

M.D. LEASES COUNTY CLINIC IN PLAINS

Dr. W. C. Walker, Amherst M.D., has leased the Yoakum County Clinic in Plains, and announces that he will open the Clinic this week. Dr. Walker will move to Plains presently and says that he will be ready to see patients this week.

In a meeting with the Yoakum County Commissioners Court Monday Morning, the

Commissioners voted unanimously to lease the County Clinic to Dr. Walker for a year with an option to re-new the lease.

Raymond Bookout, Commissioner of Precinct 3 made the motion in the crowded courtroom that Dr. Walker be given the Clinic. The motion was seconded by Mrs. Pearl Loe, Plains Commissioner.

Judge Stanley Duval called for the vote and Commissioners Vance Brown and Doc Cotton joined the two commissioners from Plains to make the vote one of unity.

Cleatus Phelan, local attorney acted as spokesman for Dr. Walker, and the Plains delegation. Vernon Townes was unable to be present because of Federal Court, therefore

the contract could not be drawn for the County Clinic, however Phelan suggested that it be made a matter for the minutes so that the action could be official. The request was granted and the motion was made and seconded and voted upon in order that the physician could come to Plains this week.

The Plains delegation expressed their thanks to the members of the County Commission and to Judge Duval for leasing the County Clinic to Dr. Walker.

Dr. Walker is a graduate of the University of Texas, holding a Bachelor of Science degree in Pharmacy and then went to the University of Texas Medical School in Galveston where he received his M.D.

Degree. Dr. Walker interned at San Antonio Baptist Memorial Hospital in San Antonio.

The new Plains physician is married and the couple have seven children. Four of the children will live in Plains with them and will be in the Public schools. Mrs. Walker is from Nocona, Texas, and the physician is originally from Clarendon, Texas.

Dr. Walker worked for the State of Texas at the state hospital at Wichita Falls for 10 years and has been in private practice since that time.

The physician and his wife arrived in Plains Saturday evening and met with members of the Chamber of Commerce and Commissioners Loe and Bookout that night. On

Sunday morning they met again with the Chamber officials and Mr. Bookout. Judge Duval was called and he arrived in Plains Sunday afternoon and the physician talked with the Judge and to Mrs. Loe again and the item was placed on the agenda for the first order of business Monday morning.

Invade Wink For 5A Title!

Cowboys Smash Eagles 35-0

Its showdown time Friday night when the high riding Cowboys from Plains invade Wildcat Stadium in Wink to play for a share of the District 5A football crown. The Pokes can nail down a sure tie for the honors by defeating the cats, and if they follow up against the Stanton Buffalo squad the first place credentials will be brought to Plains for this football season.

Hooky Students Warned

G. D. Kennedy, superintendent of schools, stated that the absenteeism of some children is excessive due to the agriculture season and the fact that these children are working in the fields instead of attending school.

Mr. Kennedy further stated that the state law requires that children under the age of 17 attend school 165 days a year. The local superintendent stressed the fact that when these children return to school that they are hopelessly behind in their studies, and that it is a detriment to the child to keep him out of school to work.

The Plains superintendent asserted that he is hopeful that the good citizens of the community and surrounding area will encourage such children to attend school. He stated that he hopes that their parents can appreciate the need of furthering their children's education in order that they may be able to compete in a highly skilled and technical 20th century.

Mr. Kennedy said that only through education can these children hope to be able to equip themselves to find work when they become adults. He requested the cooperation of the area in seeing to it that these children attend school in order that they may not be denied their right to a public education.

The Cowboys crushed the Seagraves Eagles 35-0 in Seagraves Friday night while the Wildcats outdistanced Stanton to the tune of 36-20.

Plains smashed Seagraves hopes for part of the District honors by crushing through the big Red's line and skirting the end on sweeps at random.

Joe Dan Cooke added 12 points to his total making him 132 for the season and powered to a record breaking total of over 1100 yards for the season. When Cooke didn't rip through the Eagle line for big gains, Ronnie Elmore did. Elmore scored 12 points also and kept the double threat of the Cowboy attack alive all night.

The defense of the Plains defenders was probably the best which has been thrown all year. The unit stopped the Eagles cold when they got into threatening territory.

Bobby Taylor lead the Plains attack with precession and the

Plains backfield didn't fumble all night.

The toe of Butch Gayle put five for five extra points through the uprights which added to his already respectable per-centage for the season.

It was homecoming for the eagles, but the only enjoyment that they received that night was a visit with the eyes who had helped defeat the Cowboys in by gone years.

It is still too early to be talking about post season games, but the Cowboys have served notice that if they have their way that they will be the crew to play the bi-district.

Even though the Wink Wildcats are always a respectable opponent the Cowboys will invade their territory as a 14 point favorite to defeat the cats.

State Board Studies Plains Hospital Plan

Representatives from the State Health board from Austin visited Plains last week after being invited by Judge Stanley Duval to visit the Plains Memorial Convalescent Center where they met with Mr. Curtis Echols, owner and operator of the nursing home, to determine what could be done to designate a wing of the center for hospital licenses.

The group who inspected the facilities could give no official opinion until a study is made from facts received on the inspection tour; however they told Mr. Echols that community things such as kitchen facilities, laundry, etc. can be shared with the hospital part, but that a separate staff of nurses would have to be maintained. The representatives from the state agency

also said that if a wall is erected separating the hospital part from the rest home, that the licenses could almost be assured.

The proposed plan would give 14 beds for hospitalization at the rest center. The north wing would probably be used for hospital beds.

The members of the committee which received the Austin men were: D.C. Newsom, Mrs. Paul Loe, Judge Stanley Duval, Sperm Tingle, Tom McDonald, and Harry Cayce.

Refreshments were served to the visitors at the center by Mrs. Curtis Echols. The Echols recently bought the Plains Memorial Convalescent Center and are the operators of the home.

Married Men Face Draft in Dec. Call

State draft boards will be authorized in December to draft any young married man without children, regardless of the date he was married, to fill the biggest Texas draft call in more than 12 years.

This was announced Wednesday by Colonel Morris S. Schwartz, state Selective Service director, who said the new policy pertained to men 19 through 25 years old.

The state draft quota for December calls for 1,714 men, the biggest since June 1953, when a call for 1,749 was made on Texas boards. The November quota has been increased from 1,231 to 1,456.

The December quota of 1,749 is the state's share of a national call of 45,224 men, 40,200 for the Army and 5,024 for the Marine Corps.

No married man with children, or an expected child, will be selected to fill the December call.

"Draft boards, of course, must have the information about children," Colonel Schwartz said, "and an unborn child must be certified by a physician. Otherwise, a young husband and father may find himself selected."

The state draft director explained that childless married men will be ordered for induction when boards exhaust pools of examined and acceptable single men 19 through 25 years old.

Approximately 9,000 men will be sent for pre-induction mental and physical examinations in December. The December local board quotas for induction and examination are scheduled to be mailed to the boards on or about November 10.

Childless married men may be forwarded for physical and mental examinations in both November and December, as well as men down to age 18 years, 11 months if necessary. Inductions are scheduled to proceed throughout each week in December.

Vandals struck in Tokio Sunday night leaving hundreds of dollars worth of useless destruction in their path. Five young men and youths were arrested and face felony charges for cutting 18 trailer tires at the Tokio Co-op Gin, and for smashing truck windows and throwing car keys away, said Olin Heath, Yoakum County Sheriff this week.

Sheriff Heath said that his deputy Don Rogers made the arrests Monday after the vandalism was reported. The accused felons also faces charges of theft.

Deputy Sheriff Don Rogers arrested Marino Plomo, 19; Palbo Garza, 18; Salvador Manzana, 16; Manuel Flores, 16; Juan Loniza, 16.

The Sheriff said that some of the vandalism occurred in Terry County and that the prisoners are being held in the Terry County Jail in Brownfield.

The young men and teen-

agers were arrested after the vandalism and theft of auto accessories were discovered, the accessories were found under the bed of one of the accused, said the County Sheriff.

Heath said that the accused felon lived in the quarters furnished at the gin in Tokio. He said that since the same Judge presides over Terry and Yoakum Counties that they will probably be tried in Terry County.

The sheriff stated that felonies of this nature disturb him and that when they occur that arrests usually always follow. Heath stated how vandals continue to do worse things unless they are put out of business from the start. He urged the young people of this community to remember that vandalism of this type is a felony that they lose certain citizenship rights unless they are restored by executive pardon. He stated that this should serve as a lesson to would be vandals.

Jack Cobb Tells About State Teachers Meeting

Jack Cobb local fifth grade teacher returned from Corpus Christi Sunday after attending the Texas State Teachers Association Convention which was held on October 21, 22, and 23. Mr. Cobb was the Yoakum County TSTA Unit delegate to the state convention. 8,000 teachers assembled at this Gulf sea port to hear featured speakers as Harry Reasoner, noted newsmen for the Columbia Broadcasting System, and Willard E. Goslin of George Peabody College for Teachers. Reasoner spoke on the world situation in general while Goslin emphasized the role which education plays.

More than 150 exhibitors had displays of the latest developments in books and teaching aids available for the classroom teachers to visit. Mr. Cobb found these to be of great interest to the teachers.

Executive Secretary with the Washington Education Association, Seattle, in an address to the Classroom Teachers Association made these

points: "Imaginative thinking" is the most important challenge for all facets of the education field.

About half of the school dropouts are actually "force-outs" due to the failure of the educational program to give these students what they need.

The House of Delegates meeting Saturday morning approved a resolution calling for a bill to be introduced in the 60th Legislature to bring teachers salaries up to the national level. A second part of the pay resolution will see legislative approval of a plan to adjust salaries to the national level automatically every two years. Currently, the state average is about \$500 below the national average. The TSTA contends the spread will be about \$900 in two years.

Mr. Cobb felt he received a great deal from attending this convention and hopes next year more teachers from Yoakum county will be able to attend the next convention.

The End of an Era Comes, D.C. Newsom Sells Gin

The end of an era has come to pass in the City of Plains. Veteran cotton ginner D.C. Newsom says that he is retiring after having been in the ginning business since 1919. He says that this is enough time for a young boy to spend in the cotton business.

Knowing Newsom as we do, we know that even though he has sold the D. C. Newsom Gin Company of Plains to his sons Doyle (Hoss) and J. W. (Dub) he will still find the time to come by the gin and visit with his old friends.

Mr. Newsom brought West Texas one of its most modern plants and has constantly kept pace with the times by installing the latest in equipment in his gin, and has stressed service to his customers as the main goal of his business.

When we say veteran ginner, we mean just that, because Mr. Newsom has ginned over a quarter of a million bales of cotton in his five decades of being in the cotton ginning business. When Mr. Newsom

started ginning cotton in 1919 cotton was really king. It was the leading factor of the nation's economy, since the oil, steel, and automobile industries were still in their infant stages.

In 1951 Mr. Newsom built his modern plant in Plains. He has constantly added to the capitol outlay, putting the most effective and most expensive machinery in the gin. Newsom has owned property in Yoakum County since 1918 and has been the biggest taxpayer in the city of Plains for many years. Newsom is very civic minded, having been chairman of the committee to bring a physician to Plains for the past several years. Only this week Mr. Newsom saw this dream come true, as a physician moved into the Yoakum County Clinic.

Mr. Newsom is an active member of the Chamber of Commerce and avidly supports any project which could help Plains. He serves on committees to improve the city and constantly fights to bring new

faces to the city of his choosing.

Mr. Newsom is a member of L. O. O. F. and the Knights of Pithias. Mr. Newsom joined the Methodist Church when he was nine years old.

He is married to the former Winnie Lee Hyde, who is the mother of his two sons. The Newsoms will celebrate their 40th wedding anniversary on December 13 of this year.

Newsom says that the gin will be left in good hands since his son Hoss has been ginning since he was 12 years old and Mr. Newsom says that he has taught his son all that he knew himself about the ginning business. Hoss has been an active partner of his father for many years.

Mr. Newsom ended the interview by saying that he has a Chevrolet pickup, a trailer house, a boat and a motor, and doesn't know just what business he will take up, but if we know Mr. Newsom, we can give odds that he will be after the big ones with that deadly rod and reel.

Report From Sen. Tower On Draft Card Outrages

I know all Texans have been deeply shocked and distressed by the recent rash of draft card burnings and of left-wing student demonstrations calling for retreat in Vietnam and a generally soft attitude toward Communism.

As a former College professor, I am particularly concerned that some young Americans know so little of their nation's history and that they would make the mistake of playing into the hands of Communist tyranny. Certainly, I do not deny the right of this tiny minority of students to speak their views freely, but I do lament the immaturity and which they evidence.

It is the very essence of of Americanism that patriots fight and die preserving a country in which dissenters are free to protest. But, a guaranteed right to protest does not carry with it guaranteed wisdom.

What these anti-Vietnam protesters fail to remember is that 4,435 Americans died in the Revolutionary War to provide a country with freedom of protest; 2,260 American deaths reaffirmed our freedom in the War of 1812; 116,516 patriots died in World War I to prevent totalitarianism from wiping out freedom; in World War II 405,399 Americans died in the continuing struggle against tyranny; in Korea 54,246 dedicated Americans made the first stand against Asiatic Communism. Today, everyday, more patriots are fighting and dying to protect the American concept of freedom.

What these uninformed anti-Vietnam protesters fail to remember is that freedom is not guaranteed gift; freedom is maintained only by eternal vigilance. Only men who want to be free and will fight if necessary to be free, remain free.

These anti-Vietnam protesters fail to grasp the simple fact that only America's strength and dedication to freedom stand between a world of chaos.

It is particularly significant that the vast majority of American students have read American history, do believe in their country and are actively vocally condemning the minority appeasers. Unfortunately, Communism may conclude from the protest movement that it still has a chance to defeat freedom. Thus, the naive protesters are prolonging war, adding to casualties and doing their nation a grievous disservice.

Witness Stand Jitters

Right now, cases are pouring into our legal channels at the record rate of half a million every week. One result is a growing likelihood that you yourself, some day soon, will be summoned to the courtroom to be a witness.

Many people get the jitters at the mere thought. A woman witness was so flustered that, when asked for her age, she gave her bust measurement instead. A man, when

asked if he wanted to clarify a point, blurted out that he would "rather depend on the ignorance of the court."

No doubt the very setting of a courtroom helps to frighten the witness. Above him sits the robed judge, majestically representing the awesome might of The Law. In front of him, hanging on his every word, sit the embattled litigants and their attorneys. Strangers in the jury box study him intently to see if he is telling the truth.

Yet, if you should be called upon to testify, you might find reassurance in a few fundamental facts:

1. You are a witness, not an actor. You are not expected to give a smooth and polished performance. Remember that the jurors, too, are in unfamiliar surroundings—likely to know just how you feel. Sincerity, not gibberish, will impress them most.

2. You have powerful allies. One is the lawyer who summoned you. And the judge has every reason to be patient and sympathetic. The more he helps you to do your job, the more you are helping him to do his.

3. That big bugaboo, cross-examination, is usually not terrifying. Tell the truth and you have nothing to fear. The slashing, bullying cross-examination, so often seen on TV, is seldom seen in court.

After all, a lawyer's cross examination—like a wife's cross-examination of her tardy husband—has one main purpose: to probe for lies. Unless the opposing attorney has good reason to think you are lying, he is not likely to treat you roughly. He would be running too much risk of winding up as a villain in the eyes of the jury.

Why not see for yourself? Before your own day in court, visit a courtroom to watch what goes on.

Home Clubs Council Elect New Officers

New officers were elected when the Yoakum County Home Demonstration Council met recently. Mrs. Bob Van Nest, vice-president, of Denver City presided.

The following officers were elected: Mrs. John E. Fitzgerald, president, Mrs. Bob Van Nest, vice-president, Mrs. Don Young, secretary, and Mrs. Amos Smith, treasurer.

Plans were completed for Brother Walter Driver to talk on "Family Influences" on October 28, at 1:30, in the Club room. A special invitation was given to the Young Homemakers, and everyone is invited to attend the meeting. A tea is planned following the talk.

The Yoakum County Home Demonstration women sponsored the film "When I'm 16, Goodbye" that was shown recently in the high school.

All four clubs of the County were represented at Council with 12 members and the agent, Mrs. Joe Henry Thompson, present.

CAYCE'S CORNER

He really can't determine if a certain lady has a weird way of putting forth a humor, a unique and cutting way of passing an insult to a despicable adversary, or whether it was just a typical female question, but we will let our readers be the judge.

Cayce had just returned to his office leaving the new doctor to get acquainted with a friendly group of people in the drugstore, when someone called and asked him to come over and pick up an ad. On the way to pick up the ad an apparently kind little old lady stopped him on the street and said, "Did you hear the latest? We have a doctor now!" Cayce wanted to say, "Mam I've been counting doctor prospects instead of sheep to get to sleep at night, but instead he just said 'You don't say.' The little lady said yes I do, and I knew that you might want to know the latest news."

And to top it off the old editor had to take the phone off the hook in order to finish his day's chores because of the other calls which sounded very near to the above conversation.

Seriously, we want to welcome Dr. Walker and his family to our community, we extend to him our best wishes for a long and profitable future in our community.

We also express our appreciation to the members of the County Commission and to Judge Duval for leasing the clinic to Dr. Walker. We are glad to see that it was a vote of unity and we tip our hat to the members of the County Court. We also express our heartfelt thanks to those who worked so very hard to get us a doctor in Plains. There are so many that we would omit some if we tried to list their names, therefore to anyone who helped in any way to get us a physician, we say thanks.

For The Record

When teen age scum in people's pants who apparently think
 barbers have the box, tip up draft cards and join their female
 counterparts in demonstrations against any part of old fashioned
 patriotism, and think it is funny to pledge allegiance to our
 National Emblem, and deny that this is "One Nation Under God,"
 and listen to "Pink" professors who say that they are glad that
 the United States of America is getting pushed around, and that
 it will be welcomed when the Viet Cong wins the war in Viet
 Nam, and when a governor is re-elected when he supports Marxist
 teacher who says this, then it is time to sit up and take notice.

It is time to take notice of the fact that the history of civil-
 ization has not changed very much when we examine the state-
 ments of such world famous historians as H. G. Wells. He wrote
 that every great nation which has fallen has been due to decay
 from within, and we are more convinced that he knew his sub-
 ject well.

Americans went to war in 1918 to the tune of "Pack Up Your
 Troubles in Your Old Kit Bag, and Smile! Smile! Smile!" In
 1941 it was to the tune of "I'm a Yankee Doodle Dandy," and
 some of us went to Korea to the tune of "It's a Grand Old Flag,"
 but today a cancerous element in our nation would have us be-
 lieve that the 116,516 Doebovs of the World War, the 405,399
 G. I.'s of World War Two, and the 54,246 Americans who gave
 their lives for their country in Korea would mean nothing to
 these punks who listen to loud mouth professors who expound
 their Red theories, or what is worse yet, it apparently means
 nothing to the nest of liberals who defend these people's right
 to ring down the final curtain upon Western Democracy.

We are further disturbed when the National Democratic
 Chairmen brands certain Americans such as Ed Mechem and
 Allan Shivers, and John Tower, extremists. They with J. Edgar
 Hoover advocate to curtail Communist front organizations in
 this country, and because like Mr. Hoover and General Eisenhower
 they believe that it is high time to stand up for their country and
 to be proud of it. We are further disturbed when the higher echa-
 lon of the Democratic party gives lip service to those who sup-
 port the overthrow of the sovereign government of the several
 states of the United States of America by permitting admitted
 Marxists to hide behind the curtain of academic freedom.

In years gone by another American who was also called an
 extremist cried, "Is life so dear, or peace so sweet, as to be
 purchased at the price of chains and slavery? Forbid it, Al-
 mighty God! I know not what course others may take, but as
 for me, give me liberty, or give me death!"

And finally let us turn to Daniel Webster for his sound advice
 when he said, "God grants liberty only to those who love it, and
 are always ready to guard and defend it."

We know that this message will fall on unhearing ears from
 those for whom it is intended, but we pray to God that those few
 who read it will find the ears of a few more who are not ashamed
 to be a real American.

Tsa Mo Ga Hope Chest Tickets

Members of the Tsa Mo Ga Club are selling chances on their Cedar Chest of assorted linens for their annual fund raising campaign, said Mrs. Bill Loyd, president. Mrs. Loyd stated that some

of the projects which such funds are used to support are: American Legion Girls State, Cemetery Fund, Keeping up the Museum, Community Improvement, Operation Santa Claus, Aide to the Convales-

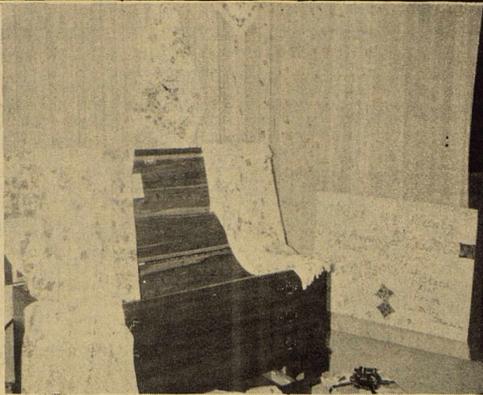

cent Home, honoring Senior Citizens, and maintaining their Club House.

The Cherry Maple Cedar Chest filled with an assortment of linens will be given away during the Tsa Mo Ga Annual Christmas Bazaar, held in the American Legion Hut on November 22, at 8:30 p.m. Tickets are on sale for \$1 each and may be purchased from any Tsa Mo Ga member.

The Annual Christmas Bazaar will feature a large gift selection of handmade articles made by clubmembers, pastries, and a chili supper for the family. The bazaar will start at 6:00 p.m. on the evening of November 22.

The Cherry Maple Cedar Chest was purchased from Cogburn-Young, True Value Store and is displayed in the window of Moore & Oden.

Citizens in the community are urged to support this fine

BY SONJA PIPPIN

John L. Jones and some friends went fishing at Lake Stamford recently. They caught around 165 fish. Mrs. Jones, Donna and Becky stayed at Lorenzo with her parents.

Aviation Ordnanceman Airman John M. Pippin, U. S. N. son of Mr. & Mrs. O. A. Pippin is serving aboard the attack aircraft carrier U. S. S. Midway, operating in the Western Pacific with the U. S. 7th fleet.

Midway has been operating off the coast of Vietnam and has been assisting the government of South Viet Nam by conducting air strikes against communist installations in North Viet Nam and Viet Cong concentrations in South Viet Nam.

Midway fighters and bombers have been bombarding communist bridges, supply depots, airfields, truck convoys

and other North Vietnamese installations aiding the Viet Cong.

Andy Richardson stayed with his grandparents, Mr. & Mrs. C. D. Andrews of Lorenzo last week.

Mr. & Mrs. Roy McGehee traveled to Lubbock recently to hear Hank William, Jr. sing, accompanying them were Mr. & Mrs. Bob Mason and Mr. and Mrs. Jim Barron.

Phil & Cristy McGehee visited their grandmother McGehee recently.

Garland Beck, brother of Mrs. O. A. Pippin visited the O. A. and Alfred Pippin's homes recently. Mr. Beck was on his way home to Melrose, New Mexico, after visiting relatives in Brownfield and Tokio.

Mr. John M. Pippin, son of Mr. & Mrs. O. A. Pippin is due to return to the states around November 23. Johnny is a sailor aboard the U. S. S. Midway, whose planes have been bombing Viet Nam since last April.

Mr. & Mrs. O. A. Pippin were in Brownfield, recently for a housewarming in the Hugh Rowden home.

Randy Sudderth had a birth-

day last week. Celebrants this week are Julia Hardin, Nancy Clanahan & Tony Anderson.

Some of the Exes at the Homecoming game Friday were Mr. & Mrs. Dery Anderson & children, Mr. & Mrs. Mike Sink & Michelle, Mrs. John Dale Curtis & children, Mrs. Rowe Stephens, Mr. & Mrs. Alfred Pippin, Coy Lowrey and Sidney Pippin.

Mr. & Mrs. Roy Harrell have a new baby boy born October 7. Roy is employed at the Tokio Hardware. The Harrell's have one other child, a son.

Mrs. L. L. Smith went to church in Meadow recently.

Mrs. John Dale Curtis and Mrs. Rowe Stephens and children visited their grandmother, Mrs. D. B. Smith, in Brownfield Sunday.

Mrs. O. A. Pippin & Mrs. Alfred and boys were involved in two-car accident Friday afternoon in Brownfield. Fortunately no one was injured. The driver of the other car was a high school student from Brownfield, Treva Todd.

Mrs. Roy McGehee and Mrs. Jim Barron, of Plains were in Lubbock Monday for a cosmetology course, given by Vivian Woodard Cosmetics. Mrs. Barron is a consultant for this company.

Timmy & Pepper Pippin celebrated their birthdays recently with a party at the community building. Those present were Cristy McGehee, Donna Jones, Jimmy, Claudia and Johnny Curtis.
