It might be worthwhile to point out that entrance to The Record office is now gained through the north door. The door leading to our office from the front entrance has been sealed off.

If all goes well next week, readers of this newspaper will see the first color advertising ever to appear in a weekly in this area. In fact, we'll become one of the smallest newspapers in the country to produce color.

If it doesn't appear, you'll know we goofed somewhere along the line.

Roy Stockstill was approached by a second-grade student Karen Mosley, and asked to pronounce a word which was spelled like this: "Pos tho les."

Like any good man, he gave it a try, pronouncing each of the three parts in separate syllables. But it wasn't right, according to Karen. You just can't make anything out of it except postholes, explained the youngster.

Roy, of course, doesn't take defeat without coming back. "I pulled it on about six other teachers, and not one of them recognized it as being Postholes."

There are two kinds of taxpayers, in addition to the ones who are average. There are those who like to send off their income tax returns, pay their city and county taxes etc., at the first possible day and then those who wait until the very last minute.

For those who flinch at the pronunciation of Laos as "Louise" by radio and TV commentators there is no relief in sight. The name is here to stay.

During a news conference recently President Kennedy often referred to Laos as Lay-ahs which admittedly sounds better than the pronunciation used by reporters.

A call made by one "thinking reporter" to the embassy for the right pronunciation brought a quick reply: "No! No! Not Lay-ahs, but Laos to rhyme with house."

The 28 who attended the early morning meeting of the Chamber of Commerce Monday represented the largest number to appear at such a session in a long time.

There can be no question that the Chamber, under the new and aggressive leadership of President Archie Whitaker, will be getting a lot of things done real soon.

Just in case it escaped your attention, Plains High School won six district championships this year in the six areas in which champions are determined.

In addition to scoring a clean sweep athletic wise with titles in football, basketball, track and volleyball, Plains won first in Literary Events and in one act play. Can any school in Texas match this record?

Speaking of the one-act play Mike Culwell and Annette Sudurth won the district title in this area. We failed to give them recognition in an earlier article.

Last Thursday, they competed in the area meet at Post and came out second. Both made the all-star cast.

I've got my Citizen of the year candidates narrowed down to three. How about you?

LIGHT FUND GROWS---Another \$100 contribution to the streetlight fund was received this week when the Iota Pi gave a check in that amount to the Chamber of Commerce. Here, Dorothy Lowe presents the check to Archie Whitaker, president of the Chamber. At left is Archie Glover, president of Iota Pi.

## Vo-Ag Class Is Being Sought

A move to get vocational agriculture re-established as a course in Plains High School is underway by the three home demonstration clubs in the Plains school district.

Members of the Turner, Stan-

ford Valley and Stateline Home demonstration Clubs are engineering the movement.

Representatives of the group have talked with the superintendent and to school board officials. All have promised cooperation.

The possibility was discussed Tuesday at the school board meeting. Superintendent G. D. Kennedy was asked by the board to mail letters to parents of all eligible students and explain the move.

Kennedy said it would be necessary for at least 15 boys to enroll in the class before one could be started.

Agriculture has been on the school pre-registration forms since it was dropped five years ago, Kennedy said. Only four boys indicated an interest in the subject at the recent pre-registration.

Home demonstration club officials have expressed the belief that more would show interest.

The class was discontinued here five years ago. Kennedy said a lack of interest on the part of the boys made the course impractical at the time it was dropped.

Two new board members, Bill Gray and C. L. Gayle, were sworn in as members. Both were elected in the April 1 election. Returns of the election were canvassed and accepted.

In other action, the group re-assigned Mrs. Roy Stockstill to a language arts assignment with the seventh and eighth grades. At present, Mrs. Stockstill is a second-grade teacher. She requested the re-assignment.

Another re-assignment request was granted when Mrs. Myrtle Patterson was assigned to the third grade. At present she is a fifth-grade teacher. In her new assignment, she will replace Carol White, who does not plan to teach here next year.

Johnnie Moore is attending the 74th annual Texas Convention of Christian Churches in Fort Worth.

Some 7,000 delegates from the various Christian churches in Texas are expected for the five-day meeting. Activities began on Wednesday, and the convention will close with worship services on Sunday evening.

Rev. Moore announced that he will return on Saturday and that services will be held as usual in the Plains church.

## Hospital Bond Election Is Called for April 28

### Outstanding Citizen to Be Honored

The Plains area's most outstanding citizen will be recognized during the Chamber of Commerce banquet April 28.

People of the community will vote for candidates of their choice. Winner of the award will be the person receiving the greatest number of votes.

Ballots have been mailed to all persons who are members or prospective members of the Plains Chamber of Commerce. Others may vote by clipping the coupon published in The Record and mailing or delivering it to the Chamber of Commerce office, or to one of the three members of the Outstanding Citizen Committee, P. W. St. Romain, J. E. Cooke and Paul Williams.

Voters should take into consideration the loyal service and faithful work rendered by the men and women of the community. Committeemen pointed out that eligibility candidates need not reside in Plains, so long as their service has been rendered in behalf of the Plains community.

Announcement of the Chamber's outstanding Citizen Award was only one of several important matters discussed on Monday when the group met at Alma's.

Also discussed was the coming hospital bond election. Joe Curry was appointed by President Archie Whitaker to meet with commissioners later that morning and ask that the election be called as quickly as possible.

A three-man delegation of Cooke, Bob Loe and Bill Loyd was named to attend a special meeting in Plainview Thursday at which Chamber of Commerce work is to be discussed.

New sanctuary of the Plains Methodist Church will be dedicated Sunday, April 23.

Bishop Galloway of San Antonio will conduct the morning service at 11 a. m. A basket dinner will be served at noon in the Tsa Mo Ga Clubhouse.

All local guests and Methodist Church members are asked to bring basket lunches to be spread at noon.

A special program honoring "Old Timers" will be held between 3 and 4 p. m. All persons of the area are invited to attend.

### C-C Banquet Speaker

## Downing Is Well Known

Delbert Downing, who will be guest speaker at the Plains Chamber of Commerce banquet April 28, has been manager of the Midland Chamber of Commerce since 1946.

One of the area's most capable and most sought-after speakers, he is a past president of the Chamber of Commerce Manager's Association of West Texas and has held numerous offices in the state organization.

He addresses hundreds of audiences each year, ranging from high school and college commencements to teacher associations, Chamber of Commerce banquets and others.

His office walls are almost covered with citations, plaques, honorary memberships in various organizations and other evidences of service that he has rendered his fellow man.

Even so, Downing is one of the most modest, most unassuming and most likable persons one could hope to meet. He is constantly alert to the needs of others and actually fills the bill of father-confessor to scores of people who bring their problems and dreams to him.

Downing teaches one of the largest Sunday School classes in Midland. His eldest son is an Airforce chaplain. His youngest son is a student in Texas Christian University and the Downing daughter teaches school in Lubbock where her husband attends Texas Tech.

People of Plains should enjoy this humorist-philosopher... not because he is a humorist nor because he is a philosopher but because his unselfish courage flows out to his audience.

Perhaps the best insight into his life can be detected in an off-hand remark he made to his Sunday School class when he said:

"Insofar as possible I try to do everything anybody asks me to do."

Tickets to the Chamber of Commerce banquet are now on sale at the organization's office and by members of the group. Price is \$2 each.

It is hoped that all persons in the Plains area who are interested in the community will attend the banquet. The event not only serves as a valuable social highlight for Plains, but provides the Chamber with a financial boost, something it sorely needs at this time.

Officers and managers of neighboring Chambers of Commerce are receiving complimentary tickets.

### County Votes On \$195,000 Addition Here

Voters will decide the fate of the proposed county hospital in Plains on Friday, April 28.

County Commissioners set the date for the \$195,000 bond election when they convened in regular session Monday morning.

Earlier in the morning, the Chamber of Commerce had expressed hope that the election could be called as soon as possible. Commissioners set the election for the earliest date allowed by law.

The complete notice of election and order of election may be found elsewhere in today's issue of the Record.

Proposed plans call for construction of a 14-bed hospital addition to the existing county clinic in Plains. Plans for the addition have been drawn by Stiles, Roberts and Messersmith Lubbock architects.

The proposed hospital will consist of 10 bedrooms, one equipped with four beds and another with two. The other eight each would have one bed.

In addition, there will be several other rooms, all required for the operation of the hospital. The ground floor would contain 7,900 square feet. A basement, containing another 700 feet, will be used primarily for storage.

Filing of the petition back on March 13 climaxed a drive of many months by local interests to have the proposed hospital put to vote.

## Patrol Orders Traffic Crackdown in County

Death of a Littlefield woman in a one-vehicle accident 15 miles northeast of Plains Friday night boosted the county's staggering traffic fatality record for this year to seven and prompted highway patrolmen to order a wholesale crackdown on traffic violators in the area.

Latest to die in the rash of bloody tragedies was Cressie G. Hirston, about 36. The Littlefield woman was dead on arrival at a Levelland hospital after the pickup she was driving went out of control and turned over several times.

The accident happened on the Plains-Sundown cutoff, a lightly traveled road. Her death was the fifth of the year in the Plains area and the third in three weeks.

Highway patrolmen concentrated radar efforts in the Plains area this week in an attempt to cut down on accidents. The radar unit was operating on the Bronco Road Wednesday night, coinciding with a big dance at the state line. It was the third consecutive day the unit had been in operation here.

Trooper Jack Simms told The Record Wednesday that he and his partner, Tom McMeans, had been ordered to get "real strict" with traffic violators.

"We've already had seven deaths in Yoakum County," Simms said. "It'll be a bad 1961 record if we don't have any more."

The seven fatalities on county highways compare with just two for the entire year of 1960. At this time last year, there had been no deaths.

We cannot force love through sympathy or a feeling of duty. The love of God that is expressed through us is expressed through all His children, but it must be freely given.

## The Girls Go in for Some Gun-Talk

The Women's Club that I belong to is more fun! We make it that way, I think, because the girls find so many common bonds of interest. A few weeks ago a few of us were talking about how to decide just when a child is old enough to have a gun. I was pleased when the girls asked me to organize a discussion program on guns and shooting sports. Fortunately I knew just where to go for help. The Winchester News Bureau, at 460 Park Avenue, New York, 22, N.Y. has prepared a beautiful, colorful kit of materials galore — designed especially — to acquaint women with sporting firearms and shooting sports. With the help of this expertly prepared kit, putting on the program was delightful, and easy. We had a wonderful afternoon and there wasn't a single uninterested person at the meeting.

One of the girls gave a short talk on Gun Safety... another on "When Your Boy or Girl Wants a Gun"... Other topics were "The Care and Cooking of Game"; "Shooting's Fun For Everybody". It was really a fun afternoon, and your club can do the same. Just write the Winchester folks at the address above for their beautiful informative kit. It's called "Don't Be Gun Shy!"

Jesse E. Sneed, son of Mr. and Mrs. Oscar B. Sneed of Snyder will receive his basic training at Ft. Hood, Texas. Prior to enlisting Jesse had been employed by the Western Grill in Plains.

Troy L. Sellers, son of Mr. and Mrs. C. R. Sellers of Denver City, and John W. Williams, son of Mr. and Mrs. Edward P. Williams of Loop enlisted under the Buddy Plan for Automotive Maintenance School. After completion of basic training at Ft. Hood they will be home for 14 days leave prior to reporting to school at the Aberdeen Proving Grounds in Maryland.

John Milton Roberson, son of Mr. and Mrs. John F. Roberson of Snyder will receive his basic training at Ft. Hood. Upon completion of basic training and a 14-day leave he will be re-assigned for advanced individual training in one of the combat branches.

## Hobbs Driver Wins Two

A Hobbs driver, Mickey Barrett, won two championships at the local Kart track Saturday.

Barrett was the first in both the Class A Standard and the Class A super. Hawkins Food Market presented him with a trophy for winning the Standard race, while the Super trophy was presented by the Plains Kart Club.

Leon Hughtlett of Denver City took top honors in the Class A West Bend Jr., receiving a trophy from Plains Blacksmith.

The women's division was won by Joan Bentley of Plains. Her trophy came from Buddy's Auto Parts.

Winning the men's division was Doug Skains of Denver City. The Kart club presented the trophy.

No races will be held this Saturday night since many area karters will be in Lubbock preparing for the big races at Buffalo Lakes.

All local fans are urged to attend the Lubbock affair. Races begin at 2 p. m. Sunday.

"The importance of maintaining local government that can answer the call with efficiency, economy and foresight grows more imperative." — New York Governor Rockefeller.

## MORE PEOPLE ARE BUYING CHEVROLETS THAN ANY OTHER MAKE!

When one car outsells all the rest the way this new Chevrolet is doing — there's got to be a reason. And we can think of some pretty good ones. The clean-etched looks of the new Body by Fisher, for example. The eager brand of "git" that's under the hood. The easy way it handles. Plus the added advantage of extra-cost options like triple-turbine Turboglide.

But to sample all these reasons together, you have to get a Chevrolet out on the road. And there's where that Jet-smooth ride takes over with its own gentle kind of

persuasion. If you weren't absolutely sure, you'd imagine you were riding in a far costlier car. No wonder people are buying more Chevrolets than any other make! Chevrolets have more of what it takes to please people!

**How 45,000 companies  
help their employees  
buy security**

The average American company is pretty busy tending to its own business. Yet many companies have sandwiched in a valuable service for their employees—the Payroll Savings Plan for U.S. Savings Bonds.

Through this plan, your payroll clerk sets aside a certain amount each payday for Bonds, buys them, and arranges to get them to you. It's completely automatic, and the easiest way in the world to save.

*Save as much or as little as you wish*

Employees can sign up to save as little as \$1.25 a week. The average among the more than 8 million folks on the Plan is \$20 a month. All in all, 45,000 companies help

their employees save about \$2 billion in Savings Bonds a year—a lot of future homes, vacations, college degrees, and nest eggs for retirement.

*The security built into Savings Bonds*

U.S. Savings Bonds are guaranteed by the Government to grow. \$18.75 becomes \$25 in 7 years, 9 months. In 10 more years, it becomes \$36.25. Your Bonds can be cashed in anytime, with interest. And if they're lost or destroyed, the Treasury Department replaces them free.

Every Savings Bond you buy is an investment in Peace. What better way to help your government help you enjoy the things you're saving for.

**Hats off to American Industry!**

"American Industry has given the Savings Bonds Program its greatest success," says William H. Neal, National Director of the Treasury's Savings Bonds Program.

"45,000 American companies have sold many billions of dollars in Savings Bonds—at no cost to the taxpayer," says Mr. Neal. "By operating the Payroll Savings Plan, these companies, big and small, are helping to keep our country strong. At the same time, they're helping 8 million people save automatically for the things they want. America owes a vote of thanks to these companies for their outstanding contribution to the 20-year success story of the U.S. Savings Bonds Program."

**LIQUID FERTILIZER**

Mr. E. C. HARVEY, who farms west of Seagraves, is a longtime user of SOLUTIONS. "This is my third year to use Liquid Fertilizers and they have done a very satisfactory job for me. I especially like the ease of application. A man doesn't have to be an engineer to apply SOLUTIONS. They save me money, too, they don't require as much labor — I can apply more acres per day and the end result gives me more net profit." said Harvey.

Mr. Harvey is shown standing by his truck with a "nurse tank" on it. This tank, with its gasoline motor-powered pump, takes the work out of loading fertilizer. With this type of operation a farmer can easily load a ton of fertilizer in a matter of minutes. The heaviest thing he has to lift is a 15-pound nozzle on the end of the hose. This is just one of the many reasons why more farmers are changing to Liquid Fertilizers for the SOLUTION to their fertilizer problems.

"International Affairs" was the topic of discussion at the Tsa Mo Ga Club Monday evening. Mrs. P. W. St. Romain, program director, opened the program by reading a quotation from Aristotle: "All who have mediated on the art of governing mankind have been convinced that the fate of empires depends on the education of youth."

Mrs. J. W. Moore gave the progress of Red China since 1950.

Mrs. Gene Young added a bit of humor to the program by giving a few "Old Chinese Sayings" which are literally millions of these old proverbs.

Mrs. R. K. Field discussed "Red Aims in Asia". Mrs. Field said the last five years Red China has given political and moral support to Communist guerrillas in Indonesia, Laos and Malaya and in that Communist military activity has grown acute in the past two years.

Mrs. Don Lackey recited from Helen Deutsch's beautiful reading, "The White Magnolia Tree". Mrs. Garland Swann gave an interesting oral report of the Caprock District Convention, TFWC, held in Lamesa March 27, 28 and 29.

In keeping with the hostesses spring motif, three students of the fifth grade presented "April Showers" in song. Debra Harrison and Suzahn St. Romain sang the colorful song, accompanied by Rodney Trout at the piano.

Guests Mrs. W. C. Harrison and Mrs. Clyde Trout and club members were served refreshments by Mrs. Norelle Sloan and Mrs. Dorman Scott, hostesses. The table was centered with spring flowers and pink net surrounding a bird in cage that seemed to be singing the first song of spring. Bouquets of lilies and apple blossoms decked the president's table.

A 20-year-old Gaines County Negro has confessed to four recent Plains burglaries, including the safe job at Cogburn-Young Hardware in early February.

Harvey Lee Wilson admitted burglarizing Plains Frozen Food twice and Pic and Pay Grocery once, in addition to the hardware store theft. Confession came after the youth underwent a lie detector test in Austin.

Four charges of burglary have been filed against him in Yoakum County. He is being held in jail at Seminole where he admittedly pulled off several burglaries.

Deputy Olan Heath said he had suspected Wilson for some time. Wilson was a frequent visitor to Plains as he dated a girl here. But Heath said he had not seen him here for some time.

The deputy informed Gaines County officers of his suspicions. He was arrested there. When his denials did not convince officers of his innocence he was taken to Austin for the lie detector test. After flunking the test, he admitted the Plains burglaries and several others in Gaines County.

**Did you know Gasoline is Taxed at a Rate 5 Times as High as Diamonds?**

**IN TEXAS, YOU PAY 90¢ TAX ON 10 GALLONS OF GASOLINE**

Gasoline taxes will be lowered—if the latest temporary Federal gasoline tax increase expires on June 30th as scheduled by the 1959 Federal Highway Act.

Along with all good citizens, we are in favor of building the roads that the motoring public needs. But, in the last 10 years alone, Federal and State taxes nationwide on gasoline have skyrocketed 51%—skyrocketed to a point where gasoline, a basic commodity, is actually taxed at a rate five times as high as luxuries like diamonds and mink coats.

**Must gasoline taxes be so high?** Most people believe that gasoline taxes are high because the money is needed to pay for our national highway program. This is not so.

The fact is that out of every highway-user tax dollar collected last year by the Federal government, more than 40 cents was diverted to non-highway purposes.

If these highway-user tax revenues were spent for highways—as they should be—gasoline taxes could be lowered, and the highway program given a boost.

In fact, the Federal-Aid Highway Act of 1959 provides that when the added temporary Federal gasoline tax expires on June 30th, 1961, as scheduled, some \$802 million a year in highway-user taxes—now diverted to the U. S. Treasury's general fund—will instead be deposited in the Highway Trust Fund.

As a result, if the latest Federal temporary gasoline tax

increase expires on June 30th as scheduled—the national highway program will actually get \$225 million more each year than it now receives from the latest Federal temporary gasoline tax increase.

In January of this year, after an exhaustive 2-year survey of national transportation policy, a special U. S. Senate study group confirmed the wisdom of this decision.

**This will be good news for you.** You will be able to enjoy a steadily improving highway system, at a lower gasoline tax-rate.

**HERE ARE THE FACTS ABOUT TODAY'S HIGH GASOLINE TAXES**

- In Texas, you pay 90¢ tax on 10 gallons of gasoline.
- You pay 9¢ tax a gallon—4¢ in Federal taxes plus 5¢ in State taxes.
- Gasoline is taxed at a rate 5 times as high as diamonds.
- The average Texas motor vehicle owner pays \$78 a year in gasoline taxes.
- Since 1951 there have been three increases in the Federal gasoline tax alone.
- In the last 10 years, gasoline taxes nationwide have skyrocketed 51%—yet the national average price of gasoline itself has risen only 5.5% during the same period.
