HEATH OUT AS DEPUTY

Politics are always full of surprises and this week in Plains was certainly no exception.

In the second Democratic Primary which was held here last Saturday, Yoakum County voters passed on the candidacies of two men for county-level offices, one for district office and one for a national office.

Yoakum County voters, as well as voters all across the state of Texas endorsed incumbent Joe Pool in his bid for re-election as Congressman-at-large. He was opposed in his bid by Robert Baker.

On the district level, local voters again picked the favorite that was selected by the entire district, Jesse T. George was elected as the State Rep. for our 90th District over opponent Howard Ragland.

That particular race ended in something of a surprise as Ragland had been much the stronger contender in the first Primary Election when three other candidates also were seeking the post.

Two races were decided also Saturday in which candidates were voted on to fill

county-level offices. Vernon Townes, incumbent County Attorney defeated his run-off opponent, Denver City attorney, Claude Freeman.

In the other race, Deputy Sheriff Olan Heath defeated his opponent, Woody Sullivan, Denver City Police Chief, in his bid for the office of County Sheriff.

Following the election, it was learned here on Monday that Heath had been fired by Sheriff Vester Sanders, from his job as Yoakum County Deputy Sheriff. Heath had been stationed here at Plains in the Sheriff's Department for the past several years.

After his release of Heath, Sheriff Sanders, who was defeated in his bid for re-election when in the first primary Heath and Sullivan were chosen as run-off contenders, made the following statement relative to letting Heath go:

"It's nothing to be proud of, but it was something I just had to do."

"I'm not trying to give him a hard time. I wish him luck. But I feel he just hasn't treated me right and I can't use him anymore."

County Commissioners' in last Monday's meeting voted to, upon Sheriff Sanders recommendation, to hire Mr.

O. D. Smith as Heath's replacement as the Deputy that will be stationed in Plains for the balance of Mr. Sanders' term (December 31).

Heath had no comment to make regarding being let go from the deputy's job except that his plans until January 1, when he will be sworn in as Sheriff of Yoakum County.

He also stated that his plans were equally as indefinite as to the individual. That he plans to recommend to the Commissioners' Court as Deputies during his own tenure of office.

Smith resigned his position as custodian at the Courthouse here to accept the position as deputy sheriff. He was formally City Marshall of Plains for a period of about eight years.

It was reported that Slim Randall who has been a custodian at Plains Schools has accepted the position vacated by Smith.

Why so much fuss over the Democratic primary votes cast for Alabama's Governor Gov. Wallace in Wisconsin, Indiana and Maryland?

The stark significance of the Wallace performance is curling the hair of Demo political analysts who now realize that it may well foreshadow the defeat, or at least some loss of power, for their party in November.

The Wallace vote - 34 per cent in Wisconsin, 30 percent in Indiana, 43 percent in Maryland - represents the violent reaction of America's ethnic groups, particularly Polish, Italian, Czech and Slovak, against the "Civil Rights" bill as a threat to their jobs and to the character of their typically close-knit, even clannish, neighborhoods. These people are not anti-Negro. Job desegregation, per se, means little to them. But they realize this legislation will create no new jobs - merely require some portion of them to step aside so that Negroes can move into "their" jobs. And this, they definitely do not care for!

The evidence is clear for all to read. In Wisconsin's Fourth and Fifth Districts, that comprise the industrial city of Milwaukee with 300,000 ethnic group citizens, Democrats polled 68 percent of the votes in 1962. But, in the recent primary, Governor Reynolds (as Johnson's stand-in) was whittled down to 57%.

In Indiana in 1960, it was the whopping Democratic majority rolled up in the predominantly Polish District that clinched the narrow state-wide victory for Gov. Welsh. In the 1964 primary, standing against the man from Alabama and the civil rights issue, Gov. Welsh failed to carry a single white precinct in the very district that had made him governor.

And in Maryland also, ethnic group areas turned their backs on the Administration, leaving the task of face-saving to Baltimore's colored section and to Government payrollers living the Capital suburb of Montgomery County.

These ethnic groups - these foreign born citizens and their children who constitute 19 per cent of our total population -

have been solidly Democratic since 1932. Without their votes, the Demos would have lost in 1960. Without them in 1964, the Democrats are courting defeat.

The Wallace vote can only be construed as a civil rights protest. As such, it is the handwriting on the Democratic wall. "Mene, mene, tekel, upharsin." It translates: "Numbered, numbered, weighed and divided." And the Demo Senator, who can erase this threat at will, ignore it at their party's peril.

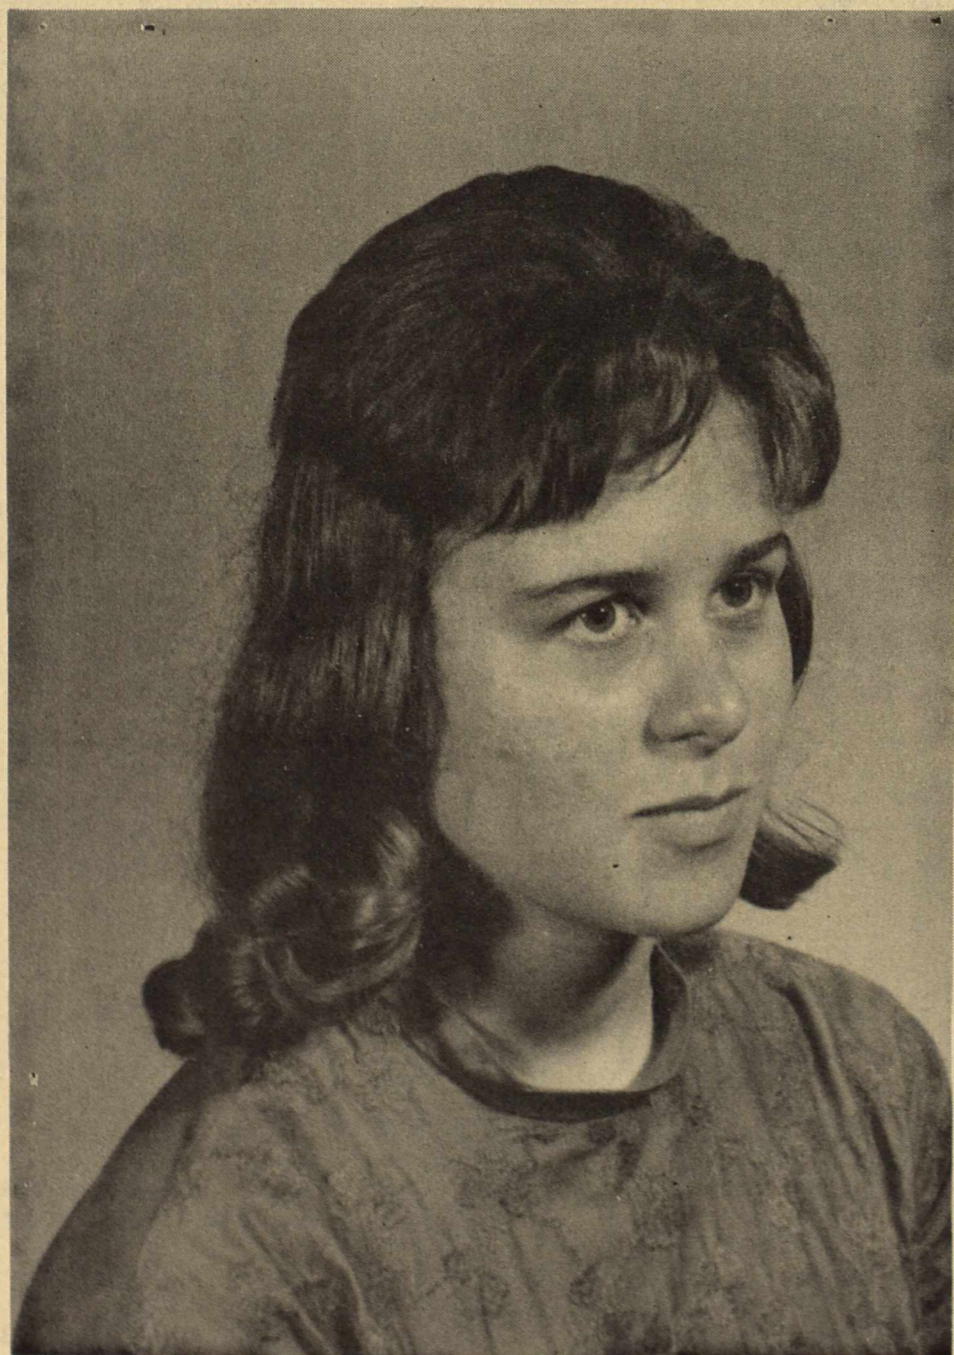

Aside from these political facts of life in connection with the civil rights bill, it seems to me that enough protest against its passage has been heard from all over the country to convince our Senate the American people are just not in favor of the bill in its present form.

The way an individual happens to feel about segregation has very little, if anything, to do with being in favor of the bill.

The bill itself is discriminatory, not just against the whites, or the negroes, or the ethnic groups, but against all who are proud to call themselves Americans, and who use that term in the great traditions of the history of this country.

No, I'm definitely not anti-negro, or even anti-civil rights, but I do strongly believe that this civil rights bill should be defeated, because I am com-

MISS PAM LONG
Rodeo Queen Contestant -- Sponsored by Plains Chamber of Commerce
Other contestants in the race are Miss Pam Parrott, who is sponsored by Yoakum County Roping Club; and Miss Dianne Marchman sponsored by Plains Lions Club.

Salvation Army Drive Reported Going Well

Plains Service Unit of the Salvation Army, which is now currently conducting its annual fund drive, has reported that this year's effort is going very

well at the present time. This year's goal was set at \$500, which is considered to be about adequate for the lo-

cal unit's operation for an entire year and for the portion that is sent into the state unit for use in the many and varied programs for the Army.

To date, drive chairman, Roy Edwards announced today that over \$325 had already been turned in, with still several workers with cards out.

REPORT LOCAL BOND SALES

Mr. D. P. Moorhead, who is Chairman of the Yoakum County Savings Bonds Committee, reports that Series E and H Savings Bond sales in the County totaled \$12,112 in April. Sales for the first four months in 1964 were \$27,921 and 39.8 per cent of the year's goal has been achieved.

April bond sales in Texas totaled \$12,200,918. Sales for the first four months of the year were \$52,192,783 which represents 34.7 per cent of the state's 1964 bond goal.

TO RE-OPEN PLAINS ELECTRONICS

R. I. (Junior) Van Liew, who recently moved, with his family, to Hobbs, New Mexico, today stated that he is moving back to Plains, and that he is re-opening his former business here.

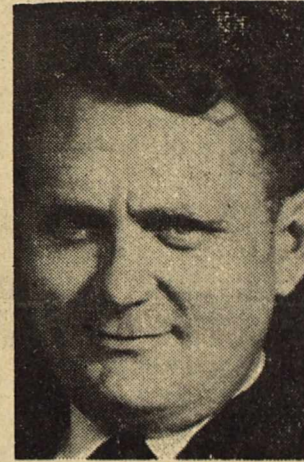

Plains Electronics, in which Van Liew plans to offer repair service on all makes and models of appliances, TV's and radios, will again be located on the south side of the court house square next door to Randall's Barber Shop.

Van Liew stated further that his store hours, beginning this coming Monday are set up as being from 8:30 a. m. to 6 p. m.

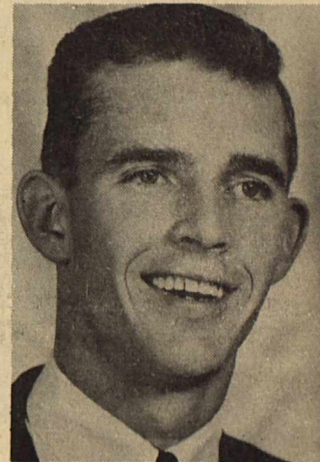

Phone number of the newly re-opened business is the same as is presently listed in the phone book, 456-8374.

RE-ELECTED
Vernon Townes

STATE REP.
Jesse T. George

Grand Jury Indicts Six

The bi-annual session of the Yoakum County Grand Jury was in session on Monday of this week.

After a day's deliberation, six indictments were returned on three different kinds of law violations. There were three

different forgery indictments, two for defrauding with a worthless check and one indictment for driving while intoxicated.

Lester Jewell Phillips was indicted in the DWI case. For defrauding with worth-

less checks, those indicted were R. E. Nokes and Paul Hartcraft, Jr.

Kenneth Arbuckle, Wayne Roberts and Bobby W. Wilson were all indicted on forgery counts.

Brenda Duke In National Contest

Brenda Duke, daughter of Mr. and Mrs. Wilson Duke, 112 3rd Street, Plains, who was a first place winner in the District II Elimination Contest in Lubbock on May 9, entered the State Contest at College Station, June 3.

She also won a blue ribbon at the state level and will be permitted to enter the competition for the National Contest in September.

Brenda left for College Station June 1, accompanied by her mother, Mrs. Wilson Duke and by Mrs. Joe Thompson, the local Home Demonstration Agent. She baked her blue ribbon bread at the Consolidated A&M High School Home Making Department on the college campus June 2.

Miss Maeona Cox and Miss Louise Mason, Food and Nutrition Specialists, observed the girls during the preparation and cooking time. The girls were judged June 3 on the quality of their product, their table settings, menus, and pose, as well as their knowledge of nutrition.

Some of the other highlights of the 4-H Round-Up were: a banquet honoring the winners of the various contests, a barbecue, a 4-H Career Opportunity Fair, a Food Fashion Show, and entertainment that was sponsored by the Texas Youth Development Foundation. Each night, a special program, given by 4-H groups was an inspiration to all, it was reported.

There were 1800 contestants, adult leaders, home demonstration agents and county agents in attendance.

pletely anti-big-brother-type government. This bill, if it is passed, is going to subjugate practically every business man and worker in the U. S., to a kind of government management that is scarcely even dreamed of outside the iron curtain countries.

Maybe some of our Senators honestly think, I'm sure they actually do, that it's for our own good, what do you think about it? Write your Senator. He'll be glad to get

your letter. He will listen to what you have to say too. He knows very well who it is that elects him each and every term.

Remember this one very sobering fact that I believe, with all my heart applies to this "so-called civil rights" bill possibly more than it has ever applied to anything in the entire history of our country. It's awfully easy to legislate socialism, but once you've got it, it's almost a complete impossibility to get it "un-legislated."

SETTLE DISTRICT COURT CASES

A jury was selected on Tuesday of this week for a compensation case being tried here. The case was brought against Travellers Insurance Company by Mr. Johnny Rose in an effort to collect total disability pay from the insurance company in connection with an injury rose received while rough-necking on a rig near Denver City about one year ago.

Verdict in that case, it was reported was expected to be returned today (Thursday).

It was reported also that some of the cases appearing on the docket of the 121st District Court here were settled out of court.

They were a compensation case brought against Aetna Casualty Co. by Johnny Hines; Forbes W. Rankin vs. Petroleum Casualty Co. for compensation; Plains State Bank vs. M. W. Ellington, Jr., collection note; Bernice Henis vs. vs. Texas Emp. Ins.; and J. E. Cockrell vs. Texas Emp. Other cases on the docket were passed by request of either defendant, plaintiff, or both.

Is There Any ASPIRIN in The House?

How many times have you awakened in the night with a bad headache and found there was no aspirin or other headache remedy in the house? Or how many times have you needed other items that come from your Drug Store?

Well, do something about it! Come in and stock up on simple remedies that you may need at any time. It may save you a lot of headaches!

Gratic Writing

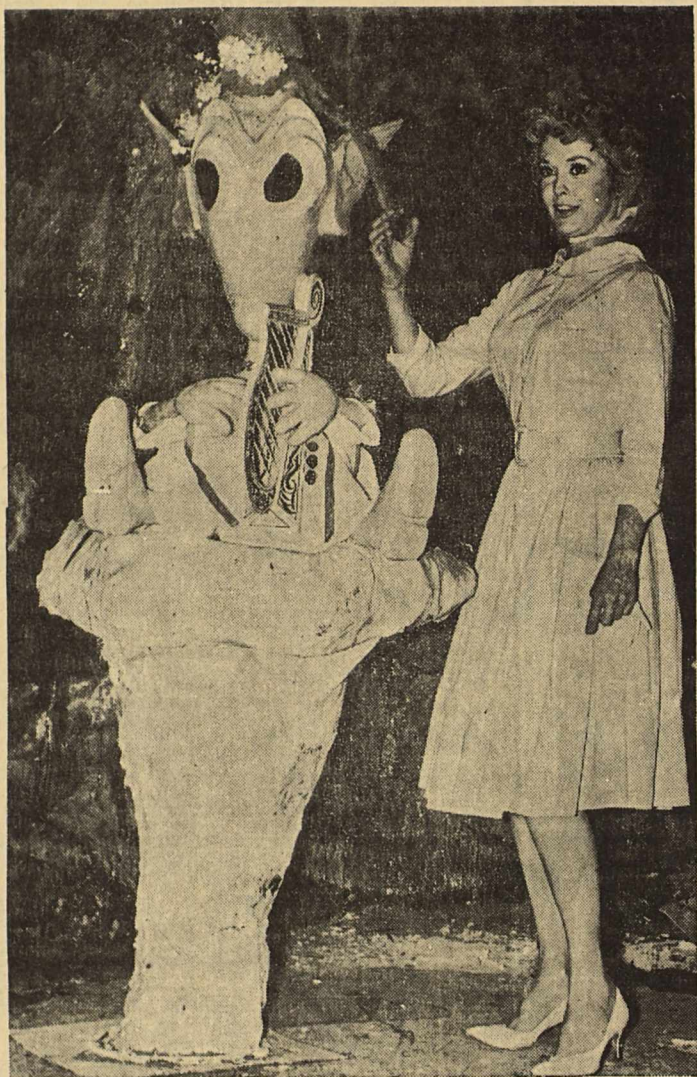

Problem Confronting All Thinking Persons Unknown To A Few And Ignored By Many

Editor's note: The following column appeared in the Lamb County Leader, one of the area's better papers. The writer hits home with his gratic writing on one of the major problems facing every thinking individual today. It's a problem some of us don't know exists and others studiously ignore. Thanks, Dick Reavis —

In our happy practice of democracy it is always one thing to have firm opinions on all problems that happen somewhere else, Birmingham, Viet Nam, Washington or Chicago.

The closer to home problems come, the harder they are to discuss. Newspapers are perhaps the first to speak out boldly against some faraway stranger, say, Bull O'Connor in Birmingham with his hoses and dogs. People follow largely the same easy road.

This is an assessment, not an indictment. Who today, by his own performance, stands clear to indict another in some of the sensitive areas that are ours today? By and large, here in West Texas we are a friendly people tolerant of others who share with us a philosophy that time itself will solve most problems; and so it will, almost al-

A Six Flags Spee-lunker musician gets an inspection of its weird coiffure by glamorous Donna Douglas (better known as television's Ely May Clampett) during a premier showing of the newest Six Flags ride... the Spee-lunker Cave. The Spee-lunkers have already taken over the operation of the Park's newest creation, which was coincident with Six Flags' beginning of its daily operation on June 1.

THE SPEE-LUNKERS CAVE READY FOR SIX FLAGS SUMMER SEASON

Six Flags Over Texas newest project, "The Spee-lunkers Cave" will be open to visitors on June 1, the day the Park officially commences its summer daily operation schedule.

Costing \$300,000 the unique creation is the brainchild of Six Flags art director Randall Duell. Construction on the 600 foot man-made cave has been underway for eight months and some 60 engineers, artists, electricians and special effects technicians will wind up their efforts next week.

The Cave has been termed "a marvel of man's imagination, engineering and animation" by newsmen who inspected the three-quarter finished project last week. Miss Donna Douglas, star of the Beverly Hillbillies TV show was also present for the tour and saw first hand the strange 30-inch high animated Spee-lunkers who inhabit the cave.

"Visitors will journey through the Cave," explained Mr. Duell, "aboard round Indian Bull boats. Inside the Cave it's completely dark save for the special fluorescent lights and paint which bring about a fascinating display of the

her faithfully, with good effort and patience, to no result. A T-EC representative outlined her case a few days back to a small business gathering and received expressions of sympathy, but no job offer.

And understandably here in Littlefield, with a record of being one of the South's first schools to integrate in 1956, we do not hire Negro bookkeepers, or receptionists — or society writers.

This situation here is not an NAACP example; is not, the odds are great, even known to them and certainly has not been advertised by the person most directly concerned or her family.

Its facts are simple, and unsensational. A young Negro woman, a graduate of Littlefield high school, has completed almost two years of college and for several months has been seeking a job that will allow her to use her natural ability and the education she has obtained.

Were she white, a dozen jobs could have been hers in the past few months. The Texas Employment Commission has listed

ety writer on a white paper in the South, and we would have gone without a lot of readership that is the lifeblood of a newspaper.

Here is one of those situations that prevail not only in the South, and for which there is no answer today. It is one of injustice, of one disappointment on another for this young woman, to whom this bit of writing may be an embarrassment and unfair to her.

Why, then, write it? Why put into words a frustrating circumstance for which there is no answer at hand, and without exhorting us all to do better? You may conclude rightly that most of us have enough troubles even here in pleasant West Texas without airing them purposeless-

Water Depletion Case Opens In Court

Another chapter in the Marvin Shurbet "water depletion" case, (Marvin Shurbet vs. United States) is unfolding this week, when the government appeal of the case will be heard before the Federal Fifth Circuit Court in Houston.

In 1963, the Shurbet case was tried in Federal District Court and resulted in a judgment for the Shurbets. The District Court held that in determining their income tax, the Shurbets were entitled to a "water depletion allowance", thus enabling them to regroup a percentage of their investment in underground water, as the water in the underground formation is exhausted.

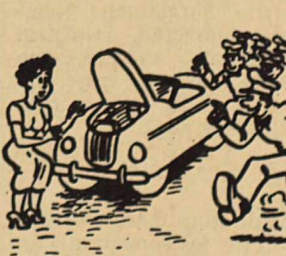

While the case directly involves only the Shurbets, the results of the case will set guide lines for all water users of the Muleshoe area, and will, in large part, determine for all similar water users their right to a depletion allowance.

For this reason the appeal in Houston will be watched with great interest by area water users as a significant step toward their investment in underground water, as the water in the underground formation is exhausted.

Jesse George

Local Pony Leaguers Win

The Cowboys, the Babe Ruth League team from Plains which is competing this year in the Denver City Babe Ruth League, is now tied for first place with the Oilers from Denver City. Each of the two teams has lost two games and won four. Plains formerly had been defeated, in the first two of their games this season, by both the Oilers and by the Colts also of Denver City. Plains then bounced back to defeat the Pirates from Denver City twice and both the Oilers and the Colts in their return engagements. Last Saturday evening here the Cwoboys took on the, then League - leading Oilers in a real close match. The Cowboys finally downed their opponents 2 to 1. Winning pitcher was Calvin Smith for Plains. He gave up one run on two hits, walked three oilers and let five of their men die on base. He struck out 15 of the batters he faced. Charles Rice was the losing pitcher as he gave up 2 runs on 7 hits and let 8 Plains boys die on base. He got only 3 strike-outs. The Cowboys play the colts of Denver City here Saturday night at 8 p. m. following a warm - up game played at 6, which is between the B teams.

Local Chamber Explains Finances

The following letter was circulated to members of the Plains Chamber of Commerce last week by way of explanation of some of the problems which are confronting the local organization, in addition to the fact that it now is operating without the benefit of the services of its paid secretary, Mrs. Mollie Courtney, who resigned on the first of

the month to accept employment elsewhere. The letter is as follows: Some have been wondering why our finances are so low, and I thought the membership deserves a general breakdown of our operations, in order that they might satisfy themselves that our money has been well spent. "If we had never done anything except get Federal Hwy

82 through Plains, and the Convalescent home, our efforts have been worthwhile. But, we stand for a lot more than that. "We have made no membership or finance drive of any sort this year. "Last year's rodeo did not bring in as much as it seemed it should. "We have done nothing "extra" this year to add to our finances. "And we have spent much more than ever before. All for very good purposes, no re-

grets for any of it, but still it has depleted our bank account. "Some of the extra expenses this year were: 1. \$300 on land for the convalescent home. 2. \$40 more than ever before for Christmas lights. 3. \$40 for counters in the Chamber of Commerce office. 4. Much more for telephone calls than ever before, in our efforts to get the convalescent home going, and also in our efforts to get doctor. 5. Spent quite a bit more for travel expenses. In prior years, we had paid expense out of the pockets of the individuals usually. But most of this year's expenses were on behalf of Hwy 82, our most worthwhile project completed. And, a rightful expense of C of C. "Then there were several other items too numerous to mention. These all add up to no money in the bank."

LOCAL NEWS

Mrs. J. H. Morris spent last week visiting relatives in Lubbock.

Mrs. W. L. McClellan went with her neice and family, Clifford Hartsell of Sundown, to a Strickland and Huffman family reunion at Elinsell, Texas last Sunday. She also spent Monday in Levelland with Mrs. C. L. Strickland.

Mrs. Ray Strickland and children spent several days this week at Snyder with Mr. and Mrs. Vernon Tipton.

Neil and Denice Newsom are visiting their uncle this week in Lubbock.

Mr. and Mrs. Dan McClellan moved to Tatum last week.

Mrs. Joe Curry went with her son and family, the Bill Curry's of Roswell, on a fishing trip near Ruidoso last week.

Christian Women's Fellowship of First Christian Church met Tuesday morning at 9:30 in the home of Mrs. Lois McGinty. The study was on missions in the United States. Those present were Mrs. Marion McGinty, Mrs. W. L. McClellan, Mrs. Ruth O'Neal,

Amrina Moore, Jeaney Edwards, Jesse Robertson, Jewell Anderson and the hostess. Refreshments of coffee, tea, and cake were served.

Mr. and Mrs. Bill Robertson & Billie Kay; and Mrs. Connie De'Priest & Johnnie of Lubbock, left Thursday morning for a visit in Kansas with relatives.

Mr. and Mrs. Doc McCargo are home after an extended trip with Mr. and Mrs. Carol Light through Arkansas, New Mexico and Kansas.

Mrs. Katharyn Brown who resides in Plains, made it known today that her son, Billy Joe Brown, received his degree from Sul Ross State College last week in their annual spring commencement exercises. There were 187 graduates taking part in the exercises.

Card Of Thanks

We want to convey to you, our friends, our gratitude for all of the kind deeds, the flowers, the cards, and most of all, for your prayers for us in our time of sorrow. May God bless each of you. The Children and Grandchildren of ... Mrs. Mandia Donaghe

WARNING!

THE BOLL WEEVIL IS HERE!

A SERIOUS PROBLEM:

- ★ BOLL WEEVILS, virtually unknown on the High Plains in 1960, have made their move. In 1963 they caused from 10 to 90 percent damage to 150,000 acres of cotton in seven of the 23 High Plains counties.
- ★ BOLL WEEVILS have proven their ability to live through the winter above the Caprock. They did survive the winter of 1963-64.
- ★ BOLL WEEVIL control in infested areas of the cotton belt costs from 5 to 6 cents per pound, or \$25 to \$50 per acre.
- ★ BOLL WEEVILS, where they are established, cause average yield losses of 13 percent despite control efforts.
- ★ ALL WEEVILS have practically stopped cotton production in some areas.
- ★ BOLL WEEVILS threaten THE ENTIRE HIGH PLAINS. THEY MUST BE STOPPED!!!

A PRACTICAL SOLUTION:

- ★ DIAPAUSE CONTROL, according to the most eminent authorities in the U. S. CAN PROTECT THE HIGH PLAINS from the boll weevil.
- ★ DIAPAUSE CONTROL has been proven effective in commercial operations at the Texas Prison Farm and in the Presidio area of Texas.
- ★ DIAPAUSE CONTROL kills weevils in the Fall of the year when they are "Diapausing", or preparing for hibernation. A dead weevil can't hibernate through the winter and come out biting and scratching in the Spring.
- ★ DIAPAUSE CONTROL is cheaper than in-season control, the need for which will be greatly reduced after 1964.
- ★ DIAPAUSE CONTROL does not kill beneficial insects.
- ★ DIAPAUSE CONTROL, carried out over ALL infested acreage back to the range land to the East, can reduce the weevil problem to a small patrolling operation in just a few years.

A comprehensive plan for getting the boll weevil out of the PCG area ... and keeping him out ... is near completion and will be announced soon. Watch for it.

My Thanks To You ...

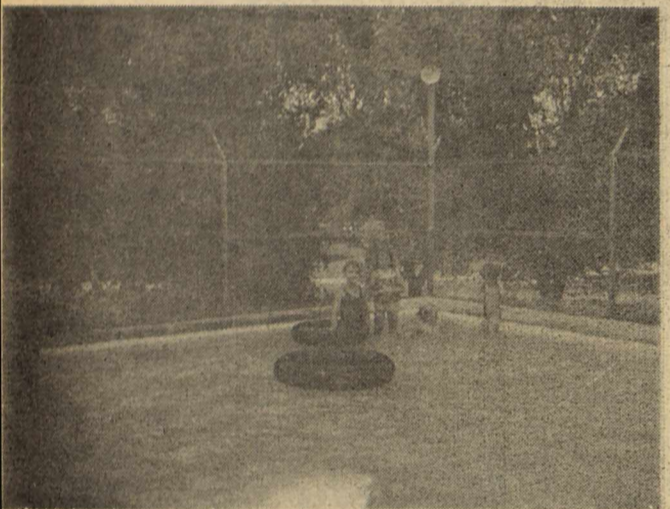

The confidence you displayed, by your response at the polls Saturday, in my qualifications for next sheriff are appreciated. Accept this letter as my thanks and be assured I will certainly try to justify your trust when I officially become your sheriff on January 1.

Appreciatively,

Olan Heath

SUSIE COOKE---who is the daughter of Mrs. J. E. Cooke, manager of the local swimming pool is only one of the many area youngsters who take advantage of the wonderful facilities provided at the pool for area citizens.

A KIDDY POOL TOO---is provided in an enclosed area for toddlers and children who don't yet know how to swim for whom the water in the big pool is too deep.

Texas 65 Offers You Three Health Insurance Plans

Much has been written and said about the great number of people over 65 who don't have health insurance to help in meeting the cost of medical care. It is now easy for Texas people 65 and over to obtain adequate health insurance protection. Thanks to Texas 65, all eligible persons can obtain protection... without physical examination.

PLAN 1 — Texas 65 BASIC PLAN is designed for protection against limited hospital and surgical expenses that so frequently occur in the years past 65.

PLAN 2 — Texas 65 MAJOR MEDICAL Plan provides broad benefits beyond BASIC coverage, to give you vital protection against the potentially disastrous expenses of prolonged illness or serious accident.

PLAN 3 — The Texas 65 COMBINATION Plan is a combination of both the Texas 65 BASIC and Texas 65 MAJOR MEDICAL Plans. PLAN 3 gives you the most complete protection that Texas 65 can offer. You are protected against limited but frequently occurring hospital and surgical expenses, as well as the potentially disastrous expenses of prolonged illnesses or serious accident.

IMPORTANT: Do not confuse PLAN 2 — MAJOR MEDICAL with PLAN 3 — COMBINATION. PLAN 3 includes BASIC Hospital/Medical/Surgical protection. PLAN 2 — MAJOR MEDICAL does not. You may enroll in Texas 65 PLAN 2 — MAJOR MEDICAL whether or not you have basic hospital/medical/surgical coverage. However, if you have no basic coverage, you must pay the equivalent of Texas 65 PLAN 1 — BASIC Hospital/Medical/Surgical benefits out of your own pocket.

How to enroll in Texas 65
Just see your insurance agent — he will gladly give you specific answers concerning Texas 65 — will offer you any assistance you want in enrolling — there is no extra charge for his services.
Or, if you prefer, fill in, tear out and mail the application form printed here, along with your check or money order for one month's premium, by June 15, 1964. Nothing else is required.

Signature of person requesting enrollment _____ Date _____
NOTE: If sons and daughters enroll their parents in TEX 65, parents are not required to sign application. Attached is check or money order for \$ _____ to cover _____ monthly payments for the plan checked.

Check the Plan desired:
 PLAN 1 — BASIC Hospital/Medical/Surgical protection.
 PLAN 2 — MAJOR MEDICAL protection.
 PLAN 3 — COMBINATION protection.
MONTHLY PREMIUM: Basic \$9.00, Major \$10.00, Major Medical \$19.00.
If enrollee is eligible because spouse is enrolled for now (enrolling), please give name of spouse: _____

CHECK OR MONEY ORDER FOR ONE MONTHLY PAYMENT MUST BE MADE PAYABLE TO TEXAS 65 and sent to: P. O. Box 666, Dallas, Texas 75221 and will serve as your receipt.
I certify all information given here to be correct. It is agreed no agent may make or modify any contract of insurance or bind the Association in any way.

CAROL HARGET BIRTHDAY PARTY

Miss Carol Jean Harget was honored with a party on the occasion of her 13th birthday, which was Monday, June 8. Those attending were: Sonya Faulkenberry, Ruby Ethridge, Pam Harrelson, Gay Trout, Jimidene Murphey, Charlene Gayle, Rene' Walser, Janet Sealy, Virginia Romans, Kathy Smith, Janice Green, Rheanell Strickland. Those sending gifts, but unable to attend were Pamela Barnett and the honoree's sister-in-law, Mrs. Don Harget. Games were played and the winner of the bubble gum blowing contest was Jimidene Murphey. Refreshments of cake and punch were served. Hostesses were Carol Jean's two sisters, Faye and Shirley.

VIRGIL WADE TO ATTEND TCU

One hundred high school teachers from seven states will participate in a Summer Institute in Science and Math at Texas Christian University June 8-17. The sixth such event on the campus, the Institute is sponsored by the National Science Foundation through a grant of \$4,100 dollars. The program is designed to "enrich their teaching" by extending their basic knowledge acquaint them with modern aspects of their subject, emphasize the inter-relationship of science and the importance of their field in the world of industry. Mr. Virgil Wade, Plains High School science teacher, will be one of the 100 teachers who are taking part in the Institute in Fort Worth.

Dirt Gardeners Hold Year's Final Meeting

Plains Dirt Gardeners met in the Clubroom May 21, 1964 for their final meeting of this club year. During the business meeting Mrs. C. C. Perkins was unanimously accepted as a new member.

Miss D'Lois McGinty gave a program and demonstration on Japanese Flower Arrangements that was thoroughly enjoyed by all present.

Mrs. W. M. Overton, the out-going President, conducted an installation of officers for the 1964-65 club year.

New officers installed are, President, Mrs. Wilson Duke; Vice-President, Mrs. Foy Coghburn; Secretary, Mrs. Robert White; Corresponding Secretary, Mrs. J. M. Tippett; and Treasurer, Mrs. Eddie Taylor.

After the installation of officers, Mrs. Overton, who

is to be next year's Flower Show Chairman, discussed the show's schedule. It was decided that this annual event would be held October 24, 1964.

Meeting adjourned and refreshments of lime sherbert punch and assorted cookies were served to members by Mrs. Leon Lewis and Mrs. Foy Coghburn, hostesses for the evening.

Mouth-to-Mouth Artificial Respiration Most Efficient

By JOE SMETANA
TFB Safety Director

Suppose you were in a spot to save someone's life—could you give the necessary help?

About every 2 1/2 seconds, someone in America needs emergency aid for an injury or a sudden illness. By knowing WHAT to look for, WHAT to do, and HOW to do it, you might save a life.

First Aid is emergency help—to prevent death or further injury—to relieve pain—and to counteract shock until medical aid can be obtained. Knowledge of first aid is EVERYONE'S RESPONSIBILITY.

Mouth-to-Mouth

There are several effective methods of giving artificial respiration. The most efficient is the MOUTH - TO - MOUTH METHOD.

Here are illustrations and instructions on how to properly administer the MOUTH - TO - MOUTH METHOD.

(4) Pinch victim's nostrils shut, take a deep breath and place your mouth over his mouth and your thumb creating a tight seal; or close the victim's mouth, take a deep breath and place your mouth over his nose. Blow into victim's mouth or nose until you see his chest rise. For an infant breathe through both nose and mouth.

(1) Examine victim's mouth for foreign matter. If there is any (mucus, food, sand, tobacco, loose dentures, etc.), turn his head to one side and remove it with your fingers or a cloth wrapped around your fingers.

(5) Remove your mouth and listen for out-flow of air. For an adult, inflate lungs at rate of about 12 times per minute. For a child inflate lungs up to 20 times per minute, using relatively shallow breaths.

(2) Lift the victim's neck, place a folded coat, blanket, etc., under his shoulders. Tilt his head back as far as possible.

(6) If first few attempts to inflate the lungs are unsuccessful, turn victim on his side and administer several sharp blows between the shoulders in an attempt to dislodge the obstruction.

(3) Pull his chin upward until the head is tilted back fully. Maintain this position to keep air passage open.

NOW REPEAT ENTIRE PROCEDURE.

Continue artificial respiration rhythmically and without interruption until spontaneous breathing is restored, until a doctor pronounces the patient dead, or until the joints stiffen (rigor mortis).

GOLIAD — Presidio La Bahia, where the Goliad Declaration of Independence was drawn in 1835. Sunday mass is still celebrated here. Nearby is a monument to Col. Fannin and his men who were massacred in 1836.

USDA Increases Wage Rates for Sugar Beets

The U. S. Department of Agriculture has announced "fair and reasonable" wage requirements for sugar beet work in all producing regions, effective April 3. They will continue in effect until amended, superseded,

or terminated.

The determination increases minimum time rates 10 cents per hour—from \$1.05 to \$1.15—and increases piecework rates on the average about 10 percent. Piecework rates range by wage districts from \$11.00 to \$11.50 per acre for hoeing; \$13.25 to \$13.75 per acre for hoe trimming; \$18.75 to \$19.25 per acre for blocking and thinning; and \$6.75 to \$8.75 per acre for weeding.

Rev. ROBERT H. HARPER
GOING TO SLEEP

It has been written of Napoleon that he slept only about four hours a day, and that when he lay down he went to sleep almost instantly. Some have suggested, in regard to his sleeping only four hours a day, that he probably nodded in the saddle. And others have imagined that his strenuous activity during the day made him so weary that it was natural for him to fall asleep almost instantly.

Granted that the reports of Napoleon as a sleeper or rather non-sleeper are true, it seems remarkable that this man who dictated to kings and formed an empire with his genius and defended it with his sword could lay everything aside when he lay down to sleep.

I have no explanation of the ability of the Man of Destiny to conquer sleeplessness. But I am sure he must not have used sleeping pills. They are dangerous. I do not use them, though I am sometimes inclined to wakefulness. I have tried counting sheep that are imagined to be jumping over a bar. I have tried repeating poetry that I learned from childhood. But this much I have learned—do not go to bed with the thought that you will not sleep but pray as you learned in childhood, "Now I lay me down to sleep; I pray Thee, Lord, my soul to keep."

(FROM PAGE 6)

\$78 per acre.

About 4,000 of the veterans already have paid off their debt and of the 27,893 still owing the state \$150,244,291, 2,354 are delinquent on their payments.

Cavness said the number of delinquent accounts is down from fiscal 1962, when 3,283 more were outstanding.

There still is a net loss of \$151,035 from the "Block deals" revealed during the veterans' land scandals. But it looks as though

Ambulances - Oxygen Equipped
Funeral Insurance
ROY COLLIER, President
100 West Tate St.
Brownfield, Texas

27 traffic accidents occurred on rural highways in Yoakum County in which the driver failed to notify the proper investigative or law enforcement agencies in 1963.

Sergeant A. E. Roberts, Highway Patrol Supervisor of this area said that his office investigates every accident they are notified or become aware of.

The Sergeant stated, "the driver of a vehicle involved in an accident resulting in injury or death of any person shall immediately by the quickest means of communication

give notice of such accident to the local police department if such accident occurs within a municipality, otherwise to the office of the county sheriff or the nearest office of the Texas Highway Patrol."

The Sergeant also said, "the law requires the driver of a vehicle involved in an accident resulting in injury to or death, of any person, or total property damage to an apparent extent of \$25.00 or more, shall within 10 days after such accident forward a written report of such accident to the Department of Public Safety. Any person who shall fail to make such a report shall be guilty of a misdemeanor and upon conviction shall be punished."

Austin, Tex. — State officials have begun the long parade before Gov. John Connally's budget staff and the Legislative Budget Board. From now until summer's end, more than 150 state agencies will give estimates on how much they will need to operate in the 1966-1967 biennium.

These hearings will produce budget recommendations to the next Legislature by Governor Connally and by the Legislative Budget Board.

All estimates must be set out in dollars and cents. But the summer budget - hearing period actually is the guessing season, since agency heads have to guess now how many file clerks, how much stationary and how many pencils they will need in August, 1968.

A few items seem certain: The Board for State Hospitals and Special Schools expect a 37 per cent increase in the population of its schools for mentally retarded and will need an estimated \$28,000,000 more than its current \$100,000,000 budget. Department of Corrections will request \$5,000,000 for pay raises for prison guards.

Budget raises not determined this summer are expected to be requested when the Legislature gets proposals for improving the state's higher education system; giving public school teachers a pay raise; building new schools for the mentally retarded; and building a state osteopathic college.

Auto thefts — State Highway Department reveals the fact that each year about 17,000 automobiles are stolen in Texas — and 9 per cent are never found!

Until three years ago, scrapped cars — complete with plates and negotiable ownership papers — could be purchased for \$50. But no more.

To prevent both plates and papers falling into hands of theft rings the Legislature required each salvage yard operator to remove current plates from vehicles purchased as salvage.

Plates and papers are supposed to be kept under lock and key until claimed by the highway department. About 10,000 titles and 3,000 license plates are picked up each month.

Building boom continues — April was the second biggest construction month in Texas history, reports the UT Bureau of Business Research.

Total value of authorized building was estimated at \$153,600,000 — up 6 per cent from March.

Only once before has the Bureau's index been higher — August 1961, when it reached 152.3 per cent.

Residential construction decreased somewhat in April. But non-residential permits rebounded strongly. The Bureau concluded the federal income tax cut encouraged growth of investment in hotels and motels, commercial garages and amusement buildings.

Permits for hospitals and other institutional buildings also increased, and \$14,000,000 worth of stores and mercantile buildings were authorized for an increase of 52 per cent over March.

Shrimp season close — Close of the Gulf shrimping season was delayed 15 days — until June 15 — on order of the State Parks and Wildlife Commission.

Biologists recommended the 45-day closed season be put off due to retarded growth of juvenile brown shrimp this year. With proper safeguards, Director J. Waldon Watson said, the 1964 shrimping season still can be the best since record-breaking 1960.

In other action the commission declared oyster dredging legal in public reefs or beds of Lavaca Bay in Calhoun and Jackson Counties and East Matagorda Bay and Matagorda County.

It took under advisement complaints about operation of George Howe Wildlife Management area in Hemphill County. Panhandle sportsmen asked that 500 pairs of quail be put out there from the Tyler Hatchery to replace the depleted stock. They also requested that they be permitted to provide special bird feeders.

Commission agreed to seek funds for \$450 - historical markers in three parks and three wildlife areas. Caddo Lake, Lost Pines and Longhorn Cavern parks were specifically mentioned by former Atty. Gen. John Ben Sheppard of the Texas Historical Survey Committee as suitable places for the markers.

Veterans' land program — The state's veteran's land program will pay itself out without any pocket - digging by taxpayers, if the Veteran's Land Board carries out its planned retire bonds as they come due.

State Auditor C. H. Cavness took a long look at the program started by voters in 1946 and concluded:

Through the end of fiscal 1963, 31,732 tracts of land were bought by the board and resold to veterans. They totaled 2,771,049 acres and cost \$216,466,134, averaging

HAVE A GLASS—Texas Farm Bureau Queen Judi Shurbet invites her fellow Texans to drink an extra glass of milk each day during June Dairy Month—and every month. A senior in Petersburg High School, Judi is the daughter of Mr. and Mrs. Marvin Shurbet of Floyd County. The Texas Farm Bureau is cooperating with the American Dairy Association of Texas in promoting increased consumption of milk—nature's most nearly perfect food.

FOR FARMERS ONLY!

ARE YOU A FLFWTMMM?

* Farmer looking for ways to make more money.

2100% return on investment sounds phenomenal, but that is the sort of return cotton farmers in this area can receive this season.

The investment is one boll of cotton every 7 feet down the row. The kind of results to be expected is an extra boll of cotton on every stalk.

These statements come from 9 of the nations leading soil scientists who have devoted most of their lives to soil fertility in the southwest and especially in the plains.

Such authorities as Dr. Alex Pope, Dr. Bill Trogdon, and Dr. Gaylord Hanes have been instrumental in the manufacturing of a completely new product at the new Plains Division Plant located at Plainview. This new product for plains soils has been named "Am-Sul-Phos".

Am-Sul-Phos contains almost three times as much nitrogen as phosphorus. The nitrogen is in a form highly resistant to leaching and losses to the air. The phosphorus is highly water soluble. The remainder of the pellet is soluble sulfate ion which reacts with excess calcium in the soil, thus giving maximum uptake by the crop of phosphorus and nitrogen as well as minor elements such as iron, zinc, boron, and manganese.

The product was used in experiments last year. Yields were increased as much as one bale of cotton per acre over standard fertilizer practices in many field scale experiments.

A 100% increase in grain sorghum yield, with high protein grain and 400% or more profit on your fertilizer investment?

Sound far fetched? ? Not at all!

Best's staff of experienced Agronomists has developed an entirely new product which contains the correct ratio and sources of nitrogen and phosphorus which combined with the sulfate ion (SO4) will result in greater efficiency of nitrogen and phosphorus uptake and in a more balanced nutrition for grain sorghum.

What is this product? - "Am-Sul-Phos".

If you have not fertilized your sorghum this year, "Am-Sul-Phos", applied as a sidedress before the sorghum is 10 inches high can double your yield and increase the protein content of your grain.

If you have applied part of your fertilizer at or before planting, apply the rest as a "Am-Sul-Phos" sidedress.
