

HEAVY VOTE CAST IN RECORD ELECTIONS

School Board Results

Voters went to the polls in record numbers last Saturday and elected three new members to serve on the school board and returned one incumbent to office. In sweeping the new members into office the president, vice president, and secretary of the board were defeated.

The incumbent returned for another term was Foy Powell, and the new members elected to serve on the Board of Trustees are Dickie Green, Bob Mason, and Harvey Romans. Defeated in their bid for re-election in the Saturday landslide were Ty Field, Garland Swann, and T. J. Murphy, all long time members on the school board.

The new board will be seated in their offices at the next board meeting. The next meeting is scheduled April 11th.

In the landslide election Foy Powell led the field with 261, followed by Harvey Romans with 224, Dickie Green with 221, Bob Mason with 216, Ty Field with 149, T. J. Murphy with 136, and Garland Swann with 123 votes.

The voters voted in what was described as the biggest turnout in history for a Plains School Board election. The final total votes cast reached 340.

Among the new members elected to the school board are Harvey Romans who is a farmer in the community. Romans is married and has three children and one grand child. He is a member of the First Baptist Church in Plains.

Dickie Green is also a farmer and is married and has two children. He is a member of the First Christian Church.

Bob Mason is married and has two children. He is employed by Cities Service Oil Company here. Mason is a member of the Church of Christ.

All of the new members are active in civic affairs in the community and are active workers in their respective churches.

In the high school contest the Cowgirls played Seagraves in Denver City on Monday winning both of those games 15 to 7 and 15 to 4. On Tuesday in Seagraves they played Wink winning by a margin of 15 to 4 and 15 to 10.

The Cowgirls, both the Varsity Team and the Junior High Team will play in the Regional Play-Off which will be held in Lubbock on April 22, and 23. The Regional Play-Off will be held in the Girls Gym on the Texas Tech Campus.

The Plains Varsity Team is the defending State Volleyball Champions.

Reports Legislative Plans

I have joined as a sponsor of a key measure being presented to Congress for consideration this spring, a bill allowing voluntary student prayer in schools.

Few actions by the Supreme Court have raised as much controversy, posed as many unanswered questions, or fostered such legislative activity as the series of decisions concerning school prayer.

This decision and its successors have had the effect of forbidding the free exercise of prayer in public schools, where the action was formerly part of the daily activity of our Nation's youth. It is extremely unfortunate that this decision has had such an effect. It was clearly not the intention of the framers of our Constitution to forbid the practice to publically practice

Cowboy Relays Held Here

The Cowboy Relays which were held in Plains last Friday fielded strong teams and records fell during the meet. The Cowboys were impressive in winning second place at the Relays. Powerful Eunice won first place at the meet, but had to stave off a constant threat by the Pokes throughout the contest. Coach Rip Sewell said that he is proud of his team's showing and that when they arrive today in Wink for the District track meet that the Cowboys should be a serious contender for the District 5A track crown.

The Eunice Red Birds scored 125 points, followed by Plains with 97, Wink 83 1/2, Tatum 60, Seagraves 37, Klondike 36 1/2, Gail 22, O'Donnell 16, Frenship 15, and Jal "B" team 2 points.

In the 440 Relay, Plains finished first with a strong 44.6. In the 120 High Hurdles Calvin Smith finished third, and Ronnie Elmore finished first in the 100 yard dash with a fine time of 10.4 seconds. In the 440 yard dash the Cowboys finished 4th with Ronnie Elmore running. Calvin Smith finished second in the 180 low hurdles for the Cowboys.

In the 220 dash Ronnie Elmore finished first for Plains with a good time of 23.4 seconds. Plains finished sixth place in the mile relay and the mile run in the meet. Calvin Smith finished sixth in the broad jump for the Pokes.

Auto Date Nears

Approximately three quarters of a million Texas vehicles have only until Friday, April 15th to be inspected as required by law, according to Captain Alan Johnson, Commander of the Motor Vehicle Inspection Service of the Texas Department of Public Safety.

"In the remaining days of the inspection period, it is possible for the State's 5350 license inspection stations to handle the last minute inspections only if motorists take their vehicles in immediately so there will be no delayed periods between inspecting one vehicle and the next," he said. The first of the last week is usually not too crowded as the lines begin forming on the last two days due to motorists waiting to the very last minute.

"From now until the deadline, every minute of the inspections station's time will be at a premium, and waiting lines will become general throughout the State as it approaches."

Johnson urged all Texans to avoid the inconvenience of waiting in line to get the safety inspection sticker for 1966 by taking immediate action now. He said that beginning Saturday, April 16th, officers will be obliged to start handing out tickets for non-compliance with the Motor Vehicle Inspection law which requires an annual safety inspection of vehicles.

The President of the United States must take the oath of office with his hand on the Bible, and part of his oath is an affirmation to Almighty God.

One of the mottoes of our Nation is "In God We Trust"; certainly our forefathers did not mean to say that for a period of time it was all right to have public religious affirmations, and after a point it was not.

In the High Jump, Calvin Smith received first place honors for the Plains Cowboys in the Pole vault Calvin Smith tied for third and fourth place positions with Curry of Frenship.

The records which were tied or broken were: Mosler of Tatum tied the Relay mark of 15.4 which was held by Mike Horton, Tatum, and Jerry Sanders of Seagraves.

Bobby Williams of Eunice broke the record in the Long (Broad) Jump which had been made by Hartsell of Stanton with 20 feet 9 3/4 inches. Ronnie Lynn of Eunice broke the Shot Put record which had been held by Polson of Stanton and Green, Wink, with 53 feet 8 1/2 inches.

Lynn also broke the Discus record held by Burras, Tatum with a new mark of 155.7.

In the track events, the Cowboys led the field, but due to the Eunice power in the field the home team was edged out on the final total.

Cancer Drive Plans

The month of April has been designated as Cancer Crusade month over the United States and Yoakum County urges your support. Heading the drive is Yoakum County Cancer Society President, Mrs. P. W. St. Romain, for the Plains area. She stated that a local fund goal was not set, but there is a Texas State Wide Goal of \$1,760,000 set that will be met from voluntary contributions to fight cancer through, research, education and service to cancer patients.

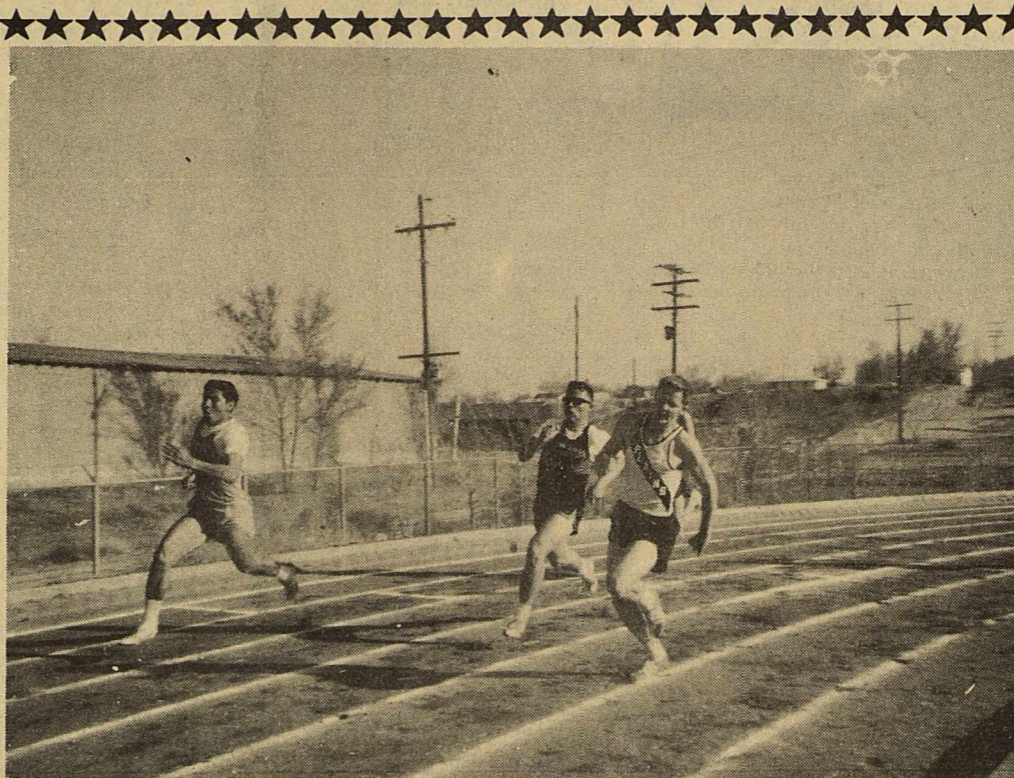

In conducting the Plains campaign, crusade volunteers will conduct a "tell your neighbor" effort, visiting homes throughout the city and rural area, distributing pamphlets containing lifesaving information and receiving your contribution April 19th. Volunteer workers will consist of Plains Citizens and members from the Tsa Mo Ga Study Club, Iota Pi Sorority, Young Homemakers, Home Demonstration Clubs, Order of the Eastern Star and Christian Women's Fellowship Society.

Kennedy Wins Mayor's Race

Billy Ray Kennedy defeated incumbent Mayor Kenneth Hale in a close contest Tuesday by a margin of 169 - 130 when record numbers of voters went to the polls. A total of 301 voters were cast in the city election which saw Kennedy win the mayors race by 39 votes.

Incumbent aldermen Roy Edwards and Ed Hunter staved off the bid of four other candidates to be re-elected on the city council. Those running in the race for alderman were Roy Edwards, 169; and Ed Hunter, 123; Frank Spencer with 87, Jim Barnett, 86; Tommy McDonnell, 62, and Alvie Faulkenberry with 48 votes.

The election was one of strong issues involving the city utilities. The question of the city continuing in the electrical business was an issue with many voters. The question of the city improving its water system was also a major issue. No clear cut decision seems to have been reached concerning either issue by the vote.

Other people reported that a vast number of the voters had not made up their minds on the mayor's race until election day. They also reported that mayor elect Kennedy and outgoing mayor Hale are both extremely popular men in Plains.

It is not officially known what position the mayor elect will take concerning the water

improvement plan, but the members of the council remain the same and reliable sources report that the council has already started negotiations to apply for a grant to finance most of the cost of installing eight inch pipe in Plains. The city of Stanton recently undertook such a project. Most of the financing came from the Federal Government.

The new chief city official will take office at the next meeting of the council. Outgoing Mayor Hale replaced Mayor pro-tem Neil Taylor who acted as Mayor briefly when Johnnie Brown resigned to accept a position in Crosbyton at the bank.

In the city election last year only 99 people voted. In the school election only 103 votes were cast.

In a brief interview with Mr. Kennedy just before press time he stated his appreciation for the large number of people that voted. Mr. Kennedy will make a formal statement next week.

Easter Bunny Due Here

The Easter Bunny is coming to Plains Saturday, April 9, at 10:00 a. m. in Stanford Park. There will be a big free egg hunt for all pre-school age children and the public is invited to bring the children in this age group for the hunt. The Plains Chamber of Commerce is sponsoring the hunt.

There will be prize eggs worth \$2.00 each in trade at any business listed as a member of the Chamber of Commerce. These eggs may be taken to any business listed in the Chamber Directory and redeemed for merchandise set at that value, or they may, apply the amount on something of higher value, but not less than \$2.00.

Chamber of Commerce President Cleatus Phelan and manager Harry Cayce will be in charge of the hunt. Members of the Boy Scouts will assist with the Easter Egg Hunt.

The roads going through Stanford Park will be closed for the protection of the children beginning at 10:00 a. m. sharp and lasting until the hunt is completed.

Be sure to tell the little ones that the Easter Bunny is coming to Plains and bring them so that they can have an egg hunt, said Cleatus Phelan.

Children are asked to bring their own baskets to put their eggs in, and the Chamber of Commerce will furnish plenty of eggs for everybody to have some. No children will go away without an egg, said the Chamber president.

Arrangements will be made with the park superintendent, Donald Bookout, that no sprinkling will be done Saturday morning in order that the grass will be dry.

CAYCE'S CORNER

The big pie supper was interesting indeed. Somebody commented that the heat could be turned off, because with a dozen of the leading politicians in the county present, enough hot air should have been in circulation in the building without the use of a furnace.

The candidates were generous with their money and pies at the supper. I managed to consume chocolate, pineapple, and pecan pie and watched others who put away at least one or two more pieces than I could manage.

You know there wasn't a word mentioned at the pie supper about the precinct lines being moved. Cayce had hoped that somebody would have run on the platform of dividing up all of the road equipment to the precincts that gained road miles. But some times simple logic and arithmetic aren't applied to politics. Did you know expensive new park didn't enter into the picture either? Wonder Why?

But alas, we found out so very much about the politicians at the supper. We found out that they were willing to slice the pie and share it at that. I've heard about the politicians slicing up the pie, but it literally happened Tuesday night. We were proud of the candidates showing interest in our stomachs as well as their own. This isn't a common practice for most politicians to follow. We must have a rare breed of politicians in Yoakum County.

Old Cayce was really touched Saturday. The gang at The Record deeply appreciated the many floral arrangements which were sent to us at our open house. We also appreciated the 223 people who came by and said hello and were glad that the candidates were there to get to visit with the voters who stopped in to drink coffee. To all of those who were thoughtful in paying us a visit last week, we are humble indeed in saying that we will always remember the kind gestures which were expressed to us at our open house. It made us feel warm toward our neighbors and we hope to be deserving of the many kindnesses which were extended to us.

One of the visitors who came for the openhouse was my maternal grandmother, Nera Carter. I had missed her 30th birthday celebration celebration recently and was so happy that she and my family could be here.

We also extend our thanks to Janice Phelan, Mrs. Tom Box, and Mrs. A. M. Reynolds for their help in preparing and assisting with our openhouse.

CARL C. WOOD

Art Linkletter set us to thinking with a statement he made on a recent program. In talking with a guest in the counselling field he said that in his opinion the crying need in this hour for our youth was for parents—parents who would act like parents, giving leadership and discipline to their offspring. He thinks the children are starving for parents with courage, convictions and authority.

For a long while now the moderners have tried to tell the parents to be a pal to their children, hoping in this way to win their love and admiration. He thinks the young folks need this pal business just about like they need more playmates, and that they want strong, strict, courageous parents, who can point them in the right direction and help them when in a rough spot. We believe he is right. What do you young folks say? Write us a letter and we won't use your name if you don't want us to.

Along the same line Jim Bishop, noted newspaper columnist and lecturer for some of our leading universities, says about the same thing in the last issue of Guideposts. After lecturing students he opens up the question period by asking them: "What are you going to do with your life?" According to his records, about one out of 220 college students have their mind made up. The rest are in a push rut. They spend their time studying, stalling, driving and dating, but don't know where they are going with their plans. Most of them are in a parental high-chair! Please read that last sentence over 10 times, slowly. It may hold the key to our problem as parents, taking for granted that the young persons problem is theirs. Think about the comments of Mr. Bishop and that of Art Linkletter and give us your thoughts, especially you young folks.

Last Thursday we had joy for another time to go back to our boyhood town of Shamrock for the St. Patrick's Day Celebration. You just can't outdo the Irish in this town for going all out on this special occasion. It is especially an outstanding day to us because at this time, more than any other, we are most likely to meet up with an old school friend. Many come back from hundreds and even more than a thousand miles just for the joy of visiting. To each of you who remember us it was a real joy to talk with you again.

A Shamrock teacher told us this experience: A little child enrolling in school for the first time brought along this note from the parents: "Please, teacher, put little Rodney in the group that uses Beep-Beep tootpaste with the anti-decay substance added."

Please Do A Favor Department: Please do a special favor for Uncle Zeb and for a very dear friend of this column. Don't fail me this time for sure especially you wonderful lady cooks. Likely we are more deeply indebted to this one kind lady for this column and our book going out to all parts of the country than to any other one person. We have mailed hundreds of copies of our book, going into every state in the U.S. and several foreign countries because of her boosting. Anyhow, now she wants a favorite recipe from just as many folks as possible. One you like or an unusual one. Send to Mrs. Bertha Hayes, East Barrington, New Hampshire. Please don't let us down you good cooks from West Texas. Thanks.

Tardy Tax Returns

Early one April, leaving home on an extended business trip, a man handed his wife their income tax returns.

"Remember to mail these before the 15th," he said. She did remember—two months later. When the government added a penalty for tardiness, the man protested that it had been "just an innocent mistake." But in a court test, the penalty was upheld. The court said tax returns are too important a duty to be so lightly overlooked.

There is good reason for the annual scramble by taxpayers to get their returns in before the deadline. The penalty can be stiff—5 percent per month, up to 25 percent of the total tax.

To be sure, some excuses are good enough to ward off a penalty. You will be forgiven if your tardiness was due to what the law calls "reasonable cause." In one case, the tax collector had no record of having received a man's return at all. Yet, evidence proved that it had been deposited in the post office on time, in a properly stamped, properly addressed envelope. A court held that no penalty for tardiness could be imposed.

"This would not be the first time," observed the judge, "that a collector had lost a return." In another case, both the taxpayer and his attorney—the only other party familiar with the situation—were totally incapacitated by illness at tax time. Again: no penalty.

But lesser excuses won't do. For example, prior illness, not incapacitating as of tax time, does not justify a late return.

Nor does the mere fact that you don't happen to like the way the government is spending your money. Thus, penalties for tardiness were imposed on a businessman who resented Uncle Sam's "wasteful" habits, and on a minister who didn't want his money spent for war.

Why is the government so strict? That question was raised by a man who blamed his tardiness on the fact that other expenses had left him short of money. The court gave him this reply:

"True, such situations may require sacrifice, but the government exists only by the sacrifice of its citizens. Taxes may seem oppressive, but taxes must be paid if governments are to endure."

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

Any objective analysis of Big Labor in the United States must recognize the inherent paradoxes.

There is a school of thought that believes the Big Labor bosses are controlled by communism. Yet, viewing the support voted by the AFL-CIO meetings for the war in Vietnam, and the announced plan to refuse to handle ships of flags trading with North Viet. n.m., this charge does not ring wholly true.

But the leaders of Big Labor create a bad image when they take positions in social and economic matters. It is, of course, possible, to take some of their pronouncements and closely identify them with the Marxist line. However, these utterances are more due to ignorance of a free economy.

For example, at present Big Labor is beating the tom toms for guns and butter, too. One of the measures they advocate to afford money for both is repeal of the 7% credit against taxes for the purchase of new machinery by business up to \$25,000 in a year.

Yet data secured the past year by the National Federation of Independent Business shows that almost half of the smaller manufacturers expanded to produce 1,463,446 new jobs. What was the incentive to create new jobs?

BUCKSHOT FOR CONG
Albuquerque, N.Mex. -- Mrs. F. M. Brown sent her son, Army Sgt. Frank Brown, a 12-gauge shotgun for use in Vietnam. Checking with military and postal authorities, before mailing the gun, she learned shotguns were popular weapons among U. S. troops. Her son said the military did not issue shotguns, but would provide ammunition.

CAR RAMS DRIVER, PLANE
Prestwick, Scotland -- Gordon Anderson will have a hard time explaining to his insurance company how he was injured when his car ran into his plane. The 41-year-old man parked his car on the runway, left the motor running and as he walked forward, caught him in the middle and fractured a rib.

A POINT WITHOUT A BARB

The use of barbless hooks by many trout fishermen is commonly accepted and practiced, but little has been done to encourage this idea among anglers seeking other species.

Aside from the obvious conservation aspects, vow the fishing authorities at Mercury outboards, barbless hooks can be a definite advantage in certain fishing situations.

When you get into an area teeming with small pike catching is fast and furious and a lot of fun. However, the releasing often gets to be a chore. Treble hooks with barbs mashed down often make the job much easier.

When other species are running small, the fish can be returned quicker and with less damage from hooks that have been de-barbed. Also, the chances of having a hook seriously imbedded in the back of your hand are reduced.

The deep-hooking nature of plastic worms and live bait generally voids the benefits of barbless hooks, but this is not always true. Often a fish can be released successfully if the hook can be eased out, even though deep in

the gullet. Any fish saved is worth the effort.

When properly played, a greater number of fish caught on barbless hooks are brought to the net than is commonly supposed. As long as tension on the fish is constant, there is little danger of hooks slipping free.

To further minimize this possibility, select the lightest weight lures practical. This lessens the amount of leverage placed on hooks by a wildly flopping spoon or plug.

Try the "barbless route" next time, urge the Mercury folks. The experience will be enlightening, and you'll learn to play fish with more caution and become a better angler in the process.

CHURCH NEWS

By Cecil Williams
 Many have not thought of Christ as one that is precious but Solomon said he was, "The chiefest among ten thousand," Solomon's Song 5:10. You may think of ten thousand of your friends and loved ones, and of all the love and care we have for them, yet Christ is to be the chiefest in our life.

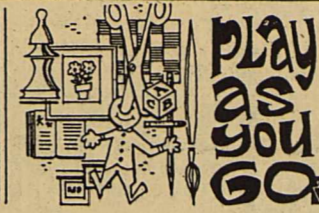

It will help us put Christ first in our life when we see Christ as a jewel beyond compare as He taught in Matt. 13:45-46. There is nothing in this world that can do for us what Christ can. We will understand this when we see

Christ as God sees Him.
 1. As the only Saviour, Acts 4:12. No country can save our soul even America as great a country as we have here cannot and does not promise to provide you with eternal life. No name of some man can save us. Paul brought this out in I Cor. 3:3-6. Neither can a loved one save us. Christ is the only Saviour of man.
 2. Christ is the only foundation for man. I Cor. 3:11. There are no other foundations in life that will hold in the time of death. The rich man that Christ spoke of in Luke 12:16-21 had built his life on the foundations of the things of this world but they would not hold in death. The foundation of the religion of men are no good, one cannot receive the blessings of God by building his life on the teachings of men. Matt. 7:21-23 Christ is the only foundation in eternity. Matt. 25:45-46.

Christ should be as precious to us as he was to Paul, "Ye doubtless, and I count all things but loss for the excellency of the knowledge of Christ Jesus my Lord, For whom I have suffered the loss of all things, and do count them but dung, that I may win Christ. Phil. 3:8. All things are waste when compared to Christ. Luke 18:29-30. And he said unto them, verily I say unto you, There is no man that hath left house, or parents, or brethren, or wife or children, for the kingdom of God's sake, who shall not receive manifold more in this present time, and in the world to come life everlasting." Petersaid, "Unto you therefore that believe He is precious. I Peter 2:7.
 Is Christ precious to You? If so then you will worship him in spirit and truth. We welcome you to worship Christ with us at the Hillside Church of Christ.

"How many more days till we go to the zoo?" or "How long till Bobby's party?" or "When's vacation?" a child will ask repeatedly.
 Lacking a sense of time and a calendar — all he can do is guess.
 How can you teach him about weeks and months?
 The calendar sticker fun book, now available at local variety stores, is a happy answer. It's a kit, in playbook form. Any small worker can punch out pre-glued numbers and designs, wet them on a sponge,

and stick them down to make his own calendar. He needs no scissors or paste. Holiday stickers are provided to put on for H. M. Benstead, Jr., editorial director of Whitman Publishing Company of Racine, Wis., Halloween, Thanksgiving, Valentine's Day and other high school children's play materials. "And all grammar-schoolers will find it colorful and can hang on his handy because it's the first calendar designed for them."

Bill Loyd is pictured presenting checks from the Plains State Bank to children who entered livestock in the recent show.

For the promotion of health, one should take systematic daily exercise. Walking in the fresh air improves the lung capacity and increases the peristaltic movements of the intestines, which helps to overcome constipation. When walking, the chest should be held well up to facilitate deep breathing.

Slumped shoulders and flat posture are not only unsightly but they not only make an unpleasant impression on beholders but they are indicative of poor posture. Cramps, headaches, and prevent proper breathing. A noted physician says that a "round shouldered posture" is one who is carrying his chest behind instead of in front of him.

Sitting in a slumped, relaxed posture with the chest flat and the shoulders hunched, is conducive to congestion in the abdominal region. The relaxing

of the abdominal muscles, due to the bad posture described above, tends to cause prolapse of all the viscera including the liver, kidneys and stomach. When one sits erect the chest is elevated the abdominal muscles are tense and hold the organs in their proper position, allowing the free circulation of blood through the body.

Slumped shoulders, standing with the chest flat and the shoulders hunched, cause congestions which bring on diseases of various sorts and are productive of headaches, backaches, and other distressing symptoms. Improper posture is conducive to indigestion as well as other bodily ills. Many ailments from which so many suffer would vanish if they discontinued their bad habits of carrying their lungs in the back instead of in front, raised their chests and kept their spines straight.

Mrs. Robinson read the minutes of the last meeting and gave the treasurer's report. The other item of business was that our class would entertain the revival team by serving lunch on Friday of the following week.

A special item of entertainment was the poem "A Lady My Age" which Mrs. Daniel very cleverly read.

Numbers were drawn to be matched to numbers that had placed on gifts brought by each one.

After the gifts were drawn and opened, a delicious plate of sandwiches, potato chips, with coffee or tea was served.
