"You may say to the students for me that I am proud of them for the way they have conducted the football season. This period of the school year is one of the most trying because so many schools over emphasize football to the neglect of all of its assignments well."

# A World's Record

MORE than three thousand births without a single loss of either mother or child! That is the official Fiatt County record of Dr. W. B. Caldwell, in fifty years' family practise in Illinois.

No wonder mothers have such entire confidence in giving little cnes Dr. Caldwell's Syrup Pepsin!

If you have a baby, you have constant need of this wonderful preparation of pure persin, active sense, and fresh herbs. A child who gets this gentle stimulant for the stomach, liver and bowels is alway; healthier. It keeps children's delicate systems from clogging. It will overcome the most stubborn

condition of constipation. It builds them up, and is nothing like the strong catharties that sap their strength and energy.

A coated tongue or had breath is the signal for a spoonful of Syrup Pepsin. Children take it readily, for it is really delicious in flavor. Taste it! Take-Syrup Pepsin yourself, when sluggish or bilious, or you are troubled with sick headaches and no appetite. Take some for several days when run-down, and see how it picks you up.

It is a prescription preparation which every drug store has ready; in big bottles, just ask anywhere fee Dr. Caldwell's Syrup Pepsin.
