## Plains 1st Annual Rodeo & Reunion Nears

### Pokes Rate Strong Team

Coach Rip Sewell reported that 15 lettermen will join the Cowboy football squad this year. Practice will start August 16, and the Plains Head Football Coach talked optimistically about the strength of the home team for this year. The local sports mentor said that he will probably make some re-adjustments in the positions but that with the returning lettermen he fields one of the strongest Cowboys teams since he has been here.

Othersportswriters have placed the Cowboys in the top rankings. The Waco Tribune, which publishes the Texasball magazine ranks the Pokes in 6th place in the state. Owensmen have stated that the Cowpokes may well be a contender for the state crown. When asked if the squad should be for state honors this year, Coach Sewell said that he is looking forward to a rugged district schedule, but if we get bricet, then we could certainly contend for state honors.

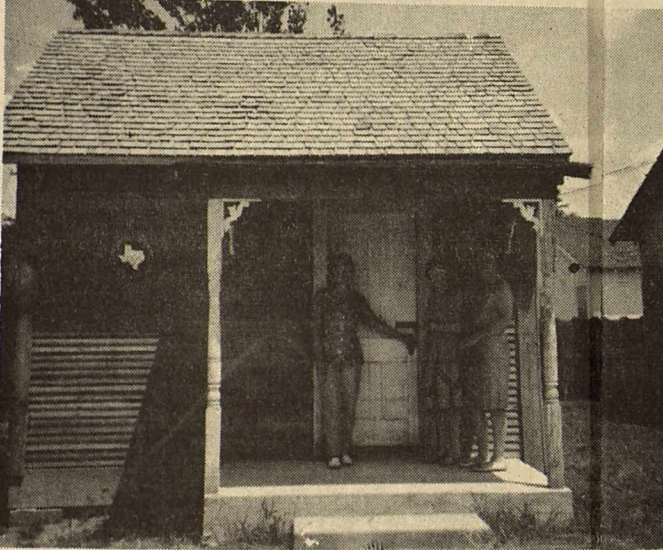

The fifteen returning lettermen and their positions Left End, Jim Smith, 169 lbs; Left Tackle, Dan Smith, 18; Jerry Lowery, 170 lbs; Eddie Tingle also plays Left and weighs 160; Center, Butch Gayle, 172; Right Guard, Pippin, 140; Right tackle, N. C. Clananhan, 209; Right End, Harold Swan, 174; Quarterback, Bobby Taylor, 150 lbs; Half, Ronnie Elmore, 179; Fullback, Joe Dan Cooke, 178; Half, Gregg Jones, 155; Full Back, Alvie Faulkenberry, 181; Right Half, Dennis Crutcher, 170; Right Half, Carlton Wilkoff.

Coach Sewell listed B Team help which will fill gaps by graduation. They are: Ricky Elmore, 160; Lynn Roll 155; Alton Raines, 145; Joe Pierce, 133; Dan Field, 176; Jim Masey, 160; Mokey McCrary, 160; Steve Simpson, 141; Ron, Romans, 144; Lee Crawford, 158; Ronnie Cowart, Larry McKowan, 139; Billie Taylor, 163; Tommy Blount, John Kennedy, 120; Donnie Spencer, 120; Gary Joe Smith, Rex Swan, 140; David Lusk, 160; Roger Seals, 160, and McGinty, 120, and Joe Beal, 135 lbs.

Our defense should be sound, because we always ensize defensive ball, and our offense should be explosive with added series to go with our multiple offense, Coach Sewell. Ripasked for the support of the football fans in the county, and said that the morale is high with the team; the boys at this point show that they are determined to win and sure that if this feeling continues that we will not disaport our boosters who in the past have given us tremendous support.

Coach Sewell said that Calvin Smith will be unable play this year due to injuries. The coach said that he was outstanding athlete and that his services will be missed this year. The Plains coaches leave this week-end to attend weeks football clinic in Dallas. It will be the annual Texas School Football Clinic. Coach Sewell said that he will give a report on the clinic when he returns.

Bob Gross and John Richey will accompany Sewell to the football clinic. Jack Maxner will be unable to attend base he is attending summer school.

Mrs. Pete St. Romain, Mrs. M. W. Luna, and Mrs. Dick Hamm are pictured at the Tsa Mo Ga Memorial Museum in Plains. The Museum will open Aug. 5th at 2:30 until 8:00 p. m. before the parade, and will be open Saturday afternoon. The public is urged to come by the Museum and to bring the out of town guests to see the exhibits. The building is one of the first structures in the county.

### Phone Work Starts For Mobile Service

Pete St. Romain, president and manager of the Romain Telephone Company announced that work has begun on the new Automatic Dial Improved Mobile Telephone Service which is being installed in Plains. This will be the only one of its kind in the county.

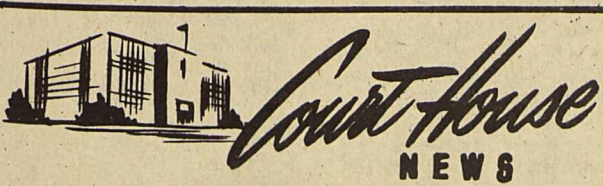

Motorola is installing the equipment. The tower will be built west of Plains on the Weber section number 444. It will be 300 feet tall and will have a 19 foot antenna on top of the tower.

The service will include a 35 mile radius and 70 miles from the outer perimeters. Work began this week on the units. The installation is scheduled to be completed in August.

Mr. St. Romain stated that the rates for the service will equal or below that of competitors with the same service. The Mobile Telephone Service can accommodate 10 units in the initial stage and can be increased as the need requires.

### Notice

Ladies of the Tsa Mo Ga Club will hold a bake sale during the Rodeo. The bake sale will be August 5, on the Westside of the Old Courthouse at 4:00 p. m. Only home made pastries will be sold. The public is urged to support this bake sale.

Trials have been set in District Court to begin the first week in August for Joe DeLaGarza, Lovington, New Mexico, charged with possession of narcotics, and James Furhman, Seminole, charged with rape. DeLaGarza was arrested and charged with possession of narcotics by Deputy Sheriff Don Rogers about May 8, and was indicted by the Grand Jury when it met in Plains last month. DeLaGarza has pled not guilty to the charge and is free on bond while awaiting trial. If the Lovington man is convicted, he could face a stiff sentence in Huntsville at the Texas State Prison. DeLaGarza is the father of seven children.

### Road Safety Report

There was one traffic death in Yoakum County as compared to the past three year average of six deaths, according to Sergeant A. E. Roberts of the Texas Highway patrol for this area.

The Sergeant stated that 143 counties had more deaths in 1964 than the previous three year average. One hundred four counties had less deaths in 1964 than the previous three year average. Seven counties had the same number of deaths in 1964 as the previous three year average.

The largest increase in the number of deaths in 1964 over the previous three year average was 53 in Harris County. The largest decrease in the number of deaths in 1964 from the previous three year average was nine in Collin County.

The 1964 death total for the state was 3,006, an increase of 277 deaths over the 1963 all time high of 2,729 deaths. The Sergeant added, "With this increase in traffic deaths, it is a challenge which every responsible citizen must accept to do his best to reduce the traffic deaths on our streets and highways."

### Nurse Class Set Soon

Application's are now open for Vocational Nursing School conducted by the Yoakum County Hospital in Denver City. The coming class will be the fourth for the local program, which is scheduled to start September 13, 1965.

Mrs. Bonnie Heath registered Nurse will be the class instructor. Mrs. Heath received her training at the Methodist Hospital in L. block having graduated in 1956.

Those interested in applying for the new class may do so by contacting Helen McMahan in her office in the Yoakum County Hospital in Denver City, Texas.

The class is open to both men and women ages 18 to 50 years. The cost for the school is \$50.00 for Yoakum County residence, and \$150.00 for out of County. This covers cost of books, cap and pin.

This course covers one full year. The first month is devoted to class work only. The next twenty weeks are of floor duty from 7:00 A. M. to 10:00 A. M. then class from 10:00 A. M. to 3:00 P. M. At the end of this period we have capping service. The next thirty-two weeks are devoted to work on the floor, and one day a week of classroom work.

At the end of this period of training, which is a full year training the students graduate, and are then eligible to take their state board.

James Furhman, Seminole, is charged with rape, having been indicted by the Grand Jury which met last month. It was not believed that the district attorney will ask the death penalty. In Texas, a convicted rapist can face execution in the electric chair. Furhman is 17 years old. He is being represented by Cleatus Phelan, local attorney.

Both trials are on the docket for the first part of August. Cleatus Phelan, Furhman's attorney stated that the trial will probably get under way about August 3rd. The Seminole youth is accused of raping an 18 year old Denver City girl.

The Grand Jury met last month and returned indictments against 14 people. Most are scheduled for trial in this term of District Court. District Judge Ledbetter from Morton will be the presiding Judge.

Our candidate for all around cowboy is Jackie Rogers, son of Mr. and Mrs. Don Rogers, Plains.

### Woman Tells About Plains' First Baby

If you are one of the old timers who will attend the Old Settlers Reunion and had the question asked of you to name the first baby born in Plains, Texas, what would your answer be?

Her name was Leonora Layman, and her parents are Mr. and Mrs. Charlie Layman of T. or C., New Mexico. She was born July 24, 1907. The story is an interesting one, and we shall print it exactly as her mother wrote it and sent it to The Plains Record.

Ladies from the Tsa Mo Ga Club will add this data to their historical collection and are requesting the pictures be loaned to the museum.

I am enclosing three pictures of the first baby born in Plains, Texas. The first one is a picture of the baby at two months, the second at 17 years and the third one as she looks now. This baby girl was born to Mr. & Mrs. Charlie Layman, July 24, 1907, and we named her Leonora, a name we got from an old story magazine. Leonora was born in a 16 by 18 foot shack with dirt floors.

It was the first house ever built in Plains, and we were the first settlers in the town. My husband and I built the house ourselves with no square to measure and no level to level with. It looked like a big box. We are better known there by old settlers as Charlie and Lela. Charlie drilled the first well. I had the first boarding house. It was in our shack and I boarded the men who built the first grocery store, and the first post office. The post office was in the grocery store which was owned by Mr. Nelson. Charlie was working at that time for Mr. W. J. Luna.

Leonora is now 58 years old and is an executive secretary and real estate broker. She and her husband, Mr. E. N. Wister reside at 1603 West Keim Drive, in Phoenix, Arizona.

This is just a brief story of the first baby born in Plains, Texas and a little of how we had to live at that time.

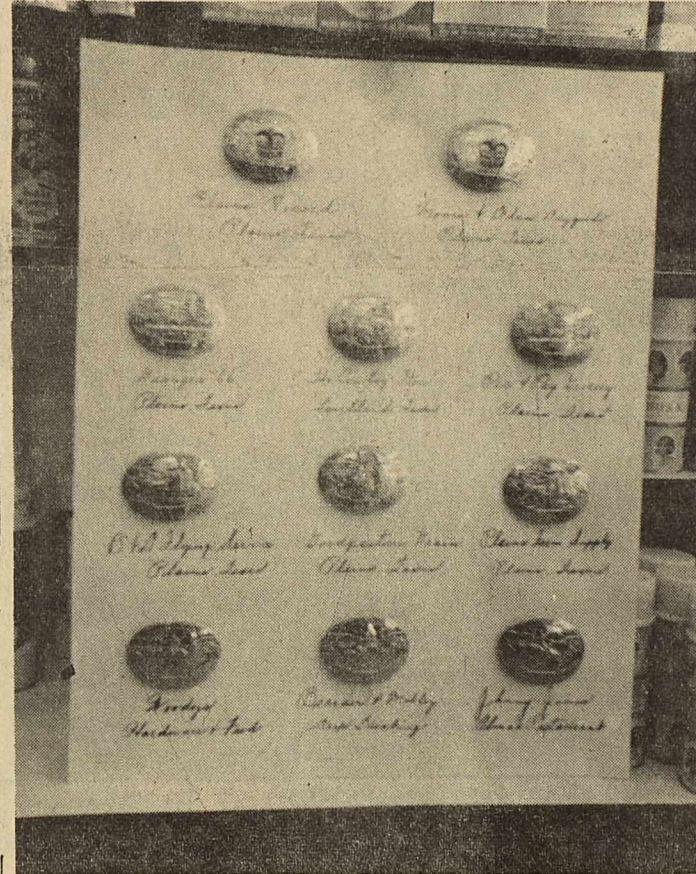

Mrs. Lula Layman

Leonora Layman was the first baby born in Plains. At left she is pictured at two months old. The picture above is a recent photo.

Have you bought a chance on this beautiful saddle? If not, see the candidates for Rodeo Queen before the Rodeo starts. The saddle comes from the Cowboy Store of Levelland.

Belt buckles which will be given as prizes during the Rodeo are pictured on display at the drug store.

### Farm Bureau Opens Office In Plains

Dick McGinty, life long resident of Yoakum county and rancher and former grocer has been named special agent for the Farm Bureau, says Jake Fulford, Brownfield Farm Bureau spokesman.

McGinty has leased office space for the Farm Bureau in the Don Hancock Building and has opened the Bureau's office there.

McGinty attended the special meeting last weekend in Lubbock which was called to review the cotton legislation which has been introduced in the Congress. James F. Williams, local Bureau president and Homer Suddarth and T. A. Elmore attended the Lubbock meeting with McGinty.

The new agent for the Farm Bureau invites all farmers and interested parties to come by the Bureau office. If any questions need to be answered about the Bureau, he will be happy to accommodate the people.

Members of the Farm Bureau who were recently elected to the board of directors are: James Williams, President, Tom Warren, vice president, Bill Gray Secretary, and the directors who are Dallas Powell, T. A. Elmore, Homer Suddarth, Loren Gayle, Bruce White, and Emmitt Campbell.

McGinty says the the Farm Bureau is the largest organization of its kind in the United States. He urges people in the community and in Yoakum County who desire membership

Final arrangements were being completed this week to stage the Old Settlers Re-Union and Rodeo in Plains August 5th, 6th, and 7th, said Gene Phillips, president of the Roping Club.

Phillips reported that all of the prizes are ready with the sponsors having been secured. Those businesses donating the belt buckles are:

The Queen's buckle, The Plains Record; Calf Roping, The Cowboy Store, Levelland; Queen's runner-up, Moore and Oden; Junior Calf Roping, George's 66; Team Roping, Woody's Hardware and Feed; Barback, Goodpasture Grain; Team Roping, B and D Flying Service; Barrel Race, Pic and Pay Grocery; Saddle Bronc, Johnnie James; Bulldogging, Bearden and Mobley; and Bull Riding, Plains Farm Supply. The buckles are silver with gold designs for each event.

The beefs were donated by Sherm Henard, Dick McGinty, Ty Field, Billy Winn, Gene Bennett, Bill Gray, and Phill Williams. These men donated the calves in order to make the Bar-B-Q a big success, and Phillips extended his appreciation to them for their thoughtfulness.

Parade marshal Johnnie Fitzgerald stated that the parade will start at the Rodeo grounds this year and will come West past the drugstore and proceed to the Cowboy Grill and Woody's Hardware, and feed and return through the main part of town ending back at the Rodeo Grounds. The parade will have floats and many riding units in it, and Fitzgerald urged the people to bring their children to town to see the parade.

Roy McGehee, Chamber president urged the public to buy tickets from the Queen contestants and to support the Rodeo. McGehee said that he expects many out of town people to attend the Rodeo and Old Settlers Re-Union this year, and expressed his wishes for a booming success. He urged the public to support the Rodeo.

### Moore Party

A farewell ice cream party will be in the park tomorrow evening at 7:00 p. m. for the Rev. Johnnie Moore and family, said Dick McGinty, chairman of the event. All of the Moore's friends are invited to come to the party.

The Christian Church gave the Moores a going away party this week in connection with the Seminole Christian Church where Rev. Moore has also served as minister. The Plains and Seminole Christian Churches are a pastoral unity with Rev. Moore serving both churches.

McGinty said the reason for the event being held in the park was due to the fact that Johnnie Moore has been active in so many things that many people will want to come to the party to visit with the Moores. McGinty extends an invitation to all people who want to come and visit with Rev. Moore. The Moores will move to Slaton August 3rd.

### State Draft Quota Down

All males are required to register under the draft law on their 18th birthday or within five days thereafter.

### Notice

The Public Health Unit will hold an immunization clinic in the Club Room of the Old Court House on August 12 from 2 to 5 p. m. for those who are unable to pay for their children's immunizations. Pre-school children and those that attended the clinic in May and have not completed their immunizations are urged to attend.

### CAYCE'S CORNER

The big rodeo will start with a bang next week and old Cayce has decided to save his money instead of paying an entry fee for any of the events such as bull riding or the bronc event. In fact, Cayce would look about as out of place with a pair of spurs on as Dick McGinty would wearing a high top hat and a pair of spurs. His advice to the rest of the drugstore cowboys like himself is to go to the rodeo and be a fan and let it go at that. Fan participation is great sport for most of us so we will see you at the rodeo next week.

State Representative Jesse George will be here for the rodeo and he took Cayce's advice. He will ride in a convertible in the big parade. We want our able representative to legislate for us without having to do the step and a half with a crutch, so Jesse just be a fan with some of the others and we will understand when you aren't seen bouncing on the old grey mare, suffering every moment down the avenue of the parade.

We are glad that it won't happen, even if it would make Mr. Barrett considerably richer and would put the County Hospital in the black, but let's look at the possibilities just for fun.

Think how many tickets would be sold if we thought that Banker Loyd would enter the bull riding event, followed by Jim Bozeman in the barrel race, and Ford Hawkins on a wild bronc. For added attractions we could enter Cayce in the bull dogging event, and make Mr. Kennedy the official rodeo clown. Better yet, we could enter Joe Curry and Pete St. Romain in the team tying, contest, and put Butch Moore on bare back. We could put Rev. Tarkington and Roy McGehee on Shetland ponies in the parade.

Oh what fun this would be for the fans, but alas, lets awaken from dream land and just go to the rodeo and enjoy a real honest to goodness wild west show with real cowboys and keen competition. Support your community by attending the rodeo and by being a real booster of the rodeo. Join the fun and help Plains GROW!!!

### UNCLE ZEB

From our mail: Miss Georgia Gentry of Route 3, Box 284, Weaverville, North Carolina, most of whose life has been spent in a wheelchair, sends us a little poem, and has this to say about her life: "I am far down on the sunset side of life and most of it has been spent in a wheelchair. I have little of this world's goods but I am rich in our Father's love and He has blessed me in so many ways." This to me is a good outlook on life. And now for the poem:

**Please Remember These**  
 It doesn't cost so very much  
 To send a word of cheer,  
 To lonely folks whose head is bowed  
 With pain, or grief, or fear;  
 To make them feel that someone cares  
 And wants to lend a hand,  
 By word or deed, to show that someone  
 Tries to understand . . .

Someone please write this kind lady and send her a word from down South.

Uncle Jay Bob thinks that we have taken on a man size job in trying to put out all the little brush fire wars all around the world, especially when the newspapers tell us that it is not safe for man or woman to walk at night in the parks of our nation's Capitol. . . . Can't even view in peace our national monuments alone.

When we do things for others out of love it is always a real joy both ways; to the doer and to the one who receives. Other times we help others out of a duty we feel toward our God, our Country, or our Fellowman—even these services can be a pleasure if done or received in the proper spirit.

Anytime is always the right time to do the right thing.

One reason so many folks never get to the top is that they never start from the bottom.

## THE FAMILY LAWYER

### "Tails He's Guilty!"

The hour was late and the jurors were weary of trying to decide whether the defendant had really committed the crime. Finally one exasperated juror proposed that they toss a coin.

"Tails he's guilty, heads he's innocent!"  
 Everyone agreed to abide by the toss. And, in obedience to the tails that turned up, they brought in a verdict of guilty. But when the facts came to the attention of the court, the verdict was set aside.

For the law does not recognize coin-tossing as a legitimate method of doing the job of a jury. Nor does it recognize cutting cards or drawing lots, which jurors have also been known to try. As one court put it:

"Nothing short of a free and deliberate finding, made upon a conscientious conviction of the judgments of all the jurors, will satisfy the law."

Another shortcut, sometimes resorted to by a jury in fixing the amount of damages, is known as the "quotient verdict." In this method, each juror writes down how many dollars he recommends, then the figures are added up and divided by 12 to get the final amount.

It is true that the quotient verdict is not as haphazard as the coin verdict. It is also true that such calculations could be a helpful step in the process of deliberating.

Nevertheless, courts generally frown on quotient verdicts. The main objectionable feature is the agreement, in advance, to be bound by a mathematical result—no matter how high or how low. The juror who does that abdicates his responsibility, disdains his oath, and cheats the opposing party of the "day in court" they are entitled to have.

Quite properly, jurors are reluctant to wind up deadlocked. (One jury, rather than admit defeat, brought in a verdict of "almost guilty.")

And quite properly, jurors want to speed the wheels of justice. But speed is not all-important. Of what value is a quick verdict that makes a mockery of trial by jury? Better slow justice than no justice.

# Editorial

Adlai Stevenson of Illinois is dead. Millions of words have already been written concerning this man. Many editorials have appeared throughout the press of the world about the shock and sincere feeling of loss that millions of people have experienced upon learning of the sudden death of Governor Stevenson.

We of the Plains Record realize that any feeble attempt by us to state our opinion of the late Mr. Stevenson would at best be second rate to the eulogies of the great journalists of our age; however perhaps our opinion which reflects that of only a country newspaper editor, will be read by our few readers, and for that reason we shall attempt to put our feelings into print.

We listened to Governor Stevenson when he emerged as a national personality after receiving the nod to be his party's standard bearer in two presidential elections. We believed him to be sincere and intellectually superior to all of his contemporaries. We were deeply impressed with his eloquence and mannerisms of a true gentleman. Even in defeat this man's stature grew. He was quicker to praise than to criticize. Mr. Stevenson knew how to be a graceful loser as well as a true champion.

When he was appointed as the representative to the United Nations, from our country, we were delighted. He performed his duties there with sincerity of purpose and honesty. Adlai Stevenson proved to be not only our most outstanding diplomat, but he was a statesman as well. He received and merited the respect of his friends and adversaries alike. These were his major contributions to society, but to many individuals he will be remembered for his wit and humor.

We recall the famous picture of Adlai Stevenson wearing the shoe with the hole in the sole. We remember him saying after losing the presidential election to General Eisenhower that he had lost an election but had won a grandson. We remember when he lost another election when he quoted from Abe Lincoln in saying that losing was like the little boy who stomped his toe and said it hurt to much to laugh but not enough to cry.

The Good Lord showered this man from Illinois with some of his choicest blessings. Governor Stevenson had the ear of the world, and we believe that he hepled make it a better place in which to live. Adlai Stevenson has been dead only a few days, but the gap caused by his death can not be filled in such a short time. We shall miss this man more and more and when he died, a little in all men who love peace and freedom died with him.

## WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

It is not beyond the realm of possibility that there will be one of these days an avowed card carrying communist as United States president.

This can come about, because the United States Supreme Court has been doing the best it can to make communists respectable members of the American society.

In another recent 5-4 decision, the high court overruled the law passed by the Congress prohibiting known communists from holding office, in labor unions.

Prior to this time it ruled that Congress had no right to impede the delivery free through United States mails communist propaganda from abroad. It also ruled State Department has no right to refuse passports to communists.

In other words, the sum total of these most peculiar decisions is to the affect that communists have the full rights and privileges of any citizen.

This is somewhat tantamount to a situation that would result if local Humane Society, or SPCA was able to enforce a rule that you could no way interfere with any rattlesnake you may find slithering around your home.

What makes this court position even queerer, if anything can, is at the same time Americans are killed in Santo Domingo, in Vietnam, seeking to

## Pamper Your Personal Prosperity with Growth Vitamin \$

Every drop of water, every bit of fertilizer that you put on a growing plant is returned to you in value ... increased many times.

And every dollar spent at home instead of in some other community ... promotes the growth and luxuriance of your own little personal prosperity tree.

We don't expect the neighbors to water and weed and fertilize our gardens so that we won't have to put out any effort on them. But a lot of us expect somebody else to do all of the trad-

ing at home that it takes to support and improve our jobs, our businesses, our schools and churches and other community helps to a richer life.

Trouble is ... a lot of them are looking for us to keep the ball rolling while THEY go city-shopping.

Let's ... every one of us ... remember that loyalty to our home community is merely loyalty to our own economic welfare ... that scattering our buying power leaves our own personal prosperity plant with less nourishment.

# Views From County Agent

BY LEO WHITE

Farm people in Yoakum County are expecting the 1966 farm program to be very similar to the bill passed two weeks ago by the House Agriculture Committee. This means that cotton acres will be decreased on farms where there is an established cotton allotment and the decrease will likely be in excess of the 35% required for full participation in the program. The released acres from other parts of the state will probably be out of the picture in 1966 and the 65% reduction will be figured on the regular allotment and not the 1965 planted acres.

The farmers who reduce their cotton acres in 1966 will, according to the bill, be allowed to produce a crop for sale on the acre taken out of cotton production. This land cannot produce grain sorghum because each farm that qualifies must also be in compliance in the feed grains program. Pasture crops, hay crops and oil seed crops may be grown on diverted cotton acres and sold. Castor beans and soybeans might be a popular crop in Yoakum County in 1966. These two crops have been planted for several years on the South Plains and each year the acreage is increasing.

Two bulletins are available in the County Extension Office giving information about these crops. Bulletin 919, Soybean Production in Texas, and Bulletin 954, Castorbeans in Texas are available for the asking. Call by the office and get some of the bulletins which might be helpful in making the decision to be made before the 1966 crop year begins.

If you are planning to freeze or can peaches this summer, here's some information to aid you. This year's peach crop is 12% larger than in 1964. Offerings provide excellent quality at moderate prices.

Peaches must look good to be good, says Mrs. Joe H. Thompson, County Home Demonstration agent. Select peaches that are firm, plump, free from blemishes, well-developed in size and yellowish in color. At this stage, they will continue to ripen. Handle peaches with care, for they bruise easily. A bushel of peaches yields about 20 quarts when frozen.

An easy method to peel peaches is to cover them with boiling water. Let stand for a minute, then with a paring knife strip off the skins.

Many of the peaches now on the market are brushed and washed before packing. Generally, these do not really need peeling before they go into a pie or are eaten out-of-hand.

PROPER LAUNDERING METHODS HELP KNITS HOLD THEIR SHAPE AND SIZE

There is an art to laundering knit clothing, and you can become an expert in no time. Reading the labels carefully before laundering avoids wash day hazards says Mrs. Elsie P. Short, Extension home management specialist at Texas A & M University.

When buying cotton knits, be sure they are made by a new process which compresses the fabric and makes it highly resistant to shrinkage. Wash in warm water to reduce shrinkage.

Select a low-to-moderate setting and do not allow the cotton knits to get completely dry, as this causes shrinkage, also. Remove the garments from the dryer, then gently pat and pull into shape.

Acrylic or nylon knits may be dried completely in the dryer with relatively little shrinkage. But don't leave them in a turned-off dryer as they are apt to wrinkle badly.

Because agitation has a tendency to felt wool fibers, the woolen knits should be hand washed by gently squeezing rather than rubbing and wringing. Wash them in lukewarm water or in cold water, using a special cold water detergent. Block them for drying, and dry flat.
