JO ANN BAILEY (center) was revealed as Sweetheart of the Cowboy Band in impressive half-time ceremonies of the Plains-O'Donnell game. Shown with Jo Ann are her attendants, Pat Smith, left, and Karen Randolph.

Jo Ann Bailey Is Revealed As Band Sweetheart

Last Friday night in the half-time activities at the Plains-O'Donnell game, Miss Jo Ann Bailey was crowned Sweetheart of the Plains Cowboy Band.

The crowning ceremony was preceded by a special show in honor of the Band Sweetheart. It depicted scenes from the life of Johnny Apple-polish, a "typical Plains High School student." First Johnny was heard snoring just before his alarm went off. Then, awakened by the alarm, he presented a big smile and "Good Morning to You." Then, as the first period teacher announced a test, the smile became a frown. Finally, Johnny's big date with Sylvia Spendthrift was depicted to the tune of "That's Where My Money Goes."

Next the band formed a crown as the Sweetheart and her attendants were driven to the field on a red and white 1957 Ford Ranchero, loaned by Jay Trucking Co. and polished free by the Denver City Ford house. The girls were escorted to the center of the crown by their fathers.

Band President, Rue Mauk crowned the Sweetheart, Jo Ann Bailey. She was presented a bouquet of American Beauty roses and attendants, Karen Randolph and Pat Smith were presented carnation corsages. Crown bearer, Loretta Taylor of the 6th grade band was presented a pom-pom.

After the game, some 130 persons attended a party in the cafeteria honoring the Sweetheart and her attendants.

Oil Activity in County Centers Around Plains

THE FIRST COTTON to leave Payne Bros. cotton yards here was shipped by three trucks Saturday, directly to the port at Galveston. It included a total of 180 bales. Payne stated the

cotton would reach the port seven to 10 days earlier this way, than by rail. The buyers especially asked for this cotton since it will speed up their sales. REVIEW Photo

Argo Oil Corporation has set 5 1/2 inch casing at 9,515 feet in No. 1 McGinty and others wildcat in Central Yoakum County.

Bottomed at 11,970 feet in the Devonian, where it failed to find oil, the project now will be tested for production in the Wolfcamp zone.

Drillstem tests in the Wolfcamp from 8,984 to 9,043 feet returned oil, and test of the lower Wolfcamp between 9,400 and 9,426 feet also yielded oil.

Location is four miles northwest of the recently opened Branney (Wolfcamp) field, 1,980 feet from north and 660 feet from east lines of section 280, block D, John H. Gibson survey, seven miles northwest of Plains.

Pan American has staked a new location in the West (Devonian) field of Yoakum County, as No. B-1 North Central Oil Company.

Drillsite for the 11,700 foot project is 467 feet from south and east lines of southwest quarter of section 605, block D, J. H. Gibson survey, 9 miles southwest of Plains.

Tradewinds Oil Company, Hayford & Brunner of Midland No. 1 Harrison, a 11,300 foot project in the West (Devonian) field of Southwest Yoakum County, is drilling at 9,198 feet in lime.

It is 2,311.66 feet from north and 990 feet from west lines of Section 606, block D, John H. Gibson survey, six miles southwest of Plains.

United States Smelting, Refining & Mining Company No. 1 Mattie Lewis, a 12,500 foot wildcat in West Yoakum County, six miles northwest of Plains, is drilling at 5,183 feet in lime.

It is 330 feet from south and west lines of section 246, block D, John H. Gibson survey.

Zapata No. 1 Goggin, a 12,500 foot exploration in North Yoakum County, is drilling below 7,015 feet in lime.

Drillsite is 660 feet from south and east lines of section 214, block D, J. H. Gibson survey,

Amendment Vote Nov. 5

Yoakum County voters will go to the polls next Tuesday, Nov. 5, to ballot upon three proposed changes in the constitution of the State of Texas.

The proposed changes deal with water, benefits for state employees and increased benefits for the state's needy children and aged or blind persons.

The first amendment on the ballot pertains to establishment of a retirement, disability and death compensation fund for officers and employees of the state.

Approval of this amendment would allow the state worker opportunity to select the highest salary received for five consecutive years, of the past 10, as a basis for his retirement scale.

The amendment is designed to eliminate inquiry and controversy between prior service and contributory service—a technical distinction—and under the new plan employees are assured of equitable treatment.

Approval of the amendment would reduce the amount paid for retirement by the lower salaried workers.

It would allow a transitory 10-year period wherein no employee should be deprived of previously accumulated benefits.

It would reduce the employee's contribution from five to 4 1/2 per

cent for retirement and eliminate a \$3,600 ceiling.

Proponents of the plan result emphasize that the program encompassed by the proposed amendment would not result in additional taxation.

Number Two proposed amendment on the ballot deals with

HEREFORD SHOW, SALE POSTPONED TO FEBRUARY 27

The Annual One-Stop Hereford Association show and sale at Lovington, New Mexico has been changed from November to February 27, 1958.

Any 4-H or FFA member may consign cattle without becoming a member of the association. Anyone who is interested in consigning cattle may contact Robert Henard or any of the following at Lovington: Lea County Agent, Billy C. Smith, T. C. Perkins or Campbells Feed Store.

The association plans to sell at least sixty head of cattle. The judge selected is Robert Black of Las Cruces, N. M.

benefits for the aged, needy and blind adults and children.

The Number Two proposal, if approved, would allow increasing the limit on the maximum monthly payment to needy aged persons from state funds from \$20 to \$25 per month, with certain conditions permitting payment in excess of \$21 monthly.

It also would boost the limit on the yearly state fund expenditure for assistance to the needy aged, needy blind and needy children from \$42,000,000 per year to \$47,000,000 per year.

Allocation and appropriation of additional sums supplementing current legislative appropriations for payment of assistance grants are proposed.

The third proposed amendment on the ballot has received the lion's share of publicity and support. It would authorize issuance and sale of \$200,000,000 in state bonds to create a Texas Water Development Fund which would provide financial assistance to political subdivisions of the state for conservation and development of water resources of the state.

Organization Of Plains C. of C. Seen As Possibility

For some time, business men of Plains have been talking about the need for a Plains Chamber of Commerce. Wednesday night at the regular meeting of the Lions Club Board of Directors, plans were discussed to organize a Chamber of Commerce. Lion Boss, D. N. Taylor stated that he is all out for the Lions Club to sponsor such a program. He added that he would start the ball rolling at the next regular meeting which will be Thursday November 7th.

Among other things discussed was Boy Scout hut business, Safety signs for school children crossing the highway, and Reorganization of Ground Observer Corps.

Lions Hosts at Dinner

The Plains F. H. A. girls served the Lions Club members, their wives, and guests a chicken dinner Thursday night, October 24, 8:00 p.m., in the Plains School cafeteria.

The Lions Club president, Neil Taylor, presided over the banquet. The Plains High School chorus under the direction of Mr. J. D. Campbell presented several numbers. These included "The Lords Prayer," "Jerico," "Can't Help Loving That Man," and "All the Things You Are." The choir was accompanied by Jeanne St. Romain at the piano.

The program chairman, Mr. Harvey, presented the guest speaker, Dr. Leon Hill, of Amarillo. Dr. Hill has spoken to 133 groups in 38 different states this year. Several different themes were worked in well with his humor-

ous address.

The dinner of baked chicken, mashed potatoes, combination salad, black eyed peas, rolls, butter, apple pie and whipped cream and coffee, was served to Mr. and Mrs. Neil Taylor the club president, Dr. Leon Hill of Amarillo, the principal speaker, Mr. and Mrs. Brotherton of Sundown, Lions Club Zone Chairman, Mrs. John Roberson, Mr. and Mrs. Hank Goehry, Mr. and Mrs. Morris Lowe, Mr. and Leo White, Mr. and Mrs. Pat Henard, Mr. and Mrs. Amos Smith, Mr. and Mrs. Edgar Winkles, Mr. and Mrs. G. Cowboys Take 27-13 Win

OUTSTANDING PLAYERS in last week's football game with O'Donnell were Harmon Meixner, Merle Todd, and Ross Stotts. REVIEW Photo

The Plains Cowboys trimmed the O'Donnell Eagles, 27-13, Friday night, chalking up their first conference win of the season and handing the Eagles their second conference loss.

The Cowboys took the ball on the opening kick-off and paced their way for eighty yards ending in a seven-yard drive and six points by Vennie Fitzgerald, halfback. The extra point effort failed. Another Cowboy tally came in the same period as Jackie Bass, halfback, capped a fifty-five yard drive by the Cowboys with a twenty-six yard sprint. Dwain Rowland, halfback, kicked the extra point.

Jimmy Williams took over the ball to score the lone touchdown in the second quarter for the Cowboys, receiving a pass from Cordell Huddleston for a combined gain of seventy yards.

The final Cowboys score came in the waning minutes of the game as Ross Stotts scampered for thirty-two yards and was followed by Rowland with the extra point.

Outstanding in the line for Plains was Harmon Meixner, Derel Todd, Don Cooke and Ross Stotts. Outstanding on offense was Jim Roy Robertson, fullback, who failed to score, but set up, or aided in the set-up of every Plains touchdown.

The Plains Cowboys will meet the Seagraves Eagles Friday night at 8:00 p.m. on the Eagles Field in Seagraves to play in another conference tilt.

The Eagles and Cowboys are tied for third place in conference 5-A play with a 1-1 record.

Collect \$557,485 In County Taxes During October

A report from the Tax Assessor-Collector's office this week shows the total of county taxes collected since the first of October through October 29 to be \$577,485.96.

All State and County Taxes on the year of 1957 are now due and statements of all property on the rendered roll have been mailed.

Tax statements may not reach some property owners because owner has not rendered to the Tax Assessor. If anyone has not received his statement, give legal description of the property to the County Tax office and a statement will be sent.

Everyone who paid State Taxes during the month of October received a three per cent discount. The Collector's office is urging all taxpayers to take advantage of the two per cent discount on State Taxes during the month of November. In December the discount will be one per cent. In January the taxes will be without discount and if not paid on the last day of that month they will become delinquent and start carrying penalty and interest.

Taxes are payable at the courthouse here in Plains and also at the Sheriff's office in Denver City.

HOMEMAKING STUDENTS at the high school have been busy making drapes for the school cafeteria. Here Joyce Riggs, Kay Smith and Darlene Snodgrass are shown with Mrs.

Jo Brown, homemaking instructor. The three senior girls are working on their state F.H.A. degree. REVIEW Photo

Homemaking Girls Make Drapes for School Cafeteria

The homemaking girls have been working on drapes for one of their projects this year. If anyone sees orange strings all over the campus or hanging from one of the girls dresses you might examine it to find out the exact color the drapes are that will hang in the school cafeteria.

The homemaking classes, and the girls who are working on state degrees, have been spending every spare minute on this project. They are sure they will have to redo the hems, but they will need to hang for awhile.

A total of 168 yards of material plus 20 spools of thread and yards of pleaters tape and boxes of pleater hooks have been used in this project.

The girls have enjoyed making the drapes.

County Will Harvest 31,217 Acres of Cotton

According to ASC County office records, farmers in Yoakum County will harvest approximately 31,217 acres of cotton this year.

This amount is the total acreage standing for harvest at the time the initial measurements were made in the 359 Yoakum county farms. Some 6,000 acres of cotton were planted and lost from natural causes prior to the date initial measurements were made by the field cotton reporters.

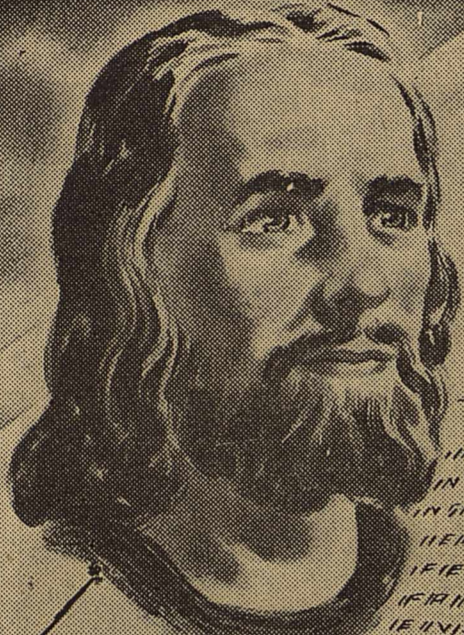

Field cotton reporters who checked the 1957 cotton acreage on the farm were Kenneth Blount, Carrell Pierce, Foye Flood and Phillip Wilson.

The 1957 cotton allotment was 35,869 acres. Farmers placed in the 1957 soil bank program about 800 acres of the county cotton

allotment, according to the ASC. The county committee will receive the 1958 cotton acreage allotment from the state ASC committee within a few days, at which time they will set up a policy to be used to issue the acreage to the cotton farms in the county.

It is expected that a small amount will be set aside for 1958 new growers. People on deals to purchase land with the intent of applying for new grower cotton allotments should fully understand the eligibility requirements before making deals based on expectation to obtain new grower cotton allotments, it was explained. Eligibility requirements may be obtained at any ASC office or from any ASC committeeman.

The Greatest Sermon

Dear Sinner:

Please don't scoff the Lord. He is long suffering and His mercy is great to them that fear Him. He is our only hope, but hope deferred maketh the heart sick. Life's road would quickly come to a dead end without Him. Why not take Him at His word today? He can perform miracles with your life. He can give you the desire to attend church. He can make your deeds shine, your good works glow, so that others may be constrained to glorify the Lord, to find their way before it is too late. He says, "Come unto Me all ye that labor and are heavy laden and I will give you rest." — A-men.

The ROUND-UP

Band Sweetheart Is Revealed

The Band of P. H. S. made known its choice for band sweetheart of 1957-58 on the cold and wintry night of October 25, 1957. The band marched onto the football field doing a weave. It then did a clock formation and played several songs before the crowning.

The candidates for Band Sweetheart were Pat Smith, Karen Randolph, and Jo Ann Bailey. They rode on the football field in a red and white Ford Ranchero. The band formed a crown and played "Tammy" as the candidates walked to the center of the crown. They were escorted by their fathers. The crown-bearer, Loretta Taylor, followed the candidates into the formation, carrying the crown.

Rue Mauk, band president, then had the honor of crowning the new band sweetheart, Jo Ann Bailey.

The Band Sweetheart and her attendants then got in the Ranchero, rode around the field to complete the ceremony.

COWBOYS TRAVEL TO SEAGRAVES FRIDAY FOR CONFERENCE GAME

The Plains Cowboys and the Seagraves Eagles will meet at the Eagles field in Seagraves Friday night at 8:00 p.m. to play in another conference tilt. The Eagles and Cowboys are tied for third place in conference 5-A play with a 1-1 record.

The Cowboys will be faced by a heavy, well-experienced team that has dropped one district game. Sundown defeated Seagraves Friday night October 25, 14-0 in a very closely contested battle.

In interviewing the Cowboys, this writer found it to be evident

that the team will go to Seagraves determined to clip the Eagles.

Some of the comments made by the Cowboys this week were: Walter Coffman; "I believe we can win." Jim Williams; "They've got a good team." Cordell Huddleston; "Yea, Cowboys." Jim Roberston; "I think we are going to have to play football to beat 'em." Ross Stotts; "I think we are going to beat 'em." Bill Lattimore; "We're going to beat 'em." Joe Marrow; "It won't be a push-over, but we will beat 'em." Merle Todd; "We're going to give them fits."

Question Of The Week

What the students of Plains High would say if they saw a sternoldomastoidius.

Sharon Stewart—"E-E-E! what is that?"

Sue Copper—"Step on it."

Annett Wagley—"I'm leaving!"

D'Lois McGinty—"Ask Mr. Kennedy if he can prove what it is."

Walt Coffman—"Lela, I'm scared!"

Harmon Meixner—"I'll teach it how to play basketball."

Don Cooke—"Give it a black eye!"

Bill Lattimore—"Karen, where are you?"

Elaine Mauk—"Wait a minute and I'll hit it with my tennis racket!"

Glenda Stewart—"Help, Claude!"

Rue Mauk—"Eat it."

James Anderson—"Well, Hello Miss Sifford!"

Jeanine St Romain—"Give it my cold!"

Riley Johnson—"Teach it how to hop!"

Mr. Belk—"I don't mean to be picking on you, but what is it?"

"What is it?" Well, don't ask me, because I don't know either!

Predictions

After giving the students of Plains High School careful consideration, I believe they will succeed in the following occupations.

Mark Barron: a professor of rhetoric; D'Lois McGinty: a veterinarian; Harmon Meixner: a P. E. coach; Wanda Shifflett: a radio star; Barbara Meil: a teacher in a military academy; Carol Anderson: a T. V. star; Sharon Stewart: an artist; Rue Mauk: a T. V. comedian; Jimmy Williams: a star gazer; Jay Bryson: an engineer; Jeanne St Romain: a pianist at Carnegie Hall; Carol McKee: a general in the United States Army; Jim Barron: a banker; Riley Johnson: a Pilot;

All other students of P. H. S. will give a choice between the following: 1. Scrub women; 2. Janitors; 3. Ditch diggers; 4. Hen-pecked husbands; 5. Brown beaten housewives. Happy future Cats.

New Uniforms For Majorettes

The news you are about to read is partly rue, the names haven't been changed to protect the innocent. The facts are that the majorettes got their new uniforms Friday. They are made western style of white leather (plus fringe) and a black shirt, western hat and bolero.

Some suspects at the scene of the crime were asked these questions. "What's your name?" "Harmon Meixner." "Where were you Friday night?" "At the football game." "Did you notice the new majorette suits?" "Yes." "How did you like them?" "All the girls looked real good in them and—" "That's all. We just wanted the facts."

Another suspect was Bill Lattimore. When he was asked the same questions, he replied, "Did not Karen look just great." The next and last suspect was Donnie Kissinger. When he too was asked the questions, he answered, "Say, man didn't Kaye look real gone?" So it appears everybody thinks the new suits and majorettes are okay. Moral: Second hand news is never as good as the real news.

Students Wonder If:

1. Mr. Kennedy were ever roudy.
2. Mr. Taylor's hair ever got in his eyes.
3. Miss Leithauser was ever chubby.
4. Mr. Belk ever flunked math.
5. Mrs. Brown ever wore an orange skirt and pink blouse to school.
6. Mr. B. J. Campbell ever went steady.
7. Miss Havens was ever too fragile to play in an athletic event.
8. Mrs. Lattimore were ever at a loss for words.
9. Mr. Medlin thinks of his "jokes" while coaching tennis.
10. Mr. J. D. Campbell ever had an aversion for music.
11. Coach Pierce had an ambition to be in the famed Russian ballet.
12. Coach Sewell brought the luck of Wellman to Plains.
13. Mrs. Rowland owns stock in the typing paper company.

Hallowe'en . . . On a School Night

Well fellow students, What do you think of the big celebration Thursday night, October 31st, down in the stock barns? It sounds like fun but why did they schedule it on a school night? Everyone knows that Halloween is the time for mysterious tricks, funny tasting treats and wierd animal sounds.

Then of course there's always the midnight cinema at the "Boxy Palace" in Plains, where all the goblins and leprechauns congregate to get a big scare in the middle of the night. That's also the time when all the football boys get a big scare but not from the gobblers, just regular monsters—the "coaches." However that's only school for you during Halloween, and P. S. S. students can withstand "almost" anything!

Willies Dillies

Charlie Jackson the SMU half-back who made the now-famous 102-yard pass interception touchdown run against Rice, was asked what he thought about while making the sensational scamper: "Some sunavagun will clip, some sunavagun will clip." I just kept thinking that over and over.

Jim Danir, the Oklahoma line-backer who intercepted the pass and ran 9 yards against Texas in the Cotton Bowl, should have "thought" a little harder.

Auburn has scored only 16 points in three Southeastern Conference games, but the Plainsmen are unbeaten and unscored on. They have beaten Tennessee, 7-0; Kentucky, 60; and Georgia Tech, 3-0.

Monday night, November 4, at 7:30 p.m. a F. H. A. meeting will be held in the high school library.

Friday night, October 25, the F. H. A. and student Council worked together in the concession stand at the O'Donnell-Plains game.

The F. H. A. girls are really busy selling the Christmas cards which came in last week. The girl selling the most boxes will receive a prize of \$5.00. The second highest ranking salesman will receive \$3.00; the third \$1.00. Everybody, plan to get your Christmas cards from the F. H. A. girls.

NOTICE

The annual pictures arrived Thursday. The money for these pictures should be brought to the home room teachers by Friday, November 1, 1957.

Sputnik Visits PHS—In 1960

On December 25, 1960, Plains was honored with the visit of Hitler, Jr. It seems he had a little trouble with his spudnick. He was stranded in Plains for two long days.

It all began on December 25, 1960, at old P. H. S. when all were at work. Suddenly, some tremendous force shook the building. Well, there for a minute we thought St. Nick had come somewhat early for sure. Of course the nice, gentle children of P. H. S. filed out of the building in order, like they would if the building were on fire, and there before their eyes was an honest to goodness spudnick. Right then, a man, Hilter's son, stepped out of the spudnick. After Junior had climbed down from the building, he told P. H. S. students he had almost ran out of gas and had barely make a safe landing on the school building. Junior stayed with one of the residents of Plains until he could get his spudnick refilled. Come to find out, Plains did not have the right kind of gas, so it was necessary to send to Moscow to get some.

After it arrived, he thanked P. H. S. students and started back to Moscow.

A REMINDER

October 31 at 7:30 p.m., the witches and goblins are scheduled to arrive on their brooms.

Free goblin stew will be given away for those who want to come to collect. Lots of merry-making will be present. Oh! By the way this is to take place in place in the County Barns at Plains, Texas.

Change Regulation On Inspection of Motor Vehicles

Homer Garrison, Jr., Director of the Texas Department of Public Safety, announced today a change in motor vehicle inspection regulations so as to no longer require the removal of a wheel in order to inspect the brakes of vehicles.

In an effort to prevent accidents which might occur due to brake failures, the Department's earlier regulation had required that the wheel be removed for the principal purpose of determining the percentage of thickness of the remaining brake lining. Inspection stations found difficulty in making these inspections due to the fact that there was no accurate way of determining the original thickness and the decision in each case was left to the inspecting mechanic who had no satisfactory guide to follow.

The change in regulations, which resulted from action of the Public Safety Commission, does not affect the remainder of the inspection of brakes, which will still be required to have the performance ability required by statute.

Col. Garrison announced that this change in the regulations was made in the interest of fairness to the inspection stations and to the motoring public.

PRESENT MENTAL HEALTH PLAYLET AT TSA MO GA MEETING TUESDAY

The Tsa Mo Ga Club met in regular session at the Club house on October 28.

President Mrs. R. K. Field called Club to order. Reports from various committee were heard.

The Club voted to sponsor a formal opening of the newly completed Yoakum County Library at a time convenient with County librarian, Mrs. Bert Bartlett.

Corresponding secretary Mrs. Sherm Henard read a resignation from Mrs. Johnnie Fitzgerald. The Club very regretfully accepted her resignation and hoped that in the future we may have the pleasure of having her as a member again.

Mrs. Gus Malmsten was program director for the evening and presented the characters for a mental health playlet titled "Roots and Strings." Material for the play was obtained from the Hogg Foundation of Texas.

The theme of "Roots and Strings" brought out the fact that during childhood and adolescence

one is inclined to lean on the most dominate member of the family; usually the mother holds the strings, she in turn leans on the husband. Later when careers, marriages and deaths occur in the family individual ties are formed away from the original family circle.

Late middle age, too, is a difficult period. It is a time for a sober rebalancing of life's accounts, when many a person must finally give up their earlier ambitions and admit their limitations and failures. Their children marry and strike off on independent careers and there seems little in prospect but a bleak and cheerless old age.

The disposition we make of our problems in these last years prove whether or not we have become mental adults capable of steering our course of life to a happy and satisfying ending.

To conclude the program, Mrs. Glenn Cleveland gave the reading "If" by R. Kipling.

ACROSS THE CATTLE GUARD

by LEO W. WHITE
County Agent

Something happened last week that must have been a result of the lamb sale at the County Fat Stock Show last February. I guess it was to be expected that a good number of 4-H boys and girls would be wanting to feed lambs since the lamb sold for a good price last year. Twelve lambs were in the show last year and until Sunday afternoon there were 11 lambs on feed for the 1958 show. Nineteen boys and girls gathered at the Livestock Exhibit Building Sunday afternoon to select their fine wool lambs and take them home. Twenty one lambs were brought in Saturday afternoon from San Angelo and they were distributed out to the 19 feeders. If all of the lambs that are now on feed arrive at the show next February there will be a total of 32 lambs in the 1958 show.

The lamb division of the 1958

show will be improved to some extent since the directors have agreed that a separate class will be set up for fine wool lambs. All lambs must be on feed for 90 days prior to the opening date of the show so the deadline for getting lambs will not be up until about the 20th of next month. A new weight restriction has been added for this year. All lambs in the 1958 show must weigh at least 70 pounds and they cannot weigh more than 125 pounds. Some of the lambs that came from San Angelo are going to have to be managed properly or they will be too heavy to enter the show. Eight of these lambs weighed between 80 and 90 pounds and if they are fast gaining lambs they could get too heavy. A lamb will normally gain about 10 pounds a month.

Following is a list of the 4-H boys and girls who have their fine wool lambs and the weight of each lamb: Billy Taylor, 85; Olan Smith 79; Jack Sprawls, 78; Lee Tingle, 72; La Juana Jones, 80; Bobby Taylor, 75; Larry Coffman 72; Sharon Sprawls, 75; Tom Sprawls, 76; Tom Sprawls, 80; Charles Tucker, 85; Sharon Sprawls, 73; Charles Kelly, 81; J. B. Wilson, 78; Garlon Jones, 83; Joe Wagley, 81; Richard Spencer, 76; Billy Stockstill, 77; Freddie Carmley, 83; Jack Sprawls, 74 and Rickey Elmore, 76.

There have been some changes made in lamb feeding methods during the past three or four years. Many of the Commercial lamb feeders have their feed pelleted so that they have a complete ration all fixed up in small cubes and the only thing that the lamb needs besides these pellets are salt and water. The main feed in the pelleted ration is ground alfalfa hay. In addition to the hay, the pellets contain the proper amounts of grain, cottonseed meal, antibiotics and vitamins. With the antibiotics present the lamb is allowed all the feed that he wants without danger of the dreaded over-eating disease.

By using the medicated pellets the lamb feeder can use a conveyor system to keep the feed

First Entry in Maid of Cotton Contest from Post

The first entry in the 1957-58 South Plains Maid of Cotton Contest was announced this week by George Brassell, Jr., Chairman of the Contest.

She is Miss Ann Porterfield, 19, who was selected by the Post Chamber of Commerce as the Garza County entry in the South Plains Maid of Cotton Contest.

Bryan J. Williams, Post Chamber of Commerce President, announced Miss Porterfield's selection. He said she is the daughter of the Rev. and Mrs. W. L. Porterfield, a 1956 graduate of Post High School and attended Howard County Junior College, Big Spring, last year.

She was a finalist last summer in the "Miss Post" contest and two years ago was the Post Lions Club's candidate in the Queen Contest held by District 2T-1, Lions International.

Brassell said the Contest Committee was happy to receive this year's first entry. The contest this year is designed so that all of the cotton producing counties on the High Plains may be represented in the event by entries from each county.

Chambers of commerce and area newspapers, plus directors of the Plains Cotton Growers, Inc., have been contacted and asked to help secure contestants

bunks filled and do away with much of the labor that one time ate up the profits of lamb feeding. The death loss has been reduced and the daily gain has been increased. Where it used to take 14 weeks to finish a bunch of lambs, the feeders are now doing the same job in 12 weeks.

Maybe it is a good thing that lamb numbers are on the increase among our boys and girls. It is entirely possible that by the time they grow up, lamb feeding will be a popular enterprise in this area.

THIS WEEK IN AUSTIN . . .

By Preston Smith

A policy of "rumor blasting" has become a function of the Senate's General Investigating Committee within recent weeks. The committee will quickly investigate accusations or rumors of legislative payoffs and alleged influence peddling.

Actually, the Senate Investigating Committee, in giving quick attention to such situations, will do one of two things: it will either establish that such charges are rumors, or it will uncover just grounds for serious inquiry.

Many times, however, such charges are voiced and built up through error, misinterpretation in their respective counties.

Official entry blanks may be obtained at the Lubbock Chamber of Commerce, 902 Texas Ave. Lubbock, or at the local Chamber of Commerce in any of the South Plains counties, or, through directors of the Plains Cotton Growers. This year's contest will be held Nov. 18-19. Deadline for entries is Nov. 11.

and misquote. In these cases it is certainly necessary to quell the rumors as soon as possible, for it is through such talk that our State Government suffers in the eyes of the people.

If the Senate Investigating Committee's policy continues, it will encourage persons who have information of such alleged irregularities to take them to the committee for investigation.

And proper action by the committee would encourage those who believe in good government to call names if and when they do have possession of any such irregularity.

The Senate General Investigating committee has been a standing committee for the past twenty years. The House has on occasion named interim and general investigation committees.

In other business around the capital, people are wondering about the main school segregation bill being written somewhere in the building.

The segregation bill, which can only be presented if the Governor opens the subject, will authorize school boards to close their schools if they are threatened with disorder, conflict, riot or conditions inimical to orderly education.

Specifically, the bill will include the presence of troops on a school campus as a mandatory cause for closing the schools.

COLORS FOR YOU

Do the colors you wear really "do something for you?" Extension clothing specialists say they can if you will choose them wisely, with definite purpose in mind.

The colors you wear should do the most for your skin, eyes and hair. They should suit your own particular type of personality, whether it's vivid or retiring, and be right for your age and size.

Youth has few color problems, and a person of average size with perfect figure can get by with many colors. However, most of us need to study ourselves carefully, pick out our best points, recognize our problems, and make colors work for us in "accentuating the positive."

CLOTHES CLOSET CROWDED?

Do you have to cram all of your clothes into one small closet? If you do, perhaps a good fall closet cleaning with an eye

toward a different arrangement will help solve your problem.

Extension home management specialists suggest starting at the top of the closet with hats. A square hat box uses the shelf space to better advantage than a round one. Find a box as large as the shelf will take so more than one hat can be tucked into it. Liberal use of tissue paper keeps the hats in good condition. If shelf room is limited, perhaps a second shelf can be added.

Lower down, the rod for hangers might be changed from a single one, the full width of the closet, to two shorter ones installed from back to front. This arrangement adds space and convenience especially in shallow and wide closets.

On your rod or rods, hang garments by sections according to lengths—blouses to the back or end, then suits and skirts and lastly, dresses. Under the short pieces you will have storage room for boxes of out-of-season garments.

If your closet still is too stuffed, take a good look at your wardrobe. A garment you have not worn in months probably is not so valuable to you as the closet room.

HOME MANAGEMENT BRIEF

Prevent accidents by sticking sharp-pointed scissors into a cork before putting them into the sewing basket or bag. The cork will also serve as a safe place to stick loose needles and pins.

Woodenware needs immediate cleaning after use, but never put it in water to soak. In fact, use as little water as possible. When wooden ware become roughened, smooth with sandpaper, then apply wax or varnish.

When you're moving a heavy piece of furniture, you can prevent floor scratching by putting heavy socks on furniture legs.

Keep track of loose snaps in the sewing basket by snapping them together on a piece of cheese cloth.

Handy with a hammer and nails?—Even experts sometimes miss and hit a ringer. But that's easily avoided by sticking the nail or tack through a strip of paper and holding onto the paper as you bang away. Once the tack or nail is placed in the wood, the paper strip can be easily torn away

District Court Held on Monday

One case was settled, and the others scheduled on the docket either dismissed or passed as district court was held Monday, with Judge Louis Reed presiding.

The compensation suit of J. C. Johnson vs. Texas Employers Insurance Association was settled with a judgement of \$1900 awarded to the plaintiff. The divorce suit of Joyce Elaine Myers vs. J. P. Myers was dismissed.

Residents of the county who had been notified to appear Monday for possible jury duty, did not have to serve, since no jury was required.

On Thursday, a judgement of \$4,000 for the plaintiff was signed by Judge Reed in the case of Guy R. Burkhalter vs. Traders & General Insurance Co. Burkhalter was seeking compensation for injuries.

VOTE

(Continued from Page One)

Exponents of the proposed amendment hail its plan as one to aid conservation—storage in periods of rain, reservoirs for use in dry periods.

The exponents point out that the amendment will benefit the state by helping to develop \$600,000,000 in water storage projects; it is self-supporting and will not hike taxes; hard-pressed communities will receive a financial boost; Texas' belief in local self-government and local control is given effect; safeguards are established to prevent abuses; no single project can gobble up the state assistance; it will not disturb vested rights in surface and ground waters; dam site will be developed to the greatest possible extent.

Mr. and Mrs. R. W. Elms, Mr. and Mrs. W. R. Hamrick of Brownwood, and Mr. D. W. Bilberry of Odessa were week-end visitors of Mr. and Mrs. Clois Massey and family.

To Attend Baptist Meet In Ft. Worth

The Rev. and Mrs. C. J. Coffman and Mrs. I. J. Duff, WMU president, will be among the 15,000 persons expected to attend a 4-day series of Baptist conventions in Fort Worth from November 4-7.

Purpose of the three conventions is to conduct the annual business of the Woman's Missionary Union of Texas, the Texas Baptist Brotherhood and the Baptist General Convention of Texas.

Messengers from 3,807 churches in virtually every town and city in the state will be asked to adopt a record \$10 1/2 million budget. They will also honor outstanding leaders, hear reports from convention officers, institutions and agencies; present a convention press award; and elect trustees for BGCT children's homes, schools and hospitals.

An address by evangelist Billy Graham at 8:30 p.m. Tuesday, November 7, will climax the 77th annual BGCT convention.

Other principal speakers will include Rep. Brooks Hays, president of the Southern Baptist Convention, and Dr. Baker James Cauthen, executive secretary of SBC Foreign Mission Board.

The WMU will meet from 10 a. m. Monday, November 4, through 4 p.m. Tuesday, November 5, in Will Rogers Auditorium.

The Brotherhood will meet from 2:30 p.m. Monday, through 4 p.m. Tuesday in the Will Rogers Memorial Coliseum and at the nearby Arlington Heights Baptist Church.

Both the WMU and the Brotherhood will join other messengers in the Coliseum at 6:30 p.m. Tuesday for the BGCT's first general session.
