Soil in Our Soil Conservation District

This is the tenth in a series of articles written on the soils of the Yoakum Soil Conservation District. Written by Bill Dittmore, Soil Scientist, Soil Conservation District.

The Tivoli soils are the deep, very sandy soils that occur along the northern edge of the Yoakum SCD. Tivoli soils are recognized by dunes that may be up to 15 feet high. The Tivoli soils do not have a layer of tighter soil in the subsurface as we find in the Brownfield soils. The Tivoli soils are sand and more sand up to 10 feet thick.

Since these soils take water rapidly they are capable of growing some of our tall native grasses such as sand bluestem and little bluestem. Only deep rooted plants such as these have the ability to send their roots deep enough into the sand to use moisture. Shallow rooted plants have difficulty in surviving as the surface soils dry quickly and have very little ability to store moisture. These soils are too sandy, too rough, and too wild in general for cultivation.

The Nesbitt soils are bottom-land soils found in the bottom of Sulphur Springs draw that crosses the Yoakum SCD and goes through the city of Plains.

The Nesbitt soil is a deep, fertile, very dark brown soil. This soil may be either a caly loam or a fine sandy loam surface texture. This soil is surrounded on the edge of the draw by Potter and Kimbrough soils that are very shallow.

Because of the fertile soils and the low position these soils receive extra water and is capable of producing an abundance of native grasses such as sideoats grama, blue grama, silver bluestem and other good quality grasses.

These soils also produce excellent cultivated crops but are subject to infrequent overflow and as a rule are found in such narrow bands that they are difficult to cultivate or irrigate.

Top Workers in Soil Conservation Honored

Aquarium Given To High School By Bryant Siscos

Mr. and Mrs. Bryant Sisco recently presented an aquarium to the Plains High School to be used in the science department.

Mr. Jay Boothe, science instructor stated, "There are several beautiful species of the different tropical fish in this aquarium. Some of these include swordtails, guppies, blue goeranic, mollies, and scavengers such as catfish and snails. Some of these species are oviparous or egg-laying."

This aquarium holds 50 gallons of water and the heat is regulated by thermostat control. It also includes a pump and filter and aerator for keeping the water clean and providing oxygen for the fish.

This aquarium will be used and enjoyed by the High school students.

In the study of biology, students will have access to fish which they can study and observe daily. Experiments of different kinds can be used to show students the characteristics and habits of marine life.

There will be plant life added to this aquarium, which will give the students an opportunity to observe how nature is kept balanced.

SCHOOL ELECTION ABSENTEE VOTING DEADLINE APRIL 1

Absentee ballots for the April 5 Plains school trustee election may be cast through April 1. Printed ballots for the election are now on hand at the County Clerk's office for the use of absentee voting. Anyone who is planning to be out of the city on the date of the election, and who is qualified to vote, may do so now at the County Clerk's office.

There will be a selection of ten names to fill the four vacancies on the school board which include T. J. Murphy, R. M. Jones, W. G. (Bill) Gray, Ty Field, G. W. Cleveland, W. M. Taylor, Carl Lowrey, Ford Hawkins, Paul Cobb and Tom Barron.

Mr. John Robertson will be the election judge and she will be assisted by Mrs. John Camp and Mrs. Raymond Bookout. Election hours are from 8:00 a.m. to 7 p.m. at the High School Library on Saturday, April 5.

Attend Student Council Meeting

Four members of the Plains High School Student Council attended the Texas Association of Student Councils in Abilene, March 20, 21st, and 22nd.

The students from Plains attending the convention were, Brenda Sudderth, Linda Jones, Dale Edwards, and Leta Stewart. Mr. B. J. Campbell, sponsor, also attended the meeting. The students learned some things to improve the school in Plains.

Four members of the Plains Student Council will be looking forward to attending the TASC meet in Brownsville next year.

C of C Plans First Annual Banquet For Friday Night

The Plains Chamber of Commerce will have their first annual banquet Friday night, March 28 at the Plains school cafeteria at 7:30.

Rod Duff, vice president, will serve as master of ceremonies. Buford Duff will introduce guest speaker, Mr. Paul Marable of Abilene. Mr. Paul Marable General Manager of the West Texas Chamber of Commerce.

Dinner music will be furnished by Miss Jeannine St. Romain at the piano.

A vocal solo will be rendered by Mr. Jim Campbell.

Mr. Bill Loyd, president, will present an outline of the work planned for this year.

Everyone is cordially invited to attend the banquet. Tickets may be purchased from any one of the directors, Pete Sampson, D. C. Newsom, Joe Curry, Dick McGinty, George Burke, Allen Wagley, Peter St. Romain or from Bill Loyd, president or David Levens, secretary.

\$200 Received In Red Cross Drive

Mrs. P. W. St. Romain, chairman of the Red Cross drive, announced Thursday that the total amount collected was \$200.00.

Mrs. St. Romain and members of the Tsa Mo Go club and the Iota Pi Sorority wish to express their appreciation to the Girl Scouts, Boy Scouts and to everyone for their wonderful cooperation during the Red Cross Drive

Students Compile Fine Record at Literary Meet

The Plains School came out with high points last Saturday at Ropesville in the District 17-B literary meet.

Placings were received as follows:

Declamation, junior girls, Ann Lattimore, first; junior boys Billy Stockstill, second.

Story telling, Rita Jo Snodgrass, first; slide rule, Don Edwards, second; picture memory, Plains, first; poetry reading, Marcia Spencer, second.

Seventh and eighth grade spelling Marsha White and Mary Johnson. One of these girls will go to Denver City Friday to vie for the county championship, with the winner to take part in the 6th annual Lubbock Avalanche-Journal spelling bee April 12.

Morton Firm To Hold Case Showing

All farmers in this area are invited to attend the Woolam Implement Company premiere showing of the 1960 Case-o-matic tractor line at 205 E. Washington Ave., Morton.

Open House will be all day, March 29, at Woolam Implement Company. Refreshments will be served.

M. J. Woolam explained that, "We are holding a special Open House during which the people in this area will get the first look at new Case tractors with years ahead styling, engineering, and performance." A Motion picture filmed at the World Premiere will be shown.

Grade Students Make Tour Of New Library Building

Library notes of interest this week as announced by Mrs. Bert Bartlett, county librarian, were the visits to the library by the teachers of elementary grades and their pupils. Bringing their pupils to the library during last week which was National library week were the second grade teachers; Mrs. A. H. Bacon, Mrs. Thelma Ellis and Mrs. Roy Stockstill, fourth grade teachers Mrs. G. D. Kennedy and Miss Lena Norris, and Mrs. Wyatt Lipscomb, and her 7th grade English class. Prior to this time Miss Fern Mikeska brought her third grade.

Mrs. Beatrice Phillips, National City, California, sister of Sue Stevens, recently contributed fifteen dollars to the library, asking that children's books be purchased in memory of her mother, Mrs. Anne Miller, a pioneer of this county.

Mrs. O. D. Smith contributed several magazines.

Mrs. Bert Bartlett and assistant librarian, Mrs. Norelle Sloan, will be in Fort Worth Tuesday through Friday of this week to attend a meeting of the State Library Association. Mrs. Helen

LIONS CLUB PRESIDENT, Neil Taylor, presents a plaque to Loren Gayle, right, who was selected as the outstanding conservation farmer in the Yoakum Soil Conservation District for 1957-58. —Review Photo

At the regular meeting of the Plains Lions Club here last Thursday, outstanding workers in the field of soil conservation in the Yoakum Soil Conservation District were recognized.

Lions Club President Neil Taylor presented a plaque to Loren Gayle, Bronco, in behalf of the local Lions Club. Each year a committee made up of members of the Board of Supervisors of the Yoakum Soil Conservation District and the Lions Club select a farmer or rancher in the District as the Conservation Farmer or Rancher of the year. In making this selection consideration is given to conservation work on the man's own place and his efforts in assisting the conservation program in the District.

Lion Bill Loyd presented a Certificate of Merit to E. T. Campbell of Sligo as the outstanding District Supervisor for the year. The Texas Bank and Trust Company and Bankers Committees in the various Districts sponsor this award each year in recognition of the work done by the District Supervisors in directing the work of the Soil Conservation Districts throughout the year.

Lion Wyatt Lipscomb presented a colored aerial photograph of his farm to H. V. Kinney of Sligo. Kinney was selected as the Conservation Farmer of the year in the District last year and in the state-wide contest was selected as one of twenty five farmers in the state to receive these aerial photographs. These aerial photographs which are 18x24 inch oil colored were sponsored by the Association of Texas Soil Conservation Districts and the Great Southwest Life Insurance Company of Dallas. These photographs were displayed at the State Fair last year and have been shown at various fairs and shows throughout the state during the past year.

Following the presentation of these awards the coaches of the Plains School—Jack Pierce and Rip Sewell presented a movie of the basketball game between Plains and Boerne. This was the second game in the State Tournament at Austin. Guests present for the program were members of the Board of Supervisors of the Yoakum Soil Conservation District, Rusty McGinty, E. T. Campbell and Loren Gayle, H. V. Kinney, Forrest Bale, Mr. Gray and Mr. Baker.

Competition Is Keen In Subscription Campaign

The tabulation of votes, as we enter the second week finds only a few votes separating many of the workers in the thrilling and hotly contested Denver City Press and Yoakum County Review Good Will subscription campaign.

While the circulation is going up, up—votes will soon go down, down, down! The first period, where the votes are the highest, ends Wednesday, April 2. Help your favorite candidate now! All indications point to a record vote pouring in at that time.

The Subscriber Will Profit: This campaign is an effort on the part of the publishers to make this newspaper bigger and better. That should interest you, so get back of this drive and help put it over in a big way.

The Merchant Will Profit: The more readers the more valuable is the merchant's advertising. A good newspaper means a good area; an area can be judged by the newspaper it supports.

To The Candidates: The question of territory and

time requirements has frequently been brought up since this campaign opened. Let it be stated here and now that there are no time requirements and positive-ly no territorial restrictions.

Any candidate may work where and when he wishes. The amount of time that a candidate puts into the work is of course, a factor in the final outcome. But far more important is the way in which this time is put to productive work and the number of calls made for each mile traveled.

Plains Chemical To Host Barbecue Dinner Monday

The Plains Chemical Company is sponsoring a free barbecue dinner to be held at the Plains school cafeteria, Monday night, March 31 at 7:30.

Following the dinner a program will be presented by Dr. Nick Kramer, Grain Sorghum Breeder, from Texas Agricultural Experiment Station, Hollis Oliver, Agronomist, Soil Laboratory at Roswell, New Mexico and Mr. Parker, who is associated with the Texas Sesame Growers Association.

The title of Dr. Kramer's talk will be "Hybrid Grain Production Under Dryland and Sprinkler Irrigation." Mr. Oliver will speak on "Cotton Fertilization and Its Relations to Water and Insect Control in Sandy Soils." "Sesame Production" will be the title of

See BARBECUE on Page 8

City Election To Be Held Tuesday

A City election will be held next Tuesday, April 1st to elect a mayor, city marshal and three aldermen. Names appearing on the ballot are W. R. Curry for mayor, Peter Sampson, Amos Smith and Kenneth Hale for aldermen and Billy Kennedy for city marshal.

The election will be held at the city hall from 8 a.m. until 7 p.m. with Rod Duff as election judge and Mrs. John Camp and Dr. May Gainer assisting as clerks.

Swedish Guest Arrives

MISS GUINILLA MALMSTEN

A visitor at Plains is Miss Guinilla Malmsten, from Norrahammar, Sweden. Miss Malmsten, whose age is nineteen years, plans to remain here for an extended visit with her Aunt and Uncle, Mr. and Mrs. Gus Malmsten.

In commenting about her trip over she said, "Here I am at last, after eleven days by boat over a stormy sea from a very, very cold Sweden and five days and four nights in a Greyhound bus. I reached Lubbock where I telephoned my Aunt and Uncle and they came for me there. Then I reached Plains, the smallest and nicest of Texas-towns."

She said "When I told my friends in Sweden that I was going to visit Texas they believed that I was crazy." They said, "Oh, dear child are you going to that country where they have so many wild cowboys, guns, sand and no trees. You simply can't go by yourself."

She believed that she could and she said she had a lovely trip and met so many lovely people who wanted to help a lonely girl from a country in the North. She said she sure needed help at times, she did not know how to a Coca Cola out of the Coke box because she didn't know where to put the money,

See GUEST on Page 8

CANDIDATES' STANDING

Up today and down tomorrow, down last week and up this week. That's the way it goes among the candidates in The Press-Review Circulation Campaign. This week Mrs. G. R. Newman and Mrs. T. E. Coke are tied for first place with Dorothy Lowe, Mrs. M. C. O'Neal, Mrs. Vance Brown, D. H. Coats and several others too close for comfort. It's one of those campaigns where nothing but determination and hard work will be the deciding factor.

PRO-RATING OF VOTES MARCH 25

Mrs. G. R. Newman, Denver City	27,000
Mrs. T. E. Coke, Plains	27,000
Dorothy Lowe, Plains	26,900
Mrs. M. C. O'Neal, Denver City	26,850
Mrs. Vance Brown, Denver City	26,800
D. H. Coats, Denver City	26,700
Mrs. Tom Box, Plains	26,600
Mrs. Juanita Taylor, Plains	26,500
Mrs. Jack Newman, Denver City	26,400
Mrs. Amos Smith, Plains	15,000
Mrs. Claud McBeth, Denver City	13,700
Mrs. Vaughn Bates, Denver City	13,500
Mrs. A. O. Williams, Denver City	13,100
Patsy Keltner, Denver City	13,000

(Watch for Pro-Rating Next Week)

WMU Meets Monday For Bible Study

The WMU of the First Baptist Church met in regular session Monday at the church for Bible Study. Leading the discussion were Mrs. I. J. Duff, Mrs. S. L. Tingle, Mrs. Cliff Hinson and Mrs. C. J. Coffman. Other mem-

bers present were Mrs. Gilbert Pierce, Mrs. G. R. Todd and Mrs. J. L. Taylor, and a visitor, Mrs. Neil Parks.

Miss Guinilla Malmsten of Norrahammar, Sweden in Plains last Thursday for an extended visit with her aunt and uncle, Mr. and Mrs. Gus Malmsten.

SOIL CONVERSATION

"This Farm Is Leaving By Air Express"

Soil Conservation Society of America

The crows are "grounded" but the soil "flies" away! Dust storms, dust bowls and wind erosion are the obvious results of land abuse coupled with unfavorable weather conditions. Keep a "cover" on your land. See your local soil conservation district today.

ACROSS THE CATTLE GUARD

by LEO W. WHITE
County Agent

As soon as one Fat Stock Show is completed it's time to make plans for another one. There was a great deal of comment on the animals in the show this year. Some said that the calves in the 1958 show were very uniform and all of them were good calves. This fact was verified by the way the packer buyers grouped them to put a floor bid on them. They were all in one group and it is the first time that it has happened that way.

As 4-H club members make selections for the calf show next year they will be trying to find animals that are better than those of the year before. The 4-H Club Motto is "TO MAKE THE BEST BETTER." Yoakum County 4H club members will be trying to follow this motto in their livestock feeding program this year.

Some of the calves have already been selected and started on feed for the 1959 show. Other members are interested in feeding calves but do not have their calves started as yet. There is a final date for getting a calf started on feed in order for the animal to qualify for the show. This date has been set as the last day of September. A boy or girl that waits until September to get a calf started on feed will find that they are too far behind the other feeders and their calf will not have a chance to make a good showing. We are recommending that the calves go through a much longer feeding period than the required five months and that is the way we get these uniform calves.

The monthly weigh days held on the third Saturday of each month and the gain contest that has been sponsored by G. W. Cleveland have a great deal to do with the appearance of the calves. The gain contest usually begins on the third Saturday in May and this year we are striving for 100% participation in the gain contest. That would mean that every calf would be selected and started on feed by the 17th

LEA COUNTY CO-OP NAMED MOST EFFICIENT REA PLANT IN COUNTRY

R. B. Moore, General Manager of Lea County Electric Cooperative, Inc., has recently been notified that the Lovington generation plant is to be awarded the diesel progress plaque for the most efficiently operated REA financed plant in the United States for 1957.

The Diesel Progress Award is presented by Diesel Progress magazine under Division A and Division B classifications. The Division A classification is for plants less than 5,000 kilowatts and Division B is for plants in excess of 5,000 kilowatts.

The competition for 1956 was very keen with Lea County Electric coming in second. The 1957 competition was every bit as keen, but the Lovington plant

day of May. For the past two years there have been some calves brought in to the initial weigh in May and weighed and then turned back with their mothers and allowed to run on pasture until later in the Summer. None of these calves that were treated in that manner have ever placed up very well in the show. They were too young to wean in May and as a result they were not finished well in February.

We would like for the boys and girls who plan to feed calves for the 1959 show to get them started as soon as possible. A calf that is five months old is old enough to wean and a five months old calf should weigh in the neighborhood of 300 pounds. A calf that weighs 300 pounds on the 17th day of May should be weighing between 950 and 975 pounds by the last week in February and that would make an ideal kind of a dry lot fed calf for our county show.

According to the interest that 4-H club members are taking in beef calf feeding this year, it appears there will be about the same number of calves started on feed this Spring as there was a year ago. If our calf feeding program improves as it should we will get to the show with a few more than the 32 head that were exhibited in 1958.

won easily and produced the lowest cost electricity for a diesel operated plant in the nation, on a BTU per kilowatt basis.

The phenomenal growth of Lea County Electric Cooperative's system and plant has been tremendous since the Cooperative obtained its facilities in Lea County in 1949. In 1951, the generating plant produced 7,064,400 kilowatt hours, increasing to 16,038,220 in 1952 to 24,707,300 in 1953, and to a whopping 63,483,400 in 1957. The present plant capacity is 20,030 kilowatts and the future predicts the plant must be increased to serve the electrical needs of the rural, urban, and industrial businesses in Lea County.

The Board of Trustees of Lea County Electric Cooperative, Inc., are fully conscious of their tremendous job in the future, but are extremely proud that they have been able to build a generation plant and distribution system which ranks number one when compared with other similar operations. R. B. Moore, General Manager of the Cooperative, and staff are presently making studies to determine the economic improvement and enlargement of Lea County Electric Cooperative's system to fulfill the demands of a booming community.

Trio Honored On Birthdays

Randy, Mona and Larry Boatright were honored Saturday, March 22, with a combined birthday party in the home of their parents, Mr. and Mrs. Wayne Boatright.

Refreshments of cake, cupcakes and Cokes were served to the following: Mrs. A. D. Boatright, Diane Boatright and Pamela Bates of Morton, Mrs. Billy Jones and sons, Rodney and Donnie of Brownfield, Mrs. Jim Burt and Joe, Charlotte and Jean, of Tokio, Mrs. Delbert Burt and Ricky, Mrs. Nettie McNabb, Mrs. John Nabors, Lloyd, Roy Lynn, and Kathy and Mrs. Bobbie Pulis and Brenda Kay.

Mr. Bud Coke of Midland has been visiting in the home of his mother, Mrs. T. E. Coke this week.

Visiting in the home of Mr. and Mrs. John E. Fitzgerald and Linda Sunday were Mr. and Mrs. Johnnie Fitzgerald and girls, Mr. and Mrs. Bob Loe and boys, Mr. and Mrs. Jack Palmer and Joe Cobb from Brownwood, who helped Mr. Fitzgerald celebrate his birthday.

★ STATELINE NEWS ★

Mr. and Mrs. Wendel Moore of Lubbock visited Mrs. Ruby Billings Sunday.

Mrs. H. Seals and children visited Mr. and Mrs. H. Seals of Wilson and Mr. and Mrs. Hyde of Gomez over the weekend.

Mr. and Mrs. Bob McDonnell visited Mr. and Mrs. Dunk Brian and children Sunday afternoon.

Visitors in the Frank Sudduth home Sunday were: Mr. and Mrs. Leon Smith of Snyder, Mr. and Mrs. Earl Robertson and Mr. Lee Miller of Brownfield.

Mrs. Frank Sudduth is visiting her daughter, Mr. and Mrs. Lee Miller and her new granddaughter, Kathy Morine. She was born March 20 in the Treadaway-Daniell Hospital in Brownfield.

Mrs. Frank Spencer, Mrs. Glen Darnell, and Mrs. Leroy Edwards of Dimmitt visited Mrs. A. E. Newsom Sunday afternoon.

Joe Newsom spent Saturday night with Butch Gayle.

Mr. and Mrs. Leroy Edwards of Dimmitt are visiting her parents, Mr. and Mrs. J. C. Stegall and Jane since the weekend.

Mrs. H. H. Neel is visiting her son and family, Mr and Mrs. Wilford Neel, and her daughter, Mrs. Nina Madison, in Alamogordo, New Mexico.

Mr. and Mrs. Ormal Pippins of Tokio visited Mr. and Mrs. Raymond Palmer Sunday.

Mr. and Mrs. Jack Palmer were in Lubbock Wednesday on business and shopping.

Mr. and Mrs. Tom Box and Tommy Guy and Mrs. G. T. Hughes visited Mr. and Mrs. Theodore Fillingim Sunday afternoon.

Mrs. Norell Sloan and Mr. John Keller were dinner guests of Mr. and Mrs. Rusty McGinty and girls Sunday.

Mrs. Rusty McGinty was a guest of Mrs. Glen Cleveland at the Tsa Mo Ga Study Monday night.

Mr. and Mrs. Ira Tidwell and Mrs. Flossie Tidwell attended the funeral of his great uncle, Mr. Herman Bishop of Ponder, Texas Saturday morning. They also visited relatives in Fort Worth and in Keller, Texas from Friday until Monday.

Paula Gayle Tidwell visited Dana Dyer over the weekend.

Mr. and Mrs. Dale Hughes and children of Seminole were visitors and supper guests in the

home of Mr. and Mrs. Tom Box Saturday night.

Reverend and Mrs. Billy Joe Curry and sons of Lazbuddie spent Tuesday visiting his parents, Mr. and Mrs. Joe Curry.

home of Mr. and Mrs. Tom Box Saturday night.

Mrs. Hattie Smith of Oklahoma visited Mrs. A. E. Newsom Sunday afternoon and also Mr. and Mrs. J. C. Stegall.

Eldridge Tidwell spent the weekend with Mr. and Mrs. A. H. Bacon.

Mr. and Mrs. George Turnbow and children and Weldon Jenkins visited relatives in Hassell, Texas over the weekend.

Visitors and dinner guests in the home of Mrs. Adell Box, Robert and Lee Roy, Sunday were: Mr. and V. E. Patterson and children of Lubbock, Mr. Orville Izzard of Lubbock, Mrs. G. T. Hughes of Levelland, Miss Carol Beth Hughes of Lubbock, Mr. and Mrs. Hayden Box and David and Wayne of Plains, and Mr. and Mrs. Tom Box and Tommy Guy. The occasion was honoring Lee Roy's birthday.

Mr. and Mrs. Buck Fillingim are visiting in Hico.

Mrs. Tom Box and Tommy Guy were in Levelland Friday

and Mrs. G. T. Hughes returned home with them for a few days' visit.

Mrs. E. A. Smyer of Plains visited Mrs. Dorman Scott Tuesday morning.

Mrs. Dale Mills and children of Welch visited Mr. and Mrs. Hayden Box and boys Friday.

Mr. and Mrs. Willard Sudduth and girls of Hobbs visited Mr. and Mrs. Frank Sudduth Tuesday.

Mrs. H. Seals and Mr. Hyde returned home early Monday morning from a fishing trip to Sugar Lake in Mexico. They brought home 200 pounds of dressed fish.

Little Stacy Wheeler is recovering nicely from her recent eye surgery which she had in Lubbock. She is the daughter of Mr. and Mrs. Hendrix Wheeler.

Mrs. Tom Box and Tommy Guy visited Mr. and Mrs. Bayne Price Wednesday afternoon.

Mrs. Chris Guetersloh has had a severe case of flu. The other members of the Guetersloh families have recovered from the flu.

Yoakum County Review — Denver City Press

HELP YOUR FAVORITE TODAY!!

OIL News . . .

There have been three wells completed and one project staked in Yoakum County in the last few days.

Magnolia Petroleum Company No. 7 R. M. Kendrick is a 7,850 foot project in the Wasson (72) field in Yoakum County.

Drillsite is 660 feet from south and 760 feet from west lines of section 867, block D, J. H. Gibson survey, 2 miles northeast of Denver City.

Lario Oil and Gas Company No. 8 Jones has been completed in the Brahoney field of Yoakum County. It is 660 feet from north and east lines of section 391, block D, John H. Gibson survey. The well pumped 139.68 barrels of 32.7 gravity oil, plus four per cent water in 24 hours. Gas-oil ratio is 243-1. It was acidized with 3,000 gallons of mud acid. Five and one-half inch casing was set at 5,254, with a total depth of 5,316 feet.

Western Natural Gas Company No. 3-C Pike pumped 105 barrels of 31.5 gravity oil on a 24 hour

potential test, after being fractured with 20,000 gallons of fracture fluid. Gas-oil ratio is 1,940-1. No water was reported.

Location is 660 feet from east R. B. Stallworth No. 1 E. W. Jones has been completed on a 24 hour pumping potential of 104.64 barrels of 31 gravity oil plus five per cent water. The well was acidized with 10,000 gallons of mud acid. Gas-oil ratio is 300-1. Production was through perforations at 5,268 to 5,274 feet.

It is 660 feet from north and east lines of section 425, block D, J. H. Gibson survey in the Brahoney (San Andres) field, block D, John H. Gibson survey, and north lines of section 476, Joseph I. O'Neill, Jr. of Midland No. 1-A Cleveland, Southwest Yoakum County wildcat, found water on a drillstem test in the Devonian, and electrical logs were being run on last report.

Operator tested the section from 11,802 to 11,820 feet. For one and one-half hours. Recovery

was 3,190 feet of salty sulphur water, with no shows of oil or gas.

Location is 2,055 feet from north and 660 feet from east lines of section 599, block D, John H. Gibson survey, nine miles southwest of Plains. Projected destination is 11,500 feet.

OFFICIAL RECORD

DISTRICT COURT
In Re; Shielda Kay Nelson and Trudy Ann Nelson minors, dependent and neglected children. Harvey B. Pullis vs. Marjorie Juanita Pullis, divorce.

COUNTY CRIMINAL
State vs. Bud Bailey, worthless check.
State vs. Lucian K. Chance, DWI.

Meet Monday

Members of the commissioners' court met Monday in a regular session. Expenses were allowed for Bill Moorhead, county auditor, to attend the Accounting Institute at Austin in April, and expenses of \$133 were allowed to Vernon Townes, county attorney for attendance at the Attorney General's Conference in Austin. The bid of Jerry Paquin for a set of United States Code books was held for further consideration.

Mr. and Mrs. Rogers Curry and family visited in the home of Mr. and Mrs. John Curry and family of Seminole Friday night.

Mr. and Mrs. T. E. Etheridge left Friday for Houston to visit Mr. Etheridge's sister, Mrs. Emma McLintyre, who is ill.

JUST A FEW of the many lovely flowers received at the opening held Saturday by Wilmet's Phillips 66 Service Station are shown in the above photo. Woody Wilmet, owner of

the station, expressed his thanks this week to all those who in any way helped to make the Grand Opening such a fine success.

Mrs. Bob Green Is Honored At Shower

Mrs. Bob Green was honored at a pink and blue shower Thursday at 3 p.m. in the home of Mrs. Rogers Curry. Co-hostesses with Mrs. Curry were Mrs. S. L. Tingle, Mrs. Bud Brian, and Mrs. Emory Longbrake.

The serving table was covered with a lacecloth over a cloth of yellow. The centerpiece was a vase of yellow jonquils.

Refreshments of frosted lime punch and cake were served to twenty-seven guests. Out of town guests were the honoree's mother, Mrs. Glen T. Jones, Lamesa and her sister, Mrs. Roy Sikes from Houston.

Mrs. Preston Murphy and daughters visited in the home of Mrs. T. E. Coke on Monday.

Molly Courtney recently returned to Plains and began work with The Romain Telephone Co.

Mr. and Mrs. Bill Nokes and sons were in Snyder over the weekend where they visited Mr. and Mrs. Jim Jackson.

Political Announcements

TB Association Meeting Planned

The continuing fight against tuberculosis will be the theme of the meeting of doctors and lay health leaders from across the state at the annual meeting of the Texas Tuberculosis Association in Houston March 27, 28 and 29 at the Rice Hotel.

Marking the fiftieth anniversary of its founding, the meeting will draw leaders in the TB-control field from areas removed from Texas. Among speakers will be two prominent in the U. S. Public Health Service, Dr. Edward T. Blomquist of Washington, D. C., chief of the Service's TB program, and Dr. Michael L. Furcolow of Kansas. A number of Texans prominent in the field will be included.

Case finding among children, the changing policies regarding chest X-ray surveys, and coordination of efforts to help patients of the communities and the state TB hospitals will be among subjects discussed.

TB, no longer in the first ranks of killing diseases in the U. S., still affects an estimated 400,000 Americans, still costs the U. S. taxpayer 725 million dollars a year in tax dollars alone.

Tulia, Tex., Man Reports — 7,000-lb. Grain Sorghum Using Phillips 66 Ammonia

Morgan Sturgess, who farms 1,100 acres near Tulia, Tex., says: "By side dressing 150 pounds of Phillips 66 Agricultural Ammonia, I harvested 7,000-pound maize. I also side dressed 60 to 150 pounds of Phillips 66 Ammonia on cotton and averaged 2 bales per acre."

Other Southwestern farmers have discovered that 82% nitrogen from top quality Phillips 66 Agricultural Ammonia helps them get more profit per acre through higher yields. They get more cotton that classes higher at the gin . . . yields of sorghum grain and ensilage are increased . . . more marketable vegetables are harvested . . . and profits on wheat are increased through higher yields of grain and extended grazing periods.

Phillips 66 Agricultural Ammonia contains 82% nitrogen and gives you more nitrogen per dollar than any other form of commercial fertilizer available.

DEWEY ROGERS of Brownfield Floral, discusses flower arrangements with Mrs. C. F. McCargo following the Tsa Mo Ga Club meeting Monday night. Mr. Rogers presented a most interesting and informative discussion during the meeting. —Review Photo

Annual Meeting of County Livestock Group March 27

The annual meeting of the members of the Yoakum County Livestock and Agriculture Improvement Association will be held in the District Courtroom Thursday night, March 27, beginning at 8 p.m.

Motion pictures of the 1958 Junior Fat Stock show will be shown at the session. Terms of six directors have expired and an election will be held to fill these vacancies.

The annual meeting, it was pointed out, is also the time and place for any member to voice his opinions and recommend any needed changes in the rules of the show or the work of the organization.

All exhibitors in the 1958 show are requested to be present at the meeting to receive awards from the Plains State Bank and the First National Bank of Brownfield.

Study Course Held At Baptist Church

A Training Union Study Course was held at the Plains Baptist Church Monday through Thursday night.

"Vocations," was the theme of the course with Reverend C. J. Coffman teaching the Adult Class, Bob Green taught the Young People's class. The Intermediate class was taught by Mrs. W. P. Sooke, Mrs. S. L. Tingle directed the Junior class, Mrs. Luther Hinkle was in charge of the Beginners and the Nursery.

Mr. and Mrs. Gene Phillips were in Lubbock Saturday night to attend the rodeo.

Mrs. Louise Kerrick is a patient this week in the hospital in Brownfield with strep throat.

are requested to be present at from the Plains State Bank and the First National Bank of Brownfield.

Methodist Youth To Hold Service

The Youth of the Methodist Church will have charge of the morning worship service Sunday with Harmon Meixner and Jimmy Warren presenting the sermon.

Three special vocal solos will be given by Karen Randolph, Sheila Smith and Claude Lee. Sheila Smith will lead the congregational singing.

Prayers will be led by Jimmy Warren, and Don Cooke. Everyone is cordially invited to attend this service.

NOTICE

Everyone is cordially invited to attend a "42" party to be held at the IOOF Hall Friday night—April 4th, at 8 p.m. A drawing will be held for the quilt which will be given away. Refreshments will be served.

Farmers Union Urges Signing Of Farm Support Bill

Neal Hickman, president of the local Farmers Union, received a telegram Wednesday from Alex Dickie, Jr. president of the Texas Farmers Union. Dickie added the voice of his organization at Lubbock Tuesday to the appeal that President Eisenhower sign a bill to freeze farm price supports. Dickie, in this area for a series of Farmers Union organization meetings, wired President Eisenhower that the TFU strongly urges passage of the bill.

This hold-the-line legislation will materially lessen the perilous plight of farm families until a comprehensive farm bill can be passed, he added.

Mr. Hickman also wired the president in behalf of the local organization urging him to pass the bill.

TSA MO GA CLUB HAS EXCELLENT PROGRAM ON FLOWER ARRANGEMENT

The Tsa Mo Ga Study Club met in regular session March 24, 1958, at the clubhouse.

Meeting was called to order by President, Mrs. R. K. Field. Roll call was answered by twenty members.

Mrs. Field, reporting for Mrs. Sherm Henard, improvement committee chairman, told the club that a filing cabinet had been purchased and would be in the clubhouse by the next meeting.

Mrs. Field stated that she had visited our new library during National library week and urged each club member to visit the library soon.

Miss Ozella Hunt announced that the style show sponsored by the Denver City B. P. W. C. will be Friday night. Mrs. George Cleveland will represent the Tsa Mo Ga club at the show.

Mrs. Field made a request for "before and after" pictures of any

club members home if any improvements are planned this year. The pictures are to be used in reporting.

Mrs. R. B. Jones, substituting for Mrs. Pat Henard, program leader, presented Miss Marsha White, who played a piano solo, H. C. Handy's arrangement of The St. Louis Blues.

Mrs. Jesse Hale sang The Lord's Prayer, accompanied by Miss White at the piano.

Carrying out the club's Magic Media theme, Mrs. Jones introduced Mr. Dewey Rogers, owner of the Brownfield Floral, who presented a "Say it with flowers" demonstration.

In his first arrangement Mr. Rogers used yellow gladioli and purple lilies. This was a vertical arrangement, very tall in the center and suitable for a narrow wall space or a small table.

In a rose to gray tinted very low bowl, he used velvety red snap-dragons and pink carnations in what he called a mass arrangement. This arrangement is suitable for a centerpiece or mantle.

Mr. Rogers likes to use spiked and round flowers together. He used very little greenery and stated that if enough flowers are used, very little greenery is needed.

Fushia stock and red roses were used in the next arrangement. These were placed in a low oblong sage green bowl. Mr. Rogers cut the stems on all flowers at a slant, making them

easier to push into the oasis. This was a suitable arrangement for a center piece, mantle, or coffee table.

Bells of Ireland and yellow carnations were used in an equilateral triangle arrangement. This design could be used against any wall space.

In a right angle design, Mr. Rogers used two very broad leaves and calla lilies in a dark green low bowl. To form a modernistic arrangement he used yellow carnations in a straight line, following the top line of the triangle. This piece is suitable to use on a corner table or in pairs.

In conclusion Mr. Rogers stated that any arrangement pleasing to the eye is a good design, and he very ably demonstrated that one can "Say it with flowers."

Mrs. Bill Loyd and Mrs. Dave Levens were hostesses for the social hour. The table was beautifully decorated in the Easter motif and refreshments of sandwiches, congealed salad, cheese bread, and coffee was served.

File Application Now For Wool Incentive Payment

If you have sold wool or unshorn lambs since April 1, 1957, chances are you have earned a payment under the Federal wool incentive program. To collect it, be sure to file an application at your County Agricultural Stabilization and Conservation Office not later than April 30, the State ASC Committee reminded farmers today.

These applications, according to W. M. Overton ASC Office Mgr. are to cover wool and unshorn lambs marketed not later than March 31, 1958.

Wool incentive payments are made under the National Wool Act of 1954. Payments on shorn wool are a direct incentive to increase production. Payments on unshorn lambs are made to encourage normal marketing of lambs with the wool on and avoid unusual shearing to get the shorn wool payment.

The goal of the program is to increase U. S. production to 300 million pounds of shorn wool—about a one-third increase over production in recent years.

The program for 1958 recently announced will be similar to that during the past year with the incentive price continuing at 62 cents per pound. To encourage the best possible job of marketing by wool growers the farmers earns a higher incentive payment by getting a higher price for his wool.

Both sheep numbers and shorn wool production appear to be on the increase in this country according to a March report on the wool situation by the U. S. Department of Agriculture. The report also states that imports are on the decline, and that the Government has disposed of the last of its wool holdings acquired under the 1952-54 price-support program.

Four To Grand Lodge Meeting

Mr. and Mrs. Dave Blevis and Mr. and Mrs. Luke Hobbs of Plains Rebekah Lodge No. 158, attended a Grand Lodge meeting at Galveston, March 16th through 18th.

Mrs. Blevis, representative, reported a very impressive session and a beautiful place, Mrs. Blevis is also District Deputy President for this year and will preside over District ten, which includes six Lodges.

Reverend and Mrs. Bill Coffman from Brownwood were guests in the home of his parents, Reverend and Mrs. Clarence Coffman over the weekend.

ARE YOU COVERING UP

— why the mask? Is the strain of the business world too much? Are you actually that other person?
Why the mask? When caught in the transforming grace of that cover you claim a wonderful appreciation ... the wrinkles soften... your approach is so different. And so it is with your life and mine, — with your strength, — courage, — patience and even with your church. Too often these attributes can be seen only through your mask... friends don't see you as you really are. The true self is translated and reflected through the false cover. Don't be deceived. Your wrinkles, your outlook on life will never be softened and humanized by a mask. Please discard it forever. Your better self need ever be reflected from the lower reaches of your soul.
Don't Cover Up!

HOLY BIBLE
THE CHURCH

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a by-product of the church. It is here that the young and old alike are showered with benedictions stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" GODER and a daily BIBLE READER.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—New names. New faces. But same old problems plague the state insurance liquidation division.

Next Legislature undoubtedly will step in and try to assign authority and responsibility more definitely—possibly overhaul the whole system.

Latest chapter in the division's history of criss-crossed efforts is the appointment of a new general counsel to the liquidator. He is Cecil C. Rotsch, former assistant attorney general.

That Rotsch was appointed by Insurance Commissioner William A. Harrison. Whether the State Insurance Board, which Harrison represents, or judges of the receivership courts have the right to appoint attorneys for liquidation has been at issue for some years.

Last year Austin District Judge Charles O. Betts appointed Renne Allred Jr. counsel for receivership cases pending in his court.

This prompted the Insurance Board to institute a suit to get a Supreme Court ruling. But the high court's opinion didn't help. It said the Board was given authority to name the liquidator's attorney but that the courts could step in and name one, too.

Which is just about what has happened with both Allred and Rotsch named by different persons to serve in apparently the same capacity.

FEE STUDY SET—Most interesting aspect of the liquidation study is the amount of money involved.

Senate investigating committee was told that liquidation attorney Renne Allred had received in 10½ months \$22,350 in fees and \$4,311.08 in expenses. Allred has been in charge of winding up the affairs of several large bankrupt firms, including ICT and US Trust and Guaranty.

Liquidation attorneys, unlike regular state employees, are not paid straight salaries but receive fees taken from the assets of companies they handle.

Former State Liquidator J. D. Wheeler told the Senate panel that during his 3½ years in the post the office collected \$4,938,927 with an administrative cost of \$2,102,590.

US TRUST PAYMENT—One of the most celebrated bankruptcy cases in recent years has begun to unwind.

Dist. Judge Charles O. Betts has ordered the state liquidator to pay out \$2,181,464 recovered from the assets of US Trust and Guaranty Co. This represents some 31 per cent of the \$7,300,000 in claims made by creditors, mostly holders of US Trust "investment certificates."

Action was made possible after the Supreme Court made final its ruling that certificate holders had no priority in claims.

DOWN AGAIN—No miracle is yet in sight for the ailing Texas oil industry.

Railroad Commission cut the statewide allowable for April to 2,444,571 barrels a day. It's 120,203 barrels a day less than March. Eight producing days will be allowed, one less than March.

Commission set this lowest-in-history producing schedule after hearing most major oil buyers say they could foresee no substantial increase in demand for oil this year. Commission operates on the philosophy that oil should not be produced unless someone is willing to buy it.

Meanwhile, Texas officials seeking action to reduce importing of foreign oil, received some hope of help in Washington. Prospects is for reduction of import quotas in line with lessened U.S. demand.

MORE GROWTH SEEN—Recession or no, Texas' rate of industrial expansion exceeds the national average and possibly will gain steam and set a new record in 1958.

So says the University of Texas Bureau of Business Research in a survey of the state's major industries.

Cited as areas of expansion were chemicals, plastics, aircraft and missiles, electronics, construction materials, metal fabrication, apparel, food processing and furniture.

MORE NEW BUSINESSES—In the same vein the Texas Employment Commission reported an increase in new firms launched in Texas during February.

Begun last month were 103 new businesses employing 1,273 persons. In January, 62 new

firms employing 910 persons. **LANDING FIELD URGED**—There will be 100 more landing strips in the Lone Star State if the Texas Aeronautics Commission has its way.

At a joint meeting of the commission and the State Aviation Advisory Council—representing all phases of aviation from glider pilots to aviation directors—a program for stimulating statewide enthusiasm for the construction of 100 additional landing strips was outlined by Chairman Paul M. Fulks of Wolfe City.

"Business in any town can be improved by the simple addition of an inexpensive landing field for airplanes," Fulks advised.

"It's the commission's plan to advise and assist any town that's interested."

The spiraling increase of interest in flying particularly on the part of businessmen has centered attention on more access methods to smaller towns. Even a 2,000 foot grass strip alongside a highway will help, said a number of the airmen.

At present 99 county seat towns in Texas have no airports of any kind.

Also cited by the new commission chairman was the fact that there are 36 towns in the 3,000 and above population bracket; and 33 between 2,000 and 3,000, that are completely shut off from aviation.

NOW IT'S TOO WET—Prolonged wet winter weather is delaying land preparation for spring planting. In some areas the delay is reported becoming serious.

Ahead: two more months characteristically wet.

Optimism is plentiful in other farm activities. Cattlemen conventioned in San Antonio in high spirits with beef prices high and pastures green. Prosperous outlook brought 958 new members into the Texas and Southwestern Cattle Raisers Association in advance of the meeting.

Balance Important In Fertilizer Use

Maintaining the proper nutrient balance in the application of fertilizer is important in getting top profit from money invested in fertilizer is important in getting extension soil chemist, in charge of the Texas A&M College Soil Testing Laboratory.

Too much nitrogen applied to a crop will often cause a plant to become vegetative and lessen the fruit set. Too much phosphorus or potassium in relation to nitrogen, he adds, will cause a plant to be small, mature early and fail to make its top potential yield.

To determine the proper nutrient balance for a soil, Bennett suggests that a soil test be made. A soil test will determine the amount and kind of the various plant nutrients that should be applied to give the proper nutrient balance for the crop that is to be grown. The result is the application of the most profitable rate of fertilizer. A soil test will also eliminate unnecessary application of nutrients not needed.

Stenographer And Typists Needed By Federal Agencies

Stenographers and typists are still needed in various Federal agencies in the Washington D. C., area, the U. S. Civil Service Commission has announced. The starting salary for most stenographer position is \$66 a week, and for most typists, \$61 a week.

To qualify for these positions, applicants must pass a general clerical test to determine their ability to do office work, and a typing test which consists of typing an exercise from plain copy. Stenographers must also pass a stenography test consisting of dictation at the rate of 80 words a minute and questions to be answered from their notes. No experience is required. Applicants may apply and take the test if they have reached their 17th birthday.

The written test is held at frequent intervals in cities throughout the United States. Although applications will be accepted until further notice persons wishing to be considered for these positions should file application immediately with the U. S. Civil Service Commission, Washington 25, D. C.

Further information and application forms may be obtained from most post offices throughout the country, or from the Commission's Washington office.

Three interesting and informative publications that may now be obtained from local county agents are Bulletin 876, L-385. They are entitled Salinity Control in Irrigation Agriculture How to Control the Imported Fire Ant, and Texas Guide for Controlling Citrus Pests, respectively. The later two also may be obtained from the Agricultural Information Office, College Station, Texas.

Mr. H. W. Culwell and son Mike and James Alberding were Lubbock shoppers Saturday.

Attend Rites For Brother Killed In Auto Accident

Mr. and Mrs. J.W.O. Alldredge were in Kilgore last week where they attended the funeral service of Mrs. Alldredge's brother, Alpheus Roberts.

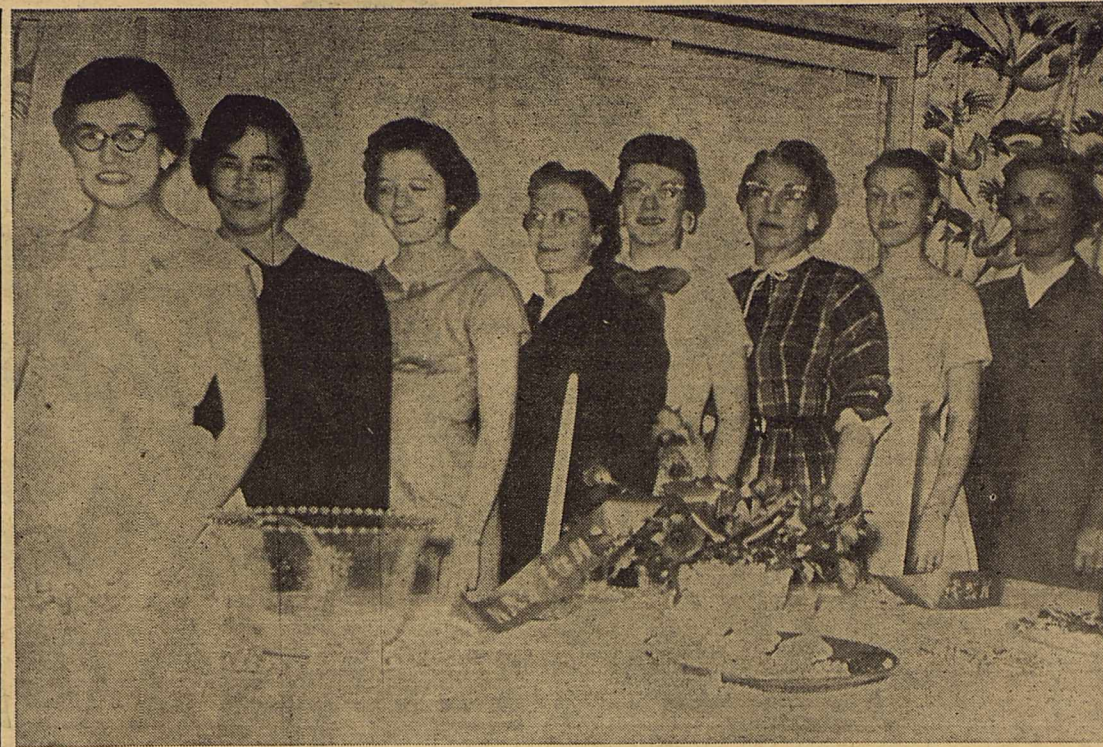

Mr. Roberts, 52 was killed in a head-on car wreck near Winfield, La. March 17, during a blinding rain storm. He was in Louisiana on business.

Mr. Roberts, District Field superintendent for the Magnolia Oil Co. had resided in Kilgore only two and one-half months, moving there from Olton where he had lived the past seventeen years.

Funeral services were conducted at the Broadway Church of Christ in Kilgore last Wednesday with Min. King officiating. Burial was in the Kilgore Cemetery.

Mr. Roberts, a very active member of the Church of Christ had served as an elder in the Church, the past 25 years. His name had recently been placed before the Church to serve as elder of the Kilgore congregation.

He is survived by his wife, one son, Jimmie Doss, of Kilgore, two daughters, Mrs. Bert Brewer, Amarillo, Mrs. Jean Walls, Shreveport, La., his father, J. H. Roberts, Goldwaite, five grandchildren, five brother and three sisters.

CAMERA CAUGHT during the F.H.A. Mothers' Tea are Judy Lowe, Mrs. Jack Love, Darla Hickerson, Mrs. Oran Hickerson, Sheila

Smith, Mrs. Pete Smith, Brenda Sudderth and Mrs. Homer Sudderth. —Review Photo

Guest

(continued from page one)

she didn't know how to order food at the cafe or drugstore and she said she didn't even know how to turn the television set on when she did reach Lubbock and registered at a hotel.

She said "I was very anxious and eager to see the country with the wild cowboys, guns, horses and ranches without any trees but I have to confess, I have not seen a cowboy yet, no guns, and not many trees. But I have seen cows and boys and lots of big houses, big cars and yes, oh so big prairies, big streets and big oilwells. I began to think everything over here was big, but that was before I saw Plains. When I saw Plains I changed my mind. Plains is a very small town but it is a nice, very nice little town. The first few days I was here I just saw mostly cars and few people but I have met the people of Plains and I am very satisfied with them. They are all very kind and if it is just to me or to everybody, I have not found out yet."

She said the people here know very little about the people in Sweden. She said "Most people here know it is very cold in Sweden but most of them think that we have Polar Bears walking in our streets. But I promise you I have never seen a Polar bear in all of my life. Our summer weather is very nice in Sweden."

Miss Malmsten's home town, Norrhammar is situated by Lake Vattern in Southern Sweden. Jonkoping, the nearest town, is the home of Dag Hammarskiold, General Secretary of the United Nations. Jonkoping is a large city with many houses, cars, a park and theaters but no popcorn, no television sets, no cowboys and no drive-in theaters.

She said, the teen-agers dance rock 'n' roll and calypso, like Elvis Presley and lots of other movie stars, and are fond of ice cream, candy and holidays. They go to school in the mornings and do their home work in the afternoons. Even though their grade system is different from ours the study about the same subjects.

About the only thing that she doesn't like in America is our food. The one thing in particular she commented about was our bread and she said "it is soggy and gummy."

Miss Malmsten's father is a professor in a college at Jonkoping.

One of her comments about Texas was that she liked it because it was so clean.

Local FHA Observing National FHA Week

The Plains FHA Chapter is participating in National FHA Week, March 23-30. The girls started the week by attending the church of their choice on Sunday.

The girls did a good deed for someone on Monday. The third year Homemaking class entertained the FHA mothers with a tea Tuesday afternoon. The table was laid with a white cloth and centered with a bouquet of red roses. There were streamers leading from the center piece lettered in gold "National FHA Week." Fruit punch, dainty sandwiches, nuts and a variety of cookies were served to the group.

Judy Low, Sheila Smith and Darla Hickerson served as hostesses.

Sallie Yarbrough, Brenda Sudderth, Margaret Koncaba, and Jo Ann Bailey removed and refilled the plates and kept the dishes washed.

The following people registered: Mesdames; Charley Jones, John E. Fitzgerald, Morris Lowe, Foye Powell, Rusty McGinty, Ben Wilson, Robert E. Jones, Donald Bookout, Alfred Bearden, Amos Smith, C. C. Maynard, Homer Sudderth, L. O. Smith, Oren Hickerson, Jack Lowe, Newlon Rowland, John Medlin, Margaret Lattimore and Miss Colleen Leithauser, Mr. G. D. Kennedy, Mr. D. N. Taylor and Mr. P. W. St. Romain.

Mrs. Cleveland Is Hostess To W.S.C.S.

The W.S.C.S. of the Methodist Church met March 19 in the home of Mrs. Glenn Cleveland with six members present.

Mrs. R. H. Meixner gave the devotional reading, Matthew 6-5-8.

Mrs. Jesse Hale and Mrs. L. O. Smith gave an interesting study on "Christ, the Church and the Race."

Refreshments of coffee, tea, and cake were served by the hostess to the following: Mesdames R. H. Meixner, Jesse Hale, L. O. Smith, Leo White, and Nor-elle Sloan.

Mr. and Mrs. J. D. McKee and children from Denver City visited in the home of Mrs. John McKee Thursday night.

Why Do So Many Success-Minded People Take the Dale Carnegie Course?

DR. GEORGE S. BENSON, President HARDING COLLEGE, SEARCY, ARKANSAS
Prominent U. S. Educator, Author, Lecturer and Commentator,

SAYS:

"The Dale Carnegie Course has developed members of our faculty in an astonishing way. It has given them a new clarity of expression, new poise and confidence. It is the best type of training I have ever experienced to help men and women develop their abilities in speaking and human relations."

FREE DEMONSTRATION

MONDAY, MARCH 31st — 6:36 p. m
East Room, Community Bldg. — Denver City

Many prominent people agree that the Dale Carnegie Course is the surest step toward leadership and higher income. This famous self-improvement course quickly instills poise and self-confidence. You learn to speak effectively and deal successfully with people. Come and see for yourself how men and women in this community are preparing themselves for career-advancement. We invite you to attend the Free Demonstration. There is no obligation—and we promise you one of the most exciting evenings of your life!

PRESENTED BY:
JAMES E. "RED" NORMAN
2702 21st St., Lubbock Dial PO 5-7959

THIS FREE DEMONSTRATION WILL BE FOR THE PURPOSE OF ORGANIZING CLASS No. 2 In DENVER CITY

Tommy Faught Aboard Saratoga

Tommy G. Faught, fireman, USN, son of Mr. and Mrs. C. J. Faught of Plains, is taking part in two weeks of flight operations with Nato's Southern Europe Naval Striking and Support Forces in the Mediterranean aboard the attack aircraft carrier USS Saratoga.

Following operations the crew is scheduled to visit Barcelona, Spain, during the latter part of March.

Shortly after joining the Sixth Fleet in February, the Saratoga hosted 49 NATO officers and wives from the Allied Forces, Southern Europe Headquarters in Naples.

A smoker was staged on the two-acre hanger deck of the 60,000 ton carrier. Hill billy bands, jazz combos, vocal groups, magic acts and eight boxing bouts provided entertainment.

Recent visitors in the home of Mr. and Mrs. R. B. Wauson were Mr. and Mrs. Roy Wauson and Larry of Aspermont and Mr. Mrs. R. I. Rush and children of Seminole.

It will stay brighter, longer!
