## \$6,842,000 loan approved for Lea County Co-Op

Lea County Electric Cooperative, Inc., Lovington, N.M., was notified by New Mexico Senators and Congressmen that the Rural Electrification Administration has approved a loan for \$6,842,000 for the expansion of existing generating plant and the building of transmission and distribution lines to meet the service demands in Lovington, Tatum, and Plains, Texas, and the rural areas served in Lea and Chavez counties in New Mexico and Yoakum, Gaines, and Cochran counties in Texas.

A 115,000 volt transmission interconnecting tie line from Southwestern Public Service's plant in Denver City will supplement an added 15,000 kilowatts to the existing generating capacity of Lea County Electric plant in Lovington. Additional generation facilities will also be added to the Lovington plant in the very near future. Funds will be available for the expansion of the transmission system now owned by Lea County, and approximately 303 miles of distribution lines are anticipated. All of the development is the result of long-range plans and projections over the next ten years. However, it was pointed out by Mr. R. B. Moore, general manager of the Cooperative, that these funds, which are immediately available, will largely be used in the near future to develop Lea County's transmission and distribution facilities for many years to come.

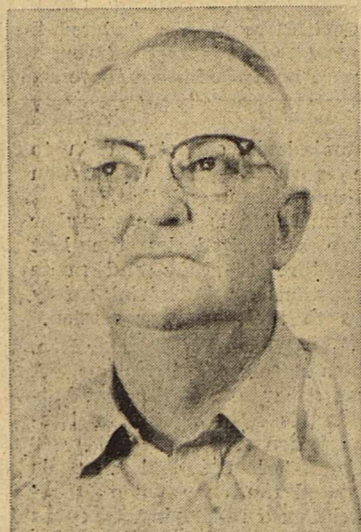

Oil and rural development around Plains has been extensive and the long-range plan of the Cooperative is to build a 69,000 volt transmission line to service this area. The result of this construction will improve the cooperative's service to this area as well as give adequate capacity for future growth, according to cooperative officials.

# Write-in wins Trout post as commissioner

CLYDE TROUT

PAUL LOE

A quiet, well-organized write-in campaign for the post of county commissioner of Precinct 4 resulted in a surprise upset to highlight Tuesday's general election in Yoakum County.

Defeating nominee Paul Loe by a vote of 69 to 58 was Clyde Trout, present holder of the of-

fice, who was defeated by Loe in the Democratic run-off in August. Trout received 45 votes to Loe's 19 in Box 5, to give him the necessary margin after Loe had polled a small majority of 39 to 24 in Box 4.

Another man, George Sorrell of Denver City, waged a successful write-in campaign for county surveyor getting 24 votes for the vacant office which wasn't even on the ballot.

In the election, which saw only 771 persons casting ballots, the county went along for the most part with the state-wide trend. Governor Price Daniel and U. S. Senator Ralph Yarborough snowed under their Republican opposition.

The complete unofficial returns showed Daniel with 702 votes to 36 for Republican Edwin Mayer. Showing a little more strength was Republican Roy Whittenburg, who polled 102 votes to Yarborough's 608.

County voters here as elsewhere over the state, rejected an amendment which would have provided for annual sessions of the Legislature and raised legislator's pay. The vote was 167 for and 513 against.

They also rejected, 265 to 404, an amendment dealing with retirement benefits for appointive county officials.

The county vote also turned thumbs down on Amendment 5, extending terms of city officials, 263 to 329; No. 7, state advertising, 329 to 354; and No. 9, permissive hospital districts, 288 to 364.

Local approval was granted to Amendment 3, filling county vacancies, 487 to 201; Amendment 4, resignations of candidates for other offices, 455 to 220; Amendment 6, Texas Ranger pensions, 416 to 275 and

## Building underway for funeral home

Construction is well underway on the Barrett Funeral Home being built on the corner of East 11th Street, at 701.

L. W. Barrett, Sr., of Morton is owner of the business, which is being built of brick masonry. George Burke is doing the work on the building, which is 30 by 60 feet and will include an office, preparation room, a show-room for everything needed to complete funeral arrangements, and also a double garage.

Mr. Barrett said that at present, plans are to have the building completed by December 15.

## State authorizes \$138,000 project for state-line road

Confirmation that the state will improve a 1 1/4 mile section of the "state line" road which extends along the west boundary line of Yoakum County, was received today from O. L. Crain, Lubbock district engineer for the Texas Highway Department.

Included in the schedule of work under the 1959-1960 Federal Aid Secondary Program for Texas, will be the section of farm-to-market road extending from U. S. Highway 380 at Bronco, south to FM Road 1077, at an estimated cost of \$138,000.

Work on the project will begin just as soon as final planning is completed and right of way secured. Resident Engineer Carl R. Hart of Brownfield will be in charge, according to Crain.

Recommendation that the work be done was made to the state by Crain the latter part of September, but actual inclusion of the project in the state program was definitely assured only this week. It is still hoped that the remainder of the road, north from Bronco to the county line, and south from FM Road 1077 (the Lovington cut-off) to State Highway 328 (Hobbs Highway) will be improved by the state. Crain had told local officials earlier that

See ROAD on Page 6

## Annette Sudderth is 'Sweetheart' of band

Last Friday night in the half-time activities at the Plains-Seagraves football game, Miss Annette Sudderth was crowned Sweetheart of the Plains Cowboy Band. Annette, a sophomore student, is the daughter of Mr. and Mrs. Homer Sudderth of Tokio.

Attendants to the Sweetheart were Miss Glenda Bearden, a senior and daughter of Mr. and Mrs. R. R. Bearden; and Miss Sheila Smith, a senior and daughter of Mr. and Mrs. L. O. Smith. Crown bearer was Jana Warren of the sixth grade band, who is the daughter of Mr. and Mrs. James Warren.

Annette was crowned by Mr. D. N. Taylor, principal of Plains High School. Each girl was escorted by her father. Each attendant was presented a corsage of white mums with silver musical notes from the band, and the Sweetheart was presented a bouquet of American Beauty Roses.

## Elliott & Waldron add to building

Elliott & Waldron Abstract Company is building additional space of 16 by 24 feet onto the back of their present building. The additional space will be used as space for offices for Paul New and Vernon Townes, attorneys.

C. F. McCargo is the contractor.

## Methodists start building program

A called session of the Quarterly Conference of the local Methodist Church will be held November 12, at 7:30 p.m. in the sanctuary.

Dr. Dallas Denison will preside at the meeting, purpose of which is to set up a building committee for the proposed building program.

All interested persons are urged to attend.

## Cotton marketing quota election to be December 15

The 1919 Cotton Marketing Quota Election will be held December 15, according to W. M. Overton, ASC office manager. Polling places will be announced by the County ASC committee at a later date. The polls will open at 8:00 a. m. and will close at 6:00 p.m.

In view of the new legislation on upland cotton, it is extremely important that farmers be adequately informed before voting.

Upland cotton farmers will be voting on the same issue as in the past; that is, whether they are "for" or "against" marketing quotas on the 1959 crop of upland cotton. If marketing quotas on upland cotton carry by two-thirds majority, the A and B provisions of the program will be in effect. If marketing quotas on upland cotton do not carry by two-thirds majority, there will be no A and B program and the price to cooperators, those who comply with the A allotment, will be 50 percent of parity. The A and B programs will not apply to ELS cotton.

## Seagraves bows 24-0 to locals Friday night

In a hard-fought game, the Plains Cowboys defeated the Seagraves Eagles in Cowboy stadium Friday night by a score of 24-0.

The Cowboys were held in close check for the first two quarters by an alert Seagraves defense. The first score came in the first quarter as a result of a poor pass from center by the Eagles on a fourth down and long yardage situation. After a drive of 25 yards, Joe Don Marrow ran four yards for the TD and Huddleston passed to Jim Williams for the extra points to give Plains an 8-0 lead. The remainder of the first half was scoreless.

In the third quarter the Cowboys got rolling, and broke the game open with two touchdowns. Huddleston passed to Jim Williams for 35 yards and a score and Faught ran the extra points. A few minutes later Faught ran 6 yards for the final score, and a pass Huddleston to

Harmon Meixner was good for the extra points.

The Cowboys missed one chance to score when Don Williams broke through the line and made a fine run of 75 yards, only to be caught from behind on the Eagle 15. The Cowboys then lost the ball on downs, Seagraves also muffed a good scoring opportunity when they drove to the Cowboy one-yard line but couldn't put it over.

Joe Faulkenberry and Dennis Grimes led the Eagles, both offensively and defensively. For the Cowboys, Harmon Meixner and Joe Don Marrow led the Cowboys on defense, each making 13 tackles.

Plains picked up a whopping 391 yards rushing and 69 passing, completing 5 of 12. Seagraves only managed 84 yards rushing, and completed 5 of 16 passes for 44 yards.

The Cowboys now have the three highest scoring players in Class A football on the South Plains, and also are the highest scoring Class A team on the South Plains.

The Cowboys have an open date this Friday night, but travel to Sundown next week for the final district game, which will be the show-down for the District 5-A title. Sundown is also undefeated in conference play to date.

Coach Pierce said the boys were ready for this week's rest from play, and it will give Bill Lattimore and Don Williams a little longer to recover from injuries received last Friday night. Lattimore received a hip injury, while Williams hurt his knee.

## Local drive for CROP nets \$179

The initial drive last Saturday afternoon for CROP netted \$179.40, according to Rev. R. H. Meixner. The people of our town and surrounding rural areas are to be commended for their generosity, he said.

Any additional funds should be turned over to Mrs. Jesse Hale, county treasurer for CROP.

## Moore and Oden expand into new quarters for store

Mr. and Mrs. J. W. Moore of Moore & Oden Dry Goods have moved merchandise into the expanded area of their newly remodeled store.

They recently doubled their floor space when they purchased the adjoining building from Mrs. Oma McCargo. They felt this will be a convenience to their customers, as well as their personnel. Mr. Moore said he hopes to change the front of the store in the near future.

The store now has additional sales people to better serve their customers, and the public is cordially invited to come in to visit and browse around.

The Moores have gradually increased their floor space since they began in the dry goods business in the Hale building nine or ten years ago. They are to be congratulated on this expansion and added convenience to folks of the Plains area.

MRS. VICIE HINKLE  
Mrs. Vicie Hinkle —

## Plains personalities on parade

Vicie Hinkle, county treasurer the past four years and recently elected to serve four more, moved to Yoakum County at the young age of about 14 years.

Mrs. Hinkle, the daughter of Mrs. H. D. Donaghe of Brownfield and the late Mr. Donaghe, was born in Concho County near Paint Rock July 20, 1910. When she was a small baby the family moved to Dickens County and lived there three years, then moved to Cottle County and remained there until 1925, when they moved to Tokio. The two hundred mile trip was made in a covered wagon.

Mrs. Hinkle started to school in Cottle County, and after moving to Tokio she attended the Turner school. She and her brother walked about two and one-half miles to school and she has always said they helped thin

out the rattlesnakes in Yoakum County. Several occasions on the way to or from school they killed one which would be in their pathway or beside the road. The only weapon they could find to kill the snakes was rocks. One of them would pick up rocks around the prairie dog holes while the other would watch the snake. Luckily, neither of them were ever bitten by one, however, an older brother, H. D. Jr., was bitten while plowing in the field one day. Mrs. Hinkle said she ran about three-fourths of a mile to get a neighbor to take him to the doctor in Brownfield.

While the family was living in Cottle County, her father died during the flu epidemic in January 1919, leaving the mother and seven children. Mr. Donaghe had purchased the land in Yoakum County before he died.

Mrs. Hinkle says she was just a farm girl, doing all the chores boys and girls did then, and helping to provide a living for the family. One day as she was knitting cotton with a one-row slide pulled by mules, her brother decided to have a little fun so he poured some water on one of the mules, causing him to run away with her, slide and all. Before the mules were stopped the brother decided he had done the wrong thing, and it wasn't much fun after all.

She was married to Elbert Hinkle in July 1928 at Brownfield. They made their home at Tokio, where their five children were born, including Elbert Jr., Lucille, Faye (now Mrs. W. R. Nelms), Don and Ruth. The family moved to Nucla, See HINKLE on Page 6

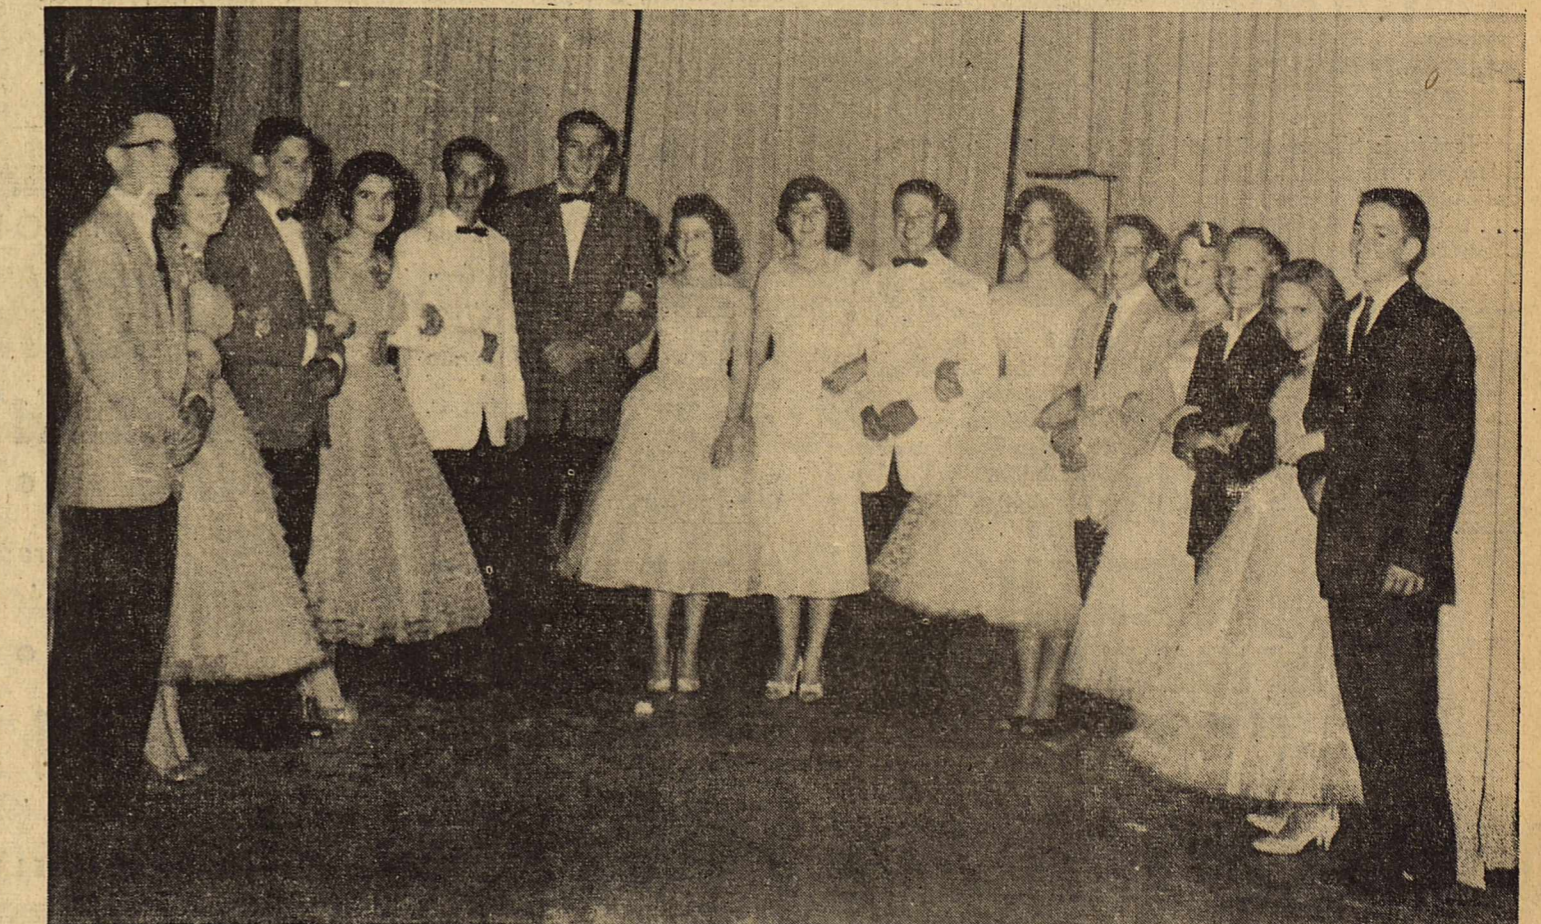

## Mobil Service station re-opens

The Plains Mobile Service station opened at the intersection on the Brownfield Highway recently re-opened under new management.

Pate F. Collier is the new owner of the station which will be operated by Delbert Lee Dyke.

Mr. Dyke with his wife, Mary Lamaine, moved to Plains from Brownfield. Mr. Dyke said they would offer complete service on wash and grease jobs and waxing and polishing. The station will be open each day from 7:00 a.m. to 8:00 p.m.

Mr. Dyke and Mr. Collier cordially invite you to stop by and get acquainted.

Highlighting the annual Halloween Saturday night was the revelation of the queens. Daria Hickerson was announced as the high school queen, with Neta Anderson as junior high queen. Shown above are the candidates and their escorts. They include Joe Bob

Oats, Carolyn Bass, Jack Meixner, Ruth Hinkle, Larry Smith, Jim Williams, Daria Hickerson, Neta Anderson, Dennis Hickman, Oneta Jo Meixner, Mickey Cowart, Ann Lattimore, Mike Field, La Vern Sealy, Olan Smith. Not present for the photo was Sue Copper.

AND **Sidelights**  
by Vern Sanford  
TEXAS PRESS ASSOCIATION

AUSTIN, Tex.—Texas' No. 1 industry is still "up against it." Oil industry leaders and state government officials are pressing harder for an effective federal plan to restrict oil imports.

Gen. Ernest O. Thompson, member of the Texas Railroad Commission, has called for "positive remedial action immediately."

"Oil and oil products imported into the United States continue to mount and absorb more and more of our domestic market demand," said Thompson. "This restricts domestic exploration and development and continues to make the United States more and more dependent on foreign oil. Foreign oil cannot be counted as available in case of war."

Thompson implied that he thought mandatory limits on oil imports should be set. (At present only a voluntary limitation program is in effect.) Thompson noted that lead and zinc imports had been cut by presidential order and "some such action must be taken in regard to imports of oil and petroleum products."

In meetings over the state, industry spokesmen talked in equally urgent terms. Lester Clark Breckenridge producer, told the Independent Petroleum Association of America that the oil business is "sick."

"Since 1955, total well completions are off 21 per cent, exploratory crews have fallen 25 per cent, wildcatting is down 28 per cent and rotary rigs are off 33 per cent," reported Clark.

At another meeting the Gulf Coast Association of Geological Societies was told that during the first half of this year total oil imports increased 5.3 per

cent while domestic demand slumped 4.7 per cent below the 1957 average. Impact of this on the domestic industry was a 13.7 per cent cutback and a \$3,000,000 a day loss in income.

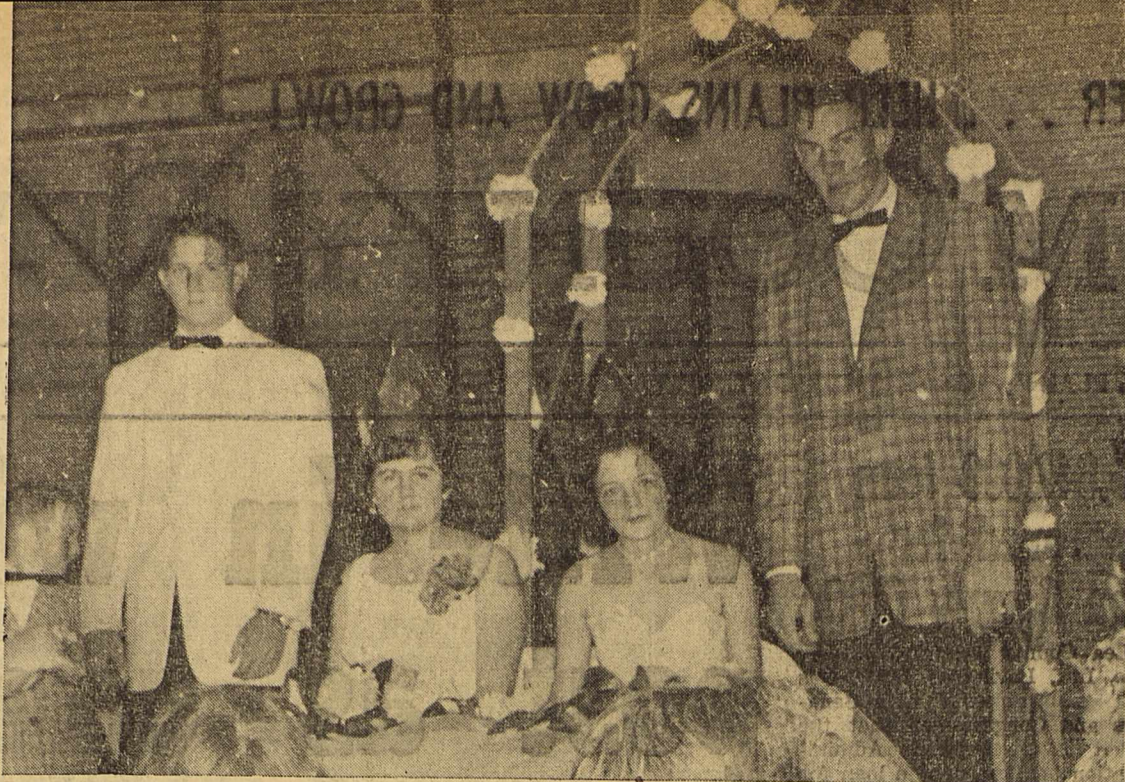

Foreign oil production is increasing faster than foreign demand, Jerome J. O'Brien of Monterey Oil Co. told the geological group. Foreign oil interests, therefore, are dependent on getting a share of American buying—the one big oil market in the world. Biggest question in the industry, said O'Brien, is who will get this American market.

Undersecretary of the Interior Elmer F. Bennett told Texans the President's special cabinet committee on fuels is studying proposed plans to cut back imports. But, he said, the administration would not be "stamped into mandatory controls."

TOUCHY TOPIC—Next legislature is forewarned of the difficulties that will be involved in passing any law on industrial safety.

A meeting of the Joint Commission on Industrial Safety developed into heated disagreement and ended in a deadlock. Commission Chairman M. B. Blair wanted the group to approve and recommend to the legislature a plan for a state system of safety regulation and inspection in industry. Rep. Joe Pool of Dallas urged that no recommendation be made until public hearings had been held to get labor and employer views.

Blair's proposal was rejected. Pool's was approved by a 4-3 vote, but Chairman Blair ruled the motion out of order. It ended with agreement to send the

Colorful ceremonies featured the Halloween carnival Saturday night during which the Queens were honored. Shown above are Darla Hickerson, high school queen, with escort Jimmy Williams, and Neta Anderson, junior high queen, with escort Dennis Hickman.

Commission's collected data to the governor and legislation with no recommendation.

Commission is a nine-member group authorized by the last legislature to study and make suggestions on industrial safety laws to the upcoming session.

END OF ROAD—Former Rep. James E. Cox of Conroe has lost what apparently is the last battle in his fight against a two-year prison sentence.

Court of Criminal Appeals slammed the door when it refused Cox a re-hearing. Cox was convicted in a Travis County Court last fall. In June the Appeals Court, by a 2-1 decision, upheld the conviction.

Cox was charged with agreeing to accept a \$5,000 bribe in return for killing a bill to outlaw practice of naturopathy. He withdrew from the Legislature after the difficulty developed but has steadily maintained his innocence.

DIABLO DAM PUSHED — Both Gov. Price Daniel and the State Board of Water Engineers have given their official approval to plans for construction of Diablo Dam on the Rio Grande River.

Need for the dam was dramatically illustrated by the recent heavy floods on the Rio Grande, said J. T. Ellis, Jr., the governor's aid in water matters. Rampant waters caused an estimated \$7,000,000 property damage, and about \$31,900,000 worth of water was lost for useful purposes.

Next step toward getting the dam is for the International Boundary and Water Commission to prepare final plans and go to Congress for an appropriation. Diablo will be a joint project of the U.S. and Mexico with this country putting up \$48,600,000 of the \$80,000,000 cost.

LOAN PLAN CHALLENGED —Atty. Gen. Will Wilson has filed suit to test the constitutionality of a law permitting "certificate plan" loans.

Three nationwide finance companies are defendants in the suit. Wilson contends the certificate plan, though permitted by law, violates the constitutional prohibition against charging more than 10 per cent interest.

Under the plan a borrower may get a sum of money for a year and agree to pay 10 per cent interest on the total amount. But he is required to repay the money in monthly installments. Hence, except for the first month he is paying interest on money he does not have.

NO BRANCH BANKS — In other action, Attorney General Wilson stuck to his ruling last spring that Texas banks may not set up "little banks" at nearby military installations.

In numerous cities downtown banks have set up special facilities at nearby air bases, army posts, vet hospitals, etc.

This clearly violates the Texas Constitution's ban on branch banking, said Wilson.

YOUNGER "SCIENTISTS" URGED — Laboratory science courses beginning in the seventh grade instead of the tenth are recommended by a University of Texas chemist, Dr. Robbin C. Anderson.

Earlier introduction of science will help students in choosing their profession, Anderson told

Locations staked for two new wildcats

Locations for two new wildcats were staked in Yoakum County during the past week.

One of them is to be a 13,500-foot prospector in the east part of the county, and four miles southwest of Tokio.

It is A. R. Dillard of Wichita Falls and Tennessee Gas Transmission Company of Midland No. 1 Leah McDonald.

The location is 660 feet from north and west lines of section 623, block D, John H. Gibson survey. Its proposed destination is calculated to test the Devonian.

R. H. Fulton & Company of Lubbock No. 1 Williams is to be a 5,700-foot explorer to the Permian lime in South Yoakum County, 11 miles east of Denver City.

It is 660 feet from north and 1,540 feet from east lines of section 30, block C-35, psl survey.

In Northwest Gaines County, 12 miles southwest of Denver City, Magnolia Petroleum Company is to dig No. 2-E E. H. Jones to 7,900 feet to try to complete from the lower Clear Fork.

It is 860 feet from south and 660 feet from west lines of section 21, block A-7, psl survey. This operation is a north offset to Magnolia's No. 1-E E. H. Jones, the discovery of the lower Clear Fork pay zone in the Russell (7,000) and Brown (6,030) areas.

Shell Oil Company No. 1 C. E. Granger, scheduled 13,200-foot wildcat in East Yoakum County, had reached 11,025 feet in shale and was digging deeper.

It is eight miles east of Plains and adjacent to San Andres production in the Ownby field. The location is 1,980 feet from south and 1,650 feet from east lines of section 487, block D, John H. Gibson survey.

Tucker Drilling Company of San Angelo completed No. 3 M. N. Nelson as a new producer in the Brahaney (5,500) field in West Yoakum County, about 15 miles northwest of Denver City.

On the potential test it flowed 130 barrels of 39 gravity oil in 24 hours from perforations at 5,260-98 feet. Gas-oil ratio was 923-1, tubing pressure was 150 pounds and casing pressure was 500 pounds. The completion test was taken through a 24/64th inch choke. The pay section had been treated with 500 gallons of acid.

In the Russell (7,000-foot

a recent statewide conference of science and mathematics teachers.

Iota Pi chapter conducts model meeting for pledge

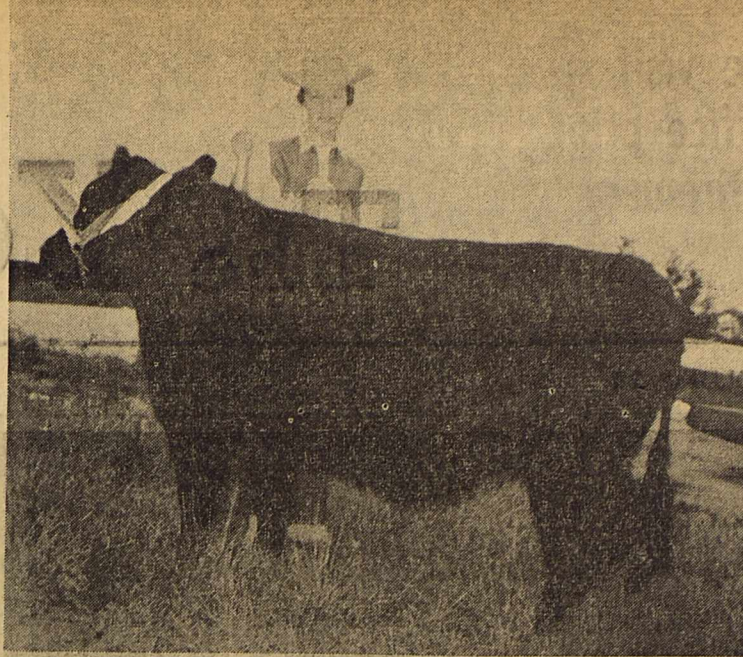

The Iota Pi Chapter of Epsilon Sigma Alpha met in the home of Doris Hawkins, with Doris as hostess.

This was a model meeting for the pledges. A short business session was conducted, following which Mary Jo St. Romain and Mary Lee Swann gave the program.

Mary Lee reminded members of the duties of each of the standing committees, and of what rushing consists of during rush season. Mary Jo gave a review on Epsilon Sigma Alpha and its functions.

One of the Iota Pi projects for the year is to make a blood donor list for the community. Anyone who doesn't know his blood type, but would be interested in donating blood in case it is needed, is asked to go to the technician at the Yoakum County Hospital in Denver City and he will type the blood free of charge. "Don't ask for a doctor just go on back to see the technician", a club spokesman said. "We feel that this will be a great help to our community in case people need blood in emergencies, or to you as a person if you are hurt and do not know your blood type."

Present for the meeting were Lois McGinty, Jackie Myers, Velma Warren, Mary Lee Swann, Margaret Taylor, Mary Jo St. Romain, Kathleen Walser, Era Glover, Frances Sampson, Jeanie Stroup, Ann Green, Dorothy Lowe, Jo Brown and Doris. A refreshment plate of spiced punch, nuts, mints and banana bread was served to the group.

Marsha White and "Feller" a 935 pound Angus steer which graded Prime in the Market Steer Division recently at the State Fair of Texas. Marsha, daughter of Mr. and Mrs. Leo White, bought her calf from Lawrence Amerson at Abernathy.

Recipe Spotlight of the week

The Favorite Recipe Spotlight is on Mrs. W. M. Overton's recipe for Lime-Apple Sauce Salad.

Lime Apple Sauce Salad  
Heat one No. 2 can of apple sauce until hot. Dissolve one package of lime jello in the hot apple sauce. Remove from heat and cool slightly. Add one bottle of 7-Up. Add one-half cup of chopped nuts and one-half cup diced celery. Congeal and cut in squares.

Car check urged in safety drive

Most people don't know that they may be harboring a killer right in their own garage.

That automobile in your garage is only as safe as its mechanical condition makes it. If its headlights are aimed too high—or too low—or in the wrong direction—or one is burned out, it can easily be the direct cause of a motorcade.

If the brakes are not adjusted properly or have a fluid leak that may cause them to grab or fail at a crucial moment, that car can be a killer.

If the taillights and stoplights aren't working properly, thus allowing somebody to approach too closely or quickly from the rear, the car can be the direct cause of death.

It may be raining and the windshield wipers aren't good enough to keep the windshield clear. It could be too late by the time the walking child is seen. The result can be negligent homicide. You will have been harboring a killer in your garage.

CONGRATULATIONS—

Congratulations to Mr. and Mrs. Deroy Anderson on the birth of a son born October 29th at the Yoakum County Hospital. The young man weighed 6 lbs. and 6 oz. and has been named Tony Wayne. Mrs. Anderson is the former Jerri Juguay of Stanton. Paternal grandparents are Mr. and Mrs. J. T. Anderson of Tokio.

### Advise visit to SS office prior to retirement

Do you plan to retire soon? If you do, there is a way to speed up your first social security check. INQUIRE BEFORE YOU RETIRE.

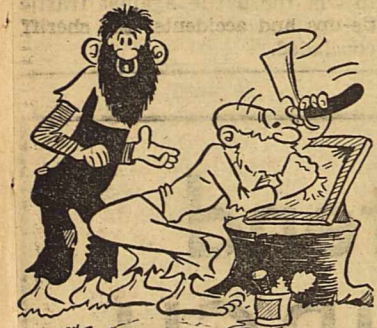

Yes, you should visit the social security office two or three months before you retire to learn what proofs you will need when you do apply.

People should come prepared. The people at the social security office will want to see your social security card and some evidence of your age. They will tell you if further proof of your age is needed. If you cannot locate proof of your age, you will be advised what proof of age is required and how to get it. Your recent work will be discussed. If you are employed, bring a copy of the last Form W-2 (statement of earnings) you received from each of your employers. If you are self-employed, bring along a copy of your last Federal income tax return. You will be advised if there is need for other proofs.

The people at the social security office will be glad to help you start work on your claim ahead of time. If you inquire before you retire, chances are you will cut down the time it will take to get your first check after you actually retire.

A representative of the Lubbock social security office will be in Plains on Thursday, November 13, 1958 at 1:30 p.m. at the County Service Office in the court house, and will be glad to assist in all matters pertaining to Social Security.

John Camp is attending a water and sewer school in Lubbock this week.

### Willie Mae Addison joins 'Buffalo Gals'

Miss Willie Mae Addison has recently been named as a pledge for Buffalo Gals, a service organization for women at West Texas State College.

Miss Addison, a sophomore, is the daughter of Mr. and Mrs. Austin N. Addison. Her major is in elementary education. She is a 1957 graduate of Plains High School.

### Mail Yule boxes now for overseas, postmaster says

Although Christmas is still nearly two months away, the season has arrived for mailing packages to members of the Armed Forces overseas, Postmaster Watson said today.

Dates for mailing parcels overseas by surface mail are November 1 through November 20. Dates by airmail are December 1 to December 10.

Size and weight limitations are placed on all parcels sent to Armed Forces overseas. The maximum weight is 70 pounds except in certain overseas destinations addressed through New York where maximum weight is 50 pounds.

Maximum size is 100 inches in length and girth combined, except for certain overseas points addressed through New York where smaller limitations apply.

Boxes should be made of wood, metal, solid fiberboard or double-faced corrugated fiberboard. All fiberboard boxes should be wrapped in heavy paper and well tied with strong cord.

Boxes should contain sufficient cushioning materials to pack contents tightly and prevent articles within from rattling or loosening within the package.

A slip showing a list of the contents and the person to whom it is being sent should be included in the parcel.

Custom declarations filled in by senders are required in the parcels addressed through certain APO's and NPC's, Watson said.

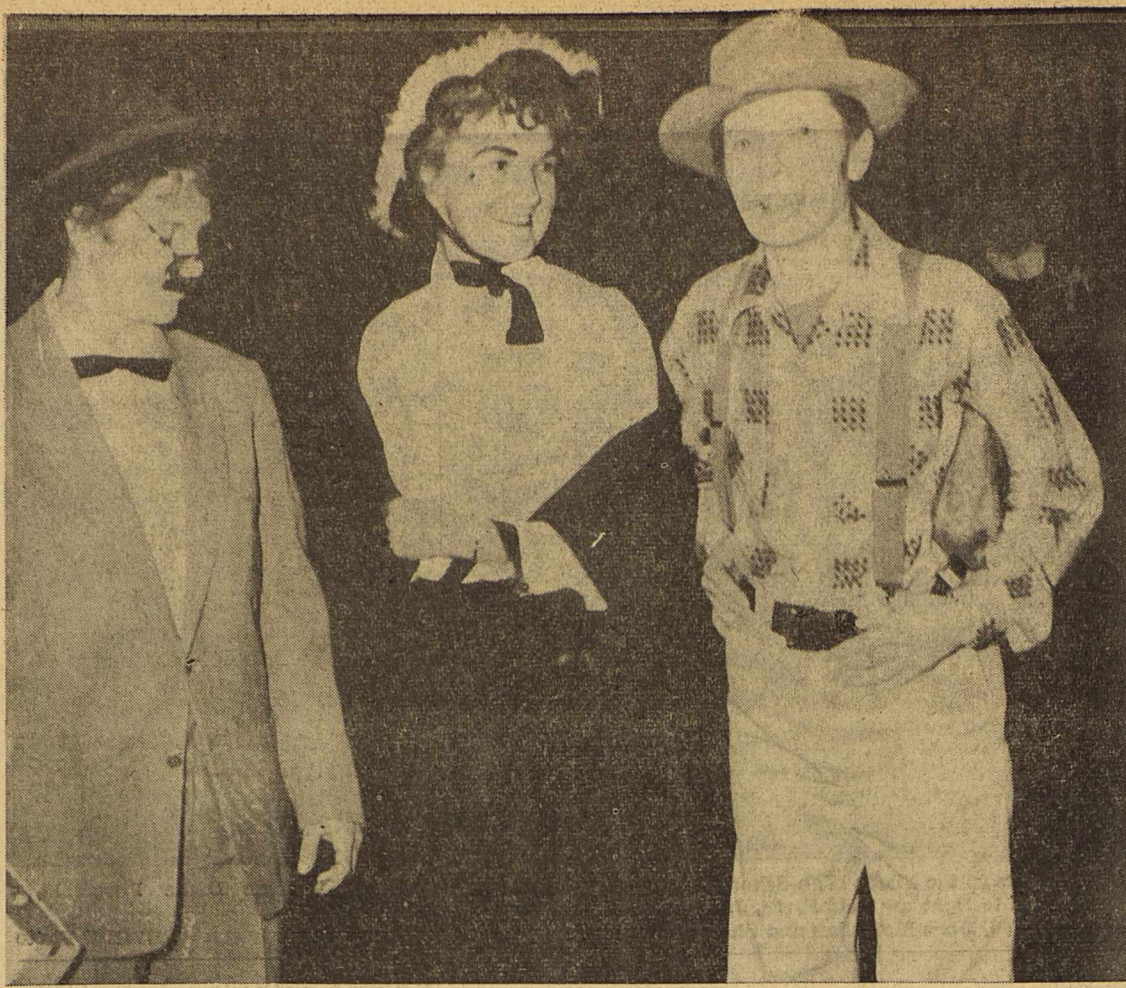

In addition to the usual list of articles normally prohibited in the mails, matches of all kinds and lighter fluid may not be mailed to overseas military addresses. Cigarettes, other tobacco products and coffee are prohibited to certain military post offices.

Addresses must be legible and complete, and should be prepared in typewriting or ink.

Air mail weighing not more than 8 ounces is charged at the rate of 7 cents an ounce. Articles weighing more than 8 ounces are charged at the rate of 80 cents a pound.

Information on the destinations to which the reduced weight and size limitations apply and information as to items prohibited may be had at the post office.

Mr. and Mrs. Leroy Neal and children of Odessa visited her parents and grandparents, the John Andersons and Walter McClellans, last week-end. Mr. Neal and Mr. McClellan went to Paducah Saturday. Oralee Neal of Paducah returned to Odessa with his brother to work.

Everybody had fun at the Halloween carnival Saturday night, and no exception was this trio of grade school teachers, attired in fitting costumes to portray characters in the popular "Gunsmoke"

TV program. In case you can't recognize them, they're Mrs. Thelma Ellis, Mrs. A. H. Bacon and Mrs. Roy Stockstill, who were assisting with the 2nd grade booth.

### County purchases of savings bonds total \$50,954

During the month of September the citizens of Yoakum County purchased \$8,193.00 in Series E and H Savings Bonds.

This announcement was made recently by D. P. Moorhead, chairman of Yoakum County's Savings Bonds Committee.

"Sales for the first nine months of this year totaled \$50,954.00," Chairman Moorhead reported. "We have now achieved 64.5 per cent of our 1958 goal of \$79,000."

Sales in Texas during the first nine months of 1958 were \$132,574,457 which represents 75.6 per cent of the 1958 goal of \$175,000,000.

"Under a recent change in Treasury regulations, individuals who hold F and G bonds that mature after September 1, 1958 may invest the proceeds from the maturing bonds in E and H bonds without regard to annual purchase limits," Moorhead announced. "This information should be of interest to hundreds of people in this area who hold maturing F and G Bonds," Moorhead concluded.

### E. S. Bandys to rites for sister

Mr. and Mrs. E. S. Bandy were in Weatherford last week to be with their daughter-in-law, Mrs. R. H. Bandy, who underwent major surgery in a Weatherford hospital last Tuesday.

While in Weatherford they received word of the sudden passing of Mr. Bandy's sister, Mrs. Lizzie Pruitt, of McKinney, Tex.

Mrs. Pruitt had been ill with the flu, but was sufficiently recovered to be out of bed and at the time of her death she was sitting in a chair.

Funeral services were held at McKinney Thursday, October 20. Mr. and Mrs. Bandy were accompanied to Weatherford by their son, Leon Bandy of Meadow.

### Reunion held at Nathan Uselton home

A reunion of the relatives of Mrs. Nathan Uselton was held in the Uselton home last week-end.

Those present were her father and mother, Mr. and Mrs. Fred Harris of Lawton, Okla.; a brother, Senator and Mrs. Fred Harris Jr., also of Lawton; two sisters, Mr. and Mrs. J. T. Stauffer, Andy and Denise of Andrews, and Mr. and Mrs. Clark Darden and Scott of Borger; and her grandmother, Mrs. A. C. Harris of Walters, Okla.

### Stateline News

Mr. and Mrs. Hayden Box, David and Wayne, and Mrs. Dale Mills, Linda and Mark visited Mr. and Mrs. Walton of Coleman Saturday and Sunday. Mr. and Mrs. Walton are the parents of Mrs. Box. Her brother and wife and baby daughter of Madrid, Spain, Mr. and Mrs. Winifred Walton, were also there visiting.

Mrs. Flossie Tidwell spent from Wednesday until Friday in Lubbock visiting her children and families.

Mr. and Mrs. Ira Tidwell and Randy and Lyndyl were in Roswell on business Thursday.

Mr. and Mrs. Tom Box and Tommy Guy ate dinner Sunday with Mr. Robert Box and Mrs. Adell Box.

Mrs. J. C. Stegall and Jane visited Mr. and Mrs. Ira Tidwell and children Sunday.

Mr. and Mrs. A. E. Newsom, Judy and Joe were in Big Spring Monday on business. Mr. Newsom and Judy were also there Saturday on business.

Mr. and Mrs. Melvin Walser, Mrs. Kirk Graham and Cecelia visited Mr. and Mrs. A. E. Newsom Sunday afternoon.

Mr. and Mrs. Hayden Box were in Lubbock on business Monday.

Mrs. Raymond Palmer was in a car wreck Friday afternoon in Brownfield. Extensive damage was done to the car, but Mrs. Palmer escaped injury.

Mr. J. C. Stegall, Mr. Charles Roseberry, and Mr. Dorman Scott went deer hunting in New Mexico from Thursday until Sunday.

Mr. and Mrs. A. E. Newsom visited Mr. and Mrs. E. A. Smyer in Plains Friday night.

Mr. and Mrs. Frank Spence were in Lubbock Monday on business and visiting. They attended a Cub Scout meeting in Seminole Monday night. They also visited the A. E. Newsoms Saturday.

Mr. and Mrs. A. E. Newsom, Mrs. Frank Spence and Sue were in Denver City Wednesday.

### Mrs. Phil Chandler to be honored Nov. 8

Mrs. Phil Chandler will be honored with a pink and blue shower Saturday afternoon, November 8, from 3:00 to 5:00 p.m., at the home of Mrs. Mutt Ryan. Co-hostesses with Mrs. Ryan are Mesdames Audrey Burke, J. W. Beal, Gene Phillips, Jesse Murphy, and H. W. Cuiwell.

### CARD OF THANKS

We wish to express our appreciation to our friends for the words of sympathy and for the beautiful floral offerings at the time of the passing of our dear sister.

Mr. and Mrs. E. S. Bandy

### John Camp attends short course on water, sewer work

A three-day water and sewer short course for employees of cities in a 100 county area was held in Lubbock the first part of this week. Two hundred and twenty delegates registered on Monday, including John Camp, water and sewer superintendent for Plains.

Four divisions were included in the school: basic and advanced water problems, and basic and advanced problems in sewage plant operations.

Dr. J. K. G. Silvey, a water expert from North Texas State College; T. G. Ferris, Texas State Health Department engineer; Orville Alderson, Lubbock urban renewal director; and R. C. Robinson, director of the Housing and Home Finance Agency in Ft. Worth, were featured speakers.

Classes on Wednesday included discussions of water distribution problems and measurement, an outline of the aeration purification process, and the use of chemicals in sewage plants.

Examinations were given on Thursday to all grades of water and sewage technicians to end the three-day school.

### Attends rites for nephew Tuesday

Mrs. Luther Nevels attended the funeral service for Jim D. Shaw, a nephew, in Lubbock on Tuesday afternoon.

Mr. Shaw, business manager for the Avalanche-Journal, died of a heart attack at his home Sunday morning.

Funeral services were conducted in the Chapel of Sanders Funeral Home with the Rev. J. T. Bolding, associate pastor of the First Baptist Church, officiating. Burial was in the City of Lubbock cemetery.

He is survived by his wife, Madge, and a son, Rodney of Lubbock; three brothers and three sisters.

Mr. and Mrs. J. W. Beal, Joe and Tommy were guests of his uncle, Mr. Hunter Long, on his ranch near Socorro, N.M., last week-end.

### Shower honors Lucille Hinkle

A bridal shower honoring Miss Lucille Hinkle, daughter of Mrs. Vicie Hinkle, was given in the clubroom of the old courthouse Saturday, November 1st.

The serving table was covered with a blue net overskirt over white and was centered with red roses in a nest of blue net ruffles.

The guests were registered by Mrs. Perry Anthony.

Refreshments of spiced tea and cookies were served by Mesdames T. J. Murphy, Buzz O'Neal, Sherm Tingle, Joe Cheek, I. J. Duff, D. C. Green, D. C. Newsom, W. M. Overton, H. N. Parks, T. E. Coke and Tom Barron.

Out-of-town guests registered from Tokio, Brownfield, and Denver City.

Miss Hinkle is the bride-elect of Tommy Wilson of Brownfield.

### Did you know?...

Since November is the month that farmers begin to realize some return for their year's labor there are some facts we might recognize.

Did you know that almost 40 per cent of all Texans are employed by and make their living from the agricultural industry? That agriculture contributes about one-third of the total annual income for the State of Texas? That the agricultural industry is made up of three closely related groups of people: producers of agricultural products, the farmers and ranchers; suppliers of machinery, fertilizer, fuel and the many other items needed and used by the farmers and ranchers; and the processors and distributors of farm and ranch products.

Americans are eating better than ever before due to improved practices or methods employed by farmers.

## Over 85 percent of harvest to date is white cotton, PGC report shows

The second Texas High Plains cotton quality report as published by the Plains Cotton Growers, Inc. on the harvest of the 1958 cotton crop shows that white cotton accounted for more than 85 per cent of the cotton harvested as of October 17.

This cotton quality report with correlations between grade, staple, micronaire and Pressley is being mailed every two weeks to a textile mill and cotton buyers list of more than 300. The report consists of an explanation of tables on averages of fiber properties per grade, averages of fiber properties per staple, Pressley and micronaire along with cross class of grades, staple micronaire and fiber strength.

The report is being gathered in cooperation with the U. S. Department of Agriculture and is published to give buyers and textile officials more up to date information on the kinds and types of cotton being produced in this area.

The first report covered ginnings prior to October 1. This report covers ginnings with cumulative figures through October 17, and represents ginnings of approximately 350,000 bales. Statistics show that of the crop white cotton accounted for 85.7 per cent of the crop with 5.6 per cent Middling white and above. Light spots totalled 13.8 per cent, with 11.2 per cent being Middling light spot and above. Full spotted cotton was only 0.2 per cent.

Average staple length was 31.8/32nds with 60 per cent being one inch and longer. Only 2.5 per cent fell below 15/16 inch.

The micronaire average was 4.3 with 96.9 per cent above the teneferable micronaire limit of 3.5. The majority of the crop, or 73.0 per cent fell between 4.0 and 4.9. Pressley fiber strength averaged 78,000 pounds per square inch with 61.7 per cent of the crop falling between 75,000 and 89,000 pounds.

## Courtesy to honor Myrna Marshall

Miss Myrna Marshall, bride-elect of Mr. Robert (Bobby) White, will be honored with a bridal shower Friday, November 14, in the club room of the old courthouse.

Guests are invited to call between the hours of 2:00 and 4:30 p.m. Everyone is invited to attend.

Hostesses for the occasion will be Mesdames I. J. Duff, S. L. Tingle, W. F. Walsler, O. G. Lewis, B. J. Smith, Jesse Snodgrass, Leo White, Matt Williams, I. L. Smith, Ray Jones, Tom Box, Robert Chambliss, Clifford Todd, Vicie Hinkle, Clyde Trout, Hayden Box, Neil Hickman, John E. Fitzgerald, W. M. Overton and Frank Spencer.

Mr. and Mrs. Roy Taylor of Muleshoe were visitors in the E. S. Bandy home Friday evening. The Taylors and Bandy were neighbors at Tokio for a number of years. The Taylors were enroute home after attending funeral services in Brownfield for her stepmother, Mrs. J. D. McCollough.

## Joyce Crawford and Jimmy Burt wed October 10

Miss Joyce Crawford of Coolidge, Ariz., and Jimmy Burt, son of Mr. and Mrs. Jim Burt, were united in marriage in Brownfield October 10th. County Judge Herbert Chessir performed the single ring ceremony.

Mrs. Billy R. Jones of Brownfield, sister of the groom, and Mrs. Ray Ivey of Colorado City, sister of the bride, were the couple's only attendants.

Mr. and Mrs. Burt are at home in Lamesa, where he is employed by a painting contractor.

Jackie Bandy, son of Mr. and Mrs. R. H. Bandy, of Weatherford, Texas, was hunting recently when his gun was accidentally discharged, shooting through his heel. Jackie is the grandson of Mr. and Mrs. E. S. Bandy.

Mrs. J. H. Morris had her sisters, Mrs. H. F. Williams, and Mrs. John Millwee of Lubbock, and a life-long friend, Mrs. Herman Gray of Rule, as dinner guests Sunday.

Mr. and Mrs. J. W. Moore are resting and fishing at Lake Thomas this week. The left the store in the able care of Elsie Nordyke, Karen Anderson, and Jackie Coke.

Mesdames John Camp, J. H. Morris, S. McDonnell and A. C. Copeland were in Brownfield Friday.

Royce Randall, a student of 34th St. Barber College, Lubbock, visited his parents, the Slim Randalls and attended the Plains-Seagraves football game last week-end.

Cheerleaders at the Plains High School are shown above. Left to right are Lela Parks, Judy Palmer, Barbara Mell, Dixie McClellan and Sharon Smith. In the foreground is little Diane Fitzgerald, mascot. REVIEW Photo

Mr. and Mrs. R. D. Romans and Virginia visited her parents, Mr. and Mrs. I. O. Hughlett, south of Denver City, on Sunday. Other visitors in the Hughlett home included their sons, Floyd and family of Denver City and Ira and family of Carlsbad, New Mexico.

Mr. and Mrs. C. J. St. Romain of Roscoe were guests in the home of his brother, the P. W. St. Romain, last week-end. Mr. St. Romain is employed by Gulf Oil Co.

Mr. and Mrs. H. D. Oden, Lana and Robin of Abilene were week-end visitors of Mrs. Sallie Hague and other relatives. Mrs. Oden is the former Louise Hague and is co-owner of Moore & Oden Dry Goods here.

Mr. and Mrs. Will Cunningham and son Buck of Utopia, Texas, are visiting their daughter and sister, Mrs. A. B. Williams, Mr. Williams and family.

Mr. and Mrs. Wilton Green of Lubbock were guests of his mother, Mrs. Ann Green, and sister, Mrs. Lavon Smith and family on Sunday.

Mrs. Charlie Copeland returned Sunday after visiting her daughter, Mrs. Chat Gilbert and sons of Oklahoma City the past two weeks.

Gerald Anderson of the U.S. Navy left Thursday of last week to return to Oceania Beach, Va. He spent the past two weeks visiting his mother, Mrs. Travis Been, Kathy and Ernie.

Burl Anderson, son of Mrs. Travis Been, visited Saturday and Sunday in Plains. He is attending Naval Officer's Training School in Norman, Okla. At the close of his schooling there he will be transferred to A.A. school in Memphis, Tenn., for a 26-week training course.

Among those attending the dedication services at Levelland Junior College last Sunday were: Mr. and Mrs. Chesley Bedford, Mr. and Mrs. Harvey Stotts, Mr. and Mrs. Tom Bedford, Mr. and Mrs. Ralph McClellan, Jo Carolyn and Jackie Bass Carol McRae, Dixie Ruth and Dan McClellan. Carol was a hostess in the administration building and Jackie was host in the library.

## Changes needed to prepare for safe winter driving, warns chief

On the night of her crowning as Miss America some weeks ago at Atlantic City, the talented and beautiful Miss Mississippi sang, "There'll be some changes made."

This same song is a good one for local car owners to sing today, according to Sheriff Robert Chambliss.

"Tree limbs once covered with leaves now are bare, skies which were blue are turning grey, and the long daylight hours of the past summer season are being shortened," the local official pointed out.

"Add to these changes the lowering temperatures, frequent rain predictions from the weatherman, the hazard of night and early morning fog, and the lengthening hours of darkness—and the motorist has reason to believe there'll have to be some changes made in his driving habits and vehicle care," he added.

"Earlier sunset-time calls for earlier reduction of vehicle speed to conform with night-time speed limits."

"With more driving at dusk and after dark, special attention must be given to auto lighting. He recommended a thorough

Richard Meil Jr., a student at Fort Worth Technical Drafting College, visited home folks over the week-end and until Tuesday of this week.

Mr. and Mrs. Amos Smith, Gary and Oran visited her parents, Mr. and Mrs. Hugh Snodgrass near Tokio Sunday afternoon.

Glenn Morehouse was seen milling with the crowd at the Hallowe'en Carnival Saturday night. Glenn has recently returned from a trip to New Jersey, New York City and Boston.

checkup of headlights, taillights, stoplights, back-up lights and automatic turn indicators. This calls for the battery to be in good shape to, as a dependable source of power.

The sheriff stressed the importance of being able to "see in time to stop safely," which calls for clear vision.

"Windshield wipers whose blades smear and streak should have new live-rubber blades," Chambliss urged. "Too, it's important to have wiper arms exert sufficient pressure—an ounce to each inch of blade length—for a clear view. Any trouble with a windshield wiper during a rainstorm or snowfall can be extremely dangerous."

A defroster is another vital safety item for winter driving, especially in North Texas, declared Chambliss. It should work properly to overcome "fogging up" and "frosting up" of windshield glass.

"Brakes should be adjusted for simultaneous gripping. Good tire treads are also important."

"To assure winter comfort, a pre-winter checkup should be made of the heater," he continued. "The exhaust system needs to be inspected, and any defects corrected as a guard against carbon monoxide."

Chambliss said that by now many motorists have installed anti-freeze, but those who have been procrastinating "had better hurry." Winter lubrication needs also should be cared for.

"Just as preparedness is our best protection for military and civil defense emergencies, making preparations for our fight against Old Man Winter on the highway is essential if we are to win the battle against traffic tie-ups and accidents" the sheriff concluded.

# an Optimistic View

Hurray for youth!...the juveniles of our community. Let us, during national youth week, honor the 95% of our young people who are law-abiding citizens and will be the dependable community men and women of tomorrow. God help the small minority (only 5%) referred to as delinquents. They are the ill-advised, law-breaking thugs who glory in character assassination and destruction of public property. Optimist Clubs International are leading in the crusade to give the good youngsters of our world their rightful place in the sun. May this huge army of juveniles not forget that the church on the corner will aid greatly in helping them keep their feet on the right road.

# March of Dimes plans call for January drive

## Hinkle

(continued from page one)

Colorado, in January 1950 where Mr. Hinkle worked at refining uranium. While there they helped start and build a Baptist Church. Although there were a few churches there, there was no Baptist Church. When they left, they had seen the church membership grow considerably.

In December, 1950, tragedy struck the family when Mr. Hinkle was building a fire in a wood stove and it exploded, critically burning him and causing his death as well as the loss of everything they owned. Mrs. Hinkle received third degree burns on her hands and arms to her elbows, resulting in the loss of all the tips of her fingers and the complete loss of two fingers. She spent several months in hospitals in Montrose and Denver, Colo., then spent two months in the John Sealy Hospital in Galveston. Especially while she was in Galveston she observed the miracles that can be accomplished with plastic surgery.

Chairman of the Terry-Yoakum Chapter is Leonard M. Ellington of First National Bank; treasurer, R. V. Moreman of Brownfield State Bank; vice chairman, Alvin G. Davis of Brownfield State; secretary, L. G. Smith of Brownfield State; women's chairman, Mrs. Jack Shirley of Brownfield.

The executive committee of the chapter comprises chairman Jack Bailey of Brownfield, Mrs. Lewis Simmons, county health nurse for Terry, Mrs. Bill Williams, Brownfield, A. E. McGinty, Plains, Bill Moorhead of Denver City and Supt. O. R. Douglas of Brownfield public schools.

Dr. Robert E. Tinley of Denver City and Dr. A. H. Daniell of Brownfield comprise the medical advisory committee.

As an example of what the foundation will get into in its news program of research, the group was told that 30,000 Americans come down each year with rheumatoid arthritis, and 250,000 American babies are born with birth defects annually.

lisis hospital. Even though she had known so many unhappy experiences, her outlook on life seemed to be happy, and she spoke English surprisingly well.

Since Mrs. Hinkle has been in the treasurer's office, she has attended three state conventions for treasurers and says she always comes home just a little more pleased with our county each year.

Mrs. Hinkle, with her youngest daughter, Ruth, moved into a new home on East 11th St. this past September.

All her children are close to home, now that Don and his wife recently returned from England. Her mother, Mrs. Mandia Donaghe, lives in Brownfield as do her sisters, Mrs. Ella Cobb and Mrs. Ed Morton. A brother, Warren, lives in Imperial Beach, Calif., while Hugh lives in Denver City, Frank lives in Andrews and Robert in Paducah.

Mr. and Mrs. Ted Murph and children of Seminole visited his mother, Mrs. S. F. Pride, over the week-end. Mr. Murph is in the road construction business.

Admitted: Mrs. Irene Ruiz, maternity.

# Record cotton harvest is forecast

A record breaking 27,000 bales of cotton may be produced from Yoakum County this fall, agricultural officials said this week as November brought fair weather and sunny skies.

Delayed the past 10 days by damp weather, the most bountiful cotton harvest in the county's history moved into November with a total production of 27,000 bales in prospect as less than a fourth of the crop is now ginned or harvested.

Moneywise, the anticipated 27,000 bales will mean over \$4,000,000 in the coffers of the county's irrigation and dryland farmers.

The current estimate is up 2,000 bales from that predicted a month ago.

According to Leo White, county agent, should there be a freeze followed by sunny weather, within three weeks all the cotton would be ready for harvest.

While some farmers could use more bracero labor than is available, White said he believed that for the most part there are sufficient workers to handle the harvest. For the first time, the county agent said, mechanical pickers are being used here, with eight or nine in operation. Mechanical strippers have been used in previous years, but the pickers get just the lint while the stripper takes the boll and all.

The hike in the November estimate is due largely to "surprising high yields on both dryland and irrigated acreages, and the fact that the serious infestation of angular leaf spot failed to hurt yields, as was anticipated a month ago." Also the recurrent wet weather apparently has not damaged the quality of the crop as much as had been feared.

W. E. Franklin, head of the USDA classing office at Lubbock, said recent wet weather probably will not damage the overall quality of the area crop. Grades naturally will suffer somewhat, he explained.

Clear, warm weather October 31 and the first days of November enabled farmers to resume large-scale harvesting operations and if fair weather holds, many gins will begin around-the-clock operations. Many farmers are reported just waiting for clear weather to begin stripping of earlier defoliated cotton. Most officials agree that once stripping operations begin, if no long siege of bad weather hits, gins and classing facilities will be rushed past capacity.

The picture over the High Plains is comparative to that of Yoakum County, with a record breaking two million bales predicted from the 23 counties. Only three counties out of the 23 did not show hikes in the November estimates above the October estimates. These were Dickens, Farmer and Swisher counties.

Rev. and Mrs. C. J. Coffman are on the sick list this week with bronchitis and flu. Also little Kathy Curry has been ill.

The Band Sweetheart and her attendants were honored during half-time ceremonies at the football game Friday night, with each of the honorees being escorted by her father. Shown above are

E. R. Bearden and daughter, Glenda; Homer Suddeth and daughter, Queen Annette, and L. O. Smith and daughter, Sheila. In the foreground is Jana Warren, crownbearer.

## Election

(continued from page one)

Amendment 8, expansion of old age assistance, 425 to 255.

Truett Smith, candidate for district judge, and Frank Culver, candidate for Justice of Supreme Court, Place 3, led in the county voting, each polling 771 votes. U.S. Congressman George Mahon received 770 votes as did J. W. O. Alldredge, county and district clerk. Receiving 769 votes was Representative Bow-ers and County Treasurer V. Hinkle with Don Hancock, elec-tion county judge, polling 768 votes.

H. C. Cotton, commissioner of precinct 2, polled 319 votes; E. S. Bandy, elected justice of peace of precinct 1 received 413 votes and B. J. Smith, justice of peace of precinct 2, was given 482 votes.

The surge of voting for Clyde Trout in the commissioner's race apparently came during the last hour and a half before the closing of the polls when voters

were standing in line to cast ballots at both boxes. Local political observers credited Trout's supporters with a well-organized campaign which had been kept exceedingly quiet as responsible for the surprise victory.

Speculation that the election at Box 5, where Trout compiled his majority, might be contested was rife Wednesday, since the official election notice as posted specified the voting place to be OG&S Gin, whereas it was conducted at Tennessee camp.

Action could be filed in district court, declaring certain irregularities at that box, and enjoining the commissioner's court from certifying the ballots next Monday when they are scheduled to make their official canvass.

Sunday guests in the Joe Wilson home were: Mr. and Mrs. John Wilson and family of Big Spring, the J. W. Wilson family of Majjamar, N.M., the Lee Wilson, Bobby Newman and Warren Roberts families of Denver City, and Mr. and Mrs. Donald Green and baby daughter of the Pleasant Hill community.

### BLIND TO OUR OWN

The faults of others appear so glaring that most people entirely overlook the glare of their own.

### THE DAILY GRIND

Necessity may be the mother of invention at times, but it is just the mother of hard work to most of us.

# TO THE VOTERS OF PRECINCT 4:

I want to thank you for the confidence that you have placed in me by reelecting me as your Commissioner for a second term in Tuesday's election.

I will strive at all times to do what I feel is best for you as individual citizens and Yoakum County as a whole.

I pledge you a fair, honest, and impartial administration.

Again, I say Thanks for this honor.

Sincerely yours,

Clyde Trout

## W. D. Hinkle at Reese AF Base

Airman Second Class Willie D. Hinkle, son of Mrs. Vicie Hinkle, recently arrived at Reese Air Force Base, Texas, to assume duties with the 3500th Pilot Training Wing. Airman Hinkle completed a tour of duty in England prior to arriving at Reese.

He attended Plains High School prior to enlisting in the Air Force three years ago, and his spent most of his service career in England. While in that country, he met and married the former Patricia C. Barson, Banbury, Asfordshire.

While at Reese, Airman Hinkle will be employed in the base's mission of training T-33 jet pilots.

Mrs. A. C. Copeland received word that her sister, Mrs. Lula Haynes of Big Spring, underwent major surgery in a hospital there on Friday. Mrs. Haynes sustained a broken hip over a year ago in a fall at her home and has been confined since that time. Her condition is critical. Mrs. Copeland is at her bedside.
