NUMBER 45

DANA and JAY BRYSON, children of Mr. and Mrs. Earl Bryson, are shown with their calves which they had on exhibition at the Field Day Saturday.

DAN FIELD receives points on grooming his calf from Leo White, county agent, during Field Day activities. Dan is the son of Mr. and Mrs. Ty Field.

MIKE LOE, son of Mr. and Mrs. Bob Loe, is one of the youngest exhibitors who will compete in the livestock show next February. Mike had his calf on exhibition at the Field Day Saturday.

KENNETH and SYLVIA MCGINTY, whose parents are Mr. and Mrs. Dick McGinty, were among the young exhibitors who were on hand with their calves for Saturday's field day.

Field Day Held Here Saturday; 150 Attend

An estimated 150 people attended the Junior Livestock Feeders Field Day at the Livestock Exhibit Building last Saturday. The Field Day is an annual event sponsored by the Yoakum County Livestock and Agriculture Improvement Association and replaces the annual tour that was held before the exhibit building was constructed. A group of ladies composed mostly of wives of the directors served the noon meal at the Leion Hall.

Thirty eight beef calves and five lambs were brought to the barns during the morning and weighed before being placed in their stalls or pens. During the afternoon the animals were brought into the judging arena in small groups and Mr. Robert Henard acted as a judge in order to give the boys and girls some show ring experience. Mr. Henard did not try to place the calves and lambs according to conformation and finish but they were lined up and moved around in order to keep the exhibitor alert and working.

The beef calves were divided into four groups according to their weight. In some cases a calf had to be moved into another class with some calves a little heavier or lighter to keep the same boy or girl from having two animals in the same class. The following boys and girls were in group 1 and the figure designates the weight of the calf: Oscar Henard, 927; Linda Fitzgerald, 853; Mike Loe, 816; Ty Earl Powell, 804; James Cogburn, 791; Chip Bennett, 760; Dianne Bennett, 759 and Dana Bryson, 754.

In group 2 was Dianne Bennett, 740; Frances Henard, 740; Chip Bennett, 731; Sarah Kay Field, 716; D'Lois McGinty, 715; Tommy Payne, 714; Jay Bryson, 700; Dana Bryson, 693 and Dianne Fitzgerald, 692.

Group 3 was composed of Dana Bryson, 708; Kenneth McGinty, 692; Marsha Kay White, 688; D'Lynn McGinty, 682; Dan Field, 680; Eddie Cogburn, 672; D'Lois McGinty, 668; Jay Bryson 667; Margaret Henard, 660 and Sylvia McGinty, 607.

In group 4 were; Kenneth McGinty, 673; Robert Field, 662; Jimmy Taylor, 632; Mike Loe, 628; Sylvia McGinty, 612; Eddie Hamby 618; Margaret Henard, 608; Frances Henard, 571 and Oscar Henard, 569.

The five boys who brought in their lambs were: Rickey Elmore, Richard Spencer, Joe Wagley, Larry Coffman and Harry Longbrake. These boys practiced blocking their lambs during the morning and had a mock showing after lunch.

NOTICE

Name R. B. Moore To Nat'l Committee Of Electric Co-ops

Mr. R. B. Moore, Manager of Lea County Electric Cooperative, of Lovington, New Mexico, was elected to the national executive committee of the National Rural Electric Cooperative Association representing Texas, New Mexico and Arizona. There are ten national committeemen, one from each of ten regions in the United States which forms the executive committee of the national association. The duties of this committee is to direct the activities, services, and policy of the national association in regard to the welfare of all the rural electric cooperatives in the United States and outlying possessions.

Mr. Moore has served two terms on the national board of directors of the National Association representing the state of New Mexico, and the New Mexico Rural Electric Cooperative Association. The national association renders many services to the individual electric cooperatives such as, radio, newspaper advertising services, management institutes for the development of management personnel in individual cooperatives, and many other.

This is the first time since the formation of the National Rural Electric Cooperative Association and the Rural Electrification Administration this honor has been bestowed on a representative from the state of New Mexico.

Walser Mobil Service Opens Here On Monday

The newest business in Plains is a just constructed Mobil Service Station, owned by Melvin Walsler and located at the Crossroads on Highway 214 just outside of the city limits.

Johnny Hooper and Junior Howell are operators of the new station featuring washing, greasing, and all other services complete with an indoor wash and grease room. The new station was put in operation last Monday.

Melvin Walsler, owner, is well known, having spent most of his life in and around Plains. He has operated the Walser Auto Parts the past two years. Prior to that he was connected with oil field work and served two years with the U. S. Navy Reserve.

Junior Howell, formerly of Brownfield, recently moved to Plains with his wife and three children, Debra Kay, David and Edna Faye.

Johnny Hooper, formerly of Hobbs, New Mexico, moved to Plains last Monday and plans to bring his wife and daughter, Judy, to Plains about the first of December. Mr. and Mrs. Hooper are parents of two other children, Mrs. Bill Hennington, Plains and a son, Jim, who is serving in the Navy and located at San Diego.

Melvin Walsler, owner, Johnny Hooper and Junior Howell, operators of the new station, join in the invitation to everyone to come and visit them.

Formal opening date will be announced later, Walsler said.

Life's Romance

—my son and me. Here is a man guiding the steps of a young life. This boy is seeking the world through the eyes of a man — a father. They play together, discuss important issues together and, they go to church together. To be a father is about the highest privilege that ever comes to any man. And to be a good father takes about all there is of any one of us. How foolish if we neglect to include regular church attendance in our program while he is growing up. What a tragedy if we fail to introduce him to God and overlook the importance of fellowship through a prayer life. Here is an opportunity for your best to show up... it will culminate into one of Life's great Romances.

parties, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiff herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 106th Judicial District, Yoakum County, Texas, wherein The State of Texas and the County of Yoakum are plaintiffs; Plains Consolidated Independent School District and the City of Plains are impleaded party defendants; and W. H. Watkins is defendant, by the filing by said plaintiff of a petition on the 6th day of November, 1957 and the file number of said suit being No. 1449 and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to-wit:

Lot 10, in Block 79, of the Original Town of Plains, Yoakum County, Texas, together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows:

The State of Texas	\$ 5.17
Yoakum County	7.20
Farm to Market & Lateral Road Taxes	.90
Common School District No. 1	4.46
TOTAL	\$17.73

The names of all taxing units which assess and collect taxes on

said property not made party to this suit are: None.

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinafter described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear by filing a written answer and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 23rd day of December, A.D. 1957 (which is the return day of such citation), before the honorable District Court of Yoakum County, Texas, to be held at the courthouse thereof, and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Plains, Yoakum County, Texas, this 6th day of November, A.D., 1957.

With the ever-growing popularity of water sports in Texas, lakeshore property is selling fast. Already many Texas lakes have been completely "sold out"—that is insofar as desirable lake frontage is concerned.

Most folks, seeking to spend their leisure time near water, want to see the water from their cabins. Sometime that is not easy to arrange. Most land development is secondary frontage, near the water, but perhaps some distance away from the shoreline. Many Texans have solved this problem by building their cabins right on the water. That's right. On floating rafts, supported either by steel drums or pontoons. And these cabins are complete in every detail.

How To Build One

Just how are these floating homes built?

Most are constructed with steel "runners" under the deck. Average size of the deck is 26 feet long by 20 feet wide. Runners are spaced so that drums may be placed end to end the length of the boat.

After the steel underpinning is welded into a single unit, the 2" x 6" decking is secured by large screws through the steel frame.

Once the deck is completed, the rest of the houseboat is constructed in the same manner as a cabin would be built on land. Here the houseboat can give free rein to his own ideas about comfort. Some simply use 2" x 4" studs and weatherproof wall-board, with a shed-type roof of corrugated aluminum. Others build the cabin as sturdily as any seen on shore.

Interiors remind you of house trailers, with every inch of space utilized. Nearly all have a refrigerator, cook stove, either electric or bottled gas, sink with running water, and rest room.

I think the primary reason that houseboating appeals to so many lovers of water is the sliding-cost scale. From a raft with canvas awning and a few chairs, to luxurious factory-built combination houseboat-house trailer, a houseboat can cost just about as much as you want to spend.

Conventional houseboats, those in the 26-foot class, with cabin, range in price from under \$1,000 to over \$5,000. I have seen houseboats entirely made by a "do-it-yourselfer" and these boats are comfortable and sturdy.

Empty oil drums are used to buoy most houseboats. However, steel pontoons are becoming more popular because they give steadier support and increase running speed. Drums cost from \$2 to \$3 each, and the average houseboat

will need at least 24 to float. Your local welding shop can turn out pontoons from sheet steel.

Here in Central Texas the concentration of houseboaters belongs to Lake Travis. It is one of the Highland Lakes chain formed on the Colorado River as the river meanders through this part of the State. Travis, with hundreds of miles of shoreline, snakes for 65 miles, and gives the houseboater the opportunity to take overnight cruises without having to navigate strange waters.

Community Living

The houseboats range from open deck rafts to at least one that features two rooms and bath. This houseboat was built by a veteran houseboater from Round Rock, Ed Walsh.

Ed bought an Austin Transit Company bus body as the start of this comfortable home. A Taylor man, Bob Sims, used a school bus body to make the cabin of his houseboat. Both these boats are sleek looking craft with such features as combination sofa-beds, refrigerators, ample storage running water, electric ranges, space, and sundecks built above the cabin roof.

Houseboaters are a gregarious lot, preferring community-type living to isolated moorings "away from it all." They gather, usually in groups of four to six, at some spot on the lake that is convenient to their land-based homes. The spot they pick usually is a fishing camp. Here electricity is available and usually there is someone to keep an eye on the boats. The camp owner, glad to have the additional traffic that houseboaters bring, charges from \$5 to \$10 per month for the privilege of dock space and electricity.

Lakes and rivers in Texas were on flood rampages last spring. Lake Travis, used as a flood control lake, rose to unexpected heights. Houseboaters were glad to have someone on hand to advise when their boats needed moving up or down. Four steel cables tied onto trees or posts on shore, served as mooring for the floating cabin. As the lake rose and fell the cables were shortened or lengthened to hold the boat close to shore.

This entailed some work. But after Travis returned to normal, houseboats had ridden out the trouble without mishap. Not so with many cabins and homes that were flooded.

Two other veteran houseboaters, Ott Miller and Dr. Aubrey House, both of Taylor, enjoy owning and maintaining their crafts. Miller has added six feet of deck space to his boat and finished the inside of the cabin with

ACROSS THE CATTLE GUARD

by LEO W. WHITE
County Agent

Thirty eight of the 45 beef calves that are on feed for the 1958 Junior Fat Stock Show were brought in to the Field Day last Saturday. Most of the people who commented on the calves felt that the animals are as good as they were last year at the 1956 field day which was held almost a month later. Last year at this time there were two calves that seemed to be outstanding in quality and finish. In February the same two calves were judged Grand Champion and Reserve Champion of the show. The situation is a little different this year. There are about a dozen calves that are possible champions of the show that is coming up in February.

At the Field Day last Saturday it was quite evident that the

plywood.

Both men bought houseboats built on Lake Travis and then added the refinements that make living easier. Now on pontoons, these boats originally used drums. The drums have been pressed into service for making gangplanks and diving rafts.

Power, Not Speed

What about powering the big boat?

Not built to break speed records, a houseboat needs only an outboard in the 10 to 25 hp class, to shove it along in grand cruising style. After all, the houseboat was built for easy-style living.

For those who want speed on the water, a small runabout can always be added to the fleet.

Summer or winter, the houseboat can serve as a recreation spot for you and your family. Fish in the comfort of a heated cabin (some have fishing holes cut in the floor); take a slow cruise to visit another houseboat community on the lake; or just lazy the day away in the company of good friends.

What's your pleasure? If you want to be near water, check the advantages of owning a houseboat. I think you'll enjoy being master of your own luxury liner.

boys and girls were making some improvement in their ability to exhibit an animal in the show ring. Some of them are too young and inexperienced to do a top job but as soon as they grow a little they can do a good job, too.

All of the calves were weighed as they entered the barn last Saturday and all of them except one were entered in the gain contest which is sponsored annually by Mr. G. W. Cleveland. The contest this year started on June 1st. Almost two thirds of the feeding period is past and most of the calves are putting on enough finish that their gain will probably slow down during the next 97 days. Most of them will gain about 200 more pounds between the field day and the opening day of the show.

In the gain contest there are seven calves that have gained more than 400 pounds during the past 169 days and there are some small calves that have gained almost that much that could possibly put on some fast gain during the next three months and wind up at the top of the list. Dan Field is leading at the present time with a gain of 434 pounds. In second place is Oscar Henard and his calf has gained 425 pounds. There is a tie for third place between Kenneth McGinty and Frances Henard. Their calves have each gained 422 pounds. In fifth place is Jimmy Taylor, 420 pounds; sixth is Ty Earl Powell with 414 pounds and seventh is Linda Fitzgerald with a gain of 402 pounds.

Only 10 of the 37 calves were gaining less than two pounds a day and all of these 10 were doing better than 1 1/2 pounds. It appears that there is going to be a real good group of calves in the show next February and it also appears that we will have to wait for another time to see a calf gain as much as 700 pounds during the gain contest. The leading calf would have to put on about 2.75 pounds per day for the remainder of the period in order to make it. This is not impossible but it is not likely since his daily average for the first part of the period was less than 2.6.

At the final weighing on February 21st the suspense will be over and we will know who it is to receive the loving cup from G. W. Cleveland in 1958.

Iota Pi Presents Pins To Pledges

Iota Pi Chapter of Epsilon Sigma Alpha held their regular meeting Tuesday night, November 19 in the home of Elsie Carpenter with Mary Lee Swann as Co-hostess.

PHS Band On Overnight Trip

The PHS Band is leaving good ole' Plains Friday, November 22, at noon. Our suits will be clean, our shoes will be shined, and our hearts will be full of fame. The buses will leave with our friends crying (not because we are leaving, but because we are not taking them.)

We shall arrive at Baker Hotel in Mineral Wells about 10:00, still going strong.

Our poor sponsors will check our rooms and then retire to bed. Mrs. Campbell, Mr. Campbell, Mrs. McGinty, Mrs. Warren and our two bus drivers will be on their way toward lunacy. Our high spirits over missing a half day of school will be too much for them.

We'll arrive in Fort Worth about 9:15 ready to march at 10:00. At last we'll eat about 11:30 and then be in the grand stands ready to play at 1:45.

When the game ends, a bunch of tired band members will eat at 6:00, then rush to the buses to get a seat so they can sleep. We'll arrive at Breckenridge at 9:30 where we spend the night. Sunday morning we shall be homeward bound.

The ROUND-UP

An Editorial . . .

If anything really irritates a teenager, it's being told what to do. Sit in an assigned seat in class. Hang up your clothes. Clean up your room. Be in by 11:00. Terrible, isn't it?

Children are always told what to do, but suddenly when you are a teenager, you're hit with a barrage of do's and don'ts.

How do you become free? You have to free yourself. To be free from restrictions imposed upon you by others, try to impose a few on yourself. The key to true freedom is self-discipline.

To be free you have to prove to others and yourself that you are ready for freedom. Your attitude toward restrictions and laws determines whether you are ready for freedom.

Just think for a minute about why restrictions and laws are made. Just to make people angry? Surely not. They arise from personal needs. Needs for personal safety, a good reputation, and health. When you are ready to assume the responsibility for some of these needs for yourself, then it's not necessary for someone to remind you about them.

When you begin to understand yourself in relation to others, you will be able to discipline yourself and in so doing you will find personal freedom.

Nine Play Last Football Game For PHS Friday

There were nine boys who played their last high school football game for Plains High School last Friday night against Sundown.

They were Donnie Kissinger, a two-year letterman who played guard; Vennie Fitzgerald, a two-year letterman who played half back; Bobby Kinder, a two-year letterman who played halfback; Billy McGee, a three-year letterman who played guard; Jackie Bass, a three-year letterman who played halfback; Dwain Rowland, a three-year letterman who played halfback; Merle Todd, a three-year letterman who played guard and tackle; Ross Stotts, a four-year letterman who played end and full back.

Two Pep Squad leaders, Jan Simms and Joyce Riggs, also participated for their last time Friday night.

The band members and drum major who took part in their last halftime show are Kay Smith, Rue Mauk, Travis Jones, Pat Smith, Laverne Marrow and Jack Porter.

These students have all done very well and will be greatly missed in the fall of '58.

CLASS NEWS

The Senior girls will give the Senior boys a party Tuesday at 7:00 P. M. in the community club-room at the old courthouse. The girls lost to the boys during the magazine sale. The boys sold more magazines than the girls and the losers have to give the winners a party. The boy who sold the most subscriptions won a beautiful watch as a prize.

The Sophomores had the concession stand Friday night at the Plains-Sundown game. The sophs did a fine job of keeping everyone satisfied with the food they served.

The Freshmen party has been changed from Dec. 7 to Nov. 22. The Juniors had a very good bake sale Saturday, and they wish to thank every one for helping to make their bake sale a success.

Plains Drops Last Game To Sundown

Plains lost their last game to Sundown Friday night with a score of 42-12.

In the first quarter the Roughnecks scored seven points and the Cowboys scored six. Dwain Rowland ran 15 yards for the six points.

In the third quarter they got another 14 points and Jimmy Williams caught a 5 yard pass for another 6 points.

In the 4th quarter Sundown scored another 6 points. Sundown, which won district without a defeat, will play Merkel for bi-district title at Sundown Friday at 2:00 P. M.

HELPFUL HINTS

Here are several helpful hints that you might find useful someday: If you ever want to know if your foot is in the car door, shut it. If you ever decide to commit suicide, walk down the halls between classes. If you want to know if your car has brakes, step on them. If you want to know if the school building will hold up under pressure, run into it.

Last but not least we predict the Plains Cowboys basketball team will be THE BEST.

Fresh End Season With Win Over D. C.

The Freshmen ended their season here last Thursday by beating Denver City 34-18.
Fullback Ray Faught had a field day, running four touchdowns and three extra points. Quarterback Shorty Baker ran the other touchdown and extra points.
Denver City scored three times on passes from quarterback to right end.
The outstanding linemen of the week were Plains Center, Gerald Keith and left tackle Douglas Todd. This ended the season for the freshmen with a 2-1 win-loss record.

Junior Class Has Bake Sale Saturday

Saturday morning the old town of Plains was sound asleep. All of a sudden people started coming out of their houses sniffing the air. Boy! was that smell good! Some of the people couldn't figure out what was going on, but the majority of them knew. The Juniors were having a bake sale. They ran to their cars and rushed to the old court house lawn. They bought themselves a delicious cake or pie.
The Junior Class made about \$60.00 on the sale.

Mrs. W. P. Clinton of Tahoka, visited her daughter, Mrs. W. B. Scott, over the week-end.

Betty Jackson and Bobby Chambliss were home from Canyon last week-end where they both attend WSTC.

FHA Girls Busy Selling Yule Cards

The FHA girls are selling Christmas Cards, at which project they have been doing very well.

Anyone wanting cards should see the HA girls about them. They are selling all occasion cards as well as Christmas cards.

The first year girls are finishing their gathered skirts, and the third year girls plan to have their suits finished by Christmas.

An Essay

The other night I decided to look for outer space objects. Luck was with me. After several minutes, I spotted a chartreuse light about three miles south of town. Because the light interested me, I drove out to it.

An odd space ship in the shape of a pentagon was parked about one hundred yards away from the highway. Of course I was frightened, but too interested to turn back. As I approached the object, I noticed that it was decorated with pink polka dots. I listened carefully and heard a "rock and roll" song that was new to me.

Several feet past the space ship, I noticed three green men and two purple women. They were dancing to the "cool" tune that I'd heard before. One man was without a partner and looked rather sad about it. All at once he discovered me in my hiding place. I guess he wanted me to dance because the next thing I knew, he was coming towards me.

I had to think fast. All at once I remembered I had a bottle of spray net with me. I got it out swiftly and sprayed it at him. He melted at once. I crept up on his partners and melted them also. The space ship blew up about that time.

The next thing I knew, I was back in my car on the way home. Believe me, that was the last time I ever went looking for objects from outer space.

PHS Band Gives Final Half-Time Show for Year

Friday night the PHS Band marched for the last time during football halftime for this year.

The show began with the outstanding Sundown Roughneck Band doing precision marching featuring their majorettes.

After finishing the march the band started into a "telescope" finishing with a "double to the rear with stops."

They then marched into a four pointed star, and as the lights went out, the blue cap lights on the hats made the star visible. Jack Porter was solo cornetist with the band accompanying him in "Stardust."

The lights then came on and the band marched into formation playing "Legionnaires on Parade" while the majorettes did solo routines.

Friday night after the Plains-Sundown game, the PHS Band gave a party for the Sundown Band.

Cokes, sandwiches and cookies were served and Jeanine St. Roman entertained them on the piano. The Sundown Band President introduced all of their officers. When all the food was gone, the party was dismissed so that Sundown band students would arrive home before it was too late.

Harry White Now In Basic Training At Lackland AFB

Harry B. White, a former Plains student, is now serving in the United States Air Force. He is taking his basic training at

Lackland Air Force Base in San Antonio, Texas.

Harry is reported to be doing well in his technical class. Out of 51 taking a radar test, nine passed. Harry was one of those nine.

He would like for all of his friends to write him at this address: A. B. White, A. F. 18509857, Flight 1322, PO Box 1503, Lackland A. F. B., San Antonio, Texas.

Harry is the son of Mr. and Mrs. G. B. White of Tokio, Texas.

Tennis Teams To Play Pyote Nov. 26

Plains' tennis teams will play Pyote's tennis teams at Andrews November 26. Andrews is the half way point between Plains and Pyote. The games will start at Andrews at 2:30 in the afternoon.

Both the Junior and Senior teams will compete in the match. Members of the junior team are Mike Culwell, Ronnie Stockstill, Robert Anderson. The members of the senior team are Danny McClellan, Jim Barron, Vaughn Culwell, Jay Bryson, Lynna Sisoco, Elaine Mauk, Glenda Stewart and Glenda Bearden.

Pyote has sent someone to state almost every year and has won the El Paso tournament several times. Pyote will be a hard team to play but the Plains' team will give them a good fight.
