OUR 36TH YEAR THURSDAY, APRIL 27, 1967 NUMBER 17

Last Rites in Plains For Mrs. Kenneth Hale

Funeral services were conducted at the First Methodist Church in Plains Tuesday afternoon at 2:30 p.m. for Mrs. Gracie Chambliss Hale with burial following at the Plains Memorial Cemetery. Arrangements were under the direction of Barrett's Funeral Homes. The Rev. James Futch, First Methodist Church, officiated, and was assisted by the Rev. James Bozeman, First Baptist Church, and by Cecil Williams, Hillside Church of Christ.

Mrs. Hale died Sunday, April 23, after a brief illness. She was patient in the Yoakum County Hospital in Denver City. She was born in Brownfield on December 23, 1934, and was 32 years old.

Mrs. Hale is survived by her husband, Kenneth, and by four daughters, Elizabeth Ann, Edna Karen, Roberta Kay or Robbie, and Vickie Kendra. She is survived by her father and mother, Mr. and Mrs. Robert Chambliss of Plains, and by one brother, Bobbie, Plains; and by one sister, Mrs. Keith Green, Turkey, Texas. A number of other relatives and friends survive Mrs. Hale.

Pallbearers included Bob Loe, Gene Young, J. W. Moore, Don Lackey, Foye Flood, and Jack Pierce.

Mrs. Hale was a member of the first Methodist Church and served as Sunday School Superintendent and organist. She was a member of the Fine Arts Club, and was a member of the Tsa Mo Ga study club. Mrs. Hale was also a member of the Order of Eastern Star.

The late Mrs. Hale was active in civic projects in Plains. Gracie and Kenneth were married in 1952. She had been employed at the courthouse in past years, and often worked at Moore and Oden Department Store during sales. Her husband had

served as Mayor of Plains, and is a school trustee. Her father, Robert Chambliss, is a former County official. Gracie was one of the best known people in the area. School was dismissed Tuesday and the businesses and courthouse closed in the afternoon.

Mrs. Kenneth Hale

Austin Bound Cowgirls Eye Lone Star State Crown

The pride of the tiny West Texas village of Plains, the Plains High School Volleyball Cowgirls, will invade the capitol city of Austin tomorrow when they are slated to make a bold bid for the volleyball championship of the Lone Star State at Gregory Gymnasium at the University of Texas.

Coach Shirley Gross's highly regarded Cowgirl squad will take the floor Friday afternoon and are favored to bring the greatest honor of all, a Texas State Championship, back to Plains when the tournament ends Saturday.

The Cowgirl volleyball honors have been mighty impressive in past years. They have won an unprecedented five Regional State Championships in a row, but this is the first time that Class A schools have been permitted to go after the big one in Austin. Odds are in favor of a strong bid by the local team to put up formidable opposition to all foes. Their record this year has been impressive with their routing of 3 A and 2 A teams which were considered awesome foes.

The Cowgirls have left the Blackhaws from Phillips, the once mighty Lamesa team, and a host of others in losers corner throughout the season. If past victories mean much, then the Cowgirls will be strong in Austin.

Coach Gross and her team have demonstrated the best in sportsmanship and game play this year. They are the darlings of West Texas and the home town folks are joined by a host of other West Texas towns in cheering for the Cowgirls all the way.

The state tournament is set for April 28-29 at Gregory Gym at the University of Texas. The Cowgirls will attempt to gun down their first opponents at the Longhorn campus on Friday afternoon. If they succeed, they will play for the championship on Saturday at 2:45 p.m. Consolation will be played on Saturday morning at 9:30 a.m.

Coach Shirley Gross's Cowgirls downed Irian 15-2 and 14-7, and shut out Lorenzo 15-0, and won the second game 15-9 to capture the regional honors.

Fans are urged to make arrangements to see the home team play for the state crown next week. It has been pointed out that it is a great honor for our city and school to play for a state championship and every effort is being made to support the volleyball girls in their bid to bring the trophy home for keeps.

Members of the best team in West Texas include: Jo Ann Kerrick, soph.; Sharon Tarkington, jr.; Debbie Thompson, jr.; Louella Turner, fresh.; Linda Blair, jr.; Janie Hamm, jr.; Kathy Anderson, jr.; Suzann St. Romain, jr.; Marilyn Goehry, jr.; Carolyn Crutcher, sen.; Diane Fitzgerald, fresh.; and Charlene Gayle, soph.

Ortho Tests...

Pictured are Dr. Thorup, Bob Willmot, Walt Swartz, Dr. Hawkes, and C. M. Thompson.

Chevron Conducts Local Experiments on Farms

Top officials from Chevron Chemical Company were in Plains Tuesday to view test tracts on local farms where an experiment is being conducted with asphalt mulch to determine how effective the product will be to combat wind damage and for the use of moisture control.

Chevron has conducted such experiments in Nevada and California and have recently done work in foreign countries.

Boys Win Badges Here

The local scout pack meeting was held April 19, 1967 and badges were given to the following boys: Richard Williams, Wolf Badge; Brad Palmer, Mark Parrott, Dickie Hartman, Bob Cat Badges; Steve Jones, one year pen; Richard Williams, Homer Dobbs, Steve Jones, and Joe St. Romain were given recruiter stripes.

Final plans were completed for the trip to Carlsbad Caverns. The boys made the trip last Saturday.

A workshop for Den Mothers will be held April 22 at Brownfield in the American Legion Building. The meeting will start at 9:30 a.m.

May 11th will be the date of the next pack meeting. Den mother's meeting will be May 1st, at 2:30 p.m.

Another important date to remember will be July 20, which will be the summer pack meeting in the form of a family picnic at 8:00 in the park.

The program for the evening was a trip or place the boys had visited.

Joe St. Romain told of the Big Bend Park; Richard Williams told of Indian Dwellings; Cephe Lewis reported on his horse back trip and hike in the mountains; Brad Palmer explained about volcanos, Steve Jones told of his visit to the Royal Gorge; Mark Parrott told of junior rodeos and events he had participated in; Dickie Hartman reported on the log trail in the petrified forest; and Mike McRae told of adobe houses and museums her had visited in Colorado.

Dr. George Hawkes, Assistant National Manager, Chevron Chemical, was in Plains with Dr. Richard Thorup, Fort Madison, Iowa representative, and Dr. Walt Swartz, area agronomist for Chevron who has been conducting the experiments with the cooperation of several local farmers.

Sugar beet experiments have been conducted on Bob Loe's farm and cotton research has been conducted on the Alfred Reynolds farm.

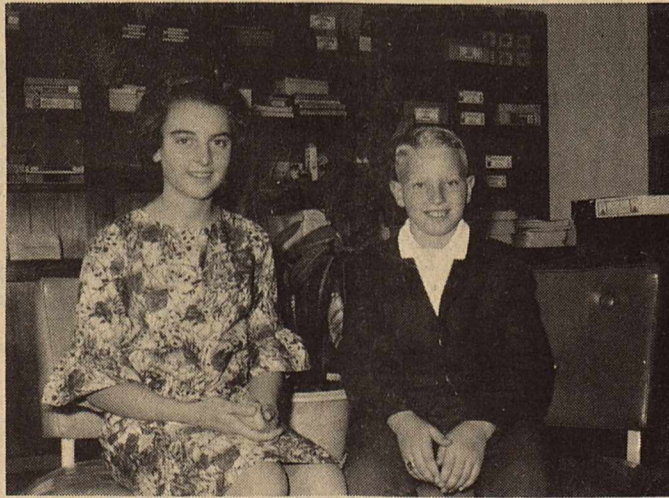

The executives of Chevron Chemical expressed their appreciation to Loyd Allsup, owner of Plains Farm Supply, for assisting in the experiments with John Deer implements. Their appreciation was also extended to C. M. Thompson manager of the soil and water conservation office.

Schwartz will continue the tests in the Plains area and hopes to be able to reach a satisfactory conclusion to the tests soon. The first test in the area met with failure

when the mulch was applied in the bottom of the furrows. Sand blew over the mulch. The tests on top of the mounds have been satisfactory to this point, and the Ortho Chemist says that the experiments look promising.

Dr. Hawks said he is pleased with the progress which is being made in the tests and that West Texas is an important factor in the national picture of agricultural economy. He said he hopes that some of the problem of planting cotton late can be solved with the asphalt which is sprayed on the land. If the tests are a success from 10 to 20, more days of growing time can be added to cotton crops in this area.

Dr. Hawks and Dr. Thorup, along with Schwartz, will have articles in the Plains Record Soil Conservation issue soon. Dr. Hawks is from San Francisco and Schwartz is over the southwestern part of the U.S. operating out of Texas.

Sue and Dale Cleveland

4-H Contest Results

The County 4-H Share The Fun Contest was held April 10 in the Plains Cafeteria to choose winners for the District 4-H Contest to be held May 6th at Texas Tech in Lubbock. Sue and Dale Cleveland, daughter and son of Mr. and Mrs. G. W. Cleveland of Plains, were the winners and will represent Yoakum County at the District Contest.

Mark Warren, son of Mr. and Mrs. Grady Warren was master of ceremonies. Nine girls and boys participated in

the contest; Debbie Chadwick has two numbers—a piano solo and a declamation; Deborah Holder—two monologues; Diane Guetersloh and Lori Houck sang America; Paula Crump—a piano solo; Sherri Pippin—a puppet show; and Sue and Dale—a piano duet.

Judges for the Contest were: Mr. and Mrs. Cecil Williams and Mrs. Gail Craft. The judging was based on talent, showmanship, appropriate to the standards of 4-H Club

County Officials On Trip

Judge Gene Bennett and Commissioner Johnnie Fitzgerald boarded the Peoria Special in Lubbock Sunday, and departed on a chartered bus for Illinois where they will visit heavy equipment plants to study the latest in equipment needs to maintain county roads and property.

The two Yoakum County officials will stay at the Ramada Inn at Peoria Illinois. Catapillar has its large plant in this mid-western city.

The two elected officials of the county will return to Texas this week.

Beet News For Area

Bob Willmot, field representative for Holly Sugar announced that due to weather conditions in the Hereford area Holly Sugar will let some more acres of beets in the Plains area this week. Contracts may be signed at the office of the Plains Record. Allotments are based on the sugar content of the beet, and the amount of tons per acre.

The field representative said that seed is in Plains and is available. Information can be obtained at the paper office.

Willmot said he believes sugar beets will do well in the Plains area, and said it will give Yoakum County another profitable crop.

The government allotment on beets should average about Cent. on page 2

Boy Hurt in Bike Mishap

Little Daniel Keith Redwine, son of Mr. and Mrs. Doyle Redwine of Plains, was injured Monday afternoon when his older brother accidentally ran into him with a bicycle. The child was at a birthday party at the Rhonal Teaff home when the accident happened.

The Redwine child was taken to Morton to the hospital, and was sent on to Lubbock for observation. The boy suffered a concussion. Mrs. Redwine brought the child home from the hospital yesterday, and he is in satisfactory condition.

Mr. Redwine is an employee of Plains Farm Supply, the local John Deer house in Plains.

Editorial

Great footsteps have fallen on the sands of time. Who are we as mere mortals to judge when one is great or how deep the prints are made. Main Street USA judges greatness in a way that only those people who are privileged to have lived in a small town have experienced and shared. Once every few years we are honored by our association with such a person in a small town.

Without exception, such a person is loved for their understanding of their fellow man, their intense interest and devotion to their family and to their home, their church, the school, to their friends, and life in general in their home town. Gracie Hale was all of these and more. She will be indeed missed.

We offer our sincere condolences to the family of the late Mrs. Hale. Her path was short in terms of years, but her imprints were deep enough in the heart of the community.

Globe Trotters Play Rivals Tonight

Iota Pi Darling Globe Trotters meet the Kappa Tau, Denver City Musketeers in a basketball game Thursday, April 27th at 8:00 p.m. in the Plains High School Gym.

Due to out of town operations Dr. McCargo will not be able to perform her famous operation as previously advertised for your half time entertainment.

In it's place the Iota Pi is happy to have music by some of our local boys for halftime entertainment. Charges will be 50¢ for adults and 25¢

for children. Iota Pi helps with community projects. One of the main projects is the 'Student Loan Fund.' The money is planned to be used in some of the many worthwhile community needs.

Also featured at halftime will be Harvey Romans with his interpretation of the 'Long Tall Texas.' Iota Pi members believe this will be a real scream. They say 'Don't miss the fun, come to see the Darling Globe Trotters play the Musketeers of Denver City.'

Town Meeting Slated In Dist. Courtroom

Cecil Williams, chairman of the community action committee announced that an interesting program will be held tonight at 8:00 p.m. at the courthouse in the District courtroom. The community meeting will feature Kenneth Ware and Richard Bean of Littlefield. Ware is a civic leader and businessman in Littlefield and Bean is the City Manager of the City of Littlefield.

Slides will be shown to the people in attendance concerning the progress which has been made to improve the appearance of Littlefield.

Ware is past president of the Littlefield Lions Club and was citizen of the year in Littlefield in 1965. He is a graduate of Texas Tech. He operates Ware's Department Store in Littlefield.

Mr. Ware was also co-chairman of the Littlefield, Downtown Park-N-Shop Project. Since he was with the project from the beginning until its completion, he is well qualified to answer any questions in regards to it.

Mr. Bean is the City Manager for the City of Littlefield. He is a graduate of Texas A & M College and has

done graduate work at Texas Tech. He is in a position to answer questions concerning financing of projects, as well as the participation of the city, the citizens, the utility companies, and others.

Williams urges the public to attend the community meeting tonight at the courthouse. Williams said that Littlefield received a face lifting recently and that it is one of the more attractive cities in the Great Plains area. Williams said these men will be there to tell us how they accomplished their goals in Littlefield.

Cancer Drive Ends

The American Cancer Society of Plains wishes to thank the people of the City and Community for the generous donations given toward the Cancer Crusade. Members of the following clubs have helped in distributing educational material and in collecting the contributions: Tsa Mo Ga Study Club, Order of the Eastern Star, Plains Dirt Gardener's, Iota Pi Sorority, Home Cont. on page 3

CAYCE'S CORNER

Tuesday morning we were visited by the assistant national manager of Chevron Chemical, Dr. George Hawkes of San Francisco. Dr. Hawkes said that the nation is looking at West Texas with interest to see how we will meet the problems of Agriculture.

Murrell Thompson and his staff, along with Loyd Allsup, manager of Plains Farm Supply, have given assistance to Chevron Chemical in Chevron's test in this area of a product which Chevron believes will be one of the leading aides in West Texas farming in the near future.

As a businessman in Plains, I appreciate Thompson and Allsup for being interested in our community to the extent that they are making every effort to help our economy.

The product which Chevron is testing in Plains is asphalt mulch which is supposed to hold the soil free from becoming another blow out statistic. It also is an aide in soil temperature control, and will help in getting the most out of the water.

Yesterday is a good example of why Chevron is trying to develop a successful product to give the West Texas farmer a boost. Many of our farmers practice good soil conservation, but unfortunately, if a neighbor throws his land to the wind, it can take the adjoining farm with it. If the West Texas farmer, in particular the South Plains farmer, wants to continue in business much longer, then he not only will have to improve his land, but he will have to look for new crops and give quality with it. For years the sorry grades of West Texas cotton has been put on the world market. The market has rebelled and has served notice to the West Texas farmer to improve his product or keep his cotton. Time will have run out for the West Texas farmer within the next three years. It is indeed apparent that an emergency exists and that every effort should be made to educate the farmer to this fact.

In 1970 the population will have made another giant increase. Agronomists and economists state that a food shortage will exist in the USA by 1970, and our warehouses of surplus grain has been shipped abroad. Food products will be prize crops soon. It

45.00 per acre. Water is a big factor in the production of beets, and strong water is required in order to secure the acreage.

A good six inch well should adequately water 40 acres of sugar beets. Experts generally agree that sugar beets could be a more profitable crop than cotton.

Local farmers who are growing the beets include Bob Loe, A. O. Bearden, E. O. Winkles, Thomas Bearden, Wendell Norman, and Olen Edwards.

would behoove our local farmers to check the possibility of these markets. They just may be surprised if they do. We are glad the Chevron sent their top executives to Plains. We are also glad that Thompson and Allsup have lended them a hand.

Shrinks Hemorrhoids Without Surgery

Stops Itch - Relieves Pain
For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain - without surgery. In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all - results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®) - discovery of a world-famous research institute. This substance is now available in suppository or ointment form called Preparation H®. At all drug counters.

Doyle-Oxford Vows Read

Wedding vows were exchanged by Tom Oxford and Mrs. Lennie Doyle in Lovington, New Mexico on Tuesday, April 25, 1967. The couple plan to make their home in Plains.

They plan a short honeymoon trip this week.

Mr. Oxford is a retired mailman and a former teacher. He farms and ranches north of Plains.

Mrs. Oxford was a long time resident of Morton before coming to Plains this week. Mrs. Oxford has five children and Mr. Oxford has one daughter. All of their children are grown and live away from home.

The couple plan to buy a home in Plains, and are busy getting settled in the community.

Workshop Held On Recreation

Miss Lucille Moore, Recreation Specialist, held a two day workshop at the Denver City Community Building April 21 and 22. Not only did sixteen people get training in becoming better leaders, but two days of fun were enjoyed also.

Miss Moore demonstrated all the points of being a good recreation leader with her enthusiasm. Seventy-five percent of the success of a good leader depends on enthusiasm. Never use the negative approach, or a negative response will be received. Enthusiasm is as contagious as measles, says Miss Moore.

Other points stressed were: Know exactly what to do, how to do it, and what material or equipment is needed. Begin with familiar and simple things and save the best until last. Alternate quiet and active games. Speak up so everyone can hear the direction, but do not yell; and remember that games are being taught for fun, not for perfection.

Simplify directions and demonstrate. Do not use notes for directions while teaching a game, as this diverts attention and spoils the fun. Play the game until everyone is enjoying it, but stop before anyone loses interest.

Miss Moore gave the importance of having recreation in the home as well as in clubs, church activities, and community activities.

At the close of the last session, material was distributed on how to be a Leader, Making Home-Made Games, and new games that could be used at various activities.

Those taking advantage of the work shop were from various churches, Home Demonstration Clubs, and 4-H Leaders.

State Line News

Margaret Box

A called meeting of the Gladiola Youth Center was held April 15 with Mrs. Tom Box, president, presiding. Three bids for a concrete slab 60 x 30 foot were submitted. Mr. Zeke Whisenant of Tatum was given the contract. Construction is to begin May 1. This is to be used for games and skating. Lights are to be installed around the court. A barbecue June 10th was also voted on with plans already underway. The adults will be asked to donate \$1.00 and children 50¢ a plate. Games and relays are planned to begin at 2:00 p.m. and eating at 5:00. The youth center hopes to attract families who will come and help interest the youth in recreation. The regular meeting will be Saturday night, May 13. Come and get acquainted.

Mr. and Mrs. Rhyme of Drumright, Oklahoma are moving to Bronco and are planning to open the cafe, Monday, May 1. They are the parents of Mrs. Bob Cox of the Amerada Camp. They will appreciate people stopping to eat with them. Welcome to Bronco, Mr. and Mrs. Rhyme.

Mr. and Mrs. Bob Brunner and children of Brownfield visited her parents, Mr. and Mrs. W. M. Bundick, Sunday. David Box of T. C. U., Ft. Worth spent Friday night until Sunday with his parents, Mr. and Mrs. Hayden Box, and Wayne.

Mr. and Mrs. R. G. Hartman have a new grandson who was born to Mr. and Mrs. Kent Welch last Friday.

Mrs. Lorena Houston spent Sunday in Lovington with her daughter, Trella Cannon, and family.

Miss Ellen DeVreis of South Plains College in Levelland spent the weekend with her parents, Mr. and Mrs. Bud DeVreis and Pete and Mike.

Mr. and Mrs. Aaron Gaines visited Mr. and Mrs. C. G. Fitzhugh, Gregg and Randy Saturday afternoon in Plains.

Mr. and Mrs. C. G. Fitzhugh and boys of Plains were supper guests Saturday night of the Tom Box family.

Mrs. Tom Box and Mrs. Leon Thompson and Mrs. Joe

Crump attended the recreation workshop in Denver City Thursday and Friday. It was conducted by Miss Lucille Moore, Recreation Specialist at A & M University. Leora Turner, daughter of Mr. and Mrs. W. P. Turner, went to Dallas Friday and returned Sunday for a F. H. A. meeting. Mr. and Mrs. Don Young and Choya Don spent Sunday and Sunday night visiting Mr. and Mrs. B. A. Young and Patricia in Tahoka.

May Day Services

The Annual May Day services of the various churches of Plains will be conducted at the First Assembly of God

Church, Monday, May 1, at 10:00 a.m. All churches of the community are invited to attend.

Mrs. Gene Davis of Muleshoe, Texas, Womens Missionary Council President of the West Texas District of the Assemblies of God, will be the featured speaker for the morning.

Refreshments will be served and all ladies of the community are invited to attend.

Cont. From Page 1

Demonstration Clubs, Christian Women Fellowship Society, Fine Arts Club and the Young Homemakers Club. Most of the area has been canvassed and work will be completed in the next few days. Should anyone wishing to contribute that has not been contacted they are asked to contact Mrs. P. W. St. Romain, Crusade Chairman. Mrs. St. Romain said \$435.80 had been collected to date.

Visiting Mrs. Ella Sudderth in Lubbock Sunday was her son and family, Mr. and Mrs. Homer Sudderth, Randy, and Mr. and Mrs. Dick Coole and Kim.

Mrs. J. H. Snodgrass, Rita Jo, and Charlene Upton accompanied Charlene's parents, Mr. and Mrs. Charles Upton to Dallas last weekend where the girls received their State Degrees in F. H. A. They were joined in Dallas by Rita Jo's Aunt and Uncle, Mr.

Cancer News

The Yoakum County Unit of the American Cancer Society met April 11, 1967, in the home of Mrs. Cecil Bickley in Denver City. A luncheon was served to six members and Mr. Jim Glenn, district two field representative of the ACS from Midland, Texas.

Plans were made for the Cancer Crusade on April 18th in both Plains and Denver City.

It was discussed that the next meeting will include a film entitled 'Investment in Life', and that the ladies clubs participating in the Crusade are most welcome to attend this meeting. It will be held May 9, 1967, at 12 noon in the club room of the old Courthouse in Plains, Texas.

and Mrs. James Hays.

Mr. and Mrs. Lewis Waters and family visited Mrs. Waters sister and other relatives at Stephenville during the week.

Weekend guests of Mr. and Mrs. Clyde Trout and Rodney was their son Cote from Texas Tech and Robert Willy student at Tech. Mrs. Trout cooked Robert a birthday dinner Sunday as Monday was his birthday.

Miss Mary Clananah student at North West Texas School of Nursing in Amarillo was home for the weekend.

Mr. and Mrs. Carl Rains and Ronnie attended the Regional track meet in Lubbock Saturday where their son Alton won 2nd in the 220 yard dash.

Mr. and Mrs. Toad Snodgrass have been staying in the home of his parents, Mr. and Mrs. Hugh Snodgrass while he is farming here.

Mr. and Mrs. Odis Walser and Rene of Farwell were Sunday guests of Mrs. Walser's brother Ray Bearden and Family.

Mr. and Mrs. A. J. Crutcher and Caroline spent Sunday at O'Donnell visiting relatives.

Mr. and Mrs. Claud Montgomery visited her sister Mrs. Delbert Burt in the Yoakum County Hospital Friday evening. Mrs. Burt underwent surgery that morning.

Mr. and Mrs. Jerry Jones of Lubbock spent Saturday and Sunday with his parents, Mr. and Mrs. Ray Jones and Greg.

Cowboy Corral

Last Saturday several of the Plains students traveled to Lubbock to U.L.L. Regional events. We want to congratulate Alton Rains on his 2nd place winning. He will now travel to the U. L. L. State meet. Best of luck Alton.

A few of the F. H. A. girls traveled to Dallas to the State Convention. There the girls received their State Degrees. All agreed that they had a ball!

Thursday the Varsity Volleyball team goes to Austin to play for State. All are excited about the trip. The girls are making plans for shopping, swimming, shows, and of course especially the the games. We want to wish these girls the very best of luck, and lets bring back that State Crown.

The varsity and 7th grade bands are preparing for the Annual Spring Concert which will be held in the Auditorium on Tuesday night May 2. There are big plans being made for that night. The Band Sweetheart will be named from one of the following candidates: Carolyn Crutcher, Suzahan St. Romain, Janie Hamm, and Phyllis Kreig. The new president will be announced and presented the gavel. Also the John Phillips Souza Award will be given away. The bands want to give everyone a special invitation. We hope all will come, I'm sure all will enjoy it.

BOYS

Boys are something special That girls guard with all their might, They guard them in the daytime, and dream of them at night. Everygirl should have a boy, To guard her all the time, He's really better than a toy, and worth much more than a dime! Boys are to help you Up the stairs and down, and take you everywhere, all around the town. Boys are to work for you, Do the chores too, Also pay your bills, So the job isn't yours to do. Yes, boys are something special, That girls guard with all their might, They guard them in the day time, and dream of them at night.

Dolly Parrot

Just For Today-I will try to live through this day only, and not tackle my whole life's problems at once. I can do something for 12 hours that would appall me if I felt I had to keep it up for a lifetime.

Just for Today i will be happy. This assumes what Abraham Lincoln Said to be true: 'Most folks are as happy as they make up their minds to be.'

Just For Today I will adjust myself to what is and not try to change everything to my own desire. I will accept my fate as it comes and fit myself to it.

Just For Today I will be unafraid. Especially will I not be afraid to enjoy what is beautiful and to believe that As I game myself, so the world will give to me.

New Officers Assume Duties at I.O.O.F.

New officers for the year were installed in public ceremonies at the L. O. O. F. in Plains last Thursday night, said Frank Upton, who acted as master of ceremonies at the meeting. Upton said that more than 100 people attended the installation of officers and that a Bar-B-Q was served at the meeting.

Installed as Noble Grand was K. O. Blevens; Carl Jones was installed as Vice Grand; James Barnett, Secretary; and Doyle Newsom as Treasurer.

Cecil Williams, minister of the Hillside Church of Christ was the guest speaker for the evening. He spoke on the Good Samaritan.

Members of the installing team included Clint Martin, Denver City District Deputy Grand; Joe Stevens, Brownfield Grand Marshall; H. O. Trent, Denver City Grand Warden; Marvin Stone, Brownfield Grand Secretary; Otho Clendenen, Grand Treasurer; L. V. Hobbs, Grand Inside Guardian; and Slim Turner, Brownfield Grand Chaplain.

Mr. Upton extended his appreciation to Mr. Williams for his inspiring speech, and to the installing team from out of town for assisting in installing

the new officers. Upton also thanked the local visitors for attending the dinner and program.

WOMEN PAST 21 WITH BLADDER IRRITATION Suffer Many Troubles

After 21, common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from Headaches, Backache and feel old, tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by anesthetic pain relief. Get CYSTEX at drug-gists. See how fast it can help you.

Happy Motoring

846 Medium Maturity Winner

from the Rio Grande to North Texas

"Versatile" describes hybrid 846; it's the top-ranked medium maturity hybrid for dryland or irrigated conditions in all parts of Texas and other southwestern states.

A high degree of hybrid vigor enables 846 to outperform most earlier hybrids under stress conditions . . . and outyield many later maturity hybrids under good growing conditions.

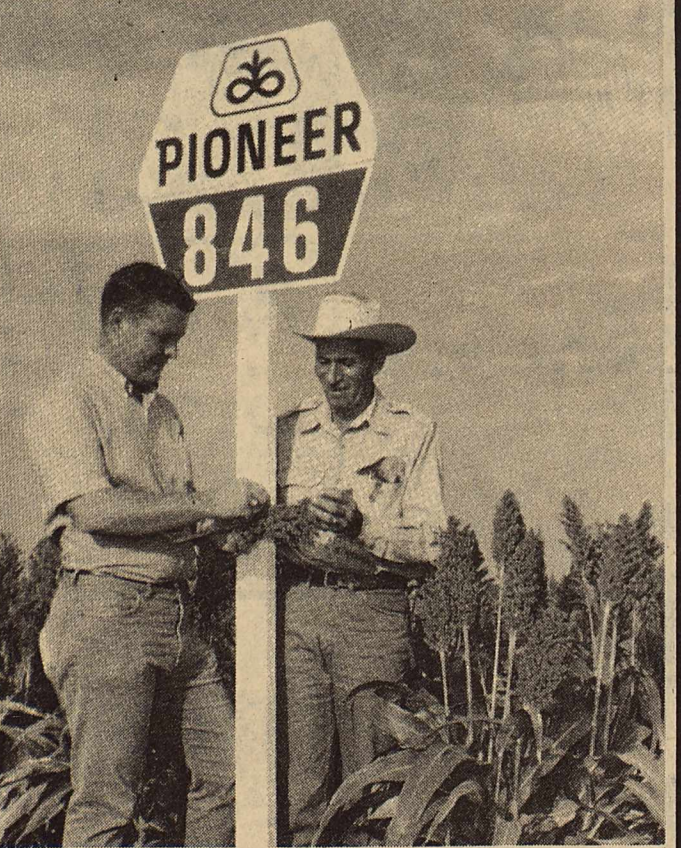

For example, 846 was compared with other hybrids in County Agent-supervised tests on seven Uvalde county farms in 1966. The winning yields ranged from 3,290 pounds to 7,743 pounds per acre-- and 846 ranked first for yield on 3 farms, second at 3 others--**first or second in 6 out of 7 tests!**

Hybrid 846 also ranked first in 1966 in County Agent tests in Bee county (2 locations), Milam county (2 locations), Victoria county, Wilson county, and at 3 of 5 tests in Live Oak county. The previous year, in official Texas A & M yield tests, 846 ranked first at three locations and second at three more.

From 1962 to 1965, Pioneer hybrid 846 was compared with 17 other top-rated competitive hybrids of similar maturity more than 460 times in Texas A & M tests. Hybrid 846 topped these other 17 hybrids in better than 3 out of 4 comparisons--and averaged a cool 354 pounds more grain per acre than these leading competitive entries.

Short, Uniform, Excellent Roots

Relatively short and uniform in head height, 846 boasts strong, deep-anchored roots that make

for good standability. Semi-compact heads thresh out well, yielding light red colored grain. Ample head exertion smooths out the harvesting job. Good resistance to charcoal rot and head smut puts extra dependability into 846.

Under good growing conditions, you can expect 846 to bloom from 60 to 70 days* after planting, and be ready for harvest in 100 to 115 days. Regardless of where you farm in the Sorghum Belt . . . whether you have ample water, limited irrigation, or dryland conditions . . . there's extra profit for you in planting hybrid 846.

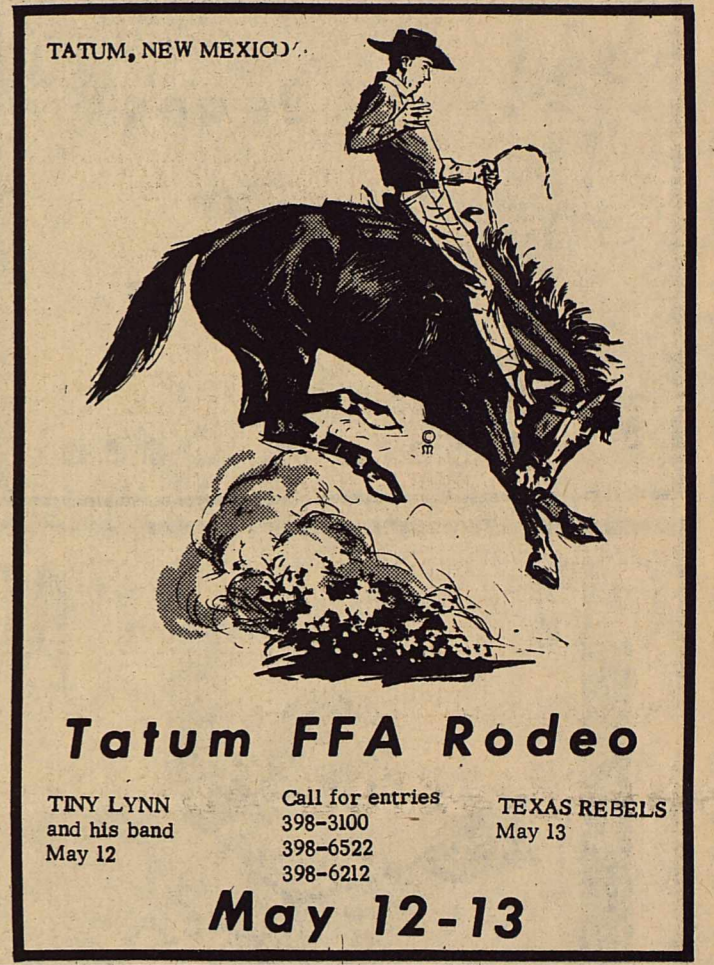

*This range in blooming and maturity dates covers most situations. Unusual conditions or planting dates may decrease or increase the time requirements.

Notary Info Given

Secretary of State John L. Hill announced that all qualified Notaries Public desiring re-appointment for the new term which begins June 1, 1967 and ends June 1, 1969, must pay the required fee and file a new application, oath and bond with the County Clerk of his residence between May 1, 1967 and May 15, 1967, inclusive.

Mr. Hill emphasized that Notaries Public should not send requests for re-appointment or for commissions directly to the Secretary of State inasmuch as the law specifically requires that the County Clerks approve Notary Bonds and forward copies of the Application to the Secretary of State.

Each person applying for a commission as Notary Public must be at least 21 years of age, a citizen of the United States and of Texas and a resident of the county for which he is appointed. The required Application Forms may be obtained from the County Clerk.

Secretary of State Hill further stated that any person not now a Notary Public who desires appointment for the beginning of the new term should apply to his County Clerk before May 20, 1967.

Conservation of water on the K. O. Hendricks farm.

Water Management

By Gilbert Pierce

Each year we hear more about the declining of our water table. The more people there are, the more water we have need for. The cities become larger and the demand for food and clothing becomes greater.

Water, being one of our most needed natural resources, we must make every effort to protect and maintain a good supply. To assure future growth and development, better crops must be grown and more water must be preserved for factories and town development.

The need for more efficient use of irrigation water becomes more and more important. One of the things we as farmers can do in order to prevent waste is to know how much water our crops need

to produce economical crops on a particular type of soil. To much water often can reduce the crop yield and quality more than not enough water. We must have a balance between water and fertilizer to assure good quality and yield.

Contact your S. C. S. personnel, we have the information as to how much water your soils hold and the necessary equipment to check and design your sprinkler systems to determine how much water your system is applying to your crops.

The use of our water is so important and costly to guess about. Why not know how much water you are using and not spend money pumping water that is not needed? The water wasted today will not be here when needed in the future.

Amazing Woman Foresaw Notable Events in History

a woman'S PROPHECY (MADE 500 YEARS AGO)

Mother Shipton, author of the following prophetic poem was born in Norfolk, England, and died in Clifton, Yorkshir, in 1449, A.D. forty-three years before Columbus discovered America. How many of her prophecies have come true can be checked readily by the most casual reader. How many are yet to come true remains for the future to disclose.

A carriage without horses shall go, Disaster fill the world with woe,
In London Primrose Hill shall be, Its center hold a Bishop's See,
Around the world men's thoughts shall fly, Quick as the twinkling of an eye.

And waters shall great wonders do-How strange, and yet it shall come true,
Then upside down the world shall be, And gold found at the foot of tree:

Thro towering hills proud man shall ride. Nor horse nor ass move by his side.

Beneath the waters men shall walk: Shall ride, shall sleep, and even talk:
And in the air men shall be seen, In white, in black, as well as green.

A great man then shall come and go. For prophecy declares it so.

In water iron then shall float. As easy as a wooden boat. Gold shall be found in stream or stone, In land that is as yet unknown.

Water and fire shall wonders do, And England shall admit a Jew.

The Jew that once was held in scorn, Shall of a Christian then be born.
A house of glass shall come to pass, In England-but alas' alas'.

A war will follow with the work, Where dwells the pagan and the Turk.

The States will lock in fierce strife, And seek to take each others life:

When North shall thus divide the South, The eagle builds in lion's mouth.

Then tax and blood and cruel war. Shall come to every humble door.

Three times shall sunny lovely France, Be led to play a bloody dance:

Before the people shall be free, Three tyrant rulers, shall she see.

Three rulers, in succession be, Each sprung from different dynasty.

Then when the fiercest fight is done, England and France shall be as one.

The British olive next shall twine, In marriage with the German vine.

Men walk beneath and over the streams-Fulfilled shall be our strangest dreams,

All England's sons shall plow the land, Shall oft be seen with book in hand,

The poor shall now most wisdom know, And water wind where corn did grow,

Great houses stand in far-flung vale, All covered o'er with snow and hail.

And now a word in uncouth rhyme, Of what shall be in future time,

For in those wondrous, far-off days, The women shall adopt a craze,

To dress like men and trousers wear, And cut off their lovely locks of hair,

They'll ride astride with brazen brow, As witches on a broomstick now.

Then love shall die and marriage cease, and nations wane as babes decrease,

The wives shall fondle cats and dogs, and men live much the same as hogs.

In nineteen hundred twenty-six, Build houses light of straw and sticks,

For then shall mighty wars be planned, And fire and sword shall sweep the land

But those who live the century through, In fear and trembling this will do.

Flee to the mountains and the dens, To bog and forests and wild fens-

For storms shall rage and oceans roar, When Gabriel stands on the sea and shore

And as he blows his wondrous horn, Old worlds shall die and new be born.

Editor's note: The above article was sent to me by my aunt, Mrs M.V. Simmons, Ft. Worth, Texas for publication.

James E. Kerby

Service News

ft. Bliss, Texas-James E. Kerby, 21, son of Mr. and Mrs. Deward H. Kerby, Plains, Texas, was promoted to Army private pay grade E-2 upon completion of basic combat training at Ft. Bliss, Texas, March 31.

The promotion was awarded two months earlier than is customary under an Army policy providing incentive for outstanding trainees. As many as half the train-

ees in each training cycle are eligible for the early promotion, based on scores attained during range firing, high score on the physical combat proficiency test, military bearing and leadership potential.

During advanced individual training, also of eight weeks duration, those who received early advancement to E-2 may be eligible for another 'accelerated' promotion, to E-3 (private first class).
