Tuesday's the day! Don't forget to Vote!

Visted with Ruby Heald this week and learned that a record number of absentee votes have been flowing in. A lot of people are anxious on seeing how this one comes out I bet!

Another visitor this week was Bud Harkey, owner of the Plains Food Store. But would like to still the rumor that he is going to quit giving trading stamps with purchases. Bud related that he will continue to give trading stamps but that he is going to quit giving credit. With the results of cash only it will mean a better savings to you if you purchase there.

Seems like I have visited with just about everyone this week and know I'll miss a few names when I start jotting them down, but here goes. Ones coming and going and here and there were Sudie Thompson, Bill Overton, Marcene Phillips, Mack McConnell, Roy Edwards, Buster Graham, Faye and Dub Nelms, Joe Curry, Linda Holland, Melba Duke, Jewell Anderson, Pearl Fitzgerald, Ferne Lowrey, Latrell McDonnell, Betty Livesay, Coach Richey, Ann Reecer, Bobbie Harrelson, and of course Jack Hayes.

I always get the biggest kick out of Jack grading the football pages and I think he enjoys it too.

Enjoyed lunch with Blanche Dyer Tuesday. She was kind enough to let me share her booth at the Cowboy Grill.

Was sure glad to see Joe and Bill Curry back in town. Really missed them at Coffee breaks at the drugstore.

Glad to see a new business opening up in town, also. If you have time go by and visit

with Milton Bayer at the Bayer Lumber and Hardware. It's located across the street west of the Post office.

Can't help but comment that I am surely glad the meeting of protesting citizens and highway patrolmen turned out to a good end. Haven't had a ticket yet, but am sure I have deserved one many times.

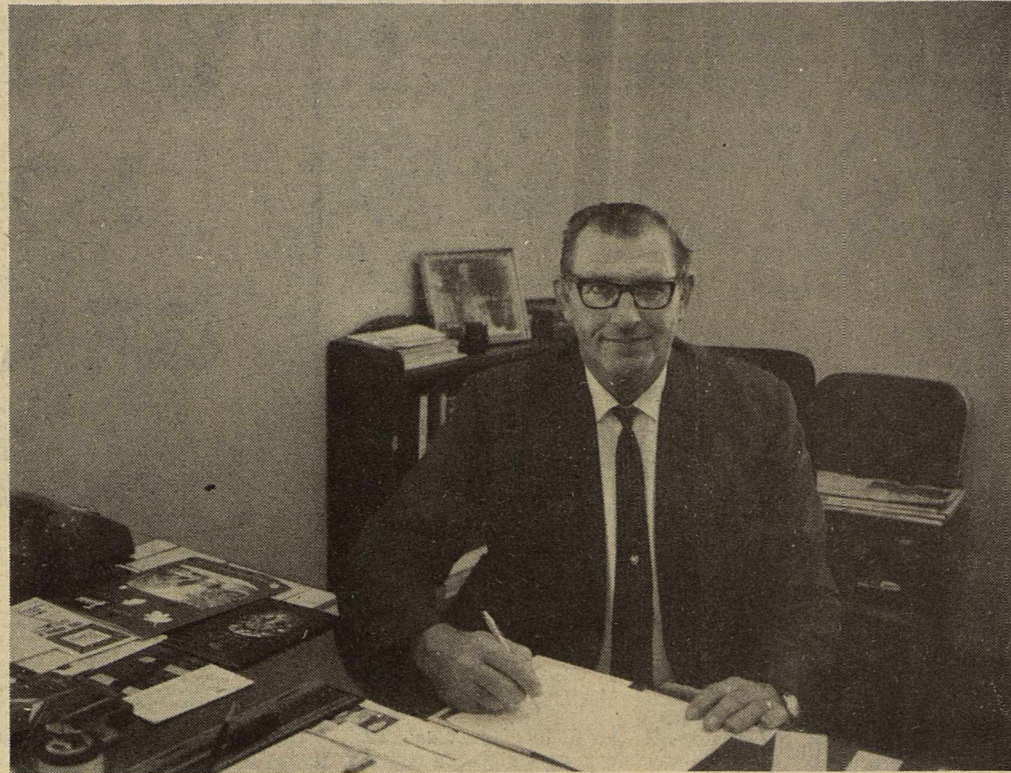

When I receive one I will probably yell long and loud. I have visited with the patrolmen several times and related to them I would probably question their judgment too, (jokingly of course). But, judgment right or wrong, I'm sure these men are doing the job they feel is the best of their ability. And they are concerned with problems of our community.

When time and space warrants we want to start a column Know Your Law which will be a help to us all. This would inform us of the laws. We hope to start with ones concerning ones that were most questioned at Friday's meeting.

Don't forget Consumer Education Week next week and be sure to go by to visit with Sudie Thompson for Coffee and cookies.

One other visit that was such a pleasure this week was when Brent and Lee Ann Stevens and their mother Sonnie stopped by. It's always a delight to learn the little ones like to stop by to see me.

Sure hated to miss the ballgames last week but just couldn't get around to them. Hope to make this week's schedules and hope to see you there. We know that the Wranglers and Cowboys appreciate all backing they can receive.

CONSUMER WEEK: County Judge Gene Bennett is shown declaring Texas Consumer Education Week for 1968 in Plains for November 4 through 8. "Calling All Consumers" is the theme. Everyone is invited to visit the local Home Demonstration Agent's office and pick up material and pamphlets that might give desirable and useful information. Open house will be held November 7 and refreshments will be served in the agent's office. Every one is urged to come by for a chat and a cup of coffee.

Proclamation:

WHEREAS, home economics information has been a vital part of Cooperative Extension Service work since the passage of the Smith-Lever Act in 1914, which brought the Land-Grant universities and the U. S. Department of Agriculture into a partnership of service for the people of the United States, and

WHEREAS, every family makes consumer decisions daily based on the best scientific information on buying as provided by the Extension Service and other agencies of the State and Federal governments; and

WHEREAS, the Texas Extension Service's many consumer educational programs are directly supported by the research resources of Texas A&M University and the U. S. Department of Agriculture; and

WHEREAS, many community leaders and Extension workers this fall season are informing all people of the consumer's help available through each county Extension office;

THEREFORE, I, as County Judge of Yoakum County, do hereby designate the week of November 4-8, 1968, as Consumer Education Week to formalize Extension's role as a continuing source of consumer information in Texas.

28-14 FINAL SCORE—

Cowboys Lose Hard Fight To Wink

The cowboys came closer to playing a complete ballgame when they met Wink Saturday night at Wink's homecoming. The second quarter was all Wink's with them scoring 21 points in this quarter, but the second half belonged to the Plains Cowboys.

Wink was stopped twice inside the Cowboy's 25 yard line in the first quarter, but got another chance on a recovered fumble on Plains' 40 yard line. At the end of the first quarter, the score was Wink 7, Plains 0.

With the opening of the second

quarter, the Cowboys ran into fumble trouble losing three fumbles in the second quarter and setting up three touchdowns on each fumble. At the half, Wink was leading 28-0.

The Cowboys came back during the second half and carried the fight to Wink.

Billy Spencer broke over the left guard for a 59 yard touch down early in the third quarter. Later in the third quarter, Tony Salas intercepted a pass and returned it 40 yards for a touch down midway in the quarter. The score became 28-14 on a pitch

Halloween Plays Planned

The sixth grade classes of Plains Junior High School have planned a treat for the public this afternoon at 2:30 p.m. in the high school auditorium.

Three plays, with a Halloween theme, will be presented by these youngsters and include 'A School for Scaring', 'Something New for Halloween', and 'Jes to Lazy'.

The public is cordially invited to attend.

Wreck Investigated

A one vehicle accident was investigated at 9 p.m. Oct. 22 by local Patrolmen Joe Cox and Joe Unger approximately .07 of a mile east of State 214 on the CG&S Road.

Drive of the 1963 Ford pickup, Angelita Solano Gonzales of Tokio, told officers that the pickup ran off into the ditch and when she tried to come out the vehicle skidded and turned over once.

Teachers For Amendment 9

Plains teachers favor the passage of Amendment No. 9 on the ballot Tuesday, according to D. N. Taylor, High School principal.

The change in the state constitution, if approved, would increase the teacher retirement contribution basis to full salary.

Many Texas teachers believe their retirement program is in need of updating, says Taylor, and this would be one means of doing it.

8th Graders Down Indians

The eighth grade Wranglers played a fine ball game against the Morton Indians Thursday winning 20-0.

In the first quarter, Tony Chandler ran a two yard touchdown. The try for extra points failed. In the second quarter, Joey Lowe threw a pass to Tony Winn who scored that play. Joey Lowe ran a touchdown and Chandler ran the two extra points.

The defense did a great job and allowed Morton only three first downs. The offensive line also did a fine job blocking for the backs.

Mike McRae and Winn each covered a fumble and Chandler blocked a punt.

The seventh grade Wranglers were downed by the Indians 22-0, but for the most part played a good game. Many of the boys were playing in unfamiliar positions.

The Indians scored 14 points in the first half of the game. The Wranglers held the opponents to eight points during the second half.

The support received from Plains fans has been greatly appreciated and the teams invite you out to their home ground this afternoon when they meet the Indians again.

Absentee Voters Hit Record High

A record number of some 145 absentee ballots have been received in the Yoakum County Clerk's office late Wednesday, according to Ruby Heald, County Clerk.

Mrs. Heald has reminded new residents of the county that they must vote in her office by Friday, Nov. 1, if they wish to participate in the coming general election.

November 1 is also the last day for absentee voting and for voting by persons who qualified to vote in the presidential election as new residents of the state during the 15 - day application period in September.

Persons who have lived in Texas more than a year but who have moved from one county to another since May 5, 1968, may vote on all statewide offices, including president and vice president, and on the 14 proposed constitutional amendments, but they may not vote on local offices. In order to vote, they must be registered as voters for the 1968 voting year.

Mrs. Heald said that the voter

should have his registration certificate with him when he applies for his ballot. However, he will be permitted to make an affidavit of its loss if he has lost or mislaid the certificate.

Mrs. Heald also reports of a letter received from Roy R. Barera, Secretary of State, which tells of some counties printing the name of Curtis E. LeMay on the ballot. Some confusion seems to have covered the state concerning this. The secretary's letter reads:

"Our office has received information of several counties in which the name of Curtis E. LeMay was printed on the ballot for the coming general election as the American Party's candidate for Vice President, instead of the name of S. Marvin Griffin as certified to the county clerks by the Secretary of State. In each such instance we have advised the county clerk that the candidate officially certified to our office by the chairman and secretary of the state executive committee of the American Party in accordance with Art. 11,

04 of the Texas Election Code is S. Marvin Griffin; that neither the Secretary of State nor the county clerk has any authority to substitute the name of any other individual on the official ballot; and that the ballots should be corrected to show the name of S. Marvin Griffin as the vice presidential candidate of the American Party.

Since there may be some counties of which we do not have knowledge in which the name of Curtis E. LeMay has been printed on the ballot, we are sending this letter to all county clerks so that this error may be corrected before election day in any county where it exists."

The county clerk has related that the Yoakum County ballots have the name of S. Marvin Griffin printed on them. Anyone wishing to vote for the American Party merely has to place his mark in the American Party column. The vice presidential running mate of that party is automatically voted for.

Citizens And Law Settle Differences

Differences between local highway patrolmen and several protesting citizens were settled to an apparent good end during a public meeting held in the District Court Room Friday by the Texas Department of Public Safety.

The meeting was held after several citizens had made a protest of citations given out by Patrolmen Joe Cox and Joe Unger.

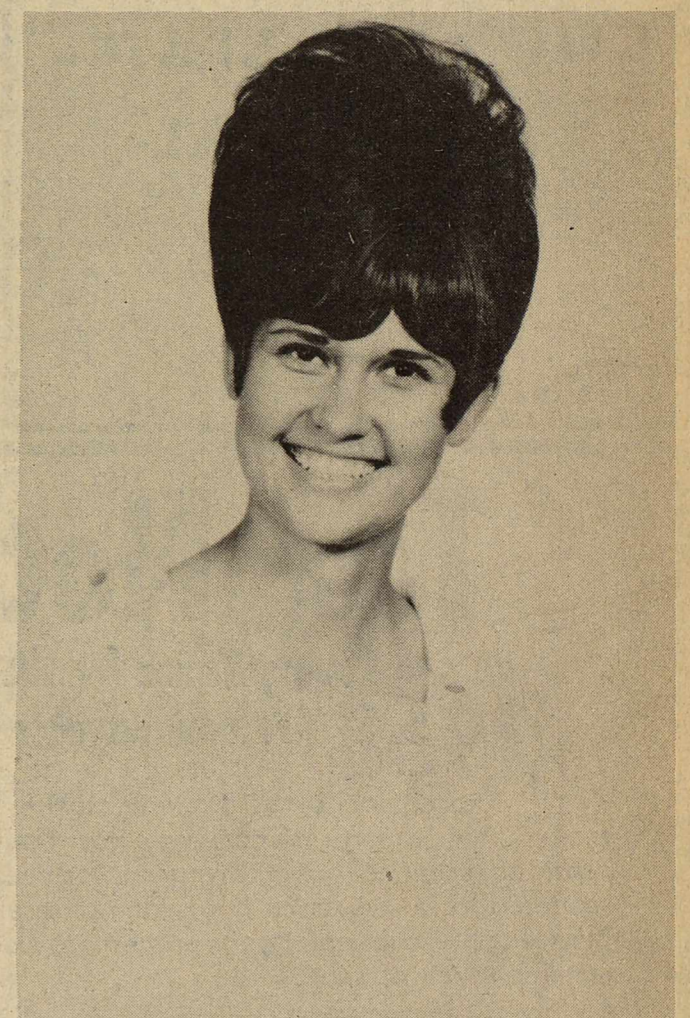

On the most part, differences were settled when each had their turn in stating reasons for giving tickets and reasons of protesting.

Approximately 70 persons attended the hearing which was conducted by Lt. Mason of the Lubbock THP division.

Lt. Mason tried to impress on the group that when a citation is received and you do not think it is justifiable, go to court with it. He went on to relate that the purpose of the Texas Department of Public Safety and its officers is to protect law violators and apprehend, investigate accidents and criminal cases and to give help in general. He also stated that every year there are complaints of cotton trailers and grain trucks.

The most of the protests were from citations received on violations of trailers and trucks. Lt. Mason went to relate that the law does not pick out any person, color or creed, to apprehend.

Education Film Slated Here

A filmed interpretation of the Governor's committee on Public School Education report will be shown in the Plains High School Auditorium November 7, 1968 at 8 p.m.

The public is invited to view this film. It is very important that each individual adult citizen become as familiar as possible with the contents of the recommendations of the Governor's Committee on Public School Education.

It is hoped that there will be a good turnout for this showing. Due to the large demand for this film it will not likely be available for a second showing in the Plains Community.

The 59th Texas Legislature Regular Session, 1965 established the Governor's Committee on Public School Ed-

ucation to be composed of 15 members appointed by the Governor. This Committee was to study the status of public school education in Texas and recommend to the Governor and the Legislature a definite long-range plan that will enable Texas to emerge as a National leader in educational spiration, commitment, and achievement.

The committee was to report the results of its study and make recommendations to the Governor and to each member of the Legislature not later than August 31, 1968. This report and the Committee's recommendations are being widely circulated throughout Texas.

People residing outside the Plains School District are welcome to attend this program

**Committee
Of 300 For
Amendment**

The University of Texas and Texas A&M have joined forces—at least until November 5th. Alumni and friends of both schools have formed a committee to get out the vote for Constitutional Amendment 3 on election day.

The group is known as the Committee of 300 for Amendment 3 and is composed of vol-

unteers throughout Texas. It is responsible for informing the public about Amendment 3.

Co-chairmen of the Committee are Jack S. Blanton and Jeff Montgomery. The men are presidents of the University of Texas and Texas A&M Alumni Associations.

Amendment 3 would permit more of the Permanent University Fund to be invested in certain types of securities under the prudent man rule.

The cucumber, now grown extensively in many countries, originated in northern India.

**Tsa Mo Ga In Study
Of Public Affairs**

The Tsa Mo Ga Club met in regular meeting at 8 p.m., Oct. 14 at the Club House with Mrs. Bob Blundell, president, presiding over the business session.

The following announcements were called to the attention of the membership: The program on Americanism on October 29 to be held in the activity room of the elementary school, with Dr. C. L. Kay as guest speaker;

The annual Bazaar to be held November 15; Tea for the state president, Mrs. Henry L. Shaper, on Nov. 3; and the District Board meeting in Friona on Oct. 19.

The program on Public Affairs followed, Mrs. Buddy Hanna, local chairman, served as program director.

Mrs. Billy Kennedy, of the local sheriff's office, talked on

all people to get out and vote, and to always register in order to be eligible to vote. She closed with these words, "Vote your choice in November, though whoever is elected, let him be your president."

Mrs. Garland Swann gave a Digest of Texas Motor Vehicle Laws. To highlight her talk, she gave a quiz of 15 questions to be answered true or false, that was both enlightening and amusing.

The program was closed by Mrs. F. W. Graham with a scripture reading of the 100th Psalm.

Mrs. Truett Jones and Mrs. Kennedy were welcomed as visitors.

Mrs. Wayne Chadwick and Mrs. Norelle Sloan were hostesses and served sandwiches, cake, nuts, mints, tea and coffee from a beautifully laid table.

A thought from Tsa Mo Ga is "Belonging to a Federated Club allows you to keep up with the trend of the times."

**Summary Of
Cotton Classing**

Samples classed at the Brownfield Cotton Classing Office through noon Friday, Oct. 25, totaled 3,968.

Predominant grades this past week were Middling and Strict Low Middling. These two represent 82 percent of the grades.

Micronaire readings by percentages were 3.5 to 4.9—85 percent; 3.3 to 3.4—6 percent; 3.0 to 3.2—5 percent; 2.7 to 2.9—3 percent. This left one percent in the ranges above 4.9. Average staple length was 1 1/8

inches. Cottonseed prices paid to producers averaged 50 dollars per ton.

Prices reported to the Consumer and Marketing Service of the USDA at Brownfield ranged from 15 to 20 dollars over the Government loan values. This new crop appears to be moving very slowly into the market at this time.

Thomas Jefferson entered a public contest to choose the design for the White House. The contest was won by James Habon.

**Daughter

LOPAT IS EXPO SCOUT HILLSDALE, N.J. (AP) — The end of the baseball season meant nothing more than a stop home for a change to fall clothing to Ed Lopat, former Yankee southpaw ace.

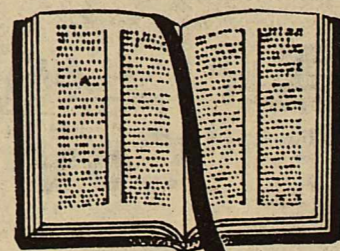

During the last six weeks of the season Lopat had scouted all National League teams except the Houston Astros for the Montreal Expos, one of the four expansion teams for 1969. The former manager and general manager of the Kansas City Athletics then went to Montreal to recommend players who might help the Expos.

Sudie Thompson CHDA Says...

Many shoppers neglect planning a shopping list because they feel they just don't have time. Actually, advanced planning saves both time and money as well as being a big help in securing a balanced diet for the family. Gwendolyn Clyatt, Extension Consumer Marketing Specialist, suggests how you can plan your shopping list.

PLAN A WEEKLY MENU—This can be your guide for good nutrition. It can be flexible. However, when you shop, you will have enough food for a week's meals without forgetting some items or buying extras that are not needed. Buying for a week at a time is usually the preferred way of shopping, but this will depend to some extent on how much storage space you have. It may be necessary to purchase certain items, such as

milk and bread, every two or three days.

CHECK SUPPLIES ON HAND—Check your cupboards and refrigerator to see what you already have that will fit into the menu. Also, check the amount of storage space available in the cupboards and freezer. If storage space is available, this will enable you to take advantage of discounts on quantity purchases.

When buying such items as canned goods, it is sometimes wise to try one or two cans first if you're unfamiliar with the brand or the type of product on sale before buying it in quantity.

USE VARIETY IN YOUR MENU—Shopping and planning the menu will be much easier and more enjoyable if your family learns to eat and like a variety of foods. Help your family develop a taste for many different foods and various methods of preparing the same food.

SPEED FOOD BUYING INFORMATION—The newspaper, radio, television, Extension Service, and other agencies try to keep you posted on the latest market situation. Find out when fresh foods are in season, when the quality of certain commodities is highest and when prices are up or down. Be aware of this information and use it when you make out your shopping list.

MAKE YOUR SHOPPING LIST—Keep all the above things in mind and list what you need for the week's menu. Try to list items by groups as they are found in the local store. This saves running back and forth across the store. Use the list as you shop and you'll save money, extra trips to the store, and provide your family with a well balanced diet.

Do your shopping in person whenever possible or teach others in the family how to shop. This is your assurance of getting just what you want in quantity, quality, form and price. Doing your shopping personally is particularly important when you are purchasing fresh produce since it is difficult to describe just what you want. If someone else does the shopping for you, give them specific instructions, including suggestions as to how to make selections between alternative foods.

(Continued From Page One)

that he had knowingly stopped the boy twice. Once was during the rodeo and the boy was charged as minor in possession. He related that the second time he stopped him was on the Lovington Highway and the boy was coming from the West and he had thought he might be in possession of illegal beverages again. Cox went on to relate that if he had stopped the boy the third time, he did not recognize him.

In the case concerning the man's wife, Cox related she had been stopped for failure of stopping at stop sign and her back stop light also failed. He said he did not search her car but opened the trunk of the car to see if a light socket was out of place.

In the E. O. Winkles case, Cox related that at the time he had thought the Winkles hired hand had not paid his fine, he was in the right. A further study of the case showed that records had not been completed on the case. It was also a case he had to follow up on after the moving of Patrolman Jerry Randall, who had been the arresting officer.

After differences were aired, many felt perhaps the young patrolmen had not used proper judgment in their cases.

This again was answered by the Lt. as well as county Attorney Vernon Townes, that if a citation is questioned, take the case to court. Both also stated that while many laws are not feasible, we can either abide them or change them.

At the close of the meeting, some persons publicly expressed their appreciation of the officers being in Yoakum County.
