STORES AND OFFICES WILL CLOSE ON FOURTH, STATES CHAMBER OF COMMERCE

Business And Professional Interests Plan Extending Cooperation To Fete

Stores and offices in Colorado are to be closed on the Fourth as contribution from the city's business and professional interests in making the Anniversary Day celebration a success, according to statement given The Record Tuesday morning by Jim Greene, secretary of the chamber of commerce.

Greene recalled that several months ago a closing agreement was entered into by these interests here. The pact calls for closing business on July 4th, Thanksgiving and Christmas, Greene stated.

The chamber secretary continues optimistic in discussing the annual celebration. "Every indication points to a record attendance and an entertainment program of unusual merit," he declared.

The blasts of band music and strains set up by vocal chords are to mingle in a patriotic musical fest at the park band shell on evening of the Fourth, Sam J. Smith, director of this entertainment feature, has announced. Smith is anxious that interested singers of the county be present prepared to take part in the song rendition. This program is slated to begin at 8 P. M.

Manager Ward of the rodeo is promising much for patrons of this internationally popular sport. Wild steers, horses and cows, about which this attraction will be centered, are now being concentrated in Abilene to be brought here.

General manager Jim Greene stated Thursday at noon that he and heads of the several directing committees would outline in detail within the next few days program for the celebration.

Candidate Issues Statement Of Appreciation For All They Have Done

George Mahon, candidate for congress from the 19th Texas district, Monday afternoon issued a statement for publication in which his appreciation for the support given his candidacy was expressed. Mr. Mahon elected to make statement through the press due to his inability of seeing all of his friends in person. The statement follows:

"I wish I had the opportunity of seeing each of my friends in Mitchell county and personally thanking them for the wonderful cooperation and assistance they are giving me in my race for congress. It is an inspiration to me to have such unselfish backing by my home people.

"I spend almost every day in counties of the district where I am not so well acquainted, and I meet friends and relatives of my home people who are for me because of favorable reports from the people here. Only a man who has run for office can fully appreciate how much this means to a candidate.

"I have no way to reward you for this fine support except to conduct a clean and vigorous campaign. I would like to attend many of the local meetings here but I feel that you will think it best for me to work elsewhere among the 25 counties of this district. I have met thousands of people and spoken at many political gatherings. I feel that I have many friends in every county of the district. At no place have I found the people unfriendly or prejudiced against my candidacy.

"I shall not look back until all the votes are counted, and though I am not frequently with the home people I am always mindful of their good wishes and support."

LONG BALLOT WILL GREET MITCHELL COUNTY VOTERS IN ELECTION ON JULY 28

Candidates In Large Number Bidding For Favor At Polls This Year

When the Mitchell county citizenries away to the ballot box on Saturday, July 28, to exercise his suffrage in democratic primary election he will be greeted by one of the most voluminous ballots seen in a number of years. Candidates in large number are bidding for favor at the polls this Summer.

The ticket, as a rule, will be long in each of the several divisions, so to speak, with competition ranking strong for precinct, county, district and State offices with few exceptions.

There will be eight candidates having their names on the official ballot as aspirants for nomination to the office of county clerk, J. A. Buchanan, chairman of the county democratic executive committee, stated Wednesday.

In the scramble for tax assessor and collector are a total of five citizens, while four are offering their names as potential nominees for the office of county judge. Four candidates have qualified to have a place on the ballot as candidates for county school superintendent.

There are to be three candidates for the offices of district judge and county commissioner in precincts two and three. Precinct one (Colorado) is to offer a field of five candidates from which the voter may select his choice for commissioner.

There are two candidates for sheriff meeting qualifications for a place on the ballot, along with a similar number for county attorney, commissioner of precinct four and justice of the peace in precinct one. There will be the names of two candidates for constable at Colorado.

Loraine is offering a field of six for nomination to the office of public weigher, but no candidates were qualified from there for justice of the peace or constable.

The above figures are taken from records in office of Mr. Buchanan and indicate the number of candidates filing for place on the official ballot prior to Friday of last week, last day under the election laws in which such may be done.

Allotment On Lint Basis Is Explained By County Agent

The county farm agent Tuesday gave out the following statement for publication:

There has been a great deal of discussion among those farmers that are receiving checks and Notice of Acceptance from the county agent. On the Notice of Acceptance, column 11 entitled "Farm Allotment" there is given the number of pounds of lint cotton. This number of pounds of lint deals with the Farm Allotment, and is the basis of the parity payment due in December. It represents 40 per cent of the average yield of the Base Acres multiplied by the yield per acre. There is no connection between the Farm Allotment under your 1934-35 cotton contract and the Bankhead allotment, which permits a farmer to gin a given number of bales of cotton tax-free. Please do not confuse the two-Farm Allotment and the Bankhead Allotment.

TOP OF HEAD BLOWN OFF WITH CHARGE FIRED INTO MOUTH FROM SMALL GUN

'Suicide Or Accident' Found As Coroner's Verdict; Funeral Friday

G. C. Shultz, 81, residing with a son, Ben Shultz, at the latter's farm home one mile west of Loraine, was found shot to death Thursday morning at 9:15. Ben Smith, Loraine peace justice who directed an inquest, stated to The Record's Loraine correspondent shortly after noon that he had not determined whether the gun was fired accidentally or the aged man took his life in suicide.

Mr. Shultz frequently hunted rabbits near the home with a 20-gauge shotgun. He was sitting on front porch of the Shultz residence when members of the family heard a muffled gun report. Going to investigate they found the aged man dead with the gun beside him.

County Attorney Dell Barber went to Loraine soon after the tragedy to assist Coroner Smith and J. A. Crosby, deputy sheriff there, in an investigation of the matter. They found that muzzle of the gun was placed in the aged man's mouth before being discharged. A portion of his face and top of his head was torn away.

In statement to the officers Ben Shultz stated that he could think of no cause why his father should take his own life. "He has apparently been in fine spirits and contented here and we never suspected that he would elect to destroy his life," Shultz said. Belief that the man committed suicide is being entertained by a majority of those who Thursday morning visited the scene.

Upon returning to Colorado at upon the county attorney described the tragedy as one of the most gruesome he had ever seen. The charge that ended Shultz's life carried away a considerable portion of his face and head, spattering brains and blood about the ceiling above, so Barber outlined.

Ed Shultz, also a resident of Loraine, is another son. Ben Shultz had just left the residence to go to Loraine when the shot was fired.

Funeral arrangements had not been completed Thursday afternoon at 2 o'clock, aside from the fact that services would be held at the Ben Shultz residence Friday afternoon with burial in a Sweetwater cemetery.

Simplicity Marked Marriage Of Miss Rose And Luke Thomas Sunday Morning

Characterized by simplicity, the marriage of Miss Lucille Rose, daughter of Mr. and Mrs. W. A. Rose of Colorado, and Luke Thomas, son of Mr. and Mrs. C. H. Thomas of near Lorraine, took place Sunday morning at nine o'clock at the home of the bride's parents. Only the families and close friends were present.

While the wedding party entered and all during the ceremony Mrs. N. H. White softly played Lohengrin's Wedding March.

The bride's only attendant was her sister, Katherine, who wore a dress of blue crepe with white accessories.

The bride herself was dressed entirely in white, wearing a white crepe dress and a closefitting white straw hat. Her shoulder corsage was of pink lilies and Briar Cliff roses.

The groom had as his attendant his brother, Glenn Thomas. Both men wore business suits.

The ring ceremony was said by Rev. P. D. O'Brien, pastor of the First Baptist Church, in front of an improvised altar consisting of an ivy-colored screen flanked by stands of fern.

Immediately after the ceremony Mr. and Mrs. Thomas left on a week's wedding trip which was to include Carlsbad Caverns and other points. Mrs. Thomas' going-away costume was a brown pique ensemble with white accessories.

Mr. and Mrs. Thomas are to be at home after this week at the Harbison apartments.

Both Mr. and Mrs. Thomas are well-known in Colorado, being prominent in activities of the young set. Both are graduates of Colorado High School. Mr. Thomas attended Prentiss Tech at Lubbock and is a member of the business firm of Thomas Bros. here. Mrs. Thomas has been employed for several years in the office of Dr. T. J. Atiff.

The Rainbow circle, of which Mrs. Ed Grubbs is leader, had about fifteen present. The Bible study was conducted by Mrs. Benton Templeton. Members of the circle are quitting each afternoon this week until their present quilt is finished. Next Monday afternoon's meeting is to be at 3:30 in stead of 4.

Six dollars, enough to finish the circle's quarterly payment, was collected at the Dobbs Circle meeting. Plans for the new study, which will probably be the Book of Exodus, were discussed. Mrs. M. A. Berry offered the closing prayer.

Several homes needing food and clothing had been visited by a group composed of Mrs. Garrett, Mrs. Cal C. Wright, Mrs. Sam Smith, and Mrs. Jeff Dobbs. Mrs. Dobbs said in her social service report that a health program had been given for negro women of the town. Representatives of the class had met with the negro Women's Methodist Missionary Society at their church.

DOZEN TESTS PLANNED BY CALIFORNIA CO. AT IATAN AND ADJOINING TERRITORY

First Of Series Are Being Drilled On Bell And Dodge Surveys

The California Company will drill a dozen tests on its properties in vicinity of Iatan, it was announced from the corporation's Colorado offices recently. Two of the wells, one on location on the Bell lease and the other on the Dodge tract, are being drilled. Others are to follow, two at a time.

Bell No. 1, in the northeast quarter of section 12, block 30, township 1 south, T. & P. Ry. Co. survey, had drilled to 895 feet in redbed. Dodge No. 1, in southeast quarter of section 1, block 30, spudding June 8, was reported as making good progress in redrock.

With reference to other developments in the Iatan-Chalk sector, the

San Angelo Standard-Times for Sunday said: Humble added a 544-barrel producer in Howard county last week in No. 3 Settles, Sinclair-Prairie No. 11 Dodge filled 600 feet with oil and Plymouth No. 10 T-P Land Trust pumped 45 barrels the first hour after being treated with acid.

Humble No. 3 Settles drilled the first pay from 2,312-15 feet and had increases at intervals to 2,388 feet in lime, the total depth. On a pro-ration test it pumped 640 barrels of fluid, 1 1/2 per cent water, the remainder oil. Running of acid or deepening was likely. The well is in section 132, block 29, W. & N. W. Ry. Co. survey.

Sinclair-Prairie No. 11 Dodge, in section 11, block 30, township 1 south, T. & P. Ry. Co. survey, filled 600 feet with oil, mainly from 2,465-35 feet, in-drilling to 2,540 feet in lime. It had an oil showing from 2,445-50. The same company's No. 12 Dodge had reached 1,890 feet in lime and anhydrite.

Plymouth No. 10 T-P Land Trust, in the southwest quarter of section 5, block 32, township 2 south, T. & P. Ry. Co. survey, pumped 45 barrels of oil the first hour, 32 1/2 bar-

rels the second hour, 27 1/2 barrels the third hour and 25 barrels the fourth hour. It was to be shot or deepened. The week before the well was treated with 1,000 gallons of acid. Plymouth No. 11 T-P Land Trust had drilled to 978 feet in blue shale.

Continental No. 2 Gilbreath, in the northeast quarter of section 24, block 33, township 2 south, T. & P. Ry. Co. survey, was retreated with 2,000 gallons of acid and a 135-barrel oil load under 300 pounds pressure and was rubbing tubing and rods to test. Following treatment with 1,000 gallons of acid and the removal of a 200-barrel oil load the well pumped 20 barrels of oil hourly on a four-hour test. Continental No. 3 Settles, in the northwest quarter of section 133, block 29, W. & N. W. Ry. Co. survey, had drilled to 2,700 feet in sand and shale.

Stacy B. Dorn and others' No. 1-A Davis had drilled to 2,730 feet. After treating upper pay with 1,000 gallons of acid, when bottomed at 2,573 feet, it pumped 146 barrels of oil the first 24 hours and 102 barrels the next day. Dorn and others' No. 1-B Davis had drilled to 686 feet in redrock. Both are in section

2, block 30, township 1 south, T. & P. Ry. Co. survey. Tools were being moved in for Sinclair-Prairie No. 1 Davis in the same section.

WHAT COL-TEX REFINERY MEANS TO COLORADO, IS POPULAR CONTEST THEME

Jake Richardson Announces
Letter Writing Contest
To Open This Week

A popular contest about which is centered Mitchell County's major industrial enterprise is announced by Jake Richardson, wholesale dealer agent for Col-Tex-refinery products in this territory.

The contest, as outlined in statement by Richardson in another column of The Record today, will be centered about the subject, "What Col-Tex Refinery Means to Colorado and Mitchell County." The only condition in order to enter for competition is to write, in your own way, a letter in which that question is answered.

Due to prominence of the refinery as a material asset to the city and county, it is expected that strong interest will develop in the contest from the start. The letters must not contain over 300 words and must be in office of Mr. Richardson not later than July 20th.

Bauman News

A nice rain fell on part of the Bauman territory last Sunday afternoon. The rain coming from the southwest reached to about a mile and a half north of the schoolhouse. A great deal of hail fell on farms southeast and east of Bauman causing considerable damage to the crops. Sunday school was well attended last Sunday. There were 65 present. Let us have a hundred in Sunday school next Sunday. There will be preaching at Bethel Church this Saturday night and Sunday. You are invited to attend these services. B. Y. P. U. meets each Sunday evening at 7:30.

A large group of people from the Bauman community met at the school house last Friday night and enjoyed an ice cream social. Those gathered for making cream may be more of us as the temperature continues to rise. As a result of last week's playground ball playing, the standing of the teams are as follows: West Side won 5 and lost 2. East Side won 2 and lost 5. Come see these games each Tuesday and Thursday after-

noons and have a good time. Little W. A. Miles visited his home in Big Spring from Friday until Sunday. Mr. and Mrs. A. R. Miles motored to Big Spring Sunday. Mr. and Mrs. M. D. Cheek left last Wednesday for Glen Rose, Tex. Mr. and Mrs. Clyde Slaughter were visiting Mr. and Mrs. Jim Lee last Sunday.

Mr. and Mrs. W. E. Witherby were visiting with Mr. and Mrs. C. L. Lee a little while Sunday afternoon. Mr. J. M. Bruce and family were visiting his son Mr. Malcolm Bruce and family Sunday afternoon.

The people of the Bauman community are going to be given a real treat soon. A play, the title is "Oh, Aunt Jerusha" will be presented at the school house in about 10 or 15 days. Watch this paper next week for further details about this play because you don't want to miss it. This play is something different from anything that has been presented at Bauman before.

COLORADO ATTORNEYS TO ATTEND BAR ASSOCIATION CONVENTION NEXT MONTH

Fifty-Third Session Set To
Open In Fort Worth On
Thursday, July 5

The Colorado bar will be represented at 53rd annual convention of the Texas bar association to be convened for three days Thursday, July 5th, at the Blackstone Hotel, Fort Worth, Thos. R. Smith, director for the 11th district, announced Monday.

An unusually interesting program has been arranged for the meeting. Hon. Earle W. Evans, president of The American Bar-Association, will be the principal speaker, and there will be other nationally prominent speakers. In addition to the routine business of the convention, addresses will be given by prominent members of the bar in Texas on subjects of particular interest to Texas lawyers.

In addition to the business matters, there will be an unusual series of entertainments provided for visiting lawyers and their wives, including a barbecue and the annual banquet on night of the 7th, at which Hon. Henry P. Burney, of San Antonio will be toastmaster.

One of the outstanding features of the program will be a luncheon on July 5th, at which all the lawyers of Texas, who have practiced fifty years or longer will be honor guests. Personal invitations, have been sent to all of these old-timers and it is hoped that a large part of the 150 or more eligible will attend.

The largest attendance in years is expected to be present at this meeting, and the Tarrant County Bar Association is sparing no effort to make this a memorable meeting.

Two members of the local bar are invited guests to the honor luncheon—Hon. R. H. Looney, in the practice since 1876, and Hon. C. H. Earnest, since 1880. Another former member of the local bar, Hon. Ed J. Hamner of Sweetwater, has been practicing since 1884, and is still active. Among those expected to attend the meeting from Colorado are R. H. Ratliff, Smith, and probably others.

Annual rodeo and barbecue celebration at Lamesa is to open Saturday for two days. The Record has been informed by Bill Wilson, secretary of the chamber of commerce there. Prizes totaling \$500 have been posted in the rodeo contests.

FIELD CROPS, GARDENS BATTERED BY FROZEN PELLETS

HUNDREDS OF ACRES LEFT BARREN IN WAKE OF HAIL STORM SUNDAY AFTERNOON

Replanting Started Monday By Farmers Southeast Of Colorado

Battering field crops and gardens into the ground and rendering ripening fruit into a mass of debris, a destructive hail storm passed over a considerable territory south and southeast of Colorado late Sunday. Hundreds of acres where before were promising crops of cotton and feed were laid waste by devastating effect of the hail pellets.

The storm struck four miles south of Colorado and one and one-half miles west of the Seven Wells road. Covering an area from one and one-half to two miles wide it passed south of east for several miles. Some damage is reported as far away as Maryneal in Nolan county.

The hail stones were small which accounts for the fact little damage resulted to roofs and other properties. Young cotton and other field crops were reduced to battered shreds due to a strong gale that carried the hail to earth with considerable force.

Farmers in the storm's path, after checking damage tolls Monday morning, started the work of replanting crops that the day before had been ruined. Rain fell in torrents for a brief time following the hail.

A. E. Maddin was exhibiting bare stems of what before the storm had been an unusually good field of cotton on his place. All vegetation was beaten away and in some instances the stalk had been battered by the hail pellets.

"Three inches of rain fell on my farm within thirty minutes time by the watch, engulfing the place in flood of water of such proportions as to break every terrace we had. Maddin went on to say, "My feed crop is a total loss and must be planted over."

Maddin stated that before the hail he had some early feed that was head out and promising of a good yield. "Other farms in that vicinity were swept clean of field crops and gardens by the storm, with losses mounting to high figures," he concluded.

Belief was expressed by Mr. Maddin that his cotton, due to its advanced growth, would survive the storm and come out. He recalled that several years ago he sustained a similar loss and found after a few days that the battered cotton stems sprouted from the root and produced a favorable yield.

LIONS TO HAVE NEW FLAG AFTER PATRIOTISM GIVEN BOOST BY LAWYER'S TALK

'Shame To Use Bailing Wire To Hang Flag,' Thos. R. Smith's Challenge

"The flag is a sacred symbol of those ideals for which thousands of Americans have fought and died and the principles for which this government stands, and should not be insulted by being hung with bailing wire," declared Thos. R. Smith, Colorado attorney and leader in the Lions club as he pointed to flag hanging in dining room used by the club Friday.

Smith was presented on entertainment program at the club and announced that the American Flag would be subject of his address, due to consideration of the fact the day before, June 14, had been observed as Flag Day in commemoration of the 157th anniversary of the emblem.

Smith took issue with the popular conclusion that Betsy Ross was maker of the original flag. It was several months after she had made a flag for General Washington that the congress adopted the early colonial insignia, he said and it is not definitely known just who designed the flag as adopted, was his further conclusion.

Mr. Smith briefly paraded important eyes in progress of the nation, giving special reference to part always paid in this march by the flag. Inspiration leading Francis Scott Key to pen the Star Spangled Banner was made of reference.

After the speaker had attacked policy of the club in permitting disrespect for the flag by suspending the emblem with wire from wall in one end of the hotel dining room, motion was made by J. Riordan that a committee be appointed to either place the flag in use in good condition or purchase a new one. The proposal carried without a dissenting vote.

Among visitors introduced were John Elliott, son of Rev. W. M. Elliott, recently returned from school in Tennessee; Mildred Elliott of Abilene, Euel Jones of Abilene and Sef-ton Pickens, son of J. A. Pickens.

Dr. Dave Bridgford, recently elected club president, is the other delegate who will attend the international meeting. The club sends its incoming president and another delegate to these meetings each summer with expenses paid.

Selection of the member delegate was by drawing. Names of the members eligible to compete were placed in capsules. Rev. Alex B. Hanson drew out the lucky numbers.

JUNE TEENTH WAS BIG DAY IN LIFE COLORADO ATTORNEY, HE RECALLS

June 19, anniversary of emancipation of the American negro from slavery, is also a big day in life of Judge W. H. Garrett, the local attorney recalled this week.

"You see, it is like this," Judge Garrett explained. "I came to Colorado to establish my home on June 19, 1920, fourteen years ago, and have never had any regrets in so doing."

Colorado negroes staged the usual colorful celebration here Tuesday in honor of the holiday, the only difference noted from previous occasions being that the program was centered more about the church with ministers taking a leading role.

CITY'S MEANEST NIGGER BEING SOUGHT BY LOCAL JUNETEENTH COMMITTEE

Frank McCarver, William Booker, pastors of the local negro churches and others directing plans for annual Juneteenth celebration Tuesday are out to find the "meanest nigger" in these parts.

Everything was moving along in fine shape for the emancipation jubilee. A choice pig and baby beef were simmering over embers in the barbecue pit and other good things to eat were on hand. But fate elected to swing the curtain of disappointment over all.

Booker, noted for his culinary art, was presiding over the barbecue pits. Tuesday morning just as the gray of dawn began to show in the east, he sampled a bit of the barbecued pig. "U-h-m," now was it good. He went to his home on an errand.

Returning to the barbecue pit Booker was "knocked over" to find that the pig had been stolen. A thieving negro had crept up and carted the coveted delicacy away and until now no trace of the thief nor of the pig—has been found.

FOUNDERS OF CUTHBERT SUNDAY SCHOOL HONORED IN PROGRAM GIVEN THERE

G. W., N. T. Womack, Hear Old Timers Tell of Their Leadership In Work

G. W. Womack of Cuthbert and N. T. Womack of Colorado, pioneers in church activities in Cuthbert community, Sunday were honor guests at a special program given at the Cuthbert church. The two brothers, then youths and only recently establishing homes in a new West, organized a Sunday school in a pasture near the George Womack home forty four years ago.

With a few "nesters" and ranch hands joining in the school, classes were held regularly under a crudely constructed brush arbor through four years. There were times, during the winter, when weather conditions made it impracticable for them to gather, but few Sabbath days passed without a few of the faithful being present to study the Bible.

In 1884 a community center was located at Cuthbert and naturally the church was among the first institutions to spring up. Womack brothers moved their Sunday school to the new community center and ever since classes have met on Sunday morning.

The occasion featured an all-day meeting, singing, in which the Womacks and their descendants had part, mingled with addresses reminiscent of early days, made up the program. Two small girls, one the granddaughter of G. W. Womack, and the other of N. T. Womack, sang as a special tribute to their honored sires, "That Silver Haired Grandady of Mine."

Several Colorado people, among them residents in the county for from forty to fifty years, were among those attending. Dinner was served at noon.

FEATURE WRITER TALKS OF MAHON'S CANDIDACY FOR NATIONAL CONGRESS

Boysie House, member of the editorial staff on the Fort Worth Star-Telegram and well known feature writer, Sunday contributed an interesting resume in his paper dealing with candidacy of George Mahon for congress.

"Mr. Mahon outlines that it is all right to tax the farmer's \$25 cow, but he insists that the \$26,000,000 in unlisted surties should also be taxed," the writer notes in making reference to platform of the Colorado man. Mahon is advocating National legislation that would force the rich to register their stocks and bonds and pay taxes on them in keeping with ratio being met by the average American citizen.

FORD V-8 PASSENGER AND COMMERCIAL CARS, TRUCKS RECEIVE PRICE REDUCTION

Saving Of \$10 To \$20 Will Be Available Under New Selling Schedule

DETROIT.—Reductions of \$10 to \$15 in list prices of 1934 Ford V-8 passenger cars and \$10 to \$20 in list prices of Ford V-8 commercial cars and trucks were announced last week by the Ford Motor Company effective Friday, June 15.

Ford prices had remained unchanged since the introduction of the 1934 Ford V-8 last December, the Ford Company not having participated in the recent general automotive price increase. The reductions announced are, therefore, a decrease in the original prices.

The price reduction on the standard and de luxe Tudor Sedans, most popular individual models in point of sales, is \$15. Prices of other standard and de luxe body types were reduced \$10 except prices of the Roadster, Phaeton and Cabriolet, de luxe types, which remain unchanged. Both standard and de luxe passenger cars have the same V-8 engine and 112 inch wheelbase chassis. Body types for both are identical except for the de luxe equipment.

Mr. and Mrs. Ed Grubbs had as their guests Sunday night Mr. and Mrs. Patch Pierce and baby of California.

Snyder Man Admits Series Of Holdups, Oklahoma Reports

LAWTON, Okla.—Sheriff Fritz McCarty said Monday he obtained a signed confession admitting the participation in a series of robberies in which several of the victims were left bound by the roadside, from Lawrence Brown, of Snyder, Tex., survivor of a gun battle with officers near Medicine Park Sunday.

O. B. Stalkup, 54, one of Brown's companions, was killed. Stalkup's son, Virgil, was said by officers to be an escaped Texas convict from a Huntsville prison farm.

In a critical condition Monday from a wound received in the melee, Brown, in a signed confession, witnessed by Sheriff McCarty, and Assistant County Attorney C. S. McCubbin, admitted the trio staged robberies at Spur, Snyder, Electra and McLean, Texas.

A road straight from Chalk to Hyman has been completed and now affords people of the latter community an easy travelled route to Big Spring.

It was about a year ago that Mrs. Harry Hyman, speaking for the residents of that community, asked that this county open such a road to the county line.

A heavy grade was thrown up in Howard county to the Mitchell line and connected with the trans-off field road. Mitchell county also opened up a segment of the road in that county.

CURBING CRIME IN TEXAS

The only effective means for curbing crime in Texas is for Texas juries to mete speedy and merited justice to the killer and other outlaws. In this connection The Dallas News for Monday morning says:

Our judicial system being what it is, the death penalty, voted for Raymond Hamilton by a Walker County jury that saw its duty clearly, is not necessarily the prelude to this young criminal's marching "the last mile." But it is a punishment that, if carried out, will make officials of the prison system breathe easier. It is an act of simple justice that serves notice to planners of prison breaks that they must take the consequences.

Every effort was made at Hamilton's trial to show that he did none of the actual shooting which resulted in the death of Prison Guard Crowson. Yet, if it is conceded that he did not kill Crowson, or even that he did not fire a single shot, Hamilton was fully as responsible for the murder as if he committed it. The break was planned to get him out of prison and the evidence shows that he initiated it himself. To make it successful, there had to be shooting and murder. The only issue in the trial was whether Hamilton participated in the plan and that was proved.

The Walker County jury's decision is in accord with the law and the facts. Wide public approval of it renders all the more unexplainable the continued refusal of other juries to eliminate through the death penalty the robber who uses firearms.

to the dear friends lost to us on this earth.
"Pardon, gracious God, the imperfections of our prayers and thanks, and read them in our hearts rather than in these feeble and imperfect words. Hear our supplications on behalf of the poor, the sick, the destitute and guilty, and for Thy blessing on the diffusion of increased happiness, knowledge and comfort among the great mass of mankind, that they may not be tempted to the commission of crimes, which, in want and man's neglect, it is hard to resist."
"Bless and keep our dear children, and all those who are nearest and dearest to us; and by Thy help and our Savior's teaching, enable us to lay our heads upon our pillows every night at peace with all the world. And may His grace and Thy love and the fellowship of Thy Holy Spirit be with us evermore. Amen."

BE THANKFUL

What set one cold winter evening on the lower floor of a large store building looking out into the busy world, comfortably clothed and warm, yet wondering why the good Lord allowed so many of our neighbors and associates to enjoy the luxuries and good things of life so much more than we. We watched the proprietor, a very ordinary man, button his fur-covered collar overcoat around his neck and walk out the double screen door and enter a fine car, and as the large drops of snow patted softly on the paved street, our thoughts were tempered with some envy and we stood up somewhat disgusted with our lot in life. Quietly a hand was laid on our shoulder and a weak, shivering voice said, "Please sir, buy some of these apples so I can go home with some of the necessities of life for my children and grandchildren." We looked this poor old thinly clad man over from head to foot, and with a feeling of gratitude that life was no worse, than it was with us, said, "Sure, old friend, I will take the whole basket, and glad I am you came this way," and I thank the good Lord that life is as well with me as it is. This was one of the lessons of life that looms up in our pathway every day if we will only stop and recognize it. How much better to say God is good and has all power and in his wisdom and love has placed in different spheres, because he sees the shortest cut to a higher life.

A NEW CLUB

A new club has been organized in Colorado and it is called the "Knife and Fork" Club. Nobody but married couples can become members. This Columnist was sent an invitation to join but declined. The name of the club gives intimation that its members are an aggregation of high fellows who claim perfection in table manners. Doubtless they have mastered the knife and fork, and know which to use as a conveyor when eating peas, pie or pumpkin. Possibly they have all this knowledge, and no doubt they look with contempt upon those who frequently use neither implement as a conveyor. Let them boast of their table etiquette as they will, I am ready to wager my reputation as a writer that I can eat more fried chicken, backbone or spareribs in five minutes without the aid of knife or fork than they can shovel into their food receptacles in ten minutes with the implements of which they boast such knowledge in the use.

WOMEN, GIRLS' CLUB NEWS
By MISS EMMA GUNTER, Home Demonstration Agent

The Spade home demonstration club held their regular meeting at the seachease with Mrs. Perry Vandant as hostess. The lesson given by the county home demonstration agent was on blocking three slip patterns by using the foundation pattern as the guide and check. Practical adaptations can be made by using the foundation garment when making smocks, blouses, pajamas and other wearing apparel. The first regular meeting in July will be at the C. P. Gary farm home, when a pickle and relish demonstration will be given.

The Latan home demonstration club got busy after electing their delegate, Mrs. Mina Mitchell and alternate, Mrs. Ollie Harris to attend the Short Course at A. & M. College, July 30th-August 3rd. They sold cakes, cold drinks and popcorn and secured money for their delegate's room and board money while at A. & M. The amount needed for this was around \$7.50. The ways and means committee of this club

are to be congratulated. Other delegates and alternates elected so far are: Plainview Club—Mrs. Lee M. Jones, delegate; alternate, Mrs. J. C. Shepherd. Hyman club—Mrs. J. C. Smallwood, delegate; Mrs. Frank Andrews, alternate. The other clubs have not elected their delegates as yet.

It pays to get cabbage plants out early as demonstrated in the garden of Mrs. Will Noach. Willie Maud has material in her garden at present to make her relish. She is garden demonstrator for her club. The cabbage have produced very prolific firm, crisp heads filled out as early as May. Kraut has been cured and canned, some heads sold and numbers furnished for home use and some given away. This small irrigated garden has produced greens, spinach, onions, beets, lettuce, carrots, cabbage, and beans.

As was said not a day passes but that something has been gotten from the garden, while this is not true where there has been no irrigating.

The girls club will be quite active the rest of this month getting their bedroom achievement days off and preparing for their Rally Day in July.

The Lone Star and North Champion girls will have a combination meeting Wednesday at the home of Novalee Groom. Novalee will give an account of her bedroom improvement.

Thursday the Carr girls club will meet at Melba Ruth Adams for their bedroom achievement meeting.

Monday, June 25th, the Silver girls club will meet at Errah Yarbrough's.

Tuesday the Conway girls will meet with Opal Leach.

Wednesday the Buford girls will meet with Mildred Feaster.

Thursday the Hyman girls club will meet with Florice Andrews.

Friday, June 29th, the Shepherd and Loraine girls will meet with Katha Lee Harrell.

The Hyman home demonstration club met at Mrs. Roy Davis Coles for their regular club program. In the business session Mrs. L. Smallwood was elected delegate to the Short Course and Mrs. Frank Andrews was elected as alternate. Also the stunt for Rally Day was discussed and ways and means for financing a

delegate to Short Course discussed. It was announced that each woman that had a foundation pattern was expected to make a cotton dress and a slip to try out its merits, and at the next meeting in July all would be judged except the clothing demonstrators. The best dress and slip will be exhibited at the Rally Day program, July 12th.

DICKEN'S PRAYER
For sixty-three years there reposed in the British Museum important Charles Dickens documents that on the death of his last surviving child, Sir Henry Dickens, were released for publication, among these being "The Evening Prayer," written by Charles Dickens, evidently for his family worship. It appeared in the New York Times May 20, as follows:

"Oh Lord our Heavenly Father, almighty and everlasting God, Who in Thy inestimable goodness has directed and preserved us during the past day, and brought us to another night surrounded by such great blessings and instances of Thy mercy, we beseech Thee to hear our heart-felt thanks for all the benefits we enjoy, and our humble prayers that we may cheerfully endeavor every day of our lives to be in some degree more worthy their possession.

"Sanctify and improve to us any good thought that has been presented to us in any form during this day; forgive us the sins we have committed during its progress and in our past lives; all the wrongs we have done, and all the negligences and ignorances of which we have been guilty; and enable us to find in any trials we have undergone or sorrows we have known, or have yet to experience, blessed instructions for our future happiness.

"We humbly pray, Almighty Father, for our dear children that Thou wilt vouchsafe to watch over and preserve them from all danger and evil; for ourselves that Thou wilt prolong our lives and health and energies and success for many years, for their dear sakes; and for them and us that Thou wilt grant us cheerfulness of spirit, tranquility and contentment. That we may be honest and true in all our dealings and gentle and merciful to the faults of others, remembering how much gentleness and mercy we stand in need ourselves.

"That we may earnestly try to live in Thy true faith, honor and love, and in charity and good-will with all our fellow-creatures. That we may worship Thee in every beautiful and wonderful thing Thou hast made, and sympathize with the whole world of Thy glorious creation.

"Grant that in the contemplation of Thy wisdom and goodness and in reverence for our Lord Jesus Christ, we may endeavor to do our duty in those stations of life in which it pleases Thee to call us, and be held together in a bond of affection and mutual love which no change or lapse of time can weaken; which shall sustain and teach us to do right in all reverses of good or evil; and which shall comfort and console us most when we most require support, by filling us, in the hour of sickness and death, with a firm reliance on Thee, and the assurance that through Thy great mercy we shall meet again in another and happy state of existence beyond the grave, where care and grief and parting are unknown, and where we shall be once again united

to the dear friends lost to us on this earth.

"Pardon, gracious God, the imperfections of our prayers and thanks, and read them in our hearts rather than in these feeble and imperfect words. Hear our supplications on behalf of the poor, the sick, the destitute and guilty, and for Thy blessing on the diffusion of increased happiness, knowledge and comfort among the great mass of mankind, that they may not be tempted to the commission of crimes, which, in want and man's neglect, it is hard to resist."

"Bless and keep our dear children, and all those who are nearest and dearest to us; and by Thy help and our Savior's teaching, enable us to lay our heads upon our pillows every night at peace with all the world. And may His grace and Thy love and the fellowship of Thy Holy Spirit be with us evermore. Amen."

This is indeed a classic and will be published in tract form and almost in every paper in the U. S. and become more famous than the New York Sun's "There is a Santa Claus."

If there has ever been anything in devotional literature outside the Bible more beautiful than this Charles Dickens prayer, I have failed to see it.
