DEATH STRUCK when these two cars collided last Friday night 1½ miles west of Tokio. Two-month old Steven Bradley Baker was a passenger in the car in top photo, while William Howard Teaff, of Post, driver of the car in the lower photo, has been charged with negligent homicide.

Homocide charge filed as result of Tokio crash

Charges of negligent homicide were filed in Plains against W. H. Teaff, Post, as the aftermath of a two-car crash last Friday night which resulted in death of a two-month old Lubbock infant. The accident occurred 1½ miles west of Tokio in Yoakum County.

The child was identified as Steven Bradley Baker, son of Mr. and Mrs. Marvin Baker. The parents are still confined in a Brownfield Hospital. Mrs. Baker, in fair condition, received a broken leg and arm. Her husband is in poor condition with several broken ribs and undisclosed internal injuries.

Driver of the car in which the infant was riding was Fred Slouson, Lubbock. He and his wife sustained cuts about the face and have been released from the Brownfield hospital.

Teaff was not injured in the crash. His wife and a nephew, Ernie Popham, were rushed from the hospital after emergency aid. Teaff was released from jail on \$10,000 bond.

Highway patrolman Jack A. Sims, Brownfield, said that the accident occurred when Teaff's vehicle struck the right rear of the Slouson car as the latter swerved to avoid a crash with the oncoming Teaff auto.

A brother of the dead child, Melvin Baker, 2½, suffered minor injuries in the collision. He was not hospitalized.

Survivors, other than the parents of the deceased infant, are

the grandparents, Mr. and Mrs. Hubert Wasson, Wortham; and Mr. and Mrs. J. D. Baker, of Hawkins.

Funeral services for the infant were conducted in Wortham on Sunday afternoon.

Three wildcats are staked in county during past week

Three wildcat locations were staked in Yoakum County during last week. Each will begin operations in the near future.

Sycamore Corporation of Midland No. 1 Anita Field will be a 12,000-foot Devonian prospect, 1½ miles south of Bronco and 1,980 feet from south and 660 feet from west lines of section 247, block D, John H. Gibson survey.

Shell Oil Company No. 1-C Waples-Platter is 660 feet from north and 1,980 feet from east lines of section 565, block D, J. H. Gibson survey, 15 miles southeast of Plains in the Southeast part of the county. It is to drill to 8,600 feet.

Champlin Oil & Refining Company of Midland No. 1 Henry Williams is a 6,000 foot wildcat, five miles north of Plains in the central part of the county.

Location is 660 feet from north and west lines of section 312, block D, J. H. Gibson survey.

Three-quarters of a mile southwest of the Brahaney, (San Andres) pool in Yoakum County, H. Garrett Oil Company, of Midland, spotted a 5,500 foot San Andres test, as No. 1 A. L. Moore, et al, 660 feet from south and 1,980 feet from east lines of section 473, block D, John H. Gibson survey, five miles southwest of Plains.

James G. Brown and Associates of Midland will drill a half-mile south outpost to the Texpac (Clear Fork) pool in western Gaines County. It is No. 1-4 Jones Estate, and 467 feet from north and 1,999 feet from east lines of section 4, block A-8, psi survey, 25 miles northwest of Seminole. Contract depth is 8,700 feet.

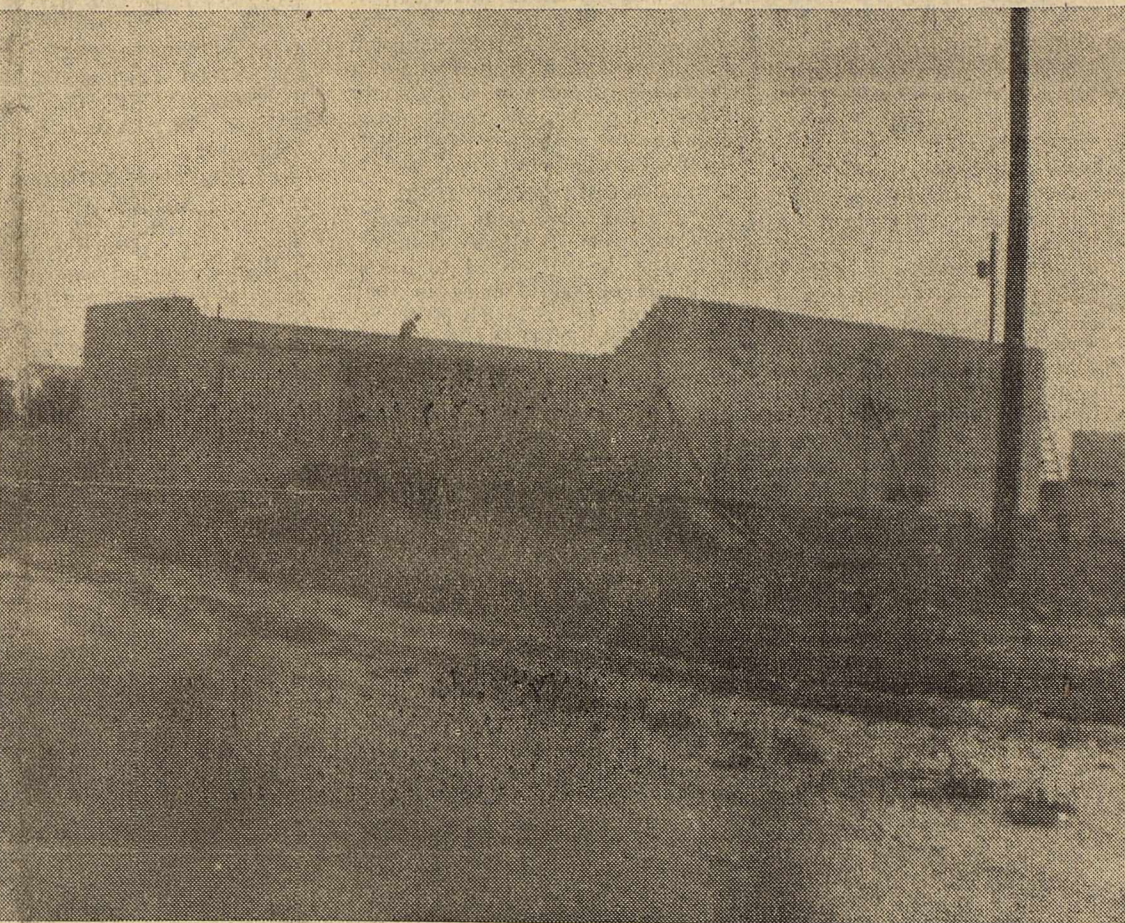

Shell Oil Company will drill No. 25-C G. Bungart in the Wasson (6600) field, 1.5 miles north of Denver City.

Location is 660 feet from north and east lines of section 866, block D, J. H. Gibson survey, Contract depth is 6,975 feet.

Another test in the Wasson (6600) field will be drilled by Shell as its No. 17 H. L. Lowe.

Residential construction is setting all-time record

NEARING COMPLETION is construction on the new Plains State Bank, with the actual completion date scheduled for September. The building is shown above with a workman working on the roof.

City Hall records show that residential construction activity pushed the 1959 total for the first six months to new heights.

A record of \$318,250 in building permits was issued by the city during the first six months of this year.

The figure is \$213,280 ahead of the first half of 1958, when only \$105,000 was issued in permits during that period.

Permits for twenty seven new homes have been issued to bring the total to \$246,350. Move-ins continue to be a high item on the building permit list.

In the commercial category two permits were issued during the year to bring that total to \$66,900.

In the church category only one permit had been issued in the amount of \$5,000.

Burford Duff, city secretary, stated that he expects a record year for building permits which will include \$990,000 for the addition and repair to the schools.

City records show that the city has a total of 350 gas meters, 244 electric meters and 401 water meters. A new record in water consumption was recorded during the month of June when 5,139,000 gallons were pumped through the meters.

The city is also making plans to improve the gas system, and an election to authorize sale of \$90,000 in bonds for this purpose is to be held on July 25.

The election was called following a survey of the city gas system by Parkhill, Smith and Cooper, Lubbock Engineers, who were employed for the purpose of making recommendations to meet the needs of the city.

According to Mayor W. R. Curry, only the lack of rental units is slowing the increase in city population. He says people are calling the city hall from day to day asking about houses and apartments.

DC alleys open Saturday

The official grand opening for the Denver City Bowling Club, located at the "Y" intersection on the Plains Highway, has been set for Saturday, July 11.

The main feature of the grand opening will be the awarding of a pair of bowling shoes to the high woman's score posted for the day and a similar prize for the high man's score of the day.

Mr. and Mrs. W. H. Jernigan, operators of the snack bar in conjunction with the bowling alleys, will be serving free doughnuts and coffee during the opening period from 12 noon to 8 p.m. At 8 p.m. there will be an exhibition bowling match between teams from Brownfield and Seminole. There will also be exhibitions by local talent after the 8 p.m. match between the visiting teams.

The bowling club, which has been in actual operation for the past month, is proving to be Denver City's most popular recreational spot. Seldom are there any open alleys, and reservation lists for bowling several nights in advance are kept filled up.

The interior of the Bowling Club is one of beauty. All equipment, from lockers down to the completely automatic AMF pin-spotters, has been manufactured by American Machine Foundry. The equipment is the latest that could be bought and proves to bowlers that automation is really here.

Throughout this issue of the "Press" you will find a number of pictures taken at the alleys. They include views of practically all of the most modern equipment and the officials at the alleys.

E. D. Calfee and William "Bill" Smith are running the alleys, with Mr. and Mrs. Jernigan maintaining personal supervision of the snack bar.

The alleys sell bowling shoes, bags, balls and also have equipment available for cleaning bowling balls and shoes. The management will also provide free instructions to anyone who has never bowled before and is interested in learning the sport.

On Thursday, July 9, at 7:30 p.m., a meeting will be held at the Community Building for the purpose of forming a City Bowling Association under sanction of the American Bowling Congress. This will be the first step to be taken toward forming a number of leagues which will be in operation during the coming fall and winter months.

Smith and Calfee extend a hearty invitation to everyone in Denver City to visit the alleys during the grand opening on Saturday.

Wheat growers to vote on quotas on July 23

Yoakum County wheat growers will soon be making their annual decision on marketing quotas, Chairman T. A. Elmore, of the Yoakum County ASC Committee said today.

On July 23, they will join with wheat farmers in 38 other states in a referendum to decide the type of marketing control program they will have for the 1960 crop of wheat. The referendum is held at this time so that farmers will know at planting time whether restrictions will be in effect at harvest-time in 1960.

The wheat program on which farmers will vote, Mr. Elmore said, is the same as that which has been in effect for several years. Marketing quotas have been proclaimed by the Secretary of Agriculture as required by the law when supplies are excessive. They will remain effective only if approved by a two-thirds majority in the referendum.

When wheat marketing quotas are in effect, farmers who comply with their individual farm wheat acreage allotments may market their entire wheat crop without penalty and are eligible for price support at least 75 per cent parity. A grower who exceeds his allotment will be subject to marketing quota penalties and his excess wheat except that any grower may produce up to 15 acres for harvest as grain without penalty.

If more than one third of the voters vote for no quota controls, they do not take effect and there are no restrictions on wheat marketing. Price support is available at 50 per cent of parity to farmers who comply with their acreage allotments.

The 1959 wheat marketing quota penalty is \$1.07, Mr. Elmore stated. The 1960 penalty will be announced later, he added.

Any farmer is eligible to vote who expects to produce more than 15 acres of wheat for harvest in 1960, except a grower who participated in the feed wheat program, farmers may arrange with the county office to grow up to 30 acres of wheat for use only on the farm where

If at least two-thirds of the growers who vote in the referendum approve the quotas, they will remain in effect for 1960 crop, wheat and price support will be available to farmers who comply with their farm wheat

Atlantic approves lease for offices vacated by Humble

Atlantic Refining Company has completed negotiations with Humble Oil & Refining for a one year lease on the office building located in the former Humble Camp, according to Norman Carr, district superintendent for Atlantic.

The district office of Humble has been discontinued here, and consolidated with the Andrews district. Equipment and furnishings in the Humble office will be moved out as of Friday, Carr said, and plans are for Atlantic to move into their new quarters on the following day.

The Atlantic office at the camp northwest of Denver City was destroyed by fire earlier this year. Since then, a portion of the office personnel has been located in the Chamber of Commerce building, while others have remained in temporary quarters at the camp site.

Carr said all office personnel for Atlantic will now be working out of the leased building, with the exception of the materials section, which will remain at the camp because of the warehouse yard being located there.

The district superintendent said no decision had been yet made as to whether Atlantic will retain Denver City as district headquarters, but since a year's lease had been taken on office space, it was possible that no definite decision would be forthcoming in the immediate future.

mendous audiences across the country and have the honor of having been the first group to appear on a nationally famous television show.

Sponsoring the group's concert in Denver City will be the Women's Missionary Council of the Assembly of God Church. All proceeds will go into the organ fund for the church. Tickets will be \$1 for adults and 50 cents for children.

Beane announces list is near complete

G. P. Beane, manager of the Plains Retail Merchants Association announced this week that sixty per cent of the customers recording list is complete.

He urges members who have not completed their lists to do so as soon as possible in order that he might hasten the completion of the records so that full information can be given to those who desire it.

Mr. Beane stated that when he completes the recording list that it will be a great benefit to the business people.

SIX MEMBERS of the Plains Gophers who are trying out for the Pony League All-Star team to enter the district tournament beginning in Denver City on July 27 are, front row, left to right, Roland Farris, J. B. Wilson, Douglas Walser and back row, left to right, Ty Earl Powell, Larry Williams and Bob Parker.

BREAKS ANKLE

Pat Henard sustained a broken ankle Saturday afternoon when the horse he was riding slipped and fell as he was attempting to rope a calf in the pasture. He was taken to the Yoakum County Hospital for emergency treatment and then released. He is able to be up and around on crutches.

Some counties on the South Plains have a noxious weed control program and the main weed they are trying to get rid of is the field bindweed. There is not very much bindweed in Yoakum County but the fact that there is a little in places is enough to get alarmed about. Bindweed is probably the most damaging of all weeds. It has completely ruined certain areas as far as agricultural production is concerned. When field bindweed becomes solid, the cost of eradication is more than the land is worth. The only thing left to do is move away and let the bindweed take the land.

Since there are only a few small patches of bindweed in Yoakum County, the cost of eradication would be very small if the work got started this year or as soon as possible. Weed killing materials containing 2, 4-D or 2, 4, 5-T can be used as a control during the early Spring but they cannot be used near growing cotton so most of our bindweed would have to be treated with some other materials. Most of the weed killing materials that do a good job on bindweed are soil sterilizers. They completely kill the land for a period of three to five years depending upon the kind and amount used.

Sodium Chlorate is one of the best and most economical soil sterilizers. More use has been made of Sodium Chlorate for bindweed control than probably any other material. The big disadvantage of using Sodium Chlorate is the danger of fire at the time of application. Atlacide is another soil sterilizer and it too should be handled with care. It is not as explosive as Sodium Chlorate but the dead organic matter that has been treated with Atlacide will catch on fire

be given by posting and publication of a copy of this order, at the top of which shall appear the words "NOTICE OF ELECTION FOR THE ISSUANCE OF BONDS". Said notice shall be posted in each of the election precincts of the County of Yoakum, and at the County Courthouse door, not less than fourteen (14) full days prior to the date on which said election is to be held, and be published on the same day in each of two successive weeks in a newspaper of general circulation, published in the County of Yoakum, the first of said publications to be not less than fourteen (14) days prior to the date set for said election.

The above and foregoing order by Commissioner Cotton and seconded by Commissioner Brown that the same do pass. Thereupon, the question being called for, the following members of the Court voted "AYE": Commissioners Brown, Cotton, Payne and Trout; and none voted "NO".

very easily. Two to four pounds of Sodium Chlorate or three to five pounds of Atlacide per 100 square feet will sterilize the soil and kill all the weeds.

There are other materials that have recently come into use and some of them we know very little about. Any material that will kill the land for four or five years will do as good a job on bindweed as any other. All of them are expensive enough so the thing to do is select the soil sterilizer that will do the job the cheapest.

The field bindweed will grow in patches like blue weeds. It is dark green in color and the leaves are arrow shaped. The flowers are bell shaped and they may be white or various shades of pink. The plant makes a vine that will climb by winding itself around other plant stalks or a fence. It always winds around in a counter-clockwise direction. The roots of the field bindweed will grow laterally and send up sprouts so that the patch will get larger each year. The seed of the bindweed are small and hard and they will sometimes lay in the ground for several years before they germinate. By sterilizing the soil for four or five years does not completely eradicate the bindweed every time. It could possibly come back from seed after the soil sterilant had become ineffective.

Farmers should be on the lookout for bindweed and keep it from getting started on their farm. It can be stopped with a small amount of material if treated during the early stages but after the patch get large the cost of material is sometimes above the farmer's ability to pay.

LUBBOCK, Tex. (SPL) — Topping the entertainment bill at the 1959 Panhandle South Plains Fair in Lubbock will be Castle's 3-Ring Circus, according to an announcement made this week by fair president, Joe E. Baldrige.

Performing throughout the week of the fair with matinee and evening shows, Sept. 28 through Oct. 3, this internationally famous circus will be the main attraction in the Fair Park Coliseum for the 42nd annual fair.

Hubert Castle, considered to be the greatest slack-wire performer in the world and former star of Ringling Bros. Circus, has packed his show with spectacular wild animal acts, trapeze artists, clowns and comedy acts, and all the things which America loves to see at a circus. An outstanding act which has helped bring fame to Castle's 3-Ring Circus is found in the amazing antics of a fun-loving gorilla.

Elephants, leopards, panthers, and other jungle animals will be on hand to thrill and entertain children and grown-ups alike.

Merle Evans, famous band director, who for many years provided the music for the Ringling Bros. "Big Top" will handle the music part of the show.

Castle's 3-Ring Circus will come to Lubbock after a summer's tour in Russia.

Mr. and Mrs. Johnnie Fitzgerald and little daughters toured the Carlsbad Caverns Friday.

MR. AND MRS. R. S. BEARDEN

R. S. Beardens celebrate 50th anniversary

Mr. and Mrs. R. S. Bearden of Brownfield, former residents of Yoakum County, celebrated their Golden Wedding Anniversary, Saturday July 4 in the Party House at Terry County Memorial Park, Brownfield.

Their children, Rev. and Mrs. R. S. Bearden of Lubbock, Mr. and Mrs. Ray Bearden and children of Tokio, Mr. and Mrs. James Bearden and family of

Denver City, Mr. and Mrs. Odus Walsler and children of Plains, M-Sgt. and Mrs. Edward T. Smith and family of Albuquerque, N. Mex., Homer, Dane and Morris Bearden, their wives and families all of Brownfield were hosts and hostesses for the occasion.

All of their children, grandchildren and families were present except the James Beardens

son-in-law, Paul Cornett of Denver City.

Approximately one hundred twenty six adults registered and were served cake and punch. Many lovely gifts were presented the honorees.

Mr. and Mrs. Bearden with their family lived about fifteen miles northeast of Plains for a number of years and have always

been active in church, school and community activities.

Among their friends registering were: Mr. and Mrs. Matt Williams, Mr. and Mrs. H. O. Muston, Mr. and Mrs. H. M. Smith, Mr. and Mrs. Lee Roy McCravy and Jan, Mr. and Mrs. Robert Chambliss, Mrs. W. P. Murphy, Mr. and Mrs. Preston Murphy and Mr. and Mrs. Hubert Heath.

Wheat marketing quota referendum set for July 23

As required by present law, a wheat marketing quota referendum has been announced for July 23, Chairman T. A. Elmore of the Yoakum County Agricultural Stabilization and Conservation Committee announced today.

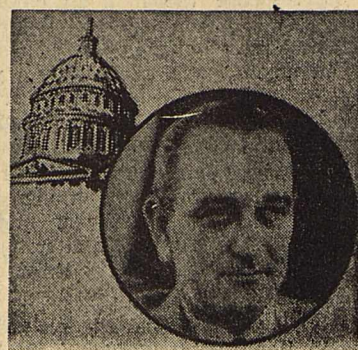

Marketing quotas for the 1960 wheat crop have been proclaimed by the Secretary of Agriculture, as required by legislation whenever the available supply of wheat is more than 20 percent above the normal supply. However, quotas will not become effective unless they are approved by at least two-thirds of the producers voting in the referendum.

If quotas are approved for the 1960 wheat crop, it will mark the seventh consecutive year they have been used for wheat. Wheat quotas and acreage allotments apply only in the 39 so-called "commercial" wheat states, of which Texas is one.

The present law, the Chairman explained, states that, to be eligible to vote in the referendum, a grower must expect to have more than 15 acres of wheat for harvest as grain in 1960. A wheat grower who signs an application under the feed wheat program permitting him to produce up to 30 acres of wheat as feed on his farm will not be eligible to vote. Every wheat grower will be informed of the individual wheat allotment for his farm in advance of the referendum date.

As usual, Chairman Elmore says, the ASC committee will set up a voting box in the old courthouse.

If quotas are approved in the referendum, the present law provides that farmers who comply with their wheat acreage allotments will be eligible to market all their wheat without restriction. A grower who exceeds his allotment will be subject to marketing quota penalties on his excess wheat if he has more than 15 acres of wheat for harvest as grain. If quotas are not approved, there will be no restrictions on wheat marketings.

WASHINGTON NEWS LETTER

By Sen. Lyndon Johnson

Dear Friends:

Answering requests from the folks at home is of the real pleasures of my job. But I've never had a request from a Texan that gave me more pleasure than the one contained in a letter that arrived the other day.

The letter came from Arles E. Howell of El Paso, a veteran and a recent graduate of Texas Western College.

His appeal was one that I believe came from the heart. It's a request that I want to fulfill. And I believe the best way to do it is to let you read Arles' letter to me.

It went like this: "I am a recent graduate of Texas Western College in El Paso. As a student there I received a check for \$135 every month from my government — a total of \$4,455 over the years. This money was, of course, courtesy of the 'G. I. Bill'."

"As my Senator, please convey my thanks to the taxpayers. I have never heard of anyone doing this, but as a Texan I reserve the right to do things that other people don't do."

"My family is not wealthy — nor am I, and it would have been very hard for me to make it through school on my own. I promise you and the taxpayers that it was money well spent — for I will be a better citizen and forever in their debt."

I'm frank to say this letter made my day a little brighter. It made me prouder than ever to be an American — to say nothing of being a Texan.

That letter underlined anew

Guests of Mr. and Mrs. C. F. McCargo Friday night were their daughter and family, Major and Mrs. H. H. Copeland of San Antonio. They, accompanied by another daughter and family, Mr. and Mrs. Craig Mayes of Odessa, drove to Farmington, New Mexico Saturday for a visit with their son and brother, Mr. and Mrs. Bob McCargo and children. They were joined there by Mr. and Mrs. Caryl Light of Liberal, Kansas.

Mr. and Mrs. Bill Kennedy spent Saturday and Sunday at Ruidoso, N. Mex. The boys spent the weekend with relatives at Brownfield.

Senator Preston Smith

Attacks on the state's press for supposed "criticism" of the 56th legislature are actually being voiced by a loud minority. But the tension created by this so-called "criticism" of the press indicates a deeper and more serious situation being faced by many lawmakers here.

I do not regard the comments of the state's papers as unfair, or as aggressive attempts to "give lawmakers a hard time."

It also seems pretty improbable that any legislator here would deliberately stall work in order to keep the legislature in session longer.

Most lawmakers are watching their records carefully, with another eye on the new, earlier primary election laws. Many election campaigns must be planned and underway by Christmas. And lawmakers now in office are very record-conscious. That's how they'll run their re-election campaign. In other words, they are "under the gun" now, and doing the best they can. The delay of this financial legislation is not going to help anyone's campaign for re-election, and yet, lawmakers face this delay rather than rush through any tax bills that may disappoint their area.

In reporting this delay, the newspapers of the state have reported the news of the legislature. But the acute discomfort by legislators so conscious of their records comes from an awareness that potential opponents are going to take advantage of every issue.

The fellow in office has an uphill race in the campaign for re-election. His opponent can take exception to any voting record.

An opponent, not in office, can take exception to adorning on Jeff Davis birthday. He can promise his supporters anything and everything without inhibition because he has not had to vote in public, in legislative office.

With these problems facing them, the members of the 56th legislature have not done the wrong thing to carefully consider major tax legislation confronting them, regardless of how important it might seem to "get back home" to their respective areas for their own personal or business reasons.

what I've known all along:

With young Americans like this coming out of Texas, the future is brighter than our past. And we can thank Arles Howell and thousands like him for making it so.

Chevrolet's proud Impala Convertible and the sleek Corvette

WHAT MAKES CHEVY HOT? "THE MOST WONDERFULLY RESPONSIVE ENGINE AVAILABLE TODAY AT ANY PRICE"

That's how SPORTS CARS ILLUSTRATED magazine expresses its admiration for Chevy's vigorous Turbo-Fire V8. Indeed, every motor magazine has given Chevrolet's standard passenger car and Corvette V8's unstinted praise. Take it from the experts: there's no more exciting performance in Chevy's field. What's more, you can choose from the widest range of powerplants among the leading low-priced three when you go Chevy!

HERE ARE 6 MORE BIG REASONS WHY CHEVROLET'S THE HOTTEST SELLER OF THE YEAR!

BEST BRAKES

Not only bigger, but built with bonded linings for up to 66% longer life. Just to prove what's what, Chevy out-stopped both of the

"other two" in a NASCAR*-conducted test of repeated stops from highway speeds.

*National Association for Stock Car Advancement and Research

BEST STYLE

It's the only car of the leading low-priced three that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

BEST TRADE-IN

Check the figures in any N.A.D.A.* Guide Book. Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two."

*National Automobile Dealers Assn.

BEST ECONOMY

No doubt about it: two Chevrolet

6's won their class in the famous Mobilgas Economy Run, got the best mileage of any full-size car, 22.38 miles per gallon—with Powerglide transmission.

BEST RIDE

MOTOR TREND magazine calls Chevy "... the smoothest, most quiet, softest riding car in its price class." But you'll be able to tell yourself, the instant you take the wheel.

BEST ROOM

Official dimensions reported to A.M.A.* make this clear. For example, Chevy front seat hip room is up to 5.9 inches wider than comparable cars.

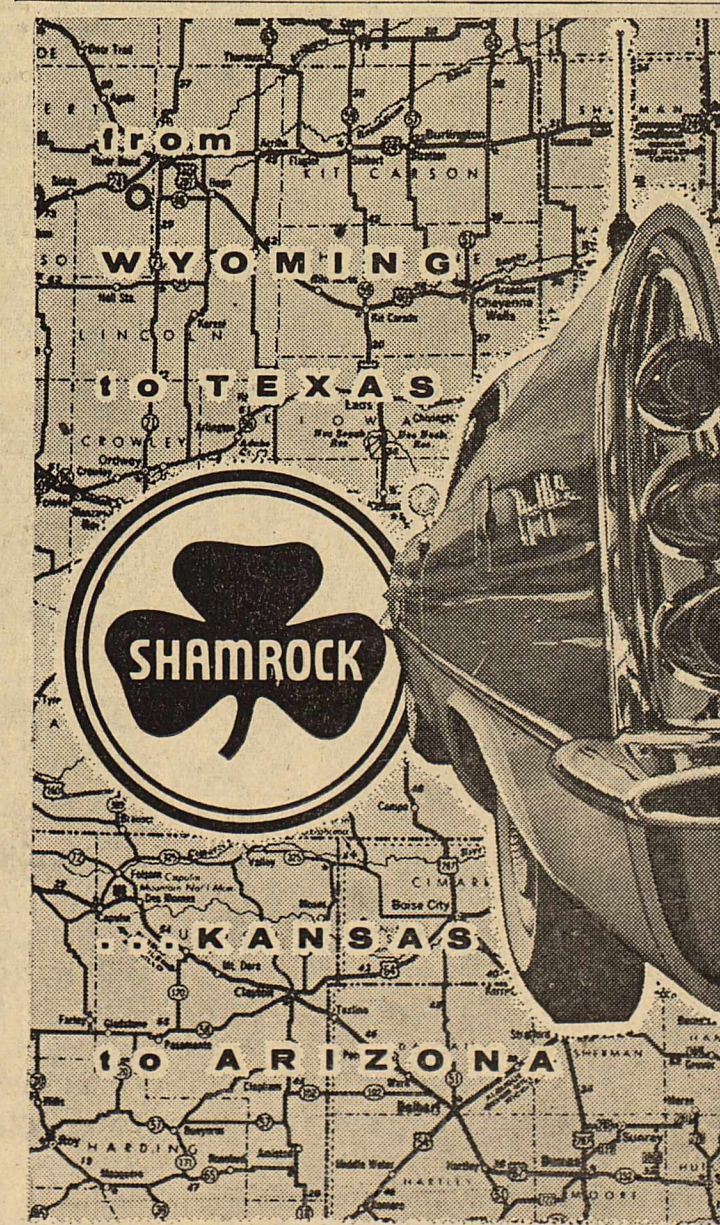

*Automobile Manufacturers Assn.

Try the hot one—see your local authorized Chevrolet dealer!

UNORDERED MERCHANDISE

Suppose the mailman delivers to you a package containing a necktie, a book, key-ring tags or a phonograph record that you didn't order. Either with it, or by later mail, is a bill or request to remit the price.

Do you know your obligations, assuming you don't want the merchandise? Must you return it? Can you use it and not pay for it? Must you keep it, or can you throw it away?

Generally speaking, recipients of unordered merchandise are under no obligation (a) to return it; (b) to acknowledge its receipt; (c) to pay for it unless used; (d) to give it particular care; or (e) to keep it beyond a reasonable time.

You are obligated to surrender the merchandise if called for in person by the shipper or his agent within a reasonable time.

But you can demand storage charges before surrendering the item. If you mail it back at your own expense, you very likely will stay on the sender's mailing list and will receive other shipments in the future.

There are no postal regulations governing unordered merchandise, except where fraud is involved.

Congress is working on legislation that will cover the situation. However, if you know what is in the envelope or package, you can write "Refused" across the face of the piece of mail and hand it back unopened to the mailman. No further explanation is required. You don't have to accept any class of mail. Further, your refusal probably will result in the sender having to pay return postage.

A ruling by the Federal Trade Commission holds it a violation of the Federal Trade Act for a sender of unordered merchandise to claim that "The receiver is under obligation . . . to pay for or return the merchandise." Hence, if you don't use the merchandise, you are within your rights in refusing to pay for it.

If another person's mail is improperly delivered to you, do not open it, as such action might make you liable to severe legal penalties. Such mail should promptly be re-deposited in a postal box with an appropriate notation thereon, such as the proper address or "not 14 South Brown Street", showing the address to which the mail had been delivered.

(This column, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved).

Mr. and Mrs. L. B. Curtis were in Lubbock Tuesday to be with a sister, Mrs. Don Morris who underwent surgery in St. Mary's Hospital.

Mrs. P. W. St. Roman, Suzahn and Joe traveled by train to Sweetwater for a week's visit with Mr. and Mrs. Chester St. Roman of Roscoe who met them there. Mr. St. Roman and Sam joined them Saturday and they all attended the Boat Races at Sweetwater Lake. The St. Romains returned home Sunday afternoon.

Mr. and Mrs. Ray Jones and boys visited his sister, Mr. and Mrs. Clyde Lewis and little daughter at Hamlin over the weekend and other relatives in Jones County.

Mr. and Mrs. Earl Wortham and sons of Grant, N. Mex. and Mrs. Charles Moore and sons of Odessa were guests of their sister and husband, the W. M. Overtons last weekend.

Airman and Mrs. Don Hinkle and baby of Reese Air Force Base, Lubbock spent the weekend with their mother, Mrs. Vicie Hinkle and Ruth, brother, Mr. and Mrs. Elbert Hinkle and another sister and family Mr. and Mrs. Dub Nelms. They enjoyed an outing to the Bottomless Lakes, near Roswell Friday. Another daughter, Mr. and Mrs. Tommy Wilson of Brownfield also visited Saturday night Sunday with Mrs. Hinkle.

Vernon and Carolyn Gainer of Albuquerque, N. Mex. enjoyed a ten-day visit here with their grandmother, Dr. May Gainer. Their maternal grandparents, Mr. and Mrs. S. M. McCary of Littlefield came for them Sunday and they are visiting there this week.

SMOOTH

SAILING

... that is exactly what all of us dream of. But this is God's world and we certainly must learn the laws of the winds of God if our journey is to be smooth. We must chart our course with caution.

We must know how to man the sails. We must read carefully the "guide book for mariners," called The Sermon on the Mount.

One must know how to tack and, most important of all, ask the "Great Pilot" what course He recommends.

Let your church attendance and support record, the contribution you make to the cause of good, and your love for the

brethren serve as your compass. The smooth sailing of your ship will be determined by the judgment you use in your preparation.

You can't make it alone, Mister. Better take God with you.

You In The Church The Church In You

NOTICE OF ELECTION FOR THE ISSUANCE OF BONDS

THE STATE OF TEXAS
CITY OF PLAINS
COUNTY OF YOAKUM

TO ALL QUALIFIED VOTERS OF THE CITY OF PLAINS, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID CITY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in the City of Plains, Texas, on the 25th day of July, 1959, in obedience to a RESOLUTION AND ORDER duly entered by the Board of Aldermen on the 30th day of June, 1959, which is as follows: RESOLUTION AND ORDER FOR CITY BOND ELECTION

ON THIS the 30th day of June, 1959, the Board of Aldermen of the City of Plains, Texas, convened in special session at the regular meeting place thereof in the City Hall, there being present and in attendance the following members, to-wit: Mayor W. R. Curry, Alderman Russell Faulkenberry, Alderman Kenneth Hale, Alderman Jack Hayes, Alderman Amos Smith, Alderman Pete Sampson, and with the following absent: none, constituting a quorum; at which time the following, among other business, was transacted, to-wit:

Alderman Smith introduced a resolution and order and moved its adoption. The motion was seconded by Alderman Faulkenberry. The motion, carrying with it the adoption of the resolution and order, prevailed by the following vote:

AYES: Alderman, Faulkenberry, Hale, Hayes, Smith and Sampson.
NOES: None.

The RESOLUTION AND ORDER is as follows:

WHEREAS, the Board of Aldermen of the City of Plains, Texas, deems it advisable to issue the bonds of said City for the purpose hereinafter mentioned; therefore,

BE IT RESOLVED AND ORDERED BY THE BOARD OF ALDERMEN OF THE CITY OF PLAINS, TEXAS:

SECTION 1: That an election be held on the 25th day of July, 1959, which date is not less than fifteen (15) nor more than thirty (30) days from the date of the adoption of this resolution and order, at which election the following proposition shall be submitted to the qualified voters of said City who own taxable property therein and who have duly rendered the same for taxation:

"SHALL the Board of Aldermen of the City of Plains, Texas, be authorized to issue NINETY THOUSAND DOLLARS (\$90,000) general obligation bond of said City, for the purpose of constructing improvements and extensions to the Gas System in and for said City; said bonds to mature serially over a period of years not to exceed THIRTY (30) years from their date, and to bear interest at a rate not to exceed SIX PER CENTUM (6%) per annum, payable annually or semi-annually, and to provide for the payment of principal of and interest on said bonds by levying a tax sufficient to pay the annual interest and to create a sinking fund sufficient to redeem

said bonds as they become due?"

SECTION 2: That said election shall be held at the CITY HALL in the CITY OF PLAINS, TEXAS, and the entire City shall constitute one election precinct.

SECTION 3: That the following named persons are hereby appointed officers of the election, to-wit:

D. N. TAYLOR, Presiding Judge
MRS. MAE CAMP, Judge
MRS. MAE GAINER, Clerk
MRS. J. P. ROBERTSON, Clerk

SECTION 4: That said election shall be held under the provisions of and in accordance with the laws governing the issuance of municipal bonds in cities, as provided in the General Laws of the State of Texas, and only qualified voters who own taxable property in the City and who have duly rendered the same for taxation, shall be qualified to vote.

SECTION 5: That the ballots for said election shall be prepared in sufficient number and in conformity with Chapter 6, V. A. T. C. S. Election Code, as amended, and that printed on such ballots shall appear the following:

"FOR THE ISSUANCE OF \$90,000 GENERAL OBLIGATION GAS SYSTEM BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF "AGAINST THE ISSUANCE OF \$90,000 GENERAL OBLIGATION GAS SYSTEM BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF"

AS TO the foregoing proposition, each voter shall mark out with pen or pencil one of the above expressions, thus leaving the other as indicating his or her vote on the proposition.

SECTION 6: That a copy of this resolution and order signed by the Mayor of the City and attested by the City Secretary,

shall serve as proper notice of said election.

SECTION 7: That notice of said election shall be given by posting and publication of a copy of this resolution and order, at the top of which shall appear the words "NOTICE OF ELECTION FOR THE ISSUANCE OF BONDS." The said notice shall be posted at three public places in said City, one of which shall be at the City Hall, not less than fourteen (14) full days prior to the date on which said election is to be held, and be published on the same day in each of two successive weeks in a newspaper of general circulation in the City of Plains, Texas, and published in the City of Plains, Texas, the first of said publications to be made not less than fourteen (14) full days prior to the date set for said election.

PASSED AND APPROVED, this the 30th day of June, 1959.

Little change noted in insect situation

Little change in Yoakum County is noted in the Cotton Insect Situation Report for the past week, compiled and released by the Extension Service of Texas A & M College, Lubbock.

The report states that cotton insect infestations were reduced where rains were heavy, but increased in many fields where rainfall was light. Prevailing cloudy and humid conditions greatly increased damage by leaf-spot diseases, particularly in late planted fields.

Fleahoppers and thrips infestations were reported in light to medium infestations. Reinfestation of thrips has been fairly rapid following heavy rains.

Grasshoppers were also reported in light infestations in the county. Scattered eggs and occasional small bollworms were found in most early plant fields; while lygus bugs, square borers and cabbage loopers were found in small numbers in some plantings.

Mrs. Lydia Graves returned to her home at Floydada Friday after a week's visit here with her daughter, Mrs. Ann Green and family.

Post office will issue stamp for soil conservation

The Post Office Dept. will issue a 4-cent Soil Conservation postage stamp through the Rapid City, South Dakota, Post Office on August 26, 1959. This stamp may be purchased at the Plains Post Office the next day.

This stamp, which emphasizes the importance of contour plowing to those who farm and raise livestock and its relationship to the urban areas, will be 0.84 by 1.44 inches in dimension. It will be printed on the Glori press in yellow, green and blue, and will be arranged horizontally in sheets of 50.

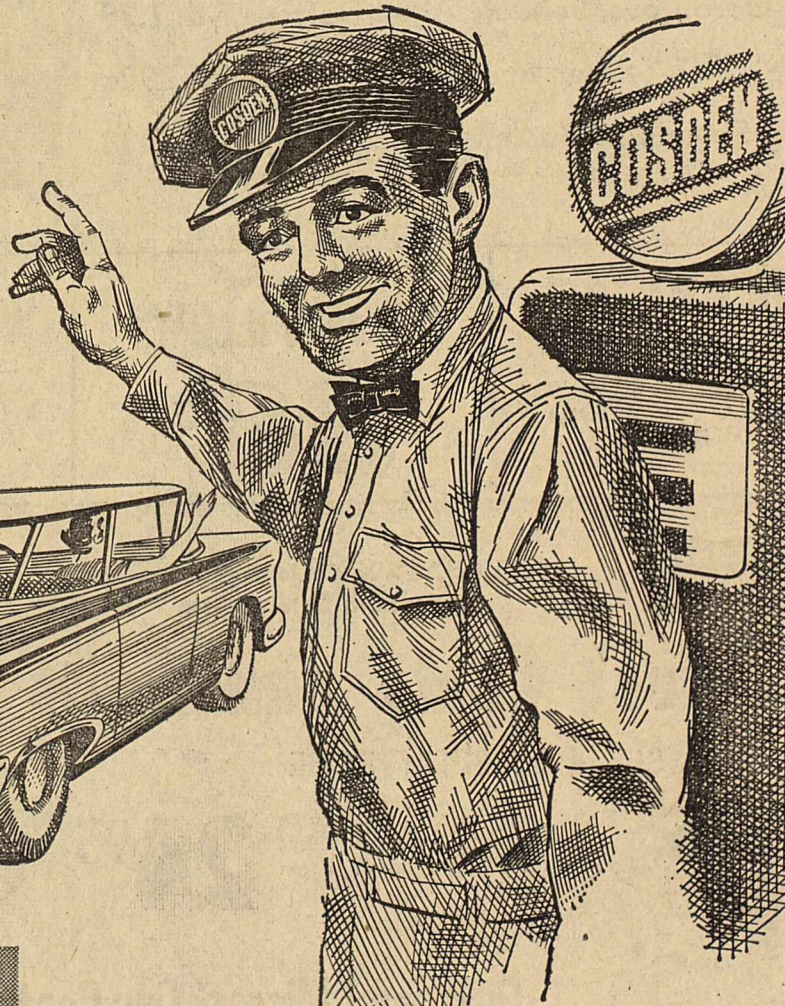

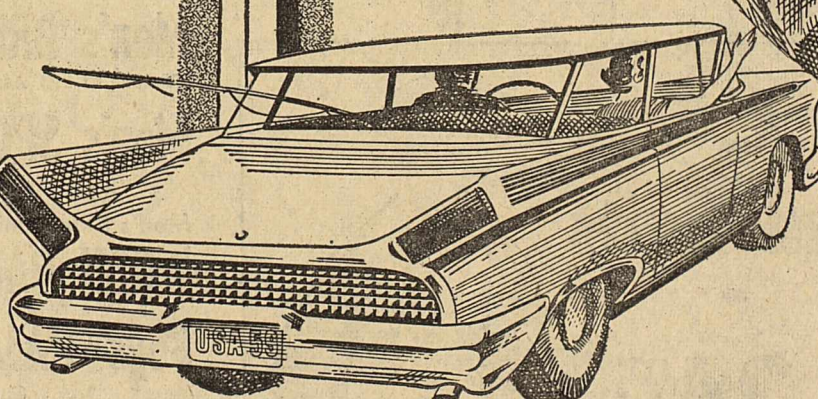

Collectors may obtain first-day cancellations by submitting requests to the Postmaster at Rapid City, S. Dakota. Send remittance to cover cost of stamps along with self addressed envelope. Cover envelopes should be of ordinary letter size and each must be properly addressed. Place an enclosure of postal-card thickness in each envelope, and either turn in the flap or seal it. Put a pencil notation in the upper right corner of each cover to show the number of postage stamps to be stuck there.

Mr. and Mrs. Lawrence Cleveland of Canadian visited in the homes of Mrs. George Cleveland, Mr. and Mrs. Glen Cleveland and Mr. and Mrs. G. W. Cleveland and family the first part of this week.

Vacationing?

plan to "go buy" Cosden

For vacationing or 'round-town driving, Cosden Gasoline delivers all the built-in power of your engine. It's a better brand to "go buy" for smoother, livelier engine performance... quicker, safer passing... and honest mileage economy.

Advanced refining techniques make Cosden a little better... and you can prove it. Take a "trip-check" with Cosden Premium Ethyl or Higher Octane Regular. You'll agree, for power, economy, and neighborly service... Cosden is a better brand to "go buy".

Cosden Motor Oils—10-w-30 or Heavy Duty—reach deep down in your engine and rout out friction before it starts. Match 'em with Cosden Gasolines for the perfect power-team.

TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — About the only cheerful remark heard around Texas Legislative halls of late is, "Think how bad it would be if it weren't air conditioned!"

(House and Senate chambers are cooled this year for the first time, though most of the rest of the Capitol is not as yet.)

Many remember summer sessions in pre-air conditioned days. Scorching extraordinary was the one in 1949 which ran to July 6, longest regular session in Texas history.

Lawmakers and reporters complained that the huge granite blocks in the Capitol walls collected heat like a Dutch oven. Coat and tie rules in the legislative chambers added to the misery.

Some observers said that the 1949 Legislature (which also had a tax problem) didn't really quit. It just sort of melted down. A special session was called the next winter to clear up money problems.

For all its comforts, air conditioning hasn't taken the sweat out of passing a tax bill.

Both House and Senate have passed tax bills, and a new conference committee was put to

work to try to piece them together. But the floor action preceding passage gave no indication that any of the conflicting groups is ready to give an inch.

House membership is split three ways into (1) those who don't want the majority of new taxes to fall on business, (2) those who don't want a majority to be sales taxes and (3) those who apparently don't want any new taxes.

Each of the first two groups has been able to defeat the other's proposals with the help of the "no-taxers." Hence, despite public impatience and their own weariness, lawmakers have been ensnared in a one-step-forward-and-two-backward pattern.

SOMETHING OLD, SOMETHING NEW — Given to the conference committee on taxes were a new bob-tailed bill from the House and an old, nearly full-size bill from the Senate.

House bill would raise about \$106,000,000 over two years — about \$70,000,000 less than is needed. Senate bill, destined to raise about \$160,000,000, is the same one passed by the Senate in the first special session. It contains more sales taxes than business taxes which the House refused to accept on the last round.

Cut from the House bill before passage were the \$50 deductible sales tax (a 2 per cent levy on costs over \$50) and the natural gas severance beneficiary tax. Both fell by the wayside in one of the "if you kill my tax, I'll kill yours" sessions.

Remaining in the bill were levies on which the House has been able to agree all along — on cigarettes, liquor, auto sales and corporation franchises.

"New wrinkles" added were (1) a licensing fee for private clubs that sell liquor and a 10 per cent tax on mixing drinks and (2) a 1.5 per cent sales tax on boats, motors and airplanes.

Bill also contains a provision to cut the sulphur tax from \$1.40 to \$1.03 a ton.

House conferees, none of whom served on the committee last session, are Reps. Menton J. Murray of Harlingen, Frates Seeliger of San Antonio, Wesley Roberts of Lamesa, Joe Ed Winfree of Houston and John Allen of Longview.

Senate conferees include four who served before, Sens. Rudolph Weinert, Dorsey Hardeman, Bruce Reagan and Jimmy Phillips, plus one new member, Sen. Wardlow Lane.

SENATE OKAYS BEACH BILL — After considerable haggling and several close votes, the Senate passed a bill to guarantee public access to public beaches.

Mustang and Padre Islands are exempted from the provisions of the bill. Sen. Bruce Reagan of Corpus Christi, who sponsored the amendment, said that the islands were being developed

MISS JOYCE JEAN CURTIS

Joyce Jean Curtis will wed Louis James Schoepf

Mr. and Mrs. Lawrence B. Curtis announce the engagement and approaching marriage of their daughter, Joyce Jean Curtis, to Louis James Schoepf, son

of Mr. and Mrs. E. T. Schoepf of Levelland.

Bowman Memorial Chapel of First Methodist Church, Lubbock will be the scene of the August 8 wedding. All their friends are invited to attend.

Miss Curtis, a graduate of Plains High School, is a medical technician at Methodist Hospital, Lubbock, and her fiance farms near Smyer.

with a systematic plan for public parks, beaches and recreation areas.

Opponents to the exemption said it would allow at least one-third of the beaches on the island to be under private control.

As passed by the Senate, the bill does not try to define boundary between state and private land, but simply affirms the public's right to come and go from state beaches by way of roads.

FEE BILL ADDED TO CALL — A bill to let state colleges charge a \$30 a semester activity fee got a new lease on life when Gov. Price Daniel submitted it to the Legislature.

Bill had been introduced twice, but fizzled out in the Senate when Sen. Henry Gonzalez challenged it on two points: (1) it was not "within the governor's call" for the session and (2) in order to be considered "within the call," it would have to be regarded as a revenue-raising measure which must originate in the House.

Governor Daniel's action changed this, and the Senate went back to work on the bill. A similar bill was passed by the House last session.

NO DEADLOCK HERE — Easiest agreement of the session was on a bill appropriating money to pay legislative expenses.

Both House and Senate gave final passage to a bill transferring \$400,000 from the cigarette tax fund to pay costs of the second special session.

This brings legislative expenses thus far to about \$2,700,000.

LAND SALE APPROVED — House passed a bill that would allow the state to sell a tract of about 40 acres just north of the State Hospital in Austin.

State Hospital Board has declared the system does not need the land. Austin city officials would like to see it privately owned so property taxes could be collected on it. Location is such that could be used for a shopping center.

Bill sets the minimum price at \$1,500,000.

TEC TO MOVE — Texas Employment Commission will be the first state agency to move into one of the new buildings being built north of the capitol.

Beginning July 16, TEC will cart some 686 employees and 11,000 items of furniture and equipment from 11 rented buildings to its new headquarters.

Operation is to continue around the clock and be complete on July 20. Unemployment checks will not be issued July 17, but delay is expected to be made up by end of the next week.

Final rites held for Cooper Trout Sunday morning

Funeral services were conducted for Cooper Trout, 62, at 10:00 a.m. Sunday in Brownfield Funeral Home Chapel with Rev. Billy Hatch, Tokio, officiating. Burial was in Plains Cemetery under direction of the Brownfield Funeral Home.

Mr. Trout, a resident of Plains for two years, died of a hemorrhage Saturday morning in Yoakum County Hospital after being rushed there by Barrett Funeral Home ambulance Friday afternoon. He underwent surgery for cancer in a Houston hospital almost a year ago from which he hadn't recovered.

He was reared in Fisher County and lived at Burk Burnett, Texas most of his life. He was a brother of the late J. R. Trout, longtime Yoakum County Commissioner.

He is survived by five daughters and one son. A daughter, Mrs. Edna Bridges, and family of Abilene and the son, Aubrey Trout and family of San Antonio attended the services. Four daughters, living in California, were unable to be here.

Four nephews, Clyde, Joe, Charles and Royce Trout reside here.

The Buster Kennedys, the Duane McDonnells and Pam left Sunday for a vacation in Ruidoso, Northern New Mexico and Colorado.

Rev. Sam Malone, retired minister and widely known newspaper man, of Seminole spoke at the morning and evening services at the First Baptist Church Sunday in the absence of their pastor who is on vacation. He and Mrs. Malone were guests of Judge and Mrs. G. P. Beane.

Seven daughters of Joe Kennedy at family picnic

Seven of Mr. Joe Kennedy's daughters with part of their families gathered at the Stanford Park Sunday with their father and Mrs. Kennedy for a Fourth of July Picnic.

Those present were Mr. and Mrs. Grover Richie and girls and Mr. and Mrs. R. W. Horton and family of Meadow, Mrs. Sammie Russell and girls of Las Cruces, N. Mex., Mr. and Mrs. Loren Gayle and children of Bronco, Mr. and Mrs. George Blount, Mr. and Mrs. Bruce Hill and Mr. and Mrs. Rayford Britton and families all of Plains, a grand-daughter, Little Miss Sherry Bookout of Sky Forest, Calif., Mr. and Mrs. Kennedy and Mr. Jackie Gray of Olton. Two daughters unable to attend are Mr. and Mrs. Jimmie Rice of Pittsburgh, Pennsylvania and Mr. and Mrs. Dubbie Bookout of Sky Forest, California. The two sons and family, Bill and Buster of Plains were away on vacations.

Studies by The Travelers Insurance Companies show that drivers error caused 85 per cent of the highway accidents in 1958.

Conservation stamp to be issued August 26

The world's first special soil conservation stamp will be formally released at the annual meeting of the Soil Conservation Society of America at Rapid City, South Dakota on August 26. It will go on sale at post offices throughout the country the following day, according to Wyatt Lipscomb, Head Soil Conservationist for Yoakum County.

Commemorative stamps mailed on the first day of issue and bearing the special cancellation mark used only on the date and place of issue, become valuable collectors items.

The National Association of Soil Conservation Districts has printed "First Day Covers" for use on the day of issue.

Anyone interested in receiving one or more of these first day covers with the new 4-cent commemorative stamp can contact one of the members of the Board of Supervisors of the Yoakum Soil Conservation District or the local office of the Soil Conservation Service at Plains, Mr. Lipscomb, said.

Wyatt Lipscomb, Yoakum County Work Unit Conservationist, attended a District Conference Soil Conservation meeting at Lamesa Wednesday.

Seven County 4-H'ers attended Electric Camp held in Levelland

An Electric Camp for 4-H members in District 2 was held at Levelland on July 6, 7, and 8. Attending this camp from Yoakum County as Zoleta Brantley, D'Lynn McGinty, Marsha White, Carolyn Warren, Roy Lowrey, Dennis Hickman and Tommy Elmore. The camp was sponsored by Southwestern Public Service Company and it is one method they use of trying to teach boys and girls to live better electrically. Each 4-H boy and girl that attended the camp assembled an electric soldering iron. They paid \$4.00 for the parts to this iron

and the retail price of a complete iron is about \$8.50. They also learned about some of the newly developed electric devices for the farm and home. Each camper was given a trip to Plant X near Earth and a tour of the plant. Plant X is one of the largest generating plants in the country. It is the third largest plant in the state of Texas. Attending the camp with the boys and girls from Yoakum County was Mrs. Myrna White, County Home Demonstration Agent and Leo White, County Agricultural Agent.

APPLY PLANT NUTRIENTS AS NEEDED — Use Liquid Solutions . . .

H. O. SINGLETARY SIDE-DRESSING — "We have to produce as much grain as possible on every acre of ground. By the proper use of fertilizers and under the right weather conditions we do just that. I side-dressed with 60 lbs. of liquid nitrogen per acre. We fertilized before planting and with this addition of liquid nutrients we hope to have another bumper crop this year," said Singletary. He added: "I also put down liquid fertilizer on my cotton before planting and will side-dress about bloom-time."

In all probability no other new farming practice has spread so quickly as the application of nitrogen solutions directly to the soil. In the past few years more and more farmers have been side-dressing with nitrogen fertilizers in order to give their growing crops that extra supply of plant nutrients at a time when the plants need it most.

Nitrogen deficiency symptoms in cotton are characterized by relatively meager growth and yellowish-green color of foliage. The older leaves are the most affected.

Most cotton soils are relatively low in nitrogen, and it is necessary to utilize fertilizer nitrogen to secure the best production. It is a recommended practice to make two applications of nitrogen; and a second application is added about mid-season. By the application of nitrogen at two different stages it will provide a more uniform supply of available nitrogen to the plant and tend to reduce the intensity of the nitrogen-deficiency symptoms.

Before adding that second application of nitrogen solution, it is a good idea to have tissue tests made of the plants. What amounts should be applied in order to get the best production.

ASC election in county set for September 1-8

Farmers in Yoakum County are reminded that election will soon be held to name an ASC Committee for Yoakum County. To be elected are a committee chairman, vice-chairman, regular member, and two alternates.

The elections are held each year and this year they are scheduled to be held in Yoakum County between September 1-8.

According to W. M. Overton, ASC Office Manager, farmers eligible to vote in the election are all those who have an interest in a farm or ranch as owner, tenant, or sharecropper. Each voter likewise must be a participant in or be eligible to participate in at least one of the programs administered locally by the ASC Committee. These programs include:

- (a) A payment or grant of conservation materials or services is or will be made with respect to the farm under the current agricultural conservation program or there is being carried out on the farm one or more of the current program practices approved for the State by the State Agricultural Stabilization and Conservation Committee.
- (b) A marketing quota is currently established for the farm;
- (c) Such person is eligible for a co-operator's loan or other price support;
- (d) Such person is eligible for a payment under the Sugar Act Program;

(e) Such person is eligible for a payment under the National Act Program or

(f) Such person is eligible for a payment under the acreage or conservation reserve program carried out under the Soil Bank Act.

In any State having a community property law, the spouse of a person who is eligible to vote under the foregoing provisions shall also be eligible to vote.

Overton urges all eligible voters to keep the above dates in mind and vote in this election.

allotments at least 75 per cent of parity. Farmers who exceed the larger of the farm allotment or 15 acres will be subject to a marketing quota penalty of 45 per cent of the wheat parity price on their "excess" wheat.

If the quotas are not approved at least two-thirds of the growers voting, the quotas and penalties will not be in effect, and price support will be available to farmers who comply with their farm wheat allotments at 50 per cent of parity, as directed by law. At current parity levels, that would be about \$1.18 per bushel.

All Yoakum County farmers will vote at the Old Courthouse in Plains, July 23, as announced by the Committee.

Plan work days at local cemetery on Saturdays in July

A work day will be held each Saturday at the cemetery during the month of July, according to G. W. Cleveland, president.

Cleveland said, we have a considerable amount of work that needs to be finished and he urges anyone who can devote a little of their time to this worthy cause to be at the cemetery this Saturday and the following Saturdays during this month.

Cleveland also urges everyone to attend the semi-annual cemetery association meeting which will be held at the club room Thursday night, July 16.

Girls Scouts take trip to Ruidoso for two-day stay

The local girl scout troop enjoyed a trip to Ruidoso, New Mexico Tuesday and Wednesday of this week.

Nineteen girls and four mothers made the trip. The girls enjoyed horseback riding, bowling, roller skating, skiing, shopping for fun and visiting the mysterious spot.

The girls earned their money for the trip by selling peanuts, snow cones and bake sales. They decided on a two day trip rather than going to the regular girl scout camp as they have in the past years.

Mothers accompanying the girls were Mrs. James Warren, Mrs. P. W. St. Romain, Mrs. John Robertson and Mrs. Wallace Randolph.

Girl scouts making the trip were Kathy, Barbara and Linda Bryant, Jana Warren, Jackie Hawkins, Frieda Copper, Gayla and Mary Kerrick, Wanda Anderson, Joyce Kissinger, Tonya and Pam Robertson, Linda Robertson, Dorothy and Linda Taunton, Darlene and Dene McDonnell and Sylvia McGinty.

NEED LIBRARIANS

Approximately 50 librarians are needed in Veterans Administration Installations located throughout the United States (except in Alaska and Hawaii) and Puerto Rico, the United States Civil Service Commission announces. The vacancies are in patient's libraries and medical record libraries, and pay entrance salaries of \$4,980 a year.

The amount of iron and steel in use in the U. S. is enough to build six cars for each man, woman, and child in the country. The World Book Encyclopedia says more than one and one-half billion tons of iron and steel are in use.

Nursing home will open in Lamesa for aged on August 1

Plans have been completed to open the Lamesa Nursing Home for the aged and convalescent on August 1, H. J. Carter, Odessa, administrator of the home announced today.

The home will be capable of maintaining 80 beds and will be located where the Lamesa General Hospital was located. There will be 24-hour nurse duty and doctors will be available on call.

Church services are scheduled to be held at the home each week. There will also be a modern recreation area. Facilities will include equipment to handle treatment of accident cases, intravenous feeding and other duties of a modern hospital.

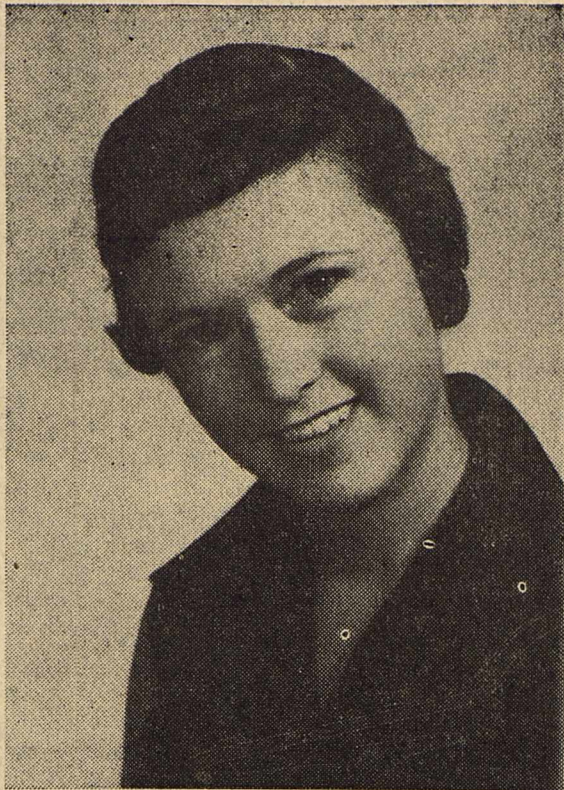

Further information concerning the new Nursing Home may be had by contacting H. J. Carter, 1706 Bonham, Odessa.

National Defense Fund Loans are now available at Wayland Baptist

Wayland Baptist College has \$10,000 in National Defense Loan Funds available for superior students this fall, according to H. L. Mitchusson, college business manager to whom applications should be sent.

Only full-time superior students are eligible, according to the provisions of the grant from the United States Office of Education. However, students who commute to the campus daily are eligible if their academic records are sufficiently high.

The policy that promoted Congress's passing the National Defense Education Act includes "the security of the nation requires the fullest development of the mental resources and technical skills of its young men and women. . . . We must increase our efforts to identify and educate more of the talent of our nation. This requires programs that will give assurance that no student of ability will be denied an opportunity for higher education because of financial need. . . ."

Because of the shortage of qualified teachers which has developed in recent years and which is expected to continue to increase, the government has made a provision for the cancellation of a part of this loan as a special inducement. The law provides that up to 50 percent may be cancelled, including interest, for five years of teaching

in an elementary or secondary school.

Further information may be had by writing Mr. Mitchusson at Wayland Baptist College or by seeing him.

Don Scott breaks ankle in accident on Scott's farm

Don Scott, 13, son of Mr. and Mrs. Dorman Scott, sustained a fracture of both bones just above the ankle of his left leg in a freak accident on the Scott farm Wednesday of last week.

A Mexican hired hand was changing a tire on the tractor while Don stood nearby watching. When the hand levered the jack to raise the wheel, against which the tire was resting, the tire fell against Don's leg causing the fractures.

He was rushed to Terry County Hospital, Brownfield, where X-rays revealed some splinters. The leg is in traction now and he is doing satisfactorily. It is hoped that it can be placed in a cast very soon.

Don's luck hasn't been the best this summer for he received a deep cut on his forehead that necessitated several stitches shortly after school dismissed for vacation.
