4 proposed amendments will be voted on Tuesday

Four proposed amendments to the state constitution will face voters when they go to the polls next Tuesday.

The Constitution of the State of Texas is our fundamental law. It establishes and limits the authority of our Legislature and of State officials. It prescribes the power which may be exercised by local subdivisions of government. It protects the rights of private citizens. It affects the life of each Texan every day. Any proposed Amendments, such as those to be voted on Tuesday, deserve most serious consideration of changes they would make and of their foreseeable effects.

The amendments are briefly explained below. It is not the purpose of the analysis to indicate how anyone should vote, but to present facts which will be helpful in determining whether these amendments are desirable.

Amendment No. 1: Hospital districts in Lamar and Hidalgo counties and in part of Comanche County.

Authorization to create special hospital districts in the areas involved. Adoption of this amendment would not in itself create any of the districts; in each case that would be deter-

mined by local voters under provisions of special laws passed by the Legislature.

Amendment No. 2: Increasing the limit on the interest rate of Veterans' bonds to 3½ per cent.

This would permit a rate of interest not to exceed 3½ per cent on bonds issued hereafter for the benefit of the Veterans' Land Fund. The limit is now 3 per cent.

Proceeds of these bonds go into the Veterans' Land Fund to be used for the sole purpose of purchasing lands to be sold to Texas War Veterans. Under this program veterans are assisted in the purchase of land by loans to them repayable at low interest rates over a long period of time. Support of the program by Texas citizens is evidenced by the fact that when initially established by amendment of our Constitution in 1946, and on the occasion of approving additional bonds in 1951 and 1956, the majority vote was substantial.

A total of \$200,000,000 in bonds has been authorized. The last \$62,500,000 of these bonds have not been issued because, bearing 3 per cent interest, they cannot be sold at par in the present market. The Constitution

requires that they bring at least par value and accrued interest.

Interest rates fluctuate on all government bonds, federal, state or local. The proposed rate will not guarantee immediate sale of these bonds; but experts in this field of finance think the 3½ per cent rate should prove sufficient under average bond market conditions.

Amendment No. 3: A yearly salary plus a per diem for members of the legislature.

This proposes to pay members of the Texas Legislature a salary of \$4,800 per year plus an additional \$12 per day while the Legislature is in session. The daily pay, or per diem, would be for a maximum of 120 days of Regular Session (even though the session could extend to 140 days). It would be paid for the full 30 days of any Special Session.

The Legislature is organized for a two year term, commonly called a biennium. The Regular Session starts in January of the first year, which is the odd-numbered year. No other sessions are held during the two year period unless the Governor calls a Special Session.

The length of the Regular Session is now left to the judgment of legislators. If this amendment is adopted, the Regular Session will be limited to 140 days.

The proposed amendment does not change the mileage provisions, which is that members of the Legislature receive at each session travel expenses for one round trip from their home to Austin, figured on the basis of \$2.50 for every 25 miles.

If no Special Session were called during the two year period of a biennium, this proposed constitutional amendment would allow a member of the Legislature a total salary of \$9,600 for the two years plus \$12 a day for 120 days — \$11,040 in all. Present pay for similar service, under terms of the 1954 amendment, is \$3,000.

Thirty-four states use a salary plan for compensating members of their legislatures. The proposed \$4,800 per year for Texas legislators would amount to \$9,600 for a biennium. The range per biennium in the 34 states which use a salary plan is from \$200 in New Hampshire to \$15,000 in New York. The median figure is \$3,600 per biennium.

Argument over the pay increase centers on the fact that it would be paid on an annual basis instead of the daily pay now stipulated in the Constitution.

Proponents believe that a yearly salary of \$4,800 would make it possible for many good citizens to serve in the Legislature who have heretofore refused to run for office because it would enable them to devote whatever time is necessary to legislative work. They argue that the present rate of \$25 per day does not meet actual expenses incurred by a member of the Legislature when it is in session.

Opponents of this amendment generally favor an increased per diem. They think an annual salary is more likely to attract people who want to make the Legislature a full-time job. They argue that men who spend the major part of their time in private employment are better legislators because they are closer to the people and their problems. They believe a generously adequate daily pay for the time spent in legislative sessions is more appealing to such citizens.

Amendment No. 4: Authorizing the Legislature to classify loans, license lenders and fix maximum rates of interest they can charge.

This would give the Legisla-

ture authority to classify loans and lenders, to license and regulate lenders, to define what part of the charge made on loans should be considered interest and to fix the maximum rate of interest which could be charged.

Our Constitution now provides that the maximum rate of interest which can be charged on any contract shall be 10 per cent per annum. In contracts where no rate of interest is agreed upon, the rate may not exceed 6 per cent.

In the small loan business, the cost of maintaining an office and servicing loans is included in the rate charged for use of the money. Figures gathered by the Texas Legislative Council indicate that three-fourths or more of gross income goes for expenses of operation. The trend of court decisions is to hold that most, if not all, these costs must be considered as interest and subject to constitutional limits.

Numerous studies have been made of abuses in the small loan field. This proposed amendment is the result of a thorough analysis of the subject made in 1958 by the Texas Legislative Council. The Council concluded that abuses cannot be controlled without destroying a needed source of loans, unless the Legislature is given authority to define those items which represent reasonable costs of doing business. The Legislature would then be able to enact small loan laws, such as 37 states now have. The proposed amendment pro-

7th Civil Appeals Court upholds O'Keeffe claim

Seventh Court of Civil Appeals at Amarillo has upheld a Yoakum County jury which returned a verdict in favor of Mrs. Violet M. O'Keeffe in her suit against John Lanham Higginbotham, Dallas and Higginbotham Bros. Company, Comanche, last October.

In issuing its opinion on the appeal of Higginbotham and the company against the \$170,000 verdict decided upon by the county jury, the appeals court ruled that the sum will be lowered by \$25,000 leaving a sum of \$145,000 for the widow and her five children.

The original verdict reached following a four-day trial last September, granted \$15,000 to each of five minor children; allowed \$20,000 for exemplary damages and set \$75,000 as the sum to be awarded to the widow. Appeals court opinion leaves the children's sums and the exemplary damages the same, and takes the \$25,000 from the sum awarded to the widow.

Attorneys said that the sum approved by the appeals court is the largest to ever be granted in this state for a single death of a 41-year-old man in an automobile accident.

Suit was based upon a three-vehicle wreck six miles north of Denver City on State Highway 214 in January, 1959, in which W. T. (Jeff) O'Keeffe was fatally injured. Higginbotham was driving an automobile which was involved in the collision.

Next possible step in the litigation is a motion for a re-hearing before the Amarillo court which must be filed by attorneys for Higginbotham and the company within 30 days from the date of the original opinion of the appeals court.

In the event that the appeals court should deny the motion for re-hearing, Higginbotham will then have 30 days in which to file an application for a writ of error with the State Supreme Court in Austin. Following filing of briefs by the widow's attorneys after the application, the Supreme Court would then decide whether a writ of error is to be issued and a hearing held on the application.

SEEDLINGS OFFERED BY FOREST SERVICE

Plenty of seedlings are available for Texans who want to reforest or plant windbreaks this winter, reports Bill Smith, extension forester. Orders are being taken now by the Texas Forest Service, College Station. "Requests for trees will be handled on a first-come-first-serve basis, so interested persons are urged to submit their applications and payments right away," Smith explains.

Townes, Denver City, has been representing Mrs. O'Keeffe in the litigation.

Say, it looked like homecoming with all special festivities from the crowd attending the Plains-Seagraves football game Friday night. We appreciate the support given by folks from New Mexico, Denver City, Brownfield, Lubbock and elsewhere for they yelled like true Cowboy fans. Thanks neighbors.

Jeanine St. Romain, Mark Barron and Karen Shobert, E. N. M. U. students, were home from Portales to root for the home team. Karen also visited her sister, Mrs. Gene Smith, in Yoakum County Hospital where she was improving steadily following major surgery.

Tsa Mo Ga group to Caprock district meet

The newly organized Caprock District Texas Federation of Women's Clubs met Saturday, October 29 in Floydada for their first annual Board of Directors and club presidents meeting and

workshop, with Mrs. R. B. Jones, Mrs. W. M. Luna, Mrs. P. W. St. Romain, Mrs. C. F. McCargo and president Mrs. Garland Swann of Plains Tsa Mo Ga Club attending.

Mrs. A. E. Boyd of Plainview, District President presided. Mrs. Hollis Bond of Floydada extended the welcome and Mrs. Jones of Plains responded.

Mrs. St. Romain, District Civil Defense Chairman, presented a Forum Panel who spoke on "Survival for Service". Understanding, acceptance, and action are keys to civil defense. Mrs. St. Romain and her panel brought out, with study and education bringing understanding which will be followed by acceptance and prompt action.

A workshop on program planning was presented and Mrs. Swann and other club presidents were in conference with Mrs. Robert Tipps of Denver City presiding.

DEMOCRATIC FACTS

The DEMOCRATIC PARTY bases its case on the proposition that all citizens of this country of ours, have equity in and responsibility for the preservation of this Democracy, and its prime objective (in words of Thomas Jefferson) "Is the Cherishment of the Citizenry . . ."

But not on the hypothesis that our Destiny lies in the hands of a few Supermen, which seems to be suggested (from between the lines) by Republican party suggestions.

Shower honors Mrs. Joan Young

Mrs. Joan Young was honored with a lovely pink and blue shower Saturday, October 29 from 3 to 5 p.m. in the home of Mrs. Duane McDonnell.

The serving table was centered by a huge arrangement of Chartreuse shaggy spider mums from which pink punch, mints, nuts and cakes decorated to look like baby faces were served to 25 registered guests.

A nice diaper bag and lovely gown was presented the honoree by hostesses Mesdames C. L. Guest, L. O. Heald, O. C. McCann, Frances Smith, Graves, Duane McDonnell, Ormal Pippin, Buster Kennedy, Travis Boyd and Amos Smith.

Iota Pi's hear program on coming election

Iota Pi, chapter of Epsilon Sigma Alpha met November 1, in the Ford Hawkins home for its regular bi-monthly meeting, with eighteen members answering roll call.

During the business session, conducted by chapter president, Mrs. Archie Glover, plans were discussed for giving Christmas baskets to Girls Town and to a needy family in our community.

The educational program was directed by Mrs. Florine Hayes who gave a very informative talk entitled "Take Time to be Informed and Vote". Mrs. Hayes reviewed the qualifications necessary for the presidency and the manner by which the national president is elected. She then gave a brief background history of the two major presidential candidates and their running mates. The highlight of her talk was a most enlightening comparison of the two major party platforms. Mrs. Virginia Lindt discussed waste in the United States foreign aid program.

Members present were Archie Glover, Helen Hunter, Mary Lee Swann, Dorothy Jean Edwards, Billie Blundell, Margaret Waldrop, Virginia Lindt, Amrina Moore, Melba Duke, Juanita Lynn, Margaret Taylor, Velma Warren, Alma Been, Juanita Cook, Florine Hayes, Pat Faught, and the hostesses Doris Hawkins and Ann Green.

Following the meeting everyone enjoyed refreshments of hot spiced apple cider and ginger bread squares with lemon sauce.

Lucky winner of the hostess gift, a lovely box of dusting powder was Melba Duke.

Next week is "Poppy Week" and in its observance the American Legion Auxiliary will have a booth at the courthouse election day, November 8.

Mr. and Mrs. P. W. St. Romain attended rosary held Tuesday evening in Brownfield for James O. Rogers who died Monday afternoon in a Brownfield hospital of a heart attack.

Duane McDonnell and Red Curtis of Plains and Max Davis of Denver City spent the week-end deer hunting near Pagosa Springs, Colorado. They left early Friday morning and returned late Monday night with six fine carcasses.

A church-wide Halloween party was enjoyed by a large number of members of Plains Assembly of God Church and guests, Thursday evening, October 27 in the Community Club-room.

"Week of Prayer" observed at local Methodist church

"Week of Prayer and Self-Denial" was observed with a program Wednesday evening, October 25 in First Methodist Church sponsored by the Women's Society of Christian Service.

The program was directed by Mrs. H. F. Barnes, Spiritual Life officer. Mrs. Don Lackey brought the evening's meditation; Mrs. Virgil Wade spoke on "The Community Center at San Antonio"; and Mrs. Kenneth Hale gave an interesting talk on "International Literary Service". Mrs. L. O. Smith offered the closing prayer for the first portion of the program.

A delicious salad supper was served to about 37 or 38 members and guests. Mrs. Jesse Hale opened the last portion with special music, then Mrs. R. B. Jones reviewed the book "I Believe" by Bishop Gerald Kennedy.

Communion was administered by Rev. R. H. Meixner, church pastor.

Saving bond sales continue to grow in Yoakum County

Sales of U. S. Savings Bonds in Yoakum County continue to increase, although the 1960 goal was reached in August, according to an announcement made today by D. P. Moorhead, county saving bond chairman.

During the month of September, according to Moorhead, a total of \$3,270 worth of bonds were sold in the county. This brought the year's total to \$82,946, or 118 per cent of the 1960 goal of \$70,000.

Series E and H bond sales in Texas amounted to \$12,081,058 during September. This represents an increase of 12.8 per cent over the same month of last year.

"Series E and H Savings Bonds now earn three and three-fourths per cent when held to maturity, and your old bonds now earn one-half per cent more." Chairman Moorhead concluded.

Three divorces are granted on Monday

Three divorces were granted Monday afternoon in district court, with Judge M. C. Ledbetter presiding on the bench.

Lois Edwards was granted a divorce from Buell W. Edwards, and received custody of the minor child, and community property. The defendant was ordered to pay \$40 per month in child support.

In the suit of Bob Proctor vs. Leona Proctor, a divorce was granted but no judgment had been filed to date.

Mable Louise Powell was granted a divorce from John Louis Powell, no judgement as yet on file.

The foreclosure and collection of debt suit brought by General Motors Acceptance Corporation against Henry C. Powell has been dismissed, as was the foreclosure of chattel mortgage suit filed on behalf of Pat H. Crow. Also dismissed on motion of the plaintiff was the divorce suit of Noah Copeland against Alice against Irie V. Booth, Copeland.

Guests of Mrs. T. E. Coke this week are her aunt and uncle, Mr. and Mrs. Edgar Marshall of Long Beach, California. Mrs. Marshall is the only living sister of Mrs. Coke's mother, Mrs. W. H. Adair who is confined to the Coke home since suffering a broken hip in a fall last December. Sunday visitors in Mrs. Coke's home were her daughter, Mr. and Mrs. Dupree Woodruff and little daughter of Seminole, and her sister, Mrs. Top Blevins and Mr. Blevins of Elida, New Mexico.

Boy Scout leaders to have meeting

Boy Scout leaders of Quanah Parker District will hold their annual meeting and banquet at the Forrest Park Community Center, Lamesa, Thursday, November 17 at 7:00 P. M., according to James G. Weir, chairman of the Public Relations Committee.

District officers will be installed for 1961 and recognition will be given to Den Mothers and Scout Leaders who have fulfilled certain requirements in the Scouting Program.

John Sanders of Lamesa has charge of arrangements with Jack Mitchell, Frank Dennis and Charles Abercrombie being responsible for awards, tickets and the program.

Ben Liles is Plains ticket sales chairman. Every registered Adult Scouter is urged to attend and other interested adults are welcome. Secure your tickets by calling Mr. Liles at GL 6-3793 at your earliest convenience.

Mr. and Mrs. Lavon Smith and Alton spent last weekend in the homes of their parents, Mrs. Ann Green in Plains, and Mr. and Mrs. Amos Smith at Tokio. They live at Littlefield.

Kennedy and Depletion

Senator Kennedy has voted in the past to reduce depletion allowance for the largest producers. HOWEVER, for those producers from five million dollars down, he would maintain the depletion allowance at 27½ per cent.

What does this really mean to the Independent Oil Operators of Texas?

There are more than 7,000 independent oil operators in this State. They are responsible for more than 90% of all wells drilled in Texas. Of these 7,000 producers, less than 10% of them have a production income of more than 1 million dollars per year; less than 1/3 of 1% have a production income of more than 5 million dollars per year.

I contend that Senator Kennedy's ideas on depletion would aid the Texas oil operator for the following reasons:

At this time there are a few extremely large companies involved in producing and importing foreign oil. Some of these companies produce as much as 1 million dollars per day, or more, in these foreign areas;

I do not believe that oil produced in other lands should enjoy the same depletion percentage as domestic production;

In 1952 Texas producers had almost 3 times as many producing days as we have now. There were almost twice as many rigs running than there are now. Producing days are now the lowest in history. Unemployment among drilling crews has never been higher.

I do not believe that the oil business can afford another 4 years under the Republican administration!

Texas' dominant position in the Democratic Party has been a major factor in the amazing growth and prosperity of our State during the past 50 years.

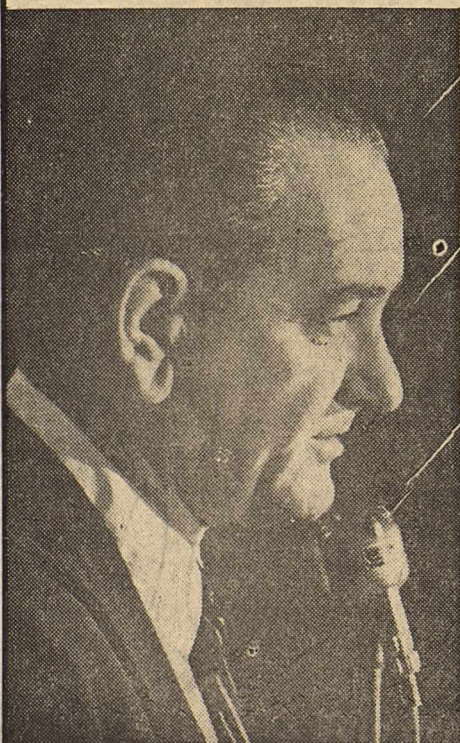

Count our blessings that have come because TEXANS were in the RIGHT party at the RIGHT time.

Count the jobs . . . educational opportunities . . . military installations . . . defense projects . . . water and soil projects . . . rural electricity and telephone systems. Count our ultimate potentials for development.

Now the Democratic Party has selected a TEXAN for one of the two top offices our Nation has to offer. As Vice President, Lyndon B. Johnson will be in a position to render the greatest service any Texan has ever been able to give his State, his Party, his Nation.

Our Nation needs the dynamic leadership of John F. Kennedy and Lyndon B. Johnson. And Texas needs to be counted in the Democratic column November 8 to keep its voice STRONG in the party that has honored its sons and nurtured its growth. KENNEDY vs. KENNEDY

The Man Who Seeks Our Highest Office Consistently Contradicts Himself and Has Regularly Shirked His Duties

ON DEFENSE . . .

HE SAID: "We must work to build the strongest America on which our ultimate ability to defend ourselves and the free world depends."—June 14, 1960 Senate Speech.

BUT, on June 16, 1960, instead of helping the Senate to enact the \$40 billion Defense Appropriation, he preferred to attend his college class reunion wearing a top-hat and tails, and make a later appearance on a TV variety show in New York City.

ON CUBAN POLICIES . . .

HE SAID: "Those who say they will stand up to Mr. Khrushchev have demonstrated no ability to stand up to Mr. Castro."—September 22, 1960 speech in Nashville, Tennessee.

BUT, on May 14, 1960, he appeared on a special television program in Washington, D. C., during which he made the following statements: "I think the Administration's policy is the right one . . . I would conduct our policy on the basis that it is being conducted. The situation could change at any time. There may sometime be another Castro up in the mountains who is a democrat of conviction."—Excerpts from the transcribed recording.

ON AID TO SENIOR CITIZENS . . .

HE SAID: "Only with a Democratic President in the White House can we hope to bring help to poverty-stricken older Americans."—September 28, 1960 speech in Buffalo, New York.

BUT, as a member of the Senate Subcommittee on Problems of the Aged and Aging, he has not attended a single session of the 20 meetings and hearings which have been held by the committee — not even the hearing held by the committee in his own hometown—Boston, Massachusetts.

ON ATOMIC ENERGY USES . . .

HE SAID: "Our research in the peaceful uses of atomic energy has fallen far short of expectations. There has been too much bureaucratic red tape and too little budget."—September 6, 1960 speech in Pocatello, Idaho.

BUT, on May 10, 1960, when the Senate debated and passed the Atomic Energy Appropriation, the New York Times reported that Senator Kennedy had spent the morning in West Virginia, and the afternoon at a luncheon for Mrs. Eleanor Roosevelt. The previous year too, when these funds were provided by the Senate on August 3, 1959, Senator Kennedy was ABSENT.

ON AFRICAN AFFAIRS . . .

HE SAID: "As chairman of the Senate Subcommittee on African Affairs, I have been disturbed by recent evidence of Russian infiltration and subversion in the Congo."—statement given to reporters during flight from Flint to Muskegon, Michigan, September 6, 1960.

BUT, as chairman of the Senate Subcommittee on African Affairs he hasn't been 'disturbed' enough to call a single meeting of his subcommittee in the past fifteen months despite the chaotic conditions which were developing in the Congo during that period.

ON FOOD FOR PEACE . . .

HE SAID: "We must use our excess productive capacity to feed the hungry and undernourished here and abroad. We cannot allow food to rot in our warehouses as long as there are men and women and children anywhere in the world without a decent diet."—September 22, 1960, speech in Sioux Falls, South Dakota.

BUT, he failed to support this proposal THREE TIMES on September 4, 1959, and voted against this plan as a part of the Mutual Security Act of 1953.

Compare the Candidates' Stands on These Vital Issues To Texans

The Farm Program . . .

Controls . . . controls . . . more Federal Controls on EVERYTHING the farmer produces! That's what young Senator Kennedy proposes.

His program is so radical that Henry A. Wallace (universally labeled an ultra-liberal, says it entails stricter controls than they have in most Communist countries.) Says Wallace, "I've analyzed the Kennedy program . . . and it boils down to a rehash of the proposals put forward by the left wing of the Farmers Union in 1933."

Experts conservatively estimate that it will cost \$250,000,000 a year just to "police" Kennedy's proposed control program! It does not have the approval or endorsement of either the Farm Bureau or the Grange, the country's two largest and most influential farm groups.

And make no mistake about it, if his program is enacted the consumer will foot the bill . . . to the tune of food prices up something like 25% at the retail level (some authorities figure as high as 50%!)

Granted the present farm program possibly leaves something to be desired, Nixon has presented some ideas for improving it that are at least plausible. Mr. Kennedy is way out in left field with a plan completely unworkable . . . utterly unthinkable.

Let's not let ourselves in for more federal spending . . . more federal control . . . more federal indebtedness . . . consumer prices that will necessarily be nothing short of fantastic.

"Right-to-Work" Law . . .

Texans don't want or need the "Right-to-Work" Law . . . and we don't want it crammed down our throats, such as it was in California two years ago.

Oil service companies and many other small businesses in our area would suffer greatly if this law were enacted in Texas . . . indeed, many of them might "fold" completely.

Kennedy is Walter Reuther's "boy" . . . and Reuther is champion of the "Right-to-Work" Law. He has succeeded in getting it enacted in 31 states—only 19 remain, and Texas is next on his list. Reuther favors repeal of state's rights to vote the law, wanting to put it under federal control. This would add one more to the long list of federal powers; the Unions would then most certainly be formidable enough to rule the country.

That's what Reuther wants—and if Kennedy is elected President, he (Reuther) will be in the driver's seat. For the young Kennedy will support the support of all labor leaders, and he'll be under their thumb . . . you can bet on that.

Nixon has flatly refused to "buy" Labor votes with promises of any nature — he hasn't sold himself, Texans, or Americans "down the river." He won't be forced to answer to Reuther or other labor pressure.

The Union Leaders in America are already too powerful . . . we don't

need a President who "owes" them favors to make them even more formidable.

And Texas doesn't want or need the "Right-to-Work" Law. If and when we do, we want the right to vote on it.

Oil Depletion Allowance . . .

Even if you agree with Senator Kennedy on other issues, you should realize that his voting record and his public statements unquestionably show him to be AGAINST THE OIL INDUSTRY.

That means that if you work in the oil and gas industry, or if you own or are employed by a business that depends on payrolls of these industries to make your living, YOU CAN'T AFFORD TO SUPPORT MR. KENNEDY. If you do, you may place your job or your business in jeopardy.

Don't allow yourself to be "hood-winked" into believing otherwise — Kennedy's voting record on Oil and Gas issues is clear. It is a matter of record which cannot be argued or denied. He has voted FOR a reduction in percentage depletion . . . AGAINST a Natural Gas bill . . . He is FOR Federal control of natural gas production . . . He voted FOR an increase in Federal gasoline tax . . . AGAINST recognizing states rights to submerged lands.

In short, KENNEDY IS AGAINST THE OIL AND GAS INDUSTRY . . . and the record proves it! IAGS, 1960 issue of "World Oil" says of him, "The young Senator has been a foe of the Natural Gas Bill and other major Oil and Gas Issues".

Mr. Nixon's voting record on ALL these issues is exactly the opposite of Mr. Kennedy's. He is regarded by the industry as a friend. Being from California — an oil and gas producing state — he is better informed about the industry and is aware of the things that are necessary if the industry is to remain strong and healthy.

You owe it to yourself, your family, and your community to HELP DEFEND THE INDUSTRY THAT FEEDS YOU!

Remember This!

You MAY Vote As You PLEASE
Next Tuesday, November 8th

Regardless of how you have ever voted . . . Or in which primary you voted . . . Or whether or not you voted . . . Or how your poll tax receipt was stamped . . . YOU CAN VOTE FOR ANY CANDIDATE OF ANY PARTY on the November 8th ballot.

The Tidelands . . .

Texas and its future generations have perhaps more to lose on the Tidelands issue than any other single oil-producing state.

The record clearly shows that prominent Democrats have for many years been proponents of federal rights and control of submerged lands. Harry S. Truman tried for 7½ years to take the tidelands . . . Adlai Stevenson campaigned twice against state's rights to the tidelands . . . and the 1960 Democratic Platform pledges to renew the fight for federal possession and control. Democratic National Chairman Henry Jackson says it would be a "give-away" for coastal states to acquire possession of their off-shore oil lands. He feels that "when the Supreme Court rules that the submerged lands are federal property and Congress turns around and says it belongs to the states, I say it's a give-away."

Mr. Kennedy voted AGAINST legislation recognizing state rights to submerged lands. Mr. Nixon voted FOR state rights to submerged lands. His understanding of this one vital issue alone makes him THE man for Texas.

We in Texas cannot afford to lose our tidelands. Every cent of tidelands tax money goes to our Texas schools. If we lost this revenue, where would the huge additional sum of money to operate our educational institutions come from?

Foreign Affairs . . .

Now, more than ever before in history in these troubled times and with the Communist threat to freedom growing each passing day, we need experience, mature judgment, and courageous leadership in foreign affairs. We need men who can uphold and maintain America's prestige around the globe.

The world situation is far too crucial for us to take chances with inexperience . . . immaturity . . . with "softness" in our dealings with Khrushchev, Castro and the likes . . . with the possibility of errors in judgment that could, at this point, conceivably plunge us into another war unnecessarily.

Nixon and Lodge are far and away better qualified to lead us in foreign affairs. They have both had extensive experience in this field and have proven themselves equal to the task. They have better insight into global problems . . . they will command more respect from other world leaders . . . and you can bet THEY WON'T BE PUSHED AROUND.

Kennedy and Johnson are inexperienced, untried, and unproven in this vital field. They have nothing to offer which compares with the experience Nixon has gained in his global travels as Vice President, or with the insight Lodge has gained into international affairs while serving our country in such an outstanding manner in the United Nations.

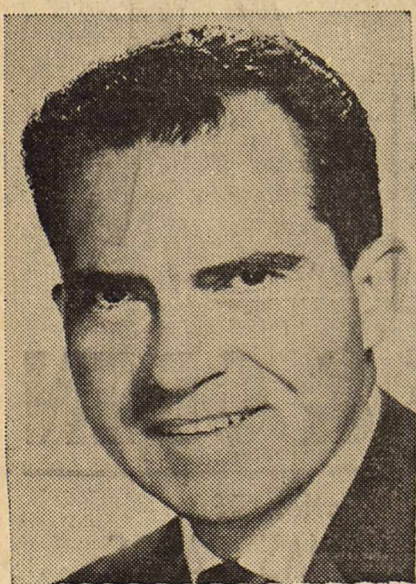

Kennedy repeatedly stated that President Eisenhower might have apologized — could have expressed regret — to Khrushchev at the Paris conference. Is this the kind of leadership America needs today — leadership that will apologize to the "Hungarian butcher"?

(Paid Political Adv. by Yoakum County Nixon-Lodge Supporters)

Voters to elect 26 office holders

Yoakum County voters will join with millions of other Americans in 50 states on Tuesday to choose a new President and Vice President of the United States.

In addition to casting votes for the two highest elective offices in the country, voters will also have the opportunity to make a choice of candidates for Congressman from the 19th district; 18 state offices ranging from

Governor to State Representative; and five county offices.

Voters in Yoakum County will have a choice among four candidates for the two top posts: Democratic candidates John Kennedy and Lyndon B. Johnson; Republican candidates Richard M. Nixon and Henry Cabot Lodge; Constitutional Party candidates Charles L. Sullivan and Merrit B. Curtis; or Prohibition Party candidates Rutherford L. Decker and E. Harold Munn.

In the balance of the races, however, opposition is limited to either Democratic, Republican or Constitutional Party candidates; or merely the Democratic or Republican candidates. In the county office races, where no opposition exists, all candidates are listed in the Democratic column.

Also, county voters will also have the opportunity to cast ballots either favoring or opposing four amendments to the state constitution. These proposed amendments are outlined in an adjoining item in this newspaper.

Two men are listed on the ballot for Governor of Texas. They are the incumbent, Price Daniel, a Democrat; and Republican candidate William M. Steger.

Race for Lieutenant Governor will be a three-way fight, with Constitutional Party candidate Philip Lee Eubank seeking an upset win over incumbent Democrat Ben Ramsey or Republican hopeful Gilbert N. Harrison.

The chase for Attorney General is also a three-way fight, as is the battle for election to the United States Senate in the event Lyndon Johnson is defeated in his bid for re-election to the senate. Seeking the Attorney General post are incumbent Will Wilson, a Democrat; Republican Gordon Treadaway and Constitutional Party's Muckleroy McDonald. Seeking Johnson's Senate seat are Republican John Tower and Bard A. Logan, a candidate of the Constitutional Party.

In the event that Johnson is successful in his bid for the Vice Presidency, and is also re-elected to the Senate, a vacancy will be declared and will be filled at a later date.

The next three spots on the Tuesday ballot find no opposition for Democratic candidates. These are Robert W. Calvert for Chief Justice of the Supreme Court; Clyde E. Smith and Joe Greenhill, for associate justices of the Supreme Court.

W. T. McDonald, Democrat nominee for the Court of Criminal Appeals, has drawn opposition from the Constitutional

SOIL CONSERVATION DISTRICT NEWS

C. Murrell Thompson W.U.C.

The Great Plains Conservation Program continues to gain interest. Two new Conservation programs were worked out last week, one on the R. C. Trout farm and the other on C. S. Wilkerson farm, operated by Paul Loe. New applications were received from Tommy L. Ashburn and Hayden Box. To date twenty-seven contracts have been written and signed by land owners covering 56,930 acres or an average size of 2100 acres per contract.

The results of brush control work are very evident now. Chesley Bedford, Ty Field and Johnnie L. Fitzgerald have sprayed mesquite and shin-oak and all report good results. The brush has been controlled and with the Summer defoliation following, the grass has really made a come back. Tall grass that had hardly been noticed is now evident over a lot of the area.

Cover crops of rye and other small grain on cotton and other clean land are making a good cover. Some of our cover crop boosters are Paul Loe, Rollin McCord, Tom Barron, Kenneth Nelson, T. A. Elmore, T. J. Murphy and Hayden Box.

Grain sorghum stubble for wind erosion control is showing a great difference in the amount of stubble produced. Clippings show, Combine maize green stubble varies from 3500 lbs to 11,000 lbs. per acre. Narrow rows show considerable more total weight per acre. 2500 lbs. of dry stubble is generally considered minimum for wind erosion control on most soils.

and the county of his new residence, but has resided less than six months in the county of his residence at the time of the election, may vote for offices of the district and for all offices which are voted on throughout the State, but he may not vote for offices of districts in which he does not have six months' residence or for county and precinct offices. A person who does not meet the requirement for six months' residence in the district or county is not entitled to vote for any office.

The only place a person may vote is in the county of his residence at the time of the election. Upon change of residence from one county to another, a person loses his right to vote in the county of his former residence even though he may be unable to vote in the county of his new residence.

the try for extra points. The Eagles were held in their attempt to break the tie and as they lost the ball on downs in the midfield. The last play saw the Cowboys in possession of the ball.

According to G. D. Kennedy, Plains school superintendent, approximately \$2,000 was taken in at the gates. Visitors from Lubbock, Brownfield, Denver City, Seagraves and other points streamed into Plains to see the tilt.

This week the Cowboys are idle with the next and last game of the regular schedule coming up a week Friday when they will meet Sundown.

All Plains fans are urged to be on hand at the game and boost the boys all the way.
