THANKS ED

Every once in awhile, it seems to me that we have the tendency to get kind of sour in our attitude about our fellow man.

Quite true, I guess, most any community has its share of those individuals, gossips, those that try it seems to find something to criticize, and others who keep life from being all that it could be.

Every once in awhile though something happens, is done, that causes us to stop and to realize that people are just pretty fine.

I heard of one such instance that happened here in Plains just this week.

I know the individual who was responsible for the act would be embarrassed if I were to mention his name, in fact, I'm sure he'll be real surprised that I even know about it.

Three people, a man, whose wife was very recently taken in death, and his two children, aged 10 years and 6 months, were seen just on the west edge of Plains trying to hitch a ride.

After being asked their destination, it was learned that they were trying to get to California, so that the man's mother and father can help him take care of the two children.

Bus tickets for the three were purchased by the man in our story, who refused to give the trio his name or his address so that the money he spent on the tickets could be sent back to him.

This, to my thinking, is Christian Charity with a capital C.

I personally want to thank the man responsible here in the column. It sure helps to be reminded just how fine folks really are.

When signing an executive order prohibiting discrimination in housing built or bought with government assistance, President Kennedy declared, "It is neither proper nor equitable that Americans should be denied the benefits of housing owned by the Federal Government or financed through the Federal assistance on the basis of their race, color, creed or national origin."

That Federal Aid, just as any other kind of Federal Aid, meant government control.

If we want the same kind of control and interference in our schools, then let's get a real good program of Aid to Education started.

If we want the Fed's telling our doctors what it's alright to do for sick folks, let's just sit back and let that group of people - planners (with egg-shaped heads) ram Medicare through the Congress this session.

The fact that Federal Aid means Federal control could not possibly be made any more clear than by the above quoted statement of our President.

Band Boosters Plan Chili Supper

Members of the Plains Band Boosters Association have announced their intention to, during the open house that is to be held in Plains Public Schools during Texas School Week, to have a chili supper in the School Cafeteria.

Further details, including time serving will begin, prices, etc. will be announced later.

LUCKY WINNER-- Mrs. J. E. Cooke was the lucky winner of the \$38 given away Saturday at the Appreciation Day drawing held of the south side of the old court house. There will be another drawing this Saturday with a possible \$91 going to some lucky person.

Economist Looks At Farm Prospects

The outlook for the year ahead indicates relatively small changes in farm product prices, production and marketings, says John McHaney, extension economist. Total net income of farm operators is expected to be near the levels of the past two years. The decline will continue, he adds, in both farm population and farm numbers. Thus, the average per capita income of farm people from all sources and per farm income, at a record high in '62 will continue to rise in '63.

Present indications point to a small increase in farm output compared with the past three years but will depend upon growing conditions and the impact of 1963 programs dealing with acreage and production. Livestock production is expected to continue upward but crop output is expected to change very little. A gradually expanding domestic market absorbed a

record quantity of farm products in 1962 and is expected to continue in the year ahead. As for prices, McHaney sees little change in those for crops but the increase in livestock plus a relatively stable domestic demand could result in slightly lower prices. The prices paid for production items by farmers is expected to continue their steady rise and the cost-price squeeze will continue.

Credit Union Drawing

Members and prospective members of the Yoakum County Federal Credit Union are reminded of the monthly cash drawing for January.

The drawing this month is to be held at Woody's Oil and Hardware at 5 p. m. on January 26.

Donkey Ball Game Feb 4

It was announced earlier this week by Lions Club officials that final plans are being rapidly completed for the donkey basketball game to be played here between the members of Plains Lions Club and the Plains Chapter of the Young Farmers.

Date set for the big game has been announced as February 4.

Further details, including the time etc. will be available soon.

Farmers Union Prexy Due

Jay Naman, President of Texas Farmers Union will meet with Yoakum County Farmers Union members January 17th, at 9 a. m. in the clubroom to start the membership drive for the county.

Name Basketball Contest Winners

A real regular winner in The Record's Basketball contest really out-did himself this week by winning first and third places in the contest.

Cordell Huddleston, who has been a real regular money winner in the contest, took both of those places this week. Second place winner was, also a real consistent winner, Johnnie Fitzgerald.

of power between urban and rural areas be upset, but there would exist a serious misproportionment between the cities themselves. Adjoining cities with populations in the thousands would often share one representative while a large city might have up to two dozen.

Therefore the resolution should be voted against. Now--YOU be the Legislator! Are you FOR or AGAINST?

Another Set Saturday Appreciation Days Off To Good Start

An estimated 200 to 250 persons were on hand on the lawn of the old Court House in Plains on Saturday afternoon for the first weekly drawing in the new Customer Appreciation Days which is now being sponsored by 16 Plains merchants.

The pot for the drawing

last week had been brought up to a total of \$188, making it possible for up to \$94 to be drawn by some lucky individual.

The very first name drawn was Mrs. J. E. Cooke, who was present, and therefore, completely eligible to win a percentage of the pot.

The percentage figure that was punched on the ticket that was drawn showed her eligible for 20 percent of the amount.

She was awarded the dollar amount nearest to the 20 percent figure or \$38.

The drawing this week is again to be held on the lawn on the south side of the old court house and the time is set each week at 4 p. m.

The total pot for this week will be \$182, making it possible for someone to win up to \$91 or 50 percent of the total pot.

District Court Set For Seagraves Tourney Cowboys Drop Tilt To DC

121st District Court met, in regular non-jury session in the Yoakum County Court House in Plains on Wednesday.

Only two cases were heard by District Judge M. C. Ledbetter.

One was a "plea of privilege" case on which no ruling has yet been given.

The other, a criminal action in which the defendant, Oden Marie Bennett, didn't request a jury trial, was also heard.

In that trial, completed on Wednesday, Mrs. Bennett was found guilty and sentenced to four years on a charge of forgery by alteration. The sentence however was probated.

A short-handed squad of Plains Cowboys had a great deal of trouble in their tilt against the Denver City Mustangs last Saturday night.

The Cowboys, short because of illness, jumped out in the lead during the first quarter of play by a margin of five points.

Final score in the game was Denver City 64 and the Cowboys 42.

Plains "B" team lost also to the Denver City B squaders by three points.

Leading up to District 5-a play, the Cowboys will take part in the Seagraves Invitational Tournament on Thursday, Friday and Saturday of this week.

A schedule bracket of the tournament can be found in this issue of The Record.

Yoakum Receives Brucellosis Certification

The Texas Animal Health Commission announced the certification of Yoakum County as a modified certified brucellosis area.

In a few days, officials said, the certificate will be received by local officials.

The Commission expressed a desire to express its appreciation to the people of Yoakum County for the splendid cooperation extended to its representatives while work, was being conducted here.

Also a request was made by the Commission that the further cooperation of the citizens of the area be extended so that the brucellosis status of the area might be maintained.

Record Begins New Feature

A new feature, which will be appearing regularly in The Record will be found in its original installment in this issue.

The series is entitled, YOU Be The Legislator, and concerns itself with items of legislation that are to be actually brought up before our State Legislature.

We feel that possibly, by using this kind of column our readers can be better informed about what is going on in our State Capitol and can read for themselves the pro and con arguments on the issues that are pending and in committees of the Legislature.

We certainly invite the comments of our readers in regard to the column, which will determine whether or not it remains a regular feature.

Tell New Postal Rules

If you are a proud parent about to announce a new birth, a mother about to send out your child's birthday invitations, a friend of a bride-to-be mailing shower invitations, or a gift recipient about to mail a thank-you note, watch out!

If you want that missive of mail to arrive at its destination, you'd better conform to new postal regulations which came into effect with the new year.

According to Plains Postmaster, Jack Hayes, here are the new limitations on sizes of envelopes, cards and self-mailers.

They must measure not less than three inches in width or 4-1/4 inches in length, and they must be rectangular in shape. In addition, envelopes more than nine inches wide or 12 inches long, or those that have a ratio of width to length of less than 1 to 1.414 (1 to the square root of 2) are not recommended.

"I mention birth announcements, birthday and shower invitations and thank-you notes specifically," said Hayes "because quite often these items are of unusually small size or of odd shapes."

Although these restrictions are minor ones, full cooperation of the public will materially assist in enabling post offices to mechanize and

economize. Envelopes, cards and self-mailers which are smaller than the minimums indicated above, or which are not rectangular in shape, are non-mailable. Post offices will not accept them for processing and delivery, explained the postmaster.

Services Held For Father

Funeral services for Mr. H. B. Roland, 86 years old, were held this week in Meade, Oklahoma.

Roland passed away on Friday, January 4, at 11 a. m. following a lengthy illness.

Survivors include three sons and one daughter, of which one son is Newton Roland of Plains.

Newton and family attended the funeral with their son Doyle, of Denver City.

NOTICE

Plains unit of the American Legion will meet on Thursday, January 17, in the local hall.

Time of the meeting has been set as 7:30 p. m. and all members are urgently requested to be present.

Sets Cemetery Association

According to Mr. M. W. Luna, President of the Yoakum County Cemetery Association, the semi-annual meeting of the association will be held on Tuesday, January 15, instead of the following Thursday as was originally planned.

The Tuesday meeting will be held at 8 p. m. in the Commissioners' Court room in the Court House in Plains.

Purpose of the meeting, it was explained, is to plan and designate the care and improvement program to be carried out in the local cemetery for the next six-months period.

It was also pointed out that the public is not only invited, but urged to attend this meeting.

CARD OF THANKS

Words seem so inadequate and can not convey the magnanimous thanks in my heart, therefore I wish to take this means of publicly thanking the many countless friends and loved ones who offered prayers in my behalf, visited me from near and far, sent greetings of encouragement, for the tremendous selection of delectable foods brought to our home for the flowers, telephone calls, gifts, to Dr. & Mrs. Lynn for their various house calls and service, to the many who gave so freely of their time to sit with me while Leonard was working and the children in school, for the consideration of Vernon Townes and of my co-workers for carrying my load for me while absent at the office and to all who helped to make my stay in bed more pleasant. May God richest blessings be yours.

Sincerely,
Ruby Heald

Great Plains Program Going Well

Conservation work really picked up with the beginning of the new year.

The Great Plains Program as a tool to carry out a Soil Conservation plan is being looked into with renewed interest.

E. E. Harbin has a contract ready for his signature. He plans to plant 80 acres of grass. Claude C. Freeman has made application for assistance from the Great Plains Program in carrying out a plan on land he now owns northeast of Denver City. Claude plans to plant grass and install underground pipe.

W. C. Patman of Meadow who owns 160 acres southwest of Plains has also made appli-

cation for a Great Plains Contract to assist him in carrying out a complete plan on his place northeast of Plains.

Several other interested land owners have inquired about the program and may take an active part later on. Some of them are C. C. Perkins, Raymond Sherrin and R. E. Bearden on some land he operates, Paul Cobb, Emmitt Cambell and Dick Hamm.

R. C. Young signed a conservation plan with the Yoakum Soil Conservation District and plans to operate the place he owns southwest of Plains to maintain and improve the land with a good conservation cropping system,

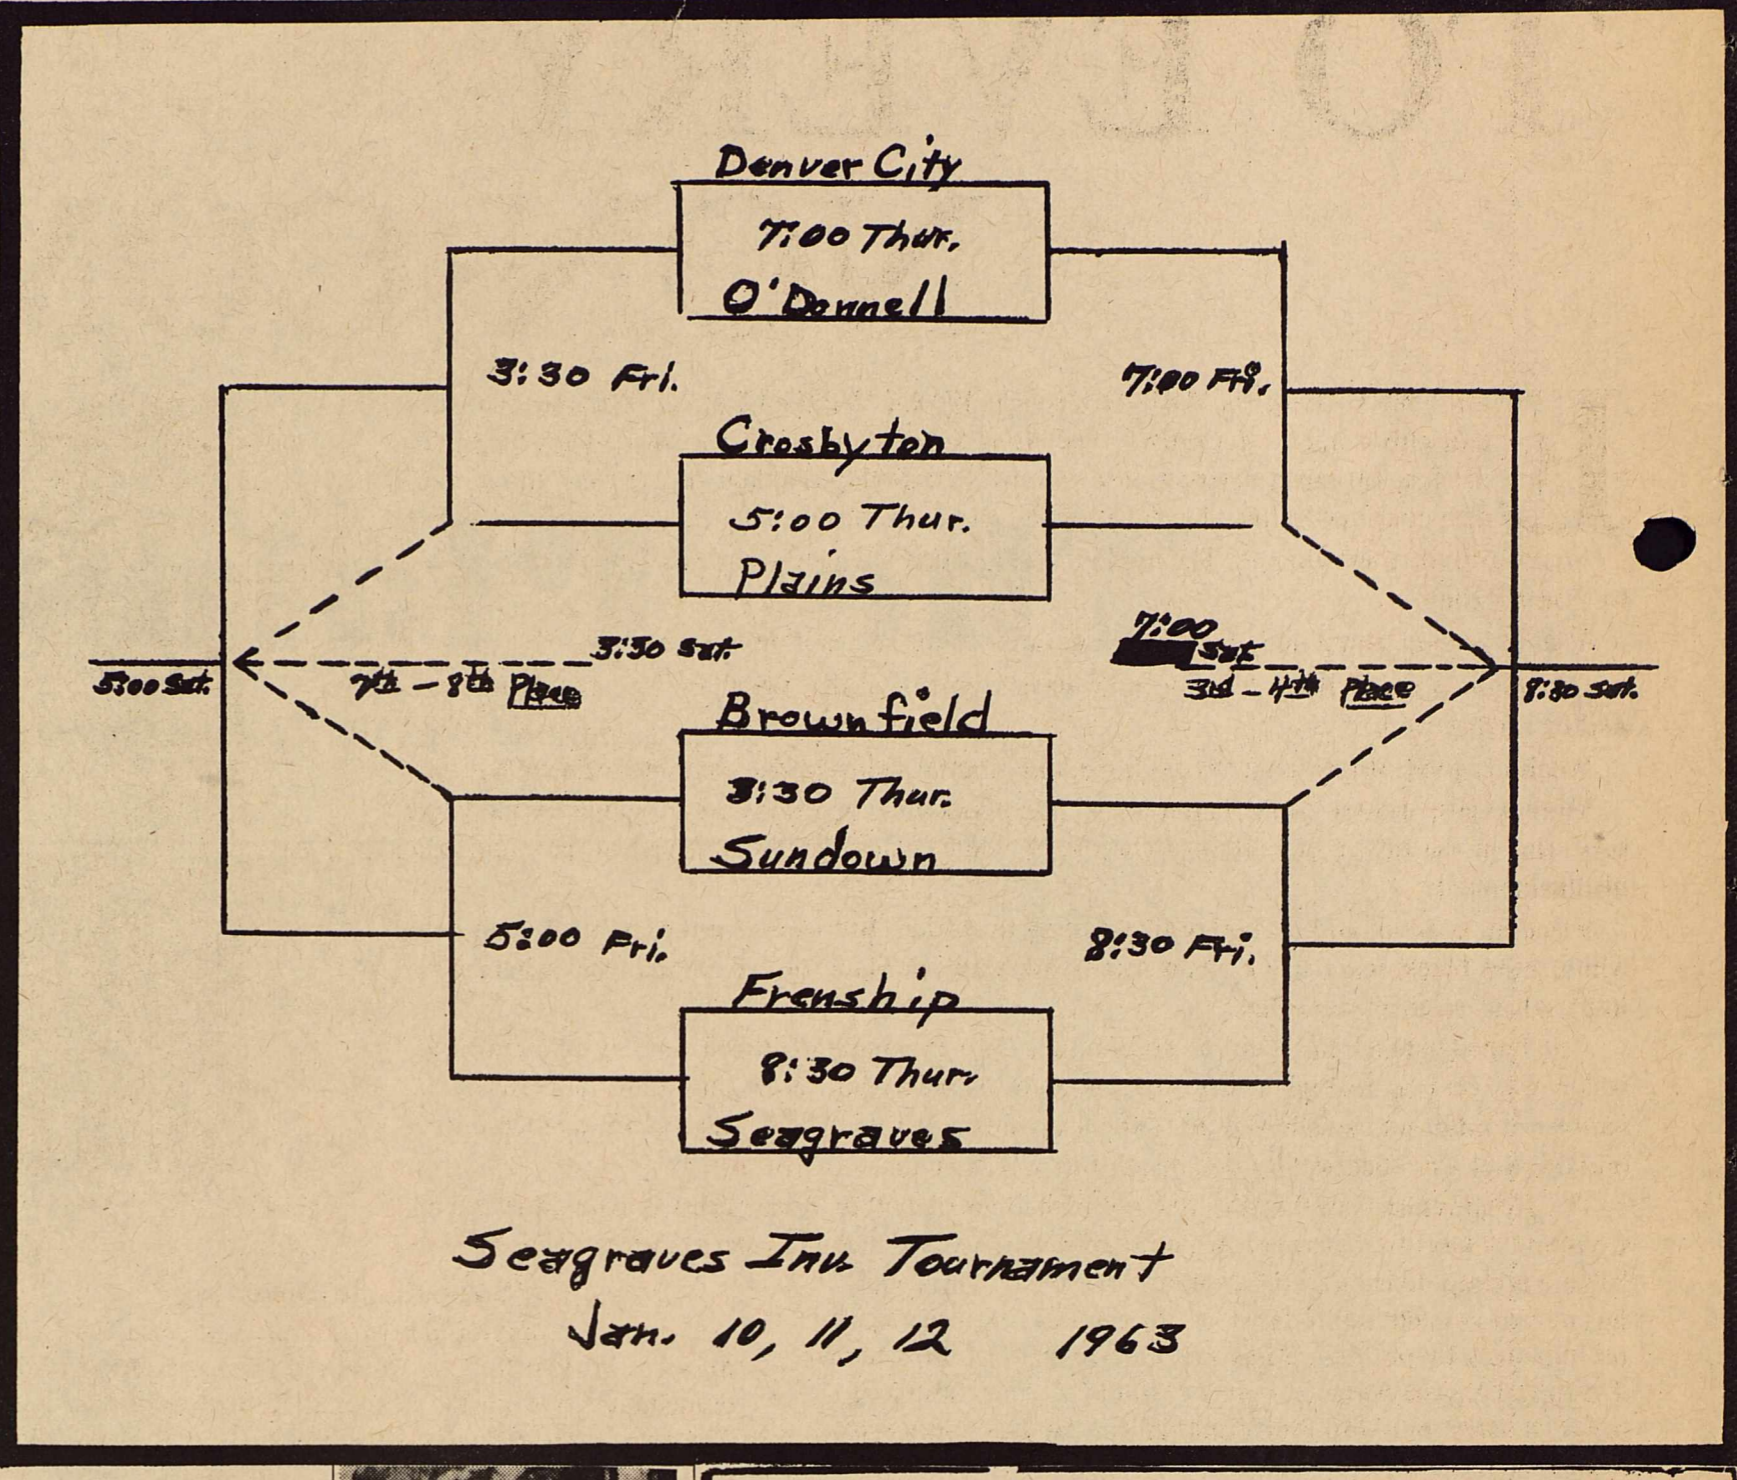

crop residue management, supplemental tillage and cover crops.

If you want to see supervisors of Soil Conservation Districts in action attend the Texas State Association Meeting in Lubbock next week, Wednesday, Thursday, and Friday at the Fair Park Coliseum.

CARD OF THANKS

We wish to take this means to express our thanks and appreciation to all our friends for their kind deeds and thoughtfulness during our recent loss. May God bless each and everyone of you.

"WHERE YOUR \$\$\$ HAVE MORE CENTS"

TO EVERY NON-COMMUNIST

EVERYWHERE MEN ARE HUNGRY FOR LIVING BREAD. They are fed stones that glitter but do not satisfy. They long for the hope of a new world. They are offered the fear of world destruction or world dictatorship. In their hearts they know that if men continue to live like clever, greedy beasts, sooner or later they will be caged or shot.

Man's attitude must change. The apple in the Garden of Eden was good. Somebody's attitude to it was wrong.

Science is good. But much of it now seems devoted to the art of destruction.

Education is good. But education nowadays seems to justify moral and spiritual bankruptcy and to destroy faith.

Wealth is good. But when it becomes the aim of great societies, the character of people decays.

More wages, shorter hours, better social and economic conditions are all good and all necessary. But in the hearts of millions of workers, white, black, yellow and brown, is a gathering disillusionment.

Freedom is good, and is coming like a flood to Africa. But where yesterday black men hated white, now black fears black. And tomorrow may see black or red imperialism where white imperialism reigned yesterday.

Asia hoped to teach the West the art of unity. For years India practiced a policy of "neutrality," which was praised to high heaven by the Red Chinese giant. Now that giant has crossed the nation's frontier and swallowed 30,000 square miles of Indian soil. The feet of invaders march on land that was successfully defended during 200 years of British rule.

The Communists say that the free world is divided within itself. That is true. But has the Communist world an answer? A Communist Ambassador from Eastern Europe said recently,

"There is deep division in the Communist world. Khrushchev has moved beyond Stalin. He does not want to force his ideas on humanity by pointing a bayonet at their bellies. But Mao Tse-tung believes war not only inevitable, but necessary, in order to carry mankind into Communism. He has told us we must risk 300,000,000 lives to do it."

Khrushchev thinks the most dangerous anti-revolutionaries are the Chinese. Mao Tse-tung thinks the most dangerous anti-revolutionaries are the Russians. And this peril is projected into Europe where Albania and Yugoslavia growl and bare their teeth as they follow their separate paths.

Ordinary men look on the policies, or lack of policies, which brought the world to the brink of war over Cuba as insanity. They would cry "Halt," but do not see the way.

The answer lies in the character of men.

It remains true that unless we deal with human nature drastically and thoroughly on a colossal scale, man will follow his historic path to violence and destruction. Capitalism, free enterprise and democratic socialism have failed to cure the selfishness that permits too few to have too much, while too many have too little. The Communist states have failed to answer the hate and bitterness that drive men into danger.

Hating Russia or hating America or hating another class, color, race or country multiplies the problem and cures nothing. The free world as well as the Communist world needs help, not hate.

Squatting in the streets, protesting about the atom bomb and running to a safer place when danger threatens does not seem an intelligent reply to the challenge of the century.

Those who would be willing to die for their country in war but meanwhile insist on living comfortably, selfishly, undisturbed, do not answer the challenge of world revolution.

Men who at international conferences talk about unity, when at home family life, politics and industry are divided by ambition, fear, jealousy and greed, do not convince or change anybody.

Some criticize the "godlessness of Communism." But they make excuses for promiscuity, homosexuality and indulgence in high places. This increases security risks. It also confirms the cynicism of those who look from outside at self-styled, God-fearing Christian societies that have become corrupted. Men deny the power of God to cure the disease because they are in love with the disease itself.

An answer is at large in the modern world.

It is moving massively throughout the world and changing the outlook of continents.

Japan—"New men, new nations, a new world"

Prime Minister Ikeda of Japan in October opened a new Moral Re-Armament center at Odawara. He told the conference there that his objective as Prime Minister is to double the national income. He said, "The foundation for this should be new men who are right and true. MRA is working to create new men, new nations, and a new world." Japan's senior post-war statesman, Shigeru Yoshida, said, "I want to study MRA so that I can make it my own and become a part of it."

To Odawara came 6,500 people from 42 nations. One of them was Colonel Kim Chong Pil, second man in Korea, a country with a 60-year-old hatred of Japan. *Yomiuri Shimbun*, Tokyo daily, said, "Japanese-Korean negotiations are at an impasse. This meeting between Ikeda and Kim will be a climax to lead these negotiations to a conclusion." Colonel Kim said at Odawara, "You have demonstrated the possibility of creating one world family by transcending political, national and racial barriers. Coming here has recalled me to God's purpose for my life—to restore the moral standards of my country. I pledge myself that I will always be with you, any time, whatever the circumstances."

Italian workers, almost entirely Communist, absorbed in the Latin American play *El Condor*, near Naples, November, 1962.

"Space Is So Startling"

Leaders of Japan planned for the new space-age musical, *Space Is So Startling*, to travel the land. A special train was contributed free by the National Railways for this journey. The play drew crowds to the theaters in Tokyo, Hokkaido province, Osaka and Yokohama. Millions across Japan saw it on television. *Mainichi*, with its four million circulation, writing under the headline "Setting Theatrical Precedent," described the staging, music and choreography as unique and said, "The play shows the road that humanity should choose."

The leaders of the Zengakuren students, men who thought Khrushchev and Stalin as reactionary as the leaders of the West, came to picket the theater in Hokkaido. They were out to cause a riot. But they were stunned to silence by the passion of the MRA force for a social, economic and global revolution far swifter and more penetrating than their own. They called off the riot and saw the play instead. They filled the theater with their friends. They were still talking with members of the cast two hours after the final curtain. In the dormitories where Marxism and rioting were discussed until 4 a.m. they now discuss Moral Re-Armament. These students organized showings of the MRA films in their university. With the money made they travelled 712 miles by train to Odawara for training in MRA.

The world longs for unity. In Japan Socialists and Government supporters, trade unionists and industrialists, the youth in universities and armed forces are accepting the discipline of unity necessary to enlist both the Communist and non-Communist worlds in the greatest revolution of all time.

India—"Every division can be solved"

From the Odawara Assembly, seven members of the Parliament of the South Indian State of Kerala returned to a country at war and "waking to reality." They were some of the men who wrested the State from Communist control three years ago, at a time when many in New Delhi were out of touch with reality. These seven men, representatives of bitterly opposed democratic factions, now say, "Anti-Communism united us to throw out the Communists, but within two months of victory we were fighting each other again. Anti-Communism is no basis for permanent unity. We needed a superior ideology, and this we found in MRA."

These men of Kerala saw Archbishop Makarios, President of Cyprus, who was on a state visit to India. K. M. Cherian, Chief Editor of the largest Kerala newspaper, told him, "We bring you a message of hope—that through MRA every division and problem can be solved. This has been our experience in Kerala." Archbishop Makarios replied, "I greatly appreciate the action and purpose of Moral Re-Armament which is at work in our country also. You have our blessing. Yours is a right and just struggle."

Italy—"A complete Revolution"

In Italy, the home of the Church and of the largest Communist Party in Western Europe, a Latin American force is carrying MRA from city to city. The force includes students who were militant Marxists planning bloody revolution. Also generals, industrialists and workers' leaders. Thousands are massing to their support in towns and villages where poverty and bitterness have ruled, to hear them and see their play *El Condor*.

In Naples, where some of the audiences were 80 per cent Communist, a Communist Professor of Philosophy said, "MRA takes half-hearted Christians and bitter Marxists and enlists them both in a complete revolution."

The Naples paper *Roma* headlines a page on the world development of Moral Re-Armament, "A Banner of Hope—Millions in the World Fight for Moral Re-Armament."

The Secretary-General of the Communist Party in one town

said, "What these people say is exactly what I would like to do for the world. Socialism and Communism are not the final thing. The final thing is what I have seen here."

Britain—"Next step for our people"

To Britain on December 19 came the new musical, *Space Is So Startling*, direct from its Japanese journey. It will be shown for six weeks at the Westminster Theatre. During the last year 160,000 people have paid to see plays which are doing for Britain the job which this musical play has been doing in Japan.

Miss Nora Swinburne takes the leading role in *Music at Midnight*, which had its 219th performance in Britain and is shortly to be launched as a play—and later filmed—in the United States.

Miss Swinburne says, "People from all over Britain write to me and say how much the play has meant to them and what a difference its spirit is making in the country. It is a play for every country."

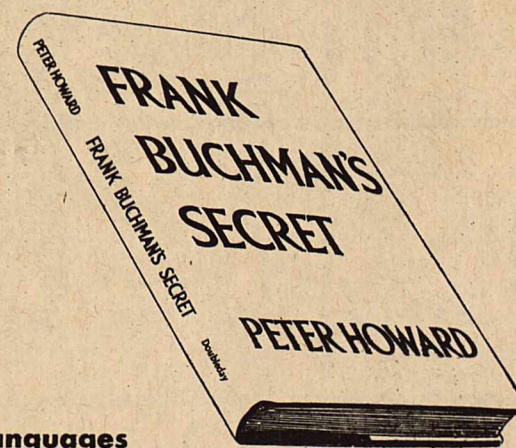

The Vice-Chairman of 10,000 miners in a North-Eastern coalfield of England said after seeing this play, "I am absolutely prepared to put the same effort into the fight for the Moral Re-Armament of my country that I put into the Communist Party for twenty-six years. None of the major political parties has what our country needs. The workers are disillusioned with their leadership. What I have seen here convinced me that this is the next step for our people."

The American premiere is January 10th in Los Angeles' Biltmore Theatre, followed by a national tour that includes La Jolla, Palm Springs, Santa Barbara, San Francisco, through the Southwest and across the nation.

MRA gives the worker, the housewife, the statesman, the businessman and the ordinary man everywhere the chance to make modern history. Its aim is a world where all hungry are fed, all homeless housed, and where every color, class, race and background has a proper chance to work together in rebuilding the world.

The world will not stay the same. It will either be destroyed or changed. Many sincere Communists think force is the only means to change the system. Non-Communists, willing to create a revolution swifter and deeper than a revolution of force because it changes men, will offer a greater revolution to enlist the sincere Communists and bring hope to humanity.

Parimutuel Betting Issue Looms Again In Texas

DALLAS (UPI)—The horse race betting issue, which its opponents thought died in a 6-5 defeat at the polls last fall, boomed back onto the Texas scene Tuesday.

Opponents of legalized pari-mutuel betting, the life blood of horse race plants, wasted little time Tuesday making it known they would wage an all-out fight to keep the newly-formed Texas Racing Assn. from reviving the sport which has been dormant three decades.

Group Formed Monday

The association was formed Monday by a group of widely-known Texans at a meeting on

Robert L. Kleberg's King Ranch near Kingsville. The association, claiming a backbone of some 120 or more charter members, vowed to revive the Sport of Kings in Texas.

"We are keenly disappointed that these men have not accepted the results of last year's statewide referendum," a spokesman for the organized opposition said. The voters turned down a referendum proposal for gambling by a 644,906-524,475 margin last November.

Opposition Still Active

The spokesman, Jimmy Allen, Dallas, who served as secretary-treasurer of the "Texans Against

Racetrack Gambling," said the organization was still active in the hands of a steering committee headed by Dallas businessman E. B. Germany and Baptist churchman W. R. White, chancellor of Baylor University.

"We have some goal of informing the people that the return of legalized gambling would be "a detriment economically and morally" to Texas.

Plans Move To Goal

Meanwhile, State Rep. V. E. (Red) Berry, San Antonio, who has championed legislative moves to revive the sport, said he had a bill ready for introduction to permit horse race betting in Bexar County only.

That may be a bit faster than the newly-formed racing association plans to move towards their goal.

One of the members of the association said the group realized "it will take two or three . . . or maybe even more . . . years to accomplish our purpose."

and explaining to the people to get them to realize the benefits," he said.

Contrary to what the opposition figured, it was actually the results of the referendum which spurred the horse racing backers to form their group.

"We were far from discouraged by the vote," said J. R. Straus Jr., of San Antonio. "We had been told we would lose by anywhere from 4-1 to 10-1 margins. The more than one-half million people who voted for it with very little campaigning for it shows how close we came."
