OUR 33rd YEAR

THURSDAY, NOVEMBER 29, 1963

NUMBER 48

MOORE

OR
Less

by Johnnie Moore

As we view the events of the past week, it seems that the senses are almost numbed with the speed with which things have happened. In just a little over two hours, our President had been tragically slain and in the same span of time, our new President was on the way back to Washington in the very same plane that had brought his predecessor to Texas. I think most of us have a great deal of difficulty in being able to accept events in such a hurry.

Locally, as well as nationally, the news of the assassination of President Kennedy was received with a mixture of rage and shock. It has truly been an experience of deepest sorrow for the entire nation. And, most certainly our hearts and sympathies have gone out to Mrs. Kennedy and their children, as well as to the balance of the family. I think the words of an unnamed Fort Worth taxi driver are eloquently descriptive of the way so many of us have felt at the untimely death of the President.

He had this to say: "Many of the things that President Kennedy did as President, I didn't agree with. Some of his policies and some of the legislation he sponsored, were not to my liking. But, you know, he was my President too."

This statement is so eloquent in its very simplicity, and strikes so very true at the heart of the matter.

There were many of us who did not always agree with him but we have polls to decide the manner and by whom we will be governed. It shocks our very senses that any individual, lunatic or whatever he may have been, should in such a method, seek to undermine the will of the majority of Americans.

Several commentators, including some right here in our own area have made one particular observation, however, which troubles me a great deal. They have pointed out that because of the assassination of President Kennedy in our state, we should and must feel very ashamed as Texans. This is not fair, nor is it even true. Texas did not kill the President, nor is it fair to assume that the man who did is even remotely representative of Texas or Texas sentiment.

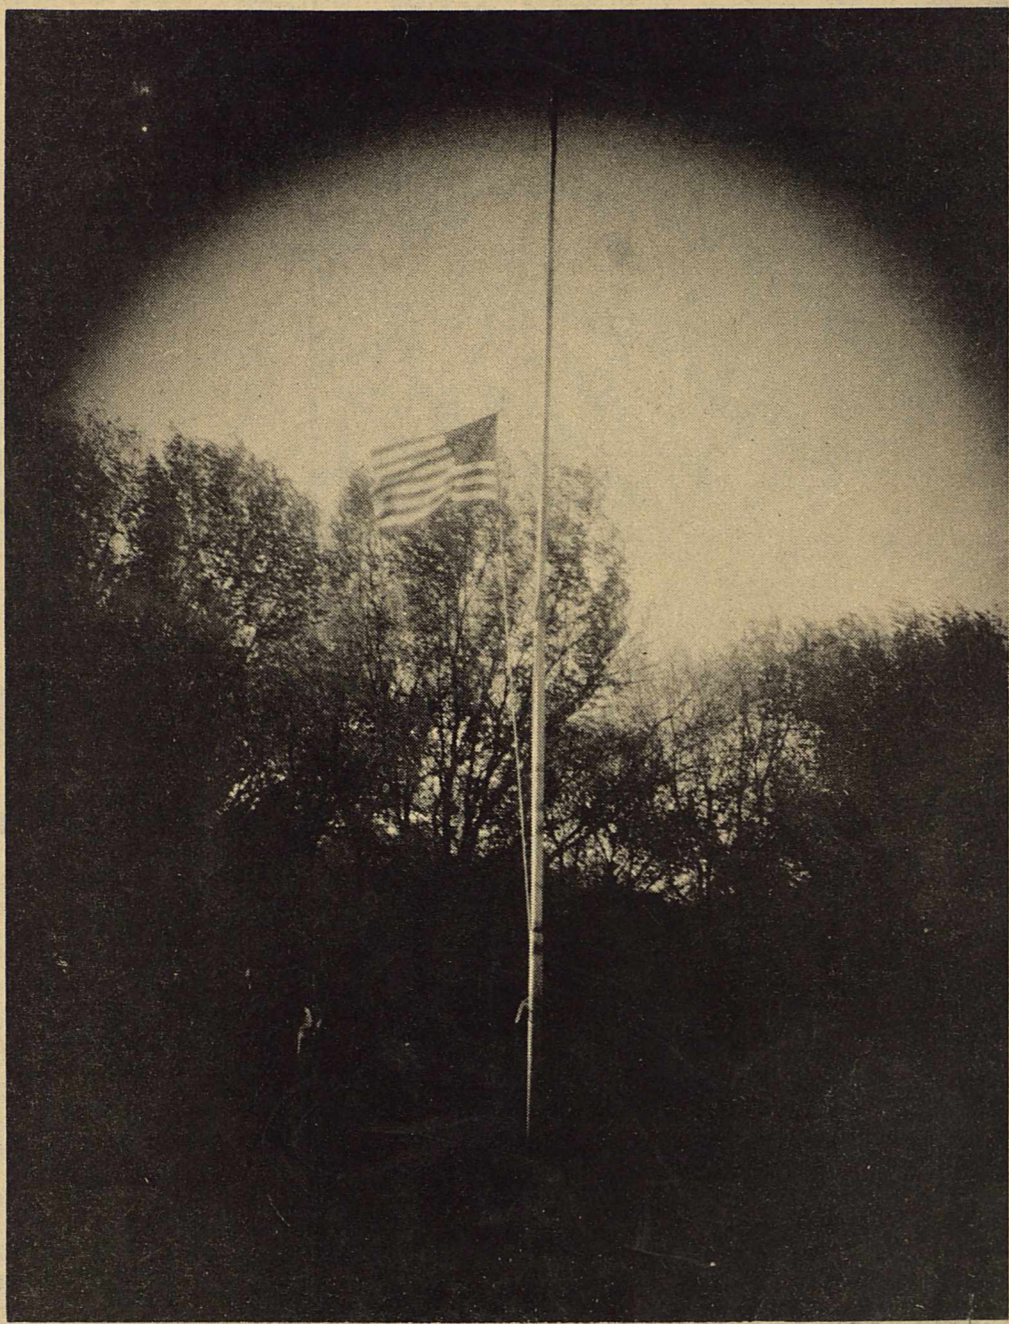

I doubt seriously that very many Americans are aware, even remotely so, that the last President assassinated, Mr. McKinley, was killed at the Pan-American Exposition in Buffalo, New York. Because of it, we certainly don't attach any stigma to that city or state. Although, I am quite certain the resident of Buffalo, just as we as Texans right now, wish this terrible and dastardly event, if it had to happen, could have been someplace else.

Certainly we are dismayed that such a thing should happen in our beloved state. But, because it has, certainly does not mean that we are any less greived than anyone else in this sad hour for our nation, nor does it detract from Texas as being a state filled with good Americans.

Certainly our thoughts and attentions could be put to a much better use by directing our allegiance to our new President, Lyndon B. Johnson, in the form of our prayers and our genuine concern, than to feel shame.

We, as all Americans must stand together in this hour, of loss, the loss of a truly great American.

Truly great, as any man must be to be able to be the elected leader of this nation, OUR AMERICA.

IN MEMORIAM

THE FLAG ABOVE, FLYING AT HALF-MAST, ON THE LAWN IN FRONT OF YOAKUM COUNTY COURTHOUSE, WAS HIGHLY INDICATIVE OF THE MOOD OF THE ENTIRE NATION MONDAY, AS WE MOURNED THE LOSS OF OUR PRESIDENT.

Cite Poll Tax Need

E. W. Craig, Yoakum Co. Tax Assessor - Collector has made it known this week that an alarmingly few people to date, have paid their poll tax in Yoakum County.

At the time of his reporting less than fifty potential voters had paid their poll tax in order to qualify themselves as voters in the various elections which will be held in 1964.

Voters should be aware that the recent November 9 special election defeated the proposed constitutional amendment to repeal the Texas poll tax, making it therefore necessary for Texas voters to pay their poll tax if they plan to vote in the several elections which are on tap for next year.

Plains Citizens will have the opportunity of voting for several different slates of candidates in the coming year. On the City level, the election of Mayor and two aldermen will take place.

Several state officials will be on the slate both in the May 2 primary and in the November general elections.

On the county level, two commissioners, sheriff, tax assessor-collector, and county attorney-offices are all up for grabs.

And, on the national level a President will be elected in addition to many congressmen. Craig is urging that all local voters qualify themselves to vote in these various elections by paying their poll tax at either the Plains or Denver City office.

Soil Conservation Book Received

The 11th Annual Report of the Yoakum Soil Conservation District was received in Plains this week. It is a comprehensive report on the various programs and the progress made in the various areas of work carried out by the local Soil Conservation District.

It is chock full of facts and figures that reveal a great amount of work is being carried out by local farmers and ranchers in the area of conservation of our soil and water resources.

Of particular note in this issue of the annual report is to be found on the inside of the front cover. The book is dedicated to the late Rod Duff, who was a tireless worker in the area of conservation. The dedication reads as follows:

"Our 11th Annual Report is dedicated to Supervisor Rod Duff. Rod had served as Supervisor five years and was Secretary of the Board. He was on the State committee of water pollution control. He owned several farms and was carrying out a good soil and water conservation program on each. He was active in getting others to do conservation work and was awarded the Bankers Award as outstanding Supervisor in 1962. He was a member of the local hospital board, past president of Plains Lions Club, an ardent Church worker, a leader in local city affairs and in many other ways a valuable man in our community as was shown when he was nominated early this year as Outstanding Citizen of the Community."

hospital board, past president of Plains Lions Club, an ardent Church worker, a leader in local city affairs and in many other ways a valuable man in our community as was shown when he was nominated early this year as Outstanding Citizen of the Community."

Last Rites Said For Mrs. Harris

Funeral services for Mrs. J. M. Harris, affectionately known by so many as Grannie Harris, were held in the First Baptist Church here on Sunday, November 24, at 3 p. m. Mrs. Harris passed away at 6:30 p. m. on November 22 at the Baptist Memorial Hospital, following an illness of some three years. The hospital is located in San Angelo.

She was born in Eastland County, Texas on June 9, 1881, and she and her husband and family moved to Plains in 1934.

Mrs. Harris, 82 years old, was a member of First Baptist Church here. Officiating at the services was the Rev. Earl Robertson of Plains, and he was assisted by the Rev. James L. Bozeman, pastor of the local church. Mrs. Harris is survived by two sons, Alvie Harris of Bledsoe, and Bill Harris Powell of Fort Sumner, New Mexico; one daughter, Mrs. C. F. Mc Cargo of Plains; seven grandchildren; and one great-grandchild.

Burial was beside her late husband in Brownfield Memorial Cemetery.

Cowboys Show Real Promise

Fans who were out to root for the Plains Cowboys Tuesday night in their cage opener against the highly regarded Lobos of Levelland, a triple A school that should go far in their District this year, came away from the contest quite impressed with the Cowboys in their first attempt this year.

In the B game which began at 6 p. m., the Cowboys were in the lead most of the way, but were unable to maintain it in the last quarter.

At the end of the first period of play, the score was all tied up in the B game 11-11. When the half was over the Cowboys were leading the

Lobos by a scant two points, 17-15. Then at the end of the third quarter of play, the Plains cagers were still very slightly in possession of the lead with the score 26-25. In the fourth period, however, the tide began to turn somewhat and the game ended with the Lobos defeating the Cowboys 34-38.

Scoring standouts for Plains in the B game were J. E. Todd and Ronny Elmore who totaled eight points each.

In the varsity game which followed at 8 p. m., the Cowboys met a team which, in comparison, was well seasoned as they had, for the most part, been working out for basket-

ball for almost three months, and they also had three starters back from last year's team.

Scoring by quarters, Plains totaled 39 points with quarter totals of 7, 12, 8 and 12 points. The Lobos scored 13, 17, 15 and 12 points winding up with a total of 57 and downing the Cowboys by 18.

Usual Lobo standout, Jimmy Hines scored 16 and was closely followed by Crump with 15 and Harrell with 11.

High scorer for Plains was Mike Field with 13 points, and following were Larry Williams and Dan Smith with 7 each.

(EDITOR'S NOTE: Personally I saw nothing in last night's

contest which would dissuade me from sticking with a pre-season prediction that Plains is very likely to be a real dark horse contender for the District 5-A crown.

In evidence, last night, was a determined team filled with a lot of potential.

All I've got to say is "Watch out, District 5-A!"

Plains' next contest is next Tuesday evening at Tatum. The B game will start at 6:30 M. S. T.

The game originally set with Dora, New Mexico for the 6th has been cancelled and so far remains an open date.

The next home game will be December 13 with Eunice.

Set District Court Docket

The following cases are set for trial at 10:00 o'clock A. M., Tuesday, December 10, 1963, in Plains, Texas. Announcements will be called for at 10:00 A. M. on December 10th all motions, exceptions, etc., will be heard at that time. The Court should be notified immediately of any case, here immediately of any case, here in set, being settled, or for any reason why the same is not ready for trial by jury on December 10, 1963.

SANTA DAY BIG EVENT

Plans are reported to be rolling right along for the big "Santa Day" event to be held in Plains on Saturday, December 14.

Chamber of Commerce president Don Hancock has said that most of the many and varied details have been placed in the hands of individuals and other clubs and organizations of Plains and the area, who have shown a "really gratifying will to work."

Several more announcements concerning the big event will be forthcoming in the next two weeks.

Hancock further stated that the meeting of area business men originally scheduled for last Monday evening has been set for Friday evening at 7:30 p. m. at Alma's. All area businessmen and delegates from the various clubs are urged to be in attendance at this very important meeting.

Mrs. Molly Courtney, Chamber secretary, stated today that a great amount of has been met with in raising the funds for the Christmas decorations, as pledges and money received already amount to almost \$500 of the \$600 needed.

SAVINGS BOND SALES REPORT

October Savings Bonds sales in Yoakum County totaled \$1,612. This announcement was made recently by Mr. D. P. Moorhead, Chairman of the Yoakum County Savings Bonds Committee.

Total sales in this county during the first 10 months of 1963 were \$45,920 which represented 65.6% of the 1963 sales goal.

received from the Treasury Department, 1963 Bond sales are hitting new peacetime highs. During the first 10 months of the year Bond sales nationally have increased 11% over the same period in 1962. While sales have shown a fine increase, it is also noted that Bond redemptions have decreased 2.7% during the same period. Chairman Moorhead reported,

Texas 1962 Traffic Cost

During 1962 death stalked the streets and highway of Texas for a record of 2,421 human lives in traffic mishaps, an increase of 107 over 1961. Another 144,943 were sent to doctors and hospitals, and increase of 12,373 over 1961, some of these injured being maimed for life. Some 400,000 automobiles were damaged or demolished. Our economic loss came to an astounding figure of \$387,843,000, an increase of \$31,731,000 over 1961. Our liability and collision insurance premiums came to a sum over two hundred and seventy five million dollars.

Yoakum County's contribution to the 1962 Texas traffic cost was 2 killed, 14 injured and an estimated property damage of \$4,900.00. If the 2,241 dead traffic victims were stacked in a pile the dimensions would be about 2 3/5 miles in length, or 3/4 of a mile in width, or 4/10 of a mile in height. The dimensions for the 144,943 injured would be 158 miles in length, or 46 miles in width, or 23 miles in height. The dimensions of the same 400,000 damaged or demolished vehicles would be 1,330 miles in length or 500 miles in width, or 379 miles in height.

Now a descriptive look at the three hundred and eighty seven million dollars cost of the traffic accidents. The playing area of a football field measures 300 feet by 160 feet, or 48,000 square feet. United States currency measures about 2 5/8 inches by 6 1/8 inches. If a football field was completely covered with one dollar bills, then a layer of two dollar bills, then a layer of five dollar bills, then a layer of ten dollar bills, then a layer of twenty dollar bills, then a layer of fifty dollar bills, then a layer of one hundred dollar bills, then a layer of five hundred dollar bills and on top of these

eight layers of paper money, dump 2,707 tons of silver dollars, this would represent the economic loss we suffered in Texas for the year of 1962. The three hundred and eighty-seven million dollars would have bought homes at \$20,000 each; 10,000 refrigerators at \$400 each; 10,000 cooking ranges at \$350 each; 10,000 TV sets at \$350 each; 10,000 dishwashers at \$300 each; 10,000 automobiles at \$3,000 each; 10,000 central air conditioning units at \$1,400 each and furnish the head of the 10,000 house holds with a bank account of \$12,984.

eight layers of paper money, dump 2,707 tons of silver dollars, this would represent the economic loss we suffered in Texas for the year of 1962. WEATHER

Temperature extremes for the Plains area during the past week were as follows:

	max	min
Nov. 20	67	35
Nov. 21	70	49
Nov. 22	61	45
Nov. 23	57	25
Nov. 24	65	27
Nov. 25	53	34
Nov. 26	57	23

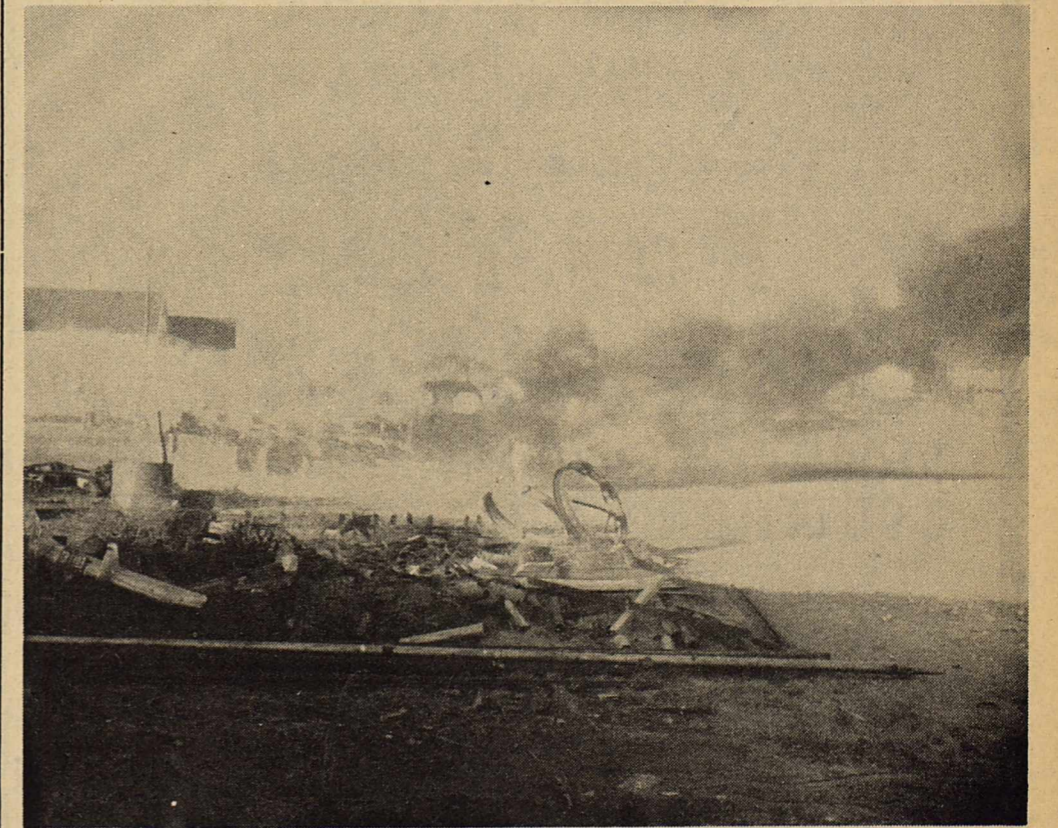

Rainfall for the above period measured only .04 inch.

Card Of Thanks

Mere words are inadequate to express our deep appreciation for the many acts of kindness and thoughtfulness extended to us during our recent sorrow.

For all the food, flowers, prayers, words of comfort and donations made in memory of our loved one, John C. Keller. We pray God's richest blessings on each of you.

TRUCK FIRE---Shortly after press time here last Thursday, a fuel truck caught fire near

the R.D. Romans' shop. Exact cause of the blaze was not known and Plains firemen were able to bring it under control

despite the very present danger of the fuel exploding. The truck was located just outside the west city limits of Plains.

DELIGHTFUL CRUISE---- Mr. and Mrs. Pete St. Romaip returned from a delightful cruise aboard the completely air-conditioned S. S. Bahama Star, to near-by Nassau, from Miami, with the ship docking right at Bay Street in quaint Nassau, making it easy to shop in the native straw market, swim at Nassau's famed beaches and enjoy Bahamian night life.

AN OPEN LETTER

Folks, we are plumb ashamed of the lack of Christmas decorations on our city streets.

Our neighbors have displayed such pretty decorations the past year, that we seem drab, and yes, even backward. As country as the wording in the first sentence above.

We want to buy:----- Light pole decorations similar to (but we think prettier than) those bought in Denver City last year, and

Some tinsel to cover the strands of colored lights we have, with enough left over for a pretty tie-in at the poles.

The company we are planning to buy from says they will furnish enough brackets to brace the decorations against the strongest winds, and they can fill our order in 48 hours if we hurry.

We need a minimum of \$600 for a nice showing this year, but the more we can buy the prettier our town will be. We are calling on organizations, business firms and individuals to contribute whatever they can on this project. If you would like to donate as a business firm call 456-2929 and we'll be happy to pick up your check. Or, anyone is

PERRIN IN BIG LIFT

Army PFC John L. Perrin son of Mr. and Mrs. F. P. Perrin, Plains, Texas and other members of the 3rd Armored Division acted as a mock aggressor force during the second phase of Operation BIG LIFT in Germany.

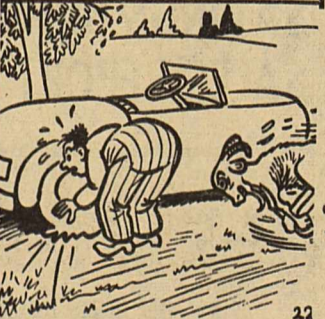

Following their arrival by air from the U. S. the 2nd Armored Division began a week long training maneuver in which the 3rd Armored Division acted as an enemy. The exercise ended November 5.

Perrin is a mail clerk in 2nd Battalion of the 3rd Armored's 6th Artillery regularly stationed near Gelnhausen, Germany.

He entered the Army in December 1962, completed Basic training at Fort Polk, La., and was stationed at Fort Sill, Oklahoma before arriving overseas in May of this year.

The 21-year-old soldier attended Whiteface High School.

HUMBLE TIPS

"That's the end!"

It will be the end of "your" troubles when you switch to our service.

W.G. Lattimore

B TEAM FOOTBALL WRAP-UP

Plains B Team finished out this year's football season with a record of 4 wins and 3 losses. The Cowboys were beaten by Eunice, Seagraves and Seminole and they beat Whiteface, Morton, Tahoka and O'Donnell. Real standouts for the B Team in this season's grid action were Ronnie Elmore and Carlton Wilkins.

The team was composed of five freshmen and the balance of the 18 boys out were sophomores.

The Plains B Team scored a total of 110 points this season and had 177 points scored

against them. It should be noted, however, that 115 of the 177 points scored by their opponents were in just two games, Seagraves and Seminole.

Scoring rundown of the 7 games was as follows:
O'Donnell 20-24; Whiteface 0-28; Tahoka 6-10; Eunice 36-12; Seagraves 52-12; Seminole 63-0 and Morton 0-24.

It seems that the Plains Varsity can expect a great deal of help from this group next year.

The best way to come up with the right answer is to go down on our knees with our problem.

The fellow who never made a mistake in life, missed the boat of life.

Talked to a fellow the other day that used to attend a small church in South Texas. It seemed the congregation developed quite a reputation for keeping a feud going on among the members. He said that every question that came up seemed to have three sides; our side, their side and the Lord's side. . . .

It is a little hard to believe that our forefathers founded this country partly to avoid high taxes when we think of the bite taxes take out of our income dollar.

Definition of a square in mod-

ern day talk would be a guy that had never been around.

Not everyone repeats gossip—some have to start it.

Even when you are "down in the dumps" it doesn't do much good to go around discussing your situation. Half of the folks likely are not interested and the rest think you are getting your rightful deserves. . . .

It wouldn't be so terrible to wear a suit ten years if it was still as easy to get in it.

Benjamin Franklin, the first postmaster general, gave the following definition of the Postal Service: "Messenger of sympathy and love, servant of parted friends, consoler of the lonely, bond of the scattered family, enlarger of the common life, carrier of news and knowledge, instrument of trade and industry, promoter of mutual acquaintance, of peace and good will among men and nations."

Few things would upset the average day like not having the morning mail or the postman come our way. Those of us who have lived at the far end of a long mail route will surely agree that to see the mail man coming

down the road was the thrill of the day.

The trouble with blowing one's own horn is that it often leaves one so winded that they can't do anything else.

Those who try to please everybody are apt to wind up displeased with themselves.

The best way to lick a problem is to stick with it.

Part of the people count the cost, the rest just let the other fellow pay for it.

A good way to keep in step is to step on it.

Lovers of beautiful fall foliage please mark this on your calendar for next year. About one or two weeks after the Canadian tour plan another drive to include Wellington, Quail, Hedley, Lelia Lake and Clarendon area. This year on Nov. 10 we have never seen it more beautiful especially the lowly shinnery thickets in those areas.

Judge Jack Pope Announces For Supreme Court

Judge Jack Pope, currently associate justice of the Court of Civil Appeals in San Antonio, today announced his decision to run for the place on the Supreme Court being vacated by the announced retirement of Judge Frank Culver. Pope, speaking to the Nueces County Bar Association luncheon in Corpus Christi, announced his decision at the end of the meeting.

"It is only fitting that I announce my entry into the race for the Supreme Court here in Corpus Christi, where I practiced law . . . and where I first began my service as a district judge. You helped me win election to the Court of Civil Appeals in 1950, and I ask your aid again," said Pope.

Judge Pope's decision to enter the race was made after receiving more than 80 city petitions carrying nearly 2,000 signatures of attorneys from 55 counties of the state. These came from every section of Texas. The petitions requested that he make this race and pledged the support of the attorneys in the race.

Judge Pope is a descendant of Andrew Jackson Berry who fought at San Jacinto for Texas independence, and bears his first two names. The Republic of Texas granted Judge Pope's great-grandfather, John Berry, a league of land in the Robertson Colony along Berry Creek just north of Georgetown.

Pope is a graduate of The University of Texas Law School and started his general law practice in Corpus Christi; he also managed the Highway Transportation Company, a bus line which operated between Houston, Corpus Christi and San Antonio, in the late '30's. He served in the U.S. Navy during World War II.

Appointed to the judgeship of the 94th District Court in 1946, Judge Pope was elected to a full term. In 1950, he was elected over three opponents to the Court of Civil Appeals in San

Antonio, to which he has twice been re-elected without opposition.

Judge Pope and his wife, Allene (a graduate of The University of Texas), have two sons, Jackson and Allen. Jackson is a graduate of Abilene Christian College, now doing graduate work at Hardin-Simmons University. Allen is a student at The University of Texas.

Pope brings 18 years of judicial experience to the race for Supreme Court. He was 33 when he began serving as a judge; his present court served more than two million Texans with one of the heaviest dockets in the state. The report of the Civil Judicial Council shows that this court was the most economically operated appellate court in the state.

Judge Pope's reputation among the legal profession is particularly outstanding. In addition to the 18 years of judicial experience, Judge Pope has personally written more than 500 opinions which are found in 134 volumes of the law reports. He has served as a member of the Domestic Relations Committee for the Judicial Section in 1955, then later as the Legislative Chairman of that Section which is credited with the enactment of many of the laws which currently protect children. Such work for the State Bar of Texas has also been marked by his service as president of the Nueces County Bar Association in 1946 and 1947, and as Chairman of the American Citizenship Committee in 1953. A past Chairman of the State Bar Committee on Rules and Statutes, he also helped write the booklet "The Right of Trial by Jury" which has been placed in the hands of thousands of jurors and was noted nationally by the American Bar Association.

Judge Pope has been cited six times for his service as a member of the State Bar Institute Committee and is on the advisory board of the Southwestern Law Journal. The Judicial Section, composed of all the trial and appellate judges of Texas, honored Judge Pope in 1962 by choosing him as their president.

In addition to the many judicial and legal honors he has attained, Judge Pope has been active with the Boy Scouts of America (receiving the Silver Beaver Award) the Y.M.C.A., a member of the Board of Trustees of Abilene Christian College and the Church of Christ where he teaches a high school student Sunday School class. Judge Pope is a member of the Woodmen of the World, Hermann Sons, American Legion, and the Knights of Pythias which he served as Grand Chancellor.

The Papes have resided in San Antonio since his election to the Court of Civil Appeals in 1950.

The only announced opponent for this Supreme Court seat is a district judge in Houston.

DPS Accident Report Given

The Texas Highway Patrol investigated 2 accidents on rural highways in Yoakum Co. during the month of August, according to Sergeant A. E. Roberts, Highway Patrol supervisor of this area.

These wrecks accounted for two persons injured and an estimated property damage of \$650.00.

The rural traffic accident summary for this county from January through October of 1963 shows a total of 15 accidents resulting in 3 persons

killed, 17 persons injured and an estimated property damage of \$16,455.00.

The Sergeant said, "Don't walk yourself to death," that is a slogan we would like for you to remember for the rest of the year, November and December are noted as dangerous months in traffic and especially for pedestrians. During these last two months of 1963 in Texas there were 65 pedestrians killed and 768 injured in collisions with motor vehicles. There are many

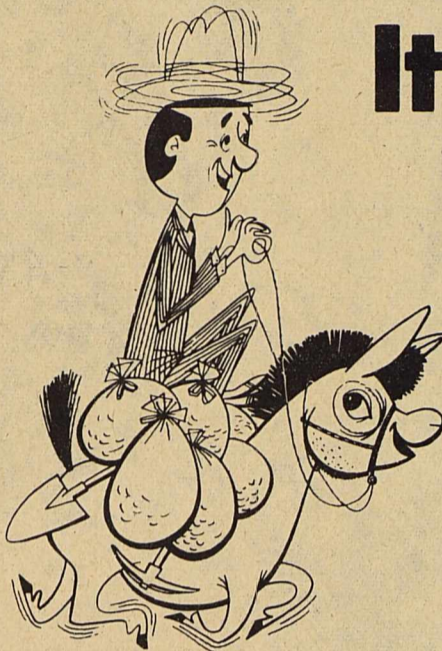

riants not visible to drivers, holidays and lack of drivers and pedestrians concentration.

The veteran patrol supervisor stated some tips to aid both the pedestrian and drivers. Always wear something light colored when walking after dark. If possible, carry some kind of light, walk on the left side of the road facing traffic day or night so that you can see approaching traffic. If reasons for this: longer hours of darkness, bad weather, pedest-

Bowling Results

Moore & Oden sponsored womens' bowling team took three of four games in this weeks contest against Piggly Wiggly of Denver City. High bowler for Plains was Sue Randall with an even 500 for three games, and it is reported that one of her games was a 211.

you have a dark colored raincoat or overcoat, put a strip of two of reflectorized material across the back and front when walking on the highway or street.

Question Land Use

Harvesting of abundant crops always brings to mind a question. What are we doing with the land? Are we using it wisely so we may use it again and again or are we using it up, mining it so to speak. Cultivation, rotating crops adding organic matter, water and fertilizer may be the answer to a continuous good harvest.

Conservation plans on Fred Lowery and the Robert Beasley ranch were completed this week. These plans also were Great Plains Conservation program contracts.

Conservation plans on R. W.

Kelly, Lomas L. Freeman, C. A. Dulin, Kenneth Nelson and Robert A. Long all have been brought up to date by modifications.

Interest in under-ground high pressure pipeline to reorganize existing irrigation systems is on the increase. Woody Wilmet, Leo Homls, Claude Freeman, Fred Lowery and Carl Lowery are a few land owners making plans to install pipe.

R. L. Oliver received assistance this week in locating two new irrigation wells on a 320 acre tract west of Denver City.

Don't forget the election of a Supervisor for Sub-Division 5 of the Yoakum S. C. D. to be held on Dec. 3 at 7:30 p. m. in Plains in the Clubroom.

If you want to know about bermuda grass as a pasture ask the man who has some and has

done a good job of watering, fertilizing and carried out a grazing program instead of a grubbing. It takes grass to grow grass, whether it be native or introduced, watered or dry.

HOME DECORATIONS

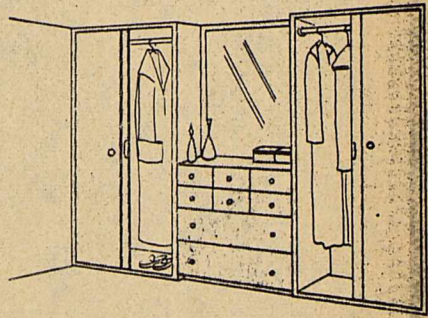

A neat answer to storage problems, especially in a long and narrow bedroom that seems out of proportion, as these rooms often do, is to build two wardrobes, one for each corner of the room.

Between them place a mirror and a chest as illustrated here.

Actually, long narrow rooms have a great amount of wasted space and this is one of the best solutions there is to using it.

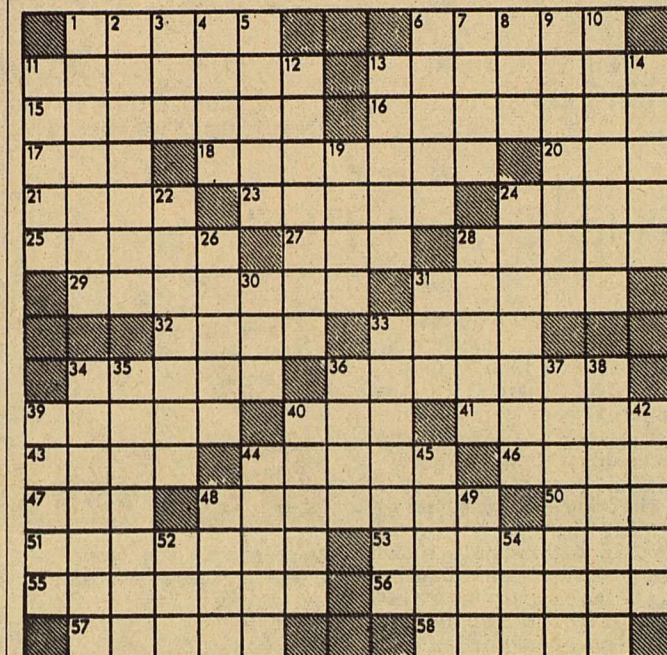

Conventional type doors can be used on this type of wardrobe, although sliding doors are often the most practical. Doors that open out into the room often cause

a problem in placing furniture. Sliding doors, on the other hand, eliminates any problem of this type.

CALL IN YOUR CLASSIFIED ADS TO THE PLAINS RECORD 456-4116

From Bessie Pearsall, Dow City, Iowa: "I remember when my father saw a flock of prairie chickens and came into the house to get the muzzle-loading shotgun. By the time loading with shot and paper wads was completed, the birds had taken their flight. How disappointed we were, for prairie chickens were good eating.

On the farm I remember how mother made butter and molded into pound rolls with a fancy design on top. Saturday nights we would drive into town and sell the surplus butter or trade it for groceries at the store. In that box of groceries would be pound candy, but there by the grocer, "for free." We would buy coal oil (kerosene) in a 3-gal. can and always a raw potato was pushed on the spout to keep it from splashing out. If the can was empty before Saturday night, my dad would whittle some shavings to start the fire each morning.

Neighbors would often come in to play "Flinch" in the evenings and we would take a glass of water to drink during the night. One night I reached for the glass and the water had frozen to the bottom—no drink!

I remember the country school, where boys would go a quarter of a mile for a bucket of water. On their return, hands would go up—"Teacher, may I pass the water?" The first to ask would have the privilege of passing it around, each pupil quenching his thirst, all from the same dipper.

At noon we would gather around the old box stove and place the buttered side of our bread on the dinner pail lid and have "toast," as we called it, with jelly or syrup.

Those who didn't have sleds would bring a scoop-shovel to coast down hill at recess.

Business Backs 4-H Clubs Nation-Wide

Incentives Help Make Best Better

U.S. business firms contributed \$1.25 million in 1963 toward recognition and encouragement of the nation's 2,225,000 4-H Club members, the director of the National 4-H Service Committee has announced.

Norman C. Mindrum, director of the committee, said the record figure made possible awarding of college scholarships and fellowships valued at \$145,000. They were presented this year to 275 of the nation's most outstanding 4-H youths and to young adults who once were 4-H'ers.

The financial support also was used for more than 180,000 other awards to members of the nation's more than 94,000 local 4-H Clubs. The clubs are in about 3,100 counties in all 50 states and Puerto Rico.

The national committee, headquartered in Chicago, utilizes the funds to assist the Cooperative Extension Service advance the 4-H program.

Awards Since 1900

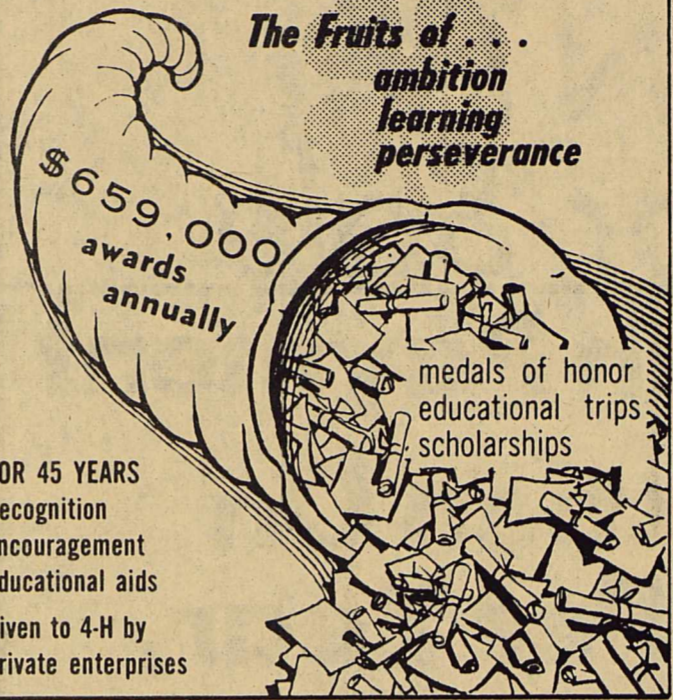

"Awards are an integral part of 4-H," Mindrum said, "and have been provided as incentives and recognition for young people since the early 1900s."

Help from 57 business firms now backing 4-H dates back in some cases to the 1920s. The average tenure for all donors is 18 years.

The scholarships, nearly all for \$500 each, were awarded Dec. 1-5 during the 42nd National 4-H Club Congress in Chicago, attended by more than 1,500 delegates. Their expense-paid trips, considered both educational and cultural, were awarded by more than 30 of these firms.

Funds for programs ranging from bread baking to entomology are channeled through the 4-H committee, incorporated in

1923 when a handful of business firms provided \$3,400 to help the growing club program. In the last 10 years alone, the number of county medals awarded has increased from about 85,000 to nearly 180,000.

"Each donor has an interest in boys and girls, an appreciation of the need for youth development and a feeling that the organization can serve 4-H in a wholesome manner with limited self-gain," Mindrum said.

Diversified Support

Among the business firms supporting 4-H in 1963 are American Forest Products Industries, Inc.; American Oil Foundation; Atchison, Topeka and Santa Fe Railway System; California Chemical Company—Ortho Division; Cities Service Oil Co.; Chicago and North Western Railway Co.; Chicago,

Burlington and Quincy Railroad Co.; The Conrad Hilton Hotel; Chicago Board of Trade, and Cudahy Packing Company.

Also Elgin National Watch Company; General Motors; Heisdorf & Nelson Farms, Inc.; Homelite, a division of Textron Inc.; Humble Oil & Refining Company; Illinois Central Railroad; International Minerals & Chemical Corporation; Livestock Conservation, Inc.; Massey-Ferguson Inc.; Moorman Mfg. Co.; The Milwaukee Road; Olin Mathieson Chemical Corporation; Edward T. Meredith Foundation, Successful Farming; Pure Oil Company; Ralston Purina Company; The Sears-Roebuck Foundation; The Singer Company; Standard Oil Company (Kentucky); Standard Oil Company (Ohio); The West Bend Company; Wilson & Co., Inc.; and friends of the late Thomas E. Wilson.

explains. Records of all nominees should be ready for county judging committees by February 1.

The top Texas homemaker will be selected, along with five regional winners, from the outstanding district and regional candidates whose records are to be submitted to Mrs. Florence W. Low, assistant director for home economics with the Texas Agricultural Extension Service.

The annual judging activity is sponsored by the Fort Worth press, in cooperation with Soil Conservation Districts, the Agricultural Extension Service and other groups. It offers recognition for achievements of Texas women in the area of conservation in the home and on the farm.

All homemakers, whether they live in the city or in the country, are land users in their own right if their home has a plot of land, and they have the opportunity and need to practice soil and water conservation, as well as conservation of time, energy and family finances.

"Active attention to the care of your land may help to refresh your partnership with the nation's farmers and ranchers as stewards of the land," Miss Williams reminds homemakers.

blessed memories of the past come trooping down the avenues of thought. To the writer, September is such a month, not only because he was born on its twentieth day but also because it has brought to him some of his brightest days.

The month is remindful of an old song the writer learned in his youth from one who no longer walks at his side—

In the sweet bloom of this September day,
I wander through the paths we two have trod,
And still along the dear familiar way
Grow the blue aster and the goldenrod

Don't ask why the heart may quicken its beat, for there are "thoughts that do often lie too deep for tears" and too deep for telling except to the silence of one's own soul.

If perchance the very thought of goldenrod may cause the hay fever victim to sneeze, think of the blue aster which is the very flower of September and grows still "along the dear familiar way."

Let us hope that this September may not provide a date for the beginning of a third world war, as it had a date for the beginning of the second.

Wedding vows were exchanged in a double ring ceremony for Miss Marsha White and Donald Wayne Shafer at 7 p. m. Friday in the First Methodist Church. The Reverend Walter Driver officiated.

The bride is the daughter of Mr. and Mrs. Leo White, and the groom is the son of Mr. and Mrs. J. W. Shafer of Muleshoe.

Given in marriage by her father, the bride wore a floor-length gown of delustered satin with three-quarter length sleeves. Her veil was an elbow length Spanish mantilla. Her only jewelry was a cameo which belonged to her maternal grandmother. The bride's bouquet was a cascade of white carnations.

Maid of honor was Miss Carolyn Warren, and Miss Jane Sosnowy, of Texas City, was bridesmaid. They wore identical dresses of aqua chiffon and each carried a single white carnation.

Best man was Bill Shafer, Muleshoe, a brother of the groom. Benny Dunlap, of Morton was groomsman. Usher was Wayne Tunnell of Muleshoe.

Wedding music was provided by Gene Young, organist. Guests were registered by Mrs. Mary Culwell.

A reception followed the ceremony in the fellowship hall of the church. For travel-

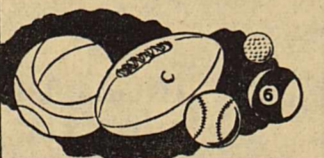

ling, Mrs. Shafer wore a dress of pink wool with white kid and other accessories.

The bride is a 1962 graduate of Plains High School and attended Texas Tech. Shafer, a 1962 graduate of Muleshoe High School, is employed at Muleshoe, where the couple will reside.
