Held in conjunction with the 29th annual convention of the Texas Farm Bureau will be state finals of the 1962 Texas Farm Bureau queen contest on November 12.

Unclaimed Social Security Checks Awaiting Many

The Abilene office of the Social Security Administration has written letters to some 600 near-by West Texans who seem to be due monthly retirement checks but who haven't claimed them, according to R. R. Tuley, Jr., district manager. Many of the letters are being returned as undeliverable, as the only available addresses were those used when social security cards were obtained, possibly as far back as 1937.

If you meet the following conditions, and have not already filed a claim for your social security, you may well be one of the more than 365,000 potential beneficiaries being sought across the nation:

1. You were born in 1896 or earlier, and
2. You have had earnings covered by social security from 1½ to 3 years, any time since 1936, depending on your sex and exact date of birth.

The 1961 Amendments greatly liberalized the entitlement requirements as well as the earnings limitations governing the right to collect before age 72, the age at which benefits are payable regardless of the size of continued high earnings.

Floyd Cloud was in San Antonio this week to attend funeral services for his brother, Roy Cloud, who was killed in a traffic accident there.

General Election Held Tuesday

In the General Election held Tuesday the two races that drew the most attention in Eastland County were the Governor's race and the race for County Judge. In the Carbon box 101 votes were cast for Connally for Governor and Cox received 55. In the race for Judge Bailey received 133 and Dick got 21.

The total vote for Eastland County was Connally 2683 and Cox 2108. Total for Bailey 8495 and Dick 1196.

CARBON MEETS STRAWN IN THURSDAY NIGHT GRID TILT

The Carbon Wolverines played Oglaby here last Saturday night. Several Carbon boys were on the sick list and Oglaby had one of the best teams played this season. The final score was 59 to 6 with Oglaby winning. Carbon scored their touch-

down on a pass from Tommy Traylor to Tim Stacy.

Carbon plays Strawn here Thursday night at 7:30 in our third conference game. Strawn comes here with a good record and with our boys back in shape, this should be a close hard fought ballgame.

GOOD CROP—Mr. Freeman and County Agent J. M. Cooper inspect a cluster of choice pecans on one of Mr. Freeman's heavily-loaded trees. Harvest will begin next month, and hundreds and hundreds of pounds of select nuts will be shipped from the orchard.

'Home Away From Home' Jury Suites Are Nice

By ZELMA WILLOUGHREY
Staff Writer

Many people in Eastland County may not be familiar with the use being made of the fourth floor of the Eastland County Courthouse.

Others may be well acquainted with its use.

The fourth floor of the courthouse consists of dormitories for jury members who are required to remain over-leading roles in providing "free" public hunting or private lands through leasing and cooperative agreements.

He pointed with pride to the Federation and Industry Recreation, or "FAIR," program underway in the South now, wherein National Wildlife Federation-affiliated sportsmen's clubs cooperate with industrial timber landowners in the development and use of outdoor recreational facilities.

"To me," summarized Kimball, "there is every indication that more and more of America's private landowners, who developing and utilizing our great natural resources, are practicing better resource management techniques which produce a greater wildlife crop in addition to other crops, and are making the harvest available as one of the great outdoor recreation pursuits for night during the course of a trial.

Accommodations for male jur-

ors have been present for many years. Only since the female species began to have a voice in public trials, about seven years ago have accommodations been made available for them.

The women's dormitory is located on the east side of the building. It includes six beds, rest room facilities, tables and chairs.

Men's facilities, located on the west side of the building, have basically the same fixtures, however, 13 beds are available instead of the women's six. Also, tables and chairs are present for pastimes of dominoes and cards.

Also included on the fourth floor is a lobby with chairs and a storage room.

A portion of the floor was at one time occupied by the Internal Revenue Department employes, who have now relocated.

The dormitories are used for jury members only. Upon failure to close certain trial cases in one day, jurors are required to remain overnight in the dorms. They must continue to spend nights there until a verdict is reached and the jurors dismissed.

While staying in the dormitories, jurors are allowed no outside contacts and use of the telephone is limited. Also, discussion of any case with anyone other than jury members is forbidden.

TRANSFORMATION — Mr. B. B. Freeman shows off his original Carpathian English Walnut tree. Less than seven years ago, the tree was a garden-variety black walnut tree, but thanks to budding, grafting and tender care, the tree now produces prized English walnuts. CINNAMON BUTTERMILK COFFEE CAKE

Buttered square pan, 9-inch
Preheated 325 degree oven
2 cups sifted flour
2 cups firmly packed brown sugar
1/2 cup (- stick) butter
1 egg
1 cup buttermilk
1 teaspoon baking soda
1 teaspoon cinnamon
1/3 cup sifted flour
1/2 cup chopped nuts

Mix flour and brown sugar sugar. Cut butter in until the mixture resembles coarse meal. Set aside three-fourths cup of this mixture to be used for topping. To remaining flour mixture, add egg, buttermilk, baking soda, cinnamon and the one-third cup sifted flour. Mix only until dry ingredients are well moistened. Pour into buttered pan. Mix sugar mixture that was set aside and chopped nuts; sprinkle over the top. Bake 50-60 minutes. Let cool in pan and cut in rectangles about 1 1/2 by 3 inches.

Try this tip and make it easier for yourself: If brown sugar is lumpy, press through coarse sieve or heat in slow oven or crush lumps with rolling pin. Measure it just before you use it.
