County Gets Grant

The editor of The Plains Record received the following wire from U.S. Rep. George Mahon, Chairman of the Appropriations Committee, on Tuesday:

Pleased to advise you Public Health Service has announced the award of a grant to Yoakum County Commissioners in the amount of \$19,742.00 to provide for migrant health services.

In a telephone interview with the manager of the Yoakum County Hospital, the editor learned from Mrs. McMann that the grant had been requested in December of 1965, and that in March of 1966 it was recommended for approval, but that no funds were available at that time.

The grant will mean the employment of a public health nurse, a sanitarian, and a clerk, said Mrs. McMann. The program will be administered by Mrs. McMann.

Mrs. McMann said that the grant will help the health program in Yoakum County, and she is delighted that the county received the money. Mrs. McMann also said that the hospital and the doctors will receive a per cent of the money for treating and housing the migrants.

Commissioner Raymond Bookout advised the editor of The Record to contact Mrs. McMann for the details of the request. Mrs. McMann was delighted to hear of the grant, and was unaware of the approval until the telephone conversation with the editor of The Record.

Cotton Transfers Now Available

By W.M.Overton, ASC
According to W.M.Overton local ASC office manager, cotton producers in the seventeen counties listed below voted to permit the transfer by sale or lease of farm upland cotton allotments to farms in other counties within the state during 1967, 1968 and 1969.

The sixty counties listed below voted in November 1965 to permit the transfer by sale or lease of farm upland cotton allotment to farms in other counties within the state for the crop years of 1966, 1967 and 1968.

OUR 35TH YEAR THURSDAY, JUNE 16, 1966 NUMBER 23

Grand Jury Returns 12 Indictments in Session

The Grand jury of Yoakum County met in session at the County Courthouse Monday and returned 12 counts against 10 individuals in true bills. The records of Blanche Dyer, District Clerk showed that the Grand jury brought in 10 true bills against the following people:

Dick Spiers was indicted on one count of forgery; Kenneth Arbuckle was charged with one count of forgery and a true bill was returned.

James T. Hall and Earl Mays were charged with forgery in a true bill.

Roy Monjer had two counts of forgery returned against him in the action of the Grand jury.

Charles Elswick also faced trial on two counts of forgery which were returned in a true bill in Grand jury action.

Barbara Joan Spencer faced trial after having a forgery indictment given to her by the Grand jury.

C. E. Smith faced trial on charges of issuing a hot check in the amount of \$65.00. Charge of attempted burglary was returned against Carrall Spillers.

Awaiting trial for attempted rape is Ernesto Rivos after Grand jury action.

No bills were returned in the following cases:

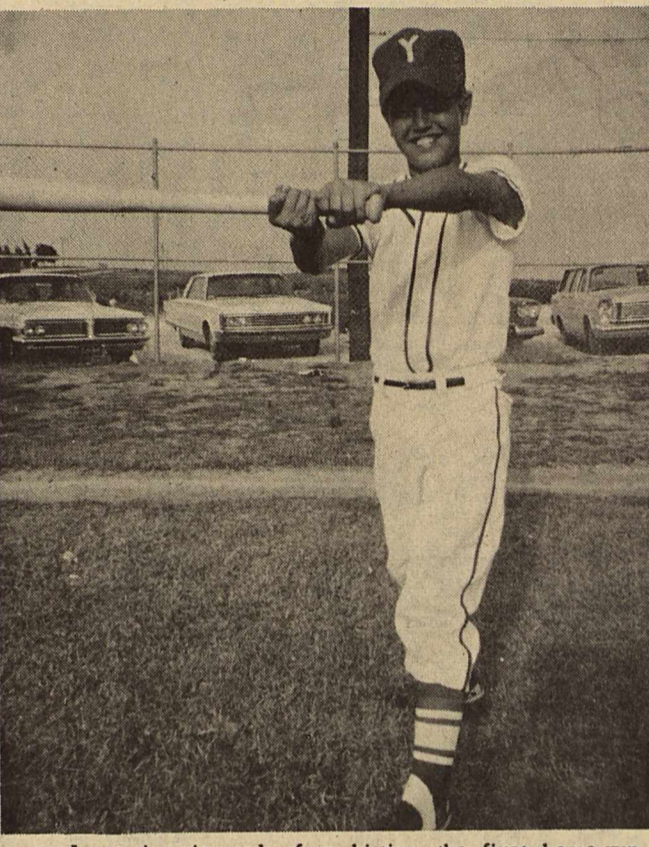

Roy Peters, accused of forgery, no bill; Charles O. Caision, hot check, no bill; Jim Hooper, hot check at Hawkins Food Market, no bill; Dick Hamm, hot check at Ha-

wkins Food Market, no bill; Jim Miles, hot check, no bill. The Grand jury passed on the following cases:

Marvin Logsdon, forgery, pass; and Dorothy Teaff, charged with removal of mortgaged property. Charge brought by Cogburn-Young, pass. Mrs. Teaff was reported to have already paid the amount off.

Since Sheriff Heath has been in office, his record stands at having gotten more indictments than any other sheriff in the county. The Yoakum County Sheriff has waged a campaign to place law violations at a minimum or to pay the consequences as prescribed by law.

Several felons with long records and who have been sought for violations in Yoakum County for a long period of time have been arrested by Heath and have been brought to trial.

Crop Acreage Report Made

By W.M.Overton, ASC
This is to again remind all farm operators that we have a new method of obtaining crop acreages for 1966. Under this new method operators will measure and report the crop and land use acreages instead of a reporter visiting the farm and measuring the farm acreages.

All farm operators should keep in mind that they must have the acreage reported on or before August 15 to be eligible for payments and price support loans and participate in any of the programs.

Farmers should carefully measure their land and be sure the correct acreage is reported to the ASC Office on or before August 15th final date. Farm operators may if they wish request a reporter to measure his crop acreage this may be done by paying the estimated cost, which is \$8 for the first plot plus \$2 for each additional plot. Farmers interested in this service must deposit with the county office on or before June 20th the required amount.

It will be necessary under the regulations to consider all farms out of compliance with the program on which the necessary acreage has not been reported by August 15th. Therefore, we urge all operators to have the required diverted and normal conserving acreages and not have more feed grains and cotton than their signed intentions permits and have it reported by the August 15th date. We believe it is very important this year that all farm operators well understand that no crops may be destroyed after August 15 for compliance purposes.

Farmers that need any information from the local ASC Office in regard to length of fields or other information they may obtain at the office should feel free to visit the office at any time. We want to help in any way possible and believe that with all working together this new method will be satisfactory. After farmers report their acreages regulations require that we check at least 25% of the farms.

LITTLE LEAGUE GAMES

In Little League action the past week, the Yankees bombed the Indians out of second place and nailed down that spot for at least two more games. Joeey Lowe was the big gun for the Yankees, with a home run hit in the game against the Indians Tuesday night. Joeey had hit the bomb Friday for the first earned homer of the season, but it all went for naught since the game was called in the first inning because of rain.

The Cubs were still in unbeaten ranks after the Tuesday night meeting with the Giants. After a close start the Cubs clubbed the Giants 15-4. The experienced infield of the Cubs has been their big gun. The Cubs have come up with the double plays in the pinch and managed a tripple play last week to make it the first one in the books for several years in the league books.

The Giants, who are rebuilding downed the Indians Friday night but still remain in the cellar. After defeating the Indians Friday, the Giants had hoped to come into third place but collapsed in their last effort to close the distance on the Cubs.

The Indians will be fighting to come back when they meet the Cubs Friday. Awin over the Cubs could put them only a game out of second place. The Yankees hope to keep pennant chances alive with a win over the improved Giants tomorrow night.

The public is urged to call either the Chamber of Commerce or the Plains Record and leave their names and blood types in order that the list can be made adequate.

Jim Barnett, member and assistant chief of the local fire department urges the public to cooperate in the program. Cleatus Phelan, president of the Chamber also asked residents to prepare themselves in the event that blood is needed.

Course Set For July 29 Opening

The golf course at the Yoakum County Park will be opened for play with special ceremonies on July 29, said Alf Carpenter, member of the board of directors.

In a meeting of the board this week the board set the 29th as the grand opening for the new links and set up rules to govern the course. The board also issued Gene H. Bennett the first charter membership to the club. Bennett, who is judge elect of Yoakum County, donated the land for the park.

The golf club is now accepting charter membership applications, and announces that the charge for joining is \$48.00 and the dues will be \$7.50 per month. This will enable all members of the family to use the course.

D.C. Man Killed In Car Wreck

David F. Ferguson, Denver City, was killed instantly Tuesday morning near Denver City on Farm to Market Road 1939 in a one car accident, said Deputy Sheriff Joe Deaton. Ferguson is a long time resident of Yoakum County, having moved here in 1936. He was a former member of the county commission.

Ferguson was driving a 1965 Buick when he lost control of the vehicle after a blowout. The car hit a mail box and turned over 2 1/2 times and the auto was described as a total loss.

Ferguson was a member of the Catholic Church and burial will be in Denver City. Arrangements are pending at Singleton's Funeral Home there.

Sen. Tower Scores Inflation Factors

A lot of people are going around blaming the wrong folks for the current inflation and for the increasing cost of living. The housewife is getting blamed, the farmer is getting blamed, business is getting blamed, somehow everybody is being blamed but the federal government which goes merrily on its way spending more and more money it does not have.

Nothing could be further from the truth. As a matter of fact, prices paid for farm products are being pushed up by the government. Secretary Freeman said the other day that he was pleased to report that farm prices have moderated from what he calls 'highs' responsible for most consumer food cost increases.

Boys State News

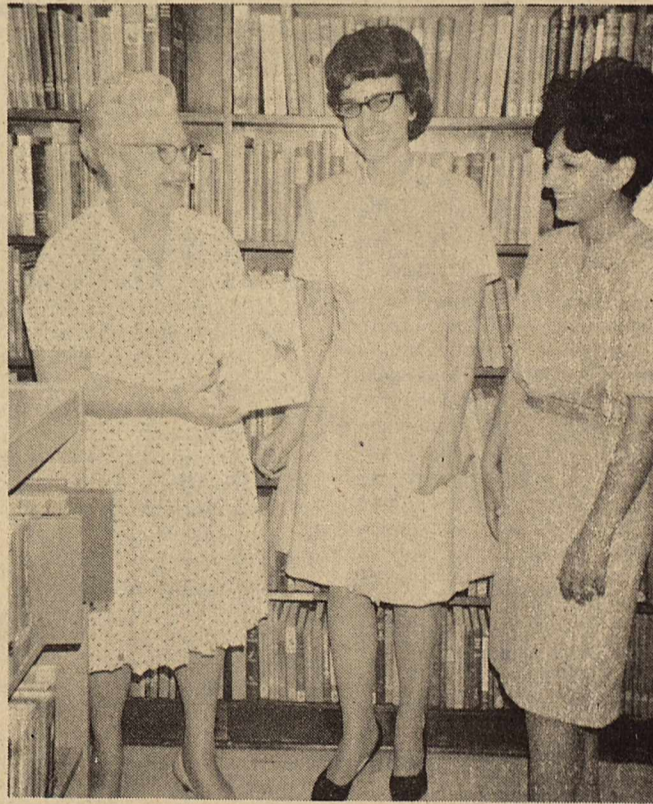

The twenty-sixth annual American Legion Boys State sponsored by the department of Texas and held on the Campus of the University of Texas, got under way today as 750 high school boys from all parts of Texas began registration. Waggoner Carr, Chairman of the Legion program, announced.

Among those registering from Plains was Alton Carl Rains, Rt. 1, Tokio.

Following registration, each citizen was assigned to one of two political parties, the Longhorn or Pioneer. Each citizen then functions as a member of his party; he attends its precinct, county, and state conventions and votes in its primary.

Gets \$99,000

Mrs. Stanley Fortenberry received \$99,000.00 in a settlement out of court in the suit in connection with the death of her late husband, Mr. Fortenberry was killed in an auto accident near the Plains Chemical Company when the car in which he was a passenger collided with a truck.

Mrs. Sloan is pictured with Mrs. McDonnell and Mrs. Kennedy putting her last book on the shelf in the library.

Norelle Sloan is pictured at her retirement party which was held last Friday. Mrs. Sloan is retiring after 10 years in the Yoakum County Library.

Into New Home Drugstore Moves

Joe Curry announces the new location of the Curry Drugstore in Plains. Curry said the store is open for business and invited the public to come by and see his store since the move.

The drugstore moved to the Roy Edwards building just west and north of the Plains Record and next door to the north of the Yoakum County Farm Bureau Insurance Agency. The new location of the drugstore has been remodeled and carpet has been put on the

floors of the building. The building has been repainted inside and the ceilings have been redone.

Curry will have a coffee room in the store and invites all of his friends to come by for a cup of coffee and a visit in Joe's new lounge.

The store also has a modern and complete apothecary department and Roy Edwards is the licensed pharmacist. Roy invites old and new customers alike to come in and get their prescriptions filled.

CAYCE'S CORNER

The tip of the hat in Cayce's Corner is directed in the direction of a youngster who did something just a little bit out of the ordinary the past few days. He was first filled with disgust and disappointment but his dream came true Tuesday night. Joey Lowe, a member of the Yankee Little League team hit the first home run of the year last Friday night and the ball sailed over the fence and hit a red pick up. But alas, it didn't count, because it started to rain in the first inning and the game was called. But Tuesday night our little friend connected and the ball went out of the park in almost the identical place and hit the same red pick up. It was joy in Mudville for mighty Joey had been to bat!

The following letter was received by the Record. We appreciate the way the people in the community helped the Babe Ruth team.

The members of the Plains Babe Ruth Baseball team wish to express their appreciation to the following merchants and individuals for their contribution to our ball club: Plains Volunteer Fire Department, \$100; Hawkins Food Store, \$5; Yoakum County Cop Gin, \$25; Plains Oil Co., \$15; East Side Grocery, \$5; Bob Loe, \$5; Mrs. Paul Loe, \$5; Cogburn Young Hdw., \$15; Plains State Bank, \$15; Moore and Oden Dry Goods, \$15; Whites Auto, \$10, The Plains Record, \$15.

UNCLE ZEB
CARL C. WOOD

A clever person puts his problems away for a rainy day.

The rest of your days may depend on the rest of your nights. If the government keeps raising our taxes most of us won't be able to raise our taxes.

Getting to the bottom of a problem could well be the thing that lands a man on top.

Even though the doctor told some folks there was nothing wrong with them the expression on their face would never let you know about it.

The trouble with talking too fast is that we may say something we haven't thought of yet.

A patient man is one that can enjoy the scenery when he has to take a detour.

There is a difference between being worth a lot of money and having it.

We shouldn't waste all our time trying to love our enemies. It is better to spend part of it treating our friends better.

Even our old clothes will look brighter if we always wear a big smile.

Sometimes we are judged by the company we just left.

Congress is soon going to have to figure out how to make a person pay taxes for service that he doesn't even want in the first place.

Some folks can meet the cost of living, but can't manage the cost of enjoying living.

/s/ The Plains Cowboys

Members of the Plains Garden Club will launch their Clean Up Plains Campaign within the next few days said Mrs. Bill Overton, club spokesman. The Garden Club launches the campaign annually and asks the cooperation of businessmen and residents to help make the city more attractive.

The Garden Club members will contact County Commissioners Pearl Loe and Raymond Bookout to help on the project. Mrs. Overton said that Mrs. Loe and Commissioner Bookout have been most helpful in the past and that they are sure that they will assist the Garden Club this year.

The members will also contact Plains Mayor Billie Ray Kennedy and request that the city help on the clean up campaign.

After studying the situation at length, and discussing the matter with people who are qualified in the financial world, and consulting with engineers, we believe that after the first of the year when the new county officials assume office that one of their first actions should be to consider the possibility of creating a central motor pool for county road equipment and vehicles and possibly employing a road superintendent for Yoakum County.

This system works to great advantage to the Army, Navy, U.S. Government, state, big business, and many counties. It saves duplication of equipment, and cuts the maintenance expense considerably.

We believe the plan to be one of merit and urge officials to consider the proposal for the advantages which it may afford.

Another revision in the structure of county government which is required in counties with population of 10,000 or more which some smaller counties use is the possibility of setting up an office of purchasing agent for the county. We believe this is also worth exploring, and are convinced that there is a need for this office in our county. Government at the county level is like any other form of government in the respect that it should progress with a world in changing process and never let itself become obsolete.

Our fiscal condition in Yoakum County, while not at a dangerous state, could use a boost. We believe these measures could possibly assist us in that respect.

Income Tax Tatletales

Last year, Uncle Sam collected an extra \$13 million in income taxes because somebody tattled for pay.

Most tips about income tax fraud come in anonymously, from people seeking no reward beyond the satisfaction of doing their duty—or of getting even with someone they don't like.

But in 1965, a typical year, 4,000 informers filed formal claims for a reward. And the government paid out \$600,000 for their information.

The practice of paying money for tax tips has existed ever since the early days of the republic. In each year's budget Congress sets aside a specific sum for this purpose.

There are those who condemn the whole idea. They argue that tattling is unsportsmanlike, not in keeping with our traditions. Certainly, generations of American readers have despised Tom Sawyer's half brother Sid for tattling on Tom to Aunt Polly.

On the other hand, tax cheaters are not as endearing as Tom Sawyer. And, as one court put it: "It is the duty of every citizen to communicate to his government any information which he has of the commission of an offense against its laws."

The Internal Revenue Service takes no position on fine philosophical grounds. Its job is simply to collect all the money that the government has coming—and informers are a big help. Using them not only puts the IRS on the track of cheaters but also helps to keep many a tempted citizen honest.

How much can an informer collect? Up to 10 percent of what the government recovers, which can be considerable. However, the exact amount is left largely to the discretion of the IRS.

In one case an informer sued the government, complaining that he wasn't paid as much as his information was worth. But he got nowhere. The court said the IRS is obliged to make an honest evaluation of services rendered, but is not obliged to pay what others may consider a fair sum.

In another way, too, the IRS has the last word. For the informer, having won his reward, must then pay income tax on it.

In fact, there have even been cases in which informers themselves were fined for failing to pay the tax on their reward. No doubt Tom Sawyer would have a phrase for that:

Poetic justice.

Wreck Hurts Ball Star

Jimmy Comer, son of Mr. and Mrs. Clifford Comer, Denver City was reported in a Lubbock Hospital where he underwent brain surgery after being injured in a three car accident two miles west of Denver City Saturday night. Jimmy's condition was reported as critical. He was the fullback on the Denver City Mustang football team. Jimmy's mother is a nurse at the Yoakum County Hospital.

Also injured in the collision was Cliff Goodwin Jr., son of Mr. and Mrs. Cliff Goodwin of Denver City. Young Goodwin suffered knee injuries and was reported in satisfactory condition after undergoing surgery for the removal of his knee cap.

Two cars collided in the accident and a third car hit the wrecked ones at about 8:45 p.m. Saturday just west of Denver City.

Let's Cook Out

BY SUDIE THOMPSON

The Home Demonstration Clubs and the 4-H Clubs are now thinking of Out-of-Doors Cookery. With the beautiful weather and the lovely green parks it is a time to enjoy the fellowship with friends while cooking and eating out of doors, whether in the parks or in our own back yards. Modern barbecue furnaces provide a means by which food can be prepared in an attractive and nutritious way with little loss of time and energy.

The following is a whole meal using live glowing coals in a barbecue furnace for cooking:

- Pups in a Blanket
- Special roast corn
- Biscuits on a stick
- Somores
- Fruit punch

Prepare the corn first by removing the outer shucks. Loosen the inner shucks and remove silks carefully. Brush generously the kernels of corn with garlic butter which is prepared from 1/2 cup butter, 1/4 teaspoon paprika, and 1/2 teaspoon garlic powder. Tie the shucks in place with a string and wrap in aluminum foil. Place on grill over glowing coals. The corn should be turned frequently. Cook 10 to 25 minutes depending on the tenderness of the corn.

'Pups in a Blanket' - Split frankfurters and insert a strip of cheese and pickle. Wrap with bacon and hold together with toothpicks. Place on a green twig. Heavy wire or a skewer may be used. Broil slowly over hot coals.

Biscuits on a Stick are no trouble when made from Biscuit Mix. The recipe for the Mix was in the paper several weeks past. Put 1 cup Mix in mixing bowl. Add 1/4 cup water and mix slightly. Knead dough on floured board and make slightly stiffer dough than for ordinary biscuits. Heat and flour end of broom stick. Mold biscuit dough over end and up about 4 inches and cook over glowing coals about 12 minutes, rotating to get an even brown.

For dessert have 'Somores.' Place a marshmallow on the sharp end of a stick or wire. Toast over glowing coals until brown. Place on a graham cracker. On top of marshmallow place 1/3 of a thin chocolate bar and on top of that place another graham cracker. Mash to flatten marshmallow.

Fruit Punch: Yield: 25 servings
Size of serving: 3/4 measuring cup each
3 pints of orange juice
1 cup lemon juice
1 cup grapefruit juice
3 to 4 cups sugar

Add sugar to fruit juices and stir until dissolved. Add ice water to make 1 and 1/4 gallons of liquid.

SPOKEN WORDS HAVE A WAY OF BECOMING DISTORTED

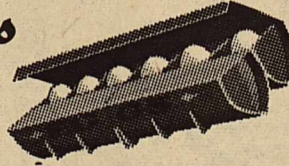

If you've ever tried to track down a rumor, or unscramble a piece of gossip, you know how elusive is the spoken word! Or maybe you've noticed that you can't quite recall that funny quip by your favorite radio or TV comedian, yet you have no trouble quoting a joke you've read. It's a natural thing with all of us. That's why newspaper advertising gets such good results. It's there to read—in black and white (color too if you want it) and to refer back to, at your leisure.

BY TENY LESTER

Fye Wilmeth was sick for a few days last week with tonsillitis. He is reported to be feeling better now.

Neda Chambliss, Chris and Scott and Denise Glenn visited with Wilma Anderson Tuesday afternoon of last week. Nita Huff and Wilma Anderson attended the installation of new officers at the O'Donnell Chapter of O.E.S. with Teny Lester and Cyndy Tues-

day night of last week. Teny's mother, Tina Rogers was installed as Worthy Matron for the ensuing year and Teny was installed as one of her appointed officers. The Bob Lester's visited with the Mack Wilmeth's Monday night of last week and all

enjoyed several games of dominoes and Yahtze. Ronnie Rains hurt his left hand one day last week. He is doing fine now. The Harold Parrish family visited Six Flags last weekend.

Bruce Lester underwent knee surgery at the Methodist Hospital Wednesday after receiving an injury Tuesday night playing little league ball. There was severe left knee damage but the doctor is confident that the surgery is a success and Bruce will not be restricted from any activities later. He came home Sunday and he will be in a cast for six weeks.

Clyde & Ida Trout were in Lubbock on business last Thursday and again on Monday. The Mack Wilmeth family attended the Wilmeth reunion held at Gruver, Texas this past weekend.

Nita Huff, Rene and Elisa spent Wednesday night with her parents, the M. Turner's, at Wolforth. They returned home Thursday and Nita's sister, Brenda, came with them to spend several days here.

Visiting with Bruce Lester while he was in the hospital Thursday were Clyde and Ira Trout and Maurice Thompson. Saturday visitors were Mack Gena, Jet and Tye Wilmeth and Mrs. Dickie Green and Steve. The Carl Rain's and Charles Trout families visited with him at home Sunday.

Visiting with Caroline Crutcher is her cousin, Carol Crutcher, of New Moore.

Evelyn Autry and Denise Glenn of Muleshoe spent Saturday night with J.T. and Wilma Anderson. They all visited Henry and Floyce Cargill in Brownfield late Sunday afternoon.

Mr. and Mrs. Carl Sherrin of Wichita Falls are here visiting his brothers, the Sub Sherrin's and the Wayne Sherrin's. Zandra and Mar Bell returned to their home in El Paso Monday after a week's visit with Lavonna and Stacy Bell.

Johnnie Crutcher of New Moore visited with Rhuey Crutcher and Nita Huff one day last week.

Cyndy Lester spent several days last week visiting with Teddy Rogers at New Moore.

Soil Conservation

BY MURRELL THOMPSON

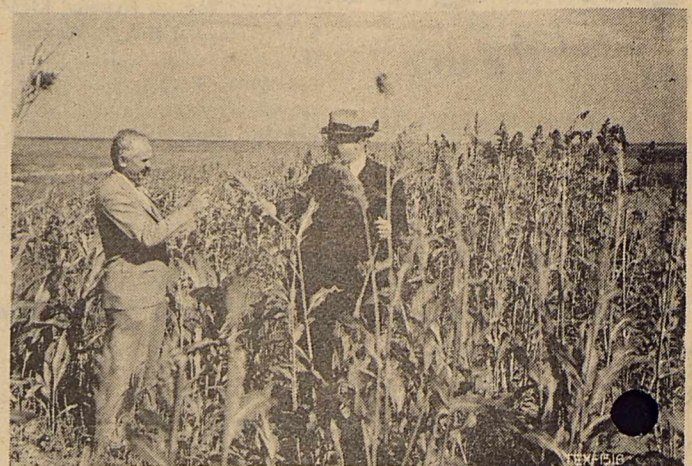

Grass planting, establishing a dead litter of sorghum or sudan in which to plant grass next year and under ground main line installation by District cooperators keeps every one busy. Some who are planting grass are Frank Crump, W.L. Clanahan, Mrs. Iola Young, and Fred Lowrey. Planting dead litter cover is Jerry Worsham, Mrs. Grace Bridge, J.M. Dearing, Tommy Billings, Royce Kelly, H.H. Lowry, Bob- by White and several others.

New Great Plains applications are Williams estate, Phillips Williams, O.H. Clark, Grace Bridge and Dale Brown. New Conservation plans are Clifton Clem, Olen Edwards, James S. Moore, Dr. C.M. Phillips and Ben Gibson.

Each year we have a problem of wind erosion some years it is much worse than others. There is little we can do about the weather but there is plenty we can and should do about protecting our land, homes, business, equipment and our health from damage caused by needless dust. Now is the time to seed ever acre not planted to a regular crop to a cover of Sudan, or forage sorghum or a sorghum highbrid cross. This kind of cover can serve acres from damage next spring and tons of top soil will be held in place and not be stacked up where it will cause needless damage. Too, a cover of sorghum or sudan will solve the problem of what will need to be done to the crop to qualify for diverted acre payment.

E.D. Campbell of the Pleasant Hill community has purchased the Paul Cobb farm four miles east and two one half miles south of Plains. E.D. says midland bermuda has what it takesto make a good gain an cattle and keep producing

if you take care of it with proper water and fertilizer and let it get enough growth that a cow can get a bite. He is stocked with about two animal units 1000lbs cow is one S.U., and is feeding grain, 5-6 lbs per head per day. Some people are going to switch grass. Campbell says 'It is a good grass but they better keep it tall 12 to 18 inches or they will soon be out of the brass business.'

FATHER KNOWS BEST

the many reasons why it pays to SHOP AT HOME...

Most important among these reasons are, of course, his children! Nothing means more to him than their health, their education, their opportunities to grow up to be happy, successful men and women.

Basic to this objective are good schools, well-equipped and properly supervised playgrounds, well-organized recreational and youth activity programs. All of which add up to a wholesome, constructive environment for "growing up."

These services and facilities cost money, much of which must come from taxes paid and contributions made by local business. Part of every dollar spent at home helps to provide the funds to make this community an ever-better place for "bringing up children."

That's why the thoughtful father insists that family shopping be done where it will do the family the most good: here at home!
