

COMMISSION ORDER FAVORS WESTBROOK, IATAN FIELDS

DISTRICT COURT SUSPENDS BUSINESS TO PAY TRIBUTE TO JUDGE CARTER'S LIFE

Late Pioneer Attorney Died January 20 At Hospital In Fort Worth

A pause in routine court procedure was ordered by District Judge A. S. Mauzey Monday morning as the court, members of the bar and other persons attached to the tribunal offered tribute to life of the late Judge M. Carter, pioneer Colorado attorney who died January 20 in a Fort Worth hospital.

Resolutions commemorating life of the lawyer had been drafted by Thos. E. Smith, Judge C. H. Earnest and W. H. Garrett, members of the local bar. It was offered for adoption by Mr. Smith. Members of the Sweetwater, Big Spring and Snyder bar associations were present.

The memorial, unananimously passed and ordered entered upon minutes of the court, follows: We, your committee appointed by the court to draft a memorial to the Honorable M. Carter, hereby, in open court, present to the court the following resolutions:

WHEREAS, the Honorable M. Carter, for nearly half a century, a practicing member of the bar at this court, has been called to the All Highest Court, to appear before The Great Judge of the Universe; Now, Therefore,

BE IT RESOLVED, by the members of the District Court of the 32nd Judicial District of Texas, and of the bar of said court, that in the passing of M. Carter the bar of Texas has lost one of its ablest members; a lawyer with a profound knowledge of the law as it ought to be; an advocate, who was at his best when pleading the cause of the friendless and unfortunate; an unrivaled con-

FEDERAL ALLOCATION FOR ADDITIONAL RELIEF MADE BY WASHINGTON DIRECTOR

Local County Administrator Not Advised If Mitchell To Share In Fund

The sum of \$750,000 in Federal relief money was made available to Texas Monday for continuing relief of its unemployed, pending receipt of State revenue from the sale of the recently authorized relief bond issue. Payment was made through the Federal Reserve Bank in Dallas direct to the Texas relief commission at Austin.

J. H. Greene, county administrator for relief, CWA and other Federal projects, stated that he had received no instructions on the new allocation for Texas.

During this week Greene has had 272 employees on the county CWA payroll, as compared with 347 last week. He stated Monday that funds were available to continue this work for ten days or more. Payment warrants are now issued direct on the U. S. Treasury at Washington, rather than on local banks as was the plan earlier.

More than 200 people registered as indigents were being carried on the county Federal relief roll, Greene stated. These are listed as persons unable to work.

Provisions Donated Boles Orphanage By Church Christ

Food supplies valued at more than \$100 last week were donated by members of the Church of Christ to Boles Orphanage at Chinlan, Texas. The provisions, mostly canned goods, were collected at the grocery store of S. H. Bedford for delivery to an orphanage truck.

The local Church of Christ makes contributions twice a year to orphanages maintained by the church. Both of the institutions are located in Texas.

RANDLE AND BILLINGSLEY RECEIVED AS KEY LIONS IN LOCAL SERVICE CLUB

The citizen who receives summons to serve on a special venire will be expected to report present in open court on the date specified, as under the law no one may be excused from this service outside the court room, Judge A. S. Mauzey, presiding over sessions of 32nd district court, stated Monday morning.

The court made no specific statement as to when a special venire might be called but intimated that such would be done during this term of court.

After calling petit jury panel for second week of the term Monday morning, Judge Mauzey swore the gentlemen in and then discharged them for the term.

PRE-EASTER VALUE EVENT TO OPEN FRIDAY MORNING AT MAX BERMAN'S STORE

Colorful Array of Fashion's Latest Spring Offerings On Display Today

Among the colorful occasions on Colorado's Spring calendar will be annual Pre-Easter Value Event to open Friday morning at 9 o'clock at the Max Berman Department store. Mr. Berman stated Wednesday afternoon that preparation for the occasion had been under way for the past several weeks and that nothing would be spared to make the special merchandising days of more than passive interest to the public.

"During recent weeks we have received large shipments of new Spring goods, representative of the very latest fashion creations in this country and abroad," Mr. Berman declared. "Modes new to New York and Paris, combined with the very latest in fabrics and styling, are here for your inspection, and the price will be of interest."

Several of the lines of ladies apparel, mens clothing, hats, shoes and other lines are exclusive at Berman's. Much of the new merchandise to be on display Friday morning was received during the week and will be seen for the first time.

In bidding the public to visit his store during the event, Berman is offering special features in all departments. In anticipation of a heavy demand for the bargains listed extra sales people have been employed and every means will be taken to make every visitor feel welcome.

MITCHELL COUNTY WILL BE WELL REPRESENTED AT OIL BELT MEETING

Rural schools of Mitchell county are to have strong representation at sessions of the Oil Belt Education association in Big Spring Friday and Saturday of next week, Miss Ruby McGill, county superintendent, recently outlined. Due to short distance many of the teachers will drive to Big Spring to attend at least a part of the sessions.

Some of the features of the business program, which centers around the study of the curriculum in the schools, is an address by Dr. J. A. Sandefer, president of Simmons University; a talk by J. L. Henderson of the University of Texas; and J. O. Guieke, of the State board of education.

In the evening several social affairs are planned for the visiting teachers.

Undeclared Girls Basketball Club Will Enter Divisional Tourney At Plainview

Red Coffman and his undeclared basketball club issued the joint statement Wednesday morning that they were not content with having won three tournaments and twenty two consecutive victories over opposing sextets in West Texas. They are out now to bring additional honors to their school in the winning of pennant at Southwestern A. A. U. tourney at Plainview next week-end.

Plans for sending the girls to Plainview were mapped Wednesday in conference between Jim Greene of the chamber of commerce and high school officials. The chamber has underwritten expense of the trip and will otherwise cooperate with Coffman and

his girls in the tournament, Greene said.

Colorado will enter the Plainview contests as favorites to win, according to claims of local fans who have made comparison of their record with other outstanding teams in Texas. Competition will be open to high schools in Texas and New Mexico.

Girls who will be taken to Plainview include Misses Iva Lee Pennington, Iva Lee Rankin, Christine Bolin, Helen Andrews, Merle Garner, Cleo Shepherd, Grace Callan, Ila Ruth Kelly, Sarah Melton, Opal Alexander, Elsie VanZandt and Claudine Fowler. Mr. and Mrs. C. A. Wilkins are to accompany the team, the latter as official chaperon.

TEXAS DAY PROGRAM ON CARD OF WEEKLY SESSION COLORADO STANDARD CLUB

Mrs. C. M. Adams In Chair In Absence of President; Poems Are Read

A program commemorating Texas Day was had by the Standard Club when it met Friday at the home of Mrs. C. E. Way.

Mrs. Y. D. McMurry, the president, was out of town, and Mrs. Jean Pond, the vice-president, was ill, so Mrs. C. M. Adams was appointed to the chair.

Roll call was answered by the naming of Texas patriots, and Mrs. Roy Buchanan's response was the following original verse:

"Their deeds shine as the star That glows in our own Texas flag, And sends its beams afar. How can we pay the debt we owe For priceless freedom won? From Texas martyrs the reply, 'On Texans: Carry on!'"

And so may every Texan Keep alive within his heart—The names of Texas heroes Who so bravely did their part.

Keep the page of Texas History So unsoiled and so pure That the principles they died for Through the ages may endure."

The lesson on the "History of Texas until 1830" was led by Mrs. Buchanan. Mrs. H. B. Smoot read a poem by Karl Wilson Baker, Texas poet, and Mrs. L. W. Sandusky read one of Edgar A. Guest's poems.

Mrs. P. C. Coleman told of the "Most Historic Spot in Texas," and gave an account of the escape from the Alamo of Mrs. Dickenson and her baby.

At the social hour refreshments, consisting of a lovely salad plate, coffee, peaches and whipped cream, were served by the daughters of the house, Mrs. F. M. Smith of Houston and Miss Barbara Way of San Antonio, to the following: Meses, C. M. Adams, Roy Buchanan, P. C. Coleman, H. B. Smoot, S. N. Sherwin, L. W. Sandusky, R. B. Tegrell and the hostess.

The "History of Missouri" will be studied at the next meeting, which will be with Mrs. Adams.

Monthly Business Meeting Held By Baptist Women

Plans to care for the Workers' Conference on Tuesday occupied most of the time when the Women's Missionary Society of the Baptist church held its regular monthly business meeting Monday afternoon.

The devotional was brought by Mrs. W. A. Rose, who read the 63rd Psalm. Mrs. J. A. Sadler, president, was in charge of the business session.

The Never-Failing Light Study Given On Church Program

Meeting on Tuesday with Mrs. Thos. R. Smith, the Woman's Auxiliary of All Saints Episcopal church heard their rector, Rev. Alex B. Hanson, continue his review of the book which they are studying, "The Never-Failing Light."

During the business session, at which Mrs. Stewart Cooper, vice-president, presided in the absence of the president, Mrs. J. H. Lupton, an invitation was read from the Episcopal women of Big Spring, inviting the Colorado women to a Style Show being sponsored by them Friday. A letter concerning the oil painting of Bishop Seaman which is being planned to hang in Seaman Hall in Lubbock was also read. The letter asked for a free will offering to be applied to the cost of the painting. An Abilene artist is to paint the portrait of Bishop Seaman.

The meeting had a good attendance, and Mrs. Roy Buchanan was a visitor. The auxiliary voted to accept Mrs. Hanson's kind invitation to meet at the rectory next week.

Baptist Women Engaged In Week of Prayer

Opening their March week of prayer for missions, members of the Women's Missionary Society of the First Baptist church met at the church Monday morning for the first of a series of morning prayer meetings to be held throughout the week.

Mrs. T. J. Ratliff was leader of the meeting Monday, with Mrs. D. M. Logan bringing the devotional, and Rev. P. D. O'Brien giving a talk on missions. Mrs. J. Lee Jones and Mrs. R. O. Pearson each had leaflets to read.

The meeting Tuesday was postponed because of the Workers' Conference being held at the church that day. At the Wednesday meeting the Dorcas circle was in charge. The remainder of the week the programs are to be in charge of the younger church organizations.

Presbyterian Ladies Have March Business Meeting

Holding their monthly business session, members of the Presbyterian Auxiliary met in the church parlors Monday afternoon at 3:30.

The meeting, over which Mrs. Lee Carter presided, opened with a prayer by Mrs. A. E. Maddin, following which Mrs. A. H. Colman read a part of the sixtieth chapter of Isaiah.

Mrs. J. Riordan read a letter which she had received from Dr. Young, who is in charge of the hospital in Soochow, China. The letter told of the work being done by the hospital, which the auxiliary has been helping in various ways.

Mrs. Carter advanced plans for a meeting next Monday when all officers are to make their yearly report.

A card was read from Mr. and Mrs. Wendell Fraser of Fort Worth, announcing the birth of a daughter, Ruth, on February 12.

The meeting closed with prayer by Mrs. W. M. Elliott.

ST. PATRICK PARTY GIVEN FRIDAY EVENING AT HOTEL COLORADO MUCH ENJOYED

Miss Dee Davidson Hostess One Of Calendar's Most Lovely Social Affairs

One of the loveliest and probably the largest St. Patrick affair on Colorado's social calendar was the party given by Miss Dee Davidson Friday evening at the Colorado Hotel.

Ferns and shaded lamps, added color and softness to the banquet room which was the setting of the party. Tables were covered in green and white, and the St. Patrick motif was carried out in the clover leaf, score pads and the tallies.

Progressive table prizes were given in addition to high score prizes. High score prize for ladies went to Mrs. Harold Lindley, who received linen luncheon napkins. Mr. Farris Lipps received linen handkerchiefs as high score prize for men.

Refreshments, served on green lace doilies, were cherry tarts topped with whipped cream and coffee.

The guest-list included Mr. and Mrs. T. W. Stoneroad, Walter Whipple, Harry Ragan, Austin Bush, O. B. Price, Wade Scott, A. L. McSpadden, Bill Broadus, E. A. Dierdorff, and Julius Fifer of Los Angeles, California; Dr. and Mrs. Harold Lindley and R. D. Bridgford; Mmes. Milton Lipp, Ace McShan, Ford Merritt, G. V. Harrison; P. W. Hodges; Misses Lea Swope, Mary Bell Brennan, Virgie Powell, Virginia Stoneroad, Lois Price, Katherine Price, Hazel Costin, Nell Harper Greene; Messrs. Craig, Russell Allen of Abilene, and Elmer Johnson of El Paso.

The meeting had a good attendance, and Mrs. Roy Buchanan was a visitor. The auxiliary voted to accept Mrs. Hanson's kind invitation to meet at the rectory next week.

The meeting Tuesday was postponed because of the Workers' Conference being held at the church that day. At the Wednesday meeting the Dorcas circle was in charge. The remainder of the week the programs are to be in charge of the younger church organizations.

Methodist Women Meet In Circle Groups

Members of the Methodist Women's Missionary Society met in their various circles Monday afternoon in the Sunday school rooms.

Twenty-six were present at the meeting of the Rainbow Circle, which is in charge of Mrs. E. L. Grubbs. After the singing of a hymn and the offering of voluntary prayers, Mrs. E. A. Barcroft read the second chapter of "The Sound of Trumpets," which the circle is studying.

At the business meeting it was reported that \$3.90 was made at the bake sale the previous Saturday, and another bake sale planned for next Saturday at the B. M. Moore grocery.

Bath sets which had been made were also displayed, and more members appointed to work on additional sets.

Mrs. E. H. Winn's Circle had little business at hand. Their time was spent planning to piece a quilt, with each member promising to bring the material for one block to next week's meeting and coming prepared to sew.

Eight were present at the Dobbs circle. Plans for future work were discussed.

The Ferguson circle had a good attendance. The devotional program was led by Mrs. J. A. Ferguson, and several pieces of unfinished business were given attention.

County Federation Members Have Bible Program Following Usual Business Hour

A Bible program, led by Mrs. Van King in the absence of Mrs. R. P. Price, was enjoyed by the Mitchell County Federation of Women's Clubs at the close of its business session at the monthly meeting Tuesday afternoon in the City Hall.

Mrs. Will Doss, Jr., president of the federation, was in charge of the meeting. No report was had from the first vice-president, nor from the corresponding secretary, both being absent. The treasurer reported the librarian's salary paid and a balance of \$57.91 left in treasury.

The librarian reported membership fees for the month amounting to \$8.25, with 13 new books purchased for \$8.55, leaving a balance of \$6.84.

Under the reports of standing committees, Mrs. Jeff Dobbs told of progress made in arranging the Red Cross School of Home Nursing and Hygiene, saying that schools were to be held in Lorraine and Colorado two days a week, Tuesday and Thursday, from two until four, with Mrs. Bennett Scott in charge of the Colorado school and Mrs. W. L. Hester in charge of the Lorraine school. The schools are scheduled to begin next Tuesday.

Mrs. H. E. Broadus covered several items in her report. She told of beautification plans in the city, and moved that the Federation request that laws about keeping chickens up in the city limits be enforced. She also moved that the Federation should go on record favoring the immunization of all licensed dogs.

She reported the planting of a great number of trees, wild plum bushes, and lilacs along the highways

SHE IS ELECTED QUEEN

The winsome young lady pictured above Thursday night was chosen as "Miss Colorado" after judges in the merchants' style revue had finally arrived at solution as to which of the twenty contestants should be entitled to that distinction. Miss Wright was entered by the J. C. Penney Company store. She is a daughter of Rev. and Mrs. Cal C. Wright.

Miss Lydia Mae Viles, representing Howard Rogers, won second place.

Mrs. Wilkins Entertains Hesperian Club

Mrs. C. A. Wilkins was hostess to the Hesperian Club Friday afternoon at the home of Mrs. O. B. Price.

Roll call proved interesting, with each member responding with some information about "My Birthplace."

Mrs. S. A. Martin told the story of the bluebonnet, and Mrs. J. E. Watson gave a paper on "Texas, Her Glorious Past and Busy Present."

After the lesson Mrs. Wilkins sang very sweetly "The Hill of Home," which is by a Texas composer, Fox.

The club decided on its course of study for the next year, the subjects to be Shakespeare's "King Lear" and modern contemporary poets, with provisions made for special days and a campaign for better English.

Mrs. R. J. Wallace and Mrs. J. L. Pidgeon were guests.

The hostess, assisted by Mrs. Price, served salad and sandwiches cleverly cut in the shape of Texas, olives, sand tarts, and tea. Favors of tiny hand-painted Texas flags were given.

The next meeting is to be with Mrs. J. T. Whitmore.

McCleary Bible Class To Meet With Mrs. Winn

Mrs. E. H. Winn will be hostess to the McCleary Bible Class at its regularly monthly meeting Thursday evening at 8 o'clock at the home of Mrs. J. D. Wulfjen.

COLORADO MUSIC CLUB IN ELECTION OF OFFICERS TO SERVE FOR ANOTHER YEAR

Mrs. W. A. Martin, Lorraine, President; Mrs. White Vice President

Election of officers for next year was the most important matter of business taken up at meeting of the Colorado Music Club Wednesday morning at 9:30 in the home of Mrs. O. B. Price.

Mrs. W. A. Martin of Lorraine was chosen president, Mrs. N. H. White, vice-president, Mrs. Y. L. Doss, Jr., corresponding secretary, Mrs. J. W. Watson recording secretary, Mrs. Van Boston of Westbrook treasurer, Mrs. M. J. Dawson librarian, Mrs. E. L. Latham, critic and parliamentarian, and Mrs. O. B. Price reporter.

Mrs. Martin, who will succeed Mrs. Latham, and the other new officers will take office next September.

During the business session plans were also made by several of the members to attend the artist program in Snyder, sponsored by the Snyder Music Club, Thursday.

The program dealt with the "Development of Music in Texas," and opened with an interesting talk by Mrs. Doss on this subject. Mrs. C. A. Wilkins sang "The Hills of Home" by Oscar J. Fox, and Mrs. N. H. White gave two vocal numbers, one of them "Sonny Boy" by Pearl Curran, and the other "Try Smiling" by James Rogers.

Miss Virginia Peden Deter played on the violin a sonata by Lamar Chapman, young composer of San Angelo. She played from the original manuscript sent her by him. This composition of Chapman's won first place in a Texas musical composition contest last year.

The next meeting of the club is to be with Mrs. J. L. Bowen on the first Wednesday morning in April. There is to be choral club rehearsal next Wednesday morning at the home of Mrs. Latham.

Mrs. W. L. Doss Hostess To 1921 Study Club

Mrs. W. L. Doss, Jr., was hostess to the 1921 Study Club Friday afternoon, when an interesting meeting covering many phases of business, study, and entertainment was held.

At the beginning of the meeting a note from Mrs. Perkins, Sixth District Federation president, and Mrs. Horton of Eastland, her secretary, was read. The note expressed their pleasure in attending the club's International Tea at the Country Club last week, and also thanked the Club women of Colorado for other courtesies extended them during their visit here.

There was also a note from Mrs. Perry of Sweetwater, past president of the Sixth District, telling how sorry she and other clubwomen of Sweetwater were that a previous engagement prevented their attending the International Tea.

Announcement was made that Mrs. C. C. Thompson had been named chairman of Ethical Training in the Sixth District. This chairmanship is a newly created office.

Mrs. H. B. Broadus announced that picture shows all over Texas had agreed to give 25 percent of their income on April 26 to the Federated Women's Clubs to apply on their clubhouse at Austin.

Mrs. Broadus and Mrs. R. P. Price also reported that they had met with the Red Cross committee in regard to teaching hygiene in the homes of the county.

The program on Scandinavia was led by the hostess, who told first of the "Land of the Midnight Sun," following which Mrs. U. G. Hardison told of Norway and the Norwegians. Mrs. Van Boston's topic was "Idyllic Sweden," and Mrs. Doss read Mrs. R. H. Ratliff's paper, "In Happy Denmark."

Following the program there was a piano solo, "To Spring," by Jane Clare Meskimen, and two others by Mrs. W. C. Hooks, the first being "To the Rising Sun" and the second "Norwegian Folk Song."

The next hostess is Mrs. C. L. Root.

At the close of her talk Mrs. C. P. Gary moved that the Federation investigate the price of small chairs, with the idea of donating these to the classes.

Reports of the various clubs were not read but were turned into the secretary at the close of the meeting.

At the beginning of the Bible program which closed the meeting, Mrs. Van King led the Lord's Prayer in concert. Following this, Miss Mable Smith read an excellent paper on "In the Birthplace of Christ." Mrs. J. A. Sadler gave an "Interpretation of the Woman's Chapter," the last chapter of Proverbs.

Delegates from the rural club at Hyman were in attendance at the meeting. These women were Mrs. H. H. VanZandt, Mrs. Lowery, and Mrs. Andrews.

**THE SCENERY IS BEAUTIFUL
—BUT CAN YOU SEE IT?**

Like a fog that obscures the landscape, the steam from your washtub hides the beauty of life. Instead of pleasant hours of leisure, the washtub brings backaches and weariness—robs you of the zest for living.

And it is so easy to do away with such troublesome crudgerly as washing and ironing. Let us take these tasks away from your home this week. One of our family services will meet both your needs and your pocketbook.

Just phone today and tell us when to call for your bundle.

Mrs. M. P. McCall, Beloved Pioneer, Is Honored By Friends On 80th Anniversary

Instead of meeting on the 8th of March, the regular day, the Daughters of the King called their meeting one week earlier that they might observe the 80th birthday of Mrs. M. P. McCall which came March 1st.

The meeting was held at the home of Mrs. A. D. Kiker. Mrs. Dobbs was to have given the devotional, but instead she paid a beautiful tribute to Mrs. McCall, her life and its influence. Mrs. Arnett led in prayer. Mrs. Stoneham's little granddaughter, Mercedes Fitzgerald, said the twenty third Psalm and then sang "Happy Birthday To You."

The secretary after reading the minutes read a card of thanks from the Wulfjen family. The treasurer reported \$4.50 on hand. Dues of \$2.00 was collected.

Mrs. Garrett reported work of the Mission church. Planning for Easter egg hunt and Easter program. Will have seventh anniversary the second Sunday in March, the class invited to be present. Eggs and cookies for the Easter hunt and refreshments was promised by class members. She told of the work being done at present, of the preaching service being held by Bro. Wright and Bro. Leach.

Mrs. Dobbs discussed Social service. Mrs. Kiker was thanked for donating the class some paper for their church bulletins they are printing this month.

Mrs. Merritt paid tribute to Mrs. McCall, the first president of the class, the one who inspired the building of McCall Mission, the faithful members wishing her many more happy birthdays. The class sang "Happy Birthday," then the gifts were brought in and placed about her.

The McCall Mission teachers sent a beautiful growing plant. The gifts included towels, handkerchiefs, can-

ned foods, China and glass. Mrs. McCall was completely surprised. Said she had been taken out to Mrs. Rube Hart's to dinner as the first surprise of the day and this was the second. After expressing her thanks and love for the class she asked that a party and dinner be given on her 80th birthday. This was promised.

The hostesses and her daughters, served delicious sandwiches, cake and hot spiced punch. Favors were little birthday cakes with the date 1854-1934 and Mrs. McCall's name on them. Mrs. Wright and Mrs. Hart were guests.

The next meeting is with Mrs. Vaughan.

Self Culture Club Studies 'Texas Day'

"Texas Day" was the appropriate subject when the Self Culture Club met Friday with Mrs. Clarence Cook with 16 members present.

Mrs. James Herrington was leader. Roll call was answered by legal information on the conservation of national resources.

First on the program was Mrs. John Brown, who discussed "Texas Birds and Wildflowers." Next Mrs. W. A. Pelfry and Mrs. Howell gave a nice report on the Texas Exhibit at the World Fair.

Mrs. A. F. King's paper on the "Texas Centennial" closed the program.

The hostess served sandwiches, pickles, individual pies and tea at the social hour.

The next meeting is to be with Mrs. C. P. Gary.

Vote for Ruebelle Smartt for County Clerk. 11p.

BRIGHT SPOT IN NATIONS' RECOVERY FOUND IN WEST TEXAS, BANQUETERS TOLD

Optimism Sways Speakers At Annual Snyder C. of C. Fete Friday Night

"West Texas is leading the Nation back toward recovery," was theme of the annual banquet of the Snyder Chamber of Commerce Friday night. J. H. Greene, secretary of the local chamber was among speakers to address the meeting in urge that public sentiment hold no consideration for the pessimist and unite in the general move to stable conditions.

Two hundred sixty Seury county citizens and their guests cheered as D. A. Bandeen of Stamford, manager of the West Texas Chamber of Commerce, pointed to this section of the State as the banner white spot on the Nation's business map. This note of optimism and good cheer continued until Harrie Winston, president closed the informal gathering with a brief summary of the accomplishments of the local organization.

W. R. Ely of Abilene, member and former chairman of the State Highway Department, pointed out in the principal address of the evening that West Texas must face the fact that a new order of things has come, that even in this comparatively young country farming is giving way to industrialism. He traced the gradual growth from early railroading days to the era of the modern highway, and declared it to be fitting that the local banquet be held Independence Day, the focal point of 98 years of Texas progress.

C. S. Cravens of Slaton, division superintendent of the Santa Fe railway, added impetus to the spirit of the evening by stating that Snyder's volume of business on his line increased 75 percent in 1933 over 1932. He declared that every indication pointed toward an increasingly upward trend in his division, which includes from Altus, Okla., to Presidio, Texas, and intermediary lines.

Other out-of-town guests were T. N. Carswell, secretary of the Abilene Chamber of Commerce; D. L. Badgley, Slaton, division Santa Fe trainmaster; T. A. Blair, Slaton, division Santa Fe engineer; John Hendrix, Sweetwater, manager of the Board of City Development, and Rev. Cal Wright, pastor of First Methodist church, Colorado.

The banquet was served buffet style, with West Texas beef and black coffee featuring the menu. C. Wedgeworth, superintendent of city schools, was toastmaster. A string of amusements of Curtis Jarratt, Felix Jarratt and Nig Stringer provided music. A one-act play, "Good Medicine," was presented by Charles S. Owens, Mrs. Charles S. Owens and Mrs. Wayne Boren.

Officers of the Snyder Chamber of Commerce for the next fiscal year are: Harrie Winston, president, third year; R. H. Odum, first vice president; Willard Jones, second vice president; J. W. Scott, secretary-manager, sixth year; Nathan Rosenberg, Joe Stinson, W. J. Ely, W. E. Holcomb, J. E. Blakey, Willard Jones, H. G. Towle, G. H. Leath, B. G. Johnson, E. E. Westershee, Gay McGlaun, C. Wedgeworth, Maurice Brownfield and H. H. Eiland, directors.

Predicts War

Webb Miller, General European manager of the United Press Association, (pictured above) arrives in Texas with a prediction that war is inevitable in Europe. Miller has covered stories in 29 countries in the last 18 years, from Kamchatka to Capetown to Reykjavik, as he puts it. He is spending several months in the Middle West "to learn something about America after 18 years abroad." He arrived in Dallas Saturday to tour the principal cities of Texas.

Editor Wins Prize

Baskin Outlines Conditions Under Which Producers Paid On Hog Curb Contracts

Ben J. Baskin, county farm agent, Thursday morning outlined the following conditions under which producers are to be refunded on federal hog control contracts:

1. To pay \$5.00 per head on 75 percent of the base average in the following manner: \$2.00 upon the acceptance of the contract in Washington; \$1.00 on or about the 1st of November, 1934; \$2.00 minus the individual's pro rata share of the county's cost of administration on or about February 1st, 1935.
2. The base average is determined by sales records and actual count of hogs on hand. Sales records are necessary. No estimate or guess as to number of hogs sold is acceptable. Each and every hog sold and to be included in the base average must be covered by a receipt showing to whom sold, when, etc. All hogs shipped to market must be covered by a duplicate of the commission firm or purchasing firm's sheet. Only hogs so covered by actual records are eligible to be included in base average.
3. Base average is determined on the years 1932 and 1933. The year 1932 is taken as of the dates December 1st, 1931 to November 30th, 1932. The year 1933 is taken as of the dates December 1st, 1932 to November 30th, 1933.
4. Producer agrees to reduce number of litters in 1934 by 25 percent, and to reduce number of pigs farrowed by 25 percent, and to reduce number of hogs sold by 25 percent.
5. Producer may count hogs sold to U. S. Government last Fall. All "piggy hogs" (those marked "piggy" on sales receipt, and docked in selling price may be used to count for four pigs in determining 1933 pigs. All hogs sold as dressed carcasses to butchers may be counted where accompanied by sales receipt from purchaser, and in case a Processing Tax has been paid on such hogs a copy of the Tax Return may be used.)
6. All forms and instructions needed to fill out contracts, work sheets, substantiating evidence, etc., may be obtained by calling at county agent's office.
7. All contracts should be turned in and completed by March 17, 1934.

Rogers Ramblings

School is still making progress during this beautiful Spring weather. The attendance is much better as many of the pupils have recovered from illness and returned to school work. The seventh graders are still having contests. Rachel Wood and Harlan Barber were the winners last month in Reading and Arithmetic. They are quite interested in History as they studied about the Fall of the Alamo on the 98th anniversary of that event.

The basketball season has closed and all are playing indoor baseball, and they would like to get some practice games with other schools in the near future.

A revival meeting will be in progress at the school house for a few nights and all are invited to attend. The CWA workers are still on the job and many needed improvements have been made. The work will be continued through this week.

Mr. and Mrs. Erdy Lewis and family of Snyder visited in the S. C. Bynum home last week-end.

FINANCIAL HELP SEEN FOR PLANTERS COOPERATING IN NATIONAL ACRE CUT DRIVE

Federal Loans Ranging Up To \$250 To Be Advanced At Low Interest Rate

Conditions under which emergency crop loans are to be available from the \$40,000,000 fund recently authorized by Congress indicate that a farmer may obtain such a loan if he cannot qualify for credit elsewhere, in even he can show a justified need for credit and is cooperating with the federal production control program, according to information received by The Record Monday.

The maximum amount which will be made available to any one farmer this year is \$250 and the minimum is \$25, according to the regulations. The interest rate will be 5 1/2 percent. Crop liens have been worked out and detailed regulations will be placed in the hands of emergency crop loan committees within the near future.

Before any farmer may secure a loan, however, he must first obtain a statement from the County Production Council, where one exists, that he does not intend to increase his acreage or production in opposition to the Agricultural Adjustment Administration program. Where a county production council has not been set up the applicant will have to give satisfactory evidence that he is co-operating with the production control program of the Agricultural Adjustment Administration before his application for a loan will be considered.

Applications for loans from \$25 to \$150 may be made directly to the emergency crop loan offices provided the applicants do not have sufficient security to obtain loans elsewhere.

A farmer applying for a loan of \$150 or more must first make application for a loan to the Production Credit Association serving his county. Rejection of his application by the Production Credit Association will be considered sufficient evidence that other credit is not available and the farmer may then make application to the emergency crop loan office.

The emergency crop loans are entirely separate from, and are not to be confused with production credit association loans. The Emergency Crop Loan Fund is an emergency relief measure for this year only, to make available funds to those who can not qualify for credit through the regular channels of a production credit association.

Farmers who have a source of income other than farming are not eligible for emergency crop loans.

The fund will be used to make loans not exceeding the cash cost of growing crops during the year 1934, for summer fallowing and for winter wheat to be planted in 1934 and harvested in 1935. An amount from the fund not to exceed \$1,000,000 may be used to make loans to purchase feed for livestock in areas designated by the governor of the Farm Credit Administration as drought and storm-stricken. The fund may not be used to make loans to replace work stock.

Loans from the fund may not be used for the payment of existing debts, rent, taxes or past-due accounts. The emergency crop loan fund act is an emergency relief measure and not a refinancing measure. Loans are to be made only to farmers who need relief to help carry on the basic farming operations necessary in making a living. The money was appropriated for the specific purpose of producing, planting, fallowing and cultivating crops, and for food for farm livestock in drought and storm-stricken areas. The act imposes a very severe penalty for using loans from the fund for any other purposes.

Shakespeare Club Studies Southern Fiction

Pursuing their study of Southern literature in addition to their regular Shakespeare lesson, the Shakespeare club met with Mrs. Thos. R. Smith Friday afternoon with Mrs. J. Riordan as leader.

After roll call had been answered with current events, Mrs. Thos. R. Smith discussed her topic, "Economic Progress in the Sunny South," using references from Robinson's "The Changing South and Mims' "The Advancing South."

A very interesting review on the unusual book, "Shadows Waiting" by Elinor Carroll Chilton, was given by Mrs. W. R. Motley.

In giving her paper on "Travels in Mississippi" Mrs. R. S. Brennan used Farris' "Seeing the Sunny South" as a reference.

The regular Shakespeare lesson was from "Taming of the Shrew."

Following the lessons the club president, Mrs. Jack Smith, requested each member to bring suggestions to the next meeting concerning the study course to be chosen for next year.

Mrs. Russell, mother of the hostess, was the only guest at the refreshment hour when a two-course luncheon was served at a table centered with an unusual and lovely silver casket which belonged to the hostess' grandmother.

The next hostess will be Mrs. Jack Smith.

Brooders Of Material Help In Raising Baby Chicks, Poultry Authority Writes

In writing for the Dallas Semi-Weekly Farm News, Henry Field, considered an authority on baby chicks, offers some timely suggestions. Due to the fact a considerable number of Mitchell county citizens are vitally interested in poultry, the article is reprinted, as follows:

Baby chicks from good stock are hardy little fellows, and, if given reasonable care, will reach maturity in profitable numbers. But it is vital that two principles be observed in handling them. One of these is that they must never be allowed to get chilled, and the other is that they must never be allowed to get overheated. Oddly enough, it is when they are cold that they are in great danger of getting overheated. When they are cold, they will crowd into the warmest corner they can find, thus causing some to be injured by tramping and many by overheating.

It is not easy to make a homemade brooder that will meet all the requirements of raising chicks in numbers and yet not cost more than a commercial brooder of equal capacity would cost. A brooder must be heated evenly, be properly vented to carry off objectionable odors, yet cause no drafts; must provide opportunity for each chick to find a temperature to suit it, and be easily kept clean and sanitary.

Most poultrymen now use colony brooders. They have large canopy hovers, under which the chicks crouch for warmth. The hovers are designed so the heat falls on the backs of the chicks, as they are the most vulnerable part of their bodies and the part that nature intended should receive the heat. This simulates the natural condition under which they run to their mothers for warmth. To keep them from straying too far away from the hover, place chicken wire around it. After some days, when they have learned to run back to the hover for warmth, the wire may be removed. Don't be in too great a hurry about this, however, for chilling is the cause of much trouble among chicks.

Coal-burning and oil-burning brooders are reliable; likewise electric and gas brooders. The last two are rarely used, because gas and electricity are not usually available in the country. Each type has advantages and disadvantages, and availability of fuel is what usually determines which will be used. Old brooders of all kinds should be cleaned thoroughly each season before being put into use, otherwise disease may be carried over.

Brooders should be placed in an inclosure, preferably in a room 8x10 or 10x12 feet. The room should be tightly closed on three sides and the door should face the south. As the chicks grow older they may be allowed to run outside on dry days to get the benefit of sunlight and exercise. Some use an elevated pen, with a hardware cloth bottom, into which the chicks are admitted through a small door on wet days. Thus they may get the benefit of sunlight without dampness. Droppings may easily be raked from under such a pen.

Portable brooder houses are becoming increasingly popular. Moving them once a year onto fresh soil practically removes all danger of coccidiosis. This disease is prevalent enough to guard against. Moving the house will subject to sunlight the minute animals causing this disease and cause their death, also that of almost any other disease-producing agent present in or on the soil.

Baby chicks are not hungry for some hours after they are hatched, for they absorb the yolks of the eggs shortly before they pip the shells. This food is sufficient to keep them alive several days. It is on this fact that the giant baby-chick business rests. Newly-hatched chicks may be shipped great distances without feed; indeed, if they are fed when under 24 hours old, they may sicken and die.

On the other hand, we can carry this idea too far. A few years ago

we were told not to feed chicks under thirty-six hours old, and were advised to wait forty-eight hours. But those who refuse to believe everything they are told simply because they are told it observed that hens don't wait forty-eight hours to give chicks their first feed. While realizing that the amount a hen can find per chick is much less than the chick owner is likely to feed and also that the feed the hen gives is at widely separated intervals, those persons of independent mind resolved to try light feeding earlier. It was found that a chick will digest and benefit by food given it when only twenty-four hours old. Feeding may be begun in earnest on the third day.

Chicks fed by hens ordinarily receive for their first meal a mixture of animal and vegetable feed—bugs, worms, weed seeds and green stuff. This constitutes a fairly well-balanced ration and a harmless one to young chicks, when given at intervals by the hen. Commercial starter feeds are based on this idea. The ingredients are chosen with the double purpose of easy digestibility and balance in mind.

For large numbers of chicks, commercial starter feeds are to be preferred. Where the chicks are few, or commercial feed is not available, dry, crumbled corn bread makes a good first feed. For a still smaller number of chicks, hard-boiled, finely-chopped eggs are good. Buttermilk in small quantities may be given the second day the chicks are fed, but dry buttermilk is preferable to liquid because the chicks step in the liquid milk. Baby chicks should be fed five times a day the first week. They eat more when fed a little at a time than if feed is kept before them all the time, and the feed is always sanitary. After the first week, dry feed may be kept before them all the time.

Growing chicks will waste very little feed if dry mash is kept before them in hoppers, nor will they eat more than they should. Choose feeders of a type that will not permit chicks to get their feet into the feed. Wet mash seems to be more appetizing to chicks than dry mash, but it is not as easy to feed nor so satisfactory. Mash should never be fed in greater quantity than the chicks will clean up quickly and readily. If portions are left over for any length of time, wet mash is apt to sour, especially in warm weather, and cause digestive troubles.

Never spread feed on ground contaminated with droppings, or which may be before the meal is finished. Hereditary white diarrhea may be contracted in this way, although, fortunately, it is not common in this section. There is a form of diarrhea similar to it that is more common here. But neither is likely to get a start or to spread where strict sanitary measures are observed. Chicks from blood-tested hens may be assumed not to have white diarrhea, but this is no reason for getting careless.

Cod-liver oil is good for growing chicks kept indoors, or when the weather is cloudy. It supplies vitamins A and D. The latter is generally in the bodies of chicks by sunlight and serves to prevent rickets or leg weakness. For this reason, chicks should have access to sunlight, or, if this is not possible, fed cod-liver oil in small quantities at intervals.

The three great essentials to successful raising of chicks, assuming they come from healthy stock, are even temperature, balanced feed of a kind and quantity suited to the age of the chicks, and sanitation. Given these, they will grow rapidly, and by far the greater portion of them will reach maturity and the market. Let one of these be badly deficient and nothing else counts much.

FIRST BAPTIST CHURCH
Practically every department and class in the Sunday school showed an increase in attendance last Sunday over the Sunday before. A very fine congregation greeted the Simmons University girls quartet at the 11 o'clock hour. This was a very well arranged and well presented song program. The Worker's meeting which was a joint meeting of the Sweetwater and Mitchell-Scurry associations was a great success. More than 400 were in attendance, and the spirit of the meeting was optimistic and forward looking. We were delighted to see so many of our local folks present but regretted that all who were able did not avail themselves of the privilege of attending and getting the inspiration to be had from such meetings.
All regular services will be held at the Baptist church next Sunday, and we extend a cordial invitation to strangers and visitors to worship with us.
DICK O'BRIEN, Pastor.

A Bible Puzzle
Take the number of boys in Jacob's family, (Jacob's sons) and multiply by the number of wives Jacob had, add to this the age of Moses the first time he left Egypt, to this add the number of spies that brought in a pessimistic report from Canaan, subtract the number of spies that brought an optimistic report, then divide by the number of Jesus' apostles, and you have the number of books Moses wrote in the Old Testament.
The answer will be given next week, and another puzzle if you like them.

ADDRESS OF PRESIDENT ROOSEVELT HOLDS OUT HIS RUGGED SINCERITY
Address of the president Monday morning, speaking directly to NRA code authorities, was heard by a number of Colorado people. The message, broadcast over a nationwide radio hook-up, did not fail to impress rugged sincerity of the chief executive.
Pointed statements featured in Mr. Roosevelt's address to "My Friends" follow:
It is sufficient for me to point out once more the difficult and dangerous situation into which the United States had got itself (last year) was due to the general attitude, "every man for himself; the devil take the hindmost."

"Lilly Turner"
Thursday and Friday
"Lilly Turner." Once again Ruth Chatterton has established her right to be considered the first dramatic actress of her generation upon the screen, by virtue of her performance as the star of "Lilly Turner." It is not too much to assert that no other star could have equalled her astounding delineation of the soiled, bedraggled queen of the carnivals and side-shows who emerges, through tragedy, to a loftiness of self-sacrifice.

In its tremendous sweep, Ruth Chatterton's "Lilly Turner" recalls no other performance save one or two of the star's most outstanding successes. It ranks in power with her "Madame X", though there is no son in this story to lend the unique note of pathos which climaxed the famous French play.

The cast of a Ruth Chatterton play is always an exceptional one, but in the case of "Lilly Turner," more than the usual care has been exercised in surrounding the star with the finest acting talent available. The cast includes such well known names as George Brent, Guy Kibbee, Frank McHugh, and Robert Barrat.

"Picture Snatcher"
Tuesday and Wednesday
In "Picture Snatcher," James Cagney plays a thoroughly hard boiled role, although a delightfully entertaining one. The picture is based on a newspaper story by Danny Ahoorn, which treats of the little known phase of the work on a yellow tabloid of the most sensational type. Jimmy, in the title role, is the go-getter picture man who gets photographs of people and news events by hooks or crook, regardless of ethics or common decency.

The cast of "Picture Snatcher" also includes such notable players as Patricia Ellis, Ralph Bellamy, and Robert Barrat.

Not including army, navy and C. C. C., there are 566,350 persons in this country on the federal payroll.

'New Deal' Administration Ends Initial Year In White House With Much Progress

By LYLE C. WILSON
United Press Staff Correspondent
WASHINGTON.

President Roosevelt's calm assurance that the country definitely is on the road to recovery marks the end of the first year of an Administration which has led the United States into unprecedented social and political experiments.

In a year the administration has opened 15,000 banks. Prohibition has been voted out of the constitution. Mr. Roosevelt abandoned the gold standard, devalued the dollar to 59.63 cents, and set up a \$2,000,000,000 stabilization fund with which to protect the dollar at home and abroad.

Banking, business, industry and agriculture are directed and controlled from Washington as never before. Congress and the Executive combined to seize from Federal Reserve Banks some \$4,000,000,000 of gold along with all other stores of the metal in this country.

Industry has been brought into a code structure eliminating child labor and establishing maximum hours and minimum wages. In the Valley of the Tennessee River the Administration is pushing a coordinated flood-control, irrigation, power and development program which may remake our middle of living. There never has been such peace-time spending. The government is buying through the RFC up to \$950,000,000 of bank preferred stock and capital notes. A Public Works fund of \$3,300,000,000 has been allotted. Upwards of \$800,000,000 for direct relief and Civil Works employment

has been exhausted. Congress has provided \$950,000,000 more.

Some describe all this as revolution. From opposition benches in Congress there are shouts of protest. But opposition is disorganized and without a recognized leader. Mr. Roosevelt enters the second year of his Administration exercising reasonable control over Congress and seemingly assured of a continued majority after the general elections of this year.

Hints of scandal peppered the closing months of the first year. The Civil Works Administration admitted that graft and political abuses shot through its local disbursing organizations. A grand jury met to sift charges in connection with award of War Department contracts and has heard Assistant Secretary of War Harry H. Woodring and F. H. Payne who held that office in the Hoover administration.

Senate investigation of air- and ocean mail contracts led Mr. Roosevelt to authorize cancellation of all the former. The army is flying the mail. Walter Brown, Postmaster-General of the Hoover administration, appeared at his own request before the senate committee and testified.

Discovery that files subpoenaed by the senate had been removed from the office of William F. MacCracken, Jr., led to his conviction on charges of contempt. He is out on bail pending appeal. MacCracken was assistant secretary of commerce in the Hoover administration and represented air mail companies here after leaving office. An airway official served 10 days in jail for contempt.

A general default of war debts, except Finland, challenges administration action but a long-promised debt message still is to come. Similarly the President delayed this session in sending to congress a request for authority to negotiate reciprocal trade agreements designated to lower tariff structures all around.

Rumors of war in Europe and Asia emphasized the importance of the administration bill to authorize construction of 102 naval vessels. The London Economic Conference missed its major objective, international currency stabilization, and since last summer this country has been going it alone.

Outstanding in development of United States foreign policy was recognition of Soviet Russia. This was followed by creation of a Federal Export-Import Bank designed to foster trade between the two countries and, if possible, to regain for the United States some \$100,000,000 of business lost in the last three years. The Soviet Embassy is settled now in one of the more gorgeous of the 16th Street mansions.

improved measurably by Mr. Roosevelt's re-interpretation of the Monroe Doctrine accompanied by a pledge that the United States would not act alone in carrying out the implications of that document. Secretary of State Hull was unable to bring back much from London, but he brought good will in large measures from the conference of Latin American nations at Montevideo. Domestic problems yielded somewhat to New Deal methods. Public Works, Civil Works and the Civilian Conservation Corps provided jobs through the winter for upwards of 4,500,000 persons. During the mid-winter peak it was estimated manufacturing and non-manufacturing industry had added 2,500,000 persons to payrolls since March 4 by mid-February that number had suffered what was described as a seasonal slump to 2,000,000. In the face of sincere confidence expressed by the administration, the evidence appears to point to less than satisfactory results of the employment program. Organization and allotment of the PWA fund took precious time. Far less than one-third of the \$2,000,000,000 available actually has been spent. By that proportion the job-making program lags. It has been estimated that upwards of 12,000,000 persons were jobless one year ago. The New Deal has not been able to provide work for one-half of them. This Roosevelt anniversary finds General Hugh S. Johnson, NRA administrator, meeting with representatives of all code authorities in a movement apparently directed toward further reduction of maximum work week levels. The codes generally fix the work week at 40 hours. It eventually may drop to 32. Prices and employment transcend all other New Deal problems. There has been improvement but no solution. The administration has made no claim that all was well. But Mr. Roosevelt's judgment when congress assembled was expressed in the statement that the nation definitely was on the road to recovery. By Mr. Roosevelt's own calculations the emergency period in which the government must spend more than its revenue will continue to June 30, 1935. From that day the President expects the country to live within its income. Even so, the recovery bill will be tremendous. The budget forecast a deficit of \$7,309,068,211 for this fiscal year which will end June 30, 1934. The aggregate of government expenditures for that period will be more than \$10,000,000,000 on the basis of budget estimates, and of that sum more than \$6,000,000,000 will be for emergency projects directly connected with the recovery effort. The cost of recovery is best told by two figures: The public debt of the government as turned over to Mr. Roosevelt by Mr. Hoover was approximately \$22,500,000,000. As of June 30, 1935, Mr. Roosevelt has budgeted for a national debt of almost \$32,000,000,000. The difference represents the extent to which the government must borrow to meet budget estimates of expenses. A \$10,000,000,000 borrowing program is underway. It began in mid-winter and will continue through to the end of this fiscal year. Despite dollar devaluation, abandonment of the gold standard, a steadily increasing national debt and related phenomena, the credit of the government has remained undisturbed. Treasury issues have been consistently over-subscribed. There are indications the deficit for this fiscal year will fall far below the \$7,309,068,211 estimated by Mr. Roosevelt in his budget last January. He said then that he had arrived at deficit and national debt figures by estimating probable maximum expenditures and probable minimum revenue. Expenditures are lagging and the deficit so far is not much above the \$2,000,000,000 figure it had attained late last winter when Mr. Hoover still was in the White House.

FORD TO BUILD HUGE EXPOSITION AT THE 1934 CHICAGO WORLD'S FAIR

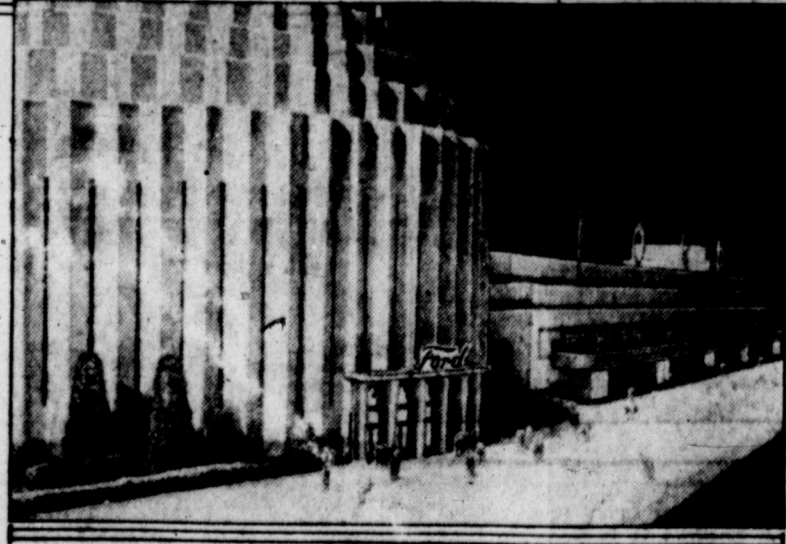

A GREAT Ford Exposition, portraying the tremendous part the arts, sciences and virtually every other industry plays in the manufacture of today's motor cars, is planned by the Ford Motor Company for the 1934 World's Fair.

The Ford Exposition will be housed in a giant building 860 feet long to be built in the heart of the fair grounds on an 11-acre plot bordering Lake Michigan and flanking the main fair boulevard. Construction of the building will start Mar. 1.

In the dominant central building will be housed Henry Ford's "Drama of Transportation," depicting the development of wheeled vehicles from the chariots of ancient Egypt to modern motor cars. Every model of Ford car made since 1903 will be included.

In the smaller building to the left will be housed some of the priceless historic exhibits from the Edison institute at Dearborn, Mich., including the one-story brick workshop, complete with the original tools, where Mr. Ford in 1893 built with his own hands his first motor car. This first car will be displayed inside the shop. The main exposition building will

Henry Ford and Edsel B. Ford show to Rufus C. Dawes (center), president of the World's Fair, the scale model of the giant Ford Exposition building to be built at the 1934 Fair. Texas 'Full House' Special Train Will Carry Boosters To North, East Points

Carrying a cargo of news of Texas prosperity to the North and East the Texas Press "Full-House" Special, the New Dent train, will get under way for a ten day journey in April. The special train will be the most modernly equipped all steel track train available running on the fastest schedules.

Sponsored by the Texas Press, and officially sanctioned by the State of Texas, the Capital to Capital (Austin to Washington) Special will bear 125 Texans, newspapermen, business executives and others, to Kansas City, St. Louis, Chicago, Washington, Baltimore, Philadelphia, and New York, where news of the return of prosperity to Texas will be broadcast.

Two primary purposes lie behind the plans for the special, viz: to re-visit Texas, and its markets and advantages of today and to compliment Franklin Delano Roosevelt, who is leading the nation out of depression and John Nance Garner, Texas Citizen, Number 1.

Concentration points from which the price of tickets have been figured are Austin, Corsicana, Dallas, Denton, Fort Worth, Galveston, Houston, San Antonio, Tyler, Waco, and Wichita Falls. The price of the tickets range from \$132.25 to \$182.03, according to pullman accommodations desired.

The price of the ticket includes hotel room at the Medina Athletic Club in Chicago; the Foxhatten Hotel at Washington; the Ben Franklin at Philadelphia and the Governor Clin-

ton in New York City one night each. It also includes a return ticket from New York City and payment for the banquet which will be given in Washington honoring President Roosevelt, Vice President Garner and the cabinet.

"The Texas Press 'Full-House' special, is being conducted to Washington on a two fold mission," Mr. Martin said. "The first is to take the message of returned prosperity to the north and the east, and the second is to compliment President Roosevelt and his staff, on the remarkable job they are doing toward restoring confidence and prosperity."

"Texas has a full house. It has fields full of oil, its gins are full of cotton which is selling at a price higher than in several years; its pastures are full of foodstuffs for the family and its barns are full of feed for livestock.

"We are in good shape, and we want to tell the world about it. The Texas Press feels that now is the time for the world to know about it, and not have to wait for several years more before knowing the advantages of investing in the natural resources of this state."

TEXAS EX-STUDENTS HOLD TEXAS INDEPENDENCE DAY FETE IN COLORADO FRIDAY

Justice Leslie Of Eastland Delivers Principal Talk; Latham New President

Friday, March 2, ninety eighth anniversary of Texas Independence, was fittingly observed by ex-students of the Texas University in Mitchell, Nolan and Scurry counties with an elaborate banquet program at Hotel Colorado. Justice W. P. Leslie of the Eastland court of civil appeals, for many years a resident citizen of Colorado, delivered the principal address.

After the assembly had been called to order by District Attorney George H. Mahon, a sing-song and college yell diversion was enjoyed with R. H. Ratliff of Colorado leading. Thos. R. Smith, Colorado attorney, offered the invocation, following by singing of "The Eyes of Texas," by the assembly.

Judge C. C. Thompson, president of the Colorado chamber of commerce, delivered address of welcome, to which Judge Chas. W. Lewis of Sweetwater responded. T. W. Stonerod, president of the local student association, read a special message from President Benedict of the University after special entertainment features were rendered by Billie Lewis of Sweetwater and Mrs. Lula Mae Carlton of Colorado.

Justice Leslie paid strong tribute to the traditions of Texas and the lives of patriots that had made possible the cherished heritage claimed by the Lone Star State. He offered congratulations to the citizenship within this immediate section of the State for their progressiveness and general support of tenets for building good citizenship and good statesmanship.

WOODMEN OF THE WORLD PRESIDENT HONORED THROUGHOUT U. S. FOR 35 YEARS OF SERVICE

Bradshaw's Long, Faithful Devotion to Duty Celebrated During March

Woodmen of the World members throughout the entire country are celebrating the month of March in a gigantic campaign in honor of De E. Bradshaw, president, who

De E. Bradshaw has served W. O. W. in an official capacity for thirty-five years.

Thousands of W. O. W. camps in every state will hold special celebrations and programs during March to pay tribute to the long and faithful service of Mr. Bradshaw.

Mr. Bradshaw, whose life has been typical of the log cabin boy who has risen to dizzy heights, was honored at his birthplace in Izard county, Arkansas, where local and national W. O. W. officials gathered for a special celebration. His mother, 87 years old, still lives near his birthplace.

Mr. Bradshaw has always been a strong church worker, having served as president of the Arkansas Sunday School association. He was also president of the Arkansas Humane Society and has participated in scores of charitable and civic endeavors.

was Sovereign Sentry in 1899 in Little Rock. He later went to W. O. W. headquarters in Omaha as General Attorney and his work was so outstanding that it brought him national prominence as the leading fraternal life insurance counselor in the country.

"The record of Mr. Bradshaw is so outstanding and noteworthy that the spirit of fraternalism in W. O. W. has never before been greater," said Col. T. E. Patterson, vice president. "Mr. Bradshaw has endeared himself to every member because he not only has been progressive in expansion, but his wisdom in safe investments and protection for policyholders is a shining example for the entire country."

A giant bulletin board has been erected in Mr. Bradshaw's office upon which are posted daily results of a campaign to exceed all past records for a month. It is expected that the total will exceed eight million dollars.

The Woodmen of the World Life Insurance association is showing evidence that the "corner of prosperity" has been reached, its assets having been increased during last year by more than \$4,200,000 and its certificates by more than 55,000. It now has assets of more than \$115,000,000 and is considered the strongest fraternal life insurance association in the world.

The Woodmen of the World operates Radio Station WOV in Omaha and has a tuberculosis hospital and chapel in San Antonio, Texas. W. O. W. is now moving its headquarters in the Insurance Building to the heart of Omaha. The Insurance Building, which is owned by W. O. W., has been transformed into one of the most modern buildings in the city. It has a new vault formerly occupied by a bank and trust company. More than \$45,000,000 of securities were recently moved under the care of W. O. W. and its armored cars are the main street of Omaha to the new burglar-proof vaults.

More than ninety-five per cent of W. O. W.'s assets are in the highest grade government, state, city and county bonds of nearly every state in which W. O. W. does business.

LOCAL BPW DELEGATES IN BROWNWOOD SATURDAY TO ATTEND DISTRICT MEETING

Enroute Group Entertained At Sweetwater Luncheon Honoring President

Local chapter of the Business and Professional Women's Club was well represented at the district meeting held in Brownwood last Saturday and Sunday. Those attending from Colorado were Mrs. Clyde Reid, Mrs. Freida Scott, Mrs. Anna Ferguson, and Miss Elizabeth Kirkpatrick.

The Colorado delegation left before noon Saturday in time to attend a luncheon in Sweetwater in honor of Mrs. Fay Gordon, State president. Mrs. Thelma McSpadden, Mrs. Jewel Lanier, Mrs. Myrtle Crowder, and Mrs. Ida Kirschbaum accompanied the delegation to Sweetwater and attended the luncheon.

Following the luncheon the Sweetwater and Colorado delegations went on together to Abilene, where they attended a tea given in honor of Mrs. Gordon at the Y. W. C. A. building. Afterward the Abilene delegation joined those from Colorado and Sweetwater and they proceeded on to Brownwood for the district conference, which was formally opened by a banquet at 8 o'clock in the Gold room of the Hotel Brownwood by Dr. Mollie W. Armstrong, director of district five.

An interesting program consisting of songs, special musical numbers, and speeches was given. The main speakers of the evening were the mayor of Brownwood, the president of the Brownwood Chamber of Commerce, President Taylor of Howard Payne college, Mrs. Faye Gordon, and Miss Emily Kneubuhl, national executive secretary.

After the banquet a dance was held on the roof for all delegates and visitors, the records being supplied by the Brownwood club. At the breakfast meeting at 7:30 Sunday morning reports from the clubs of the district, namely, Abilene, Colorado, Sweetwater, San Angelo, and Brownwood, were given by the presidents of the clubs. These reports were followed by round table discussions of various problems. The conference closed with the luncheon which followed immediately after the special church service at the Methodist church. Miss Kneubuhl and Mrs. Gordon both delivered addresses at this luncheon.

The meeting closed with the announcement of the next meeting to be held in San Angelo in October, with Mrs. Johnny Bishop as the newly elected director of District Five for the coming year.

County clinic opening in Colorado Saturday under personal supervision of Mrs. W. L. Hester of Loraine, director of CWA public health work, was well received by the public. The clinic is located in the Roy Farmer building on Walnut street, adjoining the Pritchett grocery.

Children under the age of ten years are eligible for the special immunization treatment offered, Mrs. Hester has announced. Through cooperation of physicians and the CWA administration the toxoid and other doses to be administered will be available at nominal cost.

Jack Helton Voted Century Lion Role By Colorado Club

Jack Helton, office deputy in the county tax collector's office, Friday was formally presented membership of the Lions Club as the one hundredth citizen to become actively identified with the organization. Address welcoming Helton was made by Bill Cooper.

Seven other new Lions, voted membership at the last previous meeting, were received in an address by J. E. Watson, who referred to the group as one of the most representative list of progressive business and professional men to be found in Colorado. The group included W. A. Rose, Philip Berman, J. Lee Jones, J. B. Holt, W. W. Porter, Jake Merritt and R. H. Ratliff. John Hale and Dr. C. L. Root, recently elected into the club, were not present to be formally received.

Just after the eight new Lions were recognized eight more local citizens were voted membership, including G. A. Cole, M. C. Holt, B. M. Moore, Ben Smith, Dr. Harold Lindley, A. J. Taylor, R. J. Wallace and Roy Dozier. The latter two gentlemen were reinstated after having been on the retired list for several months. Secretary E. V. Grantland read applications from four others and these are to be voted upon at meeting today.

Unique Basketball Card Scheduled At Gym Friday Evening

One of the season's most amusing basketball cards is announced for Friday night at high school gym. The twelve girls making up Coffman's club are to be divided into two opposing teams and substitutes have been named from faculty members.

Imagine the following ladies fighting with all fury in a cage tilt: Miss Octavine Cooper, Miss Evelyn Jennings, Miss Velma Barrett, Mrs. Foyed Quinney and the Misses Davidson.

Well, they will take up their places on the bench as substitutes and it is very evident some of them will be seen in action.

With Rest Of Country Safe, Congress To Now Open War Against Grasshoppers

Congress has declared war on grass hoppers! The Department of Agriculture has conducted several skirmishes with grasshoppers, but nothing compared to the \$2,000,000 campaign that the House of Representatives has in mind. It ought to be a great war. Congressmen are wrought up over the situation. The grasshoppers are said to be hopping mad. And they can't vote.

Democratic Leader Joseph W. Byrns declared war when he announced that the grasshopper crisis was so bad that the house would have to give the agriculture department a \$2,000,000 war chest. This fresh fray comes at a time when congress is already engaged in a life-and-death struggle with thousands of starlings which besiege the capitol. It all simmers down to a question of congress vs. Mother Nature. So far, the record reveals that most any starling can whip his weight in legislators.

The grasshopper battleground will be in Minnesota, the Dakotas, Wyoming and Montana. The strategy which the house will employ is still in the formulating stage. Rep. Lloyd Thurston, Dem., Ia., advocated an airplane attack with pilots spraying poison on the grasshoppers. For some reason, an airplane is a delicate subject around town right now, so that suggestion was dropped without debate. The army will be limited to infantry and cavalry.

Mrs. Shelburne Is Victim Of Illness At Denver Hospital

Rites for Mrs. Abidel Shelburne were conducted Sunday afternoon Westbrook Methodist church with the pastor, Rev. D. A. Ross, in charge. The body was received by Kiker & Son from Denver, Colorado, where Mrs. Shelburne died Friday in a hospital following a lingering illness. Deceased formerly resided in Mitchell county and was a daughter of Mrs. Anna Cox of Westbrook. During eleven years she had been employed as a bank bookkeeper. Other survivors are Marcus Woodall, 14, of Westbrook and one sister, Mrs. E. J. Chancellor of Houston.

Active pall bearers were Leroy Gressett, Joe Bracken, Witt Brown, Bob Baham, Bill Hague and Lyndie Miller. Honorary pall bearers included Bus Gressett, Van Boston, Albert Young, Vic Holden, C. Lambert, J. M. Herrington, Ed Clifton, Johnnie Johnson, Tom Coker, Morris Brunson, Ollie Bird, Frank Oglesby, J. E. Skelton, Sam Taylor, M. Byrd, Mr. Patterson, Burr Brown, C. C. Curry, J. T. 140,000 Texans Carry Total Of \$258,000,000 With Dallas Corporation

CHARLES F. O'DONNELL

DALLAS, Texas, March 6—At a specially called meeting of the board of directors held at the company's offices this morning, Charles F. O'Donnell was elected president of the Southwestern Life Insurance Company. He succeeds the late T. W. Vardell, who was president from March, 1911, until his death one week ago.

Mr. O'Donnell first became connected with the Company in 1917 as a member of its legal staff. He was elected a director in March, 1926, later serving as general counsel. On January 1, 1933, he took active charge of the Southwestern Life's investments as chairman of the Company's finance committee, and since

then has devoted practically all of his time to the Company's affairs. He announced today his retirement from the firm of McBride O'Donnell and Hamilton, and will assume his new position immediately.

The new president of the Southwestern Life is a native of Dallas county and a graduate of Texas University, class of 1907. He served as City Attorney of Dallas from 1913 to 1917, leaving that position to join the firm with which he has since been associated.

Mr. O'Donnell is widely known in insurance circles of the State and Nation. He is now serving his second successive term as president of the Texas companies, and he is the State vice president of the American Life Convention, an association of 150 western and southern life companies. He was recently elected a director of the Dallas Chamber of Commerce, and is chairman of the committee which has submitted a plan for the reorganization of the county government.

The Southwestern Life is the largest and oldest of the group of life insurance companies domiciled in Dallas, and is the second largest in the entire southwest. It is now in its thirty-first year, and its assets amount to more than \$41,000,000. The Company has insurance on the lives of approximately 140,000 Texas policyholders, amounting to more than \$258,000,000. It is distinctly a Texas institution, as it does business only in this State and invests all of its assets in Texas.

Thos. R. Smith left Thursday afternoon for Eastland on business before the court of civil appeals. He expected to return home late Friday night.

FOUR-COUNTY SONG CONVENTION PLANS COMPLETE

MEETING HERE SUNDAY TO ATTRACT MUSICIANS FROM SEVERAL WESTERN CITIES

Fisher, Nolan, Scurry And Mitchell Counties Unite For Special Fete

Annual convention of the Four-County Singing association, embracing the counties of Mitchell, Nolan, Scurry and Fisher, is to be convened in Colorado Sunday morning at 10 o'clock with the president, Lawrence Deavers of Snyder, presiding. Mr. Deavers stated that attendance was expected to assume large proportions.

"We are much pleased to announce that an array of outstanding artists are to be presented on this program," Mr. Deavers stated. "Included in this list of well known musicians is the W. W. Stamps quartet of Dallas, Odie Echols quartet of Lubbock, C. C. Nance of Big Spring and S. E. Clark and his daughters of Abilene, along with many others in this section of West Texas."

Officials of the Mitchell County Singing association, among the first to be organized in the State, are concluding plans for entertaining the several hundred visitors expected.

W. L. Doss, Sr., vice president of the Mitchell County association and one of the organizers of that organization, stated Tuesday morning that it was evident that the convention would attract an unusually large number of musicians to Colorado. That a program of strong merit would be given was expressed by Mr. Doss. C. O. McCright, president of the local association, is a vice president of the Four-County unit.

The convention will be held at Union Tabernacle in event weather conditions are favorable, McCright stated. In event a cold spell should prevail the high school auditorium will be used. There are no stages connected with gas mains in the tabernacle.

Ritz Theatre To Be Opened March 15 With New Fixtures

New sound equipment has been purchased for installation at the Ritz Theatre, corner Walnut and East Third streets, and other improvements are being made at this play house, Ross D. Dixon, manager, said Monday. Mr. Dixon returned Sunday from Dallas where he purchased the new equipment.

"We believe the public will appreciate our efforts to give them two good show houses in Colorado," Dixon stated. Opening of the Ritz with modern equipment will not affect the Palace. This popular theatre will, too, be improved to rate with the best in this part of the State."

ONE HUNDRED FIFTY HEAR SPEAKERS LAUD FFA BOYS AT ANNUAL BANQUET FETE

Chuck Wagon Serenaders On Musical Bill; O'Brien Principal Speaker

Annual banquet of the FFA chapter Thursday evening was attended by 150 people, including fifty members of the host student organization, their parents, members of the school faculty, school board and others. Lenn Bodine, president of the chapter, presided as master of ceremonies. The program was given in basement of First Baptist church. Principal address was delivered by Rev. Dick O'Brien of First Baptist church, who spoke from the subject "Get There." He and others to address the meeting praised the boys and their director, Doyle Williams, for the splendid success attained.

"You boys are going to come to that place in your life where you will be forced to fight with your backs to the wall; but there is never a time when the boy who would succeed will stop," Rev. Mr. O'Brien declared. "Build to the future, ever looking into the face of life's problems with determination to win. Have vision of the greater things that opportunity may hold and you will get there."

Others to speak briefly included Jim Greene, chamber of commerce secretary; B. J. Baskin, county farm agent; J. E. Watson, superintendent of schools; C. A. Wilkins, principal at high school; Hays Holman, principal at junior high school; Mr. Williams; J. W. Watson, president of the school board; R. J. Wallace and Frank Kelley, members of the school board, and Lloyd Croshin and Robert Coffman, members of high school faculty.

The address of welcome was delivered by Billie Henderson, son of Mr. and Mrs. Julie Henderson of ten miles south from Colorado. E. Blasingame, Buford farmer, responded. Members of the FFA chapter in turn presented their parents and members of the school faculty and other visitors were introduced by the chair.

The Chuck Wagon serenaders appeared in grotesque make-up and rendered one of their typical musical programs. Lenn Bodine gave two numbers on the piano.

The banquet menu was prepared and served by ladies of the Baptist church.

Royalty Dominates San Angelo Stock Show, Baskin Says

Third Annual San Angelo Livestock Show now in session at the Tom Green fair grounds is a distinct credit to West Texas according to Ben J. Baskin, county farm agent, who Sunday visited the exposition. "Royalty dominates the show throughout, with some of the best show and utility individuals and herds I have ever seen," Baskin declared. "West Texas breeders continue to demonstrate their leadership in the field of better livestock."

POSTOFFICE EMPLOYEES VACATION IS CURTAILED

The postmaster and other employees at the Colorado office will be given four days furlough without pay between now and end of the fiscal year, June 30, along with the having of their usual vacations taboed. Such a program is outlined in instructions received Tuesday morning from the Postal Department at Washington.

CENTURY LION MEMBER RECEIVES GOAT MEDAL

Jack Helton, who Friday was presented to the Lions Club as the organization's "Century Plant," due to his being Lion No. 100 on membership roster, was also designated as one of the club goats. Presentation of the goat emblem was by President Joe Mills. Helton will be retained in that distinction until he produces a new member.

R. A. DUNCAN IS CALLED TO ATTEND HIS MOTHER

R. A. Duncan, employee at the Colorado Motor Company, left Sunday night for Floresville to attend his mother, reported seriously ill. The stricken woman had been sick and message received by her son here conveyed the news that her condition was becoming more grave.

LIONS OF COLORADO TO OFFER JIM GREENE FOR GOVERNOR DISTRICT 2-T

Jim Greene, charter member of the Colorado Lions Club and recently to receive appointment from District Governor Del W. Harrington of El Paso as a deputy, is to be offered as candidate for that office in District 2-T in 1935.

At meeting of the executive board Friday morning it was voted unanimously to sponsor candidacy of the local chapter of commerce secretary. Membership later endorsed such a move without a dissenting vote.

"We are not going to ask for anything during our own convention, here in April, but we can elect a district governor in 1935 if we will center on that lion and support him," President Joe B. Mills stated.

COLORADO ENTERS LEAGUE CIRCUIT LAUNCHED DURING CONFERENCE HERE SUNDAY

Big Spring, Snyder, Coshoma Other Charter Members Of Mound Group

Organization of an independent baseball league to include Colorado, Big Spring, Snyder and Coshoma was concluded at conference of fans representing those communities at Hotel Colorado Sunday afternoon. Probability that two other teams, the Col-Tex Oilers and the Mexican team of Big Spring, would be added was expressed.

Officers for the newly formed league were not elected at the meeting here Sunday. Neither was name for the league determined. These matters are to receive attention of promoters of the unit at a later meeting. Rules and regulations, while tentatively outlined Sunday, remain to be adopted in full.

It was announced that each member team would play two games a week, one on Wednesday and the other on Sunday. Wednesday games are to start at 5:30 P. M. and the Sunday games at 3:30 P. M. Fact that Sunday baseball is taboo in Sweetwater eliminated that town from being considered as a league member. Coloradans attending the meeting stated.

Season for the league is to open April 29th and run through September 3. The half will terminate July 1. A seven game series will be played between the first and second half winners.

All games played under the league schedule are to entail an admission fee of 15 cents, to adults and children alike. Any member team failing to show up for scheduled game will forfeit a ten dollar fee.

DEPUTY COLLECTOR HAD BUSY DAY IN COLORADO ON INCOME TAX FORMS

Cly Broadbuss of Abilene, deputy collector for the Federal Internal Revenue Department, Dallas district, spent a busy day in Colorado Tuesday, assisting Mitchell county citizens in compiling income tax reports. Mr. Broadbuss stated that a number of citizens called on him while here.

Broadbuss was in Big Spring Wednesday and from there went to Midland and Odessa for conferences in those respective communities with taxpayers.

The agent again suggested that all citizens subject to filing the reports should attend to this matter on or before March 15, after which date penalties will be in force.

Federated Clubs Given Report Covering Work And Needs Of Child Nursery Class

A most interesting paper covering in detail work and needs of the child nursery at high school was read before meeting of the Mitchell County Federation of Womens clubs here Tuesday afternoon by Mrs. Myrtle O. Ford, supervisor.

The nursery is being conducted as a CWA project and its benefits are extended exclusively to children from families registered on the county relief roster. Report of Mrs. Ford follows:

To instruct in proper preparing of balanced diets for whole family, with special attention to children. Menus are worked out and prepared in the Foods Lab. (These menus come within the means of CWA wages).

The meals thus prepared are served to the children in the nursery. Nursery school is a necessity in connection with Nutrition class.

Most of these women have a number of small children. Children eat this well prepared, balanced food once a day at least, by coming to the nursery, as well as fruit juices during the play hour. Members of both classes are called for and taken home in private, closed car.

Program of Nursery school: Children are due to arrive by 1:45 and come to Home room without the

mothers. Children remove own wraps and hang on own hook on coat rack. Children are examined and hand in home reports, that are kept by mothers every day.

1:45-2:00. Children march to rest rooms quietly and in order. (Have boxes to stand on).

2:00-3:00. Go through back door for hour play in yard when sun shines. Supervised groups and individuals. (Children taught to play with others). Fruit juice served at 2:30. Children collect toys and clean up.

3:00-3:15. In order to rest rooms, toilets, wash, in line to fountains. (Have boxes to stand on). To Home room.

3:15-3:30. Rhythm marching: Girls in line with children showing them how to follow music (fast or slow), alternated with story telling.

3:30-3:45. Rest (quiet), children are to lie on individual rugs.

3:50-4:15. Seated at tables for lunch.

We have 8 tables, made and donated by CWA men, but we need the chairs. Home Ec girls have made lunch clothes and napkins. Go to rest rooms, toilet, wash, drink. Clean up Home room. Get and put

on own wraps. Girls of Home Ec. classes assist in the work with the children; thus getting practical training in child care. County Health Nurse comes regularly to weigh and examine the children, and keeps a record. Mothers are advised concerning medical treatment for children, and proper diets are worked out for them.

Relief office pays our salaries. Government furnishes the foods, but no money was appropriated for furnishings, so we have had to ask the public for the things we absolutely need for the nursery. Of these some have been sent in: pans, buckets, spoons, toys, colored pictures for the walls, (some of which are used in giving simple talks on such things as washing the teeth, bathing, proper foods, etc.). We have some magazines for the children to cut, and a few pair of blunt scissors, but not enough.

Some things that we need are: old towels, rags and soap, rag rugs, cardboard, blocks, nails and hammers. Tables and sand boxes and coat racks were built by CWA. Now we need sand and old sieves and chairs. Although we have had 32 different children in the nursery, they are never all present at one time, so one dozen and a half chairs will supply our needs. We can get the finished chairs from the J. C. Penney Co. for 49c each. Mr. Billings will have to order them and if they are not already made we will have them made. We can have them finished like the tables as we have not had them painted yet.

Now, ladies of Colorado and Mitchell county we know you are interested in this work and feel with this outline before you, you understand a little better what our aim is. I know you want to have a part in this uplifting work, and am therefore asking you if you do not want to supply the nursery with 1 1/2 dozen small chairs; and I want to ask the Lions Club to have the paint work done for us.

Miss Jennings plans to utilize all this equipment in a State approved nursery with 10 or 12 select children next year. If we get this nursery furnished and its does not carry on next Fall, Miss Jennings will start hers so that the Home Ec. girls can go ahead with practical training in child care. She can buy the daily supplies out of the present allowed budget, but cannot buy equipment and she will have to show the State Department what she is doing before she can get any allowance. Miss Jennings is studying child care and child nursing now.

Here is her outline in brief:

- H.E. I. Child care and guidance: 1. Plan and carry out simple play with pre-school children. 2. Select proper play material for pre-school children. 3. Assist pre-school children in best caring for his play equipment. 4. Provide storage for play equipment. 5. Give necessary assistance to a pre-school child in dressing and to assist him in learning to dress himself. 6. Assist pre-school child in learning good eating habits. 7. Select and tell simple stories to pre-school children.

H.E. II. Home Nursing: Clothing Infant and Pre-school child:

- 1. Attractive and economical layette. 2. Attractive suitable clothing for children. 3. Care for infant and pre-school child's clothing. 4. Plan and select wardrobe, within family clothing budget, for pre-school child. H.E. III. Plan correct diets for infants and pre-school children. Assist child in forming good health and food habits. Plan daily schedule for child. Put into practice, guide natural impulses and emotions of children.

HONORING OUR TRADITIONS

In Mitchell county and in all other counties going to make up the great commonwealth of our Lone Star State, University of Texas people have adopted the pleasing custom which in recent years has become established tradition in the hearts of all patriotic sons and daughters claiming citizenship in Texas.

This custom centers around a movement sponsored several years ago by R. E. L. Sauer of Dallas, who was active in inaugurating that on March 2 "wherever two or more University of Texas exes are gathered they shall sit down together and break bread together" in honor of the day. There were some 75 of these exes assembled in Colorado Friday evening to commemorate that pivotal day in our history.

The reason is that the men who founded the Republic of Texas made it a part of their program that the Nation they founded should have a university of the first class. Both under the Republic and in the beginnings of the State, they provided against that future. Although Texas had to wait almost half a century before its University became a reality, its sons and daughters have never forgotten that they owe so much to the men who, in the midst of alarm and dire peril, thought enough of higher education to make provision for it.

We of Texas at large owe a large debt to them. In two more years a place this in quotation marks because it might have been one of the wisecracks of an old-time philosopher. If some wise guy didn't give it to the world as a maxim he should have done so. This writer is now profiting from what I learned in youth, when the State placed a three cent tax on each package of cigarettes, it made the coffin tack very high in price, but it never touched me as I learned to "roll 'em" in the halcyon days of my youth.

LOCAL T. C. U. EXES IN SPECULATIVE AIR AS TO SUCCESSOR OF SCHMIDT

Ex-students and other close friends of Texas Christian University Saturday were advancing speculation as to who would fall the mantle of Francis A. Schmidt, Frog mentor, who the day before was elected director of football at Ohio State University at Columbus for the next three years.

As he received word that the board of athletic control had unambiguously approved his appointment, Schmidt said, "we'll adapt our game to our material. If we have big husky boys, you bet your bottom dollar there'll be plenty of bone crushing football."

"But," continued Schmidt, "if we have an open field runner, we'll build our offense to shake him loose. And if they give me a passer, that guy will have a chance to use his throwing arm."

Schmidt's salary is expected to be near the seven thousand mark. Nothing was said about assistants and Schmidt declared he had not given this angle much thought.

Help build Colorado. Trade with your home merchants. Stop buying out of town.

prodigal to be true in name. No such thing. Prosperity returns in terms of lullies. It remains through the processes of diffusion. It is circulation not conglutination that keeps the people fed, clothed and housed. In the feudal era the masses dwelt in misery, the barons in castles. That meant poor circulation. When wages were substituted for serfdom prosperity began. And as more and more the people earned and spent, living standards rose. Texas is not out of the depression, but it has got to where it can see over the rim.

IN THE PAST

The moving, talking pictures of today are fine, and on the screens we see great actresses and actors, wearing finer clothes and aided by lovelier scenery than we used to see in the plain old opera houses, yet old-timers cannot help sighing for the good old days that are gone. If Bella Golden should come through playing "East Lynne" or Lizzie Evans should bring "Foggy Ferry" or "Ten Nights in a Bar Room," or "Uncle Tom's Cabin" to us again, or if the shapely girls with few clothes should render the big musical comedy "Babes in Toyland" we'd be occupying a seat on the head row long before dark, and we'd have lots of baldheaded company.

AN OPTIMIST

My idea of an optimist is a man who can look in the mirror every morning and not be discouraged all day.

It has been said that an optimist is a man who, when told the wolf is at the door, refuses to believe a word of it and therefore on opening the door unprepared is promptly gobbled up by the wolf.

Similarly a pessimist is defined as a man who on learning that the wolf is at the door, believes it is no use to struggle further so he opens the door and gives himself up to the wolf. An optimist however, learns with interest that a wolf is at the door. After studying the situation thoroughly, he lures the wolf into the house and emerges after a brief interval clad in a new wolf skin.

The record of business failures is filled with the names of business optimists and business pessimists, you find few opportunists there. Any business man who owns a business that is really entitled to success can succeed if he will study his field, his market, his merchandise and his customers, and then use a sensible amount of newspaper advertising and use it seriously. Newspaper advertising is a proven force if properly used.

HIGHER EDUCATION

Arthur M. Baker says in the Dallas News:

In The News of Feb. 16 there appears a statement concerning a questionnaire, relative to some facts contained in the history of Texas, which was submitted to the pupils of the Forest Avenue High School.

The answers to some of these questions are almost unbelievable, and certainly do not shed a very lustreous light upon our so-called higher education. The dullest pupils in the primary grades could not possibly have made a poorer showing.

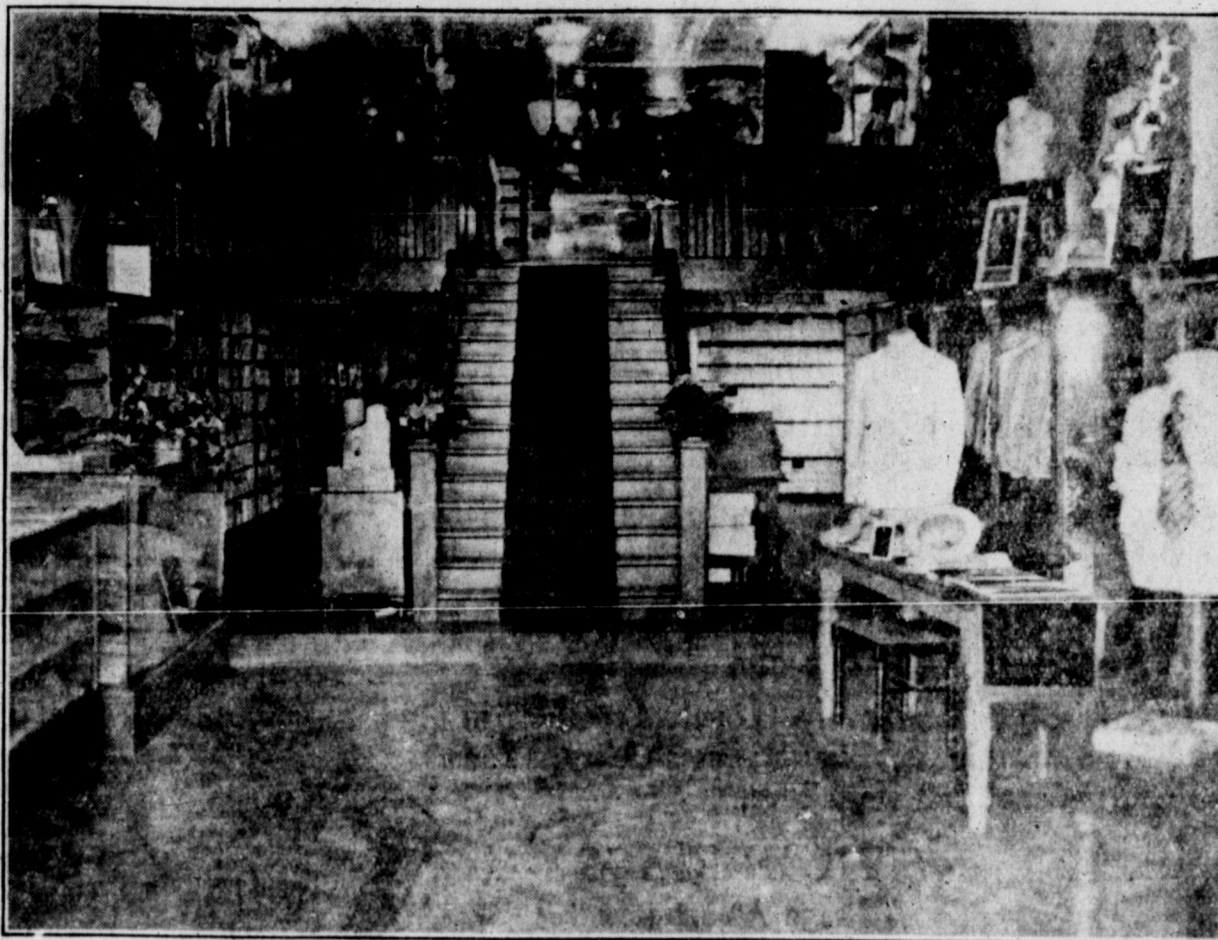

Think of it! Eighty pupils did not know the name of the Governor of Texas. A number thought that Washington, Lee and Grant were among the heroes who perished in the fall of the Alamo. Can you tie it? No doubt others thought that Davy Crockett was Mayor of Fort Worth, Sam Houston was King of England and that Santa Anna was the name of a new brand of chili. Also that the Alamo was the name of a contagious disease and that the Capitol at Austin was located "way down upon the Suwanee River."

PROBLEM FOR BIBLE STUDENTS

Charley met his friend, James, and told him he had been fishing. "How many did you catch?" asked James. Charley replied, "If to the number of books in the Old Testament you add the books of the New Testament, multiply that by the number of apostles that were present at the transfiguration of Christ, divide by the number of books written by Luke, subtract the number of times the Israelites marched around Jericho, multiply by the number of pieces of silver Judas received for betraying Christ, divide by the number of spies Moses sent into Canaan, add the number of letters in the name of the city in which a man climbed a tree to see Christ, divide by the number of apostles that were called "Sons of Thunder" and the answer will be the number of fish I caught."

The answer: 39 books in the Old Testament to which you add 27 books in the New Testament and you have 66. Multiply this by 3, the number of the apostles at the transfiguration and you have 198. Divide by the number of books written by Luke, 2 (Luke and Acts) and you have 99. Subtract the number of times the Israelites marched around Jericho, 7, and you have 92. Multiply by 30, the number of pieces of silver Judas received and you have 2760. Divide by 12 number of spies sent by Moses into Canaan and you have 230. Add the number of letters in the name Jericho which is seven whence came the tree climber and you have 237. Divide by 2, the number of Apostles called "Sons of Thunder"—James and John you have 118.5, the number of fish caught. Ed Jones who is authority on fishing says he don't believe he caught that many, at least he never did.

HEREFORD BRINGS \$400 PRICE AT ANGELO SHOW

Thirty-three Hereford bulls, consigned by 17 breeders, brought \$3,475 in the auction ring of the third annual San Angelo fat stock show Monday afternoon. Meanwhile judging of club calves, sheep and goats was completed and hundreds witnessed horse races and rodeo events at the fair grounds.

The average price paid in the Hereford auction was \$166. The top price of \$400 was paid to Ira Bird of Sanco by E. C. Beam of Sonora. Abe Mayer, San Angelo ranchman, bought five of the bulls offered and Virgil Powell of Sonora purchased three.

Competing with 130 baby heaves, the 950-pound entry of August Jordan of Mason won the grand and the senior championships, club division, of the fat stock show. The Mason youth recently received the Wilson gold medal for being the "State 4-H club boy champion."

HOW ONE MAN LOST 22 POUNDS

Mr. Herman Runkis of Detroit writes: "A few lines of thanks from a rheumatism sufferer—My first bottle of Kruschen Salts took all of the aches and swellings out of my joints—with my first bottle, I went on a diet and lost 22 pounds and now feel like a new man."

To lose fat safely and quickly take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast every morning—an 85c bottle lasts 4 weeks—Get it at Crosthwaite Drug Co., Inc., or any drug store in America.

If not joyfully satisfied after the first bottle—money back. 4-A-3

WOMEN, GIRLS' CLUB NEWS

By MISS EMMA GUNTER, Home Demonstration Agent

The County Home Demonstration Council meets in regular session, March 10th at 2:30 P. M. with the Iatan home demonstration club as hostess. An educational program will be given. Club reports and scholarship fund money will be given by each club delegate.

The Hyman home demonstration club met Friday, Feb. 3rd at 2:30 P. M. at the home of Mrs. W. G. Mc-

Alpine, with 8 present. The program was on bedroom improvement and hooked rugs were the main topic of discussion. Miss Gunter had two hooked rugs and a mat to show. Our club is progressing nicely on their bedspreads, quilts and rugs. The next meeting will be March 17th and a program on the bedroom will be given stressing the dresser, windows and bedmaking.

The Lone Star 4-H girls club has the highest score, 13 completing their school slips, while the Hyman club ranks second with the Lorraine club ranking first in percent of members completing the slip since they have fewer in number than the other clubs. 60 cotton slips have been made and scored up to date. These slips were made with the idea of getting the lesson on cutting, fitting and constructing. They range in price from 15 to 60 cents.

The Hyman girls club met at the school house Friday, March 2nd, with 13 members present and 11 of them having finished their first sewing problem, the school slip. Florice Andrews and Esther Schuster were the two girls that had the best scoring slips and their will compete with those from other clubs. A lesson on the bedroom chair repairing and refinishing was given by Miss Gunter. Other chairs that are to be refinished are to be brought to the school house for the next meeting March 16th.

Don't forget, garden demonstrators to include when buying your seeds varieties of the following as specified for the girls and women who have enrolled as demonstrators and those that are cooperators also:
Beets—Detroit Dark Red for pickling purposes.
Sweet Pepper—Ruby King.
Cucumber—Davis Perfect; Chicago Pickling.
Onions—Spanish Valencia, Prize-taker and Australian Brown (are best types for storing on the farm).
Pumpkins—Kentucky Pie or King of the Mammoth.
Squash—Yellow Crookneck and Patty Anne are good for Summer. Hubbard and Queen of the Table are good for Winter.

China Grove News

Rev. Forest Huffman filled his regular appointment here Sunday. He was accompanied by his wife and children. They were guests in the W. C. Woods home.

The church gave Bro. Huffman a pounding Sunday night which he seemed to appreciate very much.

Rev. and Mrs. Arlie Watson joined the church here Sunday night. We were very glad to have them. Rev. Watson is a former pastor of the church here and we are sure he will be a great help in the church.
Our hearts were made sad Sunday morning when the news came that J. A. Seals had passed away. He was better known as Grandpa Seals. Although Grandpa had been sick almost a month his death came unexpectedly. He passed away at 1:30 Sunday morning. The funeral services were held at the Methodist church at Dunn at 4 o'clock Sunday evening. Rev. Cal Wright officiated

Midland Lions Will Stage Special Fete At District Parley

MIDLAND.—The Midland Lions club has been invited to present a "model luncheon" at Colorado in April when the district convention of Lions International meets there. A letter from Frank Stubbeman, president of the Midland club, has been sent in acceptance.

Midland directed such a program last year at the Amarillo district meeting, and its success did much to advance the candidacy of Marion F. Peters for governor of the district. Peters again a candidate for the executive position, is getting great support from clubs in the immediate territory and is expected to be elected, his campaign manager, James S. Noland, has learned.

The model luncheon plan will include furnishing of program, and Lions officials are at work on that feature.

PARKS DENIED CREDITS ON TIME SPENT IN JAIL

SWEETWATER.—Upon receipt of a letter from W. M. Thompson, chief of the bureau of records and investigation at the State penitentiary, the jail term credit on the 25 year sentence of L. M. Parks is denied.

As requested by Parks, who is serving the sentence on a murder charge, a record of eight months and eight days, time spent in the Nolan county jail, while awaiting appeal, was sent to Huntsville, to be accredited to his sentence.

JUVENILE MUSIC CLUB

Sidney Meek was hostess to the Juvenile Music Club March 3rd, in the home of Mrs. Martin. The program was on patriotic airs of the U. S. A.

The entire club sang these songs and a round table discussion of them was had. Sandwiches, cookies and lemonade was served.

Next meeting in March will be with Ouita Richards as hostess.

METHODIST CHURCH NOTES

Sunday school opened by colored people of the town Sunday with an interesting program. There were 243 present and several visitors.

Morning service 11th chapter Mat. thew 28-30 verses. Evening service: "Crime, It's Cause and Cure."

League will be attended. Prayer service and choir practice Wednesday evening at 7:30.

BAPTIST WOMAN'S MISSIONARY UNION

On Monday afternoon at 3 o'clock in the home of Mrs. N. J. Richburg, the Baptist ladies met for their monthly program. Mrs. Jack Martin and Mrs. B. F. Trout were joint hostesses. Mrs. Reeder, the president could not be present as Mrs. Tom Ray presided.

The program was very interesting and enjoyed by everyone. Following the program business was attended. Veal loaf on lettuce with crackers and pickles, punch and cake was served.

ATTENDED CHURCH

Mr. and Mrs. E. P. Kuck attended the Lutheran church program at Big Spring Sunday, also the funeral of an old-time friend G. Pachell, of near Big Spring, held there Sunday afternoon.

BAPTIST CHURCH

One hundred and ninety five were present in Sunday school Sunday morning. The four leading classes were Mrs. Norman's, Judge Hall's, Mrs. Johnson's and Mrs. Shultz's. The Baptist Sunday school is going forward in a great way under the leadership of Supt. Clyde Bennett. Our church finances are staying at the top and are being efficiently handled by the chairman of board of deacons.

Rev. A. C. Hardin read the 6th chapter of Micah Sunday morning, preaching from the subject "God's Controversy With Man." Sunday night he brought a soul stirring message to the last on the subject: "Acquaintance With God." Good crowds were present for both services.

All the unions and B. Y. P. U.'s were almost 100 percent present Sunday evening except the Seniors. They were about 50 percent present. The Seniors present rendered a very reverent program.

The Junior B. Y. P. U. was the banner union Sunday evening. During the leaders time in this union the Juniors quoted 45 scriptures. The Adult union was second.

Come at 6:45 and let's make friends during the opening assembly. Religious leaders teach us that

those who come only for preaching "bring little and take little away" so why not join the B. T. S?

If you are not in Sunday school or church we invite you to worship with us.

INTERMEDIATE B.Y.P.U. SOCIAL

Mrs. R. B. Ferguson and Mrs. T. B. Ray, leader and sponsor of the Intermediate B. Y. P. U., entertained them at Mrs. Ray's home last Friday evening. Partners were chosen with a matching shoe from each one.

The boys then made a costume for their girl of newspaper without scissors. The most up to date one was made by Charles Reeder for Dell Johnson. The booty prizes was won by Otis Hock and Jack Hubbard, fitting a wedding gown with train and wide shoulder straps and a hat that resembled a split bonnet on Ray Preston.

A newspaper was then edited by 3 different groups. The society page was the funniest in the paper. It gave an account of three imaginary parties given by the pastor and leading church members in which fighting, bridge, playing, dancing were reported. Refreshments for these absurd parties were everything from red beans and onions to 3.2. We're glad this was not the real truth, but this page brought many laughs.

Refreshments of hot chocolate, cookies and Baby Ruth's were auctioned off to Ruth Ann Hall, Mary Lynn Durham, Charles Reeder, Dell Johnson, Tom Ray, Winifred Simmons, William Simmons, Olin Hock, Otis Hock, Jack Hubbard, Roy Baird, Jr., Ruby Hendrick, Ray Preston, Wilmon Tertt, Alena Dell Martin and Jimmie D. Ray. Others present were Mrs. John Johnson, Mrs. J. A. Martin, and Mrs. T. B. Ray. Come again, intermediates!

REGION 2 PENNANT COPPED BY BROWNWOOD IN FINALS WITH COLORADO HOOPERS

Stagner Plays Great Game At Abilene Saturday; Score 28 To 26

ABILENE, March 4.—Brownwood high school's odd combination of two giants and three midgets will represent region 2 in the state high school basketball tournament at Austin this week. By the most uncomfortable margin of two points they pulled through to the title last night against Elvie Stagner, the most polished high school player who has performed on an Abilene court in the last blue moon, and his Colorado team mates.

The score was a tie, 26-26, as the watch swung into the last minute, and the odds were with Colorado to take the game, for the Lions had just lost one of their two main guns Johnny Angell, who was banished on personals three minutes before the finish. Captain Mark Scott, the Brownwood center who stands 6 feet 4 inches, was fouled by McCright of Colorado, however, and given two free pitches with fifty seconds of the game left. Mark sank them both, the count stood 28 to 26, and there was no more scoring.

It was nearly as close all the way through. Never was one side able to go ahead by more than four points; the lead changed hands frequently, and several times the score was a tie. Brownwood led by 10 to 7 at the end of the first quarter, but a spree by the Wolves pulled them to the front, 14 to 13 with the close of the half. At the end of three quarters it was Brownwood 25, Colorado 22.

Scott was getting the tip with great regularity for the Lions, and a second guess on the situation is that it would have been a good policy to have tried freezing the ball. That wasn't the Lions' idea, however. They kept trying to tally at long range, and invariably Colorado grabbed the ball off the backboard and started a rush for the opposite end of the court. Two such charges—not results, for field goals by Red Church and Stagner, and the score was tied, but Scott unknotted it in a manner already related.

The scoring was led by Elvie Stagner. Tabbing eight field goals against stubborn guarding, playing the floor nicely, and coming through without a personal foul, he let the audience know that all he lacks of being a college player is being in college.

Scott pursued him for high point honors by dropping in four field goals and five free pitches out of six tries. Charity pitches, incidentally, told the story of the game, for Brownwood made eight of them and ten field goals, while the Wolves, who rang up eleven counters from scrimmage, connected only a half dozen times from the foul stripe.

The Brownwood cause received invaluable aid from Evans, a guard who may be average sized, but who looked like a dwarf along side Scott and Angell and most of the Colorado men. Three times Evans backed off into the right corner of the court and boomed single handers through the meshes. On the other hand, Evans was the boy who was missing the same sort of shots toward the close, and giving the ball and golden opportunity to the Mitchell countians.

Trophies were presented at the end of the game, by A. B. Morris, regional director of athletics. He introduced Coach Mac Miller and Captain Scott of Brownwood and gave them a large silver basketball. The ball with which the tournament was played was then given to Elvie Stagner, the Colorado leader.

Colorado and Brownwood reached the region final with victories Friday night. The Wolves eliminated San Angelo, 31 to 25, and Brownwood put out Cottonwood, 30 to 21.

Devote Rented Acres To The Production Of 'Live-At-Home' Foods, Baskin's Plea

Ben J. Baskin, county farm agent, contributes a timely article this week along the thought of "living at home," offering suggestion that acres rented the government be utilized to produce food supply for the farm family. A detailed list of provisions required for the year is given. The article follows:

The Agricultural Adjustment Administration is not only trying to assist the cotton farmer by adjusting acreage, control the supply and thereby lower the carryover of American cotton, and in addition pay rentals on land taken out of cotton production, but the A. A. A. is also insisting that we make ourselves self-supporting by producing such feeds and foods as we may raise and store in cans, jars, barns, grain bins and feedstacks. It is not possible to do this each and every year in this part of the country, but we can do so in most of the years. In such years we can create a surplus of such foods and feeds and store away some for the lean years.

The needs for a family of five in the twelve months of a crop year exceed the conception of most people, and if they were familiar with such needs they could carefully plan their garden and orchard so that they would produce sufficient food for the family. With this in mind below is listed the minimum needs for such a family:

- Vegetables—2,184 pounds.
 - A. Leafy or green-colored; 680 pounds fresh and 120 pounds canned.
 - B. Starchy; 628 pounds fresh, and 100 pounds canned.
 - C. Others; 648 pounds fresh and 80 pounds canned.
- Fruit—1,456 pounds.
 - A. 906 pounds fresh.
 - B. 250 pounds canned tomatoes and tomato juice.
 - C. 300 pounds canned fruits and fruit juices.

Proteins—728 pounds of lean meat.

- A. 500 pounds beef—fresh, cured and canned.
- B. 400 pounds pork, fresh, cured and canned.
- C. 100 pounds chicken—fresh and canned.
- D. 52 pounds cheese.
- E. 156 dozen eggs.
- F. 104 pounds dried peas and beans.

- Grain—780 pounds.
 - A. 312 pounds flour.
 - B. 312 pounds corn meal.
 - C. 52 pounds cereal.
 - D. 26 pints of hominy.
 - E. 52 pounds grits.
- Sweets—310 pounds.
 - A. 52 pints of jellies, jams and preserves.
 - B. 52 pounds of honey and syrups.
- Fats—234 pounds.
 - A. 130 pounds butter.
 - B. 52 pounds lard.
 - C. 52 pounds salt pork and bacon.
- Milk—937 gallons.
 - A. 365 gallons for drinking and cooking.
 - B. 520 gallons for churning.
 - C. 52 gallons for cheese making.

- Miscellaneous—
 - A. 30 quarts of pickles.
 - B. 20 pints of relish.
 - C. 5 pints of soups.
 - D. 5 pints of gumbo.
 - E. 8 pints of mince meat.
 - F. 10 pints of sandwich spread.
 - G. 5 pints of sauces for meats.
 - H. 10 pounds pop corn.
- All of these foods cannot be produced each and every year, but in most years they can be produced or manufactured on the farm from products raised on the farm. It is essential that we produce most of our living at home, and decrease the amount of foods that we have to purchase.

PUBLISHERS FIND UNUSUAL TEXAS FACTS HAD ORIGIN IN VICINITY OF COLORADO

'Tex-Oddities' Being Issued From San Antonio Press To Advertise City

Colorado will be represented in TexOddities, a book of odd and unusual Texas facts presented in picture form, through a contribution suggested by J. W. Earnest, according to announcement by the Southern Literary Institute, of San Antonio, publishers of the book.

The book, soon to make its appearance, will comprise the cream of the features by Stieck, Stahala, "the Texas Ripley," which have long been popular with newspaper readers in all parts of the State. Only the very best of hundreds of drawings and features have been selected for use in the book.

Interest in Texas facts, as depicted in this book, is little short of astonishing, according to the publishers, who report that advance orders have already been received from all parts of the United States and from several foreign countries, including one order from far-away China. As a token of appreciation for this unexpected advance interest, the publishers have arranged with Mr. Stahala to personally autograph all books ordered previous to actual publication.

Take the rented acres, or a part of them, and use these acres to produce our living at home. If you are afraid of the yield of the acre, increase the acreage. If you know that 1934 will make a good yield per acre of vegetables, etc., you can use a small acreage. If you are afraid it might be too dry then increase the acreage planned to furnish this living at home.

How This Bank SAFEGUARDS Your Deposits

Since January first this bank has been a member of the Federal Deposit Insurance Corporation. This means that we have been—and are now—actively participating in the temporary plan for the guaranty of bank deposits as authorized by Congress in the Banking Act of 1933.

It means specifically that any and all deposits in this bank up to \$2500 are guaranteed in full against loss.

We support and support heartily this plan as a part of the Emergency Program for National Recovery. It has already restored public confidence in banking institutions.

But as a permanent restorative of that public confidence nothing can ever take the place of Sound Banking Management directed to the Benefit of Depositor, Customer and Stockholder alike.

Sound Management enable this bank to weather the severe four year national crisis. And it is because of Sound Management that this bank will continue to safeguard its Depositors in 1934.

FRESHMAN NEWS
 The "A" English class is studying "Poems of Tennyson," which is edited by Alice Cecilia Cooper.
 The "B" class has finished the story of "The Lady of the Lake" by Sir Walter Scott and are now studying short stories.
 The "C" class is studying "The Lady of the Lake."
 The "A" and "B" classes in History are studying "Ivanhoe" by Sir Walter Scott.
 The "C" class is studying about "The Quarrels of the Church during the Middle Ages."
 The Algebra classes are studying Special Products and Factoring.

HOME EC. 1 A NEWS
 This last week we studied on "The Fine Points in Menu Making." We learned that variety is always needed in every meal. We also studied a bulletin—including six lessons that were about fruit. This was about citrus fruits—their flavor and food value.
 Wednesday and Thursday we reviewed for our six weeks exam and Friday we took the test. Monday we were handed back our papers to be corrected.

HOME EC. 1 B
 The first year clothing class studied the different methods of finishing the neck of their slips and for practice each girl finished miniature necks, three different ways—hemming the neck, bias facing on shawl neck, and lace around top of the slip. Straps were sewed on each correctly.
 In the selection of undergarments one should consider the color and texture of material—material should be durable, absorb perspiration and launder easily, the garment should be made loose enough for comfort.

HOME EC. GIRLS MODEL DRESSES
 About 400 people witnessed the style show presented by the girls of the second and third year home economics classes. The second year girls modeled their home projects and tailored garments and the third year girls modeled their home projects and special occasion dresses.

H. E. GIRLS AND AG. BOYS GIVE PLAY
 The Home Economics girls and Agriculture boys gave a play Friday afternoon. The play was a great success. The style show was given between acts. The proceeds were \$35. This money is to be used for funds to go to the State meets in the Spring.

SECOND YEAR HOME ECONOMICS NEWS.
 The second year Home Economics girls have spent their week in making collars, bound and worked buttonholes, sewing on hoods and eyes, snaps, loops, hems, patching, darning and plackets.
 One of the most interesting things the girls made were the hems. They made four different kinds. The French, plain, damask, and the rolled. The French hems are used on slips and handkerchiefs, the damask on table linens, the plain on dresses, and the rolled on children's clothing and handkerchiefs.

Members of the second and third year class modeled their class and home project between acts of the play they gave last Friday.

THIRD YEAR H. E. NEWS
 The Third Year Home Ec. class has completed their "Special Occasion Dresses." They have learned many new things in making these garments. Some of the things they have learned are: how to line coats, press woollens and silks, clean woollens and silks how to make berets, gloves, bound button holes and they reviewed many things which they had last year.

Maurine Merris made a unique blouse. It was made from a square of red taffeta with a large bow at the neck. For her class project she made a red crepe dress trimmed with white organdie and red buttons. Maurine Whitaker made for her class project a tan crepe dress trimmed with green pleated cape of the same material. For her home project she made a beret and gloves of tan flannel trimmed with green crepe. The dress with corresponding accessories made a very becoming ensemble.

Juanita Reese made a swaggar suit of white flannel, the coat lined with red and white plaid silk, plaid blouse, white flannel skirt, and white flannel beret.
 All of our music of today isn't child like, for some of it is quite sentimental and romantic. As the fashions of the day are changing

and are looking more like those of the gray nineties, so is the music changing. It is getting more dreary and romantic. Waltzes are now becoming as popular as jazz.
 Two of the more popular songs of this type are:
Let's Fall in Love
 Let's Fall in Love!
 Why shouldn't we fall in love?
 Our hearts were made of it.
 Let's take a chance, why be afraid of it?
 Let's close our eyes,
 And make our own Paradise,
 Little we know of it,
 Still we can try to make a go of it.
 We might have been meant for each other,
 To be or not to be, let our hearts discover.
 Let's Fall in Love!
 Why shouldn't we fall in love?
 Now is the time for it, while we are young,
 Let's Fall in Love!

Beautiful Girl
 Beautiful girl, you're a lovely creature,
 Beautiful girl, you're a gorgeous creature,
 For all the time, under the big blue sky,
 My heart cries, beautiful girl,
 Dazzling eyes, beautiful girl,
 If I had you,
 You'd be my dream come true,
 There may be blondes and brunettes,
 That are hard to resist,
 You surpass them like a queen,
 You've got those lips, that were meant to be kissed,
 And you're over sweet sixteen,
 Beautiful girl, you're a gorgeous creature,
 Beautiful girl, let me call the preacher,
 What can I do,
 I give my heart to you, beautiful girl.

AGRICULTURE NEWS
 The annual Agricultural banquet was so very successful last Thursday night that several wish to have another one soon. However, Mr. Williams intends on having several banquets in order to make more expense money.
 This week-end several of the agricultural students are going to the Ft. Worth Stock Show and Southwestern Exposition. They are anticipating a wonderful time.
 The two vocational classes had a picture made and it will probably be shown in the Ft. Worth Star-Telegram on Wednesday.

MILDRED BRANDON WINNER
 Mildred Brandon won a cash prize of \$2.50 offered by the Fidae department of the American Legion Auxiliary for an essay entitled, "Peace With Security." There were three contestants from the school here, and Mildred's paper, winning here, is next to be presented at the State contest, the winner of which will be entered in a national contest.

PEACE WITH SECURITY
 The United States citizens are a peace loving people, but while we hope and pray for peace, we know we must ever be ready to defend that peace, should it be challenged. We were taught by the World War that a nation's preparedness is necessary, not only for the preservation of its man power, but for the confidence that it gives its people. We are shown by the proven futility of the several treaties and covenants entered into since the World War that disarmament will not soon be effected, and that our only reliable protection lies in our own army and navy. To build up our army and navy means that we will be the powerful people that we have been in the past and that our own high and unselfish purposes will be heard more readily and held in a higher estimate by European nations. It means, also, that we will be able to defend our ideal America against the implied prophecy of Louis Johnson: "Wars today cannot be confined to one locality, they are like burning oil, and, if another great conflict should burst forth, who knows but that America might have to become involved to save its honor and security as in 1917?"

Our present weakened condition does not serve the cause of peace. Balanced armament has fortified peace through all history and a weakened nation has invited aggressive nations to interfere with its national affairs. An attempt to nullify the National Defense Act was made in 1932 and again in 1933 in the name of economy. Such an attempt was false economy and, had it succeeded, America would have been helpless to defend herself. In order to protect the interest of her people and her wealth, as wealth is determined by its security, America must have an adequate army and navy.

Our national defense is based on a citizen-army and in time of peace that army's duty is to prepare for defense against any possible foreign attack. However, the army is not an unnecessary expense because it plays a major part in social and economic affairs. It is always one

of the first relief agencies put to work when a part of the country has been devastated by earthquake, fire, flood or hurricane; and it has always been able to suppress disorderly activities in defiance of government by large groups of individuals. The army is also called upon to administer many civic projects because it has already in existence the organization, personnel, and equipment which enables it to do the work more promptly, efficiently, and economically than another agency. Briefly stated the army may be maintained for national defense, and, at the same time, justify any investment the citizens might have made in it by serving them socially and economically.

The navy has a mission to perform for the country in support of national defense. "It is the duty of the navy to support the national policies and commerce, to guard the continental and overseas possessions of the United States, and to protect American lives and property." The navy demands from foreign countries respect for our forces which we are able to use to defend right and justice in respect to our foreign trade, and, at the same time, it assures our nation of a reliable defense against foreign invasion, or a reliable offense, should our United States be the aggressor. The United States is dependent on foreign and coastwise trade for her financial existence, as well as her manufacturing existence, and the ships carrying on this trade across the oceans and through the Panama Canal must be protected. The United States navy, by protecting this trade, insures the protection of the inland farmer and industrial worker. Hence, it is easily seen that the navy is of vital importance to the defensive and economic needs of the nation.

In building up national defense and security we must consider our aviation ranks. If the United States should be attacked, aviation would be a very effective means of obtaining information from the enemy, and of guarding against attacks on our great power plants about which is centered the control of our industry. This phase of national defense is not an unnecessary expense because it performs duties, the most outstanding of which is mail-carrying, that would otherwise have to be performed by independent agencies paid by the government.

So let us keep before us that quotation from Luke: "A strong man, well armed, keepeth his palace in peace," and resolve that, not withstanding this era of business depression and the great restriction in the income of our government, we express willingness and desire to reduce the expenses of our government and to lower taxes, that we will at least stand guard against burning up our own governmental insurance policy, leaving us exposed to all the ills of the world in this era of unrest and disturbances."

BASKETBALL SEASON ENDS
 All hopes of the Wolves seeing action at the State meet were crushed Saturday as they were trampled under the strong paws of the Brownwood Lions. The Wolves had made a great showing the previous night by defeating the San Angelo Bobcats 31-25 and were booked to win the tourney but fate would not have it so.
 Although the Brownwood team was on the top side of the score at the finish the battle was bitterly fought. No time during the game could the winner be picked until the final whistle.
 Stagner led the attack for the Wolves with a personal count of 16 points and well exhibited his skill at the game. He is said to be the best high school basketball player on the Abilene court in many years.
 This game was the last for most of the Wolves including all of the first five, Stagner, Cox, Church, Rodgers, Lowry, McCright, Taylor and Kirby will be lost by graduation.

LA TERTULIA
 By Polly Bellomy
 La Tertulia met Monday, March 5, at the usual class period. Test papers were corrected and handed in, and no reports were given. Topics for discussion were given out for the coming club meeting.
 Miss Smith, our Spanish teacher, was absent several days last week, due to illness. We are very glad to have her back with us.
 Mother Superior, from the Catholic convent here in Colorado taught us one day while Miss Smith was absent. She came from Switzerland, and had been in America only a year. The class enjoyed being under her supervision very much.
 Miss Blanche Macky and Polly Bellomy, members of La Tertulia, will attend the Pan-American Students Forum convention at the Jefferson Hotel in Dallas, March 9th and 10th. They will give a report of their trip March 12th at La Tertulia.

MR. HOLMAN MAKES 100
 The other day 6A took a test. When Mr. Holman had graded the papers and started to give them back he found one paper that did not have a name on it. He said that the paper looked like a boy's handwriting. He tried to find the owner, when he remembered that it was his paper, he announced that he had made a hundred on the test the day it was taken.

JR. HIGH SEES "RED HEADED STEP-CHILD"
 The play, "Red Headed Step-Child" was enjoyed by many of the Jr. high pupils. The pupils were dismissed early to go to the play.

JOKE
 John Colson: "Would a kiss be out of place?"
 Shirley Kiker: "Not necessarily, if your eyesight is good."
 Joe Lee: "Have you such a thing as a little pink tablet?"
 Dale (druggist): "Certainly; tell me something about your trouble."
 Joe Lee: "I want to write a letter to my uncle."

Mr. Holman went to talk to Miss Swope about some school work. Miss Swope had steak for supper.
 Mr. Holman: "Miss Swope this meat certainly tastes funny."
 Miss Swope: "Yes, I burned it but I put argentine on it right away."

The other day in English class while 6A was reviewing Comparison Adjectives, Miss Greene asked Ted Hale to give the comparison of the adjective large. Ted answered, "Beautiful."
 Dick Jones was asked to recite to the arithmetic class the well-known

whisper that you were a harp of many strings?
 Sissy Majors: "I should wonder dear, if you thought I was a lyre."
 Joe Cox bought a parrot and tried to teach him to talk. Going over to the bird, he repeated for several minutes the words "Hello, hello."
 At the end of the lesson the parrot opened one eye and answered anxiously: "Line's busy."

"When I started in life young man," said the wealthy contractor, "I worked twelve hours a day."
 "Yes," replied Stagner, "but in these rapid times anyone who took twelve hours to do a days work would get fired."
 Preacher: "Before I close allow me to repeat the immortal words of Webster."
 Skinny Lupton: "For heaven's sake, George, let's get out of here. He's going to start in on the dictionary."
 Wasn't it the polite cannibal king who remarked to the recently captured missionary, "We should like very much to have you for dinner tomorrow."

DISTRESS AFTER MEALS
 Relieved By Black-Draught
 "I had sour stomach and gas," writes Mr. Jess Higgins of Dawsonville, Ga., "and often I would have bilious spells. I read about Theodor's Black-Draught and began to take it. It relieved me of this trouble. I keep it all the time now. I consider it a fine medicine. I take a pinch of Black-Draught after meals when I need it. It helps to prevent sick headache and to keep the system in good order."

Ants and Hills
 Up the hillside from the creek
 Are a million little holes I visit each week,
 On the top so neat and round
 But like a corkscrew under the ground,
 With so many halls and tunnels
 And many a store room filled with bundles.
 In my pocket I carry something sweet,
 And watch those who race and try to beat,
 To get the sugar to the mound
 Then carry it to a store room under ground
 Then when around comes winter
 Every one will have sweets for dinner.

ADDITION TO THE LIBRARY
 Mrs. Stewart Cooper has presented to the library four books. We are very glad to have received them. The books are as follows:
 Elliott's "Sila Marner," Scott's "Ivanhoe," "Speech on Conciliation With America" by Denney, and "Idylls of the King" by Tennyson.

JUNIOR HIGH CHORAL CLUB
 The Jr. High Choral club sang at the Methodist church last Sunday night. We all enjoyed being there.

BASEBALL TEAM
 Jr. high school has organized two baseball teams, one for the girls and one for the boys. They hope that they will be able to win every game that they play.

BOY'S BASKETBALL
 The Jr. boys entered the basketball tournament at the high school last Saturday. They only lacked one point of winning the tournament. We are very proud of our team.

"STUFFED OWLS"
 A play was presented in the Colorado Junior High school auditorium Wednesday morning at 11:00 o'clock. An admission of two cents was charged for each person. The amount received from the play was six dollars and eighty cents. This money is to be used to buy new books for the library.
 There were several mothers present. We were very happy indeed to have them and invite them to come back.

MRS. L. W. SANDUSKY IS CANDIDATE FOR ELECTION TO OFFICE OF TREASURER

Well Known Colorado Woman Seeks Place Because She Needs Employment
 Mrs. L. W. Sandusky, well known Colorado woman and the wife of L. W. Sandusky, prominent member of the bar for several years, Tuesday morning announced her candidacy for election to the office of county treasurer, subject to action of the Democratic primary election in July.
 In authorizing formal announcement of her candidacy Mrs. Sandusky outlined that she was seeking the office because she needs it. During the past few years Mr. Sandusky has been unable to attend to his duties as an attorney due to effects of a stroke of paralysis.
 "I am placing my candidacy before the voters of Mitchell county solely on my individual merits and qualifications for a commendable administration of the office of county treasurer," Mrs. Sandusky said. "I know that I am qualified in every respect, and feel that during the 26 years I have lived in this county I have so conducted my life as to hold the respect of every citizen."
 The candidate is a life-long Democrat. She is a daughter of the late Col. C. W. Geers, for forty years publisher of the Denton Monitor and known during his lifetime as among the leaders in Texas political affairs.
 Friends of the candidate both in Colorado and other communities of the county have pledged active support to Mrs. Sandusky in the campaign to follow. She did not consent for her name to be offered as an aspirant for county treasurer until solicited by quite a number of voters.
 "It is my purpose to inaugurate campaign to take me into every voting precinct of the county and I sincerely trust that I shall be privileged to meet each individual voter in person before the primary election in July," she stated. In event I fail to personally solicit consideration of any one it most certainly will be an oversight on my part. I promise if elected to devote my best attention to the duties involved and give to every citizen of the county alike that kind of service the public has the right to expect of its public officials."

LUBBOCK MAN DIES WHEN CAR OVERTURNS ON ROAD AT RAILROAD UNDERPASS

J. W. Marshall, Attorney Is Crash Victim; Two Others Are Hurt
 SWEETWATER.—J. W. Marshall, a Lubbock attorney, was killed and J. E. Vickers and F. C. Watkins, also of Lubbock, were seriously injured when a light car in which they were driving, plunged over an embankment on Highway 1 west of here early Thursday morning.
 Marshall was dead when a tourist discovered the wreck at 12:45 A. M. and Watkins was unconscious. Calls from Vickers, who had dragged himself up the embankment, attracted help.
 The injured men are in a hospital here. Vickers, also an attorney, suffering from a dislocated shoulder, sprained ankle, general cuts and bruises and loss of several teeth, and Watkins from a slight concussion, severe scalp wounds and cuts and bruises.
 Marshall's head and chest was crushed. Apparently he had died instantly. The men were enroute from Austin to their homes. Marshall shall making the night drive in order to celebrate his 50th birthday with his family.
 Drizzling rain at midnight was blamed for the accident. With visibility impaired, Marshall, driving a 1931 Ford sedan, was driving on Highway 1, a mile west of Sweetwater, and the machine plunged down a five-foot embankment at the right. The car, a V-8 Ford sedan owned by Marshall, was demolished. Vickers, who had been at the wheel between Brad and Sweetwater, was relieved at the latter place by Marshall.
 Marshall, as attorney for Watkins, had appeared with him before the State Industrial accident board through which he was seeking compensation for injuries received in a gin accident last summer. Vickers, in Austin on business, had accepted a ride home with his fellow townsman.
 Marshall had engaged in the practice of law at Lubbock since 1922. He was survived by his wife and three children. The body was sent by train to Lubbock this morning.

JIM DORN CONTINUES IN SERIOUS STATE, REPORT
 Jim Dorn continues seriously ill, according to statement here Monday morning by members of the family. Last week Mrs. Dorn was returned home from San Antonio where he was under observation by specialists. Marvin Dorn stated that the stricken man might be taken to a Dallas hospital sometime during the present week.

IN MEMORY OF CHARLES WILLIAM CRAWFORD
 One of our number has gone
 To be at Rest with Jesus,
 He is now playing at Home
 On our Savior's breast.
 There is a perfect nursery there,
 He is happy in Heaven,
 Though he leaves hearts here bare,
 He is in sweet Rest.
 We know his angel looks down,
 From that Home of pure white souls,
 Where ne'er a pain brings frown—
 To be there is best.
 Beloved ones left here miss thee,
 Nursery mother and children too,
 We hope to see that nursery
 Where all is pure bliss.
