### DEATH TAKES MRS. DAVID L. HARRELL, MEMBER OF PIONEER FAMILY OF CITY

Rites Conducted From Home Of Douglas Burns On Tuesday Afternoon

Mrs. David L. Harrell, daughter of F. M. Burns, pioneer Colorado merchant and banker, died Monday in Fort Worth and the body was forwarded here for last rites among the friends and environs deceased knew during most of her lifetime.

Heart trouble is attributed as cause of her death. She had been suffering with a heart ailment for about a year. She was stricken Sunday afternoon at 7:30 with an attack.

Mrs. Harrell, nee Linnie Josephine Burns, was the youngest daughter of Mr. and Mrs. Burns. She grew to womanhood here and on November 5, 1902, was married to Mr. Harrell, going with her husband to San Antonio to make her home. Later Mr. and Mrs. Harrell moved to Fort Worth. Mr. Harrell has been associated with the Magnolia Petroleum Company 27 years.

Funeral rites were conducted from the family residence, East Fourth and Chestnut streets, Tuesday afternoon at 3 o'clock with the Rev. Alex B. Hanson, pastor of All Saint's church, reading the impressive Episcopal service. Burial was in the Colorado cemetery.

Mrs. Harrell died at her home, 2223 Mistletoe Boulevard, Fort Worth, Monday morning at 2 o'clock. The body was received here Tuesday morning at 6 o'clock by the Jones, Russell Company, who were in charge of funeral arrangements.

Deceased was 49 years of age, having been born August 8, 1884, at Colorado. She grew to womanhood here as the daughter of one of the city's most prominent families. She and her husband moved to Fort Worth to make their home sixteen years ago.

Manifestation of the esteem in which deceased was held among friends here, Fort Worth, El Paso and other sections of the State was demonstrated in the beautiful floral offering at the funeral service and presence of a number of close friends from those places.

Among friends of the family here for the services were C. F. Hudgins, George J. Young, O. F. McDonough, J. B. Armstrong and J. W. Edwards of Fort Worth; Mr. and Mrs. A. Glenn and Mr. and Mrs. H. M. Neighbors of Sweetwater, and O. H. Jones of Merkle.

Survivors are her husband, one son, Frank Harrell of San Francisco, one brother, Douglas Burns of Colorado and one sister, Mrs. J. B. Gray of El Paso.

Active pall bearers were H. S. Beal, M. Terrell, D. H. Snyder, Joe H. Smott, Jack Smith, J. C. Etheridge, Carey Prude and Dr. B. F. Du-laney.

### Baptist Women Go Strong In Battle With B.W.P. Nine

Ladies of the Fidelis Circle of First Baptist church proved too much for the Business and Professional Womens nine in initial baseball tourney game staged last week on grounds at Hutchinson school. The score was 17-9 in favor of the Baptists.

"We are out to engage any women's club who is willing to consider challenge from our mound performers," stated one of the Baptist women after the game. Receipts totaling \$4.33 was realized from gate receipts. The amount was divided equally between the two teams.

During season of 1932 the P.B.W. Club developed a strong team and played a number of matched engagements here. They engaged a nine, mustered from the Lions Club by Col. C. M. Adams, as one of the star events.

Mr. and Mrs. G. D. Foster spent the week-end visiting relatives in Canyon.

## LEST WE FORGET

Mr. Farmer---Our advice would be to you to try and keep a few INDEPENDENT Gins scattered among your midst. The following are a few lines from the by-laws of an organization which, SEEMINGLY, your friends, the CHAIN GINS, tried to organize a short time ago, but we would not join.

**NOTE THE FOLLOWING**

"The organization shall be governed by a Board of Six Directors, who shall be elected annually. Each subscribing ginner agrees to support the Association for the entire ensuing season. In the event that any group or any individual ginner wishes to arbitrate any matter pertaining to THEIR BUSINESS THAT THE BOARD OF DIRECTORS shall serve as a BOARD OF ARBITRATION."

Mr. Farmer---If the independent Gin is wiped out, your ginning might come a little high, and your seed will sell pretty cheap.

News of Club Girls And Women

BY MISS EMMA GUNTER

"It is not too late to start pouring the feed to the calf picked out for the farm meat supply," says Roy Snyder, Extension meat specialist. A calf ought to be 9 to 12 months old when butchered. Pick a deep, thick, compactly built calf in preference to a rough and rangy one. Give the calf all the hay he will eat and feed all the grain the calf will eat and supply some cotton seed meal each day from 1 to 1 1/2 pounds. Feed any grain that happens to be on hand. At the start the calf will eat about 2 pounds of grain per day but later on it will clean up 10 to 12 pounds daily.

Start feeding the cottonseed meal or cotton seed gradually and gradually increase. Let him have plenty of clean water and some salt and the calf will do the rest, says Mr. Snyder.

The County Home Demonstration Council will not meet November 4th but will meet November 18th in the office of the agent at 2:30 p. m.

4-H Girls clubs are to be organized this month and work along organization and achievement reports will be given. If you have had a club this year, begin to plan for your organization when the agent visits your school you will be ready for the meeting.

All extension field workers will gather at A. & M. College November 5 to 10th for a conference. Miss Gunter leaves Saturday for College Station.

GREENE HAS TO GUESS AT RAINFALL; SPOOKS GOT AWAY WITH GAUGE

Jim Greene, who has supervision of the government rainfall register, sent out an S.O.S. call Thursday morning when The Record called to ascertain amount of rain the night before. Investigation disclosed that a part of the equipment was missing. "Will have to guess at it. Spooks got away with my gauge," Greene reported. Just past 1.25 inches on your bulletin board. I am sure that is about right." Pranksters left evidences of their presence in all parts of town Tuesday night. Milk bottles left outdoors, store signs and many other articles were either moved to new locations or destroyed.

A negro spiritual song program was given at 7:15 p. m. Sunday school attendance registered an increase last Sunday. Such a record is encouraging to Superintendent Jim Ferguson and his corps of workers. There should be more of our people in the Sunday school.

FUNERAL RITES HELD SUNDAY

Funeral rites, conducted by Rev. A. C. Hardin, were held from the Baptist church here Sunday at 2:00 p. m. for Ethel Bertie Cary, wife of DeWitt Cary of Bauman, who died at the Root hospital in Colorado at 6:30 p. m., October 28th.

Mrs. Cary died from injuries received in an automobile collision with truck and trailer on highway east of Colorado near C. H. Thomas home at 11 o'clock Friday night, October 27th, as she in company of her husband and children were returning home from Colorado.

Ethel Bertie Cary was born February 22, 1903. In the year 1917 she was married to B. A. Cary. To this union three sons were born who are Buster, age 14; Billie, age 11, and Bobbie Joe, age 5 years who survive. Three sisters and one brother also survive, two of whom, Raymond Cary and Mrs. John Chaney of Colorado, were present at the funeral.

On June 19th, 1933, she was married to DeWitt Cary of Bauman, who survives her. She was converted at an early age and united with the Baptist church when quite a small girl and had been a regular attendant of church and Sunday school at Bethel, since her residence in the Bauman community.

The pastor in impressive words to the living and in tribute of this departing soul stated he had never known a more interested member to a sermon than she, seating herself at the church could not be found to accommodate the large crowd that was in attendance.

Flower bearers were composed of the Dorcas class of which deceased was a member.

UNITED IN MARRIAGE

The marriage of Miss Viola Brown to Glen Coon, both of Loraine was solemnized at the home of the brides mother, Mrs. V. E. Brown at 2:30 o'clock Sunday afternoon.

The single rite ceremony was read by J. D. Harvey, minister of the Church of Christ at Colorado before about fifty friends and relatives of the couple.

The service was performed before an improvised altar, of ferns, roses and dahlias erected in front of the bay window at the end of the long living room. On either side of the altar were brass candelabra each bearing five lighted pink tapers.

The wedding party entered the room to the wedding march from Lohengrin with Mrs. E. B. Gray of San Angelo at the piano. The bride was attended by her sister Mrs. Brown and Allean Swafford acted as best man to the groom.

The bride was preceded by Shirley Coffee as flower girl. During the ceremony Mrs. Gray played softly "I Love You Truly."

The bride's gown was of blue transparent velvet fashioned with a demi-train of the same material. She carried an arc bouquet of yellow chrysanthemums. Miss Swafford wore a long fitted gown of zinnia red satin and wore a shoulder corsage of yellow dahlias.

After the ceremony the bride cut her cake which was served with punch to the guests. Those assisting in the serving were Misses Lola and Ida Wray of Abilene, Miss Odella Brown of Santa Anna, and Mrs. Robert Lowry of San Angelo.

Out of town guests for the wedding were Mr. and Mrs. Fred Brown, and Mrs. Bowden of Mineral Wells; Misses Lorena and Reta Mae Brown of Coleman; Mrs. Leman Brown of Santa Anna; Mrs. Tom Wray and daughters, Lola and Ida and Dr. Raymond Wray of Abilene; Miss Nell Lowry of Bronter; and Mr. and Mrs. Robert Lowry and Mr. E. E. Gray of San Angelo.

Both the bride and bridegroom have lived in Loraine since early childhood. After graduating from Loraine High school as valedictorian of her class the bride attended Abilene Christian college for two years and later taught in the public school here. Mr. Coon attended John Tarleton college after finishing high school here. He is at present employed by Kennison grocery.

After a short wedding trip this couple will be at home in Loraine.

ENTERTAINED WITH SHOWER

On Thursday a shower was given by Mrs. J. L. Meadows and Mrs. W. C. Brown at the Meadows home honoring Mrs. Glen Coon nee Miss Viola Brown. The house was beautifully decorated in keeping with Halloween, the rooms darkened and hung with jack-o-lanterns and chandelabras with white tapers were burning in each room.

Punch was served to each arriving guest who then registered in the beautifully hand embossed bride's book.

A beautiful musical program was presented by the pupils of Mrs. Kirk Taylor. A corner of the living room was converted into a gypsy tent inside of which Miss Odelle Brown, cousin of the bride, presided as fortune teller.

After reading several palms, Miss Brown told the bride where to find a valuable treasure. She discovered many wonderful gifts and graciously thanked the guests.

ENTERTAINED WITH BRIDGE

Mrs. Virgil Brooks and Miss Etha Edwards entertained on Friday afternoon with a lingerie shower in honor of Mrs. Glen Coon.

There were three tables of bridge. Upon arrival of the guests refreshments consisting of chicken salad sandwiches in the shape of wedding bells, potato chips, olives, heart shaped cakes and iced tea was served.

After three games were played, Mrs. Coon was presented with prize lingerie in a heart shaped box. After everyone had admired the gifts the bride thanked them in a most charming manner.

Those present were: Mrs. Coon, Miss Inez Mayes, Miss Kate Spurr, Misses Fern and Ruth Coon, Miss Odelle Brown, Miss Irene Brown, Mrs. Clyde Bennett, Mrs. Edd Williams, Mrs. Homer Derryberry, Mrs. Hall Hooker and Mrs. L. W. Rhodes.

WILLING WORKERS

Willing Workers Sunday school class of the Methodist church, met Thursday October 26th in regular monthly meeting at the home of Mrs. W. L. Hester. The house was called to order by the president, Mrs. Harold Martin. Mrs. Edna Williams led the devotional reading Phillipians 2:15.

After business session the president reported the budget to our adopted boy "Buck Cook" of Waco orphanage. Also the social service report made.

The hostess served pumpkin pie, whipped cream and coffee to the members present.

BAPTIST CHURCH NOTES

Sunday school was well attended Sunday morning with a good spirit of rivalry between the classes. Miss Mary Miller of the Bible class, away from Loraine for awhile, sends in her report here each Sunday. The Dorcas class has lost one of its most faithful members in the going of Mrs. DeWitt Cary.

Bro. A. C. Hardin brought a message from Genesis 21, Sunday morning using for his subject "Isaac, a Type of Christ." Sunday evening his subject was "The Demagogue." He read the story of the man who dwelt among the tombs and how he was calmed by the word of Christ. During this modern age nothing except the word of God calms sinful hearts.

67 were present in B.T.S. Sunday evening. We were indeed glad to have our Junior leader, Mrs. A. O. Fain back for some time. Fain has been absent for some time. Our B. A. U. president was also back in her place. We are praying that more members may read their Bibles and pray each day. Our church thrives on those who pray.

SENIOR B.Y.P.U. SOCIAL

19 Seniors met in the home of Mr. and Mrs. J. A. Martin last Thursday evening and enjoyed a good Halloween social. The social committee had decorated the windows for the occasion and all lights except the fireplace were removed while everybody told a ghost story. Fortunes were told and many games were played. One of the most interesting features was a debate, "Resolved that a centipede with a corn on every toe is better than a giraffe with a sore throat," discussed by Elvis Narrell and Mr. Liggett and Mrs. Martin and Wynona Hardin. The affirmative won. "Meeting the G. S. C. Family" was played to the enjoyment of everyone.

The social committee served refreshments of hot chocolate, marshmallows and sandwiches to 17 members and two visitors.

Here we've had the "New Deal" for 31 years

That's why we have confidence that the Blue Eagle will bring direct results and help to everyone

Here are some Significant FACTS:

MANY of the fundamentals on which today's gigantic "New Deal" rests are the same as those on which J. C. Penney founded his association of stores in 1902.

That's one reason why we have faith that difficulties will be overcome, that objections from the "curbstone critics" will be silenced, that the courageous plan will succeed.

For many of these same difficulties were faced by J. C. Penney thirty-one years ago when he undertook in a smaller way what the Administration of today is applying to a nation.

Like all big ideas, the Penney plan was simple. He would have stores all over the country, served, not dominated, by a skillful, experienced central buying staff. He'd make a small profit on each sale... but a lot of sales. He'd share ownership with those who helped his plan work out. He'd pay the wages of comfortable living, not mere existence. He'd pool experience, cut out waste motion, keep operating costs down to rock bottom.

The savings he'd pass on to the public. His bid for patronage would rest on better values. Merchandise would be plainly priced, sold for exactly what it was. This may all sound commonplace today. But in 1902 it was revolutionary. "Fantastic" many merchants called it.

The J. C. Penney "New Deal" has worked.

Customers at first could hardly believe that Penney prices represented honest values. But people who bought once, kept on buying. They told their friends. The stores grew in size and in number.

Today there are nearly fifteen hundred. They've brought direct benefits to millions of people, and to their home towns. Records show that Penney stores actually increase trade in Penney towns by offering wider selections and better values.

Because these simple fundamentals have "worked" for thirty-one years in a great business venture, the 21,000 members of the Penney organization have faith that they will be successful, too, in helping a great nation restore national prosperity.

away. Attending physicians were agreed that no hope could be held out for his recovery, it was stated.

Mrs. Carey died at the Root hospital Saturday morning at 6:15 from injuries received when an automobile being driven by her was wrecked in crash with a heavily loaded truck six miles east of Colorado. Mr. Carey and their three sons, Bennie, Billie and Bennie Joe, were all injured. The latter, five years of age, sustained a minor brain concussion but Thursday morning was reported doing well. He was dismissed from the hospital Tuesday.

Truck featuring in the fatal crash was being driven by James McMiddleton of Abilene. With a load of apples in his truck and trailer Middleton was moving west. The Carey car was traveling east and came upon the truck at Champion Creek bridge. Mrs. Carey lost control of the car and crashed into side of the trailer, wrecking both machines.

Within a few minutes after the crash A. Glenn and H. C. Plumley of Sweetwater drove up and brought the Carey family to the hospital. Middleton and two other occupants of the truck were not injured. Local authorities investigating the wreck state that Middleton was not to blame and consequently no charges are to be filed against him.

Detailed report of the Carey funeral services, held at Loraine, is given in Loraine section of The Record today.

## CRUCIAL FIGHT FACES CANTRILLMEN AT SAN ANGELO

### SECOND CONFERENCE BOUT OF SEASON SCHEDULED AT BOB CAT FIELD SATURDAY

#### Wolves Lost To Heavier And Faster Eleven 39-7 Last Year At San Angelo

The Wolves are facing a crucial fight in annual clash with San Angelo at stadium of the Bobcats Saturday afternoon. The Cats have so far during the season made definite threat to hold both Sweetwater and Big Spring in abeyance in scramble for District 3, Class A pennant.

In annual classic between the Cats and Big Spring Saturday afternoon both teams played to a scoreless tie. Coloradans who witnessed the bout describe the game as one of the best seen in these parts this year. Sports writer on the Big Spring Herald says of the game:

"Big Spring hurled a couple of surprise packages at San Angelo in George Neel and Leo Hare at Steer Stadium Saturday afternoon and with a scrapping line outfought the touted Bobcats to a 0-0 tie. Twenty-five hundred people watched the underdog Steers smash every San Angelo drive before it could turn into a score.

"Time cost Big Spring a real chance in the last quarter. Jones intercepted a pass on his 45-yard line and streaked back to the 18-yard line before he was downed by a lone Bobcat amid a gang of Steers. The gun stopped whatever the Steers might have done."

C. A. Wilkins, high school principal, has announced that the pep squad will be taken to San Angelo Saturday for the game. A motor caravan carrying several Colorado fans is expected to accompany the Wolves to the Concho City.

San Angelo severely drubbed Colorado in annual conference game played at San Angelo last November 19. The Cats ran up a score of 39 to only 7 by the Cantrillmen.

Cantrill will enter the San Angelo game with some of his men handicapped as the result of injuries in game with St. Jo here last week. Stagner was hurt during the third quarter and Hagler, taken from play during that period with a shoulder injury, was benched during remainder of the game.

Sweetwater, another club to be met by the Wolves, ran roughshod over McCamey at Sweetwater Saturday afternoon at Newman Stadium. Sweetwater. The score was 42-0. The local club is to play Sweetwater on November 18.

Big Spring, to be met by the Wolves on Thanksgiving Day at Big Spring, has won five out of nine annual games engaged by the two teams. Last year the score was 26-7 in favor of the Steers. During the battle, witnessed by several hundred Coloradans, the Cantrillmen held Big Spring scoreless during the first half. The Steers came back fighting in all fury and accounted for four touchdowns during the final period and scored just before the gun.

#### MIDLAND BULLDOGS IN ANOTHER LOSING GAME

The Midland Bulldogs continue to hold small end of the score totals in West Texas football circles. One week after having been defeated 54-6 by the Colorado Wolves, they were routed 32-0 by Wink. Wink counted for 18 first downs and Midland 6.

### Election Of Teddy Roosevelt Predicted One Eve Of National Balloting In 1912

That Teddy Roosevelt would win in the National elections only a few days ahead was strongly predicted by The Record for Friday, November 1, 1912. The Bull Moose standard bearer was gaining support in every part of the country, the paper informed its readers. Forecast of The Record proved true as on the following Tuesday the man of big stick fame received sufficient electoral votes to put him in the White House.

"The president's regular Thanksgiving proclamation, advancing trucks about ten cents a pound, will be issued right after the election," The Record for that issue of 21 years ago stated in editorial comment.

Passing of one of West Texas' oldest and most important stage lines was seen. With building of the Orient railway into Fort Stockton, the stage that through many years had operated between that frontier town and Merton, a distance of 136 miles, would be no more.

Bradford Knapp, then associated with the Department of Commerce at Washington, addressed a West Texas farmers-convention held in Fort Worth a few days before. Mitchell county had representation at the meeting. Dr. Knapp is now president of Texas Tech at Lubbock.

### RESULT OF SATURDAY'S CONFERENCE TILT LEFT COLORADO IN BAD SPOT

Skipper Cantrill and his Wolf pack find themselves in a peculiar aspect with reference as to what immediate future may hold, as sequel to the scoreless battle fought at Big Spring Saturday afternoon between the Big Spring Steers and San Angelo Bob cats.

Holding the Cats to a non-scoring record comes as encouragement to the Wolves who will meet the Concho City club this weekend. Colorado should make about as good showing against them as did the Steers, comment some fans.

On the contrary, it is pointed out, should San Angelo run over the Wolves things will not look so well. It will be accepted that Big Spring probably will do the same thing, leaving the Cantrillmen far toward rear in annual conference parade.

### 'NO FINER CITIZENSHIP WILL BE FOUND IN THIS STATE,' HAMNER STATES

"Having lived among the people of this community during the years of 1897 to 1911, I know there is not to be found a finer citizenship anywhere than the men and women of this community," Judge E. J. Hamner, prominent Sweetwater attorney, stated in an address at the Lions Club Friday. He was presented as guest of local attorneys.

Judge Hamner recalled that he came to Colorado in 1897 to hold district court for Judge Kennedy, who was ill in a Galveston hospital. "I was so impressed with the sterling qualities of the people here that I returned home and moved my family here to live," he said.

### FT. STOCKTON MAN TO SUCCEED GEORGE ROOT AS SOUTHLAND AGENT

Jo. W. Camp, formerly engaged in the insurance brokerage business at Fort Stockton, has arrived in Colorado to assume his new duties as general agent for the Southland Life, succeeding George B. Root, for many years agency representative for this territory. Mr. Camp stated Tuesday that he would continue headquarters offices here.

Root, popularly known throughout this section of the Southwest, is being retired due to ill health. Under his direction Southland Life enjoyed a large business volume in this territory. Strong tribute to his predecessor was paid Root Tuesday by Mr. Camp.

### ANNUAL OPEN SEASON ON DUCK OPENED WEDNESDAY NOON FOR 60-DAY PERIOD

#### Deer And Turkey Season Will Not Open Until Nov. 16 In This Territory

Open season on duck began Wednesday at noon in this territory and in response to beckoning of favorable weather conditions and news that the birds were plentiful on a number of lakes in this area, several Colorado hunters were afield in quest of the game. Duck are said to be plentiful in many parts of West Texas this season.

State laws having to do with hunting of duck have been changed since last season to conform to the Federal statutes, which accounts for the open season arriving on November 1. No hunting was permissible under the law until noon. The bag limit is 12 for any one day and 36 for any one week. Four geese may be killed in any one day with the bag limit for a week placed at twelve. The same applies to brand.

Colorado hunters who annually invade rendezvous of deer in the mountainous country of Southwest Texas and the habitat of wild turkey in counties south and southeast, must await until November 16. The country in which turkeys range is said to offer a plentiful supply of the birds this year. The open season on both turkey and white tail deer applies to territory west of the Pecos river and will close December 31.

The black tail deer season will open November 16 and close November 30, west of the Pecos. Two white tail deer constitute bag limit while only one black tail deer may be legally killed during the season.

The quail season is to open December 1, closing January 16, both inclusive. Bag limit is 12 per day with not more than 36 killed by any one person during a week's time. Quail are reported more plentiful in this territory than for several years. That dove hunters have been shooting quail was again charged by E. Barber, deputy game warden, who was in Colorado Saturday from his home at Spade. "There are a few quail left, however," Barber stated.

### BIG SPRING PASTOR TO BATON ROUGE CHURCH

Dr. J. Richard Spann, pastor of First Methodist church at Big Spring during the past two years, passed through Colorado Monday enroute to Baton Rouge, La., where he is to assume pastorate of First Methodist church. He planned spending Tuesday visiting in Abilene, where for four years he was pastor of St. Paul's.

### Farm Loan Payments Expected Add To Business Improvement This Territory

Supplementing government plow-up checks, a source of finance to Mitchell county farmers that during the past several weeks has added materially to business progress in this territory, is the farm loan payments soon to be advanced from the Houston Federal Land Bank. Scores of applications for these loans have recently been filed by citizens of this county.

The Houston bank is approving the loans at the rate of \$1,000,000 per day, according to information received by The Record Tuesday from an official of the institution. During the past two weeks a total of \$12,435,120 was approved. The

### CANTRILLMEN HOLD GAELS TO SMALL LEAD OF TWO TOUCHDOWNS HERE FRIDAY

#### Semi-Professional Club Has Every Advantage Over The Wolves In Grid Fest

Coach Big Jim and his Wolves met defeat at Cantrill Field Friday afternoon, in so far as figures on the score board were considered, but in every other respect the Colorado men attained distinctive honor. They fought with unflinching valor against one of the most powerful elevens ever opposed by Colorado.

Mose Simms, coach of the St. Joseph Gaels, at Abilene, sent to Colorado for the non-conference tilt a semi-professional machine made up of high school and college stars gathered from many parts of West Texas. One of the Catholic's best men formerly did effective service for Harry Taylor's San Angelo Bobcats. Another in other days toted the ball for Simmons' University, still another won distinction as a member of the Texas Tech Matadors, while the huge fellow wearing the blue Sox played for three years on A. C. C. Wildcats. Jack Black, who for some time has maintained a commendable record at tackle on the Abilene Eagles eleven, was another man arrayed against the Wolves. He was declared ineligible to play in Class A conference football only a few days before and was taken into the Gaels camp. He played at guard and end in Friday's game. Four other men used against the Wolves had had college experience in football.

Fighting against such a powerful machine brought severe punishment to the Cantrillmen, but every man acquitted himself with distinction. Not for one moment did a Wolf falter or unfurl a yellow flag as the big fellows time after time plowed with telling effect into the lighter and less experienced line. The day had been dedicated to their fathers and mothers and every Wolf going into play evidenced his definite purpose of making the event a truly red letter day.

One of the big huskies doing effective work for the Gaels brought his wife and daughter to witness the game. Another man, who has seen several years of successful football, is the father of two children. It was not a schoolboy scrap by any means, except as to the under dogs.

Fact that the Cantrillmen held the heavy, semi-professionals to only two touchdowns is being commented upon by hundreds of fans who jammed the sidelines. The first half ended scoreless with Colorado leading in first downs. The visitors scored in the third period and again in the fourth. Placement kick for the extra point was good in only the first instance.

The visitors were penalized a total of 55 yards, drawing two 15-yard reverses for slugging. Colorado could not connect her aerial attack as in some of the other games of the season, especially as in the encounter at Midland the week before. The Gaels were usually there to block the ball. Ten attempted passes by the locals either went wild or were

Splendid technique in Steer-Bobcat contest

### SPLENDID TECHNIQUE IN STEER-BOBCAT CONTEST

Jim Cantrill, Wolf mentor who acted as referee in the Steer-Bobcat classic at Big Spring Saturday afternoon, informed sports writer on the Big Spring Daily Herald that the Steers "looked plenty good to me." He was quoted as having suggested to Harry Taylor, skipper for the Cats that the Steer guards wore the San Angelo team to a frazzle.

### 'We Are Going To Beat You Saturday,' Is Promise Cantrill Gives Angelo Writer

In his column, "Roving the Sports World," Blending Cross, sports writer on the San Angelo Evening Standard, has the following comment to offer, mostly about the conference game to be played at San Angelo Saturday between the Wolves and Harry Taylor's Bobcats:

"Jim Cantrill, coach of the Colorado Wolves, refereed the Big Spring-San Angelo scoreless conflict Saturday at Big Spring. After the game Cantrill remarked to this writer, 'We're not going to tie you next Saturday; we're going to beat!'"

The Bobcats of San Angelo high school, somewhat humbled as result of being held to the zero stymie by a team the dopsters had said San Angelo should be able to beat by several touchdowns, engage Colorado here Saturday in their next district 3 game. It is seldom a football coach steps out before a game and tells you he is going to beat you. That's what Obie Bristow did—and he almost made good. Now Cantrill declares his club is going to take the measure of the Concho eleven.

It begins to appear the San Angelo team has been greatly overated. It's blocking in the teeth of an inspired fight by the under-dogs

Big Spring club was very ragged. Selby was Reid, San Angelo's ace ground winner, given a chance to get started. Time and again a wall of yellow jerseys surged around him while he looked futilely for an opening or a blocker or two to help him through.

The Bobcats were unlucky in that touchdown passes were muffed or barely out of reach on several occasions, but credit must go to the Howard county detachment for its superb fight all the way. The San Angelo eleven never did stand a chance of blasting its way through the stubborn Steer forwards to a touchdown. The only chance was to get across on long scoring plays—and the long plays failed to click.

The tie in district 3 records counts as a half game won and a half game lost for both teams. Penetrations and first downs are not figured by this district as a method of breaking a deadlock.

Colorado as result of a 7-6 win over McCamey and Sweetwater with a 42-to-0 victory over McCamey are tied for the district lead with San Angelo and Big Spring tied for the next position.

### FAIRVIEW FARMERS ARE HALF THROUGH PICKING

Farmers of the Fairview community have harvested at least fifty per cent of their cotton, according to statement by Bill Berry who was in town Tuesday afternoon from his home there. Continuation of the unusually favorable weather for picking for a few weeks would find all of the crop gathered.

### NORTH TEXAN BOOSTER FOR COLORADO'S PAPER

"I do not wish to miss a single copy of one of the best newspapers in Texas and herewith remit for another year's subscription," writes W. Barker, Rt. 2, Cooper, in communication received Tuesday afternoon. Mr. Barker has been a regular reader of The Record several years.

### TOTAL SUM OF \$130,000 ADVANCED PRODUCERS FOR AREA WITHIN THREE DAYS

#### Office At Colorado Receives Additional Application Forms This Week

Within three days after negotiating the first 10-cent per pound loan on cotton, the West Texas Cotton Growers association had extended approximately \$130,000 of Federal money to cotton growers in this area, headquarters office in Abilene reported Monday night.

Of the amount about \$95,000 was negotiated at the Abilene office, and the remaining \$30,000 at branch offices located at Stamford, Sweetwater, Colorado, Brownwood, Hamlin, Seymour, Spur, Coleman, Roscoe, Snyder, Roby, Brady, Ballinger, Big Spring, Munday, Anson and Haskell.

Additional supplies of contract forms were received at the Abilene office Monday, enough to last for several weeks, it was estimated. Part of the supply was forwarded to branch offices, being received here and at other points of the district Tuesday.

Under the Federal policy of negotiating the loans, borrowers are not to be limited in any territory; the district office was quoted as having announced Monday.

Fans who wish to cooperate with the Athletic Council in transporting the pep squad to San Angelo Saturday should confer with C. A. Wilkins at the high school.

Richard Hardison was among Coloradans witnessing football classic in Abilene Friday night.

LET US DO OUR PART

As we look around and see the "Blue Eagle" displayed in every window and note on the insignia the motto "We do our part," we feel and realize the meaning of this motto as co-operation and mobilization for the human needs, that no one shall go hungry and that the needy shall have clothing and shelter. With our great leader, Franklin D. Roosevelt at the wheel guiding and instructing the people through the National Recovery Administration, wonderful results are already visible.

As we have started off our 1933-34 school term we are inspired by this great insignia and we want to "do our part" in bringing our school to a higher rating. Our teachers cannot do anything if they do not have the co-operation of the student body. We have our discouraging

moments, especially if we fail to make our grade or do not get as high percentage as we think we should. This does not mean that we are miserable failures, but it does mean that we have failed to "do our part." We feel that we have the best teachers on earth sometimes, and then when we fail to "do our part" and get in a depressed condition, they are always at our warm side trying to recover our courage and restore our footing.

With all of our grades organized we should do good team work this year, so come students and let's make this the banner year of the Westbrook High school. I can't do it, you can't do it, the faculty can't do it, but by co-operation "we" can do it. A certain NRA supporter said: "When we separate the word Business into its component letters, B-U-S-I-N-E-S-S, we find that "U" and "I" are in it." In fact, if "U" and "I" were not in business, it would not be business. Therefore, if business is to remain business, we must keep "U" and "I" in it. And furthermore, we discover that "U" comes before "I" in Business, and that the "I" is silent—it is to be seen, not heard. Also, the "U" in Business has the sound of "I," which indicates that it is an amalgamation of the interest of "U" and "I," and

when they are properly amalgamated, Business becomes harmonious and altogether profitable. So, let's settle down to business and not have it said that we failed to "do our part."

SOPHOMORE PLAY

The Sophomores staged the first play in the tournament, Friday night, "One Minute of Twelve," which drew a large crowd. The entrance fee was only 10c but the proceeds totaled \$23.50. The play was full of fun and laughter and was well rendered. The leading roles were played by Vestal Smith and Weldon Moore. The comedians, Lorraine Hart and Tom Bryan Soker, performed excellently. In fact the play was among the best ever staged in the high school auditorium, and if you missed seeing the four gold-diggers, you missed something.

The audience was well entertained during the acts by the Colorado Quartet. The Sophomores greatly appreciated their willingness and hope to have them again. The next play in the tournament will be staged by the Juniors. The play has not been selected but watch for the date. The Seniors have selected "Here Comes Charlie," as their play for the tournament. Don't fail to see this play.

CHAPEL NEWS

Wednesday morning the student body assembled in the auditorium for the weekly chapel exercises. Patriotic songs were sung after which Rev. Dick O'Brien of Colorado made a short talk on "America's Greatest Need." The subject was very broad but Rev. O'Brien selected a most unexpected need, "Contentment," and made a very interesting talk on it. Rev. O'Brien was accompanied by Mr. Jim Greene, whom most of us know, and we certainly appreciated his presence. We invite the patrons to attend those weekly Wednesday morning programs at 8:30 a. m. in our high school auditorium.

THE JUNIOR CLASS

Paraphrasing Shakespeare: "All the world's a football field and we are the players on it." It may interest you to know some of the achievements of the Juniors of our school in the football game of life. In our language we have attained a goal worthwhile. We have on our team fifteen of the most energetic boys and girls in high school and we also have the largest team in high school.

The Juniors supplied the honor roll this month with more names than any other high school class. On our real basketball team you will find an average number of Junior girls and they are basketball stars, but we are mentally vigorous and shall perhaps obtain that goal for which we are now striving. These are our credentials; we appeal to you to look over our faults and consider the Juniors as the future leaders of our school, town, and country.

HUMOR

Mr. Patterson: "Well, didn't you ever hear of the Wayflower compact?" Marie Gressett: "Oh, is that the new Djer-Kiss product?" Miss Ott: "Has your father a profession?" Johnny Moore: "Now he just works." Mr. Lauderdale: "When I was a boy, you know, the doctor said if I didn't stop smoking cigarettes I would become feeble-minded." Herb Currie: "Well, my goodness, why didn't you stop?" Mr. Patterson: "Do you think the women have done much towards politics?" Herman May: "Well, I think they have made them terribly interesting, don't you?" Miss Cook: "Thelma come up here and give me what you've got in your mouth." Thelma King: "I wish I could; it's the toothache."

Mr. Lauderdale: "Marcus, what are the seasons?" Marcus Woodall: "You mean in the United States?" Mr. Lauderdale: "Yes, of course." Marcus: "Baseball and football." AN OLD PRAYER Give me a good digestion, Lord, And also something to digest; Give me a healthy body, Lord, With sense to keep it at its best. Give me a healthy mind, good Lord, To keep the good and pure in sight; Which, seeing sin, is not appalled, But finds a way to act it right. Give me a mind that is not bored, That does not whimper, whine, or sigh; Don't let me worry overmuch About the fussy thing called "I." Give me a sense of humor, Lord; Give me the grace to see a joke; To get some happiness from life, And pass it on to other folk. —Anon.

The same evening a mixed team of outside boys, consisting of Jodie and Perry Barker, Carey Edwards, Lowery Strange and Phil Gingeich, played the school boys. The school boys put up a hard struggle but lost to the outside team by a score of 32-12. Wash tubs, pails and rub boards for sale at Burton-Lingo Co., Westbrook, Texas. The Wolves threatened to score three times during the game. During the first period a pass, Priester to Stagner, was completed to carry the ball from the Gael 43-yard strip to the enemy's 12-yard marker. Three successive line plunges carried the ball nine yards, within three paces of the goal line. On the fourth play a pass into the neutral zone was downed, and the ball went over. The Wolves staged another spectacular parade toward the Gael pay line in the third period. Stagner received punt on his 20-yard line and negotiated a sensational broken field run for 53 yards, being downed out of bounds on the enemy 28-yard line. He received a head injury in tackle that handicapped him through remaining stages of the contest. Red Moon Morrison and Priester plowed through center on two successful plunges to register a first down on the Gael 11-yard marker. Morrison clipped off another 2 yards

Put Your Liver To Work--Make This Test You can't feel well and strong unless your liver furnishes your stomach and bowels plenty of fresh bile every day. Without bile food doesn't digest properly—it just ferments and decays—constipation, gas, sour stomach, headaches and nervousness follow. Don't be misled. Calomel, salts, oils, mineral waters, laxative pills, etc. have no effect whatever on the liver. There are only two generally recognized substances which actually cause a sluggish liver to increase its production of bile. Sargon Soft Mass Pills contain both of them. NOVEMBER AND THE FLU

This November weather is glorious. There is a tang in the air that revitalizes the system. There is beauty and glory in the forests and the fields. But I could not enjoy it.

France has about the same number of people with a larger national debt and a smaller private debt. The Frenchman dislikes personal debt, but eagerly buys the bonds representing his country's public indebtedness.

SPECTRES ON PARADE

One reason why there is less appreciation than there should be of the horror of our annual automobile death toll is that the accidents happen far apart geographically, and at intervals throughout the entire year.
