OUR 36TH YEAR THURSDAY, JANUARY 19, 1967 NUMBER 5

Directors Meet

Fat Stock Show Slated

The directors of the Yoakum County Livestock and Agriculture Improvement Association held a meeting on Thursday night of last week to complete the plans for the 1967 show. The fifteenth annual Yoakum County Junior Fat Stock Show will be held on February 17 and 18 with pigs and lambs being officially weighed in on the afternoon of February 16. The lambs and barrows will be judged beginning at 1:30 p.m. Friday afternoon. Mr. Jerry Don Stockton, former vocational agriculture teacher at Plains, will be here to classify and judge the lamb classes. Mr. Silas Duffy of Lovington will judge the barrows. The calves will be judged beginning at 9:00 o'clock Saturday morning and Mr. Calvin Holcomb of Seminole will make the placings on the calves. The sale of all livestock will again be in the capable hands of Auctioneer Hank Mathews who has sold our animals every year since the beginning of the show in 1953.

Other superintendents are: Jerome Head, Beef Calves; Kent Welch, Swine and Tommy Barron, lambs. Some other members of the Young Farmers organization have been selected as assistants. Some recent weigh days for 4-H and FFA members have disclosed some disappointing facts for some of the feeders. More than a hundred barrows were started on feed last fall by boys and girls who intend-

ed to exhibit them at the 1967 show. Many of the animals are not going to be heavy enough to fall within the required weight limits of 190 to 250 pounds. Most all of the lambs and all of the calves weigh at least 700 and not more than 1150 pounds. The directors and superintendents are expecting 85 or 90 barrows, 42 lambs and 17 calves to be entered in the show this year.

American Legion Meets Tonight

Wilson Duke, Commander of the local American Legion post, announces an important meeting at the post tonight at 7:30 p.m. Commander Duke said plans will be made for a membership drive to complete the quota for the year. He was hopeful that Plains will once more double its quota for the year. In its category, the local post is one of the leading posts in the state. Commander Duke said that other Legion programs will be discussed, including the planning of another public Memorial Day activity at the cemetery.

Commander Duke said with so many of the boys going to Viet Nam that our hometown should remain strong in support of these men who are serving their country the same as the veterans of both World Wars and Korea.

The American Legion has long been an active organization based on the principals of serving God and Country. Commander Duke said with these thoughts in mind, we want to plan our activities for spring and summer.

Duke was re-elected as Commander for the 1966-67 year last summer and Dick McGinty was re-elected as adjutant.

The Legion recently opened its doors to make Viet Nam Vets eligible for membership. This does not mean that they have to have served in Viet Nam, but it means that any honorable service during the conflict would qualify one for membership.

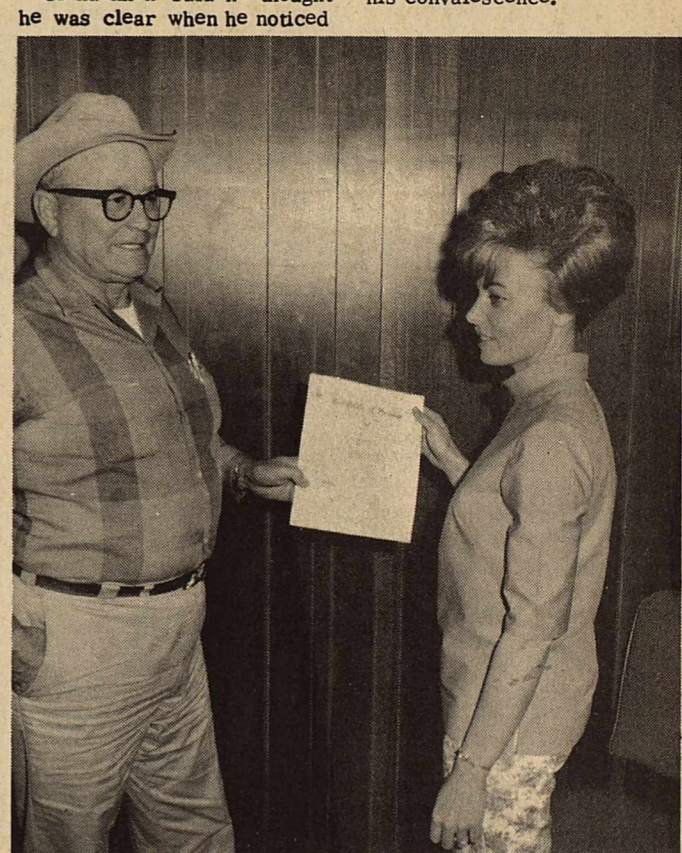

Otho Clendennen Falls From Car

Otho Clendennen, rural mail carrier in Plains, suffered injuries to both legs last Friday near the water tank and Bones Laundry, when he stopped his car to remove a coke bottle from the road. Clendennen said he had gotten out of his pickup truck to remove the bottle from the path of traffic when his vehicle started to roll backwards. The mail carrier said he didn't notice the truck rolling until it had picked up considerable speed. He attempted to get into the cab and was thrown off the running board.

Clendennen said he thought he was clear when he noticed that the door was about to strike his head. He ducked and when he did the front wheel ran over both legs. The mailman is convalescing at home.

Clendennen reported that Mrs. Jim Pharr is making the mail run until he is able to return to his route.

The Plains mail carrier lives alone. He is a member of the First Christian Church and is active in the '65' Club in Plains. Otho extended his thanks to his friends and to members of the Christian Church for calling on him during his convalescence.

H.G. McDonnell is pictured showing his 30 year certificate and pin awarded to him by the State Highway Department to Jan Mason at the Plains Record Office.

Golf Club Election Held Here

Members of the Yoakum Co. Golf Club met Monday night at the Club House at the Yoakum County Park, and elected board members for the year.

Board members from Plains include Alf Carpenter, Dickie Green, Leon Lewis, and Bill Loyd.

Denver City members are Edgar Self, Cotton Killpatrick, and Dewey Adair.

Members of the association report with the water supply improved by a recent action by Shell Oil greatly helped the Club. This will mean that the local golf course will be able to take its place as one of the best in West Texas as much quicker than was planned.

The greens and the fairways are reported to be in fine condition and the course is developing much faster than anyone hoped, said a spokesman for the Golf Association. Roy Fein is employed as the Club Pro, and members expressed feelings that he has done a top job in managing and building the course. Fein came to Yoakum County from Amarillo.

Cowboys Pluck Seagraves Birds

Coach John Richey's highly regarded Plains Cowboys downed their arch rivals, the Seagraves Eagles, in bird territory Tuesday night to remain on top of the roost in District play. The Cowhands crushed an aroused covey of Eagles 50 - 42 to improve their standings 16 - 4 and remain the favorite to win District 5 A honors.

Strong efforts in the scoring department were put out by Billy Taylor, Calvin Smith, Ricky Elmore, and Dan Field. Smith had 14, Taylor 12, Elmore 9, and Field 9 points to press the birds all night. The Cowboys shot a cool 48 per cent from the floor, and 53 per cent from the line.

In the rebound department the pokes came up with 29. In the effort of the B squad, the Eagles were able to garner a win. In action against O'Donnell last week, the Cowboys trounced the other set of Birds in District 5A 74 - 49 in an easy victory which saw the bench cleared several times. The B team downed O'Donnell in the twin bill last week. The Cowboys face a rugged Lubbock Christian that will be out for revenge Friday night. The Pokes downed the Christians to win the First Annual Cowboy Invitational Tourney recently. Next Tuesday the Cowboys face Tahoka here in another District 5 A match.

Mrs. Dovie Mae Wilbanks Moreland, one of the county's best known people, died at 9:00 p.m. Saturday night. Mrs. Moreland was pronounced dead upon arrival at the Yoakum County Hospital in Denver City. Mrs. Moreland was a retired school teacher and was a graduate of Mary Hardin Baylor in the class of 1914. She was an early day publisher of The Yoakum County Review (later Plains Record) and came to Plains the year after her graduation from college. When Mrs. Moreland retired from her teaching career, the students and faculty honored her with the dedication of the school year book. The late Plains teacher married R. P. Moreland in 1917 who preceded her in death in 1944. The late Mr. Moreland was county judge in Yoakum County for 10 years.

Former Teacher and Editor Dies

Mrs. Moreland was an active member of the Baptist Church and a member of the Order of the Eastern Star. Funeral services were conducted at the First Baptist Church with the Rev. James Caldwell, pastor of the First Presbyterian Church of Seminole officiating. Funeral services were conducted by Barrett's Funeral Home in Plains with burial in the Plains Cemetery. Mrs. Moreland is survived by one daughter, Mrs. June Mabry, Seminole, and by two sons, R. P. Moreland, Jr., Bengazi, Libya, and George Moreland, Russellville, Arkansas. Mrs. Moreland was preceded in death by another daughter, the late Dawn Moreland. She is also survived by two sisters, Mrs. J. B. Watson, Llano, and by Mrs. W. F. Losh of California. Seven grandchildren also survive. Mrs. Moreland is survived.

\$100,000 City Bond Issue Called, No Tax Hike Seen

Included in the Plains Record this week is a proposal asking for an election in the City of Plains for the purpose of approving a bond issue which will be voted on February 4th to improve the City Water system. The City Council adopted the Ordinance Tuesday night in a special meeting at the City Hall. The City is asking that the electorate in Plains approve two \$50,000.00 proposals one being a junior loan and the other a General Obligation Bond issue which will mature in 1987. The total amount asked for is \$100,000. The City has requested a grant from the FHA in the amount of \$150,000 which will pay the bulk of the work proposed. Approval is expected from the government in the next few days.

The City has also applied for a \$50,000.00 loan from the FHA which is expected to receive approval soon.

The water proposal is a result due to the fact that Plains is an un-protected city, and fire insurance rates are among the highest in the state. The City has worked for over a year preparing a plan which could improve the water system in Plains.

City officials report that their engineers and bondsmen have studied the proposal in detail and positively state that no tax increase or water rate increase is foreseen if the bond issue carries February 4th in the election.

If the issue carries, two water wells would be drilled on the 60 acres southwest of Plains where water rights were purchased. A ground storage system and treating facilities of adequate proportion would be included. The water is described as good water where the present water being used is poor at the best, said a city spokesman.

New mains are proposed for the city where in-adequate ones exist, affording fire protection to the residents of Plains. Small mains of four inches and isolated mains of two inches in Plains create a danger in the event of fire in Plains, said the city spokesman.

The study was brought about by the City officials as a result of property owners and Chamber of Commerce requests to make every reasonable attempt to take steps to make Plains a protected city.

Reports were carried in The Record of these events and two editorials were run urging the City to take the necessary steps to improve the system. A complete breakdown of all work proposed in the issue will be broken down and given to the public next week in the Plains Record in order that the public may examine each detail which the city proposes.

In next week's edition the scope, water usage, water supply, ground storage, automatic controls, booster pump station, chlorination, elevated storage, and distribution system will be explained in detail for the public.

ASCS Hosts District Meet

By W.M. Overton
ASCS District 8 held their District Meeting in the Club Room of the old Courthouse in Plains on Tuesday January 17. Office Managers and clerks from the 12 district 8 counties attended. Holding the meeting was Mr. Roy L. Dycus, District 8 Fieldman, from Lamesa and he was assisted by Mr. Orville W. Cunningham, State Performance Supervisor of Lubbock. All Current ASCS programs were discussed, including the filing of applications to participate in the cotton, feed grain and wheat programs for 1967. As previously announced the sign-up date for these programs begins February 6 and ends March 3. The payment procedure was carefully reviewed and as under past programs an advance payment may be made to producers participating in the cotton and feed grain program. The advance payment is limited to one-half of the cotton diversion payment. Under the Under the Feed Grain program no diverted acre payment is made on farms with a feed grain base exceeding 25 acres; therefore, the advance payment to be made will

be one-half of the price support payment, which is based on 50 percent of the base times the projected yield times 53 cents per hundred. On small farms, 25 acres or less, the advance payment is limited to one-half of the total estimated price support and diversion payments. Within a few days a notice of allotments, projected yields and payment rates will be mailed to all cotton and feed grain farm operators. Also a pamphlet, PA-784 explaining the feed grain program will be enclosed. Farmers are urged to carefully review this pamphlet and to contact their County Office or their County Committeemen for additional information they may need in regard to any of the ASC Programs.

Other out of county persons attending this Plains meeting in addition to Mr. Dycus and Mr. Cunningham were: Asta M. Cooke and Glenn F. Kingston, Glasscock County; Gabe Hammack, Ida Belle Bankston, Howard County; Lee E. Garner and Ruth C. Worley, Andrews County; James A. Evans, Lucille Stevenson and Barbara Bingham, Gaines County; Wallace

E.W. Craig Urges Voters to Register

E.W. Craig, Yoakum Co. Tax Assessor and Collector reports that 626 persons have registered to vote under the new system. The county official said that 299 of the total were in the Plains boxes and that 327 are in the Denver City boxes.

Craig urged residents to come into the office in the Courthouse and register in order to be able to vote. January 31st is the last day to register. Due to recent changes in the law, Texas no longer has a poll tax, but electors are required to register to vote.

The Tax Collector also said that car license will go on sale February 1st until April 1st, and that in order to register a vehicle, that owners

must bring last years receipt with the title to purchase license.

Car tags will run in the following series this year: CKD 475 to 999; 4KF 10 to 999; CKG10 to 999; CKH10 to 999; and CKJ10 to 999. Farm Truck plates will be AH1350 to 1974. Truck tags will start at IP5375 to 6824.

Craig further reported Monday morning that the taxes are 92.20 per cent paid. He urged citizens who do not have paid their taxes to do so as quickly as possible.

The voter registration is progressing at about the same effectiveness as did the poll tax. Eligible voters are urged by Craig to register before the first day of February.

In action adopted by the Co. Commissioners Court last week, pay raises were made for employees and elected officials. The only dissenting vote was registered by Commissioner Johnnie Fitzgerald on raises in pay for elected officials.

For employees the raise will amount to about five percent and for elected officials the increase will amount to about four percent.

Judge Gene Bennett reported that current raises will be about \$770 per month over what salaries were in 1966. The raises were applied for in 1965, but due to a deficient in county funds these raises were not affected at that time, the judge stated.

Judge Bennett said the deficient at the county has been reduced in the past decade from \$180,000 to \$891,000. For further information the data is included in the quarterly report presented by Wilda Hancock in todays paper.

The raises were effective the first of the year and they include:

Raised from \$7200 yearly to \$7425 yearly were the District Clerk; County Judge, he will also receive School Salary Car Expense not to exceed \$75 a month; County Clerk; County Sheriff; County Attorney; County Treasurer;

After a wealthy widow died, several checks turned up with what appeared to be her signature. Even though she had been blind for the final 20 years of her life, she had been able to write her name. And the signatures on the checks had the wobbly, halting character of her handwriting. Yet there was something peculiar about the signatures. Invariably, the dots over the 'i's were placed squarely above the letter. How could a blind person, having come to the end of a word, go back and find exactly the right place to put the dot? This telltale clue led to the discovery that the signatures on the checks were forgeries. The forger had been clever, but not clever enough to fool an expert.

Let's Go Fishing

FISH... SITTING DOWN
You've seen 'em. They're everywhere.

They brace themselves with both feet widespread, wind up like a big league pitcher, then neglect to say, "I'm going to cast."

Standing in a boat to cast is inexcusable except when fly fishing, say the lads in Mercury outboards' fishing department. And, "sidewinding" is even worse, they add. With the former you menace mainly yourself, but with the latter you terrorize everyone in the boat.

First of all, sitting in a boat is safer. Modern broad beamed craft aren't as tippy as canoes, and the boat you are using could be perfectly safe to stand in, but sitting is still proper boating procedure, and it's a good practice to observe.

Though casting from a sitting position is more difficult to a beginner, it demands a type of discipline that quickly transforms him into an expert. Casting while seated requires correct wrist action and use of the more accurate overhand cast. Don't lapse into the dreaded side-winder's style.

In addition to boating safety and correct casting techniques, sitting on a boat cushion can literally mean more fish on the stringer. Fish spook easily in shallow and medium-depth waters, and they can see a man standing in a boat more readily than they can a sitting fisherman.

In observing the world from their watery habitat, fish are restricted to a view of between 90 and 37 degrees. As a rule, a standing fisherman falls within this field of vision, and appears as a dancing, distorted monster. On the other hand, a low silhouette can approach within several yards of fish without spooking them.

It's obvious, says Mercury, a seat firmly planted is better all around.

HOLD 'ER STEADY, SNAPSHOTTERS

The family photographer who hasn't the time or inclination to tote a tripod along on vacation can become as steady as the Rock of Gibraltar by following a simple trick used by professionals.

By holding the camera firmly in both hands and then locking the arms to the side, camera shake is lessened and slides or movies will be crisp and clear every time.

Even with new fast color films like Dynachrome 64, a camera held at arm's length invites blurs, squiggles and wasted film. This same trick will improve home movies too, giving them less the look of scenes shot aboard a rubber raft in the middle of a Monsoon.

Here's another tip: For better slides, gently press the camera shutter release rather than punch it. This trick will avoid cutting the top of the picture you thought you were getting, like the wife's new hairdo for instance.

Faster film speeds can only do so much for you, the rest of the success lies in how the picture is taken. Becoming a "human tripod" is a good start.

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

Steel has traditionally held the paramount position among U.S. industries. So much so, that "As steel goes, so goes the nation," has been a byword.

Since its inception in America, steel has also had the prestigious association of important names: J. P. Morgan, Andrew Carnegie, Eugene Mellon, Eugene Grace, Charles Schwab, and others.

The glistering industrial image of steel has been somewhat tarnished lately, however, by several offenses.

Charges were recently leveled at the industry by two economists professors, Walter Adams of Michigan State and Joel Dirham of Rhode Island University. In the quarterly "Journal of Economics," which article was used by the Wall St. Journal as a feature story. The accusation was that U.S. Steel companies spent enormous sums in the 1950's for open hearth steelmaking when, as the Wall St. Journal put it, "it should have been clear that oxygen furnaces would be cheaper to build and would produce large volumes of high quality steel at savings."

The two economists contend that if the industry had converted to BOF (basic-oxygen furnace) production by 1960, "its return on net worth would have soared to 11.6 per cent from the 7.6 per cent realized."

As a result, lower-priced steel from abroad flooded the U.S., frightening American steel firms to their obligation of introducing the new improvement.

The fact is laid bare, that despite anti-trust laws, U.S. Steel companies have been guilty of monopolistic pricing.

It is plain as iron that the steel business has been operating above the mainstream of U.S. free enterprise in adjusting their own monopolistic prices, rather than improving their product to meet competition as most business must do. Steel, until threatened, hiked their prices high enough to insure profits while operating at only 50 per cent capacity. With this medieval mentality the American economy, a more appropriate byword is: "If steel is leading the way, what's going to happen to the rest of the country?" Steel obviously doesn't care.

Editorial

Voting registration will end the last day of this month. Under the new law anybody who has not registered to vote will not be able to cast a ballot this year. We urge all qualified citizens to go to the courthouse and register in order to qualify to vote, because after all we have a free vote this year.

Citizens of Yoakum County and particularly Plains, will be asked to decide some important issues at the polls within the next several weeks. The City Council and our Mayor have worked hard to find a way to improve our water system. They will ask the people of Plains either to approve or reject their proposal on February 4th. It is up to the citizens of Plains to become informed concerning the proposal and then it is each person's duty to cast a vote.

The members of our City Council and our Mayor have spent untold hours working with engineers, the FHA, and Bondsmen in order to propose what we believe to be a plan which will help our city at a time that it needs help the most. With the possibility of lowering our insurance key rates and becoming a protected city. The study conducted by the engineers and bondsmen indicate that if the proposal carries that no tax increase or water rate increase is foreseen. Because of our water shortage the water system must be improved and we endorse the plan and ask our readers to become informed on the subject and make up their own minds from gleaning the facts of the issue. Any member of the City Council, our Mayor, or our City Secretary will be happy to explain the details of the proposal. The facts will be carried in the paper. Study the reasons given and give it a fair chance, and at least make an effort to become informed on the issue is our plea.

HEALTH HINTS

- Try to stay out of crowds before the big date; a simple sneeze can travel a distance of three feet.
- Avoid chilling and wet feet.
- Eat well-balanced meals — despite a hectic schedule. You'll be giving your body an important advantage, one that can help ward off colds.
- Make a "nap" part of your routine when getting ready for that special occasion.

Lowboy Corral

Dear Polly,
I have a very serious problem. It is my little brother. Everytime my boyfriends come to see me he comes in and bothers us. My boyfriends try to bribe him to go away. That has quit working so what do we try now? Please! Help!
Bothered Sister

Dear Bothered Sister,
Maybe you should talk to your parents. They will probably help out. If that doesn't work use psychology on him and encourage him to stay. just to be mean he'll leave you alone.
Polly

Dear Polly,
I want to ask why so many kids don't get along with their parents. My parents and I always get along fine, but some of the kids are always talking about their fight with their parents. How can all parents and kids get along like me and my parents.
Puzzled
Dear Puzzled,
Parent and children relationship is just like husband and wife relationship. It is a 100% both ways proposition. Both sets have to try to get along. You are just one of the few lucky ones. It would be wonderful if all families were like yours.
Polly

Monday was the beginning of a new semester. Several had new schedules, that plus some new kids, which have moved to Plains, made for new faces in several classes. New semester calls for last semester grades which are to be out this week. All students plan to strive harder to make better grades. We hope all succeed in their efforts.

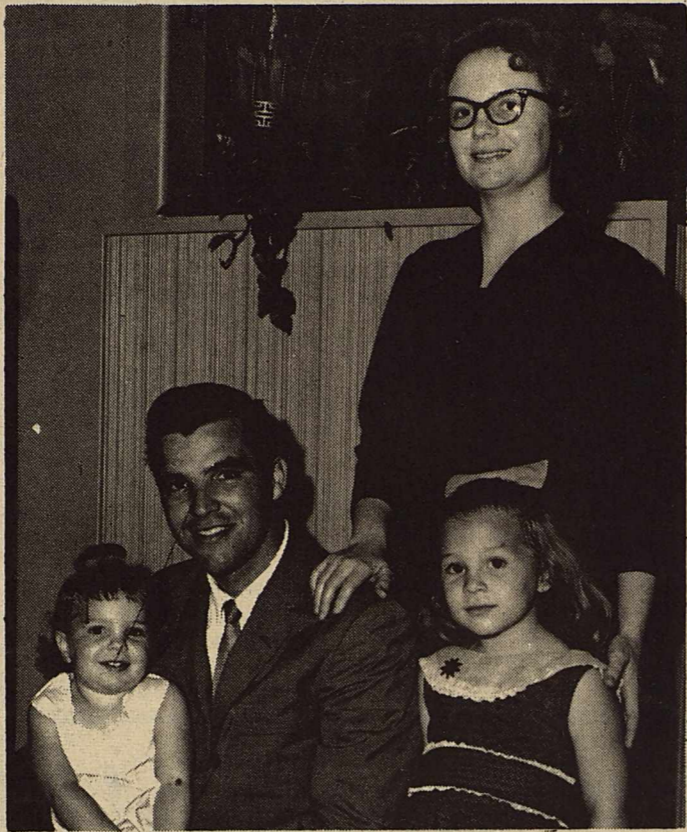

Everyone walked around with sad faces Monday, for it was Mr. Blacks last day here. He had to leave Tuesday to be in the Army Band. We all hated to lose him. He really did a fine job with the band. We want to wish him the best of luck on through his life. At present the Band doesn't have a Band director, but they are looking for one. We hope he will be as good as Mr. Black.

The volley-ball team is working hard during class and extra practise. We have heard that they are getting new traveling outfits. I'm sure they will look real nice. We also want to support them in their future games.

We want to congratulate the basketball team on their win at O'Donnell. We hope they win them all. Let's be 'No. 1' STATE CHAMPS.

The juniors are making plans for the junior Senior Prom and Banquet. All are excited, for this is always a memorable occasion.

Girls' faults are many,
Boys have only two;
Everything they say,
and everything they do,

attending college there both were actively engaged in the different missionary activities of the college.

The Hagemeyers have two children, Stephanie Ann, 4 and Melody Carol, 2.

Rev. and Mrs. Hagemeyer are the former pastors of the Assembly of God church in An-ton, Texas. While there brother Hagemeyer was engaged in Yough Activities of the church and was also scoutmaster of the Boy Scout Troop in An-ton.

This service is designed not only to inform you of the great need abroad but also to bless your own heart. Service begins at 11:00 a.m. The public is invited to attend.

Judge and Mrs. E. S. Bandy celebrated their 57th Anniversary, Sunday, January 15th. Friends and relatives hosted them throughout the day.

THANK YOU

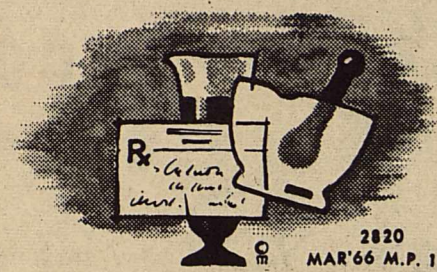

I would like to thank Dr. Greenfield and the nurses at Yoakum County Hospital for the kindness and good care which was given me during my illness. To my friends for the nice cards, visits and beautiful flowers. Many thanks goes to Oma VanNest for taking my boys and keeping them all week.

May God bless and keep you and yours.

Thompson Shower Held Here

Miss Patsy Thompson, Bride-elect of Donnie Leonard of Levelland, was complimented on Monday evening, January 9, with a bridal shower, between the hours of 7 and 9 p.m., in the home of Mrs. Kenneth Hale.
Miss Thompson's chosen colors of gold and white were carried out, with the serving table being laid in white centered with crystal punch bowl filled with gold punch. White napkins bearing the couples names in gold completed the table.
Refreshments of white cake squares topped in white bells, nuts, mints and gold punch were served from silver and crystal service. Approximately 20 guests attended the shower. The honoree, her mother, Mrs. Dillard Thompson, and the grooms mother, Mrs. Meryle Leonard of Levelland were presented corsages of kitchen gadgets by the hostesses. The hostess gift was an electric perculator. Hostesses were Mesdames Kenneth Hale, Jessie Hale, Vaughn Culwell, Wallace Teaff, Mac McRae, Cordell

Huddleston, J. C. Chambliss, Jim Barron, Bob Blundell, and Bobbie Chambliss.
Out of town guests were Mrs. Mrs. Meryle Leonard and Mrs. J. L. Rush of Levelland, Mrs. Jess Gregg of Ropesville, her daughter and grand daughter of Brownfield.

Miss Thompson, her mother, Mrs. Dillard Thompson and the grooms mother, Mrs. Leonard were presented with kitchen corsages.
Refreshments of yellow punch, cookies trimmed in white, mints and nuts were served from crystal and silver service from a table laid in white.
Hostesses for the shower were Mesdames Thad Henderon, R. T. Simpson, Foy Wim, and J. L. Rush.
Their gift to the bride was an electric presto mixer.
Attending from plains were Miss Thompson, Mrs. Dillard Thompson and Mrs. Vaughn Culwell.

What's your clothes message? Clothes tell a great deal about you, even when you're not aware of it, according to fashion leaders at Faultless Starch Company. Take the colors you wear.
If you wear red, especially bright red, you're telling people you have a bright outlook on everything!
Pink is a gentle form of red. When you wear pink, you're feminine, charming, and warm.
People who wear blue are calm and cool and extremely clever. They take the time to think things through and make definite decisions.
You're ready for anything when you wear yellow! And like red, it stops traffic. People who wear yellow know what they want to do. And they go ahead and do it!
Green, a combination of blue and yellow, is calm like blue and bright like yellow. When you wear green, you're clever, logical and sensible.
So what about your clothes message? Your closet probably contains clothes in all these colors, as well as fashion-right variations like cranberry or turquoise. Some days, you'll wear combinations of colors for a fashion look. But there's one thing your clothes all need, regardless of color, and that's FFF - Faultless Fashion Finishing.
FFF starts the moment you bring a new dress, blouse or pair of slacks home from the store. That includes keeping buttons on, regular launderings according to the hang-tag instructions, and ironing with Spray-On starch or Fabric Finish to give your clothes just enough body and keep them looking like new throughout their fashion life.
CONT. FROM PAGE 1
Moreland. One brother, Henry Willbanks, Willburton, Oklahoma, is a survivor.
Pallbearers included Johnny Fitzgerald, G. W. Cleveland, Gene Bennett, Dick McGinty, Travis Bean, and Ty Field.
Mrs. Moreland was one of the best known people in Plains, and many of her students and friends were shocked to learn of her sudden death.

Here's how to test your clothes closet and drawers. And test message: Check your color per your clothes' appearance with a sonality with a look in your look in the mirror!

State Accident Report Made

'The Texas Department of Public Safety closed its 'Operation Deathwatch,' inclusive periods of Christmas and New Year's weekends, with 90 traffic deaths resulted from 65 fatal crashes as compared to 1965's eighty crashes and 93 deaths. Thirty-four of these fatal accidents were one-car crashes resulting in 40 deaths. Twenty-eight of these fatal accidents were two-car crashes resulting in 45 deaths as compared to 1965's thirty-two fatal crashes and 43 deaths. Two of these fatal crashes were three-car crashes resulting in three deaths as compared to 1965's four fatal crashes and six deaths. One of these fatal accidents was a seven-car crash resulting in two deaths as compared to 1965's one fatal crash and one death.

Of these 90 traffic deaths, 65 were males and 25 were females as compared to 1965's

seventy-two males and 21 females.

The Lubbock Region recorded three of these 90 traffic deaths. One was killed in Hale County, one in Palo Pinto County, and one in Parker Co. Major Hutchison said, 'No doubt the extensive educational campaign undertaken wholeheartedly by the news media of the state, the cooperation of law enforcement agencies, and the willingness of hundreds of thousands who drove legally and defensively kept the death toll from being higher.'

The Texas Highway Patrol investigated 5 accidents on rural highways in Yoakum Co. during the month of December according to Sergeant A.E. Roberts, Highway Patrol Supervisor of this area.

These crashes resulted in

one person killed, 2 persons injured, and an estimated property damage of \$5,850.00.

The rural traffic accident summary for this county during the calendar year 1966, shows a total of 29 crashes resulting in 4 persons killed, 17 persons injured and an estimated property damage of \$31,980.

'When the final reports are tabulated, we will find that more people were killed in Texas traffic accidents during 1966 than in any prior year in the history of this state,' the Sergeant stated. The final count is expected to be about 15% more than the 3,028 traffic deaths in 1965. This increase should be a challenge for every individual to put forth his best defensive efforts to prevent accidents during 1967.

The veteran patrol supervisor cautions all motorists to beware of ice spots at bridges, underpasses and in shadows. Reduce speed before you reach these slippery areas.

Cancer Meet

A meeting of the County Chapter of The American Cancer Society was held January 10, 1967, in the clubroom of the County Courthouse and a luncheon was also served to the nine members present.

Mrs. Pete St. Romain announced that the Tsa Mo Ga Club is inviting the ladies of the

community to attend their meeting Monday, January 23, 1967, to see a film entitled 'Time and Two Women'. She also said that Dr. B.N. Squires of Denver City will be guest speaker.

It was also announced that the Chapter has a lot of bandages ready for anyone needing some.

The next meeting will be held in the home of Mrs. Cecil Bickley, in Denver City, Texas, on February 14, 1967.

SPC Enrollment

(Levelland Special) South Plains College has now reached a new high of enrollment, ranking number 14 in the 33 public junior colleges in the state of Texas. Only one private junior college, South Texas Junior College of Houston, enrolled more students than SPC this year. SPC ranks number 15 in enrollment of the 53 state junior colleges including the

twenty private junior colleges. The announcement was made by the newly appointed Coordinating Board of Texas.

It was announced this week that within the next decade, there will be systems of junior and community colleges providing two years of advanced education beyond high school for everyone in the nation. This announcement came from Dr. Edmund J. Gleazer, Jr., executive director of the American Association of Junior Colleges. He calls it 'one of the great educational phenomena of the age.'

This year, 1.5 million students are enrolled in junior and community colleges. The U.S. Office of Education predicts that there will be two million enrolled in these two year schools by 1971.

Tech Grad

Milton Ray Watson, son of Mr. and Mrs. Robert C. Watson graduates January 27 from Texas Technological College with a B.S. Degree in Electrical Engineering. He will then enroll in graduate school at Southern Methodist University in Dallas. He has been awarded a \$3000 fellowship by the S.M.U. Foundation of Science and Engineering to work toward a master's degree.

He is a member of Eta Kappa Nu, E.E. Honor Society, Jun Beta Pi and the Institute of Electrical and Electronics Engineers.

He is married to the former Ann Garrett of Cooper, Texas.

We Thank You

Once in awhile the old western tradition brings out the best in most of us, and the fine rural people in our community are no exceptions. When a neighbor is in a bind whether by illness or otherwise, our farmers seem to pitch in and lend a hand. When a neighbor dies, quite often our friends do something special.

The family of the late Rollin McCord were indeed grateful to the men who helped harvest the crop. The family asked that special thanks be extended to Bob Jones, Earl Kiser, H.W. Taunton, Garland

Swann, T.J. Bearden, Leroy McCravy, A.D. Bearden, J.C. Chambliss and Loyd Allsup. The people from Plains Farm Supply and the Yoakum County Co-op Gin were good neighbors, and we want them to know that we are appreciative, said a member of the family. To those who may have neglected to name, we are also thankful, said the family spokesman.

Members of the McCord family include: Mr. and Mrs. Rollin McCord, Jr. of Lubbock and Mr. and Mrs. Wendell Norman of Plains.

Shrinks Hemorrhoids Without Surgery

Stops Itch—Relieves Pain

For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters.

RESOLUTION AND ORDER FOR CITY BOND ELECTION

THE STATE OF TEXAS
COUNTY OF YOAKUM
CITY OF PLAINS

ON THIS the 17th day of January, 1967, the Board of Aldermen of the City of Plains, Texas, convened in special session at the regular meeting place thereof in the City Hall, there being present and in attendance the following members, to wit:

BILLY R. KENNEDY MAYOR
D.N. TAYLOR)
E.L. HUNTER)
T.J. MILLER)
T.J. BEARDEN)
ROY EDWARDS) ALDERMEN

and with the following absent: D.N. Taylor, constituting a quorum; and among other proceedings had were the following:

Mayor Kennedy introduced a resolution and order. Alderman Miller moved its adoption. The motion was seconded by Alderman Edwards. The motion carrying with it the adoption of the resolution and order prevailed by the following vote:

AYES: Aldermen Hunter, Miller, Bearden and Edwards.
NOES: None

The RESOLUTION AND ORDER is as follows:

WHEREAS, the Board of Aldermen of the City of Plains, Texas, deems it advisable to issue the bonds of said City for the purposes hereinafter mentioned, therefore

BE IT RESOLVED AND ORDERED BY THE BOARD OF ALDERMEN OF THE CITY OF PLAINS, TEXAS:

SECTION 1: That an election be held on the 4th day of February, 1967, which date is not less than fifteen (15) nor more than thirty (30) days from the date of the adoption of this resolution and order, at which election the following propositions shall be submitted to the resident qualified electors of said City, who own taxable property therein, and who have duly rendered the same for taxation:

PROPOSITION NUMBER 1

'SHALL the Board of Aldermen of the City of Plains, Texas, be authorized to issue FIFTY THOUSAND DOLLARS (\$50,000) of revenue bonds of said City, maturing serially in such installments as may be fixed by the Board of Aldermen, the maximum maturity being not more than TWENTY (20) years from their date, bearing interest at a rate not to exceed SIX PER CENTUM (6%) per annum, for the purpose of construction improvements and extensions to the City's Waterworks System, to be issued in accordance with and secured in the manner provided in Article 1111 et seqq., V.A.T.C.S., each bond to be conditioned that the holder thereof shall never have the right to demand payment of said obligation out of funds raised or to be raised by taxation, and secured by a pledge of the net revenues from the operation of the City's Waterworks System?'

PROPOSITION NUMBER 2

'SHALL the Board of Aldermen of the City of Plains, Texas, be authorized to issue FIFTY THOUSAND DOLLARS (\$50,000) general obligation bonds of said City for the purpose of construction improvements and extensions to the City's Waterworks System, maturing serially in such installments as may be fixed by the Board of Aldermen, the maximum maturity being not more than TWENTY (20) years from their date, bearing interest at a rate not to exceed SIX PER CENTUM (6%) per annum; and to provide for the payment of principal of and interest on said bonds by levying a tax sufficient to pay the annual interest and to create a sinking fund sufficient to redeem said bonds as they become due?'

SECTION 2: That said election shall be held at the CITY HALL, in the City of Plains, Texas, and the entire City shall constitute one election precinct.

SECTION 3: That the following named persons are hereby appointed officers of the election, to-wit:

MRS. JOHN CAMP, presiding judge
MRS. LEO WHITE, alternate presiding judge

If the regularly appointed Presiding judge is unable to serve at the election, the Alternate Presiding judge therefor shall serve as Presiding judge. The Presiding judge shall appoint at least two (2) Clerks (one of whom shall be the Alternate Presiding judge if the election is conducted by the regularly appointed Presiding judge) and not more than one (1) additional Clerk, as he seems necessary for the proper conduct of the election.

ABSENTEE VOTING shall be conducted at the City Secretary's Office in the City Hall, in accordance with the provisions of Chapter 424, Acts of the 58th Legislature, Regular Session, 1963.

SECTION 4: That said election shall be held under the provisions of and in accordance with the laws governing the issuance of municipal bonds in cities, as provided in the General Laws of the State of Texas, and only resident qualified electors, who own taxable property in the City and who have duly rendered the same for taxation, shall be qualified to vote.

SECTION 5: That the ballots for said election shall be prepared in sufficient number and in conformity with Chapter 6, V.A.T.C.S., Election Code, as amended, and that printed on such ballots shall appear the following:

Those winning door prizes included Roger Harvey, a blanket; Paula Blount, a clock; and Mary Nokes, dominos.

Water District News

Mr. John Kindrick, President of the Board of Directors of the South Plains Underground Water Conservation District announced today that landowners in Gaines, Yoakum, Terry and southern Cochran County should file a protective claim for water depletion when filing their 1966 federal income tax returns.

If a protective claim for the depletion of underground water from the Ogallala formation is not made for the taxable year 1963, by April 15, 1967, the claim will be lost to the taxpayer.

The South Plains Underground Water Conservation District suggests that landowners request their accountants to use the following schedule when estimating their water depletion claim.

Date Land Purchased	Estimated Claim Per Acre
1956 Prior to \$1.00	
1956	1.00
1957	1.50
1958	2.00
1959	2.50
1960	3.00
1961	3.50
1962	4.00
1963	4.50

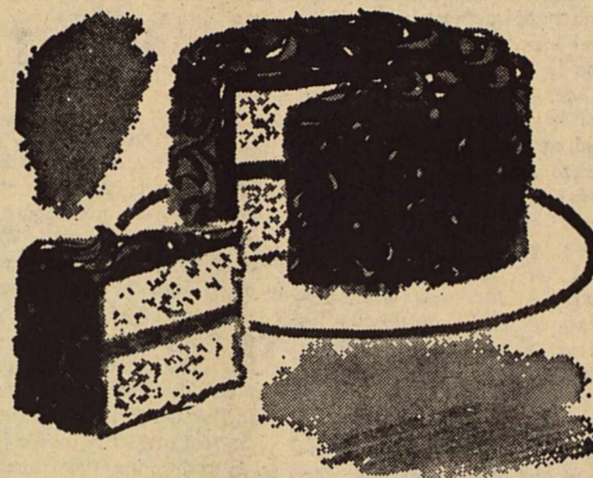

1964	5.00
1965	5.50
1966	6.00

Example: Taxpayer purchased a 640 tract of land in 1962 in Terry County, Texas. His estimated protective claim for water depletion for the year 1962 would be \$4.00 per acre X 640 acres equals \$2,560.

The L.R.S. will not credit the taxpayer with a claim made on this basis, however, this will keep the claim open for the taxpayer, at least for 1 year or until the District can make guidelines and maps available to support the claim.

The validity of the South Plains Underground Water Conservation District has been challenged in courts, therefore, it has operated only on a very limited basis, and has not been able as of this date to complete the maps and guidelines necessary to support the taxpayers depletion claims. Kindrick states that if the courts hold in the favor of the District, and the District is allowed to operate, that maps and guidelines will be made available to the landowners in the District at the earliest possible date.
