PLAINS, TEXAS, THURSDAY, JULY 7, 1960

NUMBER 27

South Plains soaked by rains

"It came at the right time" was the statement made by Wyatt Lipscomb of the local Soil Conservation Service concerning the rains that covered the area Monday, Tuesday and Wednesday. He added that some damage to young crops and to wash-out could be expected after clouds dumped up to 10 inches in some sections of the county.

Rainfall reports from over the area showed the least amounts of rain to measure around 4 1/2 to 5 inches. South and east of the county the total may climb beyond 10 inches for the three day total. There was no report of damaging hail or wind in the local vicinity.

According to Leo White, County Agent, the rains were unusual for this part of the country. He said usually summer rains that gave large amounts of moisture was accompanied by hail and winds. Also, he said, that in most instances moisture was received from scattered clouds and was not so general.

Driving in the rural areas became hazardous as dirt roads became muddy and impassable. Streets in Plains were flooded at several different points but traffic was able to get through. The local park was under water as run-offs flooded the "draw".

Some water damage was noted in several businesses and several home owners reported roof and window leaks.

Pasture lands stood to gain the most benefits from the three-day rains agriculture officials

said. They added that the rains came at the time that the first application of irrigation water would have been put in the cotton fields.

The rains covered most of the South Plains area with water and hail damage reported at Meadows and Tahoka. At Abernathy roof supports on the new homemaker building was blown into the streets. No damage to injuries were reported in the mishap.

In the Brownfield area several roads were closed due to the high waters. Flash floods made driving hazardous late Monday night between Brownfield and Meadows.

Rodeo committees named by Chamber and Plains Lions

Committees have been named by the Chamber of Commerce and the Lions Club to help with the annual Yoakum County Rodeo planned for July 21, 22, and 23.

Named by the Chamber to help with the Thursday, July 21 are Bill Loyd, chairman, Foye Cogburn, and Emery Longbrake. For Friday's gate Russel Flakerberry was named chairman, with Joe Curry and J. E. Cooke assisting. On the gate Saturday will be Roy Edwards, chairman with J. W. Moore and Buford Duff.

On hand Saturday noon to help with the barbecue will be Roger Curry, chairman, E. O. Winkle, Junior Van Liew, Buddy Hanna, Paul Cobb, Bob Loe, and James Warren.

Helping with tickets and roping off the area will be Rod Duff, chairman, and Pete St. Romain and Jerry Smith.

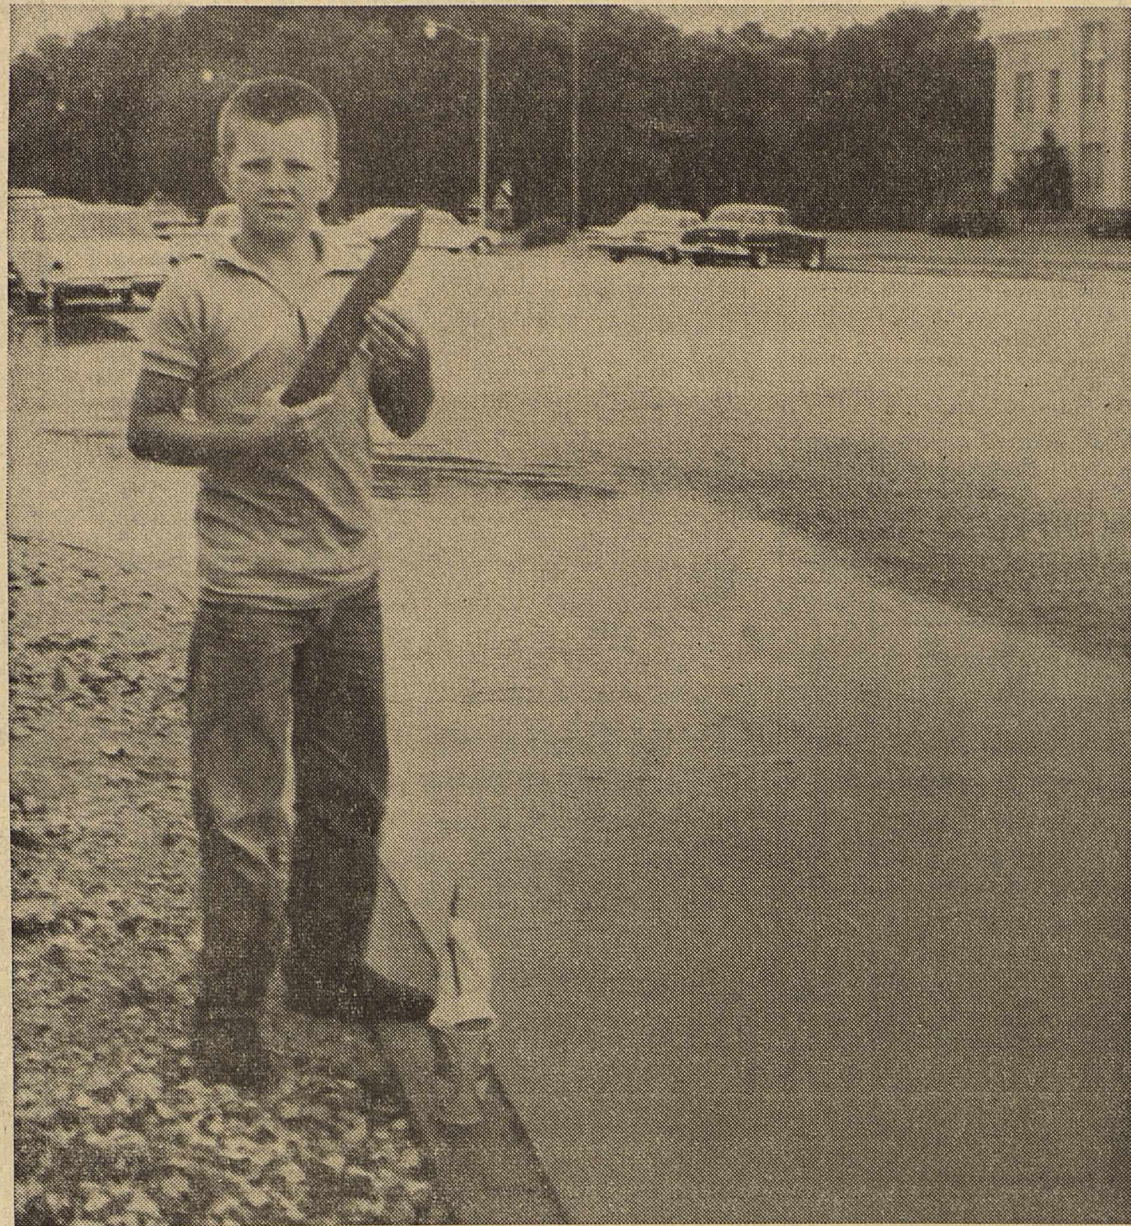

The Lions Club will be in charge of the concession stand during the three day event. Named on the concession work committee are Royce Randall, chairman, E. O. Winkle, Roy Edwards, Buford Duff, and A. B. Carpenter. They will operate the stand Thursday night.

To work Friday on the stand will be Jerry Hale, chairman, with Junior Van Liew, Buddy Hanna, Paul Cobb, D. N. Taylor, and Joe Curry. Helping Saturday will be Royce Randall and Jerry Hale, co-chairman with Bill Loyd, Leo White, C. L. Faubus, Dave Levers, and Johnnie Moore.

Named to work on the parking committee Thursday night are C. J. Coffman, chairman, with Bob Loe, Roy Stockstill, Paul Loe, G. D. Kennedy, Leon Lewis, and E. E. Craig.

To help Friday night are Roy Stockstill, chairman, with C. J. Coffman, Johnnie Fitzgerald,

DRAINAGE DITCHES became swift streams, an ideal place for playing boats. Gary Smith is shown in front of the Review office getting ready to launch his ship.

TEXAS YOUTH

(The following are recommendations on education made by the Governor's Conference on Children and Youth. The Conference is called each ten years by the President of the United States to consider how best to assure their well being.)

THAT the Hale-Aikin Proposals be adopted.

THAT enrichment rather than acceleration should characterize the adjusted curriculum for gifted pupils.

THAT school curriculum be adjusted for those who wish to drop out, and a system of apprenticeship developed in the community so that part time classes can be arranged for those who wish to or who must train for a vocation as early as possible.

THAT communities and schools consider the values of a youth employment agency or service.

THAT communities and schools coordinate their libraries and recreational facilities to provide a year round program.

THAT education, health, and welfare services be made available to the child of the migrant laborer.

THAT overall attention be given to the mentally retarded child.

ONE OF THE GREATEST NEEDS for the welfare and health of today's people is for more trained family and marriage counseling, more school counseling and Guidance clinics. And to meet these needs the Conference suggested that scholarships be provided for training of professional personnel in these services.

Six killed near Bronco in auto-pickup crash

Six persons out of ten riding in two vehicles were killed Saturday evening about four miles from the Texas border near Bronco. Local law officials said a Cadillac driver, by an Odessa man swerved off the pavement and back into the path of the east-bound pickup, crashing head-on.

Killed in the crash were Mr. and Mrs. Don Barnes, their son Danny and daughter, Sandra all of Venice, Calif.; Gloria Jolly of Memphis, Tenn.; and Houston Smith Jr., of Odessa. Seriously injured were Bruce Jolly, 23, and his two-year old daughter Susan both of Memphis. The Jolly's were taken to a Lovington hospital. Also injured were A. P. Brown, 43, of Odessa and the young son of Mr. and Mrs. Don Barnes. They were both taken to the Denver City Hospital. The Barnes youngster was later transferred to a Lubbock hospital.

According to Olan Heath, who was at the scene of the accident, there was no witnesses of the

crash. A watch worn by one of the Odessa men was stopped at 8:20 and officers surmised that

Bible school opens at Assembly of God

Plans for the forth coming Vacation Bible School at the Plains Assembly of God Church have been announced by pastor, Rev. E. L. Witt.

The school for youngsters of ages 3 through 13 years will present a one-week course of study on the theme "Wagons-Ho On The Christian Trail" using a wagon-train motif.

Sessions will be held each morning through Friday from 9:00 to 12:00 noon with registration at the church on the opening day of the school. Commencement exercises will be held Friday evening at 7:45 to which the public is cordially invited.

UMBRELLAS WERE IN USE this week in Plains as rains continued to soak the South Plains area. Jeanie, a visitor in the Rip Sewell home, and Karen Sewell, daughter of Mr. and Mrs. Rip Sewell are shown taking a stroll in front of their home.

Hudson well tests run

William A. and Edward R. Hudson of Fort Worth recovered 109 barrels of oil and 62 barrels of acid water in 12 hours of swabbing the San Andres at No. 1 Phillips-Fitzgerald (formerly the No. 1 Phillips-Pich) four miles east of Plains in Yoakum County.

Recovery was from perforations at 5,398-5,410; 5,426-5,430 and 5,436-5,456 feet, after being acidized with 5,000 gallons.

Operator is continuing to test the project.

It is 1,980 feet from south and 660 feet from east lines of section 432, block D, John H. Gibson survey.

Two miles northwest of Denver City, Texaco Inc. No. 17-B Miller will test the Devonian after plugging back to 9,900 feet

and running 7 and 7 5/8-inch casing to the plugback total depth.

Oil and gas-cut mud was recovered on three tests between 9,515 to 9,720 feet and heavily oil and gas-cut mud, slightly oil and gas-cut mud and gas-cut and slightly salty sulphur water returned on a test of the Devonian at 9,720 to 9,816 feet.

The explorer is 760 feet from south and 660 feet from east lines of section 862, block D, Gibson survey.

Sun Oil Company has staked the No. 6 Dell Barger in the Reeves (San Andres) field 13 miles east of Denver City. The proposed 5,800-foot project is 660 feet from south and 2,313 feet from east lines of section 877, block D, Gibson survey.

In the same field Oil Development Company of Texas, operating from Amarillo, will drill the No. 6-876 ODC fee to 5,700 feet. Drillsite is 660 feet from south and west lines of section 876, block D, Gibson survey, five miles northwest of Seagraves.

Colins Oil Corporation No. 2-816 Willard has been finalized for 157 barrels of 33-gravity oil in the same field. Pay was pumped from San Andrews perforations between 5,636 and 5,662 feet after being acidized with 1,500 gallons. Gas-oil ratio was 297-1.

It is 1,980 feet from north and

990 feet from east lines of section 816, block D, Gibsor survey.

In the Wasson (7,200) area, Skelly Oil Company has completed the No. 6 T. R. Rhodes for 168 barrels of 33.4-gravity oil daily.

Production was pumped from perforated interval between 6,929 and 7,368 feet which had been fractured with 25,000 gallons of oil.

It is 556.7 feet from north and 660 feet from east lines of section 37, block A-X, PSL survey.

In the Wasson (6,600) field, two miles north of Denver City, Shell Oil Company has filed applications to drill the No. 29-E Baumgart and No. 30-E Baumgart, both in section 827, block D, Gibson survey.

No. 29-E Baumgart is 2,370 feet from north and 480 feet from west lines of the section. No. 30-E is 970 feet from south and 490 feet from east lines of the section. Contract depth for both is 7,000 feet.

R. H. Fulton & Company will drill the No. 2 Pike, 330 feet from north and 1,730 feet from east lines of the south half of the southwest quarter of section 541, block D, Gibson survey, seven miles southwest of Plains. The 5,500-foot project is in the Chambliss (San Andres) field.

Origin of common sayings sometimes lost, forgotten

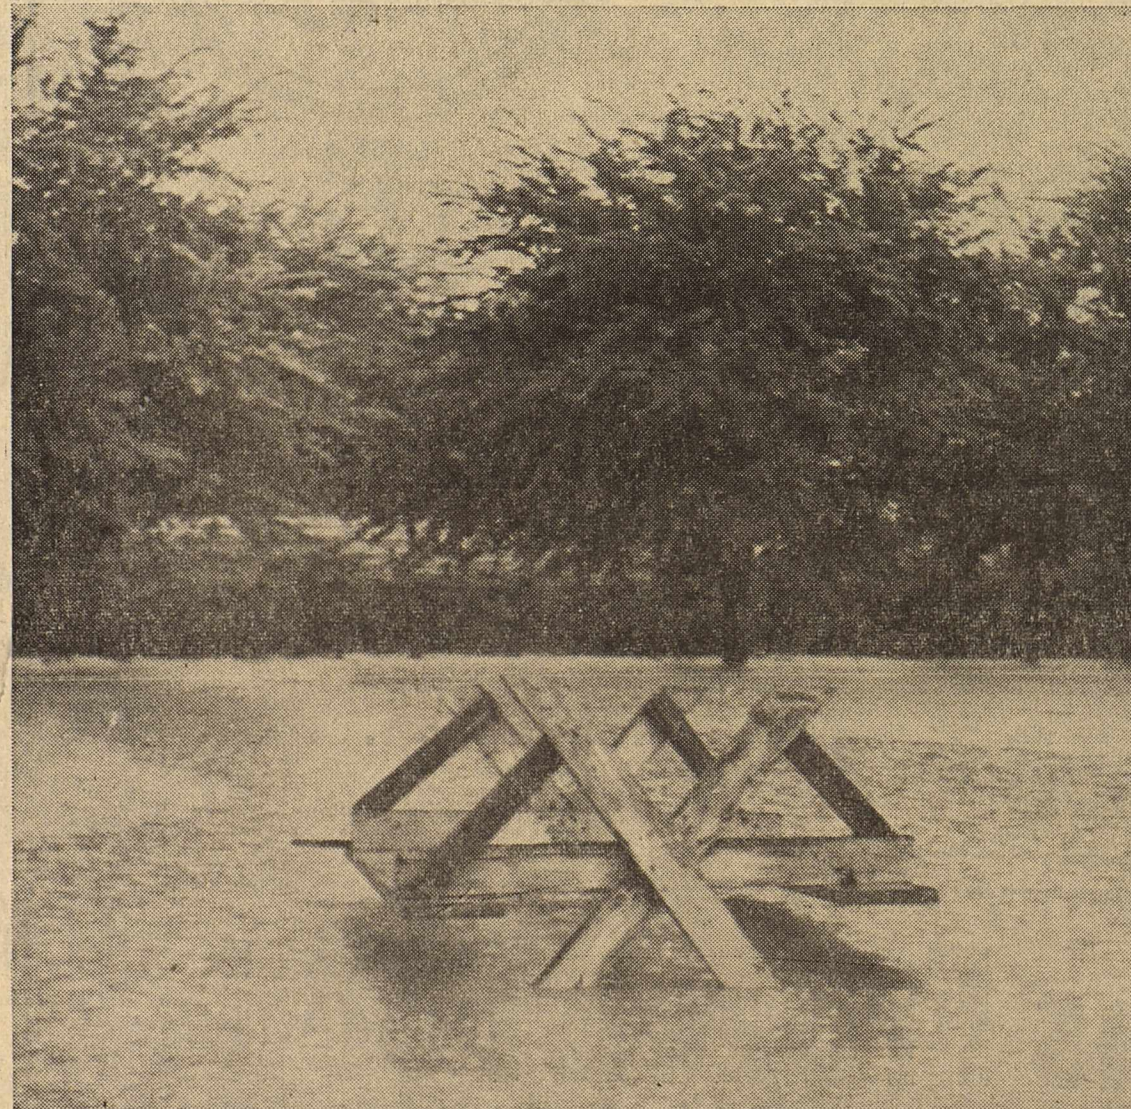

During the rains over the past few days perhaps you had the opportunity to exclaim "It's raining cats and dogs!" In our everyday speech we use many such expressions — but the true meaning of them have been forgotten.

The expression "raining cats and dogs" is one of the phrases in American speech that the origin is much disputed. Since it refers to a heavy downpour of rain and usually such a storm is accompanied by thunder the sounds made could resemble a cat and dog fight. Some authorities say it started when the pussy willow plant was known as "catand dogs". When it rained so hard that the furry blossoms were knocked off the branches, it was said to be "rain-

ing cats and dogs."

Another expressions used in July and August is "dog days." It usually designates hot days and are named, not after dogs, but after Sirius, the dog star, which becomes visible in the morning beginning around July 3 to August 10.

Maybe you thought Monday Tuesday, and Wednesday were dismal days. The word dismal really means evil days. In Latin "dis" stands for "days" and "mal" for "bad" or "evil". It was believed in medieval times that two days in each month were reserved for evil spirits. Since on these days the weather was always bad, the "evil days" came to be associated with bad weather.

TABLES on the east side of Stanford park are shown half under water as the 'draw' flooded turning the park into a vast pool.

ANYONE FOR BOATING? All that was left untouched by the water in Stanford Park was the high knoll at the east end.

PLAINS PERSONALS . . .

Mr. and Mrs. C. M. Mobley Jr. and family are visiting here from their home at Oroville, California. They visited his sisters, Mrs. Weston Powell at Farmington and Mrs. Bob Kennedy at Lovington, and their families enroute here where they will be guests of two sisters, Mrs. Paul Cobb and Mrs. Thomas will visit her brothers, Tom and Bearden, and families. They will visit her brothers, Tom and Bill Gray and families, sisters, Mrs. Charles Upton, Mrs. Knox Hinkle and Mrs. Oscar Decker and families, also.

Mr. and Mrs. P. W. St. Bomain and family returned Tuesday from a week's vacation spent in the Santa Fe area and at Las Vegas, New Mexico.

Mr. and Mrs. Lavon Smith and Alton of Littlefield spent the weekend with relatives here and at Tokio. Mrs. Smith and Alton remained this week and she is assisting at Plains Beauty Bar while Viva Hale is vacationing.

The condition of Mr. G. C. Greer, father of Mrs. Ford Hawkins and Mrs. Neil Taylor, is much improved and he expects to return home with Mrs. Hawkins this weekend if he continues to improve.

Mr. and Mrs. Ralph McClellan left Saturday in company of friends from Dallas for a ten-day vacation outing in Colorado. They were joined this week by Mr. and Mrs. Hank Goehry and family who visited relatives in Chicago and Nebraska and will visit and vacation in the western part of the United States before returning to Plains next week.

In a chat with Mrs. Jesse Murphy this week she informed us that they had received a letter from Colorado friends stating that there will be no fruit there this summer. The Murphys usually haul fruit for their neighbors each year, however, this family won't have fruit for their own use.

Need magnesium for cotton growth and reproduction

Magnesium is one of the essential nutrient elements required by higher plants for normal growth and reproduction. Until recently, very little work had been done in relation to the magnesium requirements of cotton.

The Texas Agricultural Experiment Station has completed a series of studies in an attempt to learn these requirements. The studies were made under controlled conditions, and should be very useful as a guide for future field experiments. American Upland (Stoneville Z-106) and Egyptian (Pima S-1) cottons, grown in a nutrient solution under green house conditions, were used in the tests.

The characteristic foliage symptoms of magnesium deficiency appeared first in the lower leaves of Pima S-1 plants which were more sensitive to magnesium deficiency than the Stoneville Z-106 plants. Magnesium content of the plants reflected a positive correlation with the magnesium supply on which they were grown.

Substrate magnesium had a marked influence on plant growth and development as measured by height, weight, flowering, boll set, relative chloroplast pigment content and chemical composition. Differences in the response of the two species to various levels of substrate magnesium were also pronounced.

Jackson, Green vows exchanged

Joseph A. Hill Chapel, Canyon was the setting of the June 24 wedding of Bettie Jackson, daughter of Mr. and Mrs. Robert Chambliss of Plains, and Keith Green, son of Mr. and Mrs. R. C. Green of Turkey.

The double-ring ceremony was read at 4:00 p.m. by Rev. Newton Starnes, pastor of the First Methodist Church of that city.

Mrs. Bill Conway of Happy presented the wedding music and accompanied Mrs. Joe Embry of Canyon as she sang "Whither Thou Goest" and "The Lord's Prayer" at the close of ceremony.

Mrs. Kenneth Hale, sister of the bride, was matron of honor and Stan Lair of Canyon was best man. Russ Elliott of Happy and Joe Embry of Canyon seated guests.

Baskets of white gladioli and wrought iron candelabra holding white candles decorated the chapel.

Given in marriage by her father, the bride was attractive in a street-length princess frock of blue lace, over blue taffeta, accentuated with low neckline and three-quarter length sleeves. Her bridal bouquet was of white gardenias and stephanotis and she wore a small white hat and matching accessories. Something old and borrowed was a pin belonging to her mother, her gown was blue and new, and a penny was placed in her shoe.

Mrs. Hale was petite in a pink princess frock and matching hat with white accessories and she carried a bouquet of white carnations tied with blue.

Hostesses, dressed in pink and blue with white carnation corsages, for the reception held in Cousins Hall Lounge following the ceremony were: Misses Odeta Ball of Nazareth and

Lynn Jolly, roommate of the bride, with Miss Cozette Green, sister of the groom, registering guests.

For the wedding trip to points in New Mexico, Mrs. Green chose a lovely lavender cotton dress with white accessories and white orchid corsage.

The bride, a graduate of Plains High School, and her groom, a graduate of Turkey High School, are senior students at West Texas State College, Canyon, where they are making their home. Mr. Green is a member of Sigma Nu Fraternity at the College.

MISS PATSY BRIGGS

Blounts go to Cisco for family reunion

Mrs. G. T. Blount and sons, Fred and Tommy, accompanied another son, George and family to Cisco for the Medford family reunion held there. Present were 85 relatives and close friends from Plains, Haskell, Rule, Houston, Andrews, Brownfield, DeLeon, Hamlin, Munday, Midland, Odessa and an uncle of Mrs. Blount, her late father's brother, who lives at Cisco. They returned by way of Haskell for a chat with her mother who was unable to attend. Mr. Blount, their son Kenneth and family of Plains and daughter, Mrs. Shirley Curry and family of Denver City did not attend.

Picnic held Monday

A delightful back-yard picnic was enjoyed at the John E. Fitzgerald home on the "Fourth". Attending were Mr. and Mrs. Fitzgerald and Linda, Mr. and Mrs. Johnnie Fitzgerald and girls, Mr. and Mrs. Bob Loe and boys, Mr. and Mrs. Jack Palmer and Brand, Mr. and Mrs. Paul Loe and little granddaughter, Jo Karen Williams who is visiting them from Spur; Mrs. Fitzgerald's sister, Mr. and Mrs. B. L. Caldwell of Brownfield and Mr. and Mrs. Tom Cogburn of Haskell and James Alberding.

SHOWER PLANNED

Mrs. Wayland Powell will be complimented at a tea and "pink and blue" shower, Saturday, July 9 from 3:00 to 5:00 p.m. in the Club Room.

All her friends are invited by the hostesses.

Mrs. Lawanna George and children of Lubbock spent the "Fourth" as guests of her cousin, Mrs. Dunk Brian, Mr. Brian children.

PLAINS NEWS CHIPS

Mr. and Mrs. Neil Taylor and boys left Saturday for Chicago where he is a delegate to Lions International. They will tour points of interest in that area and the Central and Southwestern States while they are gone.

Little League baseball managers, C. J. Coffman, Jack Lowe, Junior Var. Liew and Duane McDonnell met at Alma's Restaurant Friday morning to name members of the All-Star Team for 1960. Names were not available, but will be released as soon as possible. This program has been wonderful for our boys this summer. Even though each manager would like to name many of his boys to this honored team and they have worked hard he is allowed only a few names. Congratulations to every boy who has participated and to each manager.

Misses Donna Nugent and Ann Lattimore were guests of Mr. and Mrs. Joe Beard in Denver City last weekend.

Mr. and Mrs. Doyle Lewallen and Carey visited his uncle and family in Muleshoe Monday. They drove to Amarillo on Wednesday and spent the remainder of the week in the home of her sister and family.

Mr. and Mrs. Don McKenzie left Tuesday enroute to their home at San Pedro, California after spending two weeks as guests of Mr. and Mrs. Russell Faulkenberry and Mr. and Mrs. James Anderson and baby.

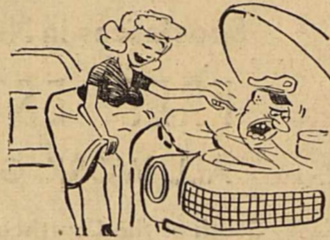

Home after spending the past six weeks visiting relatives in California are Mr. and Mrs. Roger Harvey and Rojanna. Most of the time was spent at the home of her parents, Mr. and Mrs. H. G. Riley in San Mateo.

Mrs. J. M. (Granny) Harris is convalescing at the home of her daughter, Mrs. C. F. McCargo since her release from Methodist Hospital, Lubbock last Thursday following a week's confinement as a medical patient.

Six killed

(Continued from page one)
This was approximately the time the crash occurred.
Also noted were skid marks leaving the highway which officers believed were caused by the Cadillac. Heath added that the car apparently was traveling at high rate of speed.

The full injuries of the injured were not known but they remained in serious condition.
The wreck occurred about a half-mile from the scene of an accident which killed one person several weeks ago.

Mr. and Mrs. E. W. Craig attended the Eldorado School Homecoming over the holiday weekend and visited their parents, Mrs. Annie Craig and Mr. and Mrs. E. P. Davis. Mrs. Craig is a 1933 graduate of Eldorado High School while their children, Mrs. John Phillips graduated in 1952 and Weldon Craig in 1953.

Services held for brother of Mrs. Hague

Mrs. Sallie Hague and her brother-in-law, Johnny Hague, accompanied her son, John Hague of Denver City to Dallas Sunday where they were joined on Monday by her daughter and children, Mrs. H. D. Oden of Andrews. They attended funeral services on Tuesday for Mrs. Hague's brother, J. E. Butler of Farmers Branch in Dallas.

Mr. Butler, 69, was struck by a moving train Friday while enroute to Louisville in Denton County where he was building a new home. He died Saturday night of severe head injuries.
He is survived by his wife; two sons and three daughters; two sisters, Mrs. Hague and Miss Angie Butler, who visited in Plains recently; and three brothers.

The velocity of sound increases about one foot a second for each degree of Fahrenheit the temperature rises.

GRAND OPENING

Billings Superette, located at Bronco, will hold their grand opening Saturday, July 9. The compact completely new store will give a host of prizes to lucky shoppers. Among the prizes will be bags of groceries, cameras, wash and grease job, ham, and many others.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

by Harold Hyde

This is the fourth in a series of articles on soils in the Yoakum Soil Conservation District. This article will discuss the rocky cropland soils of the District.

The most important of the rocky cropland soils is the ARVANA soils. These soils are red and reddish brown in color. There is also a grayish brown rocky soil which is a phase of the Mansker soils.

These soils have hard rock at less than 36 inches deep. In some shallow areas, these soils have rock at a depth of less than 20 inches.

The ARVANA soils have two types of textures. One is loamy fine sand (sandy land) and the other is fine sandy loam (Mixed land). A common plant found on both soil textures is broomweed or "turpentine weed." Other vegetation on the sandy land is shinnyer and coarse grasses. The mixed land has grammas, other grasses, and, invading mesquite and catclaw.

These soils produce good yields when properly managed. When irrigated, cotton yields range from one to almost two bales. The ARVANA soils are suitable for grain sorghum production and yields of 3000-4000 pounds are common under irrigation.

The shallow spots of the rocky cropland soils are often hazardous to farm machinery. Caution should be taken to determine the plowing depths of these soils. Also, when too many rocks have been pulled to the surface, these areas are not suitable for crop production.

Information concerning the depth of these and other soils can be obtained at the local Soil Conservation office. The soil survey of this District is almost complete and this information is available.
Erosion control should be practiced on these soils. When the topsoil has been removed, the rocky area is worthless for crop production.

In conclusion, the rocky cropland soils are fertile and productive. Care should be taken in the depth of plowing. Also, erosion control should be practiced.

Mr. and Mrs. Bill Loyd and daughters, Pamela and D'Linda, were guests of her parents, Mr. and Mrs. C. K. West, at Kingsland several days the first of last week. They were accompanied to Cloudercroft on Wednesday by Mr. and Mrs. Alf Carpenter and Mr. and Mrs. Paul Cobb where they enjoyed an outing, returning to Plains on Sunday.

Wheat growers to vote on Rodeo quota referendum for '61

(Continued from page one)

According to W. M. Overton local ASC office manager the annual wheat marketing quota referendum for wheat growers will be held July 21. The purpose of the referendum is to determine whether or not wheat growers wish to market their 1961 crop of wheat under a marketing quota program system. They will take effect only if approved by at least two-thirds of the growers voting in the referendum. Based on the present wheat supply and the present law, the legal minimum wheat support for 1961 would be 75 per cent of parity, the same percentage as this year. If marketing quotas take effect, a grower who complies with his allotment will be entitled to market his total 1961 wheat crop without penalty and will be eligible for price support at the full rate.

A grower who exceeds his eligible allotment will be ineligible for price support and will also be subject to a marketing quota penalty if he harvests more than 15 acres of wheat. A grower who obtains approval (exception) to produce 30 acres or less for feed wheat to be used exclusively on the farm where produced will not be subject to penalties.

If marketing quotas are dis-

approved by more than one-third of the growers voting in the referendum, all wheat produced will be eligible for marketing without penalty and price supports will be available at 50 per cent of parity to those who comply with their farm acreage allotments.

The polling place for Yoakum County voters will be in the old District Court-room Old Court House in Plains. All eligible voters are urged to vote either for or against the 1961 wheat marketing quotas. Every wheat grower who expects to have more than 15 acres of wheat for harvest in 1961 will be eligible to vote, except those who participated in the up-to 30-acre feed wheat program in 1960.

Pete St. Romain, S. L. Tingle, Roger Curry, J. W. Moore, and Clude Waldron

Saturday's co-chairmen will be C. J. Coffman and Roy Stockstill with Roger Harvey, Rod Duff, J. S. Wagley, James Warren, Russell Faulkenberry, and Jack Hayes.

Holiday guests of Mrs. W. E. Smith Monday were her daughter, Mrs. L. B. Cabe and her son Don and wife of Brownfield; her sons and families, Mr. and Mrs. Walter Smith and two children of Lubbock, Mr. and Mrs. L. O. Smith and Laney of Plains; granddaughters, Miss Sheila Smith of Lubbock and Mr. and Mrs. Leland Ellison of Plains.

Mr. and Mrs. S. C. Kee moved back to Plains recently after living in Midland several months.
