

BE A BOOSTER . . . HELP PLAINS GROW AND GROW!

# The YOAKUM COUNTY REVIEW

VOLUME 29

PLAINS, TEXAS, THURSDAY, NOVEMBER 19, 1959

NUMBER 47

## Plains Talk

By Wendell Faught

"People faint, kids climb poles, Rip eats towels." That's the way Roy Stockstill describes Plains basketball fever which was already reaching epidemic proportions by Saturday morning. "I could hear the thump, thump of basketballs by the end of the first quarter Friday night," quipped Roy.

Sundown was not lightly regarded by local fans by any means, but most of us were downright amazed at the Roughnecks' overall might. There's some consolation in the fact we lost to a great team. And all Cowboy fans agree that Sundown is great. Not even the aforementioned Roy S. would argue that point.

Willard Pederson, coach of Western Colorado State, who saw the game Friday, was as cold as everyone else. "It gets cold in Colorado," he said, "but it doesn't feel like this."

Incidentally, Pederson was impressed mostly by Don Todd and Joe Don Marrow of the Cowboys and Lewis Sessums of Sundown. He was also high in his praise of Butch Davis of the Roughnecks, but admitted college coaches couldn't afford to get too worked up over sophomores. David McInturff, despite a great high school career, is apparently too light to attract much interest from college scouts. Pederson said he'd be back next spring. He did all right here last year, getting Jim Williams despite the interest of several larger schools, and also landing a 1957 Cowboy, Ross Stotts.

We read an article recently which was written by a man who had just returned from Russia. The writer had taken a poll among a group of Russians, asking them to name the country's 10 leading men. We couldn't help but wonder how Americans would answer the same question so we asked it to three friends. All three were quite certain about their first choices, but all three were different. One headed his list with President Eisenhower, another with Billy Graham and the third with Dr. Salk. Not one of them could name over five persons who he thought could qualify for the top 10.

It will be interesting to see how many people will heed the government warning about cranberries being contaminated as we move into the holiday season. We don't plan to eat any more until the all-clear signal is sounded. But we also recall a few years back when the cancer-cigarete relationship first came to light. So far we haven't stopped smoking.

TV announcers would do well to gain a greater command of the English language. A commercial now appearing regularly goes: "I've been reading a lot lately about bread with no holes. But only butter-whipped Blank bread can honestly make that statement." What statement, pray tell us, can Blank bread honestly make? Disregarding our serious doubt that bread can make a statement at all, the message still means exactly nothing to us.

Paul Loe has a good mop he'd sell to someone. Bill Overton presented it to him as a gift Saturday when friends honored Mr. and Mrs. Loe with a housewarming at their new residence in Plains. What bothered Paul, though, is that the gift was not to Mr. and Mrs., but just to him.

THESE NINE BASKETBALL players of Plains high school saw action in the finals of the state tournament last year and from this group should come the starting five for the coming season.

They are, front row, left to right, Ray Faught, Harmon Meixner, Dick Cooke, and Mike Culwell; second row, James Alberding, Joe Don Marrow, Don Todd, Walter Coffman and Jack Meixner.

## Nine cage lettermen report to first Cowboy practice

Nine of 13 boys who saw action in the state basketball finals last spring were among 18 prospects who reported for practice Monday afternoon as Coach Rip Sewell opened cage drills.

Four top-flight stars are missing from the squad which was the state's Class A runnerup last season, but Sewell can field five boys who were starters at one time or another during last year's campaign.

Walter Coffman and Harmon Meixner, a pair of talented seniors, top the list of returning lettermen. Others who were starters part of the time last year are Jack Meixner, Joe Don Marrow, both juniors, and Don Todd, senior.

Dick Cooke, Ray Faught, James Alberding and Mike Culwell, all juniors, played a lot of basketball last season and all played in the state tournament.

Other candidates are Mike Sink, Eldridge Tidwell, Doug Todd and Darrell Barron, juniors, and Jerry Jones, Sam St. Romain, Butch Hawkins, Larry Smith and Steve McGinty, sophomores.

Missing from last year's team are Jim Williams, Bill Lattimore, Cordell Huddleston and Claude Lee. Williams and Huddleston were regulars while Lattimore and Lee pretty well divided starting duty.

Sewell says the most serious problem facing the Cowboys this year will be their lack of height. Don Todd and Coffman are the tallest of the probable starters. Coffman is 6-2 and Todd is a quarter inch taller. Jack Meixner is 6 feet, Marrow, 5-11, and Harmon Meixner, 5-9.

The Cowboys who compiled a 25-4 won-lost record last season, will open their 1959-60 season here December 4 when they

host Eunice. They will play in three tournaments, at Denver City, at Seagraves and at Brownfield. Plains won the Denver City and Seagraves tournaments last season and lost a two-point decision in the finals to Hereford's great AAA team in the Brownfield classic.

Plains' record in tournament play last year showed 13 games with only two losses. In addition to the loss to Hereford, they lost in the state finals to Huntington. Only other losses during the year were to AAA Levelland in an overtime and to AA Dimmitt. See CAGERS on Page 7.

## Pic and Pay Grocery to have formal opening

Formal opening of the new Pic and Pay Grocery in Plains will be held Saturday, according to an announcement by J. S. Wagley, owner of the business.

All persons of the area are invited to attend the open house which will be conducted all day Saturday, Wagley said. Free coffee and doughnuts will be served to visitors throughout the day.

Sid Donaldson of Denver City will also serve guests samples of a special Italian food.

All persons visiting the store Saturday will have an opportunity to register for groceries which will be given away during a drawing scheduled for 5 p.m. Five different baskets of groceries, each valued at \$10, will be given away during the drawing. Only restriction is that no two baskets will be awarded to members of one family.

No purchase is necessary to be eligible for the prizes as anyone is entitled to register. Winners do not have to be present at the drawing.

Shoppers will also have an opportunity to shop the store for opening day special prices on a

number of items. Purchasers will receive green stamps, a regular feature of the store.

Pic and Pay Grocery has been open for the past several weeks under the operation of Wagley. He is assisted by Mrs. Wagley and by Earl Robertson. The store is open seven days a week from 7 a.m. until 11 p.m.

The modern building which houses the new grocery store has

See PIC & PAY, Page 7

## Nativity scene arrives Thursday

The nativity scene which will decorate the courthouse lawn during the Christmas season arrived in Plains Thursday morning. Sponsoring organizations are still about \$165 short of the goal they set to pay for the decoration.

Sponsors decided at the outset they would not make personal solicitation of funds. A number of organizations have made contributions, but a plea has been issued for additional donations in order that the full amount may be raised.

Any firm or individual wishing to contribute to this fund may contact the Chamber of Commerce.

## Services Thursday for Edwards infant

Graveside services were to be held at 2 p.m. Thursday for Cary Jean Edwards, infant daughter of Mr. and Mrs. Roy Edwards. The baby was born at 3 a.m. Tuesday and died at 5:30 a.m. in the Yoakum County Hospital in Denver City.

Rev. R. H. Meixner, pastor of the First Methodist Church, was to officiate the services. Burial was to be in the Plains cemetery, under direction of Davies Funeral Home.

## 1960 football schedule lists four big changes

### Crane, Portales, Wink and Sudan added to slate

Four new teams have been added to the 1960 football schedule of the Plains Cowboys which was announced this week by head coach Jack Pierce.

The 1960 Cowboys will meet Crane, Portales, Wink and Sudan in addition to Wilson and the four district 5-A teams. Missing from next year's schedule are the familiar names of Meadow, Morton, Whiteface and Jal.

Coaches and fans alike were well pleased with the 1960 schedule. Since moving into the Class A ranks four years ago, it has been necessary for Plains to continue playing several Class B schools. But the 1960 schedule calls for the Cowboys to meet only one Class B school, Wilson.

The Cowboys open at home against Crane, a team which is always a power in Class AA. The Golden Cranes won district 4-AA last year, beating such clubs as Seminole and Denver City enroute to the title. The Crane game is on September 2.

On September 9, the Cowboys go to Wilson and then on September 16, they play Portales here. Portales, a large New Mexico school, has an enrollment equivalent to Class AAA classification in Texas.

The always-tough Wink Wildcats will furnish the opposition for the Cowboys on September 23 in a game to be played there. The Wildcats move back up to Class A next year after a couple of seasons as a Class B school. Wink, this year, barely lost to Denver City's great team, 19-14.

Sudan, co-champions of district 3-A this year, will play here on September 30 and then the traditional battle with Farwell will be waged here on October 7.

Plains swings into district play on October 14, meeting Frenship here. The following week, October 21, the Cowboys go to O'Donnell and then meet Seagraves here in the final home game on October 28. An open date precedes the Sundown finale there on November 11.

Unusual is the fact that Plains will play six home games next year. The complete schedule follows:

- Sept. 2—Crane, here
- Sept. 9—Wilson, there
- Sept. 16—Portales, here
- Sept. 23—Wink, here
- Sept. 30—Sudan, here
- Oct. 7—Farwell, here
- Oct. 14—Frenship, here
- Oct. 21—O'Donnell, there
- Oct. 28—Seagraves, here
- Nov. 11—Sundown, there

## Denver City, Sundown get support of local football fans for playoffs

The football cheers of scores of rabid Plains fans will shift to girdrons at Floydada and Lamesa this week-end. And the football teams of Denver City and Sundown may well appreciate the support of the local following.

Naturally, local football interest is not what it was but nevertheless, many fans will continue to follow the Mustangs and Roughnecks through the playoffs. After all, Denver City

is still in Yoakum County and Sundown carries the same district 5-A banner the proud Cowboys did last year.

Denver City, winner over Seminole in last Friday's showdown in district 4-AA, meets mighty Floydada at the Floyd County town Friday afternoon at 2:30. Time of the game may interfere with a lot of working folk, but at the same time will be welcomed by many others who shivered through last Friday's disaster.

Sundown meets Roscoe at Lamesa Saturday night in a game beginning at 7:30 p.m. Conqueror of the mighty Cowboys, Sundown can expect a chorus from Plains plus a lot of silent support from the local front.

Plains picked up considerable support from Denver City last year when the Cowboys went all the way to the quarterfinals. Denver Citizens are hoping for the same cooperation from their neighbors this time.

BOB LOE

## Funeral services are held Tuesday for Mrs. Rushing

Funeral services were held for Mrs. J. A. Rushing, 88, mother of Carl and Albert Rushing of this city, Tuesday at 2:00 p.m. in First Baptist Church, Brownfield. Rev. Calvin Beach, pastor of Tokio Baptist Church of which she was a charter member, officiated. Burial was in Terry County Memorial Cemetery under direction of Brownfield Funeral Home.

Pallbearers were grandsons: Bulldog and Doogie Turner of Gatesville, Polly Rushing of Tokio, Harold Young of Paradise, Junior Rushing of Post, and Leroy Hariston.

Mrs. Rushing with her husband, who preceded her in death in 1914 and settled in the Tokio community where they resided until their deaths.

She is survived by the two sons; three daughters, Miss

See RUSHING, Page 7

## Bob Loe to be city secretary

Bob Loe will assume duties Monday as city secretary of Plains, replacing Buford Duff who resigned two weeks ago after serving nearly two years in that capacity.

City council members named Loe as the new secretary during a special meeting last Thursday evening. Four persons had applied for the position.

Loe began working at City Hall this week, becoming familiar with the routine during Duff's last week of duty with the city. Duff plans to join his brother, Rod Duff, in the operation of Cotton Growers Delinting Company.

The new secretary has lived in Plains since June of 1948. He is the son of Mr. and Mrs. Paul Loe who moved here from Farwell in January of 1948 when Bob was a student at Texas Tech. After completion of the school term in June, he moved to Plains.

A native of Spur, Loe lived there during his childhood, moving to Farwell with his parents while in high school. He attended school at Farwell for three years and entered Tech upon graduation.

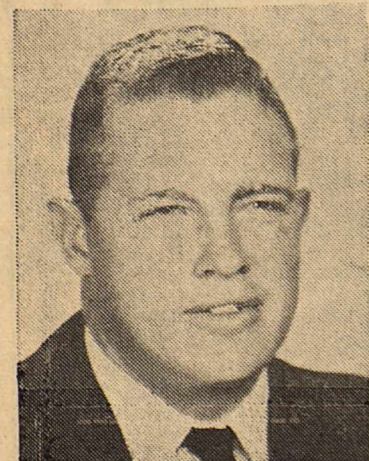

Loe is married to the former Winnell Fitzgerald, daughter of

Mr. and Mrs. John E. Fitzgerald of Plains. They were married in 1949 and have two sons, Mike, seven, and Travis, three.

Since his marriage, Loe has been engaged in farming.

The position of city secretary in Plains carries a number of duties not commonly associated with such a post. The secretary supervises all of the city employees and oversees the operation of the city's light, gas, water and sewer operations. Duties of the secretary here are very similar to those of city manager in towns which have that type of government.

## Campsey in "Who's Who"

LELAND CAMPSEY

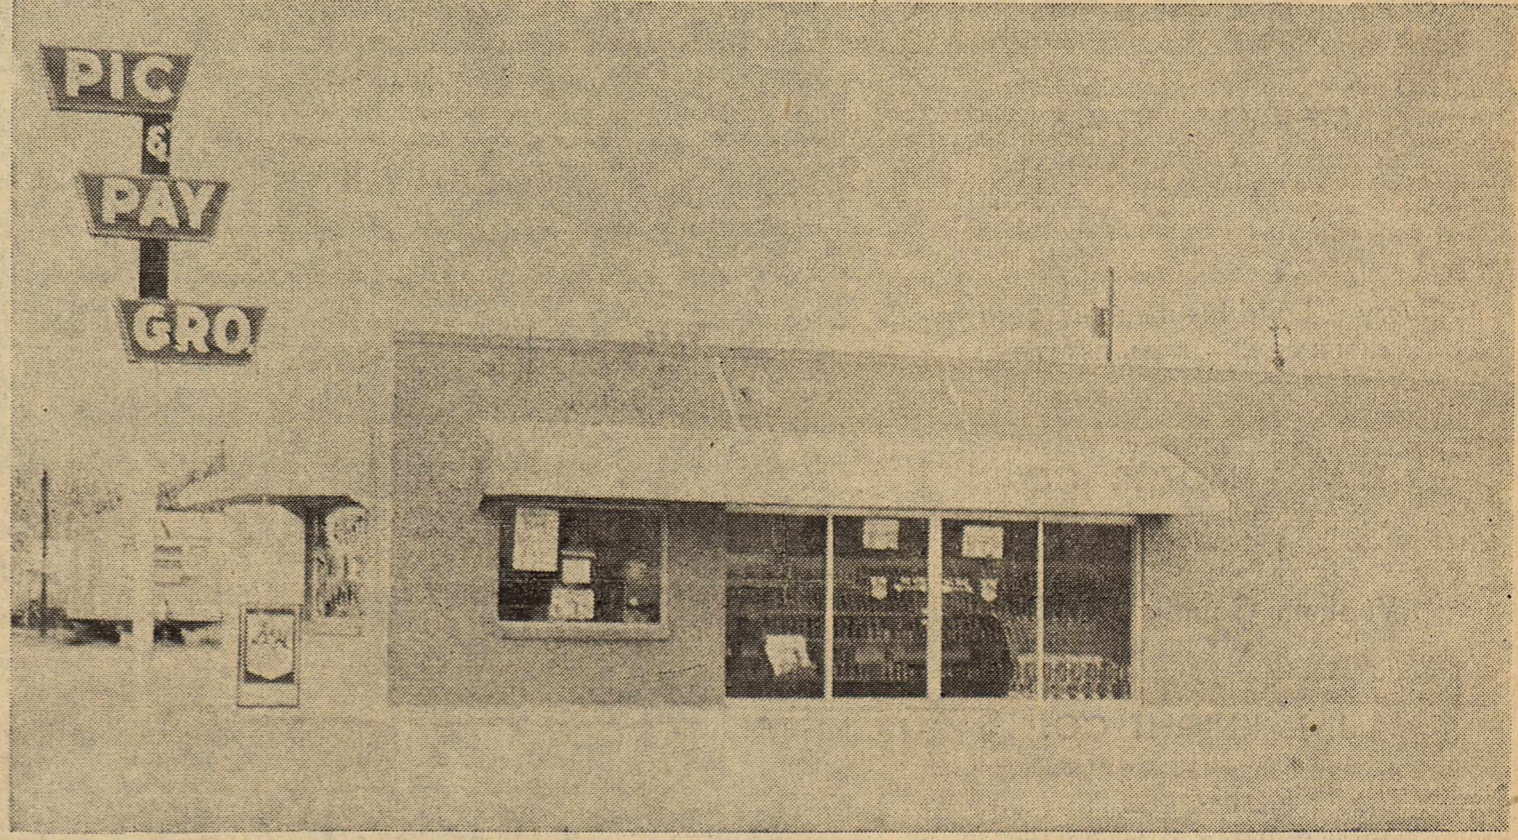

Leland Campsey has been elected to Who's Who Among Students in American Universities and Colleges. Announcement of his election was made this week by officials of Sul Ross State College where Campsey is a Senior student in Range Animal Husbandry (biology).

A 1953 graduate of Plains high school, he held offices of FFA president for two years, class president for three years, and editor of the school annual. He was elected to Who's Who and named Highest Ranking Boy in the Graduating Class. He was active in sports and during this period participated in football, basketball, and track.

At Sul Ross, Campsey is a member of the Wesley Club, and has held offices of reporter, vice-president, and president of the Clip and Brand Club, and was voted outstanding member of the club for 1958-59. He has been, also, a member of the livestock judging teams for three years.

Membership in Who's Who Among Students in American Universities and Colleges is restricted to students having high academic standing and who demonstrate good citizenship, leadership, promise of future usefulness and high ethical character.

Campsey is the son of Mr. and Mrs. S. E. Campsey of Denver City.

THE NEW PIC AND PAY GROCERY will hold its formal opening Saturday. All residents of the area are invited by the winner, J. S. Wagley, to visit the store during the day. Free coffee and doughnuts will be served and all visitors will have an opportunity to register for five baskets of groceries which will be given away at 5 p.m. REVIEW Photo

## Public safety officials explain trailer law

Officials of the Texas Department of Public Safety, Monday termed the issuing of warnings to High Plains farmers and others about the registration of cotton trailers an educational program aimed at obeying the law.

At a meeting in the Plains Cotton Growers, Inc. office in Lubbock, officials said that only warnings had been issued at var-

ious gin points over the High Plains and letters outlining the policy of the Department of Public Safety are being distributed. This program started in the Valley with the cotton harvest and it has now reached the High Plains, they explained.

The law concerning registration of farm trailers was passed in 1941 and the county tax collector has all information con-

cerning the trailer registration.

Public Safety officials said. "We would like this to be considered an educational program for voluntary compliance with this law." Some safety rules suggested include a burning red light on the rear of trailers, pulling trailers.

Prior to the meeting between officials, House Speaker Waggoner Carr had been in contact with Col. Homer Garrison, Director of the Texas Department of Public Safety in Austin.

Crux of the situation is that trailers which exceed 4,000 pounds gross weight, must be registered. Public Safety officials said the minimum registration fee for a 3,000 pound trailer for five months, the remaining time in this registration year, is \$4.13. Permits for higher gross weights will be from \$10.39 for 7,000 pounds graduated up to \$17.68 for 10,000 gross per trailer for farmers. Fees for gins who own trailers would be higher.

It was the consensus of opinion that the situation may not cause farmers additional harvesting cost this year. However, what remains to be done for future years seems to be the big question, which will be up to members of the legislature.

The Plains Cotton Growers will use their influence to remedy this situation.

### CARD OF APPRECIATION

Thank you so much, my many friends, for the lovely flowers and cards and the thoughtful visits and telephone calls during my stay in the hospital and to each of you who have been so gracious to me since my return home.

May God reward and bless you always.

Mrs. George Cleveland

Isn't it peculiar that middle age always starts a few years earlier for the other fellow?

## Present swim pool petition

Petition asking for the enlargement of present swimming pool facilities in Denver City, or the construction of a new pool there, was presented Monday to members of the commissioners' court.

The petition carried names of 163 qualified signers, well over the 117 required for the court to take action on the proposal. The county judge, Don Hancock, was instructed by the court to contact architects for preliminary plans and suggestions, and estimates of the cost involved. It is hoped that the architects will be able to meet with the court next Monday or confer on the project. Following that, another meeting will be arranged at which complete plans and specifications will be presented.

Judge Hancock said today that although no definite decision had been reached, it was the general opinion that the best solution would be to enlarge the present swimming pool to perhaps twice its size, rather than to install a new pool in another location. The new pool, he pointed out, would not only cost a larger sum but would also re-

duce a costly disease to livestock producers of Texas. Cattle infected with brucellosis suffer a 20 percent loss in milk production. They calve on the average every one and one-half years rather than yearly. In addition resulting abortions, sterility and difficult breeders increase replacement needs by 30 percent. Swine and horses also suffer from the disease.

The USS Red Rover, captured from the Confederates, was converted into a hospital ship in 1862, and became the first U. S. Navy hospital ship on record.

sult in operation costs being doubled.

Financing of the pool, the judge stated, would probably be done through a bond issue, which would necessitate an election.

The petition, as presented to the court asked for "enlargement of the present pool and facilities or for construction of a new swimming pool, and that the court take steps either by pre-

paring a bond issue or by issuing county warrants to assure more adequate swimming facilities in Denver City and petition the court to take action so that facilities would be adequate for the year 1960."

Also during the special meeting Monday, the court named Dr. M. A. Watts of Denver City to serve on the county charity board, succeeding Mrs. J. E. Woodward, who has resigned. The estimate of Phillips Pipe Line in the amount of \$24,305 for relocating pipeline along Sections 456, 465 and 524, Block D, was approved, and bills against the county were ordered paid.

Mrs. L. C. Erwin of the BB Ranch north of town is reported much better this week after being rushed to Plains Clinic Saturday by Davies Funeral Home ambulance when she became violently ill from a wasp-sting sustained early that morning. This was the third such occurrence with Mrs. Erwin suffering the same effects each time, she told a reporter of The Review. On many people the wasp's sting is as poisonous as a snake-bite, medical reports reveal.

## Firemen answer two rural calls during cold spell Friday night, early Saturday

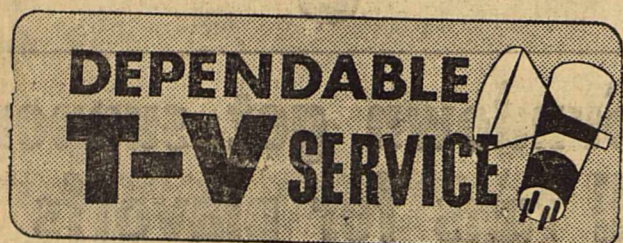

Plains Volunteer Firemen were called from their snug blankets in Cowboy Stadium, their march along the sidewalks, or a comfortable chair in a warm home Friday night about 9:30 when the siren pierced the crisp night air. With prompt and efficient action the boys sped to the Bronco Gin west of town where the fire confined to a cleaner in the gin and a small bur-pile was extinguished. Damage was light to the cleaner, reported Terry Bacon, co-owner of the gin.

Then about 1:45 a.m. Saturday they were roused from a short nap amid comfortable beds to

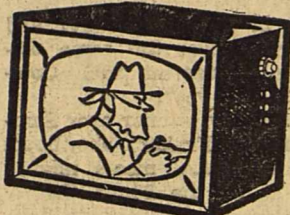

fight a burr pile blaze at the Tokio Gin east of town. Their limited water supply was used, but the fire was confined to the burr pile only.

Fire Chief Duane McDonnell reported no damage at Tokio and expressed appreciation to his firemen for their quick action and support on such a cold night. He reminds the public to be alert to prevent fires and exact in turning in alarms. This is the time of year when many fires occur, he added.

There was a good turnout at the regular meeting Monday night, McDonnell said.

We give fast, efficient at-home service 'round the clock. Prices are low, parts guaranteed.

# FALLING LEAVES

...usher in the season of Thanksgiving. The time when white frosts and flaky snows cover the earth. Isaiah 35 speaks of this mirage, but we know the Lord reigneth, and the parched ground shall become a pool as He said. Then, since all must come to judgment and be rewarded according to his personal behavior; and since eternity is so very long ... it is urgent that we approach, with much concern, our rendezvous with death. There is no variableness in God's cause nor in His justice. Support His church regularly and worship God every day.

You In The Church  
The Church In You  
— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

# Sundown blasts Cowboys, 36-14, to win district crown

A trio of hard-running backs from Sundown turned this football-happy area into darkened sadness Friday night as they led the Roughnecks to a rather easy 36-14 win over the previously-unbeaten Plains Cowboys.

With the victory, Sundown picked up the district 5-A title and will advance into the state playoffs this weekend against Roscoe, winner of district 6-A. The defending champion Cowboys, victorious in nine straight games this season, closed out their 1959 campaign with a 9-1 record.

Fullback Joe Don Marrow, hobbled by a knee injury, saw only limited action and finally went out of the game for good at the start of the fourth period. But it is doubtful that even an able-bodied Marrow would have been able to have turned the tide in the Cowboys' favor.

Going into the game, Plains boasted the top defensive club in Texas, but someone apparently failed to tell the Roughnecks about it. Butch Davis, David McInturff and Lewis Sessums ripped the proud Plains defense to shreds as time and again they took off on cross-country jaunts. Never did the winners have to kick. Seven times the Roughnecks got possession of the ball. They scored five times, were stopped by a penalty after driving to the shadows of the goal end and were headed toward paydirt again when the game ended.

The half-frozen fans braved temperatures in the mid-20s realized what was in store the first time Sundown got the ball. After Plains received the opening kickoff, the Cowboys drove from their own 27 to the Roughneck 19 largely on the strength of blasts by Don Williams. But they fumbled at the 19 and Sundown took over. Then it happened! Sessums rambled for 24 yards right up the middle to put the ball at the 43. On Sundown's second offensive play, the Roughnecks were penalized 15 yards back to the 28. Then McInturff picked up 20 to the 48 and Sessums got 50 more to put the ball at the 2. Sessums then capped the 81-yard, 4-play drive by going over for the first touchdown with 5:28 left in the first period. Davis picked up the extra points when he went into the end zone standing up.

Plains struck back to tie the score two minutes deep in the second stanza. After Joe Bob Oats returned the kickoff to the 34, the Cowboys went 66 yards in 16 plays with the biggest gainer being a seven-yard run by Ray Faught. The touchdown was scored by Faught from two yards out. Mike Sink passed to Wait Coffman for the extra points to tie it up at 8-8.

The two teams then exchanged touchdowns, Sundown scoring in nine plays from 63 yards out following the kickoff and Plains returning the compliment with an 11-play 62-yard march. Davis got the Roughneck touchdown from the 1 and McInturff picked up the bonus points. Marrow scored Plains' second touchdown from the 2, but was tripped up in an attempt to run over the two extra points. The score became 16-14. Sundown, with 1:58 left in the first half.

Plains appeared to get a good break shortly thereafter, but it went for naught. Quarterback Robert Foster fumbled at the Cowboy 43 and the Cowboys recovered. But Sink's pass was intercepted on a one-handed stab by Sessums and the big Sundown fullback rambled to the 17 before being knocked out of bounds. Here the Cowboy defense tightened and the Roughnecks had moved only to the 12 by the time fourth down came up. Sessums faked a field goal from this point and then hit Foster in the end zone with a touchdown pass to make it 22-14 with just five seconds remaining. Sessums was stopped short of the goal in his try for the extra points. Plains was offside and Sessums tried again but still failed.

McInturff took the second half kickoff on his own 22 and went all the way to the Cowboy 29 before Faught finally hauled him down. Sundown then drove to a

first down at the 17, but its drive bogged down at the 14 where Plains took over.

The Cowboys drove out to midfield, but a fumble set them back to the 43 and Coffman punted dead on the Roughneck 37, first punt of the night.

Seven plays later the Roughnecks had eaten up the 63 yards with a 41 yard scamper by Davis being the big gainer. Foster sneaked over for the touchdown on the first play of the fourth quarter. Sessums attempted to kick the extra point, but it was blocked.

Sundown's next kickoff was returned only to the 11 yard line. A penalty set Plains back to the 6. With Marrow out of the game, Williams, Faught and Tidwell handled the offensive chores and moved out to nearly midfield, but a fumbled pitchout stalled the drive at the 40 and Coffman's fourth down kick was blocked by Jerry Caddell and the Roughnecks gained possession at the 22. It took four plays, one blast by each of the Roughneck backs, to get the touchdown. Sessums carried to the 18, McInturff to the 13, Foster to the 10 and then Davis scored from there on a bull-like run which convinced one and all of his greatness. McInturff slashed over for the extra points, but Sundown was penalized 15 yards and the ball moved out to the 18. Inturff then calmly flipped a pass to end Bill Bates to tie it 36-14 with five minutes left.

The Cowboys had one offensive spurt left. After Faught returned the kickoff to the 28, the Cowboys drove to the Sundown 29 with a 21-yard pass from Sink to Faught being the biggest play. But Sink was trapped while trying to duplicate the feat and lost five yards and on the next play, his short pass was intercepted by Bates who returned to the 45. Time was running out, but the Roughnecks still wanted to run. After a penalty set them back to the 40, they drove to the Cowboy 3 in just three plays, with a penalty against Plains thrown in. But a Sundown infraction set them back to the 19 and then Davis ran to the 10 as the game ended.

That "silvery moon" is really an unimaginative dark brown, says World Book Encyclopedia. Brown is the color of the cooled lava, volcanic glass and rocks that make up the surface of the moon.

IT TAKES ALL FINGERS and two toes for Rip Sewell to count the basketball trophies his teams have won during the two seasons he has been head coach of the Cowboys. His team last year picked up seven trophies to go with the five won the year before. Last year the Cowboys won the tournaments at Seagraves and Denver City, took the district, bi-district and regional titles for five championship trophies. They also got cups

for finishing as runnersup at the Brownsfield tournament and the state tournament. The year before they won the Seagraves tournament, the district and the regional tournaments. They were runnersup at Whiteface, took consolation honors at Sundown and a trophy for fourth place at the state meet. No bi-district trophy was awarded that year.

REVIEW Photo

## Cowboy cage schedule given

### Sundown ranked state's best by Fort Worth paper

Plains fell to seventh place in the weekly ratings of the Fort Worth Star-Telegram this week as Sundown shot into the No. 1 position. Sundown, 36-14 victor over Plains last Friday, was in third place last week behind Stinnett and Plains. Stinnett was also a loser last week and the Roughners fell to fourth place. Unbeaten Crowell held down the runnerup spot in the Fort Worth poll, followed by Mason, Stinnett, Bishop, Gaston, Plains, Liberty-Eylau, Anahuac and Kenedy.

In the poll of the Dallas Morning News, the local Cowboys skidded all the way from second to 13th after their defeat. Sundown, which has never been rated higher than 10th by the Dallas paper, advanced all the way to third. Crowell paced the Dallas ratings with Mason second. Crowell, Mason and Sundown were closely bunched with all three teams receiving two first place votes. Stinnett fell from first to fifth.

In Class AA, Denver City was sixth in the Dallas poll and eighth at Fort Worth.

The 1959-60 Plains Cowboy basketball team has booked a 14-game schedule and entry into three tournaments, it was announced this week by coach Rip Sewell.

Opening game of the new season will be played here against Eunice on December 4. The Cowboys are scheduled to play Denver City there on December 8 in their second game of the season.

Tournaments at Denver City, Brownsfield and Seagraves are entered by the Cowboys. They won the tournaments at Seagraves last year, and were runnersup at Brownsfield.

The 1959-60 schedule is as follows:

- Dec. 4—Eunice, here
- Dec. 8—Denver City, there
- Dec. 11—Tatum (tentative)
- Dec. 17-18-19—Denver City tournament
- Dec. 29—Denver City, here
- Jan. 1-2—Brownsfield tournament
- Jan. 8-9—Seagraves tournament
- Jan. 15—Seagraves, here
- Jan. 19—Frenship, here
- Jan. 22—O'Donnell, here
- Jan. 29—Sundown, there
- Feb. 2—Seagraves, there
- Feb. 5—Frenship, here
- Feb. 9—O'Donnell, here
- Feb. 16—Sundown, here
- Feb. 20—Lovington, there

#### CONGRATULATIONS

Birthday and anniversary congratulations to Mrs. Jim O'Neal on November 22; Jimmy Lee Taylor and Mrs. Roger Harvey on November 23; Barbara Watson, Pamela Tucker, Mr. and Mrs. Neil Parks, and Linda Johnson on November 24; Mrs. John Alberding, Mr. and Mrs. John Camp, Mrs. C. B. Spears, and Roland Johnson on November 25; Sharlott Stapleton and Janith Huckaby on November 26; Mrs. M. S. Weed, Tom Warren and Casey Brown on November 27.

### School lunch prices to be raised 5 cents

A special announcement was issued this week by Plains School Superintendent G. D. Kennedy in effect:

Beginning December 1 school lunches will be 30c per day. The 5c increase in the price of lunches has been brought about by the rise in cost of foods and other expenses incurred in the operation of the lunchroom, Mr. Kennedy explained.

## Six gridders play final game Friday

Six seniors, including four offensive regulars and a starting defensive halfback, played their final game for the Plains Cowboys Friday night.

Completing their eligibility with Friday's game were Walter Coffman, end; Harmon Meixner, guard; Don Todd, tackle; Don Williams, halfback; and Joe Bob Oats, halfback-quarterback. Riley Johnson, a tackle, will also

graduate next spring.

Prospects for next year, however, appear bright indeed. Returning will be three-fourths of the starting backfield, Mike Sink, Ray Faught and Joe Don Marrow, plus Eldridge Tidwell who started about half the game

es this season.

Regular linemen returning are Jack Meixner, end; Doug Todd, tackle; Vernon Ethridge, center; Dick Cooke, guard, and James Alberding, regular defensive linebacker.

### Cagers

(Continued from page one)

when most of the team was sick and unable to play.

Sewell said he expected district 5-A to be very rough this year with Seagraves and Sundown appearing to be the teams to beat. He also respects O'Donnell, the team which gave his club most trouble last year, and Frenship.

Sewell is beginning his third

year as head basketball coach here. He has led the Cowboys to the state tournament during both seasons he has coached. Assisting Sewell are Jack Pierce and Sam Mosley. The latter will be in charge of the B team which will play a full schedule. Mosley will also coach the junior high teams.

If you can't get behind a movement for the good of the community, the least you can do is get out from in front of it.

## GOOD WORK COMES EASY

with

### JOHN DEERE DISK PLOWS

GOOD WORK comes easy with John Deere Disk Plows—not just when they're new, but down through year after year of dependable, low-cost service.

Correct design, a fully adjustable hitch, and balanced weight distribution hold John Deere Disk Plows to their work in every soil condition—even hard, irrigated soils. The mesh-grain, cross-rolled disks resist splitting and

curling—hold their edge better than ordinary disks. Precision-type bearings provide solid, light-draft disk support. Rugged standards and the rigid overhead frame maintain proper alignment despite severe shocks and strains.

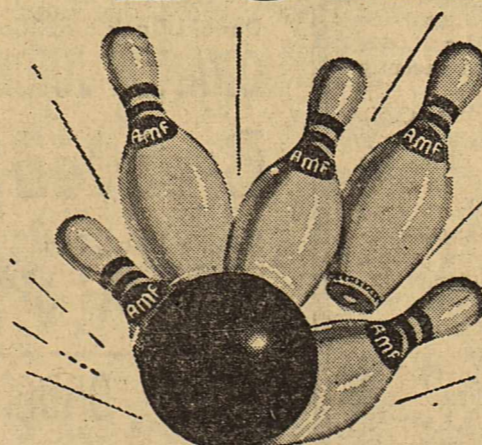

Search as you will, you won't find a better disk plow than a John Deere. Come in soon for complete information.

### Cotton programs listed for 1960

Two different programs of allotments and price supports will be available to upland cotton growers in 1960, if marketing quotas are approved in the December 15 referendum. W. M. Overton, Yoakum County ASC office manager, said today.

Provided at least two-thirds of the growers voting approve marketing quotas for the 1960 upland cotton crop, the individual farm operator will be able to choose between the Choice A and Choice B allotment and price support program.

Choice A will include the "regular" farm allotments and price support on cotton grown in compliance with the A allotment at not less than 75 per cent of parity... the exact level to be announced later. Choice B will include an allotment which is 40 percent larger than the "regular" allotment, and price support on eligible cotton at not less than 60 per cent of parity.

Farmers will be informed on both allotments for their farms well in advance of the December 15 referendum, Overton said today.

According to Overton, the ASC

office records show that under the 1959 cotton allotment program Yoakum County had cotton allotments on 371 cotton farms. A cotton allotment was 33,145.2 acres with 18,929 acres located in irrigated farms.

On the 188 dry land cotton farms there were 14,216 acres "A" allotment. Under the 1959 program 37 farms had Choice B cotton allotments with 19 of that group being irrigated farms.

### Mothers get break

The Internal Revenue Service is not particularly in any sort of business except the tax business. You might gather, however, that along with most public speakers that the Service favors motherhood. The working mothers who have been paid maternity leave from their job during the past few years should look into a new IRS ruling that this pay up to \$100 a week is now excluded as sick pay from their income. A lot of working mothers will have a tax refund coming. Contact your local Internal Revenue Service man or a qualified tax practitioner.

**2,254,000 4-H CLUB members**  
in the U. S. A.

This year's record...  
**93,000 CLUBS**  
**157,260 COUNTY HONOR MEDALS**

**1,120 TRIPS TO... CHICAGO 4-H CONGRESS**  
**223 SCHOLARSHIPS \$106,580**  
**U. S. SAVINGS BONDS WATCHES & OTHER MERIT AWARDS \$46,500**

Figures on 4-H enrollment for 1959 again show an upward trend. If the increase is reflected in all 50 states and Puerto Rico, this year's final score could well be within touching distance of the two-and-one half million mark, predicts the National Committee on Boys and Girls Club Work.

While the number of 4-Hers is steadily increasing, the annual crop of winners remains about the same, the National Committee points out, because the number of award programs is limited. This individual qualifications become higher and competition keener. At the present time the ratio for state and national winners is one member out of 2,000.

The national award programs in which 4-Hers participate include clothing, frozen foods, entomology, safety, public speaking, and tractor. There are nearly 50 others, according to the National Committee.

All 4-H projects and activities endeavor to show how to improve the individual, the family, the home, farm and community.

Every 4-H member pledges "... my head to

clearer thinking... my heart to greater loyalty... my hands to larger service... my health to better living, for my club, my community, and my country."

Besides the personal satisfaction of "learning by doing," 4-Hers take great pride in their accomplishments, and outstanding records are rewarded, the National Committee reports.

Awards are provided annually by individuals and business firms among which are: Mrs. Charles R. Walgreen, Standard Brands, Coats & Clark, Carnation Co., Simplicity Pattern Co., Hercules Powder Co., Betty Crocker of General Mills, Whirlpool Corp., Montgomery Ward, General Motors, Firestone Tire & Rubber Co.

Also John Deere, Singer Sewing Machine Co., Calzate-Palmolive, Homelite, Armour & Co., the Burlington, Milwaukee, and Illinois Central railways, Wilson & Co., and Humble Oil & Refining Co.

All 4-H projects and activities are directed by the Cooperative Extension Service, USDA. Arrangements for the national award programs are made by the National Committee.

### Children's eating habits important

Most modern doctors are agreed that the foundation for health is laid in the first six years of our lives, and modern nutritionists are convinced that the eating habits we have developed by the age of six may chart the course of adult health.

The Texas Beef Council say that American mothers, aware of our national abundance of foods, and aware of the possibilities of superb health, are probably most conscious of the child who does not want to eat. We are not satisfied that our children are "not sick;" we want them to be definitely "well."

The thin child who does not have sufficient appetite to support a growing body is a particular worry to a mother who can provide her child with ample food to keep him racing to climb

trees with his playmates, and for this reason many American mothers are particularly grateful for the ever-present hamburger.

The child who wants a hamburger three times a day may not gain weight as rapidly as his playmates, the Beef Council has found, but in his repetitious demand for hamburger, he is getting nearly all the food value he must have for growth. Beef is lacking only in carbohydrates (starch and sugar) and in ascorbic acid (Vitamin C). The bread or bun on his hamburger provides the carbohydrates he needs, and, for the child who absolutely refuses orange juice, this necessary vitamin can be given in tablet form.

However worrisome the small appetite may be to a mother who is trying to develop healthy bodies and appetites for varied, balanced meals, the Texas Beef Council reminds mothers that many severe feeding problems are produced by too much urging to eat more.

A thin child should, of course, have regular medical check-ups. Doctors find that thinness, failure to gain weight, and fatigue come more often from emotional troubles than from physical causes. However, some children seem to inherit their parents' thinness. These children often prefer relatively low-calorie foods such as meat, vegetables and fruit.

Some children, despite their aversion to rich foods, will take additional butter on vegetables and a mixture of milk and cream which provides additional weight-producing calories, but these changes must be tried very gradually. Too-rich foods can easily cause a further reduction

### First Christian church women attend luncheon

Mrs. Johnnie Moore and Mrs. H. G. Bedford attended a District Christian Women's Fellowship luncheon in First Christian Church, Lubbock, Tuesday.

The inspiring devotional on Africa was given by Mrs. Karne, a missionary who has recently returned from Africa.

Principal speaker, Mrs. C. C. Coffey, a Methodist missionary to Africa, spoke on "Africa, Its Spiritual and Physical Needs".

We have the opportunity to administer to these Gospel-starved people, she told the group. If the Communists infiltrate Africa the Christian people will have neglected an opportunity and Christian duty, since we can and should go there now, Mrs. Coffey pointed out. There is a dire need of doctors, nurses, teachers and missionaries to help this nation, she warned, since there is only one doctor to each 9,000 persons there.

There are far too few missionaries working in that field, she stated further, for the people are in need of spiritual guidance as well as educational and medical supervision.

There's a man with the angles, for every girl with the curves.

## Dust may be your friend

by Bill Dittmore

So you hate dust — It may be your best friend. The soil in the Yoakum Soil Conservation District is made up of three sizes of soil particles. The smallest is clay, the middle sized is silt, and the largest in size is sand.

The silt particles are middle sized, an average of eight hundred and 40 silt particles side by side measure one inch. Soil particles this size and smaller are very easily blown away. The soil is also made up of other minerals and organic matter that are small in size. The smallest particles are the most fertile and blow away first. Sand may blow just over the fence. Silt may blow two or three miles and the clay may blow as far as Lubbock, or even as far as Dallas.

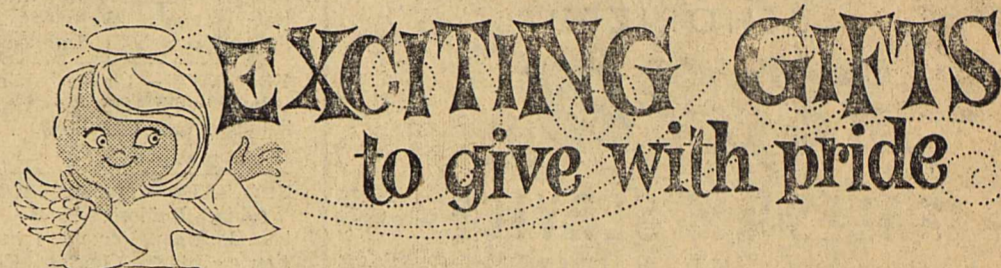

These small particles that

blow away are the most fertile and are gone from your farm forever. The clay particles are the most fertile and are a part of the topsoil. Dust is dry, fertile soil that is merely out of place. You cuss when you find it on the furniture, all over the house and it crunches when you walk on it. It really belongs out in the field to grow crops and grass. We all can remember the dust storms of last spring.

Not one of us welcomes these annual dust storms. The damage wind has done to unprotected land is easily seen all over the county. Fence row dunes, dunes piled up around the house and dust inside the house is not nice to see. This can be stopped. The soil has to be protected from the high wind we have in the spring. To stop these sins infesting, sneeze provoking dust storms is

not easy. Each one must do his part. You must keep the bare soil protected during the spring months. This can be done with green cover crops or stubble from last year's crop. In emergency you can list or plow the soil to make clods. Clods will bind the soil together and roughen the surface and slow down the speed of the wind.

If you have any questions stop in at the Soil Conservation Service office. We will be glad to answer any questions you may have. The Yoakum Soil Conservation District Board of Supervisors urges you to become a co-operator. You have a wide choice of practices you may apply on your farm or ranch to prevent these dust storms. Come in. We are anxious to talk to you. Think about it.
