

STATE MOVES TO BUILD ROAD PROJECT NORTH TO SNYDER

LOCAL BAKER LOSES ARM IN TRAFFIC MISHAP NEAR TOWN SUNDAY AFTERNOON

J. D. Hardigree, With Badly Mangled Member, Drives Car To Hospital

With his left arm badly mangled and suffering from shock and loss of blood, J. D. Hardigree, Colorado baker, late Sunday afternoon drove his car from east of the Odd Fellows cemetery to the C. L. Root Hospital, a distance of about four miles. The injured member was amputated shortly after Hardigree arrived at the hospital.

Hardigree was injured when his motor car and a Sweetwater truck side-swiped on Highway One. Hardigree, driving alone, was going east and the truck, operated by Haskell Scott and Henry Harbin of Sweetwater, was being driven west. Both machines were moving under considerable speed, according to information obtained by the authorities.

The Sweetwater men, enroute to Midland with a load of cotton seed cake, claim to have known nothing of the accident until approached by Dick Hickman, police chief, and Jack Delaney, constable, here Monday night. The officers attached suspicion to the Sweetwater truck after learning it was scheduled to pass Colorado about time of the mishap.

"I felt that we had hit that car and so suggested to Scott, who was driving," Harbin stated. "I opened door of the cab and climbed out onto the running board to look back. Seeing that the car continued toward Loraine, I dismissed the suspicion and we proceeded on to Midland."

After being hit by the truck Hardigree drove a short distance along the highway and decided he had better turn around and drive into town to have a doctor dress his arm. In manipulating the steering wheel after stopping he discovered the arm was broken.

The Sweetwater men have been absolved from blame in the accident, the officers stated Tuesday.

Hardigree, who is 25, is associated with his brother in ownership of the Bestye Bakery on East Third street.

Dr. C. L. Root, surgeon removing the injured member, stated Tuesday morning that Hardigree would probably be in the hospital several days. Bones in his arm were broken in several places and fragments of the shattered bone were protruding through the flesh when the injured man arrived at the hospital.

Dunn Pleased Over News That Highway Surveys Be Started

Dunn is very interested in Highway 101 and information that the State is to begin at once surveys to locate route for the improved thoroughfare came as good news to citizens of that community. Claude Hooks, among leaders there working for realization of the road, stated while in Colorado Wednesday morning.

Mr. Hooks had not learned that the State Highway commission had ordered surveys started to locate route of the road from Colorado to Snyder until given this information here Wednesday. He stated that he felt confident citizens of that community would extend every possible cooperation to the State in pushing the project through to completion.

Mitchell County Farmers Pledge To Take Forty Thousand Acres Out of Production

Nine hundred and fifty contracts, signed by that number of producers and pledging to take 36,892 acres of cotton out of production in Mitchell county for the present year, have been approved and forwarded to Washington by the central committee at Colorado. Inspection of crops was still in progress Thursday and it was expected that additional contracts would boost total cut to 40,000 acres. Quota assigned to Mitchell county by the government was 36,640 acres. Contracts already approved

FORMER COLORADOAN WAS ONE OF THREE MEN SLAIN IN FORT WORTH SATURDAY

Jack Sturdivant 'Gets Ride' As Sequel To Mail Theft, Officials Believe

Jack Sturdivant, 23, of EuLa, who with Harry Rutherford of Abilene and 'Beefy' Rutherford of Dallas, were slain Saturday night and their bodies thrown into the Trinity River in Riverside, lived in Colorado several years with his parents, Mr. and Mrs. J. E. Rutherford. The elder Rutherford was a Dodge car salesman here and was also associated with Jack Carter in operating a garage in the Coe building on Walnut street.

Rutherford and his associates are believed to have been slain as sequel to dispute over split of \$72,000 'loot' taken in a Fort Worth mail robbery last February 21. The dead men were last seen alive on a Handley street corner (near Fort Worth) Saturday afternoon.

O. D. Stevens, O. D. May, M. D. Howard and M. T. Howard of Tarrant county have been charged with the murders and in lieu of \$30,000 bond each are in jail at Fort Worth and Dallas. The four men were arrested Monday after clothing identified as having been worn by the three slain men was found in the Trinity near Fort Worth.

Bodies of the three men were found Wednesday night after authorities had conducted relentless search for three days and nights. Sturdivant is member of a pioneer West Texas family. Several years ago grandfather of the dead man owned and operated a ranch in Fisher county.

NOW IS THE TIME FOR US TO GO INTO TURNIP CULTURE, WOMACK SAYS

"If Mitchell county ever hopes to merge into the turnip business, now is the time to begin plans for attaining that end," G. W. Womack of Cuthbert declared while in Colorado Tuesday afternoon. Mr. Womack stated he would advocate that all farm lands on which cotton may be destroyed, be sown in the edible tubers.

"I do not wish to witness all this fertile farm land laying dormant and I am sure Mr. Roosevelt would raise no objection to us sowing these fields in which cotton is to be plowed up in something that we can eat," he continued. "Let our slogan be 'More Turnip Greens For Mitchell County.'"

SHEPHERD FARMER HAS MATURE COTTON BOLLS

Mrs. S. B. Vaught reports that cotton on her farm near Shepherd school, five miles east from Colorado, has mature bolls. The advanced cotton is on a low, sub-irrigated spot along one side of the field. Specimen of the bolls was brought to The Record office Monday morning.

Dr. Klingman Goes Back To Pastorate Near Louisville, Ky.

Dr. C. C. Klingman, pastor of First Christian church during the past eight months, left Monday for LaGrange, Ky., where he is resuming pastorate of congregation he left to come to Colorado. The minister was accompanied by Mrs. Klingman.

Farewell services at the church Sunday evening were attended by members of other congregations. Rev. Mr. Klingman stated it was the largest congregation he had addressed in auditorium of the church. He spoke feelingly of his friendly relationship with the people of Colorado, especially those of his own church.

Dr. C. L. Root sang a solo. The choir was made up of musicians from other churches of the city. Brief addresses lauding the minister and his work in Colorado were delivered by Rev. W. M. Elliott, pastor of First Presbyterian church, and W. S. Cooper.

MITCHELL COUNTY LEADER IN NUMBER OF MARRIAGES REPORTED FOR YEAR 1932

260 Certificates Issued At Colorado During Year; Nolan Is Second

Mitchell led all other counties in this immediate part of West Texas in the number of marriage licenses issued during 1932, according to figures released Saturday by the Department of Commerce. The number of certificates to wed issued at Colorado during the year is given at 260. Nolan county is in second place with a total of 185.

In the same group of fourteen counties Howard is shown to be leading in the number of divorces granted. During 1932 a total of 59 divorces were granted in 32nd district court at Big Spring, as compared with only 26 at Colorado. In 1931 Howard county reported 61 divorces granted. Two of the counties in this group, Andrews and Glasscock, reported no divorces during 1932.

Marriages in Texas were shown to have decreased eight-tenths of one percent during 1932, while divorces during the same period increased 19.3 percent over the preceding year. 40,192 marriage licenses were issued in the State during 1932, 40 divorces granted in district courts of the State during that time totaled 14,167.

The fourteen counties listed for this immediate section of the State, include Howard, Ector, Dawson, Coke, Gaines, Andrews, Glasscock, Martin, Midland, Mitchell, Nolan, Scurry, Borden and Sterling. 875 weddings were reported in the fourteen counties, as compared with 171 divorces.

New Water Well Is Completed At Park For Swimming Pool

Completion of a new water well at Ruddick Park is announced from the chamber of commerce. The well is being utilized as supply to furnish water for use in the swimming pool.

Jita Greene, personally managing the pool, states that the well is pumping about 35 gallons of water per minute. The pool was drained, leaks repaired and the interior walls given a coating of lime solution as a sanitary measure.

SEVERAL COMMUNITIES OF COUNTY RECEIVE RAIN ON THURSDAY OF LAST WEEK

Two Inches Fall At Colorado Light Showers In South Part of County

Rain fell over practically all of Mitchell county Thursday afternoon of last week, giving moisture sufficient for immediate crop and range needs. The rain was "spotted." Colorado reported two inches while Oklahoma reported two inches while

county light showers fell. North and east the rain was heavier. Loraine received about one and one-half inches of rain the day before. Farmers of that section report more rain than in vicinity of Colorado. The rain was general over much of West Texas.

ESKOTA RESIDENT HURT WHEN CAR, BUS CRASH

Mrs. C. B. Johnson of Eskota was slightly injured and her motor car wrecked in collision with an east bound Greyhound bus near Sweetwater Wednesday afternoon. The bus, slightly damaged, proceeded after minor repairs were made. None of the twelve passengers were hurt.

OKLAHOMA JOINS BEER CAMP BY LARGE VOTE

Rolling up a majority of almost 100,000 votes, Oklahoma wets Tuesday ushered that State into the 3.2 beer camp. Oklahoma has been bone dry for 26 years. Governor Murray issued proclamation authorizing thirsty citizens to drink all the 3.2 they desired, with no fear of ending up in meshes of the law.

FISHED AT UVALDE BUT NOT WITH JOHN GARNER

J. A. Pickens and family returned recently from South Texas where they spent several days fishing and otherwise enjoying vacation. Mr. Pickens stated Friday that he spent a few days fishing near Uvalde. "No, I did not fish with John Garner," he said. "There was a hill between us."

CROPS GROWING UNDER IRRIGATION ON HYMAN FARM ARE REVELATION

Crops on the irrigated farm of H. L. Lockhart in Hyman community are a revelation of what may be done in this part of West Texas. Lockhart recently harvested 200 acres of excellent wheat and has cotton, Indian corn, orchard, vineyard and varied other crops doing as well as might be expected under the most satisfactory conditions.

Water in his large reservoir, however, is low and but little irrigating will be done during remainder of the growing season unless rains fall along the watershed of Hackberry Creek. The field of Indian corn, watered a few days ago, is promising of producing a record acreage yield for this part of the West.

ADVERTISING BROUGHT RETURN WATCH CHAIN

B. L. Templeton, county clerk, lost his watch chain the other day. He ran notice of the loss in classified section of The Record last week, offering small reward for return of the article. Templeton was wearing his chain within an hour and thirty minutes after the newspaper went into the mails. "Advertising in The Record obtained results for me," he telephoned the office.

SURVEYS TO BEGIN THIS WEEK ON FIRST SECTION OF HIGHWAY IN MITCHELL

Scurry County Road Will Be Started Later, Dist. Engineer States

Actual construction of Highway No. 101, extending north and south through Colorado, is expected to be authorized within the next few weeks by the State Highway Commission. Surveys to permanently locate route over which the improved highway is to extend between Colorado and Snyder are to be started during the present week.

W. A. French of Abilene, divisional engineer for the commission, stated in Colorado Monday morning that his department had received orders to start surveys at once on first section of the highway, extending from Colorado north to intersection of the Mitchell-Scurry county line. With surveys made and accepted for the first unit, route will be located through Southern Scurry county to intersection with Highway No. 7 at Snyder.

Mr. French made no statement as to when the commission expected to ask for construction bids on the project. Neither did he have any instructions from Austin affecting the surveys in Colorado. He expressed the opinion, however, that the highway from Colorado to Snyder, considered favorably for several months by the State, would be completed without delay.

Proposal to pave this highway was received by county commissioners courts of Mitchell and Scurry counties last year. French visited Colorado and Snyder to extend proposition that the State would build grade and drainage structures and pave the road on condition the two counties pledged to furnish free of cost a 100-foot right-of-way. This was accepted.

A few months ago the commission announced designation of the highway south from Colorado to the Mitchell-Sterling county line. Campaign to build the road south to connection with Highway 9 at Sterling City was launched at rally held here a few weeks ago.

Robert Lee has recently expressed interest in the highway and citizens there are seeking to impress the commission with merits of the claim the route should be surveyed through that community and extend south into San Angelo.

E. H. Winn had the program in charge. W. H. Garrett conducted the devotional using verses from the 119 Psalm. Mrs. Shepherd and J. A. Ferguson led in prayer. Mrs. R. H. Looney made a splendid talk on "Reverence" for the Sabbath and Bert Smith one equally good on "Reverence for God's house." Superintendent Mahon presided at the business meeting at which problems of attendance, teachers and visiting were discussed. The board of Christian Education presented the plan they had worked out on church visiting and the names of members by streets were given out to the workers who are to be supervised by Dale Warren.

It was voted that the August meeting would be held at the park with all the church invited to be present bringing a basket for a picnic supper.

Mrs. Pond and Miss Price served ice box cake and punch at the social hour.

Christian Church Pays Tribute to Pastor

Friday evening in the church parlors the members of the Christian church gave a farewell party for Dr. and Mrs. Klingman. Mr. Holman, superintendent of the Sunday school told what Dr. Klingman had meant to the Sunday School. Mrs. Broaddus spoke for the Aid and Missionary society paying high tribute to the minister and Mrs. Klingman. Dr. Root spoke for the church board and the church.

Each division had enjoyed and appreciated the good sermons, the fellowship and Christian graces of these elect people. To show their appreciation in a small measure the church presented them with a beautiful clock.

Dr. Klingman's speech of acceptance and his thanks for the kind words and other kindnesses were most beautifully expressed.

"Blest be the Tie that Binds" was sung and home made ice cream and cake served.

Methodist Juniors In Westbrook Meeting

Wednesday afternoon seventeen of the Methodist Juniors accompanied by Mrs. Garrett, Mrs. Pidgeon, Mrs. Ferguson and Mrs. Grubbs went over to Westbrook and were in a joint meeting with the Methodist Juniors there. The Colorado children furnished some musical numbers. Betsy Grubbs, sang; Ross Glover gave a harmonica solo. Mrs. Grubbs playing for both of them and Alfred Edgar Maddin gave a piano number.

Mrs. Pidgeon told of the extensive Mission study period. Mrs. Garrett of the posters. She also talked on temperance and showed the children her big pledge roll. This was signed by all the Westbrook group. Pepsong were sung; games played and ice cold punch served.

Mrs. Garrett talked to the women about their work while the children played. All felt that it was a most profitable afternoon.

Woman's Union Prayer Meeting 38 Years Old

The Woman's Union Prayer meeting organized by Mrs. Abe Mulkey in July of 1895 is celebrating its thirty eighth birthday this month. The outstanding thing about this group of women is that during all these years there has never been a Tuesday afternoon when they did not meet for Bible study and prayer.

The women now living who were charter members are Mrs. N. S. Sherwin, Mrs. D. N. Arnett and Mrs. Q. D. Hall who still attend and Mrs. Hazzard of El Paso. Mrs. Van Tuyle has been a member for almost thirty six years. Many who have moved from Colorado have written testifying to its spiritual blessings in their own lives. Others who have passed on attended this prayer meeting the last of any earthly services.

The group is a member of "The Great Commission Prayer League of America." and in the League are known as "The Anna's."

From this they receive literature on prayer and other religious topics which they distribute.

The meeting Tuesday was with Mrs. Q. D. Hall with four present.

MOVIES

After a certain delay "The Sign of the Cross" comes to the Palace Theatre, Thursday and Friday. This picture deals with the persecution of the Christians along in the early years A. D. This picture features Fredric March, Claudette Colbert and Elissa Landi, with a supporting cast of thousands. The picture is well known and from what you have heard of it you will want to see it. Now is your chance; and you won't be disappointed. It is well worth while. The Palace Theatre is more than glad to offer it to its patrons.

Randolph Scott and Tom Keene are teamed for the first time in Zane Grey's "Sunset Pass" coming to the Palace Theatre Saturday. This is a straight western dramatic romance that, with few exceptions follows the familiar process. The Zane Grey story, given unusual production values, beautiful scenic back grounds, a competent cast and thoughtful direction, constitutes entertainment not only for the "western fan" and the youngsters, but also for those patrons who are looking for a little exciting diversity. Drama, excitement, action, romance and comedy are there aplenty. There is more than enough in "Sunset Pass" in the elements mentioned above, to interest the everyday man and woman theatre-goers. Supporting Scott and Keene is a cast headed by Kathleen Burke, Harry Carey, Noah Beery, Leila Bennett, Kent Taylor, Patricia Farley and numerous others.

"The Match King" coming to the Palace Theatre Sunday and Monday is the big attraction of the month. This picture features Warren Williams. Equipped only with nerve, personality, ruthlessness and mystery, he sold himself to kings, prime ministers and bankers, who in turn became his innocent dupes and paid homage to him as "the match king."

Watch this picture for particulars on "Employee's Entrance" next week. This picture features Warren Williams and Lorena Young.

HOWARD COUNTY PLANS VOTE ON LOCAL OPTION

Petitions requesting county commissioners court of Howard county to order an election to vote on 3.2 beer were started in Big Spring Saturday. The election date is set for August 25. Local option has obtained in Howard county several years.

Tells How She Lost 15 Lbs. of FAT

Rheumatism Gave Too

Here is a woman who was rapidly putting on weight and who was troubled with rheumatism too. Read her story:

"I started taking Kruschen Salts because of the good it had done for a friend of mine who had been crippled with rheumatism. At the end of the second bottle I was weighed and found I am now only 148 pounds (original weight 163 lbs.), at which I am so pleased. But I have also felt my rheumatism much less, which has been so troublesome in my knees. I must say I think Kruschen a splendid weight reducer." (Miss E. L. P.)

Overweight and rheumatic poisoning often go together. The six salts in Kruschen assist the internal organs to perform their functions properly—little by little that ugly fat goes; slowly, yes—but surely. You feel wonderfully healthy, youthful and energetic—more so than ever before in your life.

Kruschen Salts is obtainable at Crockett Drug Company and all drug stores—a jar lasts four weeks and costs not more than 85c. 3-G-2

Three new shows will be added to the poultry department at the 1933 State Fair of Texas, it has been announced. The All World Turkey Show, the Texas Rhode Island Red Show and the Texas Brown Leghorn Club show, will be new in this department.

Time spent in getting even would be better spent in getting ahead.

Contracts Signed—

(Continued From Page One)
specified acreage to be plowed up, according to communication received this week from O. B. Martin, director of Extension Service of A. & M. College, and supervisor in Texas for the reduction drive. His letter in part follows:

"Many inquiries are received concerning increasing offer where producer desires to increase the number of acres to be taken out of production. He may do so up to a maximum of 50 per cent of his entire acreage. In such cases have the producer make a new contract and destroy the other. In case the first contract has been sent to Washington, send the new contract to Washington with a letter of explanation requesting that the new contract be put in place of the old one. Local committees should see that the producers estimate on additional acres offered is in line."

Secretary Wallace Saturday extended time in which the reduction contracts might be filed from that date until Wednesday midnight, this week. In statement issued by the American cotton farmers from Washington, Mr. Wallace announced that the drive was going over "in a most pleasing manner."

Farmers whose cotton acreage reduction contracts have been returned by the local committee or whose contracts have not been inspected, should get in touch with members of the central committee at once.

METHODIST CHURCH NOTES

Our Sunday school is holding an unusual record. We had the same number Sunday, same date two years ago. The lessons are wonderful. One always gets a blessing in studying the lesson if applied to our lives. Brother Hagrell brought a great message at the morning hour. Genesis 35th chapter 1-7th verses. Subject, "God telling Jacob to go to

Bethel and establish an altar unto God." What appeared to him when he fled from the face of his brother Esau. Also another life searching message at the evening hour. Scripture reading 20th chapter 1st Samuel, 24th to 35th verses. Text 10th chapter Matthew, 8th verse. Subject: "Cast out Devils." Showing we each have some petty faults or sins we are holding on to. We look at the other person and think they

are committing an awful sin when if we would only search our own lives we might find a sin greater than our neighbors.

A two weeks revival will begin Sunday at 11 o'clock. Rev. Frank S. Neel of Amarillo, will do the preaching. We are praying and looking forward to a great revival.

PRIMITIVE BAPTIST SERVICES

Elders H. L. Gholston of Bush-creek, Tenn., and Dr. W. D. Aldredge of Andrews, Texas, able ministers of the gospel will preach at the Primitive Baptist church in East Colorado, Saturday, July 15th at 11 A. M. and at 2:30 P. M. Also Sunday at the 11-o'clock hour. Every-body invited.

INFANT DAUGHTER DEAD

Dorothy Anna Bauman, nine months old daughter of Mr. and Mrs. Gus Bauman, south from town pass-

ed away July 6th following an illness of several months. She was born October 18, 1932.

Interment was made in Rosecreek under direction of Loraine Undertaking Co. Friends extend sympathy to the bereaved parents who made every effort to relieve the little sufferer.

BITES FOR MRS. A. R. MILES

Funeral rites for Mrs. Maude Miles, wife of A. R. Miles were held at the Baptist church here July 6th at 3:30 P. M. with Rev. A. C. Hardin officiating.

Deceased, formerly known as Miss Maude Peterson and who resided here practically all her life was born June 19, 1907 and died July 5, 1933.

She was married to A. R. Miles in October 1925. To this union one child was born, a son W. A. Miles, age 5. Besides the son and husband she is survived by her parents, Mr. and Mrs. O. D. Peterson and three brothers, H. A., Claude and Al Peterson of Loraine.

Mrs. Miles was well known, well liked and highly respected.

She had been in failing health for the past few months with complicated illness for past two weeks.

BAPTIST CHURCH NOTES

Sunday school attendance rose to 163 at the Baptist church Sunday. Our assistant superintendent Bro. Clyde Bennett was also back with us. Why not make our attendance 200? Everybody should try to get warmed up a little spiritually before they ask God to bless them materially.

Rev. A. C. Hardin brought a sermon from John 12:21 Sunday morning using for his text "We Would See Jesus." The logical points brought forth in the spirited message were, "The life long cry has been see Jesus," "Job voiced such a cry," "Why would we see Jesus," "Where would we see Jesus," "How we might see Jesus" and "Will we pay the price to see Jesus?" Sunday evening his text was Rom. 6-23, "The Wages of Sin is death, but the Gift of God is Eternal life through Jesus Christ our Lord." Many beautiful and inspiring thoughts were brought out in this message.

We want all new members to feel at home and be willing to serve on program, lead in prayer or take part in sword drill. Do something besides sit and listen. Don't be a drone. We will welcome more adults. If you have a desire to win souls join the Baptist Training service and learn to pray, read your Bible and tell about your Savior.

The Primary Union won the banner Sunday evening. We have one of the finest primary leaders to be found. A quiet, prayerful, consecrated young woman with a number of years experience in primary work. The Senior Union will have to work to get the banner from the Juniors and Primaries.

BAPTIST W.M.S.

Westside Circle The Westside Circle met in the home of Mrs. Russell Cope Monday afternoon at 4 o'clock. A beautiful devotional about "Women of the Bible" was brought by Mrs. Reeder and the Mission study taught by Mrs. Clarence Roland. This circle will meet with Mrs. Hazel Henderson next Monday. Why not have 12 or 14 present. You will never regret coming.

Public Gave Every Aid, Holt Says For Equalization Board

Mitchell county property owners cited to appear before the equalization board were eager to extend every cooperation. Mack Holt, commissioner of the Colorado precinct, stated Tuesday. The court, convened in annual session as a board of equalization Thursday of last week, completed its work Monday.

"Members of the court were impressed with fairness as evidenced by every property owner coming before the board," Holt stated. "It is apparent that the citizenship of this county stand ready to do all within their power to encourage equalization of the tax burdens."

BALLOT FORMS FOR STATE ELECTION RECEIVED HERE MONDAY BY COUNTY CLERK

Five Amendments Be Voted On In Special Election Set For Aug. 26

Certified ballot form for the special election August 26 was received Monday morning by B. L. Templeton, county clerk from the Secretary of State at Austin. Mr. Templeton has delivered the form to Whipkey Printing Company as "copy" from which the ballots are to be printed.

The federal question is ratification of the proposed amendment to repeal the eighteenth amendment. Among the state propositions is one that, if adopted, would legalize the manufacture and sale of 3.2 per cent alcoholic beverages.

"Repeal of the eighteenth amendment will appear on a separate ballot. The four state questions will be grouped on one ballot.

Prohibitionists and anti-prohibitionists recently selected 31 delegates and 31 alternates to appear on the ballot. The group for repeal of the eighteenth amendment was given first place on the ballot under a heading "For ratification." The anti-repealists were placed opposite under "against ratification."

Other state constitutional questions to be submitted include: county home rule for counties having a population in excess of 62,000; issuance of \$20,000,000 in state bonds to aid unemployment relief; extension of the \$3,000 homestead exemption to counties where the state tax has been remitted.

COOPER ON INSPECTION OF CROPS IN MITCHELL

A. M. Cooper, Sweetwater, district representative for the government in handling farmer production loans, was in Mitchell county Monday on a tour of inspection of crops on which the government carries mortgage liens. The number of loans being carried is less in this county than last year, he stated.

IN MEMORY OF G. W. BISHOP

"Precious in the sight of the Lord is the death of His saints."

Monday evening June 26, 1933 God in His infinite wisdom and love, called our dear father home. George W. Bishop was born in Virginia, December 25, 1851. He was married to Mary C. Brooks October 25, 1871. At the age of 21 he was converted and joined the Methodist church. He served as steward for many years. Such a consecrated Christian life he lived, always having family prayer as long as his children were at home.

To this union seven children were born as follows: S. G. Bishop, Laura Bishop, Mrs. Sade Mayhew, Mrs. Lyde Ward, Mrs. Mollie McCurry, Frank Bishop and Wren Bishop, all of whom survive him.

He brought his family to Texas and settled in Coryell county where he had made his home for the past forty-two years and it was there that our mother died in 1919.

In September, 1924, he was married to Mrs. Elizabeth Johnson who survives him.

Our father had spoken several times of his going, and always said he was ready and waiting for God's call. He was very poorly for several years, but was seriously sick only two days, and passed away as one going to sleep.

His daughter, MRS. E. MCCURRY.

Farm Commodity Prices Expected Remain Stable Under Cotton Acreage Reduction

With assurance that the government's cotton acreage reduction program has been accepted by producers, comes additional hope that prices for farm commodities are to continue advancing toward higher levels, or in the least remain stabilized. The Dallas Morning News believes. The News for Tuesday morning says:

The headlines cry out that the success of the cotton reduction plan is assured. The actual basis of it, however, is that the farmers of the South will accept \$100,000,000 offered to them for value not received. And we have come upon such times that we are rejoicing about that.

The \$100,000,000 will set business going and merchants will profit by it more than the farmers will. For there will be few farmers who will be able to retain the benefits of it for themselves and their families. This is not to say that they will not be bettered, but rather that the betterment will be one of tiding over a period of distress.

The success of the cotton plan itself depends upon many things not yet realized. There is no merit in prophesying now. Much of the want on American farms today is result of the prophets of the new day who have said, lo, here, and lo, there, it was "relief" that achieved 5c cotton. There is no wigwagging out of that conclusion. But the relievers are still in charge.

The thing, however, is done. The \$100,000,000 is going to be given away. Not to take it means no saving. Meanwhile 10c cotton is here and some farmers who had saved over their cotton are cashing in on it. The likelihood that as good a price can be maintained for some time is strong enough to support considerable hope. The problem of how to bring 15c cotton and at the same time make it untempting to grow lots of it may have been solved. Those who believe so can rejoice that "le jour-de gloire est arrive." Those who do not believe it can wait and see.

Beer Fight Intense In Knox County As Forces Are United

Knox county is scene of an aggressive political fight over whether or not 3.2 beer is to be legalized, if and when the State votes favorable on this much debated issue August 26.

Several petitions were being circulated in the county Saturday asking commissioners court to order local option election on date of the State-wide election. At the same time drys were aided with a well organized speaking force. Both factions are reported well organized.

It is apparent that drys alone are to take the issue directly to voters in Mitchell county. A county wide organization was perfected at Colorado July 2, with special leaders designated for every community. No steps have been taken by the opposing group.

FIRST CHOICE FOR SAFETY and BLOWOUT PROTECTION

BLOWOUTS are caused by internal heat resulting from friction between the cotton fibers. Firestone Gum-Dipped Tires are the only tires made where every cotton fiber in every cord in every ply is saturated and coated with rubber, preventing internal friction and heat—the greatest enemy of tire life. This patented Extra Process make the tire Stronger—Safer—and gives it greater protection against blowouts.

NO OTHER HAS SUCH BLOWOUT PROTECTION TIRE

Performance Counts—Every winner in the 500-mile Indianapolis Race for fourteen consecutive years, has chosen and used Firestone Gum-Dipped Tires on his car.

Performance Counts—Every winner in the daring Pike's Peak Climb, where a slip meant death—for six consecutive years, has chosen and used Firestone Gum-Dipped Tires on his car.

Performance Counts—Firestone Gum-Dipped Tires hold all world records, on road and track, for Safety—Speed—Mileage—and Endurance.

Don't risk your life or the lives of others on your Holiday trip.

We will give you a liberal trade-in allowance on your old thin, dangerous tires, in exchange for Firestone High Speed Tires—the Safest Tires in the World. Tire prices are sure to go up. Take advantage of today's low prices.

COTTON GROWERS TO HEAR MOSER AT AREA RALLIES

SCHEDULED MEETINGS ARE TO BRING PROMINENT MAN TO THIS, OTHER COUNTIES

Colorado Rally Scheduled To Open At 3 O'Clock Next Friday, July 21

C. O. Moser of New Orleans, vice president of the American Cotton Cooperative association, will be principal speaker at a series of eight rallies in the 41 counties of the West Texas Cotton Growers Association during next week.

Cotton producers of this territory are urged to hear address of Mr. Moser at one of his engagements in this territory next week.

Not only can the West Texas Association market its cotton to the highest bidder, whether a co-op or a private concern, but the association may be split up into county units, each of which will also have its independent right to sell through private channels if the co-op selling organization does not meet competition.

This is a very long way from the cooperative plan brought from California to Texas in 1921 by Aaron Sapiro, under which the grower bound himself to deliver his whole crop to the central agency, no matter what the price.

Mr. Moser contends that the key-stone of cooperative activity should be the local unit that will "do anything that the farmer wants done."

Mr. Moser will discuss the new plan in detail at the series of meetings which he has been invited to address in West Texas next week.

The Motor Car Characterized As Deadly Weapon In The Record For 21 Years Ago

There were court judges of twenty-one years ago who indignantly described the motor car as "deadly weapons," and "instruments of destruction whose drivers should be shot under certain conditions."

One of the judges was quoted as having announced from his bench that in event he owned a loaded revolver and an automobile ran into him he would shoot the driver.

Horses and mules, employed as motive power by both the farmer and his town neighbor, continued to frighten and run away at approach of one of the snorting horseless carriages, The Record stated.

Youth Hopes To Be Member Lions Club After Growing Up

Wayne Reid Russell Friday delivered an address at the Lions Club that was appreciated by every man present.

"I have enjoyed my lunch very much. I have enjoyed being here today and hope that some day I shall become a member of this club," the lad said after being presented by President Joe Mills.

Wayne Reid, an orphaned boy, formerly made his home with the Rev. and Mrs. Oren C. Reid. Following the drowning of Mrs. Reid at Glen Rose several months ago he became member of household of Mr. and Mrs. Russell.

DISTRICT ATTORNEY IS MELANCHOLY; LOST HIS CHANCE TO LAND BASS

George H. Mahon, attorney for the 32nd judicial district, returned home Saturday night from a fishing trip on the Concho south of San Angelo to admit that he must be the scape-goat among all nimrods of Colorado.

Circumstances leading up to chairman of the attorney are detailed by other members of the party. After fishing faithfully for several hours, Mahon got a strike. In his over excitement he jerked his pole with such violence as to rip out the bass' mouth and tangle his line in branches of a pecan tree overhead.

ONE JOE RELINQUISHES LIONS CLUB GAVEL TO ANOTHER FRIDAY NOON

One Joe relinquished governing gavel to another during regular meeting of the Lions Club Friday. After calling the meeting to order and presiding for a time, Joe Pond, retiring president, presented his successor, Joe Mills, and escorted the new service club president to the chair.

Pond expressed appreciation to members of the club for cooperation given his administration. Mills spoke of his appreciation of the honor conferred upon him and pledged to give of his best during the new year.

All other recently elected officials were inducted into office. Brief addresses were made by each.

Dallas last week, Mr. Moser is spending this week in the Corpus Christi area, where cotton is actually moving under the new plan, and he will report on developments there when he returns to West Texas next week.

Horace Wade of Sweetwater was in Colorado Tuesday on business.

Plans for building a greater Colorado, were being formulated by Robert M. Webb, secretary, published in that issue of The Record outlined.

The Colorado volunteer fire department had held annual business meeting a few days before. F. S. Keiper was elected chief, Vivian Shropshire, assistant chief and Jerold Riordan, secretary-treasurer.

Dr. George W. Truitt of Dallas had concluded a series of revival meetings at the Baptist church Tuesday night of that week. The meeting was described as successful.

Wells points out that towns affiliated with the regional chamber are the only towns in Texas that will be given direct representation in the Texas exhibit, and that it is available at a ridiculously low price.

Colorado clean-swept Stanton here Sunday afternoon in scheduled Sand Belt Golf association tournament match. The score was 32-8, shunting the locals back into threatening position in competition with Sweetwater, Big Spring and Midland for ultimate pennant.

Midland gained four points on Sweetwater and Big Spring, the association leaders, in defeating Snyder 24-16 and Sweetwater, holding down top post, halved match at Big Spring, 20-20.

During the tournament series Sweetwater, with ten games played, has run up a total of 236 points. Midland, with nine games played, has a total of 222 points, tagging 14 points behind.

THEIR CHAIRMAN HELD IN JAIL, COMMISSION MEMBERS MEET THERE

LOVINGTON, N. M.—The Lea county board of commissioners met in the county jail recently because their chairman, J. H. Simpson is lodged there without bail in connection with the death of Oscar Adams, Tatum cattleman.

Simpson is serving his second term as county commissioner from the second district. Last week he was arrested on a charge of killing Adams at Tatum. A coroner's jury held him responsible for the shooting, and following a preliminary hearing Friday he was bound over to district court action without bail.

In order that their chairman might be present and preside at the regular July session of the board, the other two commissioners, W. M. Snyder and E. L. Robinson, went to the jail to hold the meeting.

Short Crop Boosts Price Of Wheat To New High Figures

The few Mitchell county farmers who harvested wheat crops this summer are to give credit to an unusually short American production for gradual climb in market quotations. Some of the grain was marketed as threshed. Other farmers, among them H. L. Lockhart, is holding for still further advanced prices.

In a statement issued at Washington Monday Secretary Wallace said he would proceed with his program for cutting American farm production despite the forecast that the smallest grain crop harvest in fifty years was in prospect.

Many large areas in the middle West have the poorest crop outlook within memory of their oldest settlers. A considerable number of planters in this section of Texas did not harvest sufficient grain to adequately repay for the investment and labor represented in production.

S. L. Davis and family, recently of Spur, have moved to Colorado to make their home. Mr. Davis is associated with the Southwestern Life Insurance Company. They have taken a residence in North Colorado.

COLORADO HAS URGE THAT CITY COOPERATE IN WEST TEXAS BOOTH AT CHICAGO

Regional Chamber to Sponsor Exhibit At World Fair, Thompson Advised

Colorado has an opportunity through the West Texas Chamber of Commerce to have direct representation at A Century of Progress with literature, a miniature exhibit, and its name on a large relief map of West Texas—all at a very nominal cost.

C. C. Thompson, local WTCC director, has received from Spencer A. Wells, vice-president of the regional chamber, the details of the offer to the affiliated towns, and has been urged to get Colorado's subscription to the plan at once.

The West Texas Chamber of Commerce has secured space in the Texas exhibit for a West Texas display provided a sufficient number of cities cooperate in the plan which calls for the regional chamber putting up half the cost of the exhibit and literature, affiliated towns putting up the other half.

Wells points out that towns affiliated with the regional chamber are the only towns in Texas that will be given direct representation in the Texas exhibit, and that it is available at a ridiculously low price.

For forty dollars, an affiliated town will get a fourth page write-up in the one hundred fifty thousand West Texas booklets to be distributed at the fair, and will have its name prominently shown on the thirteen foot square relief map of West Texas which will form the main part of the West Texas display.

The big relief map has been constructed by students in the engineering department of Texas Technological College, and it is the first of its kind ever made. It shows the exact topography of West Texas and Eastern New Mexico, the production of the various sections, and the location of affiliated towns.

He is to leave Friday morning for Brownfield where Friday night another revival is to be opened. The minister reports a successful meeting, with ten additions to the church there.

During absence of Minister Harvey, Jim Watson is to have charge of regular services at the church here.

MISS MILLER RESIGNS AS PRESS SECRETARY

Miss Trena Miller of Rotan, secretary of the West Texas Press association has tendered her resignation to Ralph Shuffler of Odessa, president. Miss Miller resigned due to ill health.

Ralph Shuffler, Jr., son of the president, has been named acting secretary until the annual convention to convene in Sweetwater August 18-19.

Finances Of Colorado In Excellent State Auditor's Report Filed With City Shows

The administrative affairs of Colorado during the year ended April 30 were handled in an efficient and economical way, report of John Deffebach, auditor, shows. Mr. Deffebach filed his report with the city council Monday night and it is published in condensed form in The Record today.

That Colorado operated on a net gain of \$16,094.52 during the fiscal year, is shown in comparative exhibit of receipts and expenditures. During the year the various funds were credited with receipts aggregating \$70,987.13, as compared with expense items totaling \$53,992.61.

Resources of the city are placed at \$605,591.32. Liabilities, listed as bonds and time warrants payable, total \$276,193.28, leaving a surplus of \$338,398.04. The statement shows that the city has \$23,726.73 cash on deposit in the bank.

The auditor commended city officials for the efficient manner in which accounts were handled during the year. Receipts were deposited in bank to their respective accounts, disbursements were properly authorized and all signatures and endorsements appear to be in order, statement by the auditor outlined.

Miss Emma Gunter, home demonstration agent, is anxious to collect magazines for distribution among members of her 4-H girls clubs. Announcement was made at the Lions Club Friday by the president, Joe B. Mills, that any person desiring to cooperate in this program leave the magazines at The Record office.

"This is a most worthy cause and I am confident a number of you men will be pleased to give it your cooperation," Mills stated. Magazines that have been discarded in the home and other acceptable literature will be accepted.

Mr. and Mrs. Raymond Gary are leaving Sunday for Stamford where they will join Mrs. Gary's parents, Mr. and Mrs. Humphries, and go to Alabama.

ANNUAL RALLY DAY SHOW ATTENDED BY FORTY 4-H CLUB GIRLS OF MITCHELL

Competition In Print Dress Contest Develops Keen; Mrs. Sadler Speaker

Annual rally for Mitchell county 4-H club girls held at Union Tabernacle Saturday was attended by forty members of these instructive organizations, sponsored by Miss Emma Gunter, home demonstration agent. Several club sponsors were present for the day's program.

Competition in the print dress contest, featured exclusively by entries made by the girls themselves, developed keen. Twenty-five young women were entered. This contest was staged following the noon luncheon with each individual entry wearing the dress she had planned and made. Misses Smith and Melton were judges.

After the meeting had been called to order Saturday morning Mrs. J. A. Sadler was presented and delivered an interesting address on municipal government, detailing a number of departments that must necessarily function in a well organized and well directed incorporated city.

Following the address of Mrs. Sadler several of the older club members brought interesting reminiscences to the meeting through recalling some of their experiences and the impressions received while attending either the Short Course at A. & M. College, or the State Fair at Dallas. Included in those making these addresses were Florice Andrews, Elzie VanZandt, Lola Mearns and Lella June Harrell.

Features Of Emergency Farm Loan Act Explained In Detail By Colorado Man

C. C. Thompson, secretary-treasurer of the Colorado National Farm Loan association, Monday morning issued the following statement in which features of the recently enacted Emergency Farm Loan Act are explained:
1. The interest on all Federal Land Bank loans will be reduced to 4 1/2% on July 11th, 1933, and remain at that rate for a period of 5 years.
2. The borrower may defer the principal payments on his loan for a period of five years, provided his loan is in good standing with respect to all agreements in the deed of trust. The principal payments that are deferred will have to be paid after the expiration of the five years.
3. In short, all that can be required of a borrower for a period of five years is 4 1/2% interest, payable semi-annually.
4. New loans made by the bank will bear interest at the rate of 4 1/2% for a period of five years and the borrower will have the privilege of deferring principal payment for 5 years if he chooses to do so. Loans will be made for the purpose of paying indebtedness against the land or other agricultural debts. The

Land Bank will loan up to 50% of the appraised value of the real estate and up to 20% of the insured improvements on the property.
5. The loans made by the Farm Loan Commission are direct government loans. They will bear interest at the rate of 5% per annum. These loans will be made for the purpose of refinancing any and all obligations of the farmer or furnishing money for farming operations and to repurchase farms that have been lost by foreclosure or otherwise. The Commissioner will loan up to 75% of the appraised value on real estate and chattels. He will take either a first or second mortgage, provided the total amount of the first and second mortgage does not exceed 75% of the appraised value.

Texas Cooperatives Would Support Plan To Reduce Acreage

Unanimous approval to the administration's policy to severely curtail production of this season's cotton crop by taking out of cultivation not less than 10,000,000 acres was given by the board of directors of the Texas Cotton Co-operative Association in session in Dallas Friday, and in connection with the cotton co-operative marketing association "called upon its 45,000 members as well as all other cotton growers of the State to co-operate with the administration looking to the restoration of a fair price of this year's cotton production." A similar appeal was addressed to landlords, bankers, the press and organizations of business men of the State, General Manager E. H. Lindstead said.
"We view with extreme alarm, the dire consequences for the cotton South should the plan fail to attract the support of a sufficient number of cotton producers, their financiers and other friends to bring the plan to a successful conclusion," the resolution stated. The resolution also commended the President, Texas Representatives in both branches of Congress, the Secretary of Agriculture and his Federal and State administrative officers in working out so favorable and attractive a contract with the cotton producers.

MRS. HEADSTREAM WILL ATTEND SCHOOL IN ILL.

Mrs. Ethel A. Headstream of Colorado is enrolled in the summer session of the National College of Education, Evanston, Illinois. The session this year is planned to give students maximum opportunity to secure college credit, visit the Century of Progress Exposition and attend meetings of the National Education Association convention in Chicago. In addition to the six weeks' course which Mrs. Headstream is attending, two shorter terms will be held: July 10-21 and August 7-18.
The National College of Education is recognized as one of the progressive training schools in this country for teachers in the nursery school, kindergarten and elementary grades. The summer session makes it possible for the teacher to keep in touch with new developments in the educational field and has the advantage of affording observation in the College demonstration school.

Locals Rout Garza County Club 5 To 4 In Ball Game At Post

Claude Womack transported his Business Men's Baseball team to Post City Sunday afternoon and astonished the Garza county natives by walking off with a 5 to 4 decision. The Post boys had previously won 16 straight games with their ace pitcher "Rabbit" Middleton doing mound duty, but the City League boys took to his pitching like ducks to the water and banged the ball far and wide. The Post outfielders had a busy day having ten putouts in the outfield.
Lefty Jones of the Fire Boys was on the hill for the Womack proteges and showed the enemy some speed and curves they never saw before and retired seven by the strike out route. Five singles were all the hits Lefty allowed. For the B. M. Slim Woods whammed a long home run high over the left field fence and Rich Howell collected a triple and double. Rich also made a hit with the large crowd with his flawless fielding at short.
Score by innings:
Colorado.....012 020 000—5
Post.....000 201 001—4
Batteries—Colorado, Jones and A. Thompson; Post, Middleton and Chaney. Time of game, 2 hours; Umpire, Homer Moon.

Angelo Juniors Too Much For Colorado; Visitors Win Easily

The San Angelo American Legion junior baseball club hopped off to a running start in drive for the legion Fourth Area championship Friday and Saturday at Westside park. The visitors were in town for a series of three games but after having defeated the charges of Ben Daniels for a couple of successive mound engagements, left the field as victors in the scheduled series of three games.
San Angelo won 4-2 Friday afternoon, and cinched the series 8-2 in first tilt of scheduled double header Saturday afternoon. Strom of the San Angelo club capped the Concho City advance Saturday in the ninth by hitting a home run with runner on base. Hayes of San Angelo was up five times, got three hits and scored a pair of runs. Doran, another Angelo player, up five times got a couple of hits and scored on both.
In Saturday's game Colorado chalked up her only two runs when Williams, San Angelo twirler, walked two and Sam Flowers spanked out a triple.
Harry Taylor, former coach in the Colorado schools and now director of athletics in the San Angelo school, was here with the team from that city.

It Takes More Than Salts, Calomel, Mineral Waters, Oils, or Laxative Pills To Arouse a Sluggish Liver

They Give Only Temporary Relief From Constipation and Bilio-nous, Because They Have No Effect What-ever on the Liver or Its Production of Bile.
Bile is nature's laxative and your stomach and bowels require at least one quart of fresh bile every day to keep them clean, pure, free from fermentation, gas and disease germs. When your liver becomes sluggish the bile stagnates and stops flowing freely. The contents of your bowels become the breeding place for germs and poisons; your food does not get it just ferments and decays in the bowels. The blood absorbs these poisons and you suffer from constipation, gas, sick headaches, biliousness, nervousness and sour stomachs.
Sargol Soft Mass Pills remove the cause of this condition in natural way. They are not like any other medicine you have ever taken. They are so gentle, thorough and natural.

In their action that there is nothing about them to remind you that you have ever taken a medicine, and most remarkable of all you gradually reduce the dose until you no longer require a laxative at all.
Unless you have tried Sargol Soft Mass Pills you can have no idea of the effects produced by this natural cleansing of your liver and bowels. It makes you feel years younger, stronger, healthier and happier. It brings back life and color to faded eyes and cheeks, restores the appetite and sound digestion—gives you a new outlook on life itself.
Insist on genuine Sargol Soft Mass Pills. Don't be misled. There are only two generally recognized substitutes which will actually stimulate a torpid or sluggish liver to cleanse and purify itself by increasing its production of bile. Sargol Soft Mass Pills contain both of these substances.
Only 25¢ for a full 30-day treatment. At 50¢ a package. Write G. F. Willis, Inc., Atlanta, Ga.—(adv.)

METHODIST CHURCH NOTES

There were 64 at Sunday school. Hope to see more next Sunday. Brother Lee preached for us at the 11 o'clock hour. He read for a scripture lesson the 53rd chapter of Isaiah. His topic was taken from John 1:29 from which he brought us a good message. He had good attendance.

At 8 P. M. we had our group meeting with good attendance. We were glad to see so many young people. Their lesson was led by Mrs. L. E. Gressett.

Adult group led by Mr. Boston was enjoyed by all. Glad to have some new ones with us. Come and enjoy the study of Genesis with us.

At the close of the lesson Brother Lee brought us another good message from Acts on the healing of the man at the beautiful gate.

The Missionary society met at the church Monday at 4 P. M. The devotional was led by Mrs. Lindsey.

BAPTIST CHURCH NOTES

Prayer was offered by Mrs. Gressett. We had a lesson from World Outlook about the deaconess of a church and the community church led by Mrs. Lindsey which was interesting and helpful. We closed with our motto.

Rev. Verne Pipes of Plainview filled the pulpit at the 11 o'clock hour Sunday. There were 110 present for Sunday school.

The Intermediates enjoyed a social at the Fuquay home Saturday night.

CHURCH OF CHRIST NOTES

Sunday school and Bible class was well attended. Bro. Jno. Thompson's class is really learning lots about the Bible by having such an efficient teacher. The young folks are doing fine since Elmer Rogers is teaching them. Mrs. Conway is always present for the children's class.

We appreciate very much the work of our teachers and we expect full attendance soon. Everyone come out next Sunday. The church needs you and you need the church. Visitors welcome.

Farmer Rallies—

(Continued From Page One)

Hilda Ohlenbusch, former member of the Loraine club and recognized as an outstanding 4-H club member in the State, was the next speaker.

In an interesting manner, Miss Ohlenbusch recalled her four years of club work and of her studies at John Tarleton, Stephenville, during the past year, where she was matriculated as an honor student. She was awarded a \$300 scholarship last year by the Home Demonstration association, but only called for \$200 of the amount in meeting her school expenses for the year. This was explained in fact she earned \$68 while attending school.

After luncheon, with an appetizing menu of sandwiches, tomatoes, lemonade and ice water, the girls turned attention to the print dress contest. Awards were made as follows:

10-12 year class—Geneva Campbell, Buford, 1; won vanity dressing table made of orange crates given by Miss Gunter. Oleta Dockery, Conway, 2; won picture given by Ben Franklin Store. Ruby Fay Adrian, Landers, 3; won pair of pillow cases given by Miss Gunter.

13-16 year class—Louise Ohlenbusch, Loraine, 1; won cotton bed spread given by Miss Gunter. Lola Mearse, Loraine, 2; won print material for a dress given by the Penney Department store. Florice Andrews, Hyman, 3; won face powder given by Miss Gunter.

17-20 year class—Helen Andrews, Hyman, 1; won bedroom rug given by Jones, Russell & Company. La-Voyce Lowery, Hyman, 2; won menu box given by Miss Gunter. Claudine Fowler, Hyman, 3; won pair silk hose given by the Model Shop.

The dress entered by Geneva Campbell was made of pastel striped percale. She used a tailored pattern and the garment cost 40 cents. The material was purchased at Thomas Dry Goods Company. Lola Mearse, entered in Class 2, had a winning dress, fashioned from the same material.

Dress entered by Louise Ohlenbusch was made of blue percale, piped with striped percale and trimmed in buttons. The material was purchased in Loraine. Workman-

Chevrolet Output For June More Than Doubled Record For Same Month, 1932

Production of new Chevrolet cars and trucks in June more than doubled output for the corresponding month last year and was the largest single month's production in two years, W. S. Knudsen, president and general manager of the Chevrolet Motor Company announced today.

With a total output of 81,573 units, June compares with 36,142 in June last year and with 68,538 in May this year, previously the best month since June, 1931, Mr. Knudsen said.

He emphasized that the high June total was made possible only by the splendid morale and co-operation extended by the more than 36,000 employees now on the company payroll. Mr. Knudsen said he hoped, through the share-the-work plan practiced by

his company in recent years, to hold the employment curve flatter this summer than has been possible in past seasons.

Every effort has been made through the depression, he pointed out, to provide for the regular Chevrolet workers. Through regulating hours of work per week to retail demand, and by building up parts stocks in lean seasons, it has been possible for eleven months of each year since 1929 to hold Chevrolet payrolls to within ten per cent of the average of 32,500 men, Mr. Knudsen stated.

June production exceeding May is unusual in his company's experience, Mr. Knudsen said, since either April or May are normally peak months of the year.

ship on this dress was outstanding and demonstrated excellent cutting.

Helen Andrews of Hyman used a dark brown designed print trimmed in a pique collar. Her dress cost 51 cents and was purchased at Penneys.

The average cost of the dresses entered was 35 cents. These dresses represent lessons in construction, color selection and design.

After the contest one half of the girls participated in craft work supervised by sponsors of the different clubs: Mrs. Ross Dockery, Mrs. C. F. Glass, Mrs. Roy Davis Coles, Mrs. W. E. Rucker and Miss Fern Adrian. The girls worked on tufted pillow tops and hot pan holders.

While the other half of the audience were given an illustrated talk on fabrics. Stress was laid on cotton as the main fabric for this county and the girls were especially urged to learn everything they could from the growth of cotton to the finished textile.

The main speaker for the afternoon program was Mrs. S. H. Mill-

wee, who spoke on the game of reading. She explained to the club girls how they could play this game and how they could be benefitted.

Through the hearty cooperation and interest in boys and girls club work in Mitchell county the agent announced that periodicals would be distributed to the boys and girls as a gift from the members of the Lions Club.

To close the days program the girls were taken to the Colorado Laundry where they were escorted by efficient workers and shown every step from the beginning to the finished product. The girls were interested in seeing how a city wash was put out and remarked that it had many more processes than their home laundries. To further prove that July 11th was a hot day the girls walked to the ice factory and there were put through cold storage and allowed to cool off and see the steps taken in the manufacturing of ice. They were told it took 72 hours to make a 300 pound block

GOOD NEWS FOR COLORADO

Announcement here Monday morning by divisional Engineer French of the State Highway Commission that his department would proceed at once with preliminaries looking to the awarding of construction contracts on Highway 101 came as good news to the general public.

Realization of a north-south paved highway, with probable ultimate connection with Highway 9 at either Sterling City or San Angelo, will be reckoned as an asset beyond the ordinary value.

Another desirable aspect couched in Mr. French's announcement is found. As the project is under construction employment will be given to a considerable number of men and concerns identified with the sale of building materials may realize an acceptable market from a source not often available in this immediate part of the State.

Colorado received another bit of interesting news last week in an announcement out of Washington that proposed postoffice building here would be included in list of accepted projects expected to receive final okay, after having run the gauntlet of usual red-tape.

BREAD AND PROCESSORS

In the long run the money that is to go into the pockets of wheat farmers will come out of the pockets of bread eaters. Therein lies the political danger of the Government's processor's tax on wheat.

This is the best sort of assurance that the administration will exhaust every power to see to it that there is no profiteering in bread. How far these powers go under the Constitution can not be guessed until a case is taken up to the Supreme Court.

The fact that the 30 per cent tax is to be levied indicates that dollar wheat is not thought to be high enough. Dollar wheat comes because of three factors influencing the market.

The first of these is the short wheat crop. The second is the falling value of the American dollar. The third is the threat of the processor's tax and the consequent speculation based on the thought that wheat is going up.

With the tax actually laid, the price may easily pass the dollar level with consequent further increase in the cost of bread. Because this is so, the bakers know that Washington will be diligent to keep the rise in the cost of bread to minimum limits.

its great wealth of literature and the results of exploration and discovery, its treasures in science and philosophy, its treatises on ethics and morals, its records of history and biography, its profound works on mathematics and astronomy. As we write these words very naturally such names present themselves as Socrates, Plato, Aristotle, Spinoza, Bacon, Newton, Franklin, when we think of philosophy, Phidias, Praxiteles, Michael Angelo, when considering sculpture, Michael Angelo again, Raphael, da Vinci, Titian, Vasquez, when meditating as to art, Homer, Horace, Dante, Shakespeare, Milton, McCauley, Hugo, Rousseau, Emerson, Thoreau, when mentally reviewing the marvelous literary works that have been bequeathed to us by those intellectual titans of the past.

Conquering All Opposition

Strong men find a pleasure in answering the challenge to conquer the unconquerable. Genius glories in achieving the impossible. Patience and perseverance constitute a formidable combination and when these are supplemented with energy, skill, intelligence and determination there are few tasks that do not yield to them. He has much in his favor who acts with intelligence and energy, who keeps on and keeps on keeping on. Forget not that failure sometimes ensues one last effort is not made.

Illustrative of the thought of perseverance in an undertaking the story is told that a certain ship was about to be launched and it seemed impossible to start the vessel on the ways with the means at hand.

A little child standing by concluded to help in the last effort to start the ship, and the effort was successful. It was estimated that the child's strength was equal to seven pounds, but this additional weight was justified with having been just enough to start the vessel going. You've heard too of the "last straw" that overloaded the camel and disjoined his spinal column?

If you do not get the thing done there must be a reason, and it must be a real reason and not an excuse. There is a difference between an excuse and a reason. So prepare for your work. It is always the know-how man who is in demand, because it is he who can do things.

There is such a thing as capitalizing misfortune and failure. Napoleon said that impossible was the adjective of fools. However he probably changed his mind about it at Waterloo.

Don't pass the buck, you must have pluck. To take the blame you merit. If you'd be strong, admit you're wrong. Then stand and grind and bear it.

Yes many boys, with plaintive noise. Will blame the other fellow. But you will find that all this kind. Are spineless, weak and yellow.

Texas wealth in 1850 was \$52,740,000. In 1933 estimated wealth of the State was \$10,280,000,000, showing an increase of 194 times in 83 years.

Black-Draught Clears Up Sluggish Feeling

"I have used Theodor's Black-Draught for constipation for a long time," writes Mrs. Frank Champion, of Wynne, Ark. "If I get up in the morning feeling dull and sluggish, a dose of Black-Draught taken three times a day will cause the feeling to pass away, and in a day or two I feel like a new person. After many years of use we would not exchange Black-Draught for any medicine."

Highway Department To Launch Building Program This Month

Highway construction costing approximately \$4,000,000 will be contracted by the State Highway Commission late this month, it was learned Monday when the commission met at Austin to hear 75 county delegations seeking to share in the \$25,000,000 federal highway fund.

The money must be spent in not less than 75 per cent of the counties of Texas. New highways will not be designated unless in emergency cases or where the new highway would link major traffic arteries.
