## Dr. W. F. Birdsong Dies, Funeral Held

Dr. William F. Birdsong, 67, co-owner of West Plains Hospital, died there at 7:30 p.m. Thursday after suffering a stroke at his home a short time earlier.

Dr. Birdsong was widely known over the area. He had been with the Amherst Hospital, Amherst, for many years prior to moving here when he, Dr. B. O. McDaniel and the late Dr. T. M. Simmons bought the local hospital from the late Dr. L. T. Green and Dr. M. F. Green in 1954.

He was born February 2, 1900 in Virginia and served as a U. S. army doctor. He was a member of the First Methodist Church, Muleshoe Lions and Rotary Clubs, a member of the Board of Directors of the

Chamber of Commerce, Masonic Lodge and of the Lamb, Bailey, Hockley and Cochran County Medical Association.

Funeral services were held at 10:30 a.m. Saturday, February 4, at the First Methodist Church with Rev. Clarence Stevens, pastor of the Spur First Methodist Church, officiating. Interment was in Bailey County Memorial Park under direction of Singleton Funeral Home.

Survivors include his wife, Polly; three daughters, Anne of the home; Mrs. Robert Holt, Amarillo and Mrs. Pat Leonard, Jr., Albuquerque; one son, a U. S. army doctor, one sister, Mrs. Julia Granmill, Fort Worth; three brothers, John Edgar and Peyton, all of Fort Worth and three grandchildren.

## Black Presents Club Program

Clifford Black, a senior at Muleshoe High School, gave the program at Lions Club Wednesday. He showed slides of historic scenes in France, England and Scotland, points he visited on a tour of Europe in the summer of 1966.

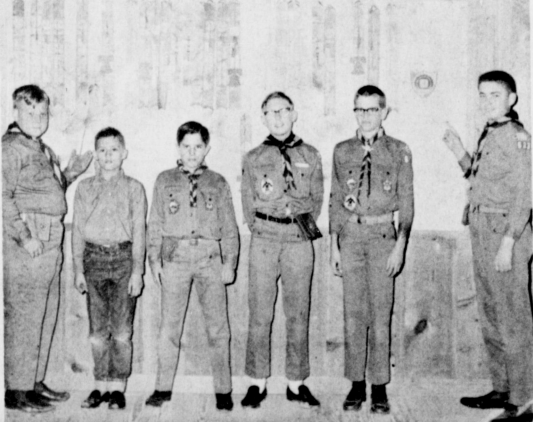

The tour group was made up of Methodist young people from the Northwest Texas Conference, including from this area, Clifford Black and Jenda Nickels, both of Muleshoe, Tamra Jennings and Mike Hinkson, both of Lubbock, and Donna Gaston of Sudan.

Black is currently serving **Cont'd. on Page 3, Col. 8**

Several seniors of MHS have been visiting colleges recently to decide which college they would like to attend. The school allows each student two days during the year in which to do this. Paul Lenuau, son of Mr. and Mrs. Paul Lenuau visited SMU; Dennis Smith, son of Mr. and Mrs. Kenneth Northcutt and Neal Knight, son of Mr. and Mrs. Clyde Knight visited South Plains College; Walter Little, son of Mr. and Mrs. Jack Little and Larry Crawford, son of Mr. and Mrs. Van Crawford visited Texas Tech.

It, and Mrs. Arthur Charles Splan are parents of a son born at 3:02 p.m. Thursday in Charlotte, Mich. He weighed 7 pounds, 6 ounces and has been named John Shannon.

Grandparents are Mr. and Mrs. Howard Splan, Muleshoe, and Mr. and Mrs. Ralph Baird, Charlotte.

TROOP 633--Roland McCormick is Scoutmaster for Troop 633. Six of the Troop are pictured before a bulletin board hanging full of different types of ribbons earned by Muleshoe Boy Scouts. Troop members shown are Ricky Smallwood, Eugene Reeder, Earl Ladd III, Kerry Wagon, David Cook and Perry Hall. Last Sunday Week is being observed and scouts are to attend the church of their choice in uniform Sunday February 11.

## STATION OWNERS, ATTENDANTS

# Banquet Planned For Ambassadors

Arthur Bolton Seeks Office

Did you know, "Mr. Service Station owner, attendant" that you are considered a very valuable ambassador to the city in which you live and work?

"The fact that tourists stop, most of the time, first in a city at a service station... the first impression of the atmosphere of that city is set there," Chamber of Commerce Manager Derrell Oliver said.

"Information is more often than not requested... sometimes concerning the city, sometimes just for directions, and the answers they are given are of great importance," businessmen Lindell Murray and Har-

mon Elliott, First National Bank vice president outlined in a recent meeting of the Businessmen's Activities Committee.

Therefore, at a breakfast meeting of the board of directors of the Chamber of Commerce held Thursday, Chamber President Robert Hooten put the wheels in motion for a special recognition banquet to be given to honor service station operators.

Time, date and place of the banquet will be announced when plans are finalized. Bob Stovall was appointed to head the banquet planning.

Frank Ellis and Robert Al-

ford were appointed to look into the cost of securing new Christmas lights for Muleshoe.

Gilbert Lamb appeared before the Chamber board and requested a highway sign, possibly near the Farwell highway intersection of Highways 84-70 and 69, advertising the Mule Memorial and Muleshoe. More information will be obtained and presented at the next meeting of the board.

The Chamber of Commerce board also will sponsor a minstrel show as a money-raising project.

Reports were given by Bob Stovall, chairman of the tourist

committee on a tourist workshop recently attended in Abilene.

It has been noted that this should be a great year for tourism in Texas as the HemisFair will be in progress and other events during the tourist season will be Rotary International and Lions International meetings, the Olympics to be held in Mexico City will be bringing tourists through Texas and the PGA and Ladies Bowling Association will be held in San Antonio.

Attending were Vic Benedict, Don Harmon, Wayne Williams, Olan Burrows, Robert Alford,

T. R. White, J. P. Shelton, Bob Jones, Robert Hooten, Buddy Peeler, Derrell Oliver, manager, and guests Rev. Walter Bartholf, Bob Stovall, Gil Lamb and J. M. Hefner.

## Credit Union Pays Dividends

A dividend of four and one-half percent has been declared for 1967 on shares of record December 31 by the directors of Muleshoe Federal Credit Union, Bobby Hudson, president announces.

J. M. Forbes, treasurer, said dividend amounts have been credited to individual members' share accounts and will be entered in pass books as presented. This is the fourth year for payment of this amount of dividend by the Credit Union.

Directors met this week and set the date of the annual meeting of members for Sunday afternoon, March 17, at 3 p. m. The meeting will be in the Production Credit community room.

In announcing his candidacy Bolton said "I wish to express my appreciation to the public for their confidence and support in the past and your support in the future will also be appreciated."

"I have tried to make a good official and will continue to work toward the goal of enforcing the law as you, the people, who have invested this trust in me would have me do."

Bolton has lived in Muleshoe since 1962 and prior to moving here had lived in the Oklahoma Lane community for 38 years.

Arthur Bolton

Arthur L. Bolton, who has served as Constable of Precinct 1 for the past term, announces that he is seeking reelection to that office.

In announcing his candidacy Bolton said "I wish to express my appreciation to the public for their confidence and support in the past and your support in the future will also be appreciated."

# POTATOES... Saver of a Nation!

After the devastating Seven Year War of 1763, France was ravished with famine. To save the lives of the populace, Monsieur Turgot persuaded the French to grow potatoes for human consumption instead of using it as animal fodder. Master chefs concocted savory sauces to make it palatable, and thus, the art of French Cooking was born! Today, the potato is one of the mainstays of meals around the world!

# Cockrell, Calvert Pledge Afternoon Vows

Mr. and Mrs. Dwyan Calvert (Nee Louise Cockrell)

Miss Vera Louise Cockrell and Dwyan Calvert pledged wedding vows at 3 p.m. Saturday in Asbury Methodist Church in Lubbock.

Dr. Cecil Matthews officiated in the double ring ceremony. The bride is the daughter of

Mr. and Mrs. L. C. Cockrell of Ingram and parents of the bridegroom are Mr. and Mrs. C. P. Calvert of Muleshoe.

GIVEN in marriage by her brother, Leroy C. Cockrell Jr., of Ada, Okla., the bride wore a three piece suit of white silk.

The veil was shoulder length of circular design. Miss Earlene McCall of Odessa, was maid of honor. She wore a turquoise velveteen dress with a squared neckline and long sleeves.

W. B. Hodgekinson, brother-in-law of the bridegroom served as best man. Seating the guests were John Dalton and Dwight Sooter, both of Lubbock.

Candles were lighted by Lee Calvert, brother of the bridegroom and wedding selections were played by Janey Holmes.

A reception was held in a private home in Lubbock. After a wedding trip to Dallas, the couple will be at home at 272-25th Street in Lubbock.

The bride and bridegroom are juniors in Texas Tech and will continue their education there.

# A Salute to Area Clubs and Presidents

Mrs. Kenneth Henry

This is another in a series of salute to the local Clubs and presidents of this area. Featuring this week Mrs. Kenneth Henry, president of the Jayceettes.

Mrs. Kenneth (Darlene) Henry is the mother of two daughters, Sharla Ken, age 5, who attends Mrs. Jackie Tate's kindergarten and Sherri Kim, age three. Other than being president of the Jayceettes, Darlene belongs to the Llano Estacado Civic Club, holding an office in this club for the past two years. She and her family attend the First Baptist Church, Muleshoe.

The Muleshoe Jayceettes have nine members and has been organized for three years. The main purpose is "Aid to Jaycees." This is the first duty of the club to help them in any way they can. They have accomplished this in several ways this year. They served homemade ice cream for a social in May, sent invitations and provided the food for a family picnic in July and assisted them at various times in typing and sending out their monthly newsletter. They also travel with the Jaycees when necessary. They gain new ideas and new friends from doing so. In December, the Jaycees held a Quail shooting contest, the losing side had to prepare a Quail dinner for the other Jaycees and their families. The Jayceettes were responsible for the vegetables and desserts for the dinner. It was a real treat to see husbands in the kitchens.

In the future, the plans include our "Heart's Delight" to be given away on February 13. This is the third year for this project, which is a box of candy with a twenty dollar bill on top of it.

On Wednesday, January 31, the Jayceettes attempted to call all local residence phones listed in the directory and remind them it was the last

day to secure Voter Registration certificates. This weekend, February 3 and 4, the Winter Convention will be held in Amarillo. Darlene and several other Jayceettes will be attending with their husbands.

They have discussed two civic projects, in which they hope to aid financially.

# Miss Carter, Mr. Bruns, Vows Are Read

Mr. and Mrs. Ronald Dean Bruns (Nee Paula Jean Carter)

Miss Paula Jean Carter became the bride of Ronald Dean Bruns in an impressive double ring ceremony, read in the Longview Baptist Church, January 27, 5:30 p.m.

Rev. Bob Morrow, pastor of the church, performed the ceremony. The bride is the daughter of Mr. and Mrs. J. R. Carter of Route 5, Muleshoe, Parents of the bridegroom are Mr. and Mrs. Don Bruns, of Route 3, Muleshoe.

Escorted and presented in marriage by her father, the bride entered the church amid fern trees, an archway of greenery with white wedding bells attached in the archway. Lighted white candles in a candelabrum were on either side of the archway, with two baskets of white cascading gladiolas, accenting the kneeling bench, centered in front of the archway.

For the wedding, the bride was attired in a white peau de sole princess style wedding gown, with charming, flowing gently in soft folds on either side. The train of charilly lace was attached at the shoulders, accenting the veil of illusion which was elbow-length. She carried a flowing bouquet of yellow-throated orchids and marguerite daisies with tulles, love knots and lily of the valley.

Maid of honor was Peggy Jane Carter, sister of the bride, and she wore a yellow satin street-length dress overlaid with yellow lace. She carried a yellow and white cascade votive centered bouquet of lace carnations, pom poms and white

streamers. The bridesmaids were Kay Teller and Kay Kittrell, friends of the bride. They wore identical dresses and carried bouquets of the same design as the maid of honor. Flower girl was Debbie Ethridge, cousin of the bride, she wore a yellow satin dress with an overlay of yellow organza and sprinkled petals from a satin basket. Tammy Bruns and Jana Bruns, were candle-lighters, and were dressed in similar dresses to that of the flower girl.

Serving as best man was Benny Bruns, cousin of the bridegroom, and groomsmen were Charles Moraw and Steve Bass, both of Muleshoe. Seating the guests were David Carter, brother of the bride, and Bill Bruns, cousin of the bridegroom.

Wayland Ethridge, cousin of the bride, played wedding selections and sang "Because" and "The Lord's Prayer."

The reception was held in the educational building of the church.

Serving at the bride's table were Debbie Bruns and Marilyn Barnett. The table was laid with a white lace cloth over yellow, centered with a three-tiered wedding cake, topped with a miniature bride and groom and a bouquet of white and yellow carnations.

After a wedding trip to Lubbock, the couple will be at home in Muleshoe.

For traveling, the bride chose a brown and white knit suit with beige accessories and wore

a corsage from her bridal bouquet.

The bride is a senior in Muleshoe High School and the bridegroom is a 1965 graduate of Muleshoe High School, and is presently engaged in farming.

Girl Scout 89 Has Camp-Out  
The Girl Scout Troop 89 met Monday, January 23, in the Little Scout Hut. They opened their meeting with a flag ceremony. Topics for discussion were: "What kind of food they would have at their overnight camp-out," "What food each would bring" and "badges they would earn." Before retiring for the night, those present cleaned the Little Scout Hut.

# Three Texas Cooperative Associations to Gather

The 16th Joint Annual Cooperative Meeting of the Texas Federation of Cooperatives, Texas Cooperative Ginners Association and Houston Bank for Cooperatives will be held in Houston, Shamrock Hilton Hotel, February 4-6. Annually the

attendance approximates 1500 farmers from all agriculture areas of the State. Attending from this area will be Earl Richards, Manager, and W. T. (Bill) Millen, Director of the Muleshoe Co-op Gin, From Needmore Co-op Gin, M. H. (Pete) Poteet, Manager,

C. G. Lewis and T. H. Clem, Directors. The Texas Federation of Cooperatives is a trade association whose membership is composed of 450 processing, marketing, purchasing and service cooperatives owned and operated by Texas farmers.

The past year these cooperatives had a volume of business amounting to \$776 million, and had a membership of approximately 75,000 farm families. The Texas Cooperative Ginners Association is an association of the 319 farmer-owned cotton gins in Texas that gin

40 percent of the cotton produced in Texas. The Houston Bank for Cooperatives is a lending agency in the Farm Credit System. It presently has loans outstanding in excess of \$115 million to Texas cooperative corporations.

Headlining the program as speakers are Lieutenant Governor Preston Smith, Dr. Gerald Thomas, Dean of the College of Agriculture at Texas Tech, and Texas Supreme Court Judge Zolle Steakley. Other highlights will be the naming of The Cooperator of the Year, the Cooperative Ginners of the Year and the recipients of three Distinguished

Service Awards. Officers and directors of the three organizations also will be elected. The meeting opens Sunday, February 4, with Vespers conducted by the Reverend Roger Deschner, Minister of Music of First Methodist Church, Houston. The first general session begins Monday, February 5, at 9:30 a. m. featuring Judge Steakley and Dean Thomas as speakers. The first place State 4-H Cooperative Demonstration Team of Gary and Judy Burnett, Brownfield, will give their award winning presentation during the morning session. Lt. Governor Smith will address the Texas Cooperative Ginners Association annual membership meeting Monday afternoon followed by a discussion of Cotton's Expanded Research and Promotion Program. Participants will be Howard Allford, Lubbock, vice president of the Board of Trustees of Cotton Producers Institute, and Earle Younts, supervisor of the Southwest Territory for the National Cotton Council of America.

Change." Moderated by Robert W. Cooper of Marlin, manager of Milk Producers, Inc.; Frank Pharris, general manager of Producers Grain Corporation, Amarillo; P. a. l. Crutchfield, manager of the American Rice Growers Cooperative Assn., Anahuac Division; and Dan Davis, general manager of Plains Cotton Cooperative Assn., Lubbock. The meeting climaxes Tuesday night with the joint Awards Banquet with C. A. "Red" Kiker of Beaumont as master of ceremonies. Featured speaker will be Dr. Charles Jarvis of San Marcos. Officers of the Texas Federation of Cooperatives are John McQuilen of Plainview, Kenneth Harlan of Driscoll, vice president, and Parke T. Moore of Harlingen, secretary. The Texas Cooperative Ginners Association is headed by President Utis Ray of Sinton and Secretary J. W. Borders Jr., of Sweetwater. Bruno E. Schroeder is executive vice president of both the Federation and Ginners Association. John C. Rhein is president of the Houston Bank for Cooperatives and Charles C. Thompson of Colorado City is chairman.

Recharge of Surplus Water High at Station

Recharge of surplus surface water replaced 55 percent of the water pumped to produce crops on the Foundation farm in 1967. Recharge through two multiple-purpose wells placed 112 acre-feet of surplus water into the Ogallala formation. Four wells including the two multiple-purpose wells pumped only 204 acre-feet in 1967 as rainfall during the growing season reduced irrigation needs. Since 1959, the two multiple-purpose wells at the Foundation have recharged 748 acre-feet of surface run-off water or 29 percent of the 2,599 acre-feet pumped for crop production over the same period. The water saved through artificial recharge would meet irrigation needs on the Foundation farm for about 2 1/2 years. Attempts to reclaim two clogged multiple-purpose wells were made in 1967. One well located near Spade could not be reclaimed but another near Cotton Center was reclaimed to make it a "useful" well. Two other multiple-purpose wells which were partially clogged were restored to full pumping capacity. Complete details of these studies may be seen in the 1967 Annual Research Report of the Foundation.

## Freshman Boys Defeat Olton

With the score too close for comfort at halftime, the Muleshoe Freshmen boys bounced back in the last half of a Thursday night game in Muleshoe Junior High School gym to roll over Olton 57-49.

The freshman basketballers who have been off their game for awhile really hit Thursday night, and according to Coach Bob Graves, played the best game they have in some time. Jerry Putnam, who always scores several points in every game played by the Freshmen, ran away with the score and put a big 20 points up for his team. Lewis Morris, who had a bad night at Gattis Monday night, made up for it with 14 points in his credit Thursday. Keith Turner followed with a commendable score of 11 to help his team and Tony Reasner and Dana Cockrell both did their part by adding 4

points each. Not to be overlooked were the equally important scores of 3 by Jerry Scoggin or Steve Black's 1 point. Prior to the Freshman boys' game, the Freshman girls were defeated by the Olton girls.

## Distributive Students to Enter Contest

By Diane Bryant

This week, the Distributive Education students have been putting last minute touches on their sales demonstrations, job interviews and public speaking. They participated in the DE area contest held in Odessa Saturday.

The following participated in sales demonstration: Jeral Knight and Jimmy Bruton; Job interview: Gail Phipps and Larry Crawford; Public speaking: Sandi Hopper and Walter Little. Diane Bryant was in the Sweetheart contest.

## Unsung Heroes Of Basketball: Sixth Graders

Unsung heroes all season in the basketball field in Muleshoe are the pint-sized cagers of the sixth grade.

These first year players are providing entertainment at each home varsity game at halftime, and with no publicity, go on their way, playing, scoring and learning as they go.

Although these peewee cagers do not play in competition with district schools, their play is fast and furious among themselves. Daily, Coach Ronnie Jones is drilling and teaching the boys the fundamentals they will need before they go into area competition their next year when they reach the seventh grade.

Until three years ago there was no sixth grade basketball

program. Now, since the beginning of the program, the present undefeated eighth grade team had the background and advantage of starting a year earlier in basketball.

At the end of the basketball season, the sixth grade team will be divided, and they will participate in an Inter-Mural tournament. The dates will be announced shortly.

Members of the future stars are: Perry Stockard, Don Long, Mart Bruns, Don Locker, George Mitchell, Rob Alford, Terry Mason, Ronnie Puckett, Ricky Smallwood, Aubrey Pitts and Troy Scott.

Also Terry Phipps, Timmy Black, Randy Pitcock, Hector Leal, Richard Meyers, Steven Block, David Saylor, Kelly St. Clair, Douglas Walker, Glen Elders and Tim Wheeler.

## Curtain Closes on Musical

Monday night, January 29, marked the final performance of Rodgers and Hammerstein's "Flower Drum Song." After a standing ovation from the near capacity crowd, the cast met at the Muleshoe Country Club for the traditional strike party. At the party, the directors presented F.A.D. (Fine Arts Department) awards.

Those awards were: Stan Johnson and Renee Dyer, Best All-Around; Jane Branscum, Best Actress; John Galle, Best Actor; Gail Phipps and Johnny Embry, Most Improved; Betty Harbin, Best Supporting Actress; Larry Baker and Paul Lenua, Best Supporting Actor; Gus Taylor, Best Orchestra Member; Suzy Tanner, Best Pianist; Trevor Ford, Sheryl Mason and Druscilla Darnon, Best Dancers; and Beth Black, Davey Henry and Vivian Green, Best Stage Crew Members.

The directors were presented with gifts from the cast at the party, also.

This was the fourth musical production to be staged here by the Fine Arts Department of the school system, and was again a successful play from the Rodgers and Hammerstein collection.

The colorful production was classed as an oriental-favored story set in San Francisco's Chinatown. As the story unfolded, a nightclub operator refused a present from his parents, a graduation present in the form of a mail-order bride. Then after giving her to a friend, the tide turned and he decided he wanted her for himself.

The old Chinese father found American customs quite difficult to understand and trying to digest them, along with other unpleasant circumstances that

## Mrs. Black Returns After Illness

By Beth Black

The Muleshoe High School Fine Arts Department will again "get the ball rolling," as sponsor, Mrs. Elizabeth Black returned after a 26-day stay in the hospital.

In Mrs. Black's absence, the art students carried on the work of the sets for the musical. Last minute details are being finished so the student's art pieces can compete in the scholastic contest in Amarillo this weekend.

This contest is one of the highlights of the art department's year of events.

## FFA Citrus Fruit Sale Continues

By Gary Little

We of the FFA would again like to urge you to take full advantage of our first annual citrus fruit sale. Blue Goose farms have supplied us with enough grapefruit to meet your immediate demand.

Grapefruit only can be offered at this late date but its quality and texture exceeds that of previous shipments.

The fruit is now waiting at the Muleshoe Ag barn for immediate delivery or pickup for you. Just phone 27203457 or contact Bill Bickle, Keith Bray or one of your FFA members.

Ford to introduce new Fairlane model.

## Student Opportunity Plan Ready

Buff Morris, director of the Students' Opportunity Plan at West Texas State University, will be in Muleshoe February 5 to explain the plan to our community. Morris will also explain the plans of student help that are available state-wide for college students. The first session will convene at 9 a.m. for all high school students, interested citizens, and particularly for parents who know definitely that their boy or girl will need financial assistance to attend college. At 7:30 p.m. the same

day, Morris will again present the plan for representatives of local organizations of Muleshoe and the surrounding area. Both sessions will be held in the High School auditorium.

This important matter of helping young people, of understanding their problems, and of knowing worthwhile solutions and methods of help, definitely is something that is vitally important to every person in the community. Everyone should be aware of the programs available and should be given an opportunity to participate in them. Worthwhile facts about unlimited opportunities for young people will be presented in each of these sessions.

## Tennis Teams Being Formed

While the basketball teams finish their seasons, the tennis team has started their work outs at the new high school courts, under the instruction of Coach Kerry Moore. Some sixty or seventy students are trying out for the team.

The Mules track team is preparing for the season. The boys are beginning to get in shape by running cross-country and some other odd types of recreation.

The members of the Mules football team, both varsity and B-team received their awards. The majority of the team received the traditional letter jackets and a few received a new award, a letter blanket.

Chevrolet eliminates most compact models.

## Administrators Attend Council Convention Plans In Progress

Ralph Stevenson, R. E. Everett, Bill Taylor and Elizabeth Watson, of the Muleshoe schools, attended a Study Council at the "PESO" Education Service Center in Amarillo, Monday, January 9.

Harvey Palmer, Principal of Stephen F. Austin Elementary School and George Schroyer, Principal of James W. Fannin Elementary School, San Angelo, presented "A Look at Continuous Progress Schools." These

nongraded schools are designed to fit the child rather than making the child fit the school. The Continuous Progress School is designed to cope with the realities of individual differences by flexible grouping, by sequential steps in the curriculum, and by eliminating nonpromotion.

Approximately one hundred and fifty educators attended this study council.

## Muleshoe Eighth Grade Girls Sweep Through Tournament

Muleshoe's eighth grade girls swept through to first place in a tournament played in Springlake last weekend.

In the first game against the eighth grade girls from Boravia, Muleshoe won with a score of 23-18.

Kay Douglas was high pointer in the game with 10, followed by Brenda Kimbrough with 8 and Barbara Woodards with 5 points.

Olton fell to the Muleshoe eighth grade girls 15-13. In the Olton tilt, Kay Douglas was again high-pointer with 7 and Barbara Woodards had 6.

A previously undefeated Springlake eighth grade girl's team went home defeated after the final night of play with the Muleshoe girls. In the Saturday night Championship game, Muleshoe won in a close one, 23-21.

Barbara Woodards paced her team with 10 points, followed by Kay Douglas with 8 and Brenda Kimbrough had 5 points. In the championship game, Muleshoe led in the first quarter with a score of 7-1; the Springlake girls came back and tied up the game at halftime, 11-11; at the end of the third

time, Muleshoe won with the 23-21 score.

On commenting on the tournament, Coach Rhonda Wagon said, "Guards doing an outstanding job throughout the game were JoAnn Dobbins, Janice St. Clair, Debby Parks and Deanna Mick."

"JoAnn Dobbins was high rebounder for the game defensively while Brenda Kimbrough and Barbara Woodards brought down the most rebounds offensively."

"The girls did an excellent job of holding their fundamental mistakes to only two for the entire game."

The Muleshoe eighth grade girls were presented the first place trophy following their third win of the tournament.

Better Make Sure

The surely old miser fell ill, and in a panic sent for the local clergyman, although he had never done anything to help the parish. "If I leave \$50,000 to the church," he croaked, "will my salvation be assured?" "It wouldn't be certain," replied the clergyman, "but it's well worth trying!"

## Ronnie Jones' Team Players Are Leaders

A young coach with ideas has come up with an enviable record in the basketball world, Coach Ronnie Jones, who came to Muleshoe from Hollis, Okla., has effectively coached his eighth grade players to an undefeated record to date in the 1967-68 basketball season.

Coach Jones, who went to college at Southwestern State College at Weatherford, Okla., taught one year at Snyder, Okla., before coming to Muleshoe four years ago.

Last year, his eighth grade team had 13 straight wins by the end of the basketball season and this year, the eighth grade team has not been defeated after playing 14 games. The present eighth grade team had the advantage of being the first sixth grade to participate in the then new sixth grade program of learning the fundamentals of basketball.

# SALUTING THE BOY SCOUTS of AMERICA

## ON THEIR 58th ANNIVERSARY

WE PROUDLY SALUTE ALL BOY SCOUTS,  
CUBS and THEIR LEADERS ON THIS  
OCCASION.

"I suppose every boy wants to help his country in some way or other. There is a way by which he can do so easily, and that is by becoming a Boy Scout."

Baden-Powell

### BOY SCOUT WEEK

Scouting has become increasingly more important to the future of our country. This is one reason why the Scout movement aims for a high standard of citizenship, character and physical fitness. In the program there is a strong emphasis on training for citizenship. Every boy must learn respect for the flag, loyalty to country, and an appreciation of our American heritage. We salute the Scouts and the great work they are doing in making better citizens.

## 'Mini Village' has School In Isolated Setting of Spendor

(Editor's note: The one room, one teacher school, once a fixture in American education, has almost disappeared. Only a few remain in Texas. One of them is in Pandale, a "mini-village" tucked away in the isolated spender of Val Verde County ranching country. This is the interesting story of Pandale School, its dedicated teacher and her student body of five children.)

And there is the store which is run by Al Mills, brother of Henry. A stark windmill stands guard. There is one other structure in town. That is the wee house trailer Mrs. Forester lives in five days a week. On weekends she goes to her permanent home in Del Rio, 70 rugged miles away.

The population of Pandale does vary -- going from as many as maybe four clear down to almost nobody.

But the town really fills up on school days. That's when the five Velasquez children come to school. They are sons and daughters of a man who works on the Bunker Ranch which is five miles from school, somewhere up in the hills.

To get an idea what Mrs. Forester and the Pandale School is up against you have to know something about the country. It is hilly, near mountainous land on which nothing much grows except scrub cedars, waxy bushes that squat low, a little grass and plenty of rocks.

Not far from Pandale is the Pecos, a wild little riverlet that has cut a path of stunning beauty out of the exposed rock. Sometimes the Pecos is more wild than little, like the time in 1954 when it came out of its banks, wiping out the school.

Thirty miles south of Pandale is the bygone hamlet of Spendor, a metropolis virtually as compared to Pandale. Langtry has a school with two teachers and a name in history, thanks to the antics of Judge Roy Bean and his "Law West of the Pecos."

The road between Pandale and Langtry is little more than a couple of ruts which dip low into the canyons and rise high across the lonesome, formless beauty of the hills. Ranchers in this wide country raise mostly sheep. There is talk of oil companies signing leases in some parts, but there is no apparent evidence of drilling yet. For the most part there is nothing but miles and miles, a long way off from everything.

But the people here -- what few there are -- love their land. One of the ranchers around is Larry Arledge who might have stepped out of the east of John Wayne's western. He is president of the three-man Pandale school board. He has lived here since 1911 and is as much a part of the land as any living thing in it.

Mrs. Forester is in her second year of teaching at Pandale. She is a dedicated teacher and brags about the progress of her students, although she worries that Esperanza, who is in the seventh grade, may quit school.

Esperanza is obviously behind her age group in school. If she continued at the rate of one grade per year, she would be 21 or 22 when she received a high school diploma, about the same age when some youngsters are graduating from college.

The other children are somewhat more enthusiastic. Joe, the only boy in the school, is 14 and he's in the fourth grade. "I preach and preach to them about the need for getting a good education," Mrs. Forester says, "I tell them if they don't go to school they will never get a good job."

Her urgings have apparently registered with Joe. "He's become very interested in going on in school and to college," she says. Joe wants to be an interpreter.

Besides Joe and Esperanza, there is Gloria who is 8 and in the second grade and Mary 6 and Linda, 7, both in the first grade. Little Mary can't speak English. She is like Linda was last year, but Mrs. Forester says Linda has made great progress and is now "the best reader in the room."

How did Mrs. Forester, who doesn't speak Spanish, ever teach Linda to read English? "Heavens, I don't know," sighs the teacher. "I started her out by using flash cards to teach her a few words and she just came along."

Linda and Mary, declares Mrs. Forester, are curious and interested in learning about things. From what Mrs. Forester says, it seems clear that the Velasquez children differ not from more fortunate children in intelligence. Their lack of progress has been caused chiefly by sketchy school attendance in the past, and primarily, that the language of the schools -- English -- is to them a foreign tongue. Only Spanish is spoken at home. With such a language handicap it is a real accomplishment that they have progressed as far as they have.

The difference is in teaching. Mrs. Forester, a veteran teacher, says she does not have a college degree. But whatever she may lack there seems to be made up in commitment to her task of teaching children. For she has evidently sparked in the Velasquez children the innate curiosity possessed by all children.

The teacher is human, of course, and realistic, as well. She is afraid that the Velasquez children may never have the opportunity to go on in school beyond what is offered at Pandale. And for her personally the task at the little school is not easy.

She makes no mention of it but it is obvious that Pandale lacks much in the way of modern school needs. The only apparent teaching aid for the geography lessons she gives to Esperanza and Joe is a small globe, about the size of a grapefruit. New York and Rome, but of course, not Pandale, are shown on the globe.

But Mrs. Forester's dedication makes up for some of this lack.

"I had started Esperanza on a little geography and Joe overheard us and became interested. He asked if he could stop what

he was doing at the time and join us so I invited him to take part.

"They had never heard of Spain and Portugal nor how Columbus discovered America and so they became very interested," she says.

Thus, Joe was proceeding at his own pace, which, if handled properly, may be the way all pupils someday progress through a non-graded curriculum.

But while the progress occurs, there are sometimes reversals. For example, the new math was completely beyond Esperanza because of her poor ability in English. Mrs. Forester got out the textbook for the "old math" and began to teach math in the old style, simple, rote-learned arithmetic. Esperanza is improving and learning more this way than with what was to her completely unintelligible "new math."

Mrs. Forester is happy that she can innovate and experiment to discover the best teaching formula for the five Velasquez children.

But it doesn't keep her from getting lonesome at Pandale. "It is lonesome out here," she replies in answer to the question.

"It's the quietness -- you can hear a pin drop and sometimes it gets so quiet you can hear the mountains talking to each other."

"Television? There's no TV out here and the radio won't pick up anything."

One of her companions is "Ol Sol" -- the card game of Solitaire -- and the deer which are plentiful and nearly always around.

"Sometimes the deer nearly drive me crazy at night rubbing up against the trailer house."

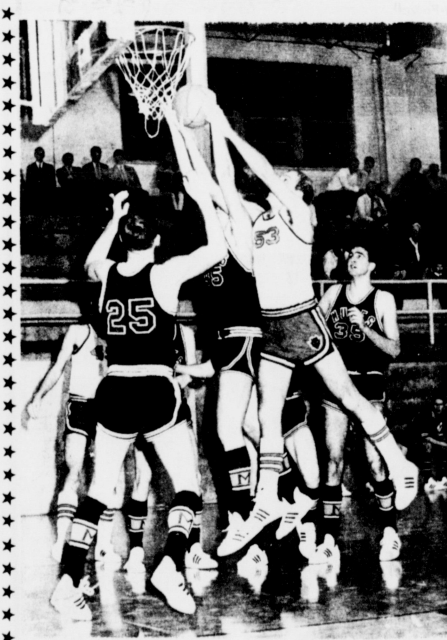

Such is the life of a dedicated teacher and such is life at Pandale which is a long way off from anywhere.

## Hereford Feed Yards Plan Expansion

The Hereford Feed Yards, Inc. of Hereford, announced that the Board of Directors has concluded to increase the present cattle feeding facility at Hereford from its present capacity to 50,000 head capacity.

This expansion will include the constructing of new office facilities, the enlargement of present feed milling facilities, as well as modernizing existing facilities, and the construction of new pens and water systems, all to be in accordance with the latest design, as well as new innovations formulated upon successful feed-yard experience.

Paul Engler, president, states that the feasibility of these expansion plans was determined by the inability of his company to satisfy the cattle feeding customer demand, and by the rapid growth of the meat packing industry which is being evidenced in the High Plains area of Texas.

## Jaycees Attend Banquet

Nine Jaycees and eight Jaycee-ettes were the largest number from one Jaycee group to attend the Midland Jaycee banquet held Saturday, January 27. Dr. Charles Lewis was presented an award at the banquet after having been named one of the "Five Outstanding Young Texans in 1967," in early January.

Among the large number of Texans attending were localites Mr. and Mrs. Jim Berry, Mr. and Mrs. Bob Stovall, Mr. and Mrs. Kenneth Henry, Dr. and Mrs. Jerry Gleason, Mr. and Mrs. Elvon DeVaney, Mr. and Mrs. Derrell Oliver, Mr. and Mrs. Roald Johnson, Clarence Christian and the honoree and wife, Dr. and Mrs. Charles Lewis.

Governor Connally gave the keynote address at the banquet. In addition to being honored at the banquet, the five outstanding Texans cited participated in a luncheon at which Dr. James H. Granberry, Lubbock, spoke.

The resume given after Dr. Lewis was cited as one of the "Outstanding Young Texans" commended him for mixing welfare projects in his field of dentistry with extensive civic endeavors to become one of the most important civic leaders in Muleshoe.

Dr. Lewis is president of the Muleshoe Independent School Board, past president of the Chamber of Commerce and Superintendent of Sunday Schools at the First Presbyterian Church. He received the Muleshoe Outstanding Young Man award in 1966.

Funeral services for Arthur "Hoovy" Kingery, 67, Grapevine, were held at 2 p.m. Wednesday at the Grapevine First Methodist Church.

Rev. William Hodges officiated and was assisted by Rev. Fred Adams. Interment was in Bluebonnet Hills Cemetery under direction of L. B. Lucas Funeral Home.

Kingery, a former Muleshoe resident, and F. L. "Prof" Shelby, now of Hanover, Ark., were co-owners of the Muleshoe Shoestring Ranch for 14 years and was well-known in this area.

Survivors include his wife; one son, Jerry, Ardmore, Okla.; one daughter, Mrs. Gary Little, Cleveland, Ohio; brothers, Fred Kingery, Billings, Okla., and Elwood, Tulsa, and one grandchild.

He was a member of the Petroleum Club, Masons, Shriner and a member of the First Methodist Church.

He served as chairman in 1965 of the Muleshoe Area Economic development forum which resulted in the formation of the Muleshoe Area Industrial Foundation.

TO KOREA--Sgt. Bill Calvert left Amarillo Thursday for Seattle where he is to board a cargo plane for Oson, Korea where he will be stationed for 13 months. He will be stationed with an Air Force fire unit there. He has been on six weeks leave before reporting for overseas duty and has been visiting here in the home of his wife's parents, Mr. and Mrs. Howard Splawn, where she will make her home while he is in Korea.

Detroit Solution For  
Auto Smog Control

EXHAUST CONTROL - AIR INJECTION SYSTEM

An excerpt from *Mechanics Illustrated*, August, 1967

That 1968 car is going to cost more, burn more gasoline, act more sluggish and require more servicing than a comparable model last year. The reason: Emission-control devices (smogburners) are mandatory on all new cars marketed after September, meaning the '68 model.

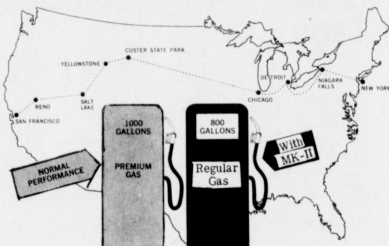

The smog devices will contribute some minor drawbacks. For example, the air pumps will steal about 5 HP from total performance. You will find your new car will idle rougher than you're used to, that top-end power seems more strained and that your engine has a hard time breathing at full throttle. You won't notice much difference at expressway cruising speeds except that your gas mileage will be reduced by as much as 2 MPG.

## API'S SOLUTION FOR SMOG CONTROL

The MK-II Vapor Injector is adaptable to all gasoline, propane and butane engines—and is especially designed to be compatible with all 1968 automobiles. The MK-II will assist the factory installed smog burners by helping to eliminate sludge and carbon with increased economy.

In one year, with the simple installation of a MK-II Vapor Injector, you can save more than enough gas to drive from San Francisco to New York with stops in between.

Since the average driver will add 15,000 miles per year to his car, he would use 1,000 gallons of fuel at the rate of 15 miles per gallon. With the MK-II Vapor Injector, tests have indicated you will increase your mileage an average of 20% or better!

### Full 1 Year Factory Backed Warranty

Automotive Performance Inc. warrants your MK-II unit against defective material and workmanship, for one full year from date of original installation, by agreeing to replace, free of charge, excluding servicing labor, f.o.b. factory from which shipped, any and all parts, except the vacuum hose, proven to be defective and subject to such warranty, provided that written notice of defect shall have been given to our home office within 30 days after its occurrence.

## HOW THE MK-II VAPOR INJECTOR WORKS FOR YOU

The MK-II is a rugged but simple Hydro Pneumatic device consisting of a vapor solution reservoir with a vacuum metering aerator installation. This is attached to the car with a wire bracket and the entire operation is accomplished by connecting the MK-II to any carburetor or P C V line.

A very unique additive is then placed in the solution reservoir and diluted with ordinary tap water.

When the engine is running, a vacuum from the carburetor draws fresh air through the controllable aerator causing a bubbling action in the additive. As the bubbles reach the surface, they burst . . . creating a vapor which is drawn through the vacuum line to the carburetor where it mixes with the vaporized fuel. When this mixture of fuel and additive is compressed and ignited, the properties of the MK-II Additive causes more fuel to burn more evenly . . . giving you a higher combustion ratio.

The results are better gas mileage, more power, cleaner engine with less smog emission and reduced oil contamination and dilution. Because substantially all the gas is burned, carbon deposits in your engine are practically eliminated . . .

**THE MK-II ACTUALLY CLEANS YOUR ENGINE AS YOU DRIVE.**

The low suggested retail price of \$39.95 plus sales tax and a small installation charge puts a MK-II Vapor Injection system on your car now. The low cost MK-II Additive is only \$1.95 per refill . . . enough to run your car between 2000-3500 miles. Refills are available at many service stations and installation centers in your area. Check your yearly savings with MK-II and order now . . .
