Number 42

Somehoist the windows, gasp  
for air,  
While others find it chilly.  
Some turn up thermostats a  
hair,  
While others think them silly.  
Some like it cold, some like  
it hot,  
Some freeze while others  
smother.  
And by some fiendish, fatal  
plot,  
They marry one another.

The town grouch was com-  
plaining about the short dresses  
being worn by young girls in  
his town. "What would people  
say," he asked the banker  
"If it was your wife who was  
gallivantin' around in shorts?"  
"I imagine they'd say," sighed  
the banker, "That I married  
her for her money."

I notice from the paper  
that during the session of the  
U. S. Supreme Court that is  
about to begin that the dock-  
et shows at least two more  
cases will be heard this year  
in connection with prayer and  
other religious observances  
that take place in some of our  
schools across the country.

To some of the individuals  
who said that the New York  
case that caused such a furor  
a few months ago was just an  
isolated case, this must come  
as something of a surprise.

A certain minister in New  
York City, just after the ver-  
dict had been handed down,  
put a message on the lighted  
sign on the lawn of the church  
saying, "Congratulations Mr.  
Kruschev."

Certainly these new cases  
that must be decided by the  
Court have some mighty far-  
reaching implications. One  
of them is concerned with the  
reading of the Bible in school.  
The other is concerned with  
the use of the Lord's Prayer.

I remember in one of the  
Gospels in the New Testament  
that the highest court of the  
land ordered two first-century  
Christians to stop preaching  
because it was offending one  
group of people.

Their answer was that they  
could do none else than preach  
because of a certain deep con-  
viction.

I certainly hope 20th Cen-  
tury Christians can be as stal-  
wart, and it will look as if  
they may be called on to be.

This would be an entirely  
different matter if anyone's  
religious freedom was actually  
being denied them. But the  
Court didn't make its ruling  
on the basis of an inequality  
of religious freedom, but on  
the clause in the Constitution  
dealing with the establishment  
of religion.

Other cases that rumors  
have it are going to be also  
brought before the Court soon  
have to do with such things  
as doing away with the motto,  
"In God We Trust," on our  
money and several other items  
of a like nature.

If the Court rules in the  
same spirit that it did in the  
New York case, congratula-  
tions to "Mr. K." will most  
certainly be in order. When  
we do away with religion as a  
way of life (Public Life) in  
our country, we've taken a  
giant step forward toward  
Atheistic Communism.

## First Aid Course Announced

Bill Hennington, Chief of  
Plains Volunteer Fire Depart-  
ment, announced this week  
that a special First Aid course  
will be given starting next  
week.

The training course is to  
be held for four or five times  
in the Plains High School's  
Science room.

Time set for the sessions  
is 7:30p. m. on each Monday  
evening for five weeks.

All persons interested are  
invited to attend the course,  
to be given by Plains physician  
Dr. Clyde Lynn, and members  
of the local fire department  
are urged to make a special  
effort to be present.

NEW UNIFORMS -- Twirlers  
with the Cowboy Band tried  
out their new uniforms last  
week at the Sudan game.

Twirlers are, left to right  
Betty Hamm, Tonya Rand-  
olph, Carolyn Warren, Jana  
Warren, Ann Lattimore, and  
Mary Johnson.

## Hospital Contract Awarded To DC Firm

The Honorable Commis-  
sioners' Court of Yoakum Co.  
met in regular session with  
the following members pres-  
ent:

County Judge, Don Han-  
cock, presiding; Vance Brown,  
commissioner, Precinct #1;  
H. C. Cotton, Commissioner,  
Precinct #2; Raymond Bookout  
of Precinct #3; and Mrs. Paul  
Loe of Precinct #4.

Also present was J. W. O.  
Allredge, county clerk.

Minutes of the September  
meetings of the court were  
read and ordered approved.

Most important business of  
the day was the acceptance of  
a bid of \$300,181.00 made  
by Gene Kinder of Denver  
City for construction of the  
specified addition to the unit,  
in that city of Yoakum Co.  
Hospital. Kinder also includ-  
ed in his bid the remodeling  
of the present facilities.

Motion was made by Brown  
and seconded by Cotton that  
Kinder's bid be accepted.

It was later reported by  
Hancock that the construction  
is set to begin in 30 days and  
that completion is slated for  
11 months after work is begun.

The bid above is in addition  
to the amount already accept-  
ed in bid form for the X-Ray  
equipment.

X-Ray and allied equipment  
will be in addition to the total  
amount of warrants issued as  
per the recent hospital bond  
election.

## Dirt Gardeners Flower Show

"World's Fair Notes" will  
be the theme for the Plains  
Dirt Gardeners' Fifth Annual  
Flower Show.

The annual event is slated  
to be held Saturday, October  
13, from 8 to 5 p. m. in the  
Plains School Cafeteria.

General public interest has  
been very good in years past  
and a special invitation has  
been extended by the club to  
all interested persons to attend  
this year's show.

Members of the C. W. F. of  
First Christian Church, Plains  
has announced that it will,  
on October 20, hold its annu-  
al rummage sale.

It will be held on the lawn  
of the old Courthouse.

## Ex-Students Tell HC Plans

Officers of the Plains High  
School Ex-Students' Assn.  
after having two different  
meetings, have announced  
that plans are now definitely  
taking shape for the home-  
coming activities slated for  
November 2, when the Plains  
Cowboys meet the Seagraves  
Eagles in what promises to be  
one of the most thrilling ball  
games of the season.

Earlier this year, Plains  
School officials named this as  
the date for homecoming for  
this year, a somewhat later  
date than has been the case  
in previous years.

Ex-Student officers for this  
year are Shirley Curry, presi-  
dent; Clyde Goke, Vice-  
president; Joan Young, sec.;  
Cordell Huddleston, treasurer;  
and Martha Palmer, reporter.

Activities this year as they  
are now planned will include  
the bonfire on Thursday night  
which will begin at 8 p. m.  
and a second pep-rally that  
will take place on Friday  
in the school auditorium at  
3 p. m.

## Weather Report

Report of weather condi-  
tions for the past week in  
Plains is as follows:

	Max	Min

riod measured just .43 inches.

## G A Y Meets Oct 18

G. A. Y. Association will  
have its annual meeting on  
October 18, at First Baptist  
Church in Seagraves.

There will be two sessions.  
The first is set to convene  
from 10 a. m. to 2 p. m., and  
the second from 7 p. m.

There also will be another  
get-together after the ball-  
game on Friday night at the  
Baptist Church. This is for  
all young people in Plains.

You are invited to drop in  
and talk over the game, have  
some refreshments, and fel-  
lowship together. A good  
time will be had by all.

## Cowboys Sting Hornets 28-0 Cowboys To Meet Farwell

The high-flying Plains  
Cowboys are slated to meet,  
the always tough, Farwell  
Steers in Cowboy Stadium on  
Friday night at 8 p. m.

Steerweights run about the  
same as the Cowboys in the  
line, but are somewhat heav-  
ier in the backfield, espe-  
cially where their 6'4" QB is  
concerned.

Defensively, the Cowboys  
can most probably expect the  
Steers to attempt their passing  
attack a great deal, although  
QB Lovelace can run real well  
too.

All in All, Friday night's  
game should be the toughest  
yet played by the Cowboys,  
with the possible exception of  
Crane, who was a little tough-  
er on defense than Farwell.

Plains football fans were  
treated to a pretty one-sided  
contest here last Friday night  
when the Cowboys met the  
Sudan Hornets.

The Plains squad was not  
quite up to its usual form in  
the first half, in which they  
scored only six points. They,  
after the break at half-time  
though, came back loaded for  
bear and scored 22 additional  
points.

Final score in the lopsided  
dual rounded out at 28-0,  
with the Cowboys carrying the  
mail all the way.

Plains gained 317 yards in  
their ground attack, and 87  
passing, while Sudan managed  
only 113 rushing and six in the  
air.

Of the 317 yards gained by  
Plains in their rushing plays,  
"Old Faithful", Ronnie Hen-  
dricks, gained 162 yards.

Roland Faries was picked  
as Outstanding Defensive Play-  
er of the Week and, always  
dependable, Dennis Hickman  
was chosen as Outstanding Of-  
fensive Player of the Week.

Scoring plays for the Cow-  
boys happened like this. In  
the second quarter, Jimmy  
Harris romped 11 yards for the  
first Plains TD. In the third  
period, Hendricks charged over  
for six standing up and then  
boosted the Plains score to 14  
by adding the two extra points.

Also in the same period,  
J. B. Wilson, plunged over  
from the one on a quarterback  
sneak for a touchdown and try  
for extra points failed.

Then in the final period of  
play, the lineman's dream  
came true took place. Fred  
Blount, who plays guard, in-  
tercepted a Sudan pass on  
their 45 yard line and ran it  
for the distance for six. Olan  
Smith totaled the score by  
skirting around end for two,  
the last two, points.

## Plains Band Numbers 71

To acquaint you, the com-  
munity of Plains, with the  
Cowboy Band, this paper is  
publishing the first of a series  
of articles to help you under-  
stand the purposes and activi-  
ties of our band.

There are 71 members in  
the band, making it one of  
the largest in Plains history.  
This is to the band's advan-  
tage as it not only betters its  
prospects but has, it is re-  
ported strengthened the spirit of  
the group.

The band participates in  
three contests each year, that  
include marching, inspection  
and concert. Instead of win-  
ning places the bands are given  
ratings; meaning that more  
than one band in each dis-  
trict can win a first.

Band members have ex-  
pressed their thanks to the new  
Band Boosters organization,  
which purchased the new Aida  
trumpets.

In two weeks, the band  
will begin working on the con-  
test show they will give at  
Seagraves on Vob

Seagraves on November 13,  
and again when they travel to  
Marching Contest at Jones'  
Stadium in Lubbock on Nov-  
ember 20.

The band has expressed the  
hope that it will have the sup-  
port and good will that are  
needed if they are to do their  
very best.

## Sugar Beet Meet Attendance Good

100 farmers represented a  
really good turnout for the  
Yoakum - Gaines Sugar Beet  
Association's meeting in Den-  
ver City on Tuesday of this  
week.

A great deal of enthusiasm  
was reported to have been evi-  
dent at the meeting at which,  
John Nance, president of the  
group gave a report on his and  
H. W. Taunton's recent trip  
and conference in Washing-  
ton, D. C.

They met there with a con-  
gressional group concerning  
possibilities of getting a sugar  
beet allotment for this area,  
Gaines and Yoakum Counties.

It was decided at the meet-  
ing that the membership for  
the group would be limited to  
not more than 300 grower  
members, whose dues have  
been set at \$30 each per year.

It was pointed out also,  
that associate memberships  
are also available for non-  
grower members. It is felt  
that every person in each of  
the two counties should be  
concerned about getting this  
allotment for our area so as  
to increase the income poten-  
tial of the area.

It was also pointed out that  
the Sugar Beet companies will  
work very closely with the  
association, as has been their  
practice in other areas.

Anyone wishing to become  
a member or associate mem-  
ber of the group should get in  
touch with any local director,  
or by writing to Box 1118 in  
Seminole.

## Property Taxes Are Now Due

Here it is taxpaying time  
again.

Each of the three tax-gath-  
ering institutions of Plains  
and Yoakum County, have  
completed sending out their  
tax statements and taxes to  
each of three agencies, City  
of Plains, Plains Independent  
School District and Yoakum  
County (along with state taxes  
and poll taxes) are now, as of  
October 1, due and payable.

In the case of State taxes,  
and City taxes, a three per-  
cent discount may be gotten  
by paying during the month  
of October; two percent applies  
through November; and one  
percent in December.

As for school taxes, one  
percent may be obtained by  
paying in October, but after  
that time no discount is allo-  
wed.

Taxable value on which  
State and County taxes will  
be computed this year is set  
at \$58,508,115.00.

## Grid Contest Winners Named

This week's football contest  
was a close one, in that six  
entrants all tied for first place  
by missing only two winners.

First three places had to be  
decided then by using nothing  
but the tie-breaker score.

Wilson Duke won first and  
\$5, only missing the score by  
seven points; second place to  
Dennis Hickman, \$3; and to  
Rip Sewell \$2 for third.

More interest is being shown  
each week in the contest, and  
someone is winning the money  
every week.

Just fill in your name, cir-  
cle the team you pick as the  
winner in each of the 20 games  
listed and jot down your guess  
on the tie-breaker score.

School taxable valuation  
is reported at \$28,589,965.,  
while City of Plains has its  
valuation set at \$4,479,14 for  
personal property and for real  
estate the figure is \$22,331.21.

## Field Family Is Honored

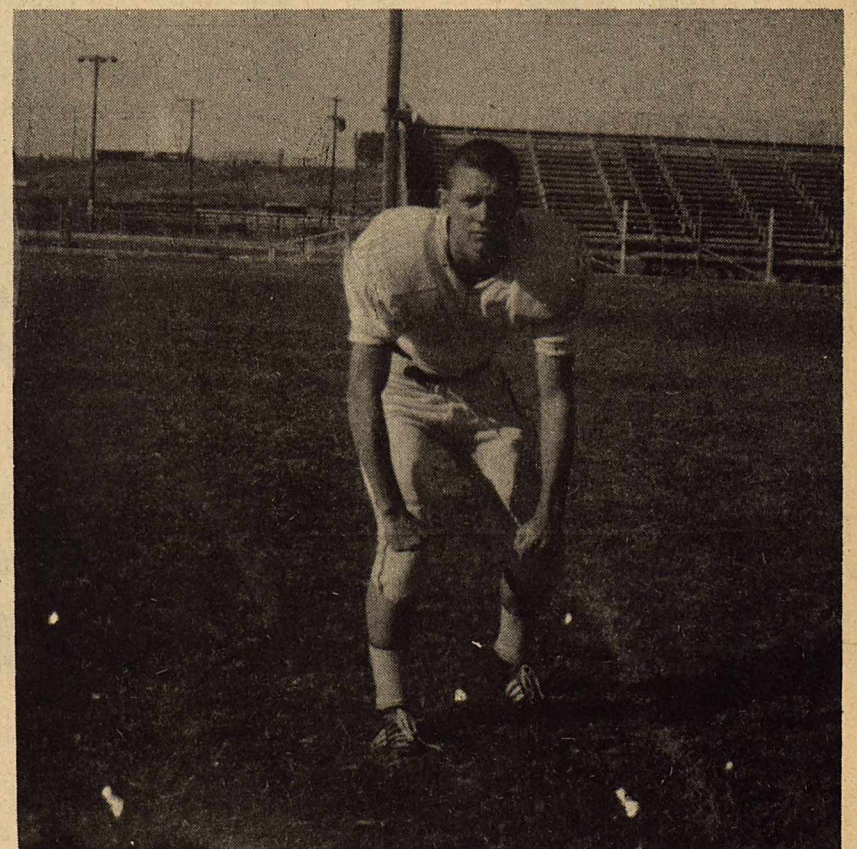

Mr. and Mrs. R. K. Field  
and their two children, Sarah  
K. and Robert, were singly  
honored this week, in that  
they were named "The Meth-  
odist Family of the Year."

Presentation was made to  
the Field's on Sunday morn-  
ing during the worship hour at  
Plains Methodist Church.

The honor, which is for  
the entire Brownfield district,  
also has a national sequel that  
is awarded in November in  
Chicago.

## Young Farmers Elect Officers

Yoakum County Young Farmers met on October 8 in the Vocational Agriculture classroom of Plains Schools.

An explanation of the set-up of the State Association was given by D. V. Phipps, Truman Hayes and Bill Gray of Welch. Phipps is State VP from Area II.

Area II President, Johnny Grissom and Tommy Barron presented ideas from the operation of the Lamesa chapter.

General operation of a Young Farmers Chapter was explained by Area II Supervisor, Hulian Harris of Big Spring.

This very informative program was followed by a business session for the purpose of electing officers.

Elected as president was Jim Barron. Other officers, elected by the group include Vice-president, Milton Capps; secretary, Jack Cobb; treasurer, Joe Cobb; Reporter, Roy McGehee; program chairman, Lanny Smith.

Chairmen and Committees were also appointed for membership, recreation and refreshments. Dues were set at \$5.

Second Monday of each month was selected as the regular meeting night.

**COMMENT:** North made a wise decision when she figured West for the four clubs to the Jack and was lucky when West also held the king of spades. Otherwise, the hand was easy to play. The jump bid to 6 no trump by South was the easiest way to reach the slam since South had no good suit to bid.

Opening lead: Five of diamonds. North wins the first trick with the king of diamonds, then leads low to the ace of clubs. North then returns a small club and wins with the ten, and then leads to the queen of club in the dummy. North then finesses West's king and when it worked, North had no more worries. A lead to the diamond ace in the dummy by North and a return of a spade gave North the 12 needed tricks, losing only one diamond.

## Distress Signals Told

Have you ever been in distress beside the roadway with a flat tire, out of gas or any of the other many things that seem to plague us as motorists on our highways?

"Forty-six states including Texas, have adopted uniform distress signals to be used by motorists in trouble. The problem now is to educate the public to their meaning and use," Major Harry Hutchison, Commander of Region #5 of the Department of Public Safety said today.

In an emergency on freeways, whenever possible, drivers should stop their cars on the right hand shoulder well away from the thru traffic.

At night the tail lights and interior lights of the stopped vehicle should be turned on. If the vehicle is equipped with a turn signal indicator having an "emergency" switch, it should be turned on so that both the right and left turn signals will flash together.

Where a disabled vehicle is stopped in such a position that part or all of a traffic lane is occupied, portable warning devices should be placed to the rear of the stopped vehicle to notify oncoming drivers of the hazard.

Whenever help is needed, a white cloth or handkerchief should be displayed from the stopped vehicle so that it can readily be seen from other vehicles on the highway. For example, the white cloth may be hung from the window next to the driver's seat so that it is conspicuous to passing motorists. In addition, when it is practical, the hood of the car should be raised.

While waiting for help, motorists should remain within their cars or nearby in a safe position off the traveled road. They should not stand or walk in or near traffic lanes, or leave their cars unattended.

After observing a distress signal, passing motorist should notify the nearest police, highway or automotive service official at the first opportunity and give the location of the motorist in need of help.

"If all motorists will remember and use these rules," Major Hutchison said, "much of the safety hazard now existing will be eliminated. Too many people are being killed or injured in Texas because they don't know what to do when they get into trouble out on the highway," he concluded.

## SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

New conservation plans were completed on the B. F. Lowrey, Leland Ellison, I. L. Smith farms and revised plans on the L. C. Heath, L. O. Smith and J. P. White farms this last week.

Several Great Plains contracts have been revised. N. R. Newman, R. N. McGinty, O. H. Moore and Mrs. J. V. Beene plans are a few that were revised.

Cover crops are really growing and looking good. Hundreds of acres of cover crops are up now and will provide good cover next spring. Some cover crops that look good are on the following places: Bob Loe, Dickey Green, I. L. Smith, Mrs. N. C. Clannahan and Mrs. Earl Bryson.

Some outstanding examples of grass growing can be seen now. Ty Field has several hundred acres where he sprayed shin-oak and deferred grazing that look real good.

There are hundreds of acres that were rested throughout the growing season that really have made a good recovery. Bob Loe, Mrs. Earl Bryson, Olen Cox, C. B. Poindexter, C. A. Stewart and many others have a pasture of native grasses that has improved this summer and will provide a good home for cattle this winter.

The story of cowpeas and other soil building crops is getting around. Fruit Jones has a real story to tell and to show. His program of soil improvement and care is one that needs to be told and practiced more and more.

PET . . . or shoes? Deanne Martin tells this Florida alligator he better behave, or maybe he'll find himself being made into a pair of shoes and purse.

## Band Boosters Buy Trumpets

Plains Band Boosters met in the Plains School Library on Tuesday night, as they do on the second Tuesday of each month.

At the first meeting, held in September, it was voted to buy six Aida trumpets to improve the band. In order to raise the money to pay for them, the Boosters are in the process of selling a Community Birthday Calendar.

Members of the Boosters will be calling on local merchants and individuals in connection with advertising and signatures on the calendar. Cost is set at \$1.25 per listing, or three dollars maximum cost. We feel sure, it was stated, that all area citizens will enjoy having a Band Calendar in their homes or in their places of business.

## Rushees Attend Model Meet

A Model Meeting was held for the rushees of Epsilon Sigma Alpha Sorority, at the home of Elsie Carpenter on October 2, with president, Jean Craft, presiding.

The band will enter a Marching Contest on November 13 at Seagraves. It will be a night contest.

November 20, they will be entered in an interscholastic League in Marching at Jones Stadium in Lubbock.

This will be in the afternoon, and the wish that many local supporters might be able to attend was expressed.

### LOCALS

Joe Cobb was in Friona on business on Thursday.

Mrs. O. G. Lewis and Mrs. John Fitzgerald were in Denver City on business this week.

Officers explained the duties of their offices and each committee chairman gave his duties.

Margaret Taylor introduced the program which consisted of Melba Duke giving "our many selves," and Jeanne Stroup spoke on "Personality."

Refreshments of pumpkin pie with whipped cream, coffee and cokes were served to 15 members.

## THEY'RE EXCITING FOR '63!

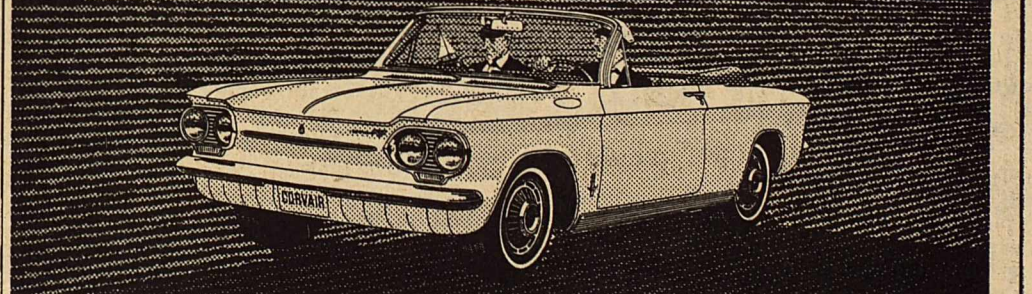

See four entirely different kinds of Chevrolets at your Chevrolet dealer's One-Stop Shopping Center

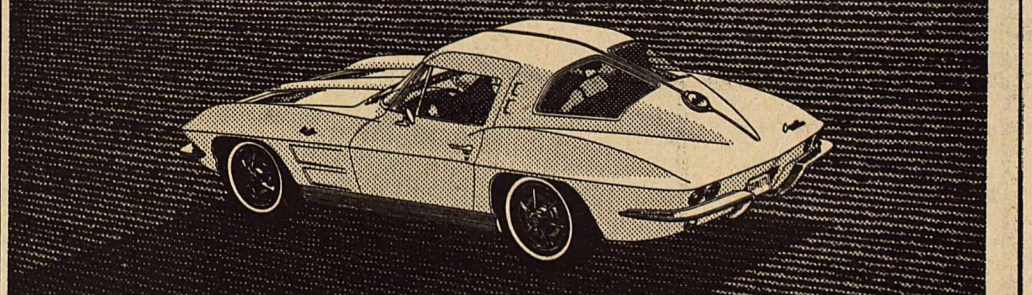

GO JET-SMOOTH CHEVROLET for luxury and all the new ways it saves money—with a brand-new 6, battery-saving Delcotron generator, rust-resisting flush-and-dry rocker panels, self-adjusting brakes. This is the Impala Sport Sedan.

GO CHEVY II to give your budget an even bigger break. It has a family-size Body by Fisher, a choice of thrifty 4- or 6-cylinder engines and the same lower upkeep features as the Jet-smooth Chevrolet. That's the Nova 4-Door Sedan above. Nice?

GO CORVAIR for the new self-adjusting brakes, more fully aluminized muffler, refined interiors and trim and new taillight rings that make this beauty even more fun. Aside from these changes, we haven't touched this Monza Convertible at all.

GO NEW CORVETTE STING RAY for two exciting new versions of America's only all-out sports car—a sleek Convertible or that daring new Sport Coupe above. Both have new independent 4-wheel suspension. Only problem: deciding which.

It's Chevy Showtime '63! See four entirely different kinds of cars at your Chevrolet dealer's Showroom.

Rev. ROBERT H. HARPER  
A NEW WORLD

REFERRING to the discovery by Columbus of a new world and the kindling of thoughts that shook mankind, we may be reminded that we are living in a new world now.

We can see changes on every side among the things that we have known from childhood. Who would have thought a few years ago that the time would soon come when he would no longer hear the scream of a great steam locomotive? Yet now the diesels are pulling all the trains.

**JUST A THOUGHT:**

Isn't it true that so often our first impression of an individual turns out to be everything but the truth? We cannot judge others merely by the way they walk and talk. It is only after we get to know them, only after we observe their actions and reactions that we can really form a worthwhile opinion.

As it is with the familiar things about us, so has it been among the nations and throughout the world at large. There was a time of colonization and empire-building in the past. But that time is rapidly passing and empires are being resolved into their elements. And the disturbing thought is that we seem unable to figure how and when it all will end with new groupings of nations and new and more horrible ways of making war.

Still "the captains and the kings depart, the tumult and the shouting dies. Still stands the ancient sacrifice, a humble and contrite heart." Let us believe that Kipling was right and that the cross that was lifted on a lonely hill will yet vanquish all the evil forces of the world.

Visiting Mrs. Nora McKee Sunday were her son and his wife, Mr. and Mrs. Dorsey McKee of Hobbs.

**Gibson Qualifies As Expert**

Army Sgt. Lynual H. Gibson, son of Mr. and Mrs. Ben Q. Gibson of Plains, recently qualified as expert in firing the M-14 rifle in Mainz, Germany, where he is a member of the 8th Infantry Division.

Sgt. Gibson, a rifle squad team leader in Company E of the division's 504th Infantry, entered the Army in March, 1958, and was last stationed at Fort Campbell, Ky.

The 21-year old soldier attended Midland High School.

**Miss Chisholm is 'Big Sister'**

**Tsa Mo Ga Holds Travelogue**

Members of Tsa Mo Ga club held a travelogue for their own entertainment Monday at the club house.

Roll call was answered by telling about the most interesting place ever visited.

Mrs. Ty Field told of the theme of the Seattle World's Fair. She said that the exhibits were done to suggest the interdependence of the various branches of science and technology in creating the environment of man in the next century, and the threat suspended over the threshold of the future is man's inhumanity to man, the one thing which might prevent him staking his claim in tomorrow.

Mrs. Ruth O'Neil told of her vacation to the northwest and of her trip to the fair.

Mr. and Mrs. Doc McCargo are visiting in San Antonio this week.

Mrs. A. B. Carpenter presented slides of the fair, and of her trip to Alaska. H

of her trip to Alaska. She did a commentary of the films as she showed them.

Mrs. Gus Malmstom, program chairman, directed the club on an imaginary trip to Hawaii, where 12 youngsters did a hula skit. Those taking part in the skit were Debbie Chadwick, Karen, Beth Ann and Robbie Hale, Connie and Sue Brown, D'Linda and Pamela Loyd, Kim Hancock, Gay and Kay Swann and Jan Hanna, all of whom are daughters of club members.

Eight new members were voted in by the club. They are Mesdames Dickie Green, Dick Hamm, T. J. Bearden, Charles Gentry, Frank Whitlock, Bert Bartlett, Polly Rushing, and W. T. Driver.

Hostesses for the meeting were Mrs. Ruth O'Neil and Mrs. Norelle Sloan.

The next meeting of the club will be October 20 when the program will be on Americanism. Members will answer roll call with name of their favorite American hero.

The Metropolitan Opera House opened in New York City, October 22, 1883. The Erie Canal, between Utica and Rome, New York, opened, October 23, 1819. The British broke the Axis line at El Alamein, October 23, 1942. Benjamin Franklin advocated crop insurance, October 24, 1788. Nationwide 40-hour wage law became effective, October 24, 1938. October 25 saw the birth of Johann Strauss (1825); Admiral Richard E. Byrd (1888) and Floyd Bennett (1890).

From Garnet Hill, Seagoville, Texas: I remember well 'the good old days' when we would fall out of bed at 4:00 A.M. and feed the livestock, eat breakfast and be in the cotton patch before daylight. Then we would sit and wait for daylight to come and sometimes even later for the dew to dry off. To this day, I have never understood why we had to get to the field so early.

I also remember when it was considered sin for women to smoke cigarettes, although many old women regularly smoked a pipe.

Other things I remember are: When boys wore BVD's, little girls' bloomers, and girl basketball players togged out in long black bloomers.

When the well-dressed young man wore a striped silk shirt and always carried a silk handkerchief.

Getting out of the car so the filling station man could fill the gas tank under the seat of the old Model T.

The ice man coming every other day, and buying a nickel's worth to use in our tea.

Emptying the drain pan from under the ice box.

SOIL BUILDERS--Truitt Jones who farms northeast of Plains is shown in a field of peas, a portion of the over 400 acres that he has planted to peas this year.

SCS officials have estimated that the crop will yield some nine tons per acre of bulk. Despite several attempts, the seed experts have not as yet determined what kind of peas they are. Jones said, "I re-

ally don't care as long as they keep building my soil as they did last year." He also stated that he would have at least a limited number of the seed for sale this year.

"... I gave the name San Salvador, in commemoration of His Divine Majesty, who has wonderfully granted all this."  
—Christopher Columbus

The restless urge to discover new lands took Christopher Columbus over a large part of the world and in October, 1492 brought him to a remote island in the Bahamas—the New World!

Today, as man sets his sights on the conquest of "space," we watch, most of us, with interest, yet not with an attitude of surprise at new developments.

We are accustomed to new discoveries. Perhaps we are too accustomed, too indifferent. In this modern age, when we need faith and belief in God more than we really know, not enough of us take the time to become "discoverers"—to find the wonders, the glory, the peace and contentment possible through a complete Christian way of life.

Every time we give a little more time to God and to Christian works we discover more and more of the goodness of life.

**WHAT TO EXPECT AT 65 ON YOUR COST OF FOOD**

FOOD will normally take about one-third of your retirement income. No other single item in your budget will take as much.

Along with your housing and the climate you had better have a look at it.

A healthy couple at 65 might have an appetite that ranges from Irish stew to sirloin, which would make considerable difference in the food bill. But most people nowadays don't eat food just to exist, they eat to enjoy. On the average, the couple with a \$240-a-month income would spend about \$20 a week.

What will \$20 buy—where? In a tour through the retirement states I have tried to analyze prices and pin down some comparative figures. This is what I have found: Food prices vary very little from north to south or from east to west. Meat may be a few cents less per pound, canned and packaged foods a few cents more. But the \$20 bag of groceries will be about the same bag you carry out of a supermarket in any part of the U.S. Certain foods will be quite cheap, such as fresh vegetables—if truck farms cluster about the town—or some meats if a packing house is near. Others will be very expensive, for no apparent reason. Things balance out pretty well on a \$20 shopping trip: Supermarkets in the retirement states are as fine or finer than those in the north. They nestle in shopping centers just as large. Most retired couples buy all they eat. Despite the long growing season, fair soil and good weather, few of them bother with a vegetable garden. Very few bother to travel through the countryside to buy

up foods a farmer might sell cheaply. Daily trips to the market appear to be one of their enjoyable chores.

A couple in Louisiana explained that food prices had been a shock to them when they moved down from Pennsylvania. "Labor costs are less, both in erecting the store and tending the counter," they said. "Also you would expect Southern towns would be nearer the sources of food supply. But we are paying as much for food as we paid back home."

Said a retired man in South Carolina: "No, I don't have a garden. The food stores have made us too civilized before we retired, what with refrigerated counters, plastic wrappings and everything washed and clean. Anything out of a back-yard garden, except maybe for a prize tomato once in a while, hardly seems fit to eat any more."

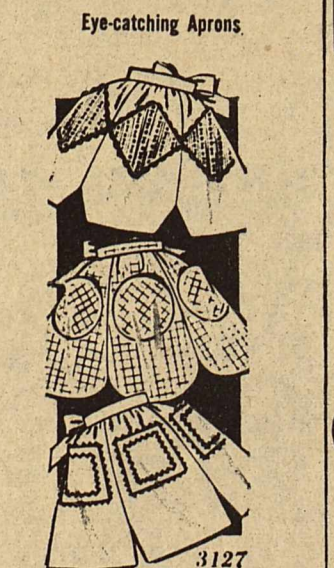

Don't let this report on food keep you from heading South when you retire if the South is what you want. Housing is cheaper and so are most of the services you buy, especially in the smaller towns. Heating and clothing costs will be less. On the whole you'll fare well enough.

But you may want to do a couple of things—subscribe to the daily paper in the town where you want to go, clip out the food ads and compare them with your local prices; then de-civilize yourself enough to plant at least a small vegetable garden.

Above all don't skimp on the food you need, as some couples whose incomes begin to fade have done. Live in a tent and wear overalls. But eat well.
