CLAIMS THAT BEER IS TO LIGHTEN TAX LOADS GETS JOLT FROM PRO-SPEAKER

Judge Sartin Denounces The Liquor Traffic In Rally Here Sunday Night

Claims advanced by administration leaders and friends of legalized beer that a turn from the present code of absolute prohibition back to the days of open saloon will relieve the American tax burden was attacked in address delivered at Union tabernacle Sunday evening by Judge B. D. Sartin of Wichita Falls, dry leader.

"Let our battle cry be that of General John J. Pershing, as he marshaled the young manhood of America along the firing lines in France," Judge Sartin appealed. "What was that battle cry? Gen. Pershing, realizing that booze ever takes the best from our manhood, insisted that President Wilson cause every brewery and saloon in America to be closed as one means of winning the world's war. They were closed and traditions of America's triumph abroad and at home during those days of warfare shall never become forgotten."

Legalized booze cannot contribute to better business, as wet leaders claim, Judge Sartin charged. He appealed to Colorado business men to consider seriously his argument that return of the saloon would take money out of their tills. "Dollars that are today finding their way into every business enterprise in this community would then be diverted to support of the liquor traffic," he said. "Those seeking to return legalized liquor to America are calling upon their merchants, bankers, lawyers and others to spend good American dollars for beer in order that the tax burden may be made lighter. Such a program cannot and will not work."

"The liquor crowd is pulling the same one that brought the open saloon under our National favor following those dark days of the Civil War. They promised the Congress that if the saloon was legalized revenue accruing to the government therefrom would aid materially in retiring the indebtedness that hung over every American home during reconstruction days. Today, while America is floundering about looking for an avenue leading to better economic conditions, they come again, promising relief from taxation and business inertia if we will legalize booze. It did not work then and will not work now."

Judge Sartin was introduced by W. H. Garrett, local dry leader. Scripture lesson was read by the Rev. Dick O'Brien of First Baptist church and the Rev. L. A. Webb of First Methodist church offered the invocation. U. D. Wulfjen, chairman of Mitchell county forces for prohibition, estimated that near 2,000 people attended the rally.

"I wish to add my endorsement to every statement made by Judge Sartin," Mr. Wulfjen declared Monday morning. "I wish that more of our people could have heard him."

COMMISSIONERS COURT CONFER WITH DISTRICT ENGINEER ON HIGHWAY

County Judge A. F. King and the four county commissioners were in Abilene Friday afternoon to confer with divisional State Highway Engineer W. A. French on plans for starting work on Highway 101 from Colorado north. They were accompanied by W. W. Whipkey.

County commissioners making the trip were Mack Holt of Buford, Frank Crowner, Loraine, J. E. Skelton, Westbrook; and H. H. Van Zandt of Hyman. The engineer was not in position to make any definite statement as to when actual construction would be started on the project.

Baptist Workers To Meet Next With 1st Church In Colorado

Next monthly conference of the Mitchell-Scurry Baptist association is to convene at First Baptist church, Colorado, it was announced at close of session held at Loraine recently. Several Colorado Baptists were in attendance at the Loraine meeting.

Rev. Marvin Leach of Roscoe was elected to serve as president, succeeding the Rev. Dick O'Brien of Colorado. J. C. Smythe, Snyder publisher, was named vice president, and Mrs. J. A. Martin of Loraine secretary. Choirister and pianist for the Colorado meeting are to be named by the host church.

VETERANS OF CO. 'D' 117 SUPPLY TRAIN WILL HOLD NEXT CONVENTION IN CITY

Twenty Members At Meeting Held At Big Spring Park On Sunday Afternoon

Veterans of Company "D" 117th Supply Train, organized by recruits from Mitchell and Howard counties for service in the World War by Captain Jas. T. Brooks of Big Spring are to hold 1934 annual convention in Colorado. This city was named host for next year's meeting during gathering held at Big Spring Sunday afternoon.

Twenty men, who saw service in France during the World War under command of the former district judge, accompanied by members of their families, were in Big Spring for the meeting, held at City Park. A barbecue and reminiscences of days on the front were features of entertainment.

Veterans attending from Colorado included Roy Dozier, Cullen Powell and Wylie Key. J. B. Pritchett, member of the company, was named as chairman of committee to arrange program for the 1934 meeting.

WHEAT AND OATS WILL BE PLANTED THIS FALL

Several farmers plan sowing their cotton plow-up acreage to wheat and oats, with continuation of favorable weather conditions. The majority of farmers entering into contract with the government to reduce cotton acreage, however, have seeded the acreage to row crops of late feed.

Total of 434 Mitchell County Citizens Registered For Emergency Employment

A total of 434 Mitchell county men, listed as being out of employment and eligible for work under terms of the federal relief and rehabilitation employment act, were registered this week by the local organization chairman. 315 of the number were registered at Colorado Monday, 74 at Loraine Tuesday and 45 at Westbrook Wednesday.

In addition to the more than four hundred men, there were thirty widowed heads of families to be registered. Jim Green, county administrator, stated special provision would be made to supply employment to

FEDERAL AGENT CHECKING COTTON ACREAGE IN PLOW UP CONTRACTS THURSDAY

Committee Makes Final Oke Affecting Over 500 From Farmers This Section

J. P. Jamison, federal inspector working under Regional Director George Bishop of Oklahoma City, arrived Thursday morning and began at once to make final check of acreage sold the government under plow-up contracts in Mitchell county. He is making a personal visit to the fields to ascertain whether or not all stalks have been destroyed, as demanded by the government.

Final inspection of 519 of the reduction acreage contracts had been completed up to Thursday noon by the central committee at Colorado and papers effecting these forwarded to Washington. W. S. Foster, county farm agent, was of the opinion this task would be completed next week. Several hundred "Notices of Acceptance" were received by the committee Thursday. There remains only about 100 of these yet to be forwarded from Washington.

That remittance checks will be in the mails within the next few days is indicated in telegram received from C. A. Cobb, director of the cotton acreage campaign. Checks are being drawn as rapidly as possible and are to be mailed direct to the producers, he stated.

BAPTISMAL SERVICE IS ENDED AS OFFICIATING MINISTER IS DROWNED

What was to have been his first baptismal service ended in disaster for the Rev. Willie Wilson, Arkansas minister, when he was drowned in waters of the Arkansas river Sunday afternoon. Rev. Wilson was 26.

The Holiness preacher of Van Buren, Ark., stepped off into deep water and was caught in a whirlpool near Moore's Rock. Nine persons who were to be baptized and a large number of spectators witnessed the tragedy.

Sessions Set To Open Next Friday Morning, August 18, For Two Days

Annual convention of the West Texas Press association is to be convened in Sweetwater Friday morning of next week with Ralph Shuffler, Odessa publisher and president of the area organization, presiding. Shuffler estimates that more than fifty newspaper men will be in attendance for the two days.

Luther Watson, publisher of the Nolan-County News, and Millard Cope, publisher of the Sweetwater Daily Reporter, along with John Hendrix, manager of the Sweetwater Board of City Development, have announced unusual entertainment features for the visiting newspaper men and their wives. A chuck wagon feed at Santa Fe Lake and a dance at the country club Friday afternoon and night are among these.

Colorado will be represented at the convention by several registered delegates, according to claims of local officials of the association.

JENNIE WREN'S SWEEPS UNDER WIRE FOR THIRD CASH AT ODESSA MEET

Jennie Wren, 3-year-old filly owned by Joe B. Mills of Colorado, has the qualities of developing into a winner on the turf, so authorities on race horse lore informed her owner during meet at Odessa Saturday and Sunday. The colt, due to no training, did not attain any creditable winnings in the events.

"She won third place, however, in the Sunday races," Mills stated with a smile Tuesday morning. "You see, there were only three horses entered and Jennie Wren came under the wire in third place."

Mr. Mills was accompanied to Odessa by Mrs. Mills and their daughter, Joan. Other Coloradans attending the race meet, featuring 47th anniversary of Odessa, included Mr. and Mrs. Frank Kelley, Mr. and Mrs. R. J. Wallace and Mr. and Mrs. J. B. Moon.

LOCAL 'Talent' Credited With Burglary Of Five Colorado Places Tuesday Night

Local operatives, whom the police classify as amateurs, are believed responsible for a series of burglaries in Colorado Tuesday night. Further than that the authorities had no comment to offer Thursday afternoon but hinted that arrests might be made within a short time.

A total of five places were broken into during the night. It is believed by police that the Colorado Motor Company building on East Second was the first to be entered, as tools used in attempt to break safes at other places were stolen there. Entrance was effected by breaking

MITCHELL RANCHERS WILL URGE FEDERAL ACTION TO AID IN RELIEF CAMPAIGN

Snyder Named Representative To Attend National Meet At Denver, Colorado

Mitchell county cattlemen and citizens closely affiliated with that industry have joined with national-wide campaign to correlate federal action with their own organizations in drive to stabilize the industry. Several ranchers of the area attended meeting at the chamber of commerce Wednesday night to formulate local organization and elect delegate to represent them at the National conference set for August 13-14 in Denver. D. H. Snyder, member of the executive board, Texas & Southwestern Cattle Raisers' association, was named as representative and fund to defray his expenses to Denver raised.

Purpose of the campaign to seek federal control of certain features governing marketing of cattle. Equalization of market offerings and government assistance in keeping range cattle on grass or feed until profitable quotations may be offered will be sought.

Secretary Wallace of the department of agriculture at Washington will attend the Denver conference to discuss problems of the cattlemen with delegations from all parts of the country.

Snyder will also represent Scurry county at the conference. Harry Winston, president of the Snyder chamber of commerce, and W. R. Pace, Scurry county farm agent, attended the meeting here and requested that the Colorado man act as special representative for the two counties.

Strong urge was given the cattlemen that action be taken in address delivered by Mr. Snyder. Among other things he stated:

"Gentlemen you are well aware of the fact that cattle prices are very low on the prevailing markets. All other commodities have advanced rapidly in the past sixty days, the advance no doubt is mostly attributed to co-operation.

"Grain—that produces beef—has

BAPTIST REVIVAL OPENING AVENUE LEADING TO DAYS GREATER CHRISTIAN PIETY

Two Weeks Campaign Starts Sunday Morning; Services Held Twice Daily

Annual Summer revival campaign at First Baptist church has already attained success, in so far as opening an avenue through which members of that congregation are to follow into greater Christian piety and a stricter devotion to their obligations as a professed Christian, the Pastor, Rev. Dick O'Brien, stated Thursday morning.

Christian people from other congregations are joining with their Baptist neighbors in the three services held daily. Morning preaching services are opened at 10 o'clock and at 7:30 in the afternoon special prayer services are held at 8. The pastor is doing the preaching. Two converts, both of whom were accepted as candidates for baptism, had resulted from the revival up to Thursday morning.

Due to increased interest in the revival, Rev. Mr. O'Brien stated that the services would be moved from the church auditorium to Union Tabernacle next week. First of the tabernacle services will be held Sunday evening.

LAW EVASION IS CHARGED IN STATEMENT GIVEN THE PUBLIC BY HUGH JOHNSON

Move Will Be Taken Toward Enforcing Principles Of The Act, He States

Addressing his statement directly to retailers throughout the country and indirectly to all employers who have covenanted with President Roosevelt to increase employment, Hugh H. Johnson, administrator for the NRA, in statement issued at Washington late Wednesday, warned that all agreements must be fulfilled.

Turning momentarily from a hearing on a permanent code for the bituminous coal industry, the NRA chief struck out at "misunderstandings" which he said had led to shortening of operating store hours instead of adding more employees.

His emphatic assertion immediately took place among the most significant yet to come from the NRA, in view of constant reports as to recourses for getting around the codes and yet displaying the blue eagle.

Inquiries on this point have increased of late, while the officials have played dead at other aspects of making the law effective.

The militant Johnson insisted that while the agreement signed by retail stores and grocers provided that no store open less than 52 hours a week before July 1 could reduce the store hours at all, the intent was that hours of operation should not be curtailed in any way.

In other words, while 52 is a set minimum, it was explained that if a store had been operating 60 or more, it should not curtail its time of being open but rather should employ more people to do the work.

"That agreement is a solemn covenant and its purpose is explicit," Johnson said. "The owners of the stores, and the customers who buy from those stores should have but one single purpose, which is to carry out this specific provision which has to do with reemployment

TIPS ON FALL GARDENS GIVEN BY MISS GUNTER TO LOCAL HOUSEWIVES

Miss Emma Gunter, home demonstration agent, offers some timely suggestions as to soil preparation and selection for the Fall garden. The plot should be well prepared, including fertilization, she outlines. From six weeks to two months should be allowed for the vegetables to mature. Miss Gunter suggests the following:

Beets, Detroit red and Crosby's Egyptian; Carrots, Denver's half long; turnips, white egg, shogoin, and purple top; cucumber, Kirby and Davis perfect.

Spinach, Swiss chard, collards and other similar vegetables may be used from the garden until late in the Winter, she states.

About 5,000 cars of fruits and vegetables were shipped by motor truck and were not included in the totals.

Buford Club Women Grows Mustard Bed In Shade Of House

A news story of considerable interest to women of the county originated this week at the farm home of Mr. and Mrs. A. J. Hooks of Buford. Mrs. Hooks has demonstrated that mustard may be successfully grown, even during the hot, dry weather that prevailed there during the past few weeks.

Mrs. Hooks, an ardent member of the Mitchell County Home Demonstration Clubs, prepared a bed on north side of her home. Here she seeded her mustard and due to fact the plants were protected from scorching beams of the sun during mid-day, the tender plants grew off rapidly. Today she and members of her family are enjoying fresh, tender mustard direct from their garden.

WEST TEXAS COUNTIES IN REVIVAL OF PLEA ASKING FOR BOLLWORM PAYMENTS

Farmers Gather At Stanton And Frame Petition To Governor Ferguson

While Mitchell county farmers are giving attention to the insistent requirement that every remaining stalk of cotton on acreage sold to the government be destroyed, their neighbors to the west, hard put because of drought, are turning to the government in a different aspect. They are reviving the demand that payment be made them for alleged damages because Uncle Sam found a few boll worms in the Big Bend country a few years ago.

Public officials from Martin, Dawson, Midland, Glasscock and Howard counties, assembled in a mass meeting convened at Stanton

for the purpose of working out a plan by which the distressed farmers and unemployed might receive special relief, addressed a resolution to Governor Miriam A. Ferguson asking that the pink boll worm bill be submitted to the September called session of the legislature.

Dissatisfaction with the federal government's "hard and fast" ruling against farmers in this drought stricken area was expressed. Disagreement with the government policy was actuated by an unparalleled ruling that drought-stricken wheat growers could share in the benefits of the acreage reduction plan.

A resolution seeking a favorable ruling for drought stricken cotton farmers asked that Congressman R.

E. Thomason, Tom Blanton, Marvin Jones and Senator Tom Connally study the situation and press claims "contracting Secretary Wallace and if need be President Roosevelt."

Immediate action toward letting road construction projects proposed or accepted by drought stricken counties was urged in another resolution directed to the United States Bureau of Public Roads, the Texas highway department district and resident engineers of Martin, Dawson, Midland, Howard, Gains, Andrews, Lynn, Borden, Hockley, Terry, Yoakum, Cockran and Ector counties.

Highway construction, the resolution stated, would be one effective means of affording relief employment.

Funny Bird

"A funny bird is the pelican His beak holds more than his belly can."
Here is Captain John M. Werner of the Yacht Captains, at Port Lavaca, Texas, proving this age-old phrase. The pelican was killed at Port O'Connor and Captain Werner poured sixteen quarts of water into the beak, just to see how much it would hold. One look at the bird's tummy will convince you that it can't hold as much as its beak.

Johnson Speaks

(Continued From Page One)
through reducing the number of hours each employe works and by keeping the stores open as long as possible.

The statement proceeded: "The insignia of the blue eagle must be withdrawn from those stores which either collectively or individually flagrantly attempt to frustrate the purpose of the presidential re-employment agreement."

Johnson said that "when employes sign this agreement with their president after reading section eight, no one could conceivably set about staggering employe hours, enforcing rest periods, and increasing the time for lunch without pay, or either directly or indirectly conspire to defeat the very purpose of the agreement by materially shortening the number of hours which the stores had customarily stayed open."

In warning the retailers against shortening store hours, the administrator quoted the agreement which was provided for them temporarily pending a hearing on a permanent code of fair competition. The section eight reads:

"Not to use any subterfuge to frustrate the spirit and intent of this agreement which is, among other things, to increase employment by a universal covenant, to remove obstructions to commerce and to shorten hours, employe work hours, not store hours) and to raise wages for the shorter (employe work) week to a living basis."

Thousands more workers were brought within the scope of the presidential agreements meantime with approval by Johnson of modified wage and hour provisions for the petroleum and jewelry industries.

Dozens more temporary agreements for higher wages and shortened working hours for employes are to be promulgated soon in the administrations' high-pressure campaign to bring virtually all of industry into line within a few weeks without awaiting the formal hearings preceding permanent codes.

SHERIFF'S SALE

THE STATE OF TEXAS, COUNTY OF MITCHELL, NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable 17th District Court of Tarrant County, on the 8th day of July 1933, by W. E. Alexander, Clerk of said Court for the sum of Twenty-eight thousand four hundred ninety-nine and 45/100 Dollars and costs of suit, under a Judgement, in favor of J. N. Reminiscences Of School Days Back In The Seventies Brought To Local Citizen

Reminiscences of pleasant school days spent at old Texas Military Institute at Austin more than fifty years ago reflected vividly in the memory of C. H. Earnest, pioneer Colorado attorney, the other day as Winfield James of Abilene, a close personal friend through many years, visited Judge Earnest and placed in his hands copies of catalogues issued by the school for the years 1874-75 and 1876-77. The Colorado man graduated with honor from the institute with the class of 1877 and the following year was a member of the teaching faculty.

"Just how would you feel in event you were seventy odd years of age and a friend should place in your hands copies of catalogues of the old school you attended as a young man," Judge Earnest questioned as he turned through the yellowed pages and pointed out the listing of his name here and there as a student and an honor graduate. "I revere memories of those school days and surely possession of the old catalogues or registers as they were called in those days, is cherished by me very much."

Texas Military Institute (T.M.I.) was founded in 1869 by Col. John G. James and his brother, Gen. Fleming W. James, and for a time was rated among leading military training institutions of the country. Graduates for her classrooms in after years filled positions of high honor and trust in the financial, industrial, educational, military, political and legal branches of American progress.

The school has long since been defunct, having passed from existence before the establishment of A. & M. College. Judge Earnest recalled Saturday that very few people of Texas today recall there ever existed such a school as Texas Military Institute. "The last time I visited one of the school, located high in the hills of West Austin, I was made to feel saddened when I found that the old building, once the pride of every student and faculty member, had now fallen into ruins. There was no more of the stately building that I was so familiar with when a student within those walls in the seventies. A part of the building had been rebuilt into dwellings or apartments. Even though T.M.I. has passed into history and her home assuming the aspect of an old ruin under the effects of time and the elements, traditions incubated there into the lives of her students shall never pass."

To indicate importance of the school back in those days it is only necessary to list its board of visitors. Judge Earnest stated with an expression of pride beaming from his face. "Such men as Throckmorton, Ireland, Sayers and Lanham, who later became Governor of Texas; Maxey, who later became United States senator; John H. Reagan, who later became first chairman of the Texas railroad commission; C. S. West, afterwards on the Supreme Court bench of Texas," the former student noted. He went on to say:

"The school was in some respects modeled after West Point and the Virginia Military Institute. As a rule instructors were V.M.I. men but there were one or two notable exceptions. Prof. Bringham, a graduate of Leipsig University, came to teach Latin and German and while a member of the institute faculty married Nettie Power Houston, a daughter of General Sam Houston. She died in San Antonio only one or two years ago."

"In looking over the roster of cadets I find names of men who acquired some distinction in Texas and others not so distinguished."

"Guy Carleton, is now a Brigadier General in U. S. Army serving at a military post somewhere near Louisville."

"Albert Sidney Burleson, who became President Wilson's Postmaster General."

Col. Joe Rice, now deceased, was for a long time president of Union National Bank, the largest bank in Houston.

"Jno. K. Rose, was until quite recently, president of Provident Bank in Waco."

Judge James A. Baker of Houston, head of a distinguished law firm, and for past thirty years chairman of the board of regents of Rice Institute.

"Duvall West, Federal Judge in Texas."

Dr. Adolph Herff, noted physician and surgeon of San Antonio.

"Col. R. P. Smyth, known favorably and well all over the plains country, and at present mayor of Plainview."

"Gail Borden Johnson, at one time proprietor and editor of Houston Post."

"Jared W. Hill, a prominent lawyer of San Angelo, recently deceased."

"Judge James L. Shepherd, formerly district judge of 32nd judicial district now living in Cisco."

"Harper Kirby, for the last years of his life, a prominent prohibitionist, and a liberal contributor to S. M. U."

Dr. James R. Raby, a distinguished physician of Gatesville, now de-

ceased.
"Col. Jno. G. James, the founder of this school, was at one time a resident of Colorado, he and his brother Flem being engaged in the banking business."

"Col. James was a great student all his life, and amassed a great library which has been removed to Abilene. He knew intimately and corresponded with many literary men like Steadman, Paul H. Hayne, and Sidney Lanier; and Paul Hayne dedicated a volume of his poems to the Colonel. I have an invitation to visit this library at Abilene, look it over, and select any book or selection, which I very much appreciate."

"These thousands of volumes are catalogued and consist of literature of practically all the peoples of the World—English, American, French, German, Spanish, Dutch Portuguese, Italian, Latin, Hebrew and Icelandic."

advanced around 45 per cent while butcher cows are selling at, from one and a half to two pennies per pound. Under usual and ordinary conditions cattle can be held back on the range with carrying charges cheaper there than any other place, and it appears that time has come for cattle producers to co-operate by holding your product on the grass, by not shipping on the demoralized markets and by not feeding more than is necessary and to co-operate by urging the banks, the cattle loan companies and Regional Finance Credit Organization for more and ample credit for the stock raiser; for maintenance, by a quick bail method, will have a quick and substantial increase in values and substantial and quick price advances can be accomplished only in my opinion by co operation, and time has also come for the cow man to receive at least for his product the price of production.

"Therefore, you are called on now to have representation at Denver to confer with each other as to the best plans for your interests, to pass a resolution to be carried there by your delegate and to discuss co-operation with each other."

The following resolution, introduced by a committee composed of D. H. Snyder, P. K. Mackey and Lay Powell of Colorado, Harry Winston of Snyder and Price Maddox of Sweetwater, was unanimously adopted:

Resolved that the Chamber of Commerce of Colorado District in conjunction with the live stock producers of this part of the State, have found that diligent and speedy efforts must be made immediately for the disastrous outlook confronting the live stock producers of this community.

It is further resolved at this meeting that a delegate be appointed and sent to Denver to meet with representatives of our Government and other representatives of the live stock interest for the purpose of providing living prices of live stock and to try and prevail on those who are carrying live stock paper for extension for the purpose of holding stockers and breeding cattle back on the range and off the markets.

REMOVE THE CAUSE TO RELIEVE RHEUMATISM

If you are one of those who has been trying to find relief from rheumatism through drugs, you will be interested in a natural relief that thousands have found beneficial.

No permanent freedom from rheumatism can be gained until the cause is removed. Poisons of the digestive tract must be eliminated properly before you can expect relief. A renowned mineral water—Crazy Water—literally washes away these poisons that cause all the pain and suffering. Crazy Water, favorably received for over fifty years, is now evaporated for convenience to produce Crazy Water Crystals for use in your own home. You will find Crazy Water pleasant and gentle, and the low cost will truly surprise you—fifteen gallons of the world's finest mineral water for \$1.50.

Crazy Water Crystals is not a drug or patent medicine. It is a natural mineral water—nothing added. It will produce thorough elimination without the slightest irritation. It is not habit forming. Let us tell you about this wonderful natural product to day. tchq.

After Gulf Storm Swept Across Rio Grande Valley

Here is a scene at the Brownsville airport after a tropical storm roared in off the Gulf to do \$1,500,000 damage to the Lower Rio Grande Valley of Texas. A number of planes in two hangars were damaged. Property from Port Isabel to Mercedes was damaged by the storm. It is estimated that cotton and citrus fruit were damaged about a million dollars. Only one life was lost, that of a farmer trying to tie up a calf during the storm. His barn fell in and crushed him.

Lox, only to meet disappointment, as there was no money contained therein. A sign "Safe Not Locked" that for some time had hung immediately over the safe door, was demolished. Manager R. O. Pearson expressed belief the burglars were enraged when finding no money in the safe cash box and tore up the sign through revenge.

Entrance to Rockwell Bros. office rewarded the gang nothing save two pad locks. Ripping screen from a south window in the office building, a window pane was broken and sash lock worked. The safe was unlocked and showed no signs of having been tampered with.

A window was broken out as the means of gaining entrance to the office of Berry-Fee. The safe showed signs of having been tampered with but it was not damaged.

Jones, Russell & Company are believed to have been the last place broken into as Colorado's first wholesale burglary in several months concluded. A rear door was forced by some sharp implement. The knob was knocked from the large office safe but attempts to open the strong box proved futile. Tools stolen from the Colorado Motor Company building were found scattered about on floor of the office Wednesday morning.

SCHOOL TO START

DALLAS, Tex. (UP)—As a reminder to school children that life is not all swimming and play, the Dallas school board recently announced that the 1933-34 school term will start here September 14. The board, however, was thoughtful enough to point out that holidays

would include one day during the State Fair, two days of Thanksgiving week, from December 23 through January 1 for Christmas and the regular Easter holidays.

West Texas Goes to the World's Fair

West Texas is going to the Chicago World's Fair—in miniature, of course—as you can see in the picture. A relief map of the region, being built by students of Texas Technological college at Lubbock, will be in the Texas exhibit when West Texans arrive in Chicago, August 20 on the official West Texas World Fair tour, sponsored by the Fort Worth Junior chamber of commerce and the West Texas chamber of commerce.

Menus That Tempt One's Palate During These August Days Are Suggested Here

Cold desserts prove an interesting and welcome addition to a meal at any time of the year, but they are especially refreshing during the hot days of summer. They may be prepared in advance and left in the ice box to chill until they are needed. Cutting down on the amount of time spent over the gas range is an item which should be considered. It seems that you usually have to have a few hot dishes in the main course of your meal, but what is more tempting than an ice cold dessert. It is so easily prepared. When you intend to go shopping in the morning, mix one of the desserts, put it in the refrigerator and it will be ready to dish out and serve when you return hot and tired. Or don't you like Sunday meals that can be partially prepared on Saturday. Make a dessert Saturday and put it in the ice box for Sunday.

Intelligence is what you get from home. Common sense you must develop yourself. Learning is what you obtain in school. Knowledge is what the world hands you. Judgment comes only with the years. Experience is a bitter medicine administered by life itself, and must be taken with a bit of conscience. Wisdom is a phantom often chased but seldom overtaken. Success or failure are a matter of opinion. Reputation is the golden scale. Contentment is the final objective.—Buckeye, Archbold, Ohio.

Help build Colorado. Trade with your home merchants. Stop buying out of town.

Here are suggested menus for two days with easily prepared refreshing desserts:

Breakfast: Iced orange juice, bacon, toast, strawberry preserves, coffee, milk.

Lunch: Sautéed parsnips, sliced-eyed peas, buttered corn, whole wheat bread, butter, frozen sliced peaches, iced tea.

Dinner: Hawaiian ham, creamed lima beans, pickled beets, stuffed eggs, hot rolls, butter, head lettuce salad, chocolate ice-box cake.

Breakfast: Frozen grapes, broiled tomato slice, scrambled eggs on toast, coffee, milk.

Lunch: Duchesse potatoes, asparagus, buttered corn, Graham muffins, butter, cantaloupe a la mode.

Dinner: Tomato gelatin and chicken loaf, Spinach with hard-boiled eggs, cold slaw, bread, butter, iced coffee or tea, ice box pineapple cake.

FROZEN SLICED PEACHES: Slice the peaches in any size slice you wish and sugar them if desired. Put them in your refrigerator pan and serve them when slightly frozen. A delicious and very inexpensive dessert for this month.

ICED BOX CAKE: Get some rather large chocolate wafers and then whip as much cream as you have to spare. Make sandwiches of the wafers and cream, putting about a half inch of cream between each wafer. This makes a loaf, which you place in the ice box until it gets hard. Then when ready to serve cut diagonally in about half inch slices. This makes an attractive dessert as well as a delicious one.

CANTALOUPE A LA MODE: You know how easy it is for most people to make ice cream and keep it on hand. Clean and cut the cantaloupes in quarters, and remove the seeds. Chill and when ready to serve, fill each quarter with ice cream.

ICE BOX PINEAPPLE PIE: To a can of Eagle brand milk add the juice of a lemon and the pulp of a can of crushed pineapple and beat the mixture until thick. Cover a buttered tin with vanilla wafers, plain or rolled. Pour the pineapple mixture over the wafers, top with meringue and brown slightly. Cut in regular pie slices to serve.

TWO THOUSAND PATIENTS GET NEW LEASE ON LIFE IN W. O. W. TUBERCULAR HOSPITAL

The W. O. W. Hospital at San Antonio

Nationally Known Sanitarium Celebrates Tenth Anniversary

The tenth anniversary of the Woodmen of the World War Memorial Hospital at San Antonio, Texas, is being observed this month by the hundreds of camps of the organization in many sections of the United States, according to De E. Bradshaw, president.

The hospital, which is a sanitarium for those afflicted with tuberculosis has been a sanctuary for W. O. W. policyholders since the first patient was received August 1, 1923. Since that time about 2,000 patients have been treated without cost to them and many of them restored to normal health. The capacity of the sanitarium is 200. The daily average of patients is 127, which means that, as a rule, there always is additional space for those of the association who are eligible for admission.

Show Place in San Antonio.
The hospital is situated on a beautifully landscaped tract of land, which is regarded as one of the show places of San Antonio.

The financial future of the institution has been provided for in an endowment of \$2,500,000 in bonds set aside for the cost of

maintenance. Interest from these bonds is used in the purchase of all supplies needed for its upkeep. The total value of the hospital plant and real estate is estimated at more than half a million dollars.

A jersey herd of more than 100 head provides all of the milk for the patients while much of the meat comes from the hospital stock farm. Rabbits, chickens, turkeys, geese, and ducks also are raised.

Religious Services Broadcast.
A five-acre park adjoining the hospital with large beds of flowers provides an ideal recreational center, supplemented by the William Alexander Fraser chapel where concerts, public meetings, lectures and religious services are held. A loud speaker located high in the chapel's tower is used to broadcast the religious services to patients unable to leave their rooms.

In reviewing the 10-year history of the hospital, President Bradshaw urged all members of the association suffering from tuberculosis to take advantage of the

LETTERS FROM THE PEOPLE

FLAMING JUDGMENT

By C. C. Alexander

"So likewise ye, when ye shall see all these things, know that it is near, even at the door."—Matt. Chap. 24, Verse 3.

Editor of The Record:

Will you please allow me space in your paper in which to say a few words in regard to a question which is troubling the minds of many today? And yet at the same time it is a question which millions of men are considering very lightly or else ignoring completely.

The question is, Christ's second coming and the end of the world!

In the twenty fourth chapter of Matthew we find that Christ's disciples were anxious to know something about his second coming. There is no doubt in my mind that Christ wished and intended that his disciples should question him concerning the end of the signs thereof.

As recorded we find the disciples came to Jesus to "show him the buildings of the temple." No doubt to their amazement they perceived that Christ was not so interested as they expected him to be.

Christ was looking beyond those stones, brick and mortar. His countenance, no doubt showed them that he was thinking of something more serious and of far more importance. The disciples wished to go sight-seeing about and through the buildings, it seems. But when Jesus said to them "There shall not be left here one stone upon another," this very statement of his led them on to ask the question, "What shall be the sign of thy coming, and of the end of the world?"

Jesus warned them against being deceived by man. He told them there would be "Wars and rumors of wars," and nations would rise against nation. "Kingdom against kingdom," and then would come famines and earthquakes in many places. These are the beginnings of sorrows." Later on in this twenty-fourth chapter of Matthew Jesus plainly, emphatically and without a doubt tells us how we may know when the end of the world is near.

The writer shall not attempt to go all the way through this chapter, verse by verse. To do justice to this chapter, comparing these present times in which we are living would fill a book or a whole volume.

Now when Christ said there would be "wars and rumors of wars," he also said "see that ye be not troubled." He is speaking to his own, to those whose souls are blood-washed, those whose names are written in the book of life. God never terrorizes his own. When he comes which will be soon according to Christ's own language and all the prophecies, the terriblest of the event will be upon those who have not prepared to meet him. His flaming judgment will be upon all the ungodly. God will take care of his own through those who suffer here for righteousness sake, and their salvation is secure.

According to the signs of the times which Christ spoke about to his disciples many Christians are going to be killed soon. God's word will stand and the writer of this article is taking God's word as a ground-rock basis for every statement made. Since Christ spoke to his disciples on this occasion there has been many wars, earthquakes, pestilences and famines. And because this is so, many are saying "where is the sign of his coming?" and haven't we heard of and seen all these things before; "And do not our father fall asleep as of old?"

Listen, gentle reader, Yes the fathers fall asleep but the answer to the preceding question is NO. For world conditions today are unlike anything that has ever been before. Governments are falling, thrones are tottering, councils of nations are coming to naught. Practically all nations are bristling with armaments, instead of disarming. Treaties are considered as mere scraps of paper. Democratic governments are being centralized, and coming more and more under a one-man dictatorship.

The money kings and greed-hogs of the world are becoming greedier, the poor are being oppressed more than ever. Millions upon millions

are destitute, hungry and naked. There is more strife and hatred among both nations and individuals than ever before.

Everything is being figured on the dollar and cent basis, more and more. False teachers are deceiving many just as Jesus said they would. Iniquity abounds to a greater degree than ever. Churches are waxing cold. They are crying "peace, peace when there is no peace." Many who claim to be Christians are easily offended and are quick to betray each other into the hands of the enemy. Christ said it would be like this in the latter days. The man who stands four-square on the Bible now-a-days will be severely criticized and mocked.

There are some who are faithful and they are not ashamed to go about warning the people and they are taking God's word and pleading with men to repent. God's arm is not shortened. He is able to save everyone with an eternal salvation who will repent and look to him.

There are men right here in Colorado whose souls are as black as the south walls of Hell. They are leaving their chance. Some very likely are having their last chance. The time is coming soon when those who will not repent now would give ten thousand worlds for just one more chance.

Listen gentle reader, if you have never come under the blood of a crucified Christ it behooves you to do so now. Then your future will be secure, even if the world should stand for a million years (which is certainly not.) The last chance will come to everyone. And to turn down the last chance means damnation to that soul in a sulphuric Hell.

The self-styled militant atheists are teaching that there is no God, no devil, no heaven, no hell, no nothing hereafter. God's word says it will be like this in the last days. (Doing away with and denying the Bible.)

Russia is today almost an atheist land. In the large cities of America the atheist societies are doing their deadly work. They even are allowed to send their literature and periodicals through the United States mails.

God's prophetic word is true. And according to His word the end is drawing near. No man knows the exact day nor hour. "No, not the angels of heaven." These are the words of Jesus, in this twenty-fourth chapter of Matthew. Jesus tells us this. "When ye therefore shall see the abomination of desolation, spoken of by Daniel, the prophet, stand in the holy place. (Whoso readeth: let him understand.)"

Oh, that the people would pray for understanding. Christians will soon undergo the supreme test. Some will be killed because they refuse to take the mark of the beast as spoken of in the thirteenth chapter of Revelations. Let us not lean upon the arm of man but let us look to God: Jehovah "whose words shall not pass away." Now-a-days many who take the stand for right, having the Bible for their guide are called fanatics.

The writer had rather be called a fanatic, repented and right with God than to have to face him unrepented in the flaming judgment. The writer is a member of the Missionary Baptist church of Christ and he is not ashamed of that fact. He is glad of it. But churchism will not save anyone. Those who have had their souls washed clean by the blood of Jesus, and reborn into his Kingdom will be able to stand in that day, regardless of his denomination. In the approaching time of troubles they shall have no fear when facing the "Flaming Judgment."

THE CRIME WAVE

"Whoever a man soweth, that shall he also reap."—Paul.

There is a great and just alarm about crime and criminals in this country. The vast amount of racketeering, kidnapping, hi-jacking, robbery, murder and innumerable other crimes is lamentable and intolerable. It is reported that the President has taken the matter in hand and has directed his wise ones to find some way to suppress crime on a national scale. It is a national menace; it is civilization's test.

What under Heaven shall we do about it? Some demand a State police, some demand a national police and others a world police. There is a demand for martial law for the whole country. One eminent gentleman insists that courts, attorneys, juries, trials and all orderly procedure be abolished and criminals be hanged on the scene.

Why this deplorable condition in a Christian nation?

"There's a reason." "Whoever a man soweth, that shall he also reap." There is a cause for every effect and no effect without a cause. That is true of crime.

The cause: For thirteen years and more the great and small of the land have assured us that we cannot enforce a certain law; that the State and National governments are impotent before the lawless; that we must submit to the bootleggers and outlaws and repeal the law. "Writers from Brisbane to the wee, local pencil pusher have sung this song, day by day for years. The great men and little men have joined in the chorus. Books, magazines and pap-

"Whoever a man soweth, that shall he also reap."

And many good people have heard this so often that they have concluded that they must submit. Submit to the demand of the lawless. They are voting by the thousands to submit meekly to the wish and will of the criminal element. We do submit.

FREAK RIGHT OF WAY CASE

DALLAS, Tex. (UP)—Three years ago the Lamar-McKinney viaduct was completed at a cost of \$500,000 to the city, county and the Rock Island railroad. A month ago a \$170,000 approach underpass was completed to the viaduct.

Neither has ever been used by the public. The city pays one man, a guard, to patrol the underpass at night to keep small boys from defacing its walls.

Nobody knows how long it will be before the underpass and viaduct are put to use—it all depends on the outcome of negotiations between the city and property owners for rights-of-way for a 1,200 foot roadway and a small drainage ditch.

Old-Fashioned Dessert With Modern Touch is Favorite of Screen Star

By Mabel Love

FOR a wholesome, appetizing dessert that will be enjoyed by the whole family there is nothing that can beat a good pudding. In the opinion of Estelle Taylor, famous screen star, Miss Taylor claims that she is an expert on puddings, and has at her command special recipes for a half-dozen different kinds that are particularly appetizing and easy to make.

Estelle's Special

1 quart milk

1 quart corn flakes

Nutmeg

3 eggs

3/4 cups sugar

1/2 teaspoon salt

Beat the eggs, add the sugar, salt and milk. Put corn flakes into a baking pan and pour egg mixture over them. Sprinkle with nutmeg. Set pan in hot water and bake in a moderate oven (375° F.), until custard is firm. Whites of egg may be beaten stiff, sweetened and used for a meringue. Provides 5 servings.

FIRST BALE OF COTTON
RICHMOND, Tex. (UP)—It was no occasion for surprise when Nicholas Reyes came through with the first bale of cotton ginned in Fort Bend county this year. For 44 years Reyes has hauled the county's first load of cotton to the gin, and this year's feat was just another in a long line. The 1933 bale weighed 509 pounds and was classed as strict middling. It brought Reyes \$50 to \$75 in premiums.

The Record presents short sketches of the pictures coming to the Palace Theatre next week.

"Luxury Liner"
 B. P. Schulberg has packed a half dozen pictures into Paramount's "Luxury Liner," that thrilling story of what goes on between the decks of one of those ultra-modern, ocean-going palaces which shows Thursday and Friday at the Palace Theatre, featuring George Brent, Zita Johann, Vivienne Osborne, Alice White and Verree Teasdale.

There's real drama in the life of every passenger aboard this liner and yet the picture is held together, just as their lives are similarly entwined, by an encompassing tale of turbulent emotions.

They're grand, human tales right out of life—everyone of them, all inseparably bound together by greed—and by a beautiful love story that is born of the thrill-packed climax.

"The End of the Trail"
 Tim McCoy is one movie star who is never harassed by the lack of strong stories. His latest, the Columbia picture "End of the Trail," which shows Saturday at the Palace Theatre, is heralded as the most ambitious "Western" since "The Covered Wagon" and "The Vanishing American."

"End of the Trail" brings McCoy to the screen as a disgraced army cavalry officer who makes his accusers eat their words in a series of screen thrills that dwarf any similar scenes ever attempted for picture purpose. Luana Walters, new screen "find," has her first featured role in "End of the Trail," opposite McCoy.

"Lady's Profession"
 What will these film magnates think of next? Sunday and Monday the Palace Theatre will show "A Lady's Profession." This picture features Alison Skipworth, Roland Young and Sari Maritza. Is that a cast? What do you think? Alison Skipworth is a screen when furnishing the comedy by herself, can you imagine her teamed with our old friend Roland Young, who is no slouch when it comes to the comedy end of the picture. We don't ask for more than what the beautiful little siren, Sari, can give us in the way of feminine appeal. The management of the Palace is looking forward to the showing of this picture with anticipation. See it Sunday and Monday.

"Parachute Jumper"
 While "Parachute Jumper," a Warner Bros. picture which comes to the Palace Theatre Tuesday and Wednesday, stars Douglas Fairbanks, Jr., it could well be placed in the all-star class. For Fairbanks is supported by three players who have had stellar roles.

Bette Davis has stellar qualifications in the picture field, while Leo Carrillo and Frank McHugh have both been stage stars, and have played leading roles on the screen.

There also are an unusual number of strong featured players, including Claire Dodd, Sheila Terry, Harold Huber, Thomas E. Jackson, Pat Collins, Harold Healy and Frederick Munier.

The picture is romantically adventurous with a strong tank of wisecracking humor, punctuated with thrills. It has the fast moving satirical style for which Rian James, the author, and an erstwhile New York columnist, is noted. Even its romance is tinged with rollicking fun.

"Strictly Personal"
 For the first time in many months the Palace Theatre patrons will have a chance to see an old favorite, Eddie Quillan. He plays with another old favorite, Marjorie Rambeau, and the very popular Dorothy Jordan in "Strictly Personal," at the Palace Theatre, Thursday and Friday, August 17 and 18. We will attempt to tell you something of this picture in next week's paper.

DECISION ON FARM DEBT QUESTION DUE SOON, IS PROMISE FROM CAPITOL

Board Selected To Determine Whether Plow-Up Checks Must Be Withheld

WASHINGTON, Aug. 8.—A decision within three days is expected from a committee selected today by the cabinet advisory board to determine if farm administrators may make benefit payments of more than \$200,000,000 to farmers this fall without deducting debts owed to the government.

The board selected Secretary Wallace, Henry Morgenthau, Jr., governor of the farm credit administration and Chairman Jesse H. Jones of the Reconstruction corporation, whose departments all have a stake in the decision.

Dr. R. G. Tagwell, assistant secretary of agriculture, will act for Wallace, who will not return to Washington from a tour of the south until late in the week.

Soon after the board was named an opinion from the office of Attorney General Cummings was delivered at the department of agriculture, but its contents were not disclosed pending the first meeting of the committee tomorrow.

The opinion dealt with a law passed in 1875, which has been interpreted as requiring that whenever the government makes a payment to anyone it must withhold sums due it. The comptroller's office has enforced it. Some official content that it need not govern distribution of sums to farmers, on the farm act did not specifically exempt these.

The problem involves the realization of farm administrators plans to distribute more than \$200,000,000 to wheat and cotton farmers this fall and additional sums later to growers of other crops including tobacco, corn and rice.

Administrators are withholding checks representing payments of more than \$100,000,000 to cotton growers for plowing up from 25 to 50 per cent of their crop pending the ruling. There have been issues for presentation ceremonies, one to a Texas farmer, and two to Georgia farmers.

J. C. PENNEY COMPANY'S NET EARNINGS FOR FIRST HALF OF YEAR INCREASED

Near Three And Half Million Dollars For Period Prior June 30 Is Shown

The J. C. Penney Company reports net earnings for the six months ended June 30, 1933, after deductions for Federal Taxes, but before Preferred Stock Dividend requirements of \$3,448,519.29.

This compares with net earnings for the same period of last year from all sources, of \$2,663,257.48.

Preferred Stock dividends requirements for the six month period of this year were \$309,789.00. Net earnings applicable to the Common Stock after Preferred Dividends were \$3,138,730.29, equivalent to \$1.27 per share. This compares with net earnings for the same period of 1932 of \$2,005,612.48, equivalent to 81c per share.

The Cash Account of the company at the close of the first six months of the year was \$6,491,295.47. Merchandise inventory at the same date was \$39,225,271.47.

Gross sales of J. C. Penney Company for the first six months of the year were reported at \$71,029,692.16 compared with gross sales for the same period of last year of \$69,280,242.21.

Commenting on these statements, Earl C. Sams, President of the J. C. Penney Company said:

We believe that these figures reflect a most satisfactory operation and the sound position of our company. It is distinctly encouraging after the experience of the last three years to report for the first six months of 1933 an increase in sales volume, even though slight, over the corresponding period of 1932. The up-trend in business has been marked for the last three months and we are anticipating a continued favorable showing for the balance of the year.

Max Berman Sees Upturn To Equal Good Times Of Three Years Ago

spent three weeks purchasing merchandise for his department store.

"We are going to employ four additional salespeople this week and expect to add more within the near future," Berman stated. "Our store will remain open as heretofore and additional salespeople will be put to work in order to comply with the NRA weekly wage scale. We now have fifteen people employed."

"I was impressed with the keen optimism found everywhere I have been while away from Colorado. Wholesale merchants and jobbers especially were giving expressions of gratitude out of business changes noted since the president's recovery act went into effect. Thousands of men are returning to work in all parts of the country."

"Mitchell county is due to receive her share of this general business advance. I am confident Colorado merchants will realize the largest trade volume during the next few months they have had in some time."

Mr. Berman stated that interior of his store would be newly arranged to care for large stocks of new merchandise. New fixtures are being installed in some departments.

WORK TO BEGIN SOON ON BIG IRRIGATION PROJECT AT BRONTE, ROBERT LEE

Public Works Administrator's Interest Will Be Sought By Citizens There

BRONTE—Engineers who will complete the survey for the irrigation district will be in Bronte and Robert Lee this week. Work was received from the Fort Worth firm that is to complete the work done by Ulen & Co., and the first irrigation project between Robert Lee and Bronte, that some of their men would be out during the week.

The Coke County project is believed to be in such shape as to make it especially attractive to the Public Works Administrator. For ten years the people of Coke County have been working on the project and have all the engineering work completed but a few canal contours.

Robert Knerin of Bronte, who has been one of the leaders for irrigation in Coke county all through the years, says that the Board of Water Engineers at Austin told him two weeks ago that contracts could be let on the project within 45 days after the financing was arranged.

It is believed that it will not be necessary to hold an election to ratify the project as in recent years irrigation projects have been organized as ordinary cooperations and stock issued to landowners in proportion to the number of acres they put into the district. The returns from the water taken by the landowners retires the bonds issued against the project and as the bonds are retired the interest becomes less and the water charge is reduced.

Irrigation districts in the state show a water cost of about \$3 an acre per year. But with the government making a donation of 30 per cent of the cost, and the dam site being located in a region where the land inundated is not agricultural land and reasonable in price the investment cost to start with should be lower than the average of the state.

With a large area guaranteeing a sure feed crop each year the fattening of lambs and calves in this section can become one of its major industries. Ranchers who may have some fear regarding a drought now, would feel much better today if they knew they could move their livestock but a relatively small distance and have them cared for in feed lots where it would be possible to give them attention and to watch their handling and growth.

O. A. Fain, as a citizen and Loraine business man for the past year is quite generally known and is joined in the business by his brother V. H. Fain of Houston, who has moved his family here. We extend to them a hearty welcome and much success in their line of business.

Y. P. PRAYER SERVICE

Forty-six young people met in the Best Theater Saturday afternoon for a community prayer service. This will be done each Saturday at 4:00 P. M. until further notice.

Pauline Harrell and Harold Bennett led the service by bringing a message on the "how, why, what and when" of prayer life. Bro. Harrell brought an inspiring message to the young people. Next Saturday, Eugene and Oneta Roberts will lead the music and Harold Bennett will lead prayer service. Brother A. C. Hardin will bring the message. Let's have 100 present next Saturday. If you come to town from other communities we welcome you to partake in these services. Christian young people are not to criticize, but help each other live a Christian life. There were 16 or 12 volunteer prayers last Saturday.

BAPTIST W.M.S.

The Baptist W.M.S. met at the church Monday in a Missionary program meeting with 18 present. The women sang "Bringing in the Sheaves" and a practical devotional was brought by Mrs. Jarrett on "Behold the Lamb of God." "The Return of the Word to Europe and Palestine" was discussed by a number of women.

Following the program a business session was held in which officers were recommended for the church to elect. The following were recommended: Mrs. C. B. Reeder, president; Circle chairman—vice president; Mrs. N. J. Richburg, treasurer; Mrs. J. A. Martin, recording secretary. Committee chairman will be appointed by the president.

Several nice things were said to our president for her faithful year of work but she reminded us that our presence was needed most.

The Eastside Circle will meet with Mrs. A. C. Hardin next Monday and the Westside circle with Mrs. G. Miller in Mission Study classes.

BAPTIST CHURCH NOTES

Sunday school attendance was light Sunday morning with only 119 present. The grade roll had the greatest number present with only 1 absent. The Intermediate department had the greatest number absent, having 29 enrolled and 21 absent. 64 persons contributed to the church budget. A young man who has recently volunteered to give gave almost 6 per cent of the amount given, leaving an average of about 1 1/2 percent given by each of the other 63 persons to make the remaining 94 per cent. These figures are given to show what we could do for God if we gave him what we owe him. Instead of 12.00 our offering should be 30.00 each Sunday.

Our pastor was back at home Sunday evening with a crowded house. He brought a message from 1 Corinthians 5:17: "Therefore if any man be in Christ, he is a new creature. Old things are passed away, behold all things are become new." At the close of the service, there were seven additions to the church, two for baptism.

B.T.S. was well attended Sunday evening but many were visitors. The Junior union was crowded with Juniors. The Seniors won the banner. There were eight daily Bible readers in the Senior union. Each B.T.S. member should be in his place each Sunday evening.

We owe a word of gratitude to our Junior and Primary unions for the Associational Efficiency banner coming to Loraine again last fifth Sunday. Their grades and work were of the highest type last quarter. A reason for this is found in their leaders, Mrs. Fain and Mrs. Richburg, who know how to pray. The third Sunday in August we give every adult an invitation to B.T.S. Every deacon of the church is included.

Revival meeting is scheduled to commence Friday night, running through Sunday week. The pastor Rev. A. C. Hardin, will do the preaching. Song service will be conducted by Bud Richburg. Services are to be held at the Methodist tabernacle twice daily.

THE LOCAL CIRCLE
The Local Circle met Monday afternoon at 4 o'clock in the home of Mrs. W. L. Hester. As each person

came in they were served delicious punch.

The Circle was opened with a song. The devotional was read by Mrs. W. E. Honea reading 1 Corinthians, 13th chapter.

Prayer was offered by Mrs. Adams of Roscoe.

The Circle had the pleasure of having Mrs. Adams and Mrs. B. E. Hamilton of Roscoe as visitors with us. Mrs. Adams is the zone leader of this district.

The Circle reports 20 visits, 7 Louquets and 6 trays to the sick. Social service was not as good this meeting as it has been on account of the meeting that has just closed.

They will have a better report next time. The Circle had the privilege of having Mrs. Adams talk to them. Plans were discussed to try and get more interest manifested in the Missionary society.

The good women of Loraine have been doing some good Missionary work but there is much more work to be done and we need all the good women to come and help us.

Delicious cold watermelon was served to 15 members, including 3 new members. Women let's make this a 100 per cent Missionary society. We can do it. Let's show Loraine what we can do.

The Circle was dismissed in prayer by Mrs. O. E. Stevens.

MARKET-BREAKS TUESDAY AS COTTON PRODUCTION FIGURES ARE ANNOUNCED

12,314,000 Bales From 1933 Acreage Is Uncle Sam's Estimate On Crop

The Agriculture Department estimating 1933 cotton production at 12,314,000 bales, Tuesday said that the potential crop would be indicated at 16,561,000 bales but for the crop reduction campaign.

Cotton taken out of production through the campaign was indicated to be about 4,237,000 bales, the department said.

The crop estimate was the first since the crop reduction campaign of the farm relief administration became effective. Last year's production was slightly above 13,000,000 bales.

Cotton crop conditions, as of Aug.

Through the night comes a call for help

THE alarm bell on the switchboard at Miss Freeman's head tinkled as the hands of the clock reached 4 one morning. "Operator? Send Dr. Palmer out right away. We live four miles west, you know."

Miss Freeman was ringing the doctor when she noticed a reflection against the sky. The doctor didn't answer. What was wrong? Was that a fire in the north of town? She stepped to the window. That shed by the Black place was on fire. It was out by the road away from the house. It would burn before the firemen could get there.

As she tried to ring the doctor again, Miss Freeman realized that his telephone line had burned. Perhaps a life was in peril. She called a neighbor. No answer. At last a sleepy voice, two blocks down the street, said... "Hullo?"

"Will you call Dr. Palmer, please. His telephone isn't working. An emergency call. The Bamberger home. Four miles west."

Miss Freeman smiled at an item in the Hillsdale notes of the local paper the next week:

"Mr. and Mrs. C. E. Bamberger are the proud parents of a 9-pound son, born last Friday morning..."

The telephone is ready day or night... in case of fire... to call the doctor... to order a part for a machine... to get the price for eggs... to visit friends. You can buy few things which cost so little and are worth so much.

A true story.

BUSINESS MEN, MASONS TIED IN CITY PENNANT SERIES

THIRD BATTLE OF ANNUAL TROPHY CONTESTS TO BE STAGED TODAY AT 5 P. M.

Last Half of Series Closed Thursday; Three Out Of Five Victories Won

With winners of first place in the first and second half of city league series each credited with one victory in pennant contests, opened Monday afternoon at Westside Park, the Business Men and Masons are renewing determination to outdo the other during the three remaining trophy contests to be played. Third of the series will be staged Friday afternoon, beginning at 5 o'clock.

After suffering defeat in first game of City League play-off at the hands of the Masons last Monday afternoon, the Business Men turned on a little more power and took the fraternalists into camp to the tune of 8 to 2 in Wednesday's tilt.

G. Howell, with his underhand slants, had an edge over Mahoney, who finally gave way to Leroy Gressett in the seventh inning, leaving two men on base and no one down. The first man to face Gressett lined one to right, field and Jim White in making fast play on ball let it through for four bases. That was the last of the scoring, but it was plenty and a little to spare as the Masons were only able to tally twice in the nine-innings. One of these runs resulted from a three base knock by Riggs with one aboard, the other coming from the bat of Harlow, middle gardener, and had a four sack tag on it when it left the bat.

The third game of the series will be played this afternoon (Friday), the fourth game next Monday afternoon, and if necessary, the fifth and deciding game is to be played Wednesday afternoon of next week.

Much interest is being manifested in the play-off games by local fans. Colonel Adams, president of the league, is doing his best to arrange a series with winners of City League of Sweetwater. Definite announcement concerning this play will be made next week, if possible.

By taking the Col-Tex Oilers into camp last Thursday afternoon the Business Men cinched last half pennant in City Baseball league. They breezed through the last half, losing only 2 games in the 15 game series and looked like a cinch to cop pennant, as the Masons, winners of first half were trailing far behind during last half of play.

Play in the little world series started Monday and the fraternalists were able to upset the dope bucket and win 6 to 5.

Leroy Gressett, veteran of the big leagues, was on the mound for the Masons and with help of a home run knock by little brother, Tommy Gressett, and three base knocks by Harlow and Riggs, intermingled with a few singles, a double or two, was able to hold the heavy hitting Business Men to two scores until the last

A Time For Sober Judgment Is Here

Colorado business is mobilizing as rapidly as it can under the Blue Eagle. This emblem of co-operation is displayed in many places of business as a sign to the public that an employer has agreed to comply with President Roosevelt's emergency code affecting wages and hours of employment. Public opinion is being marshaled behind the re-employment program, even as in war time, and woe to the slackers who do not fall in line.

This is a time for action. But is also a time for caution and sober judgment. It is unfortunate that in time of stress and excitement when public opinion is easily swayed, there always are rumors and rumors of rumors that spread with the wind, gaining momentum as they go. Rumors and baseless reports, without the semblance of a fact to back them up, sometimes involve reputable businesses and honorable citizens whose uprightness is unquestioned.

Citizens of Colorado should beware of such rumors. They should not be believed and above all they should not be repeated. The President has given business until Sept. 1 to conform to the emergency code or for the various industries to adopt their own code of fair competition. In the meantime the public should not give credence to wild rumors nor should they apply the powerful weapon which the President has suggested as to means of forcing business firms to comply with the code, the boycott. A sense of fair play should govern.

Follow the Blue Eagle, but give every man a chance to place his business legitimately under its protection before you pass judgment.

Snyder Child Run Down And Killed In Automobile Mishap

Dorothy May Devers, 6 daughter of Rev. and Mrs. W. E. Devers of Snyder, was fatally injured when struck by an automobile on a downtown street in Snyder late Friday.

The child, crossing the street in front of a garage operated by her father, a part-time Baptist minister, was hit by a car driven by Garth Austin, 17. Young Austin was the first to reach the little girl. Relatives of the child who witnessed the tragedy state the accident was unavoidable.

The mishap occurred at 6:30 p. m., and the child died two hours later in a Snyder hospital. Austin is a son of G. R. Austin, divisional superintendent of the State Highway commission.

BAPTIST LEADERS HEAR DR. MASON IN MEETING HELD AT SWEETWATER

Colorado Baptists were in Sweetwater Thursday to hear address of George Mason of Dallas, State treasurer of the State Baptist General Convention, who was principal speaker at a joint session of the Mitchell-Scurry and Sweetwater associations. The meeting was held at First Baptist church.

Mr. Mason delivered two addresses during the day. At 11:35 he spoke from the subject, "Is There a Standard?" In the afternoon he spoke from the subject, "Tithing."

Absentee Voting Is In Vogue Now; Aug. 23 Is 'Dead Line'

Qualified voters of Mitchell county, who are absent from home on August 26, date for special election on proposed constitutional amendments, legalized beer in both State and county, and repeal of the 18th Amendment, may post their ballot with County Clerk B. L. Templeton. The absentee voting privilege became effective Monday and August 23, three days before the election, is noted as final date in which the ballots may legally be accepted.

County Judge A. F. King stated Monday that commissioners court planned considering petitions calling for local option election at regular session next Monday. The court will, in all probability, order such election in the county for August 26th.

RURAL FOLK READ THE RECORD, COLORADO MAN ASCERTAINS ON VISITS

Dale Warren, secretary-treasurer of the Colorado Mutual Aid Insurance association, states that there is no doubt as to claims that The Record is going into rural homes of this territory. There are few farm and ranch families in this area in which the newspaper is not to be found, he declared Friday morning.

Warren was impressed with popularity of this newspaper while making house to house campaign in interest of his insurance corporation. "Yes, I read of your special offer in The Colorado Record," the prospective customer usually informs as the Colorado man begins to explain some of the good features of a policy in his company.

"I never thought that The Record was so well circulated," Warren said. "I now realize that you have the circulation, alright."

VALLEY GINS RECEIVE 31,000 BALES TO DATE

More than 31,000 bales of cotton, about half of the 1933 crop, had been ginned by Sunday in the lower Rio Grande Valley, according to a survey of ginners. Total ginnings by counties were: Willacy 10,500 bales, Cameron 9,500, Hidalgo 5,600 and Starr about 6,000. Six gins in Willacy communities are having a difficult time keeping abreast of picking crews. Starr County gins probably will operate longer this season than any others in the valley, as some cotton is just starting to bloom.

ENTERTAINMENT GROUP NAMED BY JOE MILLS

President Joe B. Mills of the Lions Club Friday designated J. E. Watson, George H. Mahon and C. C. Thompson as entertainment committee for the ensuing month. The trio will have charge of entertainment features at the club meeting today.

JOHNSON TO TOLERATE NO TRIFLING WITH NRA, NOTE TO EMPLOYERS OUTLINES

Insignia Will Be Permanently Removed, Administrator Says In Warning

Agreements with President Roosevelt to increase the number of workers must be complied with in every particular, or the Blue Eagle of the NRA will soar away to never return, Hugh S. Johnson, administrator, declared in warning to American employers issued at Washington Sunday. "In the confusion a man may get away with it," he said. "But the day of reckoning against an aroused public opinion is sure."

Announcing that special NRA insignias would soon be available to concerns who could not comply with all requirements of the Blue Eagle code, Johnson indicated that the nation would call upon the public to buy only at those stores displaying the NRA label. He said:

"The usual timid minority which always opposes a movement of this kind calls this a boycott and holds up hands in holy horror, saying that what is proposed will ruin some worthy people who cannot do what is necessary to get the Blue Eagle. We are making arrangements to let a man who can not—really can not—do all the things necessary to get a full Blue Eagle get one with a white bar across its breast showing the points on which that man is temporarily excused.

"It will take another two weeks to attend to this, but when the time comes no man in this country who is really doing his part will have any excuse for nonmembership in NRA, at least no excuse good enough to warrant his asking for patronage at the expense of those who are making this plan succeed.

"With that attended to, it is no boycott for people who are sick of this curse of depression to patronize those who are working to get us out of it.

"This is no time to hoard. It is no time to save money. It is a time to get things. Buy the things you need. Spend for re-employment. If you don't spend now and get something you will spend later for taxes and doles and get nothing.

"On the other hand, if you do buy now you will help to start the upward spiral of business and make your job secure.

"This moment of crisis is no time for sickly sentimentality. It is a time to face facts and realities and to put our people back to work before snow flies.

"I have heard it said that some companies can not do what is asked of them in justice to their stockholders. We cannot believe their honest right. But stockholders will be alright if this plan succeeds, but heaven help them if it fails.

"There is not a stock in the world that is worth a cent if it cannot earn and no stock can earn if we are to let our business structure drop back into a new collapse.

"To put it in a nutshell: Men must earn before stocks can earn. That is as sound in economics as it is in human ethics. It is not a slogan. It is a business truth."

FAIRVIEW SCHOOL WAS FIRST TO BEGIN WORK FOR TERM OF 1933-34

School opened at Fairview Monday morning with a representative number of students enrolled. The school will be conducted for about two months when recess for the Fall cotton harvest is to be taken. This was the first school in Mitchell county to take up regular class room work for the 1933-34 term.

Mr. and Mrs. J. E. Boatler, teachers, are confident the new department will prove beneficial to patrons of the district. No date for opening the Winter and Spring term has been designated, this depending largely upon progress made by farmers of the community in harvesting their crops.

HARMONICA ARTIST IS ENTERTAINER AT CLUB

Sam Ginsberg of Sweetwater, harmonica artist, was presented on entertainment program at the Lions Club Friday. The visitor demonstrated strong talent in the art of making music out of a French harp. He was brought to the club as a guest of Morris Kirschbaum.

Articles In This Newspaper Dealing With Liquor Issues Not New, Old Files Show

Articles in The Record dealing with liquor issues are not new, one will find by turning back through files of the paper. In the edition for August 9, 1912, twenty one years ago, the following editorial comment was published in this newspaper: "The saloons are the breeding places of all kinds of vice and crime. In them the thieves, murderers, ballot box stuffers, grafters, purchasers of law, and from them the lawless element go forth to prey upon society. The only wonder is our people have stood this menace to our civilization as long as they have. No feature of American life is so abominable and discouraging as the open and co-partnership of the liquor traffic with politicians of all parties in the business of crime."

The Republican, Socialist and Democratic parties had convened county conventions on Saturday before and each announced that a full State, district and county ticket would be offered in the coming general election in November. Americans were soon to have buffalo nickles. The Record informed its readers. Figure of the buffalo head, taking place of the Goddess of Liberty, as emblem on the coins, had been approved by President Taft.

'Cheaters' Will Be Checked On, Capitol Statement Informs

The industrial administration at Washington Saturday contemplated strict action against what it considers "cheating on the Blue Eagle" by certain concerns which had been reported in the capitol as opening later and closing earlier to avoid employing additional help.

From within the administration it was disclosed that an effort was afoot to have Hugh S. Johnson, the administrator, issue a statement within the next day or so publicly taxing retailers who have knowingly dodged the provisions of the code.

In another quarter, Gen. Thomas S. Hammond, director of the president's re-employment, or blanket code, agreement, said emphatically investigations would be made and that "if we find anyone hitting below the belt, the Blue Eagle will come down from their store front."

Get Under Code In Two Weeks Warning Sent To Employers

To employers the country over went Tuesday by indirect but renewed warning from Hugh Johnson, Recovery Administrator, that he wants everybody under the Blue Eagle in two weeks.

With that goal in mind, he appointed a special board to consider and speed temporary application of the many pending codes that fix minimum wages and maximum hours for as many trades.

When the two weeks expire the administrator now plans a concerted appeal for consumer to buy only from men entitled to display the Blue Eagle.

Mrs. Don Sivals and daughter, Mary Martha, of Midland arrived last week-end to visit in the home of her parents, Judge and Mrs. C. H. Earnest.

FIFTEEN MORE STATES TO VOTE ON PRO REPEAL ACT BEFORE NOVEMBER EIGHTH

21 Commonwealths Within The Union Have Already Favored Measure

By a vote of three to one voters of Arizona Tuesday placed that State in the repeal column, making twenty one consecutive commonwealths to join the wet parade.

The citizenry of three more states will decide, before the month is out, what they want done about the 18th amendment.

The background for their voting will show that 21 states already have balloted to strike prohibition from the constitution while none has taken the opposing position. So far, on the popular vote basis, repeal leads 8,400,000 to 2,500,000, in round numbers.

The ever-shifting line up of other states yet to vote held certainty that at least 15 more commonwealths, or 36 in all—the minimum required for repeal—will reach decisions before November 8th.

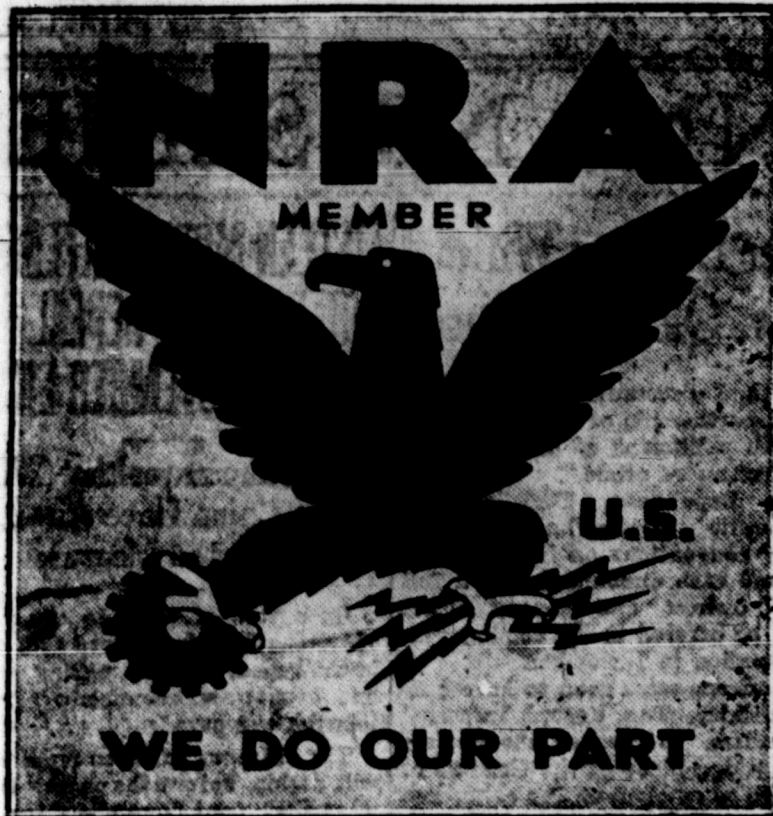

Here is the line-up of states which have set votes during the next four months: Missouri, Texas, Washington, Vermont, Colorado (tentative), Maine, Maryland, Minnesota, Idaho, New Mexico, Florida, Utah (tentative), North and South Carolina, Pennsylvania and Ohio.

Should Colorado and Utah act, 37 states in all will have voted by November 12. In Colorado, the governor has put the date September 5.

Although Gov. Henry H. Blood of Utah has not yet issued formal proclamation in that state for a vote November 7, definite plans have been made to ballot then on both the 18th amendment and the state prohibition amendment.

Time Is Only a Measure Progress Is Life

That mighty panorama of the world's work, The Century of Progress at Chicago, provides a means for retrospection thru which we may look back and take stock of the achievements of the past.

In Kaleidoscopic form we see the transition from the ox-cart to aviation; from the telephone to the television; from the telegraph to telephoto; the strides of science, invention and exploration into the mysteries of the sea, the land and the stratosphere.

It's an inventory of the century's progress . . . a reminder that progress is incessant; an inspiration to carry on. And as we face forward again we see Opportunity as our guide beckoning us to follow in his train to greater achievement. It's a challenge to knowledge, to vision, to ingenuity.

It spurs men on to quicken their pace to keep abreast of march and it inspires youth to key their energies and talents and bents to win laurels in the open fields ahead.

The Colorado Record, under the same management since 1905, has full confidence in the success of the National Industrial Recovery Act, therefore, we are donating the above valuable space with the

earnest hope that it will do some good toward the goal for which we are all striving . . . the revival of the true American fighting spirit.

It broadens vision. It proves that the dreamers are actually the doers . . . the inventors, scientists, explorers find ways of turning what is apparently intangible into things that are practical to better living and a higher culture.

Let's hear no more talk of inertia, industrial stagnacy, sparsity of opportunity. The denial is before us. The world moves on and every mile post is a goal to some accomplishment. The past is inspirational. The present is promise. These say to us 'Chins up, chests out, square shoulders, adjust your affairs and Forward March.'

Recovery grows progressively more easy. Tasks which would have been truly impossible last winter are caught up and completed almost of themselves in the forward march of mass optimism. Business is keyed to one pitch and primed for one objective . . . and still is straining every nerve to catch up with the public need that's always a gallop ahead.

METHODIST CHURCH NOTES

We had 71 at Sunday school last Sunday. Glad to see so many out. All officers and teachers present.

At 8 P. M. we had our group meeting with good attendance. Glad to see so many young people present.

The Missionary Society met at the church at 4 P. M. in a business session. Devotional led by Mrs. Gressett. Subject: "God our Father." 1. Silent Meditation. 2. Scripture, Psalm 100. 3. Song, He Leadeth Me. 4. Prayer, Mrs. Lee. 5. God our Protector, Mrs. Boston. 6. God our Father Who Cares, Mrs. Hague. 7. God our Father Who Forgives, Mother Rowland. 8. Scripture verses. 9. Prayer, Mrs. Gressett. Closed with our motto.

The Young Peoples department of the Methodist church rendered a program at Loraine at a meeting of the Rocoelo Union Thursday night.

The following program was rendered: Sweet music—Claire Patterson; Call to Worship—Veta Bell; Song, "In My Heart There Rings a Melody"; Prayer—Mr. Patterson; Scripture Reading—Ralph Ramsey; Song, "Work For the Night Is Coming"; Piano solo—Claire Patterson; Short play—"The Missionary Clinic (nine girls)"; Emilee Ramsey, Elga McCallum, Isabel Rowland, Ruth Miller, Ruth Skelton, Louise Skelton, Veta Bell, Thelma King, Winnie Armstrong.

Others who made the trip were Mr. and Mrs. L. E. Gressett and son, Donald; Mr. F. H. Patterson, Claire

Patterson, Lorene Patterson and Ralph Ramsey.

The World Friendship Club of the Methodist church had its intensive Mission study period from July 24 to the 29th, meeting each afternoon during the week. The subject of their study was the Mexican work in the United States with special emphasis on the school established by our church at Laredo, Texas. The instructors were Mrs. Ray Lee and Miss Emilee Ramsey. They were assisted by Miss Roberts Hudson who teaches Spanish and who spent last summer in Old Mexico City. Spanish songs were learned and Spanish games were enjoyed at the play hour each day. Miss Hudson gave a short lecture each day to the children on the Spanish manners, dress, customs and etc. and had on display her beautiful collection of Spanish souvenirs including Mexican drawn work, basketry, pottery, drawings, and etc.

During the study period interesting stories of the beginning of Holding Institute were told and enjoyed by everyone. Then there was a work period each day during which time scrap books were made to send to Holding Institute at Laredo, Texas. When the scrap books were sent, there was also sent a collection of toilet soap donated by the children.

On Saturday afternoon a beautiful little party was given at the parsonage by Mrs. Ray Lee and Miss Hudson. Spanish games were enjoyed to the fullest extent, after which the children were invited into the dining room which was beautifully decorated with sunflowers. Small tables, which were artistically organized, carried out the color scheme. Small place cards were made in the Mexican National colors, and had printed on them the children's names in Spanish. The children took great pleasure in finding their own names. Delicious refreshments of Mexican beans, tamales, tortillas, bananas and iced tea were served to about twenty five children. The favors were small Mexican straw baskets.

ICE CREAM SOCIAL

The Y.W.A. Girls are sponsoring an ice cream social at the Baptist church Friday night.

The proceeds are to pay the expenses of the girls to Midland to attend a house party. Your patronage and presence solicited and appreciated. Don't forget the date Friday night.

Pennant Series

(Continued From Page One) of the ninth, when the Business Men bunching hits against the tiring Gressett were able to squeeze in three scores.

Woods, twirling for the Business Men did a fine job, but the heavy hitting end of his team failed to come through. Contrary to all rules, it was the tail end of the batting order that was responsible for most of their scores. Harlow, playing the middle garden for the fraternalists, robbed Wilbur Coffee and Woods of knocks labeled for four bases by playing deep in his field and going back for hard hit balls.

Umpires for the series selected by Col. Adams, president of City League were announced as follows: Lister Ratliff, behind the plate, Sam Curry, first base; Red Black, at second and third.

The largest July production since 1929, nearly trebling the output for the corresponding month last year, was achieved by Chevrolet when the company built 80,250 new cars and trucks in the month just ended, W. S. Knudsen, president and general manager announced today.

This compared with 32,281 built last July and with 81,562 in June of

this year, which was the highest production month since early 1931, Mr. Knudsen stated. The current July was the fourth largest July in the 21-year history of the company.

Not since 1920 has July production come as close to June as this year, Mr. Knudsen said, attesting to much less than seasonal slack, now being experienced by the company.

While some seasonal let-up is bound to be felt in August, Mr. Knudsen said he hoped that the sustained high level of retail sales would enable his company again to effect a reduction in the normal average decline from July into the coming month.

For the first seven months this year this company produced more than 438,000 new cars and trucks as compared with 394,000 for the full twelve months of 1932, the Chevrolet executive stated.

Put Your Liver To Work--Make This Test
You can't feel well and strong unless your liver furnishes your stomach and bowels plenty of fresh bile every day. Without bile food doesn't digest properly—it just ferments and decays—constipation, gas, sour stomach, headaches and nervousness follow.
Don't be misled. Calomel, salts, oils, mineral waters, laxative pills, etc., have no effect whatever on the liver. There are only two generally recognized substances which actually cause a sluggish liver to increase its production of bile. Sargol Soft Mass Pills contain both of them.
Unless you have tried Sargol Soft Mass Pills you can have no idea of their effect—you feel stronger, healthier, happier—life and color return to faded eyes and cheeks—appetite and digestion improve rapidly.

Though Other Prices CLIMB
Natural GAS Remains Your Lowest Priced Domestic Servant
PRICES are going up. So say the newspapers and business experts . . . so say the price tags in the stores. Food, clothing, commodities in general, are moving steadily to higher levels to meet changing conditions.
But Natural Gas Service, always your lowest priced domestic servant considering the value received, remains at its same modest price level. Instead of advancing to keep pace with other costs, it now becomes by comparison an even greater value than before.
Yes, you can still cook a dinner for three people, make 33 cups of coffee, or operate a gas refrigerator from 8 to 10 hours for a gas cost of only ONE CENT for each of these operations, because Natural Gas Service remains your lowest priced domestic servant!

Back of the blue flame at your gas burner are 4,000 miles of interconnected pipe line, 31 gas fields, and a trained organization . . . to enable you to have hot water for ten baths for only 5 cents.
