

School Carnival Set Saturday

Starts At 7pm In Auditorium

The annual Plains School's Halloween Carnival is set to roll Saturday evening, and a slight departure from the schedule of its presentation is on hand for this year.

The festivities will begin in the school auditorium at 7 p. m., with the coronation of this year's Carnival Queen. After this ceremony, the exhibition barns will be open with their various booths and attractions.

A map showing the location of the different attractions can be found elsewhere in this issue of the Record. The raffles for various prizes being given by several of the classes and organizations of the school will begin at 9:30.

Number 43

OUR 33rd YEAR

MOORE
or Less

by Johnnie Moore

"If every taxpayer had to pay an equal share of taxes to cover the public debt, it would amount to \$5,084 each, \$117 more than this date last year. Present public debt is \$306 billion."

"There are indications that the banning of books is on the increase in the U. S. This apparently reflects the growth of a widespread but mistaken idea that someone ought to be telling others what to read."

"In 1954, for example, Hans Christian Anderson's beloved fairy tales were stamped in red ink, 'For Adult Readers Only,' by order of the Illinois secretary of state. Mark Twain's 'Huckleberry Finn,' possibly America's greatest novel, was banned in New York because an influential organization disliked one of its characters. Other examples involving even such real masterpieces as plays by the Bard, William Shakespeare, are becoming more and more numerous."

"Wow, how do you stand to drink the water here?"

How long has it been since a visitor to our fair city has said something to that effect to you when he took a drink of water here?

Aside from the not too pleasant taste (until you finally get used to it) there are some other much more serious aspects in connection with the water supply for the residents of Plains.

Some four years ago, the Health Unit authorities stated that the water being used by Plains residents was too hard for human consumption.

Add to this the fact that the water supply here is getting harder every day, just as the expectation was that it would.

It would be next to impossible to estimate the amount of money the hardness of the water here costs Plains citizens every year in plumbing repairs, damage to air conditioners, and even medical costs because of its effect on the human system.

Although some beginnings of efforts have been made by the City Council, and recommendations made by the local Chamber of Commerce have been duly noted, toward getting some water rights to a supply of good water outside the City for the use of Plains residents, it seems to me that a great deal of effort should be put behind this undertaking.

The City already has water rights to a good supply of usable water just one mile out of town, next to where it has its garbage dumping pits.

Obviously though, our water supply can't be next to the dump ground and besides, the dump ground is too close to town anyway.

It would seem to me that, to find a new site for the garbage disposal pit and to utilize the water rights already in our possession, for which we would have to lay pipe only a little over a mile to a main line, would be the most feasible way of getting a good supply of water for Plains citizens.

It would seem to me that, to find a new site for the garbage disposal pit and to utilize the water rights already in our possession, for which we would have to lay pipe only a little over a mile to a main line, would be the most feasible way of getting a good supply of water for Plains citizens.

SAVINGS BOND SALES REPORT

Mr. D. P. Moorhead, who is Chairman of the Yoakum County Savings Bonds Committee has announced that Savings Bond sales in Yoakum, totaled \$3,680 during Sept.

Savings Bond sales in Texas in September were \$11,860, 120 which is 15.5% increase over sales in September 1962. Texas Savings Bond Sales for the first nine months of 1963 totaled \$111,504, 654. This figure represents 74% of the state's 1963 goal of \$150,6 million.

1963 Homecoming Friday

MEET O'DONNELL HERE

Cowboys Down Tahoka In First District Game

Activities for the day are set to begin at 2 p. m. in the school auditorium with the pep rally, after which exes, and guests, are invited to tour the school's facilities.

Then, at 5:30 p. m. a bar-b-que dinner will be served to ex-students and their families. The meal is priced at \$1.50 for adults and 75cents for children. Price of the ticket also entitles bearer to admission to the homecoming game. These tickets may be purchased at the south door of the cafeteria. Dinner will be served until 7:00 p. m.

Plains Cowboys kept up their winning ways last week in their first District 5-A tilt against the Bulldogs of Tahoka, winning the contest by a score of 14-0.

First string quarterback, Mike Field, was out last week due to a small fracture in his right hand, but Coach Sewell

said he will be back in for the homecoming tilt against O'Donnell this week. John Robertson, halfback, took the quarterback duties last week and did right proud by them.

Robertson was good for the two tallies Plains racked up, and did a fine job of running the team. Plains' scores came in the second and third periods. The first was run by Robertson from 19 yards out, and Jack Lowe furnished the point after.

In the third quarter Robertson had run the ball fifteen yards to the one and tallied from the one on a quarterback sneak, and again Lowe was good for one.

Other statistics of the game showed that Tahoka made a total of 128 yards in the game all of which was on the ground but 14 yards.

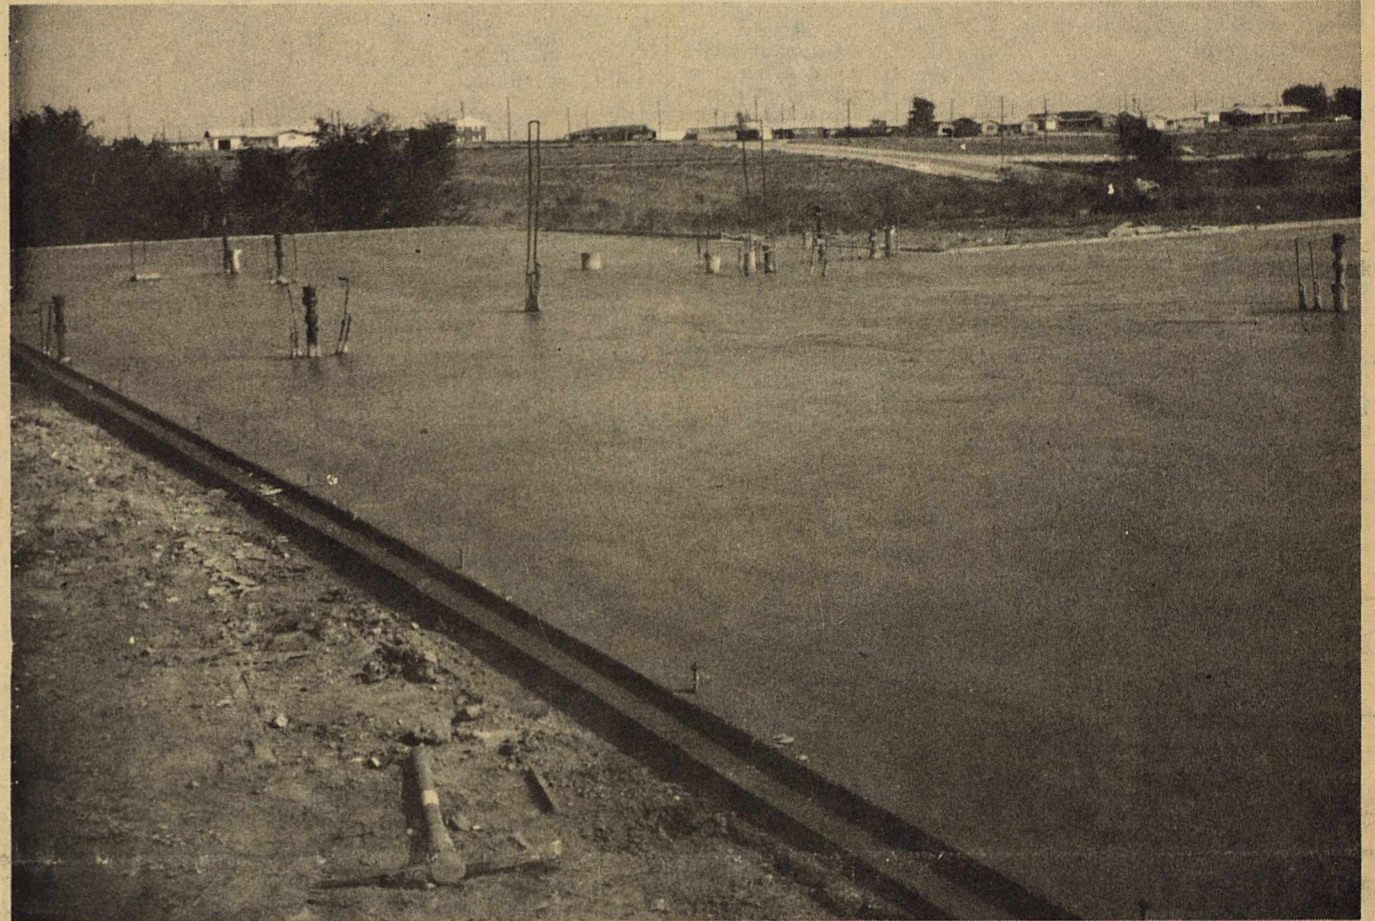

The Cowboys picked up 44 yards in the air and 227 yards with their rushing attack.

Plains had 15 first downs to the Bulldogs' 8, and in like manner the Cowboys had two penetrations to none for Tahoka.

In other grid action last week, the Cowboy B team was host to Morton and shellaced the visitors 28 to 6. Ronnie Elmore was responsible for 3 of the four Plains TD's and Carlton Wilkins for the fourth. Plains seventh graders were idle this week, but the 8th grade team met O'Donnell here on Thursday and blanked the visitors 20-0.

This Friday, homecoming, the Cowboys are to meet the O'Donnell Eagles, a team that is always tough to beat.

Scouting reports have it that the Eagles are especially tough on defense and have a great amount of speed with which to trigger their offense. As is usual, fans can expect a fine game when these two teams meet.

WORK UNDERWAY---The construction of the 30-bed brick convalescent home for Plains was begun in earnest this week. Completion is expected in about 120 days.

Convalescent Home Work Resumed

This week a hum of activity, the pouring of concrete and the hustle and bustle of the workmen was a welcome to the residents of Plains as the work resumed in earnest on the convalescent home being built here by Melvin Smith of Lubbock.

The several weeks of delay in the construction, it was reported by Chamber of Commerce president, Don Hancock,

was brought about by a slight legal entanglement involving title to the property on which the home is being built.

A "friendly law suit" had to be heard on the matter in 121st District Court to clear the matter up.

The suit was listed on the docket as A. E. McGinty vs. J. H. Milam and R. B. Jones, trustees for the Steve L. McGinty Trusts and Steve L. McGinty, a minor.

Hancock stressed the point that this was definitely not a law suit in the usual sense, as no contest was made on the part of defendants, but that it was simply a matter which could not be resolved in any other way due to the fact that a trust was involved.

As was expected, the court ruled in a favorable way and the property is now deeded to the C of C and work can now proceed at full blast.

It is expected that the owner of the home here will be Dr. Orlando Duran of Lubbock, and that the manager will be the dual responsibility of the man now managing the home in Morton.

The 30-bed unit is looked upon as being a fine addition to the Plains landscape and the progress of its building is being eagerly followed.

A BIG BLAZE--is expected tonight from the "mile-high" bonfire pile being built by PHS students from the annual homecoming bonfire.

Give Warning To BB Gun Vandels

Plains City Secretary, Bob Long made it known this week that a small problem is now being experienced in the north section of Plains.

Within the last couple of weeks nine light and gas meter glasses in that section have turned up broken by pellets from BB guns.

Long pointed out that this is pretty serious when viewed

from the fact of the cost of these items and the further fact that the meters cannot continue to be used without the protective glass covers.

He pointed out further the fact that under existing laws, parents of minors apprehended in acts of wanton destruction of public property such as this can be held legally and financially responsible.

In other action by the City last week, an ordinance was passed prohibiting the keeping of swine within the corporate limits of the City of Plains.

That ordinance follows: AN ORDINANCE PROHIBITING THE KEEPING OF SWINE WITHIN THE CITY LIMITS OF THE CITY OF PLAINS, TEXAS; PROVIDING PENALTY FOR VIOLATION

OF THIS ORDINANCE AND REPEALING ALL ORDINANCES IN CONFLICT HEREWITH.

BE IT ORDAINED, BY THE CITY COUNCIL OF THE CITY OF PLAINS

Section 1. It shall be unlawful for any person, firm or corporation to keep or cause to be kept, for any purpose whatever, any swine within the corporate limits of the City of Plains, Texas.

Section 2. Any person, firm or corporation violating the provisions of this ordinance, upon conviction of such violation, shall be deemed guilty of a misdemeanor and shall be fined in an amount not to exceed \$100.00. Each day constitutes a separate offense.

Section 3. All ordinances and parts of ordinances in conflict herewith are hereby expressly repealed.

WHEREAS, The public safety demands the immediate passage of this ordinance prohibiting the keeping of swine within the corporate limits of the City of Plains, Texas, an emergency exists demanding suspension of the rules requiring ordinances to be read on three separate days, said rule is hereby suspended and this ordinance is placed on its first reading and final passage and shall be effective and in full force from and after its passage and approval.

Passed, approved and adopted this the 9th day of October A. D. 1963.

/s/ Buford Duff
Acting Mayor
Attest:
/s/ Robert Long
City Secretary

FIRST AID COURSE TOLD

It was announced earlier this week that an authorized American Red Cross first aid course will be conducted here in Plains beginning next Tuesday evening.

Anyone interested is urged to enroll in the course, cost of which is only 75 cents which is to cover the cost of the manual to be used in the series of lessons.

The regular course on first aid will be given first and it will be followed with an advanced course.

Sessions will be held on Tuesday and Thursday nights, for about six to eight weeks. They will be held in the Huffman-Barrett Funeral Home here unless the class becomes too large.

Anyone interested in enrolling is asked to contact either Hoss Newsom, Roy Edwards or Johnnie Moore.

Instructor for the course will be an accredited instructor for the Red Cross.

WEATHER

Area farmers got quite a scare on Tuesday afternoon of this week, when a big black, ominous looking storm cloud started this way.

A great deal of hail fell on Plains but not too much--at least reported--crop damage occurred from the storm.

.73 of an inch of rain fell in Plains but most areas in the county reported no moisture or just a sprinkle.

Temperature extremes for Plains in the past week were as follows:

Oct. 16	80	50
Oct. 17	80	51
Oct. 18	82	48
Oct. 19	73	59
Oct. 20	76	54
Oct. 21	81	41
Oct. 22	79	54

BAND DANCE TOLD FOR YOUTH CENTER

There will be a band dance in the Youth Center, Friday Night of the Homecoming Game.

The Vi Counts of Leveland will play for the dance. One of our local boys, Omar Hyman will be featured on the drums during the evening.

All youth and all Exes are urged to come and enjoy an evening of fellowship and dancing.

We would like to remind all the youth that in order to have the games, coke machine and other facilities we need, we are going to have to pay the dues and come to some decision on what we plan to do. The dues will be lowered next year after we become better organized.

We want to stress that dues cover ages from 13 through college.

Grid Contest Winners Told

Winners in this week's edition of The Record's football contest were as follows:

Bob Mason, first place with only four wrong guesses, Guerry Wright, second,

with five misses. James Nix, third, with five misses also.

Wright beat Nix out for second by missing the tie-breaker by only seven points, while Nix missed it 10.

CARD OF THANKS

To all of our friends, we want to say a special Thank you for all the kind deeds, beautiful flowers and cards.

Your thoughtfulness helps us to bear our sorrow over the loss of our little Terri Lynne. May God Bless each of you Larry and Ruth Murphree and Relatives

PUBLISHED EACH THURSDAY AT PLAINS, TEXAS

Entered as second class matter at the Post Office at Plains Texas, under the act of Congress, March 3, 1879

SUBSCRIPTION RATES: \$3 per year in Yoakum and Terry Counties; \$4 per year elsewhere.

STATEMENT OF OWNERSHIP, MANAGEMENT AND CIRCULATION (Act of October 23, 1963; Section 4369, Title 39, United States Code).

1. Date of filing, Oct. 1, 1963. 2. Title of Publication, The Plains Record. 3. Frequency of issue, weekly. 4. Location of known office of

publication, 811 Avenue E, Plains, Yoakum County, Texas. 6. Name and address of the publisher, editor, managing editor, John W. Moore, Box 1006, Plains, Texas.

7. Owner: John W. Moore, Box 1006, Plains, Texas. 8. Known bondholders, Mortgagees, and other security holders owning or holding 1

percent or more of total amount of bonds, mortgages or other securities, H. C. Snyder and Wendall Faught.

10. a. Total No. copies printed (net press run): average No. copies each issue during preceding 12 months 1,200 single issue nearest to filing date, 1,200; b. Paid circulation: average No. copies each issue

during preceding 12 months 1019, single issue nearest to filing date 932; (2.) Sales through agents, news dealers or otherwise, average No. copies each issue during preceding 12 months, 120, single issue nearest to filing date, 115; c. Free sample distribution including samples, none. I certify that the statements made by me are correct and complete. --John W. Moore.

ODDFELLOWS TELL OF COMING ARTICLES

Local Chapter of the IOOF (Oddfellows), it was announced, will have an open house meeting on October 31, that will begin at 8 p. m. Games and refreshments it was said, will be available for one and all, and the in-

itation was out for all to be prepared to relax and enjoy an evening of fun.

Further announcement was also made in regard to a series of articles on Oddfellows and what it stands for, which is to be run in The Record in the weeks to come.

Plowin' Out the Corners
By Uncle Zeb

Mrs. D. E. Colbert of Route 3, Box 84, Altoona, Pennsylvania, read our poem about minding one's own business in a recent issue of The Sunshine Magazine. She is the mother of six children and has recently lost her husband. She would like some mail from Texas, and would like especially souvenir cards and pictures from as many towns as possible in Texas. . . . Everyone please take time out and send Mrs. Colbert a card or picture from your home-town.

Mrs. J. F. Smith of 1595 West 4th Ave., in Corsicana, Texas, writes that a friend loaned her a copy of our book "Plowin' Out the Corners," and now she wants a copy all her very own. Now my curiosity is just bursting to know the name of the friend. Other orders from far away came in this week's mail from Elizabeth D. Baribe, 41 Valley Drive, Decatur, Ill. and from Louis E. Johnson, 6616 Vesper Ave. in Van Nuys, Calif.

This week's mail also brought a very unusual magazine called "Grace." It was published by The Gerard House, an English publisher. T. Bertram, the editor had dedicated its pages to bringing sunshine and health to the readers. Subscription rates were given both in shillings and in our money. We can't imagine how he got our address but we mailed him a copy of our book and was surprised that the postage was no higher than in the USA.

Speaking of the book from this column, which was requested by so many of our readers, we wish to report that they are going in a hurry. To begin with, we had four large boxes. Now we are down to the last box. We hope that if you plan to order that you won't wait any longer because the supply can't last very long. . . . It is one dollar.

Most of our troubles come about because of not knowing our business; we don't know what is our business and more important we don't know what is none of our business.

Remember, we are only commanded to love others. We don't have to agree with them.

Some folks can stay longer in thirty minutes than others could in a whole week.

There are two kinds of little boys; those who are into something, and those who are not yet.

Your conscience is the little thing that starts hurting just when you think you are feeling good all over.

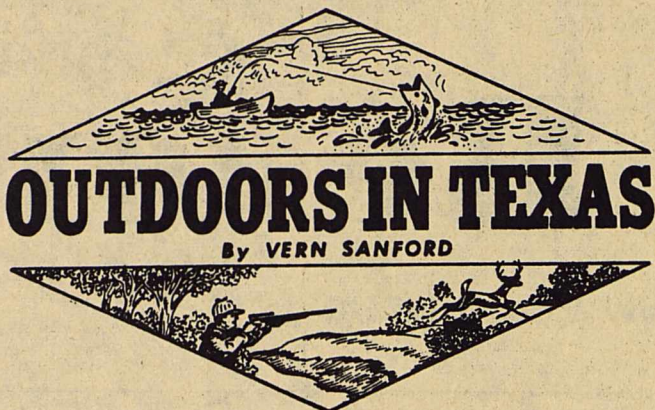

When people make out a budget it is evidence that they are trying to live below their yearnings.

Folks who talk too fast are apt to say something they haven't even thought of yet.

The rest of our days could very well depend on the rest of our nights.

OUTDOORS IN TEXAS

By VERN SANFORD

With the passing of the old Game and Fish Commission, as a result of the legislature merging the wildlife and parks, there are many of us who can shed a tear. The old commission cannot pass without some thought of the service it has given to sportsmen for nearly 40 years. There is no denying that when the game and fish commission came into the picture that game had been greatly depleted in Texas. Many men who killed a deer 40 years ago doubted that their grandchildren would have such an opportunity. There was practically no fishing. Then through the tireless work of the commission and its hundreds of efficient employes, game began to make a comeback. Trained biologists were able to study the needs of wildlife. By passing this information on to the landowners, they were in a position to bring about a restoration.

SUNDAY'S SERMON

Rev. ROBERT H. HARPER
TWO OLD MEN

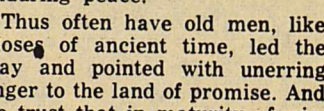

WHEN Napoleon Bonaparte returned from Elba, made his triumphant way to Paris, and scattered the regime the Allies had set up for France, he issued the last great call to arms and youth and aged alike answered the summons. Though youth were called, it was largely older men, including the famous Old Guard and other veterans who fought in the battle of Waterloo.

JUST A THOUGHT:

If man can see one foot beyond the end of his nose he cannot go through life without coming to the realization that the handiwork of God surrounds him every step of the way.

I thought of those veterans of Napoleon as I read that Adenauer and De Gaulle were meeting in Paris, to discuss the problems of western Europe. There is a strong appeal to the imagination as we think of the leaders of two mighty nations that have spilled the blood of their sons in wars against each other so long, with victory going to one side and another, now meeting to work out enduring peace.

Thus often have old men, like Moses of ancient time, led the way and pointed with unerring finger to the land of promise. And we trust that in maturity of wisdom the great and sore problems of the distressed world may be worked out to the good of mankind.

"I REMEMBER"

BY The Old Timers

From Ed Rose, Mill City, Nevada: I remember when we would rent a horse and buggy and all the family would pile in and go on a picnic. It would usually take a couple of hours to get to the place we had in mind.

As I remember, it was a stream that held a good-size beaver dam. Then we kids would chase around the hills, picking berries, or maybe making whistles from a branch of willow.

Later dad got a 1913 Overland car. It turned out that the car was not as reliable as the horse and buggy. There were times we had to get out and push. Sometimes we would turn it around and back it up a hill. It seemed to do better that way.

I remember the first radio I ever heard. The man next door to us got a crystal set. It had no batteries, just a needle that he scratched across a crystal, while listening with headphones. We really thought it was something when he got a noise.

I remember my dad saying, "I wouldn't be surprised to hear that someone has gone to the moon." Of course, he never believed that would happen. But, he would never have believed that some day a picture would be seen via Telstar from all the way across the world.

Wildlife had been shot out in most counties. In Central Texas, where today there is an overabundance of deer, it was almost impossible to find a legal buck back in those days.

Bulldozers had pushed civilization into the heart of the wildlife habitat. Very few counties in Texas had any wildlife remaining.

But today the story has changed. There's hardly a county in the state that doesn't have some game in shootable quantities.

A typical example is in the Lower Valley, where the white winged dove was uprooted from the colonial nesting areas. They left and went to Mexico.

Our game commission, with the aid of both state and federal funds, was able to buy management areas; and now for the last dozen years we've been able to harvest white-wings.

The commission started a quail hatchery. Even though it has been greatly maligned, it was a huge success as a plant and turned out a great number of birds.

Lack of proper cover for the birds at first limited the good that could come from hatchery-produced quail. But again landowners cooperated and today, despite the bulldozer, there is considerably more habitat than even a dozen years ago.

This same story is true of the fish hatcheries. Perhaps there are too many hatcheries. Perhaps it was economically unsound to give away fish to private landowners to stock private ponds.

But the fact remains that we have more good fishing in Texas today than the Indians ever dreamed of in their wildest imaginations. We are catching over-size bass from stock tanks in far western Texas where 50 years ago a bass was unknown.

Men and women who hunt and fish paid the bill for all this. None of the money came from the general funds of the state.

Work was hampered many times, but never stopped, by lawmakers who found it impossible to have their own way with men trained in the field of wildlife conservation. Despite obstructions, our wildlife continued to prosper. During all this time the state park system was operating with a niggardly budget. It is entirely possible that under the new program, with parks and wildlife combined, a great job can be done.

From Ed Rose, Mill City, Nevada: I remember when we would rent a horse and buggy and all the family would pile in and go on a picnic. It would usually take a couple of hours to get to the place we had in mind.

As I remember, it was a stream that held a good-size beaver dam. Then we kids would chase around the hills, picking berries, or maybe making whistles from a branch of willow.

Later dad got a 1913 Overland car. It turned out that the car was not as reliable as the horse and buggy. There were times we had to get out and push. Sometimes we would turn it around and back it up a hill. It seemed to do better that way.

I remember the first radio I ever heard. The man next door to us got a crystal set. It had no batteries, just a needle that he scratched across a crystal, while listening with headphones. We really thought it was something when he got a noise.

I remember my dad saying, "I wouldn't be surprised to hear that someone has gone to the moon." Of course, he never believed that would happen. But, he would never have believed that some day a picture would be seen via Telstar from all the way across the world.

Add 6 points for these locations: Floydada, Paducah, Roaring Springs, Spur, Abilene, Memphis, Sweetwater, Childress and Wellington.

Mary Johnson-Mike Culwell Repeat Vows

Wearing a gown of white brocade satin, Miss Johnson descended the aisle at 3 P. M. Saturday at The First Methodist Church, to become the bride of Mike Culwell.

Walter Driver, minister of The First Methodist Church officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Gene Johnson and Mr. Culwell is the son of Mr. and Mrs. H. W. Culwell.

The wrought iron wedding arch was garlanded with greenery and accented on each side with large baskets of pink roses, white gladiolus and carnations with smaller baskets placed to the front. Pews reserved for the family were designated with large white satin bows and greenery.

The bride was escorted to the altar and presented in marriage by her father. Her gown featured a molded bodice short train, long sleeves that tapered to petal points over the hands. The fingertip tulle veil was attached to a pearl and sequin encrusted pill box made from brocade satin. She

carried an arrangement of white carnations atop a white bible with satin streamers and love knots.

For something old the bride wore her mother's ring. Something new was her wedding dress, something borrowed was the traditional blue garter. For good luck she wore a penny in her shoe. The bride handed her mother a long stem pink rose prior to the ceremony and gave the groom's mother one immediately following the ceremony.

Maid of honor was Miss Carolyn Warren. She wore a pink lace dress with a removable short overskirt. Her headpiece was matching tulle on a band giving a modified

pillbox effect. White accessories completed her attire. She carried a long stem pink rose.

Best man was Vaughn Culwell, the bridegroom's brother. Riley Leon Johnson, brother of the bride, seated the guests.

Miss Marsha White was organist.

The brides mother wore a light blue embroidered taffeta dress with beige accessories and the grooms mother selected a royal blue 2-piece wool flannel suit. Pink carnation corsages completed their attire.

After the ceremony, a reception was held in the fellowship hall of The Plains Methodist Church. The table covered with a beige lace cloth over pink, was centered with an arrangement of white carnations. A three tiered wedding cake ornamented with the traditional bride and groom was on one end of the table and a crystal punch bowl on the other. The pink napkins were inscribed with the names, "Mary Lou and Mike" with silver wedding bells. Serving punch and cake were Mrs. C. C. Maynard and Mrs. T. R. Wordyke.

Bobby Johnson, brother of the bride and Miss Laura Lamb registered 55 guests.

For travelling the bride chose a blue sheath dress with matching coat and steel grey accessories. She added a white carnation from her bridal bouquet.

The bride was a 1963 graduate of Plains High School and was Salutatorian of her class. She was chosen as carnival queen in 1961, treasurer of Jr. class and Senior class editor. She presently enrolled as a freshman at West Texas University, Canyon, and will resume her studies there. Mr. Culwell is a 1961 graduate of Plains High School and attended McMurry for 1 year and is now serving in the United States Navy and will sail for Hawaii after about two weeks.

Out of town guests were Mr. and Mrs. C. W. Culwell, Avoca Texas; Mr. and Mrs. Carl Johnson, Carl Johnson, Carol Hickson and Mrs. B. A. Floyd and daughter Jana of Brownfield.

La Vern Sealy To Wed Donald Davis

Mr. and Mrs. Mack Sealy of Route 1, Plains, have announced the engagement and approaching marriage of their daughter, La Vern, to Mr. Donald Davis of Route 1, Tokio.

Davis is the son of Mr. and Mrs. Jeff Davis.

Sunday, October 27, has been set as the wedding date and the time is set at 4 p. m.

The couple is to be wed at First Baptist Church here with the Rev. C. E. Strickland of Maple, pastor of the Three-Way Baptist Church, performing the ceremony.

Following the wedding service there will be a reception in the Clubroom.

Family Pot Luck
BY HELEN HALE

Wagon Wheel Skillet is full of the tang and flavor and color of the West. Alternating rings of green and gold, with a touch of tomato red, make up the vegetable course for a big family or company barbecue. Whole California Brussels sprouts make a ring as green as prairie grass. Each sprout has its fair share of rich, sunny flavor and toothsome crunch. Corn-off-the-cob makes a ring of yellow gold, and tomato wedges finish off with one of flaming red. The whole shebang cooks together—right on the grill or on the kitchen range—with a good drenching of butter, garlic and chives.

- WAGON WHEEL SKILLET**
(Makes 10-12 servings)
2 tablespoons butter or margarine
2 cloves garlic, crushed
2 teaspoons chopped chives
1/4 teaspoon pepper
3 packages (10-ounces each) frozen California Brussels sprouts
2 packages (10-ounces each) frozen whole kernel corn
3 tomatoes, cut in wedges
1/2 cup chicken stock or bouillon

Melt butter or margarine in large skillet. Add garlic, chives and pepper and cook 5 minutes. Starting at outer edge of skillet, arrange circles of vegetables as follows: Brussels sprouts, corn, tomatoes, and again, Brussels sprouts. Pour stock or bouillon over vegetables. Cover and cook over low heat 25 minutes, or until Brussels sprouts are tender.

Local Clubs Enjoy Carol Lane

Miss Carol Lane, women's travel director of Shell Oil Company, told the Plains Tsa Mo Ga Study Club and the Plains Dirt Gardeners Garden Club in an entertaining and informative manner that she would like to prescribe people should often "take a trip instead of a tranquilizer," recently in the Yoakum County District Courtroom.

historical interest, others that suit individual hobbies and some that suit both the participant and spectator sports enthusiasts, emphasizing area scenic points and places of interest.

An informal discussion period was especially enjoyed by all present. Useful and unusual articles used by Miss Lane in her demonstration created special interest and the group appreciated the information where each article could be purchased which included locally Moore and Oden Department Store.

Other highlights included travel budgeting, how to travel with children, and a demonstration of how to pack a single

26-inch suitcase with a two-week wardrobe.

Mrs. C. A. Reed of Midland accompanied Miss Lane to

Plains and each commented on the enjoyable meal served them at Alma's Restaurant pre-program.

Man... what shopping pleasure!

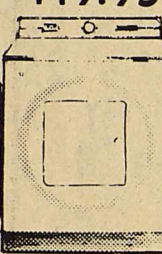

All your grooming, smoking, even gift needs, conveniently assembled here!

There's a man's world... right here in our well-stocked collection... everything that's newest in grooming and shaving needs, the best in smoking pleasure!

Curry - Edwards Drug

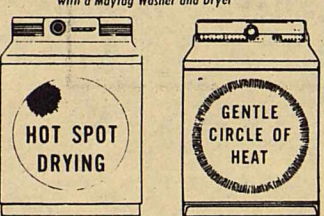

Now there's a new economy model Maytag Halo of Heat® Dryer (without Electronic Control)

\$149.95

Model DE-105

- Push-button controls including wash 'n wear
- Efficient lint filter
- Full, family-size capacity
- Zinc-coated steel cabinet with safety door
- Gas or electric models

Maytag Halo of Heat Dryers have a gentle circle of heat. Safe, low temperatures mean there are no "hot spots" that can overdry and shorten fabric life. (See diagram above.) Yet the Maytag Halo of Heat Dryer dries fast. Thirty two diapers, for example, can be dried in 32 minutes.

3251 12-20 Inspiring Sampler

605

Dress Pattern No. 3251, Serene Sheath. Here's a smart little sliver of a sheath; it's dart-fitted and a perfect breeze to make. No. 3251 comes in sizes 12, 14, 16, 18, 20. None of its sizes takes more than 3 yards of 35-inch fabric.

Needlework Pattern No. 605, Inspiring Sampler. This prayer is easily embroidered in simple stitches. It's the prayer that Queen Elizabeth used to close her dedication speech for the St. Lawrence Seaway. Ask for No. 605. If you like cross stitch ask for No. 518.

Our Needlework Catalog containing coupon for selecting one pattern free is 50 cents.

Send 35¢ for each dress pattern, 25¢ for each needlework pattern (add 5¢ for each pattern for third class mailing and 10¢ for each pattern for first class mailing) to AUDREY LANE BUREAU, Box 1490, New York 1, N.Y.

Tsa Mo Ga To Have International Affairs Program

Tsa Mo Ga club will present on October 28, a program on International Affairs, called Mansions of Mutual Understanding.

Mrs. A. B. Carpenter, local chairman of International Affairs will be the program director of a discussion group. Taking part in this discussion will be Mrs. Raymond Bookout speaking on Africa, Near East, Asia, and the far East. Mrs. E. W. Craig will talk on the Americas. Mrs. J. W. Moore Jr. talk will center on Europe and Nato. Mrs. Morris Lowe will tell of International Projects of the Government and of the club. Mrs. Gus Malmsten's discussion will be on International Scholarships. Mrs. Sherrin Henard will be prepared to answer questions on the recent activities of the United Nations. Mrs. C. F. McCargo will make a report of Council of International Clubs. Mrs. L. D. Hamlin will give resume of the club news Bulletin.

Tsa Mo Ga Club strives to have timely programs on International Affairs and believe as Frances Wilcox, former Under Secretary of State once said, "In World Affairs the challenge is before us. The direction the free world will take depends to a large degree upon the quality of our response and the understanding of our leadership."

ALL-RISK CROP INSURANCE CARRIED BY 12000 TEXANS

Crop damage claims in Texas may exceed \$314 million on cotton, wheat and grain sorghum for the 1963 year.

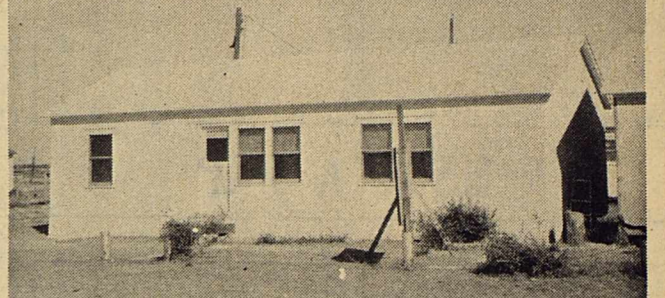

This is the estimate of Ben A. Jordan, Jr., state director, for the U. S. Department of Agriculture's Federal Crop Insurance program. It is expected that 3,712 farmers will be paid this amount in the 45 counties where all-risk crop insurance is offered for losses due to drought, hail and excessive moisture.

Currently, almost 12,000 Texas farmers are carrying more than \$80 million in Federal Crop Insurance protection Jordan said.

The Federal Crop Insurance Corporation is an agency of the U. S. Department of Agriculture. The payments it makes do not come from tax funds, Jordan pointed out, but from insurance premiums paid by farmers. Nationally, 97¢ out of every dollar paid in premiums has been returned to farmers in the form of indemnity payments.

Federal Crop Insurance is designed to protect the farmers high investments in growing crops against all unavoidable crop losses, such as drought, excessive moisture, hail, insects plant disease, etc., Jordan said.

Hustle your harvest with the "hungry" 77 Cotton Stripper

Why bottleneck your cotton? Let it flow from the field—fast, clean, and steadily. That's how you make more money with the John Deere 77 Stripper.

More than a dozen improvements in the 1962 model, from gatherers to elevator, make the 77 Stripper sturdier, steadier, and "hungrier" than ever.

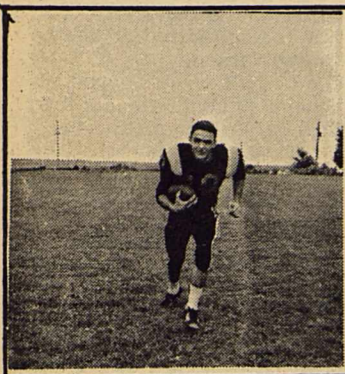

Brand-new "tall-cotton" strip rolls help you wade through heavy yields to get your harvest wrapped up before bad weather strikes again. Positive roller-chain drive has adjustable idlers. Spring-loaded strip bars take large and small stalks in stride. Big paddles and augers hurry the cotton into wide conveyors. Large grates let trash fall out.

See your John Deere dealer for complete information. Trade up now on the convenient Credit Plan—pay as you profit.

Denver City Good Neighbor Review

PARKER FORD SALES

The Parker Ford Sales is located at 139 E. Broadway in Denver City. Years ago America bought its motor car impulsively. They made selections without comparing values. But now the new Ford has changed that. Thousands upon thousands are turning to Ford today. They're finding in the

smartly styled and impressive roominess and comfort beyond their expectations. When they slip into the drivers seat they discover driving is almost effortless. They marvel at the lack of vibration in the new 64 Ford. There's a new brilliance of performance with real economy, too. If you are contemplating

the purchase of a new car may we suggest that you see, ride and drive in the new 64 Ford you'll know what true motor economy means. After driving the new Ford you'll know why it is the one car more people buy for style performance speed economy and all around motoring satisfaction.

H&S IMPLEMENT CO.

This firm is located on the Lovington Highway in Denver City, phone 592-3218. Featuring J. I. Case equipment. They operate an establishment which is known far and wide for they are one of the foremost dealers in machinery in this section. They have built a wonderful trade from this and adjoining communities and it is safe to

assert that the name and business is probably better known among the farmers of this section of the state than that of any other similar establishment in the nearby towns. All farm machinery is of the latest pattern and include all of the recently improved inventions and improvements. The stock is composed of machinery known throughout

the world as the best on the market. This is the day and age when it is the duty of every man to see that he gets a maximum from every acre of his land and in order to do this, it is necessary that he use modern and scientific methods. Call or see the men of the H & S Implement Co. for any information about these excellent machines.

JACK'S PACKING HOUSE & MARKET

Located on the Lovington Highway in Denver City We wish to call the attention of our readers to the advantage of having a custom butchering firm in our vicinity. Jack's Packing House has all the latest equipment to butcher your meat so you will get the most out of your hog

or beef. They work on the principal that every customer must have the most expert service they can give them. Sanitary conditions are maintained at all times and they are inspected and approved by the health department. Bring them your beef or hog and they will butcher it

exactly the way you prefer it done. In this Good Neighbor Review of Denver City we are more than glad to give them extended mention and recommend their services to all our readers. Jack has completely remodeled the plant and has a retail meat market.

O & C CLAWSON LUMBER CO.

Conveniently located in Denver City on the Plains Highway. Here they feature building materials of every quality and at reasonable prices. This popular lumber concern carries a complete line of grade A building materials and through their fair methods of doing business, the

high quality and fair prices offered, they have won an enviable reputation through this entire section. The people of this area including contractors, builders and farmers have come to know they can depend on this firm for everything in building materials. They are a

valued asset to the community. One of the essential features of any structure is that it will stand the wear of the years. The same is true of the reputation any business firm and that is why the O & C Clawson Lumber Co. enjoys an ever increasing volume of business and popularity.

Senator Ralph Yarborough of Texas, right, attends the unveiling of the new Sam Houston 5¢ Commemorative Stamp with Postmaster General John Gronouski at the stamp section of the United States Bureau of Engraving. The drawing of Texas hero Sam Houston is by Tom Lea, famed Southwestern artist of El Paso, Texas. Senator Yarborough, a member of the Post Office and Civil Service Committee recommended Lea as the one to make the design for the Post Office Department. The stamp shows a full length drawing of Sam Houston who was 6 feet 6 inches tall and portrays him as he would have looked at the time he defeated the Mexican Army at the battle of San Jacinto.

SHORT & FIELD CHEVROLET

Short & Field Chevrolet is your authorized dealer for the NEW Chevrolet, located at 604 W. Broadway. The Chevrolet is the car of the year. It has new beauty comfort and efficiency. You will find the price right at Short & Field. Come in and Road check the only really

new car of the year. Get the feel of the year's most talked about Value. Time to test drive the Chevrolet, 1964's Most beautiful buy with the all new styling. This firm has Mechanics to service all makes of automobiles. Complete service and estimates. Before you take

your car any where else, bring it to Short & Field in Denver City. Their work is thorough and satisfaction guaranteed. They are courteous and accommodating, and will be glad to show you the advantages of owning a new Chevy. In this review we recommend Short & Field in Denver City your Chevy dealer.

MUSTANG AUTO CORRAL

Employees at this firm are specialist in body and fender work as well as auto painting and complete body rebuilding. The place to have that car rebuilt is at the Mustang Auto Corral in Denver City. They are located at 902 N. Main Street, Phone 592-2476 for any information. The owner of this shop fully understands body and fender repair. Because of their excellent

workmanship and service it will be well worth your while to have this reliable firm take care of all your body work. Their automobile painting surpasses any done in this area. They have the know how that puts their work in a class by itself. Be sure to see the Mustang Auto Corral Body Shop in Denver City and get a free estimate on any work of this kind.

LONE STAR BOILER & WELDING CO.

Regardless of what your machinery problems may be consult the Lone Star Boiler and Welding Co., located at 200 W. Broadway in Denver City, Phone 592-2420. They specialize in electric and acetylene welding. The personell at this shop represents experience not equaled by any other trade. They understand completely the operating of machines. Many parts of obsolete machine wheather, agriculture,

road working or pumping machinery can be repaired only in a shop such as this one. As for lathe work we will mention some of the things they do. They make special screws and nuts, pullys are bushed bored and turned. Bearings babbitted and bored out, shafts turned and threaded and many other jobs that can only be done with a lathe. Bring your machinery problems to Lone Star Boiler & Welding in Denver City.

Let's Take A Coffee Break

The following invitation was extended Plains area women by the newly organized Plains Chapter of Young Homemakers.

"Let's take a coffee break at the Clubroom October 29, from 3 to 4:30 p. m.

"Come to relax and get your mind off your dirty house, your kids and your husbands.

"In this time we would like for you to learn about some of the exciting and in-

formative programs planned for the Young Homemakers. "We are excited about this new organization and believe you will enjoy the meetings which are held in the Homemaking department the second Monday night of each month at 8 p. m.

Come and bring your children, as baby sitters are provided by the Homemaking Department."

TO PRESENT BATTLE OF SONGS

Eastern New Mexico Singing Convention is sponsoring the "Battle of Songs", an evening of Gospel singing, in Lovington on Tuesday, October 29, from 7 to 10 p. m.

Three quartets are being featured in the evening of

music, The Jubilee Quartet of Oklahoma City; Rhythmasters of Birmingham, Alabama; and the Plainsman Quartet of Baton Rouge, La.

Admission for the program has been set at \$1 for adults and 50 cents for students.

Bowling Results

Women's bowling team of Plains, which is being sponsored by Moore & Oden, were pitted against the Bob Wright Appliance team from Denver City in this week's round.

The Plains women took 3 out of the four games, and Sue Randall was the high scorer for Plains with a 448 for 3, and her second game was 205.
