Plains Talk

By Wendell Faught

Local football fans are virtually unanimous in their belief that Sundown will cop the Class A crown of Texas. Very familiar tones were revealed by the Sundown-Menard story last week as the Roughnecks stormed to a 32-0 led by the end of the first quarter. As for Denver City, the Mustangs get their supreme test this weekend when they meet Stamford, regarded by everybody as the team to beat in Class AA. Best of luck to both Sundown and Denver City.

Two or three have called to ask if the Review would publish their letters concerning a recent editorial published in this newspaper. Letters, pro and con on any issue, are always welcome and even encouraged. But in keeping with standards adopted by most newspapers, all letters must be signed. Signatures will be withheld, however, upon request.

The three greatest masterpieces in literature, it is said, are the Lord's Prayer, the Twenty-Third Psalm and Lincoln's Gettysburg Address. Incidentally, recall their wordings: "Our Father which art in Heaven, hallowed be thy name."
"The Lord is my shepherd; I shall not want."
"Fourscore and seven years ago."

Not a three-syllable word in them; hardly any two-syllable words. All the greatest things in human life are one-syllable things — love, joy, hope, home, child, wife, trust, faith, God. All great things are simple.

Using heroes among those who make Plains a wonderful place to live are members of the volunteer fire department. The efforts of these volunteers who protect our lives and property 24 hours a day are too often taken for granted. Yet this same protection is one of our greatest assets.

Despite rather widespread opposition, voters of the Andrews school district Tuesday approved a bond issue of nearly \$3 million for the erection of a new high school in that booming town. The vote ran nearly 5 to 1 in favor of the plush new layout. Andrews is unique in that it is the only town in that wealthy county, and the citizens there really believe in going first class. It will be interesting to see if the swank new high school will turn out better-educated students. According to reports, Andrews high school sends a very small percentage of its graduates to colleges at the present See PLAINS TALK, page 8

Dog ordinance now effective

Dog owners of Plains were reminded this week by city officials that an ordinance making it illegal for dogs to run at large has now been passed and is effective

with the publication in today's Review.

Section two of the ordinance states: It shall be unlawful for any person owning, or having control over, or having custody of any dog to permit or allow such dog to run or be at large upon any public highway, street, alley, court, square, park, sidewalk, or any other public grounds within the corporate limits of the city of Plains, Texas.

The ordinance goes on to state that it shall be unlawful for any dog owner to allow his dog to run at large on any unfenced lot or tract of land within the city limits. Enforcement of the ordinance followed by some four months when local voters heartily endorsed a proposed ordinance. Passage has been delayed while the city made plans to care for impounded dogs.

A pound has been constructed at the city's light plant. A shed at the pound is now in the process of being built.

The ordinance also provides for dogs to be vaccinated and tagged. Mayor Roger Curry said Tuesday, however, that this portion of the ordinance would not be enforced until all dog owners had had an opportunity to comply. In the past, arrangements have been made with a veterinarian to conduct vaccinations in Plains during the spring. Since there is no local veterinarian, the visit by an out-of-town official has been necessary. No date for a vaccination clinic has been set, but dog owners will be notified in advance.

Specifically the ordinance states: It shall be unlawful for any person to maintain or keep a dog more than six months of age on any premises within the corporate limits of the city of Plains, Texas, unless such dog wears a collar or harness securely attached to its body to which shall be securely attached a tag issued for said dog by a licensed veterinarian, licensed to practice veterinary medicine in the State of Texas, showing that the dog has been within the current calendar year, vaccinated against rabies.

The ordinance goes on to provide for procedures for impounding dogs as well as for redemption and destruction of unclaimed animals.

It also sets up fines to which owners or custodians of dogs will be subjected for failure to comply with the ordinance.

Cotton allotments for Yoakum county reduced for 1960

Yoakum County received a 1960 cotton acreage allotment of 32,048.1 acres, according to an announcement made today by W. M. Overton, ASC county office manager.

The Yoakum County ASC Committee has established the 1960 cotton acreage allotments on the 371 old cotton farms in the county, using all the county allotment except 72.1 acres which have been withheld for newcomers, corrections, adjustments, etc.

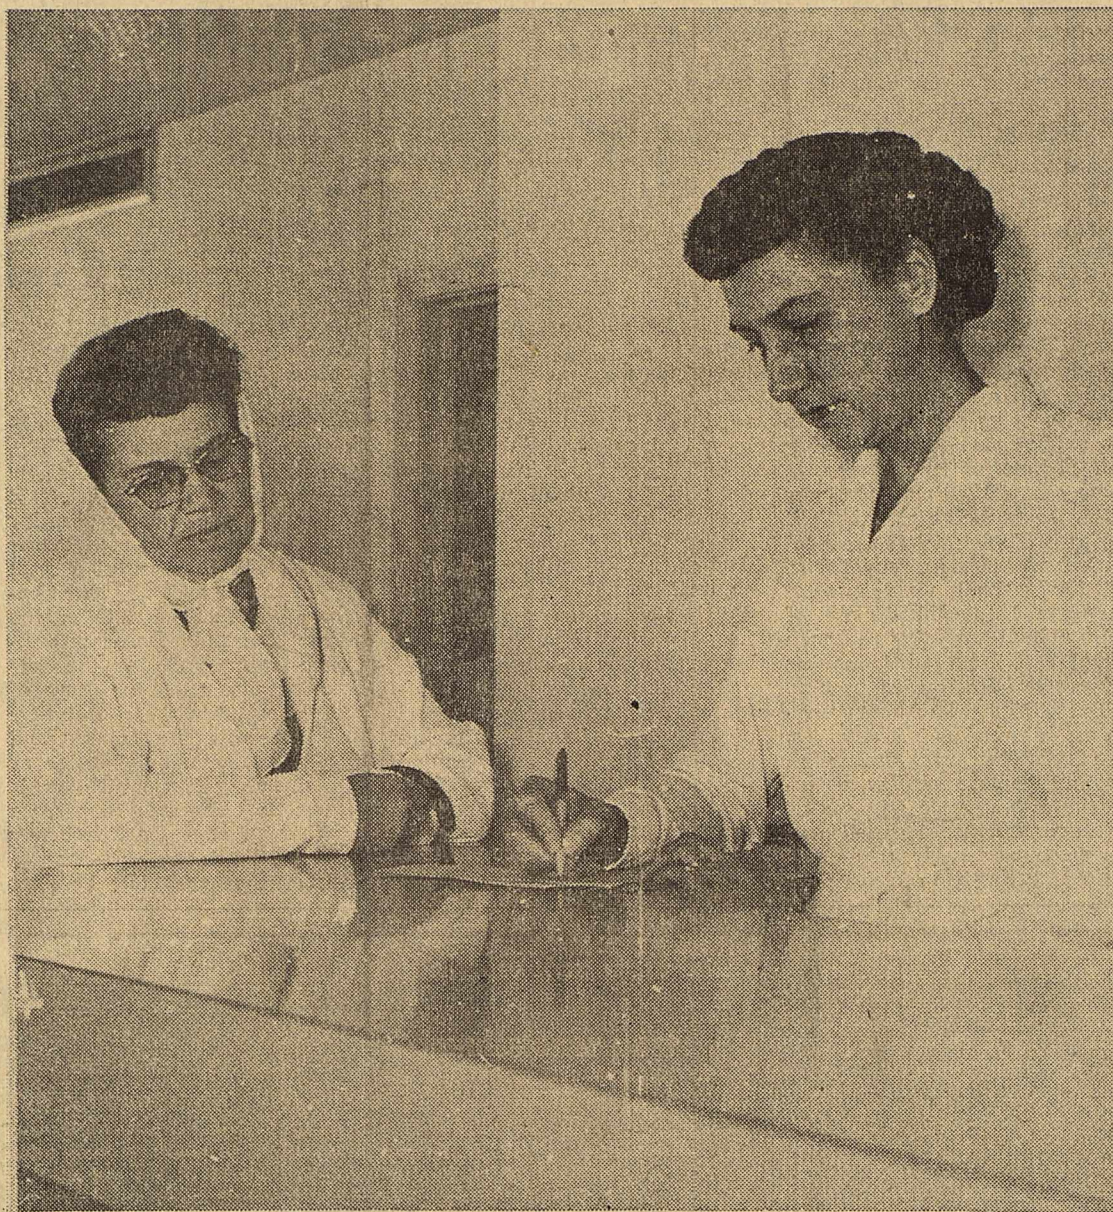

Overton said the 1960 allotment compares with 33,145.2 choice "A" allotment for the same 371 cotton farms in 1959. The county office manager states that the official 1960 cotton acreage allotment notices were mailed to farm operators on December 1 and a copy of all notices showing farm acreage allotments as established by the ASC County Committee are on file and See COTTON page 8

Farm statistics sought in census

The 1959 census of agriculture, now underway in Yoakum County, will bring up to date farm statistics last collected in 1954 when the farm census revealed the following facts:

Value of products sold in 1954 by farm operators was \$4,701,434. Value of all crops sold was \$4,260,976 and included \$4,256,658 for field crops, \$4,062 for vegetables and \$256 for fruits and nuts.

Livestock and livestock products sold was \$440,458 and included \$12,005 for dairy products, \$29,081 for poultry and poultry products and \$300,372 for livestock and livestock products.

GOING THROUGH A PROCESS which is repeated an average of 35 times a day at the Yoakum County Clinic in Plains, Mrs. John E. Fitzgerald reports to Carol Copeland to make ar-

rangements for medical treatment. Since the clinic opened in August, patronage has increased steadily.

15-bed addition to clinic talked

Chamber of Commerce officials and members are discussing the possibility of adding hospital rooms to the Yoakum County Clinic in Plains to provide full medical facilities for the people of this area.

Such a need has become evident in recent months as more and more persons from the Plains area are forced to accept hospitalization at out-of-town institutions. This situation results in great inconvenience to the patients and their physician, chamber officials point out.

Dr. Clyde A. Lynn, Plains physician, said this week that he feels that a hospital would need 15 beds in order to be operated economically. He further stated that he felt a hospital of this size could be supported locally.

Since the Plains clinic opened in August, Dr. Lynn said patronage had exceeded what anyone had believed it would. At the present time, the physician is seeing an average of about 35 patients a day. At the same time, business is increasing steadily.

With no hospital facilities here, all patients in need of hospitalization are being transferred to Denver City, necessitating daily 30-mile round trips for the physician. Dr. Lynn said it is not uncommon for him to have five patients in the Denver City hospital at one time. He further explained that there would be more patients if hospital facilities were available here, pointing out that a number of persons actually in need of hospitalization chose to remain at home and receive treatment there instead of getting so far away from home and their physician.

According to Dr. Lynn, the local clinic is adequately equipped to take care of a 15-bed hospital. In addition to the 15 hospital rooms, there should be an operating room, a delivery room and a kitchen. X-ray equipment, laboratory facilities, office space and other necessities are adequate as they are, he said.

Another important factor in the chamber's move to add hospital facilities to the local clinic is the attractiveness such an installation would offer to another physician. Since arriving here last summer, from Oklahoma City, Dr. Lynn has been in contact with a number of physicians attempting to interest them in coming to Plains. He said this week he was confident another physician would be here next July, but local hospital facilities would make the situation much more attractive. A number of physicians contacted do not like the idea of being 15 miles away from their hospitalized patients.

The need for a second physician for Plains is realized by practically everyone in Plains, chamber officials feel. Dr. Lynn said he often sees as many as 45 patients a day. With daily trips to Denver City to check on his patients, along with surgical and other duties, Dr. Lynn said he felt certain another physician's services here were warranted.

Dr. Lynn met with a group of persons at the Chamber of Commerce office Tuesday evening and expressed his views. Cham-

Last rites for Mrs. Herman Shropshire of Tokio were held at 4:00 p.m. Sunday in First Methodist Church, Brownfield with Rev. James Tidwell, pastor, officiating. Brownfield Funeral Home directed interment in Terry County Memorial Cemetery.

Mrs. Shropshire, the former Peggy Leland, died Saturday afternoon in Terry County Hospital after an illness of several weeks. Born in Roswell, she resided with her family near Tokio the past six years. She has taught dancing classes in Brownfield for several years and taught dancing until her confinement in the hospital.

She is survived by her husband; two daughters, Mrs. Otis Rogers Jr., Slaton, and Susan O. the home; her parents, Mr. and Mrs. C. J. Leland Sr., Ruidoso; a sister, Mrs. Marlin R. Smith, Lubbock; a brother, Cy Leland, Ruidoso; the son-in-law and a grandson.

Bronco road set for improvements

Farm to Market Road 2010, from US 380 at Bronco south to FM 1077 is included in the 1959-60 State Farm to Market Program for Texas. Announcement was made this week by O. L. Crain, district engineer of the Texas Highway Department at Lubbock.

The 1½-mile road has been previously authorized for \$138,000 for construction of grading, structures and surfacing, Crain said. At this time there has been an additional \$18,000 authorized which brings the total up to \$156,000 for construction of this road.

Crain said work would begin on this project as soon as final planning is completed and right of way secured. Carl Hart, senior resident engineer, will be in charge of the project.

Six more firms join Credit Union drive

Six more Plains business firms have joined the growing list of merchants participating in the membership drive of the Yoakum County Credit Union.

The following firms have offered prizes to be awarded as door prizes during the annual meeting:

Curry-Loyd Insurance Agency, one share Credit Union stock; Cowboy Grill, one meal for entire family; Plains Electronics, one share Credit Union Stock; Davies Funeral Home, one share Credit Union stock; Curry-Edwards Pharmacy, one share Credit Union stock, and Wilmet Oil Company, one car battery.

Cagers host Eunice Friday in season's first contest

Plains opens its 1959-60 basketball season here Friday evening when Coach Rip Sewell's Cowboys host Eunice, New Mexico, in a twinbill menu offering both the A and B squads. The B game begins at 6:30 p.m. with the varsity clash scheduled to get underway shortly after completion of the opening contest.

Local fans have eagerly awaited an opportunity to get a look at this year's Cowboys. State Class A runnersup a year ago, the Cowboys compiled a 25-4 record with three of the losses coming at the hands of schools of higher classification. The loss to Huntington in the state finals was the only one suffered at the hands of a Class A school.

The Cowboys lost rather heavily by graduation, losing such talented stars as Jim Williams, Bill Lattimore, Cordell Huddleston and Claude Lee. Williams and Huddleston were starters while Lattimore and Lee started

about half the time. Returning, however, are nine of the 13 boys who played in the state finals. They are Walter Coffman, Harmon Meixner, Jack Meixner, Joe Don Marrow, Don Todd, Dick Cooke, Ray Faught, James Alberding and Mike Culwell. Other hopefuls are Mike Sink, Eldridge Tidwell, Doug Todd, Darrell Barron, Jerry Jones, Sam St. Romain, Butch Hawkins, Larry Smith and Steve McGinty.

The Cowboy club will be lacking in height more this year than it has in the past several campaigns. Don Todd and Coffman are the two big boys. Todd is just over 6-2 and Coffman is 6-2. Jack Meixner is 6 feet even, but all others are below that mark.

Following Friday's class with Eunice, the Cowboys are scheduled to meet Denver City there next Tuesday evening. A game with Tatum on December 11 precedes the Denver City tournament set for December 17-18-19. The Cowboys are entered in another tournament at Brownfield on January 1 and 2 and still another tournament at Seagraves one week later. The defending district champion here January 15 when they host Seagraves.

City offers cash prizes for holiday decorations

Residents of Plains may look forward to the brightest Christmas ever, from a decoration standpoint at least. The City Council has announced it is setting aside \$50 to be awarded in three cash prizes for home decorations during the Christmas season.

All persons in Plains are invited and urged to take part in the contests. First prize will be \$25 cash; second prize, \$15, and

third prize, \$10. This will mark the first time prizes for home decorations have ever been offered here.

The prizes are being put up by the city to serve as added incentive to local citizens to decorate their homes during the holidays. Stores are also urged to join the activity, but they are not eligible for prizes.

Homes will be judged from outside appearance by out-of-town judges probably during Christmas week, city officials said. All-around outside appearance will be the basis for the decision of the judges. It was pointed out that any interior lighting or decorations visible from the outside would be considered by the judges.

The city's decoration contest was the latest in a number of moves locally to decorate Plains for Christmas. A nativity scene, featuring life-size figures, was purchased recently by several civic organizations of the city. It is to be erected on the south side of the court house this week.

200 fans attend benefit contest

With about 200 fans howling their approval of the performance, the Hatfields edged the McCoy's, 28-14, Saturday afternoon in the fire department's first annual New March of Dimes benefit football game. All proceeds of the contest will go to the dimes fund, but officials were not certain Monday just how much money had been raised.

Fierce, hard-hitting play highlighted the contest, contrary to pre-game belief the oldsters would melt under the task. Four full 12-minute quarters were played with several performers going all the way.

The winners scored first to take a 6-0 lead, but the McCoy's struck back in the second quarter to lead, 8-6. The lead was short lived, however, as the Hatfields came storming back to win without great difficulty.

Commissioner post sought by Rod Duff

Rod Duff of Plains announced Thursday he would be a candidate for county commissioner of precinct No. 3. He becomes the seventh person to announce his candidacy for a county office.

Duff, a farmer and businessman, will be seeking the post now held by Gene Payne who has not yet publicly announced his intentions.

Bond election called Dec. 19

Yoakum County Commissioners have set Saturday, December 19, as the date for a special election to determine the fate of two bond issues with a total value of \$115,000.

Items to be voted on will include \$40,000 in bonds for a new county jail; and \$75,000 for a county park (Denver City Swimming pool) according to the notice of election issued by the commissioners.

Vote on the county jail will be the second in six months. The proposal was defeated in a similar bond election held in June. This will be the first attempt on the proposed swimming pool issue.

It has been explained that the wording of the proposal, "county park" is done in conformance with statutes providing for coun-

ty maintained properties. The entire sum of \$75,000, if approved, will be used for swimming pool facilities in Denver City, commissioners said.

Commissioners, in calling the election, authorized setting up of nine polling places in the county. These will include four in Plains, two in Denver City proper, and the others at Sligo, the CG & S Gin, and at Shell Oil Co. Recreation Hall, Shell Number 1.

Qualified voters will have an opportunity to vote for or against each of the propositions.

It has been reported that plans for the swimming pool set up a pool almost twice the size of the present pool, in the same location. Plans also call for a new treating plant, at an estimated cost of \$22,000, with the

balance to be used for the additional swimming area.

Installation of the new treating plant, it has been pointed out, will eliminate the necessity of weekly draining and will make it necessary to drain the pool only once during a season.

According to plans for the pool, which are still being completed, it will no longer run lengthwise with Fifteenth Street but will be parallel to Avenue D with the deep end of approximately 40 feet in width extending along 15th street, the pool approximately 120 feet in length parallel to Avenue D and the width of the pool at the shallow end to be approximately 80 feet.

Current plans for the pool, which are still in the hands of an engineer, also call for additional See BOND, page 8

"My Compass"

Think for a moment what it means to the man who holds that compass... the man who can truthfully make that statement... "My Compass." He owns a blueprint, a recipe, a guide book which contains *all the rules-of-the road for every man who aspires to a crown.* The fellow who reads and heeds its directions *is the best man in your community.* He is the "Joe" whose word is his bond... who pays his taxes, loves his neighbor and supports his church with both his means and his presence.

DC-Stamford game draws interest of Plains fans

Scores of Plains fans will journey to Snyder Saturday to watch the afternoon skirmish between the Denver City Mustangs and the Stamford Bulldogs in the quarterfinals of the Class AA playoffs.

Both clubs are unbeaten, and the winner of Saturday's contest will move into the favorite's role for the state championship. Stamford won the title last year and has been rated the state's best AA club all season long. The Bulldogs crushed Quanah in the bi-district and last week sailed by Cisco in the regional.

Denver City closed out its first unbeaten season three weeks ago, and then advanced with a 14-8 victory over second rated Floydada in the bi-district and a smashing 50-6 triumph over Olton in last Thursday's regional match.

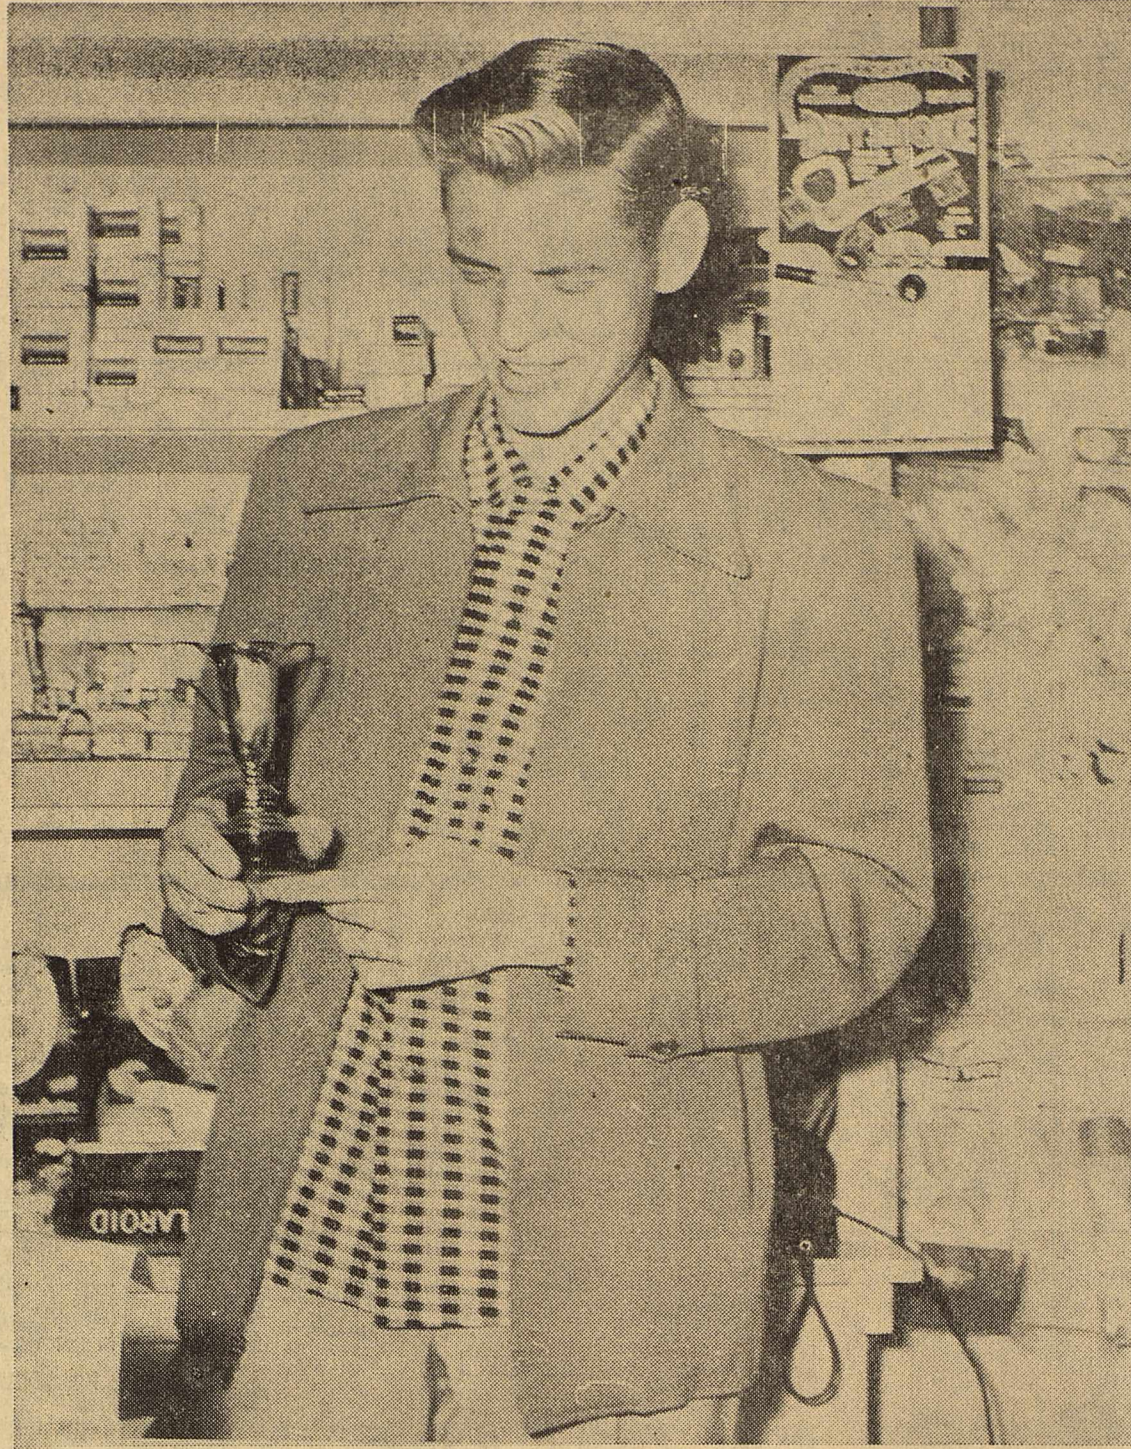

Many Plains fans have followed the Mustangs through their first two playoff games.

Other football followers will travel to Plainview Friday night for the game between Sundown

and Stinnett in the Class A quarterfinals. Sundown handed Plains its only loss of the year in the season's finale, and has reached the quarterfinals with one-sided victories over Roscoe and Menard. Stinnett was rated the state's best Class A club practically all season before being slipped up on by Spearman in its final game of the regular season. The winner of the Sundown-Stinnett game will be a co-favorite with Crowell for the state title.

Hayden Box donates turkeys to Scouts

Hayden Box of West Yoakum County has donated 3 turkeys to Cubscout Pack 78 to be sold by the boys to raise funds for their various activities. Cubmaster Boots Nelson announced Wednesday that the turkeys will be given away at the Pack Meeting December 17 and the boys will be selling tickets at 50c each from now to that date.

SHIRLEY CURRY looks over the trophy he won Monday night when he was named first-place winner of the Denver City Toastmasters Club. It marked the second time recently that he had

won the trophy, having won the first time in August. Curry, son of Mr. and Mrs. Joe Curry of Plains and a graduate of the local high school, now lives in Denver City.

Friends of Mrs. Audrey Reece will be happy to know she is steadily improving in Yoakum County Hospital where she has been a patient the past two weeks.

Mr. and Mrs. V. E. Phillips and Charles Phillips of Big Spring spent Sunday here in the home of their son and brother, Mr. and Mrs. Gene Phillips and Amanda.

Mr. and Mrs. Terry Bacon and children were Fort Worth visitors last week.

Jim Williams spent Thanksgiving with his parents, Mr. and Mrs. Floyd Williams, at Benjamin. He visited Mr. and Mrs. Duane McDonnell and Pam and other friends here over the weekend as he returned to his studies at Western State College, Gunnison, Colorado.

Mr. and Mrs. G. W. Cleveland and children, Sue and Dale, spent the nice holiday weekend in Pauls Valley, Oklahoma as guests of her parents, Mr. and Mrs. L. L. Lassiter, and her sister and family, Mr. and Mrs. Austin Williams.

Marrow crowned scoring king of South Plains area

Joe Don Marrow added another star to his glittering crown this week when he was officially crowned as the top Class A scorer on the sprawling South Plains. The Plains junior full-back edged out a fellow district 5-A boy, Butch Davis of Sundown, for the honor.

Marrow wound up the season with 139 points in the Cowboys' 10 games, an average of more than two touchdowns per contest. Davis, the brilliant Sundown sophomore, finished his regular season in a blaze of glory but his point total of 130 fell 9 short of matching Marrow's remarkable feat.

David McInturff, also of Sundown, was the third highest scorer in the area with 122 points. Wilbanks of Idalou was the only other performer to hit the century mark with 106 points.

Another district 5-A scaback, Joe Faukenberry of Seagraves, was up among the leaders with 94 points, good enough for a tie for sixth place. Sundown's Lewis Sessums scored 70 points to tie for 10th place. Ray Faught of Plains tallied 62 points to rate 14th while the Cowboy's Walt Coffman scored 40 points to tie for 23rd place.

This marked the second year

It's here for us to buy

Probably never before have the merchants of Plains gone to such great lengths to assure the people of this area such a wide selection of Christmas gifts from which to choose.

If past history can be used as an indicator, however, hundreds of dollars will be spent with out-of-town firms for the purchase of gifts which can be bought right here in Plains. All good citizens owe it to themselves and to their community to shop the local stores first when buying Christmas gifts. The local merchants have invested thousands of dollars to afford the people this opportunity. The local drug store, hardware store and dry goods store have all gone to great lengths and expense in stocking their shelves with suitable Christmas gifts.

Although these three businesses are the first which come to mind when thinking of Christmas shopping, hardly a business in Plains cannot provide suitable Christmas gifts of some nature.

One of the primary complaints of out-of-town shoppers has been the fact that so many items could not be purchased in Plains. But this year, local merchants have gone a long way toward eliminating this situation. If the merchants of Plains are to keep abreast of the growing needs of a growing community, they'll need our help. Let's buy their wares and reap the benefits of the by-products of a community working and growing together.

Mr. and Mrs. Roy Stockstill and sons spent the Thanksgiving holidays visiting relatives in the Fort Worth area.

Bobby Chambliss and Bettie Jackson, students at West Texas State College, enjoyed the long weekend in Plains visiting their parents, Mr. and Mrs. Robert Chambliss, and other relatives.

Weldon Parks, a dental major at the University of Houston, spent Thanksgiving with his parents, Mr. and Mrs. Neil Parks and Lela.

Tech students home for the holidays included Carol McRae, Borden Stailey, Dallas Powell, Carter Snodgrass, Claude Lee and Brenda Sudderth.

Mrs. Ronnie Lair

Allen-Lair vows read

Miss Jean Allen, daughter of Robert T. Allen of Oak Grove, Louisiana, and Ronnie Lair, son of Mr. and Mrs. B. N. Lair of Otis, Colorado, exchanged wedding vows at 2:00 p.m. Sunday, November 22 in the home of Mr. and Mrs. Foye Powell.

Rev. C. J. Coffman, pastor of First Baptist Church, Plains, performed the impressive double-ring ceremony as the couple stood between tall baskets of pink carnations.

Miss Janice Powell, maid of honor, was the bride's only attendant and Jerry Stomp of Otis, Colorado served as best man.

The bride was lovely in an ice-blue faille frock and tiny white feathered hat with black accessories. For something old, she wore a pink crystal necklace that had belonged to Mrs. Dovie Moreland's grandmother and her

dress was new. The white pearl Bible which was adorned by nosegays of pink rosebuds was borrowed, she wore a blue taffeta garter and a penny in her shoe.

Miss Powell wore a pink faille frock, blue carnation corsage and white accessories.

A reception was held immediately following the ceremony. The table, covered by an imported lace cloth, was centered by an arrangement of pink roses flanked by six tall candles in crystal candelabra. The pineapple sherbert punch and beautiful white tiered cake topped by white wedding bells were served from a matching crystal service.

Mrs. Lair attended school at Kilbourne, Louisiana and her groom is a graduate of Otis High School, Otis, Colorado.

ANOTHER MESSAGE TO PRIVATE CAR OWNERS
FROM
CURRY-LOYD INSURANCE AGENCY

The purpose of the Texas Safe Driving Plan is to reward the driver who is accident free and who drives in a lawful manner, by allowing him a reduction in premium rates, and to place the burden of increased rates on those who create the necessity for increased rates, through accidents and moving traffic violations.

The plan applies to all owners and operators of family automobiles classified as passenger automobiles. The plan is mandatory, when you insure your car.

The resident operator of the car is anyone in the household who uses the car. In households with more than one car, the experience is based upon the car driven by the individual, if all cars are insured in the same policy.

The penalties or discounts, which are based on accumulated points in driving, are figured on a 36-month period ending 90 days prior to the date of the policy. A conviction on a moving traffic violation (which means payment of a fine, or forfeiture of bail by not appearing) costs a point. An accident, where someone was injured, someone killed, or \$25 damage is done to the cars involved, costs the driver two points, if he is held all, or partially responsible. Drunk driving, driving under the influence of narcotics, hit and run, or negligent homicide costs the driver four points.

Please come in and ask any questions you have, so we may try to explain them so everyone can understand the law.

ACROSS THE CATTLE GUARD

by LEO W. WHITE
County Agent

The Agricultural Economist tell us that hog prices will take a turn for the better sometime in 1960 and that by 1961 the hog business will be favorable again. About every four years the hog market takes a dip because hog numbers get too high in relation to the demand. The number of pigs farrowed this Fall is lower than the number farrowed last Spring and the number intended for farrowing in the Spring of 1960 is even smaller. By 1961 pork prices should be more in line with prices of other meats.

To Yoakum County hog producers this should mean that their hogs are good property even if the margin of profit is small at the present time. By holding on to the animals that they have and keeping them in a good state of health they can be in the business in the right way by 1961. All barrows and low quality gilts should be sold as soon as they reach market weight. Sows that have farrowed two or more litters should be culled and sold. The better gilts should be kept to replace the culled sows and now is the time to start looking for a top kind of a male.

The most common mistake made by hog producers is that they allow the general health to go down when hog prices are low. It is normal for a person to neglect his livestock when they are not making him any profit but good care now will pay off in the future. By keeping stomach worms, lice and mange under control now and through 1960, the hog herd will be in shape for profitable production in 1961. By supplying the necessary proteins and vitamins now and on through 1960 will mean larger litters and more vigorous pigs in 1961.

Leon Clanahan and Jack Gilliam both have gotten into the registered Duroc business during this year. Eddie Tingle, a 4-H Club boy, has bought a registered Duroc gilt. Oscar Henard, another 4-H Club boy, is in the registered Poland China business in a small way and Sherm Henard bought two registered Hampshire gilts and a boar from the E. S. Ballew Farm at Clarendon. These breeders will have some registered breeding stock for sale in the near future.

One way that we can determine that the number of hogs in this immediate area is not as big as it should be is to take a look at the pile of grain sorghum at the local elevator. Grain sorghum is a livestock and poultry feed and that is about all it is good for. The way to get the most out of livestock feed is to feed it as close to the place it is grown as possible. It is much more economical to transport the finished livestock than to transport the feed. It would take a lot of hogs to eat up that pile of grain before harvest time in 1960.

John Anderson underwent minor surgery Wednesday evening of last week in Yoakum County Hospital. He was kept overnight and is back at work this week.

Kenneth McGinty and Marsha White, Yoakum County's Gold Star 4-H boy and girl, attended a banquet in the First Methodist Church of Lubbock Monday when the electric cooperatives of the South Plains honored the 40 gold star boys and girls of extension district two.

Others from Plains attending were Mr. and Mrs. A. E. McGinty and Sylvia, Mr. and Mrs. Leo L. White and Mr. and Mrs. Robert White.

The 40 boys and girls each received a framed certificate and an appropriate gift in recognition of their outstanding work as a 4-H club member.

This was the second annual banquet sponsored by the 12 electric cooperatives serving the area. Plans call for the continuance of this practice of spotlighting the 4-H gold star winners each year.

Principal speaker for the occasion was Dan Davis, president of the Texas Federation of Cooperatives, and master of ceremonies was H. J. "Doc" Blanchard of Lubbock who is a member of the Texas House of Representatives.

The 12 sponsoring electric cooperatives are located at Muleshoe, Stanton, Spur, Memphis, Littlefield, Lovington, Floydada, Colorado City, Tahoka, Roby, Lubbock and Tulia. Yoakum County is served by Lyntegar Electric Cooperative of Tahoka and the Lea County Electric Cooperative of Lovington.

Overnight guests of Rev. and Mrs. C. J. Coffman and sons Thanksgiving evening were his brother, Mr. and Mrs. Carl Coffman and Pat from Lamesa. Rev. Coffman's mother, Mrs. T. W. Coffman, spent Tuesday night here and accompanied Rev. and Mrs. Coffman to Muleshoe on business on Wednesday.

tional walking room between the bath house and swimming pool. The bath house will not be replaced because of the tremendous cost which would be involved if it were to be torn down and rebuilt.

Bonds for the two proposals, if approval is given for their sale, will mature in not more than 10 years with interest to be computed at not more than four per cent each year that they are outstanding.

Proposition number one on the ballot for the special election will be for "constructing and equipping" the county jail building. Proposition number two will be seeking bonds for \$75,000 "for purchasing and/or improving lands for County Parks." The latter, it has been emphasized by county commissioners, deals only with the Denver City swimming facility.

time. Mrs. Longbrake of the Chamber of Commerce was sweating over a lengthy questionnaire the other day she received from a firm in Dallas which was gathering data on all cities in Texas. In addition to asking for the names and officers of all civic clubs, it asked for "annual events." Outside of the Fat Stock Show in February, Plains probably doesn't have an annual event which would be of interest to many people. But why can't we have some sort of yearly celebration — a homecoming, an old settlers' reunion, a local Thanksgiving day or the like? Not one which would involve a lot of expense — just something simple whereby everyone can take part and enjoy the benefits.

Airman Don Hinkle, his wife and baby were holiday guests of his mother and sister, Mrs. Vicie Hinkle and Ruth. Airman Hinkle is stationed at Keese Air Force Base, Lubbock.

SEVEN HIGH SCHOOL students were named to the honor roll for the second six weeks' period. All honor students had at least four grades of "A" in their five solid courses. They are, left to right, Jo Bass, senior; Linda Watson, senior; Leta Stewart, junior; Sharon Stewart, senior; Carolyn Boyd, senior; Mary Johnson, freshman, and Barbara Meil, senior.

Texas Tech coach banquet speaker

J. T. King, an assistant coach at Texas Tech, will be the principal speaker this evening (Thursday) at the annual football banquet of the Plains Booster Club. The event is held each year in honor of the high school football team.

Tonight's speaker is one of the area's top sports personalities. He has been an assistant to Coach DeWitt Weaver of the Red Raiders for the past two years. Prior to going to Tech, he was an assistant to Darrell Royal at the University of Texas. King went to Texas from Enid, Oklahoma, where he was head coach of the high school team.

Highlighting tonight's banquet will be the presentation of the first annual Fighting Heart Award. The award will be presented to the player, elected by team members, who displayed the greatest spirit and determination during the past season. The name of the winner will be inscribed on the plaque. A new name is to be added each year.
