PLAINS, TEXAS, THURSDAY, SEPTEMBER 29, 1960

NUMBER 39

"Education in Russia" topic of Golden's speech

There is a difference in the meaning of peace as Americans think of it and as the Russians think of it," Dr. Floyd Golden, President Emeritus of Eastern New Mexico University, spoke with force Monday night to members of the Ts'a Ma Ga Club and teachers of the Plains school system. Golden was one of the 36 administration members who visited Russia in 1959 to study the educational system in Russia.

In his speech he told the group that Russia is just now making headway in their education system. He explained that a new seven year plan was started in the Russia school system in 1952 to bring the standards of their education system up to the standards of the West. He added that the American people were deceived by the Russian in that the Russians say they teach their students science courses, English, and other advanced courses for long periods. Golden explained that certain courses are taught for five or more years but the classes only meet for once or twice a week instead of every day as in the American school system. He added that the level of education was below par in many instances and that if any-

thing was at the same level as the American schools.

In the description of the schools Golden said that the buildings were mostly crowded into apartment rows and had no appearance of a school as we in America think of schools. The interiors were dingy, airless, and sometimes heatless. All schools in Russia go by number instead of name.

The school system and the recreation areas are kept separate. Students go for recreation and indoctrination twice a week for two hours. At the recreation system the young students are given instructions in the Communist doctrine.

Golden added that not everyone was a member of the Communist party and that membership was a coveted honor and that only three per cent were actual members. Communicative party members, he explained, received better jobs, housing, and other accommodations.

One of the most remarkable aspects of the Russian school system is the manner in which the classes are taught. He said that teachers demanded the utmost in respect from the students. There is no freedom of discussion as the only correct answer to a question is the one that is given in the book. Students are graded according to the answers and the marks are put into diary and are sent home once a week for the parents' approval.

Dr. Golden has been a member of the ENMU staff for 26 years. He is past president of the institution and now holds an honorary position. At present he is writing a history of the school.

The meeting was sponsored by the Ts'a Ma Ga Club and teachers of the Plains public schools were special guests. The event was held in connection with the education program which is one of the phases of the General Federation of Women's Clubs

See SPEECH on page 8

Fire department plans inspection

The Plains Volunteer Fire Department will start in the near future to check local church buildings for fire hazards. According to Fire Chief Duane McDonnell anyone who wishes to have their home or building checked can call the fire department or attend any of the Monday night meetings.

He warned local residents to be careful when burning trash especially this time of year as many of the lots in town have an abundance of dried grass. He added that motorists should be extra careful when traveling on the highways not to throw cigarettes or matches out the windows. Due to the dried pastures and range lands and fall breezes such an action could lead to several sections of land burning before it could be extinguished.

The department, in checking their winter equipment have found three raincoats missing. Anyone having one of the coats at home is urged to return the coat to the station.

McDonnell said that anyone wishing to join the local department to contact him or come by any Monday meeting.

SEVENTH GRADE officers for the coming year are bottom left, Harold Swann president of 7-L, vice president Jane Koncabe, secretary Sharry

Heald, treasurer Linda Hill, reporter Brenda Hickman. President of 7-M is Freddie Carley, secretary Bobby Taylor, treasurer Dennis Crutcher, and reporter Joe Dan Cooke.

Darrell Barron's condition improved

Darrell Barron, son of Mr. and Mrs. Tom Barron, was reported to be improved after suffering injuries in an car accident Wednesday night. He was transferred to Methodist Hos-

pital in Lubbock Friday after being taken to the Yoakum County Hospital in Denver City from the scene of the accident.

According to Olan Heath, investigating officer, Darrell was traveling south on the Allred road going to Denver City. Heath said it was believed that the young man swerved to the right hitting a cow in the middle of the road and hit another cow on the side of the road. The car flipped about two times coming to rest on its side. The 1959 Chevrolet was a total loss Heath said.

On of the first on the scene of the accident was "Red" Williams who lives on the Allred road.

Darrell was taken to the Denver City hospital where his condition was listed as serious. The full extent of his injuries were not known but it was re-

ported by local resident who had visited Darrell Tuesday that he was much improved.

Darrell is a Plains High School senior.

Two new wildcats staked in Yoakum

Three new operations — two wildcats and a field test — were staked in the area surrounding Denver City during the week — and a new producer was added to Yoakum County.

Union Oil Company of California filed application to drill an 8,300-foot Gaines County wildcat, No. 2-1 Jones Estate, 14 miles southwest of Denver City.

It spots 1,980 feet from north and 660 feet from west lines of section 1, block A-8, PSL sur-

Cowboy record now 4 wins

A record crowd of Plains residents traveled to Wink last Friday night to see the Cowboys chalk up their fourth straight win. The local squad, in a touch-and-go game, marked heavily with penalties, plowed past Wink to win the non-conference game, 30 to 13.

On the coin toss Plains kicked to the Wink 37. In a series of runs and plays the Wildcats marched up to the Cowboy 26 yard line and on their fourth down with 4 to go lost the ball to the Cowboys. A penalty on the second play shoved the Cowboys back to 2 with 11 for a first.

Plains residents attend area fair

On hand for the opening of the South Plains Fair in Lubbock Monday was a host of Plains residents. The local high school band under the direction of Gene Young participated in the opening exercises of the fair. A parade composed of numerous bands from the south Plains area marched through Lubbock to open the week's activity.

By noon thousands of area residents streamed through the Fair park gates into a world of exhibits, rides, and shows. Gaily decorated hats soon filled the midway area as band students made their way past the long line of concession booths, midway rides, and sidewalk shows.

Seen at the first day activities from Plains was Mrs. James Warren and children, Mrs. Roger Curry and children, Mrs. Mollie Courtney, and her daughter, Mrs. Clayton Lovelace, Travis Boyd's, Mrs. P. W. St. Romain and children, Duane McDonnell and Pam, Gary Joe Smith and Gayland Alberding. A large number of Plains residents are expected to attend the week long fair.

Wink on a pass play lost the ball to Jerry Bob Warren who set the ball down on the Cowboys' 20. On third play of the series, Tidwell passed to Cooke who ran the ball 21 yards for a touchdown. A pass intended for Warren from Hendricks fell incomplete for the extra point attempt.

At the end of the first quarter Plains had a gain of 82 yards with 20 of these made passing. Wink had a net of 58 yards with 26 passing.

In the second quarter Wink played down to the Cowboys' one yard line and on a quarterback sneak went over for a Wildcat touchdown. A penalty earlier in the game set up Wink for their first TD.

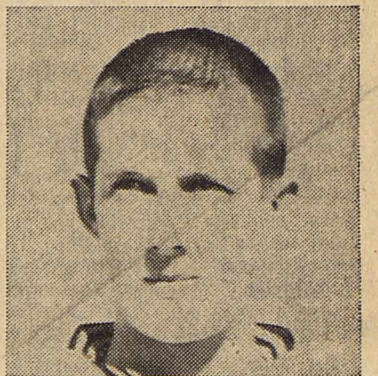

Plains came back in a series of runs winding up on the Wildcat's 47. Tidwell opening the field for Cooke cleared the way for a 50 yard run by Cooke for the second touchdown by Plains. Two extra points was added as Marrow passed to Meixner.

Deep into the second quarter Plains worked deep into the Wink territory where they were stopped on the 19 by an intercepted pass. At the close of the half Wink had a first and 25 with the scoreboard reading 14 to 7.

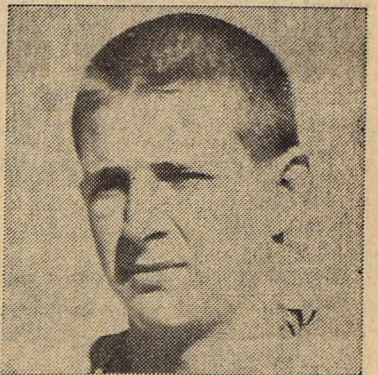

In the third quarter Plains kicked to Wink and with a rolling drive aided by 25 yards of penalties the Wildcats made their second touchdown. A penalty deep in the third quarter hurt Plains' chances for pay dirt as the Cowboys rolled into Wildcat land.

The last quarter was loaded with Cowboy talent as the driving team racked 16 points. Morrow piled up 8 points with a touchdown run and a run for the extra points. A pass from Hendricks to Cooke gave the Cowboys their fourth touchdown and a pass from Culwell to Alberding added two points on the extra.

Coffman to head '60 Booster Club

The Plains Booster Club are now holding their regular Monday meetings in the American Legion Hall. All interested sportsmen are urged to come by and enjoy the films and discussion of the football games.

At a recent meeting new officers were elected for the coming year. New president is the Rev. C. J. Coffman, secretary Jerry M. Smith, and treasurer Dave Levens.

Coach Sam Mosely spoke last Monday night on the activities of two of the area football squads. A film of the Plains, Wink game was shown and discussion was given by Coach Jack Pierce.

Schedules for carrying football players home after practice were made for next week.

THE STRONG COWBOY LINE OPENED THE WAY AGAINST WINK FRIDAY NIGHT AS THE HOME TEAM TOOK THE WILDCATS 30 TO 13. SHOWN IS THE COWBOY STARTING LINE WITH LEFT END AT TOP OF COLUMN.

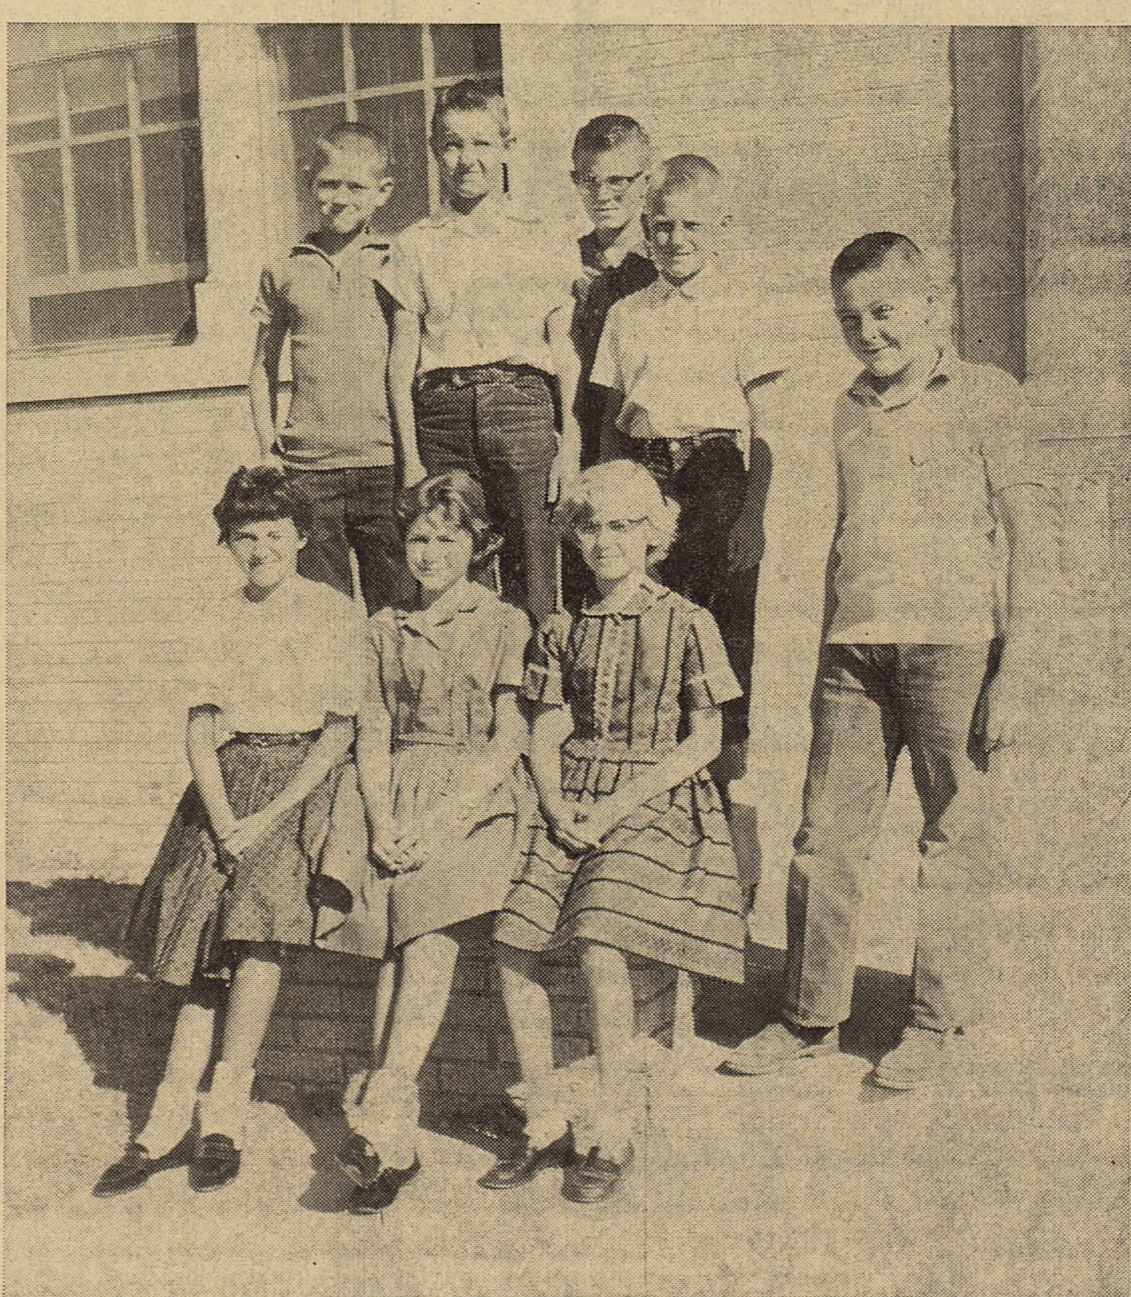

BE SURE AND BE ON HAND FRIDAY NIGHT WHEN THE COWBOYS TANGLE WITH THE SUDAN HORNETS WHO ARE RANKED THIRD IN THIS AREA. GAME TIME 8 P. M., COWBOY FIELD.

COME ON COWBOYS, LET'S TAKE NUMBER FIVE.

SIXTH GRADE class officers for the coming year are bottom row left to right, Pat Wise, president of 6-H, secretary Charlene Lipton, treasurer Lynn

Rollins, and reporter Becky Uselton. President of 6-Z is Allen Rains, secretary Ricky Elmore, treasurer Rebecca Lewis, and reporter Mary Kerrick,

FIFTH GRADE class officers for the coming year are bottom row, left, Debra Harrison president of 5-C, Suzann St. Romain secretary, Neva Gilliam

treasurer, and Dan Field reporter. President of 5-P is Moody Meixner, secretary Calvin Smith, treasurer Charles Lynn, and Greg Jones, reporter.

Junior class selling magazine subscriptions

Members of the Junior Class of Plains High School are in the midst of a magazine selling campaign with the closing date set for October 10, announced the class reporter this week.

Everyone is urged to extend your subscription or buy a new subscription to such magazines as Look, McCall's, Coronet, Seventeen and many other favorites during the campaign.

The funds will be used to help defray expenses of the annual Junior-Senior banquet, the reporter added.

The "George Washington Plume" quilt to be given during the annual Tsa Mo Ga Club Bazaar on October 10 is on display in the show window of Moore & Oden, Inc. You are invited to go by to see the lovely quilt.

FUTURE HOME OF THE JOHN DEERE COMPANY in Plains is nearing completion. According to Buford Duff the building will be

ready within the next two weeks. The new firm is located on the Lovington highway across from the Cotton Delinting Service.

Cotton insect reports ended for 1960 season

Texas A&M College System has issued its final Cotton Insect Situation release of 1960, showing that cotton has hardened rapidly in most fields during the past week.

Heavy seeding has occurred in many plantings and wilting is common. Such plants show little recent activity of insects, although cabbage looper and bollworm moths are present in fields in greatest numbers observed during the summer.

Bollworms were reported in light infestations in many fields. Such infestations were general-

ly of almost mature worms which were found in large bolls. Some eggs and occasional fairly heavy bollworm infestations were reported in Crosby County. Most growers had stopped insecticidal applications.

Cabbage loopers were also reported in light infestations in many fields. However, disease and parasites had reduced populations and left some plantings almost free of loopers.

Aphid populations increased to a marked degree in some fields. This was particularly the case where heavy dosages of insecticides had been used for control of bollworms.

Cotton insect situation releases have been issued during the past three months by Texas A & M College System from information compiled from reports received from County Agents, vocational agricultural teachers, personnel of the college, branches of U. S. Department of Agriculture, chemical companies, commercial cotton inspectors and others.

New county road given US approval through aid plan

Texas Highway Department has received authorization to proceed with planning, surveying and securing right-of-way for new farm highway construction under a \$1,320,800 federal program.

Included in the list of projects approved, announced by District 5 Highway Engineer O. L. Crain, Lubbock, is a 6.2 mile new road in the northeast section of Yoakum County.

The new road, according to Crain's announcement on Wednesday, will be from the intersection of FM 1780 and FM 2196 to U. S. 380, intersecting with the Plains-Brownfield highway

about six miles east of Plains. Cost of the county project, which will include grading, structures and surfacing, will be approximately \$100,000.

The program under which the road will be constructed is the 1961-62 Federal Aid Secondary Program, which extends allotments for such highway work biennially.

The authorization for District 5 is part of a \$30 million state-wide program for farm and ranch road construction. Last month the Texas Highway Commission also announced a \$188 million construction program for expressways.

Mrs. J. H. Morris visited her sister and brother-in-law, Mr. and Mrs. H. F. Williams in Lubbock over the weekend. Mr. Williams is confined in St. Mary's Clinic-Hospital and is considered quite seriously ill.

ACROSS THE CATTLE GUARD
by LEO W. WHITE
County Agent

All over the United States it is customary for 4-H Clubs to have a beginning and an ending of the 4-H year. The year begins on September 1st and ends on August 31st. All 4-H Club activities that ended within that period should be reported before the last day of August. For example, many of the 4-H boys and girls in Yoakum County have beef calf feeding projects. These projects begin in April or May and they end in February or March. The records for these projects are turned in during the Summer and they are considered as ended during the year which ends the following August 31st.

All 4-H clubs will begin the 1960-61 year in September and all projects completed after that date will be reported next August. Some changes are in the making in the over-all 4-H Program for Yoakum County. These are necessary in order for progress. More parents and adults will be taking an active part in the 4-H program. Four-H Clubs will be organized on a subject matter basis on a community basis. Meetings will likely be held outside the schools. More Adult Leaders will be asked to help so that each adult will have smaller groups and

can give more individual attention. Order 4-H members will be called upon to give assistance as Junior Leaders.

More stress will be placed on the completion of a project which includes completing the records. Boys and girls who have reached the age of 14 can submit their records for competition on a District and State level. The winning records in the State will receive some valuable scholarships and trips. It has been a long time since Yoakum County 4-H'ers have entered records in competition. These honors have been won by 4-H members in other counties where adults, parents and Junior Leaders have taken an active part in planning and carrying out the 4-H program.

We have been very proud of some of our 4-H activities in Yoakum County. Our Fat Stock Show, held each year in February, is one of the finest. It would be a mistake to change any part of the program that would detract from the Fat Stock Show. With more adults and parents working with the feeding program the number and the quality of the animals in the annual show should improve rather than go down.

A new 4-H activity has made its appearance in Yoakum County. It started last year as a barrel racing and flag racing tournament and this year turned into the "Kids and Kayuses

Round-Up". That program was enjoyed by many of the youth, parents and other adults and it could be used as a tool to inspire 4-H'ers to do a better job.

Then in the early part of 1960 Yoakum County people contributed \$150.00 to the State 4-H Recognition Committee and some of that money was used last week in an Adult Leaders Workshop held at Ceta Canyon. Attending this workshop from Yoakum County was Mr. and Mrs. Pat Henard, Mr. and Mrs. W. M. Taylor and the county agent, Leo White. These people came back from the three day meeting with a great deal of knowledge and some new ideas on improving the 4-H program in the county. These ideas will be put into action during this 4-H year and before long there should be some outstanding records turned in by some of the 4-H members in this county.

Election slated for SCD officers

The Board of Supervisors of the Yoakum County Soil Conservation District announced this week that a Supervisors Election will be held Tuesday, October 4 at 7:30 p.m. in the District Courtroom in Plains.

Purpose of the election is to represent sub-division No. 2 of the District. This sub-division consists of the Southwest Portion of Yoakum County. Rusty McGinty is now serving as supervisor of this sub-division.

The Board wishes to urge everyone to attend this meeting and to assist in the election. Everyone who lives in Yoakum County and owns land within this sub-division is eligible to vote in the election.

Three county agencies plan for equal values

Three of Yoakum County's taxing agencies have held two meetings in an effort to come up with a workable solution for the necessity of a complete re-evaluation of property in Yoakum County during the coming months.

According to a spokesman for the three groups, which are the County of Yoakum, the Plains Independent School District and the Denver City Independent School District, the re-evaluation is being necessitated because of alleged inequalities in county property valuations.

Brought on by oil company complaints about local valuations compared to the oil valuations, the re-evaluation program will probably be completed before next year's budget time.

The three districts have been conducting the meetings to study the possibility of having one appraisal of all property in the county and then sharing the cost of the appraisal among the districts involved.

This past year the county was forced to cut its valuation by four million dollars because of the refusal of the oil companies to pay taxes on a \$50 million valuation overall.

The local spokesman said that the companies complain that the taxes for the three districts are not levied against oil companies in the same percentage as those levied against local properties.

Oil companies, it has been reported, have conducted extensive surveys in the county in search for the inequalities in the valuations placed on the various properties.

It is the plan of the three cooperating groups to have a complete appraisal of all property made in the area to determine the 100 per cent cash value. Each district will then determine its percentage needs based upon this appraisal.

It was pointed out by the local spokesman that although there may be an increase in taxes in the three districts because of the re-evaluation, it is not expected that it will be a real burden on any property owner.

During the two meetings held to date, it has been the opinion of most of the three agencies' officials that it would be better if the three agencies would work together in the upcoming program.

It is estimated that a complete re-evaluation will take from six to eight months to complete, thus necessitating almost immediate action on the part of the participating agencies in hiring an appraisal firm.

More than 75% of U. S. Marine Corps personnel saw combat duty during the Korean War.

Hawaii is sometimes known as the "crossroads of the Pacific."

EIGHTH GRADE officers for the coming year are bottom row right, president of 8-F Larry Coffman, secretary Frieda Copper, treasurer Jan Warren

and reporter Sidney Pippin. Jackie Hawkins is president of 8-G with LaFawn Griffin vice-president, Brenda Duke secretary, Sarah Field treasurer, and Sharon Pierce, reporter.

Turner HD Club host to D.C. club

Turner Home Demonstration Club was hostess to the Denver City Club Wednesday afternoon in the home of Mrs. Hugh Snodgrass.

Refreshments of cheese-filled crackers, olives, mints, punch and Pyramid cake were served to five members of the visiting club and the hosts.

Following the party, president, Mrs. I. L. Smith called a business meeting to elect officers for 1961. Officers are: Mrs. Smith re-elected; Vice-president, Mrs. B. Forehand; Secretary, Mrs. Ray Jones; Treasurer, Mrs. William Worsham; Reporter, Mrs. Jesse Snodgrass; parliamentarian, Mrs. Howard Mauk; and Mrs. Allen Rollins as one council delegate with another to be elected at the next meeting.

Mesdames Jones, Rollins, Hugh Snodgrass, Jesse Snodgrass, Smith, Mauk, Reg, Martin and Alton Elmore represented the club when they were entertained so royally by the State Line Club in the home of Mrs. Loren Gayle Thursday afternoon.

Dave Aylesworth, father of Mrs. Johnnie Moore, and Rev. Moore's parents and other relatives from Muleshoe were dinner guests of the Moores Sunday and helped Little Miss Melody Ann celebrate her second birthday.

No rural accidents reported for county during month of August

The Highway Patrol investigated no rural accidents in Yoakum County during the month of August, according to Sergeant D. S. Lawson, Patrol Supervisor of this area.

The total for the year in this county is 20 persons killed, three injured, and a property damage of \$4,925.00.

Prior to the first of this month there had been a total of 1,088 fatal accidents in Texas. These tragedies resulted in 1,342 persons losing their lives.

The back to school bell has already sounded for Texas school children. They will be using our highways and streets to and from school. Motorists should drive with more caution and care than ever before.

Sergeant Lawson pointed out that at the present rate of traffic fatalities, half of the elementary school children in Texas will be involved in a motor vehicle accident before they reach the age of 21.

Fifteen persons were killed and 240 injured in rural traffic accidents involving school buses in Texas during 1959.

State laws regulating traffic in regard to school buses read as follows: "The driver of a

vehicle upon a highway outside of the limits of any incorporated city or town upon meeting or overtaking from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging any school children shall stop the vehicle immediately before passing the school bus, but may then proceed past such school bus at a speed which is prudent.

Blind woman wins award

Many will smile with remembrance when they read or hear the name of Mrs. Berta Chambless and be happy to learn she was awarded second place ribbon with her beautiful crocheted bedspread at the Curry County, New Mexico Fair at Clovis recently. The judges were unaware of her being blind when they pinned the ribbon on her.

Many of our readers, in days gone by, made a habit of stopping in the courthouse at Brownfield to purchase candy, gum, cigars and other novelties and chat with a smiling and happy lady who operated the concession stand.

Mrs. Chambless moved from Brownfield to Farwell about nine years ago and only recently to Clovis where she lives alone. She does her own housework, cooking, etc., reaches for her Braille Bible or sewing kit without a fumble due to her extraordinary sensitive touch, and enjoys her television, a gift of her children. Her favorite programs are "Art Linkletter", "I Love Lucy" and "December Bride."

Mrs. Chambless has crocheted about 8 full-length bedspreads, 30 or 40 table centerpieces and numerous quilts and rag rugs during the 28 years she has been blind. In fact, her daughter, Mrs. Robert Humphrey of Clovis was born two years after Mrs. Chambless lost her sight. She reared three sons and is as agile as many persons, with sight, much younger than she is.

She learned Braille in three months shortly after she lost her vision receiving her instruction from a Miss Ola Brown who operated a concession stand in the Brownfield postoffice. Her touch soon became sensitive enough she could tell a one-dollar bill from a five-dollar bill by feeling the surfaces.

The highest point of land in Florida is only 345 feet above sea level.

Andres discovery, No. 1 Phillips-Fitzgerald, four miles east of Plains in Yoakum County.

The Hudsons swabbed out 42 barrels of new oil and 41 barrels of water from perforations at 5,398-5,410 feet, 5,426-30 feet and 5,436-56 feet, after acidizing with 5,000 gallons.

Total depth is 5,500 feet with 5 1/2-inch casing set two feet off bottom.

It spots 1,980 feet from south and 660 feet from east lines of section 432, block D. John H. Gibson survey.

Cowboys

(continued from page one)

Wink trying to come up with the Cowboys made it to the Plains 6 but a strong Cowboy line held them for a fourth and 10. An attempted field goal by Wink fizzled. With only seconds to go, Culwell intercepted a pass to put Plains in possession of the ball on their own 30.

In the run down Vernon Etheridge led the Cowboys in the number of tackles with 17. Morrow had 15 with Sink and Hickman both having 10.

Friday night the Cowboys will tangle with the Sudan Hornets at Cowboy field. According to coaches Sudan will make the fifth club in the state's top 20 that Plains will meet. Coach Jack Pierce said that the Cowboys will have to work hard to keep their perfect record.

Speech

(continued from page one)

for 1960 and 61.

Mrs. R. B. Jones introduced Dr. Golden and Mrs. Faye Lusk presented music selections. The meeting was held in the local school cafeteria. Social chairman Mrs. Bill Loyd was assisted by the arrangement committee.

Fall arrangements were used throughout the auditorium and the tea table was centered by a large horn-of-plenty from which spilled ornamental fruits.

New Road Work Planned

The Texas Highway Department has announced that the following farm - to - market roads in Yoakum County are scheduled for work in the near future.

Plans call for grading, structures and surfacing from the intersection of Farm 1780 and Farm 2196 to the US 380. The approximate length is 6.2 miles and the estimated cost is \$100,000.

Work will begin as soon as final planning is completed and right of way is secured. Senior Resident Engineer Carl R. Hart will be in charge of the work in this area.

If the wind keeps whipping the starch out of drying clothes, add salt to the starch water next time.

Tsa Mo Ga ladies attend workshop

Mrs. Ty Field, Mrs. R. K. Field and Mrs. R. B. Jones attended the workshop session for the executive committee and board of directors of Caprock District, Texas Federation of Women's Clubs held in Navajo Room of Caprock Hotel, Lubbock, Saturday, September 24.

Mrs. A. E. Boyd, Plainview, president of the newly formed district, presided for the day-long sessions. Mrs. Robert Tippis, Denver City, second vice-president, was in charge of the roll call.

Mrs. Leland Terrell, Plainview, District publicity chairman, spoke on Publicity, giving the most important points to be observed in good club news reporting. "The first sentence or paragraph of a news paper story should tell who, what, when, where, and how," she emphasized. "Reports should be brief, but interesting - correct by all means and current. Stale news is history" she added. She stressed the importance of meeting an editor's deadline. "God was the originator of publicity when he flung a handful of stars to let the heavens declare the Glory of God."

Mrs. Louis Cummings spoke on parliamentary procedure; Mrs. Bill Davis of O'Donnell talked briefly on "Selling Federation"; and Mrs. Boyd announced an all-day session for all members to be held in Floydada High School Auditorium, October 29.

The tallest building in the United States, outside New York City, is Cleveland's 52 story Terminal Tower. It is 708 feet high.

Assembly of God members attend meets

Assembly of God Sectional Sunday School Convention was held in Lamesa Assembly of God Church, September 20 with afternoon and evening sessions. Principal speaker was Rev. O. W. Denton, National Sunday School Secretary, Springfield, Missouri.

Those attending from Plains Assembly of God Church were: the pastor, Rev. and Mrs. E. L. Witt, and members of the Sunday School staff: Mr. and Mrs. Fred Lowrey, Mrs. E. B. Parker, Mrs. C. A. Witt, and Mrs. A. B. Huddleston.

A group of young people from the church attended a "Christ Ambassadors Rally" Monday evening in the Brown Community Church near Ackerley. Attending were Rev. and Mrs. Witt, David Johnston, Melton Watson and Robert Parker.

There is a steady increase in attendance at the Sunday morning and evening services, with a greater percentage of entire families present for the evening services.

The public is invited and urged to attend the revival beginning Sunday, October 2 at 7:45 p.m. and continuing through Sunday October 9. Youthful Evangelist Winfred Mack of Seminole will speak each evening except Saturday at 7:45. Mr. Mack has addressed high school assemblies and conducted youth crusades in the past months from here to the west coast. It is felt he will be an inspiration to young people of every church in the community.

Women's Society meets in Mrs. Meixner's home

The Women's Society of Christian Service met Wednesday evening, September 21 in the church with Mrs. R. H. Meixner as hostess.

Mrs. Dick Payne brought the inspiring devotional on "The Bible as our Compass" in connection with the mission study, using a portion of Psalms 119.

Mrs. Kenneth Hale presented the study, "One World - One Mission" and stressed the work

of missions and their relationship to the church. She pointed out that people are God's instruments in the world. "It is our mission to go forth and tell the world", she added.

Mrs. Wayne Chadwick, president, conducted a short business session during which the annual church-wide rummage sale was planned for October 15.

Amber Westener Cake and Hawaiian punch was served to Mesdames Chadwick, Meixner, Payne, Kenneth Hale, Jesse Hale, May Gainer, Leo White, H. F. Barnes, Donald Lackey, Bruce White, P. M. Williams, Virgil Wade, Charles Williams, Clyde Waldrop, L. O. Smith and the hostess.

Rev. and Mrs. Meixner attended a called session of the annual Southwest Conference in Lubbock Wednesday. Special guest and principal speaker was Bishop Galloway who has recently been assigned to the conference. Bishop Galloway is to visit the local church Thursday at 4:00 o'clock.

Work has momentarily stopped on the vast building project started several months ago. However, it is expected to resume in the near future.

County bond sales exceed 1960 goal, Moorhead reports

Yoakum County has exceeded its 1960 quota for the sale of U. S. Savings Bonds.

Announcement that the county had gone over the top in bond sales during the first eight months of the year was made today by D. P. Moorhead, Denver City, county chairman of Savings Bond Sales.

Moorhead announced that bond sales in the county through August amounted to \$79,675 which represents 113 per cent of the 1960 goal of \$70,000 which had been set. Total sales in August amounted to \$11,858.

According to Moorhead's report, savings bond sales in the state increased by more than 15 per cent over the same month one year ago. Texas bond sales for the first eight months of the year total \$105,607,518 which represents 63.8 per cent of the state goal.

"The role of the Savings Bond Program is light of world condition cannot be overemphasized," Moorhead said in announcing the county's August sales.
