OUR 36TH YEAR THURSDAY, MARCH 9, 1967 NUMBER 10

## Community Meeting Called In Plains Tuesday Night

Civic leaders, organization presidents, agriculture figures, public officials, teachers, religious leaders and interested residents of the Plains area are invited and urged to attend a mass public meeting slated at 7:30 p.m. Tuesday night in the District Courtroom of the Yoakum County Courthouse for the purpose of stimulating interest and creating an atmosphere of 'Let's Build Our City'.

A committee of prominent Plains citizens have laid the ground work for the meeting and a report will be made to those attending asking for a united effort in Plains to replace the idea that the area is dying, with a dynamic plan for growth and prosperity.

Cecil Williams will give a report telling of the way other towns have risen from the ashes of economic disaster to grow into prosperous regions becoming commanding centers of population and trade.

Businessmen and civic leaders have hailed the proposed community meeting scheduled for Tuesday as the first step in the direction of boosting the area at a time when things are at a standstill.

Williams pointed out that the only thing the committee wants is the time and cooperation of the residents of the area, and he stressed that no donations or money will be solicited.

It was also pointed out by the committee how effective the people of the area put on the Fat Stock Show because the community works together for a common good. The spokesman continued in saying if the people of the area worked as hard to build a City as they do to put on the Stock Show, nothing could prevent the area from becoming a thriving community.

### Leo White Agent Urges Study

Cotton and grain sorghum producers in Yoakum County received some production guidelines earlier this week from the County Extension Office, County Agent Leo White announced that over 300 packets were mailed Monday morning containing the latest information on cotton and grain sorghum production in Yoakum Co. White said that each farmer should read these guidelines and look for some minor changes that might be made on his farm which could improve his production these major crops. It is hoped that each farmer will be able to find some beneficial information in these guides and that they will be filed away for future reference.

As new information becomes available, certain revisions will have to be made. New varieties will be developed and researchers will find new and better methods of production. The 1967 guidelines may be obsolete in a matter of a few years, but at the present time, they contain the latest information available based on results from research and demonstrations.

Within the next two weeks, White said, another guideline will be prepared on Soybean Production. This crop is expected to grow in importance in Yoakum County and a guideline is needed. It will not be mailed to every farmer in the county but anyone wishing to have a copy of the Soybean Production Guideline may get one by contacting the local county agent's office and requesting that his name be placed on the Soybean Mailing list.

### Livestock Meet Set

The annual meeting of the Yoakum County Livestock and Agriculture Improvement Association will be Thursday night, March 16, in the District Courtroom at 8:00 p.m.

Mr. Johnnie L. Fitzgerald, president of the board of directors, has called this meeting to carry out the business for the year. An election of directors will be held and anyone who is a paid up member will be eligible to vote in the election.

The association has an annual membership fee of \$5.00 and Mr. G. W. Cleveland stated that he sold quite a number of memberships during the Fat Stock Show last month. Membership will be for sale at the beginning of the meeting so anyone can buy a voting membership just prior to the meeting.

The pictures taken at the 1967 show will be shown and donation of animals and other awards will be called for. This is also the place to discuss any rule changes that the members feel should be made.

All exhibitors in the 1967 show should be present at this meeting in order to get their premium money from the Plains State Bank. Each exhibitor in the show will receive a check from the Plains State Bank and the boys and girls are urged to be present and accept their check in person.

A meeting of the newly elected directors will be held at the close of the meeting.

### Guest Editorial

By Cecil Williams

WHEN ARE YOU GOING TO HELP YOU COMMUNITY GROW? This is a question that each one of us need to ask ourselves, and not only ask the question but also answer it with a great big now.

There are many of the citizens of our community that believe that now is the best time for each of us to work together for the success and growth of this our community.

I believe that most of the people of this area would like to see it grow, because it would do so much for each of us in so many ways. But just liking to see it grow is not enough, we must make it grow! For there is no rule of success that works if you don't work the rule.

In the same way as you cannot kindle a fire in any other heart until it is burning within your own; neither can we grow as a community until we are all growing within ourselves.

The worst bankruptcy in the world is the man who has lost his enthusiasm, thus we would encourage each citizen in this whole community to put aside what ever it may be that stands in your way of being enthusiastic about the future of this community, remember that defeat comes not so much from physical effects, as from a state of mind which makes men reduce or cease from their efforts. Let us all remember the words of the poet:

If you think you are beaten, you are;  
If you think you dare not, you don't.  
If you'd like to win but you think you can't,  
It's almost a cinch you won't.

If you think you'll loose, your lost,  
For out of the world we find,  
Success begins with a fellow's will  
It's all in the state of mind.

If you think you're outclassed, you are;  
You've got to think high to rise,  
You've got to be sure of yourself before  
You can ever win a prize.

Life's struggles don't always go.  
To stronger or faster men.  
But sooner or later the man who wins  
Is the one who thinks he can.

Now back to our question, WHEN ARE YOU? Let us help you answer this by encouraging, and insisting that each adult both male and female be at the called meeting March 14 at 7:30 p.m. in the District Courtroom of the new courthouse in Plains, Texas, at which time we will plan for the future of our area.

Bill Loyd, Roy Edwards, Cecil Williams, Buster Graham, Jack Hayes, and Pete St. Romain are pictured as they work planning details of town meeting.

### Trustees Renew 32 Contracts, Three Pend

Members of the Plains Independent School Board met Tuesday night and renewed the contracts of 32 teachers. The board will meet again tonight to take action on three other contracts which are pending action, said G.D. Kennedy, superintendent of schools.

Those teachers offered new contracts in the primary faculty include: Mrs. Grace Tippett, 1st Grade Mrs. L.O. Smith, 1st Grade Mrs. Roger Harvey, 1st Grade Mrs. Harvey Stotts, 1st Grade Mrs. Thelma Ellis, 2nd Grade Mrs. Earl D. Hunt, 2nd Grade Mrs. Myrtle Patterson, 2nd Grade

Mrs. Kenneth Engle, 3rd Grade Mrs. Earl Krieg, 3rd Grade Mrs. G.W. Cleveland, 4th Grade Mrs. G.D. Kennedy, 4th Grade Miss Judy Allbright, Music Miss Shirley Bourquin, Physical Education.

Teachers in the intermediate and junior high faculty are: Mrs. James McCarty, 5th Grade Miss Ella Zinn, 6th Grade Leon Lewis, 6th Grade Mrs. Buster Graham, 6th Grade Kenneth Engle, 7th & 8th Social Studies Miss Sue Parker, 7th & 8th Language Arts Bob Graham, 8th Math & H. S. Math Bob Gross, Physical Ed. & Athletics Harmon Meixner, 7th & 8th Science

Members of the High School faculty re-hired include: Mrs. Laura Johnson, English Jack Meixner, Science John Nance, Mathematics

Mrs. Carl Stroup, Commercial Mrs. Jack Hayes, Guidance & Commercial Mrs. Margaret Lattimore, Librarian & Spanish Mrs. Inez Chambliss, Vocational Homemaking Bill Green, Industrial Arts Paul Gowens, Math, Science & Coaching.

Action is pending until the meeting of the board tonight on the contracts of Head Football coach Rip Sewell, Head Basketball coach John Richey, and vocational Agriculture teacher Bo Stephens.

Mrs. Jack Meixner and Miss Stella Moon asked that their contracts not be considered. Mrs. Lois McGinty will have her contract reviewed at a later meeting due to the fact that she has not been on the faculty the required time necessary to take action.

In other action by the board John Nance was named principal of junior High.

### John Nance New Jr High Principal

John Nance was named principal of Plains Junior High at the Tuesday night meeting of the Plains Independent School District Board of Trustees, announced G.D. Kennedy, superintendent.

Nance is a graduate of Texas Tech and has studied at Eastern New Mexico University in Portales. Nance will receive his Master Degree this summer at Texas Tech. The new principle is married and has two children, he teaches a Sunday School class at the First Baptist Church in Plains.

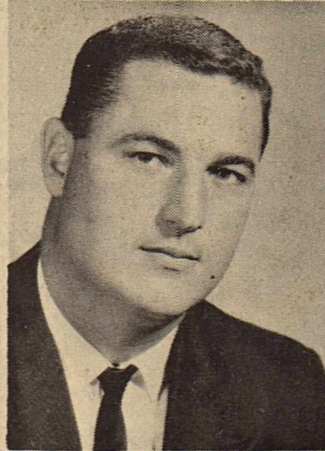

The 28 year old principal elect is a native of Whiteface having graduated from there in 1957. He is Yoakum County president of the T.S.T.A. and is a member of District 13 legislative committee for the T.S.T.A.

Nance majored in education and math. He will receive his Master Degree in education with a minor in math. Nance recently received a fellowship grant in math and used it last summer.

Nance is highly respected as a teacher and a student and his many friends wish him

well in the administrative part of the school.

The new principal has taught in Plains for five years and received his B.S. Degree in

John Nance

1962 from Texas Tech. He currently is the math teacher in High School.

With the hiring of Mr. Nance the vacancy has been filled in junior High. D.N. Taylor has been acting as both High School and junior High principal.

### Sen. Tower Takes Stand Against Consular Treaty

The following is the text of Senator Tower's weekly report to Texans:

I'd like to discuss with you a matter of American foreign policy that is soon going to come before the Senate for decision. It's the so-called Consular Treaty with the Soviet Union.

You probably have heard before about this Consular Treaty. It has been a matter of discussion between the United States and Russia for nearly a decade. Finally, after years of sporadic talks, a draft Consular Treaty was agreed upon in the spring of 1964. However, because of the worsening situation in Vietnam and the Soviet support of that situation, our Administration did not think it a good idea to seek Senate ratification of the Treaty during that election year, or the election year of 1966.

This year, however, despite continued Soviet involvement in Vietnam, the Administration is mounting a vociferous campaign for ratification of the treaty.

be poorly served, indeed, if we build bridges over which to send additional supplies to strengthen the Russians; so they will be better able to supply the North Vietnamese; so the North Vietnamese can prolong the fighting and kill more Americans.

Quite frankly, the North could not long continue this war without the help it is getting from the Soviets. As one who has been with our boys in the combat zone, I could never ask those boys to fight on while we help their enemies behind their backs.

Therefore, I will urge the Senate to refuse to even consider ratification of this treaty unless and until there is a meaningful truce in Vietnam, and until all parts of the Administration's 'bridge-building' plans with the Reds are laid publicly on the table for all Americans to see and to evaluate.

U. S. ratification of this treaty would be interpreted by many as a concession to a country currently aiding the enemy. It might be interpreted as a psychological victory for international communism and could decrease neutral-nation respect for American wisdom and determination.

Regardless of the merits or demerits of the Consular Treaty's provisions, the suggestion that it be approved at this time is exceedingly unwise.

Let's talk about this treaty later, after peace has been restored. It might make some sense then. It doesn't make sense now.

A look at the provisions of the treaty might normally be expected to bring us to a quick decision about whether or not it would help United States interests. But, this is an unusual treaty. Most of what it proposes to do could already be done under existing executive authority.

The Consular Treaty would formalize once again some

hoped-for, safeguards for U.S. travelers in Russia, safeguards originally agreed to by the Soviets way back in 1933 but never honored by them.

The Consular Treaty also would permit the two nations to exchange consular offices, those are offices dealing with business and with promotion of increased bilateral trade. And, the treaty would make the personnel of those offices immune from arrest on charges of espionage. The Administration already has authority to exchange consulates, but it does not want to do so on its own responsibility.

At any other time in history, this treaty might not be such a bad idea. Certainly our FBI is capable of handling a limited increased spying threat. Ours is an open society anyhow, but a few more Americans stationed in the Red's closed society might really learn something we wouldn't know. With increased tourism to Russia there might become advantage, also, to making the Soviets agree again to the tourists safeguards they once agreed to but consistently ignore.

So, it is not really the specifics of the treaty that are of overriding importance, but the timing of it.

A Consular Treaty in peacetime is one thing. But a Consular Treaty in wartime is something else again. The only real significance to this treaty is its intended use as a building-block in new bridges of trade and cooperation with the Communists. Yet, it is offered at a time when we are fighting a war against a bitter Communist enemy who is supplied with oil, missiles, mortars, trucks, weapons and advice by the Soviet Union.

Only this week we find that new, powerful Russian-made ground rockets were used to attack our Marines at Danang.

The purpose of a Consular office is to increase trade, yet our men in Vietnam would

### Science Club Plans Big Trip

G.D. Kennedy, superintendent of schools, announced the following schedule for the science club annual trip during the Easter vacation.

The science club will leave Thursday afternoon of the Easter Holidays, and Thursday night would be spent in Fort Davis, Texas. Friday morning they will spend some time exploring the old fort in Fort Davis. There is much to be seen there which would be of historical interest.

After leaving Fort Davis they will go to the McDonald Observatory to hear lectures by those scientists associated with the Observatory and also be taken on a guided tour of the Observatory.

Friday evening members would drive to Big Bend National Park. Since they will be traveling from a grass-land biome to a desert biome, and would spend some time in study of the desert on their way to the Park.

Friday night would be spent camping out in the Park.

### Spaghetti Supper Now Set

The Science Club wishes to announce that they will be having a spaghetti supper on Monday, March 13th in the school cafeteria starting at 6:00 p.m. The supper will cost \$1.00 for adults and 75¢ for students.

Mr. Jack Meixner and Paul Gowens and the sponsors for the Science Club. There are 20 students that are members of the club. Proceeds from the spaghetti supper will be used to help finance the Science Clubs trip to Big Bend National Park, which they will take during the Easter Holidays.

All members of the Club are selling tickets to the supper or you may purchase your tickets at the door. The public is cordially invited to attend the spaghetti supper.

### Five Toss Hats In Council Ring

Three seats are up for election at the City Hall in the April 4th election. Voters in the county seat will choose between five candidates who have declared their intentions of seeking seats on the City Council.

One incumbent and four aspirants have put their hats in the ring seeking positions as aldermen. Two members of the Council did not seek re-election.

Those seeking election in the order of their names appearing on the ballot are B.L. Loyd, president of the Plains State Bank; Frank Whitlock, owner of White Auto; James Warren, owner of Warren Oil Company; T.J. Miller, incumbent Alderman, seeking re-election; and Jim Barnett, employed at Horkey L.P. Gas.

The contest for the three seats on the City Council will be decided at the polls April 4th when the election will be held. Absentee voting will be conducted at the City Clerks Office. For further information inquiries should be made at the City Hall.

Veteran Councilman D.N. Taylor and T.J. Bearden who was appointed to fill an unexpired term did not choose to run for re-election.

Other members of the Plains City Council who are not up for re-election include: Roy Edwards and Ed Hunter. The Mayor of Plains is Billie Ray Kennedy who was elected last year for a two year term.

A brief biography of the candidates as their names will appear on the ballot follows: B.L. Loyd is president of the Plains State Bank and is a director of the Chamber of Commerce and the Lions Club.

Frank Whitlock owns and operates the White Auto in Plains and is an active member and former director of the Lions Club and Chamber of Commerce.

James Warren owns Warren Oil Company, he is a member of The American Legion, a past president of the Lions Club and a member of the Chamber of Commerce.

T.J. Miller is employed by Shell Oil Company and is an incumbent member of the City Council seeking re-election.

James Barnett is employed at Horkey L.P. Gas Company and is a member of the Plains Volunteer Fire Department and was Fireman of the Year in 1966.

### School Race Takes Shape

All candidates for the school board have been determined to be qualified to run for office and to serve if elected, said G. D. Kennedy, Superintendent of Schools.

In order of their filing for the office a brief biography of each candidate includes:

Loren Gayle is running for re-election. He is a farmer and lives west of Plains. Gayle is also vice-president of the Yoakum County Co-op Gin. He is a member of the First Baptist Church in Bronco.

Olan Edwards is also an incumbent member of the Board of Trustees, and is a well known farmer in the county. He belongs to the First Baptist Church in Plains.

Each candidate will be given the opportunity of making a statement in The Plains Record listing reasons why he is seeking election to the school board.

Bob Loe is a former City Secretary and is now a farmer. He is a member of the Hillside Church of Christ.

Kenneth Hale is a former Mayor of Plains and is an employee of Shell Oil. He is a member of the First Methodist Church in Plains. Hale also farms.

A.L. Milstead farms near the Tokio community and is a member of the Tokio Baptist Church and is a longtime resident of Tokio.

Elvis R. (Bear Paw) Wasson is a local trucker. He is a member of the Plains Volunteer Fire Department and was Fireman of the Year in 1965. He has also worked in the little league program. He is a member of the Baptist Church.

The contest will be decided at the polls April 1st when the Trustee Election is scheduled. All candidates are well known in the County.

## The Bible Speaks

John 10: 17-21. Therefore doth my Father love me, because I lay down my life, that I might take it again. No man taketh it from em. But I lay it down of myself. I have power to take it again. This commandment have I received of my Father, There was a division therefore again among the jews for these sayings. And many of them said, He hath a devil, and is mad; why hear ye him? Others said, These are not the words of him that hath a devil. Can a devil open the eyes of the blind?

## WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

The whiffenpoof bird is reputed to fly backward to see where it has been. This skill could prove to be very useful for government in checking the effectiveness of bureaucracy which becomes more complex and overburdened daily.

But it doesn't take much respectation to see that the government is unprepared to administer the Great Society programs introduced, nor able to control or predict the wild-fire war in Asia into which the country has been flung.

Governmental welfare programs have been as abundant and overwhelming as the food stored by a pelican in his bill because the bird is unable to digest it all at once.

The 89th Congress passed 21 new health programs, 17 educational plans, 15 economic innovations, 12 new city programs, 17 plans for new resource development, and 4 programs for manpower training.

Sen. Robert Kennedy, N.Y. recently complained that it is nearly impossible for many civic officials to understand what government money is available, for what purposes it can be spent, and which agency to go to for information.

Sen. Edmund Muskie, Maine, went a bit further in an attempt to break down the de-

partmentalism, noting that there are now 170 recorded Federal aid programs, financed by over 400 individual appropriations, and administered by 21 Federal departments, assisted by an additional 150 Washington bureaus and more than 4000 regional offices relegated to process applications and appropriate funds.

Sec. of Health, Education and Welfare, John Gardner also confessed: "In almost every domestic program we are encountering a crisis of organization. Coordination among Federal agencies leaves much to be desired. Communication between the various levels of government—Federal, state, and local—is casual and ineffective. State and local government is in most areas seriously inadequate."

## THE FAMILY LAWYER

### Which House Is Your Castle?

Three centuries ago, an English judge proclaimed that "a man's house is his castle."

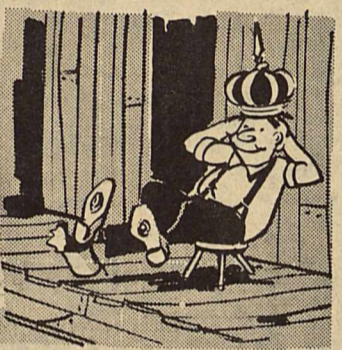

Almost two centuries ago, the Fourth Amendment to the Constitution forbade any "unreasonable search" of a private dwelling.

And today, the safety of a person's house from governmental intrusion still ranks as one of the most distinctive hallmarks of a free land.

But which "house" is the law talking about?

Obviously it means a house that you own and live in. And it includes a house or apartment that you occupy as a tenant.

Summer cottage? House trailer? Hotel room? All these too, since they are places of dwelling, ordinarily share the constitutional guarantee of privacy.

The protection may also reach beyond the house itself. Courts have held it to include a householder's adjacent garage and a farmer's nearby barn. In both cases, the courts felt that the constitutional shelter should cover all areas reasonably within the ambit of family life.

Does this mean that the home is a privileged sanctuary for crime? Not at all. A house may indeed be searched under proper circumstances—for example, if the police first obtain a warrant, or are in the process of making a lawful arrest.

For then the search is "reasonable," not forbidden by the constitutional ban. As a United States Supreme Court justice said in upholding rightful searches:

"The framers of the Constitution only intended to restrain the abuse, not abolish the power."

But without such justifying circumstances, a house stands secure against the inroads of officialdom. An English statesman, Sir William Pitt, gave the doctrine its classical expression:

"The poorest man may in his cottage bid defiance to all the force of the Crown. It may be frail; its roof may shake; the wind may blow through it; the storms may enter; the rain may enter; but the King of England cannot enter; all his forces dare not cross the threshold of the ruined tenement!"

## GOLDEN TOUCH OF HOSPITALITY

BY JANE ASHLEY

Bake A Continental Cake

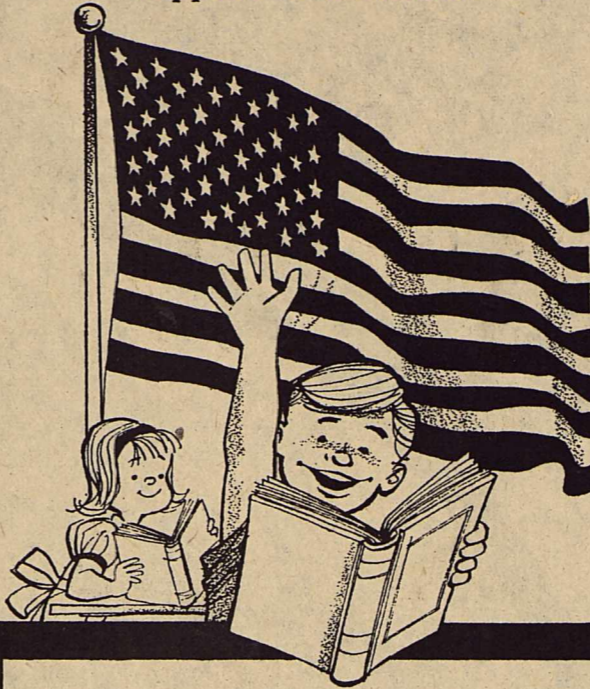

If you should go searching for cake recipes in Europe, you would find that many of them call for a mixture of wheat and another flour. Very often the second flour is corn flour, the continental name for what we in America call corn starch. We discovered a delicious cake using corn flour in Switzerland. It was a marble cake baked in a tube pan and like many European cakes, is served warm without any frosting. Warm or cold, this cake is good.

### Continental Cake

- |                           |                   |
|---------------------------|-------------------|
| 1 1/4 cups sifted flour   | 3/4 cup margarine |
| 1 cup corn starch         | 1 cup sugar       |
| 3 teaspoons baking powder | 4 egg yolks       |
| 1/4 cup sugar             | 1 cup milk        |
| 3 tablespoons cocoa       | 4 egg whites      |

Sift flour, corn starch and baking powder together. Thoroughly blend 1/4 cup sugar and cocoa. Cream margarine and 1 cup sugar in mixing bowl; beat in egg yolks. Mix in sifted dry ingredients alternately with milk, beginning and ending with dry ingredients. (Batter may appear slightly curdled.) Divide batter in half. Stir sugar-cocoa mixture into one portion, blending well. Beat egg whites until soft peaks form when beater is raised. Fold half into each portion of batter. Drop batters alternately by teaspoons into greased 9-inch tube pan. Bake in 350 degrees F. (moderate) oven until cake tests done, about 1 hour. Serve warm or cooled. Makes 1 (9-inch) tube cake.

## Bill Introduced Asking For Free Kindergarten Program In Public Schools of Texas

### EDUCATION NEWS SERVICE

AUSTIN—A bill has been introduced in the Texas Senate which would establish a program of free public school education for 5-year old Texas children.

The bill was introduced by State Senator Don Kennard of Fort Worth who said establishing a free kindergarten program "would be the most salutary improvement in our school program in 20 years."

Senator Kennard said his bill provides for matching state aid to local school districts which want to establish free kindergarten programs.

"School districts may now establish kindergarten programs, but the state does not help pay for them as it does for grades 1-12," the Tarrant County lawmaker said.

"Therefore, most school districts in Texas do not offer kindergarten classes because they cannot afford to carry the entire burden of the cost," he said.

Senator Kennard declared that his bill not only provides matching state funds, but also ensures that kindergarten programs made possible as a result are good.

Total cost of the program for the first two years of operation will be about \$34.5 million with the state and local school districts sharing the cost on 50-50 basis.

Senator Kennard's bill would not require local school districts to establish a kindergarten program.

"We estimate that enough school districts would voluntarily take part in the program so that 50 per cent of the eligible number of 5-year olds in Texas would

find a kindergarten program open to them in the public schools this year," Senator Kennard said.

"Our estimates show nearly 100,000 children will benefit from the kindergarten program if it is put into operation in September. This represents about 50 per cent of the total eligible number of 5-year olds. In the next year we estimate that 60 per cent will be enrolled, and by the 1970-71 school year 80 per cent of eligible children will be enrolled," he said.

Senator Kennard said there is a mass of evidence to support the contention of experts that six is too late an age to start a child in school.

Verified research shows that children who attend good kindergarten programs:

1. Are less apt to become school dropouts
2. Do better in later school years
3. Make better grades and learn more
4. Have more opportunity for full development of their abilities
5. Need less remedial work in later years.

A kindergarten program established under criteria determined by the Texas Education Agency is the next and most vital step Texas should take in improving its schools, Senator Kennard stated.

"What is being proposed in my bill," Senator Kennard stated, "is, in effect, the 13th year of free public school education."

"The program will have a solid academic basis and will be one that Texas can hold up to its citizens and to the country as a superior example of early childhood education."

## Lowboy Corral

Say, we heard some of the boys were sunburned after the Track Meet at jal. Cowboys keep up the good work. Let's win them all at Wink this weekend.

The Volleyball girls are hard at work. They have two games this week. Tuesday, Crane was to come here, and Friday off to Denver City. We want to wish the girls the best of luck in all their games. Remember, State Champs '67.

The One Act Play cast have had a hard week working on the play getting ready for festival at Eastern in Portales. I'm sure they will learn a lot. Contest is just around the corner. We want to wish them the best of luck.

For this week and next the band members have really been working hard getting ready for solo and ensemble Contest, March 18. We hear that the eighth grades are going to have quite a banquet that night. Good luck to all those going to Contest.

Everyone is working hard on the U.L.L. Events. Come on kids, let's all be winners.

Way out West  
Miss Moon was driving the wrong way on a one-way street, and was stopped by a motorcycle cop who said: 'Lady, didn't you see that arrow back there? To which she responded: 'Heavens No! I didn't even see an Indian!'

Mrs. Johnson: 'Where is your pencil, Caroline?'  
Caroline Wilmet: 'I ain't got one.'

Mrs. Johnson: 'Don't say ain't! Listen, I do not have a pencil, We do not have a pencil, They do not have a pencil.'  
Caroline Wilmet: 'Man, Where did all them pencils go?'

What's in a Smile

It costs nothing but creates much. It enriches those who receive it, without impoverishing those who give. It creates happiness in the home, it is rest to the weary, daylight to the discouraged, sunshine to the sad, and nature's best antidote for troubled. It can not be bought, begged, borrowed or stolen, for it is something that is no earthly good to anyone till it is given away.

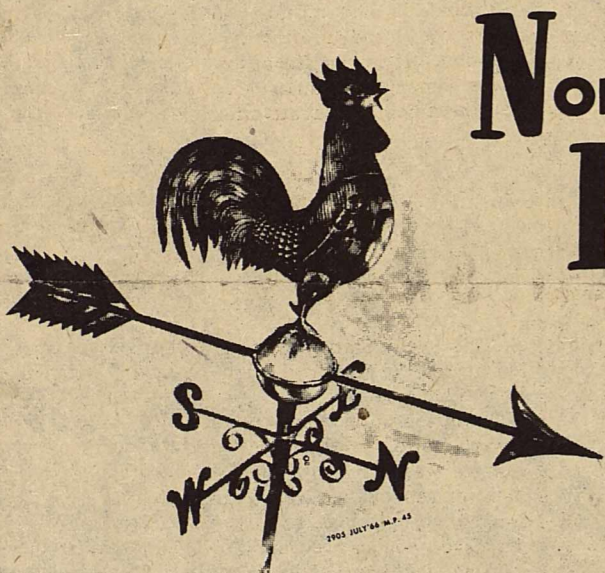

And if you meet someone who is too weary to give you a smile...leave one of yours. For no one needs a smile quite so much as he who has none left to give!

Mr. & Mrs. Bayne Price returned home Thursday from Ft. Worth where they have been since December 26. Mrs. Price underwent an operation on her leg. She then got a staph infection so was in the hospital in Ft. Worth for thirty-eight days. They then visited awhile in their daughters home, Mrs. J. L. Sanders.

Mr. & Mrs. Loren Gayle, Charlene and Ronald attended her niece's, Linda Richey, wedding in Meadow Friday night.

Mrs. Jessie Allen fell in her home Friday afternoon and broke her right wrist.

Mr. and Mrs. Ira Tidwell, Randy and Lundy and Mrs. Flossie Tidwell of Lubbock spent the weekend in Ft. Worth visiting relatives.

Mr. and Mrs. Earl Kiser spent the weekend in Hamlin visiting relatives. He has an uncle who is seriously ill.

Mr. & Mrs. Jimmy Linthicum of Lubbock spent the weekend with her parents, Mr. and Mrs. Aaron Gaines and Butch. Miss Ellen DeVreis spent the weekend with her parents Mr. and Mrs. Bud DeVreis, Mike and Pere.

Mike Hughes, Mike DeVreis, and Billy Spencer participated in the track meet at jal, New Mexico Saturday.

Mr. & Mrs. Don Young and Chova Don visited her parents Mr. and Mrs. Otho Woods, and family in Morton Saturday &

his parents, Mr. and Mrs. B. A. Young, and Patricia in Tahoka Sunday.

Mrs. J. M. Glass and Joe returned home from the hospital in Lubbock where Joe has been a patient since he was in a dynamite explosion soon after Christmas. His hand will still need some skin grafting.

Mrs. Charley Spears & Mrs. Inez Scurlock visited the J. M. Glass family Monday afternoon.

Mr. & Mrs. Lee Roy Box, Lebeth and Kimberly and Robert Box are visiting Misses Daisey and Sardis Box in Cullman, Alabama.

Mrs. Mattie Chambers and Mrs. Grace Hughes visited in the Jerry Clayton home in Lovington from Thursday until Monday.

Mrs. Terry Bacon and family were supper guests of the Tom Box family Friday night.

Mr. & Mrs. C. G. Fitzhugh of Plains visited Mrs. Tom Box Tuesday afternoon.

Mrs. Lee Roy Box, Mrs. Travis Jones and Mrs. Leon Thompson are taking the tailoring course given by Mrs. Sudie Mae Thompson.

Mrs. Hayden Box and Wayne Dale Mills, Linda, Mark and Paul spent the weekend in Houston.

Mr. & Mrs. Clinton Houston and children and Mr. & Mrs. Ruben Houston all of Hobbs spent the weekend with Mrs. Lorena Houston.

Mr. & Mrs. Tom Box and Tommy Guy were in Lubbock Monday.

# Tsa Mo Ga Club to Host Flower Program

Gardens and Beautification will be the program theme when Tsa Mo Ga meets on March 13th at 8:00 at the clubhouse.

The program was inspired by the verse of Mary McNeil Ferallasa and quoted as follows: 'God spoke! and from the arid scene, Sprang rich and verdant bowers; Till all the earth was soft and green He smiled, and there were flowers.'

(FROM PAGE 1)

There are many things of interest in the Park which they plan to do. The Science Club members would like to study the complex zonation of biomes in this mountainous area, visit a fossil bone exhibit, attend a lecture and film session given by a park ranger, study a slow meandering river, and observe structures of geological interest.

Friday and Saturday nights would be spent camping out in the Rio Grande Village Campground.

The group will attend Easter services Sunday morning in the Park. Most of Sunday would be spent raveling to Alamogordo where they will spend Sunday night. Monday the White Sands National Monument visit is slated and they will return to Plains Monday night.

# Dr. Squyres Guest Speaker

The board of directors of the Yoakum County Unit of the American Cancer Society met February 14th in the home of Mrs. C. A. Bickley in Denver City.

Dr. B. N. Squyres, of Denver City, spoke of the importance of the A.C.S. He stressed the great role that public education is doing toward saving lives and stated that the A.C.S. also keeps the medical profession advised as to the latest treatments of this disease. Dr. Squyres said that women are responding to the urging of the A.C.S. to come in for Pap Tests but that men, especially over forty, need reminding to come in for annual check-ups.

A delicious luncheon was served to Dr. Squyres, Mr. Jim Glen n of Midland, and six members by Mrs. Bickley.

The next meeting will be held March 14, 1967 in the County clubroom at 12 noon, in Plains.

Members of the Yoakum Co. Unit of the Texas division of the American Cancer Society, attending the 1967 briefing session of District 2, held in Midland February 16 were Mrs. P. W. St. Romain of Plains and Mrs. C. A. Bickley of Denver City.

The two leaders participated in a day-long session to evaluate past successes and to chart the future of the statewide campaign, which will culminate in a house-to-house fund drive April 18.

New aspects of the Crusade were emphasized by Dr. Robert Lewis of Odessa, who discussed the Health Education Survey. The survey will be conducted during the residential canvass by volunteer workers. It was first planned and carried out in Texas to discover from householders what information they have learned about cancer's warning signals and what they have done about their health in the past year.

The answers to these confidential questions will be used to plan more effective public education programs in Texas in the coming year. Dr. Lewis emphasized that in spite of enormous progress made in detection and treatment of cancer, over 96,000 Americans will die needlessly of the disease because they did not see their doctors in time.

A two million dollar goal for the 1967 Crusade has been set by the Honorable Ben Barnes. The two million figure equals the number of Texans now living who will have cancer unless present trends are changed.

# Fire Dept. Adopts New Ruling

Firemen of the Plains Volunteer Fire Department have asked that any man in the community that is interested in being on the local fire department to please come to the next fire drill, at 7:30 on Monday night.

The more men on the fire department the better our fire department will be and also the insurance rate can be lower with more firemen on the job.

Get behind your local fire department and make our town a safer place to live.

At the last regular fire drill it was decided to dismiss any member that misses three meetings in a row without a legal excuse. Also a 25¢ fine will be placed on members missing practices.

Be a good citizen and join the fire department.

# Card of Thanks

We want to take this opportunity to say thanks to all our friends for the many flowers, cards, and food we have received since the passing of our Dad.

God bless each of you.

The K. O. Hendricks

The Plains Future Homemakers of America recently completed the annual Heart Fund Drive in Plains. Their sponsor is Mrs. Inez Chambliss. Local Restaurants, Alma's and the Cowboy Grill, contributed their coffee receipts for one day to the heart fund. The F. H. A. Girls conducted a house to house drive in the area to raise money for the Heart Fund.

# 4-Her's To Display Prize Foods

March 17th will not only be St. Patrick's Day but will also be the grand finale for the 4-H Foods Groups. Some thirty five 4-Hers will display their prize food in front of judges and will answer questions on how the dish was prepared as well as the nutritional value of the four food groups.

It is though the faithful teachings of the food leaders in the county that these young people learn to prepare foods from the basic four food groups and by including these foods in the family meals, they are encouraged to develop the habit of eating these foods everyday. They learn the amounts of food needed each day for good health.

These 4-Hers may tell us that 'hard-cooked' eggs is the term used. The reason is that boiling tends to make egg whites leathery and tough. The leaders teach the members how to cook eggs so that they will be more digestible. At each meeting they do an experiment in food science. One experiment is on the cooking of eggs, and they can see that eggs cooked correctly also look better. When eggs are heated a long time or cooked at too high temperature, there is a discoloration where the yolks and white meet. The reason for this is that the egg yolks have a good bit of iron and the egg whites have sulphur; therefore, the chemical compound iron sulfide is formed. It is harmless but looks unappealing. This does not happen when eggs are cooked on low heat and cooled immediately.

Eggs are exceptionally plentiful now and supplies are about 6% larger this year. Once you convert some of these plentiful fresh into the hard-cooked variety, you have the beginnings of delicious stuffed eggs, using your favorite

filling, or they might be served on top of cornbread, toast, broccoli, boiled ham, or smothered under a cheese sauce, sourcream or creole sauce. Egg spreads can be an answer to after school snacks. One of the following will offer a mighty tasty eating: 4 hard-cooked, sieved egg yolks, 1 teaspoon prepared mustard, 3 drops Worcestershire sauce, 1/4 teaspoon salt 1/8 teaspoon pepper, 1 teaspoon catsup, 1 teaspoon grated onion.

YOAKUM COUNTY TAX-ASSESSOR-COLLECTOR

Cotton stalks and running a chisel plow help Loren Gayle to keep his soil from blowing and to hold the moisture. This is economical conservation.

Ty Field sprayed shin oak in 1966 and gave the grass a full growing season rest. Tom Sims ranch foreman, is shown in sand bluestem and little bluestem grass that is providing cover, grazing and a plant that will grow more grass this spring.

## Local Resident Seeks Honor

Cordell S. Huddleston, local resident of Plains, now serving in the United States Army, at Ft. Campbell, Kentucky, is representing his company of 150 men in competition for Soldier of the Month Award at Ft. Campbell.

SP-4 Huddleston is a Cashier in Post Finance at Ft. Campbell. Before going into the service Cordell was Vice-President of the Plains State Bank. Cordell is married to the former Linda Fitzgerald of Plains. While he is in the service Mrs. Huddleston is making her home here in Plains and is employed at Viva's Beauty Shop.

Prior to his entry in the service Huddleston was an active member of the Assembly of God Church, the Lions Club,

Outsiders Basketball Team, and was the manager and coach for the Pony League Ball Club.

SP-4 Cordell Huddleston

## 'Crop Residue is Important to Farmer'

By C. M. Thompson

Whether you farm or ranch the residue of the last crop is important. Ranchers know they are in trouble when there is no old grass or residue from the last year's growth, fact is they know they are in trouble when the residue gets less than about 50%

of total last year's growth. Trouble not only from the standpoint of cow feed but land cover, grass production, moisture holding and prospects for any improvement in the grass growth. Grass is a crop just as corn, cotton, ma-

ize or any other plant.

The farmer is in a little different situation because he can fertilize, water, plow and do many costly jobs that will offset his loss for the time being. Soon, maybe sooner than some think he is caught up in his efforts to overcome the over cropping, washing, blowing and abuse of the soil. Residue management is not all of the answer but it is one answer and one that ever farmer and rancher can do and ever housewife, banker, Dr. and business man wishes he would do to the very best of his ability because it helps us all live a little better and a little longer.

New conservation plans to do a better job of conservation crop rotation, residue management, cover crops and many other conservation jobs are

being written every day. Some of the latest are Bill Loyd, K. O. Hendricks, Richard Mathis, Charles Upton and Tommy Elmore. These land owners and operators are joining others in their efforts to use and hold our soil and improve it when ever possible.

Some outstanding examples of residue management are to be seen through out the Soil and Water conservation district.

Vice chairman of the local board of supervisors, Loren Gayle has some skip row cotton chisel plowed that looks real good also some grain sorghum residue management that is doing a very good job. Tom Warren, Claude Addison, Leon Cheatham, Kenneth Engle, A. O. and Thomas Bearden all have residue management that is holding soil and moisture.

Then, there's that once a month when a girl could use a good old-fashioned medicine.

Maybe you feel just plain bad then. Or maybe a little lonely and sad, like you could use a pair of arms around you.

Well, we have just the thing for this once a month time. Lydia E. Pinkham Tablets. They're made with gentle, natural ingredients, including one that works to help relax tightened muscles that give you cramps. Plus a little iron that a girl could use at a time like this. And, you don't run any chance of the kind of unpleasant side effects you could get from some of the newer drugs.

With an old-fashioned problem like this, couldn't you take an old-fashioned medicine.

Lydia E. Pinkham  
Tablets and Liquid Compound

## ASCS News

The following newsletter was received this week from W.M. Overton, local office manager of the Yoakum County ASCS.

Cotton Wheat and Feed grain sign-up: Approximately 70 percent of the County farm operators have signed 'Intentions' to participate in the 1967 programs. The final date to sign applications to participate in the cotton, wheat and feed grain programs has been extended through Friday, Mar. 17, 1967. All operators signing 'Intentions' in any of the programs are urged to report all producers having any interest in any of the price supported crops, since payments are to be made to all producers having any interest in any of the program crops.

Skip-row Planting for 1967: Skip-row planting is the same as in 1966 that is 2 in and 1 out is 8667 percent; 2 in and 2 out is 65 percent crop; and 4 in and 4 out is 50 percent crop. To be eligible for diverted acres the skip row strips must not be less than 4 normal rows. Four rows skipped in a vine type crop cannot be counted as diverted acres.

Policy on Diverted Acres: Designated number of plots for diverted acres are not to exceed 4 plots per farm and not less than 5 acres per plot, except on County Committee Approval. Diverted acres must be land of equal productivity.

Wheat and Feed Grain Substitution: Where a farm has both a wheat allotment and feed grain base wheat may be substituted for feed grain or feed grain for wheat. Release and Reapportionment for 1967 Cotton Allotment: The deadline to request additional cotton or to release any acreage you will not plant is Friday March 3, 1967. We are taking applications for released acreage even though the county may not receive any acreage for reapportionment, just in case we did we would like to have an application on file for each farm in the county.

Final Dates: March 17th, 1967, final date to sign-up to participate in the 67 cotton, wheat and feed grain program. Cotton loans available through May 1, 1967 on 1966 cotton crop. Grain Sorghum loans available through May 31, 1967. March 3rd, final date to request additional cotton allotment (released cotton acreage); June 30th final date to redeem 1966 grain sorghum in the CCC loan. July 31 final date to redeem 1966 cotton in the CCC loan.

They say That: To help someone up the hill we become closer to the top ourselves.

## WOMEN PAST 21 WITH BLADDER IRRITATION Suffer Many Troubles

After 21, common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from Headaches, Backache and feel old, tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSTEX at drugists. See how fast it can help you.

## Your Good Neighbor Review

### Graduates

Mr. and Mrs. Dick Cayce have returned to Plains from Dallas where he has recently graduated from the Gupton Jones School of Mortuary Science, where Cayce received his degree in Embalming and Funeral Directing.

Mrs. Cayce is the former Sylvia McGinty, daughter of Mr. and Mrs. Dick McGinty of Plains. Cayce is the son of Mr. and Mrs. J.G. Cayce of Snyder and is the brother of Harry Cayce, editor and publisher of The Plains Record.

Cayce will go to Austin next Tuesday where he will take his state examination given by the state board. He completed his national examination last week in Dallas.

Mr. and Mrs. Cayce plan to make their home in Plains.

### FFA News

The Plains Future Farmers of America will be starting their grapefruit and orange sale immediately, announced their president, John P. Robertson. Their fruit sale before Christmas was a big success and the boys wish to thank everyone who purchased fruit from them at that time.

You may place your fruit order with any F. F. A. member and they will go off sale on March 15th. The fruit will be delivered around the 21st of March.

Also plans are now being made for the F. F. A. Farm Auction Sale. Details of this project will be announced at a later date.

## Auto Machine & Radiator Shop
