INDIAN BOY, 4, ENTERTAINS PARISHIONERS BY SINGING IN 3 DIFFERENT TONGUES

Child Rescued From Savage Death Edict In Peru, Is Heard Here Sunday

"Among the truly inspirational services given at this church," was characterization by the pastor, Rev. C. C. Wright, as he referred to personal appearance of Billie Domingo, 4-year-old Peruvian-Indian boy, at the church Sunday morning.

The child was presented in a song program by the Rev. A. F. Reifayder, American missionary to Peru. The Missionary brought the child back to the United States after succeeding in rescuing him when three days old of the fate of being buried alive with its dead mother. The boy sings in three languages—English, Spanish and his native Peruvian Indian.

Rev. Mr. Reifayder and wife were sent as missionaries to one of the largest and most savage Indian tribes along eastern slopes of the Andes and headwaters of the Amazon river. They were appalled one day to be informed that a small baby boy would be buried alive with tribal religious ceremony in same grave with its dead mother. Such was the custom there, the missionary was informed.

Going into a clearing in the jungle where the tribal burial ground was located, the white man watched burial of the woman. As they came to place in the rites where the child was to be tossed into the crudely dug pit and covered with earth, the Missionary entered plea for life of the baby. The tribal chieftain consented and the orphan infant was taken to the mission home.

Reifayder and Billie went from here to Sweetwater where they appeared Sunday evening. They are enroute to Birmingham, Alabama, from where Mr. and Mrs. Reifayder and Billie plan leaving May 13 to return to their work in Peru. The rescued boy, unusually intelligent and possessing musical ability that impressed those who heard him here Sunday morning, has already outlined plans for doing missionary work among his own people.

Mexican Children Present Picturesque Scene While Riding To School On Coupe

Ignacia, Felipe, Modesta, Esperanza—

These and a dozen other little Mexican boys and girls from across the railroad tracks climb upon a Ford coupe that waits for them in the neighborhood of the postoffice each morning and ride across town and out to the Mexican public school with their teacher, Jack Hale.

There are little Mexican in the car, on the fenders, in the turtle, but they all get there unharmed and have a lot of fun doing it.

Because their teacher is good enough to let them ride the long distance from South Colorado to Mexican town, some twelve children who would not otherwise be in school are attending daily.

When Hale began running his "service car" only two little Mexican boys rode. The number has increased until an average of fourteen children ride each day. At the close of school each afternoon Hale brings them back to town, and unloads them at the railroad track.

Their school is out this week, and they hate it, because they like to go to school and the other, richer children who go to the Catholic school will be having lessons for another month yet.

Hale is giving a picnic Thursday for all of his fifty-old pupils to celebrate the close of their school Friday.

COSMETIC INSTRUCTOR TO BE AT MRS. TINER'S

As a move to introduce the proper use of Theo Bender cosmetics to Colorado women, Miss Carrier, instructor from the Theo Bender Laboratories, will be at Mrs. R. D. Tiner's Real Art Beauty Shop beginning Monday, May 7. She will specialize in skin analysis.

Mrs. Tiner recently installed a complete line of the cosmetics.

Relief Office Employees Take Voluntary Cut

A voluntary agreement to take a one-third cut in their salary rather than have any of their number laid off work was made Saturday by a group of girls on the administrative force of the local relief office.

Wages of all employees in the office were affected by an order to economize on administrative expenses, according to J. H. Greene, relief administrator, but those who are sole breadwinners in their families were not so drastically cut. The employees who came to the agreement to accept a one-third cut were those whose families do not depend entirely on their wages for support.

Those who made the agreement were Miss Alice Hughes, Miss Edna Smith, Mrs. Bernice Grable, Mrs. Joe Farr, and Miss Martha Lee Henderson.

Office supplies at The Record.

The flying muscles of a pigeon weigh as much as all other parts of the bird.

The last syllable in the name Muckinac is pronounced "naw." Eskimos make ice cream from fish oil, snow, and sugar.

FOR SALE BY R. T. MANUEL—An offering to exchange one of the best improved farms in Franklin County for a Mitchell County farm. This 160 acre place is all in cultivation with the exception of about ten acres. It has 80 acres of fine bottom land, does not overflow and is free of Johnson grass. One large two story house, one four room house and two smaller houses, two wells and three cisterns. This desirable East Texas farm home is located 11 miles Northwest of Mount Vernon near highway and within three quarters of a mile of a three teacher school and near small trading point. There is a government loan of \$1,700.00 on this place. The owner is now living in Mitchell County and wants to trade for a Mitchell County farm.

Two 160 acre, red sandy cat claw land farms, located within four miles of Colorado. Good water and good improvements. The owners of these two places are non residents and considering the price and terms I believe they will sell within sixty days.

City Property
One and one half acres of land, three room house, located right on 101 paved highway, just outside the city limits in North Colorado. Owner is moving East and says sell for \$525.00.

Two of the most desirable brick homes in Colorado. The Bob Porter place on Chestnut street and the Ben S. Peek place on East 13th st.

If you own a farm in Mitchell County or property in Colorado and want to sell, list your place with me. I have inquiries from prospective buyers every day and it is possible you may have just the place they are looking for. My office is now located in the Palace Theatre building. Come and see me.
R. T. MANUEL, Land Agent. 1tc.

FOR SALE—Tomato, peppers and Egg plants. Less money and larger plants. A. L. White. 1tpd.

MISCELLANEOUS
NOTICE TO HORSE RAISERS
If you want to improve your stock by breeding to a Registered Percheon Horse weighing 1900 pounds, will make the season 4 miles northeast of China Grove. Payment \$12.50 due when colt is foaled. There is no Horse code but I am operating under my own regulation.

It keeps them free of these destructive pests; their health and egg production good at a very small cost or we will refund your money. Alcover Drug Company. May-25-34.

OFFICIAL NOTICE

Be it remembered that on April 21st, 1934, a special election was legally held in which the sale of 3.2% beer in Mitchell County, Texas, was defeated, according to the returns of said election, the returns of which were duly canvassed by the Hon. Commissioners Court of Mitchell County, Texas, on April 26th, 1934.

A canvass of said election shows that 3.2% beer in Mitchell County, Texas, was defeated by a majority of 78 votes and it is therefore, the order of the Hon. Commissioners Court that the sale of 3.2% beer in Mitchell County, Texas, is, and shall continue to be unlawful until a majority of the qualified voters of Mitchell County, Texas, shall, in a legally held election, vote for the sale of 3.2% beer.

Passed and approved by the Hon. Com. Court of Mitchell County, Texas, on this 26th day of April A. D. 1934.

A. F. KING,
County Judge, Mitchell County, Texas. 1tc.

As a result of latest mechanical improvements, costs of operating motor cars have been reduced approximately 25 per cent in the last two years.

WOMEN, GIRLS' CLUB NEWS

By MISS EMMA GUNTER, Home Demonstration Agent

The Spade home demonstration club met with Mrs. J. J. Vanzandt April 25. The women brought their quilt tops and hooked rugs and worked. Mrs. Geo. Vanzandt showed the women the sleeve patterns that were made at the pattern school at Sweetwater the week before. Mrs. Betty McCulloch was enrolled as a new member at this meeting. Due to the absence of the president there was no business transacted. The club meets May 9th with Mrs. J. T. Vest when a demonstration on sleeves and collars will be given by the agent.

A bedroom that is showing its transformation from a dark, uninteresting room is that of Opal Leach, bedroom improvement demonstrator for the Conway girls club. Since the last monthly visit Opal had accomplished through the help of her family the following improvements:

A clothes closet finished with shelves and rods for clothing.

The walls had been canvassed ready for the paper which will be put on at a later date, also the ceiling had two coats of soft green kalsomine.

The old wash stand had its mirror cut down and its old coat of paint covered over with varnish. Now it serves as a vanity dresser. The chair that goes with it has been cut down and has a new coat of varnish on it.

The storage box for quilts, blankets and linens has been upholstered

in an apple green print and casters added to its legs.

The iron bed showed a new spring coat of green paint and Opal had secured slats to go under each coil of springs. A mattress cover was made to protect the mattress. Also extra long sheets of 3 yards length had been purchased so that her bed could be properly made. Since Opal's school is not out until the last of May she has had to work consistently. She will work over her wood work and floors, paper her walls, add some bathing facilities and check over the accessories that go to make a bedroom more interesting and individual. Opal has every member of her family interested besides her Sunday School teacher and landlord.

There is a difference in the case of seeds as has been demonstrated at the home of Louise Ohlenbusch, garden demonstrator for the Lorraine girls club. Louise planted her sweet pepper seeds out in the garden in the open row and in three weeks they came up, while Hilda, Louise's sister planted her seeds the best of January in a tub on the back porch and they lay dormant in the soil for 6 weeks. Of course this means the seeds had to have soil warmth to germinate. Louise has her Detroit Dark Red beets up also in the garden. Other vegetables blooming in this garden were tender greens, beans, onions, tomatoes, lettuce that had grown all winter. On the back side of the garden were some dewberry vines that had been there for 11 years and they had never failed to make a crop. Louise will have cucumbers also as a required vegetable as pickles and relishes are the required work for the girls this year.

The Looney girls club met Friday April 27th for their second meeting of April. After singing two folk songs a regular business meeting was held. Then the girls were given a talk and demonstration on grooming. Bringing out the importance of bathing facilities in the girls bedroom. The next meeting will be May 11. The girls were asked to name a sponsor for the Summer months.

Proper clothing storage is one of the requirements of any clothing demonstrator and Lola Mearse, clothing demonstrator of the Lorraine girls club is working in cooperation with her mother in getting a clothes closet built in their bedroom out of orange boxes and heavy cardboard. Lola is required to make 4 garments in her clothing work to show that she understands construction. She will also do her bedroom improvement work and garden work in order to compete for a trip to A. & M. College Short Course this July. Again Lola has won on her clothing work at the recent exhibit she won first

Average Texan Pays Total Of Fourteen Taxes Every Day, Is Minimum Estimate

In the course of an average day the average Texas citizen pays 14 different sets of taxes, from which there is no escape. He doesn't try to escape, for he hardly realizes he is paying them, but if he did try there would still be no escape. These 14 include but a small list of the many federal and state taxes, levies one daily encounters in mere routine life, and most of them are assessed by the Federal Government. Some days the number of taxes paid could easily run to 20 or 25.

On her club school slip out of 86 that had been entered.

At the Home Demonstration Exhibit showing tufted bedspreads, quilt tops, quilts and hooked rugs this week the Hyman club entered the most and won the most prizes. The Plainview club was second. These women represent their club in loyalty, interest and cooperation. Some others did not get their work finished and some did not have the finances to work on anything but there is an ambition to further a cause there is generally a response. Thanks to the exhibit committee and to the club committees.

If a man drinks fruit juice or grape juice at breakfast, there is a federal tax to pay. After breakfast, on his way to the office, he stops to put gasoline in his car, paying two different taxes, federal and state. If he buys lubricating oil he pays the Government 4 cents for every gallon. At the office he sends a brief wire, on which there is a federal tax, and during the day, if there is one long distance telephone call, it requires another tax payment. He buys one package of cigars and there are two taxes, state and federal. Before the day is over he gets a soft drink, and there is another tax. If he and a friend decide to refresh themselves with a bottle of beer, then there are two more taxes.

He goes to the bank to deposit or cash a check and pay a tax. At night he goes to a movie and pays a federal tax on two or more tickets. If he buys a package of toothpaste on the way home there is still another tax.

The average citizen would do these things in the course of one day, but if he increases his activity there are more taxes, most of them on purchases, for there are taxes on radios, toilet preparations, watches, other self.

EDUCATIONAL MASS MEETING ON SATURDAY

A mass meeting of all trustees, patrons, and teachers of Mitchell County schools, both common and independent, is to be held in the district courtroom at two o'clock on Saturday, May 19.

Miss Sue B. Mann, deputy State superintendent of Public Instruction, will speak at the meeting and take up with those present school plans for the year 1934-35.

Jewelry, firearms, automobile accessories, club dues, sporting goods, playing cards, tires, deeds, stock transfers, automobiles, utility bills, candy, cameras, chewing gum, smoking tobacco and cigars.

The gasoline and automobile registration tax in Texas totals much more than the entire ad valorem tax, of which there is loud complaint, for the gasoline and registration revenues run to about \$32,000,000, while the ad valorem is less than \$25,000,000 a year. Six different taxes are paid on the automobile, one on the purchase, registration, state gasoline, lubricating oil, federal gasoline and ad valorem. Not long ago there was a seventh tax, that on headlights.

Trade in Colorado and help pour-

MOVIES

"Duck Soup" Thursday and Friday

Once more the Marx Brothers turn out a comedy riot. Here is a picture chock full of new gags, designed to panic movie audience. The story, though incidental, evolves about a mythical kingdom known as "Freeland, the land of the spree and the home of the knave." Revolution threatens and finally war is declared. There are plenty of hilarious situations with Groucho as the prime minister, Chico and Harpo as spies and Zeppo as the minister's secretary. The funniest scene is Groucho's burlesque of Paul Revere's ride. As usual, Groucho does the heavy gagging. For once Harpo does not play the harp, Chico keeps away from the piano, and Zeppo does not make love. The supporting cast is satisfactory, and Leo McCarey's direction is admirable. It's a good entertainment bet.

"Gun Justice" Saturday—May 5

Thrill, rip-roaring, hard-shooting, and all the ingredients usually found in Ken Maynard westerns are seen in this fast-moving cowboy melodrama. Cecilia Parker has the feminine lead. This picture should please all lovers of action pictures.

"Queen Christina" Sunday and Monday

Greta Garbo again triumphs in a made-to-order role. As Queen Christina she is a majestic, compelling figure, adding another superb characterization to her gallery of brilliant portraits. The story is set in the seventeenth century and the central figure is a girl, raised as a boy to rule Sweden then in its ascendancy through a series of successful wars. Garbo projects all the subtle undercurrents in the character of a woman trained to put duty above all other conditions yet torn for a mad desire for love. She finds gratification in a visiting Spanish emissary (John Gilbert) and their love scenes together are shown with tenderness and conviction. Sets, photography, and direction are all on a high level. Rouben Mamoulian directed.

Greta Garbo, John Gilbert, Lewis Stone, Elizabeth Young.

"Once To Every Woman" Tuesday and Wednesday

A drama of the hospital, with its petty hates and jealousies, its romances, and the suspense and drama in its daily routine, are dramatically and effectively told in this film, the title of which is hardly indicative of the kind of picture it is. The romantic angle actually predominates, which would indicate that this is a woman's picture, yet the active drama of the place, and the tense scenes in the operating room, make it a film which has punch for men as well.

Despite the fact that the story is set in its entirety within the hospi-

tal, there is no drag in the pace of the film, no lack of active motion. The complications are worked out in a logical fashion, the film as a whole emerging as good entertainment. Remember that these are bargain nights at the Palace.

"Melody in Spring" Thursday and Friday

May 10 and 11
A musical offering delightfully original, both in setting and rendition of numbers. Paramount has a find in Lanny Ross who possesses youth, a good voice, and personality plus.

ANTELOPES ON TOP AS INITIAL 80 LOOP SKIRMISH ENDS

COLORADO BATTLES AHEAD TO WIN FROM BULL DOGS IN OPENER GAME SUNDAY

Organization of City League Expected Be Complete By Tuesday, Next Week

Masterful pitching by Lee Dorn, veteran star on the Col-Tex roster, and a well directed line drive to left field by Luther Scarborough during last few minutes of the 11th inning combined to bring victory to Colorado over the Coahoma Bull Dogs in opening tilt of the District 80 League here Sunday afternoon. Henderson was on base as Scarborough swatted the ball far afield and ran home to register a 2-1 lead.

The initial league battle, staged at Westside park, was attended by considerable interest. Through several innings both teams fought to a one-run tie.

Colorado will engage Lamesa Sunday afternoon in second of the league series.

Organization of the city league for the season is expected to be complete by Tuesday of next week, Ted Garrett, secretary of the league, stated Wednesday morning. Col. C. M. Adams, high commissioner in local baseball during the past, has been retained in that capacity.

Clubs already organized and entered in the league include Col-Tex Antelopes, with John Reclor manager, Fire Boys, with John A. Thompson manager, and the Business Men.

Official opening of the city league season is set for 5:15 Monday afternoon at Westside park between Fire Boys and Col-Tex. The season schedule is to split on July 4th and final games of the season are to be played on August 31.

The opposing teams to open city league schedule Monday afternoon are to appear in new uniforms, it was pointed out Wednesday morning by Manager Thompson of the Fire Boys. Thompson strongly urged the general public to be present to witness the contest. "And tell them to not overlook the importance of bringing a silver piece to help in starting our finances off as we should," he concluded.

May 15 Is New Closing Date On Seed Loans

Closing date for making applications for 1934 Feed and Seed Loans has been extended to May 15, according to announcement made this week from the office of B. J. Baskin, county agent.

The original closing date for making application for such loans was April 30. These loans are made through the Dallas office. There is no time limit on loans to be made through the Sweetwater Production Credit Association.

Majors Nominated WTCC Director At Meeting Saturday

O. H. Majors, Colorado jeweler, Saturday was nominated as Colorado's representative on executive board of the West Texas chamber of commerce for another year. Mr. Majors will be confirmed at annual convention of the regional organization in San Angelo May 14 and 15.

Election of Majors as member of the WTCC board, was announced from the chamber of commerce office by J. H. Greene, secretary.

CONSTRUCTION WILL SOON BE FINISHED ON HIGHWAY NORTH, CONTRACTOR SAYS

Grade and drainage construction work on Highway 161 extending north from Colorado to the Mitchell-Seury county line will be completed within the next few days, Hugh Henning, representative of the Womack-Henning Construction Company, contractors, stated Monday.

All drainage construction had been completed and covered with earth, Mr. Henning stated. Small fill at remote locations along the right of way remained to be brought to grade specifications. The road was opened to traffic north from Buford last week.

County commissioners court are hopeful that contract to hard surface the highway will be awarded without delay by the State highway commission. The project is slightly over eight miles in length, entering the city over North Hickory street.

Henning is to leave next week for Sherman near which site his company has another road building contract.

EARL HAMMONDS PRIDES IN NEW STORE LOCATION

Earl Hammonds, hardware and implement dealer doing business for the past several months in the Lasky building, West Second and Oak streets, has recently opened in the rebuilt Masonic building, across the street. In his new home Hammonds has one of the attractive, modern business places of Colorado.

FALL OUT OF SWING IS CAUSE OF BROKEN ARM

Billie Margaret Gregory, little daughter of Mr. and Mrs. Bronson Gregory, sustained a break to her left arm near the wrist Friday afternoon while at play at her home in North Colorado. The child fell out of a swing, breaking both bones in the member.

RETAIL TRADE COUNCIL TO SUPERVISE CODE DEMANDS LAUNCHED IN CITY FRIDAY

Randle Named President At Organization Meeting; Merritt Secretary

Organization of a Local Retail Trade Council with executive members to represent the several individual groups within the city was perfected at mass meeting of business men held Friday night at the Mitchell county court house. J. W. Watson, chairman of the local compliance board, issued call for the meeting and assisted in organization of the council.

J. W. Randle, member of the local Retail Grocers Council, was elected president of the council. D. M. Merritt was elected secretary and C. L. Gray treasurer.

Duties to be met by the council are outlined in bulletin issued recently by the National Recovery Administration, as follows:

"The Local Retail Council shall have the function of answering inquiries with respect to application of the code. In the performance of this function it shall be guided and bound by provisions of the code and the official interpretations and amendments."

"Where cases arise that are not fully covered by the code or its official interpretations, the Local Retail Council shall refer such case, pending further announcement, to the Retail Division, NRA, for interpretation. The administrator of the NRA after consultation with the National Retail Council, will issue interpretations and forward them to all councils."

Council executives were elected as follows: J. W. Randle, grocers; D. M. Merritt, cleaners and dyers; J. L. Hutchinson, hardware; Troy Erwin, dry goods; C. L. Gray, lumber; A. C. Connell, tires; W. L. Doss, Sr., drugs; P. A. Burnett, restaurants; J. F. Morris, meat dealers; Herbert Gunn, barbers, and Ed Newson, photographers.

The Council is to consider all complaints filed with the group, excepting those having to do with labor. Matters involving labor are to be reviewed by the district compliance director.

Merritt stated Tuesday morning that each individual retail group would be expected to perfect organization of its own council, in cooperation with the general council and the local compliance board.

SPADE RANCH DELIVERS 2,000 RANGE CATTLE TO LEBO, KANSAS, BUYERS

O. F. Jones, manager of the Spade ranch, reports delivery of 2,068 pedigreed range cattle from the Lubbock county ranch to Walter Jones and L. J. Humphries of Lebo, Kansas. The animals were two-year-olds and up to high standard breeding.

Kansas buyers have been taking heavy consignments of Spade cattle for the past several years. Some of the animals are shipped to that State for pasturage but as a rule they go into feed lots in preparation for the market.

ANTELOPE BENEFIT BALL GIVEN SATURDAY NIGHT

Benefit ball given Saturday evening by the Antelope ball club netted about \$35. The Record was informed Monday afternoon. The money will go into fund for benefit of the refinery baseball club, of which Bill Brookover is mogul. Bob Lovejoy has recently been elected secretary of the Antelope club.

CANDIDATES TO ADDRESS VOTERS NEXT AT LOONEY

A community-gathering at which candidates are to be given opportunity to speak is slated at Looney school house Tuesday night of next week. Keith Miles, farmer of that community, stated while in Colorado Tuesday afternoon that an auction sale would be held in connection with the oratory.

DEMONSTRATION TO BE GIVEN BY BERRY-FEE

Annual Spring demonstration in the many practical uses of BPS paints and other products is announced for May 3, 4 and 5 at Berry-Fee Lumber Company, distributors. R. L. Fee, manager, states that cordial invitation is extended the public. A free sample can will be given as souvenir.

Jack Nolan Enters For Commissioner Colorado Precinct

Jack Nolan, well known Colorado building contractor, Tuesday morning announced his candidacy for county commissioner of precinct 1, subject to the Democratic primary election in July.

Nolan has resided in Colorado during the past 13 years. He feels that his knowledge of general contracting and building especially qualifies him for conservative administration of road and bridge work and other duties involved by the office.

"I have no special promises to make in soliciting consideration of the voters in this precinct, and I am obligated to no individual or organization," Nolan stated. "I pledge, however, to give of my very best to the office and strive sincerely to render that kind of service to the people they have a right to expect."

The candidate stated that he hoped to see each voter individually before date of the primary election. In the meantime he will appreciate consideration of his claims for the office.

OVER 200 CARS EXPECTED IN MOTORCADE REACHING DALLAS FOR ROAD PARLEY

Broadway of America Route Boosters Due To Reach Colorado May 7

DALLAS, May 2.—F. O. Mackey, president of the Broadway of America Highway Association, today announced that more than 200 automobiles would form the two motorcades to the seventh annual convention of the association, meeting in Dallas, Texas, May 8-9.

"From every indication, and the splendid spirit of cooperation which I found on my recent trip over the highway from Douglas, Arizona, to Minville, Tennessee, I feel safe in saying that the Dallas convention will be one of the most outstanding in the history of this great association," Mr. Mackey said.

"The Dallas Convention will celebrate the paving of the first transcontinental highway in the United States. At this time there remains but 42.7 miles of unpaved road on the entire route. Every foot of this is under contract and will be completed not later than September 15, this year."

"At the Dallas Convention, we will lay our plans for advertising this great snow-free and scenic route, that today is carrying the bulk of discriminating motor travelers."

The motorcade will reach Colorado at 9:35 A. M. May 7, departing at 9:50 for Dallas, with J. H. Greene, secretary of the Colorado chamber of commerce and an executive of the road association in charge.

BROADWAY OF AMERICA NATIONAL CAMPAIGN TO BE CONVENTION THEME

A nation-wide campaign to make the Broadway of America through Colorado the most widely used highway in the United States will be planned at the 1934 convention of the Broadway of America association in Dallas May 8 to 9, according to announcement received here by Jim Greene of the chamber of commerce from President F. O. Mackey of the association at Douglas, Ariz.

ABSTRACT, LAW OFFICES INTO JOHN DOSS BLDG.

The abstract offices of Mrs. Earl Morrison and law offices of W. H. Garrett were moved this week into the John L. Doss building, corner West Third and Walnut streets. The building has been newly painted and office partitions built in.

MISS SMARTT RETIRING FROM ABSTRACT OFFICE

Miss Ruebelle Smartt, who has been manager of the Morrison Abstract Company for the past seven and a half years, announced this week that she will no longer be with this firm because of the expiration of her contract on May 1.

COLORADO CLUB PLANS CONVENTION DELEGATION

Colorado Lions Club will send a representative delegation to annual State meeting of the service organization at Mineral Wells this month, should plans being formulated by officials of the club materialize. Lion Dick O'Brien is scheduled to deliver one of the convention keynote addresses.

BRO. HARVEY HAS GOOD REVIVAL IN STAMFORD

Bro. J. D. Harvey, pastor of the Church of Christ, returned home Sunday night from Stamford, where he has been for the past two weeks conducting a revival meeting. He reports a very successful meeting, with twenty-seven additions to the church. He will be in his own pulpit next Sunday.

FRANKLIN HALF THROUGH ASSESSING CITY TAXES

C. E. Franklin, city tax assessor, stated Monday morning that he was about fifty per cent through with this annual task. With the assessment renditions completed the renditions will pass through scrutiny of a municipal equalization board before final acceptance.

A NEW RELIGION

A. M. Gage who lives in Dallas writes a letter advocating a new religion. He says that since "changes in the law of growth" and that "as we grow we require different things to satisfy us" therefore we should have a "new religion" for the old systems are out of date and cease to satisfy and he sets up a "new religion" composed of three articles of faith (7) namely:

KEEP THE HOLY SABBATH DAY

Many today are rejecting the Bible Sabbath for they say "it's Jewish." These forget it seems that Jesus Christ was a Jew, that both Old and New Testament scriptures were written by Jews, and that according to Christ's salvation is of the Jews.

CROSS CHILDREN MAY HAVE WORMS

Watch for most little stomachs had breath, fretfulness, loss of weight, itching around nose and arms. They may have pin or round worms. Whites Cream Vermifuge has safely and for years, reliably expelled the worms and toned the delicate tract.

After Many Years Retirement Charter Member Returns To Extol Lions' Tenets

Dr. C. L. Root, a charter member of the Lions Club, has come back after several years in retirement. After formal presentation as a Lion Friday, he addressed the club, as follows:

It is indeed a pleasure for me to be reinstated as an inmate of this Lions' den. Years ago when this club was organized it was my privilege to be a charter member. Lots of hard work devoting upon me as a general practitioner of medicine in those days, unavoidable irregularities which always impose themselves upon one of my profession, together with plenty of sheer, unadulterated cussedness upon my part caused me to gradually drop out and finally become extinct.

The many tragedies of modern life caused by sin, which we observe and read about daily, are but further proofs of the above scripture. The trouble with my friend and the world today is not the need of a new religion, but the failure to walk in the footsteps of the lowly Nazarene.

Mr. Gage further says, "Yet unlike the other fields of thought, religion remains the same as it was in ancient times. As a result, it still possesses many beliefs and ideas which are false and imperfect. Through the course of time these beliefs and ideas should have been sifted out and replaced by the truth as it is discovered by science."

Mr. Gage further says, "The trouble with my friend is that he does not recognize the difference between denominationalism and Christianity. Denominationalism is religion and Christianity is religion, but one is of opinion, the other of faith, one false and the other of truth. Science teaches no truth that Christianity does not embrace. Science discovered no truth that the Bible does not recognize and Christians do not accept. Christianity has as its foundation truth and truth is as ancient as the universe."

What we need today is not a new religion, but the old, stripped of false ruffles and denominational trimmings, so the world may see the truth. We need to take up the pick and spade, dig away the rubbish and uncover the ancient temple of truth. Here you have what my friend calls a new religion. Just how new is his system? That is the same system taught by some of the Greek pagan philosophers. The same system taught by Robert Owen, whom Alexander Campbell defeated in debate in Cincinnati and drove back to Scotland, that is the same system taught by a society in New York.

Mr. Gage says: "The religions of today have outlived their time and have defeated their purposes." If he means the denominational systems, I agree with him. They should never have been born. They are upon truth and can meet the needs new, modern but the system set forth by Jesus Christ is ancient, founded of every age and condition. The religion of Jesus Christ does not hold out the belief of life beyond the grave to stimulate a thirst for blood, but this is taught as a truth, for life comes from life and life never dies. Did one ever hear of dead life? All that goes into the grave is the body, which returns to dust from whence it came, but life leaves the body and goes somewhere other than the grave. Where does it go? Back to the ocean of life."

My friend speaks of Hell and Heaven on earth—where did you get the idea of Hell and Heaven? Now you should be honest enough to go to the source of that information and find out what Hell and Heaven are. If you want to discard the Bible, say so, then we shall meet upon another field of battle, but don't hide behind one leaf of the Bible while trying to tear to bits another leaf. I believe all the Bible. It is one doctrine, sets forth only truth, therefore declares for one code for all people everywhere. Read Eph. 2:15, 2 Cor. third chapter and 2 Cor. 5:17 in connection with Acts 20:28, Eph. 4:15, Eph. 1:21-23 and Col. 1:18 and you will see the "new religion" which was founded upon truth and not a new religion founded upon falsehood."

My friend bemoans the fact that our religion has not changed and as the sage is proving impractical in a modern world, in other words not in keeping with developments in science.

FARM INCOME GOES TO HIGHER LEVELS DURING YEAR 1934

Cash income to farmers of the United States for the first three months of 1934 were 50 per cent higher than during the same period of last year, report received Monday by The Record from Washington showed.

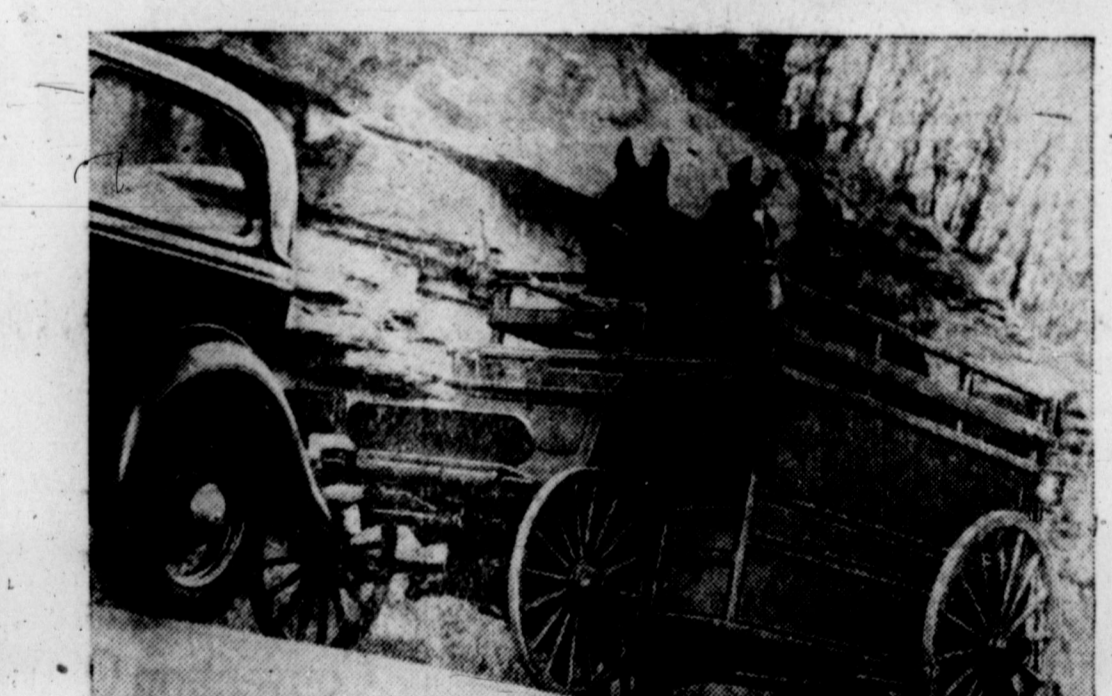

Sequel to the more stable farm industry is stimulating business in this and all parts of the country, according to the report. During March of this year farmers received \$417,600,000 for their products as compared with \$275,000,000 during that month of last year. In March, 1929, the total was \$729,000,000 and the ten year average, 1924-33, was \$607,100,000.

American farmers received between \$375,000,000 and \$425,000,000, the report estimated, although figures for that month were not available.

GULF WINS MORE "HILL TESTS" THAN 32 GASOLINES COMBINED

Will your car have more power on any one gasoline? HERE'S YOUR ANSWER.. Gulf tested a total of 33 gasolines on famous American hills—12 hills in localities from Massachusetts to Georgia—and here is what they found... The power of different gasolines varies widely! And of all 33 gasolines, Gulf is uniformly best. 7 out of 12 times, it propelled a car and load up mountain grades farther than any other gasoline tested! It won more hill tests than 32 other gasolines combined! Prove it! Drive into a Gulf station, fill up, and test the power of That Good Gulf for yourself!

HOW 33 GASOLINES RANKED (IN ALL TESTS TO DATE) A BORROWED FORD tests 12 competing gasolines on Muldrough Hill, near West Point, Ky., to see which gas can pull the car and 3500-lb. load farthest up hill in high gear. DRIVE IN AND TRY A TANKFUL! GULF there's more power in THAT GOOD GULF GASOLINE

Events Of Import To Coloradans Get Place On Calendar

During the month of May there is more than one event on the holiday calendar that annually receives due recognition by the people of Colorado. Among these are Mothers Day, falling this year on Sunday, May 13, and Memorial Day, May 30.

JUDGE LOONEY BETTER AFTER TRIP TO DALLAS

Judge R. H. Looney returned Sunday from Dallas where he has been the last three weeks for medical treatment. He came home much improved and was able to be downtown Monday.

CIVIL SERVICE EXAMINATIONS

The United States Civil Service Commission has announced open competitive examinations as follows: Chief Topographic Draftsman, \$2,600 a year.

COMPOSITIONS The 6th grade English classes have been writing compositions on proverbs. Some of the best ones follow.

Little Strokes Fell Great Oaks It is said that no gangster starts with murders and robberies. The gangsters start by stealing small things when they are young and as they grow older they steal more and more without realizing it.

A Stitch in Time Saves Nine One-day a little boy by the name of Bill came to his mother and said, "Mother, the house is leaking in the front room. I think we should tell father so he can have it fixed."

Contest We had a very enjoyable chapel period last week. Miss Davidson put on the play "Tom Sawyer" that was a big success.

Class Chairmen In the 6B arithmetic class Miss Greene has been having pupils to act as chairmen of the class.

POEM—A Song From The Night A mocking bird is singing, Pinging his notes on the air. His notes are clearly ringing As he is hiding there.

Don't Count Your Chickens Before They Hatch One day when a man was hunting he caught a bear cub. The zoo at the town where he lived was offering a large price for a young bear cub.

Tom Sawyer Last Friday a four act play "Tom Sawyer" was given for Jr. High and Hutchinson schools. It was given for Jr. High in the morning and for Hutchinson School in the afternoon.

One Stitch in Time Saves Nine We all have a task on the earth, and we are put here to do it. If we do a thing when it comes time, then we don't have to do twice as much the next time.

MOKE The pupils of 7B cannot understand why Thomas McCordle can go to sleep in class when Mr. Cline is teaching history.

RECITAL On Friday night May 4, the piano class of Rogers School will be presenting a recital. The numbers will be a little different from the ordinary recital unless as they will be "novelty" rather than classical.

Each year more than 1350 icebergs break off Jacobshavn Glacier on the west coast of Greenland and float out into Jacobshavn fjord; sometimes as many as 1000 to 6000 icebergs are packed into the fjord before they start to move out to sea.

Charles Dickens used 1425 characters in 24 books.

Boys and girls are equal in average height up to the age of 11, but from 11 to 14 girls are taller. However, from then on boys are steadily the taller.

Montana is the only state in the union which suffered a decrease in population during the last decade.

Four and a half bushels of wheat, equivalent to 200 pounds of flour, are consumed annually per capita in the United States.

School Girl Slain And Eaten By Lion In Laredo Section

LAREDO.—A 12-year old Mexican school girl trucked along a country lane, was attacked, slain and devoured by a huge mountain lion while enroute home from school Wednesday afternoon, it was revealed today.

The child whose name was not immediately available, was the daughter of a Mexican ranch hand employed on the Rosita ranch, sixteen miles south of Freer, in Duval county. Word of her horrible death was not divulged until today.

Armed with a rifle, the child's father hurried to the scene and found the lion devouring his daughter's body. He killed the animal and two small cubs, which stood nearby. The mangled remains of his daughter were carried home by the father.

Killing of the child was the first instance where a human life has been taken by a mountain lion. They are constantly killing sheep, goats, calves and other livestock.

we are called to heaven to receive our award. If we wait until it is too late and say, "Oh, I forgot about that," then our task is going to become bigger, and heavier and then we haven't time to finish our task.

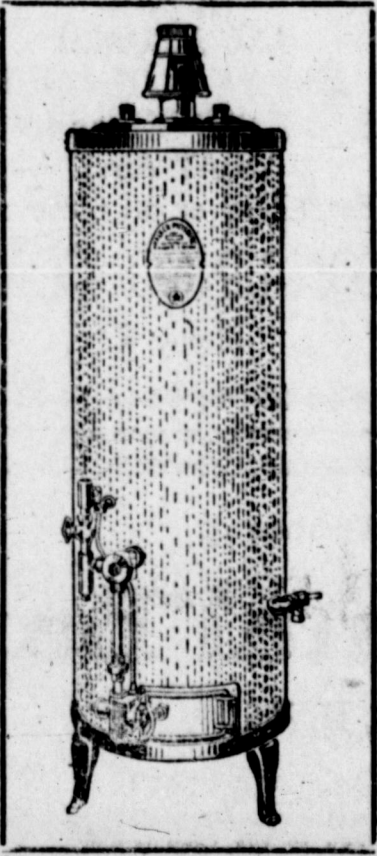

By VIRGINIA WHIPKEY.

Don't Count Your Chickens Before They Hatch Once a teacher announced that they were going to give a program and read the story to her pupils.

Honesty is the Best Policy There was a poor boy who had to support his mother because his father was dead. One day he got a job as an office boy and the second day he found some money lying on a table.

Artificial flowers were made in ancient times in Rome, Egypt and China.

A Remarkable Inducement To Modernize All Hot Water Services In May!

Warehouse Reduction Sale! Water Heaters

This opportunity is all the more remarkable for it comes at a season when hot water is needed most! We're reducing our warehouse stocks...

Liberal trade-in allowance on your old heater! Monthly payments low enough for the most modest budget!
