

YULE GUEST IN COLORADO HOME LOSES LIFE FROM BURNS TRAGEDY TAKES LIFE OF FORMER COLORADO WOMAN

WIFE OF FORMER PASTOR DROWNED IN ICY WATERS OF LAKE AT GLENROSE

Tragic Death of Mrs. Oren C. Reid Occurs Tuesday While On Outing

Mrs. Oren C. Reid, wife of a former pastor of First Baptist church at Colorado and at present pastor of Riverside Baptist church, Ft. Worth, lost her life by drowning in the icy waters of a lake at Glen Rose Tuesday morning. Rev. Mr. Reid came near losing his own life in vain struggles to rescue his wife.

Funeral rites were held from the Riverside church Wednesday afternoon at 3 o'clock with Rev. Phil McCahey of Snyder and Rev. A. E. Prince of Brownwood, officiating. Rev. Mr. Reid, still suffering from shock and cold due to trying experiences in attempt to save life of his companion, disregarded orders of his physician to remain at home and attended the services. Burial was in Mount Olivet cemetery, Fort Worth.

Rev. Dick O'Brien, pastor of the local Baptist church and who succeeded Rev. Mr. Reid as pastor here, was among the many Texans attending the funeral rites. "One of the saddest funerals I have ever attended," he says. Joe H. Smoot and L. Gray, members of the board of deacons at First Baptist church, were other Coloradans attending the services.

Rev. and Mrs. Reid, after spending several strenuous days and nights working among the poor in their section of Fort Worth just before Christmas, had driven to Glen Rose Sunday afternoon for a few days rest.

Mrs. Reid was drowned when she slipped from a narrow dyke across a lake not far from the hotel at which they were stopping in Glen Rose. Rev. Mr. Reid and his wife were returning to their hotel after retrieving a knife lost nearby the afternoon before at a picnic lunch.

Rev. Mr. Reid was walking about fifteen feet ahead of his wife. Hearing her exclaim, "Honey, I am slipping," he turned around to see Mrs. Reid plunge into the icy waters. Without hesitation he dived in after her and made desperate effort to save her. Although he caught hold on her clothing he was unable to keep her head above the water. Doctors at Glen Rose expressed belief that Mrs. Reid died from shock.

The cries of Rev. Mr. Reid for assistance soon brought several people to the scene and the body of Mrs. Reid was taken into a nearby home where efforts at restoration proved futile. The minister, suffering from shock and cold, was taken to the residence of a Glen Rose minister.

Mrs. Wilkes was brought to the local hospital from her home at Rotan several days ago. She and her husband moved to Rotan last summer where he had accepted a place as teacher in the public schools.

FORMER POLICE CHIEF AT MIDLAND TRIED HERE FOR MURDER DIES LAST WEEK

King Reed Dies At Clarksville Was Convicted In Judge Smith's Court

King Reed, former police chief at Midland and an officer at Big Spring, died at Clarksville last week to close an interesting chapter in district court proceedings in Mitchell and other West Texas counties.

Reed, under indictment in Midland county for the slaying of J. C. Holcombe, night watchman at Midland, was convicted and given a penitentiary sentence in Judge Fritz R. Smith's court here last year. He had been tried twice before on the same charge, once at Midland and the other at Stanton. Non-trials had resulted in both.

A few weeks ago the court of criminal appeals at Austin reversed and remanded the case, placing it back on the dockets of 32nd district court at Colorado. District Attorney George H. Mahon, stated last week, that acting upon recommendation of the Midland district attorney, he planned recommending to the court that the case be dismissed.

NEW HIGH RECORD IS SET BY 1932 IN TOTAL INCHES OF RAINFALL AT COLORADO

4.25 Inches Falling On Eve Of Christmas Boosts Total To 38.04

Along with production of the largest cotton yield known in Mitchell county, the year 1932 witnessed a new high rainfall total, at least for the past twenty-three years, during which time official records of annual precipitations have been kept. Up to Christmas day a total of 38.04 inches of rainfall had been registered here during the year.

In 1919, the year in which an excellent crop yield was harvested, total rainfall was 36.28 inches, second highest during the more than two score years. A total of 36.05 inches was recorded in 1926.

Heaviest rainfall recorded during the twenty-three years for any one month also came during 1932 with a total of 8.98 inches in August. Second highest record for any one month was in July, 1919, when a total of 7.94 inches fell.

Following the unusually heavy rains of last August, 4.61 hundredths were registered in September. No rain was noted during the two succeeding months of October and November and none had been recorded during December until last weekend, when 4.25 inches fell within the space of forty-eight hours.

Few Drunks Noticed On Highways, State Patrolman Reports

The practice of driving motor cars along State highways while under the influence of liquor is evidently waning, State Highway Patrolman C. L. Shuck stated Monday morning. The official said that he had made no arrests during the holidays of that charge and had seen but few citizens who impressed that they had been indulging in strong drink.

Heavy penalty carried with conviction of this offense, along with determined campaign sponsored by both the highway and local authorities to curtail this vogue were given by Shuck as probable causes for fewer cases being reported.

"But we are still out after such offenders," he continued. "If a man must have his drinks he had better remain at home. Certainly he has no business under wheel of a motor car on our public thoroughfares when under the influence of liquor."

JOY OF CHRISTMAS ENDS IN TRAGEDY WHEN CHILD VISTOR FATALLY BURNED

Grand Daughter of C. P. Gary Buried At Big Spring At 10:30 A. M. Thursday

Fate elected to turn Christmas joys into bleak sorrow among members of the C. P. Gary family at Colorado through taking little Eleanor Jean Gary Westerman, 8, their granddaughter, in tragic death after the child had come from her home in Big Spring to spend a visit here.

Tuesday morning everything was joyous in the Gary home. Little Eleanor Jean, still dressed in her sleeping garment, came near a heating stove at 10:30 to warm. Her clothing was ignited and the child fatally burned. She was taken to a local hospital where doctors and nurses worked faithfully to save her life, but death came at 4:30 Wednesday morning.

The body was forwarded to the home of her parents, Mr. and Mrs. Cecil Westerman at Big Spring Wednesday morning by the Jones, Russell & Company. Funeral rites were conducted from the First Christian church in Big Spring Thursday morning at 10:30, with the Rev. D. R. Lindley, pastor, assisted by the Rev. F. S. Shuttlesworth of Lamesa, officiating. Burial was in Mount Olivet cemetery, Big Spring.

She is survived by her parents, Mr. and Mrs. Cecil Westerman of Big Spring; a brother, Cecil Westerman, Jr.; a sister, Celia Westerman, and her grandparents, Mr. and Mrs. C. P. Gary of Colorado, and Mr. and Mrs. J. H. Cornelius.

TESTIMONY BEING HEARD THURSDAY AFTERNOON IN \$12,000 MUSTANG CAUSE

Youth Suing Chester L. Jones After Losing Eye While Working On Ranch

Testimony in the J. T. Mustang damage suit was being heard in 32nd district court here Thursday afternoon. Mustang, former employee on the Chester L. Jones ranch, is suing the Colorado cattleman for \$12,000 damages as the sequel to loss of an eye.

The plaintiff Mustang, in petition filed in the case, recites that while working on the ranch one of his eyes was destroyed when a nail he was attempting to drive in a corral fence entered the member.

Judge A. S. Mauzey called the case a short time before noon Wednesday. Selection of a jury took up much of that afternoon. The plaintiff is represented by J. R. Cornelius and Carl Anderson of Sweetwater and Thompson & Barber of Colorado. Jones is represented by R. H. Ratliff of Colorado and Allen Wyatt of Dallas.

Verdict for the defendant was returned by jury trying the damage suit filed by J. M. Lewis of Conway against Lynn Halbert. The case grew out of accident near Conway school last March in which the small son of Lewis was crushed to death under wheel of a heavily loaded school bus. Halbert, a member of the teaching faculty, was driver of the ill-fated bus.

Halbert and his bond sureties were made defendants. Damages in the sum of \$4,000 were sought.

On the criminal docket this week only two cases had been disposed of up to Thursday afternoon. Ray Ellis, charged with driving a motor car while intoxicated, was convicted on two counts and given a fifteen day jail sentence in each.

J. W. Jones received a 4-year suspended sentence upon plea of guilty to the charge of forgery.

Judge Mauzey is concluding the last week of the term. He stated Thursday at noon that only one additional case was pending for this session.

With passing of the annual holiday rush merchants of Colorado find themselves facing another season in which work plenty must be attended to. This is the time for annual stock inventories.

Friday was a dull day, due to rains and bad road conditions but Saturday brought a day favorable to the belated gift purchaser and these thronged the stores throughout most of the day.

Fireboys Bring Christmas Cheer To 45 Homes In Colorado; Mrs. Dozier Helps

Santa Claus found his way into forty-five homes of Colorado's poor Saturday afternoon due to initiative of the fire boys, Mrs. Boyd Dozier and the Chamber of Commerce. In many of these homes actual want was found to dominate and no rays of sunshine would have entered the hearts of the children had it not been for this benevolent program.

"Members of the fire department are due much credit for bringing this cheer into the needy homes of Colorado," was the statement of Jim Greene of the Chamber of Commerce Tuesday morning. "In addition to repairing and painting the toys delivered them they purchased fruit, candy and nuts in sufficient quantities to leave a generous supply in each of the forty-five homes visited."

"And Mrs. Boyd Dozier certainly did have a big share in this worthy objective," Greene continued. "Mrs. Dozier supervised assortment and packing of the Christmas packages and routed them to the different homes."

Delivery of the packages was made by the fire boys. It is estimated by Mrs. Dozier that 125 children were made happy by the toys, nuts, candy and other gifts left at their homes.

The public lent cooperation in a fine way to this program, Mr. Greene said. Many of the toys brought to the fire station were in good condition and required no painting. "Why one family alone actually brought a barrel of toys," Greene concluded.

E. P. Ellwood and family, O. F. Jones and family and other citizens drove in from the ranch to attend the showing. The picture portrayed scenes attending entertainment of the newshoys on the ranch.

Harriett Ann was born on Christmas day, 1922. Every succeeding anniversary has been the occasion of added joy among members of this home, due to recognition that Santa Claus was especially considerate in having left a charming babe there, along with gifts of a material nature.

The child was recipient of a number of gifts. The birthday cake with ten burning candles was placed at end of the dining table occupied by Harriett Ann and after being admired and congratulations were given, the candles were blown out and the cake cut.

Christmas afternoon at five o'clock in the home of Miss Ruby McGill was solemnized the wedding of Miss Lila McCurry and Mr. J. V. Glover. The attractive living room had been made more attractive by the use of vases and bowls filled with fern leaves and lighted green candles effectively disposed.

The wedding march was played by Miss Hardison and the ring ceremony was said by the brides pastor Rev. L. A. Webb. Miss Hardison played "Tambourine" softly during the service.

Only the bride's family, the grooms father Mr. Glover of Laxbuddie and his sister and her husband Mr. and Mrs. H. P. Porter, Misses Ruthel McKinney, Nelda Garrett, Burnice Ramsey and the McGills were present for the ceremony.

The bride is a much loved young woman, who for several years has assisted Miss McGill in the County superintendent's office. She is the second daughter of Mr. and Mrs. Eugene McCurry. A recent illness in her family caused her to be mar-

ried at Miss McGill's home instead of her own.

Mr. Glover is the very efficient and popular teacher of the Buford school who has many friends in Colorado.

Immediately after the ceremony refreshments of fruit cake and coffee was served in the dining room. The table was centered with a wrought iron candelabra holding green candles and fern leaves being used here also as decorations.

Mr. and Mrs. Glover left that afternoon for points west and after the first of the year will be at home in the Buford teacherage.

First Methodist Church

Sunday we are to start out on another year. Would it not be an excellent thing if every Colorado Methodist should determine that he will be a bit more faithful to his church and its programs during 1933 than ever before?

We want "over the top" in our offering for the orphan's home at Waco. May we maintain such a distinction as to every duty coming to this church during the ensuing twelve month.

THE COMMITTEE

Methodist Christmas Program

The Methodist had their Christmas program Sunday evening at which time the offering for the orphanage at Waco was taken. The program which was a very beautiful one had been arranged by Mrs. J. L. Pidgeon and Mrs. N. H. White. It consisted of Christmas choruses, a duet by Mrs. Willbanks and Mrs. Melton, a solo by Mrs. Trowel, a trio by Miss Iris Tunnell, Paul Kniff and Ed Grubbs. A beautiful little pageant by the children portraying the star, the manger and the babe with angels guarding him while the children with lighted candles worshipped him.

One of the very special parts was a Christmas reading by Mrs. J. K. Mitchell of Gail who was visiting her sister Mrs. Jeff Dobbs. This was "Going Home for Christmas." Not a heart but was lifted in memory of Christmas with father and mother. As a conclusion Mrs. Frank Pidgeon told of the needs of the orphanage and the offering was taken up by representatives from each class in the Sunday School and deposited in a basket held by two small children. The church was asked for \$100.00 but \$143.00 was given.

LETTERS FROM THE PEOPLE

Colorado, Texas, Dec. 28, 1932.

To our friends who have called, telephoned and inquired, I am happy to say, all is coming our way.

Mrs. Keathley has been in bed since the 8th with the "flu", and it looks like she may be there several days longer.

After 13 days in bed with the "flu", I am able to be about inside the hotel.

The good service of our family physician, the faithful nursing by Mrs. Willie Workman, and our son, Sterling, and the mercy of our Heavenly Father, have pulled us through a severe spell of sickness.

Sporting a 20 day beard, my friend W. W. Porter, suggested I have my picture taken and compare it with that of "Uncle Fred", the big Boss.

My, we enjoyed reading The Colorado Record, one of the best county papers anywhere, after we got able to read. Here's wishing for us all, a prosperous 1933.

FAYDRESS MOATES DIES THURSDAY AFTER BRIEF ILLNESS; RITES FRIDAY

After an illness of only a few days Miss Faydress Moates died Thursday afternoon, December 23, at the home of her mother, Mrs. Clanton, and was buried Friday afternoon from the Methodist church.

Death is always sad, but a death coming so suddenly just at Christmas time, is doubly sad. She was so young to be taken, had been in her place at Sunday school on the Sunday before, planning with her class for Christmas and yet she spent her Christmas not on earth, but in Heaven.

The services were especially beautiful and comforting. The pall bearers were the men teachers of her high school and members of her Sunday school class had charge of the flowers. In the service, her pastor, Bro. Webb, was assisted by Rev. W. M. Elliott. After the choir had sung "Have Thine Own Way Lord," a most helpful, comforting prayer was offered by Bro. Elliott. Mrs. Wilkins sang "There Is a Wonderful City," and after Bro. Webb had read the scripture, Dr. Root sang, "Does Jesus Care?"

Faydress was a few months over fifteen, a member of the Junior class in high school, a member of the Methodist church, and a loving and lovable daughter and friend. She will be missed by a large circle of friends and schoolmates, who deeply sympathize with her mother and little sister in their loss.

Funeral arrangements were in charge of Kiker and Son.

Tragedy Takes

(Continued From Page One) where two physicians attended him. The body of Mrs. Reid was removed to Fort Worth Tuesday afternoon and Mr. Reid was taken to the

family residence, 3304 Race street, Fort Worth. Members of Riverside Baptist church, Fort Worth, together with those of First Baptist church here along with scores of other friends in Colorado, were deeply saddened by news of the tragedy.

Rev. and Mrs. Reid came to Colorado April 1, 1931, as pastor of First Baptist church, after resigning pastorate of the Riverside church in Fort Worth. He remained pastor here until Sunday, February 12, of this year, when he and family returned to Fort Worth.

Surviving Mrs. Reid besides her husband are a daughter, Mrs. Lee Howell of Waco; two sons, Clayton and Wayne, of Fort Worth; her father, W. H. Sheppard of Junction and two brothers, Tom Sheppard of Junction and Gus Sheppard of Los Angeles.

Former Police

(Continued From Page 1)

The killing, in which Reed himself was badly wounded, occurred the night of July 21, 1929, in Midland.

The two officers met at the corner of East Wall and South Baird streets about 2 o'clock that morning. Holcombe was pierced by two bullets from a .38 calibre police gun. One slug passed through his body, from a point 5 inches below the right armpit, piercing the heart. The other bullet passed through the right wrist into the right side, and ranged upward, passing out through the breast. This wound was not a fatal one.

Unofficial reports said the man met that morning and discussed a recent announcement of the chief that he would kill every unmuzzled dog he found on the streets. Shots rang out before anyone could understand the direct motive for them. There were four unexploded cartridges in Reed's gun, two in that of Holcombe.

Reed was carried to a Midland hospital, where he hovered between life and death for weeks, finally recovering and facing trial three times. Twice there were hung juries and once a verdict of guilty was found, but the appellate court reversed and remanded the case to the lower court for retrial.

Methodist Church Notes—

Rev. Oscar Bruce, who is visiting his parents and relatives during the holidays, will preach for us next Sunday morning. Bro. Oscar Bruce is working on his B. D. degree at Southern Methodist University. We are proud of him and want to show our appreciation for this fine young man by coming to hear him preach Sunday morning. Be sure to be present. You will surely enjoy his fine message. Sunday night at 7 o'clock we will have an old fashioned song service. Some eight or ten of the most favorite old songs will be sung. The history of these old songs will be given just before each number is sung. Come and enjoy this unique and inspiring service. Be sure to turn in your favorite old song. We may sing it. Next Sunday is New Year's Day. Let us start the new year right by attending Sunday School and church. Be sure to come. A mighty fine New Year's resolution would be a resolution to be faithful in attendance at all church services. Visitors are welcome.

Last Sunday morning Rev. Harrell preached a Christmas sermon on "The Great Light" using the text: "The people which sat in darkness saw great light; and to them which sat in the region and shadow of death light is sprung up." (Matt. 4:16). The scripture lesson was Matthew 2:1-12. The pastor spoke of the darkness which envelops the world where the Gospel is not. Of those who sit in darkness without making an effort to find the truth, and of those who love darkness rather than light. He stated the only hope for the world is Christ who said "I am the light of the world," and who also said, "And I, if I be lifted up will draw all men unto me." Rev. Harrell's subject for the evening message was "Rivers that run into the sea."

A good crowd was in attendance Sunday night, and a fairly good number were at church Sunday morning in spite of the fact it was Christmas Day and a number of our people were sick. We pray a speedy recovery for those who are sick and hope our church and Sunday School attendance will soon be back to normal.

Expensive Decorations Will Be Absent At Reception For Governor Ferguson

Expensive decorations and glamorous accoutrements will be absent from the inauguration reception for Mrs. Miriam A. Ferguson on January 17, when for the second time she is the honored person.

Instead of the gay-colored trimmings and fan fare of previous inaugurations, her first one included, rich decorations will give way to cheaper ones and perhaps to no decorations at all.

Present plans call for a simple and inexpensive reception. The people of Austin, who give and bear the expense of the receptions, contributed \$5,000 for Gov. Ross S. Sterling's inauguration two years ago.

The figure this year will not nearly approximate that, although a small part of the Sterling inaugural subscription was left over and will be applied this year. This year, instead of the customary subscriptions by citizens, tickets will be sold to Austin citizens and university students to pay for the reception.

Outsiders, who each inauguration are guests at the reception, this year will be allowed complimentary tickets.

Selections for the receiving line and other personnel are now in formation. The reception proper will be held at Gregory auditorium of the University of Texas and will consist of the reception from 9 until 10 p. m. and the inaugural ball, from 10 p. m. until 2 a. m.

In anticipation of a large crowd, flocking to Austin to cheer Mrs. Ferguson as she again grasps the gubernatorial reins, accompanying dances will be held at Austin's two largest hotels. Although attendance this year is not expected to be as large as former years, an overflow crowd for Gregory auditorium is anticipated.

Complimentary tickets to out-of-town guests may be had on arrival and will be recognized at all three dances.

Mrs. Ferguson, the quiet housewife, famous for her jams and preserves, has not made any plans yet for the inaugural and has not decided what she will wear.

Utility Corporation Honors Dr. Coleman At Directors Meet

At a recent meeting of executive officials of the Texas Electric Service Company at general offices in Fort Worth, the following resolutions out of respect to the late Dr. P. C. Coleman of Colorado, were adopted:

Again the directors of the Texas Electric Service Company are called upon to record the loss of one of its members in the death of Dr. P. C. Coleman.

Dr. Coleman was one of that band of sturdy pioneers who helped to make the great West and develop its wonderful possibilities, to build its cities, to cultivate its waste places, to make its fertile valleys and broad plains known to mankind, and to people that section with as fine and outstanding a type of citizenship as is known to the world.

For approximately a half a century he was a resident of the city of Colorado in this State, and as a physician he ministered to the sick, as a business man he was known for his probity of character and business ability, and while he had reached an age beyond that commonly allotted to man, his years were full of honors and of good deeds, and he will be sadly missed and his place can with difficulty be filled by any other man.

Therefore, Be it resolved by the Board of Directors of Texas Electric Service Company, first, that we join with the community in which he lived in grief at his passing, and to his family we tender our sincerest sympathy in the affliction which is theirs. Second, we will miss him at his place on the Board of Directors of our company, and will likewise miss the advice of his counsel.

Be it further resolved that a copy of these resolutions be forwarded to his family, and also be inscribed on the minutes of the company, and that a copy be furnished to the press of his home city.

"STAMP MONEY BEING USED IN CITIES OF THE COUNTRY"

NEW YORK.—Fiat money, or "stamp money," is being used in several hard-pressed American communities today, a United Press survey revealed.

The "stamp money" idea employed first by the Iowa town of Hawarden aroused interest elsewhere, while some communities applied the fiat money system by using tax warrants or "script" as tender for food, clothing and rent.

Hawarden issued \$300 in certificates to employes and others to whom it owed money. The certificate required a 3-cent stamp, purchased from the city, each time it changed hands, with the provision each certificate be traded at least once a week. When the stamps equalled the face value, the "money" could be redeemed for cash by the city treasurer.

Kansas City's annual charity fund drive was short \$350,000 of its goal \$1,662,800. W. Rickett Fillmore, general chairman of the city's allied charities, proposed that fiat money be issued for the needed amount. Fillmore proposed the charities organization issue the "currency" in payment of wages on public projects and arranged with merchants to accept it and affix the stamps as they exchanged it among themselves.

In Bloomington and Decatur, Ill., a different method was used. Bloomington teachers and creditors were handed \$35,000 in script. A subsequent school board bond issue enabled the city to retire the script. Meanwhile, the script was accepted by merchants, although bankers refused to accept it.

Decatur issued \$100,000 in script and retired about \$65,000 through a bond issue. Merchants accepted that still out in limited amounts. Some was handled by brokers at a 10 per cent discount for cash. Banks did not accept it.

Philadelphia city employes, who have gone payless one month, found merchants generally willing to extend credit on the basis of city warrants.

Unemployed residents of Minneapolis have their own script handled through their own exchange.

Two Chicago suburbs adopted substitutes for money following bank failures. They were Des Plaines and Park Ridge. The former formed a clearing house to take over depositor's claims in the closed banks, up to 20 per cent. The clearing house issued certificates for equal value which merchants agreed to honor at par.

In Park Ridge, merchants formed another clearing house, which issued script with real money behind it.

Ok'shoma City organized its "shirtleeve" exchange under supervision of the community fund. It began issuing script this week.

Yellow Springs, Ohio, set up an exchange under leadership of Antioch college and its president, Dr. Arthur E. Morgan. Script, valued exchange credits, was issued. Farmers and others selling produce and materials to the exchange received script. Employes may be paid in the credits and cash them in at the exchange for foodstuff. One Antioch girl student paid her tuition in milk.

The Spirit Of Christmas Means Man's Devotion To Humility, Service--McCloud

L. C. McCloud, superintendent of Col-Tex Refinery, delivered the following address at the Lions Club Friday of last week, speaking from the subject, "The Spirit of Christmas."

I hesitated to speak to you on the subject of "The Christmas Spirit," as this appeared to me as one of those abstract things that is difficult to talk about. You can not go to statistics and reference books and obtain any information on such a subject as Christmas spirit. It is something that can not be evaluated by the use of physical instruments. It cannot be placed on the scales and weighed nor measured with a yardstick. In fact, the subject should have been given to one of our men trained in spiritual values.

However, as I have thought of the subject, over the last few days, it has come to me that the really big things in life are not those factors which can be measured with a rule or inspected through a telescope, but rather those things which can not be measured in this way.

Who can measure love of country? Yet it is something so real and important that men and women have been ready to die for it and what is harder still to live for it. For there is no question but that it requires a bigger man to live for his country than to die for it.

Who can evaluate the spirit of the time? Yet it has been the controlling force in men's lives since the dawn of history.

Who can weigh a man's ambition, his striving to make a better life for himself, the better to support himself and family, and help others in less fortunate circumstances?

Who can estimate the force behind our churches and schools which end men on to more complete realization of one's importance here on earth?

There is no need to give additional examples. There is no question but that these spiritual things are just as real as the fact that water is wet or that fire will burn and as we turn the pages of history we will find that it has been these ideals which have influenced the course of civilization.

What is Christmas spirit? How did it start? When did it originate? Is it a real moving force in our lives or just an emotion that comes over us at this time of the year when we give presents and receive something in return which we do not want? This Christmas spirit is not scarce.

Mrs. Sallie Dozier and son Roy Dozier spent Christmas day in Albany visiting relatives.

thing which was thrown into the world full grown like the law of gravitation; nor did it spring out completely armed as from the head of Zeus!

If we turn back to ancient history we will find that there was a growing and increasing tendency of man to increase in his spirit of unselfishness. We will find that the stone age man was but little removed from the animal in the pursuit of his own selfish aims. As we look at old testament history we find that the early Jewish idea of God was an extremely selfish one. They more often spoke of God as an angry God or a jealous God; and evidences of God's wrath were frequent and his mercy little mentioned. And it is not until the time of David in his beautiful Psalms do we begin to hear of his tender mercy and have allusions to the Good Shepherd. This increasing tendency toward the spirit of unselfishness and service culminated in the teachings of Christ which are largely given to the idea of service.

It is impossible for me to quote the frequent passages from the gospels to prove this point but a few of them will suffice. First we have Beatitudes with their message of humility and service. Then the parable of the good Samaritan and the Sermon on the Mount. When mankind reaches the spirit of Christ it will have attained the greatest force that has ever been known. This spirit has been growing throughout the world since that time and we find it now the basis of a large part of our lives. It is not an emotion that comes to us as we celebrate this birthday but something that is fundamental in all we do.

It is the basis of our code of ethics and only as we Lions clubs develop this spirit of service shall we grow. If we turn to just an eating club, meeting here each week to spend an hour in good fellowship, our interest will soon die and the club would lose that thing which makes it grow and develop.

Our interest in the blind, our helping feed the children in our schools, our standing for proper government and city development, are evidences of service. Our very existence, as a club, depends upon this spirit of service which is the Christmas Spirit at its highest development. When we remember that "in as much as you have done it unto the least of these you have done it unto me." We have a real and vital mission for existence.

Well, as old Santa has come and gone, we hope every one had a merry Christmas and we are also wishing you a happy New Year.

Most every one is well again in our community. Grandma Laster is still unable to be up, but is better. We were very sorry to hear Chester Hart, of the Valley View community, has a very sick baby with pneumonia.

Lula May Scales of this community and Pete White of Dunn, were united in marriage at Colorado Saturday night. We wish them a long and happy married life. Lula May is the correspondent of the Snyder Times from China Grove.

The following took Christmas dinner in the Anton White home: Uncle Billie Hairston, C.M. Hairston and family, Joe Hairston and family. P. C. Witt and family are spending Christmas on the Plains.

Mr. and Mrs. York and children spent Christmas with Mr. York's sister, Mrs. Foy Evans, at Rosco.

Mr. and Mrs. Drake of Valley View and David Drake, took dinner Sunday in the U. R. Drake home.

Those taking Christmas dinner in the A. M. Merket home were: Frank Stevenson and family of Snyder, Floy Merket and family, Jim Merket and family. Callers in the afternoon were: Earnest Brown of Buford and family, Earl Brown and family of Valley View, Roy Allen and family, Leonard Allen and wife of China Grove.

Not very many attended Sunday school Sunday. So many had company and several families were visiting out of the community. But next Sunday is the first Sunday in the year, so let's everyone go to Sunday school and start the New Year right. There will also be preaching Sunday at 11 o'clock.

The China Grove W. M. S. is to meet with Mrs. C. F. Swan Wednesday in an all day meeting. No meeting today (Monday).

THE NEW YEAR COMES

There is something about the beginning of a new year which tends to revive waning hopes. Both literally and figuratively we close our books on the last day of the old year, take account of stock and make our plans for the coming twelve-month. There was more reason for halting

the new year in the old days when the calendar began with the vernal equinox, in late March, and the festival of the year's end was certain to be followed speedily by the revival of vegetation and the beginning afresh of the annual agricultural cycle. A great deal of the sentimental importance which we attach to New Year's Day is a survival from the pastoral civilizations of the past.

We are no better able than anyone else to predict what will happen in 1933. "Who knoweth what a day may bring forth?" We are certain only of one thing: that is that the New Year will be different from the old one. And we hope it will be a better year.

We have, at least, put behind us some of the things which made 1932 the hardest year in recent American history, for most folks, and we are closer to some things which promise better for the future. The election is over, for one thing; the European debt situation is at least beginning to be clarified. We seem to have about reached the end of the procession of bank failures. Farm products touched new, all-time low prices in 1932 and we cannot imagine that they will not average higher in 1933.

It seems to us that the coming year will necessarily be one of thorough readjustment, not alone in matters of money and trade, but in people's outlook. It may have been necessary for us to go through three terrible years of depression to purge our minds of the false

notion that the road to universal prosperity and individual wealth is an easy one. If it turns out by the end of 1933 that everybody has learned that he is entitled only to what he can get by working for it, and to be content with that, the New Year just beginning will be the greatest success ever recorded on the calendar.

FLEECE-BY "SALESMAN"

Again there are certain citizens of this town who have learned the lesson of being influenced by the seditious spell of the stranger presenting himself as being a factory representative of some well known concern.

About six weeks ago a fellow blew into town and calling at homes about the city announced that he had been sent to Colorado by a large history house with instructions to take a limited number of customers in on a most liberal holiday purchase contract. After the order had been taken, he informed his victim that a certain sum should be paid to him in cash, the balance to be collected by the merchant on delivery.

With several orders taken, along with several dollars munched from unsuspecting housewives and other citizens, he departed. Shipment was to be made in time for December 1 delivery.

A few days ago some of his victims became suspicious. Investigation of the purchase orders, each on one of which was left with the customer, developed that the most

congenial "salesman" had forgotten to sign his name in the place specified for such signatures.

And Christmas has come and gone with nothing more heard from the "salesman."

It would be good policy for every one of us to have no business dealings with strangers who may be at our door today and lost in the outside world tomorrow. Such disappointment would never come if the home town merchant was given the business.

OLD-AGE SECURITY

A writer in the American Mercury recently observed that there is one way of eliminating the danger of poverty-stricken old age—and a way which does not require government pensions, with added taxes, bureaus and thousands more public employees. That way is by taking advantage of the annuity plan, which has long been offered by life insurance companies here and abroad.

There are two means of buying annuities—by the payment of a single premium, which is, of course, a means pursued only by persons of some wealth; and by the payment of small monthly or annual premiums out of income. Almost any wage earner can afford an annuity in some amount, even though it be small. It is the finest form of savings, in that the principal cannot be touched until the age stipulated in the contract has been reached—and then a definite monthly income is paid to the policy holder as long as

he lives. The importance of the annuity is tragically demonstrated by the spectacle of millions of aged men and women without incomes of any kind. Many of these once had money, many others once held well paid positions. Today they are wretched of the state, or must depend for existence upon charity. The annuity would have saved them as, in the future, it will save those who take advantage of it now, when they are able to earn a god living and spare a few dollars a month for the sake of old-age security.

Christmas Day was an especially happy holiday event with Mr. and Mrs. A. L. Whipkey, pioneer citizens of Colorado. Every one of their children, all of whom live in different parts of the State, together with several grandchildren, came home for a family reunion. These included Mr. and Mrs. Stansil Whipkey and her mother, Mrs. Bywaters of Dallas; Mrs. Irene Robertson and son, Joe of Sunray; Mr. and Mrs. T. R. 22 Percent Of Persons Charged With Crime Found Guilty In Courts Of Texas

AUSTIN.—In its campaign to close to taxpayers the evils of the fee system of compensation for public officers, the senate fee investigating committee has made public a table showing that only 22 out of every 100 persons accused of crime are finally found guilty of the commission of crime.

"This table would indicate," the committee said in an accompanying statement, "that the apprehension and conviction of criminals has become only an incidental to the collection of fees."

The members of the committee are J. W. E. He Beck, chairman, Carl C. Hardin, vice-chairman, Tom Dellery, George C. Paul and Joe M. Moore.

Under the fee system, the sheriffs, district clerks, county clerks, constables, justices of the peace, district and county attorneys in varying degree receive their compensation in full or in part direct from the state on the basis of fees for services performed. In other words, the compensation of the official depends upon the number of services he performs and the fee paid for that particular service.

The sheriff gets mileage for transporting prisoners, for serving subpoenas; the district clerk is paid for entering upon his record the final disposition of a case; the constable is paid per arrest; the justice of the peace for each examining trial and so on almost without end.

"Consequently," said the statement, "there is an obvious incentive for the sheriff to travel as many miles as possible, for the justice to hold the maximum number of examining trials, for the constable to make the largest possible number of arrests. If these officials kept all ways in mind the purpose for which they are employed—the ends of justice—no criticism could be made; but this committee is forced to conclude that many of them hold their paragon duty is the collection of fees rather than the enforcement of law.

"This statistical table emphasizes this assertion, covering a period of 69 months from September, 1923, to May, 1931, it shows the criminal jurisprudence system, for the prosecution of felony indictments cost Texas \$12,439,103. This amount, of course, does not include the enormous jury expense which is borne by the counties. It shows there were during that period, 113,449 indictments and only 24,848 convictions, better than four to one, and the average cost of each conviction was \$500.48.

"It shows, too, that the number of outright dismissals without trial was 49,829, or about twice the number of convictions.

"It shows that the seriousness of the crime has little bearing upon the chances for conviction under the fee system. The man who steals a chicken is more likely to go to prison than the man who is convicted of violating the prohibition law. The percentage tables accompanying show that 43 out of every 100 persons indicted go scot free without trial, the next seven given suspended sentences and only 21.9 are sent to the penitentiary out of each 100 indicted.

"It is hardly possible to determine the number of persons indicted, since such a large part are multiple indictments. The rule should be to return only one indictment against one man. Instead that is the exception, and the rule is to return many indictments against each person. This holds true also on convictions, the trial court record showing a number of convictions although in fact only one man was convicted several times. Popular is the custom of indicting one man on 24

ten cases, and if he pleads guilty, assessing him ten sentences of two years in such case, to run concurrently. The state pays the cost for each of the ten trials, gets one conviction really, the man serving a total time of two years and each participating official gets ten fees. The state gets a single conviction for the price of one.

"This table shows that the prohibition law furnished the most indictments, although the percentage of convictions was smaller than for some other crimes.

"This committee has concluded that in many counties, violators of the criminal law are arrested and brought into court solely for the purpose of collecting fees and with no intent to send the culprits to prison.

"Such conditions should not be allowed to continue. There is only one adequate remedy—complete abolition of the fee laws, as a basis for paying officers.

"This is not a new question or a new agitation in Texas. This committee found that great Texas names Stephen Hooge, in a message to the legislature, pointed out the evils of the system, and that time recommended remedial measures. Later, on three separate occasions, in 1913, 1919 and 1927, the legislature has submitted to the people of Texas proposed amendments to do away with the fee system. Each time the proposal was defeated.

"The committee feels that on their own the fee officers themselves exerted their considerable political power to defeat the proposal. Since the various county officials' organizations have this year practically unanimously come on record in opposition as favoring the abolition of the fee system, the committee feels that there will no longer be any organization opposed to the amendment.

"It might be well, at this, to recall the words of Governor Hooge in his message to the legislature of January 11, 1895, in which he said:

"The disparity shown between the per cent of expense over the per cent of increase in criminal prosecutions presents, without question, a glaring wrong. In some instances it is well known that a single county official receives fees and salaries in the aggregate far in excess of the three supreme court judges, or more than the governor, the attorney general and the treasurer all put together. To discuss the truth, or deal with this subject mildly, is but to encourage abuses fraught with much danger to the public treasury."

RANCH GIRL MADE GLAD AS LOST PURSE FOUND

Little Pearl Robertson, daughter of J. M. Robertson of the Bush & Filer ranch, some thirty miles northwest from Colorado, was made to smile in a most generous manner Tuesday afternoon as her purse containing \$2.80 given her by her dad for her own shopping, had been found on a downtown street and returned.

Miss Marie Johnson, assistant secretary of the Chamber of Commerce, found the purse while returning to her office from lunch. She brought it to The Record office. Within a few minutes Pearl came in to announce that she had lost her purse. Imagine her smile of satisfaction when informed it had been found and would be returned.

After expressing her appreciation at the newspaper office, the child set hurriedly to inform Mrs. Johnson just how much she appreciated return of the leather wallet and the money it contained.

R. F. C. PROJECTS BRING EMPLOYMENT TO EXCESS OF 400 MEN IN MITCHELL

Every Community Sharing In Distribution Of Funds Awarded County

More than 400 men are being benefited through distribution of the R. F. C. fund awarded Mitchell county by the Federal government for relief of the unemployed, it was shown in statement made Tuesday afternoon by Jim Greene, secretary-treasurer of county employment committee. In every instance, so far as the committee is able to ascertain, work is being given to men who are out of employment and have dependents.

Every community of the county is sharing in this program, Greene stated. At Colorado approximately 150 men will have received work before January 1. Lorraine is giving employment to 60 men and at Westbrook a total of fifty are employed. As a rule these communities are improving the streets, important lateral roads, cemeteries and the school properties.

Through a designated representative every one of the rural schools have been allotted a certain number of working days. For the most part the work being done there consists of making improvements to the school grounds, playground equipment and buildings.

At Colorado five distinct improvement programs are being carried through, with some of them seeing completion as report was issued by Greene Tuesday afternoon. These consisted of projects at Ruddick Park, the county court house building, the cemeteries, street improvement and work at Cantrill Field.

At Ruddick Park, under supervision of O. B. Price, parks commissioner, workmen are cleaning the grounds, building additional tables and terraces. Arch entrance at East Seventh entrance is being completed with materials donated by the lumber dealer yards in Colorado.

The court house building is receiving its first general repair and is awaiting job since erection. A total of 14 men were at work on the building Tuesday, including carpenters, painters and others. All wood work is being newly painted and repairs made throughout the interior. The commissioners' court is paying purchase cost on the paint and other materials used, as the Federal department permits no such outlay from the fund.

Both the I. O. O. F. and Colorado cemeteries are today in better condition than for several months. Under direction of N. J. Booher a large crew of men have been working on the grounds several days cleaning out all weeds, rounding up the graves and otherwise transforming the place into an example of civic beauty.

Driveways through the grounds are being graded and in some places gravel is being placed to eliminate spots that become muddy during rains. County Commissioner Mack Holt is using county equipment to grade the driveways.

East Seventh street has been given a surfacing of nine inches of gravel from the Austin street intersection east to Ruddick Park. Other street improvement work is being done in the city, among which is the raising of East Third between Hickory and Cedar to divert flood waters collecting there into Lone Wolf creek. At present this water goes down the alleyway between Hickory and Locust and on in Lone Wolf beyond East Second street. A. B. Blanks, superintendent of the street and water departments, is supervising this work.

At Cantrill Field 800 yards of fresh earth is being used to level the gridiron and add further to development of a good sod surface. Eleven teams and seven men working under direction of U. G. Hardison, have been employed on this project for several days.

Under direction of County Commissioner Mack Holt additional men are employed on improvement projects on the Seven Wells and other public roads. Bad places are being raised and graveled and drainage ditches made larger where needed to carry flood waters.

Mayor Van Boston and J. E. Skelton, county commissioner, are supervising the work at Westbrook. In addition to improving the streets and school property, work is being done on the public roads.

Black-Draught Clears Up Sluggish Feeling

"I have used Theodor's Black-Draught for constipation for a long time," writes Mrs. Frank Chamberlain, of Wynne, Ark.
"If I get up in the morning feeling dull and sluggish, a dose of Black-Draught taken three times a day will cause the feeling to pass away, and in a day or two I feel like a new person. After many years of use we would not exchange Black-Draught for any medicine."
P. S.—If you have children, give them the new, pleasant-tasting SYRUP of Theodor's Black-Draught.

Palace Theatre Has Interesting Program Billed During Week

A Ruth Chatterton picture is always an event in this city. The coming of her second First National picture, "The Crash," to the Palace Theatre Thursday and Friday, December 29th and 30th will be no exception to this rule.

"The Crash" is said to be Miss Chatterton's finest vehicle, and a worthy successor to "The Itch Are Always With Us" which was her initial First National picture.

Theatre-goers who have come to regard Hoot Gibson as the screen premier cowboy star will find him in an entirely different role when they see his latest picture, "The Cowboy Counselor," which shows Saturday, December 31st at the Palace Theatre.

In this picture which first features Hoot as a high pressure book salesman only to find that the liwbook which he is selling embroils him in a situation where he must become an attorney at law, without license or training, he is in turn a clever comedian, a powerfully dramatic actor and finally a romantic hero.

"White Zombie," one of the eeriest and most fantastic stories ever pictured for the screen, will show at the Palace Theatre at 12:00 p. m. Saturday night, December 31, and American movie fans will thus learn of the occult practices in Haiti in which by processes of sorcery dead bodies are dug from their graves and put to work as slaves.

This city will experience gales of laughter Sunday and Monday January 1 and 2, according to a forecast issued yesterday by Manager Mrs. McKenzie of the Palace Theatre.

For the management has just succeeded in booking "Once in a Lifetime," Universal's satire on Hollywood film production which is said to be the funniest thing ever brought to the screen. The picture features Jack Oakie and Sidney Fox with a host of others well known.

"Madison Square Garden" is a drama of the ringside which tells the story of clean sportsmanship. The picture, which comes to the Palace Theatre, Thursday and Friday, Jan 3 and 6, is full of interesting inside scenes of Madison Square Garden showing some of the great events that take place there. There is a little love interest which makes it appealing for the lady patrons. Few ever it is a man and a boy picture essentially. A picture that every one will like and that is saying a lot.

There's big news for you in the advertising columns.

Mayor Alonzo Phillips, Clyde Smith, county commissioner, and Frank Crowmover, are in charge of the work at Lorraine. Street, public road, school and cemetery work is being done there.

They've Never Tasted a Tonic

THESE are not patent medicine children. Their appetite needs no coaxing. Their tongues are never coated, cheeks never pale. And their bowels move just like clockwork, because they have never been given a habit-forming laxative.

You can have children like this—and be as healthy yourself—if you follow the advice of a famous family physician. Stimulate the vital organs. The strongest of them need help at times. If they don't get it, they grow sluggish. Dr. Caldwell's syrup pepsin is a mild, safe stimulant.

When a youngster doesn't do well at school, it may be the liver that's lazy. Often the bowels hold enough poisonous waste to dull the senses. A spoonful of delicious syrup pepsin

once or twice a week will do this. It contains fresh laxative active senna, and pure pepsin does a world of good to any young child. You can assure this fine prescriptive preparation at any drug store. Just ask for Dr. Caldwell's syrup pepsin.

Get some syrup pepsin to help protect your family from bilious days, frequent sick and colds. Keep a little in your medicine chest instead of a cathartic that so often brings on chronic constipation. Dr. Caldwell's syrup pepsin can always be employed to give sluggish bowels a thorough cleansing, with none of that painful griping, or burning feeling afterward. It isn't expensive.

Friendship

The daily barter, the buying and selling in which we all are engaged, must have as its common foundation something other than cold commerce.

There is no business so great, no individual so powerful, that friendship cannot enter into their scheme of things.

We like to think between ourselves and those we serve there exists a feeling of harmony, an atmosphere of cordial, neighborly relations, rare in these times.

Our customers are our friends; their good will and their loyalty are the finest things we possess. And to each we extend the right hand of fellowship, in thanks and in amity—with gratitude for the past and with staunch confidence in the good things that 1933 will bring to all throughout the land.
