### CRIMINAL CASES PENDING IN 32ND DISTRICT COURT CONTINUED TO NEXT TERM

#### Grand Jury Returns One Bill Of Indictment Friday And Is Adjourned

Trials of W. M. Barrett on the charge of robbery, and M. L. Kirschbaum and Sam Hirsch, on arson, set for this week in 32nd district court, were continued for the term Monday on motion of defendants. C. C. Thompson, local attorney, represented Kirschbaum and Hirsch, while Barrett appeared before the court without counsel and offered his own plea. Absence of witnesses was cited as reason on which the pleas were based.

Kirschbaum and Hirsch were indicted by a special grand jury here on Thursday afternoon, June 15, within three days after merchandise stocks in the Kirschbaum store on West Second street had been damaged several thousand dollars by fire. Hirsch was employed at the store. Both men were released under bond pending appearance at the present term of court.

Barrett, charged by indictment with robbery of the Max Berman department store on night of August 19, was tried Monday of last week. The jury was discharged after reporting to the court they were deadlocked in arriving at a verdict. When the case was called for trial again Monday of this week, Barrett entered plea for continuance on grounds material witnesses were absent.

The grand jury empaneled by Judge Mauezy at opening of this term of court, Monday, October 16, and later recessed, returned Friday morning to complete its work. One true bill of indictment, charging Hoye Jeter of Snyder with theft of an automobile, was returned and the twelve men were discharged for the term.

Jeter entered a plea of guilty when arraigned Monday morning and the court assessed his punishment at two years in the State penitentiary. He was charged with taking an automobile belonging to Pete Ellis of Westbrook from in front of the Palace theatre here on the night of October 9. The machine was recovered at Snyder two days later.

John Chaney, charged with driving a motor car while intoxicated, entered a plea of guilty Monday and was assessed a two-years suspended sentence. His driving privilege was taken away for a period of two years, maximum under the law.

Mrs. Thompson Hostess To Legion Auxiliary. Wednesday was Mrs. A. D. Kiker's birthday and her daughter planned a most delightful surprise party for her. Mrs. Ivan Barber invited her out to her home at Spade to spend the day and while she was there Mrs. White arranged the house for the party.

The guests arrived soon after four o'clock. Their gifts were placed on a table and a little later when Mrs. Kiker came in she was greeted with "Happy Birthday to You" sung by her friends. The surprise was complete and it was some time before she could realize what was happening. The little gifts from her class and friends were opened and passed around to be admired.

Two cakes, one pink and one yellow, each with "Happy Birthday" were on the table which was centered with beautiful yellow chrysanthemums. Mrs. Kiker's gift, yellow and pink napkins were passed and a plate of sandwiches, cake, hot chocolate with a favor of little dolls dressed in pink and yellow with this card "Ollie Jane Kiker, Nov. 8, 1883 to Nov. 8, 1933" served.

Each guest registered in the pretty pink and yellow birthday book before saying goodbye.

STOP FALSE RUMORS AND COOPERATE IN NRA CODE, WATSON ASKS OF PUBLIC

Local Compliance Chairman Hopeful That Public Will Assist His Efforts

Complaints of violation of approved codes in this district are to be referred to Ernest L. Tutt, District Manager of the United States Department of Commerce at Houston, according to J. W. Watson, chairman of the Local Compliance Board in a statement issued today.

Mr. Watson stated further that this does not alter the functions of the local Compliance Board in obtaining 100 per cent compliance with the President's Agreement.

The approval by the President of an increasing number of permanent codes of Fair Competition necessitated the creation of a regional Code Compliance System in addition to the Administrative agencies within the industries, which brought about Mr. Tutt's appointment as District Compliance Director.

Mr. Watson entered a plea for citizens to put a stop to false rumors and to report to his board complaints of violation of the President's Agreement so his board may take the proper action.

### No Trace Of Sedan Stolen Here Sunday Found, Police State

No trace of the new Chevrolet sedan stolen Sunday night from street in front of the R. S. Brennan home, East 5th and Austin, has been found, according to report from the police. The machine was taken early in the evening while several visitors were in the home.

Brennan is of the opinion the car was pushed along the street away from his home by another machine, before the motor was started. The thieves evidently used a skeleton key to turn the ignition as key belonging with the stolen car was inside the home.

The car, a blue sedan with black wire wheels, was purchased about two months ago. It carried State registration license number 811-595. The motor number is 2857456 and the serial number 21CA08-2865.

### Valley View Visits

#### SCHOOL NEWS

According to a decision of the trustees in a meeting last week, the Valley View school will resume its work next Monday, Nov. 13, after having recessed for six weeks for the children to pick cotton. A "betting" yield of cotton was made in this community than was expected. There is consequently a great deal of cotton still in the fields, but it is hoped that the children will be able to attend school.

The Valley View school was in session for five weeks before turning out for cotton picking, and according to the teachers there was a greater enthusiasm and cooperation shown during this five weeks than there has been for the last three years, during which time these same teachers have been in this school. Furthermore, it is believed that there was fully as much work done in this five weeks as there has ever been done in the same time during the long session. Though the idea of operating for a while and then turning out is an experiment with this school, it has worked nicely so far.

Arrangements have not yet been completed for the opening program, but the parents are urged to be present, for you are assured of an interesting program that will be worth while.

The school pupils are advised to come prepared for staying until 4:00 o'clock. This may seem contrary to the custom of the opening of this school, but the teachers insist that the pupils have already experienced the first day of school so far as the afternoon holiday is concerned.

#### COMMUNITY NEWS

Mr. and Mrs. H. P. Powers returned last Tuesday from a visit with Mr. Powers' parents of Olton, Texas. Mrs. Powers is now visiting a sister, Mrs. Towery of Brownwood.

Miss Edna Edmondson is visiting in Dallas.

Miss Virginia James is still in Lubbock visiting parents, but she sends word that she will be on hand early Monday morning to begin her school work.

### Annual Week of Prayer Being Observed By Women of The First Methodist Church

The first week in November is set aside as Week of Prayer all over Southern Methodism by the women of the Missionary Council. Colorado's Methodist Auxiliary began their Sunday evening when the children of the Boys and Girls World Club put on a program in the church. This was supervised by their superintendent Mrs. Frank Pidgeon. There were songs, scripture readings, stories and music by the children. The little president J. T. Williamson gave a report of their years work locally.

The offering this year in the home work goes to Paine College, Augusta, Ga., and the children's part of this is to furnish a piano for the little negro children.

The foreign work to be helped is a new hospital in Chang Chow, China. The building was made possible by the gift of a Texas woman and the week of prayer money will be used to equip it. The children are to furnish the children's ward. Their offering Sunday evening was \$5.00.

The next meeting was held Tuesday afternoon at four with Mrs. Van King as leader. This was a Prayer Retreat. She read several scriptures on prayer. Mrs. N. H. White gave a beautiful talk on What It is to Be a Christian. Mrs. Willbanks sang in a most impressive manner "Open Mine Eyes." Prayers for the work and workers were offered. Mrs. Arnett stated that for more than thirty years she had attended each Week of Prayer and had always

received a blessing. Mrs. Looney very splendidly talked on "Active Christianity." The offering for this service was more than \$7.00.

Wednesday afternoon the topic was Paine College which was very cleverly presented as a radio program with Mrs. Ferguson as the announcer. She explained how the whole church was celebrating the year of Jubilee with Paine College, Augusta, Ga. Mrs. D. N. Arnett gave the scripture reading, Matt. 5: 3 to 9. Bernice Dixon with Doris Glover playing sang "Lord I Want to be a Christian." Then radio talks were given on different phases of Paine College by Mrs. May, Mrs. Looney and Mrs. Garrett. Prayers were offered by Mrs. Merritt and Mrs. Webb. Bernice Dixon sang, "God Laid Hand Upon My Heart." An offering of \$3.75 was taken.

Wednesday evening Mrs. Merritt presided. A Bible lesson on "Healing" was given from Matt. 4:23, Luke 6:17-19 and Mark 6:32-34. Mrs. Kiker led in prayer. Mrs. White sang, "Pass It On." Mrs. Frank Pidgeon and Miss Sibyl Dobbs gave a wonderfully interesting dialogue "Building and Curing in Chang Chow," a story of the new hospital in China. Mrs. Garrett led in prayer. An offering of \$4.75 was taken. After a song Mrs. Winn dismissed with prayer.

After the meeting, Mrs. Garrett showed the Japanese exhibit for the Boys and Girls World Club. This was most interesting.

## WHEAT FARMERS HAVE GIVEN APPROVAL FOR CUT IN 1934 ACREAGE

Secretary Wallace announced Thursday that wheat farmers have signed up the equivalent of about 80 per cent of the average national seeded acreage in the farm adjustment administration's acreage reduction campaign.

He estimated that cash benefits to farmers for agreements to restrict plantings next year 15 per cent will exceed \$102,000,000, of which they will receive slightly more than two-thirds this fall.

The first checks will be issued next week and will go to farmers in several Virginia counties who have complied with the sign-up campaign. Distribution of checks to the large wheat-growing sections of the great plains will hit its peak during November, Wallace said.

Applications have been signed covering 570,263 farms on which wheat is grown and representing 51,925,612 acres. A reduction of 15 per cent on this area for the crop to be harvested next year will reduce plantings about 7,780,000 acres. Whether farmers who either are not eligible or have determined not to join in the wheat reduction program, will increase their plantings has not yet been determined.

## PEARCE AND BAKER RULED OFF GWU LINE-UP JUST AS TENNESSEE BATTLE OPENS

### Former Coach And Assistant Here Ousted By Faculty Committee Edict

Hardy Pearce, former Wolf mentor, and John Baker, his assistant, who left Colorado three years ago to attend George Washington University at Washington as members of the school football eleven, Saturday were ruled ineligible by a faculty committee, sitting in the National Capitol. One other player on the GWU team was discarded at the same time.

An Associated Press dispatch from Washington Saturday gave the following report of the ouster:

Too much previous football was attributed to three members of the George Washington university team today and they thereupon were banished from the team two hours before the game with the University of Tennessee.

The three—Edward "Nig" McCarver, John Baker and Hardy Pearce—were declared ineligible by a faculty committee on the basis of a protest George Washington officials said had been filed Friday by University of Tennessee authorities. The protest said the three had played four years of college football in Texas, their home state.

"These boys were found to have played four years at Texas schools," Dr. Cloyd Heck Marvin, president of George Washington said later.

He said the "records of these players from their coaches in Texas" did not include all the details of their football campaigning, adding "it is unfortunate that Tennessee waited so long to make its protest."

The 13-0 beating given George Washington by the Volunteers ruined a record of no defeats and a scoreless tie with Clemson that the Colonials so far had rolled up for the season.

Arthur F. Johnson, chairman of the faculty committee in announcing the Tennessee protest and investigation, said the three were "found to be without the university eligibility rules and they will not participate further on our athletic teams."

Baker, first string quarterback is from Anson, Texas. He played in the Lone Star state with Howard Payne.

McCarver, his mate in forming the spearhead of Colonial attacks, is from Ballinger, Texas. Before coming to George Washington he also played with Howard Payne.

Pearce, a 208-pound tackle, also is from Anson. His hard charging broke up opponents' offense and tore through enemy links for Colonial backs. He was a former player at Simmons university in Texas.

## Tribute To Denton Woman Offered By Colorado Relative

The following tribute in verse to Mrs. Herman Brock, who died Friday at Denton, is offered by Mrs. L. B. Elliott of Colorado.

In Memory of Mrs. Herman Brock (nee Luella Elliott) of Denton, Texas. Sister of L. B. Elliott of Colorado, and Mrs. S. A. Martin of Loraine, Texas.

**TO ONE GONE ON BEFORE**

Our hearts are torn and bleeding  
For you dear one have gone.  
God called you home to Heaven  
To join the immortal throng.

You were so fair and sweet—  
That God alone now knows  
How sad are our torn hearts,  
How weary the pathway grows.

You left a heart broke mother,  
A husband so kind and true,  
A son and one dear baby,  
Who loved and needed you.

You were so gay, carefree,  
God called you home I know  
To make a brighter Heaven  
Where we would want to go.

## Tribute To George Slaton Offered By Teacher In Verse

Professor J. O. Garrett, faculty member at John Tarleton college, Stephenville, where the late George D. Slaton was a student when fatally injured in a traffic mishap, offers tribute to life of the late youth in verse. The poem follows:

**GEORGE**

The flag droops at half-mast  
In silent tribute; the last  
Kindness that we may do  
For you.

So young! What a tragedy  
That you should die.

And we weep . . .  
But, Our Man, adieu  
Though you outran us a pace or two  
And fell asleep.

In our memory  
You live, and shall be  
Young forever.

You have overstepped the slow days  
Of age, with their loneliness and  
Sorrow.  
And may God rest thee through the  
night,  
For we will see you to-morrow.

## CANTRILLMEN SHUNTED TO DEFEAT BY ANGELO CLUB

### BOBCATS STORM THROUGH WOLF ELEVEN TO DEFEND TITLE IN DISTRICT THREE

Cantrillmen, However, Held Concho Club To Closer Margin Than 1932

Colorado high school has again met San Angelo in class A conference football and returned home with defeat as their portion. The 27-7 licking meted the Wolves Saturday afternoon at Concho Gridiron however, was not so severe by two touchdowns as the drubbing Cantrill received at hands of the Bobcats last year. The 1932 score was 39-7.

Colorado's only touchdown came in the third quarter, after Stagner had taken a long pass from Church, struggled away from Hays, stellar to the cat eleven, and raced 18 yards to go over. Church converted the extra point by placekick.

Curley Hays left-handed fullback on the Bobcat eleven, was the stellar ball carrier of the game. He intercepted Colorado passes, plowed through the line for gains when yardage was needed and did some fine work at tackle and blocking.

Reid, Cat quarterback, did some fine work and accounted for much yardage during the four periods.

It was Colorado's game during first few minutes of play. Reid of the Bobcats fumbled the kick-off, recovered and fumbled again, to be downed by Wolf tackle on his own nine yard line. Through most of the first quarter the Cats were held deep in their own territory. Hays came to rescue of his fellows and snatching a Wolf pass raced through the field to Colorado's 47-yard marker before being downed.

Successive line plunges gave the Cats a first down on Colorado's 31-yard line. A reverse play clicked and San Angelo scurried around right end for the counting zone.

Hays successfully placekicked. San Angelo scored six points in the second quarter and thirteen in the third. They were held during the fourth, with neither club registering on the score board. Colorado accounted for four first downs to sixteen by the Cats. Colorado made one substitution, Cox for Wallace at right end. San Angelo made a number of substitutions, sending in a total of ten during the four periods.

Colorado drew 25 yards in penalties, each reversal being on incomplete passes or offside. The Wolves were not penalized for roughing. San Angelo received a total of 60 yards in penalties, a goodly share of which came after officials had detected the cats either slugging or holding.

The Wolves were crippled in more than one department, a fact that seriously handicapped them in the game. Lowrie, reckoned as one of Cantrill's best ball carriers, was

### Murder And Suicide Here Twenty-One Years Ago 'Most Deplorable' In City

"The most deplorable tragedy that ever shocked this community," to quote The Record, was staged in a little house in north part of Colorado twenty-one years ago, when W. T. McAfee shot his estranged wife to death and then sent a bullet thru his temple. Mrs. McAfee died instantly and he succumbed after lingering a few hours.

The tragedy was enacted in presence of mother of Mrs. McAfee, so The Record for Friday, November 8, 1912, related. The pair had been separated for sometime, but friends were hopeful of effecting a reconciliation. McAfee went to home of his wife and after visiting with them for a time, fired the fatal shots without warning.

The Record for that issue twenty-one years ago was all agog over election of Woodrow Wilson to the presidency. A full page, carrying large photographs of Wilson and Vice President-elect Marshall, was devoted to news from the National election four days before.

Fifty-seven members of First Baptist church, Fort Worth, had resigned and walked out in a body, following the filing of arson charges against the pastor, Rev. J. Frank Norris.

The Rev. P. C. Craig, recently of Terrell, had accepted pastorate of the First Christian church and was moving to Colorado. He planned delivering his first sermon as pastor the next Sunday morning.

### MAX ELSER, BUILDER WHO DID MUCH FOR THE WEST, SUGGUMBS AT FT. WORTH

Built Telegraph Line Through Colorado In 1881: Was Oil Investor Here

Max Elser, pioneer railroad and telegraph builder in Texas, and one of the first to launch oil development in this section of the State, died at the home of a daughter, Mrs. H. H. Hardy, of Fort Worth, Friday.

A native of Buffalo, New York, Elser came to Texas in 1874 and assisted in building the Texas & Pacific from Shreveport to Dallas. Later he constructed telegraph line connecting Fort Worth and Dallas and sent the first message over that line.

In 1881 Elser built telegraph line through Colorado, having contracted to string the system from Fort Worth to El Paso.

He pioneered oil development in West Texas. For a number of years he was heavily interested in prospective oil properties northwest of Colorado and frequently visited here. He made investments in royalty holdings here and at Putnam.

The late pioneer had been in ill health during the past several years. He died in his 82nd year.

### STEER SPECIAL DUE TO ARRIVE AT NOON TODAY

### SISTER OF COLORADO MAN DIES AT DENTON HOSPITAL AFTER LINGERING ILLNESS

Mrs. Herman Brock Rites At Denton Saturday; Local Relatives Attend

Mrs. Herman Brock of Denton, Texas, a sister of L. B. Elliott of Colorado and Mrs. S. A. Martin of Lorraine, died at a Denton hospital Friday afternoon at 5 o'clock after an illness of several days.

Funeral rites were conducted Saturday afternoon at 3 o'clock from the Denton Cumberland Presbyterian church with Dr. Fred Galbraith, pastor of First Presbyterian church, officiating. Burial followed in the Odd Fellows cemetery there. Mr. and Mrs. Elliott and Mrs. Martin were present for the services.

Local relatives of Mrs. Brock were called to Denton Thursday night after hospital attendants had announced little hope was entertained for recovery of deceased. Elliott was in Snyder at the time, having gone there with a group of Colorado Masons to participate in special fraternal program sponsored by the Snyder lodge.

Surviving are her husband, one son, Jack, 9 and a daughter, 3; her parents, Rev. and Mrs. J. L. Elliott of Denton, and two sisters, Mmes. A. L. Faw of Denton and C. M. Mizell of Denton, in addition to the brother and sister in this county.

Mr. and Mrs. Elliott and Mrs. Martin returned home Sunday afternoon.

### Escaped Prisoners Rob Robert Snyder Of Car Near Dallas

Two men identified as Jack Stewart and Ralph King, late Saturday robbed Robert Snyder, son of Marcus Snyder of Dallas, of his light coupe, his shoes and 6c in money, after accosting the youth near the Snyder home on Preston Road north of Dallas. The thugs took Snyder to a near-by field where at the point of revolvers the car and other items were taken.

Several hours later the pair, driving the Snyder car, were arrested in Houston after an exchange of shots with Houston police in which both were wounded. One of the arresting officials had an arm broken when hit by fire from the bandits. Both men are said to be escaped convicts.

The Snyder youth is well known in Colorado, having been born here and lived here several years with his parents until a few years ago. Marcus Snyder is a brother of D. H. Snyder of Colorado.

### ATHLETIC CONTEST IS INDULGED BY CLUB AT MEETING LAST FRIDAY

Staging of a unique "athletic contest" as entertainment feature at the Lions Club last Friday occasioned considerable merriment. The program was given under direction of E. O. Elliott, chairman of the entertainment committee.

The javelin throw, shot put and discus, along with a bean moving feat were among the contests. With C. C. Thompson and R. H. Cantrill captains, the club membership was divided into two teams. The judges, C. M. Adams, C. H. Earnest and Joe Pond, announced that neither team won any points and consequently the contests were tied.

### CLASSMATES AND OTHER FRIENDS GIVE TRIBUTE TO POPULAR COLORADO YOUTH

Hundreds Attend Slaton Rites Here Friday Afternoon At First Baptist Church

That George D. Slaton, former star on the Wolf squad and among the popular youths of Colorado, was held in high esteem among his classmates and other associates was demonstrated Friday afternoon during funeral rites at First Baptist church. Auditorium of the building was completely filled and many stood around the walls. Others, unable to get inside, remained about the building in order to pay respect to the youth.

Slaton died in a Stephenville hospital Thursday afternoon at 7:49 o'clock from injuries received early the afternoon before when the motor car in which he and Ben Roberts of Ireland were traveling overturned near Walnut Springs. Both of the youths were students at John Tarleton College, Stephenville. Passing motorists found the injured boys and removed them to Walnut Springs and from there they were returned to the hospital in Stephenville.

The son of Mr. and Mrs. G. B. Slaton, George had been reared in this county. He was a graduate of Colorado high school and is remembered as a star player on the Wolf eleven. Since entering Tarleton he had continued his football career with success and was member of the college eleven at the time of his death.

The body was brought by a Jones, Russell Company funeral coach from Stephenville Thursday night. At 1 o'clock Friday afternoon the body was removed to the Slaton home, 128 West Tenth street and at 3 o'clock brought to the First Baptist church where it lay in state until the funeral services.

Rev. Dick O'Brien, pastor of the youth, paid tribute to his life. The minister referred to his intimate relationship with father of the boy, G. B. Slaton, superintendent of the church Sunday school. Rear of the pulpit stand and the choir loft were banked with flowers. An impressive feature of the service was vocal solo by Mrs. C. A. Wilkins, who sang "Beautiful Isle of Somewhere."

Tribute to Slaton as a student at John Tarleton was made by A. McMahon, assistant manager of the school. Mr. McMahon, accompanied by B. E. Miller, A. R. Lewis and R. D. Palmer, fellow students of the late youth, attended the rites. At the grave the students gave the saber salute as memorial from the college to life of a popular student.

George is survived by his parents and one sister, Miss Melba Slaton in the immediate family circle. A large number of other relatives residing in this and other communities were present for the services.

The City National Bank of which father of the youth is assistant vice president, was closed Friday afternoon out of respect to the family.

Active pall bearers, classmates, teachers and coach of Slaton, included Ted Morris, C. A. Wilkins, Chas. Moeser, Sherrod Smith, J. B. Holt, Jr., Rex McKinney, Scott McKinney, R. H. Cantrill and C. L. Joyce.

Flower bearers were Misses Alice Hughes, Virginia Spalding, Alice Spalding, Lena Smith, Julianna Smith, Betsy Lee, Sarah Melton and Freida Reid.

Interment was in Odd Fellows cemetery with Jones, Russell Company directing.

### WOLVES HAVE NO GAME SCHEDULED THIS WEEK

Skipper Cantrill hopes to score on the touted Sweetwater eleven, who are being doped as potential winners in district three again this year.

## OUR SCHOOL DAYS

Everyday, one hears the phrase, "My school days were my happiest days," and the happiness of school days is, to a great extent, based on the formation of the sort of friendship that is carried on through life. There in the life of all students the influence of the instructors and the equally great influence of the classmates. An instructor with a sympathetic view toward each pupil's individual personality can mold that personality in a very definite way. The associations of the students with each other forms the other lasting influence on the individual's personality. The careful selection of friends and the co-operation with instructors should be the aim and desire of each student so that in the years that follow there will be only pleasant memories of one's school days.

## ASSEMBLY NEWS

The student body assembled in the High school auditorium Wednesday morning for the regular chapel program.

Miss Cook sponsored the program which consisted of a short play entitled "Teddy Has the Toothache," two short stories and a reading.

Again, we invite all patrons to attend the programs. They are not only interesting, entertaining and educational but your attendance inspires the students more than you realize.

## TO THE SENIORS

Members of the Senior class, do you realize that you are growing into manhood and womanhood, that your youthful days are passing like fast winds. Did you ever hear Emerson's poem:

"The days are each divine, They come and go like muffled and veiled figures. If you do not use the treasures they bring, they carry them as silently away."

Do you not realize the importance of this poem? Stop! Look! Listen! Are you letting a single day pass by without leaving at least one treasure for you? Do not go out of school life into life's school with closed eyes. Seniors, you are about to leave this dear old school—forever, perhaps. Do not leave and say, "I never learned much because I didn't have proper training; I should have gone to a larger school or else a school that offered better training."

Every teacher is doing his best for you. Therefore, you should put everything you have in your school work, your sports, and in everything you do. Make the teachers feel that you appreciate them. They show their appreciation to you. Now is your chance to return it. Do not show your appreciation to the teachers alone, but to every person you come in contact with. Don't let one day pass because each day has treasures for you. Use the treasures they bring, take all misfortunes as if you like them, then you will enjoy life. You will never be bored, and your future will be filled with pleasant memories of your past.

## SCHOOL NEWS

The ex-students envy us. Again we are reminded of the happiest days of our life, our school days, and we should try to enjoy them to the fullest extent.

Herb Currie: "Nitrogen."

## JUNIOR HIGH SONG

Junior High has been fortunate in having such a good glee club and such a good director as Mrs. Deter. She has composed a song for Junior High to the tune of the Oklahoma State song and we are very proud of it. The words are as follows: "Junior High School, Junior High School, We have always loved you best, You have taught us many lessons, You have always stood the test."

"We believe in education, Though the child is very small, Oh, we love you, Junior High School, You're the finest school of all."

We sang this song last Wednesday in chapel for the first time, under the direction of Mrs. Deter. We cannot thank Mrs. Deter enough for giving us this song and we will remember it always.

## CHAPEL PROGRAM

Last Wednesday we had a very nice chapel program. The program opened with group singing. Then came the most important feature, Mrs. A. L. Whipkey, representing the old Parent Teachers Association, presented the Junior High School with eleven dollars and fifty cents, with which to buy library books. Mr. Holman, representing Junior High, accepted and told Mrs. Whipkey that we were going to try to match that amount.

The rest of the program consisted of music. The Girls Glee Club sang "Boola Song" and "All Through the Night." They also helped Jr. High students learn the new school song, under the direction of Mrs. Deter.

## "WEINIES ON WEDNESDAY"

On Wednesday, Junior High school is presenting a one-act drama, sponsored by Miss Durell Davidson. The money received from this play will be used to buy library books for Junior High School's library. Each pupil will be charged two cents admission, but is asked to give more if he can. The six rooms in Junior High are having a contest to see which can bring in the most money. Mr. Holman has said that he will give a dollar to the winner to add to their amount. The rooms are working hard to win. Tuesday afternoon the rooms stood as follows:  
Miss Davidson \$3.22  
Miss Locky \$2.80  
Miss Crosthwaite \$2.26  
Miss Swope \$1.81  
Miss Greene \$1.42  
Mr. Cline \$1.20

## READING CLUB PROGRAM

Last Friday the Reading Club of 7-A presented a program on books concerning different countries. Dale Simpson and Amarie Gann represented "Juan and Juanita" of Mexico, Adelaide Harvey represented "Haidi" of Switzerland, Mattie Bell Harvey represented "Colette of France," Jane Meskimen represented "Katherine" of Ireland, Betty Hodge represented "Betty in Canada," Blanche Bess Jones represented "Indians," Evelyn Hamer represented "Japan." Shirley Kiker, the president of the club made an introductory talk, telling the club members that the purpose of the program was to stimulate interest in reading the library books. For when each character reached the most exciting point in his story he just stopped and advised the club members to find out the ending by reading the book.

The next program will be based upon good manners on every occasion.

The club also elected a Cleanliness Squad, whose business it is to keep the room clean and pleasant at all times. The members are Evelyn Hamer, Doris Wynn, Frances Merle Cooper, and Betty Hodge. These will serve for four months. It is their duty to check the room every day for untidiness. Those persons leaving untidy desks are notified of this by a check mark on the desk. If a person leaves an untidy desk for five consecutive afternoons it will be his duty to wash blackboards. The squad also checks up on personal cleanliness one morning a week.

## READING CERTIFICATES

If one reads 25 books or more in the library he receives a reading certificate. The 7-A Reading Club is trying to be one hundred per cent in receiving these awards this year.

## FIGHT TUBERCULOSIS

The school wants to know how we can help to stamp out tuberculosis. Mrs. Jeff Dobbs tells us to save our nickels and pennies and also to give plays and advertise. We are going to sell the Red Cross pins pretty soon and we want the boys and girls of Junior High to work, fight, and do everything they can to stamp out this disease. Someone has asked what the Red Cross pins mean. Here

is the answer: They mean that you are helping to fight and stamp out tuberculosis. When you buy a Red Cross pin you are helping to doctor a child who may already have this disease; this prevents his spreading it to many others. By buying the Red Cross pins we are helping the NA.

## ABSENTEES IN 6-B

6-B had three absentees last week. These were Virginia Holman, Harvey Durham, and Evelyn Moore. Virginia and Harvey are back this week and 6-B is very glad to have them back.

## CLEANLINESS

Miss Crosthwaite has made a rule that those in 6-B shall keep their desks clean. Every day those who sit at the front of the row will check the row. Those who have dirty desks will have their department grades lowered.

## LETTER OF APOLOGY

In the seventh grade classes this week we have been writing all types of letters. Among those written as letters of apology, this is one of the best:

## FOOTBALL GAME

We went to Big Spring hoping for victory over the Broncos last Friday and were disappointed with the score of 25 to 0 in their favor. The Big Spring team made a touchdown in each quarter.

It is very, very far.

Frances: "Daddy, I wish I could have a finger wave."  
Daddy: "How much does it cost?"  
Frances: "A quarter."  
Daddy: "If I'm, I could have my fingers waved cheaper than that."  
Ewell Deering: "Do you exercise after your bath or before?"  
Wallace Kirby: "After." I usually step on the soap when I get out of the tub."

## ABSENTEES IN THE SEVENTH GRADE.

Buss Bodine, Charles Carter, and Mary Jane Aycock were absentees in the seventh grade last week. All are back now, however.

"I will not be responsible for any member of my family who takes stomach tonics, indigestion remedies, soda, calomel, salts, laxative pills, etc., to try to get rid of indigestion, constipation, bloating, sour stomach, bad breath or headaches. I have told them all to use Sargon Soft Mass Pills, the new liver medicine which makes the liver get busy and furnish enough bile to digest their food and stop constipation. Everybody ought to take Sargon Soft Mass Pills two or three times a month if they want to feel good. All good druggists have them."

## Put Your Liver To Work--Make This Test

You can't feel well and strong unless your liver furnishes you stomach and bowels plenty of fresh bile every day. Without bile food doesn't digest properly—it just ferments and decays—constipation, gas, sour stomach, headaches and nervousness follow.

Don't be misled. Calomel, salts, oils, mineral waters, laxative pills, etc., have no effect whatever on the liver. There are only two generally recognized substances which actually cause a sluggish liver to increase its production of bile. Sargon Soft Mass Pills contain both of them.

Unless you have tried Sargon Soft Mass Pills you can have no idea of their effect—you feel stronger, healthier, happier—life and color return to faded eyes and cheeks—appetite and digestion improve rapidly.

A BIG MAN SPEAKS. With so many influences and agencies working to extend the socialist program in the United States, it is hardening to those who believe in the superiority of private initiative and enterprise, to read the following courageous expressions from a recent address of former governor Alfred E. Smith at the Century of Progress exposition in Chicago.

SELL Through the WANT-ADS. Advertisement for the newspaper's classified section.

The country life, with its contentment and happy homes, is the one crying need of America. Our people of the cities are mostly country people moved to town and as we reflect back to our boyhood days on the farm, it makes us remember the farm animals. For instance, a pup can take our minds back to our boyhood pleasures.

Men realize now that those days of hard knocks were the best schooling in the world for laying the foundation for the sturdy character that is so much in demand today.

I am writing this as a farmer. Now, who says there wasn't any money to be made out of farming? Whoever it was, is all wet. Just look at a lot of the officers of the National Grain Corporation, the Cotton Cooperative Association and a half dozen other high sounding farm relief concerns and the fat salaries these fellows are getting; to look after the business of the farmers who are members of these groups.

There's many a day of toiling, and there's many an ache and pain. And there's lots and lots of fretting at the dripping of the rain. There's the weeds and worms and insects the farmer has to fight.

point—and yet, crime, insanity, starvation and poverty are still increasing on every hand. WHY? Our economics is sadly awry when in the midst of greatest wealth, people die of starvation and puny infants, go unfed, while everywhere the greed of gain, the worship of wealth, shows the face of the fear of want.

REVENUE PLAN. J. R. Patton, down at San Angelo, writes in the Dallas News his plan: "To help raise revenue and take a part of the burden of taxation off of Morgan, Mitchell and Dillon & Co., wouldn't it be a good idea for the Government to pardon Kathryn Kelly and have her to enter the mines, the Government receiving the revenue, then, they might be able to reduce the income tax, or make it so small it would not pay to have to employ an attorney to advise you that you were due no taxes."

There was a large crowd at the Hallow'en carnival, box supper and auction sale given at the schoolhouse Tuesday night, October 31. Mr. W. W. Porter was the auctioneer. Miss La Verne Carpenter was crowned Queen of the Carnival. The proceeds were \$63.00.

Last week a lady, out near Alpine, on entering her bedroom found a large rattlesnake coiled on her bed. Did she scream? You can bet she did, but it was for a colored man to bring her a pitchfork, which he did, and impaled the viper on one of the times, carrying it out to its utter destruction.

What a world of trouble would have been spared the race if Eve had called for a darky and the pitchfork when the first reptile invaded her premises.

More about the depression. We prate about our great civilization, our high education, our churches, our science and our inventions, but the cold facts are that there is just as much, if not more, crime and poverty, as there were before all these achievements.

Ford Motor Cars Triumph In Gruelling Contest Staged in European Mountains

Six Ford V-8 cars piloted by Dutch drivers triumphed conclusively over five European and two other American entrants in the fifth annual running of the gruelling 5-day International Alpine Trail over 1,165 miles of Swiss, Italian and French mountain roads, according to official reports of the race just received here.

Three of the winning Fords driven by a Dutch team captained by Dr. J. J. Sprenger van Eyck captured the coveted Coupe des Alpes, while the three other Fords won the first three places in the individual competition for the Coupe des Glaciers.

At the final inspection of the competing cars at the finish in Nice where penalties were imposed for faults in condition, the Ford cars were passed without penalty and the drivers complimented by the judges upon the condition of the cars, both mechanically and in appearance.

**"Hold Me Tight"**  
**Thursday and Friday**  
 "Hold Me Tight." This picture is reminiscent of "Bad Girl." It is human and understandable to everyone. Sally Eilers and James Dunn give first-class performances in a story that fits right into the problems of most girls and boys. It is a sweet romance of store employees that holds the interest throughout with action, thrill, and a punch climax. A delightful picture—you should give it plenty of favorable response.

**"The Eagle and the Hawk"**  
**Saturday—November 11**  
 "The Eagle and the Hawk." The fertility of war is again pictured in this unusually realistic production that shapes up as one of the season's most gripping dramas. The story tells of an American ace, a "shining example," to the uninitiated in aerial combat, who finally breaks under the mental strain—Fredric March's characterization in this role is outstanding, a great piece of work, while Cary-Grant also comes in for special praise in delivering his best screen performance. There is no romantic interest of any consequence, but interspersed with the ruthless horrors of war are some rich comedy moments furnished by Jack Oakie. Thrilling action scenes, several of which are spectacular, are highlights—a thrill drama of aerial warfare.

**"The Song of Songs"**  
**Sunday and Monday**  
 "The Song of Songs." This dramatically tinged love story gives Marlene Dietrich the opportunity to turn in one of her best performances. "The Song of Songs" is not a musical, although Miss Dietrich sings a couple of numbers. The story in all its ramifications centers about a statue—involving as it does a triangle romance. It should prove of special interest to Dietrich fans. The cast includes Brian Aherne, Lionel Atwell, and Alison Skipworth.

**"Her First Mate"**  
**Tuesday and Wednesday**  
 "Her First Mate." Comedy naturally predominates in this newest, Summerville-Pitts domestic farce. It is a family-type program picture. Sticking close to its theme, good dialogue and typical Summerville-Pitts

action, assisted by comedy contributions from the rest of the cast make this an excellent picture. Remember these are bargain nights. Prices 5c and 15c.

**"Night Flight"**  
**Thursday and Friday**  
 "Night Flight." At the Palace Theatre November 16 and 17. Six great stars to thrill you in this glorious romance of the skies. The cast alone is sufficient proof of the quality of this production. Six of Hollywood's most brilliant stars in this epic of romance and action—John Barrymore, Helen Hayes, Clark Gable, Lionel Barrymore, Robert Montgomery and Myrna Loy. An absorbing story of love that must be denied when duty calls—of hungry hearts, eager lips that wait for heroes of our modern times who may never return from their hazardous calling! Storm over the mountains at night! A thrill scene never before attempted. It defies description. This is one of the outstanding pictures of the season—a treat you shouldn't let pass by. See it!

**CAMPAIGN TO CHECK RATS ON MITCHELL FARMS WILL OPEN MONDAY, NOV. 13TH**

**U. S. Biological Survey Agent To Assist County Workers In Eradication Move**

By B. J. Baskin, County Farm Agent  
 The cooperative rat campaign for Mitchell county will begin November 13 and meetings will be held according to schedule shown in various schools of the counties by Mr. Ben Baskin, county agent, and Miss Emma Gunter, Home demonstration agent. A representative of the U. S. Biological Survey will assist the demonstration agents in discussing the best poisoning methods and a poisoning demonstration will be given at each meeting.  
 Red squill will be the principal poison used and will be available on a cooperative basis for less than the wholesale price of similar poisons. This poison if used properly is very toxic to rats and mice but is prac-

tically harmless to livestock, poultry and human beings. But this poison, like all other poisons, does not attract rats, therefore the bait used and the method of exposing the poisoned bait is of more importance than the kind of poison used.

All red squill poisons are not recommended nor approved by the Government. In fact several red squill poisons are found to be worthless or vary from time to time so much that they can not be relied upon as a rat poison. According to the U. S. Biological Survey red squill to be used as a rat poison should kill all rats fed a proportion of 5 mg. red squill to 1 kilogram of rat weight.

Most people misunderstand the toxic strength of poisons. For instance it is not generally known that if the same quantity of a poison is fed to each of a great number of rats and it is found that one-fourth of the rats die from this poison it will require a poison approximately four times as toxic to kill all the rats fed. This is the reason why some rats will be found dead after using a very inferior rat poison and also why all the rats on the premises are not killed even after exposing the poison many times.

The red squill to be used for this campaign was purchased through the U. S. Biological Survey and comes up to standard strength.

Meetings will be held at the schoolhouse of the following named places during the Rat Killing Campaign. The first meeting will be held to instruct each farmer in the necessity of pre-baiting, how to pre-bait, where, when, etc. At the same meeting orders will be taken as to the number of farmers needing poison, amount needed, etc. At the second meeting the poison will be delivered and instructions given in how to distribute same. Below is the schedule of meetings:  
 Monday, Nov. 13: 2 p. m. Bauman; 4 p. m. Lorraine.  
 Tuesday, Nov. 14: 2 p. m. Valley View; 4 p. m. Buford.  
 Wednesday, Nov. 15: 3 p. m. Colorado.  
 Thursday, Nov. 16: 2 p. m. Bauman; 4 p. m. Lorraine.

## Shirley Poirier Depicts Spirit Of Junior Red Cross in Movie

### Tornado Is Most Frequent Disaster; Causes Heavy Loss of Lives

What type of disaster occurs most frequently in the United States? This question is answered from the relief annals of the American Red Cross which show over a period of years that the tornado, or cyclone as it is called in some sections, is the most frequent and claims a heavy toll of life. It swoops almost without warning, and in the terrific whirlpool of its fierce winds it destroys all in its path.

The Red Cross gave relief in 44 tornadoes in eighteen states last year. The tornadoes killed 328 persons, injured 2,755 and the Red Cross gave aid to 21,723 who were homeless, injured or otherwise victims of the storms.

### Toll of the Earthquake

When a severe earthquake killed 95 persons; injured 4,911 and destroyed several thousand homes in Southern California last March, the Red Cross was first upon the ground with emergency relief. It required more than three months for the Red Cross to restore the needy to a self-sustaining basis. The organization expended a relief fund of \$411,000.

### Serves Under Five Presidents

John Barton Payne, a retired judge and lawyer of international reputation, is serving his twelfth year as chairman of the American Red Cross. His service is without pay, and his appointment is by the President of the United States. He has served by appointment in high public office under five presidents—Wilson, Harding, Coolidge, Hoover and Roosevelt.

### Prepared to Save Lives

One of the most valuable services given to the American public by the Red Cross is through its Life Saving and First Aid courses. Virtually all of the life guards at beaches and pools in the nation are Red Cross life savers. Nearly every industry in America supports the First Aid work of the Red Cross because it annually saves lives of thousands of injured persons. These courses are taught by Red Cross experts in both lines. Last year 68,354 certificates were issued to persons completing the First Aid course and 78,755 certificates for completing Life Saving instruction.

### War Veterans' Problems

Not since the period of the World War has the Red Cross faced a greater problem in handling the claims of World War and other veterans. Due to the changes in the regulations covering veterans' claims, chapters all over the nation have been crowded with veteran applicants for relief and for service in preparing appeals. During last year Red Cross home service workers in 3,268 chapters dealt with the problems of 411,124 ex-service men or their families. The chapters also aided 7,246 men still in the regular army, navy and marine corps.

### An Army of Children

The membership in the Junior Red Cross last year was 6,527,695 boys and girls in schools, private, public and parochial. They enjoyed volunteer work in hospitals and for cripples, the aged and crippled, and also aided their schoolfellows by providing literature for their eyes, purchasing their clothes and giving many other types of service to them. The Juniors and their volunteer work by carrying on their school and the exchange of letters with school children in other parts of the

## RED CROSS CLOTHES THE NATION'S NEEDY

Flour, Bread, Clothing Reach Into More Than Five Million Homes of Jobless

The greatest task ever undertaken by a relief agency in the history of private charity is drawing to a close with the final distribution of cotton clothing to more than five million families by the American Red Cross.

At the direction of the Congress, beginning eighteen months ago, the Red Cross undertook to convert the wheat and cotton surpluses of the Farm Board into food and clothing for the unemployed and needy. In the consequent operation, this relief agency entered upon a commercial enterprise greater than any single commercial firm has ever undertaken in the same period of time.

In the ensuing months the Red Cross converted 85,000,000 bushels of wheat into flour and bread and gave it to 5,803,000 families. The distribution was through 3,700 Red Cross chapters and hundreds of other charitable agencies. During the severe northwestern drought of 1931 the Red Cross also gave wheat in the form of food for livestock to 184,188 families.

The clothing—dresses, underwear, overalls, jumpers, sweaters and stockings for men, women and children, and even blankets and comforters—was distributed to 5,465,410 families. More than 51,000,000 ready-made garments and 92,000,000 yards of cotton cloth were given to the needy. This clothing came from 844,000 bales of cotton.

The wheat distribution was concluded in June, 1933, and final distribution of cotton clothing is occurring in the fall months.

In handling these tasks voted to it by Congress, the Red Cross will expend from its own treasury \$735,000. At the same time the organization carried on its regular program of disaster relief, of service to the veterans of all our wars; of educational and welfare work through the Junior Red Cross; of health education and public health work; and of life saving and first aid. Funds for this work come from the membership roll call the Red Cross chapters conduct from Armistice Day to Thanksgiving Day, when every one is invited to join the Red Cross and aid in this vital relief work.

Seven hundred thousand women volunteers under the Red Cross banner sewed for the needy last year and many thousands still are making cotton garments for their Red Cross chapters.

The Red Cross has 3,701 chapters and 10,000 branches of chapters. Thus it can be mobilized nationwide in a great relief task within 24 hours.

## RED CROSS RELIEF AIDS DISTRESSED IN 120 DISASTERS

Help Given in Fires, Floods, Earthquake and Epidemics Part of Year's Task

The American Red Cross has reached into the homes of six million families in the past year with unemployment and disaster relief, Chairman John Barton Payne announced.

"As the year closed the organization continued in readiness to serve in the forthcoming winter at the point of greatest need and to adjust its service to meet the calls of the emergency of unemployment and disaster," Chairman Payne stated.

In a year of greatest economic distress in the nation's history, in which the Red Cross ably discharged a relief task in distributing flour and clothing to distressed families in all but six of the nation's 3,995 counties, the organization also was called into action in 120 disasters, of which 96 were within the borders of the United States.

Earthquake, floods, hurricanes, fires and other catastrophes visited death and destruction upon the lives and homes of thousands of people. Red Cross statistics showed that in the 120 disasters almost a thousand lives were lost, 148,340 homes were destroyed or damaged, 13,275 persons were injured, and Red Cross relief was given to 452,879 individuals.

In giving aid in these disasters, in its unemployment relief and in handling the distribution of government wheat and cotton, the Red Cross expended from its national treasury the sum of \$1,070,284.

During one period of twelve weeks, 46 disasters occurred in 23 states. Red Cross disaster workers were hard pressed in meeting all of these needs occurring at once, but everywhere misery was promptly relieved.

Support of the Red Cross work is through its annual roll call, conducted by chapters in the period from Armistice Day to Thanksgiving Day, November 11 to November 30. Every citizen who joins the Red Cross as a member aids in carrying relief to disaster victims and in other Red Cross services, such as preservation of life, child welfare through the Junior Red Cross, and direct service for the public health.

Every boy and girl in our school is today writing to our adopted soldier, Mr. J. H. Owens of Abilene. He gave faithful service to his country and will suffer as long as he lives from being gassed in the war. He is not able to work and spends a part of the year in a soldier's hospital. He keeps us remembering what we owe the heroes of the great World War. He has visited us once. We are asking him to come again Christmas. His wife painted us a lovely picture and they gave it to us beautifully framed.
