VOLUME 30

PLAINS, TEXAS, THURSDAY, SEPTEMBER 1, 1960

NUMBER 35

## — Editorial — School days

With a sigh of relief by parents and a sigh of sadness by students, school has started once again. And at this time I think it is proper to give a community thanks to the teachers and school officials for the job they are doing not only in their respective jobs but for the community welfare.

Plains residents are exceedingly lucky to have such outstanding teachers and citizens in our local school system. Take note next time there is a civic project underway of the teachers and officials taking an active part. Also note the same group working in our churches and in our civic and social clubs.

I have noticed that in some communities there are special days set aside and special programs to show appreciation to the teachers and members of the school system. Such a program would certainly be in order here in Plains and I hope that in the near future that some group will undertake to sponsor an "appreciation" day for these people.

Please obey the traffic signs that have been installed in front of the schools. Now that school has started youngsters will be on the move and sometimes the youngsters are careless. So be on guard — drive with care.

## Tom Payne wins honors at 4-H rodeo round-up

The best all around contestant in the First Annual Kids and Kayuses Round-Up held last Friday and Saturday nights in the Plains Rodeo Arena was Tommy

Payne who chalked up 61 points out of a possible 90. He won three firsts, one second, one third and one sixth for a total of 51 points. Oscar Henard collected a total of 46 points by winning one first, two seconds, two thirds and one sixth. Marsha White and D'Lynn McGinty tied for fourth and fifth in total points with 27 points each.

## Scouts elect new officers for year

New officers for 1960-61 were elected at the regular meeting of Plains Girl Scouts Tuesday evening, August 30 in the Tsa Mo Ga Clubhouse.

President Donna Nugent presided for the meeting. Following the reading of the roll and minutes of the previous meeting, a report was given on the concession stand operated by the scouts during the Junior rodeo with about \$50 made.

New officers elected were: President, Sylvia McGinty; Vice president, Frieda Cooper; Secretary, Wanda Anderson; Reporter, Dene McDonnell; and Sergeant at-Arms, Jana Warren.

An enthusiastic crowd watched the boys and girls perform each evening and most of them stayed to watch the after-show events on Friday night. Ty Earl Powell and Chip Bennett was the winning team in the goat sacking event. Second place went to the team of Joe Pierce and Olan Smith and third place was won by Mike Field and Butch Gayle.

Tommy Payne won first in the Boys Flag Race with a total time of 37.2 seconds. Mike Field placed second with 41.7 and Oscar Henard had a 42.0 for third place. Kenneth McGinty had the fastest single time in the

See 4-H RODEO on page 3

## Cowboys to open season

### New school term begins with enrollment of 579

The second day of school showed that 579 students had registered in the Plains school system. According to school superintendent G. D. Kennedy another 30 to 40 students are expected to enroll throughout the year. He added that in the past nine years the number of students have increased yearly by 30 to 40 and that he expected this to hold true this year. The second days enrollment is approximately the same as at the close of last year's school.

First day registration showed that 64 first graders have been enrolled which makes the beginner grade largest in the elementary and junior high school.

Running second in the number of students is the fifth grade with 61 students. The third grade has 51 students, the fourth grade has 56 students, the second grade has 57, the seventh grade has 49, the sixth grade has 53, and the eighth grade has

33. The four grades in high school has a total of 155 students. High School principal Neil Taylor said that registration in high school ran smoothly. The only difficulty was in finding available rooms to hold some of the larger classes. He added that this problem would be solved See SCHOOL TERM on page 3

### Contracts let for fields for Little, Pony Leagues

Plains will soon have new Little League and Pony League baseball parks. The contract totaling \$22,435 was accepted Monday at a special session of the Commissioners Court. Of the total amount \$21,367 is slated for construction and \$1,068 for architect's fees.

According to the breakdown, costs of the Little League field will include \$1,084 for fence and gates, \$520 for backstop, \$525 for bleacher, \$60 for cesspool, \$1,995 for concession stands and toilet, \$1,780 for official's booth and \$350 for player's shelters.

For the Pony League field, \$1,832 will be used for fence and gates, \$535 for back stop, \$525 for bleacher, \$60 for cesspool, \$1,995 for concession stand and toilets, \$1,790 for official's booth and \$350 for player's shelters.

Field lighting will cost a total of \$7,976 for both fields as the amount was not separated in the contract.

T. C. Hightower was named general contractor. Snyder Fence Company was awarded the contract for fences, gates, and backstops; Vibre Whirl and Co. awarded the bleachers and Jas. C. Farmer Cess Pool Grilling Co., the cesspools.

The Plains Cowboys will meet their first opponents Friday night at Cowboy stadium and according to football officials this will be one of the toughest games of the season. The Cowboys will open against Crane, one of the top contenders in District 4-AA.

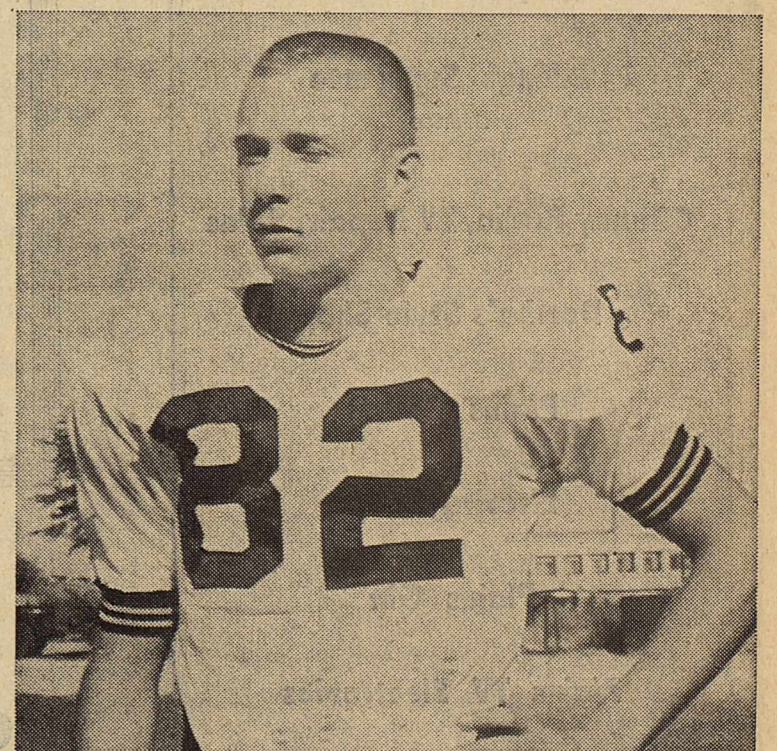

Head coach Jack Pierce said the Cowboys would be in good shape for the first game. He added that he and his coaching staff were well-pleased with the defensive line-up but that improvement was "definitely needed in the offensive and particularly in the passing offense."

The Cowboys will be at full strength for Friday with only two players out — Steve McGinty and Ronny Stockstill. Steve broke his hand at the beginning of the practice season and Ronny recently broke his arm. Pierce said both boys would be out from six to eight weeks. Jack Meixner, recuperating from a tonsilectomy, will be able to play limited ball this Friday Pierce added.

Probable starting offensive line-up this Friday will be Jack Meixner at right end, Doug Todd at right tackle, Tommy Warren or Clarence Todd at right guard, and Vernon Ethridge at center. Playing left guard will be Sam St. Romain, Dennis Hickman at left tackle, James Alberding at left end. In the backfield Ronny Hendricks will hold the quarterback position with Joe Don Morrow playing at fullback. On right half will be Ray Faught and on left half will be Dick Cooke or Eldridge Tidwell.

Playing defensive ball for the Cowboys will be Mike Sink, linebacker and Jerry Bob Warren at halfback.

According to reports Crane is the number one ranked team in District 4-AA along with Ft. Stockton. Crane coach Dan Anderson has an excellent record for his nine years there. His cowboys to open 4/72 folo 2-col See FOOTBALL on page 3

(Continued from page one)

flag race when he made his first ride during the Friday night show in 16 seconds flat

In the Girls Goat Tying event the winner was Ethel Martin. She tied two goats in 43.2 seconds. Marsha White placed second with 44.7 and D'Lynn McGinty was third with 45.2 The fastest time on a single goat in the girls goat tying was made by D'Lois McGinty during the Friday night performance when she wrapped up her goat in 20.1 seconds.

The Pole Bending event was won by Ethel Martin with a total time on two rides of 56 seconds. Her time of 27.5 during the Saturday night show was also the fastest single time in the event. Oscar Henard placed second in the Pole Bending with 56.4 and Tommy Payne won third with 58.9.

Tommy Payne won first in the Boys Goat Tying by tying two goats in 37.2 seconds. Second place went to Edward Williams with 40.8 seconds and Oscar Henard won third with 42.0 seconds flat. Edward Williams tied his second goat in 18.7 seconds for the fastest goat tying time of the entire show.

The Girls Barrel Race was won by Ethel Martin. She made her first ride in 19.8 seconds, her second ride in 19.4 seconds for a total time on two rides of 39.2. D'Lynn McGinty was third with 42.8. The fastest time on a single ride in the barrel race was during the Saturday night show when Marsha White went around in 19.2.

Oscar Henard and Marsha White made up the team who placed first in the team tying. They tied four goats in 49.5 seconds. Tommy Payne and D'Lynn McGinty placed second with a total time of 50.0 seconds flat and they also had the fastest single time of 22.5. Third place in the team tying went to the team of Regie Martin and D'Lois McGinty on a total time of 64.6 seconds.

Tommy Payne was the winner of the Cutting Horse Contest. He was riding a horse called Sleepy. Oscar Henard placed second in this event riding a horse named Widow maker. Third place went to Ethel Martin riding Sand Rock.

The Bell Goat Roping had only one winner each night. The 26 contestants were divided into two groups of 13 and a different group worked each night. Mike Field roped the bell goat on Friday night and Chip Bennett was

the Saturday night winner. The Yoakum County General 4-H Club were sponsors of the Round-Up and they are very grateful to a number of people who helped to make it a success. To mention a few who donated their services, J. D. Doran and Billy Smith came over from Lovington to judge the cutting horses. Bob Poe was the announcer, Bill Lowell and Glen Morehouse worked as flag men. Johnnie Fitzgerald and Gilbert Pierce were time keepers. Eddie Taylor and Neil Taylor were bookkeepers. Rusty McGinty and Pat Henard furnished the cattle for the cutting contest. A number of others helped with the goats, flags, barrels and poles which made a faster and more enjoyable show.

**IT'S THE LAW in Texas**  
A public service feature of the State Bar of Texas

**IT'S THE LAW in Texas**  
A public service feature of the State Bar of Texas

**NO WILL? WHO INHERITS PROPERTY?**  
What will happen if you should die without executing a legal and proper will? Who will inherit your property? Your husband, wife, mother, father, children, your wife's relatives? The best way you can say who will have it is to provide a will which will protect your rightful beneficiaries and dispose of your property in accordance with your wishes. When a deceased has no will, or dies "intestate" as the law calls it, the property of that person is distributed according to a detailed formula, fixed by law. In some cases this may be the way you yourself would divide it — but in many cases it is not. The provisions of the law concerning the distribution of the property of a person who dies without a will are rather complicated, and all of the possibilities cannot be covered by a general statement. There are different rules for real estate and for personal property, for community property and for separate property, for homestead property, and for all of the many possible combinations of surviving relatives. Each situation must be carefully studied to determine the correct distribution of the property. For example, here is a general idea of how the community property which you and your spouse have accumulated will be divided if you do not make a will prior to your death. If your husband or wife survives and there are no children, the surviving spouse receives all of the property. If, in addition, there are surviving children or descendants of deceased children, they would divide one-half of the property, while the surviving spouse would receive the other one-half. Of course, grandchildren do not share in the estate unless their parent who would inherit it deceased. And when descendants of previously deceased children do inherit, they receive only the portion that the child would have received, regardless of the number of such descendants. An odd note, perhaps, is that the surviving spouse already owns one-half of the community estate prior to your death, and the law adds nothing to this

share where there are children surviving. When there are only children and their descendants surviving, they divide the entire community estate between them. (This newsfeature, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Mrs. Tom Sims was pleasantly surprised on Tuesday of last week when her brother, Mr. and Mrs. Audrey Brewster, and 3 sons of Corcoran, California, stopped in for cold drinks at the store where she works. In their conversation she learned that he was her brother whom she hadn't seen in 25 years. The Brewsters made their stop last night on Thursday before continuing to their home.

Mr. and Mrs. Louie McBee, who are guests of their son, Mr. and Mrs. Buster McBee in Denver City this week, visited his niece and family, Mr. and Mrs. Walter McClellan Wednesday. Rev. and Mrs. Johnnie Moore were Lubbock visitors Tuesday. Their eldest daughter, Sheryl Kay, is spending this week in Muleshoe as guest of her grandfather, Dave Aylesworth, and aunt, Miss Beatrice Aylesworth.

**Drilling activity remained stable in latest survey**

Rotary drilling activity remained stable in Yoakum County last week, according to the weekly survey of rigs making hole conducted by Reed Roller Bit Co. of Midland.

The latest survey of the company shows three rigs working in Yoakum last week, the same number as reported in a similar survey conducted on August 19.

Lea County, N. M., continued to lead the entire Permian Basin area with 29 active units in operation. Andrews County retained second place in the Basin with 18 rigs and Eddy County, N. M., held onto third place with 17 active boring tools.

Texas Counties captured the fourth and fifth slots on the survey, with Pecos County numbering 14 active rotaries and Ector and Winkler Counties tying for fifth position with 13 rigs.

The Basin, as a whole, listed 227 units on this week's survey, as compared with 234 on August 19 and 327 for August 28, 1959. Gaines County dropped from 13 rigs on August 19 to 12 in the latest survey and Terry County maintained one rig making hole last Friday.

**STATE CAPITAL**  
*Highlights*  
**AND Sidelights**  
*by Vern Sanford*  
TEXAS PRESS ASSOCIATION

**AUSTIN, Tex.** — Summer weeds are being mowed down on the school yards over Texas this week. Classrooms are being aired, and teachers are mapping lesson plans.

Some teenagers — probably thousands — are ignoring all these tax-paid preparations being made for their benefit. Deliberately or unknowingly, they're getting ready to make one of the worst mistakes of their lives . . . not finishing high school.

Gov. Price Daniel has issued a special plea to youngsters to "go back to school and remain

there until graduation."

To drop out of school, the governor reminded, is to cheat yourself out of a probable \$50,000 in future income. This is the average difference between what a high school graduate and an eighth grade graduate will earn in a lifetime.

At the peak of his earning power, the average high school graduate will earn 27 per cent more than the average eighth grade graduate, said the governor.

Public concern is based on statistics showing that between the 1955-56 school year and graduation of the 1958-59 class, more than one-third of Texas high school students dropped out.

In 1955 a total of 118,272 students enrolled in the ninth grade in Texas public schools. When that class graduated in 1959, only 71,855 still were there. About 39 per cent had dropped out.

Governor Daniel reminded that in age of swift technical advancement, it is harder and harder to find an unskilled worker to fill a job. He called on public and private organizations to

join in encouraging young people to stay in school. Both the individual and the community enjoy a better life, he said, where more people have good educations.

**SMALL WORLD PROBLEMS** — In deciding what kind of materials to use in building Texas roads and bridges, the State Highway Commission found itself plunged headlong into the whirlpool of international relations.

This summer the Commission issued an order that only American-made materials should be used in Texas road and bridge building. Texas industrialists, particularly steel officials, cheered, but representatives of foreign nations lodged a storm of protest at a hearing before the Commission.

As a result, the order has been held up for further study. Decision will come probably in late September.

Representatives of the Texas steel industry called the ban on foreign materials "a forward step for Texas." They said use of imported products brings loss of jobs for Texas workers and loss of taxes from Texas businesses. Furthermore, they argued, the imports are only slightly cheaper and frequently of inferior quality.

Attorneys representing the governments of Japan, Belgium and West Germany countered that "international trade is a two-way street." In short, they said Texas cannot expect to continue to profit from selling its products abroad unless it is willing to buy from other countries.

A spokesman for an international trade group declared the imports ban would violate the spirit of a treaty between Japan and the U. S.

**MEDICAL AID URGED** — Next legislature has been urged to pass a law providing for payments for the medical care of the needy aged.

Housing sub-committee of the Governor's Committee on Aging has released its report which points particularly to the discrepancy between old age pensions and nursing home costs.

Maximum old age assistance is \$87 a month, said the sub-committee, while the average charge of a licensed private nursing home is \$159 per month. Medical payments, said the committee, would be a help in closing this gap.

In 1958 a constitutional amendment was approved giving the legislature authority to set up such a program. It would cost approximately \$10,000,000 in state money, which would be matched with almost twice as much in federal funds.

These and related problems will be discussed at a statewide meeting of the Committee on Aging in Austin Sept. 7. Lending importance to the study are statistics showing the rapid increase in the number of older persons. During the past 60 years Texas population has tripled, but the population over 65 has multiplied by ten.

**BALLOTS UP TO COUNTIES** — It's up to county election boards to decide the order in which parties will be listed on the general election ballots.

Atty. Gen. Will Wilson ruled that counties do not have to list the parties in the same order in which the secretary of state lists them on a sample ballot. Secretary of state sends this out

to list the certified nominees for state office.

Republican officials have been urging that county officials draw lots to decide whether Republicans or Democrats shall get the preferred first column on the left.

**INTERGRATION OPINION ASKED** — Dr. J. W. Edgar, State Commissioner of Education, has asked the attorney general for an opinion on whether the Houston public school system can continue to receive state aid if it follows a federal court order to integrate a grade a year, beginning in the first grade. State law denies aid to schools integrating without voter approval. Houston voters turned down integration.

**TETANUS SHOTS URGED** — State Health Department officials are urging Texans to have tetanus shots and keep their immunity up to date by getting periodic boosters. Lockjaw, which the shots prevent, has not disappeared. Fifty-two persons, 24 of them infants, died of lockjaw in Texas last year.

**HIGHWAY FUNDS ANNOUNCED** — State Highway Commission has announced plans to spend \$188,550,000 on the interstate highway program. An estimated \$160,912,000 will be spent on 548 miles of controlled access highway and \$27,638,000 on buying right of way.

**TEXAS DAIRY PRINCESS CHOSEN** — An 18-year-old dairy farm girl from Sandia, Texas, Miss Louise Knolle, is Dairy Princess of Texas for 1961. She replaces Marilyn Carpenter of San Antonio, 1960 winner.

Miss Knolle was selected from three finalists in the Fifth Annual Leadership Awards Program of the American Dairy Association of Texas. They competed in Austin for the state honor.

She will represent Texas in the 1961 American Dairy Princess contest.

State vs. James W. Jones, aggravated assault.

**Mr. and Mrs. John Anderson, Marie and Wanda, took Polly and J. L. Neal back to Odessa and spent the weekend after the youngsters had been guests of the Andersons for a week. They were joined on Sunday by Mr. and Mrs. James Anderson and Debbie, also of Plains.**

**Mr. and Mrs. Charley Jones and family enjoyed a vacation last week in Minnesota where they were guests of his daughter and family, Mr. and Mrs. Joe Mehl at Breckenridge. They visited her father, R. C. Cox, and brother and family, Mr. and Mrs. J. W. Cox, at Atoka, Oklahoma enroute home.**

SCENES AT THE Plains-Tahoka scrimmage held Saturday at the Cowboy stadium.

**Airman 1st Class Don Hinkle left Wednesday evening by plane enroute to Fairbanks, Alaska where he will be on outpost duty with the U. S. Air Force. Mrs. Hinkle and little son Russell will remain here.**

**Bud Brian and son Ronnie were business visitors in Plains over the weekend and called in the homes of his parents and brother, Mr. and Mrs. M. D. Brian and Mr. and Mrs. Dunk Brian near Bronco.**

**Mr. and Mrs. Jesse Snodgrass spent several days last week at the clinic at Temple and returned home by way of Gatesville where they visited Mr. and Mrs. Casey Brown, former residents of Plains.**

**THE REASONS WHY**  
There are four reasons why a butter-type cake may fall in the center; too much fat or sugar; too much baking powder or other leavening; too slow an oven; not baked enough.

PLAINS, TEXAS

## Fair boosters to visit Plains in September

Dozens of Lubbock businessmen will participate in the Panhandle-South Plains fair good-will booster trips, scheduled to roll into Plains Thursday, Sept. 15.

The goodwill boosters, visiting South Plains cities in an effort to build good relations throughout the trade area, leave Lubbock after an early breakfast and distribute a Fair newspaper, placards, balloons, and other literature.

On the second day of the tours, the merry-makers will visit Levelland, Whiteface, Morton, Plains, Denver City, Seminole, Seagraves, Tatum and

Lovington.

The visitors will be in Plains on the second trip. A total of five visiting tours are planned, which will take the boosters to more than 45 South Plains Cities.

This year, each of the five trips is jointly sponsored by the Lubbock Chamber of Commerce and the Panhandle-South Plains Fair Assn.

The Fair boosters will be laden with souvenirs, free tickets for Kids' Day at the Fair, and literature. The goodwill ambassadors will provide special entertainment in each city they visit.

### Fort Worth Has the Time

Texans have a big time. They also have a big time-piece.

Fact of the matter is, it's the world's largest. It's the clock that's atop the 30-story Continental Bank Building in Fort Worth.

Time is controlled by a microwave radio from the U. S. Observatory in Washington, D. C. The clock itself is five stories high. It weighs 77 tons and the numerals are so large — 25 feet high and nine feet wide — that the clock can be read from a distance of five miles.

### Gonzales Honors Flag

A plaque commemorating the making of the first battle flag of Texas hangs on the walls of the museum at Gonzales, in South Texas, the town where the flag was made.

It was the first flag on which the now famous "lore star" was used.

This flag carried the words "Come and Take It" in answer to the Mexican Army's demand for return of the Gonzales cannon. The cannon had been given to the Texans by the Mexicans for defense against the Indians.

### Good Enuf for Comstock

Springs that provide 116,000-000 gallons of water per day should be good enough for anybody.

People in the Southwest Texas town of Comstock decided long ago that such springs were good enough for them, so they named them "Good Enough Springs."

The springs are located just south of Comstock, in Val Verde County, and their fine waters feed the Rio Grande River.

### Famous Tree Near Rockport

You won't believe it until you see it yourself.

It's the largest live oak tree in the world, and it's located by Goose Island State Park near Rockport, in Aransas County, on the Gulf Coast.

This majestic symbol of the ages is more than 2,000 years old, having burst into life a hundred years before the birth of Christ.

From its majestic trunk, branches spread forth 118 feet to shade the approximate area of a city block.

### Famous San Antonio Fort

Teddy Roosevelt trained his famous Rough Riders in Texas in the same fort that housed such outstanding generals as Grant, Lee, Sheridan and Hood. It's the 3,000 acre Fort Sam Houston, the greatest Army post in the United States. It is located within the confines of San Antonio.

Old "Fort Sam" dates back to the pre-Civil-War days and still is active today. Much of the old atmosphere remains. It's a sight to see, whether you're interested in the activities of today or of yesterday.

### Texas Has Taj Mahal

The Mission La Bahia del Espiritu Santo, located in Goliad, north of Corpus Christi, often is called the "Taj Mahal of Texas."

Established in 1749, the mission stands proudly today in a rare and enviable beauty — a reverent beauty that is only bestowed upon the great during the ages.

Near the mission is the site of the infamous massacre of General Fannin and his Texas soldiers by the troops of the Mexican General Santa Anna.

Jim Williams was up from Benjamin over the weekend to get his wife and baby son Jeffrey Lynn. They will move to Abilene within the next few days where he will enroll in Hardin-Simmons University on an athletic scholarship. Mrs. Williams has spent several weeks here with her parents, Mr. and Mrs. Joe Kennedy.

## Debbie Anderson has first birthday honors

Her "first birthday party" was a delight for Little Miss Debbie Anderson, daughter of Mr. and Mrs. James Anderson, when a group of her relatives and friends gathered in Stanford Park Monday, August 29 from 7 to 9 p.m., in her honor.

After the honoree, seated amid her gifts, enjoying tearing into packages and plunging a tiny fist into the lovely birthday cake, refreshments of "the cake" and home-made ice cream were served to grandparents, Mr. and Mrs. Russell Faulkenberry and Mr. and Mrs. John Anderson; Mr. and Mrs. H. C. Powell, Mr. and Mrs. Wayland Powell and Tammy, Mr. and Mrs. Buster Kennedy, Marie and Wanda Anderson, Rober Anderson, Kathy Stroud, and the honoree and her parents.

## Giants enjoy picnic at Bottomless Lakes

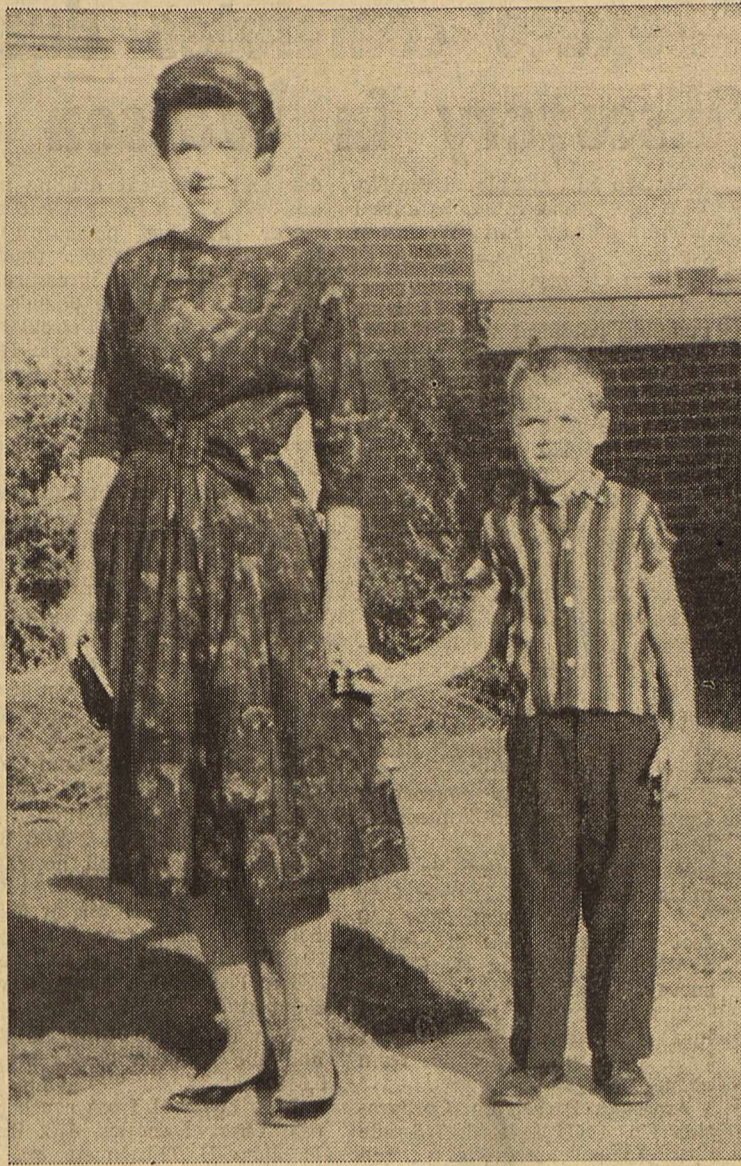

An all-day outing and picnic was enjoyed by 5 members of Plains Little League baseball champs, the Giants, accompanied by their manager, Duane McDonnell, Mrs. McDonnell and Pam, and Olan Smith, when they went to Bottomless Lakes Saturday. The group cooked breakfast and lunch on a campfire at the lakes.

Due to illness, some less serious causes and one being out of town the party was smaller than anticipated. Giants making the trip were David Lusk, Bobby Stroud, J. E. Todd, Gayland Alberding and Gary Smith.

Home on 30-day leave are Bill and Glenda Taylor from San Francisco who are guests of their parents, Mr. and Mrs. J. L. (Ben) Taylor and Mr. and Mrs. R. R. (Blackie) Bearden.

Mrs. S. McDonnell received word Sunday of the death of her brother, Tom Britton at Eastland, Texas. She was accompanied to Eastland by her son, H. G. McDonnell, and grandson, Rufus Brian, on Monday. The men returned that evening and Mrs. McDonnell remained for funeral services held Tuesday.

Friends here will be saddened to hear that Mrs. Grace Lilly of Tulsa, formerly of Plains, died Tuesday morning after an illness of several years. Mrs. C. F. McCargo and Mrs. P. W. St. Romain attended services in Gainesville on Wednesday. Mrs. Lilly worked for a time in the McCargo Drug and had many friends here.

FIRST DAY at school was all smiles for Ricky Hanna. He, along with 67 other first graders, registered at the local school. Mrs. Buddy Hanna, along with other parents, were on hand for first day registration.

## U. S. Savings Bond sales in county near 1960 goal, Moorhead reveals

"Savings Bonds sales for the first seven months of 1960 totaled \$67,817", D. P. Moorhead, Chairman of Yoakum County's Bond Committee reported today. "Our county has now reached 96.9% of its 1960 goal of \$70,000. July sales were \$3,503."

Sales in Texas for July 1960 were \$12,204,662 which was 6% greater than the same period in 1959.

"A part of every American's savings should be invested in Savings Bonds, to provide for his future and to add strength to the National economy," stated Moorhead.

### ANNUALS ARRIVE

Odus Walsler, high school teacher, announced that the 1959 -60 annuals have arrived. Parents of elementary and junior high students who have bought annuals may pick them up in the principal's office of the respective schools. Those who have paid \$2 down will owe a \$1 balance.

Mrs. Boyd Gilbert has returned to her home at Electra after spending several days as a guest of her daughter and family, Mr. and Mrs. Bill Marshall, Gayle and Mark.

## 'Take Time' theme of Iota Pi 1960 club year

"Take Time" has been chosen by Mrs. Vance Glover, president of Iota Pi, as the theme of this year's club programs.

ESA's of the local chapter will open the club year September 6 in the home of Mrs. Travis Been. Co-hostess will be Mrs. A. B. Carpenter.

Theme of the first program will be "Take time to be a good ESA'er and will be presented by Mrs. P. W. St. Romain, educational director. She, in turn, will present club president Mrs. Vance Glover; Mrs. Dick McGinty, vice-president and rush chairman; and Mrs. Jack Hayes, parliamentarian.

Highlights of the club year will be rush week on September 20 when a supper will be served, followed by educational programs or reading and holiday parties throughout the season.

Special chapter projects for the year are assisting with the Plains Student Loan Fund and with Little League and Pony League baseball projects. During the Christmas season the club will sponsor "Operation Santa Claus".

International, state and district projects will concern aid to handicapped children, with special emphasis in the district on study and aid to the cystic-fibrosis program.

All chapter members are urged to take time to attend the opening meeting.

The educational and program committee composed of Mrs. P. W. St. Romain, Mrs. Leon Lewis, Mrs. Bill Harris Powell and Mrs. Jack Hayes have announced that the new yearbooks have arrived and will be available for the first meeting.

## Mrs. David McGill honored at farewell

Mrs. David McGill, who has been employed as deputy tax assessor of Yoakum County, was honored Tuesday night at a "42" party, given in the home of Mrs. Odis Lusk at Plains. Co-hostesses were Mrs. Lusk, Mrs. E. W. Craig, Mrs. Joe Cheek and Mrs. Vicie Hinkle.

A beautiful gift of lingerie was presented to the honoree by friends, county officials and courthouse employees.

Mr. McGill, who is with El Paso Natural Gas, is being transferred to Kermit.

Guests attending were Judge and Mrs. Don Hancock, Mr. and Mrs. Robert Chambliss, Mr. and Mrs. Bill Moorhead and children, Mr. and Mrs. E. W. Craig, Mr. and Mrs. O. D. Smith, Mr. and Mrs. Tom Barron, Mr. J. A. McConnell, Mrs. Olan Heath, Mrs. Sandra Lambert and Mrs. J. H. Hicks.

## Girl scouts have camp-out night

Jeanine St. Romain, former counselor at Camp Rio Blanco, was special guest and showed the girls various ways Girl Scouts do things at camp, Thursday, August 25 when the local troop went on a camp-out north of Plains.

The group left the Tsa Mo Ga Clubhouse at 3:30 p.m. They cooked supper and breakfast on campfires. In Jeanine's demonstration, they built a big campfire, then each girl took coals from it and made her own fire.

A wonderful time was reported by all and each expressed appreciation to their guest for her assistance.

## Texaco completes dual discovery in Wasson

Texaco Inc. completed the No. 17-B Mrs. Annie Miller as a dual Wichita-Albany and Wolfcamp discovery in the Wasson field of Yoakum County.

Its Wichita-Albany 24 hour pumping potential was 227 barrels of 39.1 gravity oil, plus one barrel of water, through perforations at 8,381-8,392 feet, 8,394-8,408 feet, 8,474-8,480 feet and 8,486-8,494 feet. The gas-oil ratio was unreported. From Wolfcamp perforations at 8,680-8,686 feet and 8,689-8,694 feet it pumped 182 barrels of 38.4 gravity oil, plus 33 barrels of water, in 24 hours. The gas-oil ratio was 227-1.

The venture was drilled to 11,038 feet in the Devonian. Extensive tests were conducted in that formation before plugging back to complete in the Wolfcamp and Wichita-Albany.

No other details concerning the completion were immediately available.

The dual producer is two miles northwest of Denver City and 760 feet from south and 660 feet from east lines of section 862, block D, John H. Gibson survey.

It is surrounded by producers in the Wasson (San Andres) field, all of which produce from above 4,900 feet.

Amerada Petroleum Corporation No. 1 C. Bedford, 7/8-mile northeast outpost to the one-well Fields (Devonian) pool in Northwest Yoakum County, developed slight shows of gas along with salt water in the Devonian.

It previously had a small show of gas and oil in the Mississippian. That section was tested two hours at 11,944-12,019 feet.

Recovery was the 2,890-foot nitrogen blanket, 330 feet of gas and 220 feet of slightly oil-cut and heavily gas-cut mud.

It then deepened to 12,130 feet in the Devonian, and took a two-hour drillstem test with the packer at 12,085 feet.

Recovery was 120 feet of gas-

cut and water-cut drilling mud and 4,573 feet of gas-cut salt water. Flowing pressure was between 1,040-2,240 pounds. Shutin bottom hole pressure in two hours was 4,730 pounds.

The project is circulating while waiting on orders. It is six miles northeast of Bronco and 1,980 feet from west and 2,010 feet from south lines of section 183, block D, John H. Gibson survey.

An earlier test in the Pennsylvanian at 9,559-9,615 feet recovered a small amount of heavy, black oil, along with slightly oil and gas-cut drilling mud.

Two new producers were added to Yoakum County during the past week, producing a daily potential of 440.92 barrels of oil.

H. Garrett Oil Company completed No. 3 A. L. Moore in the Brahoney field of Yoakum County.

The new producer finished for a daily potential of 352.96 barrels of 32.5-gravity oil, no water, flowing through a 20/64-inch choke and perforations at 5,250-5,290 feet, after fracturing with 10,000 gallons. Gas-oil ratio was 286-1. The tubing pressure was 450 pounds.

It was drilled to 5,330 feet and the 4 1/2-inch casing set at 5,318 feet.

It is 660 feet from south and east lines of section, 473, block D, John H. Gibson survey.

Cherry Brothers added a producer to the Chambliss field by completing No. 1-A Argo Oil Corporation in Yoakum County.

The operation finished for a daily potential of 88 barrels of 32.7-gravity oil, plus 29 per cent water, flowing through a 28/64-inch choke and perforations at 5,222-5,250 feet, after fracturing with 10,500 gallons. Gas-oil ratio was 654-1. The tubing pressure was 20 pounds and the casing pressure was 175 pounds.

The venture was drilled to 5,318 feet and 4 1/2-inch casing set on bottom.

TY EARL POWELL was named recently as the winner of the 4-H Gold Star Award. He is shown exhibiting his grand champion in the fat steer division at the local show. LaJuana Jones was the girl awarded the Gold Star.
