## MOORE Or Less

by Johnnie Moore

We approve of the policy of making foreign visitors feel at home, but this dance the teenagers are doing for the benefit of any African tribal dancers watching is going too far.

When the white man discovered this country, Indians were running it. There were no taxes, no debt. The women did all the work. And the white man thought he could improve on that!

I wasn't sure the U. S. was ahead of Russia in the space race until Mr. K. wanted to pool information with us.

Government statistics show concern over the fact that 25% of American families live beyond their means. Look who's talking.

The warning word from Washington is that the Administration-backed bill for medical care under Social Security now "has a good chance of passage" this session.

This is a bad dose of medicine for all of you men and women now at work--for your tax increase would be up to \$25.25 each year.

Your money would be used to take care of those unable to pay their own bills--as well as those who are able to pay their obligations.

What the government do-gooders fail to point up is that more than half of those over 65 are already covered by their own health insurance policies--and that this number is growing rapidly!!

Further, this bill comes up before the full effect of the Kerr-Mills Act has been felt. This is the legislation which takes care of a greater share of medical expenses, but only for those unable to pay.

President Kennedy's own figures forecast that this new bill would cost about \$6 billion a year--which means more and more tax increases.

We suggest that you relay this additional ammunition along to your representatives. No one has been able to prove that any large number of older people need medical care--or that they can't get it now.

Is anyone planning to celebrate the income tax law's 50th birthday next February?

In 1913, the tax on a \$4,000 income was a penny.

## Denver City Youth Bitten By Plains Dog

Teenaged Robert Moon of Denver City was in Plains on Tuesday afternoon in the employ of Mr. Reece Wilkerson also of Denver City.

He was here distributing show calendars advertising coming attractions in each of Denver City's two theatres.

When he had just approached one house located very near the town square in Plains he was attacked and severely bitten by a very large German police dog.

Young Moon was rushed to office of Dr. Marvin Goldberg and given, according to the Doctor eight sutures to bind up some very deep facial lacerations.

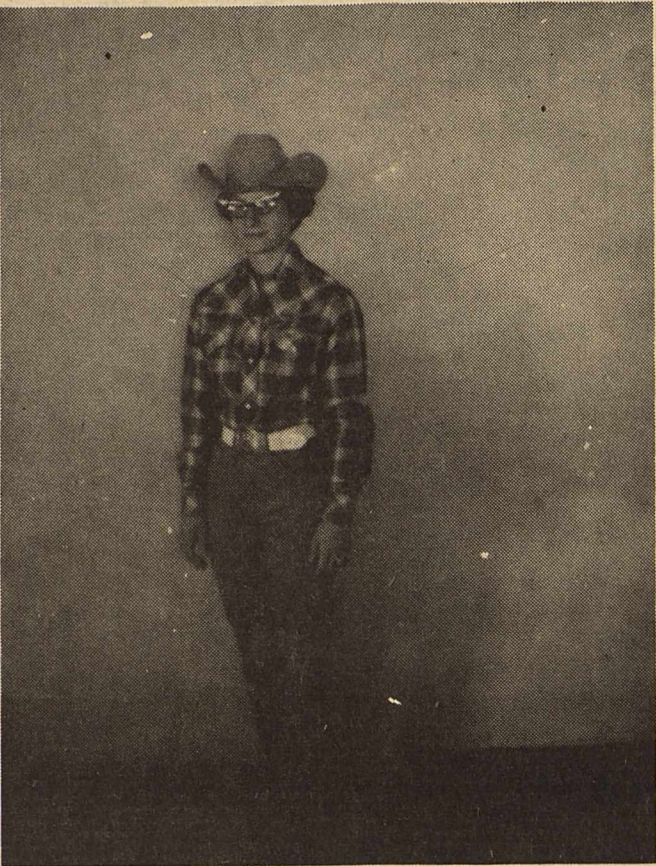

Moon also received other bruises and scratches on his back from the animal.

The youngster is the son of Mr. and Mrs. Kenneth McQuin of Denver City where Mr. McQuin is employed by the Jay Trucking firm.

The animal doing the attacking is presently at the veterinarian clinic in Seminole where he will remain for two weeks of observation to determine whether or not it is rabid.

Visiting in the home of Mr. and Mrs. Harvey Stotts last week were their daughter and family Mr. and Mrs. George Clark and Chris of Denton. The Clarks teach school at Knox Texas University.

SYLVIA MCGINTY -- Selected as Rodeo Queen Candidate by the Plains Roping Club is Sylvia McGinty, Plains High School sophomore and daughter of Mr. and Mrs. Dick McGinty of Plains. Ticket sales by the queen candidates sponsored by the various clubs and organizations of the area will begin on June 10. -Record Photo-

## Annual Rodeo Plans Revealed

Local Rodeo Association made up of three different organizations from Plains, Plains Lions Club, Plains Chamber of Commerce and Plains Roping Club, met last Monday evening at 8 p.m. at Alma's Restaurant to discuss the up-coming ninth Annual Old Settler's Reunion and Rodeo.

Scheduled dates for the big

annual affair have been set for July 26, 27 and 28.

Entrance fees in two events, bulldogging and team roping (head and heel) were raised. Bull dogging from \$15 to \$25 and team roping from \$30 to \$40 per team. In all other events the entrance fees remained the same and they include bareback bronc riding, saddle bronc riding, bull riding and open ladies' barrel race each set at \$15 and calf roping remained at \$25.

All events are to be jackpot as they have been in years past with belt buckles to be awarded in each event.

Performances each night, Thursday, Friday and Saturday are to begin at 8 p.m.

Special events and activities this year include the rodeo parade which has had its time changed from 2 to 5 p.m. The parade will begin at 5 p.m. on Thursday, July 26.

Bar-B-Q and old settler's reunion is slated for Saturday noon on the 28th, and it was pointed out that a ticket bought for Saturday night's rodeo performance also entitles the purchaser to the barbecue on Saturday at noon.

There also will be a cowboy dance every night with the music being furnished by Jimmy Mackey.

Floats for the parade will again this year be judged and prizes of \$25, \$15 and \$10 will be awarded to places one, two and three.

Queen candidates tickets will go on sale beginning June 10 and will again this year be priced at \$1 each. One ticket is one vote for the candidate selling the ticket. Queen receiving the most tickets will be crowned Rodeo Queen during special ceremonies at Saturday's performance of the Rodeo. The girl picked as queen will receive a \$40 gift certificate and a trophy belt buckle, runner-up will also receive a similar buckle and each of the other candidates will receive \$10 gift certificates.

It was also pointed that each \$1 candidate ticket will entitle the purchaser to a free chance on a saddle valued at \$250 that will be given away also during Saturday night's performance. Deadline for buying candidate's tickets and time when all monies and tickets that will count as far as the competition is concerned must

## Second Primary Voting Slated For Saturday

### To Select Co. Judge and State Officials

Yoakum County citizens will take part along with the rest of the State of Texas, Saturday, when they go to the polls in the June 2nd, Second Democratic Primary, in electing a governor, lieutenant governor, attorney general and a congressman-at-large.

The entire county will also decide between two candidates for the office of Yoakum County Judge.

Precinct 2 voters will also be asked to break the tie in their Justice - of - the - Peace race.

In that run-off race, Mary Lea Smith and Lloyd D. Steele are the opposing candidates.

In the county judge's race, which has created wide-spread interest across the entire county, Paul Cobb of Plains and Stanley Duvall of Denver City must be chosen between for that office.

John Connolly of Tarrant County is opposing Don Yarborough of Harris County in his bid for Governorship of the State of Texas.

Preston Smith of Lubbock and James A. (Jimmy) Turman of Fannin County are both seeking the post of Lt. Governor of the State.

In the race for Congressman-at-Large, a newly created office for the state, Judge Woodrow Wilson Bean of El Paso County and Joe Pool of Dallas County are each vying for the office.

If the volume of absentee voting can be used as any kind of an accurate gauge as to the

amount of interest and the probable turn-out for the election, their will probably be an unusually large amount of balloting on Saturday, as Yoakum County Clerk's office reports a very big amount of absentee voting.

Since their was a Republican First Primary held in Yoakum County this year, area voters are reminded that if they voted in the Republican First Primary, they are not eligible to cast a ballot in the Democratic Second Primary on Saturday, even though there is no Republican Primary run-off election slated.

Many of the candidates selected for nomination Saturday along with the several already chosen in the First Democratic Primary on May 5, will have to face Republican opposition at the polls in the General Election held each year in the month of November. At that time also an estimated 12 to 14 proposed constitutional amendments will also be decided upon.

Area voters are urged to take the time to go to the polls on Saturday and exercise their constitutional privilege in helping to make the selection of the individuals we wish to govern us through the next terms of office.

## Monday Begins "Clean-Up Week"

Monday, June 4, begins Clean-Up Week in Plains, and the project is set to continue on through Friday, June 8.

Every citizen of Plains is being encouraged to pick up trash and other items which often collect around homes and dispose of it.

On Friday, the 8th, County dump - trucks will be around through all the alleys in Plains to assist in picking up any and everything that has been piled up there awaiting the trucks.

Mayor of Plains, Buddy Hanna, has requested that as many Plains businessmen as

possible leave their stores and places of business closed on Friday morning up to 10 a.m. and come and assist in the clean-up campaign.

Hours for pick-up on Friday have been set from 6 to 10 a.m.

Many local clubs and organizations are making and have already made plans to participate and help in the campaign to beautify our city.

Tsa Mo Ga Club has stated that its members will plan to participate in their annual cemetery clean-up on Tuesday the 5th.

Plains Dirt Gardeners are actively planning to help in the campaign and are even planning to set out some shrubs along with the clean-up.

Each citizen of Plains is asked to help in the project by cleaning up his own property.

Plains Fire-Department is available to clean off vacant lots in town by burning them off and staying on hand to make sure they don't spread to adjacent buildings or lawns, etc.

Any further information concerning this very worthy project can be obtained by calling City Hall at GL 6-3344.

## Burglary Attempt Foiled By Officers

An attempt at a daring rooftop enter into Curry Edwards Pharmacy was thwarted Tuesday night by quick action and splendid cooperation on the part of Roy Edwards, co-owner of the firm, Olen Heath, Yoakum County Deputy Sheriff and R. J.

Van Liew, Plains City Policeman, not to mention Van Liew's dog, a German shepherd named Pal.

At 10:30 p.m., Edwards, who had been visiting in the Toklo Community, having supper in the Clyde Trout home returned to the pharmacy to see if any prescriptions had come in that needed filling as he had left the store before closing time. He was back in the lab when he heard foot steps on the roof. He hastily made an exit out the front door and got into his car which he drove around the building at the back of which he discovered a ladder going up on to the roof.

Edwards then drove back to the front of the building and hurried over to the car in which Heath had just driven up to the court house. Heath then took up a post beside the building so that no one could come down without his seeing them, and sent Edwards to get Van Liew whom he had noticed was parked on the West end of town.

When Van Liew arrived Heath took a position on the south east corner of the building and Van Liew walked around to the west side of the building and as he did so one of the would-be thieves peeked over the edge of the building and was spotted. Van Liew then started up the rear of the building via the same ladder used

## Drivers Ed. Courses Set

Mr. L. T. "Rip" Sewell announced this week that the summer courses in Driver's Education will begin on Monday, June 4.

Classes are scheduled each week day beginning at 9 a.m. All freshmen and sophomores that are 14 years of age by June 8 of this year are eligible for the courses.

Tuition fees for the summer course have been set at \$15 per student.

Classes are to be held at Plains High School, and any one interested in taking the course and have not as yet signed up are requested to contact Sewell on the 4th.

## Yoakum Oil News

Wilshire Oil Company of Texas has announced plans to re-enter a 12,527-foot Yoakum County duster No. 1 M. Taylor, clean to 11,250 feet and attempt completion in the Pennsylvania.

Location is 13 miles northeast of Plains, three miles northeast of the Prentice (Pennsylvanian) field 2 1/2 miles south-southeast of the Section 83 (Pennsylvanian) field and 1,980 feet from north and east lines of section 202, block D, J. H. Gibson survey.

McGrath and Smith of Midland will drill No. 1 W. C. Jones, 14 miles east-northeast of Denver City in Yoakum County's Reeves (San Andres) field.

The 5,750-foot venture is 2,310 feet from north and east lines of section 750, block D, J. H. Gibson survey.

Petroleum Professional Services, Inc., of Midland has scheduled No. 1 Turner, a 6,850-foot operation in the Ownby (upper Clear Fork) field of Yoakum County, 12 miles northeast of Plains.

Site is 450 feet from south and east lines of section 2, block D, J. H. Gibson survey.

Pan American Petroleum Corporation has completed No. 12 Hovenkamp as a 1/4 mile south southwest offset to the Southeast Wasson (Wichita-Albany) field of Yoakum County.

The project pumped 165.5 barrels of 30.6 gravity oil, plus 48 per cent water, daily from perforations at acid treatment. Gas-oil ration was 155-1.

Seven inch casing is set at 8,103, feet the total depth. J. S. Abercrombie Mineral Company, Inc., of Midland No. 4 Vance Brown has been completed in Yoakum County's Reeves (San Andres) field, 15

miles east-northeast of Denver City.

The new well pumped 107.25 barrels of 32-gravity oil, plus 11 per cent water, per day from perforations at 5,566-88 feet, after 5,000-gallons acid treatment. Gas-oil ratio was 550-1.

Total depth is 5,631 feet, with 5 1/2-inch casing cemented one foot off bottom.

It is 660 feet from north and west lines of section 813, block D, J. H. Gibson survey.

Socony Mobil Oil Company, Inc., and the Atlantic Refining Company have completed No. 58-H&J Units in Northwest Gaines County's North Russell (6,600-foot) field.

Its daily pumping potential is 96.47 barrels of 30.2 gravity oil, plus 24 per cent water, from perforations as 6,692-6,794 feet, which had been acidized with 5,000 gallons. Gas-oil ratio was 158-1.

Seven inch casing is set at 7,865 feet, the total depth.

Location is 12 miles southwest of Denver City and 560 feet from east and 1,985 feet from south lines of section 491 block G.

Representative Walter H. Judd, who is also a physician, says: "We in the healing profession concentrate on improving the quality of medical care. Those who don't understand the essentials of good care take high quality for granted and concentrate their attention on trying to get more equitable distribution. They don't realize that a main result of the supposedly better distribution under government management is deterioration of the quality of the care, until it becomes hardly worth distributing more equitably."

## Local Lodge Holds Past Masters Night

Front row: Paul Cobb, Rusty McGinty, Dick McGinty, G. W. Cleveland, Walter Anderson, Ellis Hale (Present Master), T. J. Miller, Truitt Jones, T. A. Elmore, and Glenn Morehouse.

Middle Row: T. J. Miller, Plains; Truitt Jones, Plains; T. A. Elmore, Plains; Glenn Morehouse, Plains; Paul Yancy, Fort Worth. Back Row: Allis Hale, Plains; Wallace Anderson, Denver City; Cliff Hensen, Spur; Jack Hayes, Barstow; Chester Gray, Seagraves; Guy Swain, Sundown.

## County Criminal Court Slated

County Criminal court has been called for Thursday, June 7, at 10:00 a.m. by Yoakum County Judge, Don Hancock. Possible jurors are requested to report for prospective duty at that time also.

The majority of cases of the court docket are for swindling with worthless checks, but there are a few other charges involved.

Yoakum residents who have been notified to report for jury duty include Don Cooke, C. B. Poindexter, S. L. Tingle, Tom Warren, Bill Loyd, Billie Kennedy, Dick McGinty, Pat Henard, Eddie Taylor, Mrs. E. H. Kerby, Doyle Newsom, and Johnnie Fitzgerald, all of Plains; Amos Smith of Tokio; Mrs. Ty Field, of Bronco; and Mrs. Lee Kidd, C. B. Holcombe, Mrs. J. M. Shoults, Mrs. Joe Taylor, Dee Freeman, Nelson Stephenson, Hazel Akin, Mrs. Graydon Hunt, J. D. McKee, and Reeves Newman, all of Denver City.

Defendants listed on the County docket charged with swindling with worthless checks are D. G. LeWallen, J. T. Morton, Howard Ramsey, C. W. Treadway, Cleveland Hamilton, Riley Hatfield, Maurice King, E. J. Mulligan, B. H. Woods, Billy H. Hunt, R. E. Page, J. M. Purvis, G. R. "Bud" Newman, L. C. Pleu, James Odon, D. N. Baccus, T. O. McMinn, and E. W. Hopkins.

Other charges listed on the docket include defendants Callie Mae Williams, possession of alcoholic beverages; Bob Proctor, refusal to reveal location of mortgage property; Jim Pharr, aggravated assault; Rastus Baxter, desertion; and C. W. Cathey, removal of mortgage property from County.

In regard to the cases in connection with swindling, Judge Hancock, stated that probably only two are expected to be ready for trial due mostly to the inability to locate the defendant. He commented, "despite the continued and excellent efforts of our local law officials, it is next to impossible to locate the majority of these people who have given worthless checks, for they are scattered over a wide territory, and there are few if

any leads as to their whereabouts."

Judge Hancock went on to say that any one with any knowledge of the whereabouts of any of the above defendants would do the county a service if they would relay such information to the sheriff's office or the county attorney.

He strongly urged that Yoakum County merchants follow good check acceptance practices at all times to avoid being victims of swindling.

The Judge pointed out two specifics the merchants should keep in mind when accepting a check.

Make the person giving the check write it out in full in his own handwriting filling in all blanks; and don't accept a check if the giver states, even in what seems to be a joking manner that the "check isn't any good". Doing so waives the right of the merchant for any criminal action.

Hancock also recommended merchants, if possible, to secure a stamp to be used on the back of checks given by unknown parties, in which there is space to write their drivers license number as well as their name as listed on the license. "It may be extra work", he commented, "but it will pay off in protection."

He pointed out that had checks under \$50 are considered a misdemeanor, and there is little chance, if any, of recourse should the defendant cross state lines. Checks over \$50 are felonies, and there is a good possibility that extradition can be secured.

The judge also went on to suggest, that, in his estimation, the greatest boom towards cutting down of the steadily increasing number of "hot" checks being passed not only here but all over the state, would be the installation of an IBM system state-wide to correlate all information available. Such information could then be made available to retail merchants for reference, and would aid law officials in their work of locating suspects.

Know the hazards - don't learn by accident.

## Lubbock Production Credit

The Lubbock Production Credit Association gained high ranking in 1961 among the nation's nearly 500 agricultural credit associations, according to figures recently released by the Farm Credit Administration, Washington D.C.

The Lubbock association, serving a nine-county area, ranked 12th in the nation and second among 36 Texas associations in capital stock owned by members on December 31, 1961.

The association's capital stock totaled \$1,200,695. General Manager Alton Strickland announced, surpassed in Texas only by the Plainview PCA, the nation's largest association.

"We are gratified that our association earned this recognition and the high national and state recognition," Strickland said. "The figures themselves are important only in the fact that they reflect our continuous effort to provide dependable and progressive agricultural credit for our stockholders."

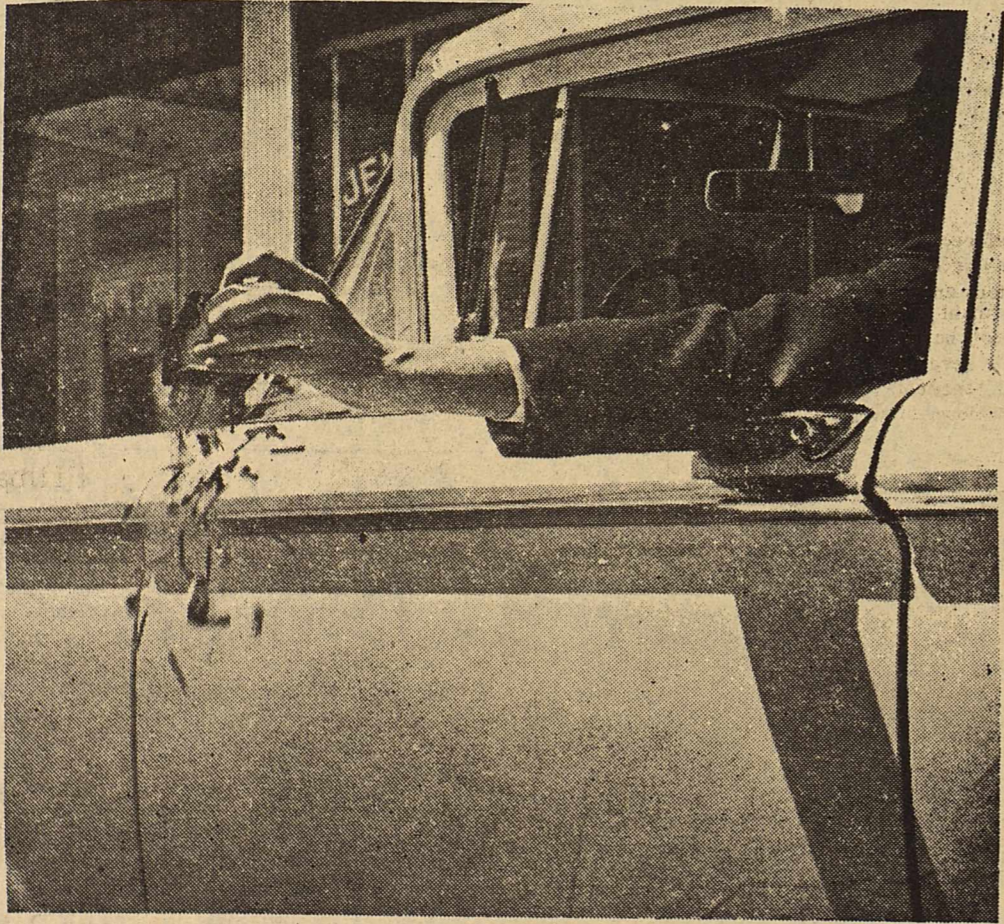

The Lubbock Production Credit Association, owned and operated in its entirety by more than 1,200 stockholder-borrowers, provides agricultural credit in Cochran, Hockley, Lubbock, Crosby, Yoakum, Terry, Lynn, Garza and Gains Counties. Offices are operated in Lubbock, Lovelland, Brownfield, Tahoka, Seminole and Ralls.

Presently serving on the association's board of directors are President C. E. Hicks of Meadow, Vice President Cleve Littlepage of Tahoka, E. L. Carlisle of Ralls, Leon L. Foote of Seminole and A. B. Roberts of Levelland.

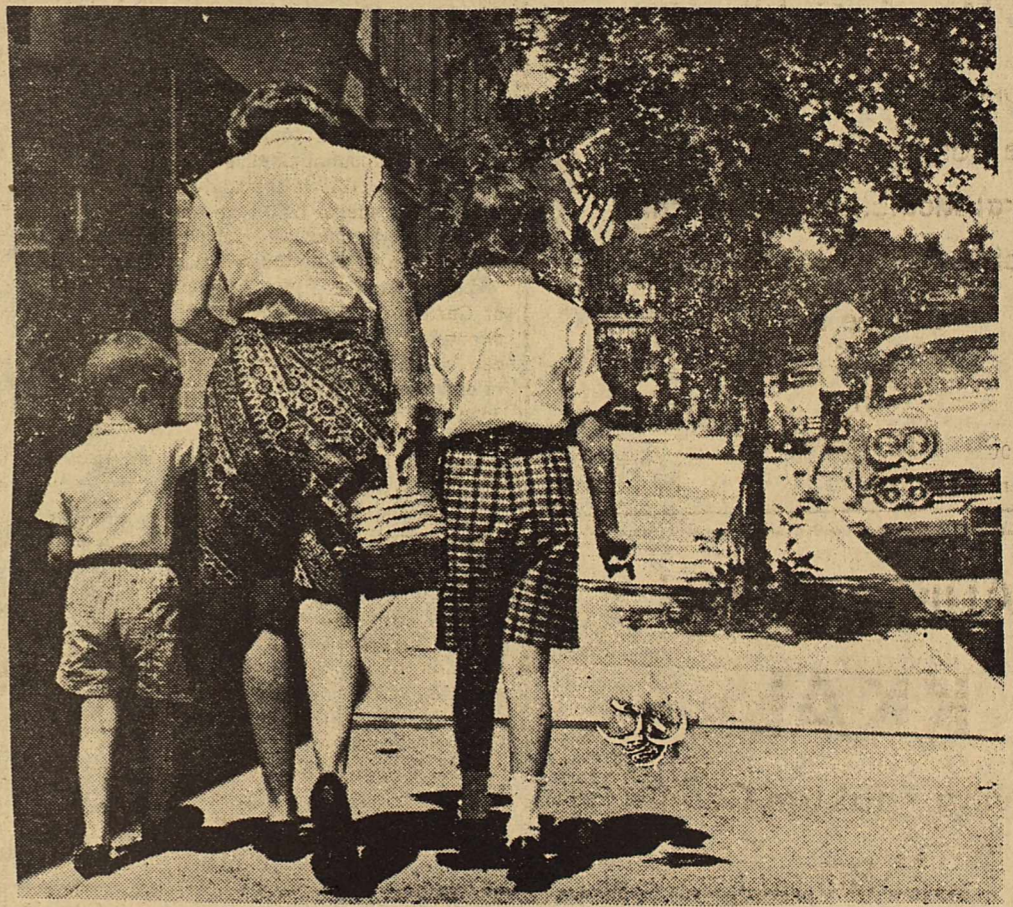

The 36 Production Credit Associations in Texas, serving all 254 counties, provided nearly \$400,000,000 in agricultural credit for the state's farmers and ranchers in 1961. The nation's 500 associations had a loan volume of \$2.9 billion, a record high for any single year.

At one time, prairie dog villages stretched over a hundred miles and more than 400 thousand of the little animals inhabited these villages.

## Weekend Of Crime In Plains

Place: Main Street Time: All Day Date: Any Day

Place: Main Street Time: Various Date: Today

## ONLY YOU CAN DO THE CLEAN-UP JOB ...

What You See Above Is What Happens In Plains Every Weekend--- Yes, Every Day! We All Would Like To Believe That "Outsiders" Are The Offenders But The Situations Are Too Typical For Us To Be Totally Blameless.

We Are Fortunate To Live In One Of The Finest Little Cities In The Whole State Of Texas But, As We All Know, To Keep It Finest And Look To Its Progress Requires Constant Attention.

Many Public -minded Organizations And Citizens In Plains Have Joined In The Effort To Help Beautify Plains During And Continuing From The "Plains Clean-up Week" Slated For This Next Week, June 4 - 8.

Let's All Get Behind This Very Worthy Project And Get The Job Done.

It's Our Town, So Let's Have Even More Reason For Being Proud To Be Citizens Of Plains.

Sponsored By The Plains Record  
In The  
Public Interest

### Science Club Reports On Recent Trip

The Science Club of Plains High School left Plains, Texas on April 19, at approximately 10:30 a.m. The destination point was Corpus Christi, Texas. The purpose of this trip was to observe first-hand the wide variety of plant groups to be found in Texas. With the wide variance of vegetation from desert plants to the forest of East Texas a first-hand study of the variance of rainfall in Texas was brought about.

The trip began in the grasslands of which our own area is associated. It was pointed out that our annual rainfall of sixteen inches is caused by the rain shadows projected by the mountains of Ruidoso. All grasslands are primarily caused by rain shadows. This area or life zone, the Kansan, extends from Plains to a line a short distance south of Odessa, Texas.

We passed through the very corner of the Balconian life zone which shall be discussed later.

Next life zone entered was the Chihuahuan Desert. The annual rainfall of this area is around eight inches. This estimation of course is on an average with some years having more than eight inches, others less.

Mr. Wade pointed out that deserts are nearly always bordered by mountains. In this case, the Davis Mountains around Alpine. The Chihuahuan Desert extends on through Central Mexico. For miles the only vegetation visible were the Creosote bush and occasionally a form or variety of catclaw. Some of the other plants native to that particular area are the Sotal, Acatillo or Devil's Walking Cane, Cacti, and Yuccas. Mr. Wade also pointed out that there are two major types of

### Church Chuckles by CARTWRIGHT

"Every church in town sent us congratulatory telegrams—collect!"

desert plants, succulents and xerophilous. Succulents store water for later use, while xerophilous plants have small leaves resist water loss, and are hard and dry.

Near Langtry, Texas, we visited Judge Roy Bean's old establishments of his "Law West of the Pecos." We ate supper near Pecos River Bridge, the tallest bridge in Texas.

The next stop was Del Rio and a short jaunt over to Acuna, Mexico. We spent about one hour in Acuna, shopping of course. We arrived in Corpus Christi at approximately 5:30 a.m., exactly nineteen hours after leaving Plains. We were pretty well worn out, but everyone agreed we would all feel better if we just cleaned up and tried to make Friday without any sleep.

Next stop was Padre Island a short drive south of Corpus Christi. The island, itself, is named for the Spaniard Padre Nicholas Don Juan Balli. Balli was given the grant to the island in 1790 by Charles IV of Spain. Mr. Wade explained that the animal life on the island is practically undisturbed, except in extremely commercialized areas. Sea gulls, tern, cranes, white pelicans, brown pelicans, flamingos, and egrets are to be found in tremendous number. Other animals found in Padre are the coyote, rabbits, skunks, opossums, raccoons, and rattlesnakes. Mr. Wade explained that the survival of the

animal life on Padre is determined by the range conditions and the frequencies of hurricanes which submerge a great deal of the island at regular intervals.

One of the most interesting points of the subtropical climate at Corpus was the ever-constant winds from the southeast. The breeze didn't ease up during our entire stay in Corpus. The average rainfall on Padre Island is thirty to thirty-five inches. The heaviest rainfall comes in the months of September, October, and February. The hurricanes seasons extends from June to October. The soil found on Padre is sandy loam. There is sufficient grass in some places on the island to support grazing cattle. Corpus Christi and Padre Island are in the Tamaulipan life zone.

We went surfing on Padre Island Friday morning. The majority of the group searched for sea shells, sand dollars, and other odds and ends. Friday afternoon was spent at Port Aransas and Rockport which are east of Corpus. We visited an aquarium in Rockport and the beach again at Port Aransas.

Preparatory to the trip Mr. Wade gave each of us a folder concerning some details of our trip. From this folder I would like to point out some interesting facts about the sea.

The sea contains 330 million cubic miles of water. This is many times as great as the volume of all land above sea level. If the irregularities of the earth were smoothed out so that the earth was completely smooth, no land would show at all. The ocean would cover the entire globe to a depth of 12,000 feet. Sea water contains gold at the rate of 38 pounds per cubic mile. Now before you get any wild ideas about making some quick money, this is the equivalent of a mere .0004 of an ounce, worth about one penny, per million gallons of sea water.

On our way home we stopped at Garner State Park which is twenty-two miles north of Uvalde, Texas. It was named for one of our former Vice-Presidents, John Nance Garner. This was to me the highlight of the trip. It was really beautiful. We enjoyed a brief, but pleasurable stay at Garner. We left Garner at approximately 5:00 p.m. and arrived in Plains at 3:30 a.m.

In conclusion, I sincerely want to thank Mr. Wade for his time and trouble in preparation for this trip and to everyone else that was responsible. It was a real enjoyable experience.

### Osteopathic Recognized At Na. Level

The Bureau of Professional Education and Colleges of the American Osteopathic Association since October 4th, 1948, and the American Association of Osteopathic Colleges since Feb. 25th, 1953, have been constituent members of the American Council on Education, which is a council of national educational associations, approved colleges, teachers colleges, national educational associations, approved colleges, technological schools and selected private secondary schools, state departments of education, city school systems and private school systems; and is one of the highest ranking bodies in American education.

Under Public Law 569, 81st Congress, approved June 21, 1950, Doctors of Osteopathy are eligible to qualify for service on boards of medical authority for determination of mental incompetency of members of the uniformed services. Osteopathy is the school of medicine which emphasizes the mechanical phases of medicine; it includes operative surgery, obstetrics, and the other branches of the healing arts. Most osteopathic physicians engage in general practice. However, a small but growing number specialize in one of the following fields; internal medicine, neurology and psychiatry, obstetrics and gynecology, ophthalmology, dermatology and syphilology, otorhinolaryngology, pathology, pediatrics, proctology, radiology, and surgery (several types). There is an osteopathic board of specialty certification for each of these fields.

The great majority are in private practice; however, a number have full-time positions with hospitals, private industry, or government agencies, such as the United States Public Health Service, and the Veterans Administration. Still others write or edit scientific books or journals.

Repeatedly, through the War Manpower Commission, the Bureau of Labor Statistics and Selective Service, osteopathic physicians and osteopathic students have been given equal recognition with other physicians. Local Board Memo. 115 specified that form "42-A Special-Rev.," for all students and osteopathic physicians under 26 years of age, be filed with respective local boards. Local boards were instructed to give special consideration to the deferment of these registrants. Local Board Memorandum No. 7 of the Selective Service System, dated November 2, 1948 stated that the Healing Arts Educational Advisory Committee to Selective Service recommends the deferment of students in professional and preprofessional schools. The osteopathic profession is included in this recommendation. There is a representative of the American Osteopathic Association on the Healing Arts Educational Advisory Committee.

5. Rowe, John E., none, Plains, Texas
6. Sheppard, G. C., none, Plains, Texas.

AFFIDAVIT OF DEPOSITORY OFFICER The State of Texas County of Yoakum

Before me, the undersigned authority, on this day personally appeared P. W. St. Roman, who, after being by me duly sworn, deposes, says and certifies as true the following:

1. That he is President of Yoakum County Federal Credit Union, at Plains, Texas, the depository named in the above notice.

2. That the foregoing is a full and complete list of the names of all depositors and creditors for whom dormant deposits or inactive accounts have been held for more than seven (7) years and whose existence and whereabouts are unknown to the depository.

3. That such listed depositors and creditors have not asserted any claim or exercised any act of ownership with respect to their deposits or accounts during the past seven (7) years.

/s/ P. W. St. Roman Sworn to and subscribed before me this 29th day of May, A.D. 1962.

Seal Mollie S. Courtney, Notary Public, Yoakum County, Texas.

### Political Announcements

For the Run-off Election scheduled for June 2, 1962.

The following candidates have formally announced their continued candidacy for the offices for which they were active candidates in the May 5, Primary election and have authorized the Plains Record to enter their names into its Political Column.

FOR COUNTY JUDGE -- YOAKUM COUNTY: Paul Cobb, Stanley Duvall.

THOR RESEARCH CENTER FOR BETTER FARM LIVING

"Can you give me a list of rules to follow for the best care of mower cutter bars?" writes a farm reader.

We might point out, to begin, that you can expect troublesome side draft, increased loads, and generally poor work output when the mower knives become dull and ledger plates worn. These things will indicate when it's time to get to work on the cutter bars.

FarmTool is helpful instrument in mower maintenance.

Keep rivets well tightened and replace ledger plates when serrations have worn smooth. If knife sections are broken or so badly worn that they cannot be ground to the proper angle, replace them.

You'll find that a portable electric grinder or an electric FarmTool with grinding attachment does a really good job in grinding worn knife sections. The trick is to grind these knife sections to the same cutting angle as on the new sections. Guards that have been dented by rocks should be ground smooth to the original point. If the point is broken off, re-

### TSA Mo Ga Club Closes

"ZERO Federation - LIFT FF", theme for the closing of the Mo Ga Club year program, as presented by program director, Mrs. R. B. Jones, Mrs. Jones repeated the General Federation of Women's Club president Mrs. E. Lee Ozburn, theme for 1961-1962, "Responsible, Responsive Citizenship for Survival, which is certainly keeping with Tsa Mo Ga's theme this year and our own eastern hemisphere. Joe Dan Cooke, sang "End of a Perfect Day" and "Somebody Bigger Than You & I", accompanied by Mrs. Cooke.

Mrs. Jones presented the guest speaker, Mrs. Robert N. Tipps, Denver City, Second Vice-President of Caprock District, TFWC who spoke on "Federation-From Concept to Countdown."

Mrs. Tipps opened her talk with the following quote referring to Astronauts "A Task without vision is drudgery. A vision without a task is fantasy. A task with a vision is the light of the world." Mrs. Tipps said it is refreshing to see brave and disciplined men of faith capture the imaginative of the American people and of friends everywhere. Those men have balanced the physical, the intellectual and the spiritual in their lives.

In federation, we can learn much from these dreams and successes. We dream of greater interests and participation in Public Affairs. We need to rid ourselves of the complacency of our times.

In closing Mrs. Tipps said "He who only plans is a dreamer. He who only works is a doer."

a drudge. But he who plans and works his plan is a Conqueror." Installation of officers was conducted by Mrs. Ty M. Field, using "Nature" as her installation theme. Mrs. Field used a "Tritonia" or Red Hot Poker as her magic wand. The following ladies were installed as the new core of Tsa Mo Ga Club officers for 1962-63.

Mrs. J. W. Moore, Jr., President; Mrs. Bill Loyd, Vice President; Mrs. Harvey Stotts, Recording Secretary; Mrs. Paul Cobb, Treasurer; Mrs. Glen Cleveland, Critic; Mrs. Kenneth Hale, Reporter; Mrs. Garland Swann, Federation Counselor; Mrs. M. E. Luna, Parliamentarian and Mrs. Virgil Wade, Corresponding Secretary.

Mrs. Garland Swann, presided during the business meeting. Mrs. M. W. Luna and Mrs. R. B. Jones were recognized for their perfect attendance record for this club year.

Tsa Mo Ga Club members will work in conjunction with the City Clean-Up Week, June 4th, at the Cemetery. A Memorial Day program will be presented during the morning recess.

Preceding the club meeting, guest and members were greeted by the Social Committee, Mrs. Bill Loyd Chairman, with Lei's for each, as everyone came in Hawaiian style with their Muumuu, as their attire. Everyone enjoyed the "Luau," a feast of delicious salads from a table centered by Hawaiian flowers.

Moore, President is Mary Jo St. Romain, Mrs. Bill Loyd, Vice President, Mrs. Harvey Stotts, Recording Secretary, Mrs. Virgil Wade, Corresponding Secretary, Mrs. Garland Swann, Federation Counselor, and front row, Ozella Hunt, sitting in for Mrs. Paul Cobb, Treasurer, Mrs. Glen Cleveland, Critic, Mrs. Kenneth Hale, Reporter and Mrs. M. W. Luna, Parliamentarian.

### State 4-H Members Strive For National Beef Project Awards

SPECIAL -- Across the state today, 4-H members are working on beef projects which they hope will bring them national recognition in November. They are among more than 143,000 young people participating in the National 4-H Beef program who are striving to produce top quality beef while learning useful skills.

Six of these eager young people will be named national winners of 4000 scholarships during the 41st National 4-H Club

Congress in Chicago, November 25-29. In addition each state winner will receive an expense-paid trip to the congress given by E. I. duPont de Nemours & Company, sponsor of the 4-H Beef awards program through the National 4-H Service Committee. Another 8,000 youths will receive recognition medals for outstanding achievement as county winners in the beef program.

Boys and girls enrolled in 4-H Beef projects have sole responsibility for selecting, raising, fitting and showing their animals. Many times this responsibility is extended to include marketing of the beef. Supervised by the Cooperative Extension Service, 4-H Club members have easy access to the latest scientific developments in beef raising techniques, breeding, feeding and production methods, and disease control.

Selection of county and state winners in the beef program will be made preceding the naming of national winners.

Prepackaged cold cuts are becoming increasingly popular with the American shopper, reports Albright-Nell, developer of a machine which produces more than 1,000 slices a minute. The device automatically controls the thickness of each slice and simultaneously weighs out exact amounts to be packaged and marketed. . . . A swallowable stethoscope has been developed for recording the sounds of the bloodflow in the aorta (the principle artery carrying blood from the heart) and to listen to the sounds which cannot be heard from outside the chest.

Mr. and Mrs. Joe McLaren of Lubbock visited in the home of her mother Mrs. Nora McKee over the week-end.

Rev. and Mrs. R. H. Melxner are in Big Springs this week attending conference.

Mrs. Sallie Forrest is reported as much improved this week. She is expected home the later part of next week.

Mrs. S. F. Pride spent last week in Midland caring for Mrs. Ted Murph who has been ill.

Mrs. O. B. Simpson of Amarillo is visiting in the home of her daughter and family, the Dick McGintys.

June 1, 1944 -- The siesta was abolished in Mexico.

June 2, 1924 -- Congress conferred citizenship upon all American Indians.

June 6, 1904 -- Philadelphia newspapers' campaigning for a drop in the cost of living, cited the "outrageous prices" of everyday food staples: eggs, 17c a dozen; cream, 10c a pint; chickens, 40c a piece; half a ham, 70c.

June 11, 1927 -- Hero's welcome. Charles A. Lindbergh received from President Coolidge the first Distinguished Flying Cross for his transatlantic solo flight.

June 18, 1873 -- A person was arrested, tried and convicted for voting in a Rochester, N. Y. election. That's how Susan B. Anthony became famous.

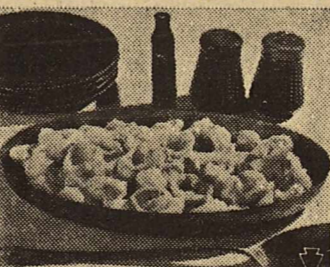

### Carey Rites Held In Denver City

Funeral services were held for William N. Carey, age 43 who died May 26, 1962 near Plains at 2:30 p. m. Wednesday in the First Baptist Church at Denver City, with Rev. Loren White officiating. Mr. Carey had lived in Denver City for three years and was employed by an oilfield company.

He is survived by his wife, Mrs. Catherine Gantz Carey of Denver City, three daughters, Mrs. Deloris Kelley of Hampton Georgia, Mrs. Joyce Graham of Denver City and Carolyn Ann Carey of Denver City. His parents, Mr. and Mrs. William T. Carey of Atlanta Georgia, one brother James L. Carey and one sister Mrs. Grace Donaldson of Atlanta Ga., and one grandson John Kelley.

Burial was in Denver City Memorial Cemetery under the direction of the Huffman Barrett Funeral Home.

### Smooth Textured Cream Potato Skillet

Carnation Company Photo  
It's the milk . . . evaporated milk with twice the vitamin D, proteins and minerals of whole milk, that makes this Cream Potato Skillet more nutritious and creamy. Developed by Carnation Company's home economists, it is an economical and flavorful addition to any main dish, or when served with soup and dessert, is ideal for lunch.

### CREAM POTATO SKILLET (Makes 6 servings)

- 1/2 cup butter
- 5 cups diced cooked potatoes (about 2 lbs. potatoes, cooked, peeled and diced)
- 1 1/2 cups (2 small cans) undiluted evaporated milk
- 1 teaspoon celery salt
- 1/2 teaspoon pepper
- 1 teaspoon salt
- 1/4 cup sliced canned pimientos
- Paprika

Melt butter. Add onions and cook over low heat 5 minutes, or until tender. Add potatoes, evaporated milk, celery salt, pepper and salt; cook over low heat, stirring frequently 5 minutes. Add pimientos and mix lightly. Sprinkle with paprika, as desired.

### Stateline HDC Holds Meeting

The State Line Home Demonstration Club met Thursday afternoon in the home of Mrs. Troy Farquhar with Mrs. R. G.

Hartman vice president presiding. Lajuana Jones, 4-H club girl of Denver City, gave an

interesting and informative demonstration on the use of dairy products. She discussed the proper use of dairy products in the diet as well as some methods to use them. She made a delicious salad using cottage cheese called "Harvest Fruit Salad" which was colorful and nutritious.

Miss Jones is a district winner and will go to A&M college to enter the state contest there in the Food Show in "Dairy Products."

The next meeting will be in the home of Mrs. Lee Roy Box, Thursday afternoon June 14, with a demonstration on the use of sewing machine attachments, all homemakers in the area are invited. Delicious cookies and lime punch were served.

### Lubbock HDC Meet Attended

State Health and Safety committee of the Texas Home Demonstration Association met in Lubbock in the lovely Garden and Art Center in an all day meeting May 22.

Plans were laid to carry out the recommendations to be presented in a 2-hour workshop at the state meeting in Dallas September 20.

A meeting for July 23 in the same place is scheduled to complete the plans for the workshop.

The committee serves for two years this being the last year for this group. The chairman is Mrs. Bayne McCurry of Hale County, with Mrs. Aubry Russell of Lubbock, District Agent, is advisor, and members are; Mrs. J. E. Wade, Hockley County; Mrs. Ford Greenhaw, Lubbock County; Mrs. O. G. Mayfield, Floyd County; and Mrs. Tom Box, Yoakum County.

### June 1 Begins Sign Up For Reading At County Library

Mrs. Sloan announced June 1st as the starting day for signing up the summer reading program readers. The program will continue through August 31st. Readers are required to read 12 books in their age level. They will be issued a certificate signed by the State Librarian when the 12 books have been completed.

We are expecting about 150 readers to complete the reading required and receive a certificate. Come join the reading program. Several new books have been added to the library.

Lots of interest was shown in the program last summer. It is hoped greater interest will be shown this year.

### Masonic Lodge Past Masters

First annual Past Master's Night at Plains Masonic Hall was well attended Friday night, May 25.

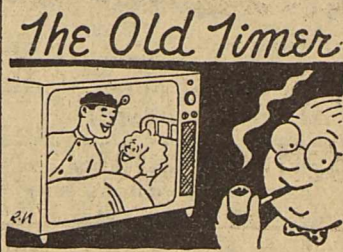

Thirty-five Masons were present, including 3 Past District Deputy Grand Masters and 18 Past Masters.

Visiting lodges represented were Denver City, Seagraves, Sundown, Spur, Brownfield, Fort Worth and Barstow.

A fried chicken dinner was enjoyed by all, after which a very interesting history of the Plains Lodge was brought by Bro. Neil Taylor and several interesting talks were made by various Past Masters.

One visitor other than the Past Masters was present from Roswell, New Mexico being the only out of state visitor on hand.

Regular stated meetings of the Plains Lodge are on the first Thursday of each month according to Mr. Glen Moorhouse, secretary.

"The quickest way now-a-days to get a doctor is to turn on your TV set."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

This church feature is published each week with the aim of fostering that which is good in family and community spirit. This page is a public service of these sponsors . . . contributed to the religious life of Yoakum County

"A New Generation Of Power"

**Texas Farm Bureau News**

DALLAS--(Sp)--The president of the Texas Farm Bureau has invited leaders of farm organizations, chambers of commerce and commodity groups in Texas to discuss current farm labor problems at a meeting here May 31. The session will begin at 10 a.m. at the Adolphus Hotel.

J. H. West of Bishop stated that Governor Price Daniel and members of the Texas Employment Commission have also been invited to attend.

"The farm labor situation in Texas is very critical," the TFB president said in a letter to 33 key farm and ranch leaders. The meeting was called at the request of many farm leaders, he said.

"This is not a closed meeting," he told the various organization representatives. "We would like for you to invite anyone that you feel has a particular interest in this problem."

West said the "whole range of critical problems dealing with farm labor" will be covered at the meeting. Many farm labor users are upset over a ruling by the U. S. Department of Labor which sets a minimum wage of 70 cents an hour for bracero labor, and which in effect, establishes the same rate for domestic farm labor recruited through federal-state employment agencies. The ruling followed two hearings held recently in Texas by former Assistant Secretary of Labor Jerry Holleman.

C. H. DeVaney, Coahoma, vice president of the Texas Farm Bureau, will act as coordinating chairman of the meeting. Other speakers will include Bob A. Lilly, executive manager of the Valley Farm Bureau; Ed Dean, Lubbock, head of West Texas Agriculture Employers Group; and C. B. Ray, El Paso, chairman of the National Farm Labor Users Conference and executive vice president of the El Paso Valley Cotton Association.

**Shop and Save**

**HAMBURGER CHEAPER?** If the old theory of "supply and demand" holds true, hamburger prices would be somewhat lower the next few months.

Farm economists report, if you didn't know, that hamburger is made from tough old cows. Cattle raisers have held back cows to expand their herds. Last year only 20 per cent of the cattle slaughtered were cows. The normal is about 40 per cent.

Thus, farm economists report, the number of cows going to market will be greater and there's a promise of slightly lower hamburger prices for America's housewives in the months ahead. Make mine with onions!

**LOOK AT THE LABEL.** The percentage of dacron being used in many fabrics is going to be increased from 10 to 15 per cent. One company says a new blend of avril and dacron gives new fabrics superior wash and wear characteristics.

These fabrics are designed for use in ladies' and children's spring and summer dresses, blouses and skirts, and men's sport shirts and jackets.

**DON'T BET ON IT!** Although President Kennedy has stalled a price increase for the steel industry and most steel companies report increased earnings the first quarter of 1962 over the last quarter of 1961, don't bet there will not be an increase in those pots and pans and household items in which steel is used.

There are undercurrents in the industry that indicate an increase could happen late this year. Those metal items you're always needing around the house will, of course, go up if this happens.

**DAD LOVES THOSE "HUSH PUPPIES!"** Until last year we thought a hush puppy was something to eat, then that Michigan shoemaker came up with their Hush Puppies.

America's men loved them to the tune of buying some 5

A tourist was being shown around a zoo in Russia by a guide. They came to a cage in which were a tiger and a lamb. "That's an amazing example of co-existence," said the tourist with a laugh. "How on earth is it managed?"

"We put in a new lamb every day."

to 6 million pairs. And they sell for about \$9.

This shoe is an excellent product -- tough, lightweight, water repellent, and dyed a variety of colors. They are especially popular with golfers, gardeners and the man looking for a casual shoe and a substantial product.

**DO YOU LIKE IT CANNED OR FROZEN?** A large chain store reports a tremendous upsurge in the sale of canned and bottled juices.

This chain says it has a high volume of frozen juice, but bottled and canned still lead in sales.

Says the manager of one store: "It seems people don't drink plain water any more. Punches and other canned drinks have become increasingly popular, and people seem to prefer these from a large can rather than bother with mixing frozen."

**EAT IT AND LIKE IT!** If the hamburger forecast is true, Mrs. Housewife may find it the only bright spot in a gloomy spring -- unless you raise your own.

Pork will be in short supply by late summer and prices will go up, according to livestock reports. (This seems to happen every year.) The vegetable picture right now isn't too good. Cold weather in the early producing states slowed production.

Last week, for instance, cabbage was selling in Chicago \$1.25 more a crate than last year, and celery was up \$2.50 a crate. Only a few vegetable items are cheaper.

**HOW DO THEY LOOK NEXT WEEK?** That's the question women shoppers are going to think about this summer. Women everywhere think more about the time and money involved in keeping clothes at their best.

Ladies, here's what to ask yourself when buying a garment: Is it washable? Are the pleats permanent? Will the garment show soil readily? Will it need frequent pressing?

If you don't answer these questions when you buy, you may sentence that clothing investment to gathering dust in the closet.

**ONE LAST THOUGHT FOR THE WEEK!** The average American does not understand thoroughly all the ramifications of the European Common Market and our participation in the program.

We don't understand it completely ourselves and in our investigation we have come across a little booklet that can give the average American a brief picture. If you would like to have it, ask or write the editor of this newspaper and he will give you the address where it may be obtained.

**Yoakum S.D.C. News**

Grass planting, Bermuda and other kinds continues despite the dry weather. We continue to write and talk a lot about irrigated Bermuda grass but we do not mean to over look the good job side oats grama, love grass, sand bluestem, blue panic and several other grasses are doing both irrigated and dry land.

New conservation plans were worked out on two places operated by Russell Faulkenberry and owned by J. A. Peabworth, Jr. The old conservation plan on the W. O. Moore place was revised and brought up to date. Work continues under the Great Plains program as plans are being developed on the J. D. Jones place west of Denver City. This past week the J. W. McCaen Great Plains plan was mailed to the area office for typing.

This is Soil Stewardship Week. Many Churches throughout the state and nation will observe either next Sunday, June 3rd, or have already observed last Sunday as Stewardship Sunday. Many laymen will bring all or a part of the message as a part of the observance. Pastors of all Churches are being taken on tours to see conservation work on the land and the need for still more work to be done. A breakfast and tour is planned for June 11 at Denver City for the Preachers of that area as part of the observance.

A very good sign of conservation work catching on is when the use of grass or any conservation measure begins to be done by farmers and ranchers without the aid of any program. When people begin to do conservation work as a part of their regular farming or ranching operations we know what we are doing is good.

**District Court**

Trial docket for District Court in Yoakum County was released this week by Yoakum County Clerk, J.W.O. Aldredge.

Trials scheduled to be tried in the civil section of the court which is set to begin on June 11 is as follows:

Case No. 1922, Lea Co. Electric Cooperative, Inc. vs. The City of Plains, et al, Injunction.

Case No. 1808 O. V. Maben vs. M. C. O'Neal, et ux, damages.

Case No. 1953, Reba King, et al vs. Mesa Trucking Co., damages.

Case No. 1969, James F. McGee vs. Texas Employer's Insurance Association, compensation.

Case No. 1970, R. W. Carter et al, vs. Pan American Petroleum Corp., recovery of income from Lease.

Case No. 1988, George V. Ponder vs. The Standard Insurance Company, compensation.

Case No. 1991, D. G. Sloss vs. Cecil B. Knox, trespass to try title.

Case No. 1994, Tom Altembaugh vs. E. R. Hungerford, damages.

**Civil Docket**

Case No. 1999, Troy Nichols vs. Texas Employer's Ins. Association, compensation.

Case No. 2011, Don H. Rankin vs. Texas Employer's Insurance Association, compensation.

Case No. 2015, Jimmy Mack Todd vs. Commercial Standard Insurance Co. Compensation.

Case No. 2017, W. R. Vaughn vs. Texas Employer's Insurance Association, compensation.

Case No. 2026, Halls O. Percy vs. Texas Employer's Ins. Association, compensation.

Case No. 2036, Marvin H. Barton vs. Employer's Mutual Liability Insurance Co. of Wisconsin, compensation.

Case No. 2038, Waymond N. Davis vs. Southwestern Public Service Co., Damages.

Case No. 2042, Elwin Kenneth Kidd vs. Traders and General Insurance, Compensation.

Case No. 1503; H. L. Cain vs. Pan American Petroleum Corp. et al.

A roster of prospective jurors was to have been posted today (Thursday) and the names of Yoakum citizens appearing thereon will be run in next week's issue of the Record. Jurors who are selected are requested to report at 10 a. m. on Tuesday, June 12, 1962, to the District Courtroom in Plains.

**Moore's Attended Dallas Market**

Mr. and Mrs. J. W. Moore were among the buyers and merchants attending the American Fashion Association Fall Market in Dallas, May 27-June 1. Several thousand lines of women's and children's apparel, manufactured all over the United States, were exhibited in the Adolphus and Baker Hotels, and more than 5,000 buyers from throughout the Southwest were present, according to Sherman Bernon, president of the fashion association.

A greater crowd than usual attended the Fashion Clinic presented by the American Fashion Association on Sunday and Monday nights, and it was necessary for the association

to schedule an additional performance in order to fill the demand for tickets. All the newest fashions, modeled by professional models, were shown on the runway, and the new fall fashions in coats, suits, dresses and sportswear were depicted. The "spare look," the "natural look" and the "relaxed look" were shown, along with a generous sampling of elegant and feminine fitted fashions. The colors and shapes for fall are wearable, individual, interesting, and buyers are finding a wealth of fashions from which to select their fall merchandise. Vivid colors, off-colors, interesting textures and fabrics include something for everybody's taste, for Fall '62.

**Letter to Editor**

Plains Record  
Plains, Texas  
Dear Editor:

In answer to a letter that appeared in your paper in last week's issue, I would like to make the following comments.

We are very sorry that the business people in Plains are not very friendly to their customers. Probably the reason that you (writer of last week's letter) feel you are mistreated is that you may be owing those businesses and you are mistreating yourself.

I have never walked into a business in Plains that I have not been treated with all the courtesy a business could treat you with.

Now, if you want to trade at home, just change your attitude and you will find that it is you and not the business people or their employees that are so bad.

Sincerely,  
Dick McGinty

Modest reductions in the cost of dairy products are anticipated. Reason is a cut in federal price supports to the minimum legal level.

## To Give Tryouts

The Houston Colt .45s announced today they will conduct three tryout camps during the month of June. These tryout camps will be held in Rockdale, Texas, on June 6, 7, and 8, and in Alice, Texas on June

14, 15, and 16, and Tyler, Texas on June 28, 29, and 30. Youngsters attending the three tryout camps must be between the ages of 15 and 25. American Legion ball players are required to have a letter of permission from their Legion Post commander.

Each youngster will furnish his own glove, baseball shoes and uniform, in addition to paying his own expenses.

## Cattle Market Lower

Fort Worth - May was marked by unseasonably warm and dry weather and was accompanied by declining prices in the fat cattle market and in the dressed beef trade.

The latest monthly summary published by the Cattle Feeders Division of the Texas and Southwestern Cattle Raisers Association pointed out that steers grading standard and low-good and weighing above 700 pounds were hardest hit, and at the month's end were selling \$1 to \$1.50 lower. Calves weighing 650 pounds and down continued in good demand and were steady to 50 cents lower.

The drought condition which is becoming critical in many areas is beginning to force the movement of range cattle. At the end of May, feeder cattle were moving in increased volume with the price trend downward.

Although the lower feeder cattle prices has caused some renewed interest by feedlot operators in the purchase of feeder cattle, lower fat cattle prices has resulted in the margin being relatively unchanged, according to Lloyd Bergsma, director of the Cattle Feeders Division.

Bergsma said there appears to be no backlog of finished cattle in Texas feedlots and a considerable number of the cattle on feed have been contracted for delivery during June and July at prices about steady with those being paid early in May.

The below normal rainfall in many areas of the state was causing the movement of some cattle from ranges to feedlots earlier than expected.

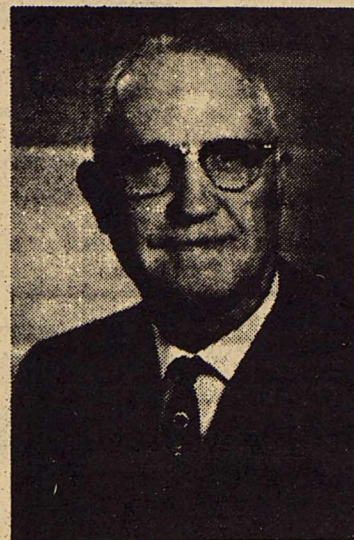

In the dressed meat trade, choice steer beef was being quoted at prices fully \$1 lower. On May 25, choice steer beef 600-700 pounds was quoted at \$41.50 to \$42 in New York. This compares with \$44 to \$44.50 for the same carcasses April 27.

Drive with reason this holiday season. Your family's finest present your presence.

It used to be that a fool and his money were soon parted, but now it happens to everybody.

## Elect Stanley Duvall County Judge Yoakum County

QUALIFIED By Training, Background, And Experience.....

### Garrison Issues Plea

Col. Homer Garrison Jr., director of the Texas Department of Public Safety, today issued a special message to Texas motorists calling attention to the pleasures afforded them in summer vacation travel and the virtues of "legal driving."

"Texans are more fortunate than people in many other states when vacation time arrives, in that they have better highways on which to travel to more enjoyable places," the safety director said.

"Those of us charged with the responsibility of traffic management are proud of these things, and we like to see the citizens of our state taking full advantage of them."

"We would like to emphasize, however, that vacation and weekend driving during the summer months is far more enjoyable when traffic laws and rules of the road are observed. Obviously, it is more relaxing to stay safely within the law rather than run the risk of marring your driver's license or, far worse, causing an accident."

Garrison said his message was timed in connection with Memorial Day next Wednesday, since this event is the signal for the opening of the summer holiday season for many Texans. He also suggested that those whose vacation travels will take them outside Texas familiarize themselves with the laws and regulations of the states in which they will be driving.

At the same time, he reported that safety officials have high hopes that if the driving public will concentrate on the value of "heads up" driving habits in the coming months, the current three per cent reduction in traffic fatalities will be immeasurably improved.

"Think about it—isn't it easier, less expensive, and far safer to drive within the law?" Garrison asked.

**HUMBLE TIPS**

**W. G. Lattimore**

April Savings Bonds sales in Yoakum County were \$2,943.00, according to Mr. D. P. Moorhead, chairman of the Yoakum County Savings Bonds Committee. During the first four months of this year the citizens of this county purchased \$30,225.00, which represents 43.2% of the 1962 goal of \$70,000.00.

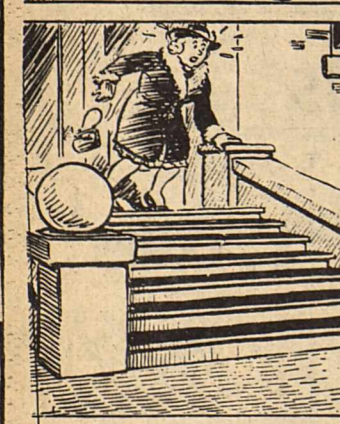

Sales in Texas for the fourth month period, January through April were \$53,240,439, which represents 71% of the Freedom Bond Drive goal of \$75,000,000.

"The U. S. Treasury's current Freedom Bond Drive is being well received throughout Texas. Citizens of the Lone Star State realize that their purchases of U. S. Savings Bonds are a tangible contribution to the economic and defensive strength of our nation. In these trying times it is important that everyone do his part in keeping our country free."

"Quality Job Printing"

**WIND DAMAGE** -- Various reports state varying amounts of damage to crops that has resulted both from lack of rainfall and from the unseasonably severe winds that have been experienced in the Yoakum County area. Some replanting is definitely necessary, but exact amounts of damage cannot be ascertained until future weather is viewed. Many observers feel confident that if rains come soon much less damage will be present than presently appears to be the case.

### Adult Painting Workshop Scheduled

Of interest to artists throughout the South Plains region is the Adult Painting Workshop to be held in Lubbock June 11-23, with R. Jack Garver of Baltimore, Md., as guest instructor.

The workshop, sponsored by the South Plains Art Guild, will offer instruction in both water color and oil painting, for students in all stages of development. One night and four daytime sections are scheduled, with each group meeting for six 3-hour classes. Mr. Garver is noted throughout the East as an outstanding painter and teacher of art. He is a graduate of Carnegie Tech and has had special artraining in France and Mexico. He has exhibited with the American Watercolor Society and other professional groups. An exhibition of his paintings is currently on view at Lubbock Garden-Arts Center.

### Letter From Formby

To all my Wonderful Friends; My heart is full of gratitude for the blessings that are mine . . . that a kind Providence has spared my wife and two children from what could have been a fatal accident; and, for my friends.

My wife and children were on their way from Austin to Plainview on Friday, May 4th, when they were involved in an accident near Hamlin. The children were dismissed from the Hamlin Hospital on May 10th and on May 16th, we moved Sharleen to the Plainview Hospital where she will be for some time. But, we are thankful that we are all back in Plainview and in one piece.

As to the election . . . We are very thankful to all our friends in Texas who did so much to help us. Our friends worked hard and we got a good vote, a vote we can be proud of. But, we were up against two political machines and too much money.

The Texans who voted for us were ones who wanted good, sound, honest government. They wanted a progressive Texas. But they wanted their money spent wisely.

We have no suggestions to make as to voting in the run-off. We came out of the campaign on good, friendly terms with all the other gubernatorial candidates. I consider them all my friends. Texans who were intelligent enough to vote for us, are more than intelligent enough to vote wisely in the run-off campaign without my suggestions or recommendations. I do urge everyone to vote.

We carried 54 counties. We were second in many more. Our voters were proud voters and did not have to apologize to anyone for their vote.

God bless you and your's.

Sincerely,  
Marshall Formby

### High Plains Gets Bonus Acres

Farmers on the High Plains have received a "bonus" of 40,964 acres of cotton allotment for planting in 1962 under a law authorizing the voluntary release and reapportionment of cotton allotments.

A law which went into effect in 1960 permits farmers to release cotton acres they do not plan to plant to their county ASCS committee and retain "history" planting credit on their farms. All acres released within a county that are not requested or utilized by that particular county or zone are then made available for re-allocation to other zones.

Released acreages, ASCS officials said, were distributed to counties on the basis of such factors as hardship, number of applications filed for added acres, existing allotment, and the amount of the allotment reduction from 1961.

The "bonus" will boost the total acreage available for planting in the 23 PCG counties to 2,396,816 acres as compared the 1961 total of 2,442,627 acres.

The "bonus" acreage for area counties include:

COUNTY	ACRES
Bailey	2,690
Borden	294
Briscoe	800
Castro	2,445
Cochran	1,975
Crosby	2,145
Dawson	2,048

### Burglary--

by the men already on the roof. However, just as he started up he heard a shout from Edwards and Gene Phillips who had been watching from the south side of the building, that a man had jumped from the awning. Van Leiw spotted the man running down the alley located across the street and east. He fired two warning shots in the air and ran after the suspect who was caught without further difficulty.

Not knowing that another man lay concealed on the awning of the store the officers then took the suspect, later identified as Fred Junior Shockley of Odessa, a 37 year old ex-conv with three prison terms already to his credit, and put him in jail. Heath, who had arrested Shockley in 1955 on a robbery account for which he was sent to the pen, put out a somewhat tricky question, asking the thug "what happened to the fellow that was with you?", as Edwards had revealed the fact that Shockley had been in the Pharmacy earlier with a companion. Shockley, evidently without thinking, answered, "I don't know, I guess he jumped off when I did."

Learning that another suspect was definitely involved, the officers hurried back to the pharmacy. Gene Phillips saw the second suspect under the neon sign located above the store awning. At this Van Leiw again went up the ladder where he spotted various burglar tools on top of the building toward the back at the front, a .45 calibre revolver dropped by one of the suspects while crawling over the store front. The second suspect jumped to the ground in front of the store and was immediately grounded by Pal the german shepherd which is being trained by Van Leiw for just such occasions. After the animal was given the command to sit and the group thought the second suspect was in a submissive state, he broke and ran toward the school house. Despite warning shots by both Heath and Van Leiw and despite the fact that Heath managed to inflict a gun shot wound "probably in his leg" the second suspect, tentively identified as Eugene Roberts of Lubbock, kept running and managed to elude his pursuers.

Van Leiw's dog still obeying the previous command to sit, did not pursue the fleeing suspect, but later found where the wounded man had been lying near the Plains elementary school and had left a large amount of blood stains.

At about 4 a.m. Mrs. E. S. Bandy reports that she heard a car drive off not dreaming that it was their automobile. Evidently, the wounded Roberts made off to parts unknown in the car stolen out of the Bandy driveway.

Opinion was that the thieves were after the narcotics supply in the pharmacy as they are believed to be part of an organized ring of hoodlums who specialized in the dope traffic. Heath stated that in his opinion a series of such robberies was probably averted by foiling this particular attempt.

An all points pick up is now out on both Roberts and the Bandy's car.

### C of C Banquet Set

Chamber of Commerce officials announced today that the Annual Chamber Banquet has been scheduled for Friday, June 8 and is set to begin at 8 p.m.

A good program with an outstanding speaker is promised for all who attend the annual event.

Tickets are now on sale by the various members of the Chamber and price has been set at \$2.00 per ticket.

Highlight of the program will be when the Plains-Man-Of-The-Year is named at the banquet. A special committee was appointed by Frank Whitlock, president of Plains Chamber of Commerce, to select the outstanding citizen for this year. Selection made by the committee will be kept secret until that night.

### Rodeo--

be turned in by no later than 2 p.m. July 28.

Any clubs or organizations wishing to sponsor queen candidates this year are urged to contact Marcene Phillips who is this year's chaperone for all the various candidates.
