IMPROVEMENT IS REFLECTED IN COUNTY'S FINANCES

BANK STATEMENT SHOWS MATERIAL UPWARD TREND THROUGH PAST 90 DAYS

Loans Reduced \$150,000 and Deposits Climb \$222,593 Within That Time

The City National bank at Colorado made material strides toward a more stable plane during the ninety-day period ending December 31, report filed with the comptroller of the currency shows. During that period loans were reduced in the aggregate of \$150,000 and individual deposits climbed to \$94,000, an increase of \$222,593 over this total shown in report for September 30. Deposits at the bank have on several occasions passed the million dollar mark during recent weeks, but heavy withdrawals during the Christmas holidays sent the total down to below that figure. Total resources of the bank are given at \$1,235,330. Much of the loan payments received during the ninety-day period came from farm borrowers, bank officials stated Monday afternoon.

NO, WE HAVE NO CLOSE OUT SALE AS YET, BUT ONE MAY ARRIVE SOON

"Well, I do say. When did you all done gone and decided to have one of these here bankrupt sales?" was question propounded by a local negro to Tom Jones, janitor at The Record office, Tuesday at noon. "Who said we was going to have a bankrupt sale?" was Jones' rejoinder, eyeing his questioner with suspicion. "Well, nobody has to'd me, but I seen you cleaning the windows and figured that you was doing that so the sign painter could put some reduced prices on the front of this printing office store," the inquisitive one replied.

There is no bankrupt sale on at The Record office, as the porter stated, but the publisher does not know just when such an event may arrive. In the meantime, we plan doing our very best to maintain reputation of this newspaper as being one of the best in the West.

Initial Payment On State School Fund Will Be Made Soon

Initial payment on the 1932-33 per capita school apportionment is expected to be received by Mitchell and other schools of the State within the next few days. Such payment was authorized Saturday at Austin by L. W. Rogers, State superintendent of public instruction. The payment will be based upon one dollar for each of the approximately half million scholastics enrolled in the last census. Rogers estimated that three dollars of the per capita apportionment of \$16 would remain unpaid at end of the present fiscal year.

Garlic Culture Will Be Launched In Big Way on Hyman Farm

Mitchell county as one of the principal garlic producing areas of the country! That is to be in event cultivation of this highly odorous vegetable proves as profitable as H. L. Lockhart, of Dallas believes. Mr. Lockhart, owner of a large irrigated farm at Hyman, twenty-five miles southwest from Colorado, arrived in town last week to announce that he was planting 600 pounds of garlic seed on the place. That amount of seed should produce not less than two solid cars of garlic, so Mr. Lockhart stated. He advanced statement that more money could be made from this crop than some of the staple farm products, such as cotton and grain. Last year Lockhart demonstrated that artichokes produce prolifically in this area. From some of the plants almost a bushel of the tubers were harvested.

ODD FELLOWS EXPRESS CONCERN IN DEATH OF FORMER STATE MASTER

Colorado members of the F. O. O. F. fraternity expressed deep concern Friday morning in news of the death of Ray Rector at Stamford, former Grand Master of the State Grand Lodge. Rector was found shot to death in garage at his home in Stamford late Thursday night. A verdict of suicide was returned by the coroner. Rector, a native of Fisher county, had been prominent in fraternal and civic affairs in Texas for many years. He had been engaged in business at Stamford for several years. In a note left to members of his family, supposed to have been written just before he ended his life, no reason was assigned for the act.

Improvements have been made by the city and certain civic organizations of Colorado.

Motor Cars Must Be Registered Before February 1, Warns State Highway Agent

Motor vehicles of every classification must be registered on or before February 1, H. M. Baker of Austin, special agent for the State highway commission, warned while in Colorado Tuesday. There is to be no extension in the way of "days of grace," he declared, and provision of the law are to be strictly enforced. All commercial vehicles must be weighed and statement as to their weight supported by affidavit, Baker said. "Pick-up" machines must be registered for at least one-half ton weight. Baker was here to confer with John B. Holt, collector of taxes. He explained that tax collectors had no alternative in the premises but to comply with provisions of the law.

FATHER AND SON SHOULD WALK TOGETHER AS PALS WEBB SAYS AT F. F. FETE

When father and mother come to concern themselves about the future destinies of their son nothing will account for a more lasting balancing influence for good than proper home environ, Ollie B. Webb of New Orleans, assistant to the president, Texas & Pacific railway, stated in address delivered before annual banquet of the Future Farmers chapter Friday night. The program was given at First Baptist church. "If you dads, would shield your son from some of the vicissitudes of life, wending his pathway around many of the bumps and hard knocks that have attended your progress in life, you are entertaining an ambition that cannot be," he said. "Your son must of necessity meet these obstacles and work out his own destiny. There is an impelling stabilizer, however, that dad may bring into the life of his son, out of which great good to both will come," he continued. "Do not leave your boy alone in the world. Make of him your confident and your pal. Impress him that whenever he gets into a jam that his dad is his friend and wants the son to come to him with these troubles, rather than going to some one else. "When the boy stumbles upon a mistake in his program of life, do not assume the attitude of losing your head and impressing him that you do not care. To the contrary, take that erring son into your confidence and together work out an avenue through which his steps will lead him again into the road along which you would prefer that he travel." Mr. Webb stressed influences that ever come into the home from the

SCHOOL BOY CAGE MELEE TO OPEN FRIDAY MORNING FOR TWO-DAYS SCHEDULE

Cantrillmen Among Potential Quintets Out To Cop The Sectional Pennant

Twenty schools within western division of this interscholastic League district, including the Colorado Wolves, have been entered for Colorado's second annual invitation basketball tournament to be opened Friday morning for two days. The Wolves, considered as potential contenders for district pennant, will play their first round Friday morning beginning at 11, with the Westbrook cagers as opponents.

Selection of Colorado as host for western division of the sectional contest was made at Abilene Saturday by athletic and school officials of the area. This city was represented by C. A. Wilkins, principal of high school, and Jim Cantrill, athletic director. Facilities for handling the tournament and satisfactory manner in which community had entertained previous tournaments were among the factors swaying the meeting here.

The tournament will bring down 200 West Texas school boys to Colorado. Coaches, tourney officials and other visitors are expected to boost the city's guest list during Friday and Saturday to 250 people. The schools, Chamber of Commerce and several individual business men are cooperating in plans to entertain the group. Rooms are to be furnished complimentary to ten players and one coach from each of the contestant schools. Mr. Wilkins stated Tuesday. At that time additional rooms were needed, he said, and urged that Coloradoans extend every possible cooperation in providing for this feature. Those who will entertain some of these young men in their home Friday night are requested to communicate with either Mr. Wilkins or G. D. Foster at high school.

Opening of the two-day schedule is set for 8 o'clock Friday morning. In the drawings for bracket positions Monday morning, Coahoma and Blackwell were given the opening round. Winners in the first bracket are to play their second round Friday night at 8 o'clock and winners in the third bracket will contest for supremacy one hour later. A large silver basketball will be awarded winner of the tournament, with suitable trophies given to the

Women Of Mitchell County Spend Huge Sum Annually to Keep Selves Beautiful

Mitchell county women spend 1,389,210 hours and \$108,850 annually to make themselves beautiful, it is estimated by Alice Regina Clark, counsellor of the National Beauty Institute, Chicago.

Miss Clark bases her figures on the findings of a nation-wide survey which showed that the average American woman spends one hour a day or 365 hours a year in front of the mirror and expends an average of \$25 each year for cosmetics, treatments, and other beauty aids. The figure embraces all women 15 years old and over.

Her careful attention to the selection and use of cosmetics is responsible for the American woman's reputation of being the best groomed in the world, Miss Clark believes. That

she does not propose to give up this leadership despite the depression is evidenced in the sales of the better grades of cosmetics. Most modern women, she holds, find it economically essential to keep up their appearances, especially if they are in business of any kind.

Miss Clark also presents these additional interesting statistics: American women annually consume 100,000,000 pounds of cold cream, 50,000,000 pounds of fancy face creams, 52,000,000 pounds of skin lotions, 18,000,000 pounds of toilet soap, 12,000,000 pounds of bath salts, 8,000,000 pounds of face powder, and 4,000,000 pounds of rouge and lipstick. The total bill of the American woman for cosmetics alone is approximately \$375,000,000.

Chevrolet's 1933 Commercial Vehicles Being Shown By The Mills Chevrolet Co.

Chevrolet's 1933 Commercial vehicles, which goes on view today at dealer's truck showroom all over the country, include three distinct lines: the half-ton, with a wheelbase of 109 inches; a 1 1/2-ton wheelbase truck; and a 1 1/2-ton wheelbase truck.

Prices are greatly reduced, and on the half-ton line, range from \$330 list for the standard chassis and \$345 for the special chassis to \$559 for the Special Canopy model, with screen sides.

Range for the 1 1/2-ton wheelbase truck line is from \$480 for the chassis (\$570 with cab) to \$870 for the Van Panel model.

Chassis price for the 1 1/2-ton wheelbase truck line is \$510 (\$600 with cab) and prices for a variety of models range up to \$950 for the Van Panel job, which has dimensions of 142 1/2 x 81 1/2 x 80.

In the Panel bodies on the half-ton and on the 1 1/2-ton wheelbase truck, the roof is of the "French" type. Paint finish of the entire body presents a polished appearance. Particular attention is given to ride comfort. The seat is form-fitting and adjustable backward and forward, and the angle of the seat back is adjustable to three positions. Safety glass is used in the windshield, with a double seal. Seats similar to those in the truck cabs are used, but with "rebound snubbers" of fabric in the cushions.

The Sedan Delivery is a light commercial car of extremely smart appearance. Besides all the other chassis-features of the half-ton line, passenger car riding qualities are provided by shock absorbers and springs with the same specifications as those used on the sedan and the coach of the Chevrolet passenger line. Body finish is of high quality and the use of chrome plating adds to the generally pleasing and distinctive appearance of this model.

Engine in all three lines is a special truck type, and in the half-ton includes the new helical synchro-mesh gears of increased quiet. It is not only more powerful this year but operates more smoothly and with still greater economy than formerly. Horsepower output is increased throughout the speed range.

All three lines use larger front brakes, with wider linings and heavier operating parts. The larger rear brakes on the half-ton are equipped with the "cut-in" system of brake linkage. This permits the operation of both front and rear brakes by either the brake pedal or the hand brake lever.

Engineering features of the 1933 Commercial lines result from a special staff of Truck engineers, whose skill is entirely devoted to Chevrolet Commercial products.

Anniversary Of Two Pioneer Cattlemen Of Mitchell County Comes on January 20

Friday of next week, January 20, commemorates the past, some of them pleasant, others filled with shadows, will be in order for two of Mitchell county's first citizens. On that day J. D. Wulfjen and D. N. Arnett, among the first cattlemen to locate in this section of the West, are to celebrate their birthdays.

Mr. Wulfjen, said to be the oldest inhabitant of Colorado, was born January 20, 1845, in Williamson county, Mo. Mr. Arnett, a native of Burnett county, was born January 20, 1847, just two years later.

The Rev. J. M. Shuford, born on February 13, 1845, is another pioneer of this section who is soon to celebrate another anniversary. A veteran of Civil War, Rev. Mr. Shuford has spent more than sixty years in the active ministry.

Jim Greene, secretary of the chamber of commerce, was back at his office Wednesday afternoon after an absence of several days, due to illness.

The two pioneers have known each other intimately for many years. Before coming west sixty years ago they were friends and often as youths became associated together in round-ups or as herds of cattle were being moved from one location to another. Both retired a few years ago and live in adjoining homes on Chestnut street.

Messrs Wulfjen and Arnett knew his section of West Texas when the Indian and buffalo were dominant. They were here before any fences were built and all was open territory. They have followed progress of development as their adopted West Texas gradually went through transformation of building into one

Motorist May Now Purchase Gas Made At Colorado Plant

Col-Tex gasoline, product of the largest industrial plant in Mitchell county, was placed on sale at retail Monday. First of the motor service stations at which the locally manufactured gas may be obtained is located on West highway near the refinery in building formerly occupied by the Magnolia Petroleum Company.

Two grades of gasoline will be offered the public, Jake Richardson manager of the station, stated Tuesday. Col-Tex high compression motor fuel and regular gasoline will be sold. Distillate from the local plant will also be handled.

Heretofore entire output of the plant has been shipped to distant points for retail trade.

Should Big Spring withdraw from Colorado tournament Jim Cantrill's Wolves would be left as top-heavy favorites to turn back the field. In fact Colorado may be a championship contender this season, for Elvie Stagner, Red Church and Dick Cox are on hand to form nucleus for this year's club. Dunn, finalists in the sectional tournament here last winter, will be without the services of "Popeye" Geary, while Lorraine, another strong club last year, will not have blonde Jack Terry to direct play.

Westbrook, we notice, is again an entry. Gingerich, Westbrook captain, scored 28 points in a single game last year.

COLORADO SHOULD COP DISTRICT PENNANT, SO SPORTS EDITOR WRITES

In giving space to comment on the coming invitation tournament at Colorado Friday and Saturday, Curtis Bishop, sports writer on the Big Spring Herald, admits that the Cantrillmen have much in their favor to cop championship belt. Mr. Bishop says:

New Chevrolets Add Over 85,000 People to Payrolls of Nation

TOP: New 1933 Chevrolet roadster climbing hill at General Motors Proving Ground.

MIDDLE: New Fisher "No-Draft" Ventilation system illustrating how each passenger may have individually-controlled ventilation instead of being subjected to a sweep of air through the car, with resultant discomfort and danger to health.

RIGHT: New rear-end of all closed models screening all unsightly underparts of the car.

Chevrolet's public showing of its new 1933 line means a material court to national employment and materials consumption, since this company is the largest manufacturer in the largest industry in the world.

More than 85,000 people are back at work, 30,000 in the company's twenty domestic factories, 21,000 more in Fisher body plants working exclusively on Chevrolet-Fisher bodies, and more than 30,000 in coachworks throughout the nation.

As many more are indirectly benefited by the announcement, through making their livelihood by building parts for the car which Chevrolet makes from independent suppliers.

Chevrolet's 1933 volume totals 400,000 cars and trucks with a value in excess of \$1,200,000,000. This is said to be one of the contributions made by any one line, new or old, to the American economy.

featuring longer wheelbase, now Fisher "No-Draft" Ventilation and many other features which the company has designed to retain for it the leadership in the industry it has enjoyed for four years out of the past six.

Other features included in the new line are more power and speed in the engine, which is newly cushion-mounted; improved free wheeling, plus Synchro-Mesh transmission with Silent Second gear; a new "Starter" that greatly simplifies starting; such safety elements as shutter-proof glass in the windshield; larger and lower bodies by Fisher, in the new "Art-Stream" mode; three fewer controls, with really automatic features in some of those retained; an Octane Selector that insures the highest possible operating efficiency from all grades of gasoline, besides a uniform gasoline cost per mile; dash instruments of airplane type, for instant, easy reading; positive brakes; and still easier steering.

With all these, and many more, the price range continues to be mindful of the buyer's pocketbook. It has been found possible to equip the new Chevrolets with many elements that used to be confined to cars selling at several times Chevrolet's base price.

Since October, first, trained former employees have been going back to work in Chevrolet's widely distributed manufacturing and assembly plants, with welcome additions to the general purchasing power, made possible by more wage money in circulation. Throughout November, the increase in employment continued to a seasonal peak to the middle of December, when concentrated operations incident to prompt dealer stocking were in full swing. More than twenty million dollars worth of the new cars were in dealers' hands when the national introduction was made.

Land Producing 40 Pounds Lint In 1930 Made Bale To Acre After Being Terraced

The labor and cash outlay represented in properly constructed terraced lines are about the best investment a farmer can possibly make, according to claims of W. J. Hogue and his son, Carl Hogue, farming on the Dan Beeman farm at Longfellow.

In statement covering their farm activities during the past three years, filled recently with W. S. Foster, county farm agent, Messrs Hogue show that hillside land farmed with no terrace advantages in 1930 produced 40 pounds of lint. Last year the same land, after having been terraced, produced a bale to the acre.

"In 1930 we had no terraces on the land cultivated by us," the statement says. "Rows were run down hill. Ninety acres were planted to cotton from which a yield of sixteen bales were harvested. High yield is accredited to fact there was rich overflow soil making one bale to the acre. Maize yield was 500 pounds to the acre.

"In 1931 the land was disc broken to a depth of nine inches. County farm agent ran lines for terraces at an average cost of 40-11-12 cents per acre. Eighty acres were con-

tered according to lines. Eighty acres of cotton yielded twenty-eight bales. Maize acreage yielded 1,500 pounds an acre.

"In 1932 the remaining 80 acres on the farm terraced free of any cost. No terraces have broken excepting three into which the flood waters from 200 acres run. The terraces have a drop of 3 percent.

"From 80 acres of cotton in 1932 we harvested 60 bales and we feel sure that the exceptionally early frost, combined with heavy infestation of boll worms and fleas, destroyed twenty bales, making average production a bale to the acre, 3,000 pounds of maize to the acre and early cane producing stalks from 12 to 20 feet in height were gathered."

Terracing has increased Texas farm values an average of \$7.98 an acre, according to figures recently compiled by the Cooperative Extension department of A. & M. College. Reports from the Mitchell county and thirty-seven other agents were used in tabulating the average. Texas farm mortgage institutions have recently placed an even higher value, basing the added wealth at \$10.54 per acre.

Roby Cagers Take Defeat At Hands Of Cantrillmen 46-31

The Wolves annexed another cage victory Friday night in defeating the Roby quintet 46-31. This marked the third victory out of a total of four games played by the Cantrillmen during the season.

The game was staged at high school gym and was free of unusual starting on the part of any player.

COUNTY COMMISSIONERS COURT MEETS MONDAY IN FIRST 1933 TERM

The county commissioners' court was convened Monday for first term of the New Year. Minutes of court proceedings indicate that approval of bonds filed by county and precinct officials for the ensuing two years and authorization of current business accounts was the principle business passed.

There was only one new member among the official body. Frank Crowover, commissioner of the Lorraine precinct, succeeds Clyde Smith.

A Country Editor Looks at Banking

The editor of the Norwalk, Ohio, Herald takes a somewhat different view of the banking situation from a good many people. His idea is as follows:

"With rents falling and unpaid, real estate does not present a happy picture. Nor does the owner of carefully selected bonds feel any happier, with a bunch of them going wrong. A lot of folks very carefully invested in preferred and common stocks in the finest companies in the world and have seen them fall to perhaps a tenth of what they paid for them, and no dividends at all. Some folks kept their money in savings accounts in banks, and some banks have closed and left them high and dry. But the situation is worth looking at very carefully.

"On government authority, most banks that closed were really solvent but for frozen assets and popular timidity. Gradually the closed banks are coming out from under and depositors in even bad cases will get at least 50 per cent of their savings. That's tough of course; nobody likes to lose half of what they have scrimped and sacrificed and saved. But when you hoard and stick the roll of bills in a coffee pot or under a mattress, some plug-ugly comes along and burns your feet till you tell him to take it and welcome.

"And what about the great majority of banks that weathered the storm, met all comers and are doing business as usual, carefully and conservatively, but safely? What about the savings in those banks? They are a full 100 per cent today—and they are the only thing we know of at 100 per cent any where. After all is said and done, a good, well managed bank is still the best place in all the world for money or savings. Right now in Ohio the banks pay the taxes on all savings and pay their depositors net interest on their savings. We can't think, just now, of many other investments that are a tenth as safe as a savings account in a solid bank. Why, even a savings account in a closed bank is actually worth more today than most stocks."

METHODIST CHURCH

Sunday was a good day for us being our first preaching Sunday of the New Year. Bro. Lee read for a scripture lesson the 7th chapter of Matt. Taking for his text "Builders," from which he brought us an inspiring sermon.

Sunday school was better attended than for a few Sundays. Bad weather and sickness kept a good many at home. Hope the sickness is about over and we may be at Sunday school every Sunday.

The Missionary Society met at the parsonage Monday at 3 p. m. with eight members present. Mrs. Skelton brought the devotional, reading several passages of scripture, after which Mother Rowland led in prayer. Bro. Lee met with us. After reading a few passages of scripture he gave us a very encouraging talk, followed by a prayer. At the conclusion we made our pledges for the year. Hope to see more present next week.

FIRST BAPTIST CHURCH

We were delighted with our attendance at all services last Sunday. We had 437 in the Sunday school, and 87 in the B. T. S. Our auditorium was well filled for both preaching services. We were especially happy to see a large number of young people in these services.

We believe that the church going habit is the best habit in the world, because out of it grows so many other good habits. If you have been negligent about your church attendance allow us to urge you to begin again and follow the habit earnestly. If you are not a member of some other Sunday school, we invite you to study with us. If you do not attend preaching services some other place, we invite you to worship with us in any or all of our services.

Our weekly schedule is as follows: Sunday morning, 9:45—Sunday school. 11:00 a. m.—Preaching service lasting until 11:50. Sunday evening, 6:00 o'clock—B. T. S. 7:00 p. m.—Evangelistic preaching service.

On Monday evenings at 7:00 we have Bible study for the folks on the South side of the river. We are studying the book of Job. There were 36 present last Monday night. On Tuesday evening at 7, we meet at the church and study the book of

How Old?

He doesn't look a day over fifty. And feels like forty.

At the age of 62.

That's the happy state of health and pep a man enjoys when he gives his vital organs a little stimulant!

When your system is stagnant and you feel sluggish, headache, half-alive, don't waste money on "tonics" or "regulators" or similar patent medicines. Stimulate the liver and bowels. Use a famous physician's prescription every drug store keeps. Just ask them for Dr. Caldwell's syrup.

This appetizing syrup is made from fresh laxative herbs, active senna, and pure pepsin. One dose will clear up almost any case of headache, biliousness, constipation.

But if you want to keep in fine shape, feel fit to the year 'round, take a spoonful of Dr. Caldwell's syrup pepsin every few days. You'll eat better, sleep better and feel better. You will never need another laxative.

Give the children a little of this delicious syrup two or three times a week. A gentle, natural stimulant that makes them eat and keeps the bowels from clogging. And saves them from so many sick spells and colds.

Have a strong stomach, active liver and sound bowel muscles that expel every bit of waste and poison every day! Just keep a bottle of Dr. Caldwell's syrup pepsin on hand; take a stimulating spoonful every now and then. See if you don't feel new vigor in every step.

Have The Doctors Had A Square Deal? These Professional Men Ask of Public

In spite of bumper crops, political turns, and the promise of prosperity being just around the corner, DEPRESSION, hard times, lack of employment and scarcity of money is still stalking through our country. Just how much longer such conditions are going to obtain or when normalcy is going to return are matters purely speculative and conjectural. Be that as it may, just a little common sense exercising gives us the assurance that we are facing another 10 or 12 months of the same old drag, if not worse.

Heretofore we Doctors, without much questioning, have gone day or night to care for the sick and injured. We did this work cheerfully believing that our clients appreciated our needed services sufficiently to pay, at least a substantial part of the bill, when PAY DAY with some, and the fall of the year came, with others. Some have paid in full, some in sufficient part to be satisfactory, while many others have treated their accounts with total indifference—neither paying a penny nor calling at his Doctor's office to even thank him for his services. When we see such people at the shows, at the carnivals, riding in new cars, spending unnecessary dollars in many different ways SURE!! We ask ourselves the question, "HAVE DOCTORS HAD A SQUARE DEAL?"

DOCTORS NOT BUSINESS MEN We are professional men, and it is a known fact that Doctors, as a class have less business sense than any other class of men. This account for the event that many a Doctor with extraordinary ability, has given a long life service to the care of suffering humanity and finally die leaving an estate worth less than the original cost of his medical schooling. Our training has not been along business lines. Nevertheless our experiences, during the last two years, in collecting less than 10% of our hard work earnings have forced upon us the question, HAVE DOCTORS HAD A SQUARE DEAL? The majority of our number whose names appear below are reaching that age when certainly we should begin to calculate for some kind of support in old age. We naturally have but little confidence in the public providing for us when decrepitude and age-infirmities have rendered us totally and permanently disabled when that same public is failing to provide for us now while we are yet strong men and working for their better day and night.

A SQUARE DEAL IS ALL WE WANT: We fully realize what the DEPRESSION means to this country. Gladly and cheerfully will we cooperate in every reasonable way to help bear the burdens of those who need and deserve help; but to continue to care for those who arrange at the Bank, at the Dry Goods Store, at the grocery store, at the black smith's shop and elsewhere for their future needs, yet gives the

future need of a Doctor no consideration until the hour of such need comes—EXCUSE US PLEASE. If our services have a worth while rating why not plan for such services on a business basis? Suppose you try phoning some Banker and without reference, previous arrangement or security, you demand that he bring you in, haste, five, ten or twenty five dollars. Suppose you phone your groceryman some dark, gold night—you already owe him for two years rations—ask him to send out at once a side of bacon, a sack of flour, fifty cents worth of sugar, six bits worth of coffee and a dollars worth of beans. Suppose you were to ask such favors of any other sensible class of men on earth, save the Doctor, WHAT WOULD THE ANSWER BE??

OUR PLEDGE TO CHARITY: As for doing actual charity work, we each hereby pledge ourselves to do twice the amount of charity work as any other class of business or professional man in the country.

BROKEN PROMISES: If promises had any value we Doctors would have our homes paid for, some nice quarter section, well improved farm, paid for, a high priced family limousine paid for and money to loan. We are tired of promises that mean nothing, tired of labor without recompense, tired of sleepless nights without remuneration, tired of burning gas and lube and wearing out automobiles and getting nothing in return, tired of assuming grave responsibilities without compensation, tired of wearing our lives away without indemnity or amends—tired of servitude. We have families to support, children to educate, debts to pay, church pledges to meet, taxes to dig up, offices to maintain and a hundred other contingencies to meet, and your good will and broken promise suffices not for these things.

WE ARE NEITHER LEGALLY NOR MORALLY BOUND: There are many who believe that there is either a divine command or a statutory law that says to the Doctor, Thou shalt go when called, day or night, money or no money. Such a law of command exists only in the minds of the ignorant, and has never been found elsewhere.

A BUSINESS BASIS SOUGHT Why not begin the new year rich and go to your Doctor's office and ask business with him. Fix up that old account or note in a business like way that will be satisfactory and make arrangement with him to your practice another year on a BUSINESS BASIS. If you feel do these things HAVE YOU GIVEN YOUR DOCTOR A SQUARE DEAL?? A word to the wise is sufficient.

How Doctors Treat Colds and Coughs

To break up a cold overnight and relieve the congestion that makes you cough, thousands of physicians are now recommending Calotabs, the nausealess calomel compound tablets that give you the effects of calomel and salts without the unpleasant effects of either. One or two Calotabs at bedtime with a glass of sweet milk or water. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you wish—no danger. Calotabs are sold in 10c and 25c packages at drug stores. (Adv.)

MITCHELL COUNTY FARM NOTES

"My land is producing better than it did 15 years ago, since I terraced it," said J. D. Fuller of Cuthbert Saturday. "In another ten years this land, unterraced, would not have been worth \$10 an acre. Now it will be just as good 25 years from now. Before I terraced I never harvested a full crop, because I always had some part of the crop washed away. Now none of the crop is washed or covered up in heavy rains and where I used to have to replant sometimes as often as three to five times I seldom have any replanting—two acres were replanted last year and none in 1931." Mr. Fuller is running terrace lines on the remaining 35 acres of his place this winter.

A. C. Graham ran terrace lines on his truck farm Monday. W. H. Ezell ran lines on about 50 acres Tuesday.

H. I. Bassham and G. E. Brasuel killed, cut up and cured four hogs the A. & M. way Thursday and Friday. G. F. Fuller and E. S. Miles killed three Tuesday and Wednesday using the same method of killing, cutting and curing.

E. B. Willbanks and A. C. Melton cut up a hog the new way and are curing it using a commercial sugar cure.

Miss Alie Moore reports that her father and brother are curing out some boneless hams this year.

Now is a good time to prune roses, grapes and fruit trees.

Mrs. J. Eriordan says she will have a large black walnut tree cut back this winter and next summer bud to English walnuts.

NOTICE OF BANKRUPTCY PETITION FOR DISCHARGE IN THE DISTRICT COURT OF THE UNITED STATES FOR THE NORTHERN DISTRICT OF TEXAS.

In the Matter of Elijah Morris Reese, Bankrupt. No. 1512 in Bankruptcy.

OFFICE OF REFEREE Abilene, Texas, Jan. 5th, 1933. Notice is hereby given that Elijah Morris Reese of the County of Mitchell, and district aforesaid, did on the 3rd day of January, 1933 file in the Clerk's office of said Court, at Abilene, a petition setting up that he has been heretofore duly adjudged a bankrupt under the act of Congress, approved July 1, 1898; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the Court touching his bankruptcy, and praying for a full discharge, from all debts provable against his estate in bankruptcy, save such debts as are excepted by law from such discharge.

On considering the above mentioned petition, it is ordered that any creditor who has proved his claim, and other parties in interest, if they desire to oppose the discharge prayed for in said petition, shall, on or before the 9th day of February, 1933, file with the Referee for the Abilene Division of said district, a notice in writing of their opposition to a discharge in the above entitled matter.

D. M. OLDHAM, JR. Referee in Bankruptcy.

EDITORIAL
"The more one learns, The less he knows; Forever greater the Unknown grows."

The above could readily be applied to almost any mid-term exam student, especially since each one has received his mid-term report.

However, the students still feel refreshed after the recent holidays, and they are making a fresh, vigorous attempt in beginning the new term in a most cooperative manner.

At any rate, the verse at the beginning of this editorial cannot be termed "Encouragement" to the students, and encouragement is what every individual needs.

Even if the unknown does grow greater with one's learnings, it is all the more reason to conquer and master even more knowledge.

Knowledge is the Ship of Mercy upon the dark ocean of Ignorance, setting sail toward the desirable shores of Self-Attainment.

By self-attainment, by conquering ignorance, one can be his own master, his own playmate, and his own happy companion.

"La Tertulia"
The La Tertulia (Spanish) HD Club was favored with an interesting talk last Monday by Miss Katherine Buchanan. She spoke on "Spanish and Indian Festivals."

Her talk dealt with the fiestas of the Navajo and Pueblo Indians of New Mexico and in addition Miss Buchanan gave an interesting account of the celebrations of the Penitents.

The talk is one of the most interesting and profitable talks the Club has been favored with this year.

F. F. A. News
The local chapter of the Future Farmers' plan to start working out their dairy and livestock teams the latter part of this week. These teams will compete with other chapters at John Tarleton School and College Station.

Each team consists of three boys, and as an enjoyable time is had on these trips, there will be much competition between these teams.

Basket Ball News
Colorado has started the New Year off right by defeating the Lorraine Bulldogs three successive times. The Bulldogs have had more practice than the Wolves, but in spite of this, the Wolves were victorious. The Wolves also went to Roby to defeat them, and when Roby returned the game the following night, the Wolves were again victorious.

Colorado will play the Abilene Eagles at Abilene Tuesday, January 10th.

Colorado is staging an "Invitation Tournament," January 13th and 14th. Twenty visiting teams are expected. Tickets are on sale at Colorado high school.

Personals
The trophies to be awarded at the Invitation Tournament have arrived and are on display in the window of J. P. Majors Jewelry store.

Miss Cooper has several new pupils in her Commercial department.

Grace Callan, an active Junior has been discovered as an active horse-woman, also. When visiting on her farm, Grace, and her horse, Felix, are almost inseparable. "Ceg" Shepherd says Grace can ride a donkey well, too, considering the resistance offered by the donkey four successive times.

Dottie Silverstein of New York is a new pupil recently enrolled in Colorado high school.

Other new pupils enrolled were, Dorothy Dean Burnett of Ft. Worth and Viola Newman of Sterling City.

Use This Laxative made from plants

Theodor's BLACK-DRAUGHT is made from plants that grow in the ground, like the garden vegetables you eat at every meal. NATURE has put into these plants an active medicine that stimulates the bowels to act—just as Nature put the materials that sustain your body into the vegetable foods you eat. In Black-Draught you have a natural laxative, free from synthetic drugs. Its use does not make you have to depend on cathartic chemical drugs to get the bowels to act daily. Here you can get Black-Draught in the form of a SYRUP, for CHILDREN.

Valley View Visits

By PAULINE RINGENER
School News

Two new pupils were enrolled in school Monday, in the person of Melvin Walker, sixth grade; and William Walker, fourth grade.

The Lone Star Senior boys' basketball team came to play the Valley View Senior boys' team, Friday. The Valley View boys were defeated by a score of 12 to 6, although our boys lost the game, it was an interesting one.

This is the week we are to receive our report cards. We are hoping that there will be more games on the honor roll than there were last month.

The see-saws, basket ball courts and the water system, are being repaired, so they will be in good shape for the inspector.

Personal News
A good crowd attended the singing at Valley View Sunday. A good many visitors were present, and a good singing was enjoyed.

Mr. and Mrs. Saunders and family visited in the Alex Hale home.

Mr. and Mrs. Powers made a business trip to Seymour over the weekend.

Jeff Davis and family were Sunday visitors in the home of Mr. and Mrs. M. H. Davis.

SEVEN WELLS NEWS NOTES
By JUANITA COX

We have taken a three week vacation from writing our school news but we are back on the job.

Our Christmas entertainment was a financial success. Consequently our piano is paid for and in tune.

Mrs. U. D. Wulfin made us very welcome with this week. We'd like for her to come often.

L. L. Bassham is quite sick from a relapse of the flu.

Miss Sammie Hughes of San Antonio is visiting her brother, J. S. Hughes and is sick with pneumonia.

Robert Clay Stevens of Colorado who has been visiting at his home here, is ill this week.

Mr. J. H. Carlock and his estimable family, visited L. L. Bassham Sunday.

Mr. and Mrs. Henry Bassham and Mr. and Mrs. Bedford Duin visited Mr. and Mrs. Gary, Sunday.

We thank the Hesperian Club for a delicious treat of fruit and nut during Christmas.

Seven Wells is putting on a community play. Watch for the date sometime during February.

The warrants are triumphs of the printer's skill and of the penman's patience.

But, alas, the Bank of Rock Candy Mountain has ceased to pay out delectable sweets, and the fairy house whose walls were of gingerbread and whose roof was of cheese tiles, is gone, utterly gone...

The publisher expresses elation in the large number of renewals and new subscribers received during the past few weeks.

To merit confidence of the people of this county is our most cherished ambition. Timely gem reprinted from the Dallas Morning News: "A part of the greatness of Calvin Coolidge lay in the fact that he never needed a commission or a conference to make up his mind..."

Our friend Felix Dober announces that he has no intention of going down to Austin Tuesday of next week to attend ceremonies inducting Mrs. Ferguson into office as governor.

The big circus is on down at Austin. The legislature was opened Tuesday.
