Plains Talk

Famous last words: "I'll quit smoking before I pay 35 cents for a package of cigarettes."

Bill Holmes, sports publicity director of Tech tells the story of a prospective student who was taking an entrance examination. When he came to the question which asked for his church preference, he wrote "red brick."

By the time the football season is over, Coach Sam Mosley will have seen every team the Cowboys play. But unlike the other coaches, he will have seen them playing someone besides Plains. As a scout, he will spend each Friday night far from where Plains is playing.

There are only two ways he can see the Cowboys in action this year. If they are already eliminated from district title hopes by the time they play Sundown in the regular season finale, he can watch them because there won't be a game the next week. And the other way is to watch them in the state finals. In other words, he will be on hand only when he knows Plains is playing its last game. Let us hope he doesn't see them until December.

Monday was a long day for a lot of people we know. It was a semi-holiday in Plains, some businesses closing, others remaining open. Those not working who remained in town were pretty restless.

It is now that time of the year when people quit hoping for rain. After weeks and weeks of fruitless hoping, farmers are now to the point where they no longer want rain. More than one good harvest has been ruined by the un-cooperative weatherman.

Plains came in for a good bit of publicity last week during the damage suit being conducted here. Newspapers at Fort Worth and Lubbock followed the trial closely and the verdict warranted front-page play in both publications.

Doris Wyatt is author this week of a book review of "The Ugly American," appearing elsewhere in this newspaper. With outstanding library facilities as we have here, it would be nice if interest in reading could be increased.

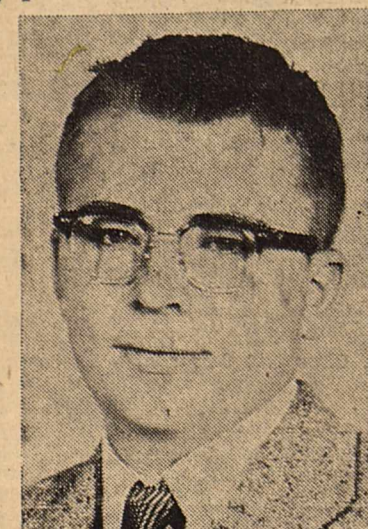

Booster Club needs additional members

More members are needed in the Booster Club, President Dave Levens said Monday evening during the group's weekly meeting. He called on members to contact others about the possibility of joining the organization.

The Booster Club meets each Monday evening at 8 in the Legion Hall. They see the film of the previous week's football game and hear a scouting report on the upcoming game as well as coaches' comments concerning the past and coming games.

Membership fees are \$5. The money is used to finance the banquet at the end of the season.

Curb and gutter highway project now assured by local property owners

Realization of an 18-month dream came about this week with the announcement that the long-sought curb and gutter project had been assured. Some 60 property owners along highway 380 have subscribed approximately \$19,000 to guarantee the curbing, guttering and widening

of the highway. The state highway department has announced that contracts on the local project are to be let in November. Actual construction will probably begin early next year. The completion date is strictly a guess by local persons working on the project, but

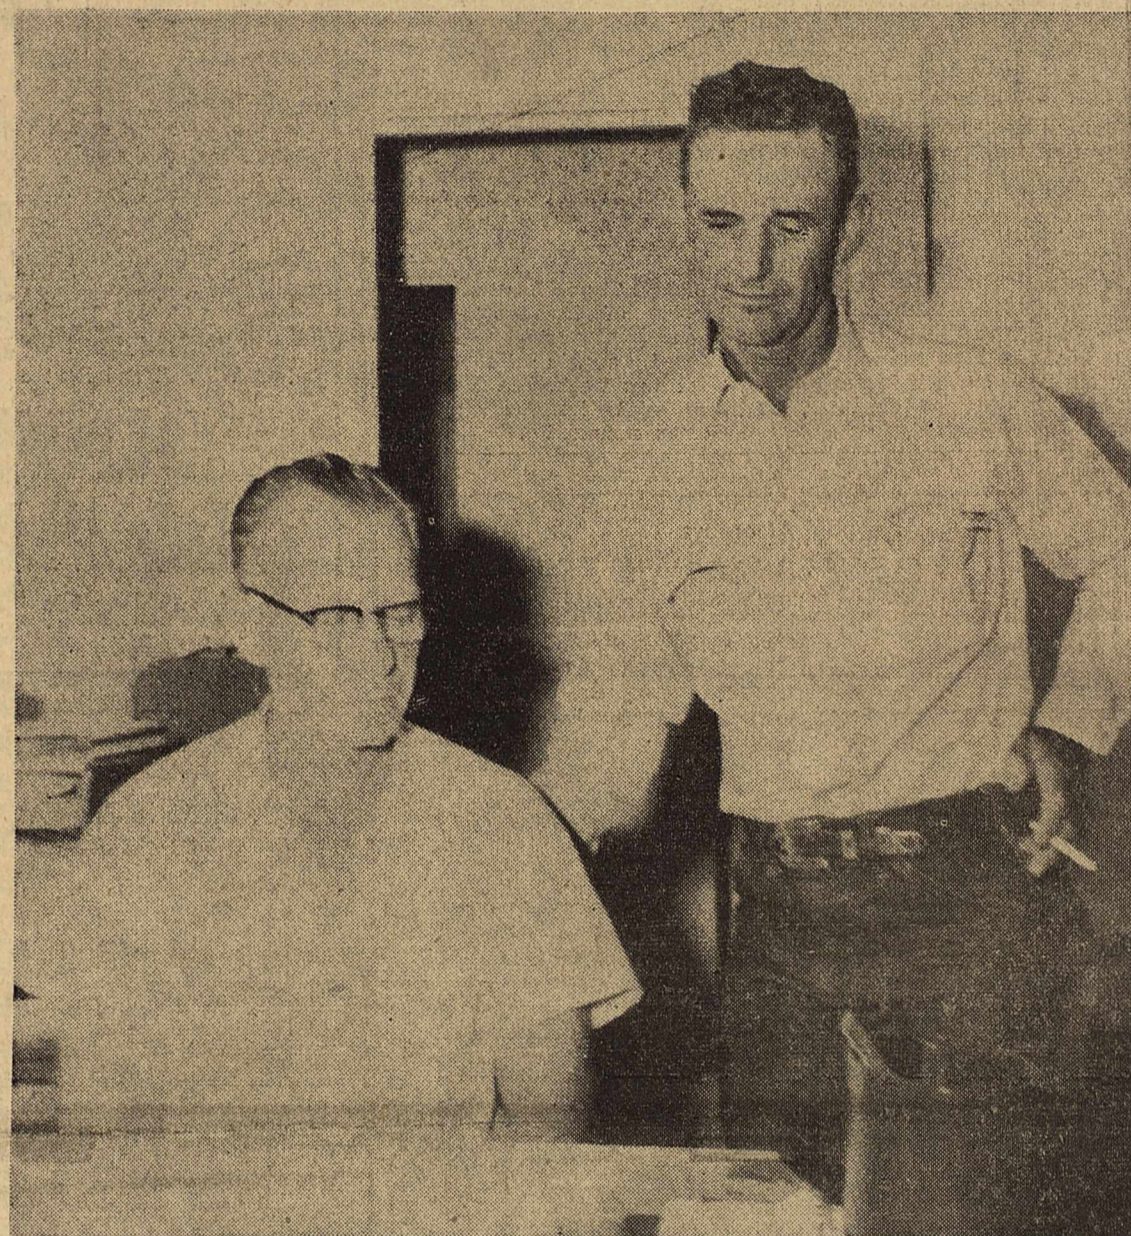

indications are it will be within a year. Widening of the highway has been on the agenda of the highway department for some time, but it was necessary for abutting property owners to agree to pay the cost of curbs and gutters. The state requires \$2

per foot. Any part of the money not used will be refunded. Plans call for the highway to be widened to 64 feet, making four driving lanes and two lanes for parallel parking. Length of the project will cover the entire length of the highway within the city limits, from the traffic

lights at the intersection with 214 on the east end of town to the end of the city limits on the Roswell Highway on the west. The project has been of great concern to local civic leaders since the spring of last year when the state first announced

that local owners would have to foot part of the bill. The announcement caused a great deal of concern for fear the state might re-route the highway around town should Plains be unable to secure the necessary funds. Spearheaded by the Chamber of Commerce, a delegation has

been at work for some time contacting the various property owners concerning the curb and gutter project. The Plains State Bank has assisted in the program by agreeing to make loans to cover the costs of several property owners who felt the expense was difficult to meet at this time.

CHECKING OVER PLANS for the new 16-unit tourist courts which will be built soon on the Brownfield Road are Jack Hayes, left, who will be owner of the new business, and T. C. Hightower, local contractor, who will construct the new motel. REVIEW Photo

Courts, grocery planned

Steadily growing Plains took an new life again this week with the announcement that construction would begin within days on a new ultra-modern motel at the east end of town. Jack Hayes, now manager of Judge Beane's Courts, is to be the owner of the new 16-unit court and T. C. Hightower, contractor, is to be the builder.

Announcement was also made this week by J. S. Wagley, a Plains businessman for a number of years, that a new grocery store being built by him should be completed within 30 days. Construction of a new concrete block building with a steel frame and brick front has been in progress for some time.

Site of the new motel is to be just west of Judge Beane's Courts, covering the block east of the site of the new grocery store. Hayes said the courts would face the south. All 16 units will be equipped with carpets, air conditioners and telephones.

In addition to the motel units, a three-bedroom home for living quarters and offices will be constructed. It will serve as an

office building for both motels as Mr. and Mrs. Hayes will continue to operate Judge Beane's Courts. When completed, Mr. and Mrs. Hayes will move in to the new building and their present home will be rented.

Construction of the courts is to be of tile with brick veneer. Hayes said necessary paper work was being completed and actual construction was expected to begin within the next few days. Hightower estimated it would take 60 to 70 days to complete.

Wagley's new building will house a modern grocery store. A complete line of groceries is to be carried as well as frozen foods and packaged meats.

Wagley, who has operated a garage at the site of the building for the past eight years, has moved the garage building to another location about two blocks north of the new store.

These two announcements are only the latest in a series of business projects underway or contemplated for the immediate future of Plains. P. W. St. Roman announced earlier that the telephone company would begin construction of a new building in the very near future. A new drive in cafe being constructed by Woody Wilmeth at the west edge of town is expected to be open for business soon and the new bank building on the north side of the court house square is expected to be completed within the next few weeks. The proposed curbing of the highway is expected to result in other business improvements. Indications are that some business buildings will be affected by the new right of way, making it necessary for owners to improve existing structures.

In addition to the new construction being done, several firms are engaged in improvements to existing facilities. Curry Drug, readying for the arrival next week of a registered pharmacist, is undergoing a number of improvements. The store is being enlarged by removing partitions which formerly separated the business from the living quarters in the back and a place for a pharmacy is

being put in. The store is also being painted.

Davies Funeral Home has recently undergone new improvements. The building has been painted inside and out.

Wilson Mustangs invade Cowboy Stadium Friday

Plains seeking second triumph of young season

Plains goes after victory No. 2 here Friday night when the Cowboys entertain the Wilson Mustangs. Kickoff time is 8 p.m.

The Cowboys will enter Friday's game in reasonably good physical condition. Coaches have announced that injured halfback Don Williams would probably be ready for defensive end duty and ailing tackle Doug Todd would probably be an offensive starter. Both missed the season's opener last Friday against Meadow. Alternate quarterback Joe Bob Oats is still on the doubtful list.

Wilson will probably be the only team Plains meets this year where there will be no decisive weight advantage. The scrappy Mustangs are slightly smaller as a team than are the Cowboys.

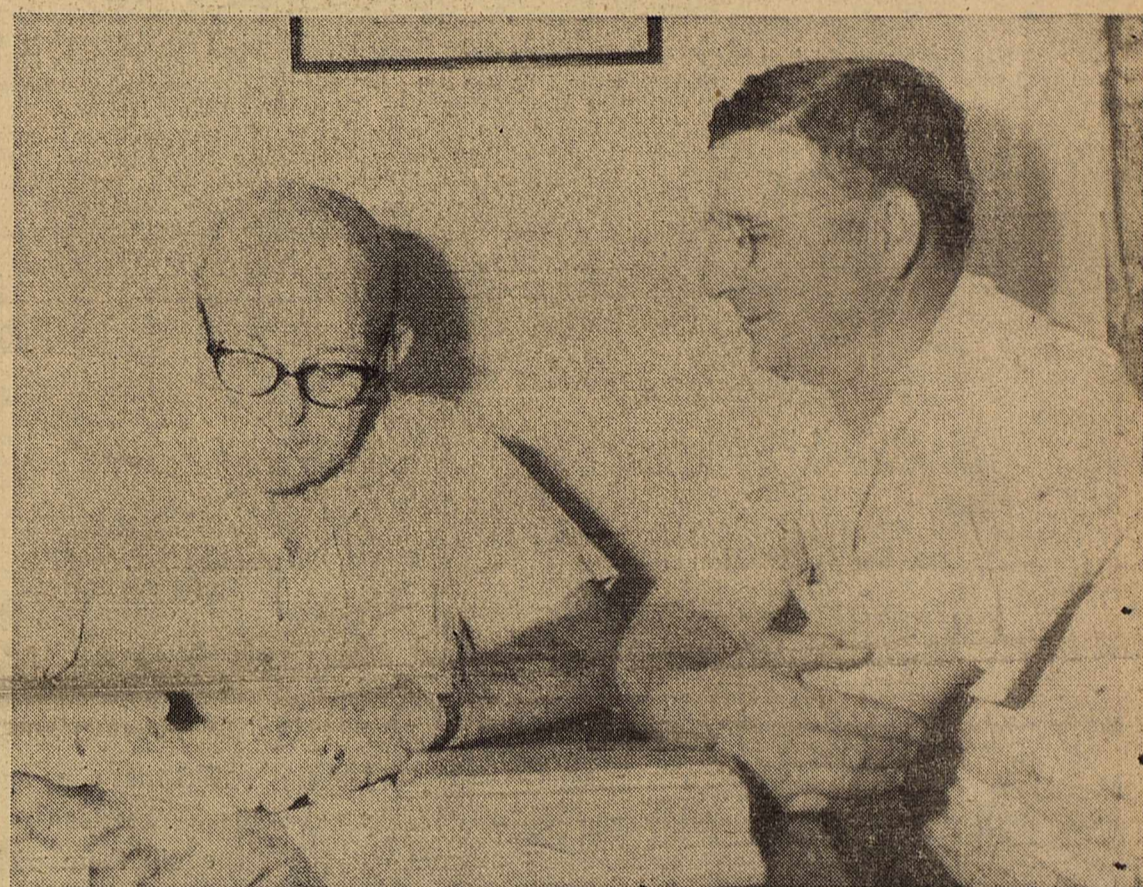

Coach Sam Mosley scouted the Mustangs Friday night in their opener against Frenship, a game Wilson lost, 22-8. He called them a good team, comparable to Meadow in material "but much more polished."

Wilson throws a lot of passes. Mosley said, and has a very good passer in quarterback C. W. Slone, 155-pound senior. Mosley said he was especially good on short passes.

Leroy Schneider, 135-pound sophomore halfback, is the team's fastest runner. But the boy to watch in the backfield, Mosley said, is Bobby Wied, 170-pound fullback and the team's biggest man.

The Mustangs have a fair defense and one very good defensive man in Billy Weaver, a center who weighs 145 pounds. Mosley said Weaver was very impressive Friday night as the middle linebacker. He said he made tackles all over the field. Coach Jack Pierce added that

Davies heads MOD drive

G. Kenneth Davies, Plains funeral home owner, has been named March of Dimes chairman for the Terry-Yoakum Chapter of the National Foundation for Infantile Paralysis. Announcement of Davies' appointment was made this week by Leonard M. Ellington of Brownfield, chairman of the organization, and by A. E. McGinty of Plains, local committee member.

Appointment of Davies to head the January drive marks the first time a campaign chairman

has been selected from Plains. The two counties combine their efforts each year during the March of Dimes drive.

Davies, who moved here several weeks ago, has had much experience in previous March of Dimes campaigns, having helped

on drives in San Antonio and Fort Worth. A number of other meetings are planned between now and the January drive, according to McGinty. Details of the coming drive must be worked out well in advance.

Leaders pointed out that the discovery of the Salk vaccine has not eliminated the need for the March of Dimes drive. In recent years the organization has taken on a broader program, bringing in several other dreaded diseases.

The Terry-Yoakum chapter is under the supervision of Bill McMordie of Plainview, state representative. In addition to McGinty, Bill Moorehead of Denver City is a committee member from Yoakum County and Dr. Robert Tinley of Denver City is a member of the medical advisory committee.

Enrollment hits new record here

A total of 574 students were enrolled in the Plains school system at the end of the first week of the 1959-60 term, according to an announcement made Tuesday by G. D. Kennedy, superintendent. This is the highest figure for a similar period in the history of the local schools. The total compares with 560 at the end of school last spring.

Kennedy said new students were still enrolling and he anticipates a figure of around 600 before the end of the first six weeks. He pointed out that the arrival of harvest always increased enrollment.

High school enrollment is 148. Of these, 46 are freshmen, 30 are sophomores, 44 are juniors and only 27 are seniors. There were 22 senior graduates last spring so this year's graduating class should be considerably larger. And the 1961 graduating class promises to be the largest ever.

One hundred and nineteen students are enrolled in the seventh, eighth and ninth grade junior high classes. The sixth grade is the largest with 45 students, followed by the seventh with 40 and the eighth with 34.

Donations wanted for local family

Contributions are now being accepted in Plains for the benefit of a Latin-American family whose four-year-old son is seriously ill in a Galveston hospital. Arthur Ortiz, an employee of Plains Oil Company for the past three years, is now in Galveston with his son, Joe Manuel, who is confined to John Sealey Hospital.

Mrs. Ortiz and the other four children in the family are remaining in Plains where two of the children are students. The boy is expected to remain in Galveston for some time and it will be necessary for the father to remain with him.

In view of the fact that the family is having a great deal of expense and the father is off work at the same time, a group of local citizens had contributed \$159.50 to the family by noon Tuesday.

Other contributions are requested. They may be left with K. O. Hendricks or James Warren.

An important step

Announcement this week that the curb and gutter project was finally assured should be of vital importance to every person who has an interest in Plains. Very few projects which required the cooperation of so many different persons have ever been undertaken here and the results, although a long time coming about, must surely be satisfying to all of us.

The alternative might well have proved disastrous to Plains and its hopes for continued growth and prosperity. The State Highway Department can be pretty heartless at times and seldom has any regard for civic pride of smaller communities. There is little doubt that the highway would have been moved far from the business district of Plains had the necessary funds not been raised here.

Each of the 60 property owners who subscribed his part is to be commended as is each member of the team which made the necessary contacts. The sum of \$19,000 is no small item, and there is no doubt but what some of the subscribers could not conveniently join the move. But the fact that they did anyway is a tribute to their loyalty and cooperation.

Because of this action, the way has now been cleared for a modern four-lane highway to be constructed through the city limits. Every person who lives in Plains will benefit directly.

Mrs. Leroy Neal and children of Odessa spent Sunday with her parents, Mr. and Mrs. John Anderson and girls. A special attraction in Plains was a new niece, Deborah Louise Anderson, daughter of Mr. and Mrs. James Anderson.

After the business meeting and distribution of new year books, Mrs. Carol Lackey will review the book, "The Singing Family of the Chamberlands" by Ritchie.

Miss Glenda King will present a program of Folk Songs and Music, followed by a duet with Mrs. Robert Field and daughter, Sarah Kay. Robert Field will offer piano selections.

To climax the evening the social committee will serve a tea for members and guests. All members are urged to attend.

Glenn Lewis is attending radio and television school in Dallas. Jo Ann Bailey will attend Hardin-Simmons University, Abilene and has named Music as her major. Donnie Kissinger has enrolled in Howard-Payne College as a business major.

Party Line . . .

Guests of Mr. and Mrs. Frank Sudduth over the weekend were his brother and family, Mr. and Mrs. R. G. Sudduth of Carlsbad.

Rev. and Mrs. Earl Robertson Sr. and John of Brownfield, Mr. and Mrs. Ike Robertson of Seagoville, Rev. and Mrs. Gaylon McKenzie of Seagraves and Mr. and Mrs. Frank Sudduth and their hosts, Mr. and Mrs. Earl Robertson Jr. enjoyed a picnic supper and outing in Stanford Park Tuesday evening.

Mr. and Mrs. Ralph Bone spent on Thursday to Sunday, visiting relatives and friends in the Dallas-Fort Worth area.

Mr. and Mrs. Al Nugent have moved their home to 1509 Ave. J in Plains from the lease south of town. Mr. Nugent is a pumpjack for Greatwestern Drilling Co.

Mr. and Mrs. Perry Anthony visited her brother, Mr. and Mrs. Audy Bryan and daughter, at Falls last weekend.

Attending Tech, will be Claude Lee, architectural engineering; Brenda Sudderth, home economics; Don Edwards, engineering; Jay Bryson, agriculture; and Jim Williams.

Darla Hickerson and Sheila Smith are attending business and beauty colleges at Lubbock.

Former residents visit in Plains

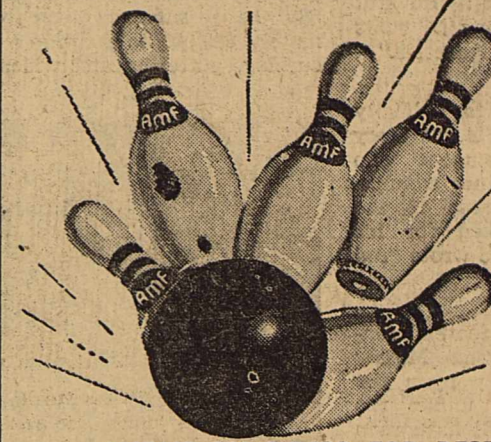

Mr. and Mrs. H. D. Heath of Holly, Colorado spent Saturday afternoon and evening visiting with friends in Plains. They returned to Brownfield where they were guests of his brother, Mr. and Mrs. H. H. Heath. They accompanied Mr. and Mrs. Newt Green of Ropesville on an outing into New Mexico Sunday. The Heaths were longtime residents of this county, having ranched northeast of town for some twenty years before moving to Colorado about twelve

years ago. Their son, J. H. Heath, is an agriculture instructor in the college at Lamar, Colorado.

The Heaths visited again in Plains Monday evening and Mrs. Heath attended the Eastern Star meeting with Mrs. J. H. Morris.

Miss Darlene Snodgrass of Big Springs spent Friday night in the home of her parents, Mr. and Mrs. Jesse Snodgrass, near Tokio enroute to Ruidoso for the weekend.

The Basic Side

IT'S that time again... the time that challenges anew an army of vigorous American youth to the task of preparation in basic education that will equip them with know-how for their tomorrows. Here young minds fresh from their bowl of wheaties, assemble for classroom and playground training. *Dear Teacher, responsibility lies heavy on your shoulders.* Don't forget that along with reading and writing and arithmetic—lessons in how to live God's way are needed. Teachers and students alike have God to honor and your country to save right there in your classrooms. Always remember, "A word fitly spoken is like apples of gold in pictures of silver."
Proverbs 25:11. Blending of the academic with the spiritual lessons of Jesus, the greatest teacher, offers a moral and spiritual constitution possessing all the qualities basic in life.

ONE OF THE OUTSTANDING linemen in the Plains-Meadow football game Friday was Dick Cooke, 155-pound junior. Cowboy scoring spree buries Meadow, 30-0

Plains erupted for four touchdowns in a 12-minute period Friday to hand Meadow a 30-0 drubbing after the visiting Broncos had thrown a real scare by marching 80 yards with the opening kickoff. The Cowboys counted three touchdowns in the second period and added another 30 seconds deep into the second, half but except for these scoring thrusts the tough Broncos battled toe-to-toe with their heavily-favored rivals.

Meadow controlled the first quarter, the Broncos taking the kickoff from the Bronco 15 and marching to the shadows of the Plains goal before a stiffened Cowboy defense forced a fumble. The eager Cowboys promptly

But the rout which was so strongly indicated at that point failed to materialize. The two teams spent the rest of the night battling each other mostly between the 30-yard lines. The Cowboys did have a 43-yard drive which carried to the Meadow 10 where a fumble held the march for naught.

Dick Cooke, 155-pound junior guard, played an outstanding defensive game. He made the first tackle of the night following the opening kickoff and was credited with more tackles than any other defender. Don Todd

and Harmon Meixner ranked next in the number of tackles.

Offensively, Marrow was the biggest gainer with 88 yards on only seven carries for a 12.5 average. Tidwell carried eight times for 75 and a 9.3 average,

while Fought gathered 87 yards in 13 carries for a 6.7 average.

Sink was extra sharp on his passing, hitting seven of 13 for 60 yards, including one touchdown and two two-point conversions. Coffman was on the

receiving end of four passes for a total gain of 50 yards, including one touchdown and one extra point, while Jack Meixner caught three or 10 yards, one of them being for extra points.

Cowboys

(continued from page one)

Weaver was a real thorn in the sides of the Cowboys two years ago as a sophomore.

Plains was well-scouted by the Wilson coaching staff and coaches are expecting considerable passing in the flats. The Mustangs have a good passer and no doubt, the Wilson scouts noticed the success of Meadow in hitting passes in the flat.

Members of the coaching staff told those attending the Booster Club meeting Monday evening that they were fairly well pleased with the team's performance against Meadow Friday night. They pointed out there was plenty of room for improvement and they were hopeful this could come about.

Pierce was elated over the possibilities that Williams and Todd would return to the lineup. Both were injured during the first days of pre-season practice. Williams is still handicapped with his knee injury but Pierce said he expected to use him a lot on defense against Wilson. It's doubtful, he said, that the speedster will be ready for of-

fensive duty. Todd's shoulder injury has been another serious problem for the Cowboys. But Pierce said he felt the boy could be used as an offensive tackle but will not play on defense.

A very pleasant surprise, Pierce said, was quarterback Mike Sink. The 135-pound signal caller completed seven of 13 passes and the first pass he ever threw turned out to be a 24-yard scoring shot. The coach

also said he thought he handled the ball well, fumbling only once during the entire game.

took command. Ten plays later, with 55 seconds gone in the second period, the Cowboys had the game's first touchdown, scored on a 24-yard pass from Quarterback Mike Sink to End Walt Coffman. The drive covered 80 yards with big gainers being a 22-yard run by Joe Don Marrow and a 15-yard sprint by Eldridge Tidwell.

Next time Plains got possession, the Cowboys scored from 40 yards out in three plays with Ray Fought travelling the last 34 of them. Minutes later the Cowboys added touchdown No. 3 on a four-yard sweep by Marrow after Tidwell had set up the scoring chance with a 35-yard run. Final touchdown of the game came on the opening scrimmage play of the second half when Marrow crashed 54 yards for the tally.

Air show planned for DC Airport

For thrills galore this weekend, the place to go will be Denver City Airport any time after 2 p.m.

The first West Texas Air Show will be held there under the sponsorship of a group of local parachuting and flying enthusiasts. Admission will be only \$1 per carload.

Among the events to be featured will be sky diving (parachute jumping), stunt flying by local aerial enthusiasts, ribbon cutting and airplane rides for one and all.

The sky diving will include competition between some of the best parachutists in the southwest with a trophy to be awarded for the winner of the competitions. Contest will be sport jumping, aiming at a certain target on the ground from 5,000 feet.

Some of Denver City's top pilots will participate in the stunt flying exhibitions, with snap rolls and all sorts of tricks to be demonstrated for the crowd.

The ribbon cutting event will be one which will provide all the thrills of a national air show. A roll of paper will be thrown from a plane at 5,000 feet and the pilot will be judged on how many times his plane can cut the paper with a wing before the

paper reaches 1,000 feet. Show will begin promptly at 2 p.m. on Sunday, September 13. The airport will be closed to incoming and outgoing planes during the parachute jumping events. All other safety precautions will be observed.

Lions hear talk by Lubbock man

Earl Kerr of Lubbock spoke to members of the Plains Lions Club last Thursday concerning the Retail Merchants Association which is now being organized in Plains by Mrs. Mollie Courtney. Kerr explained the functions of the association and told of the benefits merchants could obtain through it.

Lions paid tribute to several members for their part in the Little League baseball program during the summer. This group included Dave Levens, C. J. Coffman, Buford Duff, Roger Curry, J. S. Wagley, Buddy Hanna, Chick Lee and Lewis Doyle. Special recognition was also extended to Jack Lowe, who is not a member of the club.

Guests for the meeting included Kerr and Dan Daniels of Lubbock, Mrs. Courtney, Mrs. Anne Green, J. W. Brown, T. A. Elmore, Archie Whitaker, G. W. Cleveland, Judge G. P. Beane, Mr. and Mrs. T. C. Hightower and Mr. and Mrs. C. L. Faubus.

Mr. and Mrs. Duane McDonnell were guests of Mr. and Mrs. Bud Minzenmayer at Winters over the weekend.

Budget hearing set for Monday

A public hearing on the proposed county budget has been set for Monday, beginning at 10 a.m., according to an announcement by the commissioners court.

The tentative budget has been set at \$1,026,161.87, an increase of \$144,507 over the budget for fiscal 1959. The tentative budget is drawn up on an estimated valuation of \$50 million, although the actual assessed valuation will probably exceed this figure slightly.

Under the tentative budget, the county's officers hope to pick up approximately \$23,000 on a deficit in county operation which amounted to slightly more than \$109,000 at the start of this year. This deficit has been on the books for the past several years.

Assessed valuation in Yoakum County in 1959 was \$50,508,452.50, and if the valuation is maintained in the vicinity of the \$50 million figure the tax rates in the county will also probably be maintained on their present level.

The officers' salary fund estimates has two principal changes over last year. The amount set aside for the deputy tax assessor-collector salaries is upped from \$20,000 to \$25,000 to make way for new employees and the amount budgeted for sheriff deputies is lowered from \$15,120 to \$10,080 which will be for two deputies while in previous years the budget planned for three.

Bond payments from road district 1-a sinking fund will increase from \$80,000 to \$100,000 for the coming year. The majority of all other disbursements set up in the budget are practically the same as that which has been spent during the past two years.

School teachers honored Tuesday

Teachers of the Plains schools were honored Tuesday evening with an ice cream supper in the City Park. The annual event is sponsored annually by the Lions Club.

Only four teachers were unable to attend Tuesday's party. Special guests were members of the families of school teachers and members of the board of education. Lions members and their families also attended.

Roger Harvey, president of the Lions Club, gave the opening address and G. D. Kennedy, superintendent, introduced the teachers, several of whom are teaching here for the first time.

Ice cream, cookies and cake were served.

NOTICE TO BIDDERS

Sealed Proposals addressed to The Honorable Mayor and City Commission of the City of Plains, Texas, will be received at the office of the City Secretary, City Hall, Plains, Texas, until 7:30 o'clock P.M. on the 24th day of September, 1959, for furnishing all necessary machinery, equipment, superintendence, and labor for constructing certain gas system improvements for the City of Plains, Texas, consisting of the following principal items and members of the board of education, Lions members and their families also attended.

Construction of one new regulator station, improvements to an existing regulator station and installing approximately 46,075 feet coated and wrapped 3" gas transmission line with cathodic protection, 4,190 feet of coated

3" gas line, and 1,060 feet of coated 4" gas line.

The successful bidder or bidders shall be required to enter into contract with the City of Plains, Texas, on the forms provided.

A certified or cashier's check or an acceptable bid bond in an amount not less than five percent (5%) of the total bid shall accompany each bid as a guaranty that if awarded the contract, the bidder will promptly enter into contract with the City of Plains and furnish bond on the forms provided. Bids without the required check or bid bond will not be considered.

The successful bidder will be required to furnish a Performance Bond and a Payment Bond each in the amount of the contract, written by a responsible Surety Company authorized to do business in the State of Texas, and satisfactory to the City Commission, as required by Article 5160, V.I.A.T.C.S., as amended by H. B. 344, passed by the 56th Legislature, Regular Session, 1959.

All lump sum and unit prices must be stated in both script and figures. The Owner reserves the right to reject any or all bids and to waive formalities. In case of ambiguity or lack of clearness in stating the prices in the bids, the owner reserves the right to consider the most advantageous construction thereof, or to reject the bid.

Bidders are expected to inspect the site of the work and to inform themselves of all local conditions.

Plans and specifications covering the work to be done may be examined at the office of the City Secretary in the City Hall, at Plains, Texas, and at the offices of Parkhill, Smith & Cooper, Consulting Engineers, 201 Avenue R, Lubbock, Texas.

COPIES of the Plans and Specifications may be secured from Parkhill, Smith & Cooper, Consulting Engineers, 201 Ave-

Homecoming plans being completed

Final preparations are being made this week for the Plains school Homecoming which is to be staged on Friday of next week, September 18.

Reservations for the Homecoming activities are now being accepted and ex-students are reminded they have only until September 14, next Monday, to apply for reservations.

Attention of bidders is directed to the provisions of House Bill No. 54, Chapter 45, passed by the Forty-Third Legislature, at its Regular Session, requiring that not less than the general prevailing rates of per diem wages for work of a similar character in the locality where the work is performed, shall be paid all laborers, workmen and mechanics employed in the construction of public works.

The Owner reserves the right to reject any or all bids, and to award the contract to that bidder or bidders, who, in the opinion of the Owner, offers the proposal to the best interest of the Owner.

MAKE BETTER SILAGE FASTER

WITH A
JOHN DEERE NO. 8

It's the Row-Crop Forage Harvester with Real "HUSTLE!"

You'll get better-quality silage into your silo faster with the No. 8 Forage Harvester and Row-Crop Unit (shown above). The No. 8 cuts, chops, and loads corn, sorghum, maize—all row crops—in one fast, easy field operation. It makes better silage, because you can take to the field when your crop is ready... harvest it quickly to preserve maximum feeding value. Length of cut is quickly adjustable, enabling you to chop

every crop to just the right length for easy handling and feeding.

Interchangeable "Quik-Latch" windrow, pickup and mower-bar units are also available; they're tailor-made to ease and speed their particular forage-harvesting jobs. Come in soon, and let us show you how a No. 8 Forage Harvester can help improve your forage harvesting operation.

Mr. and Mrs. Carl Stroup and Susan Elizabeth are now residing in their new home on East Second Street.

Among those touring the Carlsbad Caverns last week were Mr. and Mrs. Leon Cheat-ham and Donna Jo. Mrs. A. N. Addison, Miss Willie Mae Addison of Plains and their guest, Mr. Dale Snell of Lamesa.

Brownfield rites unite Martha Chisholm of that city and Eddie Taylor of Plains

Miss Martha Ann Chisholm of Brownfield became the bride of Eddie T. Taylor of this city at 8:00 p.m. August 31 in an impressive double-ring ceremony read by Elder Joe Chisholm,

uncle of the bride, in the home of her parents, Mr. and Mrs. Henry Chisholm, in Brownfield. Background music was organ recordings of "Because" and the "Bridal Chorus" as the couple exchanged vows under an archway flanked by baskets of huge white glads.

Mrs. Robert E. Bryant of Artesia was matron of honor and Rex Black of Brownfield served Mr. Taylor as best man. The bride wore a ballerina-length gown of ice-blue brocade with fitted bodice featuring a scalloped neckline and short sleeves. She carried a bouquet of white carnations amid a nest of stephanotis with white satin ribbons tied in love-knots.

Her lovely brunette hair was adorned by a princess tiara of seed pearls clasping her veil of silk illusion. For something old she carried a handkerchief that had belonged to her grandmother, the late Mrs. G. W. Chisholm, her dress was new, something borrowed was her mother's earrings and she wore a blue garter.

At the reception in the home following the ceremony, the focal point of the white linen covered table was a tiered wedding cake topped by a miniature bride and groom, complimented by pink tapers in crystal holders.

Mrs. Taylor chose, for the wedding trip to points in New Mexico, a brown and black tweed suit with black velvet trim, black accessories and a corsage of white carnations.

Both are graduates of Brownfield High School. She attended Abilene Christian College, Abilene and has been employed at Brownfield State Bank & Trust Co. Mr. Taylor, the son of Mrs. Jess McWhorter of Brownfield, is a graduate of Texas Tech and is now with the Farmer's Home Administration here. They will be at home here next week when he resumes his office duties.

Surprise farewell party for Bartletts

Mr. and Mrs. Bert Bartlett were pleasantly surprised Thursday evening when about fifty of their friends honored them with a fried chicken supper in Stanford Park.

There was food galore and the honorees were presented many farewell gifts. The Bartletts have moved to Lubbock to make their home.

Mrs. Bartlett has been County Librarian the past two years and he has been employed in secretarial and real estate work.

Tea to honor Coffmans on silver anniversary

The public is cordially invited to attend the Silver Wedding Anniversary Tea honoring Reverend and Mrs. C. J. Coffman, Monday evening September 28 from 7:30 to 9:30 p.m. in the home of Mr. and Mrs. Roger Harvey at 1205 E. 14th Street, Plains.

The Dorcas and Philathea Sunday School classes of First Baptist Church will be hostesses.

Kenneth Gibson marries Marlene Chrest

Miss Marlene Ellen Chrest and Kenneth Maynard Gibson exchanged nuptials in a candle-light ceremony in Evangelistic United Brethren Church, Coteau, North Dakota, August 19 at 8:00 p.m.

Rev. Norman Winkleman officiated for the double-ring service before an altar decorated with baskets of gladioli illuminated by tapers in candlebra.

Parents of the couple are Mr. and Mrs. Earl Chrest of Bow-bells, North Dakota and Mr. and Mrs. Ben Gibson of Plains, Texas.

Nuptial music was provided by Mrs. Harold Magadenz ac-

companied Mrs. Garton Melby, soloist. Mrs. Larry Wahlung and Mrs. LaVern Chrest, both of Coteau, attended the bride as matron of honor and bridesmaid.

Barbara and Keith Melby were flower girl and ringbearer. Ushers were Larry Wahlung and LaVern Chrest, cousin and brother of the bride.

Larry Marston of Larson and Earl Chrest Jr. of Coteau served as best man and groomsman.

Presented by her father, the bride was lovely in a gown of imported French lace and tulle over satin with the fitted bodice of lace fashioned with a sebrina neckline edged by hand-clipped lace and dusted with sea coral. The full skirt had insets of lace appliques, also dusted with coral.

Her crown of lace, trimmed with sequins and tear drop pearls, held her finger-tip silk illusion veil. She carried an orchid atop a white Bible. Tear drop pearl earrings, a gift of the groom, were her only accessories.

After a wedding trip to points in Colorado, Texas and Kansas, the couple will be at home in Junction, Kansas while he is serving with the U. S. Army at Fort Riley, Kansas.

Book Review

THE UGLY AMERICAN
Doris Wyatt

THE UGLY AMERICAN, which continues to be a best seller, contrasts American and Russian activity in Sarkhan, an imaginary Asian country. Authors Wm. J. Lederer and Eugene Burdick depict the Russians as trained diplomats and specifically qualified, linguistically and sociologically, through years of study. The American portrayed are lacking in these important qualities.

In a series of short stories, examples show how Americans in Asia have almost secured the trust of the natives, which is necessary to combat communism, but each time the mass of political protocol prevents real success.

When Tom Knox, an American farmer, suggested that a few American aid dollars be spent to import poultry to improve Cambodian stock, as most Cambodians are farmers, his ideas were ignored in favor of a road, canal, or military plans. As in each case, the United States aid was aimed at a 'big' project which failed to reach the common man as a smaller 'help them help themselves' plan would have.

Only the fact that each story is an isolated incident detracts from the book's continuity, because these authors are gifted storytellers. Of their book, they say, "This book is written as fiction; but it is based on fact. The things we write about have, in essence, happened . . . not only in Asia . . . but throughout the world. . . our aim is not to embarrass individuals, but to stimulate thought-and, we hope, action."

Jury approves \$170,000

Attorneys for Mrs. Violet O'Keeffe are now preparing a \$170,000 judgment to be entered against Higginbotham Bros. Co. and John Lanham Higginbotham, Dallas, after verdict in that amount was returned by a jury last Friday.

Mrs. O'Keeffe filed suit against the individual and the company as the result of an automobile accident January 29, 1959, six miles north of Denver City on Route 214 in which her husband, W. T. O'Keeffe, was fatally injured. The suit was filed by Mrs. O'Keeffe in her own behalf and in behalf of her five minor children.

Verdict returned by the jury of nine men and three women at 1:30, Friday, gives Mrs. O'Keeffe \$75,000 on her own behalf, \$15,000 for each of the five minor children and levied the sum of \$20,000 against the defendants as punitive damages.

The law firm of New and Townes, Denver City, representing Mrs. O'Keeffe, said that they are now preparing the \$170,000 judgment and it should be entered of record some time next week. Upon entry of the judgment, Atty. New said, the defendant's attorneys will have 10 days in which to file a motion for a new trial.

If the initial motion for new trial is denied, New said, the attorneys for Higginbotham will have an additional 10 days to file an amended motion for new trial. The presiding judge may then take 45 days to act on the motion. If motions for new trial are denied, New said the defen-

dant may then appeal the case to the Appellate Court in Amarillo.

Mrs. O'Keeffe sought the sum of \$251,000 in her suit, which later was changed to a total of \$231,000. She alleged that Higginbotham was negligent in the operation of his car in striking her husband's vehicle, forcing the O'Keeffe machine into the path of a pickup truck operated by Travis Brewer, Jal, causing the accident and death of her husband.

Testimony presented during the trial by a number of law enforcement officers and a toxicologist from Lubbock claimed that the defendant was intoxicated at the time of the crash. The charge of intoxication was denied by Higginbotham when he was called to testify.

Another expert witness from Oklahoma testified that the accident could not have occurred the way it was claimed in the complaint. His testimony was presented as the trial neared its conclusion late Wednesday and Thursday morning.

Judge Truett Smith presided over the trial which started on Monday afternoon with the jury selection. Testimony in the case began Tuesday morning and was concluded shortly before noon on Thursday.

Members of the jury which

heard testimony were as follows: C. L. Gayle, Bronco; Bill Middleton, Plains; Raymond Talley, Denver City; Joe Neva-rez, Denver City; Mrs. Glyn Cleveland, Plains; Louise Cobb, Plains; Mrs. John T. Camp, Plains; Jim Burt, Tokio; Y. L. Wright, Denver City; Dero Anderson, Tokio; T. A. Elmore, Tokio; and M. E. Pickens, Denver City.

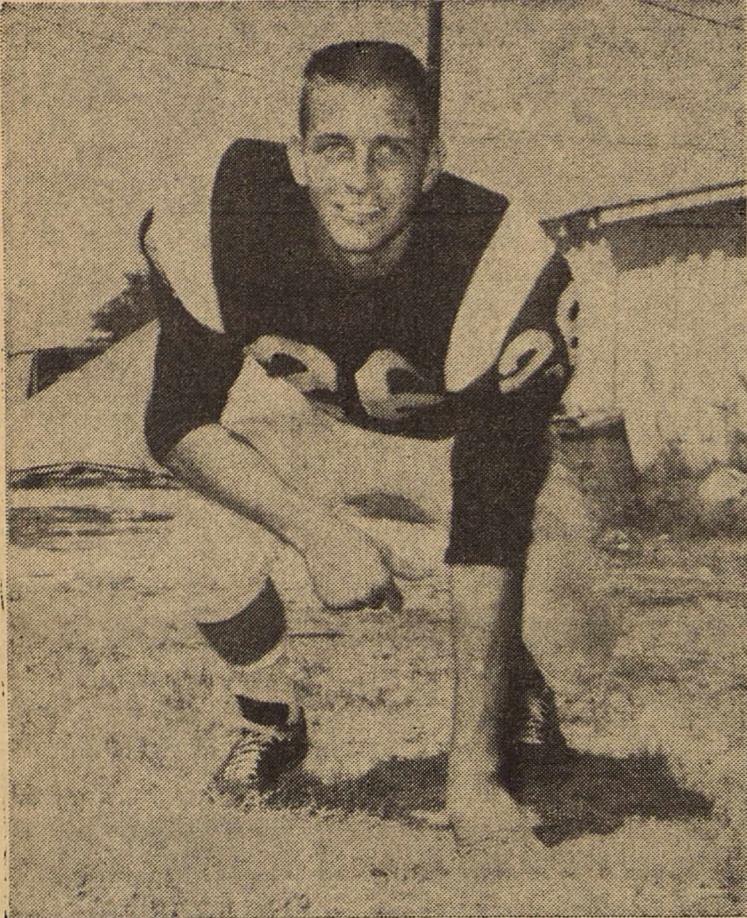

Locals . . .

Mr. and Mrs. Jesse Hale spent from Friday night to Monday evening visiting his parents, Mr. and Mrs. Tom Hale, and her brothers and sisters at Boswell, Oklahoma.

Mr. and Mrs. H. G. McDonnell and Mr. and Mrs. Rufus Brian and children, accompanied by Mrs. McDonnell's sister and husband, Mr. and Mrs. Herbert Brock of Lubbock spent the Labor Day weekend at Ruidoso.

Guests of Mr. and Mrs. Billy Marshall, Gail and Mark over the weekend and this week are their parents and grandparents, Mr. and Mrs. Boyd Gilbert and Mr. and Mrs. Jack Marshall of Electra. The group enjoyed an excursion to Ruidoso and Alamogordo Dam in New Mexico.

Mr. and Mrs. Bill H. Powell and sons, Dallas and Ty Earl, attended the Labor Day Matched Steer Roping at Clovis, New Mexico Sunday.

WALTER COFFMAN, Plains' senior end, was credited with the first touchdown ever scored in the new Cowboy Stadium Friday night. He scored early in the second period on a 24-yard run and pass play after snaring an aerial from Quarterback Mike Sink. REVIEW Photo

IMPORTANT FACTS

for Cotton Growers:

1. Plan A cotton will be purchased from farmers through approved purchasing agents.
2. Purchasing Agents will have purchase price on each eligible grade and staple length. Only negotiable machine card type warehouse receipts will be acceptable.
3. Power of Attorney (CCC Cotton Form 77) will be used if producer appoints agent to sell his cotton. These forms may be obtained from purchasing agent or ASC office. Cotton producers with out of the county landlords will save a lot of time and delay by using these forms.
4. Purchasing agents must require the producer to present his marketing card showing farm and marketing card number before executing sale documents. Farm and marketing card numbers must be entered on documents.
5. Cotton of various grades and staple lengths maybe included in one sales document; however, all of the cotton on a sales agreement must have been ginned at the same gin.
6. Each bale must weigh not less than 275 and not more than 700 pounds, gross. Bales weighing from 275 through 349 pounds will be subject to 1 cent per pound discount, and bales weighing from 626 through 700 pounds will be subject to 1/2 cent per pound discount.
7. All warehouse charges for storage and for other services performed (except compression) must be paid by the producer to the end of the calendar month during which Agreement of Warehouseman on Form SA is executed by Warehouseman.
8. Lien-holders, if any, must sign cotton producer's sale agreement.
9. Agreement of Warehouseman on each cotton producer's sales agreement must be executed by the Warehouseman not more than 10 days preceding date of producers signature on agreement form.
10. The local ASC Office will receive a copy of each sales agreement and will maintain a record of the cotton sold to CCC for each Choice A farm. It is very important that farmers with two or more farms use the correct card for each bale sold. Cotton from two or more farms must not be included on the same sales document.
11. The Plains State Bank will have personnel to prepare sales agreements for farmers.
