## Texas Co. to Dig 12,100-Ft. Wildcat North of Plains

The Texas Company will dig a 12,100-foot Devonian wildcat in North Yoakum County, 12 miles north of Plains.

It is No. 1 Jack W. Frost, 660 feet from north and west lines of section 27, block D, John H. Gibson survey.

Pan American Petroleum Corporation No. 1-A Ed S. Smith, five-eighths mile southwest of the recently opened West Devonian field of southwest Yoakum County, has been assured production.

Drillstem test in the Devonian, from 11,063 to 11,144 feet, open two hours, surfaced oil in one hour. After cleaning into pits 35 minutes, the project flowed oil 25 minutes, through a five-eighth inch choke, at the rate of 77 barrels per hour.

Reversed out was 113 barrels of oil, 15 barrels of heavily oil and gas-cut mud, and no water.

Drilling continued below 11,144 feet.

Location is 1,980 feet from north and 660 feet from east lines of section 640, block D, J. H. Gibson survey, 10 miles southwest of Plains.

J. S. Abercrombie No. 1 Ella Brown, project in the Reeves (San Andres) area of Southeast Yoakum County, has been completed.

Operator reported a daily potential of 127.63 barrels of 32-gravity oil, plus three per cent water, through perforations from 5,543 to 5,573 feet, after 10,000 gallons of fracture solution had been used.

Well site is 660 feet from south and 1,980 feet from west lines of section 751, block D, John H. Gibson survey.

Pan American Petroleum Corporation No. 2-A W. J. Taylor is a new producer in the ODC (San Andres) field of Northwest Gaines County, nine miles southeast of Denver City.

On 24-hour potential test, the new well pumped 204 barrels of 32.1 gravity oil, plus 10 percent water, through perforations from 5,346 to 5,373 feet, after 5,000 gallons of acid.

## Claudia Chapman Resigns as HDA Of Yoakum County

The resignation of Mrs. Claudia Chapman as county home demonstration agent was accepted by the commissioners' court at a regular meeting held Monday.

Mrs. Chapman requested that her resignation become effective as of August 16. A meeting will be held in the near future, possibly Monday, with the district agent, to interview an applicant for the position.

A warning that the ruling against the use of alcoholic beverages on the premises of the Denver City Community Building while it is in use will be strictly enforced also came following the meeting.

The commissioners voted unanimously at the session "to again instruct the Denver City Community Building governing board to advise any individual, group or organization using the Community Building, that no alcoholic beverages will be consumed on the premises during the time the building is in use, and that violation of this instruction will be reason to forfeit their future use of the building."

The commissioners also ordered bills against the county paid, and reports of the county clerk, county treasurer, tax assessor-collector, county auditor and county service officer for the month of June were approved, as well as the May report of B. J. Smith, justice of the peace of Precinct 2.

The court voted a transfer of \$3,000 from the Road and Bridge special funds of each of Precincts 1, 2 and 3, to Commissioners' Precinct 4, on motion of H. C. Cotton and second by Vance Brown.

## Little League Title Is at Stake

Little League baseball ends Saturday, August 17, with the playing of the third game of a two out of three series between the Indians, who were undefeated in the Little League regular play, and the Yankees and Giant All Stars.

Two games have been played thus far in the series, the first being won by the All Stars 11-9. Pitching for the All Stars were Rowland Farris, Ty Earl Powell, and John Robertson. Pitching for the Indians was Cote Trout. Two home runs were made, one by All Star Rowland Farris and one by Billy Stockstill, Indian second baseman.

The second game was played Wednesday afternoon and was won by the Indians, 6 to 5. The game went into an overtime with

## BIBLE SCHOOL AT 1ST BAPTIST ENDS THURSDAY NIGHT

The Vacation Bible School at the First Baptist Church of Plains closed Thursday night with a commencement program at the Church at 7:30 p.m. The Rev. C. J. Coffman, pastor, announced that the school has been a great success with 170 enrolled and an average attendance of 143. There were ten professions of faith and three Mission volunteers and sixteen rededications.

Rev. Coffman stated that the faculty, which consisted of thirty-two people, has been a wonderful group to work with. Besides the faculty there were twenty-two other ladies who helped with the refreshments. Others who were unable to give time at the church paid for some of the refreshments.

Wednesday, August 13, approximately 146 faculty members and children enjoyed a picnic at the Stanford Park.

seven innings. Pitching for the All Stars were Rowland Farris and Ty Earl Powell. On the mound for the Indians was Billy Stockstill. Each team had eleven strikeouts. Powell and Farris gave up four hits while Stockstill gave up one. The score was tied at the end of the 5th inning, 5 to 5. No scores were made during the sixth inning. In the seventh Cote Trout scored on a hit by Earnie Anderson giving the Indians a lead of 6-5. The All Stars failed to score in their final time at bat.

The third and final game of the season will be played Saturday, August 11, at the ball diamond at 4:30 p.m.

## Aug. 11-17 Designated Soil Building Week

Governor Price Daniel has designated this as "Soil Building Week" on the south plains. To really visualize the importance of caring for the soil and being conscious of the dangers of erosion, one needs only to travel over some part of Texas and see the countless acres of lands that were once in cultivation. Land that once produced harvests of cotton and grain sorghums. As the land was permitted to wash and blow, production dropped until the farmer could no longer make a living for his family. He was forced to sell the land and move on to farm somewhere else or to seek work in town. Many of these old fields are now practically worthless. The soils of the high plains with the high winds we have are more susceptible to erosion in many cases than these old abandoned fields were. This could have all been avoided if the people had taken inventory of the situation to see what was happening.

It is good to take time out once in a while to see just where we stand. A good business man always takes a periodic inventory of his resources and stock to determine what kind of shape his business is in. A farmer or

AUSTIN NATHANIEL ADDISON, JR.

Murder charges were on file today in Gaines County against Bob Carson Gregg, 46-year-old farm worker, in connection with the shooting of his stepson-in-law Saturday afternoon.

Dead is Austin Nathaniel Addison, Jr., 32-year-old Gaines and Yoakum county farmer, who died of gunshot wounds about 5:30 p.m. Saturday while en route to the hospital. Addison had farmed near Plains until about a year ago, and Gregg also at one time resided in Plains.

Chief Deputy Sheriff Tony Simmons of Gaines County said Gregg walked into the sheriff's office and told he and Deputy Sheriff Floy Taylor that he had just shot a man and wanted an ambulance sent to the scene. Officers said that Addison was shot seven times with a .22 caliber rifle on his farm 16 miles southwest of Seminole.

According to the officers, Gregg said he and Addison had argued about the sharing of crops on the farm which was rented by Addison and on which Gregg worked on shares. Addison was poisoning cotton in the field at the time.

The defendant was arraigned before Justice of the Peace R. P. Kelly and bond was set at \$7500.

Scene of the shooting was so near the Gaines-Andrew county line that a licensed surveyor was employed to determine in which county the shooting happened. Should the survey reveal the incident occurred in Andrews county, new charges will be filed there.

Services for Addison were held at 3 p.m. Tuesday in the First Baptist Church at Plains, with Rev. Clarence Coffman officiating. Burial was in the Plains Cemetery under direction of Seminole Memorial Chapel.

Survivors include his widow, Odessa Addison; two sons, Preston Nathaniel and Paul William Addison; the parents, Mr. and Mrs. Nathaniel Addison Sr., of Plains; three brothers, Raymond and Clistes, both of Snyder, and Claude of Plains; and three sisters, Mrs. Jessie Dearing and Miss Willie Mae Addison, both of Plains, and Mrs. Cheatham, Virginia.

Out of town relatives and friends who attended the funeral of Addison, Tuesday were Mr. and Mrs. F. M. Addison and Miss Nettie Addison of Fort Sumner, New Mexico, Mr. and Mrs. J. W. Wilson and daughter, Janice Bud Wilson, Mr. and Mrs. Leo Wilson and family, Mr. and Mrs. Floyd Wilson all of Portales, New Mexico, Mr. and Mrs. J. W. Tatum and family, Mr. and Mrs. Ira Wilson, Mr. and Mrs. Owen Wilson and family, and Cub Wilson all of Clovis, New Mexico. Mr. and Mrs. Jim Wilson, Mr. and Mrs. Tom Wilson and son, Loyd, Mr. L. M. Wilson, Mr. and Mrs. Earl Kropp, Mr. and Mrs. Charlie Eckert. Mr. and Mrs. See ADDISON on Page 8

## Plans for Jubilee Nearing Completion

Plans for the celebration of Yoakum County's Golden Jubilee, set for next Friday and Saturday, August 23 and 24, are nearing completion, and all indications are that a record turnout of county residents, former residents and old-timers will be on hand to observe this 50th anniversary.

Already 15 entries have been made in the Jubilee parade, scheduled for Saturday morning, according to Mrs. Oma McCargo, float chairman.

Entering to date are Plains Frozen Foods, Conoco Super Service, Texaco Service, Moore-Oden Dry Goods, McGinty-Stevens Abstract Co., Fine Arts Club, Tsa Mo Ga Club, Wilmeth Oil Co., Flowers by Watson, Hawkins Food Market, Jota Pi Club, Howard Shaw Dirt Contractor, Modern Beauty Salon, Circle Seven Ranch, Yoakum County Home Demonstration Council.

Two performances of the rodeo will be given, on Friday and Saturday nights, and members of the Roping Club were busy today (Thursday) getting the arena and grounds in shape for the large crowd expected.

Saturday afternoon highlights include the holding of an old-time tournament, relays, etc. Sue

Stevens is tournament chairman, and is being assisted by R. B. Jones and Murphy Luna.

Results of the beard growing contest, as well as the revelation of who is "Miss Golden Jubilee of Yoakum County" are expected to be announced during the rodeo performance Saturday night.

The Roping Club is also sponsoring a barbecue for Saturday noon, which will be held at the Livestock Exhibition building. Residents of the county planning to attend the barbecue are also asked to bring a complete picnic lunch so there will be plenty of food for all the visitors expected to be on hand.

A history of the county is now being printed, it was announced and will be on sale the opening day of the celebration, according to Mrs. M. W. Luna, chairman.

Word was also received this week from the Texas in Review program, televised each week, that because of a conflict in dates it would not be possible for representatives to be present at the Jubilee, but that it was possible that a person or persons from the Western Division of Humble Oil and Refining might be able to be on hand.

## Legion Auxiliary Hears Report

The American Legion Auxiliary met Tuesday night, August 13, at the Legion Hall for a regular meeting with five members present.

An interesting and informative report was given by Carol McRea on her trip to Girls' State in Austin. Carol was selected by the Auxiliary for her leadership and character and given the opportunity to visit the Capitol for a week and study the state government.

Mrs. Tom Warren, hostess, served refreshments to Mrs. Guy Harrod Mrs. Tommie McDonnell, Mrs. Loyd Coke, and Mrs. C. B. Hobbs.

## Plains Teacher Tours Charleston

Mr. Billie Joe Campbell, local school faculty member, was a recent visitor in Charleston, South Carolina where he toured the famous Art Gallery at Charleston's City Hall where, among other fine paintings, he saw the magnificent Trumbull portrait of George Washington, painted in 1791 and considered priceless.

He visited Charleston enroute from St. Augustine, Florida to Atlanta, Georgia. He recently returned from Cuba.

While in Charleston, Mr. Campbell was a guest in the Fort Sumter Hotel. He also visited the beautiful Magnolia Gardens, Cypress Gardens, Middleton Gardens, the City-owned Dock Street Theatre, which is a replica of the first Theatre in America; participated in tours of Lowcountry Plantations, toured

## NUMBER ONE ON THE BALLOT

### PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1957.

### HOUSE JOINT RESOLUTION NO. 37 PROPOSING AN AMENDMENT TO SECTION 62, ARTICLE XVI OF THE CONSTITUTION OF TEXAS, RELATING TO ESTABLISHMENT OF A RETIREMENT, DISABILITY AND DEATH COMPENSATION FUND FOR OFFICERS AND EMPLOYEES OF THE STATE, AND MAY MAKE REASONABLE INCLUSIONS, EXCLUSIONS, OR CLASSIFICATIONS OF OFFICERS AND EMPLOYEES OF THIS STATE AS IT DEEMS ADVISABLE.

### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Subsection (a) of Section 62, Article XVI of the Constitution of the State of Texas be amended so as to read hereinafter as follows:

"Section 62. (a) The Legislature shall have the authority to levy taxes to provide a State Retirement, Disability and Death Compensation Fund for the officers and employees of the State, and may make reasonable inclusions, exclusions, or classifications of officers and employees of this State as it deems advisable. Persons participating in a retirement system created pursuant to Section 1-a of Article V of this Constitution shall not be eligible to participate in the Fund authorized in this Subsection, and persons participating in a retirement system created pursuant to Section 48-a of Article III of this Constitution shall not be eligible to participate in this Subsection, except as otherwise provided herein. The amount contributed by the State to such Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the State.

"All funds provided from the compensation of such person or by the State of Texas for such Retirement, Disability and Death Compensation Fund, as are received by the Treasury of the State of Texas, shall be invested in bonds of the United States, or in bonds issued by any agency of the United States Government, the payment of the principal and of interest on such bonds to be guaranteed by the United States; or in such other securities as are now or hereafter may be permitted by law to be invested in the Permanent University Fund or for the Permanent School Fund of this State, under the same limitations and restrictions imposed by the Constitution for investment of those funds and subject to such regulations as the Legislature may provide. However, a sufficient amount of said Fund shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said fund.

"Should the Legislature enact enabling laws in anticipation of the adoption of this Amendment, such legislation shall not be invalid by reason of its anticipatory character."  
Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State on the first Tuesday after the first Monday in November, 1957, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment amending Subsection (a) of Section 62, Article XVI of the State Constitution, relating to establishment of a retirement, disability and death compensation fund for officers and employees of the State."  
Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said special election and this Amendment shall be published and the election held as required by the Constitution and laws of this State.

AUSTIN, Tex.—Labor unions in Texas now are welded into one 300,000-member organization.

The mammoth merger was accomplished at a joint AFL-CIO convention in this Capitol City. Sharp internal disagreements heartened those who fear the potential power of such a massive group.

A resolution, recommended by labor's Civil Rights committee, condemned the 55th Legislature for passing "immoral and undemocratic" laws concerning school segregation. Gulf Coast delegates balked. Finally, the convention compromised by adopting the national AFL-CIO civil rights plank, worded in a more general language.

Delegates also criticized Texas' daily newspapers; the Texas Tech Board of Directors; the Republican Party; and highway contractors.

Endorsed were a state income tax on corporations; an increase in individual income tax exemptions; federal aid for school construction; higher pay for teachers; and honesty among union officials.

AFLman Jerry Holleman was elected president. CIOer Fred Schmidt was chosen as secretary-treasurer.

LOBBY CURB PROPOSED—With legislature opposition to the special session weakening under Gov. Price Daniel's determined stand, attention now turns toward what the lawmakers might enact.

Sen. Henry B. Gonzalez of San Antonio has drafted a strict lobby control measure. It is patterned after the Federal Law. It would require registration of all persons seeking to influence legislation, for pay. Also it calls for a detailed accounting of money used to influence legislation... where it comes from, how it is spent.

It would hang a heavy sword over the head of any lawmaker or lobbyist found guilty of a bribe arrangement. Penalty up to a \$25,000 fine and 10 years imprisonment. Corporations involved would lose the right to do business in Texas.

SALES SURGE SEEN—Experts foresee a "slow but strong upturn" of production and marketing in Texas for the last quarter of the year.

It might even break last year's record, despite the restrictions on credit. So states the UT Bureau of Business Research.

June retail sales dropped five per cent from May. But totals for January-June, 1957 were two

per cent above 1956.

Home modernization has done "surprisingly well." But completion of new homes in 1957 is expected to fall some 10 to 20 per cent below last year.

EMPLOYMENT TO CLIMB—More jobs, better pay, is the outlook for Texas workers. Texas Employment Commission forecasts a small rise in job-holders during August, followed by the usual steep jump from increased activities in September.

Early summer brought the customary glut of workers as schools poured out thousands of graduates and vacation job-seekers. In addition, factory jobs dropped somewhat as automobile assembly plants and aircraft companies cut back.

However, the same period brought good news to factory workers as average weekly wages jumped some \$2. In the higher brackets were workers in coal and petroleum products, up \$4.76 to \$113.16 per week, and those in chemicals, up \$2.49 to \$103.34 per week. Less fortunate were those in apparel and fabric products, up \$7 to \$43.92.

NO MAGIC EXPECTED—Rebuilding public confidence in Texas insurance cannot be done "by any magic touch or wave of a wand, not overnight nor within a few months."

It will take "painsstaking planning, organized effort and competent performance," said Joe P. Gibbs, member of the newly reorganized Board of Insurance Commissioners.

Board members are reconciled to operating in a "show window," said Gibbs, recalling the recurrent troubles that resulted in a wholesale legislative overhaul of the department.

"We recognize that the public has a right to look in on us to see what we are doing to remove the clouds of doubt," Gibbs stated.

CONSTRUCTION UP—Construction authorized in Texas for the first half of 1957 is five per cent higher than for 1956, according to the UT Bureau of Business Research.

Foremost among the cities making gains were Midland, Houston, Amarillo, Lubbock, Fort Worth, El Paso and Odessa.

Dallas, San Antonio and Austin showed declines.

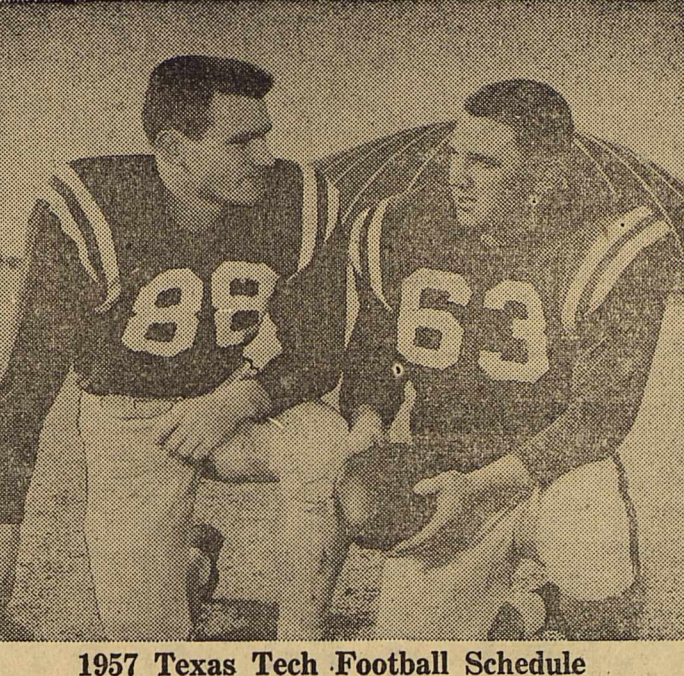

FARM OUTLOOK—Where rain has not fallen recently, outlook for grass and feed crops is poor, reports the Texas Agricultural Extension Service. Timely showers helped pasturing and late crops in some areas. But were too late for corn and feed.

DRYS LOSE—Anti-prohibitionists still are riding high in local option elections. So reports the Texas Liquor Control Board.

Orange and Culberson Counties favored continued sale of alcoholic beverages by one-sided margins.

VOLUNTARY CUTS—Texans seem to have adopted a dubious "wait and see" attitude toward Pres. Dwight D. Eisenhower's request for a voluntary 10 per cent cut in oil imports.

For months Texas officials and industry leaders have sought White House help to restrict the

## Method Changes In Social Security For Farm Workers

Farmers and ranchers and other employers of agricultural workers such as cotton gin operators, are reminded by John G. Hutton, District Manager of the Lubbock office of the Social Security Administration, of some changes in the method of reporting the wages of their employees.

In 1957, agricultural work is covered by social security if either: (1) cash wages of \$150 or more are paid to a worker by his employer during the year; or (2) regardless of the amount of wages, if an employee works on 20 or more days during the year where the wages are figured on a time basis.

The total covered wages of farm workers are reported only once a year, in January for the preceding year to the Director of Internal Revenue. Mr. Hutton added that if employers keep an accurate record of the name, the social security number, and the amount of wages paid to each worker that will be all the information needed to complete the annual social security report.

# 3,020 COTTON PULLERS NEEDED IN YOAKUM COUNTY AT SEASON'S PEAK

Yoakum County will be short an estimated 3,020 cotton pullers during the peak of the approaching harvest.

The shortage was described last week to a three-man farm labor committee meeting with the manager of the Lamesa office of the Texas Employment Commission, Dayton Carrell, and Wayne Grant, district director, of Amarillo.

The trio comprises Russell Colmer of Denver City, A. B. Carpenter of Plains and A. E. McGinty of Plains.

At the meeting, which was held in Plains, the group determined that some 1800 Mexican Nationals will have to be imported into the county to harvest this year's crop.

"Ceilings" granted by the secretary of labor limited importation of Mexican nationals into this area will be posted in post offices in Denver City and Plains.

The three-man committee functions under Public Law 78, obtaining facts relevant to the supply of domestic farm workers existing in Yoakum County and the shortage of workers, which must be met by importing nationals to harvest the cotton crop.

Under PL 78, TEC must supply this information to the labor secretary, who must limit the number of nationals to be used in this country by granting a "ceiling."

The committee consults with the local office manager to assist him in estimating the number of workers who will be needed, based on current local conditions affecting the cotton crop.

Mr. and Mrs. Robert Henard and daughters, Margaret Sue and Frances Nell, visited in the home of Mr. and Mrs. A. R. Nelson in Wellington over the week-end.

## NUMBER TWO ON THE BALLOT

### PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1957.

### HOUSE JOINT RESOLUTION NO. 2 PROPOSING AN AMENDMENT TO ARTICLE III OF THE CONSTITUTION OF TEXAS, SO AS TO INCREASE THE LIMIT ON THE MAXIMUM MONTHLY PAYMENT TO BE PAID TO NEEDY AGED, NEEDY BLIND, AND NEEDY CHILDREN AND ON THE TOTAL YEARLY EXPENDITURE OUT OF STATE FUNDS FOR ASSISTANCE TO NEEDY AGED, NEEDY BLIND, AND NEEDY CHILDREN; AND ALLOCATING AND APPROPRIATING ADDITIONAL SUMS, SUPPLEMENTING CURRENT LEGISLATIVE APPROPRIATIONS, FOR PAYMENT OF ASSISTANCE GRANTS.

### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51-a of Article III of the Constitution of the State of Texas be amended to read as follows:

"Section 51-a. The Legislature shall have the power, by General Laws, to provide for limitations and restrictions herein contained, and such other limitations, restrictions and regulations as may be deemed expedient, for the payment of assistance to: (1) Needy aged persons who are actual bona fide citizens of Texas and who are over the age of sixty-five (65) years; provided that no such assistance shall be paid to any inmate of an institution, while such inmate has actually resided in Texas for at least five (5) years during the nine (9) years immediately preceding the application for such assistance and continuously for one (1) year immediately preceding such application, provided that the maximum payment per month from state funds shall not be more than Twenty-five Dollars (\$25) per person and provided further that no payment in excess of Twenty-one Dollars (\$21) shall be paid out of state funds to an individual and unless such additional amounts are matched by the Federal Government.

"(2) Needy blind persons who are actual bona fide citizens of Texas and are over the age of twenty-one (21) years; provided that such assistance shall be paid to any inmate of any state supported institution, while such inmate has actually resided in Texas for at least five (5) years during the nine (9) years immediately preceding the application for such assistance and continuously for one (1) year immediately preceding such application.

"(3) Needy children who are actual bona fide citizens of Texas and are under the age of sixteen (16) years; provided that such assistance shall be paid on account of any child over one (1) year old who has not continuously resided in Texas for one (1) year immediately preceding the application for such assistance, or on account of any child under the age of one (1) year whose mother has not continuously resided in Texas for one (1) year immediately preceding such application.

"The Legislature shall have the authority to accept from the Federal Government the necessary portion of the financial aid for the assistance of the needy aged, needy blind, and needy children as such Government may offer

not inconsistent with restrictions hereinafter set forth; provided however, that the amount of such assistance out of state funds to each needy person shall never exceed the amount so expended out of federal funds; and provided further that no more than one (1) penny to be expended out of state funds for such assistance to the needy aged, needy blind, and needy children shall never exceed the sum of Forty-seven Million Dollars (\$47,000,000) per year. The Legislature shall enact appropriate laws to make lists of the recipients of aid hereunder available for inspection.

"Supplementing legislative appropriations for assistance payments authorized by this section, the following sums are appropriated out of the Amicus Tax Clearance Fund and are appropriated to the State Department of Public Welfare for the period beginning December 1, 1957 and ending August 31, 1959: Four Million, Nine Hundred Thousand Dollars (\$4,900,000) for Old Age Assistance, One Hundred, Seventy-Five Thousand Dollars (\$175,000) for Aid to the Needy Aged, Five Hundred, Twenty-Five Thousand Dollars (\$525,000) for Aid to Dependent Children. Such appropriations and appropriations shall be made on the basis of equal monthly installments and other-wise shall be subject to the provisions of currently existing laws making allocations, and appropriations for these purposes.

Section 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of Texas at an election to be held throughout the State of Texas on the 5th day of November, 1957, at which election there shall be printed on such ballot the following clauses:

"FOR the Constitutional Amendment increasing the limit on the maximum monthly payment to needy aged persons from Twenty Dollars (\$20) per month to Twenty-five Dollars (\$25) per month; subject to certain conditions for payment in excess of Twenty-one Dollars (\$21) per month and the total yearly expenditure out of state funds for assistance to needy aged, needy blind, and needy children from Forty-seven Million Dollars (\$47,000,000) per year to Forty-seven Million Dollars (\$47,000,000) per year; and allocating and appropriating additional sums, supplementing current legislative appropriations, for payment of assistance grants."

AGAINST the Constitutional Amendment increasing the limit on the maximum monthly payment to needy aged persons from Twenty Dollars (\$20) per month to Twenty-five Dollars (\$25) per month subject to certain conditions for payment in excess of Twenty-one Dollars (\$21) per month and the total yearly expenditure out of state funds for assistance to needy aged, needy blind, and needy children from Forty-seven Million Dollars (\$47,000,000) per year to Forty-seven Million Dollars (\$47,000,000) per year; and allocating and appropriating additional sums, supplementing current legislative appropriations, for payment of assistance grants."

Section 3. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published as required by the Constitution and laws of this State.

## NUMBER THREE ON THE BALLOT

### PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1957.

### HOUSE JOINT RESOLUTION NO. 3 PROPOSING AN AMENDMENT TO THE CONSTITUTION OF TEXAS ADDING A SECTION TO BE KNOWN AS SECTION 49-c, TO ARTICLE III, PROVIDING FOR THE ISSUANCE AND SALE OF BONDS OF THE STATE OF TEXAS TO CREATE THE TEXAS WATER DEVELOPMENT FUND TO PROVIDE FINANCIAL ASSISTANCE TO CERTAIN POLITICAL SUBDIVISIONS OR BODIES POLITIC AND CORPORATE OF THE STATE OF TEXAS IN THE CONSERVATION AND DEVELOPMENT OF THE WATER RESOURCES OF THE STATE; PROVIDING FOR THE PAYMENT OF SUCH BONDS; CREATING AN AGENCY TO ADMINISTER SAID FUND AND TO PERFORM OTHER DUTIES PRESCRIBED BY LAW; LIMITING THE PERIOD DURING WHICH FINANCIAL ASSISTANCE MAY BE GRANTED; AND PROVIDING FOR THE CALLING OF AN ELECTION AND THE PUBLICATION AND ISSUANCE OF THE PROCLAMATION THEREOF.

### BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of Texas be amended by adding a new section thereto to be known as Section 49-c, as follows:

"Section 49-c. There is hereby created an agency of the State of Texas, the Texas Water Development Board, to exercise such powers as necessary under this provision together with such other duties and restrictions as may be prescribed by law. The qualifications, compensation, and number of members of said Board shall be determined by law. They shall be appointed by the Governor with the advice and consent of the Senate in the manner and for such terms as may be prescribed by law.

"The Texas Water Development Board shall have the authority to provide, issue and sell general obligation bonds of the State of Texas in an amount not to exceed One Hundred Million Dollars (\$100,000,000). The Legislature of Texas, upon two-thirds (2/3) vote of the elected Members of each House, may authorize the Board to issue additional bonds in an amount not exceeding One Hundred Million Dollars (\$100,000,000). The bonds authorized herein or permitted to be authorized by the Legislature shall be called 'Texas Water Development Bonds,' shall be executed in such form, denominations and upon such terms as may be prescribed by law, provided, however, that the bonds shall not bear more than four per cent (4%) interest per annum; they may be issued in such installments as the Board finds feasible and practical in accomplishing the purpose set forth herein.

"All moneys received from the sale of State bonds shall be deposited in a fund hereby created in the State Treasury to be known as the Texas Water Development Fund to be administered (without further appropriation) by the Texas Water Development Board in such manner as prescribed by law.

"Such fund shall be used only for the purpose of aiding or making funds

available upon such terms and conditions as the Legislature may prescribe, to the various political subdivisions or bodies politic and corporate of the State of Texas, including river authorities, conservation and reclamation districts and districts created or organized under Article XVI, Section 59 or Article III, Section 52, of this Constitution, interstate compact with any other State of this State, Texas is a party and municipal corporations, in the conservation and development of the water resources of this State, including the control, storage and preservation of its storm and flood waters and the waters of its rivers and streams, for all useful and lawful purposes by the acquisition, improvement, extension or construction of dams, reservoirs and other water storage projects, including any system necessary for the transportation of water from storage to points of treatment and/or distribution, including facilities for transporting water; therefrom to wholesale purchasers, or from any one or more of such purposes or methods.

"Any or all financial assistance as provided herein shall be repaid with interest upon such terms, conditions and manner of repayment as may be provided by law.

"While any of the bonds authorized by this provision or while any of the bonds that may be authorized by the Legislature under this provision, or any interest on any of such bonds, is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year, not otherwise appropriated by this Constitution, an amount which is sufficient to pay the principal and interest on such bonds that mature or become due during such fiscal year, less the amount in the sinking fund at the close of the preceding fiscal year.

"The Legislature may provide for the investment of moneys available in the Texas Water Development Fund and the interest and sinking funds established for the payment of bonds issued by the Texas Water Development Board in such investment as shall be provided by the Legislature. The Legislature may also make appropriations from the General Revenue Fund for paying administrative expenses of the Board.

"From the moneys received by the Texas Water Development Board as repayment of principal for financial assistance or interest thereon, there shall be deposited in the interest and sinking fund for the bonds authorized by this Section sufficient moneys to be due during the ensuing year and to reserve in said fund equal to the average annual principal and interest payments on all outstanding bonds issued under this Section. If any year prior to December 31, 1952 moneys are received in excess of the foregoing requirements then such excess shall be deposited to the Texas Water De-

velopment Fund, and may be used for administrative expenses of the Board and for the same terms and conditions prescribed for the proceeds derived from the sale of such State bonds. No grant of financial assistance shall be made under the provisions of this Section after December 31, 1952, and all moneys thereafter received as repayment of principal for financial assistance or interest thereon shall be deposited in the interest and sinking fund for the State bonds, except that such moneys may also be used to pay the general administrative expenses of the Board may be annually set aside; and provided that after all State bonds authorized by this Amendment have been fully paid with interest, or after there are on deposit in the interest and sinking fund sufficient moneys to pay all future maturities of principal and interest, additional moneys so received shall be deposited to the Internal Revenue Fund.

**ACROSS THE Cattle Guard**

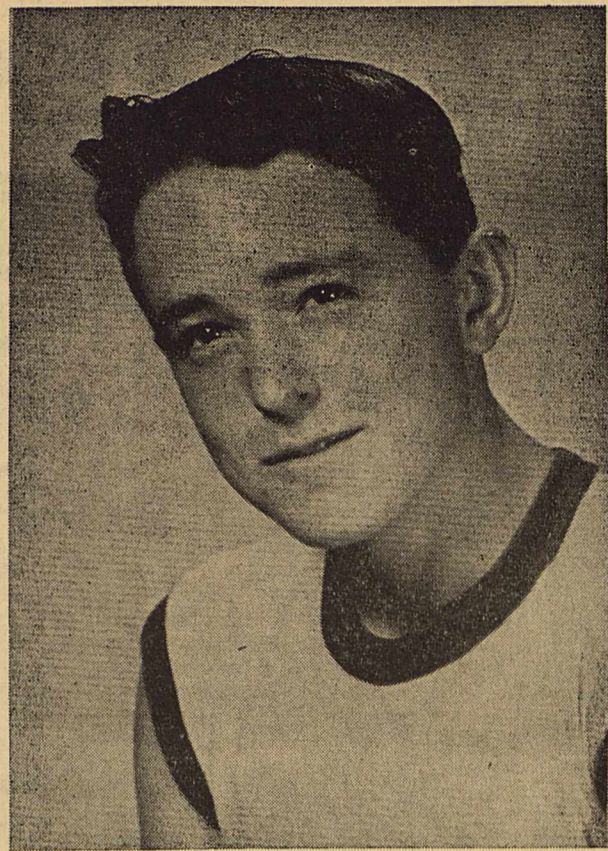

By LEO W. WHITE  
County Agent

Saturday, August 17, will be time to weigh the beef calves again. The calves will be brought in to the barn soon after 9:00 o'clock while the barns are cool and between 10:30 and 11:00 the boys and girls will get some practice at exhibiting a beef calf. The public is invited to attend these weigh days and see the animals that will be in the county show next February. The calves will have time to gain 350 to 400 pounds between next Saturday and the day of the show and since we have the 700 pound weight limit we are expecting all of our calves to weigh more than 350 pounds by Saturday.

There may be four or five calves on feed that will weigh under 400 pounds but most of them will be well above any danger of not making the weight limit. By using the weights and the rate of gain since June 1st, I have estimated that there will be three calves weighing over 700 pounds when they are weighed this Saturday. There will be three calves that will weigh between 600 and 700 pounds. About 18 calves will weigh in at 500 to 600 pounds and there will be 14 or 15 head weighing between 400 and 500 pounds.

Past experience has shown that the dry lot calves need to be weighing between 500 and 600 pounds in August in order to be in top condition for a February show. The lighter calves can have a good chance if they have the ability to put on finish at an early age. Some animals have to be about a year old before they will begin to fatten. Others will put on a high degree of finish at about ten months of age. This early maturing characteristic is an inherited ability and is not directly connected with body type or the size of the mature animal. Neither is it connected with the ability to put on fast gains. The fast gaining animals and the early maturing animals may be either the large type or the small type beef cattle.

Another characteristic is that it is very important in beef

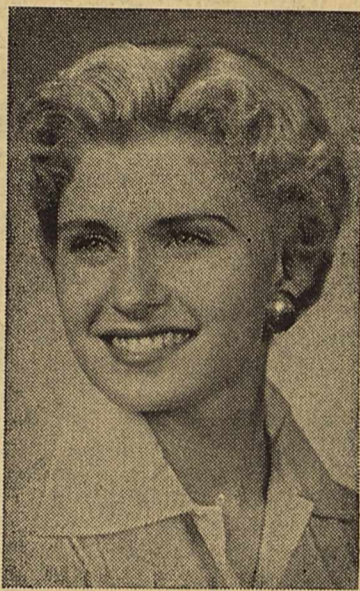

ONE OF THE MAINSTAYS on the Denver City Pony League All Stars baseball team, which is playing in regional competition this week at Lubbock, is Ray Fought, 14, son of Mr. and Mrs. Cliff Fought of Plains. In Tuesday's game against Corpus Christi, Ray had a perfect night at bat, with 3 for 3, driving in the lone run for the team. The local boy, who will be a 9th grader here this fall, plays center field for the All Stars.

animals is the ability to convert feed into meat at a high rate of efficiency. Fast gains and efficient gains are directly connected; however, it is not always the fast gaining animal that is most efficient in his feed conversion.

It is not always the slow gaining animal that requires the most feed per pound gain but when a large group of animals are fed, it has been shown that the fast gaining animals will consume less feed per pound of gain than the slow gaining animals. The 4-H club boys and girls who are feeding dry lot calves are not all feeding the same ration so we will not be able to tell which of the calves are doing the best with respect to feed conversion. When they feed a ration composed of 20% cottonseed hulls, 20% oats, 20% sweet feed, 20% grain, 12% protein pellets and 8% alfalfa pellets, a calf will usually eat eight pounds of that mixture in order to put on one pound of gain. A 500 pound calf can easily eat 16 pounds of that kind of feed a day. Some calves will eat the full 16 pounds and put on only a pound and a half while other animals of the same size will eat the same amount of feed and gain an average of two or even two and a half pounds a day. It all hinges in the inherited ability of the animal to gain efficiently.

The poultry people and the hog people have done a good job of selecting efficient animals for breeding stock and they have greatly improved their animals by selecting for this trait. Some hogs that have been tested have put on a pound of gain with only 2.66 pounds of feed. Twenty years ago it took twice that much. The same thing can and should happen to beef cattle. It is a matter of testing and some beef cattle producers have already started their own improvement program. They are doing it by weighing their calves at various ages and either feeding them out to market weight or following the cattle after they reach market weight in order to get all the information about them.

Mr. and Mrs. Roberts Watson and family returned recently from Houston, where they visited relatives. Mr. Watson also enjoyed fishing while they were gone.

**AWARDED SCHOLARSHIP**

Miss Beverly Bland, Slaton, was awarded the 1957 West Texas Press Association Journalism Scholarship at the annual convention of that organization held last weekend at Lubbock.

**Swenson Thrillcade To Be Feature At State Fair**

The Aut Swenson Thrillcade, the jumbo of all the nation's daredevil hippodrome shows, will be a featured daily attraction in front of the Grandstand at the 1957 State Fair of Texas in Dallas, Oct. 5 through 20.

The program of fast-paced auto-motorcycle suicide stunts will be interspersed with acts by top entertainers of television and the circus.

Oldtime ragtime favorites will be thumped out by Johnny Maddox, foremost exponent of the "honky tonk piano" who gained renown with his record of the "Crazy Otto Medley".

Jugglers, slack wire artists, aerial ladder experts, a performing elephant and a "calvalcade of clowns" will go through their paces in between the supercharged antics of the demon stuntmen.

The Thrillcade will present such spine-chilling manouvers as the "ride of death", in which a motorless juggernaut plunges down a sky-track and loops the loop three times before landing on its wheels.

Disdaining peril to life and limb, the Thrillcade daredevils will also put their high-powered cars through burning barrier crashes, aerial winovers, dive-bomber crashes and deliberate rollovers. Motorcycle maniacs will play leap frog at high speed, and one daring cyclist will make a ramp-to-ramp jump of his motor over three convertibles.

Motor polo tournament competition, precision auto driving and steeplechase racing on elevated ramps are also included on the program.

And something new under the thrill show sun will be the feminine contingent of Thrillcaddettes, who prove that there ain't no "weaker sex" when it comes to stunt driving.

The Aut Swenson Thrillcade will be equipped with brand new 1957 equipment, including stock model Ford cars and trucks, Daimler-Puch motorcycles made in Austria and British-made Triumph two-wheelers. The Thrillcade will have 26 performances at the Fair.

**MRS. MORRIS LOWE ATTENDS STATE COUNCIL BOARD MEETING OF ESA**

Four area members of Epsilon Sigma Alpha sorority attended the Texas state council executive board meeting held in San Angelo Aug. 10 and Aug. 11.

They were Mrs. Morris Lowe of Plains; Mrs. A. H. Gore of Brownfield; Miss Mary Paul Long and Mrs. Paul Campbell, both of Lubbock, who represented their respective chapters as delegates. Mrs. Lowe was representing Iota Pi chapter of Plains.

On display was a large bronze trophy won by the Texas council for philanthropic work at the sorority's international convention. At this international meeting in Memphis, Tenn. which was held earlier this summer, Texas was presented 14 awards. Miss Long was state project director and was recognized as Texas' Outstanding ESAer.

The state project will continue along the same lines this

year for the National Foundation for Infantile Paralysis, to which some \$10,000 has been contributed by the state group during the past seven years. All funds raised will go to the Texas Rehabilitation Center, the first center of this type in the world, to be constructed in Dallas.

The executive board selected Muscular Dystrophy as the social service project for the group with the public education phase of the movement as its aim.

Discussion was held on the selection of a permanent state headquarters, possibly in Austin. Mrs. Lowe, historian and president of District 9, was among the state officers reporting during a business session. All seven past presidents of the state organization were present for the meeting. District 9 won 1st place at state with their yearbook.

## B. L. Dulin Rites Are Held Wednesday

One of Yoakum county's pioneers, who also played an important part in the development of the West Texas area, Bryant Lawrence Dulin, 71, was claimed by death Monday afternoon at a Lubbock hospital, following an illness of about four weeks.

Final rites were held Wednesday afternoon at 3 o'clock at the First Baptist Church, with Rev. R. R. Hutcheson, minister of Calvary Baptist Church officiating, assisted by Rev. Earl Robertson of Plains, a family friend. Arrangements were in

B. L. DULIN

charge of the Denver City Funeral Home.

Pallbearers were H. C. Cotton, Fred Allen, R. B. Brown, Les Weatherall, T. L. Martin and Walter Ayers. The Denver City Odd Fellows Lodge, of which he was charter member, conducted

graveside services at the Denver City Memorial Cemetery, where interment was made.

Mr. Dulin became ill four weeks ago, and last week was transferred to Methodist Hospital in Lubbock to be under the care of specialists. Death was attributed to inoperable internal hemorrhage.

Survivors include three sons, W. B. "Dub" Dulin, Buford L. Dulin and C. A. "Skeet" Dulin, all of Denver City; four brothers, T. G. of Amarillo, B. C. of Sweetwater, C. M. of San Angelo and J. M. of Kermit; two sisters, Mrs. Eric Gasper of Dallas and Miss Addie Dulin of Los Angeles, and 12 grandchildren.

Mr. Dulin owned and operated the first business in Denver City, a service station on the site of the present Larry's Humble Service. He also had numerous local business holdings, and was promoter and developer of the Dulin Addition.

Born in Washington County, south central Texas, August 29, 1885, he came to this county in December of 1937, soon after the discovery of Wesson oil field. He opened a service station at Wesson, then one at Allred, and the one in Denver City, operating under the name of B. L. Dulin and Sons Humble Service Stations. The Allred station was sold during the war. Mr. Dulin still owned the site of the original Denver City station at the time of his death.

Mr. Dulin left home at the age of 13 years to make his own way. He graduated from Baylor Business College and came west because of malaria, and worked for a time at Scott and White Hospital in Temple, where he began studies to become a doctor of medicine. He was married to Ella Ruth Webb of Ranger, daughter of a school teacher, in 1910.

For a while he lived in Hardeman County, working as foreman of the Hardeman County Irrigation Company, one of the owners being Teddy Roosevelt. He also was foreman there for Roosevelt of the world's largest hog ranch.

He held the position of postmaster at Beard, Taylor County, for several years, leaving to go to Ranger where he owned oil acreage in the Ranger Field in 1917-19. He built the Ranger Hotel, and also operated a teaming contracting business there.

Dulin left Ranger in 1919 for Weatherford, where he owned two farms. He also served as postmaster at Tiffin, Texas, and operated a grocery store there. Becoming interested in Littlefield Estate which was being sold as farm land and town sites, Mr. Dulin moved there in 1923 and assisted in the promotion and selling of town land. He also helped in the establishment of the town of Anton in 1925, aiding in the selling of the original townsite lots, and putting in the first filling station there.

Mr. Dulin went back to Weatherford in 1925 when the West Texas boom appeared to be over and in 1927, moved to San Angelo. In 1931, he moved to Sweetwater, farming there for two years before going to O'Donnell where he operated the B. L. Dulin and Sons Farm and Coal, Feed and Seed store.

In 1937, Mr. Dulin moved to Wesson and then to Denver City,

THIS WILL cease to be a familiar scene in the near future, as according to Foye Flood, manager, the swimming pool will close for the summer, Sunday, August 25. Some 40 children and adults have been enrolled in the swimming classes taught by Jack Porter and Flood, assisted by Harmon Meixner, life guard. The manager reported that everything had gone smoothly at the pool this summer and thanked the public for the cooperation which had been given him.

## Girl Scouts Enjoy Hobo Party Here

The Girl Scouts enjoyed a hobo party in Stanford Park Tuesday afternoon. The party was given by the losers in the peanut sales contest, for the winners. The group met at the Tsa Mo Ga Clubhouse and then hiked to the park.

Those attending, appropriately dressed as hobos, were Scouts Jeanine St. Romain, Carolyn Warren, Dana Dyer, Jackie Hawkins, Linda Robertson, Paula Stapleton, Margaret Henard, Tonya Randolph, Joyce Kissinger, Donna Nugent, Jackie Nolan, Jana Warren, and Judy Lowe, along with visitors Brenda Dumas, Woodine Sparkman, and Suzahn St. Romain, and leaders, Mrs. P. W. Romain, and Mrs. M. W. Luna.

Hot dogs, samors, and cold drinks were enjoyed by those present.

Guests of Mr. and Mrs. W. M. Overton Sunday were Mr. and Mrs. Judge Ed Young and children, Delta and Junior, of Midland and Mr. and Mrs. Thurman Cochran and children, Susan and Vickie, of Peecos.

Mrs. Wyatt Lipscomb and children spent last week visiting in the home of her parents, Mr. and Mrs. M. H. Heine, in Roscoe.

settling down here to spend his remaining years, and advised his sons and all others to "stay with Denver City because it is going places."

## Check Vacation Driving Habits, Motorists Urged

Do your highway actions make you a welcome guest in other states?

Before you answer that question it would be a good idea to check your usual vacation driving habits pretty carefully.

J. O. Musick, General Manager of the Texas Safety Association, says that drivers are often inclined to see the mote in the other fellow's driving while ignoring the beam in their own. He says the current vacation driving program, which the Texas Safety Association is conducting, is intended to get drivers to turn a critical eye on their own highway performance and correct any bad habits they find.

The vacation driving program is part of the nation-wide Back the Attack on Traffic Accidents campaign, which this summer is advising motorists to Slow Down and Live.

"Heeding this advise will add to your popularity wherever you drive," Musick said, "because by driving at a sensible pace you show a decent respect for your own life and for the lives and rights of others."

He explained that by "sensible" pace he meant speeds that are safe for the condition of the road, the weather, the traffic, and the condition of the driver and his car—not slow-poke speeds that tie up traffic and

invite accidents.

"Another way to boost your stock," he said, "is to obey all the traffic laws, signs, and markings of the areas through which you travel."

Musick also mentioned a few things that will have the opposite effect.

"Driving when you're tired, ill or after you've been drinking will pull the welcome mat right out from under you," he said. "In any one of these conditions you're a menace to yourself and anyone you meet."

Mr. and Mrs. Roger Curry and children are vacationing in California this week.

Mr. and Mrs. May Davis of Lubbock is visiting in the home of her son and daughter-in-law, Mr. and Mrs. Archie Whitaker, this week.

to be asked. This business of agriculture is changing more rapidly now than at any time in history. New crops are being developed. Improved fertilizers are being manufactured. New insecticides are being used. Important facts are being learned about irrigation water management. New theories of range management are being used successfully. Now more than any time in the past a farmer or rancher must be wide awake and alert to improved methods. These are the ones who will succeed. What can you do to improve your farm or ranch? The Yoakum SCD will be glad to assist you in developing a farm or ranch conservation plan.

\*IT'S THOSE CLIPPINGS IN YOUR HAND!

It's a fact that American women are the most qualified shoppers in the world. Because of the intensity of newspaper advertising, American women have more information about more products, and so can compare value and price to get the most for their money. The largest single advertising voice in our country is the local newspaper. And what's more, take it with you when you shop. Or you can clip the ads out, as reminders to you to take advantage of the bargain you read about.
