Plains Talk

By WENDELL FAUGHT

These days a child who knows the value of a dollar must be mighty discouraged.

An outstanding example of civic pride was shown at the Chamber of Commerce banquet Friday by the large number in attendance. Turnout was excellent despite the fact that many people were on vacation or otherwise unable to attend.

We've noticed the lack of teenage loafers on the streets of Plains, a sight not so common in far too many towns. It's certainly a credit to the environment here that so many youngsters hold down regular jobs during the summer instead of spending 12 or more hours each day in search of something to do.

The optimism of Dr. Lynn promises to be a big asset to the civic interests of Plains. He explains that when he told his medical colleagues in Oklahoma City of the bright spots of the town he was about to adopt as his home, they wondered why they couldn't get an opportunity like that.

Speaking of new residents, Kenneth Davies, funeral director at Davis Funeral Home in Plains, has fitted in perfectly with the small town atmosphere. He's been in town only a few days but he already knows more people than some would get to know in years.

Worst job in town, in our opinion, belongs to those rugged individuals assigned the task of applying tar to the roof of the new Plains State Bank building during last week's 100-degree temperatures.

Deputy Olan Heath who had the mysterious radio set in his possession last week as a result of its discovery by J. W. McCann Jr., had to part with his toy Thursday when he was informed by the military to mail it to the War Department in Washington. There was no county expense involved — it went postage free.

The wife, whose activities had been pretty well confined to the house and yard since her arrival, finally got a first-hand observation on the friendliness of the people of Plains over the weekend. Her attendance at the banquet Friday helped her morale a great deal and she came home from the tea Sunday talking about how nice all the people were that she had met.

When Amos Smith volunteered to help us put up our air conditioner Saturday, he probably helped a happy family stay together. We had already received our ultimatum — by Saturday or else.

We're also grateful to Mrs. Hinkle, county treasurer and good neighbor deluxe, for a number of little things she has helped us with.

Plains school teachers deserve an applause for their activities during the summer. A host of them is engaged in the school construction work, the type of employment not commonly associated with those of their credentials.

Lions install new officers Thursday

New officers for the coming year were installed Thursday by the Plains Lions Club during the regular meeting of that organization.

Roger Harvey is the new president. Other officers are C. J. Coffman, first vice president; Buford Duff, second vice president; P. W. St. Romain, secretary; Leo White, treasurer; Dave Levens, tail twister, and J. W. Moore, Lion tamer.

New directors are A. B. Carpenter, Russell Faulkenberry and Buddy Hanna.

Installation ceremonies were performed by John Hansard, of Brownfield, deputy district governor.

Marsha White is now serving as Lions Club sweetheart. She has replaced Jeanine St. Romain who graduated last spring and plans to attend college this fall.

TERRY POWELL is one of many Plains folk who have found comfort from the heat at the local swimming pool. Swimmers have been flocking to the pool in record numbers. REVIEW Photo

Plains students begin new school term Aug. 31

Opening date for the beginning of the 1959-60 school term in Plains has been set for August 31, it was announced this week by G. D. Kennedy, superintendent. Further details concerning the first-day schedules are to be revealed next week.

The superintendent stated that two vacancies for school bus drivers still exist. Persons interested in the positions are requested to contact Kennedy.

Speaker delivers interesting talk at banquet Friday

"All progress was caused by unsatisfied persons and I hope there is no one here tonight who is satisfied with things just as they are."

With those words Dr. P. D. O'Brien began a short but interesting talk to the 124 guests at the Plains Chamber of Commerce banquet Friday evening. The pastor of the First Baptist Church of Big Spring explained there was a vast difference between an unsatisfied person and one who is dissatisfied.

"The unsatisfied are optimistic and eager to make things better while the dissatisfied take a pessimistic view and are unwilling to do anything about their discomfort," he pointed out. He complimented the Plains Chamber of Commerce on its accomplishments of the past and the ambitious program it had adopted for the coming year. "It will take a lot of work to realize your goals," he said, "but nothing was ever successful without work."

Dr. O'Brien's address followed a longer and equally informative joke-telling demonstration during which time he kept the crowd relaxed and laughing. Explaining at the outset he liked to tell jokes, he spent the next 15 minutes proving his point and the group loved it.

Special guests to the banquet included businessmen and Chamber of Commerce officials from Brownfield, Denver City and Seagraves as well as Mrs. O'Brien and Rev. and Mrs. Pollard of Big Spring. All were introduced by President N. D. Taylor, as were a number of new residents of Plains.

Janelle Parks, a student at Howard Payne College, Brownwood, and her sister, Lela Parks, provided the entertainment for the evening. Janelle sang two songs, "My Happiness" and "Tammy", while Lela accompanied her at the piano.

The menu, reflecting a Chamber of Commerce trademark by the fact that all vegetables were locally produced, consisted of chicken, okra, blackeyed peas, squash, sliced tomatoes, cucumbers, cantaloupe, rolls and butter, iced tea and orange sherbet. Mrs. Jo Brown, Plains school home economics instructor, had charge of the preparation of the food.

Van Liew Youngster sustains head injury

Ricki Van Liew, five-year-old son of Mr. and Mrs. R. J. Van Liew, suffered a painful head injury Monday afternoon while playing in the yard at the George Blount home. The boy struck his head on the housing of a teeter totter set.

Chamber sets goals for coming year

President reveals program to guests at banquet Friday

An ambitious Chamber of Commerce program for the coming year was outlined Friday evening by N. D. Taylor, president of the organization, before 124 civic-minded persons who attended the banquet at the high school cafeteria.

Highlights of the outline included publication of a brochure depicting interesting information about the area, a street marking and house numbering program, concentrated efforts on more rent houses and investigation into a possible trades day for retail merchants.

Elaborating on each of the points, Taylor explained that the Chamber of Commerce has numerous calls for a brochure. Others interested in obtaining facts about the area inquire of the chamber to furnish them information concerning churches, schools, farming, recreation facilities and numerous other subjects vital to persons who are investigating possibilities of the area.

The president said all of these subjects could be incorporated in a brochure and members of the organization felt the community would derive much benefit from it.

"A street marking and house numbering project is badly needed," Taylor said. "We have outgrown the stage where we can identify locations in the town by simply telling who lives nearby."

Rent houses, the lack of which has probably retarded the growth of Plains more than any single thing, should be increased in number, Taylor said. "We have many people working in the Plains area who actually reside in neighboring towns because of their inability to obtain living quarters here," he explained. Just what steps could be taken to relieve the grave situation are unknown to him, Taylor said, but he added that members of the chamber hoped to find some solution.

A trades day or some sort of retail merchants promotion event to be held monthly has been talked by a number of businessmen recently. Ideas along this line are invited and the Chamber of Commerce is anxious to assist in any kind of promotion which will benefit the area, Taylor pointed out.

Three major accomplishments already realized by the Chamber of Commerce during the past year were listed by the president.

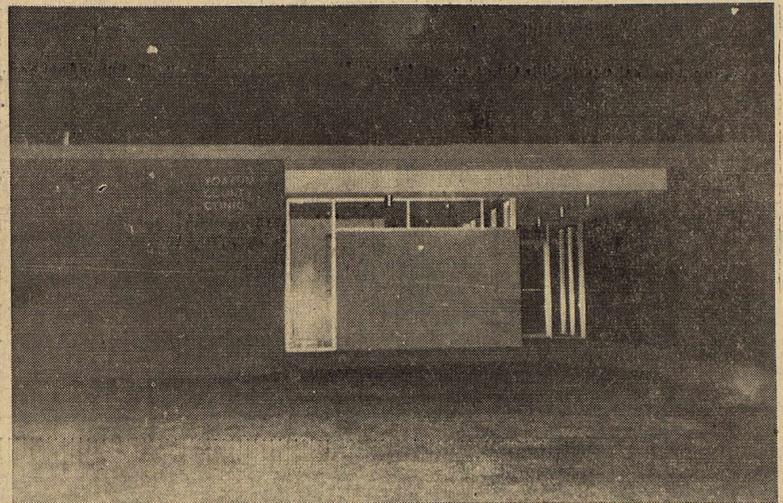

See CHAMBER, page 8

Chamber in need of rental listings

Constant demands on the Chamber of Commerce for rental houses has prompted Manager Emery Longbrake to issue a plea to all persons who have rental property available to list it with the chamber office.

The Chamber of Commerce office is now located in the building formerly occupied by Modern Beauty Salon, across the street west of the County Library. Phone number is GL 6-2929.

New hospital now open for residents of area

THE BEAUTIFUL NEW Yoakum County Clinic in Plains is now ready to serve the people of this area. Patients are now being accepted, despite the fact that office furniture and several pieces of equipment have not yet arrived. Open house at the clinic is scheduled for a later date.

X-ray equipment, office furniture still not here

Opening of the new Yoakum County Clinic in Plains was held unofficially this week when Dr. Clyde A. Lynn began accepting patients at the ultra-modern institution. After years of search and work, people of the Plains area now have complete medical facilities.

Business boomed immediately for the new physician as a steady flow of people interested in medical treatment began patronizing the clinic and the doctor as soon as the doors were opened to the public. Dr. Lynn said 17 patients called Tuesday.

Office furniture has not yet arrived and some equipment is not yet here. Most all the major equipment is in its place, however. The most important piece of equipment which is not here is the X-ray machine. Dr. Lynn stated that he had already had need for the X-ray machine. He is to talk with representatives with whom the order is placed Thursday or Friday and arrangements are expected to be completed at that time.

The clinic is to be equipped with all the latest equipment and supplies. Except for hospitalization, patients will be able to receive any service in the Plains clinic which is offered by any other hospital. A recovery room is being set up, however, and patients in need of temporary hospitalization may obtain it. Dr. Lynn said hospital patients would be sent to Denver City.

Dr. and Mrs. Lynn and their two sons, Clyde Jr., 14, and Charles, 9, arrived in Plains last week although they had established a residence here some time ago.

The doctor comes here from Oklahoma City where he has recently completed his internship.

Grid drills begin Monday

Candidates for the 1959 Plains high school football team begin their training program at 8 a.m. Monday when approximately 33 hopefuls are expected to answer the call for the first practice session. Two-a-day workouts will be held for the first two weeks, it has been announced by Coaches Jack Pierce and Rip Stewell. Sessions begin at 8 a.m. and 5:30 p.m.

The coaches issued a call for all boys planning to play football this season to meet at the field house between 3 p.m. and 5 p.m. Sunday in order to be fitted with equipment.

Freshman gridgers will not answer the initial call. Their practice is to be delayed another week while coaches concentrate all their efforts in to getting the varsity into shape for the season's opener here against Meadow on Sept. 4.

Plains returns 16 of 24 lettermen from last year's powerhouse which swept the district championship and went all the way to for all attending. Directors, in the state quarterfinals before bowing to White Deer, the eventual state champion. Seven starters from the 1959 aggregation return, in addition to another defensive regular.

Coaches are optimistic about the prospects of this year's team. But they are quick to caution that the schedule will be rougher, despite the presence of the same 10 teams on it. Pierce said the district would be stronger this year with the likelihood that Seagraves and Sundown

will be hardest to handle. Sundown is expected to be even stronger than a year ago when they gave the Cowboys their stiffest test.

Offensively, the Cowboys are scheduled to look a little differently than they did last fall. They will still use the Winged T as a basic offensive formation, but a variation of the standard lineup will find a man in motion much of the time. Pierce says it will be known as a Flying Wing formation.

Returning starters from last season's champions are Walt Coffman, Harmon Meixner, Don Todd, Vernon Etheridge, Doug Todd, Joe Don Marrow and Don Williams. In addition to these, Ray Faught, who was a defensive starter a year ago and playing a lot on offense, is returning.

Big rebuilding job for the coaches centers around replacements at left end, right tackle and quarterback. Meixner, the regular left end in 1958, is being shifted to guard to replace the graduated Bill Lattimore. Mike Sink is scheduled to get a good looking over at the quarterback position as the Cowboys seek a replacement for last year's signal caller and passing ace, Corky Huddleston, who graduated.

The other missing back is Jim Williams who closed out his high school career last season. Williams, a wingback, scored 152 points last year, gathering 13 touchdowns as a pass receiver. The absence of the Huddleston-to-Williams pass combo must be replaced or some equally-effective

substitute employed if the Cowboys are to possess the offensive explosiveness which

County to name Cotton delegates

All farmers and businessmen have been urged to attend a meeting in the County Club Room Tuesday of the Yoakum County branch of the South Plains Cotton Growers Association. Bill Loyd, one of the two local directors, said the session would begin at 8:00 p.m.

Principal purpose of the meeting will be to name two new directors from Yoakum County, Loyd said. The other local director is Rod Duff. Loyd explained that each of the 22 counties comprising the cotton growers organization has two directors, one farmer and one businessman.

Delegates elected here will meet with representatives of other counties during the third annual meeting of the PCG in Lubbock August 28. All cotton producers and businessmen are invited to attend the meeting. J. M. Cheatham of Griffin, Georgia, a man who has been in the textile business for more than a quarter of a century, will be the principal speaker. The meeting begins at 10 a.m. in the Municipal Auditorium in Lubbock. Free door prizes will be given and a fish fry at lunch is to be free.

Rally set Friday by County 4-H'ers

All the 4-H club members in Yoakum County will gather at Stanford Park in Plains Friday for the annual Rally Day. Registration will begin at 9:00 a.m.

The boys and girls will play games, hold fun contests and take part in other recreation during the morning. The main party of the Rally Day will be the presentation of year pins and awards for outstanding work in the 4-H program.

During the afternoon the boys and girls will go swimming in the local pool, return to the park for refreshments and be ready to go home by 4:00 p.m.

Roping club rodeo set for Saturday, August 22

The annual rodeo sponsored by the Yoakum County Roping Club for 1959 is scheduled for Saturday night August 22nd in the local arena.

The event will include a tie-down calf roping contest, a heading-and-healing event, plus some other events for boys and girls only.

The events for boys and girls under 19 years of age will include a barrel-race, a flag race and pole-bending race. The Roping Club will present loving cups to winners of first, second and third places in these events. Final arrangements are not complete but plans are being made for a goat sacking event for kiddos who are 12 years old or less and a goat tying event for older riders provided the necessary number of goats can be found.

The above events have been scheduled in place of the rodeo the Roping Club has sponsored in previous years due to the fact that they were unable to find a rodeo producer to furnish the necessary stock for a regular rodeo.

R. N. McGinty, president of the local roping club, will appoint necessary committees to handle the roping and riding events. The admission fee has not been determined but it will be reasonable, he said. Only one night of festivities has been scheduled by the club because a girls' barrel racing tournament and a boys' flag racing tournament has already been scheduled for the preceding night.

The Ageless Tree

This mighty oak is a striking symbol to man of the majestic permanence of God's creation. Its long roots are deep within the earth; the wide, strong trunk giving support to the upper limbs and branches. How old this tree is no one can say for certain... the first settlers perhaps rested in its shade during their journey across the land. Scores of years later some man put up the fence, once taut with wire; but now rotten and sagging. The small house is now the pride of a family; but soon it too will crumble and fall. This is the way with all material things that we build. They are but passing features upon the land. The great wealth, the fame and fortune we so desperately strive for, like the fence and the house will soon turn to dust and ashes.

It is only by growing our roots deep in the faith of God that we shall be able to endure as this mighty tree. Begin now to plant the seed that will mean everlasting life. Attend the church of your choice this Sunday...and take your family.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Cowboys to open 1959 football season with three consecutive home games

Same ten teams appear on Plains slate this year

Lest we forget . . .

In case someone has forgotten how the Plains Cowboy football team fared during the 1958 season, the following scores may jog the memory and at the same time afford new residents an opportunity to discover why football fever is so high around here.

Plains 48	Meadow 12
Plains 20	Morton 0
Plains 50	Wilson 6
Plains 48	Jal 6
Plains 48	Whiteface 14
Plains 22	Farwell 24
*Plains 70	Frenship 0
*Plains 44	O'Donnell 20
*Plains 24	Seagraves 0
*Plains 14	Sundown 6
**Plains 36	Rotan 14
**Plains 20	Ozona 18
**Plains 16	White Deer 46

*Denotes district games. **Denotes state playoff games.

Plains gridders this fall will meet the same 10 teams which made up their 1958 schedule and if the results turn out the same way, this should be another football happy hotbed during the 1959 pigskin parade.

First game is only three weeks away, the Cowboys meeting Meadow here the night of September 4 in the first of three consecutive appearances before the home folks. Wilson and Morton invade Plains on the two following weekends and then the Cowboys play Jal, Whiteface, Farwell and Frenship on foreign soil before returning home to meet O'Donnell. They go to Seagraves October 30 and close the season at home on November 13 against Sundown.

District 5-A games will be the ones against Frenship, O'Donnell, Seagraves and Sundown. The Cowboys breezed through the first three teams a year ago and then took the district title with a win over Sundown.

The first two games, those against Meadow and Wilson, will find the Cowboys meeting teams they easily handled during the 1958 campaign. Meadow fell by a score of 48-12, and Wilson was bombed 50-6. The September 18 clash with Morton looms as the first real test of the Cowboys' strength. Morton fell to the Cowboys last year 20-0.

Jal offered only token opposition to Plains last season, the New Mexicans falling, 48-6. This series will be renewed in Jal September 25. Whiteface dropped a 48-14 verdict to the Cowboys and will be hoping to fare better when the teams meet there on October 2.

The date with Farwell, scheduled for October 9 in that border town, will probably find Plains gridders keyed sky high. Farwell was the only team to defeat the Cowboys during the regular 1958 season and Plains will be out for revenge. Farwell is ticketed to capture another district title in 3-A. Last year's score was 22-24, Farwell, and that game will not soon be forgotten here.

Following the Farwell game, the Cowboys concentrate their efforts on the district race. Frenship, a 70-0 victim in 1958, furnishes the first district opposition on October 16. O'Donnell, the team which scored more points on Plains last year than any other loser though soundly trounced 44-20, comes to Plains on October 23.

The traditional battle with Seagraves, always a toughie, is set for the Gaines County town on the night of October 30. The Cowboys spanked the Eagles, 24-0 last season.

An open date follows the Seagraves contest, giving the Cowboys an extra week of preparation for what looks like the showdown clash with Sundown here November 13. The locals upended Sundown, 14-6 in 1958.

Guests of Mrs. Salet Hague and her families over the weekend were her brother and wife, Mr. and Mrs. Bud Butler of Dallas.

S. W. Foy and son of Baird were business visitors in Plains Friday. Young Mr. Foy is a member of the Baird Little League All-Stars who were defeated by a Lubbock Team Thursday night in the Section I tournament in Brownfield. Mr. Foy owns land in the north-central part of Yoakum County.

Barrell racing tournament set for next week

In the Plains Rodeo Arena, Friday, August 21st, beginning at 8:30 p.m., there will be a double elimination flag racing tournament for girls and a double elimination flag racing tournament for boys. The following eight girls have entered in the barrel racing tournament: Jan Copeland, Margaret Henard, Ethel Martin, D'Lois McGinty, D'Lynn McGinty, Sylvia McGinty, Sharon Smith and Marsha White.

Boys will have try-outs on Monday night, August 17th, to determine the eight fastest flag racers. Those who have been practicing for the try-outs are: Charles Bedford, Oscar Henard, Chip Bennett, Kress Jones, Spud Jones, Tommy Jones, Kenneth McGinty, Pharon Pharr, Tommy Pharr, Lee Tingle, Cote Trout and Joe Wagley.

Each rider will draw for position and run a two ride match against an opponent. The four winners will ride against each other and the four losers will ride against each other and the matches will continue until all except one contestant has lost two matches.

Winner of each event will be

New resident first patient for doctor

The distinction of being the first patient of Dr. Clyde A. Lynn belongs to a new Plains resident, Bill Norwood.

Dr. Lynn was summoned to the Norwood home last Tuesday, about 30 minutes after he arrived in town.

Gerald Gainer returned to his home at Albuquerque, New Mexico Tuesday after spending a week here visiting his grandmother, Dr. May Gainer.

declared the 1959 Champion; however, no awards will be given. The tournament is sponsored by the Yoakum County General 4-H Club and no admission fee will be charged. The club members will operate a concession stand and they will have programs to sell so the fans can keep a record of the various races.

If all the contestants are present and competing in the tournament there will be at least 112 rides. It takes 56 or 60 rides to complete a double elimination tournament, and the winning rider will make 10 or 12 rides during the evening. On the following night, August 22nd, the same riders plus others will compete for trophies in three events; barrel racing, flag racing and pole bending.

Coaches pick Cowboys in district

Don't tell Coaches Jack Pierce or Rip Sewell, but the Plains Cowboys are picked to win their second straight district 5-A championship. That's the word from Fort Worth where other

coaches in the district were polled as to their predictions. A. D. Shaver of Seagraves was the 5-A coaches during the coaching clinic held in Fort Worth last week. But the Cow-

boys were not shoo-ins by any means, the poll revealed as always powerful Sundown was given a good chance of dethroning the Cowboys from the crown the Plains gridders brought home to Yoakum County last fall.

Plains will have seven returning starters from last year's club that advanced to the state quarterfinals before being eliminated by White Deer, a team that went on and won the state title.

In other area Class A districts, coaches picked Farwell to take the 3-A title and Ralls as the best bet in the 4-A race. Farwell, a two-point victor over Plains last fall in the only game the Cowboys lost until the playoffs, was district champion last year while Ralls finished second to Idalou in its district.

Soldier is killed; Plains man hurt in accident in Gaines

A Causey, N. M., soldier on furlough was killed, a Plains man and three others were injured in a two-car collision 2½ miles east of the Texas-New Mexico state line in Gaines County early Wednesday morning.

The dead youth was identified by police as Donald Gail Criswell, 21. He was riding in a sports car driven by Glen Harold Avery, 27, of Causey, which was struck from the rear by a 1956 Mercury driven by Pollard E. Wise, Jr., Plains.

Another passenger in the fatal car was Dewey Avery, 21, of Causey; while Florence Edith Turner, Hobbs, was a passenger in the Wise-driven vehicle. All four passengers in the two cars were injured, but none seriously.

State Patrolman Gene Pate, Seminole, said the Mercury struck the Renault and spun it around. The Mercury overturned off the south side of the highway, he reported. The injured were taken to Lea General Hospital in Hobbs, N. M., for treatment. Both cars were reportedly travelling east when the 2:45 a.m. collision occurred.

Kenneth and Claudine Peters of Brownfield and Paula and Don Jr. Reding, of Whitharral spent last week in Plains with their grandparents, Mr. and Mrs. Ralph Bone.

A Thought for Retailers

Did You Just Lose A Customer?

Every year, many of a store's customers move away or die. Many others shift their buying from one store to another, perhaps because they think they are getting better merchandise, or lower prices, or perhaps because of one store's indifference and the other's aggressive promotion.

ON THE OTHER HAND . . .

Many new families move into the Plains community each year, replacing those who move out. Many young people become adults annually. They marry and create new families which require food, clothing, homes and a multitude of other things.

THE POINT IS . . .

A retailer isn't dealing with a fixed group. He is selling a passing parade, an ever-changing market. That is why advertising — consistent advertising — which reaches all of the potential customers is an essential part of successful merchandising today. In this area, nearly all of your potential customers are Review readers. New residents or natives, young or old, they need the newspaper.

Phone dialing to change Saturday

Plains telephone users were reminded again this week that it will be necessary to dial all five digits of local phone numbers beginning Saturday.

Heretofore it has been necessary to dial only the last four numbers but P. W. St. Romain, manager of the local system, explained that continued growth of the number of installations will now make it necessary to also dial the first number, which is a "6".

It is still not necessary to dial the GL prefix when making local calls.

Request made for re-employment by former librarian

Mrs. Bert Bartlett has made application for the position of county librarian, it was revealed Tuesday by County Clerk J. W. O. Aldredge. Mrs. Bartlett, who resigned from the same position several weeks ago, is seeking re-employment to the post which has not yet been officially filled by the Commissioner's Court.

Commissioners earlier had appointed Mrs. Bill Harwell of Denver City as first assistant librarian and she has been performing the duties of the county librarian. Mrs. Harwell, who is in the process of obtaining her certification which would make her eligible for the top position, is also a candidate for the position.

In the regular meeting of the Commissioner's Court Monday, a group of Plains women met for a second time with the court to discuss the library situation. Earlier they had protested a published report that Mrs. Harwell planned to move the county library records to Denver City. Commissioners voted Monday to maintain all records in the county seat and Commissioner Vance Brown requested a legal opinion as to what constituted the library records.

After the unanimous vote of the commission, the women left the meeting but returned an hour or so later to report they would like to submit the name of Mrs. Bartlett as a candidate for the librarian position. County Clerk Aldredge told them to have Mrs. Bartlett make formal application, a request that has now been complied with.

In other business transacted by the Commissioner's Court Monday, a study was made of the final report of the county audit just completed by Harold P. Wine, accountant and auditor of Ballinger. Commissioners voted to publish a partial report of the audit in both Yoakum County newspapers. A complete copy of the report is on file with the county clerk and may be inspected at that office by anyone interested.

On the recommendation of Mr. Wine and the county auditor, Bill Moorhead, the court agreed to notify all county offices that purchase order forms would be necessary before supplies can be bought legally. Requests for purchases must be submitted to the county auditor and approved by the county judge before supplies can be ordered.

Mrs. Thelma Ellis was accompanied by her son, James, of Odessa to Dallas Friday to visit her brother, Mr. and Mrs. Ray Hickerson and family. She returned to Plains Monday.

TO PLAINS — "THE CITY WITH A FUTURE TO SHARE"

FOR YEARS we have recognized, as did our forefathers, the necessity of adequate medical facilities for our growing population. Through the initiative of the people of Plains, the citizens of Yoakum County provided a modern clinic as a first step toward fulfillment of this dream. The rest was up to us and we feel we have passed the test in flying colors.

WE ARE certain we have obtained the best medical man possible in which to place our confidence. Our long search has been climaxed with excellent results, proving the ancient axiom that the best things are the most difficult to obtain.

WE WELCOME you and your family to our community. We are anxious to know you better and to assist you in any way possible. You will find our city small but growing, the people the friendliest in the world, the businessmen industrious and cooperative, civic leaders boastful and proud, the schools superb, the churches great and friendly and the spirit here is wonderful. We feel we have an outstanding city and a vast potential we are sure you will help us develop.

YES, WE HAVE a great future and we are happy you elected to share it with us.

Also a dark side

Optimism heretofore expressed in these columns was not intended to imply that we saw only the good side of Plains. Unfortunately there are many bad points which must be remedied if we are to attain the stature we so seriously seek.

One of the most important of these is the sprawling, meandering business area which has grown uncontrolled along the highway. In many cases, gapping holes exist between one business and another, making not only an unattractive sight, but seriously affecting the businesses themselves.

As a result of this situation, Plains has no real downtown area. A shopper who needs to purchase an item must often drive to the very store the item is sold instead of coming "downtown" where he will be within walking distance of several other stores which might attract him.

A number of choice building sites around the court house square are now available. It is heartening to see that some of them are filling up. But let us hope that businessmen in the future will realize the need to create a shopping center whereby persons may make their purchases conveniently and without need of an automobile to get from one store to another.

Let's do it right

Considerable talk has been going on lately concerning the possibility of organizing a trades day or some sort of promotion by retail merchants. No doubt many cities have obtained excellent results from such programs and there is no question in our minds but what Plains could do likewise.

Successful events of this type are results of careful planning and constant improvements. Active participation of a large number of merchants is imperative. The thought behind such a program is the realization that what is good for one businessman is good for another. A sale at a hardware store, for instance, is likely to help every business in town, providing it attracts the customers. A lot of shoes have been sold to people who came to town to buy TV sets. If a dozen or so local merchants are offering customer-appealing prices at the same time, there is no question but what outstanding results could be obtained.

There are other factors to consider when setting up the program. Foremost of these is the necessity of getting people to come to town. A number of gimmicks have proved successful. Some towns hold drawings and award cash and merchandise prizes. Others provide various sorts of entertainment and still others hold simple contests or games in which the audience participates for prizes or fun.

A well planned set of ideas should be setup. Then after the event gets going, improvements should be made so as not to make each trades day a carbon copy of the one before.

ACROSS THE Cattle Guard

by LEO W. WHITE
County Agent

Thirty years ago almost every boy and girl who lived on a farm or ranch had a saddle horse or two and they knew how to use them. Horses and mules have been replaced by the tractor for so many years that many of our boys and girls in the rural areas do not even know how to ride a horse. Some of them still have ranch horses and others have taken horseback riding as a hobby or as recreation. The local Roping Club and the Yoakum County General 4-H Club have taken it a step farther by setting up some competition events for these boys and girls. The kids who have horses get a lot of fun from entering these events. There is a certain amount of skill that must be developed on the part of the rider as well as the horse. When a rider trains a horse to perform at his best while in contest, then the rider is developing additional skills, that of animal training.

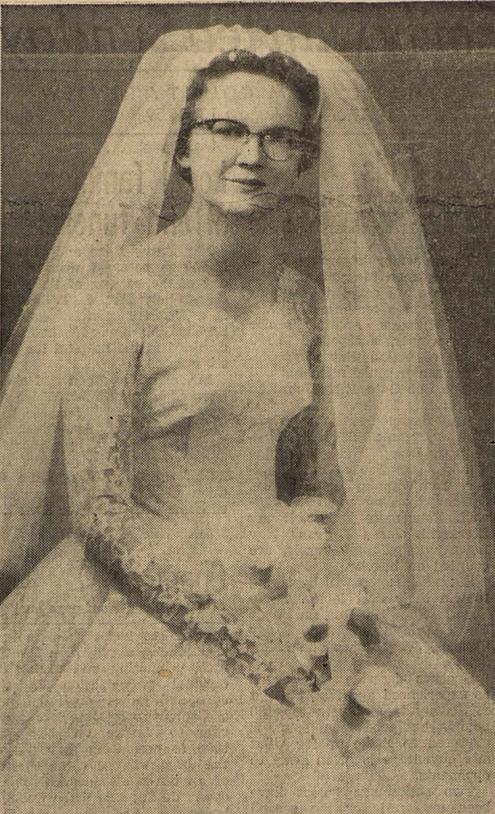

I think the members of the Roping Club are to be commended upon their interest in the younger generation. It is a wholesome situation when adults take an interest in the desires of the young people. It is not just a means of keeping them out of mischief, as some people would believe, but it is a way of being of service to others. The boys and girls need the help that adults can give them in this recreation and the adults need the experience and companionship of the younger ones.

This business of barrel racing, flag racing and pole bending is something that can be made into an annual event. Some of the kids will soon become too old to participate and those who are too young now will soon be old enough to want to participate. This means that some parents will probably start looking for a satisfactory horse in order that their boy or girl can get into the competition in the future. Teaching a boy or girl to ride a horse is a time consuming affair. No kiddo enjoys getting out and riding alone, but a six year old kid gets a lot of enjoyment out of riding along with daddy even if they just ride around the field or down the road and back. The six year old develops one of his greatest characteristics while he is learning to ride. There is where he realizes that he has to do the controlling of the animal. He develops confidence in himself and he feels real good because he has ridden all the way without any help.

Later on he gets to the point that the old gently kid pony is a little too slow and he wants a mount with more spirit. He would like to have one that could be trained for flag racing, pole bending or barrel racing. He might even want to start roping calves at an early age and he would want a horse that was able to carry him to a fast running calf. Horses that will do a good job on the barrels or the poles must have excellent action and balance. They must be good reigning horses. A good glad racing horse must be a light mouthed horse that can stop and start without losing time. A good flag racing horse would also make a good calf roping horse.

The keeping of a saddle horse for recreation is a rather expensive hobby. They have to be fed whether they are used or not. Boys and girls have very little time except during the summer months to ride a horse. They have a feed him for 365 days a year to get to use him a few days during the summer. A nine year old boy can buy a six year old horse for \$300.00 and keep him for 12 years. By that time he has eaten at least \$1,200.00 worth of feed, he is 18 years old and worth about \$75.00. It costs a lot of money to educate a youngster. Some of it they get in the classroom but most of it they get at home and in their association with other boys and girls in their age group.

After the wedding trip to Colorado they will be at home at 3707 Ave. R, Lubbock.

MRS. LOUIS JAMES SCHOEPF

Curtis - Schoepf vows read Saturday

The Rev. R. N. Huckabee read the lovely double-ring ceremony uniting Miss Joyce June Curtis and Louis James Schoepf at 7:00 p.m. Saturday in Bowman Memorial Chapel of First Methodist Church, Lubbock.

Mrs. R. J. Van Liew of Plains, was her sister's Matron of Honor and the groom's best man was his brother, Earl Schoepf of Lorenzo.

Brothers of the couple, Lawrence Curtis of Midland and Beryl Schoepf of Levelland, seated the guests. Miss Jane Breedlove of Lubbock played the wedding music and accompanied Mrs. Bill Starnew of Odessa, soloist.

The bride is the daughter of Mr. and Mrs. L. E. Curtis of this city and the groom's parents are Mr. and Mrs. E. T. Schoepf of Levelland.

Presented in marriage by her father, the bride was gowned in Chantilly lace and tulle over taffeta. The portrait neckline was embroidered with seed pearls and the moulded bodice featured long petal-point sleeves. The voluminous floor-length skirt of tulle was highlighted by a redingote-type overskirt of lace. Her lovely auburn hair was adorned by pearls clasping the fingertip veil of illusion. She carried a bouquet of small white roses encircled with feathered carnations.

Mrs. Van Liew was attired in emerald green lace over taffeta with matching accessories and wore a headband of tiny white roses.

Assisting with the reception which followed in the church parlor were Mesdames Beryl Schoepf, M. B. Stegall, R. F. Ward and Misses Lucille Meador and Mary Jo Best.

Mrs. Schoepf chose for her going-away attire a lime green silk and cotton frock with matching hat and brown accessories.

The Fitzgerald family enjoyed its sixth annual reunion at Stanford Park and the Community Club room in Plains, Texas, on Saturday, August 8, 1959. Sixty-six members of the family and five guests signed the register. Special honorees were Roy Fitzgerald who was celebrating his birthday, and Bradley Palmer and Maryann Loper who were the new babies present.

Will and Clyde Fitzgerald were in charge of cooking the barbeque in the park, assisted by Johnnie L. Bill and Melvin Fitzgerald. The group then met in the club room to enjoy the delicious dinner. The family business meeting was called to order by Will Fitzgerald, chairman for 1959. Roy Fitzgerald led the group in a vote of thanks to the cooks and to John E. Fitzgerald who donated the beef. The group stood in a brief silent prayer in memory of their departed loved ones. Roy and Jack Fitzgerald will be co-chairmen for the 1960 reunion, assisted by Mrs. Virginia Mahaffey and Miss Olga, Johnnie L. and Maynard Fitzgerald.

The afternoon was spent in picture taking, games of 42, swimming, and visiting. Everyone was saddened when Johnnie L. Fitzgerald's baby daughter, Gwen, received a severe injury when she fell from the stairway while the little children were playing there.

The Plains Dirt Gardeners Club honored Dr. and Mrs. Clyde A. Lynn and sons with a welcome tea Sunday afternoon from 3:00 to 5:00 in the School Cafeteria.

About seventy people came by to welcome the Lynns and were registered in a guest book, made like a doctor's black bag, by Mrs. H. F. Barnes and Mrs. G. P. Beane.

Club president Mrs. C. L. Anderson, Mrs. L. O. Smith and Mrs. G. D. Kennedy were on hand to greet the visitors. Mrs. Wayne Chadwick, Mrs. G. W. Cleveland, Mrs. Joe Cheek, Mrs. Wyatt Lipscomb and Mrs. Roy Stockstill were at the serving table.

The many lovely flower arrangements were made by Mrs. Mollie Courtney, Mrs. Sallie Forrest and Mrs. W. M. Overton and came from the yards and gardens of the club members.

Misses Janelle and Lela Parks and Miss Roberta Snodgrass graciously offered the music during the afternoon with Janelle singing several lovely numbers.

The tea was attended by a nice cross-section of the community with Dr. Keller Greenfield of Denver City being the only visiting doctor registering. A special welcome was extended to Dr. Greenfield, since he spent his early youth on a ranch near Plains.

MRS. WAYNE CHADWICK assisted at the serving table Sunday when the Plains Dirt Gardeners Club honored Dr. Clyde A. Lynn and family with a tea in the school cafeteria. REVIEW Photo

Junior monogram winners are Morrow, Sink, Etheridge, Faught, Doug Todd, Eldridge Tidwell, Dick Cooke, Jack Meixner, Tom Warren, Darrel Barron, James Alberding and Mike Culwell. Four more juniors, Ronny Stockstill, Jerry Warren, Roy Lowrey and Ronny Lewis, are counted on heavily.

Coaches describe this squad as experienced and fast, but not big. Only two players top 180 pounds, but good team speed is expected to make up for what size advantage is given away to opponents.

He got in one year at OU before he was called to active duty as a member of the 45th Infantry National Guard division in September of 1940.
