Noticed last week, due to a copy change failure, that winners of the 10-31-68 football contest were listed the same as 10-24-68, and that is wrong! Winners of the Oct. 31 contest should be and are: Charles Dldway, first; Bob Pettit, second; and Weldon Nelms, third.

Visited a minute with Louise Kerrick Tuesday. Learned that her daughter Mary is home from beauty school and hopes to be starting work at Viva's soon.

A lot of activity on hand for this weekend. First off, we want to remind you of the Band Boosters Chili Supper this Friday night. Serving starts at 5 and will last until 7 p.m. This will be a good way to support the band as well as get warmed-up for the Cowboy-Cooper game that night.

Saturday night brings the annual Tsa Mo Ga Bazaar and Hobo Supper. Supper will be served at 6 p.m. As usual, a lot of fun and frolic will be going on as well as a good assortment of handmade gifts and homebaked food displayed for sale. Hope you can make it.

We might remember too, this afternoon will find the junior high football teams meeting the Seagraves Eagles on the Wrangler field. Go out and give your support.

Are coaches really angels in disguise? There might be some argument there, but in my book a couple of them are. Had a blow-out going to O'Donnell for the games last week. Coaches Richey and Martin just happened by and changed it for me. It was certainly appreciated, I will grant you.

Belated birthday wishes go out this week to Connie Brown, Vic-

kie Gray, Mrs. Sallie Parks and Mrs. J. W. Moore Sr. They also go out to any others that might have had birthdays lately.

Enjoyed having lunch with Blanche Dyer Monday at Alma's. Visited just a minute with Faye Nelms, too. Shared my booth at the Cowboy with Glynnis Spencer and Reg Trout Tuesday. Enjoyed the visiting.

Wednesday morning brought a coffee break with Sudie Thompson, Linda Holland and Melba Duke.

There's a lot of flu and virus bugs circling around. Hope you don't get them in your system! Seems to be making a lot of people pretty sick.

Talked with neighbor Ila Trout the other night and she would like to pass the word that they have seven puppies, seven weeks old, that they would be delighted to give away. They have four males and three females, which are part Border Collie. Call Ila at 522-3962, I think, if you want one.

I hope I have Ila's phone number right. If I don't, I will correct it next week. It seems that I am getting worse about losing my notes before I get anything typed up.

To the girls of George's 66 bowling team — Okay girls, keep your eyes on the lane and your thumb in the ball! Talked with Carolyn Culwell a minute Tuesday and learned that the team is having trouble staying at the top. One week they'll be second and the next week fifth. Maybe this week's standing will get them back in order, tho, for they won four games this time!

FUTURE STATE CHAMPS? The 8th grade Wranglers will end a perfect two year record in junior high today if they defeat Seagraves on the Wrangler field. The boys were honored with a party Saturday night for their efforts in a perfect record. Members of the team, shown with Coach Edmund Vickers, are, back row left to right, Joey Lowe, Gene Wauson, Tony Chandler, Jerry Parrish, Bruce Lester. Middle row, l-r, Rudy Ramos, Mike McRae, Ray Garza, Lowell Trout, Neal Newsom. Bottom row l-r, Tony Winn, James Lewis, Robert Wauson, Aaron Smith, Lee Murph, Randy Tidwell. The team had a total of 151 points in the 1967-68 in seven games with only 12 scored against them. As to date, the Wranglers have 170 points for this season with 8 scored against them. The fans are urged to come out to support all the teams this afternoon when they meet the Seagraves Eagles here.

County Farmers Obtain Loans

According to W. M. Overton, local ASGS Office Manager, Yoakum county farmers are making use of the commodity loan program. To date, approximately 45 grain sorghum loans have been made, some soybean and cotton loans also have been made. The loan rate for grain sorghum is \$1.63 cwt, and the loan rate for soybean is \$2.41 per bushel. These rates are for grain sorghum and soybeans on which the storage has been paid through the maturity date.

The Secretary of Agriculture has announced that the 1968 crop of grain sorghum and soybeans placed under CCC loan will be eligible for "Reseal" (See LOANS On Page 4)

Cowboys Win 1st Game Of Season

By PHIL PEARSON
The bitter taste of eight defeats was sweetened for the Plains Cowboys Friday night with a win over the O'Donnell Eagles. The biting chill in the air was unable to cool off the Plains Eleven, and the Eagle defense had even less luck.

Big Billy Spencer set up the first score of the ball game with a fine twenty-five yard run. Gary Liles put the finishing touches on the series with a six yard drive to pay dirt. The point after attempt failed. There was no further scoring in the first period by either team.

In the second stanza with Plains in a 4th and 5 predicament, Gary Liles came alive once again and sprinted fifty-five yards for the second Cowboy TD. Again the conversion attempt was no good. The first half of play ended with Plains holding a twelve point lead.

The third quarter had plenty of action, but neither team could push the ball over the stripe.

After three previous fruitless attempts to score, the Eagles mustered the energy and put themselves back in the game. A five yard pass was pulled from the air by No. 85, who then scampered into the end zone for six points. The two point conversion was successful, and the scoreboard read 12-8.

When the final gun was fired the score remained 12-8... Plains being the victors for the first time this year.

Mrs. Bartlett was the mother of Plains resident B. F. Bartlett.

Burial was in the Lamesa Memorial Park.

Mrs. Bartlett died Friday in Phoenix, Ariz., where she moved four years ago from Lamesa.

Other survivors include three daughters, Mrs. Georgia Mae Madson of Phoenix, Mrs. Gaylord Harold of Costa Mesa, Calif., and Mrs. Willie Fay Mangum, Santa Ana, Calif., and 10 grandchildren.

Togetherness Can Make Champions

By TENY LESTER
They stand together — 17 strong. Together they are one ton and 163 pounds in strength. Together they stand 92 feet and 10 inches tall. What are they?

They could very well be the future state champion football team that will come from Plains — if they stand together.

The tall and strong team above consists of the 8th grade Wranglers who were honored Saturday night with a party by their parents and friends for their efforts of being undefeated in two years. Today's game against Seagraves will tell the end of a perfect junior high career for this group, but win or lose, each one is a champion in the eyes of their family, friends and fans.

Greg Jones, one of the most outstanding and respected athletes to ever graduate from Plains, spoke to the boys Saturday night and shared a dream with them. Greg spoke of the time when he had a dream just before he was a freshman that sometime in his high school football career the Cowboys would be state champions. They missed the boat somewhere but he wanted this group to carry on

with that dream. He told them that there were three things in winning—togetherness, desire, and the most important, teamwork.

John Nance and Coach Edmund Vickers also gave speeches concerning the boys' efforts. Coach Engle was unable to attend.

During the 1967-68 season the Wranglers racked up 151 points in seven games. Only 12 points were scored on them during that time. The record was: Plains 8, Tahoka 0; Plains 18, Sudan 0; Plains 27, Seagraves 0; Plains 13, Morton 0; Plains 37, Seagraves 6; Plains 14, O'Donnell 0; and Plains 34, Tahoka 6.

To date, the Wranglers have a total of 170 points for the 1968-69 season. They have defeated Seagraves 20-8; Sudan 27-0; O'Donnell 24-0; Morton 20-0; Morton 44-0; O'Donnell 35-0. Today's game with Seagraves will be the turning point for a perfect record.

There are many unseen turning points in the game of football and as young Jones pointed out to the group, they can miss the boat. If discouragement is a factor, it can be prevented. That will be a time for the fans

to take action.

Starting members, their numbers, weight, height, and positions include: No. 80, RE, Jerry Parrish, 5'7", 125 pounds; No. 70, RT, Bruce Lester, 5'7", 158 pounds; No. 60, Mike McRae, 5'7", 148 lbs.; No. 51, C, Aaron Smith, 5'4", 110 lbs.; No. 61, LG, Neal Newsom, 5'7", 130 lbs.; No. 71, LT, Gene Wauson, 5'10", 156 lbs.; No. 81, LE, Lee Murph, 5'6", 116 lbs.; No. 20, RHB, Lowell Trout, 5'5", 115 lbs.; No. 30, LHB, Tony Winn, 5'1", 116 lbs.; No. 40, FB, Tony Chandler, 5'9", 143 lbs.; No. 10, QB, Joey Lowe, 5'8", 130 lbs.

Other members of the team are No. 72, R & LT, Brian Ashburn, 5'7", 122 lbs.; No. 31, HB, Ray Garza, 5'3", 118 lbs.; No. 83, LE, James Lewis, 5'2", 105 lbs.; No. 41, FB, Rudy Ramos, 5'3", 120 lbs.; No. 82, RE, Randy Tidwell, 5'4", 117 lbs.; No. 50, C, Robert Wauson, 5'4", 134 lbs.

Chandler leads the team this year with a record of 60 points, followed by Winn, 48; Lowe, 30; Trout, 24; and Garza 8.

Each boy was presented a gold medal with his number and "67-68 Champs" engraved on it.

CHEST O' PLENTY: This chest filled with the finest of gifts will be awarded to a lucky ticket holder Saturday night when Tsa Mo Ga Study Club stages its annual Bazaar and Hobo Supper at the school cafeteria. The public is cordially invited to attend. Supper will be served at 6 p.m.

Farris D. Wilson and Go Boy's Missing Heir

Unusual Adventurer Comes Through Plains

By TENY LESTER

Plains had two most unusual visitors one day last week—a man and his horse. The combination is not unusual in itself but it is when the duo is making a first of their kind of adventure.

Farris Dan Wilson of Louisville, Kentucky, and his mount, Go Boy's Missing Heir, a four-year-old Tennessee walking horse stallion, rested for a day in Plains on a trip that will take them coast to coast across our nation.

In a visit with Wilson we learned that since the pair left Charleston, S.C., they have had 59 actual riding days and had traveled some 1600 miles when they reached Plains.

Wilson revealed that the adventure idea took place one day

last fall when he attended a Tennessee Walking Horse sale at Lexington with Go Boy's owner, Ray Corum, also of Louisville.

Wilson stated to Corum that he would like to make a trip across our great nation on a Tennessee walking horse. A few weeks later, Corum offered him the opportunity by furnishing him the horse and rigging.

The tall, lanky Kentucky horseman stated that there was no money involved in the deal and his reasons for such a trip were: First, he wanted to see what a Tennessee walking horse would do as a trail horse and pack horse. He plans to start raising them soon.

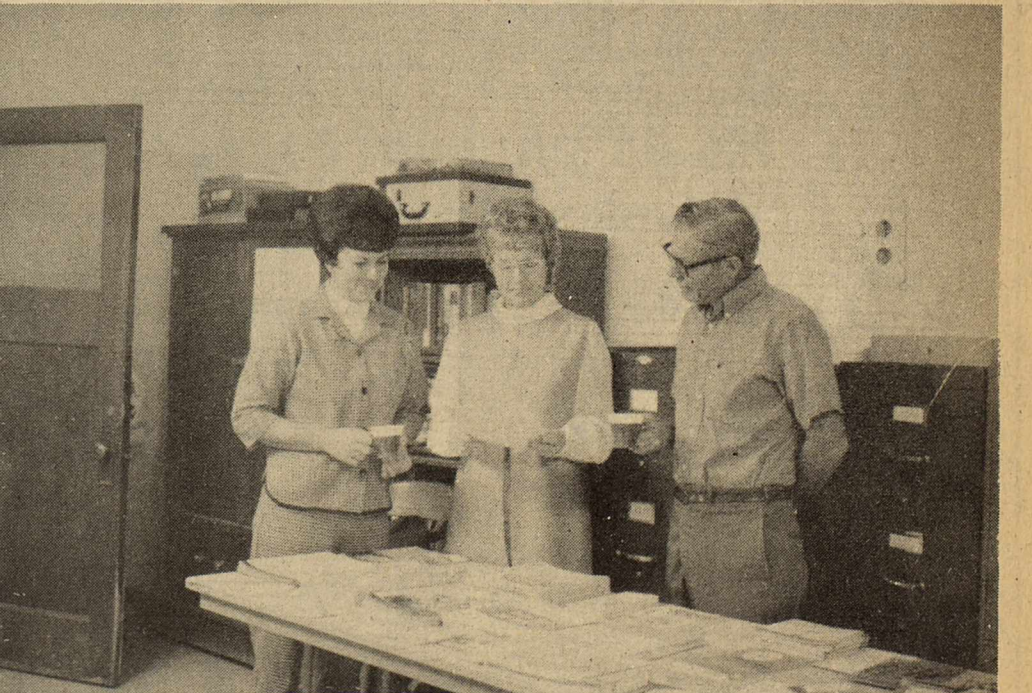

Second, he would like to get a horse pack trail started from coast to coast similar to the Ap-

palachian Foot Trail or hiking trail which goes from Maine to Georgia. That particular trail is over 2,000 miles long and Wilson hopes to hike it someday.

The visitor related that if he makes it to the West Coast on this trip, he plans to come back later with a group of people over the same route he has taken. He will have a truck with food and water available, though, at each night's stop.

Wilson stated that the hospitality shown him throughout his trip has been tremendous. He has had to depend on the goodness of people to furnish his horse food and shelter at night because he is unable to carry necessary feeds with him.

The main factors have been the weather and getting shoes (See ADVENTURER On Page 4)

OPEN HOUSE GUESTS: Mrs. John Dale Curtis, left, and Wilson Duke, right, are shown with home demonstration agent Sudie Thompson during open house Thursday at the agent's office commencing Texas Consumer Education Week in Plains. The visitors are looting over some of the many informational pamphlets that are available at the office and which concern many facets of consumer needs. A number of visitors enjoyed coffee and cookies during the informal event.

Yoakum Soil Conservation Report

What will your soil be like next spring? There are ways of at least keeping it so you can look at it. One of these is to leave the RESIDUE on the land.

Each year there are some who just must plow and while plowing may be all right in some places, it just does not measure up on all our soils as some think.

There are several different methods of plowing too. Some leave all the residue on the surface while others bury it all. When the residue is left on the surface of the soil it does many things. One, it holds our precious top soil. Two, it holds much-needed moisture, as much as an inch or two. Three, it cuts the cost of farming, as you save shredding, plowing and sand fighting next spring. When residue is plowed under

it leaves the soil bare for the next five or six months. The residue does not rot as some think; the soil is too cold for bacteria to work. The residue will drag and hinder planting next spring. And of course our soil loss may be as much as four to six inches.

If you just must plow, why not use a chisel type plow that will leave all your residue on the land? By the way, chisel plowing will destroy as much John-son grass as any breaking plow.

Another item that is worthy of mention is the fact that grain sorghum residue plowed under harbors the midge while residue left on the land does not. This was proven by research at Half-way Station near Plainview, and has been done several times.

A recent visitor with Bob Wasson was his brother, Archie, of Fence Lake, N.M.

Mr. and Mrs. Skeet Robert-son went to Dallas Friday for the weekend. Mr. and Mrs. Gaylon McKinsey of Seagraves went as far as Mineral Wells with them.

Ralph McClellan fell while working at the city plant last week and it took 19 stitches in his back.

DeLynn McGinty of Lubbock visited her mother, Mrs. Alma Lynn McGinty, last weekend.

Rev. and Mrs. Glenn Smith and children of Dallas spent the weekend with his parents, Mr. and Mrs. H. M. Smith. His dad, H.M., is ill but reported to be some better.

Mrs. A. G. Brantley, Mrs. Norell Sloan, Mrs. S. L. Tingle, Mrs. Alma Lynn McGinty, and Mrs. J. V. Been attended fune-ral services for Mrs. B. F. Bartlett Monday in Lamesa.

Mr. and Mrs. Hollis Wolfen-barger and boys of Sundown spent Sunday with her parents, Mr. and Mrs. John Anderson. Mr. D. C. Newsom is still in hospital but is reported much better.

F.H.A. Chapter Plans Supper

During the November meeting of the Plains Future Homemakers of America Chapter, several important issues were dis-cussed.

Part of the discussion covered a pancake supper which the girls will sponsor on December 3, date of the first home basket-ball game.

Food will be ready to serve by 5 p.m. and will be served until 6:30 p.m. Tickets will be one dollar for adults and 75 cents for students.

The money made from this supper will go for the Christmas banquet the girls will hold in December.

Also during the meeting, plans for the banquet were made. The theme "Silver Bells" was chosen along with three candidates for FHA Beau. The candidates, Shelly Simpson, Mike Lowe, Larry Massey, and Russell Jones will attend the banquet.

The FHA girls would also like to thank everyone who contributed to the Vietnam project. These supplies are being sent as Christmas gifts to the Viet-namese people.

Those attending the meet-ing were Terri Taylor, Pam Barnett, Janie Pierce, Nancy Harkey, Phyllis Krieg, Toni Perkins, Donna Seals, Terri Livesay, Patsy Ziegentuss, Mary Ziegentuss, Nancy Claha-an, Debbie Peterson, Pam Peterson, and Caroline Willmeth.

PERSONAL ENRICHMENT

DUTIES OF AN EXECUTOR

More and more people are naming their bank as the execu-tor of their estates. They are naming a bank because the job has become so complicated and so time consuming that it is difficult for an individual to do a satisfactory job. As executor, the bank will perform the following services:

1. Initial Steps — Assist the family with funeral arrange-ments. Consult with family attorney and file the will in probate court.
2. Safeguard Assets — Obtain custody of all records and take proper steps to protect property.
3. Assemble Assets—The executor is responsible for hold-ing and managing all property the decedent owned at death including cash, real estate, insurance, debts and other fi-nancial obligations.
4. Take Inventory and Obtain Appraisals—The executor must have complete financial information on which to base decisions.
5. Manage Estate—The executor does whatever is neces-sary to protect and preserve the assets of the estate.
6. Pay Claims—All valid claims against the decedent must be paid after proof of debt and in order of priority as es-tablished by law.
7. Pay Taxes—The executor must file final income tax re-turns and defend the estate against improper assessment. There may also be personal property and state and feder-al taxes to prepare and file.
8. Accounting—The executor must present the court for ap-proval all receipts and expenditures before final distribution.
9. Distribution of Estate—The executor must distribute the estate according to the terms of the will.

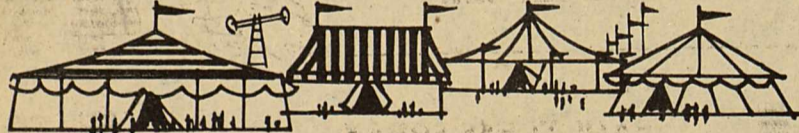

Does this sound like a job you would want to give to a friend who may not have the time or the knowledge to perform properly, or a friend who may not be available when you need him? Talk to us and to your lawyer regarding a plan that will fit the needs of your family.

PARTY HONORS: Mrs. Sallie Parks celebrated her 88th birthday Nov. 5 with a party held at the home of her daughter and son-in-law, the Robert Youngs. Family and friends calling were Mr. and Mrs. Foy Cogburn, Mr. and Mrs. James Cogburn, Susie, Judy and Denny, Mr. and Mrs. Eddie Cogburn and Jena of Denver City, Mrs. Betty Streetman and children. Mrs. Parks is still quite active and enjoys visiting her friends when they drop by. She makes her home with the Youngs.

ADVENTURER --

for the horse. A Tennessee walking horse is not shod like other horses, and it has been hard to find a blacksmith to do the job right. Go Boy has had shoes five times since they left the east coast with the last ones being put on at Texarkana. He hopes these will last 150 miles into New Mexico, and expects to have two new pairs before getting to the San Diego area.

Wilson stated also that his plan of riding hasn't worked out just exactly as he thought it might. He planned on riding six days and resting one. But then the weather and shoes made such a difference and if he rests on Sundays, it is hard to find stores and barber shops open. While in Plains, Wilson stayed at the local hotel and the horse was penned at the rodeo grounds.

Another time-consuming factor has been people stopping him on the road asking questions and wanting to know if he had souvenirs for sale.

The unusual adventurer stated that he is not married and his only worries have been trying to find food and lodging at night and getting ready for the next day's ride. People have asked him why he doesn't call on riding clubs, sheriff's offices, etc. But it is quite hard to contact anyone when there are no telephones on the side of the road. The rider doesn't particularly try to make it from town to town each day, but only starts hunting a nearby farm house in the afternoon.

He stated that he likes to dabble in real estate and has always been interested in horses. He has had riding stables at Renfro Valley in the foothills of Kentucky and also at Boonesboro.

The adventurer stated that he doesn't write cards or letters on the trip, although he does call back to Ray Corum once or twice a week. To different ones he has met, he has promised cards when the trip is ended if he makes it all right. If he doesn't make it, he'll slip back

Jones-Douglas Married In Church Ceremony

Beverly Sue Jones became the bride of William W. Douglas in a double ring ceremony

Nov. 3 in the Plains First Baptist Church with Dr. Clyde J. Hurst, Abilene, performing the service.

Parents of the couple are Mr. and Mrs. Truett F. Jones of Route 1, Tokio and Mr. and Mrs. Beldon L. Douglas, Fort Worth.

Attending the couple were Susanne Derby of Abilene, Dianne Dyess of Andrews, Neta Basinger of Eldorado, Dennis Derby of Lawton, Okla., Pat McMichael of Houston, Bobby Douglas of Fort Worth and Russell Jones of Tokio.

"More", "Exodus," "Far away Places," "Cherish," and "Somewhere My Love" were played by Debbie Chadwick.

Mrs. Douglas is a 1967 graduate of Plains High School and attended Hardin Simmons University in Abilene. She is employed by Saga Food Service in Abilene.

following the normal loan maturity date next summer. This means that if the commodity is not redeemed the loan may be extended for another year, following their respective maturity dates.

As of this date loan documents have been prepared on 67 bales of cotton. The loan rate for this group of cotton ranged from 22.05 to 28.50 cents per pound. The loan price in this area for middling 1 inch cotton is 20.20 cents per pound. 55 bales of this cotton milled in the plus .35 class (3.5 through 4.9) and 12 bales milled in the minus .35 class (3.3 through 3.4).

ACP PRACTICES: Farmers that wish to request cost-sharing for Agriculture Conservation Practices may file their request at the local ASCS office and as in the past, to be eligible for payment must be filed before the practice is started.

The United States Military Academy at West Point is the oldest engineering school and the oldest permanent military post in the country.

Louisville, Kentucky.

We at the Record, along with friends he made while here, wish Farris and Go Boy the best of luck on the rest of their adventure. We also look forward to seeing a caravan of Tennessee walking horses and riders coming through our town in the future.

Engagement Announced Wranglers Wax Eagles 35-0

Mr. and Mrs. James G. Samson, Lubbock, have announced the engagement of their daughter, Judy, to Dale Edwards, son of Mr. and Mrs. Olen Edwards of Plains.

Miss Samson is a 1965 graduate of Monterey High School in Lubbock and is a senior student at Texas Tech.

Edwards is a 1961 graduate of Plains High School. He graduated in 1966 from Texas Tech with a BS degree in civil engineering.

The 8th grade Wranglers waxed the O'Donnell Eagles 35-0 in play on the Eagle's field last week.

Early in the first quarter, Tony Chandler ran a 50 yard touchdown with Lowell Trout getting the two point conversion.

The couple plan to be married December 22.

In the second quarter, Tony Winn scored a touchdown with Chandler getting the two points.

After a fumble recovery by Gene Wauson, Winn scored again with Chandler kicking the extra points.

In the third quarter, Bruce Lester recovered two fumbles which resulted with Winn scoring again.

In the fourth quarter, Mike McRae recovered a fumble to

set up another touchdown by Winn.

The defense did a fine job by holding O'Donnell to one first down. The offensive line did a fine job of blocking for their backs, also.

Strong defensive plays were shown by Rudy Ramos, who intercepted a pass, Chandler and Wauson.
