.

"Since the victory of the democratic party, the beer ballyhoo seems to be a reality to many simple-minded wots," she stated, pledging the W. C. T. U. to obstinately fight any attempt to repeal the eighteenth amendment or modify the Volstead act.

Mrs. Watts outlined the plan of campaign to be followed by the dry organization. It included a movement to send petitions to congress from every W. C. T. U. chapter.

"Every church in the state has been asked to help sign up the greatest petition ever sent to congress," she stated, expressing confidence that the dry cause would triumph.

Mrs. Watts took cognizance of a plan to modify the Dean law at the next session of the Texas legislature. The Dean law is Texas' bone dry statute.

"The Dean law is a good law," she stated. "We will work to save it."

"Even in these days when we are apparently a decided minority, we are confident that we shall win this war. The line shall not break where we stand—the beer ballyhoo shall not penetrate."

ANOTHER COUNTY SENDS MAN TO PEN, BREAKING TIME HONORED CUSTOM

A few months ago there was considerable ado over the news that Borden county, after having been organized 41 years, had sent its first man to the State penitentiary. A jury in district court, trying a citizen of Scurry county on the charge of operating a still in Borden, was found guilty and sent to the pen for two years.

"And this fellow might have gotten away with it had he not acted smart with the jury," commented an official of the court afterwards.

Last week Glasscock county sent a Mexican to the penitentiary after conviction on a murder charge. Glasscock was organized 39 years ago and this was the first time a jury in its district court had meted out such a severe penalty.

Editorial—

We, the publishers of this little Howl, wish to express our wishes to each reader for a most enjoyable Thanksgiving.

As we hear the word "Thanksgiving" it should bring us memories of our ancestral fathers, back in the days of the origin of Thanksgiving Day. Thanksgiving Day should mean to us just what the name im-

plies—a day set aside especially to give thanks.

Enumerate many of the things you, as an individual or as a family, have to be thankful for. It is utterly impossible to name them all. This statement makes us realize how vast and numerous are our blessings.

The name "Turkey Day" should not be applied to the day set aside for thanksgiving, yet fellow students, it is much easier to give thanks around a table deliciously fragrant with the aroma of turkey, dressing, cranberry sauce, etc., is it not?

Thanksgiving makes one realize that life is good, and certainly worth living.

Charles Hanson Towne, in "Thanksgiving" said:
"And life is good when autumn's tapestries

Hang on the walls of the hills,
And there is a tang in the breeze,
And a roar in the rills.

And when the first snow shakes
The trembling boughs,
And makes the world a tremulous
white house,
I lean to look with wonder, lest
I miss

Some of the beauty, as winter's
-delicate kiss
Touches the roadways with a
lover's bliss."

Annual Classic Between
Wolves and Steers—

The Colorado Wolves and the Big Spring Steers meet in their annual clash on Turkey Day, each determined to wind up a fairly successful year with flying colors. The two teams offer almost the same record for the year with a slight margin in favor of the Steers as to comparative scores. Both teams have defeated McCamey and Midland, and

both have lost to Sweetwater and San Angelo. Sweetwater gave Colorado a worse drubbing than she did Big Spring, but the Wolves showed up much better against San Angelo. The Wolves will be outweighed slightly in this game but bid fair to make up in speed and wit what they lack in size.

The game should be the best of the year and all Colorado fans are eagerly looking forward to it.

Wolves Lose to Bobcats 39 to 7—

The Colorado Wolves put up one of the gamest fights of the year against the San Angelo Bobcats, Saturday. Though outweighed and outnumbered the Wolves gave Harry Taylor's squad plenty to worry about for three quarters. Almost all of the first half was played in San Angelo's territory and their only scoring threat was the one which led to their first touchdown, after the completion of a long pass in midfield. The half ended 6-0 in favor of the Bobcats. The Wolves scored in the third quarter when Burrows carried the ball over. In the fourth quarter, with about eight minutes to go the score stood 13-7 and then trouble started when the long strain began to tell on the Wolves who had insufficient reserve strength. The Bobcats ran the score up to 39 in the last few minutes of the game. The Wolves made 9 first downs. They all played a nice game, but extra good work was done by Barnett, Viles, and Burrows.

Senior Rings—

The Seniors are becoming a wee bit impatient, yet ever so expectant, as far as the Senior rings are concerned. The rings, however, are expected sometime this week, Mr. Majors believes.

Big Spring Game—

The Colorado Wolves will play their last game of this season Thanksgiving Day at Big Spring. Watch out Steers!

Holidays—

The student body is elated over

Santa Claus has just sent us several large shipments of Toys and Gift Goods which are now open and on display.

On account of the large demand this year Santa advises each and every one to make selections early, so as not to be disappointed.

Santa also states that he will be here to greet all the kiddies in person in a few days. WATCH THE PAPERS FOR DATE OF HIS ARRIVAL.

the holidays this Thanksgiving. This we count "among our blessings."

To the Wolves—

By Polly Frances Bellomy

Just because you've lost a game
Don't give up to rancid shame.
Just because you're feeling bad,
Don't let losing make you sad.

(You may think you're awfully
tame
And not so very much,
But you're to us a Notre Dame,
A Harvard, Yale, and such.)

Don't let those big Steers scare
you
Have confidence in what you do;
Flash your colors; make them run
Looking forward to the fun—

Wolves, football season's ending,
Thoughts toward other sports are
wending,
So now to conquer, not to fear—
In the last grand game of the
football year.

So pep up, boys, let's make a
show!
Don't let your feelings get too
low
That you'd forget our faith so
loyal,
Our dreams, our aims, toward
victory royal.

So just forget you lost that game,
You know, to us, you're just the
same.
Don't feel bad about one fall:
We'd love you had you lost them
all.

Whenever you do we think just
right,
Bear that in mind and give them
a fight.
Even though some things we know
you may lack,
You're keen, you boys of the red
and the black!

F. F. A. News—

The Vocational Agriculture boys accepted an invitation extended by Mr. Wulfjen to attend a roundup held at his ranch last Saturday. All the boys that attended took some active part in the roundup.

All the boys got quite a kick out of the roundup, as it was the first experience of its kind for several. In fact, some of the boys were tickled all over.

"Squibs"—

Another has joined "the battle of the rolling pin." Miss Elva Daugherty (graduate of '31) and Kent Howell were married Nov. 17.

Mrs. Cantrill says, "I never did see such an epidemic. Seems like the spring of the year."

I think she meant epidemic of marriages, however it might be that she has caught some other Napoleon holding his "lady fair's" hand.

Coach has gone in for advice to the lovelorn or whatnot. He advises the girls to beware of the boys wooing during exam time and especially the time history notebooks are due.

Thanksgiving Means Devout Mood Toward God And Fellow Man, Speakers Declare

"Out of the carcass sometimes comes the honey," quoted the Rev. W. W. Elliott in an address at the Lions Club Friday as the minister spoke on the subject of Thanksgiving. He referred to privations through which the early Pilgrims emerged to turn their faces heavenward and give thanks unto Almighty God for what they had.

"We are coming out of this depression, for God most surely is already leading us out of the economic stress that for so many months has gripped our very material life. Even though the depression has brought crashing reverses into our lives, we would, like the American pioneers yonder at Plymouth, turn our faces toward heaven and give thanks unto God in the spirit that possessed them in that day."

The speaker was introduced by Judge A. F. King, of the program committee. Following address of

YOUTHFUL BRIDE, DYING OF PNEUMONIA, SHOTS HER HUSBAND TO DEATH

Mrs. Wilford Bappart, 15, of San Antonio, informed Thursday that she could not recover from an attack of pneumonia, obtained a pistol and shot her husband to death. Body of Bappart was found across his wife's bed when members of the family rushed into the sick room after hearing a pistol shot ring out.

How that the gun came into possession of the woman is reported as a mystery. A verdict of murder was returned by justice of the peace Louis Biediger, who was called to conduct an inquest.

Rev. Mr. Elliott, Dr. C. C. Clingman, pastor of the First Christian church, spoke briefly on the subject introduced by Rev. Mr. Elliott.

"The functioning of such clubs as the Lions has been made possible through influences of the Gospel," Dr. Clingman said. "I thank God that I am back in Texas among a people whom I have loved for many years. And, in that, I thank God that I am in Colorado."

"In driving from my native state of Kentucky recently I found two good towns. One of them was Hope, Arkansas, where all the negroes in Arkansas had evidently come to town, and the other was Colorado."

The meeting was held in dining room at the Barcroft. Dr. J. A. Elvin Crymes was another visitor and addressed the club briefly. President Joe Pond announced that place for meeting next Friday would be determined following meeting of the board of directors.

Light Snow Flurry At Sweetwater As Cold Snap Recedes

Snow flurries were reported in Sweetwater Thursday morning as the Winter's most severe cold snap gave way to rising temperature. The week since that time has been featured with typical Indian Summer, such as for the most part has prevailed through the Fall.

Colorado experienced its most severe cold Thursday morning of last week when the mercury toppled down to a reading of 16 degrees. Freezing temperatures dominated almost every night during the week ending at that time.

With the coming of lower temperature farmers of the Colorado territory have given added attention to the task of butchering meat hogs. Abundance of feed rations have made it possible for the porkers to be conditioned in the best of shape. Country made sausage, spare ribs and other delicacies usually found in farm pantries after hog killing time abound in scores of these larders now.

VALLEY PLANTER RITES HELD SUNDAY AT FIRST M. E. CHURCH, McALLEN

Funeral rites for W. H. Cocker, prominent citrus planter of near McAllen, were held Sunday afternoon from the First Methodist church, McAllen. Burial was in a cemetery at the border city.

Mr. Cocker was a brother-in-law of E. M. McClellan of Colorado. His widow is an aunt of Mrs. Sam J. Smith, also of this city. Mr. and Mrs. Smith and Tom Pritchett were in McAllen Sunday to attend the funeral rites. Mrs. Smith will spend an extended visit with the family.

Deceased was for many years prominently identified with the business and political life of Waco. In later years after locating near McAllen he was water commissioner for Hidalgo county.

Negro Employee At Colorado Compress Has Hand Mangled

C. Mathews, negro employee at plant of the Colorado Compress Company, suffered a severe fracture to his right hand Sunday morning when the member was caught in a press. Bones in three fingers and the palm of his hand were mangled. The injured man was given treatment at the C. L. Ross hospital. Dr. Root stated Tuesday afternoon that the injured member would be saved. It was feared for a time that the injured fingers and probably a portion of his hand would have to be amputated. The negro, a native of Galveston, came to Colorado a short time ago to work at the compress.

FORTUNES WILL GO UP IN LOST INVESTMENTS IF BEER MAKING FAILS

Brewers of certain points in the North will be bad prophets in their own country and their mistake will have cost them plenty in the event beer does not come back, one would conclude in reading accounts of how that certain brewing interests are now spending millions in getting huge plants ready for operation.

Here in Colorado the question is generally accepted as a mooted one, with a citizen now and then who advances definite prediction that beer will be on tap within the next few weeks—or that it is not coming at all. Much speculation will be centered on the short term of congress to be convened in December as to what disposition will come of the demand "We Want Beer."

If beer is legalized nationally and in Texas, this State stands a chance to get at least one big brewery to be built by one of the largest concerns in the country, it is said. Plans for the brewery already are well toward completion, preparations for obtaining a site are being made and all that remains is legalization of lager. Breweries everywhere apparently are waiting only their product to be legalized before they begin their old-time work in full swing. And in an effort to get ready for the business they think is just around the corner brewery representatives are going all over the country getting their sales outlets lined up.

Depicting Doings of

WOLF PACK

By LOUIS COOPER

You have heard the one about a good big man and the good little man. Well it is still so. The good big Bobcats beat the good little Wolves after 3 quarters of close hard football.

The first three quarters of that game looked like it was just anybody's game. The Bobcats led the Wolves 7-0 at the half then at the third quarter Biffie, Bobcat back, scampered through the good little Wolf line for 4 yards and a touchdown. Late in this same quarter Hall carried the ball to the Cats 3 yard line and on the next play Burrows plunged the ball over and Viles converted making the score 13-7 end of 3rd quarter.

Then the good little Wolves grew tired and with only 3 men on the side line to relieve them while their surly opponents were kept fresh throughout the game with entire line and backfield substitutions.

In the last quarter the Bobcats, Big, fresh and burly, plowed through the tired, good little Colorado team at will, making 4 touchdowns and converting twice for a total of 26 points, making the final score 39-7.

So the story goes "A good big man can always lick a good little man." We wish to add "if he is kept fresh."

Bill Viles played his best game of the season in this tilt, getting away for some nice gains and his punts were perfect. Only twice during the game did he punt to the safety man. Always his punts would roll out on the side line away down the field.

Bad Hall and Burrows should share honors for their fine work in the affray. Burrows smashed the big Bobcat line wide open for the touchdown after Hall had run the ball within the 5 yard line on a reverse.

H. J. Barnett, the blond lad that has sat on the bench most of the year and watched Chas. Wigley perform at his coveted center position, had his day also, playing at Alexander's guard. Barnett played as much defense as any man on the field, by making seemingly impossible tackles and driving some smashing interference on offense.

Captain Stagner and Big Red Church played in the game—Nuf sed—you can always bet those boys are plenty tough in any game.

Yes sir it was a great game. All seven Wolf fans who saw the game will tell you as much. It is a shame for a fighting clean bunch of sports like the Wolves to not have the support of the town. When they were winning their games the whole town seemed behind them but, as soon as they dropped a game to Sweetwater's super team the whole following quietly faded away.

The team goes to Big Spring Turkey Day and are determined to defeat the Steers and with enough honest to goodness fans behind them, they are sure to do that thing. Sweetwater who was idle last week is to meet the San Angelo boys on Thanksgiving day. The game is to decide the District 3 championship. It will be just another game for Sweetwater.

Again we say our interests are in Big Spring this week. The Wolves are entitled to our support in this their last game of the season.

NOLAN GINNINGS DOWN FROM TOTALS OF YEAR AGO, REPORT INDICATES

Nolan county gin receipts, according to report from the Department of Commerce at Washington, are running behind totals reported for the same period a year ago. Prior to November 1 total ginnings in the county were given at 11,888 bales as compared to 15,647 bales at the same time in 1931. Figures have climbed rapidly, however, since compilation of that report, according to the Nolan County News at Sweetwater. Last week, so this newspaper informs, Roscoe gins alone had received more than 10,000 bales from the present crop.

Rogers Ramblings

The Rogers P. T. A. will present a good play in the near future. The name of the play is "When a Woman Decides" by Walter Richardson. This play has a real interesting plot and several good comedy characters including two negroes. The cast will begin practice on it this week. The cast of characters is as follows: Billy Defoe, worth a million or so, by Jack Carpenter; Maybelle Toney, pretty but phoney, by Tommie Barrier; Sias Sawyer, just a lawyer, by John Wood; Hilda M. Bril, just an ancient girl, by Mary Dickson Smith; Bessie Hayden, a poor little maiden, by Mrs. Jack Carpenter; Matilda Pelter, a real man getter, by Ruth Byrd; Rastes Toll, blacker than coal, by Ocie Green; Mandy Dehaven, no whiter than a raven, by Frank Cooper. Watch for the date and do not fail to see this fine farce comedy in three acts. School is progressing nicely, but several of the older students have been absent several days to help gather the crops. The Rogers school was well represented in the school parade at the County Fair. Several from this community attended the Armistice game at Sweetwater. We were glad to have Miss McGee to visit us last week and hope she will return soon. Mr. and Mrs. Bynum visited relatives of Ira Sunday. We are glad to see Billy Bob McGuire back in school after an illness of several days duration. Mrs. Joe Richburg visited Mrs. and Mrs. H. B. Barrier last week-end. Master Harland Ray Alexander was on the sick list last week but we are glad to report he is now recovering nicely. He is the young son of Mr. and Mrs. Vine Alexander. Several persons from this community attended the funeral of Mr. Davenport at Westbrook last Monday.

Mr. Odie Robinson and family attended the funeral of a relative in New Mexico on Sunday of this week. Mr. Stricklin and family visited in the home of Mr. and Mrs. S. C. Bynum, Armistice Bay. Harris Wilson has been on the sick list this week. Miss Mary Dickson Smith spent last week-end with her parents in Colorado. Mr. S. C. Bynum made a business trip to Sweetwater Monday afternoon. Mavley Green visited relatives in Colorado last week-end. Much progress has been made in the harvesting of the bumper crops in this community the last few weeks. All kinds Pencils at Record office.

Deer Season Opens Wednesday; Game Is Said To Be Plentiful In West Texas

With opening of the deer season December 15, Colorado nimrods were off to the wooded and mountain range sections of Southwest Texas in quest of the game. The San Angelo Standard-Times for Sunday published an interesting article on this annual attraction for sportsmen, as follows: As deer hunters come into town with their bucks packed on the side of cars, people come out and ask questions, how many shots were required to kill him, how far he was carried after being killed and if the hunter enjoyed his trip. In this section where the white tail or Virginia deer is found there is a great surplus of does and there have been complaints by ranchmen to the government asking permission to kill off some of the needless females. Last week a man counted 38 does in one bunch in Mason county. If a hunter kills one of these it will cost him about \$100.00 in fines and cost and conviction is always assured. Buck deer in this country average about 80 to 100 pounds. COLORADO WOMEN WERE IN ATTENDANCE AT BIG SPRING GROVE MEETING Groves from 63 Texas towns sent representatives to a Woodmen Circle district convention in Big Spring, Monday, November 14. Sweetwater Is Scene For West Texas' Most Interesting Classis This Week

West Texas' most interesting gridiron battle of the season will be staged at Newman Field, Sweetwater, Thursday afternoon of this week when the Mustangs and San Angelo Bobcats, each with an undefeated record, clash to determine which eleven is to win district pennant. The Sweetwater Daily Reporter for Sunday says of the game:

The greatest football game in the history of Sweetwater, with thrills galore, is promised for Sweetwater and West Texas fans at 2 o'clock Thursday afternoon when San Angelo's powerful Bobcats invade the Sweetwater Mustangs' corral at Newman Stadium.

Showing their power Saturday afternoon in defeating Colorado 39-7, the San Angelo team sent its last throes to the Mustangs, most of whom saw the game from the sidelines.

In spite of the splendid season for the locals, the Mustangs will enter the fray with fear and trembling due to San Angelo's rapid and powerful display of football in the last several games of her schedule.

The Bobcats, sporting the leading scorer of the district in George Delker, hard-hitting fullback, Curly Hays, a southwaver who believes in taking the ball player by surprise, a sweet broken field runner, and Reid, smart quarter who can also tote the hide, have one of the best balanced backfields in Texas high school football. Delker, the experts say, is the fastest man in mole skins in the district. He takes his 190 pounds and tears into the line with the force of dynamite. He also is as good a kicker as can be seen in these parts, and furnishes nice interference for the fleet-footed McGlothing and Reid.

The versatility of Delker is shown when he makes a sweeping end run.

It is seldom a line-plunging full can carry the ball around an end with equal dexterity. But Delker can do it.

Delker is ably assisted in hitting the line by Curly Hays, a 185-pound youngster who can handle himself to perfection. Hays uses his left hand to heave passes, and also knows his blocking.

The Bobcats have at the terminals a couple of lads by the names of Schuchard and Gregg. Schuchard was an all-district end last year, and is turning in the same brand of ball for the customers this season. Gregg, however, has been even more of a power than Schuchard. Schuchard weighs in at 162 while Gregg tips the beam at 182.

Newberry, 198, and McLendon, 191, fill the tackle posts and do a good job of it, while Raiborn and Callaway, 152 and 172, respectively, are the guards. Callaway has been mentioned by several coaches as all-district material.

Carruthers, the Bobcat pivot man, weights 174, and is the mainstay of the Feline line. He stands out in every game as a great defensive player.

Every man on the Bobcat starting line-up, with exception of two, have rated a letter in previous years. Hays and Raiborn are playing their first year in high school; however, both were regulars in Junior high.

With this galaxy of stars, along with Red Sheridan, Sam Baugh, Virgil Jones, Speegle Wood, Dodson, Pombly, Grimsley, McConnell, Hall, Halbert and Sam Jones, of the Pony squad, the Turkey Day show is expected to draw the largest attendance of any district game in Texas this year.

One Hundred And Fifty Coloradoans Have Joined Lions Club Since Organized

A service organization that has for several years held meritorious distinction in its home community, section and state is the Colorado Lions Club. During the past few years delegates representing the club at State and International conventions have brought back the pleasing news that Colorado Lions were posted well up toward the top in registering standing of clubs throughout the country.

Lionism at Colorado has flourished because the 152 men who have at one time or another caused their name to be placed on membership roster have adopted the principles for which the organization stands as their own. Community fellowship and benevolent programs of such proportions as to "sell" the citizenship on merits of the organization have combined to make for Lionism here a lasting impression in the hearts of the people.

The club was organized ten years ago and several of the men who pioneered principles of the service organization at Colorado are still as active as ever in club activities. Col. C. M. Adams, recognized as among the most enthusiastic Lions in Texas, was first president of the club and he is as active today as when he first took up reins of governing the club. There are several other members who pride in fact their names are listed among charter members of the Colorado Lions Club.

Out of the 152 men who during his past several years have held membership in the club, there are 42 active, aggressive Lions in town today, each bent upon coming up with his share of responsibility to the end of making the good name of his organization attain even higher credits within the community.

Lionism is not sponsored to make for special interest of any member nor to elevate the club in public opinion, but from its code of ethics upon which every successful Lions Club must stand, there has been built a unit of society bent upon developing responsibility in life and extending material assistance to those who through misfortune may not be able to help themselves.

There are several active members in this club today who first became interested in Lionism because of the above facts. Jim Harvey, a local minister and who has been chairman of the club blind fund three years, announced in an address a few weeks ago that he had never given any consideration to Lionism until there came to him the

information that hungry children were being fed and school tots with defective eyes were being fitted with glasses—all because there was a Lions Club in town.

Two winters ago Colorado Lions endeared themselves to scores of indigent school children of this community—not the result of well arranged scheme intended to bring commendation to any person among them, but rather to bring into practice one of the cardinal principles upon which the service club has been built. These children, due to poverty stalking in homes from which they came, were handicapped in their class room work. The Lions saw to it that each little soul was served a wholesome meal from the school cafeteria.

Next to the church, the home and the school, Colorado has an asset in its Lions Club that mean for something. Influences governing its program and the individual characteristics of each member may rightfully be listed among the inspiring factors that ever demand for a greater community fellowship in this town.

Canister Shot, Antidated Death Dealing Missive, Found Near Colorado By Mexican

Reminiscences of the past, during days when modern war equipment was unknown, were being recalled in Colorado Saturday by appearance of a canister shot found in sand along the Colorado river south of town. The relic was dug up by E. Paredos, Mexican, and brought to The Record office.

The missive, one of several shot in a light case that fitted into breach of antidated cannon, was used for firing at close range during Civil and Texas-Mexico war days. Sev-

eral of the shot were placed in the canister and as the missile was fired it was burst the shot scattering along principles similar to charge from a modern shot gun.

The shot weighs two pounds and two ounces. It is damaged from rust and erosion, indicating it had lain in its hiding place for many years. Probability that it was brought into this section by either Mexican soldiers during period before Texas' independence or lost by Federal troops known to have traversed the vicinity frequently a half century ago is advanced. The latter is more generally accepted.

Along with the cannon shot, Paredos brought a petrified acorn to the newspaper office.

BEING VICE PRESIDENT NOT GOING TO GARNER'S HEAD, HE TELLS HARVEY

Elevation to the office of vice president is not going to make a fool out of John Nance Garner, so the prominent Texan informed Jim Harvey, Colorado preacher, the other day.

Harvey, in Uvalde to hold a revival meeting, noticed Mr. Garner in lobby of the postoffice one day last week. Recognition was easy, due to many pictures the preacher had seen of the vice president-elect. "Pardon the interruption," Harvey said as he approached Garner. "I am a jack leg preacher from out in West Texas down here to hold a meeting and just wanted to meet you before you become vice president and the job probably caused you to become 'stuck-up.'"

"Stuck up, h—," retorted Garner. "Put 'er there, big boy. I am pleased to meet you. Being elected vice president will never go to my head, and you can lay to that."

Harvey afterwards visited at the Garner home. He stated Tuesday afternoon, however, that he did not get off on a fishing trip with the famous Texan.

Palace Theatre Has Interesting Program Billed During Week

If there remain any skeptics who doubt that Joan Crawford should be placed at the very forefront of Hollywood's leading dramatic actresses, those skeptics should not fail to include "Rain," the United Artists picture at the Palace Theatre, Thursday and Friday, Nov. 24 and 25, in their entertainment budgets. For here is a characterization to win the hearts of even the most skeptical.

The startling feature is that the role of Sadie Thompson is an entirely new departure for Miss Crawford, Never before in her great gallery of portrayals has she essayed one like it and yet there is probably no actress in Hollywood—or on the stage either, for that matter—who could approximate the artistry she displays.

Johnny Mack Brown is starred, and Evelyn Knapp, Zasu Pitts, Raymond Hatton and J. Farrell MacDonald are featured in "The Vanishing Frontier," a story of the Old West, which will be shown at the Palace for one day only, Saturday, Nov. 26.

The story is set in Old California during the period immediately following its ceding to the United States by Mexico. Government is in the hands of a military force, and natives look forward to a civil rule to replace the harsh martial law.

Charlie Ruggles has at last managed to keep cinematically sober over a period of a couple of months. The popular bemustached comedian, playing the role of a waiter in "Evenings for Sale," Viennese musical romance, based on a story by I. A. E. Wylie, and with music from the pen of Johann Strauss the Younger, which comes to the Palace Theatre Sunday and Monday, Nov. 27 and 28, doesn't touch so much as a drop of "likker" in the entire eight reels of the picture.

And that, for Charlie, is something, indeed.
At the Palace Theatre Tuesday and Wednesday, Nov. 29 and 30, a Fox all star picture of late release "Almost Married" featuring Violet Heming, Ralph Bellamy and Alexander Kirkland will be shown. Here is a picture for the who's family. Bargain nights 5c and 15c.

At the Palace Theatre Thursday and Friday, Dec. 1 and 2 "Blondie of the Follies" with Marion Davies, Robert Montgomery, Billie Dove, Jas. Gleason, Jimmy Durante and Zasu Pitts will be shown.

What a cast. Montgomery is as smart, suave, usual self. Miss Dove is lively as usual, Miss Dove effective, Durante, Gleason and Miss Pitts funny.

LOCAL OFFICERS ASKED TO MAINTAIN LOOK-OUT FOR HI-JACKING GANG

Colorado authorities late Friday night received request from Sheriff Reeder Webb at Odessa to be on the look-out for a bandit gang who earlier in the night held up a filling station at Penwell. The gang was trailed for some distance but managed to elude a sheriff's posse.

The thugs, three men and a girl, drove up to the station in a dark blue 1932 model Chevrolet coupe held up the attendant, took ten gallons of lubricating oil and ten dollars in cash.

Then they tied him down to a cot in the station.

But, one of the hi-jackers was drunk. So the party wandered across the highway to another filling station. Officers said the years were not Penwell people, but it happened that a nephew of one was in the other filling station. So, instead of holding it up, they visited a few minutes. Then the inebriated one decided he'd go across and kill the man they had left tied to the cot. He started across to do that but was entered the place the holdup victim left by a rear door, having freed himself from his bonds.
