WEDDING OF WIDE INTEREST HERE TO TAKE PLACE IN LUBBOCK JUNE 6

A wedding of wide interest in Colorado and Mitchell County will take place at the First Baptist Church in Lubbock next Wednesday morning, June 6, when Miss Virginia James of that place becomes the bride of Charles Mosser of Colorado.

Miss James, daughter of Dr. and Mrs. C. N. James of Lubbock, has been teaching at Valley View for two years, and during that time has become unusually well-known over the county because of her singing ability. She attended Baylor College.

Mr. Mosser, the son of Mrs. W. J. Mosser, wife of a Colorado pioneer, is numbered among the most prominent young business men of the county. For several years he held a responsible position with the Colorado National Bank, and was retained in the position of assistant cashier when it was consolidated with the City National Bank. He was recently elected to the City Council of Colorado.

Announcement of the approaching marriage was made on Wednesday afternoon of last week when Mrs. Grace Hart honored Miss James with a shower at the home of Mrs. S. H. Hart, near Loraine.

Cut flowers were used as house decoration, and when the guests had arrived a program was given. Mes-

Opal Martin of Loraine sang and danced, to the accompaniment of her mother, Mrs. W. R. Martin, at the piano.

A mock wedding was the feature of the afternoon. Miss Fayie Johnson sang "I Love You Truly," and Mrs. Martin played the wedding march. Little Lillian Robert on took the part of the bride and Douglas Smith was the groom, and their "play" names were "Virginia" and "Charles." Clayton Sadlers was the preacher and Guy Saunders the flower girl.

At the conclusion of the wedding the bride presented her bouquet of roses to the groom, following which the bride and groom were carried in and presented to her by a group of her bridesmaids.

A Friendship quilt was the gift of Miss James' parents and several ladies of the community.

Punch was served during the afternoon. Games were two hours. Miss James left Saturday for Lubbock, where several more important affairs are planned to follow by her friends. The wedding will take place about eight o'clock on the date set, and Edwin Mosser of Colorado, brother of the groom, will be a member of the wedding party. At 10:30 a. m. various parties, Mr. and Mrs. Mosser will be at home in Colorado.

Methodist Women Hold Their Monthly Meeting

The Methodist Missionary Society held its monthly session Monday in church. The meeting was called to order by the president who led the devotional study on Social Evangelism, Matt. 23:35, 19:12 and Rev. 21:2 being the scriptures.

The Brazilian church at Porto Alegre was described by Mrs. J. G. Merrill and Mrs. W. H. Garrett led in prayer.

The president told of the sale of Mrs. Burnett's watch, of the anniversary blessing box to be in charge of a vacation and carried to every meeting for the year, to be taken to Children's next year. The Mrs. J. A. Ferguson will be custodian. She asked the vice president, Mrs. King to have charge of Spiritual cultivation, told that the children's work would be continued as usual during this year. Vacation Bible school to be held soon.

The treasurer reported nearly all out on the passage furniture.

It was held in the Rainbow Circle of the pledge. Mrs. Garrett told of Children's District meeting to be held June 12 at Big Spring and asked that each be provided to take the group to Big Spring. They will give a program the Sunday evening before. She asked the mothers to have their children attend the meetings each Sunday evening.

Mrs. Evans reported of babies on hand. Will have a meeting at her home Tuesday, June 5th. All the babies and mothers asked to be present with an offering. Because she is leaving Sunday, Mrs. Evans resigned as a baby division superintendent. Her place will be filled by Mrs. Garrett who has charge of all the children's work.

Mrs. Geo. Manion offered her resignation as study superintendent. This place will be filled at the June meeting. Mrs. Wallace, local work chairman told of the need of a refrigerator for the passage and a radio to buy one. A new C. O. by electric will be installed soon.

Mrs. Jeff Deobis reported on C. S. R. and her circle. The Circle is studying Genesis, visiting, caring for the sick, sponsored a study for the girls and home nursing. Presented a health and missionary program at Negro church Sunday afternoon. A beautiful musical program given by the negroes. Welcomes from the Baptist and Methodist Missionary presidents and pastors. A fine paper by the leader, Helen Hall, on Missionary work.

Mrs. Dobbs told of the County Tuberculosis Association and the need of help from ever organization in the county. Mrs. Merritt talked on the need of sound bodies for carrying on God's work in the world.

Mrs. Grubbs had 69 members studying Life and Letters of Paul. Trays sent, visits made, magazines given, \$15.00 spent on the basement. To have a dime social Friday. Mrs. Winn meeting only once a month in the circle during the summer. Will go to the homes. Finished Life and Letters of Paul. Will take another study.

Mrs. Gregory reported for the Dobbs Circle. Studying the Meaning of Methodism. Have a market basket going around and a Joseph's coat on which flowers are being embroidered with an offering under the flowers. They have 48 members. Voted to meet at four o'clock. Mrs. Berry dismissed with prayer.

Mrs. D. M. Logan and little daughter, Mary Lou, left Tuesday morning to visit Mrs. Logan's mother, Mrs. J. R. Morton, in Alpine. They are to come home Sunday.

CHAPTER OF HONORARY TEACHERS' FRATERNITY ORGANIZED SATURDAY

Ten Mitchell County Teachers Initiated At Ceremony Following Luncheon

Organization of Beta, Epsilon chapter of Delta Kappa Gamma, national honorary fraternity for women teachers, took place at the Colorado hotel Saturday, following a luncheon held at 12:30.

Dr. Annie Webb Blanton of Austin, member of the faculty of Texas University, former state superintendent of the fraternity, was a guest at the luncheon and supervised the organization of the chapter and the initiation of ten Mitchell County and one Fort Stockton teachers later.

Visitors were permitted at the luncheon, and among them was Mrs. Rosa Martin of San Angelo. The initiation ceremony at two, however, was for members and initiates only.

Members present from out-of-town, both for the luncheon and the initiation ceremony, were Mrs. Loeva Perry, Mrs. Mary Compton, and Miss Ora Mae Curry of San Angelo; Mrs. George Gentry and Miss Agnes Curry of Big Spring. Mrs. Kelly was the initiate from Fort Stockton.

Refreshment, noise at the luncheon, and Miss Julia Williams of Pecos played and led songs.

The ten Mitchell County teachers who were initiated were Miss Laura Martin, Mrs. Reese James, Mrs. Hays Holman, Miss Octavine Cooper, Miss Evelyn Jennings, Miss Myrtle Gregson, Mrs. Mack Fisher, Miss Eula Carter, Mrs. Charles Brazil, and Mrs. H. P. Powers. Only ten percent of the number of teachers in the county can be included in the chapter, and eligibility is based on teaching experience and other things.

Mrs. Ruby McGill Dodge, county superintendent, who has been a state member of the fraternity for some time, now becomes a member of the local chapter.

The initiation was held by Dr. Blanton, assisted by the three members from San Angelo.

MOVIES

"Sagebrush Trail"
Friday and Saturday
June 1 and 2

"Sagebrush Trail." Plenty of shooting and trick riding in this picture to please you western fans. John Wayne has everything required of a western star and gives a convincing performance as a young man who seeks revenge in the open spaces only to find romance. In the meantime, he gets mixed up with a gang of hold-up men which almost proves his undoing. One of the most exciting incidents in the picture is a sequence showing Wayne escaping from the sheriff by swimming under water as he breathes through a reed. While the story is conventional, it is never allowed to lag and is fast all the way through.

"Viva Villa"
Sunday and Monday
June 3 and 4

"Viva Villa." A truly sweeping, magnificent picture. From half-conjectured facts and legend, Ben Hecht has spun a savagely realistic, stirring and dramatic picture of Pancho Villa's life in "Viva Villa!" Thrilling as a bugle call, vivid as a campfire flame, vital as the crimsoned pages "that he lived, Pancho Villa marches again to the mad music of "La Cucaracha." Here is war with all the trimmings. War with wine, women and song on the side. War with a bugler boy who knows only how to sound one call—the charge. And death itself takes on a hue of glory as it comes quickly to men on horseback, with smoking guns in their hands and the memory of warm lips still fresh in their hearts. It is a stirring subject, startlingly portrayed in broad strokes and splashes of cinematic artistry.

Wallace Beery gives a truly brilliant performance as Villa, combining both the cruelty and tenderness of the man with rare perfection. As Madero, Henry B. Walthall gives the most direct and finely modeled performance he has given since his Little Colonel in "The Birth of a Nation." Romance is provided by Katherine DeMille, as Villa's most exacting wife, and Fay Wray, as a Spanish Lady. Leo Carrillo is especially good as Villa's first lieutenant. Then there are the excellent performances of Stuart Erwin and George E. Stone. They all help make "Viva Villa!" memorable.

"The Cat and The Fiddle"
Thursday—June 7

"The Cat and The Fiddle." Based on the popular stage musical this picture is even more attractive in its present form and provides an excellent vehicle for the singing talents of Ramon Navarro and Jeanette MacDonald, its stars. The picture opens in the Bohemian quarter of Brussels with Navarro, as a penniless young composer, falling in love with the girl who has just arrived from America to carve her musical career. She becomes famous under the sponsorship of Frank Morgan, a music publisher-producer. This leads to a break between the lovers which is finally healed when the girl steps in to save the boy's operetta. Class "A" entertainment. One sequence in Technicolor.

Final Scoring In Bedroom Contest Made This Week

Final scoring of the nine bedrooms in the 4-H girls' bedroom contest will be completed this week by the judge, Mrs. J. W. Shepperd, and results will be announced next week.

The winning room will be made ready for the district judge, Miss Jennie Camp of A. & M. College, who is scheduled to visit in the county soon after the first of June.

Miss Emma Gunter, county home demonstration agent, states that, although the winning room in the county does not win any place in the district, its owner will be sent to the Short Course at A. & M. July 30-August 3, where she will attend the Bedroom Improvement Banquet held for winning girls from the entire state. Miss Bernice Claytor, Home Improvement Specialist for A. & M. College, has charge of this part of the program.

"Every girl that has acted as a demonstrator in her club this year has certainly done creditable work," Miss Gunter states. She plans on having a party at her house for them Saturday, June 9.

In last year's contest special demonstrations were given emphasizing better bedding, and this year the emphasis has been on clothing storage. Three girls had to use heavy cardboard to cover the walls of their closets, but as a result they have an effective storage place for their clothes.

LOWER RATES ANNOUNCED FOR ELECTRICAL PATRONS BY UTILITIES CORPORATION

District Manager Discusses
Reduced Schedule While
In Colorado Thursday

A general reduction in electric rates to all resident and commercial customers of the Texas Electric Service Company in Colorado was announced Thursday by L. J. Geer, district manager of the company and filed with the city officials. A similar reduction is being made in all of the larger cities and towns of West Texas served by the company.

The new rates will allow a substantial saving to every residential customer whether large or small. The energy charge of 7 cents per kilowatt hour in the present rate has been cut to 6 cents and the present 5 cent step for all additional current used during the month will apply only to the next sixty kilowatt hours. Then the rate drops to 3 cents for the next 100 kilowatt hours, and 2 cents a kilowatt hour for all additional current used during the month. While the flat charge of the present rate remains the same, the minimum charge has been reduced from \$1.50 to 1.

To provide a reduction to customers living in small and large houses and using only a small amount of service, an optional rate is offered which will result in a substantial saving. Under this rate, the customer will receive 8 kilowatt hours for the \$1 minimum charge, and as more energy is used, the rate drops to 8 cents for the next 42 kilowatt hours, 5 cents for the next 50 kilowatt hours, and 3 cents a kilowatt hour for all over 100.

The new rates will become effective with all bills rendered on and after July 1.

"This voluntary reduction in electric rates is a part of the policy of the Texas Electric Service Company to give the best service at the lowest possible rates consistent with sound business practice," L. J. Geer, district manager of the company declared. "It is significant that the company has lowered its rates at a time when the prices of many other items in the family budget are climbing."

"The present reduction in rates is the contribution of the Texas Electric Service Company to business recovery in this area and is made possible only because of the company's faith in the future of Colorado and other cities and towns in the area it serves."

"With the new low rates, residential and commercial customers will be able to make still greater use of electric service and it is expected that as business recovery gets under way, the increased demand for electricity will offset to some extent the lower revenues resulting from this reduction. The lower residential rates will encourage citizens to electrify homes more completely, for most of our customers will find that the fullest use of electric appliances will add very little to their electric service bills, especially if they are now using enough electricity to reach the low rate of 2 cents a kilowatt hour. For one cent at this rate, a 50-watt lamp will burn 10 hours, or an ordinary electric fan will run 12 hours.

"A number of voluntary reductions in electric rates have been made in Colorado and the new rates compare favorably with rates in any city of comparable size. Electric rates here have dropped since 1925 to where most customers are paying only about half as much for the same amount of electricity."

FIRST BAPTIST CHURCH
There will be a special service of interest to each member of the Baptist church next Sunday morning. There seems to be a growing interest among our membership concerning the entire program of the church, and it is our intention to try to intensify this interest in the Sunday morning service, ad throughout the mission revival to be held under the Southside tabernacle next week.

Definite announcements will be made concerning this revival at the morning service Sunday. It is expected that the tabernacle will be arranged and the first service held there Sunday night. We take this method of inviting all Christians to worship with us in these services. We expect to have a choir platform

that will accommodate at least 75 of a hundred singers. The song services will be under the direction of Chester Thomas, and he is anxious to have members from all the church choirs in the services.

One of the finest collections of jade carving ever assembled will be one of the features of the Chinese exhibit at the new World's Fair. Three hundred cases filled with articles from the Orient are being imported for the exhibit, according to Z. L. Chang, Chinese commissioner to the Fair.

When President Roosevelt tapped the golden telegraph key in Washington on May 26, he officially opened the World's Fair in Chicago. He not only appraised the world of the opening of the exposition, but he also threw open to the public the Western Union telegraphic communications exhibit in Western Union Hall in the Electrical group.

MEMORIAL SPEAKER CALLS UPON PEOPLE TO CHERISH IDEALS OF SOLDIER DEAD

Services Wednesday At The Church And Cemeteries Were Impressive

"In coming to this memorial service today we could offer no greater tribute to the lives of our soldier dead than to re-dedicate our lives to the ideals for which they, of all wars, fought and to the principles for which the constitution of these United States stand," the Rev. Cal C. Wright, pastor of First Methodist

church, declared during delivery of address at Memorial Day services Wednesday afternoon.

America stands today as the leading and most powerful nation of earth, not because of supremacy of armament and the ruling dominance of an arrogant militarism, he declared, but because the principles of democracy have found place in hearts of the American people. Such a condition must survive if this country is to maintain its place among the civilized people of tomorrow, he continued.

The services were held at First Baptist church and attended by representatives of the several patriotic organizations of Colorado. One of the rostrum were seated the ministry, John Howell, commander of Cran, C. Hooker Post, American Legion; Mrs. Jack Smith, president of the U. D. C.; Mrs. Tom Hughes, president of the Legion Auxiliary, and Mrs. W. M. Elliott, regent of the D.A.R.

The services were opened by singing "America" led by Mrs. Bill Martin of Loraine, with Mrs. O. B. Price of Colorado playing the piano accompaniment. Rev. Dick O'Brien, pastor of First Baptist church, gave the invocation, followed by "Pledge to the Flag" in unison led by Commander Howell. Mrs. Martin sang "Beyond the Dawn" just before the address of Rev. Mr. Wright.

On the rostrum were wreaths to be later placed on graves of the soldier dead at Odd Fellows and Colorado cemeteries. The memorial tributes were placed on graves of soldiers of the Confederate and Union armies of the Civil War; the Spanish-American War and the World War. A group of children assisted in removing the wreaths from the church to cars to be transported to the cemeteries and there assisted in placing them on the graves.

Services at the church were dismissed by Rev. W. M. Elliott, pastor of First Presbyterian church. "Taps" were given at the flag pole in Odd Fellows cemetery by Lawrence Snively of Colorado and Harold Bennett of Loraine, closing annual observance of the occasion.

W.O.W. ORGANIZATION TO HAVE FOUNDERS DAY CELEBRATION IN JUNE

OMAHA, Nebr. — Thousands of Camps of the Woodmen of the World in various sections of the United States will join in "Founders' Day" celebrations June 6, De E. Bradshaw, national president, announced today. The national observance which is being sponsored by the older members of the Woodmen of the World will mark the forty-fourth anniversary of the largest fraternal life insurance association in the world. President Bradshaw, himself, has been a member of the organization for 36 years.

The anniversary observance will take the form of joint Camp meetings and special celebrations which will feature class initiations. Many of those who participate will wear clothes which will be an echo of the

Fatal Crash

(Continued From Page One) required to pull the two machines apart.

The three people, prominent in affairs at Colorado for the past several years, left their home here in joyous attitude. School commencement was over and they were enroute home to spend vacation with friends and loved ones in their former homes at Windom.

Mrs. Holman had been a member of the city schools faculty five years. She was popular in her school work and in the church, where she had maintained the distinction of leadership. Miss Holman had lived here two years and during the past school year attended classes in the commercial department at high school.

Funeral rites for victims of the wreck were conducted at the Windom Methodist church Monday afternoon at 3 o'clock. Bearers of the beautiful floral tribute were teachers in the Colorado, Commerce and Windom schools, with whom Mrs. Holman had been associated.

Begging that he be permitted to attend the funeral rites, attending physicians consented that Mrs. Holman might undertake the journey to Windom by ambulance. Though severely cut and bruised he withstood the trip well and was able to walk from the church to a waiting motor car after the services.

Bodies of Mrs. Holman and Miss Holman, upon arrival in Windom, were taken to their respective childhood homes in the country and about one and one-half miles apart. Two funeral corteges left at the same hour, joining in a country lane not far from Windom and proceeded together to the Methodist church.

The Rev. Wallace Jones, pastor of the First Christian church here and of which Mr. Holman is Sunday school superintendent, and the Rev. George F. Reeves of Vernon, formerly pastor of the Colorado church, assisted in the funeral services. Several Colorado people, largely faculty members in the schools, were present to join with friends and relatives at Windom and that section of North Texas in paying strong tribute to lives of the two late women.

Among Colorado people leaving either Saturday night after news of the wreck had been received here, or Sunday morning were Mr. and Mrs. John E. Watson, Rev. Wallace Jones, Bill Scott, Mr. and Mrs. T. D. Chism, Mr. and Mrs. O. Cline, Miss Cal Yates, Mrs. W. N. Crosthwaite, Mrs. J. E. Quinney, Mrs. Reese Jones, A. C. Connell, Mrs. Bennett of Loraine, Miss Octavine Cooper, Everett Tiner, M. E. Carter, Miss Tankersley, Lusk Holman, Witt-Holman and Chas. Woodward.

Messrs. Holman, residents of Seven Wells community, are brothers of Hays Holman and Mr. Woodward, resident of Cuthbert community, is also a relative of the family. All of the above visited the dead and injured in Mineral Wells and later attended funeral rites in Windom.

Miss Dee Davidson, Mrs. J. T. Howell and daughter, Theda and Miss Alwilda Crosthwaite went to Mineral Wells, returning to Colorado from there.

One Way That Horse Racing Helps Farmers

Race horses do not pull plows or other farm machinery, but J. E. McDonald (shown above) State Secretary of Agriculture, is using part of the State's income from race tracks to place thoroughbred jacks on Texas farms to produce more and better mules for farm power. National officials have estimated that 5,000 jacks are needed to overcome the 1,500,000 mule cost shortage. (Texas News Photos.)

FORD MOTOR EXHIBIT AT WORLD'S FAIR

Hanging of the 600-foot photograph for the Ford Motor building at the Fair was started May 22. Shortly after 8 o'clock a 60-ton truck was backed into East Congress street where the huge mural was prepared and the work of loading the ninety-seven panels that make up the gigantic picture was started. The mural, the largest of its kind ever made was created from small photographs enlarged to gigantic proportions and so mounted as to form seventeen separate but related scenes in the construction of a modern Ford car. The mural was designed under the direction of Walter Dorwin Teague, famed industrial designer in charge of interior construction of the Ford building.

NATURAL SCIENCE EXHIBIT TO SHOW AT WORLD'S FAIR

"So much value to the public came from similar exhibits last year," said Dr. Eben J. Carey, in charge of the natural science section of World's Fair, "that Yale and Loyola determined to present an even more comprehensive story of the human body for the information of the public. In fact the Loyola exhibit has been largely amplified, and will have to use 3,200 square feet of space for its display."

TEN INNINGS REQUIRED TO BRING BIG SPRING AHEAD IN BATTLE WITH COL-TEX

Local League Defenders In Hard Fought Seven With Cosden Last Sunday

Come from behind to tie the score and then after ten innings had been fought through in one of the most furious contests yet seen in League 80, the Cosden Oilers Sunday afternoon managed to edge ahead of Col-TEX Antelones to win 8 to 7. The game was played at Big Spring.

During first two innings it looked like a walk-away for Colorado. The Big Spring moulders failed to score while Colorado was running up six runs. Cosden scored in the third, fifth and knotted the game in sixth. It was a scoreless melee until late in the tenth when Cosden managed to score.

Following box score is reported by Hank Hart sports editor on the Big Spring Daily Herald:

HERRINGTONS BRING HOME HUGE ONIONS

Mr. and Mrs. Aubrey Herrington returned last Thursday from a month spent at various points in the valley, bringing with them some huge onions grown on the A. J. Herrington farm near Dilley to prove their stories of how big onions do grow down there.

The largest onions were grown on dry land, they say. About ten acres of the farm were irrigated and about ten were not. The largest onion measured 15 1/2 inches and was grown on the unirrigated portion of the farm. Twelve car-loads of onions had been harvested before the Herringtons left, and that was before the harvest was over.

Texas, First In Cattle, Oil And Other Products, Growing As Insurance State

Texas has grown great in many lines. First the Lone Star State was noted as a great cattle section and still reigns supreme as a producer of livestock. Then Texas took first place in the production of cotton and general agriculture. Next, Texas leads the states of the Union in the production of oil and of sulphur as well as certain other minerals. Of recent years Texas has taken high rank as a state with great seaports, and Texas is a leader in foreign trade. Texas is known far and wide as an oil state, as a livestock state, as an agricultural state with great commercial development.

Now Texas stands on the threshold of taking a commanding position among the states as a financial power and of recent years Texas has become noted as the home state of a number of great life insurance companies. There are a number of insurance companies operating in this state under the supervision of the State Commission of Insurance and Banking, and these companies have established a record for soundness and good management. At least a dozen of them have become of considerable size and several of these companies are now financial giants with assets running into the millions and hundreds of millions of dollars. Texas has been a billion dollar agricultural state. It has been a billion dollar oil state and the state is now a billion dollar insurance state from the standpoint of insurance in force by its own companies.

Texas people now take a pride in their own insurance companies. They like to look at the great towering buildings in our several Texas cities and realize that these are the home offices of Texas insurance companies who are known throughout the country. They like to know that Texas companies are caring for the insurance needs of Texas people, and that these companies keep Texas money here in Texas to work for the upbuilding of their native state. They like to know that Texas' own insurance companies right here in the state are investing their great insurance funds in Texas lands in Texas county and municipal bonds, and in loans on Texas real estate. When the state recently issued relief bonds to augment the federal emergency relief aid for the destitute, Texas insurance companies came to the fore and invested in these Texas state bonds to provide money quickly for the needy of our state. POPULAR LETTER WRITING CONTEST ANNOUNCED HERE BY NATURAL GAS UTILITY

'Why I Like A Modern Gas Kitchen,' Subject Of Essay Matter

Customers of the local gas company are given an opportunity to win gas kitchen appliances in an essay contest launched throughout the territory served by companies in the Lone Star gas system. The subject of the letter writing contest is "Why I Like a Modern Gas Kitchen." There will be fifty valuable prizes, totaling in value more than \$1,500. The prizes have been donated for advertising purposes by the manufacturers of the appliances. Leading the list is the grand prize consisting of the three essentials of the modern kitchen—an Electrolux gas refrigerator, an automatic gas range and an automatic gas water heater. The other prizes include automatic ranges of the latest design, automatic gas water heaters, another gas refrigerator and many room heaters.

The purpose of the contest is to acquaint the public with the convenience, economy and all-around advantages of modern gas appliances. All the contestants has to do is to write a letter giving his views of the advantages of the gas kitchen. The letter is to be mailed to Gas Contest Judges: 201 South Harwood, Dallas, or left at the local office of the gas company. Literature on the contest may be obtained at the gas company office or by writing the contest judges.

The contest opens Friday, June 1, and closes June 30 and is open to all customers of companies in the Lone Star Gas system, except employees and members of their families. There is no restriction on the length of the letters. They will be judged on the ideas submitted. Three representatives of three leading Texas colleges will act as judges.

Rally At Spade To Be Held Thursday Instead Of Friday

Statement was made Thursday morning by R. B. Hood, principal of the Spade school, to the effect that the all-day program and rally for the Spade community planned for Friday, June 8 will take place on next Thursday, June 7, instead.

This change in plans was made because of the fact that Jimmy Allred, present attorney general and candidate for governor, will be in Mitchell County on June 7 and has agreed to speak at Spade if the meeting could be changed to that date.

Allred will speak at the Spade school building at 11 o'clock in the morning. He will be introduced by John E. Watson of Colorado. The all-day program featuring the closing of Spade school will end with a play given at the school house on Thursday night by the Spade Dramatic Club, under the direction of R. A. Northcutt. About 1000 are expected to be in attendance during the day.

BARNEY OLDFIELD AGAIN TO BE AT WORLD'S FAIR

Barney Oldfield, dean of automobile race drivers, dropped into Chicago to note the reconditioning operations at the Chrysler Motor track at the New World's Fair which opened in Chicago on May 24. Just by way of speeding things up Barney, sporting his inevitable perfect, clambered into a tractor and showed the boys how to get more miles per hour out of it. Barney is back at the Fair again as track manager and chief driver at the Chrysler display.

RADIO TUBE EXHIBIT NEW AT WORLD'S FAIR

The unit of the Radio Corporation of America exhibit in which radio tubes are manufactured is again part of the display. Curiously, production in this unit was better last year than in other similar units at the company's factories. Executives attribute this to the pride which workers took in their work as spectators stood by watching every detail of the process.

CROSS CHILDREN MAY HAVE WORMS

Watch for upset little stomachs, bad breath, fretfulness, loss of weight, itching around nose and arms. They may have pin or round worms. Whites Cream Vermifuge has gently and for years, reliably expelled the worms and toned the delicate tract. Whites Cream Vermifuge recommended by druggists. W. L. Doss, Druggist.

SPANISH VILLAGE AT FAIR

Largest and most elaborate of the new villages at the World's Fair, the Spanish village is also the largest reproduction of a foreign village ever constructed for any exposition. It covers three acres of ground and cost more than \$300,000. Famed shrines and villas from six provinces of Spain have been reproduced in all their beauty and glory that has been theirs since the early sixteenth century.

CONCLUDING SCHOOL PROGRAM GIVEN FRIDAY NIGHT

FIFTY-NINE SEVENTH GRADERS HAD PROGRAM ON THURSDAY MORNING

Jane Clare Meskimen And Shirley Kiker Make Highest Grades

A program marking the graduation of fifty-nine students from Junior High School was held in the Colorado High School auditorium Thursday evening.

The procession was played by Mrs. C. C. Meskimen, and the invocation given by Lloyd Croslin. The Junior High School song written and composed this year by Mrs. Virginia Peden Deter was sung just preceding the principal address by Rev. Cal C. Wright, pastor of the First Methodist Church.

The Junior High School Choral Club, with Mrs. Meskimen accompanying and Mrs. Peden-Deter directing sang Fenstad's "Days of Youth."

The American Legion Awards, which are given each year to the two seventh grade students rating highest in five things, scholarship, leadership, service, courage and honor, were presented by Harry Ratliff to George William Gilley and Jane Clare Meskimen.

J. E. Watson, superintendent of schools, presented five-year diaries to Jane Clare Meskimen and Shirley Kiker for making the two highest averages during the year. Jane Clare's average was 96.5 and Shirley's 96.33.

Miss Alvilda Crosthwaite made two art awards to the boy and girl in the entire Junior High School making the most progress in art during the year. These went to Amarie Gann, seventh grade student, and Bobby Wright, sixth grade student.

Diplomas were presented by Hayes Holman, Junior High School principal, to the following:

Mary Louise Farquhar, Charles Carter, Shirley Kiker, George Gifford, Anna Don Snively, Van King, Conrad Lantron, Mattie Bell Harvey, Nancy Lee, Frances Doss, Muriel Gunn, Frances Merle Cooper, Betty Hodge, Jane Clare Meskimen, Aleene Reese, John Colson, Adelaide Harvey, Amarie Gann, Armorina Whitmore, Ernest Smith;

Virginia Gurney, Blanche Bess Jones, Mary Jane Aycock, Ruby Dell Davis, Carlton Davis, Earl Joe Lee, Doris Wynne, Dale Simpson, Birdie McCress, Jack Henderson;

Homer Barnett, John Farquhar, Elbert Beasley, Ruby Lee Smith, Billy Pond, Billie Miller, Leroy Witten, Joe Robertson, Billie Mann, Elbert Beasley, Marjorie Nell Stubblefield, Robert McCown, Willie Bell Kelly, W. L. Neff, Grover Williams; Frances Wade, Warren Anderson, Clifford Greener, Mary Frances

ONLY PASSIVE INTEREST EXPRESSED BY VOTER IN APPROACHING ELECTION

That the average Mitchell county voter is manifesting only passive interest in the approaching primary election is to be found when one goes out on the street. Politics are being discussed in terms of uncertainty, as a rule, with rarely a candidate referred to as sure winner.

"What do you think of the race for governor," along with interrogations having to do with many of the other multiplicity of contests, is a question one may have pondered most anytime. The citizen seeking the information, however, is prone to offer definite suggestion as to potential strength of any aspirant.

Colorado folk are not talking politics much as yet. There are no issues at stake, it seems and there is little doubt but that numbers of voters have not yet arrived at definite solution as to whom they are going to vote for. There seems to be more talk, in a general application, about the candidacy of George Mahon for congress than any other candidate or group of candidates.

Smith, Marie O'Brien, Dorothy Mae Hagler, Meta Hudson, Claude Morgan, Boone Jackson, Harry Lovejoy, Thomas McCordle, Harold Renfro, Cleo Beasley, Cleo Franklin.

Westbrook Faculty Attending School At Various Places

Teachers in Westbrook schools the past year are attending various schools of the state almost one hundred percent this summer, according to F. H. Patterson, superintendent.

Mr. and Mrs. Ira D. Lauderdale left last week to enroll in North Texas State Teachers College at Denton. Miss Cora Ott is also attending school in Denton.

Miss Frances O'Kelly will attend summer school at Texas Tech, and Murphy Byrd at A. & M. Miss Lenora Cook of Colorado will go to school somewhere the last six weeks.

Supt. Patterson is teaching summer school, which opened Monday morning at Westbrook.

CANDIDATES AND OTHER CITIZENS ATTEND FETES GIVEN AS SCHOOLS END

Hundreds of Mitchell county citizens attended not less than three school entertainments given during the past week, arranged to feature closing of the school year. Mingling among the other citizens were candidates offering for various precinct, county and district offices.

Thursday a picnic was staged on the old Bell ranch by the Conaway school. A program was given and at noon an old fashioned basket luncheon was enjoyed. Friday picnics were given at the Carr and Valley View schools. A barbecue was given at Valley View at noon. Supper was served at Carr. Bot picnics offered ball games and other out door sports on the day entertainment card.

H. P. POWERS TO GET DEGREE AT LUBBOCK

H. P. Powers, principal of Valley View School the past several years, is going to Lubbock this week to receive his B. A. degree at the commencement exercises of Texas Tech June 1.

Both Mr. and Mrs. Powers, who are to teach in Fisher county next year, will attend the second six weeks of summer school at Tech, he doing graduate work and she finishing work for her degree.

COLONEL ADAMS ARMED WITH LARGE RED STICK

In order that he may be better prepared to meet the emergencies of maintaining order in the Lions Club, Colonel C. M. Adams, club persecutor, Friday was presented with a large red club by President Joe B. Mills and given instruction to use it whenever he deemed such drastic methods appropriate.

Mr. and Mrs. J. P. Majors and daughter, Mrs. Merle Toler, left Saturday morning for Sweetwater after visiting relatives in Colorado. They were in town to attend graduation exercises of the senior class. Miss Mabel Ratliff Majors, salutatorian, is a granddaughter of Mr. and Mrs. Majors.

AUDIENCE PACKS C. H. S. AUDITORIUM FOR FRIDAY COMMENCEMENT PROGRAM

Dr. Cox Addresses Seniors; Diplomas And Scholarships Are Awarded

An audience which packed the high school auditorium to overflowing witnessed the graduation exercises of fifty-seven seniors of Colorado High School Friday evening.

On the flower-decked stage were seated John E. Watson, superintendent of Colorado Public Schools; C. A. Wilkins, principal of the high school; J. W. Watson, president of the school board; Rev. Wallace Jones, pastor of the First Christian Church; Bro. J. D. Harvey, pastor of the Church of Christ; and the speaker of the evening, Dr. James F. Cox, president of Abilene Christian College.

To the beats of a march played by Miss Frances Jones, the seniors marched in and were seated. Prayer was offered by Bro. Harvey, following which Sam Venable, salutatorian, gave his address, in which he thanked the teachers for their four years of patient help and urged his fellow students to continue in life the hard work that they had done in school.

"Texas, Our Texas" was sung by the class, with Mrs. Virginia Peden-Deter leading.

The valedictory address was given by Miss Mabel Ratliff Majors. She too, paid tribute to the teachers and to the happy days of high school, welcoming those who next year will take the place of this graduating class.

Dr. Cox was introduced by Supt. Watson. Dr. Cox's address was very practical and to the point as he told the students how to make a success of their college life and the years ahead of them, pointing out that in college they would be on their own and would have to learn to forego pleasure that might interfere with study, how to have money in their pockets without spending it, how to study without help, how to get up in the morning without being called, how to take examinations without cheating.

J. W. Watson, president of the school-board, gave diplomas to the following as names were called by C. A. Wilkins:

Donald Adrian, Leonard Alexander, Harvey Baker, Lenn Bodine, Frank Carpenter, Warren Church, Jack Cox, Charles Garrett, Arthur Geffs, T. J. Geiger, C. W. Hagler;

Marvin Jackson, Robert King, J. M. Kirby, M. C. Lowry, Arlene Morris, Durwood McCright, Flavil Roberts, Omer Rodgers, Elvy Stagner, Louis Taylor, Sam Venable, Dennis Walding, Charles Wigley, Jack Wood, Fred Warner;

Opal Alexander, Burd Allmond, Helen Andrews, Polly Bellomy, Christine Bolin, Leatha Brandon, Mildred Brandon, Frances Coffman, Grace Callan, Estelle Dossey, Vaynelle Erwin, Merle Frazier, Marie Girvin, Audrey Iglehart, Blanche Mackey;

Mabel Majors, Lela Johnston, Iva Lee Pennington, Elizabeth Pond, Memphis Porter, Frances E. Price, Iva Lee Rankin, Cleo Shepherd, Anna Smith, Dora Paul Snively, Susie Beal Snyder, Elvirie Sorrells, Pauline Stewart, Marjorie Taylor, Sidney Thomas, Lovena Wren.

Wilkins presented the scholarships to Miss Majors and Sam Venable. Mrs. S. H. Millwee, president of the Hesperian Club, gave to Miss Majors the five dollars offered by the club each year to the graduate making the highest average. She stated that the fact that the prize this year went to a club daughter was added joy and interest to the club.

The benediction was pronounced by Rev. Wallace Jones.

VALLEY VIEW HAS ALL-DAY PROGRAM

Closing of the Valley View School was celebrated last Friday with a day of ball games and a barbecue lunch. Some 1000 persons were in attendance.

The morning program consisted of two playground ball games, with the school girls playing against the married women in the first one and the school boys versus the married men in the second.

After lunch there were two baseball games, the Colorado Fireboys versus Lone Star, the latter winning, and Loraine versus China Grove, the former winning.

This entertainment was arranged by the trustees of the school, Earl Brown, Eimer Johnson, and M. E. Compton, assisted by H. P. Powers, school principal.

Mahon Will Deliver University Address At Abilene June 7

District Attorney George Mahon is to deliver commencement address before graduates of Hardin and Simmons University, Abilene, June 7. Mr. Mahon graduated from that school with honors in 1922, later taking his LLD degree at State University.

Due to his strong talent as a speaker Mr. Mahon has been called upon to make a number of these school addresses recently, many of which he was forced to decline. He delivered the commencement address at McMurry college, Abilene, a year ago.

Friday Mahon spoke at the Lakeview school in Dawson county. Monday he delivered address at graduation exercises at Stanton high school and Tuesday night he addressed seniors at the Loveland school. Wednesday he spoke at convention of the Rural Carriers association in Post.

BRIDGFORD SLATED TO BE ELECTED LIONS PRESIDENT SUCCEEDING JOE B. MILLS

Mahon And Templeton Given Promotion; Crosthwaite Third Vice Prexy

Dr. R. D. Bridgford, dental surgeon and prominent in affairs of the Lions Club several years, Friday was nominated for presidency of the service organization, succeeding the incumbent, Joe B. Mills. Dr. Bridgford is at present first vice president and has filled several offices in the club.

George H. Mahon, district attorney and candidate for congress from the 19th Texas district, was placed in nomination for first vice president. B. I. Templeton, county clerk, is offered for the berth of second vice and W. N. Crosthwaite for third vice president.

John Deffebach, associated with the Burton-Lingo Lumber Company, was placed in nomination for secretary, succeeding E. V. "Moco" Grantland. Joe H. Smoot, vice president of the City National bank and at present treasurer of the club, is to be re-elected under terms of nomination passed. Smoot was the only official to be offered as a candidate to succeed himself in office.

A. L. McSpadden, assistant Lion tamer during the past year, was nominated for promotion to the rank of Lion tamer. M. O. Chapman, serving as tail twister during the past two years, was the club's choice for assistant tail twister.

That competition is to be keen in balloting for election to the office of tail twister was demonstrated in the mad scramble to place candidates in nomination for that portfolio. J. J. Billingsley, Jack Helton, Henry Vaught and Doyle Williams were all voted a place on the ballot for this office. Vaught is at present assistant tail twister.

With three directors to be elected, five were nominated, as follows: W. W. Whipkey, J. M. Doss, Moco Grantland, J. Lee Jones and R. H. Ratliff. Those elected will succeed Jim Cantrell, Judge C. H. Earnest and G. W. Whitaker, retiring. Hold-over directors are J. H. Greene and E. R. Bibby.

Balloting on the candidates will be an order of business Friday, June 8 and those elected are to be formally installed on Friday, July 6, beginning of the new fiscal year.

SUMMER SCHOOL AT WESTBROOK OPENS

Summer school at Westbrook opened Monday morning with an enrollment of about ten, according to F. H. Patterson, superintendent of the Westbrook schools, who is teaching the summer school.

Patterson will be assisted in his summer work by his daughter, Clara, who is a student in McMurry College, Abilene.

J. P. MAJORS PLEASED TO GREET OLD FRIENDS

J. P. Majors, Sweetwater business man, was among guests presented at the Lions Club Friday, accompanying his son, O. H. Majors, to the meeting. "Coming back to Colorado is like coming back home to me," he said, referring to his several years residence. "It always does me good to shake the hand of these old timers—my friends of other days."

BANKS OBSERVE MAY 30 BY CLOSING DURING DAY

The banks of Mitchell county were closed Wednesday out of respect to Memorial Day, national holiday designated as time for paying tribute to the soldier dead of America. Flags were flown at half mast from public buildings and along the street. The postoffice was also closed during the day.

CAR STOLEN SUNDAY AT BIG SPRING RECOVERED

A car said to have been stolen Sunday night from Cecil T. Horton of Big Spring, was recovered Monday night abandoned on the highway between Iatan and Westbrook. The motor was found damaged, probably by racing with lack of oil in the crank case.

MASTER KEY GIVEN TO E. V. 'MOCO' GRANTLAND

E. V. "Moco" Grantland, secretary of the Lions Club, Friday was presented a Master Key emblem, with compliments of International officers and directors. The presentation address was delivered by Hays Holman. In order to attain that distinction a Lion must obtain not less than ten new members within a given time.

a spicy toast for the groom. Miss Edith Wilkerson gave some words of comfort to the girls left behind.

Mrs. R. E. Bennett read Marie's dream of life at the close of which Master Avery Lynn Jackson came marching in dressed as a groom, carrying a horn with beautiful streamers of the rainbow colors, this being the color scheme carried out in the decorations. His message for the bride was "Follow me and your dreams will come true."

She followed him to the next room accompanied by her mother and Miss Neil Watson of Colorado, where she found many beautiful and useful gifts placed there by her hosts of friends.

As the gifts were opened and admired Miss Hall sang "I Will Be Faithful"

WALDEN SMITH RITES

Funeral rites for Walden Smith were held from the Church of Christ here Wednesday morning, May 30th, with J. D. Harvey, pastor of the Church of Christ at Colorado officiating.

The young man, age nearly 27 years was the nephew of F. C. Sloan and Mrs. Alonzo Phillips of Lorainne and had made his home with Mr. and Mrs. Phillips since a lad 10 years of age.

He leaves as immediate survivors a wife and a half brother of Houston, Texas.

Born December 8th, 1907, departed this life last Sunday, May 27th while on an outing near Houston. He was drowned while helping to save two small girls from the waters of the San Jacinto River.

The body arrived here on the 3:30 passenger train Tuesday afternoon and was met at the station by a large concourse of friends and relatives with G. W. Hendrick, local undertaker in charge.

Active pall bearers were: Robert Hendrick, Robinson Green, Melvin Calhoun, Walter Hock, Allen Swafford, Jack Walker, Jack Coffee, Stanton Hutchins, J. W. Howell, Marvin Edwards.

The body was carried to the Phillips home where it was viewed by many throughout the evening and on Wednesday morning with business houses closed, one of the largest crowds seen in some time, met at the church in tribute of respect for this young man and his loved ones here.

Following the services here he was buried in the Roscoe cemetery beside his mother who died in 1917.

Walden finished high school in Houston, with one year in Abilene Christian College. Since leaving school he had lived mostly at Lorainne being engaged in filling station work for the Magnolia Petroleum Co. In January 1932, he began work in the local postoffice where he worked until October 1933 when he went to Houston.

For the past few weeks he had been employed at Athens, Texas.

He obeyed the gospel when just a boy, holding membership in the Church of Christ here.

He numbered his friends by his acquaintances as was seen by the throng attending the funeral and the massive floral offering. Today, National Memorial Day, was overshadowed by gloom in the hearts of his loved ones and the home where he had been reared as a devoted son. He died in the same American bravery—giving his life that others might live.

Flower bearers were composed of friends: Misses Lola and Mildred Coffee, Fern and Ruth Coon, Winnadell Rowland, Wynona Hardin, Armetta Dean, Julia Tartt, Edith Annie Eves, Bertha Fay Wilkerson, Ruth and Ruby Faye Hock, Oza Gunn, Irene Brown, Margaret Ruth Edwards, Mrs. Jack Coffee, Mrs. Glen Coon.

Relatives from Houston, Lubbock and Roscoe, with many friends from near by towns were among those present.

CHEVROLET FOUNDRY GOES TO NEW HIGH RECORD THIS WEEK IN CASTING POURS

Over 2,000 Tons Of Molten Metal Handled In Day At Saginaw, Michigan

SAGINAW, Mich.—The Chevrolet gray iron foundry, largest in America, has set a new all-time record by pouring in a single day 2,152 tons of molten metal in the making of castings for Chevrolet passenger cars.

The foundry is now working day and night, with two batteries of 12 cupolas in action. The heavy duty machinery, such as the conveyor lines on which the moulds progress from start to pouring and on through the cooling period, is installed in duplicate to provide for continuous pouring; this arrangement permits full production to be kept going constantly, since the maintenance and care of each set of machinery can be carried out while the duplicate equipment is in use.

and trucks, it was announced here today.

During the last month, the average daily tonnage poured has been 1,787, and the hourly tonnage is being further stepped up to meet the increasing demands of car and truck production, which totaled over 110,000 in April.

Shipments of castings for cylinder blocks, pistons, clutch and transmission bearings, carburetors, and other foundry products, in March alone, totaled 12,752 tons. The castings are shipped from Saginaw to be machined into finished units at the Chevrolet axle plant at Detroit, the motor plant at Flint, the transmission plant at Toledo, and the Bay City (Mich.) plant, where castings for carburetors and other small units are finished.

Dr. J. D. Sandefer, President Of Same School Quarter Of Century, Honored

ABILENE.—Twenty-five years as president of one college or university is a record attained by few men. For a president to lift that institution from a position of obscurity to one of the nationwide recognition and to raise personally more than a million dollars for it is also rare. Yet both of these things have been accomplished by Dr. J. D. Sandefer, president of Hardin and Simmons University of Abilene, who this Spring is completing his twenty-fifth year as chief executive of the institution. On June 1 exes and other friends of the school will gather to do honor to Dr. Sandefer. Rev. George W. Truett of Dallas will speak on a morning program at the university auditorium. More than 2,000 written invitations have been sent to alumni and ex-students and all of the 12,000 exes who have attended the school during Dr. Sandefer's administration are included in a general invitation. Although born in Arkansas and educated in Chicago, Dr. Sandefer has lived most of his life in West Texas and claims this region as his home. "Boasting West Texas," is, in fact, one of his hobbies. He once was quoted widely as saying that "one good whiff of West Texas air would clear the cobwebs from anybody's brain." "Although there was nothing here when I came except ranches," he says, "I always had faith that West Texas would develop into a great empire. Many people then believed the country would never grow anything but grass and cattle. But I feel my faith in a greater development has been justified. Since I came here the development in agriculture and industry has been phenomenal." Dr. Sandefer accepted the presidency of Simmons (then a college), after much insistence by the board of trustees, in the Summer of 1909. He had been serving as president of John Tarleton College and authorities of that school refused to accept his resignation. It is a well known fact that Dr. Sandefer was offered the presidency of seven colleges that same Summer. "Why I came to Simmons I have never been able to figure out," he says, "and neither was anybody else able to figure out then." He laughs as he tells of the cane bottom chair in the corner of the library which served as the "president's office." There were three buildings on the campus, all small and inadequate. There were no sidewalks, no drives, no plants except mesquite and post oak, and there was a generous supply of grassburrs. A short while ago, he met a friend on the campus. As he looked out over the 40-acre campus he told the story briefly. The story of the vision he had when he first set to work on that dreary campus 25 years ago. "I looked it over, he said to the friend, "and I saw this drive up the center. Then, since two of the buildings were across from each other, I saw the idea of a horseshoe drive along which the buildings would be placed. I saw trees, walks, shrubs." He went on to talk of other parts of his vision which have not been realized. But as he talked his friend realized that Sandefer, although in many ways the most practical of men, is at heart a dreamer. Jefferson Davis Sandefer was born in rural Arkansas 56 years ago. When he was eight years old he came with his parents to Texas. Arriving on a farm 20 miles northwest of Weatherford. With his brothers, Jeff and Ed, he cleared the farm of its many post oaks and made rails to border the 160 acres. The family lived in a log house. "It was pioneer country then," he says. "Indian raids were common talk. A child had been stolen by Indians a short time before we arrived. "Fort Worth was a small town and had one railroad. We would haul our cotton to Fort Worth and stay in a wagon yard. I well remember how, as a little boy, I would wander about the town at night after we arrived. It was a typical wild western town—plenty of gambling houses, saloons and so on." He also remembers the cattle traffic which was always directed toward Fort Worth. "The highway went by our house and I have seen cattle pass for hours at a time." Most of his boyhood was spent in working on the farm. "There were nine children of us," he tells. "And right here I want to pay a tribute to my mother. She reared eight of those nine children to manhood and womanhood and we never had a doctor in our house. She treated us through all sickness, whether colds or pneumonia." His mother now lives in Portland, Ore. She is 89 years old. His early education was at a log schoolhouse on his father's farm. This school, on the highway west of Fort Worth, was called Lake City. Young Sandefer finished five years of schooling there and then at the age of 18 entered Parker Institute at Whit. There he went through the academy and the college and after six years received his A. B. degree.

EDUCATIONAL LEADER

DR. J. D. SANDEFER

WESTBROOK W.M.S. TO PRESENT PLAY FRIDAY

A three-act play, "A Southern Cynderella," will be presented by the Westbrook Baptist W. M. U. at the Westbrook High School auditorium Friday evening, June 1, at eight o'clock. Admission will be ten and fifteen cents. Cast of the play will be as follows: Madame Charteris, an old aristocrat—Mrs. J. Moore; Enid Bellamy, a Southern Cynderella—Clyde Gaffard; Miss Johnnie Bell Randolph—Mrs. W. T. Brooks; Katherine Hawke, an English nurse—Jimma Taylor; Caroline Hawke, an adventuress—Mrs. Bruce McCallum; Mammy Judy Johnson, a blue grass widow, Alynne May. While he has been busy for this quarter of a century managing the affairs of the school, he has appeared probably more than any other one man on the speaker's platform throughout West Texas and other parts of the State. Most of his speeches have been in the interest of temperance, education, civic righteousness. He has acted as president of the Texas Baptist Convention, has toured Europe twice, and has toured Panama and Cuba. "I have always regarded travel," he says, "as a great asset in qualifying a man for work as an administrator in higher education." After the first few years at Simmons an LL. D. was conferred upon him by Baylor University. When asked to state what he considered his greatest achievement, Dr. Sandefer declined to make a direct answer, but said that he did admit he was rather proud of the fact that in all his endeavors for Simmons he had never harassed the Baptist denomination for money and that he had never made a recommendation to the board of trustees that had not been carried out. "I never have trouble with teachers, either," he said. "Furthermore, I have never had more than two or three serious cases of discipline in my 40 years as an administrator." Regarding the gifts which he has obtained for the school, Dr. Sandefer called attention to the fact that many of them have been secured from outside of the denomination. "Some of our largest gifts have been from Methodists and Presbyterians," he said.

SHERIFF'S SALE

THE STATE OF TEXAS, COUNTY OF MITCHELL. NOTICE IS HEREBY GIVEN That by virtue of a certain Order of sale issued out of the Honorable District Court of Mitchell County, on the 29 day of April 1934, by J. H. Ballard, Clerk of said Court for the sum of Two Thousand Nine Hundred and Forty Seven and 35/100 Dollars and costs of suit, under a Judgment in favor of J. M. Bruce in a certain cause in said Court, No. 5400 and styled J. M. Bruce vs. W. E. Reid et al, placed in my hands for service, I, R. E. Gregory as Sheriff of Mitchell County, Texas, did, on the 1 day of May 1934, levy on certain Real Estate, situated in Mitchell County, Texas, described as follows, to-wit: All of the Southeast one-fourth (S. E. 1/4) of the Northeast one-fourth (N. E. 1/4) of Section Number Fifty (50) in Block Number twenty five (25) of the Texas and Pacific Railway Company surveys of land in Mitchell County, Texas, containing 40 acres of land, and levied upon as the property of W. E. Reid, Freida M. Reid Scott and husband Wade Scott and that on the first Tuesday in June 1934, the same being the 5 day of said month, at the Court House door of Mitchell County, in the City of Colorado, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Judgment and said Order of sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said W. E. Reid, Freida M. Scott and Wade Scott.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Colorado Record, a newspaper published in Mitchell County. Witness my hand, this 1 day of May 1934. R. E. GREGORY, Sheriff Mitchell County, Texas. June-1-chg.

WHY HELEN, DON'T THE ICE TRAYS STICK? MY DEAR, ICE TRAYS THAT STICK ARE OUT-OF-DATE. Ours is a Frigidaire '34' automatically—at a finger touch—ice trays glide from the freezer of the Frigidaire '34! But that's only one of the features of this fine Frigidaire. For instance, the Super Series Frigidaire '34 has automatic defrosting; it has Lifetime Porcelain inside and out; it has the new Sliding Utility Basket for eggs and small articles; and the Frigidaire Servashelf that's so convenient when rearranging things in the refrigerator. Nor is that all!... double Hydrator capacity; interior lighting; faster freezing; and more-than-generous food space, with extra room for tall bottles. And the powerful, quiet motor operates on a remarkably small amount of current! Will you come in and see what's happened in electric refrigeration? ULTRAMODERN BUSES TO BE PLACED IN OPERATION BY GREYHOUND JUNE 15TH

Deluxe Coaches To Replace Machines Now In Use On Through Schedules

Fifteen new ultramodern buses will be placed in service over the Southwestern Greyhound Lines by June 15, Paul W. Tibbets, president of the company, announced today.

The new buses will operate through this city and will provide transportation from St. Louis to El Paso via Tulsa and Dallas without changing buses. Only one change is necessary between St. Louis and Los Angeles.

Although the buses have been ordered for several months, the great demand for this improved type of coach by Greyhound companies throughout the nation has made it impossible for the Southwestern Greyhound Lines buses to be delivered before about June 15.

Normal capacity of the buses will be 33 passengers, with folding aisle seats providing for a total capacity of 40 persons in addition to the driver.

The new coaches are being built according to the specifications of the Greyhound company. They will embody the latest principles of streamlined bodies and all the latest improvements of motor coach engineering.

Increased leg room for passengers; even more comfortable, individual deep-cushioned reclining chairs; and a new ventilating system affording optional control at each window will be popular features of the new coaches.

Riding comfort will be further increased through use of special long-length, tempered springs. Grubby shock-absorbers, and over-size ball-bearings. Tropic-Aire heaters, front and rear, for cold weather will be standard equipment.

Extra powerful four-wheel air brakes will provide a total braking surface of 863 square inches. Windows are of shatter-proof glass throughout.

Road delays are virtually impossible, in view of the fact that the engine is entire dual. Dual type carburetor, dual ignition, dual fuel pump, dual fan belts, dual spark plugs—operate together or independently of each other to insure continuous perfect operation en route.

Increased power and smoother performance of the engine are provided, including quicker pick-up in low gear.

Two Charged After Bogus Bill Passed At Coahoma Friday

BIG SPRING.—Edgar Doyle, Winnsboro, and Charles Howell, Trent, were being held Saturday in the county jail for federal authorities in connection with passing of a bogus bill in Coahoma Friday evening.

The pair was arrested near Westbrook Friday night by Deputy Sheriff B. F. McKinney of Coahoma. They were identified by Carl Bates, Coahoma merchant, as the two who passed a twenty dollar bogus bill to him in payment for merchandise. They were alleged to have confessed.

McKinney rushed in pursuit of the two when Bates discovered the bill was not genuine.

Saturday morning he returned to the spot where they had left their car when he brought them back to Big Spring and said that he found the merchandise and three bills where they had been thrown from the car the night before.

WOMEN, GIRLS' CLUB NEWS

By MISS EMMA GUNTER, Home Demonstration Agent

A small irrigated plot 40x40 feet, out in the midst of the Magnolia Camp oil tanks, supply-houses and tools, supplies Mrs. Jeff Hillhouse, garden demonstrator for the Iatan club with some fresh vegetables for her table. Mrs. Hillhouse has had radishes, onions, potatoes and beans from her garden. She will soon have squash. She plans to keep a production record so that we may know the true value of this little garden by the time it has quit producing. Most of the families in this camp have gardens which help in the menu for they are removed from town and cannot get everything at a moment's notice.

"When are you coming to see me?" was the question asked by Mrs. M. A. Webb, bedroom improvement demonstrator of the Looney women's club. I have my clothes closet built, and my hooked rug finished, now I am ready to work on my tufted bedspread. I want to work on my floors next, using the oil, vinegar, kerosene treatment." Not only has Mrs. Webb done her own work under inspiration but she had had enough to get Mrs. Dewey Webb make a hook-

ed cotton rug for her house. Mrs. Webb entertained 26 people at a quilting at her house last week and as a result 5 new club members were enrolled.

"A place for everything everything in its place," will be the slogan of Melba Ruth Adams, 18-year-old bedroom improvement demonstrator of the Carr Girls Club.

The first of May while her father could not work in the field, with the help of a neighbor man and the careful supervision of her mother, a very efficient clothes closet was arranged from the old one. The closet is 7x3x8. To start with it only had a high rod that held all of the clothing of the Adams family and a storage box for quilts. The first thing that was done was to line the walls with beaver board and ceiling to keep out the dust and sand, as the Adams live in a sandy community. Then five shelves 2 feet deep were put in the west end of the closet for the storage of quilts, blankets, boxes, etc. A lower rod was built to the back of the high rod for Melba Ruth's clothing since she is not over 4 feet tall and needed a lower rod. Also a

shelf for storing shoes was built at this end so that the floor of the closet is now free and can be kept cleaned more easily. Besides being more efficient this closet held more things and keeps things more orderly.

Wearing a clear blue, 1-ack printed linen dress that brought out the blue of her eyes, Mrs. J. M. Hahn, clothing demonstrator of the Iatan club said when the county home demonstration agent, complimented her dress, "I checked the pattern of this dress with my foundation pattern."

After checking over Mrs. Hahn's clothing for this season and for the activities she enters it was found that Mrs. Hahn had purchased wisely. She will keep an accurate check on her clothing expenditures and record them so that at the end of the year she will know just how much she has spent on her self and if she feels that she has been well dressed on the amount spent.

Plans are in the air for saving every penny she can get for her bedroom improvement work as was discussed when the agent visited Mrs. Dewey Phillips, bedroom improvement demonstrator of the Iatan club. Mrs. Phillips has been working on her tufted bedspread this month and will do her bed improvement work first since the bed is the most important thing in a bedroom. Then

her clothes closet needs the rod lifted or raised 6 inches so that her clothing will not touch the floor and shelves need to be added for storage of clothing. Other improvements such as going over the floor with a coat of gray paint, repairing windows, adding window curtains, a vanity dresser and a rug will be worked on as time allows.

ANNOUNCING Jack Hale, Now In Charge Of Conoco Sta. No 1 "Will Appreciate Your Patronage"

A DOLLAR AND A HALF WORTH OF OIL PROTECTED THIS MOTOR FOR OVER FOUR THOUSAND MILES!

Low Consumption and Motor Protection proved in the most daring and convincing Motor Oil Test ever made

WHEN New and Improved Conoco Germ Processed Motor Oil was perfected, it had lubrication values so great that a mere statement of them would seem absurd. Could you believe that only five quarts of oil before wrecking itself? It did—and Conoco proved it in competition with five widely known, nationally advertised, quality brands of motor oil!

The competition was held at the Indianapolis Motor Speedway, under the supervision of the Contest Board, American Automobile Association. Six new, strictly stock cars, were used—a different oil of the same S. A. E. grade in each.

After the cars were broken in for 2,500 miles, they were drained, examined and a fresh fill of five quarts put in each crankcase. No more oil was added. Then the cranks were sealed by an AAA official. The real test began. It was ordered that they be driven at an average of 500 miles a day at 50 miles an hour until their motors failed to operate. Oil No. 4 was first to fail at 1,713.2 miles. Oil No. 6 failed at 1,764.4 miles. Oil No. 5 ruined its motor at 1,815.9 miles; three of them were out of the running. The next day Oil No. 1 failed to lubricate and, its motor wrecked, stopped at 2,266.8 miles.

Two cars—two oils—still left in the test. Oil No. 3, after a remarkable run of 3,318.8 miles, came to a shuddering stop, and the last competitor of New and Improved Conoco Germ Processed Oil, was out. The lone car, with this tremendously vital oil, labeled No. 2, went on and on. On the tenth day, at an almost unbelievable total of 4,729 miles, it failed—an all-time record mileage on a total of five quarts!

The "Hidden Quart" of new oily penetrativeness won—the greater film strength and higher resistance to the effects of dilution—the absence of carbon and sludge—all aided in this great achievement. It firmly supported Conoco's patented principle of added oiliness—it proved every claim. Conoco alone can make oil this way. It is covered by recent United States patents.

You can have this oil in your car, for it costs no more than other quality oils. Drive into a Conoco Station or dealer, marked by the Red Triangle. Fill and know the satisfaction, the freedom from repairs, the economy of low consumption that only Conoco gives.

Five quarts of each brand of oil were carefully put in the cars by AAA officials.

Here are the Representatives of the Contest Board of the American Automobile Association who supervised every detail of the test and attested to the records made.

The official sealing of crankcases after fill of five quarts was put in. No addition of oil was permitted in this "destruction" test.

Warning
to new car owners...
Some car manufacturers are using new types of bearings which will stand greater pressures and temperatures, resulting from increased power and speed. New and improved Conoco Germ Processed Motor Oil has been exhaustively tested on these new bearings. The results show that it gives them greater protection against damage than any straight mineral oil now on the market. Protect your new car by using the motor oil you can be sure of.

Colorful Yard West Of First Baptist Church Result Of H. W. Mueller's Work

He grows flowers just because he loves them, but his yard probably furnishes more pleasure to passers-by than any other in Colorado.

"He" is H. W. Mueller, native German and Spanish War veteran who lives in the house just west of the First Baptist Church. All spring his yard has been a riot of color and has been a source of comment by the many who pass it each day.

Mueller and his wife have lived all their life in rented homes, but everywhere they have lived over a growing season he has grown masses of flowers. The yard of his present home was "just a yard" when he moved there two years ago.

"I love flowers," he says simply. "I care nothing for loafing on the streets, because I would rather come home to my flowers. There is nothing in life for me without a pretty place to live."

The flowers he grows are not so uncommon, but their coloring and profusion and the neatness with which the flower beds are laid off, make the yard appear unusual.

Those blooming now include red verbenas, petunias, carnation pinks, larkspur, snapdragons. Others which will bloom later are chrysanthemums, periwinkles, candytuft, and touch-me-nots.

Flower beds are bordered with white-washed rocks, and the paths are graveled. The patches of grass are neat and very green.

The latest addition to the yard is a fish-pond, built by Mueller only last week. He still has to get the fish, he says, and gives the impression that the fish will be only incidental to the water lilies and other water plants he will get to grow by having the pond.

Mueller is a native German, his birthplace being Westfale, Germany. He came to the United States when he was fourteen, landing in Galveston and living first in Lockhart. Since then he has lived in Washington County, New Braunfels, Mart, and Abilene. He has been in Colorado for nearly thirteen years, working seven years for the Oklahoma Gin Company and the past five years for the Col-Tex Refinery.

Mr. and Mrs. Mueller have two children, Mrs. Otto Schwining of Roosevelt, Texas, and Irvin Mueller, who is also a Col-Tex employee.

Why I Like A Modern Gas Kitchen, Subject Of Essay Matter

Customers of the local gas company are given an opportunity to win gas kitchen appliances in an essay contest launched throughout the territory served by companies in the Lone Star gas system.

The subject of the letter writing contest is "Why I Like a Modern Gas Kitchen." There will be fifty valuable prizes, totaling in value more than \$1,500. The prizes have been donated for advertising purposes by the manufacturers of the appliances.

Leading the list is the grand prize consisting of the three essentials of the modern kitchen—an Electrolux gas refrigerator, an automatic gas range and an automatic gas water heater. The other prizes include automatic ranges of the latest design, automatic gas water heaters, another gas refrigerator and many room heaters.

The purpose of the contest is to acquaint the public with the convenience, economy and all-around advantages of modern gas appliances.

All the contestants have to do is to write a letter giving his ideas of the advantages of the gas kitchen. The letter is to be mailed to Gas Contest Judges, 301 South Harwood, Dallas, or left at the local office of the gas company. Literature on the contest may be obtained at the gas company office or by writing the contest judges.

The contest opens Friday, June 1, and closes June 30 and is open to all customers of companies in the Lone Star Gas system, except employees and members of their families. There is no restriction on the length of the letters. They will be judged on the ideas submitted. Three representatives of three leading Texas colleges will act as judges.

HENS 'FATTENED' BY WATER INJECTIONS, IS CLAIM OF HOUSEWIVES

Watered stock in the form of "needled chickens," has made its appearance in San Angelo and Food Inspector Willis Barbee has asked the city commission to take action.

It appears that San Angelo women who thought they were buying fat hens were instead buying part water. The persons who dressed the fowls had injected water into each leg and into both sides of the breasts, giving the appearance of fat chickens.

The commission ordered City Attorney Robert Hughes to look into the matter. He found the merchants who sold the hens had been badly fooled as the housewives. Action is promised.

HOME NURSING CLASS CLOSED LAST THURSDAY

The last meeting of the Red Cross Hygiene and Home Nursing class taught by Mrs. W. L. Hester the past six weeks was held in the City Hall Thursday.

Examination papers were turned in by Mesdames R. D. Hart, J. W. Shepperd, Walter Henderson, Clyde White, Jim White, Tom Grant, Sue Finley, Misses Monte Holliday, Nelle Riordan, and Davenport, the last named from Westbrook.

At the conclusion of the examination the class presented Mrs. Hester with a beautiful vase. She had given her time and brought splendidly prepared lessons at each session without a cent of pay. During the sessions her husband was in the hospital which had made it even harder for her.

Refreshments of chicken sandwiches, olives, potato chips, iced tea and pie with whipped cream was served by the class. Mrs. Jeff Dobbs who had arranged the class was a guest.

Cottonseed meal has been found to be one of the most satisfactory plant products for raising brook trout.

POPULAR LETTER WRITING CONTEST ANNOUNCED HERE BY NATURAL GAS UTILITY

Why I Like A Modern Gas Kitchen, Subject Of Essay Matter

Customers of the local gas company are given an opportunity to win gas kitchen appliances in an essay contest launched throughout the territory served by companies in the Lone Star gas system.

The subject of the letter writing contest is "Why I Like a Modern Gas Kitchen." There will be fifty valuable prizes, totaling in value more than \$1,500. The prizes have been donated for advertising purposes by the manufacturers of the appliances.

Leading the list is the grand prize consisting of the three essentials of the modern kitchen—an Electrolux gas refrigerator, an automatic gas range and an automatic gas water heater. The other prizes include automatic ranges of the latest design, automatic gas water heaters, another gas refrigerator and many room heaters.

The purpose of the contest is to acquaint the public with the convenience, economy and all-around advantages of modern gas appliances.

All the contestants have to do is to write a letter giving his ideas of the advantages of the gas kitchen. The letter is to be mailed to Gas Contest Judges, 301 South Harwood, Dallas, or left at the local office of the gas company. Literature on the contest may be obtained at the gas company office or by writing the contest judges.

The contest opens Friday, June 1, and closes June 30 and is open to all customers of companies in the Lone Star Gas system, except employees and members of their families. There is no restriction on the length of the letters. They will be judged on the ideas submitted. Three representatives of three leading Texas colleges will act as judges.

IN SOME WAYS THIS BANK IS LIKE A COUNTRY STORE The old-time country store keeper was a good judge of human nature. He had to be. He got many requests for goods on the credit and he needed to know—and usually did know—when to say 'yes' and when not to. Modern banking despite advance bookkeeping and adding machines, is a human business, too. To protect his depositors, a good banker relies on not one but several sets of dependable factors when considering a loan. But, if he is wise, he looks beyond what mere statistics tell him. He learns to size up his man. He makes it a point to know as much as he can about his applicant's ability, energy, integrity and sense of responsibility. For figures may occasionally mask the truth. You can't juggle human nature. Here at the City National Bank we never depend entirely upon machine-made statistics where our depositor's money is concerned. We always make our decisions in the light of what we know of a man's character. City National Bank COLORADO, TEXAS

Bauman News Last Sunday was a record day for the Sunday School at Bethel church. The attendance was 92. Every one is invited to attend Sunday School at Bethel church each Sunday morning at 10:00 o'clock. Rev. Willis J.
